THOUSANDS OPEN W. T. C. MEET

OVER 100 CITIES REPRESENTED AT OPENING OF SIXTH ANNUAL CONVENTION, BROWNWOOD TUES.

BROWNWOOD, May 13.—Brownwood today was in the hands of delegations of more than one hundred sister cities in West Texas, and a fine spirit of hospitality was evidenced by her citizenship in their complete willingness to abide by the action of Mayor Fred Abney, who delivered the key of the city to the delegates during his welcome address at the auditorium this morning.

Bands from Brady, Weatherford, Big Spring, Mineral Wells and Howard Payne College assembled at the Soldiers' and Sailors' Memorial Hospital at 9 o'clock this morning, and were on the job continuously until the house was called to order by A. B. Spencer, President of the West Texas Chamber of Commerce, at 10 o'clock.

The program was opened by an invocation by Rev. A. D. Porter, of the Methodist Church here, and a selection by the John Tarleton College band, followed by the address of welcome by Mayor Abney. President Spencer then read a message, pointing out the achievements of the organization during the past year, paramount among these being the work done for legislation in West Texas. He pointed out that prestige of the organization was becoming more recognized each year. Fifteen Brownwood girls assisted President Spencer in depicting the activities of the organization by appearing on the stage in single file carrying placards designating some of the various activities during the year.

Spencer closed his address by paying a tribute to his co-workers, and assuring his continued interest in the organization. W. S. Dickey, of Henrietta, responded, John W. Carpenter, of Dallas, director of the Texas Technological College, spoke on "Texas Textiles," pointing to the possibilities of the industry, and urging further development along these lines. The morning session closed with a short speech by General Paul Malone, of the United States Army.

City Well Prepared
Brownwood was well prepared for the convention, and is entertaining royally, but is utilizing every means of accommodation. Thousands came by automobile, bringing their camping paraphernalia with them, and temporary living quarters were sprung up in every available vacant spot in the city. The "Pallman" city also is not untrivial. Many delegations have their own separate and distinct hobbies, some trying for election of officers of the organization, while others are boasting for the meeting in 1925. Big Spring is pushing W. W. Rix for President; San Angelo is not the least bit timid in pushing her claims for the 1925 convention, while Mineral Wells and Amarillo also are making their wants known along this line.

The Lorenzo band, which was coming through by automobile, and which was to have led the parade for the initial appearance of the Lubbock delegation, was delayed on account of bad roads, and the Lubbock boosters did not stage a formal parade. But they are none the less letting themselves be seen and heard. Dr. P. W. Horn, President of the Tech College, of Lubbock, will deliver his address Wednesday morning, and the Lubbock delegation are all planning to attend in a body.

Emphasizing the importance and magnitude of the West Texas Chamber of Commerce, the following message, under a White House date line, and duly signed by President Calvin Coolidge, was read to the assembly at the morning session, by President Spencer: "A. B. Spencer, President West Texas Chamber of Commerce, Brownwood, Texas: May the pretest of success attend the deliberations of your body during the convention sessions."

Lamesa Woman Injured
Mrs. C. Ward Moody, wife of the Lamesa band instructor, was slightly injured when struck by a light car on the street in the late afternoon, but according to attending physicians, the injury was not serious.

A half inch of rain which fell here about 5:30 last night retarded the convention activities only slightly, and things opened in full blast this morning. The Lubbock ladies were entertained at the Country

DEVASTATION LEFT IN WAKE OF RIVER FLOOD

PROPERTY DAMAGE RUNS INTO MILLIONS OF DOLLARS

WASHINGTON, May 13.—Sweeping tons of debris down river the worst flood of the Potomac and its tributaries since that of 1889 has destroyed two dams, carried away ten bridges, and invaded homes and summer camps. Potomac is rising about one tenth of an inch every two hours here.

No one has been killed or injured by the waters and weather bureau officials believe that Wednesday will find the swollen streams beginning to subside. Damage is expected to amount to millions of dollars.

Hundreds of residents and riverside campers have fled to adjacent high ground, carrying household goods away from the imperilled strip along the banks.

Traffic is halted for the length of the flooded area of the Shenandoah and Potomac valleys and railroads are shutting heavily burdened coal cars on to threatened bridges to ballast them against the surge of the flood.

Baltimore and Ohio lines west of Point of Rocks, Md., were closed when a tunnel there became flooded. Islands in the Potomac above Washington, have been submerged. The damage to homes, bathhouses and canoe clubs near the capital will be tremendous. The flood has reached the second stories of some of the water level buildings.

Harpers Ferry, West Virginia, reported a 27.5 foot flood stage, and a subsiding river Tuesday night. Cumberland, Harrisburg, Harpers Ferry and other riverside towns face a night of darkness Tuesday after power plant dams had been destroyed, invading the Chesapeake and Ohio canal, the Potomac river swirled into chaos the repairs effected following the flood of a few weeks ago and rendered almost impossible the use of the historic old water way during the coming summer.

One Killed in Flood
PITTSBURGH, Pa., May 13.—Waters of the Monongahela and Allegheny rivers are slowly receding after a flood which has claimed one life and caused property damage estimated at between two and three million dollars.

More than 300 families were forced to evacuate their homes while cellars of business houses were flooded by the sweeping waters. The rivers reached 26.5 feet, the highest record ever attained in May. Baltimore and Ohio freight tracks along the Allegheny at Pittsburgh are covered with four feet of water. The Manchester bridge, recently condemned and made particularly dangerous because of the rising waters, has been closed to traffic.

French Flier at Hanoi
PARIS, May 13.—Lt. Pelletier d'Oisy, the French trans-Asiatic flier, arrived at Hanoi, French Indo-China, at 2:40 p. m. Tuesday, according to an official announcement by the French air service. D'Oisy left Saigon in the morning on another leg of his fast trip to Japan.

CONVICTS MAKE ESCAPE IN OKLAHOMA

McALISTER, Okla., May 13.—With officials maintaining a peculiar silence regarding the names and number of convicts who escaped from the state prison here Tuesday an organized manhunt is going on for at least three prisoners led by Bill Tate, a "lifer."

The convicts made a sensational break from the brickyard Tuesday morning and in the shelter of a huge wheat field, gained their liberty. Five were recaptured a short distance from the penitentiary.

The fugitives are believed to be heading for the fastness of the Pushmataha county mountains, south of here. Railroad officials have been warned to be on the lookout for them.

CHILD KILLED BY HAIL STONES NEAR SPUR

CLARIEMONT, Texas, May 13.—Hailstones killed a child of Mr. and Mrs. Curley Monday while she was returning from school and seriously injured two other children of the same family, who are in a precarious condition in a hospital at Spur. The path of the storm was 40 miles in length, according to latest reports, and was 16 miles wide in places. Much damage was done by the hail and wind.

DAMAGE SUIT IS FILED ON KLAN OFFICIALS

INDIANAPOLIS, Ind., May 13.—Another serious break in the ranks of the Ku Klux Klan entered in the Indiana stronghold of the organization has come to a head with a denunciation of the national body and suits against national officers by David C. Stephenson, a grand dragon and leader in the Indiana Klan.

The strength demonstrated by the Klan forces in Indiana in the recent primary elections in which an avowed Klan candidate was elected by a large majority, is believed to be solidly behind Stephenson, who asks \$100,000 damages from Walter F. Bossert, imperial Klan representative for alleged slander, and \$100,000 damages from Dr. H. W. Evans, imperial wizard, Robert W. Lyons, of Richmond, Ind., and Bossert on a similar charge.

The grand dragon alleges that Bossert in a recent conversation said: "We are going to have Stephenson indicted by the federal grand jury for white slavery. We have an affidavit from a prostitute and we are going to have him in the penitentiary within six months."

Two Held in Slaying
SANTA BARBARA, Calif., May 13.—Reacting the death scene for a coroner's jury, Charles Nolan and Jack Carleton were held responsible by the jury Tuesday for the death of Charles Love, who was shot to death in his hotel here early Sunday.

TESTIMONY OF CLARKE HEARD

OUTRAGES AND TORTURES LAID AT DOOR OF KLAN BY WITNESSES

WASHINGTON, D. C. May 13.—Throwing open its investigation of the election of Senator Mayfield of Texas, to testimony regarding alleged Ku Klux Klan violence, the senate investigating committee Tuesday heard references to outrages and torture from Erwin J. Clarke, of Houston, former grand titan of the Texas Klan.

"Did the Klan's activities include espionage on mails?" Nickels asked. "I would not go that far," Clarke answered.

"On telegrams and telephone conversations?" "Yes."

Clarke declined to answer Senator Watson who asked if he had personal knowledge of crimes committed by the Klan while he was its Texas counsel.

"Were any Klan acts committed in interest of Mayfield's candidacy?" Watson asked.

"Only the parades, so far as I know."

"Did Senator Mayfield have any knowledge of outrages?" "Not so far as I know."

Clarke said Klan leaders usually intimidated negroes by means of a parade. Once the Klan was mobilized at Waco to put down a threatened outbreak in the Mexican quarter, the witness said.

This testimony was admitted only after chairman Spencer, Missouri, overruled the vigorous protests of Mayfield's counsel.

Clarke declared that Dr. H. W. Evans, imperial wizard of the Klan told him in 1922 that the Klan must be made a militant organization in which "Klansmen would 'obey order just as soldiers do.'"

"Was the question of using violence discussed by Dr. Evans and other Klan heads?" inquired Luther Nickels, counsel for George E. B. Peiddy, who is contesting Mayfield's election. With McLean, Mayfield's counsel objected. After some argument Nickels retorted that the Klan was a criminal organization.

"You ought to know, you joined them," McLean answered. "Yes," Nickels answered, "but I'm ready to devote the rest of my life to their undoing."

Senator Watson of Indiana, asked Nickels if he thought a Texas Klansman could be held responsible for outrages in another state.

"A state line would not make any difference if a conspiracy existed," Nickels replied.

"Do you think the Klan oath is treasonable?" Watson asked.

"I would not go that far unless we had evidence to place on construction of the ambiguous portion of the oath," Nickels replied.

Clarke told of a meeting of Klan leaders at Houston in February, 1922, attended by Evans and H. C. McCall, then grand titan of the Houston province.

"There had been a case a few days before where a negro had been beaten by the KKK on the forehead," Clarke declared.

"McCall said he thought the negroes ought to be taken out and worked over once in a while to put the fear of God into them or they would dominate the primaries."

Asked about the reported mutilation of a negro doctor, he declined to give the details until Chairman Spencer cleared the room of women spectators.

Clark declared that Klan espionage and punishment was not confined to negroes and described "vocational klannishness" referring to the encouragement of business relations among Klansmen. No Klansman is permitted to speak with or have any dealings with a member who has been banished, he added.

MAN FOUND DEAD IN ROOM OF HOTEL

SAN ANTONIO, Texas, May 13.—With a bullet wound in his temple and another in his jaw, a man about 35, identified by letters as Hugh Craig, was found in his room at the Majestic Hotel here this morning. A small pistol was lying on the bed. Craig was taken to a hospital. He may live. He is said to have been working recently out of Houston for a magazine publishing concern. Letters from Galveston signed "Your Sister Nellie," were found on Craig.

INFANT KILLED IN AUTO CRASH AT BONHAM

BONHAM, Texas, May 13.—Fatal injuries were sustained by an infant child of Mrs. Homer Robinson, and the mother, and Mrs. J. S. Brown were badly bruised when they were pinned beneath their overturned car just west of Bonham Tuesday.

The car turned over three times when it failed to make a turn in the road and was completely wrecked. The injured were taken to a hospital where the boy died. Mrs. Brown was driving at the time of the accident.

LANGLEY GIVEN TWO YEARS IN PRISON

COVINGTON, Ky., May 13.—Congressman John W. Langley of Kentucky sentenced to two years in a federal prison following his conviction on a charge of conspiracy to violate the prohibition laws is basing his only hope of freedom on an appeal.

"I want to rest. I have no further statement to make," said Langley as he left the federal court here after posting a \$5,000 bond to guarantee his appearance at future hearings.

Sentence was imposed on Langley by Judge A. J. Cochran, who previously had denied the congressman's plea for a new trial.

Mrs. Langley, who sat at her husband's side throughout the trial accompanied him as he left the court room. They went to Cincinnati where they stayed over night in a hotel.

Milton Lipschutz, of Philadelphia, convicted with Langley, was also sentenced to two years and the same penalty was noted out to M. E. Hunt, of Alliance, Ohio, and Walter B. Carey of Canton, both of whom had pleaded guilty to similar charges.

PROBE OF WHEELER CHARGES TO BE CLOSED

WASHINGTON, D. C., May 13.—By a unanimous vote the senate committee investigating charges against Senator Burton K. Wheeler, democrat of Montana, illegally represented clients before the department of the interior, decided to close its inquiry and instructed Chairman Borah to draft a report to be submitted to the committee Wednesday.

Committee members indicated that the report would exonerate Wheeler from the charges upon which a Montana indictment, alleging irregularities, was based.

SELF-RESPECT

It little matters that I win or lose,
Or whether distant strangers think me great;
Two ways to go there are, and one to choose—
God help me never to desert the straight!

Fame may entice me and success allure,
But what shall follow when the wrong is done?
Is there for guilty knowledge any cure?
Can one be proud of glory falsely won?

What if I hear men cheer, and take the prize?
Shall I rejoice if I have played the cheater?
Shall not that symbol stand before my eyes,
A shining token of my own decay?

God help me, when the choice is mine to make,
Beyond the glamor of the lure to see;
Let me not stain my crest for victory's sake,
Nor sell my self-respect for any fee.

BRITISH EXPECT TO TALK WITH EXPLORERS

LONDON (By mail to the United Press).—Nine thousand feet of wire have been used in making a "wireless" aerial 100 feet long with which a British inventor hopes to shortly get into a two-way communication with icebound regions of the Arctic.

The apparatus has been installed on a Fleetwood trawler bound for Iceland. An attempt will be made from that point to communicate with the crew of the expeditionary steamer Bowdoin, which has been frozen over off Greenland Coast since last fall. Preliminary tests will be made, however, from Aberdeen while the trawler is enroute. It is said that the Aberdeen broadcasting station's programs occasionally are heard by the Bowdoin's crew.

Ernest Makinson, a Preston gold-thread manufacturer is the inventor of the new aerial and claims it improves radio reception 50 per cent. It consists of eighty four strands of delicate wire spun into a single thread not more than a quarter of an inch thick. Its length was restricted to 100 feet because no lengthier receiving aerial is allowed under the present British post-office regulations.

MADE FOUR-OXEN TRIP OVER THE OREGON TRAIL

MEDFORD, Ore. (United Press) The J. C. Berrang "covered wagon" has just crossed the plains with an ox team and a radio set.

Berrang takes his hat off to the thousands of pioneers who crossed the plains by ox team but, he said, "none of them did with a radio—that's some distinction."

Mr. and Mrs. Berrang, formerly of New Briton, Conn., left there in December, 1920, after their home burned. They bought an ox team and started out to find a new home in Oregon, just like the pioneers of old.

Every night they would draw up alongside the roadway, build their campfire and turn on the radio. They had a stove and a few necessities in the wagon, and lived in it all of the time.

"We had a lovely time," Mrs. Berrang said. "Housekeeping duties are limited when you travel this way. I'm sort of sorry it's over."

Much of their travel was over out-of-the-way roads, as dirt highways were better suited for the oxen's feet than pavements. They followed the old Oregon trail whenever possible, and the roughest part of their trip, they said, was in the Rocky Mountain States.

Berrang said he expected to settle here.

CITATION BY PUBLICATION. THE STATE OF TEXAS

To the Sheriff or any Constable of Lubbock County, Greeting:

You are hereby commanded to summon C. M. Norwood by making publication of this Citation once each week for four successive weeks, previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 72nd Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 72nd Judicial District, to appear at the next regular term of the County Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 3rd Monday in May, A. D., 1924, the same being the 19th day of May, A. D., 1924, then and there to answer to a petition filed in said Court on the 29th day of January, A. D., 1924 in a suit numbered on the docket of said Court No. 1120, wherein Lub-Tex Motor Company, is Plaintiff and C. M. Norwood, W. D. Cullum, and Dyke Cullum, are Defendants, and said petition alleging that on Jan. 17, 1924, defendant, Norwood for a valuable consideration made and delivered to plaintiff his promissory note in writing in the sum of \$250.00, dated January 17, 1924, payable July 17, 1924, to Lub-Tex Motor Company, at Lubbock, Texas with 10 per cent per annum interest from date until paid and providing for 10 per cent attorney's fees. That to secure said note defendant Norwood executed and delivered to plaintiff a chattel mortgage on one Studebaker Roadster Automobile, Engine No. 99001, State License No. 384-743, which chattel mortgage was filed for registration in the county clerk's office of Lubbock County, Texas, January 19, 1924, and became and still is a valid and existing lien on said automobile to secure the payment of said note. And said chattel mortgage provides that upon seizure of said automobile by due process of law or if the holder of said note shall at any time feel unsafe or insecure from any cause, then said mortgagee may declare all of said note due and take actual possession of said automobile, etc.

That said plaintiff has reason to feel and does feel, insecure in that the above mentioned mortgagor included in said mortgage fifty acres of wheat owned by him on the E. V. Harlan farm about 8 miles north west of Idalou, Texas; but in fact the said mortgagor has not rented any land on said farm for the year 1924, and owns no wheat thereon, and such statement or recitation is fraudulent, and gives this plaintiff good grounds to feel insecure in its debt. And further, said defendants Cullum have caused said automobile to be seized by process of law, and are now claiming a lien thereon; and by reason of said fraud on the part of mortgagor and the seizure as above mentioned, plaintiff has a right to declare its paper due and foreclose its mortgage.

That plaintiff is still the legal holder and owner of said note and mortgage lien, and by reason of the foregoing, has declared said note due; and although often requested, defendants have failed and refused, and still fail and refuse to pay said note or any part thereof, to plaintiff's damage in the sum of \$400.00.

That since said note has been declared due and default made in the payment thereof, plaintiff has placed the same in the hands of Wilson & Douglas, attorneys at law, for collection and contracted to pay them a fee equal to the attorney's fees provided for in said note, and by reason thereof defendant Norwood is liable for said attorney's fees.

That the lien asserted by said defendants Cullum is inferior to the lien of this plaintiff.

That said automobile is of the reasonable value of \$250.00.

Wherefore, plaintiff brings this suit and prays that defendants be cited to appear and answer herein at the next regular term of this court, and that upon final hearing hereof it have judgement for its debt, the principal, interest, and attorney's fees due upon said note against the defendant Norwood; that its mortgage lien be decreed to be superior to the lien or claim asserted by defendants Cullum, and that its mortgage lien be foreclosed against all of said defendants; for costs of court; and for such other and further relief, general and special, at law and in equity, to which it may be entitled.

Herein, fail not, but have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, at office in Lubbock, Texas, this 17th day of April, A. D., 1924.

HERBERT STUBBS, Clerk, County Court, Lubbock County, (SEAL) 150-4t.

"SIX CYLINDER LOVE" FAST COMEDY

The play selected by Charles F. Horner for the premier Circuit "Six Cylinder Love" is a worthy success.

SOI TO THE "Whirlwind Comedies" of past years.

It is produced in the same excellent way as past ones have been. A thoroughly competent Metropolitan cast is a matter of course.

It has been said that the world has two kinds of people. Those who own automobiles and those who would like to own them. "Six Cylinder Love" Anthony Maguire's comedy has to do with two families who could not afford an automobile and had one.

"Six Cylinder Love" ran for 54 weeks in New York and after that full season at the New Harris Theatre in Chicago. During the last few months it has been produced for the screen.

FRANCE RAISING MONEY FOR OLYMPIC GAMES

PARIS (United Press)—President Millerand and Premier Poincare head the list of public subscriptions for the Olympic Games, which have already reached 400,000 francs.

The credits voted by Parliament are not sufficient to carry out the extensive plans of the French committee and it is hoped to make up the deficit by national subscription.

The French people are enthusiastic about the games, but time is getting short and money is needed. The most generous private contributor so far is an American, Jesse Winburn, who gave 100,000 francs. The Bank of France also gave 100,000. Government and civic officials have contributed, and the list includes two former premiers, M. Briand, who gave 100 francs, and M. Clemenceau, who gave 50. Cardinal Dubois gave 100 francs.

AVALANCHE PUBLISHING CO.

ANOTHER ENTERPRISE WILL GO OVER TODAY.

The Avalanche Publishing Company is the pioneer publisher of this city. For twenty-three years this paper has been publishing the news of the great South Plains. We have seen the town develop from a mere cross roads postoffice and blacksmith town to the most metropolitan city of the southwest, with its wonderful growth, its splendid business concerns. With its large number of wholesale firms, and railroad outlets. With the Texas Technological college here, and the wonderful school system. At all times we have endeavored to keep the newspaper business fully up to the requirements of the town. Beginning with a four page four column sheet, slightly larger than an almanac, then to a larger size, and still larger, then to a semi-weekly, and that to a daily, and now as the town has grown, and put on every appearance of a real city, demanding more newspaper service, we are the first ones in the field with an afternoon paper, the Lubbock Daily News. This is a separate paper from the Morning Avalanche, and will in no way interfere with the morning paper. The Lubbock Daily News will make its appearance on the streets of Lubbock this afternoon, and it will carry a separate wire service and additional features. For the present, it will be an eight page six column paper, but as soon as our new press arrives and is installed, it will be increased to an eight column paper with eight pages, and will be improved in many ways. The new venture is meeting the hearty approval and endorsement of the people, and subscriptions are coming in rapidly for the new publication. Lubbock is to be congratulated on having such a progressive set of business people and citizens to make this possible.

"TREASONABLE" LITERATURE

If it be "treason" to question the wisdom of the eighteenth amendment, as some extremists hold, it is important to note that the amount of "treasonable" literature in leading publications is increasing. The Editor's Easy Chair in the April Harper's magazine was full of it, not only declaring prohibition unenforceable and too costly to be borne but defending moderate drinking as welcome as well as man's inherent right "Cornelia and Dionysus," a long and brilliant contribution to the May Atlantic Monthly, does more than this suggesting that prohibition is not only an indefensible invasion of human rights but a rash tampering with the very laws of nature, with inevitably tragic consequences not unlike the crop of armed foes that followed the sowing of the dragon's teeth in the symbolic Greek fable.

Both articles are worth the attention of any one, whatever his convictions in this matter, although parts of the Atlantic's may be found rather too "highbrow" and subtly illusive by the average reader. Toward the end its argument is illustrated by the story of Euripides, mystical play, The Bacchae, telling how Pentheus, the self elected reformer, imprisons the god of wine, how the prisoner doors open of their own accord, how the women, dancing and wreathed in garlands, follow the god into the hills to celebrate the "Mysteries," and how, when regulating Pentheus comes to spy on them, they tear him limb from limb. This ancient story in dramatic form—seemingly symbolic of man's inevitable defeat in strife with nature's fundamentals—concludes with the lines, "Manifold things un hoped for the gods to accomplishment bring, and the things that we looked for, the gods deign not to fulfill them."

THE GERMAN ELECTIONS.

The result of the election in Germany indicates a decided drift toward Socialism at one end and Nationalism at the other with the balance of power in doubt. The early reports, inspired by the official quarters in Berlin, that the present government coalition had been indorsed enough to put through the necessary legislation, were a little too optimistic. Chancellor Wilhelm Marx and Foreign Minister Gustav Stresemann may be able to retain their power but if so, they will have to close up their ranks more firmly than heretofore.

Widely different political directives were clashing, the "Fulfillment" policy of the present government, as dictated by dire necessity, and the "Pay Nothing" cry of the Nationalists. The Communists accept neither, advocating a complete overthrow of all capitalistic institutions. The Socialists are still the largest, single unit in the new Reichstag, and the extreme Nationalists have gained 20 seats becoming the second largest party. Whether the result of the election insures acceptance of the Dawes reparations report is still in doubt, depending largely on political combinations that may be effected.

MILLIONS OF WORKERS CALLED TO ACTION.

The same 19,000,000 workers in twenty-two countries organized in unions affiliated with the International Federation of Trade Unions are called upon to join in mass anti-war demonstrations on Sunday, Sept. 21, in a manifesto sent out from the Amsterdam Bureau of the Federation a few days ago. The demonstrations are to be in the nature of a solemn observance of the tenth anniversary of the breaking out of the World War, although timid considerably later than the actual date of the beginning of the conflict.

As the American Federation of Labor is not affiliated with the Amsterdam International, considering it too "Red," the anti-war demonstrations in this country are expected to be confined to Socialist Party organizations and local unions. In Russia, where the unions are not affiliated with Amsterdam because they regard it as too "yellow" it is possible that the Bolsheviks will organize demonstrations on a different date.

The manifesto begins by reciting the horrors of the World War, avers that millions of men died for a "sham peace" and declared that nations of the world are preparing for a still more terrible slaughter and continues: "There is but one way of escape from this terrible fate, and only one. There is one power which can end war, and only one. That power is organized labor."

It calls upon all men to stand shoulder to shoulder with comrades from other lands against the powers that make for war, and unite in a brotherhood and solidarity that make for progress and for universal peace.

IMPORTANT PRISON REFORM.

Governor Smith has urged and New York's legislature has approved a prison reorganization plan which is an important step forward in prison management. The most advanced feature of the new law provides for a regulated industrial system under a competent superintendent whereby prisoners are to be paid a reasonable wage based upon what they actually do, and their parole is to be determined in some degree by their work record. The general idea is not new; it reaches back a century, and fifty years ago the warden of the Tombs is said to have offered the following admirable suggestions which were prevented by hampering laws from being adopted. "Let the prisoners share in his earnings, and let the percentage of his earnings increase at every stage of advance; make the rules of conduct so stringent that it will cost great effort to gain all the credit marks. Introduce many of the most useful trades, let the prisoner have his choice to learn, take time to eradicate all bad habits."

It is obvious that the New York plan worked out through the aid of sound industrial methods will not only make for good order and revenue in prisons but give the prisoner an incentive to hard work and good conduct that may gradually lead to his moral reform. While shortening his time in many cases, it will also prepare him for remunerative employment in honest lines when he comes out. In modern times the aim of imprisonment is not punishment alone but reform, and this secondary but equally important aim will be furthered by the adoption of this plan.

A THRIFTY PEOPLE BARRED FROM THE AMERICAN NORTHWEST.

Our loss is Canada's gain, if we can get any comfort in that. The people of Sweden and Norway, among the most thrifty people on earth who did so much to build up the northwest, and did their work so well, always making the very best possible class of American citizens, are practically shut out by the immigration laws. The manager of the Swedish steam ship line, announces that they will be taken to Canada, where they will be welcomed. You would call a farmer a fool if he were to shut out valuable work horses, that would help him improve his farm, and develop the agricultural interests of the community, yet this is just what the immigration lay of America is doing. There are some classes of foreign people that are a detriment to the Nation, and should not be allowed to come, but surely there is a way of designating between the good and the bad, and be able to let those people who are worthy come in and become citizens and develop the vast undeveloped territory in this nation.

According to a Topeka dispatch to the New York Herald-Tribune, the political action of the Sunflower State in November will depend on the crops. If they are good Mr. Coolidge can count on its electoral vote; otherwise he is likely to lose it. They must be credulous folk out in Kansas. When a political party claims to be the author of good times, including plentiful rains and good crops, it hardly expects to be taken quite literally in every particular.

The secretary of the National Republican Committee complains that "semi-official agents of the Senate" are prying into State affairs and says that he does not like the spy system. Neither do members of the Senate investigation committees after being trailed by Department of Justice agents with orders to "get something" on them even if there was nothing to get. Startling conditions are revealed when one branch of the government is found employing paid agents to spy on members of another branch.

After all fame has a tendency to endure. The new Woodrow Wilson Road is the longest street in Chicago.

Referring to Blair Coan and the powers behind him responsible for securing the framed up indictment of Senator Wheeler, Senator Walsh pointedly characterized the shady transaction as "a perfectly plain and flagrant contempt of the Senate, calculated to intimidate Senators in the discharge of their duties."

MARKETS

STOCK TRADING DULLEST OF SEASON

By EDWARD J. CONDLON
United News Financial Editor
NEW YORK, May 13.—The stock market appears to be suffering from a touch of what is commonly termed "mid-summer dullness". Not only were there but slightly more than half a million shares traded in but the market appears to have assumed a see-saw trend. On Monday the unexpected defeat of the Poincare government in the French elections sent prices down to say nothing of the break in francs and sterling. Tuesday saw the election returns amplified and a date set for the possible change in premiums but stock prices staged a come-back and foreign exchange showed improvement. A glance at the higher stock averages and the gain in steel common would lead one to infer that the unexpectedly large decline in the unfilled tonnage figures for April of the steel corporation had already been discounted. However, crucible steel touched a new low for the year at 48 and finished only fractionally above this figure. In this regard, some doubt is expressed lest the company be unable to continue its quarterly dividend of \$1. The directors will meet next month to take action on the dividend.

SICK BOY LEFT TO STARVE BY ALASKAN INDIANS

ANCHORAGE, Alaska (By Mail to United Press)—Evidence of continuation of brutal tribal customs by some of the Indian tribes of the Far North came to light here when news was received that Sam Brooks, a native boy afflicted with tuberculosis, was taken by his tribal people, conveyed to a lonely spot far removed from settlement, given a supply of provisions and abandoned to starvation when his food was depleted. Unable to retrace his steps to the tribal village, the boy ended his life by cutting his throat. Despite efforts of missionaries there are yet many settlements of natives in the sub-Arctic regions who still practice ancient customs in dealing with the aged and decrepit. Recently it was discovered that aged members of far northern tribes were taken into the wilderness, where a log hut was constructed in the form of a prison, where in the victim was walled up to await the slow process of starvation.

Some of the natives of Alaska for the most part have come within the jurisdiction of the Bureau of Education, the school and proper supervision have stamped out many of the evils besetting the aborigine before and after his contact with the white men. In the case of Sam Brooks, who was at one time a reindeer herder, the officials of the Bureau of Education are making an investigation with a view to punishing those responsible.

REDS TIGHTEN TOP PLACE HOLD

By United News.
Jack Hendricks Reds who moved into first place in the National League on Monday made their position somewhat more secure Tuesday when they again defeated the Phillies in Cincinnati by a score of 4 to 3 while the Giants, victims of a disastrous slump, succumbed for the fourth consecutive time to the Cards in St. Louis 8 to 3.

The chasm between first and second places thus widens to one and a half games.

Vic Koen pitched the third place Cubs to a 3 to 1 victory over the Dodgers in the final game of the series in Chicago. This win gave the Cubs three victories and one defeat in the series.

The Pirates, with Wilbur Cooper in the box, beat the Braves 5 to 1 in Pittsburgh and advanced to fifth place, pushing the Bostonians down to sixth.

The first three teams in the American League all met defeat in Tuesday's matches. In New York, the Yanks bowed to the White Sox, 5 to 7, despite Babe Ruth's eighth homer which came in the first inning with the bases unoccupied.

A pair of circuit clouts by Bib Falk, left fielder drowned the consciousness of the Babe's performance. Falk's clouts came in the second and fourth innings.

After a spell of illness due to rain, the Red Sox went down to a 5 to 3 defeat at the hands of the Browns in the last and only game of the series in Boston. The victory lifted the Browns to second place whereas the Tigers were ejected by their 6 to 3 defeat by the Senators in Washington.

The Athletics were beaten again by the Indians in Philadelphia, 3 to 2.

ITCHING ECZEMA GOES QUICK WITH USE OF THIS

People who have endured tortures from itching eczema will be happy to learn that a means of relief has been perfected and is already enjoying unheard of popularity on account of the quick way it gets rid of the awful disease of the skin which nobody seemed able to figure out before. It is called Black and White Ointment.

Most all dealers have Black and White Ointment, and Soap, on account of the tremendous demand which has already reached the rate of more than two million packages a year in its sales, because it relieves eczema so quickly.

They are economical, too. The big 30c package of Ointment contains three times as much as the liberal 25c size.

Beware of imitations. Demand the genuine in 10c and 35c packages bearing above trade mark.

MILLION DOLLAR PROMOTER FAILS

By WESTBROOK PEGLER
NEW YORK, May 13.—Mr. Lew Raymond, the abandoned barber who filled the air all winter long with his piercing screams of "million dollars," "million dollars," collapsed Tuesday afternoon. So did his new and somewhat famous Queensboro Athletic club. So did the customers who had bought about \$35,000 worth of tickets for the fight between Harry Wills and Bartley Madden. And so, also, did the opposition to Tex Rickard as a promoter of out-of-door fight spectacles.

Fire Commissioner Brennan had examined the inspection reports concerning the new Queensboro stadium which sprawls on a black vacant lot in the mean factory and tenement neighborhood at the Brooklyn end of the Queensboro bridge, and ordered the entire structure torn down as an imminent peril to human life. The tragedy will be far reaching. The luckless Mr. Raymond, who almost talked himself into a Fipro-Wills match during the winter, had expected to become Rickard's only

CARPENTIER ARRIVES IN U. S. GREATLY CHANGED

By United News.
NEW YORK, May 13.—Illustrating what a difference a few years and a clout on the ear can make in the popularity of a prize fighter, Georges Carpentier puffed up New York Bay Tuesday on board the Steamer Majestic unacclaimed and only casually noticed.

Three years ago, he came here to fight Jack Dempsey, disturbing the accustomed quiet of the harbor with shouts and music and the squawk of tug boats sirens as they tied down the whistles and ordered the bands to strike up.

This time the only noise in the harbor was the s-reech of Carpentier's own sartorial make up, the most strident regalia seen in New York since Diamond Jim Brady's day.

Carpentier has undergone a change since he was quartered at Manhasset L. I. training for the Dempsey match. Whereas in those days, he dodged questions by shrugging his eye brows, and murmuring "No spike Englese," he is

a thorough master of the language and current slang today.
The business motto of Georges and his manager, Francois Deschamps, might be expressed as "we aim to please."

WORLD TENNIS CHAMP OUT OF TENNIS TOURNEY

By United News.
PARIS, May 13.—Suzanne Lenglen, holder of the womens singles championship of the world, is definitely out of the Wimbledon tournament in which she was expected to meet Miss Helen Wills, the American champion for the first time.
Mlle Lenglen has been taken ill at Nice, and her condition is such that she may decide not to defend the French title, either, although there is a chance that she may play in her national tourney.

Chlorine gas has been tried in experiments to cure colds, and if a sufficient amount is used there is no question about the permanency of the result.

AVALANCHE PUBLISHING CO.

"WE PUBLISH THE NEWS"

1. Campaign opens May 12th, (Monday) and extend over a period of seven weeks Closing Saturday June 21st, 1924.

2. Any reputable man, woman or child, residing in Lubbock County, is eligible to enter this election and compete for prize. Nominations may be made at any time during the election.

3. No employe or near relative of any employe of the Lubbock Daily News or the Avalanche Publishing Company, is eligible to enter this distribution. The Avalanche Publishing Company reserves the right to reject any nominations.

4. The winners of the prizes will be selected by their accredited votes, said votes being represented by ballots issued on subscriptions and by coupons clipped from papers.

5. Candidates are confined to any place in Lubbock county and may take orders in Hale, Crosby, Floyd, Lamb, Hockley, Cochran, Lynn, Terry, Dawson, Gaines, Yoakum and Garza counties only.

6. Cash must accompany all orders where votes are desired. There will be no exceptions to this rule. Candidates will be allowed to collect subscriptions on New Subscriptions only.

7. Votes are free. It costs the subscriber nothing extra to vote for their favorite. Subscribers should ask for votes when paying their subscriptions at the office, otherwise they waive this privilege.

8. Votes cannot be purchased. Every cent accepted thru the election department MUST represent subscriptions.

9. Votes are NOT transferable. Candidates CANNOT withdraw in favor of another candidate should a candidate withdraw from the race his or her votes will be cancelled. Neither will it be permissible for candidate to give or transfer subscriptions to another candidate. Votes on such transferred subscriptions will be subject to disqualification at the discretion of the management.

10. Any collusion on the part of any candidate to nullify competition, or other combination arrangement of effort to the detriment of the candidates of this newspaper will not be tolerated. The candidate or candidates, entering into or taking part in any such agreement or effort, will forfeit all right to a prize or commission.

11. Any ballot issued on subscription may be held in reserve and voted at the discretion of the candidate. The printed coupons appearing from week to week in the paper must be voted before the expiration of date appearing thereon.

12. No statement or promise made by any solicitor, agent or candidate, varying from the rules and statements published thru the columns of the Lubbock Morning Avalanche, the Lubbock Daily News or the Lubbock (weekly) Avalanche, will be recognized by the management.

13. In case of typographical or other error it is understood that neither the publisher nor the management of contest will be held responsible except for the necessary correction of the same.

14. Every candidate is an authorized agent of the Lubbock Daily News and as such may collect subscription payments from new subscribers.

15. It is distinctly understood and agreed that candidates will be responsible for all money collected and that they will remit such amounts in full at frequent intervals or on demand to the Avalanche Publishing Company.

16. There will be 5 big prizes awarded, besides a 15 per cent cash commission to all active non-prize winners, but it is distinctly understood that in the event any candidate becomes inactive, failing to make a weekly cash report, he or she will, at the discretion of the management, become disqualified and thereby forfeit all right to a prize or commission.

17. To insure absolute fairness in the awarding of prizes, the race will be brought to a close under sealed ballot box system. During the entire last week of the election the box, locked and sealed, will repose in the vaults of a local bank where candidates and their friends will deposit their final collections and reserve votes. And not until the race has been declared closed will the seals be broken, the box unlocked and the final count made. In this way, no one, not even the management can possibly know the voting strength of the respective candidates which precludes any possibility of favoritism and insures fairness to the minutest degree.

18. Extension of subscriptions will receive votes according to the vote schedule in effect when the first subscription was paid.

19. The Avalanche Publishing Company reserves the right to amend or add to the rules of this election, if necessary, for the protection of the interests of both the candidates and the Lubbock Daily News. The right is also reserved to increase and add to the list of prize.

20. The Avalanche Publishing Company guarantees fair and impartial treatment to all candidates, but should any question arise, the decision of the management will be absolute and final. In accepting the nomination candidates agree to abide by above conditions.

21. The Avalanche Publishing Company is giving this mammoth prize election and the management of the Lubbock Daily News guarantees absolute fair and impartial treatment to all candidates who participate.

This is a very liberal offer and is made to introduce to Lubbock and the South Plains the Lubbock Daily News—a newspaper with its own wire service and with its own distinctive features. This is your opportunity to secure, without cost, prizes that would ordinarily take months, even years, of self-denial and saving to acquire. And here they are offered to you in exchange for your spare time and effort the next few weeks. THE PRIZE you win will be just as GREAT as you make it.

SON OF FORMER OUTLAW HAS HIS "IRONS"

By United News. KANSAS CITY, Mo., May 13—The same pair of wicked looking pistols that dangled menacingly from the belt of Jesse James, spectacular western outlaw, in the turbulent frontier days slipped from their holsters here long enough to cause the bandit's son, also named Jesse, a lot of trouble.

It was the careless way in which the famous outlaw whose name was a household word in America during the 16 years he pilaged and robbed southwestern towns, carried his "irons" that earned for him the respect of bitter enemies as well as his friends. And strangely enough, it was the lack of caution of his less famous son that brought him into the toils of the law.

Jesse James, Jr., who practices law in Kansas City, wrote a book about his notorious dad and there-in the bandit was pictured as a man who wanted to surrender but feared foul play at the hands of those administering justice. And after seeing that the book was given wide circulation, the son put the pistols back in their holsters and placed them fondly with other remembrances of his father. The world knew that Jesse James had been cowardly slain by one of the Ford brothers, both of whom he believed to be true friends, and the attorney felt confident that the James name was cleared of blemish.

And from that day until this the pistols have been idle, so James says. Then came the accident in which a car in which James and a body of men were riding, was struck by an automobile driven by a son of Dr. Sheldon, one of the "James" best friends, on a country road. It was necessary to bring the boy to a hospital and while there the bulge in the outlaws son's pocket was noticed. An investigation

disclosed that his companions also were armed. Highly nervous and confused, James explained to officers that he had been commissioned to patrol the road where several hold-ups have been reported. He could not satisfactorily explain, however, who issued his commission and was about to be charged with carrying concealed weapons when Dr. Sheldon intervened and suggested that James go to a sanitarium, which was agreed upon.

So Tuesday, the son of that fearless, frontier bandit, who carried his dad's guns for a night, was in a sanitarium being treated for "jumpy" nerves.
