LUBBOCK, LUBBOCK COUNTY, TEXAS, WEDNESDAY, MAY 21, 1924

FULL LEASED WIRE UNITED NEWS

## TAX BILL AGREEMENT REACHED

### Walker Case Testimony Completed

#### CASE EXPECTED TO GO TO JURY EARLY TODAY

CHARGE OF JUDGE TO BE READ TO JURY THIS MORNING

Testimony in the case of the state of Texas vs. J. R. Walker, charged with murder in connection with the killing of J. S. Lanham at Slaton October 10th, 1923, was completed at four o'clock yesterday afternoon, and court adjourned until nine o'clock this morning.

District Judge Clark M. Mullican has prepared his charge to the jury which will be read immediately after the court convenes this morning, following which argument of counsels will begin.

The defense is represented by Attorney Jno. L. Ratliff, of Lubbock and Attorney I. B. Lane of Slaton, while the prosecution is being handled by District Attorney Gordon B. McGuire, County Attorney Owen McWhorter, assisted by Baldwin and Koons of Slaton.

Good progress was made in the trial Tuesday, and it is expected that the case will go to the jury this morning before eleven o'clock.

Dr. S. H. Adams, of Slaton, was the first witness questioned in the trial. He testified that he examined Lanham shortly after the difficulty alleged to have existed between the deceased and Walker, and said that a deep knife wound at the front and below the left ear was the cause of his death.

He also testified that three knife wounds were found about Lanham's neck, and one was found on his left chest.

The defense attorney asked the witness if he had treated the defendant for kidney trouble, and he said he had written a prescription for him on one occasion. He also said that Walker was thought to be slightly paralyzed.

L. D. Smith, of Slaton, who was in the cafe where the men are said to have met, testified that Lanham entered the cafe and had placed an order for a lunch, that Walker started cursing prohibitionists and used strong language in expressing his dislike for them. He testified that Walker then left the cafe, and that Lanham made the remark that "I am a prohibitionist and don't care who knows it." He said Lanham left the cafe and appeared disturbed.

J. W. Elrod, owner of the second hand store in which Walker and Lanham are said to have engaged in the fight that resulted in Lanham's death testified that he was away from his store when the men entered it. That he returned to the store after his attention had been called to the fact that Walker and Lanham were there and that Lanham appeared disturbed. He

#### TEXAS PARKS BOARD TO INSPECT DAVIS MOUNTAINS IN JULY

AUSTIN, May 20.—(UN)—An inspection of the Davis mountains in West Texas, beginning July 12 was decided upon by the state parks board in session here Tuesday.

The board will consider a recommendation to the legislature which meets next January toward acquisition of 150,000 acres in the Davis Mountain for possible designation as a national park.

#### BOND ELECTION CARRIED IN LIGHT VOTE

Yesterday it took the people of Lubbock all day to vote 174 in the school bond election. Fourteen of these fellows voted against the issue. This they had a perfect right to do if they wanted to, but they certainly would look lonesome if they were lined up in a row and labeled against Lubbock schools, 160 men and women had energy enough to go out and vote for the bonds, the balance of the six or seven hundred, or possibly a thousand said they did not give a blank, that they would go if they thought it necessary, and so did not go, which accounts for the very light vote.

#### MANY ATTENDED FARM BUREAU FESTIVAL

More than fifteen hundred were entertained by the members of the Lubbock County Farm Bureau at Acuff Tuesday evening with a great basket dinner, and a well balanced program.

The people of Acuff, together with the members of the Farm Bureau proved themselves royal hosts on this occasion, the heavily laden tables having not been nearly cleared of the rich foods after the crowds had left them.

The Lorenzo band was present and furnished appreciated music throughout the evening.

The spacious community auditorium which has just been completed by the progressive citizens of Acuff, was filled to capacity and many stood outside before the open doors and windows to hear the program that was begun with a short talk by Hon. George R. Bean, of Lubbock.

L. O. Burford, president of the Lubbock County Farm Bureau, acted as chairman and introduced the speakers.

Curtis A. Keen spoke in behalf of the Rotary Club, expressing the pleasure of each member of the club in having been so splendidly entertained, and commended the citizenship of Acuff for the evidences of progressiveness which

#### U. S. IS BEHIND IN NAVAL POWER

#### BUTLER SAYS WOULD TAKE \$150,000,000 RE-ESTABLISH NAVAL PARITY

WASHINGTON, May 20.—Construction of eight 10,000 ton cruisers and reconditioning of six battleships representing an expenditure of \$150,000,000 are required to re-establish naval parity between the United States and Great Britain. Chairman Butler, of the house naval affairs committee, told the house Tuesday that the navy had fallen below the maximum strength permitted by the Washington disarmament agreement and that a bill be called up next week to rectify the discrepancy.

Butler's estimate of the cost of rehabilitating the navy is higher than any previous one made since a letter of Assistant Secretary of the Navy, Roosevelt, some weeks ago, called attention to the secondary status of American naval forces.

The naval strength of England, the United States, and Japan now stand in a ratio of approximately 5-4-3, Butler told the house.

The Washington agreement authorizes parity between England and the United States on a basis of 5-5 and according to the findings of the investigation conducted by the naval affairs committee, the effectiveness of the navy is nearly 20 per cent less than the Washington agreement permits.

What effect, if any, a huge naval appropriation might have on President Coolidge's probable intention to summon a second disarmament conference is uncertain.

#### STEWART CASE OPENED IN VICTORIA

VICTORIA, Texas, May 20.—Dr. O. B. Stewart, charged with murder in connection with the death of Lasta Moore, of Port Lavaca, in his office here April 8, went on trial Tuesday. The jury was completed late Tuesday and the taking of testimony will be commenced on Wednesday morning.

The case of Mrs. W. O. Raven, of Victoria, who was present in Dr. Stewart's office when Miss Moore died and is also under indictment for murder was postponed until next Monday.

On motion of the district attorney, the indictment charging murder against Irvin J. Wehmeyer, of Port Lavaca, who accompanied the Moore girl to Victoria was dismissed Tuesday on the ground of insufficient evidence.

#### LOFTUS IS GIVEN ONE YEAR IN PRISON

GEORGETOWN, Texas, May 20. Godfrey Wayne Loftus, of Elgin, Tuesday pleaded guilty to assault with prohibited weapons on R. W. Burleson in this country Easter Sunday, 1923, and the jury after deliberating for several minutes assessed his punishment at one year in the penitentiary.

After the verdict had been rendered and the jury discharged, District Attorney Dan Moody in the presence of the court and the large crowd present at the trial, made a statement reviewing briefly the flooring cases, and declared that the situation in Williamson county and Texas at the time of the flooring of Burleson was in a chaotic condition; that since the first conviction in the case there had not been in this state a single instance of such lawlessness; that Williamson county had led the way to orderly government by due process of law in the courthouses.

This is the fifth case in connection with the Burleson affair, three others having been convicted on charges of assault with prohibited weapons and one on a charge of perjury before the grand jury.

#### 4,000 TEMPORARY JOBS OPENED BY BONUS PASSAGE

WASHINGTON, May 20.—More than 4,000 new jobs will be created to handle the volume of work created by the soldier bonus. The civil service commission reported Tuesday that 4,152 additional employees would be needed as follows: War department 3,309, Navy 448, veterans bureau 400. Except in the veterans bureau, the jobs will be temporary. Enough applications are on file with the commission to fill the jobs.

#### NEFF ATTACKS TEXT BOOK RULING

AUSTIN, Texas, May 20.—As a reformed lawyer Governor Neff, chairman of the state text book commission, attacked a rule drafted by the commission Tuesday, excluding "paid attorneys" from appearing before the commission to argue the merits of books being considered for adoption as state free text books. The resolution was adopted by unanimous vote.

After the law was consulted, the commission adopted a rule permitting any regularly employed representative of book publishing firms, or the authors of texts, to appear for 20 minutes on each book or series of books and explain the merits of those texts. The rule provided "that no paid attorney, or temporary representative of a book firm be allowed to appear."

Governor Neff, three other men and five women compose the text book commission which will add books for which the state will pay, if the contracts run for six years probably well over three million dollars.

#### YOUNG WIFE AND CHILD FOUND MURDERED

INDEPENDENCE, Kans., May 20.—Hartley Etta, 23-year-old husband who was placed in jail after the bodies of his 18-year-old wife and their small baby daughter had been removed from the burning ruins of a barn on the Etta farm, was released Tuesday night.

The coroner's inquest over the bodies will not be held until Friday, it was decided, and officials announced they did not have sufficient evidence to hold Etta pending the outcome of the probe.

Following a quarrel two weeks ago, Mrs. Etter took the child and went to the home of her parents, three miles west of the Etter farm, police learned. She was induced to return to her husband and another argument arose Monday, Etter admitted to the officers.

Then the young wife and her child disappeared. Sheriff W. F. Troutman who had been called upon to aid in the search for the two found bodies in a burning barn on the Etter farm. Mrs. Etter had been shot twice and the baby's skull was crushed, Charles Jackson, the undertaker who handled the bodies, said.

The bullets which authorities say brought death to Mrs. Etter, are of the opinion same calibre as a gun owned by Etter. Faced with evidence that two shells in his revolver were empty, Etter said he had fired twice at an intruder on his farm a few nights ago.

He will be held in jail pending the outcome of the inquest.

#### LEGLESS MAN GIVEN 60 DAYS ON RUM CHARGE

EL PASO, Texas, May 20.—Three and one half gallons of alcohol and three men and a whiskey glass failed to convince Judge W. R. Smith that John A. Pruitt, had the alcohol for robbing of the stumps of his legless limbs in federal court Tuesday. He was sentenced to sixty days in the county jail, with a warning that a third offense would carry him to Leavenworth.

#### WORLD COURT IS AGAIN REVIVED

#### COOLIDGE SEEKS ADOPTION INTERNATIONAL SCHEME AT THIS SESSION

WASHINGTON, May 20.—Senate leaders were called in by President Coolidge Tuesday night to discuss the world court and plans looking to adoption of some international relations scheme before the prospective adjournment of congress June 7. The treatment which President Coolidge has received at the hands of congress, some of it from his own alleged leaders there—undoubtedly has aroused considerable discouragement at the white house. Yet the situation regarding the world court question is such that the president feels obliged to prod his unwilling leaders as much as he can.

The white house conference was called suddenly after democrats disclosed that they are about to force a showdown on this question which has been side stepped by the republican leadership in the senate since Harding plucked it down in the spring of 1923.

Senator Swanson, of Virginia, democratic ranking member of the foreign relations committee announced that on Wednesday he would call up the world court question on the floor of the senate. This move found republicans disorganized, and the white house conference was called at once to bring them together behind some single plan. Coolidge has endorsed the Harding-Hughes plan and still believes in it. Lodge has put up a scheme of his own which would create a new tribunal similar to the existing court of international justice, but entirely divorced from the league of nations. Senator Pepper, another republican member of the committee proposes that the president and the king of the Belgians call a world conference at Brussels to devise a new tribunal. Democrats are inclined to back the Harding-Hughes proposal.

On the court question, Coolidge hopes to break the jinx which has hovered over his dealings with congress. Most of his other important recommendations have been failed—the bonus and Japanese exclusion were enacted over his head, his tax bill is but a memory and farm relief legislation is going in a different direction from that he advised. The president and congress are giving a perfect demonstration of government by disagreement.

The administration's humiliation on capitol hill would be complete were the democrats to step in and force through the Harding-Hughes court plan in face of Lodge's opposition. It is to escape this last bitter cup that Coolidge is calling in his so-called senate leaders.

One of the amazing facts about the political situation is the refusal of republicans in congress to follow the president in face of his remarkable sweep of the primaries. His victory is so complete that Senator Hiram Johnson has released his handful of delegates in despair. Yet congress—including a good proportion of republicans—treats Coolidge as if he were a repudiated executive.

Coolidge has stripped the white house cupboard bare feeding senators and congressmen at breakfast but they have eaten his hot cakes and ham and hurried back to the capitol to vote against him.

#### SAN ANTONIO LIGHT SOLD TO HEARST, IS REPORT

SAN ANTONIO, May 20.—According to a story published today by the San Antonio Evening News, quoting advices from New York, Wm. R. Hearst has purchased the San Antonio Light and will take possession in a few days. No announcement has been made by the Light. The consideration is reported in the story to have been in excess of half a million dollars.

#### Four Drown in Storm.

DETROIT, Mich., May 20.—Four members of the crew of the steamer Orinoco were drowned Sunday when the boat was wrecked in a gale at Sault Ste Marie, according to wireless advices received here today. Fifteen others of the crew were rescued and made their way to Montreal Island.

#### MOVE EXPECTED TO BE RATIFIED ON WEDNESDAY

#### COOLIDGE WILL APPROVE MEASURE IF BELIEF OF OBSERVERS

After several days of bartering, conferees from the senate and house practically have agreed on the final form of the tax bill and in the opinion of those who have sounded out his views, the measure which they have drawn will be approved by President Coolidge.

Following an all-day session Tuesday, it was announced that the conferees had reached a basis of agreement and that it probably would be formally ratified Wednesday. These are the compromises which have been made, it is understood.

1.—Normal rates will be those in the senate bill, 2 per cent on income up to \$4,000, four percent between \$4,000 and \$8,000 and 5 per cent above. The house bill provided five percent between \$6,000 and \$8,000.

2.—A compromise on surtax rates with the maximum at 38 per cent on \$200,000.

The house bill had 37 1/2 percent maximum at \$200,000, while the senate maximum was 40 per cent at \$5,000.

The senate rate was 38 percent at \$300,000 and the senate surtax schedule up to that point would be accepted, it is understood, as it provides a unit raise, instead of a fractional scale as in the house bill.

3.—The Norris amendment, making income tax returns public will be stricken out, though the Jones amendment to the senate bill requiring publicity in hearings of contested case is expected to be retained. The house provision opening tax returns to congressional committees under certain restrictions to remain in the bill.

4.—The Jones graduated corporation tax in favor of the flat rate of 12 1/2 per cent with \$1 per \$1,000 on capital stock in the house bill.

5.—The senate inheritance tax scaling up to 36 per cent on \$5,000,000 and over to give way to the house estate tax, graduating to 40 percent on \$10,000,000.

This compromise measure, it was predicted in the senate Tuesday, will be approved by the president. It abolishes two provisions in the senate measure, especially obnoxious to Coolidge, the publicity amendment and the Jones corporation tax and brings the surtax rates to a lower level.

House conferees, who have been most successful, brought about these changes. Both Garner and Collier, house democratic conferees were opposed to the senate publicity amendment which was supported by senate democrats. The house conferees in standing out for their bill, brought it more into line with what Coolidge wanted.

#### OKLA. MAN HEADS PANHANDLE GRAIN ASS'N

AMARILLO, May 20.—E. N. Nobles, of Tulsa, was elected president of the Panhandle Grain Dealers Association at the annual meeting here Tuesday.

Lester Stone, Amarillo, was elected vice president, and J. N. Bensley Amarillo secretary at the gathering which opened Monday morning.

The congressional Agricultural committees were attacked as being composed of radicals by F. F. Watkins of Cleveland, Ohio, president of the National Grain Dealers Association.

#### WEATHER

West Texas—Tonight, unsettled, scattered showers. Cooler north portion. Wednesday partly cloudy.

### Just Folks

by Edgar A. Guest

#### HEREDITY AND ENVIRONMENT

"Mingle," said he, "the weak and strong, And give no heed to breed or birth; The lusty pull the frail along, Environment produces worth." And I had argued as we sat, So grave a question to discuss, That nathr deeper goes than that, Our children's future lies with us.

I answered him: "If that be true, Within a bed of roses fair Suppose, tomorrow morning, you Plant just one ugly thistle there, Though all its summer days are spent Where blossoms all their beauty spill, Despite its rich environment That thing will be a thistle still!"

Perhaps environment does much To shape our lives upon the earth But beauty has no power to touch The life which knows it not, a birth, That which shall make the child grow strong, Courageously the years to live, To choose the right and spurn the wrong, Only its parentage can give.

"Out of a cabin Lincoln came," Said he, "a child of lowly birth, And many a son of greater fame Has been a curse upon the earth. 'Tis not heredity that shapes The lives of men—the twig that's bent Will grow to strength if it escapes Its pitiful environment."

eral days visiting and transacting business. G. P. Howell, of Idalou, and a candidate for the office of Public weigher, in that place, attended to business in Lubbock Tuesday.

\*\*\*\*\*  
With Lubbock Business Men  
\*\*\*\*\*

"Pauger's Proven Hand Honest Built Batteries," are taking a place among the reputable products of plains institutions, and C. A. Pauger, owner of the Pauger Battery Bearing Company deserves much credit for the progress that has been made by his business in Lubbock, to which he has given his undivided attention.

The Pauger Battery Bearing Company has grown to such extent that the assistance of two expert workmen, Messrs T. M. (Willie) Deatheridge, and C. C. Chase has become necessary, and the bookkeeping department is taken care of by Miss Beatrice Norton, who shares a keen interest in the welfare of the organization.

Battery building and armature winding work is done by this company with great efficiency, and so great has the demand been upon the company for the services of its employes that Thomas H. Deatheridge, of Dallas, a brother to T. M., has been employed by the company to help take care of the work, and he will arrive in Lubbock in the near future.

Cupid Very Active

MARYSVILLE, Mo., May 20.—Cupid strapped its sheaf of arrows to its back when Spring came and started "gunning" at the North-east Missouri State Teachers College here. Up to date he has registered 14 hits among students and more are understood to be "exposed to his darts."

## MASONS START CHAPTER AT IDALOU

Some fifteen leading Masons of the Lubbock lodge, went to Idalou Monday evening to participate in services there in which a lodge for that town was instituted under the direction of the Lorenzo lodge.

The meeting at Idalou Monday was presided over by the District Deputy Grand Master and Roche Newton, of Lubbock.

## LEGION TO PLAN MEMORIAL DAY PROGRAM

Allen Bros. Post No. 148, American Legion, will hold a special meeting tonight to which all ex-service men are invited.

Your presence is urgently requested inasmuch as we are going to make plans for a program for Memorial Day, May 30th.

Plan to attend this meeting. It will be good for you and the legion, and your presence will make a better Memorial Day program possible.

—Post Commander.

Dynamite Blast Kills Farmer.

SANGER, Cal., May 20.—G. Fred Bender, 50, a farmer suffered death by decapitation at his home here early Tuesday when dynamite he was lowering into a well exploded prematurely. His death was witnessed by his wife and two daughters who were standing close by.

## PLANNING PRETTY WASH DRESSES IS THE THOUGHT OF THE MOMENT

It is the time for wash dresses, the season when those bright airy fabrics we have admired for several weeks are now to be bought and worn. The assortment that is offered you here is rich in new weaves, bright colorings and wide variety of patterns. You will wish to choose several quickly, for it is so simple a task to make them into pretty dresses.

## VOILES, BOTH SOLID AND IN FANCY FLOWERED PATTERNS

Voiles lend themselves so readily to appropriate summer garments that they have taken the lead in popularity. Two most complete ranges of pretty solid colored voiles are now featured at this store, both in fast colors are priced 75c and ----- \$1.00

In dotted and flowered voiles unusual patterns are here for your selection in all the bright colors that radiate coolness in their very appearance. Prices range 75c and one lot of regular \$1.00 values, special 69c

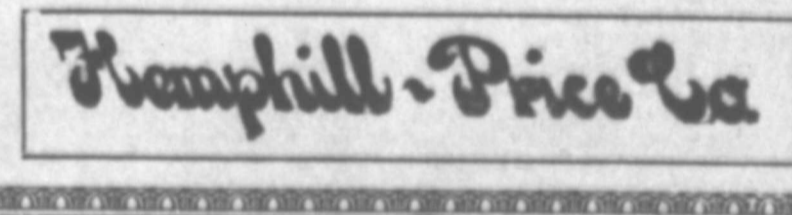

## SWISSES AND CREPES HAVE MANY PRETTY FEATURES

There are also pretty dotted swisses in woven dot, in bright summer shades, reds, blues, lavenders, maize, honeydew—all in the finest quality and priced \$1.00

Crepes in imported weaves—truly such pretty patterns and qualities that they resemble georgette. Color combinations here are so unusual that the effect obtained is most striking—all these materials also will make sewing for summer a pleasure. Yard \$1.00 and \$1.25

## TISSUE GINGHAM ALSO

Tissue gingham in a pretty range of patterns and colors, a range of excellent qualities that you would expect to be priced at higher levels are shown now at prices, 50c, 65c, and ----- 75c

## HERE'S YOUR COUPON WORTH 1,000 VOTES

To enter the subscription contest for the LUBBOCK DAILY NEWS—a new afternoon Daily Newspaper, cut this coupon out and sign your name and ADDRESS, CLEARLY, and give to the Avalanche Publishing Company.

This coupon gives you 1,000 extra votes to start with if PRESENTED before 6:00 o'clock May the 24th.

Name \_\_\_\_\_

Address \_\_\_\_\_

(I agree to abide by rules and regulations as printed elsewhere in this paper.)

This Coupon is WORTH 40 CENTS

Fill out this coupon and present it at our store during the dates of the Devoe Interior Decorating Demonstration. We will give you FREE a 40 cent can of any Devoe Paint and Varnish you want or a reduction of 40 cents on a larger can.

Your name \_\_\_\_\_

Address \_\_\_\_\_

Town \_\_\_\_\_ State \_\_\_\_\_

One coupon to a person. To be used by adults only.

## 40 Cents FREE

and a Wonderful Surprise for You!!!

—also free, helpful suggestions from a Devoe Interior Decorator during the Devoe Demonstration.

Merely do this:

Come in and ask for a 40 cent can of Devoe — any Devoe Paint or Varnish you choose.

But instead of paying 40 cents for it, just hand us the coupon above and the can is yours! It doesn't cost you a cent. And you don't have to buy anything else to get it, although if you prefer, you can apply the 40 cent coupon as a reduction on a larger can.

Why do we make this offer?

Simply because, during the Devoe Interior Decorating Demonstration at our store, we want to put a can of Devoe into your hands and show you how easily you can make it work wonders in your home.

The coupon will put the can in your hands. And in our store—for a few days only—a well posted interior decorator will show you how to use it.

This expert will also be glad to help you on any or all of your home decorating problems; how to brighten up the furniture; what to do to the walls, woodwork and floor; how to refinish your automobile.

Cut out and fill in the coupon NOW

Bring it in to our store during the days noted below, and get—free—not only a full sized 40 cent can of Devoe, but a most wonderful surprise!!!

# ORR SPOKE TO FARMERS AT 2:00 O'CLOCK

Members of the Lubbock County Farm Bureau Cotton Association, together with a number of farmers who are not yet members of the bureau, were entertained with a speech on Co-operative Marketing by John T. Orr, president of the Texas Farm Bureau Cotton Association, at the community auditorium this afternoon at 2 o'clock.

President Orr began his speech with a tribute to the "progressive, intelligent, liberal-minded people of West Texas," declaring that they have made such progress in the development of the co-operative marketing idea in this section that the state officers have begun to look upon the Plains and West Texas as a stronghold for better farming methods and improved marketing conditions in the southwest.

All the methods employed by the Farm Bureau in marketing the products of the farms of Texas through a co-operative system were analyzed and explained by Mr. Orr, who is a forceful speaker and whose keen interest in the betterment of the farmers of the South has led him into this field of work.

The various departments of the Farm Bureau are manned by experts whose duty it is to see that there is no waste through inefficient grading, etc., in these departments, the president declared, urging the Farm Bureau members to assist in the strengthening of the organization through strengthening

the land are all astir with the hectic glory of the occasion. Mayfair is jammed with dressmakers, with hair dressers, with photographers, and excited friends of the fortunate. All day, and in some cases almost all night the merry labor of preparing the novitates goes forward.

In one shop 50 workers toiled all night in order to prepare one court dress which was ordered in a rush for Monday morning. Monday afternoon of the all fortunate

ing their county organization with an enlarged membership.

President Orr will speak again tonight at Acuff when the Lubbock County Farm Bureau members will entertain the Rotary and Kiwanis Clubs and Chamber of Commerce members of Lubbock, and the Chamber of Commerce members of Slaton and Lorenzo, and keen interest will be shown in his speech by the business men who will attend the meeting, who are thoroughly interested in the welfare of the farmers of the Plains country.

## CLOSING EXERCISES HUNT SCHOOL WEDNESDAY

The closing exercises for the George M. Hunt school which is to be held Wednesday evening at 8:30 o'clock will be held at the high school auditorium instead of at the Hunt school as previously announced.

The program has been given a great deal of attention of all teachers in the school, and that it will be interesting and worth while is not doubted.

Remember that the entertainment Wednesday evening will be held at the high school auditorium and that all the students as well as the teachers will be glad for you to attend.

## FIX PERMANENT DATE FOR EASTER IS PLAN

By HENRY WOOD (United Press Staff Correspondent)

PARIS, May 20.—A commission of the League of Nations met here today for the purpose of proceeding to a revision of the Gregorian calendar, and especially for the establishing a permanent date for Easter.

In the event the proposed reform is eventually adopted millady will always know on just what date each year it will be necessary for her to have her new Easter hat, without having to consult the calendar.

Easter will fall on the same date every year with the same regularity as Christmas falls on December 25 and New Year's on January 1.

As it is Easter can now fall and does fall anywhere from March 22 to April 25. And as half a dozen other feast days, such as the feast of the Assumption, Ash Wednesday and Pentecost are based upon the Easter date, these days also vary every year.

So great are the commercial interests of various countries as regards Easter that it has been demonstrated that single countries lose millions of dollars when Easter falls in March.

Three Churches Agree.

As the present system of establishing each year the date for Easter was fixed at the Council of Nice centuries ago, the first step of the League of Nations toward a solution of the problem was to secure agreement by the various religious authorities. For the first time in history the League not only succeeded in getting official representatives of the Roman Catholic Church, the Church of England, and the Greek Orthodox Church to sit at the same table and discuss a religious question jointly, but it succeeded in getting their unanimous consent to the advisability of making

### SCHOOL BONDS WERE VOTED BY HEAVY MAJORITY.

The school bonds, for the amount of \$125,000 were voted yesterday, eleven to one, which is a pretty good indication that the people of Lubbock are wanting to keep the schools of this city up in the front ranks by keeping the buildings up to the requirements of the faculty, and large enough to accommodate the pupils who offer themselves for admission into the public schools of the city. Lubbock is growing rapidly, and every time we vote a few thousand dollars, we think that it will be the last, but not so, the old town just simply keeps going, and demands are increased, and we must take care of them.

The average property owner is glad to do that. It is well for him from the standpoint of dollars and cents. It makes his property worth more money. It makes his rents more stable, and better, and in every way the town shows signs of life and activity, and people just simply want to live here.

Lubbock is not the kind that will put her foot down on things that are for the betterment of the community. That is exactly what has built Lubbock. This old town has not just happened. It has been built. We who have been here the past twenty years, and a lot of us longer than that, know what the people here have had to go through with and we can tell you that it has just been a continual build, and putting up of money, and much more in proportion to wealth, and population than at this time.

We would have been pleased to have seen a much heavier vote cast than was, but we are also glad to note that the Lubbock voters still show their stuff when it comes to a building program. Now watch the schools of Lubbock grow some more.

### LUBBOCK HAS THE BEST BOYS AND GIRLS IN THE WHOLE WORLD.

We base this statement on the fact that we find the boys and girls here just about as good as anywhere, yet we leave them absolutely to themselves to work out their own behavior, whether good or bad, and absolutely take no interest in helping them, except by voting bonds to keep the schools going and some times were so infernally indifferent about matters of that kind that we let a proposition go by default, when we should have put it over in grand style with a margin of seven or eight hundred votes.

Nearly every town of any consequence, and many of them of hardly any note this year observed boys week, and put on some special programs for the boys that made them feel that they were once in a while noticed to say the least of it and some real good educational programs have been worked out and put over. But, Lubbock, has not budged an inch along that line. The boys of this community do not know whether the men of this city care one copper cent for them or not. They have every reason to believe that they are thought no more of than the cattle of the pasture. In fact the fellow that has some good hogs, or cattle will see to it that they are kept within their reach, and know where they are, but the ordinary father here, does not know one half of the time where that fourteen-year-old son is, and from that age on up, the control seems to be only of passing interest to the parents of the boys of the town.

As the town grows, the situation will become more serious. There will be boys come to Lubbock that are tough. Your boy may drift in with them. It is not like it used to be fellows, when every man knew every boy, and his history, his good points and his bad ones. Hundreds of good boys are coming to Lubbock—just as good as any that have been raised here, but on the other hand there are some bad ones—just as bad as ever put foot on Free American soil, and you cannot deny that, and like the proverbial rotten apple—it has its effect on the sound ones, and your boy or my boy may be the one that will be affected by this association first.

Idleness is the bug that starts an infection that in time ruins the life of not only the boy but disgraces the home, and often makes a dark blot on the name of the community, as it is said that "an idle brain is the devil's workshop." With the closing of the schools old Nick may open a number of work shops in Lubbock within the next few weeks.

Wherever it is possible parents should try to get the boy a job for vacation days, whether he makes a penny or not. His occupied time will be worth a great deal to him, and to you and to the community.

We find from experience that too many parents make the mistake of getting the idea in their head that their boy should be drawing a salary, while learning a trade or profession. They overlook the fact that it takes the time of a skilled mechanic to instruct that boy if he is learning a trade. If he is clerking in the store or jerking

soda water he has to learn, and if he gets good instructions from competent minds, it takes that much time from the fellow who is supposed to be devoting all of his time to his employer, yet a great many people seem to think that because it is my John, Bill or William, that he can walk right out of the school building, and do the work of a printer, who may have been five to twenty years learning, and expect wages for same—the wages should go the other way.

The most important part about the whole thing, is to employ your boy's time. Don't let them run about town idle. Give them something to employ their time, and while they are doing that, they may be learning a trade or business so that when the school life is closed, they will have advanced far enough to take hold of the business and carry it along, profitably from the beginning or with a short time practice will be able to enter the shop or the store with a knowledge that will justify the paying of a good salary.

This week rounds out the school term, and every parent should be showing an active interest in where his boy is going to spend the time that shall lapse between now and the opening of the school in September.

### THE DATE IS NOT FAR DISTANT FOR THE TRAVELING MEN'S SMOKER-BANQUET.

The time for the annual occasion is near at hand again. It is the third time that this event has been staged, and each time it has been more largely attended and the program has reached greater proportions. The sales boys from all over this country, came and enjoyed the hospitality of the various organizations and individuals of this city, and we all enjoyed their presence here, which made it a mutual proposition. This year they are to be with us in June, in fact the day has been set, and to be exact, June 14th. Everything is getting in shape for the big occasion, and the Chamber of Commerce, the Junior Chamber of Commerce, the Rotary Club, the Kiwanis Club and all the civic Men's clubs are anxious to do their part in the entertainment. The boys over the country are shaping their routes to be in Lubbock. Some of them will no doubt skip a town or two in order to get here, and others may soldier a little in order to not get here too soon, anyway they are talking about the Traveling Men's Stunt over here at Lubbock, and we imagine some of the old boys are actually anticipating, and we do not want to be disappointed.

This party is given each year complimentary to the good fellowship of the traveling men, who make West Texas, for they have certainly been royal good fellows to our town and the South Plains. They have told about the hub of the plains wherever they go, and hundreds of good business men have heard of the great South Plains through these traveling boosters, that might have not heard of it in any other way. It is an expression of our appreciation for the important work that these knights of the grip have done for this city, and this section of the state. We just naturally like to meet them. They are clever, jolly good sport fellows, and their association with us here from time to time in the various lines of business make us want to show a special appreciation of their many good words for our town. If you are a citizen of Lubbock and are proud of it, you should stick around where you can meet these fellows, and get better acquainted with them. But few men there be, who do not know some traveling man. Write him a word about banquet and invite him to be your guest, then kick in with the price of a feed for two, and be there to enjoy the hour or two that will be spent with them. Forget the price of town lots, the business grind, stretch yourself, and get a few wrinkles out of your forehead and have a good time and make the fellows feel that "it is good to be here."

### FILIPINOS FREE IN 20 YEARS.

The chairman of the House Committee of Insular Affairs provided in his bill that at the end of 30 years the Filipinos should by plebiscite pass on the question of independence of continuing under American rule, but the committee itself, more sympathetic toward Filipino aspirations, repudiated this proposition and made recognition of Philippine independence absolute after 20 years, when American troops should be withdrawn and American authority in the islands come to an end. This latter is much more in line with the spirit of the Jones act of eight years ago, which with the full authority of Congress pledged the grant of independence as soon as the Filipinos had demonstrated fitness for self-government, and under which they were promptly given a much larger share in the management of their own affairs—a policy to some extent reversed under the administration of Governor-General Wood, with the result of great disturbance.

For the reason some continuation of disturbance and unrest may be looked for, but if the proposal of the House Committee is duly sustained better feeling ought to follow. It is true that twenty years is a long time, but a definite promise including a fixed date which can be cited in case of renewed agitation in favor of holding the islands indefinitely, should be calming in its effect. In this connection it might be worth the while of Japanese jingoes to reflect that if they are going to bring on war with this country, they would be wise to do so before the twenty years are up and while the United States would still be embarrassed by the incalculably costly defense of a thousand islands on the other side of the world within easy striking distance of the Japanese navy.

According to Judge Gary, "the worst thing we have is our American Congress". Undoubtedly its lid-liftings have of late caused much worry and disturbance in high places.

Too many automobiles are run by alcohol above as well as gasoline below. A combination primed for disaster.

## MARKETS

### STOCKS RESUME SLIGHT BIT OF ACTIVITY

NEW YORK, May 20.—The darkest hour for stock prices on blue Tuesday in Wall street was the Firestone. The closing out of a number of small accounts liquidation on the part of some of the large operators and pressure by professional interests in hammering prices lower, caused the initial losses which ranged from a quarter to six points. There was no mistaking the attitude of the financial community outlook for business as the result of the passing of the bonus bill by the senate. Although no government financing will be necessary at this time the street is nervous about the outcome of the "administration's efforts" to secure lower taxes despite the assurances of Senator Smoot that the passage of the bonus bill will not be allowed to interfere with the reductions that the business world has been looking forward to.

The turnover amounted to nearly double that of Monday but the street is not looking to any general resumption of trading on a large scale. Some are inclined to view Tuesday's market as a demonstration against what has been termed "vote getting" tactics on the part of the senate. Certainly the six point initial losses in Du Pont and Colorado were impressive enough. But it was notable that such pressure as the professional element indulged in did not prevent most of the active rails and industrials from finishing above the initial levels of the day.

Lower foreign exchange rates were construed to mean that foreign traders were also clamoring over the passage of the bonus bill, inasmuch as a needy treasury at Washington will hardly be in a position to extend the debts owed the United States by European nations as long as might otherwise be the case. France made another new low on the move, though the market rallied slightly at the close. The street appears certain that money rates will continue relatively easy. Any cautious procedure on the part of business will be reflected in the contraction of credit conditions which will automatically lessen the demand for money.

**TAMMANY HALL STILL SEEKING PARTY LEADER**  
By United News.  
NEW YORK, May 20.—Tammany Hall will try to decide Thursday whether a leader will be elected immediately to succeed its dead chieftain, Chas. F. Murphy, or whether the organization will continue under the guidance of Frank G. Godwin and his committee of seven.  
Thomas F. Foley, a veteran lead-

er of the wigwag, called on Judge O'Connell Tuesday and while the object of the visit was not disclosed, friends of the veteran said that he wanted to make sure that O'Connell would not reject the position if offered to him.

### MANY WOMEN TO ATTEND G.O.P. CONVENTION

CLEVELAND, May 20.—So many women are coming to the republican national convention either as delegates, alternates or just as visitors, that social gayeries are going to play a considerable part on the program. There will be "darling teas," perfectly lovely receptions, and "adorable" country club and boating parties, according to Mrs. Nettie M. Clapp, head of the women's committee. Several thousand women are expected to take part in the functions, some 500 of whom will be either delegates or alternates. When the convention becomes tiresome, the women visitors will need to wave her hand and a special free convention cab will take her shopping, to one of the parties or wherever she desires, it was indicated by Mrs. Clapp.

### SMALL NOTEBOOK GIVES CLUE TO RUM RING

CHICAGO, May 20.—A harmless appearing little note book picked up by police following their sensational raid on a brewery where 13 truck loads of beer were seized and some 30 exponents of the liquor traffic placed under arrest, may prove to be one of the workings of Chicago's beer ring. After quizzing six police sergeants whose names appeared in the book, the federal grand jury set about to locate the author of the cryptic little volume. Plutocrats of the beer game, Dinon O'Banion, and Jno. Torrie, both in jail, were at first believed to have been the authors, but now it appears that George Riley Jacobs, obviously a kind of secretary to the beer barons did the writing. Jacobs, who has been released on bail, was re-arrested and the best men in the intelligence division were assigned to the job of questioning him on the theory that he could reveal an entire system of police and prohibitive graft, but he revealed nothing. In an effort to raise the standards of rural schools in New Jersey, the State department of public instruction recognizes as "consolidated schools" only those which have not fewer than eight grades and in which not more than two grades are taught by one teacher. Eighty-six consolidated schools have been established in the 23 counties of the State. These schools have an average of six classrooms each.

## GIANTS DROP TO THIRD PLACE TUESDAY

By United News.  
The New York Giants plunged from second place to third Tuesday when they were beaten for the second successive time by the Pirates in Pittsburgh by a score of 12 to 3. The Cubs inserted themselves in the Giants' erstwhile position by winning a 7 to 4 victory over the Phillies in Chicago.

The Reds rained out again in Cincinnati, strengthened their position as a result of these matches and are now leading the league by two and one half games. Chicago is one game and a half ahead of New York.

New York's defeat Tuesday was their tenth in 13 games since leaving the polo grounds. The New York-Pittsburgh match and the one between the Cubs and Phillies comprised the day's major league activities. Rain washed away the whole American league program.

### FEDERAL INDICTMENT AGAINST RICKARD REPORTED.

By United News.  
NEWARK, N. J., May 20.—As a long delayed result of the investigation of the attorney general's office Tex Rickard was reported to have been indicted by the federal grand jury here Tuesday afternoon in connection with the transportation of the Dempsey-Carpentier fight films beyond the state of New Jersey three years ago.

Six other individuals and one corporation were said to have been named in similar charges.

Federal Judge Runyan received the indictments. Warrants will be issued at once, it was announced.

When the grand jury began investigating the Dempsey-Carpentier film case several weeks ago, Rickard said he was not even interested as he had paid a fine and had suffered the law in each case of unlawful transportation of the films.

### FORMER GOLF CHAMP WINS EASILY TUESDAY

By United News.  
NEW YORK, May 20.—Miss Marion Hollins former national woman's golf champion, merely took a stroll to win her first round match from Mrs. Albert McDonald Tuesday in the first round of the women's metropolitan championship tournament at Garden City, L. I. The score was 8 to 7. Miss Hollins won the medal in the qualifying round Monday.

U. S. Tennis Champ in Britain.  
By United News.  
LONDON, May 20.—Helen Wills, of California, America's woman tennis champion, arrived in London Tuesday, accompanied by her mother and made arrangements at once to begin practicing on the championship courts at Wimbledon.

HAWAII VOLCANO QUIET AFTER ERUPTION

By United News.  
HILO, T. H., May 20.—Pele, Hawaiian fire goddess, tired of her tantrums has gone to rest.

Perhaps it is but for a day or a week or a month, but anyway, she has spent her energy and curled up for sleep in a corner of her home—the flaming red cauldron which is the crater of Kilauea, famous Hawaiian volcano.

That was the explanation offered here today by those natives who still incline to the belief of their ancestors—beliefs which centered around Pelee, the fire goddess of Kilauea.

Pelee was a woman and she was temperamental. From the beginning of legendary history on the island of Hawaii, it has been recorded that Pelee was enraged when Kilauea burst forth. She went on her rampages without provocations; she became hysterical when there was nothing visible to irritate her, and she recovered from her rage often as quickly and with apparently as little reason as her madness started.

But in this age of scientific knowledge there was nothing of suddenness about the outbreak of Kilauea which started last week and reached at least its first climax in yesterday's demonstration which took one life and possibly two others. It had been predicted—not in the sense of what happened has de-

scribed in detail in advance but it had been predicted that Kilauea was about to start a period of remarkable activity.

After the display of Monday when lava, volcanic bombs and sulphurous gas were shot hundreds of feet into the air and a huge plume hung over the crater, lighted at night by Pelee's fires within another lightning played amid torrential rain, the volcano was comparatively quiet Tuesday.

Smoke still issued from the crater but the violence seemed spent, temporarily at least.

Shanghai by train after having wrecked his plane completely when he landed in a muddy race track near Shanghai. D'Oisy had just reached Shanghai from Canton.

MAN SHOTS NEIGHBOR THEN TURNS GUN ON HIMSELF

By United News.  
ROCKPORT, Texas, May 20.—Ed Morrill was shot and instantly killed in front of his home here today. M. G. Rooke, alleged to have done the shooting is not expected to live as a result of wounds self inflicted following the shooting.

No eye witnesses to the affray have been found and officers are at a loss to understand the motive. Morrill was shot at close range with a shotgun, the charge taking effect in his breast and resulting in instant death.

No charges have been preferred against Rooke who is at his home here. He is still unconscious and his condition is critical.

KENTUCKY GETS CUMBERLAND ASSEMBLY

By United News.  
SAN ANTONIO, May 20.—The general assembly of the Presbyterian church in the United States late Tuesday voted to hold next year's assembly at Lexington, Ky., which won out in a close vote over Fort Defiance, Va. The assembly also decided to remain in the federal council of Churches of Christ in America. Overtures from certain presbytery had urged with-

Cotton School At Lubbock Begins June 2nd.  
Will be located on the second floor of the Howard building, Lubbock, Texas. We teach what the cotton buyer goes up against in every day business—classing, stapling, how to ship, both domestic and foreign bills of lading, invoices, Mathematics, Etc., For information, correspond with  
J. B. Hearrell or J. D. Johnson

drawal from the council. Adopting one of two minority reports, the assembly continued the right of women, given them last year, to participate in the government of the church by serving on executive committees of the church. A minority report would have barred women from such committees.

FRENCH EXTEND EVERY AID TO FLYER

By United News.  
PARIS, May 20.—Halted by ill luck just when he was in sight of his goal, Captain Pelletier D'Oisy will receive every bit of assistance the French government can give him in an effort to conclude successfully his spectacular flight from Paris to Tokio.

With the American fliers due to reach the Japanese capital any day now, there was deep disappointment among the French when dispatches from China reported that the daring French airman has crashed and probably would have to abandon his journey to Tokio.

Imminence of the American arrival in Tokio spurred officials at the air ministry to great activity in D'Oisy's behalf and Tuesday night they announced they would make every effort to send D'Oisy a new machine from Hanoi, in French Indo-China. It is hoped here that the Frenchman, in a new plane will be able to continue from Shanghai to Peking and thence to Tokio.

D'Oisy cabled to the air ministry reporting that his machine was a complete wreck after it had overturned and landed in a ditch near Shanghai. D'Oisy was not injured. The government has cabled French agents in the orient ordering that they do everything possible to enable the airman to proceed to Tokio.

Unless misfortune befall the Americans before their final hop from Minato to Kasumigaura, the naval base near Tokio, Captain D'Oisy would have no chance to overtake them. Only one more hop of 400 miles is necessary to bring the Americans to the outskirts of Japan's capitol, where as Captain D'Oisy, if he flew to Tokio by way of Peking, would have to travel more than 1500 miles.

PEKING, May 20.—Captain Pelletier d'Oisy, French airman who was flying from Paris to Tokio is reported to be en route from

## Of Interest Society To Women

### AWAKENING

By Elizabeth A. Thomas.

O God I voice my gratitude,  
That once again I see  
The spring come down the garden  
paths,  
With all sweet mystery.

Here where the wood-thrush built  
her nest  
Upon an Elder bough,  
The tender buds unfurl soft green  
From sheaths of satin now.

The melting pool within its heart  
Holds treasured reed and flow'r,  
Mad with desire to lose their bonds  
And grace the sunny hour.

One faint sweet call beyond the  
hedge,  
Gives promise of the days  
When robin, thrush and oriole,  
Will carol roundelays.

Rejoice my soul! I live! I breathe!  
I feel the hope of earth!  
In sun and wind and song of bird,  
God gives me too—new birth.

Going Away Party Will be Given  
Teachers.

Misses Maggie and Ann Mallard  
will be hostesses to the business and  
professional Women's Clubs Thurs-  
day evening at the home of Mrs.  
Abernathy, in compliment to the  
teachers who are members of the  
club.

Horace Mobley of California Here.  
Horace Mobley, arrived in Lub-  
bock Tuesday from Los Angeles,  
California, to visit with his sister,  
Mrs. Addison Lane. Mr. Mobley is  
with the Southern California Edison  
Company of Los Angeles, and re-  
ports everything fine in that part  
of the state.

### LOCAL MAN WEDS FT. SUMNER TEACHER

A pretty church wedding was sol-  
emnized Saturday evening at eight  
o'clock at the First Baptist church,  
when Miss Lana Smith, of Fort  
Sumner, New Mexico, and who has  
been teaching in the High school  
of that place, and George S. Sligar,  
son of Mr. and Mrs. J. N. Sligar,  
of three miles south of Lubbock,  
were united in marriage with Rev.  
W. A. Bowen performing an im-  
pressive ring ceremony.

The bride was charmingly dressed  
in white Canton with a long train  
caught up with orange blossoms,  
and carried a bouquet of cream rosebuds.  
The groom was dressed in con-  
ventional black.

Miss Lena Sligar, sister of the  
groom was maid of honor, she wore  
a cream crepe and carried a bo-  
quet of pink and white carnations.  
Miss Cannon, of Hale Center, a  
bridesmaid wore orchid taffeta and

her bouquet was pink and white car-  
nations.

Charles Smith, of Plainview and  
a student at Wayland college, was  
best man and Gates Sligar, brother  
of the groom was in attendance.  
Mrs. Frank Barclay sang "I love  
You Truly" accompanied by Mrs.  
Walker at the piano.

Strains of the wedding march were  
heard with Miss Brownlee at the  
piano, while the bride and groom  
entered, followed by Little Misses  
Dorothy Dale Hensley and Doris  
Brownlee, flower girls dressed in  
dainty pink crepe frocks.

Mr. and Mrs. Sligar will make  
their future home in Lubbock.

### MILLS-MORELAND WEDDING SOLEMNIZED HERE TUESDAY

Miss Loyce Mills and Jimmie  
Morland a popular local couple  
were quietly married Tuesday at  
one-fifteen o'clock at the home of  
Rev. and Mrs. J. T. Clinton, with  
Rev. Clinton officiating.

The bride is the daughter of  
Mrs. R. V. Mills of 1626 Tenth St.  
and is a very attractive and ac-  
complished young lady.

The groom has for sometime  
been connected with the Bryan Fil-  
ling Station and his friends are  
numbered by his acquaintances.

Mr. and Mrs. Morland left im-  
mediately after the ceremony for  
Amarillo where they will spend a  
few days after which they will re-  
turn to Lubbock to make their fu-  
ture home.

### BUMPS ON YOUR FACE MAKE PEOPLE SCRINCE

People who have been embarrass-  
ed repeatedly on account of disfig-  
ured skin on their face, neck, arms  
and hands, caused by eczema, tet-  
ter, rash, boils, pimples, etc., are  
nearly always sensitive about these  
things to the point of feeling that  
everybody is watching them and  
talking about how bad they look.

For this reason Black and White  
Ointment, and Black and White  
Soap, are making friends by the  
thousands because people can get  
them from their nearest dealer  
without a lot of explanations, and  
they do quickly get rid of all those  
skin riumers.

The 50c size of the Ointment con-  
tains three times as much as the  
25c size. All dealers have both the  
Ointment and the Soap.

### J. T. BRADFORD OF IDALOU PASSES AWAY

J. T. Bradford, prominent and  
popular citizen of Idalou died at  
his home in that place Monday night.  
His remains were prepared for bur-  
ial by the Rix Undertaking com-  
pany, and shipped Tuesday to his  
former home at Santo, for interment.  
Deceased was said to have been a  
good man and much beloved in his

community, a goodly company of  
friends accompanied the remains to  
Lubbock from Idalou. A wife, Mrs.  
J. T. Bradford, four sons, L. E.,  
Horace, Ruben and Richard, and a  
daughter, Mrs. Candier, of Idalou  
survive and went with the remains  
of the husband and father to the  
last resting place.

### SUNDAY SCHOOL PASSES RESOLUTION ON DEATH OF TEACHER

RESOLUTIONS OF RESPECT—  
to our beloved Bible teacher G. F.  
J. Stephen who passed from this  
earth to his heavenly home, May  
5th at 10 p. m.

Whereas, it has pleased our Heav-  
enly Father to remove from our  
midst our dear Bible teacher and or-  
worker G. F. J. Stephen therefore  
be it resolved:

First, that we bow in humble  
submission to His Holy will.

Second, that we have not language  
to express our due appreciations  
of a life so true and devoted, yet  
we thank God for such a pure un-  
selfish character, a life given so  
unreservedly to the Master.

Third, His loving council, his prac-  
tical advice and his faithfulness will  
be missed by those with whom he  
labored so untiringly for years, and  
his unlimited love of God and his  
fellowman will ever leave its im-  
prints upon the lives of his co-

workers. But Heaven is made richer  
by his going and though our hearts  
bleed in sorrow; yet we say, Thy  
will be done.

Fourth, that we extend to the  
family our deepest sympathy.

Fifth, that a copy of these reso-  
lutions be sent to the family, a  
copy to the paper for publication  
and a copy be placed on the minutes  
of the Sunday School.

Mrs. J. F. Bacon,  
Mrs. Jessie Summers,  
Mrs. W. E. Lyle.

### To The Voters of Justice Precinct No. 7.

For more than six years I have  
been a citizen of Lubbock county  
and for the past three years a citi-  
zen of Lubbock. My home is 2912  
Ninth Street. I have no promises  
to make concerning my race for  
Justice of the Peace, except that  
I shall give the office my best at-  
tention, administering the affairs  
of the office in the interest of  
justice to all without fear or fa-  
vor of any club, clique or clan,  
I believe the fair, and impartial en-  
forcement of the law is the best  
interest of our city and all its  
people.

Your vote in the primary and  
your influence in the intervening  
time, will be appreciated.

Yours respectfully,  
S. H. RIBBLE.

### Entire Graduating Class Injured In Auto Smash

ITALY, Texas, May 20—Ten  
students will mingle gauze bandages  
and crutches amid the starch and  
thrills of graduation splendor at  
the Italy high school this week. The  
ten students, most of whom belong  
to the graduating class, were all in-  
jured when the automobile in which  
they were riding was turned over  
last night.

### MULESHOE GIRL TAKES FIRST HONORS IN CANYON

CANYON, Texas, May 20—Miss  
Edith Kropff, of Muleshoe, Texas,  
has been selected as first honor  
student of the graduating class of  
the high school department of the  
West Texas State Teachers' Col-  
lege. Arlin Turner, of Canyon,  
Texas, holds second place. The  
graduation exercise of the class will  
take place Thursday night, May 29,  
in the College auditorium.

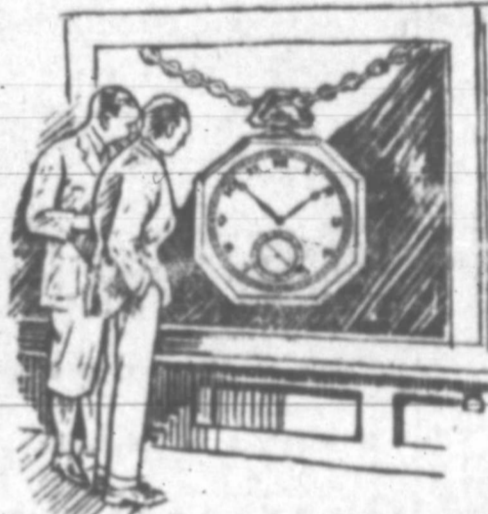

B. F. Hutson and family, of Ida-  
lou, were among the business visit-  
ors in Lubbock Tuesday.

## Gifts for the Graduate

—The great event will soon be upon us! Its memories will remain a life-long treasure to every youth and budding maiden who in a few days will step up to the platform for a diploma. Parents will of course be eager to express their congratulations in ways that are practical as well as sentimental.

She'll have "the thrill that comes once in a life-time" when you present her with a beautiful diamond ring, wrist watch or charming pearls. Gifts that last are appropriate and appreciated.

For boys we have scores of gifts including watches, rings, pins, all of dependable quality and reasonably priced. You will do well to visit our store and avail yourself of our special graduation offerings—buy at the Gift Shop.

## BRUMMITT SAYS MODERN YOUTH IS AVERAGE

BY REV. DAN B. BRUMMITT, D.D., EDITOR OF THE EPWORTH HERALD

(Copyright 1924 by UN) SPRINGFIELD, Mass., May 20.—The young people of Methodist homes are not being dragooned into a drab and doleful religiosity by a tyrannical church. And on the other hand, they are not drinking and jazz-dancing themselves straight to the devil.

I know thousands of them in every part of the country. They are average American youth, frank, free and sensible beneath; with perhaps a larger surface of frivolity than their elders possessed. They are a lot-omre knowing than their fathers and mothers were at the same age.

They have cars where the former generation had side-bar buggies, they wear better clothes, are better educated, have more money and know more ways of spending it in a hurry than their parents could boast. But I am sure of their ability and readiness to take care of themselves and protect the essential cleanliness of their minds and persons.

Drinking is not a problem among Methodist youth anywhere. The Methodists for 50 years and more have been admitted leaders of temperance and late religious movements. In the old days when a Methodist circuit rider arrived in a village, everybody knew without asking that an enemy of the drink business had come to town. And

Methodist homes have been free from the example of parental drinking since long before the present generation of young people was born. These need little safeguarding at that point. Methodists believe in and are credited with the practice of backsliding. But very few Methodists backslide by the booze route.

### STOCK JUDGING CONTEST AT TAHOKA SATURDAY

The Dawson county boys who are taking stock judging will go to Tahoka on Saturday, May 24th, where they will contest with the club boys of Lynn and Lubbock counties. There are 21 Dawson county boys taking the course in grain and stock judging. The winning boys will go to A. & M. College in July and compete for State Championship.

### THIEVES BEAT NEIGHBOR IN BORROWING PROCESS

By United News. KANSAS CITY, Mo., May 20.—A neighboring restaurant owner entered the Betty Jean Beauty preparation store to borrow \$10 from W. H. Wellen, its manager. "You've come to a poor place to borrow money," Wellen said from the floor where he lay with his hands and feet bound. Thieves had been there first.

### COOLIDGE GIVEN GAS TREATMENT FOR COLD

By United News. WASHINGTON, May 20.—President Coolidge was gassed Tuesday. He took the chlorin gas treatment for colds invented by the chemical warfare service of the army. The President's cold was broken Tuesday, but traces of it hung on. At the suggestion of Secretary of War Weeks Coolidge went to the department dispensary and sat in a closed room for 45 minutes while the gas treatment was administered.

## Someday!!

Are you in the "Someday" or "Today" class? You know, as well as those about you, so why don't you resolve to answer that question now and let action replace idle yearnings?

The "Someday" of plenty, comfort and leisure does not come without the efforts of "Today." Replace wishing with a purely mathematical reasoning and resolve to spend LESS than you earn every day—week—month—year.

Then put the difference in a saving bank account—gilt-edge investment of bonds, first mortgages, etc. Soon—you'll find that the "Someday" has arrived and you can sit back to enjoy the fruits of your labors.

This institution wants to help you and will pay 4 per cent on your savings.

# THAW RETURNS TO CLEAR UP CHARGES

By United News.

NEW YORK, May 20.—After eight years of almost continuous experience with jails, insane asylums, detectives, lawyers, and alienists, Harry K. Thaw now a gray-haired man in middle years, has returned to the scenes of his earlier escapades to clear up the last of the charges against him.

He flashed down Broadway in a closed car. It was a Broadway of jangling pianos and gim-crack, bazaars where gabby spicers harangued little crowds of people at the curbs selling neckties, mechanical june-bugs and potato peelers. It was not Harry Thaw's old Broadway.

Once again he visited the rooms in which he was detained and questioned 18 years ago when head-fellers were given their solemn opinions as to whether he was sane and should go to the electric chair, or crazy and should go to a lunatic asylum for life. The days program was all pre-arranged. While he was still in an asylum in Philadelphia Thaw planned that he would first obtain a certificate of sanity from the state of Pennsylvania and then come to New York to dispose of the indictments still held against him here.

There are three of these indictments. They charge him with kidnapping, assault and conspiracy. They have been held since 1917 when he lured a youth of 19, named Frederick Gump to a hotel room, tied him to a bed post and lashed him with a rawhide whip. Harry expects to defeat them all.

Gump moved to California several years ago and has married. And a damage suit that Gump brought against Thaw was settled outside of court for \$25,000 not long ago with the understanding that Gump would be too busy to come all the way to New York to testify against the millionaire. Thaw was accommodating. He all but stood on his head to accommodate the photographers who were firing off flash bombs with dull conclusions that seemed to shake the walls of the old criminal court. He hailed some of the detectives who were his jailors 18 years ago and he called a roll of old reporters who have died since they covered his first trial.

When he had given \$10,000 bond, he returned to Pittsburgh, wishing to be there when the body of his brother, Edward, arrives from Pasadena where he died a few days ago. He will come back after a time to go through the routine procedure of answering to his name when the indictments are called for trial. They probably will be dismissed. If not, the state will have to proceed without Gump, the complaining witness.

In conversation Thaw seemed quite rational. He gave out a statement however, which was an incoherent jumble of phrases referring to the doctors who testified

against him in his recent sanity proceedings. He said he composed this all by himself.

## WALKER CASE TESTIMONY COMPLETED.

(Continued from page 1)

said that as he entered the store Walker and Lanham were the only ones there, and that he heard Walker tell Lanham that he didn't mean to cuss him, but that the two continued an exchange of words, and that Lanham told Walker that if he was not an old man he would thrash him, and pointed to a chair that was hanging on the wall near and intimated that he would use it. He said Walker took his knife from his pocket and held it in his right hand, that Lanham demanded three times that he put the knife up, but that he refused to do. Lanham then grabbed an iron square, the witness testified, and the two engaged in a fight. The witness said Lanham struck the first blow. That they clinched one another, and in a short time Lanham said "He has got me," and that he, Elrod, and another man helped Lanham keep from falling.

The witness also testified that following the fight Walker was apparently calm. He testified that Walker was an active man and had good use of himself in scuffling, and that he had seen him scuffle and was surprised at his activeness.

The state rested its case at the close of Elrod's testimony. O. E. Patterson, defense witness, testified that he was in the cafe when Lanham and Walker were there, and that after Walker had left and as Lanham started to leave the cafe, he, Patterson, saw that Lanham was mad, and that after Lanham had left the cafe he called to him but Lanham did not seem to hear him.

J. G. McCoffey testified that he entered the second hand store where Lanham and Walker engaged in the fight, but that when he entered the store he saw that Lanham was holding Walker's right hand, and that the iron square with which Lanham is alleged to have struck Walker was lying on the floor.

## MANY ATTENDED FARM BUREAU FESTIVAL

(Continued from page 1)

mark that community as one of the outstanding factors that go to making Lubbock county great.

Homer L. Pharr, spoke in behalf of the more than sixty members of the Lubbock Kiwanis Club, assuring his hearers that each and every member appreciated beyond expression the hospitality exhibited by the Acuff people and the members of the Lubbock County Farm Bureau.

W. C. Rylander, of the Big 3 insurance Agency made some announcements concerning the Chautauqua that will be in Lubbock in the near future, and invited his hearers to attend.

Dr. Harkey, secretary of the Idalou Chamber of Commerce, was called upon by the chairman to say a few words, and responded with a beautiful tribute to the hospitality and progressiveness of the Acuff people and declared that the community spirit evidenced there is of such character as to merit the commendation of all who are fortunate to know and associ-

ate with the citizenship of that community.

Attorney Durham, of Lorenze, spoke a few words in behalf of the people of Lorenze and the Lorenzo land, assuring his hearers that the businessmen of that community are thoroughly interested in the welfare of all plains farmers, and pointed out the important position held in the community life of West Texas by the farmers.

John T. Orr, president of the Texas Farm Bureau Cotton Association was among the distinguished guests and delivered the principal address of the evening, using as his subject the benefits to be derived through membership in the Association.

He charged the members of the Lubbock County Farm Bureau with the responsibility of making the association effective in West Texas, and commended the principle of cooperative marketing as the foundation for a well distributed prosperity in all West Texas.

Mr. Orr's speech was well received and doubtless will have far reaching effects on Farm Bureau activities in Lubbock County.

## LaFOLLETTE TO HEAD THIRD PARTY

By United News.

ST. LOUIS, Mo., May 20.—Senator Robert M. LaFollette, of Wisconsin will run for president on an independent ticket. Sheridan Carlisle, declared in an address at the state convention of "Progressives" here Tuesday night.

"LaFollette is the logical candidate of all citizens who are desirous of putting a man in the white house who will be uninfluenced by sinister interests," Carlisle said. "His chances of election are splendid."

Carlisle is state leader of a movement which seeks to put an independent national ticket in the field. "Under recent democratic and republican administration—off state department has been degraded until it is little more than a trading outpost for those financial interests and concession seekers engaged in the exploitation of weaker nations," Carlisle said.

"There no longer exists any major issue between the present day democratic and republican interests," he said.

Carlisle outlined a platform of legislation to promote banking, reconstruction of the federal reserve

system to provide for direct control of national money and credit, reductions of the Fordney-McCumber tariffs, restriction of the power of the supreme court, abolishment of child labor, and denunciation of the treaty of Versailles for its crushing of the German people.

"No other country in the world permits its courts to nullify an act of its lawmakers," he said.

## Third Party Looms

WASHINGTON, May 20.—The democratic national committee, in a statement issued here, says there is a "pretty definite prospect that Senator LaFollette will head an independent ticket in the forthcoming campaign."

"This word comes from persons intimate with Mr. LaFollette, though it is part of his plan to make no announcement until after the republican national convention," the democratic committee stated.

James R. Howard, former president of the American Bureau Federation is quoted as saying that if LaFollette runs, Coolidge will lose Michigan, Wisconsin, Minnesota, the Dakotas, Idaho, Montana, Nebraska, Iowa and Washington.

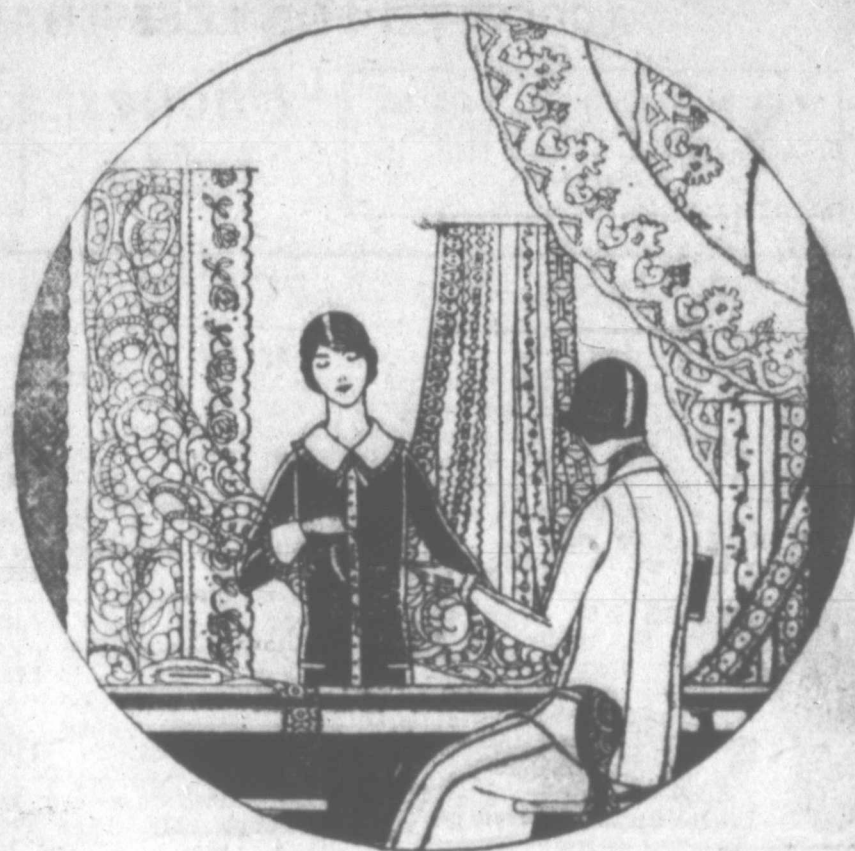

## DEERING MET DEATH BY SUICIDE IS VERDICT

SAN FRANCISCO, Calif., May 20.—Charles W. C. Deering, scion of wealthy Deering harvester company

lineage, came to his death ten days ago as a suicide, a coroner jury decided here Tuesday.

Deering, his attending nurses

testified, got hold of a sleeping portion of vernal while they were not looking and swallowed an excessive dose.

# LACE

## IT'S GETTING BETTER EVERY MINUTE

One of the loveliest combinations summer has ever seen, is of chiffon and lace.

Lace is included in every summer wardrobe this season. It is so lovely in itself that it is best made up in as simple a style as possible. For our May sale of white goods, we have also placed on sale all laces for the balance of the week.

You will act wisely if you buy your summer requirements of lace now.
