Lubbock Morning Avalanche

SENATE SPEEDS UP TAX PROGRAM

THREE PLANES WILL CONTINUE WORLD FLIGHT

FLIERS TO TAKE OFF THE MOMENT CONDITIONS OF WEATHER PERMIT

WASHINGTON, May 2.—Despite the mysterious disappearance of Major Frederick L. Martin, commander of the United States round-the-world flight Wednesday morning, the little squadron will carry on.

Three remaining ships now at Dutch Harbor, Alaska, have been ordered by Major General Patrick, chief of the army air service, to continue their flight immediately since further delay might halt the trip indefinitely.

The fliers will take off the moment that weather conditions are favorable.

Before taking this action President Coolidge was advised of the serious situation by war department officials and it was said on his behalf that the incident was regrettable, but that it should not halt the flight.

Decision to send the planes on the way was made when it became known the destroyers attending them were running low on fuel and that unless they landed immediately the vessels would have to put back to naval bases and thus hold the trip up for another month.

Hope of finding Martin has not, however, been entirely abandoned by air service officials. Telegrams were dispatched Friday to Lt. Biswell, in charge of the first division of the flight, instructing him to strain every resource at his disposal in the search for the missing aviators. Every nook and inlet on the coast is being searched.

It is hoped that Martin may have found shelter in some secluded cove as he did the last time his plane was brought to earth by inclement weather and that he may be in some out of the way place safe from imminent danger.

FLOYDADA EMPLOYS NEW SUPERINTENDENT OF SCHOOLS

CANYON, Texas, May 2.—J. J. Wilson, who for several years has taught in the summer normal here and who for some time past has been superintendent of the city schools at Lockney, has been elected superintendent of the city schools of Floydada. It is reported that Mr. Wilson will spend this summer studying at Peabody college at Nashville, Tennessee.

YOUTH FOUND DEAD AT WOODVILLE THURSDAY

WOODVILLE, Texas, May 2.—R. A. Cruse, 14, was found dead here Thursday with a towel around his neck by his mother on the back porch of his home. While swinging with the roller towel around his waist he was in the habit of doing it is thought the towel became tight and the boy was unable to release himself because of excitement.

Just Folks

by Edgar A. Guest

SPINACH
Oh, the good old days of boyhood, they are gone forever more, With their laughter and their shouting and the gang about the door; Now the games we played are over and the 'old schoolhouse' is down, And the years have built a city where there used to be a town, But last night I caught a vision of a dining table neat And a heaping dish of spinach which the mother made us eat.

Now I hold no love for spinach, in the days of long ago, And their endless round of pleasures there was that one touch of woe, Just one bluish to the laughter which I would not live again, Could I turn away from manhood and escape its care and pain; Though I'd like to be a youngster, I'd not willingly repeat That springtime dish of spinach which the mother made us eat.

THREE INDICTED FOR MURDER OF GIRL

By United News.
VICTORIA, Texas, May 2.—Dr. O. R. Stewart, Mrs. W. D. Raven and Irvin J. Wehmeyer were indicted by the Victoria County grand jury late Thursday for murder in connection with the death of Miss Lasta Moore, a 22 year old girl, from Port Lavaca, in Dr. Stewart's office in Victoria on April 10.

Mrs. Raven was present when the girl died and Wehmeyer accompanied her from Port Lavaca, where she resides. District Judge John M. Green fixed the bond of the doctor and the woman at \$5,000 each and that of Wehmeyer at \$1,000 in which they had previously been released.

ARMS EMBARGO TO CUBA IS ISSUED

By United News.
WASHINGTON, May 2.—Issuance of an embargo on arms to Cuba by President Coolidge following official advice from Havana that the military revolt is spreading indicates a more serious condition in the island than was supposed.

Reports Friday from Havana state the uprising in Santa Clara has assumed serious proportions and a rumor persists that Gen. Velez has landed on the north coast of the island to take charge of the offensive against the Zayas government.

President Zayas already has asked an appropriation of \$1,000,000 with which to combat the revolt, it is reported. Provisions of Coolidge's proclamation make it entirely possible for him to purchase military supplies from the United States as the Obregon government did during the recent Mexican revolt.

War department officials, however, do not believe it will be necessary for Zayas to purchase further supplies of arms and ammunition since the Cuban government, shortly before the de la Huerta revolt in Mexico purchased a large allotment from the United States.

The presence of the cruiser Cleveland in Cuban waters was first taken to indicate the United States was ready to intervene should the occasion arise, but navy officials Friday said the vessel was in Havana on its way back to New York from Central America.

Meanwhile, Ambassador Crowder at Havana, will observe conditions and advise the United States as to the progress of the uprising. Should the revolt become too serious for Zayas to handle, the United States probably would intervene in accordance with the policy since Spain was ousted from the islands.

Radio Tax Abolished
WASHINGTON, May 2.—The senate abolished the 10 per cent tax on the radio Friday night, included in the revenue bill by a vote of 40 to 13. The tax was approved tentatively several days ago. The vote was forced Friday night by Senator Dill, democrat, of Washington. It was estimated the tax would bring around \$10,000,000 revenue.

District Conference of Methodists Closed Friday at Idalou; Tahoka is Chosen as Host to the Next Meeting

After a most busy day the Lubbock District Conference which convened at Idalou Thursday and Friday day, came to a most successful close. It is said by a number in attendance and who are in a position to speak out that this was perhaps the greatest district conference ever held in the district. Perhaps the largest number of laymen ever assembled in a conference of this kind in West Texas were in attendance.

The business of the conference was dispatched in a most efficient way throughout the session and especially on Friday when much business of importance was attended to. Among other things of importance attended to by the conference was the granting of licenses to preach to Joseph E. Thompson of Lamesa, Young Thompson is a very promising young man and has before him no doubt a great future. Three men were recommended to the Annual conference for admission, an trial into the traveling connection.

The services of all local ministers in the district were renewed, with the exception of Rev. Hightower of O'Donnell. Mr. Hightower's character was passed and license was not renewed.

Tom Vlock in the morning was selected for the time of choosing the place for the meeting of the next district conference.

Tahoka, Seagraves, and Brownfield were placed in nomination for the conference. After several splendid speeches by pastors and laymen Tahoka was chosen as the meeting place for the next conference. Tahoka, with an invitation from the city council, chamber of commerce, and church, backed by the citizenship of the city, asked for this live body of men and women. Tahoka is bringing to completion a splendid brick church, which would be a credit to a city much larger than Tahoka, and Tahoka as a city is proud of this new building.

J. A. Brashear of Tahoka was elected district lay leader; Mrs. H. W. Sims, of Lubbock and J. R. Terrell, were chosen as associate lay leaders for the district.

Delegates to the coming annual conference elected were: J. H. Brewer, Slater; D. C. Davis, Tahoka; J. H. Moore, Lubbock; W. C. Rylander, Lubbock; Mrs. R. F. Dunn, Lorenzo; J. A. Brashear, Tahoka; and Rev. Chiddick of Lamesa.

Quite a lively discussion was opened when an amendment was brought forward protesting the proposed removal of Scarratt Bible Training School, from Kansas City, to Nashville, Tenn. Those speaking on the memorial were Revs. Dodson, Howell, Dunn and Leveridge. The spirit of the conference was of the highest type, and the people of Idalou proved themselves a most pleasing host to the conference.

MISSING FLIGHT COMMANDER NOT FOUND

By United News.
CORDOVA, Alaska, May 2.—Searchers for the ill-fated "Seattle" flashship of the United States Army's round-the-world flight, and her gallant pilot, Major Frederick L. Martin, Friday night extended their operations to the mountain fastnesses of the Alaskan peninsula and the Sawtooth islands on its northern coast.

According to word received here, Major Martin may have turned the nose of his plane due westward when leaving Chignik last Wednesday and have been forced down among the peaks where it is believed it is practically impossible for human beings to survive.

Canneries and supply stations between Chignik and King Cove were reported preparing dog teams to go back into the hills and follow the maze of trails that follow the defiles and rocky contours of the peninsula and visit every accessible spot where the plane might have landed.

Word will be sent to the settlements along the north coast, where few white men live, to send out every available kind of craft from canoes to sailing vessels and conduct a search parallel to that which is continuing unabated in the southern waters.

Two courses were available for Major Martin when his plane rounded away into the face of Wednesday's gale. He could have steered for the Shumagin Islands, to the southwest of Chignik with the intention of turning in a northerly direction after passing the heights of Andromeda Island.

This course at first, was thought to be the most feasible because the Seattle would have been afforded some protection from the mountains along the peninsula. The search was started Thursday, in the vicinity of the Shumagins.

It is now thought possible that Martin, with visibility low and forced to fly fairly close to land because of clouds and the gale so as to keep on his course, tried to use the highest peaks along the peninsula for his guide posts and so was drawn in almost a westerly course from Chignik.

If this course was followed, the Seattle turned westward from Cape Ikt, passing over Stepvak Bay at the "waist" of the peninsula and then headed for the smoke plume worn on the high volcano of Stepvak.

From this point Martin could have steered for Unalaska Island over the dead craters of Aglichen Pinnacle, Shihaldin Volcano and Mount Pogramni.

The latest word received here from the Algonquin, coast guard cutter which with the geodetic survey boat, Pioneer, and the Cutter Hydra, is directing the search near the Shumagins, was that the search-

THREE KILLED IN AUTO CRASH NEAR ENNIS

By United News.
ENNIS, Texas, May 2.—Three persons were killed when their automobile was struck by a north bound interurban a mile south of Palmer, Ellis county at 5:45 Friday afternoon. The dead; MISS GEDDIS MANNING, Waco; MISS KATHLEEN M'KNIGHT, Temple;

TERRY E. THOMAS, Corsicana. The car was dragged one hundred and seventy five yards by the interurban and was completely wrecked. The three were crushed to death in the twisted metal of the automobile. Only slight damage was done to the interurban car. The women were school teachers of Corsicana.

TWO ARRESTED ON ROBBERY CHARGE

VICTORIA, Texas, May 2.—Two men giving their names as Hubert Rouse and Manis Griffin, are in jail at Goliad Friday charged with the robbery of the Berclair Statebank in Goliad county and other recent robberies in this section of the state.

The men were arrested at Pauls Valley, Oklahoma by Sheriff B. H. Haynes of Goliad county Texas, on information furnished by Carey Goodwin, a 16 year old boy of Dinero, Live Oak county Texas, who is also charged with the robberies and is now out on bond.

Nitro-glycerine was used in at least two of the robberies and of \$250 stolen from the Berclair state bank, there were \$65 in Lincoln pennies. The disposal of some of these pennies in the purchase of a shot gun at Beville led to the boys' arrest.

The men arrested in Oklahoma were brought through Victoria to Goliad. One of them was identified here by a restaurant man as having exchanged 250 pennies for other coin.

Sheriff Haynes says Rouse offered resistance when arrested and remarked that no man could take him to Texas alive.

FORTYEIGHT RECEIVE DEGREES FROM CONYON COLLEGE

CANYON, Texas, May 2.—Forty-eight young men and women have received their degree from the West Texas State Teachers College since it became a senior college in 1920, of this number forty-three are still in the teaching profession, five are engaged in other activities. Thirty-one are teaching in the high schools of Texas, five are in elementary schools and seven are employed in other states. Of these forty-eight young people four have received their Master's degrees from universities and one, E. W. Atkins, of Canyon, will receive his Doctor's degree from Johns Hopkins University this spring. Of the remaining forty-three, thirty-five have continued their education by correspondence, two have studied in the University of Colorado, five have studied in the University of Texas, one is studying at the Emerson school of Oratory, Boston.

This spring eighteen students will receive either Bachelor of Art or Bachelor of Science degrees.

PROBE OPENS INTO WRECK OF FRISCO FREIGHT NEAR MUSKOGEE

By United News.
MUSKOGEE, Okla., May 2.—An investigation was begun late Friday by Frisco rail officials of the wreck of the special freight train near here when seven cars plunged 30 feet into a creek as a result of tampered tracks, in the center of a 200 foot bridge.

The engine of the freight passed safely over the weakened tracks, spreading the railroad rails which resulted in the wreck.

Officials were of the opinion Friday night that the tracks had been loosened up in an effort to wreck the "Governor," crack passenger train due to pass 30 minutes after the freight.

None was injured. The damage is estimated at \$40,000.

COOLIDGE PROBABLY WILL ACCEPT EXCLUSION BILL

By United News.
WASHINGTON, May 2.—President Coolidge appears to be prepared to accept the immigration bill containing a Japanese exclusion feature and is concerned chiefly with modifying the provision so that no unnecessary offense will be given to Japan. This was the impression obtained at the white house where conferees were wrestling with bill in conference. They adjourned late in the day without having reached a decision and strict secrecy was thrown over their negotiations.

ABOLISHES TAX ON RADIO AND OPENS RECORDS

ESTABLISHES BOARD FOR TAX APPEALS AND WILL REDUCE SALARIES

By United News.
WASHINGTON, May 2.—Abolishing the radio tax of 10 per cent and approving amendments opening all tax returns and records to public inspection along with other changes, the senate has speeded up its work on the tax bill and will enter Saturday the fight on surtax rates.

Defeat of the 10 per cent tax on radio equipment which came just before the recess Friday night was by a vote of 40 to 13. The tax was approved tentatively several days ago. A record vote on the provision was taken Friday night at the instance of Senator Dill, of Washington.

The amendment providing publicity for tax returns, under certain restrictions, was presented by Senator Norris, of Nebraska, and adopted 38 to 27. Under the amendment, tax returns of corporations and individuals may be inspected by any one, under regulations laid down by the secretary of the treasury. It is complemented by another, presented by senator McKeller, democrat of Tennessee, which would open all claims for abatement and refund, and all tax decisions to inspection. This was adopted, 47 to 29.

The senate also approved the establishment of a board of tax appeals, to handle claims of taxpayers provided in the bill. It adopted an amendment by Senator Norris, reducing the salaries of members from \$10,000 to \$7,500. The vote was 41 to 26.

The vote on the radio tax came at the end of a busy session, and the progress made Friday encouraged Senator Smoot, Utah, chairman of the finance committee, to call off the night sessions which had been planned.

An amendment limiting tax deduction in relation to income from tax-exempt securities was defeated Friday by a vote of 37 to 36. Democrats joined in its overthrow.

A proposal changing the estate tax to an inheritance tax by taking the beneficiary instead of the estate, was presented Friday by Senator Walsh, democrat of Massachusetts.

The senate will enter its most serious controversy when it takes up the surtax schedules Saturday. Senator Smoot will offer the schedule in the Mellon plan, with a maximum of 25 per cent which is opposed even by administration senators. After it is defeated, he will raise the rate gradually, but has said that if the senate goes beyond 32 1-2 per cent, it might as well go on to 50.

Senator Simmons of Carolina, will offer the democratic schedule, providing a maximum of 40 per cent beginning at \$500,000, which is expected to have support of the insurgents, after they have offered a protest rate of fifty per cent maximum.

Senator McCormick of Illinois, has a compromise schedule, with a maximum of 37 per cent on incomes of \$1,000,000 and over.

SHIP CAPTAIN DIES ENROUTE TO AMERICA

By United News.
GALVESTON, Texas, May 2.—Captain L. B. Morris, 40, master of the shipping board steamer City of Fairbury, died Thursday at sea when his vessel was two days out of Havre from Galveston, according to cable advices received here Friday by Daniel Ripley, and company operators.

The first officer turned back the ship for Brest. Arrangements to return the body to the states are being made.

Captain Morris is survived by his widow and one child in Miami, Fla.

ONLY FAILURE OF G.O.P. WAS IN SALE OF WHITE-HOUSE, MAYOR CHARGES

By United News.
SEATTLE, Wash., May 2.—The only thing the republican administration has failed to do is to sell the white house, Wills E. Mahoney, mayor of Tekeo, Wash., keynote of the state democratic convention told cheering delegates today.

Wasting little time on his own party, Mahoney tore into the present administration as delegates applauded. He declared the result of the GOP administration has been a roman holiday far big business, and an orgy of special privilege and an era of corruption and political debauchery that has no parallel in the history of this country and has barely stopped short of selling the white house.

WEST TEXAS: Unsettled tonight and Saturday; warmer in Panhandle tonight.

\$70,000 HOME FOR RIX FURNITURE AND UNDERTAKING COMPANY BUILT AT 13TH AND J BY NEVES

Owners of the Rix Furniture and Undertaking Company, announced Friday that the contract had been let for the construction of a brick store building on their lots at the corner of 13th street and avenue J.

J. W. Neves, local contractor, was awarded the contract and work on the structure will be started in the very near future. The building will be ready for occupancy by September 1st, according to an agreement made in the contract.

This will be one of the most modern furniture store buildings in West Texas when completed, and will be 78 by 125 feet, with a balcony built all the way around the building, which will give it the capacity of a two-story building.

A basement 56 by 61 feet in size will be a feature of the building, and as the repair shop will be located in this basement, all the first floor will be used only for displaying furniture and for the undertaking department.

A modern chapel, a morgue, two bedrooms and in fact every arrangement for the convenience of the undertakers and for the comfort of friends of those who will be prepared for burial there will be provided.

The new home for the "House of Rix" will represent an investment of about \$70,000, and will be one of the most substantial buildings in the city.

PRESBYTERIANS ARE TO HOLD SERVICES AT LINDSEY

Services of the First Presbyterian Church Sunday will be held at the Lindsey Theatre.

This arrangement was made due to the fact that the church building is now under construction and services cannot be held there.

It is probable that regular services will be held at the Lindsey each Sunday until the church has been completed.

The services will be conducted in the following order:

Sunday school, 9:45.
Morning worship, 11:00.
Senior Christian Endeavor, 7:15.
Evening worship, 8:00.

Circle No. 3 of the Methodist church will hold a food sale Saturday at Yarbros' Grocery. Get your dainties for Sunday dinner. 158-2

Dr. Ferguson, Dentist, Conley Bldg., knows how to cure Pyorrhea. 297-30p

FORD THREATENED WITH LIBEL SUIT BY KANSAS WHEAT JOURNAL

PRATT, Kan., May 2.—Threats of libel against Henry Ford, publisher of the Dearborne Independent unless he retracts a recent attack upon co-operative marketing, were made Thursday by G. B. Cumming, editor of the Kansas wheat growers' journal.

A committee from the Kansas wheat growers' association and the Kansas Co-operative Wheat Marketing Association will call on Ford, it was learned to discuss the articles with him.

UNIVERSITY GRAD FOUND GUILTY OF EXTORTION

DETROIT, Mich., May 2.—Vaslav Simek, 26 year old graduate of the University of Prague, was found guilty by a recorder's court here

late Thursday of attempting to extort \$1,050,000 from Edsel Ford. The jury was out but a short time.

Simek accused his landlady of inciting him to write the three threatening letters that he sent Ford. These letters, scrawled in laborious and almost unintelligible English, warned Ford of impending injury to his children unless he paid the money.

Simek was arrested when he picked up a package "planted" at the spot the letters had indicated. Edsel Ford went on the stand Wednesday and identified two letters that had been sent to him.

BLED SOE ASKS RE-ELECTION TO SENATE

Senator W. H. Bledsoe is a candidate to succeed himself as Senator of the new 30th district, which is a part of the 29th district which he has represented for the past four years.

Senator Bledsoe was elected to fill the unexpired term of Senator W. S. Bell of Crowell, following the death of the latter in 1920 and was

re-elected to the office two years ago.

The news of Senator Bledsoe's announcement will be received through out the district with enthusiasm by his many friends, who were fearful that he would not make the race inasmuch as their repeated requests for him to announce himself with no favorable results until Friday, when he made a few statements concerning the political situation at this time.

Senator Bledsoe is one of the most influential members of the state senate and his efforts have met with success in bringing about desired legislation and his friends throughout the new 30th district will be delighted to know that it is again their opportunity to return him to his place among the big men at Austin.

Senator Bledsoe has the best interest of the boys and girls of West Texas at heart, and will remain firm in supporting the Texas Technological College, the creation of which is due partly to his efforts and while he refused to make any statements concerning his plans, it was intimated that he is making the race wholly because of the attention that will be centered about the new institution at every session of both the senate and house at Austin during the coming four years.

Senator Bledsoe's refusal to grant

the wishes of his friends who have made repeated requests for him to enter the race for the place he now holds were made because he has taken a keen interest in his law practice, and together with the junior member of the firm of Bledsoe and Pharr, had planned giving his entire attention to looking after the extensive interests of the firm.

Many important cases may be handled by the law firm during the next two years, and of course sen-

ator Bledsoe's participation in these cases will be limited to some degree if he is reelected, but having spent more than eight years fighting for an educational institution for West Texas that will be in keeping with the demands of the young people of this section of the state, his friends feel that now would be an opportune time for him to leave the senate and have succeeded in persuading him to make the race.

You Will Want To Look Your Best next Week-- Choose a New Dress for The Club Meet

With the city filled with well dressed women during the Federated Club Meet, you naturally will wish to look your best. We are offering many things here that will add greatly to your appearance and make this convention a decided success from the standpoint of your clothes. METHODS SELECTING DEMOCRATIC PRESIDENTIAL NOMINEE FAVORITE AS SEEN BY WHITE HOUSE OBSERVER

By RAYMOND CLAPPER
(United News Staff Correspondent)
WASHINGTON, May 2.—There were several methods by which any one interested in the subject can calculate who has the best chance to be the democratic presidential nominee. One as accurate as any, is to write the names of the respective candidates on small slips of paper, place them in a hat, shake thoroughly, and have some disinterested friend draw them out one by one. The last name drawn will be as good a bet as any for the nomination.

The situation has never been more confused and uncertain than at this time, less than two months before the convention. Charlie Murphy's death has made the situation more uncontrollable because it removed the keystone from the Murphy-Brennan-Taggart combination which was expected to take charge of matters in the convention at the proper moment and break the deadlock.

Managers of the various candidates are making all manner of extravagant claims, but the facts remain that everybody has a chance. Some are strong in one respect and weak in another. Everything considered no candidate has any appreciable advantage.

Here are the chief candidates, listed alphabetically:

Newton D. Baker, Ohio, comes from strategic state, progressive; closely identified with Wilson policies; pro-league; lacks powerful friends among bosses.

James M. Cox, has defeat of 1920 against him, pro-league; comes from doubtful state; acceptable as compromise choice to most of bosses.

made two to one showing against McAdoo in Ohio primary without conducting aggressive campaign.

John W. Davis, New York and West Virginia, eminent as lawyer; refused to give up J. P. Morgan as client to advance political prospects; conservative; well known among lawyers and business men; unknown as political figure; would be stronger except for Wall Street connections.

David F. Huston, New York, said to have been Woodrow Wilson's personal choice; conservative; head of the Bell Telephone securities company since retiring as Wilson's Secretary of the Treasury; little known as campaigner; regarded as dark horse possibility.

Wm. G. McAdoo, California, regarded as strongest candidate until employment by E. L. Doheny, disclosed; will go to convention with one of the largest blocks of delegates; has large campaign organization at work in many states; progressive; strong with labor; son-in-law of Woodrow Wilson but not closely identified with Wilson policies; Smith-Underwood opposition has big handicap.

Senator Samuel M. Ralston, Indiana, strongest of the dark horses; conservative; no strong opposition; supported by Taggart but made no campaign for delegates; regarded as another Grover Cleveland, age 64; old-fashioned, small town lawyer with good record as governor of Indiana.

Al Smith, New York; intensely popular personally; Roman Catholic; regarded favorably by bosses; progressive; seriously considered because of expectation that he could carry New York, New Jersey and enough other wet territory together with the solid South to win. Bitterly opposed to dries, klan and McAdoo forces; if nominated, will be trusted at convention.

Senator Oscar W. Underwood, Alabama; conservative; regarded as unusually able legislator; anti-klan;

GROCERYMAN A BOOSTER FOR THE AVALANCHE PUBLICATIONS

W. A. Lamm, of the Stephens-McKee-Bacon wholesale grocery company, paid a renewal subscription to the Morning Avalanche, and will get the daily each publication day for another year.

Mr. Lamm has been a subscriber to the Avalanche since the first issue of the daily was printed, and we were delighted to learn that he is thoroughly pleased with the general appearance and news matter of the paper.

Such subscribers have made it possible for the Avalanche to make such headway as has been made thus far, and with a continuation of their patronage and co-operation the paper will make continued growth in keeping with the growth of Lubbock and the development of her trade territory.

TWO SLATON OFFICERS PRESENTS CASTRO CO. ATTORNEY

Chief of Police Tom Abel and J. E. Madden, of Slaton, were in Lubbock Friday to present cases of violations of the prohibition laws to the county attorney.

The Slaton officers have worked in harmony with the members of the sheriff's department in keeping down down violations of the prohibition law and in enforcing the law in practically all such cases.

As a result of the activities of the officers throughout the county throughout the county during the past several days the grand jury, which is now in session, has given a great deal of work to do.

OIL FIELD WORKER KILLED IN AUTO CRASH

WICHITA FALLS, May 2.—J. Theford, 37, oil field worker, was instantly killed seven miles west of here Thursday while going to work.

According to a man in the car with Theford they were suddenly confronted with another car turning around in the road before them and in their effort to avoid it, turned their own machine over. Theford's skull was crushed when he was caught beneath the car.

FORT WORTH MAN ENTERS GARAGE BUSINESS HERE

C. B. Murphy, recently of Fort Worth and now of Lubbock who is establishing the Murphy Auto Works in the new 50 by 125 foot brick building on Avenue G, just across from the Shamberger Lumber Company, arrived in the city Friday, together with his head mechanic, Olin Woods, also of Fort Worth and are busy completing arrangements for their formal opening, which will be announced soon.

Mr. Murphy came to Lubbock three months ago but could not get a building—but undaunted by that

BACON BROTHERS BUILDING ON BROADWAY

Bacon Brothers, well known local men, have started work on a brick wholesale building on east Broadway just across the alley from their present building where the Stephens-McKee-Bacon wholesale grocery is located.

This building will be fifty by one hundred feet, and a basement the full size of the structure which will be used as a warehouse, will be a feature of the building.

This building, according to J. F. Bacon, has not been rented as yet and they are undetermined as to what kind of business will be located in it.

Bacon Brothers have a number of well located town lots in the business district and will continue helping to build Lubbock.

By doing your hemstitching at our shop you may be given a Singer Machine absolutely free. Singer Sewing Machine Company, Balcony Tower Building. F 149-4f.

LUBBOCK'S TASK

Lubbock's task of entertaining conventions and meetings of various kinds is a hard one at this time, as we are handicapped in many ways and for that reason it is absolutely necessary that the people of the town throw aside all prejudices and little differences that might exist and co-operate in the entertainment of the big conventions that are to meet in Lubbock during the next few months.

We have right upon us at this time one of the biggest conventions that has ever met on the South Plains, and that is the Federated Women's Clubs, which will be here next week, and will have to be entertained by the people of this city. Lubbock people have the reputation of being willing to pay for most anything, but they have a habit of not wanting to be bothered with entertaining. Now, people, this might do if we had ample hotel facilities and rent rooms sufficient to take care of the visitors, but it will not do under the present conditions. There will in all probability be five hundred people here to attend this federated meeting, and they will have to be entertained. They will need rooms, and meals, and the homes in Lubbock are the only place that they can possibly be entertained.

The entertainment committee, we understand, is having much trouble in getting homes for all of them, and the citizens of the town should be generous enough to take them in, and make them feel at home while here. It will be a big advertisement for the city one way or the other. If the five hundred ladies leave Lubbock to return to their homes happy and with a good taste in their mouth for this city it will mean much good talk for Lubbock, and if they on the other hand are treated in a slight manner, you know, folks, "that they can pour it on" in other ways, and we might wake up with a real black eye after the entertainment. This, the hub of the plains, cannot afford to do, and we must take care of the delegates that are coming, and it is not a time when we can pass the buck, and expect our neighbor, or the club women, alone, to do this, it is a town proposition, and we should stand as a unit on making a great success.

ONLY ONE MORE DAY TO PUT OVER THE BROWNWOOD TRIP.

Now come on fellows and kick in on that Brownwood trip. It will be worth more than the cost of the trip in dollars and cents to your business, we care not what your business may be. Lubbock is being watched, and the way we conduct ourselves in connection with this convention is going to determine largely how the people of West Texas are going to feel about us, and how strongly they are going to be for us in the future. If we stand back and look on like a big dog at a cat fight, we are going to endanger our future in the eyes of the public in general. We cannot afford to take the big head and think we can get along without the co-operation of the people of the entire state of Texas in building this big school that the legislature provided for building. We need the friendly co-operation of the people everywhere, and we cannot get that by being indifferent and acting "biggy." Red blooded Americans resent that quicker than anything else, and we like America for it.

Lubbock is in the eyes of the people everywhere, we could surely go to Brownwood and mix with the people who are going to be there in great numbers and have a good sociable time. Let's get acquainted with West Texas. We don't know each other any too well anyway. This is a mighty big country, and we should know more about the various sections of West Texas, and learn to co-operate more thoroughly. That is the only way West Texas got the Tech College, by sticking together, and pulling for the institution as one. The West Texas Chamber of Commerce is largely responsible for its location in West Texas, and while they had nothing to do with locating it at Lubbock, it fought for the bill, and then it was the good fortune of the South Plains to get the school, and we are naturally proud of it, and some times we may seem a bit too enthusiastic about it, and must remember that while it is on the Plains it is a West Texas proposition, and the people of the entire Southwest are interested in it, and we must recognize the fact that every Texas tax payer is contributing to its building, and has a vital interest in it. Then we should see to it that they know all about it and make them feel good at having it located in a town that is not small in any way. That is not narrow regarding her duties toward the people of other sections and does not ignore their interest in the institution. We want the entire Southwest to co-operate with us in making the Technological College located at Lubbock one of the most wonderful institutions in the United States.

OUR GOVERNMENT AND THE LEAGUE

Secretary Hughes favored the League of Nations before it became an issue in partisan politics, but later he subordinated his views to those of President Harding who was influenced by George Harvey and certain Senators. Recently, however, Mr. Hughes is said to have "manifested a friendlier attitude of co-operation toward the League itself than has come from the United States government officially in several years." This refers to the following utterance of Mr. Hughes before the recent New York Republican State convention in regard to American representatives at meetings of the League's council:

"They are unofficial simply in the sense that they are not and can not properly become members of the League organization or committees. But, so far as our Government is concerned, they represent it just as completely as those designated by the president always have represented our Government in the conference and negotiations which he properly authorizes in the conduct of our foreign relations. There is no more difficulty in dealing with the organization of the League in this way for the purpose of protecting our interests or furthering our policies than there would be in dealing with the British empire. Because several nations have formed an organization of which we are not a part is no reason why we can not co-operate in all matters affecting our proper concern. We simply adjust our forms of contact and negotiation to existing conditions."

This means nothing less than sympathy and active co-operation with the League—without accepting the responsibilities that go with membership. The question now before many minds in and out of this country is whether the actual assumption of the said responsibilities would not be more in harmony with the dignity and power of a great nation.

PRISONERS BUILDING ROADS.

California is proving the soundness of the theory that the function of a penal institution is to reform men for valued citizenship rather than punish them for past offenses. The state is correlating a prison and state university. Nearly 800 prisoners are taking university extension work and vocational training. The most popular courses are Spanish, engineering, and English, mathematics and economics in the order named. Four prisoners are studying the writing of poetry and 30 per cent of all prisoners enrolled are studying journalism.

Over 1,000 men are working in prison road camps, at a minimum wage of 75 cents per day to be paid the prisoner on release. The State Highway Department will expend \$2,000,000 in this manner for the construction of rock-bed roads in the rural districts. The State has 3,800 prisoners and nearly 90 per cent of them have asked to work in these road camps, which are electric lighted, good bunk houses, libraries, shower-baths, amateur theatricals and university extension classes. A system of co-operative rule enforcement makes every one financially interested in maintaining order and good results. It gives a large prison population, costing the State at least \$1.00 per day per man, employment requiring no bond, reference or recommendation and provides means whereby those released may secure employment in free road camps, sometimes as the first step to a life of restored usefulness, respectability and service.

HATS OFF TO BLEDSOE.

The Avalanche is pleased to announce this morning that Senator W. H. Bledsoe, of this city, who is at present State Senator from this district, has announced to his friends that he will make the race for that very important office again. It is indeed a great sacrifice on the part of Senator Bledsoe to make this race, and it is much to his disadvantage in the practice of his profession, to be a member of the legislature in any way. It is a job that pays practically nothing, and means a great amount of hard work, and keeps him from his office duties many days in the year. It is an office that is not pleasant to hold and it will mean a great deal of hard work for Mr. Bledsoe, for in these days in Texas, the matter of law making is no boys job. It is a job that requires much hard work, and it should be in the hands of a thoroughly competent man, and for that reason, Judge Bledsoe has been urged to run for the office again. His many friends have been rather fearful that he would not offer for the office again, and if it go by default and possibly fall into the hands of men that are not so capable as he, and as the result this state might in many ways suffer.

Senator Bledsoe is recognized in the Senate as one of its strongest members, and a member that all of his fellow senators respect and recognize, and therefore has a great influence with that body.

We are glad indeed that the Senator has decided to make the race, and it is with a great deal of satisfaction that we give this announcement special mention in the editorial columns of this paper.

Little Avalanches

The Supreme Court of the United States has declared invalid Nebraska's law prescribing the maximum as well as the minimum of loaves of bread.

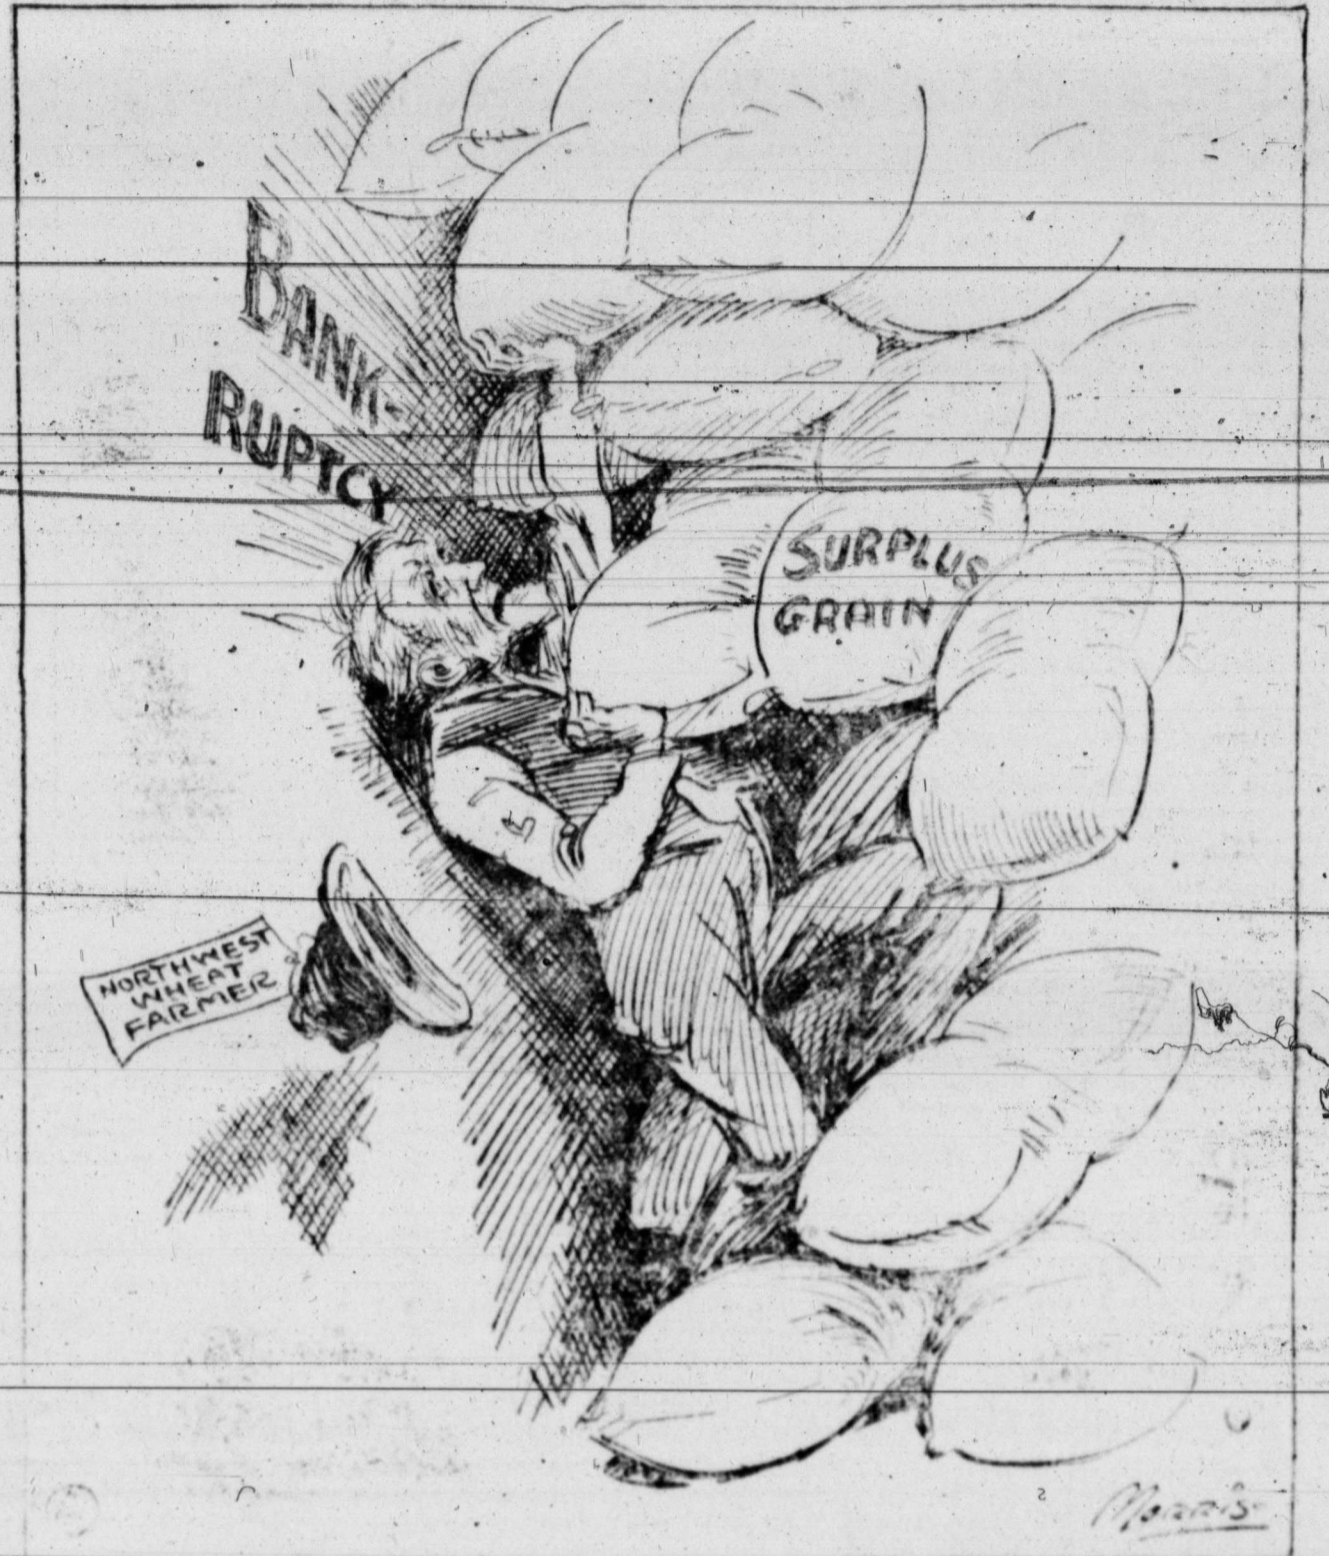

Married women under 19 years of age, living in Pasadena, will be compelled to attend school according to a ruling by the director of child welfare.

"Does yo'all still refuse to pay me dem two dollars I done loaned you" de Lawd only knows when?"

"Nussahl" dignifiedly replied Brother Bogus, "I doesn't refuse; I dess refrains."

MARKETS

PUBLIC SUPPORT ROUTS BEARS IN FINALS

By EDWARD J. CONDLON
 NEW YORK, May 2.—The stock market demonstrated that a little public support can and will weaken the ground under a strongly entrenched bear group. The only trouble with the bull crowd was that they did not dig deep enough and prices slumped during the final half hour, with the net result that the rail and industrial issues both showed slight declines for the day. Now that the cut in the rediscunt rate has been proclaimed, far and wide, it was not surprising that a stack of buying orders greeted the market at the opening. During the course of the day in Baldwin, American Can and General Electric fitted in with predictions that the advance in the reserve bank ratio to 91.8 a new high for the post-war period, would stimulate interest in the stock market. The inference is that the cut in the rediscunt rate was not a move to bolster up prices, but came as the natural result of present status of the local reserve bank. The cost of doing business is thus reduced and it is natural to expect that security prices will reflect this change for the next few weeks at least. The heavy turnover in international mercantile marine preferred during the session when ocean traffic is in full swing, calls attention to traders even more forcibly than Wednesday German loan conferences to the possibilities in the market with the gradual change that is taking place in the European situation. Activity in the copper shares in the face of an earlier market for the metal, called attention to the fact that recession, in prices of the metal has been chiefly due to selling by speculators unable to hold on longer. These speculative interests counted on the floating of a German loan long ere this and were not prepared to continue their holding indefinitely. Germany is the big potential user of copper in Europe and as soon as the German loan takes definite shape, a boom in the copper market would not be unlikely. Incidentally Cerro de Pasco bonds touched a new high. The bond market as a whole showed few features. Liberty bond gave ground despite the cheap call money rate which ruled all day. This reaction in our government's war loans, however, came in the nature of a profit taking following the sharp rise on the previous day to new highs for the year. CONTESTANTS FROM MANY TOWNS ENTER CONTEST TO BE HELD HERE

With Many contestants from other towns and counties entered in the "Old Style Fiddlers' Contest" to be held at the Lindsay Theatre Wednesday night, May 7th, the people of Lubbock are assured of an exceptional and exceedingly interesting program. The old time music and dancing revival appeals not only to the devotees of the older forms and fashions of merry-making but to our most modern and cultured musicians as well. The interest for supremacy in old fashioned square dancing which will be decided is arousing widespread interest throughout the district. It is announced that sets with their own callers will be here from Lorenzo, Tahoka and other places and they fully expect to have a real square dance with the music furnished by the fiddlers. In addition to the fiddling contest a diversified program has been arranged including musical acts as well as novelty acts of different characters. There will also be the regular picture program run in connection with the contest featuring Letrice Joy and Owen Moore in "Silent Partner."

TEXAS-N. M. BOUNDARY CASE RE-OPENS MAY 5

AUSTIN, Texas, May 2.—Testimony in the Texas-New Mexico boundary case, re-opened to permit additional evidence of R. J. Owen of Oklahoma, and rebuttal by Texas witnesses, will be taken at El Paso May 5, Attorney General W. A. Keeling, it was announced today. The suit involves 20,000 acres of land along the Rio Grande river a few miles north of El Paso.

SPORT NEWS

THREE TIED FOR TOP PLACE IN AMERICAN

By United News

The deadlock between the Tigers and Yankees for the leadership snapped open Friday, wide open to permit another team—the White Sox—to share with them the position at the head of the list.

The Yankees, whose remarkable streak of eight wins terminated in Wednesday's game with the Senators in New York, succumbed again to the team from the capital Friday. The score was 6 to 4. The game had finished eight innings with the score 9 to 4, when Sam Rice, the Washington gardener, poked one of Herb Pennock's deliveries into the right field stands with a man on the path in the final inning. Geo. Mogridge snatched for the winners. The Tigers, meantime, also went down to defeat in a game with the Browns in St. Louis 4 to 1, and thus missed an opportunity to take first place.

Prank Chance's White Sox tipped into the narrow gateway to the highest rung in the league ladder by trimming the Cleveland Indians at Cleveland by a score of 3 to 2.

In Philadelphia, Howard Ehmke allowed the Athletics a measly three hits and enabled the Boston Red Sox to win in a walk away by the comfortable score of 11 to 0.

The New York Giants forged far into the lead in their circuit, defeating again the almost helpless Braves 7 to 4, in a 12 inning fracas in Boston. The Braves had evened the count in the eighth stanza, and it was not until the game had gone into the twelfth when the Giants produced a barrage of hits netting three runs that victory was virtually assured.

Bill Killifer's Cubs backed out three games astern of the McGraw men when they were beaten in their own ball yard by the Cincinnati Reds 4 to 2.

The Pirates reached the .500 mark in the percentage column by winning from the Cards in Pittsburgh 3 to 2. It was a rut in the final inning that spelled victory for the

JURY VERDICT AWARDS BOUT TO CARPENTIER

By United News. VIENNA, May 2.—The jury in the case of Georges Carpentier vs. Arthur Townley, the British heavy-weight, brought in its verdict Friday after viewing the slow movies of their fight which ended in the twelfth round Thursday afternoon with Townley snoring on the mat.

The verdict awarded the victory to Carpentier and presumably he will receive the purse which was withheld until the movies had been examined.

DAUGHERTY ASKS INJUNCTION IN PROBE

By United News. WASHINGTON, May 2.—Former Attorney General Daugherty has gone into court to test the power of the senate department of justice investigating committee, asserting that it is "conducting an inquiry into the affairs of a private citizen."

Daugherty filed two petitions for injunctions here Friday, seeking to enjoin the Brookhart committee, the senate sergeant-at-arms and the Western Union and Postal Telegraph companies from producing private telegrams sent and received by him during the past three years.

The senate committee has ordered production of these telegrams. While the suit technically is directed at the production of telegrams, Daugherty in his brief challenges the power of the committee to investigate questions listed in the senate resolution, namely, his alleged failure to prosecute anti-trust cases and Albert B. Fall, Harry E. Sinclair, and E. L. Doheny, and others connected with the oil leases.

If the injunction petition is sustained, the committee would be prevented from carrying on its investigation. Justice Stafford of the district supreme court issued an order Friday summoning the members of the committee to appear on May 6 to show cause why injunction should not be issued.

Daugherty counsel, former Senator Chamberlain and Paul Houlton, issued a statement declaring they felt the time had come to challenge the authority of the committee. This read in part as follows:

"Counsel for Harry M. Daugherty said the proceedings before the Wheeler committee of the senate had been carried to such extreme lengths that it was time the question be raised as to the jurisdiction of a committee of the senate to exercise such drastic powers under the constitution of the United States; that they had very assiduously attended all of the hearings of the committee and had listened to what seemed to them

to be incompetent and irrelevant testimony not relating to the official acts of the former attorney general and they felt that now as a private citizen, he should resist any encroachments upon his rights as a citizen by said committee; that the proceedings had largely been inquisitorial in its nature and now had become an open and bold attempt to discover testimony that might reflect personally upon the former attorney general and had transgressed possible limits of constitutional power of legislative investigation."

Committee members were taken by surprise, but asserted they would fight the proceedings vigorously. Call and let us explain how you may get a Singer with 25c worth of hemstitching. Singer Sewing Machine Company, Balcony Texas Furniture. 149-47.

Several thousand acres of cotton will be planted during the last week of April and the first week in May. There is a splendid season and crops should begin growing immediately. There will be placed in cotton about 140,000 acres in Dawson county.

Fire Don't Stop Operation.

BERKLEY, Calif., May 2.—While flames raged in the ceiling above the operation table of the Berkley General Hospital Wednesday afternoon Dr. L. F. Herrick proceeded with an operation upon Mrs. W. J. Clark of Napa, California.

Firemen, aided by nurses and interns succeeded in controlling the blaze before it did much damage.

Making Life Better in Lubbock

—The advantages offered for making a home in Lubbock are many and not the least of them is the very low cost of electric current made possible by the operation of the municipally owned City Light and Power Department.

Not only does this plant encourage better living but, in addition, it more than earns its way and assists in making many conveniences available.

U. S. ENTRANCE IN WORLD COURT IS URGED

By United News.
WASHINGTON, May 2.—A long line of witnesses is passing before a special senate sub-committee in an effort to breathe life into the world court skeleton which had been dangling helplessly in the foreign relations closet for many months.

The speakers Wednesday were men, with one exception. The church—nearly every faith—was represented. So was business, law, the school, all pleading that this government join the world court under the protocol presented to the senate by President Harding, supporting by secretary of State Hughes and since urged by President Coolidge.

The late President Harding's pastor was present; Dr. W. S. Abernathy. President Coolidge's pastor was there and made a short address. Speaking for business was Walter D. Hines of the United Chamber of Commerce. George W. Wichersham, former attorney general, urged adherence to the court as a representative of the American Bar association.

While several speakers sprinkled their talk with argument, declaring that the Harding proposal does not call for entrance into the league of nations, the principal detailed argument was presented by Prof. Wm. I. Hull, of Swarthmore College, an authority on international law, whose exposition was carefully listened to by the three members of the special sub-committee of the foreign relations committee.

Senator Pepper, republican, of Pennsylvania, and chairman, Senator Swanson, democrat, of Virginia and Senator Shipstead, farmer-laborite of Minnesota, composed the sub-committee hearing the advocates of the court.

Senator Shipstead sat solemnly through the proceedings, occasionally asking a question. All three members kept their attention steadily on the speakers.

Bishop Charles P. Brent, of Buffalo, making the general statement said that the treatment accorded the measure by the senate is a "puzzle" and Senator Lodge in his "apology for inaction, dams the court with faint praise."

"The people are ahead of the government in the matter of constructive work for peace and are growing increasingly impatient with congress," Bishop Brent declared.

The federal tax receipts increased during the second half of 1923, and so did the protests about the expenditures.

IMPROVED UNIFORM INTERNATIONAL Sunday School 'Lesson' Lesson for May 4

ABSYRIAN EXILE OF ISRAEL
LESSON TEXT—1 Kings 17:1-18. GOLDEN TEXT—"I will delight myself in Thy statutes; I will not forget Thy word."—Ps. 119:16.
PRIMARY TOPIC—How a Little Girl Helped a Great Soldier.
JUNIOR TOPIC—Israel Driven Into Exile.
INTERMEDIATE AND SENIOR TOPIC—A Nation Punished for Its Sins.
YOUNG PEOPLE AND ADULT TOPIC—Lessons From Israel's Downfall.

I. Israel Taken Into Captivity (vv. 1-8).
This was in fulfillment of that which Amos had predicted in the days of Jeroboam II at a time when the nation was at the height of its prosperity. The northern kingdom was ruled by nineteen kings, all of whom were wicked. Their wickedness was not because of lack of information or opportunity but in spite of it. God promised the first king His blessing if he would be loyal to Him. Jeroboam departed from God and the apostasy thus begun continued downward to the end. In the reign of Hoshea, the last king, the king of Assyria came and besieged Samaria and carried the children of Israel captive to Assyria, from which they never returned.

II. The Sins Which Caused Their Doom (vv. 7-18).
1. Conformed to the Ways of the Heathen (vv. 7-9). God had commanded them not to follow in the ways of the heathen, but these Israelites, instead of maintaining lives of separation, secretly did that which was displeasing to God. Secret sins, as surely as open sins, bring ruin, for all things are naked and open to Him with whom we have to do. The One who visits judgment upon the sinner knows all things.

2. Serve Idols (vv. 10-17). They not only compromised by "walking in the statutes of the heathen," but worshipped their gods. It was a short step from following in the statutes of the heathen to worshipping their gods. Before they worshipped idols they cast off the true God. Indeed idolatry came into the world because the race did not wish to retain God in its affections (Romans 1:21-23). Idolatry did not come in through ignorance but through willful perverseness. People today worshipping false gods have first cast off the authority of the living God. Man is a religious being. When he ceases to worship the true God he worships other gods.

3. They Were Rebellious (vv. 18-15). God by His prophets has said unto them, "Turn ye from your evil ways, and keep my commandments," but they stubbornly refused His testimony, even rejected His statutes. God in love tried to save them. He sent some of the noblest and best prophets who ever spoke to men to persuade them to turn from their sins, such as Elijah and Elisha, but they stiffened their necks and plunged deeper into wickedness. This they did in defiance of God.

4. Caused Their Sons and Daughters to Pass Through Fire (v. 17). This was the dreadful Molech worship, the most cruel rite of heathen worship. It was done by kindling a fire in a hollow metal image until its arms were red hot and placing live children therein to be burned to death. This was the depth to which the Israelites had sunk.

5. Resorted to Magical Practices (v. 17). When faith in the true God wanes men always turn to the magical arts. In this way the Israelites sold themselves to evil in the sight of the Lord and provoked Him to anger.
III. The Judgment Falls (v. 18).
At this stage of the drama the curtain dropped, God could not be inactive longer.

1. God Was Very Angry. His anger is not raving fury but the revulsion of His holy nature against sin. God cannot tolerate sin in His presence. His wrath must strike. Though He waits long, the debt must be paid and that always with compound interest. There is only one way to escape God's wrath; that is to turn from sin unto God through Jesus Christ.

2. Remove Thent Out of His Sight. The land of Palestine is regarded as the land of God's sight—that is, the place of His manifested presence. These people are still scattered among the nations and as a political organization they will never return to their land. The judgment was severe, but not more so than the sins merited. God had waited long. The despoiling of His grace eventually works ruin. Therefore, what judgment must fall upon the people who in the light of this day reject His grace and His mercy.

Practical Christianity
"Go" never spells "Stay." We need more religion in the s-o-l-o, as well as in the soul—a walking as well as a talking religion. The trouble is not so much with non-church-going masses, as the non-going church. We need not only a lookout committee but a "Go-out" committee.—H. G. Gibbed.
A Christian
A Christian is one who follows Christ, but is a leader of men.—Christian Herald.

MANY STATES ARE REPRESENTED AT CANYON

CANYON, Texas, May 2.—D. A. Shirley, Registrar of the West Texas State Teachers College, has recently worked out some statistics regarding the residence of students of the college. Six states other than Texas are registered in the enrollment, California has two, Colorado two, Iowa 1, Kansas one, New Mexico six, Oklahoma five, and Tennessee one.
Every section of the state of Texas has its representatives in the Teachers college. Randall county leads with 244 students. Floyd has 51, Potter 35, Lubbock 25, Swisher 27, Briscoe 14, Carson 15, Collingsworth 11, Hale 30, Hall 14, Lipscomb 10, San Saba 11, Scurry 18, Dallam in the extreme northwest has 4, Bell two, while Grimes has one. These counties give some idea of the wide distribution of the product of the Canyon Teachers College.
During the summer term a large number of students from southwestern Texas are enrolled in the college as well as many more from adjoining states.
Students of Various Vocations.
Students of the West Texas State Teachers College represent a large variety of vocations. Three hundred and thirty-one are children of farmers, thirty of stock farmers, of physicians there are thirteen, and of teachers fifty-three, while the ministers of Texas have sent seven of their children to this college. Forty-nine of these students come here from homes of merchants, twenty four from those of real estate agents, six parents are editors of newspapers, three more florists and eleven are day laborers. The remainder of the nine hundred students enrolled represent a large variety of occupations including blacksmiths, garage men, dairymen, surveyors, civil engineers, telegraphers.
A large per cent of these students are being offered much better educational opportunities than their parents were given. The fact that so many are children of farmers is no surprise for Texas is still primarily an agricultural state and farmers have always been ambitious to give their boys—and girls the best possible educational opportunities.

MISSING FLIGHT COMMANDER NOT FOUND

(Continued From Page 1.)
ers were proceeding tirelessly and that inquiry along the coast where every settlement is being visited, has found no one who saw the plane since it left Chignik.
Wife Anxiously Awaits News
SAN DIEGO, May 2.—"I'm hoping for the best, of course, but these are terrible hours for me and my boy. I am afraid I'll never see him alive."
Bearing up as bravely as possible under the suspense, Mrs. Frederick L. Martin, wife of the missing commander of the American round-the-world flight squadron, remained close to the residence of her sister here Friday, awaiting word of her husband's fate.
Ever since Major Martin and his three fellow birdmen sailed away in the morning skies from Clover Field, Santa Monica, nearly seven

weeks ago, Mrs. Martin and their eight year old son, Robert, have been living here with her sister, Mrs. Lewis Upp and charting out the progress of the intrepid fliers.
Today, and for many days past, there has been no new line drawn on the world map. Mrs. Martin studies. She fears she has sketched the last leap in her husband's brave venture.

MILWAUKEE MEN WILL MAKE THEIR HOMES HERE

Joseph E. Reitter and Wm. M. Hudnall, both Milwaukee, arrived in Lubbock Friday morning after making a trip from their homes by automobile. They were on the road nine days.
Mr. Hudnall was in Lubbock last year and says he intends to make his permanent home here. Mr. Reitter has also expressed his intentions of remaining in Lubbock for an indefinite time.

LATE OPENING BRIDGE NOT BE ASKED

By United News.
JUAREZ, Mexico, May 2.—The United States at this time will not be asked to re-open the international bridges until midnight, according to a telegram from President Alvaro Obregon Friday to Juarez city officials. President Obregon said that he had heard nothing from Governor Reynaldo Talavera, of Chihuahua, in regard to his opinion on open gambling in Juarez and in the absence of this opinion, would take no action.
Mayor Fierro and other Juarez officials said that they had requested open gambling stopped, but that the governor had issued permits for gambling and that they were powerless to prevent it, as long as these permits existed.

Trippers Ask Opening.
EL PASO, Texas, May 2.—A delegation of boosters from Dallas, traveling through the dry lands of Texas, have wired Mayor R. M. Dudley to use his influence to have the international bridge to Juarez held open until 12 o'clock midnight on Saturday for them.
Mayor Dudley said he had not had any influence previously in

opening or closing the bridge and referred the matter to B. A. Barden, manager of the chamber of commerce.
There is little hope however of "getting things wet" officials said, unless the Dallas delegation does the lubricating and returns by 9 p. m. or spend the night in Juarez.

MORTON MAN REPORTS SALE OF FINE LABOR OF LAND

C. J. Hargis, of Morton, was in Lubbock Thursday enroute to Tahoka.
He reported having sold 177.1 acres of land in Cochran county at a handsome figure, and immediately reinvested in another labor near Morton.
Heavy rains fell throughout Hookley and Cochran counties Thursday morning, Mr. Hargis reports.

PETERSBURG WOMAN DIED HERE FRIDAY

Mrs. J. C. Boyd, age 32 years, 1 month, and 25 days, of Petersburg, died in a local sanitarium last night about 9 o'clock following a short illness.
The remains were prepared for burial by the Rix company, and will be taken to Petersburg today. Interment will be made in the cemetery at that place Sunday afternoon.

MANY RECEPTION COMMITTEES NAMED

BROWNWOOD, May 2.—A reception committee which will extend a welcome to visiting delegates for the West Texas Chamber of Som-

merce convention here May 13, 14 and 15, is beginning to be grouped in order that every delegate will be welcomed upon his arrival, it was given out by the headquarters of the chamber of commerce here today.
The committee is headed by W. D. Armstrong, who is making every effort to see that every visitor is extended a royal welcome, and in doing so is grouping his committees in such a manner as to have a body to receive all delegates coming into the city in different ways.
Mr. Armstrong has grouped a committee to receive the incoming special trains, as well as those coming in automobile trains. There has been a committee named to greet and receive the visiting duchesses and maids of honor.

Every effort is being made to see that every visitor is properly greeted and received, in approaching more the family idea that the convention is a big family reunion with all the sons and daughters of West Texas in attendance.
Dr. M. V. Stantley, of Tulsa, Oklahoma, arrived in Lubbock Friday and will spend several days visiting here. He is thoroughly interested in this section of the Plains and contemplates making his permanent home in Lubbock.
Mr. and Mrs. Guy Jacobs, Mrs. Gus Peck and Mrs. L. C. Wayland, all of Plainview, visited Mr. and Mrs. E. P. Norwood in Lubbock Wednesday.

"Lucky Dog!"

"See that fellow over there." Two young men were talking. "He is sure a 'lucky dog.' Grabbed an option on a piece of property the other day with \$1500 and sold his option yesterday for \$12,000. I'll say that's 'luck.'"
"Sure is," said the other.
But both failed to realize that the "Lucky Dog" had the \$1500—saved out of his earnings. Chances like this come up frequently.
Have you a few hundred saved up in the bank that will make you "lucky" too?
Just a dollar starts the "lucky piece."

Lord, I may f of fame, The greater stronger me But there's a to claim— And falling I swer then?
I can be true I can be kind What though limits here, Still I am st friend,
Surely I can speak Sweet words of need, And light be kindly deed.
