

Lubbock Morning Avalanche

20 FIREMEN BURIED BY EXPLOSION

ENTRAPPED BY TONS OF BRICK AS WALL OF BURNING FOUR-STORY BUILDING CRASHES FROM BLAST

CHICAGO, Ill., April 18. (UP)—Tons of bricks, showering down upon a steel water tower during a great blaze here late Friday night, buried twenty firemen beneath the debris of a four-story wall.

Within a short time eight bodies had been recovered and twelve injured men, the personnel of the tower and its flanking fire companies removed to hospitals.

Fire department officials expressed little hope for the safety of the other men who were on the tower when the cave-in came.

At midnight, a ninth body was found and authorities announced that four of those at the hospitals were believed mortally injured.

Property damage was estimated at \$150,000.

The automatic tower, built of sturdiest steel and erected in the midst of the blaze to enable the firemen to pump water downward or on a direct level with the flames crumbled like a pasteboard toy beneath the massive walls of the old Curran Hall.

Sidewalks surrounding the building also collapsed, making it virtually impossible for the comrades of the dead and injured men to go to their rescue.

The fire when discovered on the All-giant Paper Box Factory on the first floor of the ancient structure, a few minutes before eight o'clock, was already far advanced.

Although no explosives were legitimately stored in the building, nor any quantity of highly inflammable commodities, the force and nature of the explosion convinced fire officials that explosives were present, and police quickly began to search for an explanation.

Two Companies Called. As the first company reached the scene flames ate through the ceiling into the sporting goods factory on the second floor. An emergency alarm quickly brought 20 fire companies to the scene, which is in the remote southwest quarter of Chicago.

In phalanx formation, the fire fighting force was distributed around the structure at short range. The new water tower was erected in the very shadow of the heavy masonry on Blue Island Avenue, a wall built before the day of slender steel girders.

By this time the walls on two sides began to show a slight bulge outward, in the direction of the sweating firemen. Before their danger prompted a withdrawal out of range, a terrific explosion sent the flames leaping hundreds of feet upward, and the wall swayed in a mass of crumbling brick work over the heads of the men on the tower.

Nearly every man at work in the Blue Island side was killed or injured, the fire officials declared.

Massed beneath the collapsing wall were the water tower detail of 20 men and the personnel of fire companies 107 and 5, and fire truck 12, or forty men in all.

Escape Believed Impossible. For any of these men to have escaped, serious injury, their comrades declared, as the work of rescue began, would be miraculous, for they were beneath the mass of the debris.

Several score doctors, surgeons and nurses administered first aid to the wounded men as they were found.

Among the dead is Captain Jack Brennan, commander of engine 5, and among the wounded is Captain Patrick McAuliffe, in command of the water tower, who is a son of Assistant Fire Marshal MacAuliffe.

Curran Hall, once the center of the community, and social life in southwest Chicago, has in recent years been converted into industrial uses, but a large assembly

(Continued on page 8)

DON'T FAIL TO SEE THE SHOW

Despite the large cotton crop raised and marketed in 1923 the amount of money expended that year in Lubbock for automobiles, accessories, tires, gas and oil, far exceeded the sum derived from the sale of that large cotton crop.

Go at 2 o'clock today and see the products that are the latest achievements of makers whom you have come to expect as leaders in the automobile business.

If a prospective purchaser of a car you can avail yourself of this opportunity of comparing side by side the cars you have in mind. It is the best place in the world to select a car for Easter. Why not?

Western Star Orchestra playing from 2 until 4:30 and from 7 until 9 this evening.

FORMER BANDIT SCORNFULLY DIES FRI.

LITTLE ROCK, April 18.—With a scornful smile on his lips and a puzzled look that so many had gathered in the death chamber to watch him die, "Diamond Joe" Sullivan, bandit and gunman, went bravely to his death here Friday.

All hopes that Governor McRae would delay the execution because of his being Good Friday were shattered when word came from the chief executive's office late Thursday that no changes would be made in the original plans.

Sullivan walked to the electric chair in a firm, steady gait. He was not nervous. His attitude was that of one flinging a final challenge into the face of his enemy the law.

A death warrant was read to him at 5:30 a. m. by Warren Evans, county clerk.

Electricity was turned through his body. There was a small puff of burning flesh. The body in the chair dumped.

"Diamond Joe" Sullivan, the only one of a score of bandit gangs which terrorized the southwest for years, to die in a man-made contraption, was dead.

The body will be shipped to his parents in Kansas.

DENBY DECLARES HE STARTED OIL DEALS

ADRIAN, Mich., April 18.—Declaring that he and not former Secretary of the Interior Fall initiated the transfer of naval oil reserves to the interior department, former Secretary of the Navy Denby in a speech here Friday night, declared he would have been culpably negligent had he not taken the action he did. Denby denied having been approached regarding the oil reserves before he took office either by Harding or any of his advisers.

"There was no collusion, as to any acts to be performed by me," he said.

Finding that the oil reserves were being drained, Denby said he turned to the interior department for advice.

"I then asked the secretary of the interior if he could not take over the administrative control of the naval petroleum reserves," he continued.

"Secretary Fall did not ask me. I asked him. I wanted to stop the squandering of an invaluable resource."

"The Teapot Dome lease was prepared with my full knowledge and worked in co-operation with the naval officers and the department of interior charged with the making of the leases."

"Had I not taken the action I did to protect the interests of the navy in these reserves against the tremendous loss by drainage, I would have been false to my trust and culpably negligent in the performance of my duties."

TWO NEGRO MURDERERS ARE HANGED AT CHICAGO ON GOOD FRIDAY

CHICAGO, Ill., April 18.—Less finicky about such things than other communities, Chicago hanged two negro bandit-murderers shortly after the dawn of Good Friday.

A religious ecstasy embraced the two men, Lucius Dalton, and Henry Wilson, as they mounted the gallows for the murder of Policeman Vincent Skiba, three months ago.

Both accepted the Catholic faith in the shadow of the noose, and received absolution. Wilson before the death hood was lowered over his face, sang in a shrill falsetto voice, one of the oldest of the negro spirituals:

"There is rest for the weary, There is rest for the weary, There is rest for me."

Then Dalton, in a tremulous baritone joined in the refrain, changing the last word to "us."

An unusual circumstance was the presence of the son of the slain policeman who expressed satisfaction at the execution.

WEATHER

West Texas—Tonight fair & slightly warmer; Panhandle; Saturday fair and warmer.

Arizona State Militia Ordered Out to Preserve California Traffic Blockade; Tourists Threaten to Storm Yuma Bridge

YUMA, Ariz., April 18.—In order to preserve the blockade against California-traffic, a company of state militia late Friday was ordered here to prevent the 800 Arizona bound motorists quartered just across the line from crossing.

The tourists are nearly out of food and most of them have spent all their money. Their condition is said to be deplorable and it is feared here that at any time they will try to force their way into the forbidden territory.

Troops were called at the request of the district attorney of Yuma county.

Several times the desperate tourists have tried to storm the Yuma bridge from the California side, but guards have prevented the crossing. In order to avoid a possible tragedy the Arizona National Guardsmen have been ordered.

Every effort is being made to keep the blockade intact until the troops arrive, which will be in 24 hours.

About 5 o'clock Friday afternoon a clash, almost ending in a riot between California and Arizona officials, occurred here. Upon the advice of Imperial county, California officials, the enraged motorists tried to rush the bridge but were repulsed by the guards.

The group of Imperial county officials who arrived here at noon, consisted of District Attorney Ulevy, Sheriff Gillette, J. Roy Adams, Board of Supervisors chairman, and Horticultural Commissioner

JAIL TERMS FOR WORLD COURT IS BOOTLEGGERS ARE URGED REVIVED IN SENATE

WASHINGTON, April 18.—Jail sentences for bootleggers are urged in an order sent out by Attorney General Stone. He has issued instructions to all federal district attorneys to do their best to have jail sentences, not nominal fines, imposed. There has been much complaint that bootleggers were let off with fines which were easily covered by their large profits. Stone proposes to stop this practice.

In his instructions, Stone said: "Do everything possible to bring prohibition cases to an early trial. Urge the court to give more severe sentences to violators of liquor laws. Use injunction features of the national prohibition act whenever possible."

He also asked that enforcement of state prohibition statutes be stimulated and harmonious cooperation between state and federal officers be promoted.

AUTOMOBILE DEALERS TAKE UP TAXATION QUESTION

FORT WORTH, April 18.—Taxation was the paramount subject taken up today by members of the Texas Automotive Dealers' association when they convened here in annual session. Both tax and automobile experts who addressed the convention asserted need for revamping of auto tax laws. Present methods of taxing auto owners, they declared, was discriminative.

The foreign relations committee recommended several resolutions providing for international co-operation. It ordered favorable reports on the Porter resolution providing for American participation in the league of Nations conference regarding suppression of traffic in drugs; the McKinley resolution appropriating \$40,000 for American participation in the international parliamentary union to consider new international court of women.

The committee also decided to hold hearings on the resolution appropriating \$10,000,000 for relief of German women and children.

TWO INDICTED FOR MURDER IN CONNECTION WITH TABOR SHOOTING

BALLINGER, Texas, April 18. After three weeks investigation, the grand jury Friday indicted Reuben Cope, of Norton, Runnels county, and L. E. Kirk, of Abilene for murder in connection with fatal shooting of Crawford A. Tabor near the home of his father-in-law last December.

Wells, father-in-law of Tabor, responded with the murdered man to a call from a stranger for help to start a stalled car. Tabor was unarmed; but wells testified that he had a pistol and fired nine times at their assailants when told to "stick 'em up," to the accompaniment of shots at himself and his son-in-law.

More than two hundred witnesses were examined by the grand jury, and the case has been closely watched in this section of the state.

HOUSE VOTES TO HALT ALIEN BOOTLEGGING

PASSES APPROPRIATION FOR MORE GUARDS ON BOUNDARY LINES

By THOMAS L. STOKES (UN Staff Correspondent) WASHINGTON, April 18.—An appropriation of \$1,200,000 has been voted by the house to throw a picket line of guards along the borders to stop the wholesale bootlegging of aliens and the movement of Japanese immigrants to get into the country, which is expected to flow the exclusion provision of the new immigration law.

This appropriation will provide for approximately 500 more guards. It was voted as a part of the labor department appropriation bill, 72 to 58, despite the opposition of Chairman Madden, of the appropriations committee, who objected because it was beyond the budget estimate.

Many Leaks Along Border. Its passage was given impetus by the situation created by the exclusion of the Japanese and the plea of W. W. Husband, commissioner of immigration, who appeared before the appropriations committee Friday with a plea for allotment of funds for plugging up the leaks along the borders.

Husband expects numerous attempts by Japanese to get across the thousands of miles of borderland, now almost unguarded.

There is some talk of asking the troops to patrol the border against "bootleg" immigrants.

It happened after the Chinese exclusion act was passed. Husband said, discussing the situation with the United States, "and we've been having a fight with them for 20 years. I expect the Japanese to do the same thing. As soon as an exclusion act is passed or quotas cut down, there always comes an attempt to slip surreptitiously into the country on the part of all types of immigrants."

Guards Very Scarce. There are now but a handful of guards along the Mexican border, only sixty scattered from east to west. There are none on the Canadian border, though inspectors act partly in this capacity. Husband expects to station all the additional guards, but about 50, along the borders 225 along the Canadian border, 225 along the Mexican border. The order for 50 he plans to place along the Florida coast and at other outlying points.

"Even this force would not keep all excluded immigrants out," Husband said.

"That would require a literal fence along the border. But it will help considerably."

This predicted flood of Japanese immigration is seen by Husband as the principal result of the exclusion. He does not expect any serious international complications.

The exclusion by statute was necessary however, he believes, and had to come sooner or later. While the "gentlemen's" agreement was carried out by Japan in good faith he said that it had never accom-

Just Folks by Edgar A. Guest

THE KING TAKES A DAY OFF. Once there was a king and he met a little boy and said: "Get up here and ride with me, Freckled-faced and towled head! You and I will ride away From the cares of state today."

(Copyrighted 1924, by Edgar A. Guest)

VENERABLE CARRIAGE REMINDER OF FRENCH HERO'S VISIT TO UNITED STATES JUST CENTURY AGO

Photos from Studebaker Museum, South Bend, Indiana, and reproduced through courtesy of Studebaker.

America's great reception to La Fayette hundred of years ago recalled by trip through famous Studebaker Museum.

Special to the Avalanche. SOUTH BEND, Ind., April 18—The distinguished president of a great university went through our plants here recently.

He was particularly interested in the historic vehicles assembled in the Studebaker National Museum, which is the mecca of thousands of motor pilgrims each year. "Ah, and what is that?" he suddenly asked. "Over there—that quaint, exquisitely built carriage?" "That," I said, "is the carriage presented by the United States government to General LaFayette, during his triumphal visit to this country in 1824."

Visited Hundred Years Ago. And then we were both struck by the fact, heretofore obscure in our consciousness—that this year is the centennial anniversary of the "second coming of LaFayette" when he returned to America, after his exploits as a volunteer soldier under George Washington, to receive the overwhelming applause of a grateful nation.

Just a hundred years ago! Think of that. When one realizes, as that college president and I did—standing humbly before the worn relic in our museum that it will be exactly a century this July since General LaFayette revisited the freedom-loving people he had fought and shed blood for—the miracles of this modern age seem heaped upon us.

And here at South Bend we cherish the fragile carriage that Marie Joseph Paul Yves Roch Gilbert Du Motie-Marcus de LaFayette—rode in thrilling splendor, amid the plaudits of Americans lining the streets. They presented him with \$200,000 and a township of land. Should Honor His Memory. I think we should have a LaFayette Centennial this summer.

- 1—President Lincoln's Carriage. Used by him the night he was assassinated.
- 2—Carriage presented by the United States Government to General La Fayette for use during his visit to this country in 1824.
- 3—General Grant's State Carriage, used during his last term as President.
- 4—This Carriage served President Harrison when he was in the White House.
- 5—Canastota Wagon or Prairie Schooner built in 1830 by John Studebaker, father of the five brothers who established the Studebaker business.

Throughout the United States that he loved and battled for, let us honor the memory of this "minister of humanity."

He was lion-hearted, undaunted by danger or responsibility, a defender of the helpless, a voice in government, freedom of the press, the suppression of special privilege, and the rights of the common man to enjoy happiness and liberty. All good American principles.

The "Triumphal Carriage" of LaFayette, with its tonneau set high in the air, is the oldest exhibit in the museum of The Studebaker Corporation, whose traditions and history paralleled the progress of transportation in America.

But contrasted with that century-old carriage, you will find in the Studebaker museum another graphic exhibit of early American development. It is the "Canastota wagon" built in 1830 by John Studebaker, father of the five brothers who established the House of Studebaker. This ox-powered prairie schooner was used in 1835 by a family which emigrated from York County, Pennsylvania, to Belmont County, Ohio. Took Weeks—Now Hours. It took them weeks to hew their way through the pioneer trails to

their destination. Today a famous train whirled past my office here in South Bend. It flies on its way from Chicago to New York in twenty hours.

There is deep tragedy too, interwoven in the histories of many vehicles in our museum. You may see President Lincoln's carriage—the one in which he rode on the night he was assassinated. Now it stands—mute reminder of a martyred immortal.

There are the carriages of Presidents Grant and Harrison—built lower to the ground, more rugged and having a touch of modernity. And moving along the silent aisles

KNIGHTS TEMPLAR EASTER SERVICE SUNDAY FORENOON

Knights Templar easter service will be conducted at the First Christian church at eleven o'clock Sunday morning, April 20th. Sir Knight W. K. Johnston will speak and all knights have been instructed to appear at the church in full uniform at 10:30 o'clock. Many out of town knights are expected to attend, and this will probably be one of the most impressive services of the day.

HOW, WHY, WHEN AND WHERE

W. M. Gray and W. A. Herrige, both of Morton, spent Friday visiting and attending to business in Lubbock. They report much progress in that section of the community.

T. W. Grimes, J. P. Grimes, T. M. Grimes, W. F. Barnett and A. M. Clifton, all of Frederick, Oklahoma, were in Lubbock Friday on their way to the Meadow section, where they will visit and attend to business.

Lee Hays of the Idaho community was in Lubbock Friday looking after business matters. J. A. McMahan, wife and two sons and a daughter, all of the Iowa section spent Friday, visiting in Lubbock. Mr. McMahan's daughter was a contestant in the designation contest here Friday.

L. H. Striker of the Slide community visited and attended to business in Lubbock Friday.

R. W. Harris and wife of the Slide community spent the day in Lubbock Friday, visiting and attending to business. Mr. and Mrs. Harris are just completing a splendid new home on their farm near the school building at Slide.

F. H. Beavers, of Tulsa, is spending a few days in Lubbock this week visiting and attending to business.

Mr. and Mrs. Will Prewitt, of Idaho, spent the day visiting and attending to business in Lubbock Friday.

W. R. Dumas, of Temple, Texas, who has spent the past two weeks visiting on the South Plains, returned to his home Friday.

Mrs. Mattie Gee, of Snyder, who has been in the sanitarium here for the past two weeks, died Thursday and her remains were shipped to Snyder for interment Friday by the Rix Undertaking Company.

J. F. Terry, who died here Thursday in a local sanitarium, was shipped by the Rix company to his former home at Richland Springs, Friday, where interment will be made.

Amos Shedd of Snyder, was in Lubbock visiting Thursday and Friday, returning to his home Friday afternoon.

Dr. Hardy, president of Baylor College, at Belton, who spent Thursday and Friday morning in Lubbock

returned to Belton Friday. While in the city, Dr. Hardy spoke at the First Baptist Church and at the chapel in the school of the city.

Louis F. Iron, prominent farmer of Snyder, was in Lubbock Friday to accompany home the body of Mrs. Mattie Gee, his sister-in-law, who died here Thursday.

Rev. B. W. Dodson, pastor of the First Methodist Church, of Stanton, was visiting in Lubbock Friday.

Rev. C. F. Garmack and family, of Spur, visited and attended the track meet in Lubbock Friday. Rev. Garmack is pastor of the Methodist Church on the Spur circuit.

M. Brown of Plainview, is spending the week visiting and attending to business in Lubbock.

J. W. Poe, of this city, who has been spending several weeks visiting his daughter near Shallowater returned to Lubbock Friday.

Prof. S. P. Moss and Prof. L. Z. Manier, both of Post, spent Friday in attendance on the track meet in Lubbock. Mr. Moss is superintendent and Mr. Manier is principal of school at Post.

Mrs. Percy Spencer and children accompanied by Bunney, Dew, went to Brownfield Friday afternoon to spend a short time visiting with Mrs. Spence's parents. They will return Sunday afternoon.

Quite a large number of the children of the Primary Department of the Methodist Church,

Sunday school, enjoyed an Easter egg hunt at the church and some dainty refreshments were served by the teachers of that department yesterday (Friday) afternoon. Mrs. Dow is superintendent of that department, but on account of her illness, Mrs. Sam T. Davis very ably took charge of the hunt, and teachers gave the little folks a great and enjoyable occasion.

SWEET CLOVER FLOUR PROFITABLE CROP FOR PLAINS

CANYON, Texas, April 18.—Professor Frank R. Phillips, Director of Agriculture of the West Texas State Teachers' College, states that a patch of sweet clover at the college has furnished more pasture than any other one crop. This same statement has been corroborated by experiments conducted by the experiment station at the University of Illinois. According to the agricultural authorities at the Canyon College, sweet clover not only furnishes the best pasture for handling conditions.

At the present time the clover which was sown last spring is from six to eight inches high although dairy cattle, hogs, and chickens have been permitted to run on it since it first came through the ground. The theory that certain animals do not care for sweet clover has been proved false by every type of animal which has been turned in on the college plot.

Dr. Ferguson, Dentist, Conley Bldg., knows how to cure Pyorrhea, 297-309.

We will pay 17 cents for heavy hens the rest of this week. Lubbock Poultry and Egg Company. 145-1

REV. W. P. McMICKEN TO SUCCEED DR. FERGUSON

Presiding Elder E. E. Robinson, yesterday morning received the appointment from Bishop Dickey, the successor to Dr. C. N. N. Ferguson, deceased, as pastor of the First Methodist church of this city. Rev. W. P. McMicken, of San Antonio, is the man who will take up the work here and carry it on till the Annual Conference meets next October, when he may be returned to his place to continue the work. Rev. McMicken is a graduate of Vanderbilt University, is a fine speaker and comes highly recommended as a pastor. He has been associated with some of the largest churches in the State, and is in every way, capable of carrying on the great program that has been mapped out for the First Methodist church in Lubbock. He is well known to a number of the people of this section, especially among the Methodist preachers, and they all speak in most complimentary terms of him.

SPECIAL PULLMAN TO BE FURNISHED CONTESTANTS DIST. NO. 1

Special to the Avalanche. CANYON, Texas, April 18.—Arrangements have been made to have a special Pullman for the contestants from district number 1 of the Interscholastic League who are to go to Austin to take part in the state contest on May 1, 2 and 3. W. E. Lockhart, director general of the district, announces that the special train will leave Amarillo at 7:15 a. m., April 29, and D. A. Shirley, director of athletics for the district, will accompany the boys, and Mrs. Phebe K. Warner of Claude will chaperone the girls. These chaperones will not only see that the boys and girls who make the trip are well cared for, but will also help them to see all the places of interest along the route and in Austin. Fathers and mothers may rest assured that their children who go on this trip will be well cared for. Twenty-one counties from

Parmer on the southwest to Lipscomb on the northeast, are included in the district. The rate that has been secured by the special Pullman that has been arranged for is the lowest that can be had.

CARTOONIST OF LOS ANGELES SPENDING FEW DAYS HERE

Jack Chancellor, cartoonist of Los Angeles, Calif., enroute to Ft. Worth, spent a few days in our city, and called at our office for a short visit. Mr. Chancellor stated that he had signed a contract with a syndicate to draw a series of cartoons to appear in newspapers throughout the country. While he is only twenty-one years of age, he has sold sketches to Judge and Life, also other periodicals. He is also a gifted paragrapher, and writes some snappy stuff, which appears in some of the leading newspapers of the United States.

ON TO BROWNWOOD

The On To Brownwood committee of the Lubbock Chamber of Commerce worked all day Friday and reports were to the effect that while they did not sell as many tickets to the convention city as they hoped to, enough Lubbock businessmen put their names on the dotted line to offer them real encouragement.

The Junior Chamber of Commerce members are doing a valuable work in getting up a big delegation to attend the Brownwood convention, and it is earnestly desired that everyone who can possibly spare the time and make arrangements to attend, will go to the convention.

Lubbock needs every available booster at that convention. The West Texas Chamber of Commerce has rendered a great and valuable service to the people of West Texas, and Lubbock being the leading city of the South Plains will naturally be expected to show a spirit of helpfulness and friendliness on the occasion of the Brownwood convention, and failure to meet any of these expectations would be a source of regret for progressive Lubbockites.

The convention will be held at Brownwood on the 13th to 15th of May, and with that city's progressive citizenship bending every effort and spending her resources on a party to which all of the business men of West Texas are invited, it will be a hummer and one we can't afford to miss.

Let's go on to Brownwood.

HEALTH AND WALKING

In this age of the ubiquitous automobile it is good to be reminded of nature's original intention that the human as well as the lower animals should make daily use of their legs. The latest reminder of an eternal truth comes in the form of a book, "Walking for Health," written by Dr. Alvah H. Doty, former health officer of the port of New York. When Stevenson, Trevelyan and Hazlitt wrote about long walks through the country, they were chiefly concerned with the charm of vagabonding, the poetry of the out-of-doors, and pleasures of reflection amid the beauty of sylvan scene, but Dr. Doty's aim is altogether practical. He calls attention to the lamentable decline of walking, which he pronounces more useful than any other method of stretching the muscles and expanding the lungs in the open air. Walking is the way to a good heart, he tells us; no other outdoor recreation can do so much for the vascular system; if you would keep off arterio sclerosis, keep on walking.

His warning is addressed not only to the sedentary but to the mortuarmaniacs who have become weak in their legs because they make their cars carry them even when business or pleasure calls them less than two blocks away. So far has this practice gone that there are now persons, particularly of the social climbing class, who would as soon be caught carrying a parcel as be seen traversing the very shortest distance on foot. Wherefore there is much putting on of fat and the hastening of many diseases. Of course the automobile is essential in the pursuit of both business and pleasure, but the wise man will employ it temperately, not only covering short distances on foot every day but remembering the need of long walks at more or less regular intervals.

ALARMING DIVORCE INCREASE

Is marriage in America threatened with becoming a transient institution? Latest census statistics on divorce, in the opinion of the University of California, warrant the putting of such a question, and the light of scientific scrutiny has just been turned on the American family at that institution. There was, according to the census of 1922, one divorce to every twelve marriages in the United States ten years ago. It is one divorce to every seven marriages today. The galloping divorce ratio, moreover, is steadily pressing westward and is finding its culmination in the States bordering on the Pacific Ocean.

Among American cities having the largest divorce ratio San Francisco probably holds the record. For the year ended June 30, 1923, one in every two marriages in the city of the Golden Gate ended in divorce.

The divorce ratio for New York State is one divorce for every 22.6 marriages. One has to go as far south as Georgia to find the next best record—one divorce for every 19.4 marriages. On the other hand, New York's next-door Pennsylvania, shows a divorce ratio more than twice as large as that of New York.

One of every 5.2 marriages in the State of Ohio ends in dissolution, and this divorce ratio, with trifling variations, stretches across the continent to the slopes of the Pacific Coast.

The highest divorce ratio is reached by the States of Montana, with one divorce to every 4.3 marriages; Wyoming, with one divorce to every 3.9 marriages, and Oregon, with one di-

vorce to every 2.6 marriages. Nevada, being the nation's divorce mecca, is in a class by itself. In the State of Nevada the number of divorces for the year 1922 exceeded the number of marriages.

The problem of divorce has, since the war in particular, attained such sinister dimensions in the United States that it can no longer safely be left to the domain of theology or of the moralist to deal with exclusively. Science and sociology must come to the aid of the foundering American family.

REPARATIONS TO BE PAID

The unexpected seems to have happened in the matter of the reception of the Dawes report. Not only has it been promptly approved by the Reparations Commission, but it seems that the nations generally, including Great Britain and France, regard it with favor. Doubtless this largely accounts for the fact that even in Germany itself, after the first bitter denunciation led by the nationalist press, a more favoring attitude has begun to make headway. It may also be true that after sober second thought the saner element in Germany, has come to realize that an early settlement of some sort is imperative and that if the Dawes plan is not made the basis of one the present intolerable conditions will be prolonged indefinitely.

To pay \$650,000,000 a year seems a heavy undertaking, but in the war the United States floated one two-billion dollar Liberty loan after another, five of them within a year and a half. The Dawes report sets forth that Germany can do it readily enough by taxing her people to the extent that the French and British have long been taxed, together with mortgages on the German railroads and industry. There has been needed the will to pay and a stabilized currency. The latter is now in sight and the former must come, although it has been and still is the greater stumbling block. One great difficulty has been the refusal of the Germans to believe that they were conquered and must pay reparations, but it looks as if they are now, under the pressure from the logic of events, they are moving toward conviction rather rapidly.

HOME FOLKS FOR THE DEFENSE

It has been noted for some twenty centuries that prophets are without honor in their own country, and perhaps longer it has been observed that a citizen accused abroad is likely to have valiant defenders at home, seemingly on the obscure principle that the good name of his whole community is at stake. If a prophet were harshly treated abroad and driven back in scorn to his own community, perhaps he would receive some attention and secure a little appreciation even there. At any rate it is not surprising to learn that the Republican convention of Dona Ana county, New Mexico, has adopted a resolution denouncing the "unjust, un-American and partisan attempt to assassinate the reputation and character" of Albert B. Fall, or that, contrary to the general impression, the said convention finds that "no word can be truly said impeaching his honesty, uprightness and integrity," and boldly asserts that his "actions as Secretary of the Interior in dealing with the leases of the oil lands were governed by a high sense of duty."

On the same principle, Michigan, which defied the country's opinion and rallied to Newberry, was equally enthusiastic in expressing confidence in its other bombarded son, ex-Senator Denby. The loyalty of the home folks in such cases seems to be inevitable, and, of course, discounted in advance. Personally it is next in order for Ohio to "resolve" its unbounded admiration for and eternal faith in Harry M. Daugherty, but there are indications that many citizens of that State will find this tribal duty extremely painful and in not a few cases even productive of something resembling nausea.

TREMENDOUS TAX INCREASES

The Department of Commerce has just issued a statement showing that this country paid \$7,428,749,000 in taxes of all kind in the year ending June 30, last. The Federal Government received \$3,204,133,000, while states, counties, cities, townships and other local political units received \$4,224,616,000. Compared with 1913 the municipal taxes increased an average of 115 per cent in the 10-year period. State taxation rose 183 per cent, county 142 per cent, and taxation by municipalities over 2500 inhabitants, 80 per cent. National taxation has increased 380 per cent. The general average increase of all taxes was 198 per cent.

At the request of the Indiana Parent Teachers Association, the Attorney General has stopped the sale of 22 objectional publications in the State. These publications had been sold at newsstands and other places and the ban was accomplished by an appeal to "self-respecting news-dealers," who responded immediately to his request, despite objections from certain sources that the magazines were admitted to the United States mails.

The United States Supreme Court has decided that states cannot compel interstate railroads to join in the construction of union stations, and cannot compel them to abolish grade crossings.

Little Avalanches

The hard thing about making money last is making money fast.

A rum ship caught fire off the coast of Florida but not one of the boys stood on the burning deck.

"Fly Around World"—headline. And the first thing you know you will be wishing all the flies were around the world.

MARKETS

MANY LEADING STOCKS SHOW DECREASE

By EDWARD J. CONDLON (UN Financial Editor)

NEW YORK, April 18.—The action of many of the leading industrial stocks this week has not been very closely linked with actual trade conditions. Certainly the free hand that professionals have enjoyed in the stock market of late has knocked many carefully built-up gains into the well-known cocked hat. Even the remarks of cocked hat. Even the receding healthy business activity was construed to mean that business was unhealthy now and fresh selling centered around such issues as American Woolen and American Sugar.

A glance at current business conditions revealed the following: Bank debts outside New York for January 1914, reached 19.38 billions as against 19.66 January, 1923, and for February, 1924, the total ran 17.51 as compared with 19.90 billions for the corresponding month in 1923. Certainly an increase is shown here.

In the matter of loans and discounts with the reserve bank, the total for January was 11.9 billions as compared with 11.4 in January, 1923, while for February, 1924, the amount was 11.9 as compared with 11.5 for February 1923. Heavy commercial bank loans are always indicative of expanding trade.

Again the weekly average of car loading for January 1924, was 44,000 as compared with 44,000 for January 1923. Then for February 1924, the average was 90,100 as against 84,000 for February 1923.

The Bradstreet and the Dun business reviews this week indicate a better retail demand owing to approach of Easter. Dun makes the failures for the week 401 a slight increase over last week but 17 less than this time a year ago. Closing of the world markets on Saturday will not prevent the stock exchange from holding its usual Saturday session. The cotton exchange here as well as in New Orleans and Liverpool will be closed.

Fort Worth Livestock. FORT WORTH, Texas, April 18.—Cattle: receipts, 1,000; market steady; heaves \$3.50@3.75; stockers \$3.50@3.70; cows \$3.00@3.60; canners \$1.75@2.00; heifers \$3.50@3.75; bulls \$2.50@3.00; calves \$2.50@3.00; yearlings \$3.50@3.90.

Hogs: receipts, 700; market is steady to 10c higher; light \$7.00@7.25; medium \$7.50@7.75; mixed \$7.25@7.50; common \$4.50@5.00; packing sows \$5.25@5.50; pigs \$3.50@3.60. Sheep: receipts, 2,000; market low er; lambs \$12.50@15.50; yearlings \$10.00@12.50; wethers \$8.50@10.50; ewes \$8.00@10.00; culls \$2.50@3.50; goats \$2.00@3.50; stocker sheep \$6.50@8.50; feeder lambs \$10.50@13.00.

Kansas City Livestock. KANSAS CITY, Mo., April 18.—Cattle: receipts 1,200; calves 200; practically no beef steers on display; receipts mostly Texas consisting of cows, heifers and calves. Killing prices generally steady; Texas cows \$5.00@5.65; calves strong; two loads veals \$9.75; stock ers and feeders scarce to around steady. Hogs: 4,000; ten to 13 higher; bulk desirable 190 to 270 pound averages \$7.15@7.25; top \$7.30 to shippers. Bulk packing sows \$6.50; stock pigs \$5.50@6.00. Sheep: 2,000; lambs generally steady to strong; choice 80 pound Colorados to packers at \$16.10; others \$15.75@15.85; sheep weak medium to good Texas wethers \$5.50.

MRS. DOW'S CONDITION IS VERY SATISFACTORY
In answer to a great many inquiries at this office of the condition of Mrs. James L. Dow, wife of the editor, we are pleased to announce that the report from the physicians in charge, by the effect that her condition is entirely satisfactory, and no serious results are now anticipated. On account of the nature of the operation it will necessarily require many weeks in the hospital before she can return to her home.

SPORT NEWS

DISTRICT TRACK AND FIELD MEET OPENED HERE FRIDAY; LUBBOCK HI TOOK FIRST PLACE CLASS A TRACK

Formally opening the University Interscholastic League meet, representatives from sixteen counties surrounding Lubbock, met here yesterday, and entered competition in all branches of athletics and literary events looking toward the decision for representatives from this district who will compete for state honors at the meet which will be held at Austin about the first of May. Teams from the northern extremity of Hale county, on the north, Olton, Muleshoe, and Sudan on the west, Tahoka and Post on the south, and Spur and Dickens on the east made formal entries with Director General Dupre, early Friday morning, and entered into the contests with more real sportsmanship than has ever marked a gathering of the kind.

All tennis tournaments are being held on the courts at the high school building, and all literary events are carried on in the high school auditorium. Track and field events are being held at the Fair Park, east of the city.

Lubbock high school carried off the honors in the Track and Field meet, which opened at 1 o'clock Friday afternoon by the approximate margin of 10 points over Plainview, the hardest opponent. The tentative check-up of referee Lockhart last night gave Lubbock a total of 56 points, and Plain-

view 43. Tennis and literary events will continue this morning, and if necessary, into the afternoon. Class B track and field events will be held at the Fair Park this afternoon beginning at 1 o'clock. Volley ball also will be contested today.

The winners in the different events and their time follow:

Class A Track Events
120 Yard High Hurdle: First, Christian, Lubbock; second, Sone, Plainview; third, Minor, Plainview, and Corley, Lubbock—tie, Time—18 seconds.

100 Yard Dash: First, L. Magill, Plainview; second, Hankins, Lubbock; third, McCarty, Lubbock; fourth, Stone, Slaton.

Blond Boss Opens

Everybody in our home drives the automobile—but the garage man has it most of the time.

Gift-giving is the natural and popular custom by which people express the warm feelings which gaily, joyous and glad some occasions bring to the heart.

And of all the days which carry a message of joy and gladness, Easter easily leads.

Candy again this year will lead, too, in its popular appeal to give and receipt, and The Rexall Store, as usual, is prepared with a rare variety of packages that please.

City Drug Store

COLD SNAP HALTS PLAY IN MANY LEAGUES

All outdoor sports in the east except the race program at Havre de Grace, Md., where horse owners' sprints through soupy mud, were cancelled on good Friday because of moist weather.

The entire day schedule of the International League was called off and the four major league games east for the eastern section of the land were set back to fairer days in the season.

Those western ball clubs, which had their day of idleness—Thursday because of rain, resumed play however, in Detroit, Tris Speaker's Cleveland Indians won the first game in three starts against the Tigers, hauling the Tigers out of the game. The score was 6-4.

The White Sox again won from the Browns in Chicago 5 to 1, which gives the Sox a score of three games won and one lost thus far. The third game of the series between the Pirates and the Reds in Cincinnati went to the Reds who have now won two and lost one. But the important thing to the Reds was the fact that Carl Mays, discarded by the New York Yanks and ignored as a worthless has been by all the other American league clubs, got another chance in the uniform of the Cincinnati team, and helped to hold the Pirates to a score of 3 to 2. Jake May, the recruit from Vernon of the Coast League, also worked for the Reds. The Cubs beat the Cards 6 to 2 in St. Louis.

KANSAS CITY WINS MILE IN STATE SCHOOL MEET

LAWRENCE, Kan., April 18.—Kansas City drew first blood in the State Interscholastic meet here Friday when Clark won the mile in class A in four minutes and 53 seconds.

Walter of Hiawatha, finished second; Mercer of Kansas City pulled in a close third while Smith, of Olath, finished fourth.

In the 120-yard high hurdles Hardy of Arkansas City, set a time of 17.6 seconds while Cooper of Winfield, Miller of Winfield, McMichael of Arkansas City, finished second, third and fourth respectively.

Lee Stenzel, of Elmdale rural, was first in class B mile run, in four minutes 46.7 seconds. Craig of Buycers was second; Bell, Oskaloosa third; Barr, of Oskaloosa, fourth.

Lee Stenzel, of Elmdale rural, was first in class B mile run, in four minutes 46.7 seconds. Craig of Buycers was second; Bell, Oskaloosa third; Barr, of Oskaloosa, fourth.

THREE SOUTH AMERICAN TRACK RECORDS BROKEN

By United News.
BUENOS AIRES, April 18.—Three South American track records were pared down in the South American Olympics here, in which athletics from various latin-American countries ran for the championships of the lower continent. Manuel Palza, of Chile, broke his own record for 10,000 meters, covering the distance in 32 minutes, 19 4-5 seconds. Brewster, of the Argentine won the 400 meter dash in 50 seconds, a new South American record and Moreno of Chile went 1,500 meters in four minutes 11 9-10 seconds.

Copper League Launched

EL PASO, Texas, April 18.—The Copper League, composed of Hurley, Fort Bayard and Santa Rita New Mexico, and El Paso has been successfully launched and R. B. Tempest, of Hurley, elected presi-

dent. The season will open on May 9th.

LUBBOCK FIRM RECEIVES ORDER FROM ARKANSAS

Lubbock is on the map, and people know where they can get what they want. This is proven by the Lubbock Wrecking Company, which firm received an order Friday from a party in Alma, Arkansas, for a certain piece of an automobile. The Lubbock firm filled the order promptly and the part of the automobile went forward today by express, and no doubt the Arkansas customer will be using it on his automobile in a few days. The Lubbock Firm does not know of having ever seen this party, but in some way they found out about his firm, and sent the order in, with the above satisfactory results.

City Light & Power Department

CITY OF LUBBOCK

FIRST PRESBYTERIAN CHURCH WILL BE COMPLETED BY J. B. MAXEY AT COST OF \$40,000; WORK START SOON

The contract for the completion of the First Presbyterian church has been let to J. B. Maxey, and work on the structure is to start May 1st.

This church will be completed at a total cost of approximately \$40,000 and will be one of the most modern church buildings in the city and will be especially attractive. All modern arrangements will be made, and the main auditorium will accommodate a much larger congregation than the church now has. Too much credit could not be given the pastor, Rev. Jack M. Lewis, who has been here for two years and who has worked all this time with the completion of that church and the building up of a large congregation in mind. The completion of the church building will be the realization of one of his ambitions, while the fact that

his congregation has doubled in numbers since he took over the work here is evidence of a steady growth of that church.

A member of the board of managers of that church stated yesterday that they feel that the church will, when this building is completed, be able to meet its obligations with the student body of the Tech College, who will be here in 1925 an after.

HOME ECONOMICS STUDENTS WIN IN CONTEST

A clothing contest was conducted at the Home Economics Department of the Lubbock high school Friday with more than 250 garments listed.

A preliminary contest was first conducted in the morning in which this number of garments was reduced to 40 and at 1 o'clock in the afternoon the final contest was started at the close of which nine winners were named.

The reports made by the contest judges, Miss Mabel Marsh, Home Demonstration Agent of Lubbock county, and Miss Carlisle, Home Demonstration Agent of Crosby county, showed the following results:

Cleo Johnston, best tailored dress, score 97; Bonna Brown, best linen huffin, score 97; Eva Mae, best school gingham dress, score 97; Ruth Smith, best sheer wash dress, score 97; Flora Sims, best graduation dress, score 91; Stella Seitz, best silk dress, score 90; Flora Sims, best silk dress, score 79; Gladys Murfee, best work dress, score 76.

All winners in this contest will be entered at the state contest at Galveston April 24th, 25th and 26th.

in which many valuable awards will be granted and those who have had an opportunity to witness their work are confident that they will be successful in winning a few of the first prizes to be offered at the state contest.

METHODISTS OF BROWNFIELD BUILD NEW BRICK CHURCH

Rev. J. P. Watson, pastor of the First Methodist Church at Brownfield, spent Friday visiting and attending to business in Lubbock. In an interview with a representative of the Morning Avalanche Rev. Watson stated that the old church edifice at Brownfield had been torn down and the contract for an up-to-date brick church had been let and that work on the new building would begin Monday of next week. Rev. Watson is a live, wide-awake, aggressive pastor and believes in keeping the work of the church in the forefront along with other lines of progress. The Methodist people at Brownfield are to be congratulated on the new enterprise and on the fact of having a strong man like the Rev. Watson to lead them in the work of the church.

REV. POSTON WILL PREACH FOR LEWIS SUNDAY

H. E. Blocker, and W. Johnston returned to their homes here Thursday evening from Clovis, N. M., where they attended a meeting of the El Paso presbytery. Rev. Jack M. Lewis, pastor of the First Presbyterian church of Lubbock who accompanied them on the trip, did not return with them as he went on to El Paso where he will spend several days.

Rev. C. D. Poston, pastor of the First Christian church, will fill the pulpit at the First Presbyterian church Sunday morning.

You can pay a single, but \$2.00 per month, without interest, Balance of Texas Furniture Company, Slinger Sewing Machine Company, Phone 97, 127-4f.

We will pay 17 cents for heavy hens the rest of this week, Lubbock Poultry and Egg Company, 145-4

DEPOSED BANKER SUCCUMBS THURS.

KANSAS CITY, Mo., April 18.—Death cheated justice here Thursday when John M. Moore removed president of the Fidelity National bank, and Trust company a few days ago, when he was found to be \$600,000 short in his accounts, succumbed to an attack of acute diabetes.

Simultaneously physicians for the first time since the banker was stricken on Friday, denied rumor that he had attempted suicide by drinking poison. Prosecution was delayed pending illness. Moore was found in his apartment lying on the floor unconscious by his wife who returned unexpectedly from an out of town trip. Physicians said they had treated him for diabetes for many months. Mrs. Moore had left the sick man for a brief rest after having maintained a constant vigil when the banker died. Harry Stinson, of San Angelo, Texas, and physicians were the only ones at his bedside. Funeral arrangements have not been completed.

CANYON STOCK JUDGERS LEAVE FOR STATE MEET

CANYON, Texas, April 18.—Professor T. M. Moore, of the Agricultural Department, has left for College Station with the stock judges.

Collection and Employment Service

Monthly bills, Old Accounts, Dry Checks Collected. Experienced help furnished without cost to employer. Lubbock Employment Bureau Phone 903

ing team of the West Texas State Teachers' College, which is composed of Artie Baldwin, of Lipscomb; Rangan Sherman, of Maydell; Geo. Love, of Tulla and Harold Shanklin, of Canyon. The team is to be entered in the contest which is to be held at College Station, Monday, April 21.

The party left in a car and expect to spend two or three days of the time enroute visiting stock farms and studying various types of animals. The first stop will be made at the Alexander, Mikes and Jones farm at Childress.

METHODISTS WILL HOLD LAYMENS SERVICE AT NEW HOPE

Laymen of the First Methodist Church of Lubbock will hold special services at the New Hope school house on next Sunday afternoon, at 3:30 p. m. Leader C. C. Logan. Those having a place on the program are H. H. Halsell, who will discuss the Compassion of Christ, Mrs. W. W. Royalty, the Human Nature of Christ; Mrs. H. W. Sims, the Divine Nature of Christ, and C. E. Lynn, Christ as an Intercessor.

Safe, Either Way He: "It wouldn't be much trouble for us to marry because my father is a minister, you know." She: "Oh, well, let's have a try at it. My father is lawyer, you know."

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon Mrs. M. A. Losey and the heirs and legal representatives of said Mrs. M. A. Losey, by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, of general circulation which has been regularly and continuously published in said county for more than one year, prior thereto, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 4th Monday in April, A. D. 1924, the same being the 28th day of April, A. D. 1924, in a suit, numbered on the docket of said Court No. 1873, wherein Cleve-to-Smith Lumber Company, a private corporation, is plaintiff, and Mrs. M. A. Losey and the heirs and legal representatives of said Mrs. M. A. Losey, and the husband of said Mrs. M. A. Losey and the heirs and legal representatives of said husband, are defendants, and said petition alleging it is a suit for the title and possession of and to cancel and remove all adverse claims of defendants in and to lot three (3), in block one hundred sixty-five (165), of the original town of Lubbock, in Lubbock County, Texas.

Herein fail not but have before said Court, at its aforesaid regular term, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, on this, the 28th day of March, A. D. 1924.

(Seal) LOUIE F. MOORE, Clerk, District Court, 130-4Sat Lubbock County, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to

summon W. J. McCafferty and W. J. Cafferty, and the heirs and legal representatives of each of said named persons, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper of general circulation, published in your county, which newspaper has been regularly and continuously published in Lubbock county for more than one year prior hereto, to appear at the next regular term of the District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 4th Monday in April, A. D. 1924, the same being the 28th day of April, A. D. 1924, then and there to answer a petition filed in said Court on the 27th day of March, A. D. 1924, in a suit, numbered on the docket of said Court No. 1872, wherein the Whaley Lumber Company, a private corporation, is plaintiff, and J. N. Leard, W. J. McCafferty, and the heirs and legal representatives of W. J. McCafferty, W. J. Cafferty, and the heirs and legal representatives of W. J. McCafferty, and the Lubbock Independent School District, a public corporation, are defendants, and said petition alleging: Being a suit filed by plaintiff, Whaley Lumber Company, a private corporation, against J. N. Leard and W. J. McCafferty, and the heirs and legal representatives of W. J. McCafferty, and the Lubbock Independent School District, for specific performance of a written contract with J. N. Leard, for the purchase of lots 11, 12, 13, 14, and 15, in block 72, of the original town of Lubbock, in Lubbock County, Texas; and also asking that adverse claim of defendants be cancelled and for damages for breach of contract in the sum of \$5000.00; all of which is more fully shown by plaintiff's original petition on file in said cause.

Herein fail not but have before said Court, at its aforesaid regular term, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, on this, the 27th day of March, A. D. 1924.

(Seal) LOUIE F. MOORE, Clerk, District Court, 130-4Sat Lubbock County, Texas.

Fruit Greatly Damaged.
EL PASO, Texas, April 18.—Considerable damage has been done to fruit and alfalfa crops in the upper and lower valleys by frost Wednesday and Thursday nights, according to reports of farmers. Some say the fruit by "smudging" while others that did not "smudge" report the fruit frozen.

IMPROVED UNIFORM INTERNATIONAL Sunday School 'Lesson'

(By REV. F. B. FITZWATER, D.D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(© 1924, Western Newspaper Union.)

Lesson for April 20

ELISHA: TEACHER AND STATESMAN

LESSON TEXT—II Kings 6:15-23.
GOLDEN TEXT—Be not overcome of evil, but overcome evil with good.—Rom. 12:21

PRIMARY TOPIC—God Caring for Elisha.

JUNIOR TOPIC—Elisha's Goodness to His Enemies.
INTERMEDIATE AND SENIOR TOPIC—How to Turn Enemies Into Friends.
YOUNG PEOPLE AND ADULT TOPIC—What Elisha Meant to His Nation.

I. Elisha, Elisha's Successor (I Kings 19:16-21; II Kings 2:2-15)

1. His Anointing (I Kings 19:15-21). In obedience to the Lord's command, Elisha went forth from his hiding place in Horeb to anoint Elisha as prophet. While Elisha was plowing with oxen Elisha passed by and cast his mantle upon him.

2. His Training (II Kings 2:2-8). Elisha came into the life of Elisha in the field, where he called him forth from the plow, and there was thenceforth real friendship between them, such that Elisha clung to his master to the very last, in spite of three urgent requests for him to remain behind.

3. Elisha's Double Portion (II Kings 2:12-15).

(1) Elisha's cry (v. 12): "The chariot of Israel, and the horsemen thereof." This implies that Elisha was the true national defense.

(2) Elisha takes his place (v. 13). The taking of Elisha's mantle indicates his assumption of his place as a prophet.

(3) Elisha's spirit upon Elisha (vv. 14, 15). This is proven by the use of his power to divide the Jordan. Also it is proven by the testimony of the sons of the prophets.

II. Elisha's Ministry (II Kings 3:10).

1. The Trenches Filled With Water (Chap. 3:16-20). Jehoram, in alliance with the king of Judah, went against the Moabites. His army was in great straits for lack of water. When they appealed to Elisha, he bade them show their faith by digging trenches in desert soil. The Lord sent water to fill the trenches.

2. Increase of the Widow's Oil (Chap. 4:1-7). This woman's husband had died, leaving a debt, and the creditor was about to make bondmen of her two sons. Elisha caused the scant supply of the widow's oil to be so increased that she sold enough to pay the debt.

3. The Shunamite's Son Restored (Chap. 4:8-37). Because of hospitality shown Elisha, he sought to help his hostess by promising that the Lord would give her a child. The joy brought by the fulfillment of the prophet's announcement was short-lived, for while yet but a lad he was taken away by death. In her sorrow she went to Elisha and he restored the child's life.

4. Feeds Deadly Pottage (Chap. 4:38-41). In time of famine they made a vegetable soup from whatever growing plants they could find. By mistake a poisonous plant had been gathered. By putting meal into the pot the soup was made healthful.

5. Fed One Hundred Men (Chap. 4:42-44). To the astonishment of his attendant, he fed one hundred men with twenty barley cakes and a sack of uncooked grain.

6. He Healed Naaman, the Leper (Chap. 5:1-19). At the instance of a captive Jewish maid, Naaman, the great Syrian general, was brought into touch with Elisha. Without even coming to see Naaman Elisha, through his servant, bade him dip seven times in the Jordan. He obeyed and was instantly healed.

7. Recovers the Lost Axe (Chap. 6:1-7). While the sons of the prophets were cutting timber to enlarge their quarters, the head of a borrowed axe flew from the handle and was lost in the muddy waters. When shown the place Elisha cast a stick into the water and the axe floated to the surface.

III. Elisha's Heavenly Defenders (II Kings 6:8-23).

This shows the secret of Elisha's power.

1. The Syrian King Sorely Troubled (vv. 8-12). The king directing warfare against Israel. He located camps so as to intercept Israel's army. Through Elisha God made known the enemy's movements (v. 9).

2. The Syrian King Tries to Trap Elisha, but, though surrounded by the Syrian army, a mightier host of heavenly defenders were round about him.

3. The Syrian Army Trapped. Elisha led the Syrian army into Samaria. He ordered that they should be fed and sent back to their land.

He Came to Save Sinners
When a prominent man dies, we are anxious to get his last words and acts. The last act of the Son of God was to save a sinner. That was a part of the glory of His death. He commenced His ministry by saving sinners, and ended it by saving this poor thief.—D. L. Moody.

Inexcusable
Most people will excuse anything rather than an apology.—Christian Herald.

W. C. EDWARDS IS VISITING IN LUBBOCK

Will C. Edwards, editor of the Denton Chronicle, and who has been one of the foremost newspaper men of Texas for a number of years, arrived in Lubbock Friday and will spend some time in this section of the state.

Mr. Edwards is candidate for Lieutenant Governor of Texas and his friends in this section of the state are very encouraged over prospects for his election.

Mr. Edwards is visiting Senator W. H. Bledsoe here together with a number of other friends.

HOUSE VOTES TO HALT ALIEN "BOOTLEGGING"

(Continued From Page 1.)

plished what it was intended to accomplish.

Because of lack of cooperation on the part of the Japanese expected to come from the action of congress, other officials have predicted the same result as Hubbard. They see a new situation created which will add to the difficulties already being experienced in dealing with the complex immigration problem.

The new immigration bill was characterized by Representative Johnson, of Washington, author of the bonus bill, as this country's second "declaration of independence" in a speech before the D. A. R. convention here.

"This bill, when it becomes a law, will end forever the idea that this country is the asylum for the oppressor of the world," he declared. "The sovereign right of this nation to say who shall live among us has been challenged. To compromise on a matter of sovereignty is to invite war. Not to compromise is to prevent war."

Quotas are based on 2 per cent of the 1890 census.

Those voting against the bill were:

Republicans—Colt, Rhode Island; Weller, Maryland; Democrats—Bayard, Delaware; Gerry, Rhode Island; King, Utah; Walsh, Massachusetts.

The senate adopted an amendment offered by Senator Simmons North Carolina, democrat, giving preference to farm laborers. No exemptions to the quota restrictions are allowed, however.

The bill becomes effective upon being signed by the president, but is designed to replace the present law which expires June 30 next.

Under the senate bill, 150,000 immigrants would be admitted annually. The house bill contained the same basis but allowed a large

number of exemptions which would have admitted a total of 357,000 under its provisions. The measure now goes to conference where house and senate differences will be adjusted.

Several amendments were presented as consideration of the bill drew to a close most of them defeated.

A provision placing upon aliens the burden of proof for admission was adopted by a viva voce vote. South and Central American countries and Canada were prevented from being placed on a quota basis by defeat of an amendment offered by Senator Willis, of Ohio, 59 to 12, which would have put all nations on a quota basis. Those countries are now excepted.

Senator Sterling of South Dakota, tried to get through an amendment which would have based quotas on racial groups instead of a strict nationality basis. It was beaten.

An amendment offered by Senator King of Utah requiring that all ships must leave American ports with the same number of sailors as when it entered and forbidding any ships entering on which there are sailors ineligible to citizenship was defeated.

Senate Votes Down Amendment.
WASHINGTON, April 18.—The Senate Friday rejected by a vote of 59 to 12, the Willis amendment which would have made immigration quotas applicable to Canada and all western hemisphere republics. Under the present law, these countries are not affected by quota restrictions and the senate's action perpetuates this policy.

Prior to voting down the Willis amendment, the senate rejected a similar measure offered by Senator Harris, Georgia.

20 FIREMEN BURIED BY EXPLOSION

(Continued From Page 1.)

On this floor were several members of the two shattered engine companies when the collapse came. They were seeking to stem the upthrust of the flames from below.

Chief Mike Kervin, of engine 88, a veteran, declared he never saw a fire in a brick structure spread with such rapidity.

Attracts Many Spectators.
The fire, blazing upward on the outer fringe of the city as families in the populous residence districts were completing their evening meals, attracted many thousands of spectators, and several hundred policemen from the north, south and west side arrived to hold the crowd in check.

A number of priests hurried to the scene and administered last religious rites to wounded who could

not be quickly extricated from heavy wreckage that pinned them down.

Other wounded men in similar position were given opiates by doctors to enable them to bear up until the bricks and masonry could be removed.

In the first statement issued from the fire marshal's office, the origin and cause of the fire were described as "still unknown."

The dead, the fire marshal declared would not exceed ten and the seriously wounded would number about 12, a preliminary check

MUCH INTEREST IS SHOWN IN AUTO SHOW

(Continued From Page 1.)

representative of the Willys-Overland Company, addressed the crowd, which was estimated at more than four thousand people.

Keen interest was shown when Mr. Koch announced that an Overland four touring car would be driven over the steps which were built at a forty-five per cent angle the length of the pull being more than double the length of the car. First and second attempts were made by Mr. Gamel to pull the grade, and when on the third trial he pulled the little car to the top of the platform many cheers were heard from the witnesses.

After making a few brief remarks concerning the Overland Mr. Koch then announced the opening of the Morning Avalanche Automobile show and it was but a short time until the spacious West Texas Gray building was filled to capacity.

The number of cars displayed and the interest shown in the various models marks the Morning Avalanche Automobile Show a success and it is expected that today's attendance will far exceed that of

the opening day, which was even beyond expectation.

FORMER LUBBOCK MAN IS VISITING HERE

A. W. Wilson, who has been in Monte Vista Colo., for some time for his health is here visiting his family at the Nazarene parsonage.

Mr. Wilson drove through a distance of seven hundred miles in three days. He reports Lubbock to be the most prosperous and thriving city he has visited and is well pleased with the industrious progressiveness of this part of the plains.
