Lubbock Schools Close Successful Year

75 BE AWARDED DIPLOMAS FROM HIGH SCHOOL

SCHOOL SHOW MARVELOUS GROWTH DURING PAST TEN YEARS

Approximately seventy-five students of Lubbock high school will receive diplomas at the commencement exercises which will be held at the high school auditorium tonight, according to an announcement made last night by M. M. Dupre, Superintendent of city schools. These are divided about equal as to boys and girls, Mr. Dupre said.

Pending a final check up of grades for the year, which will be made this morning the exact number to finish will not be known.

Practically all of these students are planning to continue their studies in some higher institution of learning, and will enter these different institutions with full credits for high school work, as Lubbock high school is affiliated with all higher institutions in every department.

Showing the problem that has been faced and satisfactorily met by Supt. Dupre since he took charge of the schools of the city in 1914, and the almost unparalleled growth that has been made, not only by the schools but by the city itself, we give the number of students who have finished each year as follows:

- 1914-15—Eight.
- 1915-16—Fifteen.
- 1916-17—Eighteen.
- 1917-18—Twenty.
- 1918-19—Eighteen.
- 1919-20—Eighteen.
- 1920-21—Forty-six.
- 1921-22—Forty-two.
- 1922-23—Forty-nine.
- 1923-24—Seventy-five or more.

In 1914 only one building was in use—the one now being used for the Junior High school department, which has been remodeled in the meantime. Now, with only ten years having gone into history, it is taxing five large brick buildings and a frame annex to care for the situation in the city alone where formerly the city schools drew from the entire countryside. This latter drawback has been overcome by the erection of four large brick structures in different outlying districts to the city, thus relieving the situation to a certain extent.

And another grave problem has been met by the patrons of the Lubbock Independent school district, when only a few days ago bonds of \$125,000 was voted by a landslide poll for the erection of an addition to the high school building which was completed last year and was occupied the first time at the opening of the present session. Every effort will be made to have this addition ready for occupancy for the opening of next session, according to the superintendent.

(Continued on page 8)

U. S. Courts Revoke Coolidge Pardon

Philip I. Grossman, Chicago saloon keeper, sentenced to jail for one year for contempt of court by Judge Landis for refusing to obey an order not to sell more liquor, and who was pardoned by President Coolidge, was re-arrested and put in jail when the United States District Court ruled that the President was without pardon power in contempt cases.

JOHN W. BAKER DIED THURSDAY

SUCCUMBS TO RUPTURED BLOOD VESSEL WHICH STRUCK HIM WED.

AUSTIN, May 22.—John W. Baker, of Austin former state treasurer died at his home late Thursday afternoon without having recovered consciousness from a stroke he suffered early Wednesday morning, while at his desk in the sheriff's warrant bureau of the comptroller's office. A ruptured blood vessel was the cause of his death, according to physicians.

Burial will take place here Friday afternoon. Baker is survived by his widow, two sons and a daughter, all of Austin, five brothers and two sisters.

He was elected for two terms as state treasurer resigning the latter term, to enter private business. Later he came to the comptroller's department as chief of the warrant bureau.

SLAIN YOUTH IS IDENTIFIED THURSDAY

CHICAGO, Ill., May 22.—The body of a 13 year old boy stripped of clothing with the head crushed in, found early Thursday in a swamp here, later was identified by relatives as that of Roy Franks, son of Jacob Franks, millionaire manufacturer. Simultaneously with the identification of the body, there came an announcement from the father that the kidnappers who had abducted his son Wednesday had sent him a note demanding \$10,000 ransom. The police believe that the kid's abductors killed him fearing they would be caught.

Young Franks had been killed with a hatchet, detective said. His body, they believed, was carried to the swamp where it was found in an automobile.

The boy failed to return from school Wednesday and Thursday morning at 9 o'clock the father demanded a letter through the mail demanding \$10,000 ransom.

Franks received a telephone call Wednesday night during which a man told him that his son was safe and that he would hear more later. He was unable to trace the call, although he made frantic efforts to do so.

Physicians who examined the boy's body Thursday night said they found indications that he had been strangled.

Discovery of the body was made by a laborer who passed the lonely swamp at 9:30 o'clock Thursday morning. The body was afloat in a culvert.

For some unaccountable reason, whoever took young Franks' body to the swamp had placed a pair of spectacles on his face. The boy never had worn glasses, his father said.

Edward Gresham, an uncle of Franks, identified the body.

U. S. Navy Very Much Under Standard Allowed Under Naval Limitations Treaty, Report of Sec. Wilbur Shows

WASHINGTON, May 22.—The Navy has dropped below the standard allowed under the naval limitations treaty, Secretary of the Navy Wilbur has revealed in an exhaustive report to congress.

This report is made in answer to 27 specific questions contained in a resolution offered by Representative Britten, Illinois, a member of the house naval affairs committee. The inquiry was prompted by various rumors and charges that the navy is deteriorating.

Secretary Wilbur revealed that the ratio of strength between Great Britain the United States and Japan is 5-4-3 instead of 5-5-3 as allowed under the treaty.

The report states that: "The submarine situation is deplorable. "America is in third place in the matter of naval bases in the western Pacific but first in the eastern Pacific."

"The total oil supply is sufficient for slightly over one month under war conditions. "Thirteen of the eighteen first line battleships need extensive alterations to be brought up to date."

"The desired number of vessels cannot be kept in commission on the limited personnel of 86,000 allowed by congress."

Immediate action is desired on the following recommendation: Construction of eight new light cruisers; modernizing of thirteen first line battleships by raising the gun elevation and installing anti-aircraft and anti-submarine protection.

The building of three mine-laying submarines. Conversion of six coal-burning battleships to oilers.

These recommendations will be discussed by the house naval affairs committee Friday. Bills covering most of them already are pending. Next Wednesday a bill to authorize the eight cruisers to convert the six battleships and to construct six river gunboats for use in Chinese waters will come up in the house.

It is probable that the house will authorize this work but the time before congress meets.

CHARGES DEPT. BREEDS CORRUPTION AND FRAUD

URGES ITS REMOVAL FROM POLITICS IN PLEA TO COMMITTEE

WASHINGTON, May 22.—Declaring that the investigating bureau of the department of justice is an iniquitous breeding ground of fraud and corruption John W. H. Crim, former assistant attorney general, under Harry M. Daugherty, urged before the Daugherty investigating committee Thursday that the justice department be removed from politics.

For three years Crim was in charge of all federal criminal prosecutions.

The "red menace" ballyhoo to which the country was subjected by the investigating bureau, was based on fancy, Crim told the committee.

"There are detectives" he said, "who would want you to believe there was a 'red' army marching on Washington but I found that it was mostly the bunk. There were a few isolated red activities but they were not considered serious."

"The office of attorney general should be removed from the cabinet to prevent political diminution of the law enforcement machinery of the government" Crim declared.

"Field work of the department is deficient and politics is responsible" he said and cited the record of the Chicago district attorney's office where with 17 assistants, but 22 cases were presented to a jury during 1922.

"Nine tenths of the employees of the investigating bureau should be dismissed and a small, efficient force of trained operatives substituted for them" he said.

As it now stands, Daugherty's former assistant told the senators, the department of justice is over-centralized.

By employing "a lot of corner drug store detectives" at the behest of congressmen and politicians whom they have aided the department equips itself with investigators who know nothing about the investigation and who form corruptive alliances in the treasury department, the witness declared.

These evils could be ameliorated by political changes from driving aggressive men from the department field work and by making the job of attorney general permanent so long as the incumbent delivered the goods Crim believes. Too many assistant attorneys general are appointed he said and suggested that two would be sufficient—one responsible for criminal and the other civil prosecutions.

Crim paid tribute to Daugherty and declared that he could not believe him guilty of prostituting his office to any unworthy purpose.

Jess Smith, he declared was a "likeable hanger-on of some means who came in handy to run errands for Daugherty."

"DEATH RAY" MAY LEAD TO MUCH RIVALRY

LYONS, France, May 22.—Grindel Matthews, English inventor of the mysterious "death ray" which is said to be capable of wiping out armies and destroying airplanes in flight, has inspected the laboratories here which a French company is willing to place at his disposal. It is reported that he has received proposals from British government officials urging that he swalt their offer before closing with the French and there are evidences of spirited rivalry between the two nations in their desire to gain control of the death ray.

HOUSTON GETS NEXT MEET OF BANKERS

AUSTIN, Texas, May 22.—Houston was Thursday unanimously selected as the 1925 meeting place of the Texas Bankers Association whose 1603 members closed their annual meeting here Thursday afternoon.

Acceptance of Houston's invitation was moved by Galveston delegates R. L. Thornton, state banker, of Dallas, was unanimously elected as president and Frank Ponderom, of Dallas, won the office of treasurer over O. L. Sherrill, of Georgetown. W. A. Philpott, jr., of Dallas remains secretary.

The association, by vote expressed its attitude on state and national legislation as follows:

For state laws to extend fiduciary privileges to national banks, to penalize the making of a false statement to obtain credit, to submit a constitutional amendment on high way building and maintenance.

Opposition was voiced to the McNary Hogan price fixing bill and the Fulmer bill to charge the federal reserve system with interest on legal reserves now pending in congress and approval of the McFadden branch banking act, now before congress.

BERGDOLL TRIES LOBBY ON U. S. OFFICIALS

WASHINGTON, May 22.—Grover Cleveland Bergdoll, draft dodger, is operating a lobby to influence the department of justice to allow him to return to the United States on his own terms.

Robert F. Saches called on Senator Charles Curtis, republican of Kansas, Thursday, to outline the plan, representing himself as a friend of Bergdoll.

Curtis refused to recommend the proposition, but told Saches to place it in writing and to submit it to the department of justice.

As outlined by Saches, Bergdoll's scheme is to give himself up to United States authorities if he is assured a trial by a jury of men without military experience, freedom from publicity, and protection against newspaper men and photographers.

The attorney general's office said no proposal had been received from Saches and intimated that Bergdoll will receive no special dispensation if he returns for trial.

Crash of Wall Hurts One. EL PASO, Texas, May 22.—Julio Garcia was seriously if not fatally injured Thursday when he was buried under a wall of the Fencler building, which suddenly gave way, while work was in progress. One foot was badly crushed and physicians believe he sustained internal injuries.

UNION LABOR BANK OPENED IN KANSAS CITY

KANSAS CITY, Kans., May 22.—The Brotherhood State Bank, organized and backed by Union Labor will be opened here on August 1, it was announced Thursday.

The institution will be capitalized at \$100,000 and will have a surplus of \$20,000.

Joseph Flynn, president of the Boilermakers Union, will be its president; Evan H. Brown, cashier, and Dr. J. A. Jones, Vice-President.

MANY CONVICTIONS ARE RETURNED IN EL PASO

EL PASO, Texas, May 22.—Pleas of guilty on various charges were entered in federal court here Thursday and Judge W. R. Smith assessed fines aggregating \$3,900 and jail terms aggregating 6,464 days. Most of the conviction were for violations of the passport and immigration laws; seven violations of the prohibition act and narcotic law. Twenty-three were ordered deported.

MANY AWAITING ENTRANCE TO U. S. FROM MEXICO

EL PASO, Texas, May 22.—Hundreds of immigrants will make a rush for the border from Mexico on July 1, according to indications at the American consul in Juarez, where an average of 25 foreigners a day are having their passports issued. The immigrants include Russians, Poles, Hinds, Greeks, Germans, Spaniards, and Russian Jews. The immigrants said they were told to enter the United States by way of Mexico, as it was easier.

WEATHER

Just Folks
by Edgar A. Guest

THE NEED.

It were a happy fate I think,
To have enough of meat and drink
And never a dreary task to do,
Long life to live, and that with you.

You and I and the children small,
A sheltering roof where the rain
Should fall,
With enough to eat and enough
To wear
And never a day with a touch of
Care.

"Suppose it were so," said she to
me,
With never a post where you had
to be,
And never a task for your hands
to do
But only to idle the long days
through.

"Suppose we had just enough to
live,
With never an ounce of bread to
give
To the hungry stranger who finds
our door,
Would you be contented or want
for more?"

"Could you sit at your ease and
hear me say,
Turning a hungry man away,
I'm sorry I haven't a bite to give
We have just enough for ourselves
to live?"

"No," said I, "as you uttered that
I should rise and go for my coat
and hat
and give myself to the tasks of
day,
"And work for something to give
away."

As They Come and Go

HOW, WHY, WHEN AND WHERE

Major A. V. Dalrymple and wife of Fort Worth are guests in the home of the former's brother, Mr. and Mrs. John Dalrymple of 1909 13th street.

Judge Moore, Chris Harrell and Douglass Pounds all of this city went to Slaton Thursday on business.

T. Powers, of Lorenzo, attended to business interests in Lubbock Thursday.

Rev. J. Arthur Scoggins, pastor of the Methodist church at Crosbyton, was visiting and looking after business interest in Lubbock Thursday.

Will Jackson, who has been in Lubbock for some time, made a business trip to Stonewall county a few days ago, returned to Lubbock Thursday.

M. R. Eubanks, business man of Lorenzo, was attending to business interest in Lubbock Thursday.

C. C. Forbes, of Canyon community was in Lubbock on business Thursday.

T. A. Batten, of New Hope, attended District Court in Lubbock Thursday.

E. N. Harrison, of Idalou, was a business visitor in Lubbock Thursday.

W. L. Page, prominent citizen of Estacado, attended district court in Lubbock Thursday.

H. H. Hittell returned Thursday from Fort Worth, Abilene and other cities, where he had been for several days looking after business interests.

Mr. and Mrs. C. J. Campbell and two children, of Hugo, Okla., after visiting relatives in this city

for several days returned to their home Thursday.

E. D. Snodgrass, of Idalou, was in Lubbock Thursday attending district court.

W. C. Phillips, business man of O'Donnell, was in Lubbock Thursday, on his return home from Amhurst, where he had been to look after business interests.

J. W. Jennings, of Slaton, was a business visitor in our city Thursday.

A Dairy Experiment Station For The Plains

CANYON, Texas, May 22—In speaking of the bill which Senator Sheppard has introduced to establish a dairy farm at Dalhart, Prof. Phillips of the Agricultural Department of the West Texas State Teachers' College had the following to say:

"I think Senator Sheppard is correct in his statement that as the large ranches are broken up into smaller farms and there is a decrease in beef cattle production, there will be corresponding increase in the number of dairy farms on the Plains. At the present time there are many farmers who are interested in the best type of dairy cow for this kind of balanced ration which can be fed to dairy cows from the feeds produced in this section of the state. I have observed that those dairymen who are growing their own feeds, especially the ones who have Sudan grass pasture to supplement their other pasture in the summer time, who grind these feeds for their dairy cows, and who take advantage of the home produced alfalfa, are making money from the dairy business. However, when I visit a farm and find that the dairyman

is buying all his feeds, I observe that his barns and buildings are not well kept, nor does the appearance of his surroundings indicate that he has sufficient funds to carry out a satisfactory dairy program.

College Herd Basis of Experiment
"We found from an experiment that we carried out with the college herd last December that we could buy feed at market prices, sell butter fat at market price, and make a profit of from 7c to \$2.75 per week, depending upon the quality of the cow used. However, it was the consensus of opinion at the close of this experiment that one, to make a success of the dairy business in West Texas, should give considerable attention, not alone to the quality of the cows used, but to the economical production of his dairy feeds."

AT THE CHURCHES

First Methodist Church

The following program will be rendered by the Epworth League, Sunday, May 25, 1924:

Leader—B. L. Pollard.
Subject—How we may build up our young people's organization in Lubbock.

Opening song.
Prayer—O. L. Pollard.

Song.
Scripture Reading.
How we might get more members—J. B. Morrisett.
How to gain interest with new members—Mrs. McMickin.

Special.
How we may benefit through the use of the Era—Mr. Woffenberger.
How we may assist the League through business and social meetings—Miss Tezza Rhea.

Songs.
League Benediction.

The League membership is very anxious to have all the young people of the city present and extends all a very cordial invitation. Every effort will be made to make the work pleasant and profitable to all, and to make the Epworth League a main factor for the making of a greater Methodist Church in Lubbock.

RIX FURNITURE AND UNDERTAKING CO.

Big Spring, Lubbock, Lamesa

To train Belgian young men for service in the Congo as physicians, technical men and administrative officers, a "Colonial university" has been established at Antwerp by the Belgian government. This university has been developed through the successful work of a high school of commerce, which was founded two years ago by the government with the assistance of the commission for relief in Belgium and the city of Antwerp, to train boys for colonial service. This school was converted into a university last November and it is now known as "l'Universite Coloniale." It has three schools devoted respectively to political and administrative science, tropical medicine, and natural sciences.—School Life.

176-4—W-1.

At the recent Country Life Conference held in St. Louis a moving picture film was shown of a farm boy and his prize flock of chickens. The birds were fine because the boy had a scientific knowledge of the chicken culture and had applied his knowledge to the care of his flock. But the boy was a mouth breather and showed further effect of malnutrition. The chickens were better cared for than the boy.

Week End Specials---Rich in Value and High in Quality

The reputation this store enjoys for high quality merchandise is an asset that we prize most highly. Every item that comes into our stock must measure up to a high standard. Also in our advertising, we never resort to inflated value comparisons or represent goods as being offered at reductions when this is not the case. We mention this here for we want you to consider these week-end specials with Hemphill-Price policies in mind.

LUBBOCK DAILY NEWS ACCORDED GREAT POPULARITY AND CONTEST INTEREST IS AT A HIGH PEAK

Evidence that the Lubbock Daily News is pleasing its many readers is seen in the fact that many to whom sample copies have been sent have expressed their continued confidence in the paper by becoming subscribers, and indeed, such popularity as the paper is enjoying could not be accorded it without its news value appeals to those who have had the opportunity to become acquainted with it.

The Lubbock Daily News subscription contest, in which a \$1000 automobile and other prizes will be given away and in which every worker will be paid for his efforts is becoming more and more interesting every day and the contestants have realized that they are in a real contest, and that the winner will have to work.

The International News and United Press wire services which are responsible for all important news of the day being carried in the columns of the Lubbock Daily News gives the paper a special appeal to those who are interested in affairs of the day, while from a local news standpoint every employe of the paper is giving the management their heartiest cooperation in filling the columns each day.

The Lubbock Daily News is one of the big new institutions for Lubbock and without a doubt will continue to grow and occupy a larger and more prominent place in the community life of Lubbock as the days pass.

It would be unfair to the management of the Avalanche Publishing Company and to the editor of the Lubbock Daily News for anyone to express doubt of the future success of the Daily News without first reading its news and editorial columns and surveying its advertising field.

The Lubbock Daily News has a distinct and out-spoken editorial policy. "The Boy from Gomez" has not weakened a bit since his editorials were first given space in the new daily, and all indications are that his articles will continue to attract and hold the attention of hundreds of readers daily. The editorial policy of the Lubbock Daily News is defined in every issue, every paragraph in these columns bearing some hint of the objective sought by the writer, all of which point with a constructive thought to those problems that need the attention of the entire citizenship.

If you are not reading the Daily News and want to become better acquainted with it the Avalanche Publishing Company wants you to secure and read one or more copies and will rest assured that another friend will have been made for the new paper.

Boundary Marks Covered By Windstorms

EL PASO, Texas, May 22.—International boundary marks have been covered by sandstorms in many places along the border, J. Harrie Cloonan, boundary commission secretary, has been informed. An airplane carrying Randolph E. Fishburn, of the commission, has left here for an inspection of the border between El Paso and Nogales, where the monuments are reported covered.

Additional observations on the topographical features will be made.

LUBBOCK PEOPLE URGED TO AID LEAGUERS

Lubbock people will have the honor to entertain more than one thousand delegates to the Northwest Texas Conference Epworth League Convention which convenes here June 9th and remains in session until the evening of the 14th, and while some effort has been made on the part of the committee that has charge of arranging for

room accommodations for the delegates, they have not met with expected success.

Miss Evelyn Wilson is chairman of the rooms committee, and with three other young ladies of the League, visited a number of homes in Lubbock Wednesday soliciting rooms to be placed at the disposal of the delegates, and an all afternoon search resulted in five rooms being secured.

The success of the first day's search for rooms has not discouraged the committee workers one bit, for many of the reasons why delegates could not be entertained in some of the homes were perfectly reasonable, and besides it is several days before the date of the convention and many were undecided as to whether they would be at home at that time or not, all of which combine to make the work more difficult for the committee, and if you have a room that you could spare during the convention be sure and phone Miss Wilson at the Wilson Abstract Office, Phone No. 133.

PAY OF BISHOPS BE STOPPED BY INJUNCTION

SAN FRANCISCO, May 22.—Pay of all bishops of the Methodist Episcopal Church is demanded stopped in injunction proceedings filed against the book committee of the denomination in the San Francisco superior court Wednesday by John G. Vogel layman, who charges the church leaders with having failed to defend the faith against doctrines propounded by H. G. Wells in his "Outlines of History" and bishop Edgar B. Blake of Paris in his book on "America and Europe."

Action is made against the book committee because that body is

designated by the church to pay the salaries of the denominational bishops.

Vogel, member of St. John's Methodist Episcopal church of San Francisco, declares in his complaint that through sale of Wells book by the churches book concern San Francisco organization, the bishops have neglected opposing doctrines contrary to denomination's beliefs.

Especially mentioned is Well's theory of man being descended from apes.

This theory, Vogel's complaint says, is in contradiction to the scriptures.

Bishops Blake's book which the church publishing house prints and sells, Vogel declares, proposes creation of an unchristian world tribunal and plans cancellation of the

allied war debts to America while maintaining Germany's obligation to make full payment of her debts.

This difference, Vogel declares, also is unchristian.

Suit filed several weeks ago by Vogel demanded an injunction to prohibit the church book concern from printing and selling Bishop Blake's book but court action on this case still pends.

The Value of COURTESY

The biggest word in the language of business is courtesy. No man in the business of selling will ever accomplish notable results without it. In the successful use of the telephone, whether for business or personal matters, courtesy is of paramount importance.

Courtesy is simply the application of common sense to the problems of business.

The voice with the smile is only one of the cardinal virtues of the successful telephone user.

Sherrod Brothers HARDWARE COMPANY

DODGE BROTHERS SPECIAL TYPE-A SEDAN

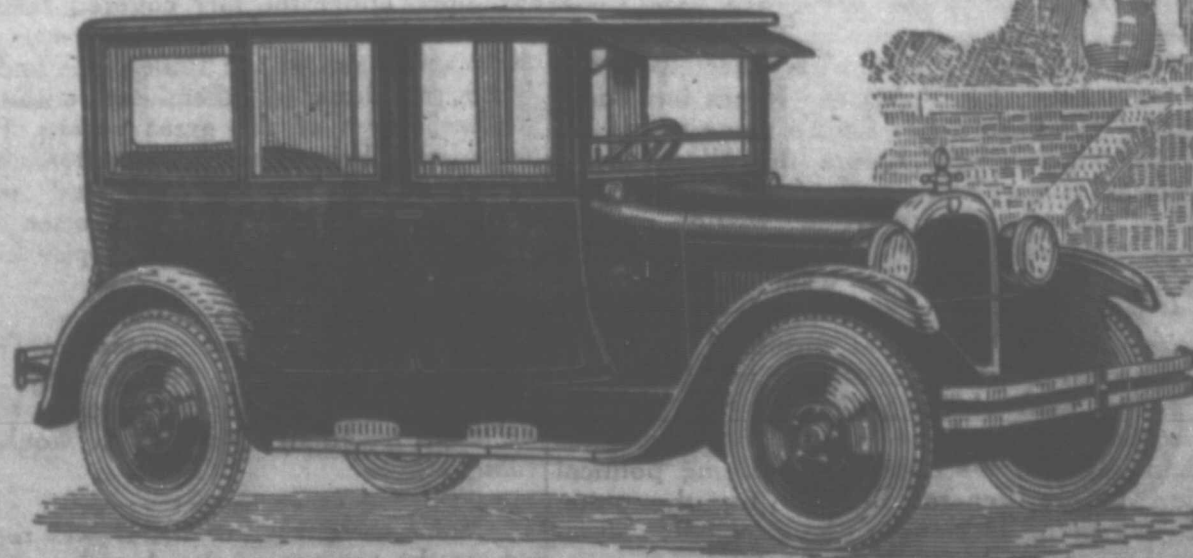

Three considerations recommend this Sedan to a wide circle of buyers--

A new and substantial beauty--heightened by many special appointments.

A seat depth, body length and spring suspension that have revolutionized the riding qualities of all Dodge Brothers Motor Cars.

A reputation for intrinsic goodness that dates directly back to the first Type-A Sedan bearing Dodge Brothers name.

HIGHEST HONORS LUBBOCK HI ANNOUNCED

Orval Burroughs, son of J. H. Burroughs of Carlisle, won highest honors among the boys in the senior class of the Lubbock High School during the term just closed by making the very high grade of ninety five and thirty eight one hundredths.

Dempie Rhen, sister of Mrs. Ed Wilson, won highest honors among the girls in the high school by making a grade of ninety four and ninety eight one hundredths, falling a bit below the high mark reached by Burroughs but beating all of the girls with a small margin.

Ben Shook is valedictorian while salutatorian is Miss Mamye Pearson.

GEORGE M. HUNT PUPILS PRESENTED IN SPLENDID PROGRAM

The school faculty and pupils of the George M. Hunt school deserve much credit for the splendid program given by them Wednesday evening at the High school auditorium.

Children in the grades from the first to the fifth inclusive took part and the excellent training they have received from the teachers made the program very interesting and it was enjoyed by a large audience, the auditorium being filled to capacity.

The following program was rendered:

Opening Chorus, Boy Scout Song by the fourth and fifth grades.

Folk Play by the first grade under the direction of Mrs. McDaniels.

Pantomime by the fourth and fifth grades under the direction of Mrs. Sanders.

"Cinderella" by the first grade.

under direction of Mrs. Haynes; Pantomime, "Rock of Ages," by Mrs. Wester's first grade; Play, "Garden of Roses" by the third grade; Highland Fling by fourth and fifth grades and song "Georgia Negroes" by Miss Danman's second grade.

May Pole drill, by second and third grades, song by fifth grade, Folk play by second grade, directed by Miss Koen, Play "When the Sun Stayed in Bed" by the fourth and fifth grades and a chorus "Rock-a bye Lullaby" by the fourth and fifth grades.

Superintendent Dupre awarded the honors at the close of the program.

LUBBOCK SCHOOL STUDENTS ARE HONORED

Below is given the names of pupils in the K. Carter school who were awarded blue ribbons for attendance this school term without being tardy or absent: Velma Wisenborn, Beachy Barton, Aletha Branch, Kathryn Davies, Frank Holland Turner, Lela Doris May, Edward Barkham, Ruby Clark, Roberta May, Kathryn Barr, Catherine Royalty, Mary Frances Peltz, John Easter, Lorane Caldwell, Fanny Lee Hart, Leo Hoffman, Harold Thompson, Cora Annice May, Georgia Barkham, Geraldine Turner, Orville Aldrich, Harold Dow, Beldon Johnson, Louis Pollard, Duke Moreman, and Lela Alma Osborn.

Those awarded honors for making the highest grade in the class are:

High Fifth, Cleota Baker, Low Fifth, D. V. Hankins.

High Fourth, John Thomas Sears, Low Fourth, Dorris Miller.

High Third, Theron Jay, Low Third, Jo Ann Sears.

High Second, Frank Holland Turner.

Low Second, Peggy Leland.

High First, Marie McCollough.

Low First, Johnnie Pierce.

Personals.

Misses Zorene Todd, Landers and Richards, teachers in the Shallowater school the past term, were in Lubbock Thursday shopping.

Mesdames W. G. Street, Rowe, Bessie Baze and daughter, Caramalita, were here Wednesday from Littlefield.

Miss Aleene West, bookkeeper for Higginbotham-Bartlett Lumber Co., is spending the week-end in Hale Center with her parents.

Misses Mabel Marsh, Mary Dunn, Gladys Rose and Grace Boone made a trip to Slaton Wednesday.

Mrs. W. E. Cravens of 1909 Broadway will leave Saturday for Dallas, where she will visit her daughter Miss Lula Mae Cravens who is attending S. M. U.

PIMPLES AND BUMPS ARE AWFUL PESTS

Girls and women of the most even dispositions are quick to resent direct attacks on their character, or bold advances. But it is hardly explainable why these same folks tolerate disfiguring pimples, blotches, bumps, "breaking out," etc., which are even worse pests than that.

These skin diseases quit annoying people quickly after first few applications of the wonderful Black

and White Ointment, and the regular use of Black and White Soap. The cost is so small none need hesitate because they "can't afford it." The 50c size of the Ointment contains three times as much as the liberal 25c size. All dealers have both Black and White Soap, and Ointment.

SENIORS ASKED TO MEET AT SCHOOL HOUSE AT 9:30 A. M.

All seniors who intend to participate in the commencement exercises at the High school this evening are requested to meet at the auditorium this morning at 9:30 o'clock.

It is imperative that you meet with this request.

Class President.
