TECH REGENTS TO MEET ON JUNE 27

The Board of Regents of the Texas Technological College has been called to meet on June 27, according to Dr. P. W. Horn, president of the new school, who returned to his home here Sunday.

Dr. Horn stated that the hope that had been held of formally laying the corner stone of the institution on the 4th of July, had been practically abandoned, as it would now be impossible to bring matters up to that point in the short time intervening.

Dr. Horn returned here Sunday from a tour of several days in West and Central Texas where he had been on a circuit of commencement exercises, making an average, he said, of better than one address a day on the tour.

It is not yet known whether objections will be made to the merger, for which authority is asked by the Missouri Pacific, but the state of Texas "is conserving its right" to file representations. COOLIDGE SIGNS BILL BUT ALSO DENOUNCES MANY PROVISIONS AS DETRIMENT TO FUTURE OF U. S.

By RAYMOND CLAPPER (UN Staff Correspondent)

WASHINGTON, June 2. (UN)—Radically displeased with many features of the compromise tax bill, President Coolidge has nevertheless signed it, believing that with all of its alleged defects, it does grant some measure of immediate tax relief.

Other reductions, amounting to 50 per cent on incomes under \$8,000 becomes effective next year.

Thus tax reduction, which has held the center of the stage since congress met last December and which President Coolidge has repeatedly declared is the most important question before the country, becomes a fact.

But Coolidge sees many large flies in the ointment. He issued a long statement in which he severely denounced many provisions of the bill describing as a temporary measure which must be corrected at the next session of congress. Some of its provisions are positively harmful to the country, he said.

#### AT THE CHURCHES

##### FIRST METHODIST.

Four hundred and seventy-two of the members of the Sunday school were present and the inter- est in class work was good. The morning preaching hour was given over to the sacrament ser- vice. The evening preaching hour was given over to the members of the

Epworth League, who carried out a splendid program which was en- joyed and appreciated by all.

A meeting of the deacons of the Baptist Church will be held at the church Tuesday evening at eight o'clock. It is requested that all church officers and Sunday School department superintendants be in attendance.

#### BAPTIST.

Sunday School attendance was very good, but considerable dis- appointment has been expressed by the officers over the decision of the members of one of the classes to disband during the summer, and every effort will be made to re- enlist the members to do active work.

Rev. J. M. P. Morrow, of Coscus Christi, who, together with his good wife, arrived in Lubbock Fri- day from Port Arthur by automo- bile, preached at the regular ser- vice hour, and his message was en- joyed by all.

Regular services were conducted in the evening, and attendance was very good.

Rev. Morrow will remain in Lub- bock and in charge of the church until Rev. W. A. Bowen, the pastor, has returned from a tour of Europe on which he recently started.

#### AMERICAN FLYERS MOOR PLANES AND SWIM TO SAFETY

TOKIO, June 2.—Prevented by stormy seas from boarding boats that had come to take them off their planes when they stopped at Kushimoto, the American round the world fliers were forced to swim

to a destroyer after mooring their planes. Delayed now at Kushimoto by the still raging gale, the airmen hope that they will be able to start for Kagoshima, their next stop south on Monday morning. Weather about Kagoshima is also unfavorable. When the American planes coming from Kasumigaura, arrived at Kushimoto Sunday they came in through rain and high winds. The storm prevented the planes from tying up at the bouys originally intended for them, and hampered re-fueling from boats. Temporary bouys were therefore placed in calmer waters for moor- ing ships.

The fliers had intended to stay only two hours at Kushimoto, but after swimming to the destroyers, they decided to stay over night.

### PEOPLE WHO WERE ONCE GOOD LOOKING

A heartrending and yet interest- ing thing happened in a downtown store when a middle-aged lady got into a loud argument with a clerk. "I know what I want," she kept saying. "I have tried all those other things, but I know from what I saw it do for some friends of mine that it is Black and White Ointment which gets rid of these pimples and blotches. I was just as pretty as any girl when I was young but I got careless and now I am in the fix you see."

So many people are now insist- ing on Black and White Ointment, and Black and White Soap, to get rid of pimples, blotches, eczema, rash, tetter, ringworm, "breaking out," etc., because they see and hear of the thousands of others who now know they can depend upon it. And they are more economi- cal, too. The 50c size Ointment con- tains three times as much as the lib- eral 25c size. All dealers have both the Ointment and Soap.

## ASTHMA CONQUERED IN 24 HOURS BY NEW METHOD

Specialist Guarantees Complete Relief from Every Form of Asthma Within 24 Hours—Or No Cost

All that agonizing coughing, gasping and wheezing goes within 24 hours, and you sleep the night through at once without a break—through a remarkable new internal prescription developed by a Cleveland specialist.

It doesn't matter how long you have had Asthma or what your age, this new treatment allays the severest spasms in 8 minutes or less and is positively guaranteed to bring complete relief within 24 hours—or it costs you nothing.

Science now proves that Asthma is not a mere external disease but is due to a fundamental internal condition—protein sensitiveness of the system. Most remedies—burning powders and the like—are merely temporary, and do not at all prevent the trouble from growing worse.

But this new treatment, known as Rines, and taken in simple capsule form, goes direct to the internal cause and neutralizes it completely—without harmful drugs or bad after-effects. So every symp-

tom—all the coughing, gasping, wheezing and that terrible night strangling—is controlled within 24 hours.

Every Asthma sufferer is urged to at least try Rines. It is the only Asthma treatment on the market originated and developed entirely by physicians under scientific clinical conditions, manufactured by reliable, ethical manufacturing pharmacists, and approved and prescribed by physicians. And it is guaranteed. Money back instantly if not fully relieved in 24 hours.

**Free Trial Offer**  
Just now, through a special introductory arrangement, you can obtain a trial treatment entirely FREE. Simply go to any of the drug stores named below and ask for a trial package of RINES. No obligation at all on your part. But be sure to ask for your free treatment within the next three days—this offer is limited. It may be obtained in this city at Bowen's Drug Store.

## RANDLE'S HOMER WITH TWO AHEAD GAVE LAMESA INDEPENDENTS WIN OVER LOCALS SUNDAY AFTERNOON

Jumping on Terry in the sixth inning for four successive hits, one of which was a circuit clout over the left field fence by Randle Lamesa took a lead which the local lads could not equal, and capped the final honors in the exhibition 4 to 2. before a good ordinary Sunday crowd at the Merrill park.

Except for this inning Terry was seemingly invincible, holding the visitors hitless from then, and giving up only three hits in the preceding sessions. Twice Jackson played to the fence on line drives holding the runner at first, when ordinarily the hits would have gone for two bases.

Again the old story comes. The local stickmen outthit the visitors by one bingle, but could not deliver in the pinches. Berry went well for Lamesa, allowing only eight hits which were well scattered. Several times, however, he was in some tough holes, but by airtight support of his teammates, pulled through unhurt.

The visitors counted first in the second inning when G. White singled to left, advanced to third on a passed ball and wild pitch successively and scored on Hunter's grounder to second.

The locals came back in the fourth for the tie counter. Jackson walked, Jones grounded to infield both men going safe; Sanders then attempted a bunt but laid too much stick to it, and Jackson was forced out at third; Ater went out on a long fly to left field; Cate doubled to right, scoring Jones, but Sanders was held at third. Karr went out short to first, retiring the side.

Thus the tie battle raged until the sixth when with one man out Atkins singled and was forced out at second on G. White's grounder; Hunter singled, advancing White; Randle then laid the stick to one, slugging it well over the left field fence for four bases, chasing two men ahead of him.

Lubbock came back in the seventh for a run when Karr's ringing single through pitcher found a wicket in centerfield, going to the green board, but he was held up at third. He later scored on Jackson's single.

Besides pitching superb ball, Terry took the lead in hitting with a double and a single out of four trips.

## GIANTS NOW TWO FULL GAMES AHEAD CUBS

While most other clubs were enjoying an off-day, the Giants took a fall out of the Boston Braves Monday and stretched their lead over the rest of the field. The Giants met the Braves at the Polo Grounds for a postponed contest and beat the Bostonians 9 to 6.

The gap between the Giants and the Cubs who are in second place is now two full games.

The Braves scored all of their runs in the seventh, eighth and ninth innings and for a time threatened to over come a nine run lead compiled by the Giants.

In the final stanza Rosay Bill

Ryan of the Giants was knocked out of the box and Claude Jonnard was sent into relief. Claude experienced little difficulty in checking Boston's late spurt.

Only one other game was played in the National League. The Pirates won from the Cards in Pittsburgh 6 to 2, and are only one game behind the fourth place Cincinnati Reds. Max Carey, the Pirates outfielder contributed to his team's victory with a homer in the eighth inning. This was a clean sweep for the Pirates in their series with the Cardinals in Pittsburgh.

The Senators advanced from fifth place to fourth place by beating the Athletics in the lone performance in the American League. The score was 8 to 3. Joe Hauser of the Athletics knocked his seventh homer of the season in the eighth inning.

**Four to Fight Dempsey.**  
LOS ANGELES, Calif., June 2.—Four heavyweights, all of them anxious to mix with the world champion, will tackle Jack Dempsey Tuesday night in a big benefit boxing show to be staged at the Verona arena. Those who will brave the fury of Dempsey's flying gloves will be Rocco Stragmatia, Fred Sullivan, Pat Lester and Sam Ramos.

## GIBBONS SEEKS BOUT WITH DEMPSEY

By United News.  
CHICAGO, Ill., June 2.—Elated over the ease with which he gave Georges Carpentier a boxing lesson Tommy Gibbons has commenced an effort to induce Jack Dempsey to meet him a second time.

Enroute to his home in St. Paul from his training camp at Grand Beach, Cal. Gibbons said he believed his deductive victory over Carpentier had entitled him to another chance at the world's heavyweight champion.

"I never was in better shape in my life," Gibbons declared, "and I intend to keep myself in condition. That has been the great secret of my fighting; I always have been in shape to meet anybody. I am entitled to another try at Dempsey and I am sure he will not get the decision next time. I am willing to meet him as soon as he is ready."

Asked whether he believed Dempsey would fight this summer Gibbons replied:  
"I don't see how he can, very well, as I understand he has a contract with the moving pictures. I know of no reason why we should not meet next fall, September or October would be a good time for the fight."

Just before the bout commenced last Saturday at Michigan City, a challenge to the winner was received from Dempsey.

"In view of that challenge, which I am willing to accept, I have every reason to believe that Dempsey and I will fight again," Gibbons said.

Because of his success with the fight last Saturday, which an immense crowd witnessed, Floyd Fitzsimmons is said to be casting longing eyes on the prospect of a Dempsey Gibbons fight. But local fight experts believe that if Gibbons and Dempsey actually meet next fall, it will be in an Eastern arena.

### MANY ARRIVING FOR SHRINE CONVENTION

KANSAS CITY, Mo., June 2.—King Fun and Dame Music held the "heart of America" in their palm Monday.

And what they did with it! Bands! Drum Corps! Chanters! Live Camels! Dragons; Jesters, bands blaring!

Thousands of men in gay attire, fezzes—fezzes—fezzes!

The Shriners have reached their Mecca!

Special trains puffed in all day and the Union Station seethed with a gigantic crowd of merry makers augmented hourly by each incoming train.

Here stirring and mirthful scenes were enacted. One roly-poly noble who proudly exclaimed "California makes me this way," wore a huge great delight in placing the per's snake for a necktie, and took a head on an unsuspecting woman's shoulder. The crowd made a path for her.

The Al Bedoo Temple, of Billings Montana, announced its arrival with the playing thing of the west—the six shooter. Wearing chaps, three gallon hats, and high leather boots the westerners stormed through the station firing into the air as they went.

Three women fainted.

The delegation from the Mohammed Temple, of Peoria, Illinois, injected a bit of realism into the Sahara decked city when they led a live camel through the lobby of the station. Where the camel will "bunk" is not being told, its owners being a bit suspicious of their brother shriners.

Alladin Temple, of Columbus, O., and one of the largest in the country led by Harry R. Allen, potentate, arrived Monday. The late president Harding belonged to the Alladin Temple.

Three special trains brought the 1,000 delegates of the Medinah Temple of Chicago, the largest in the country.

A steam calliope from Midan, Temple, of Wichita, Kansas, escorted each arriving delegation a short distance to the city.

Even before the last of their

representatives were off the train the Tripoli Temple of the Milwaukee began a spirited campaign to capture the 1926 meeting.

"Milwaukee in 1926" read huge banners, and each shriner greeted friends with "I'll see you in Los Angeles next year and the year afterward in my town—Milwaukee."

Meanwhile preparations were still under way for the elaborate parade to be held Tuesday. It will be in the form of a formal escort of the shriners imperial potentate, Conrad V. Dykeman of Brooklyn.

More than 75,000 will be in the line of march, including all bands chanters, fife and drum corps. Specially constructed grandstands along the path of the parade are reported to be "sold out." Mecca Temple, of New York will head the first division, it being the oldest temple, and the Ben Ali Temple of Sacramento, California will be the last its charter having been granted last year.

### DRESSED IN MEN'S ATTIRE GIRL IS ARRESTED

SAN FRANCISCO, June 2.—San Francisco has never had a bobbed haired girl bandit of her own, but police Sunday claimed they had discovered an important one of first grade in the person of Jacqueline de Longe, demure, 19 year old maiden of New York, arrested here last week because police did not like her way of smoking a cigarette and wearing a pair of overalls at a baseball game.

Investigation by the officers of her in clothes of the opposite sex, brought an attractive story of a trans-continental trip on the brake rods of freight trains because she was tired of being a girl in New

York, and wanted to have some fun.

Jacqueline, the police say, is wanted in Detroit for forgery and in New Mexico for hold up.

In Florida, the police claim the records show, Jacqueline was a guest of the state prison for half a year on conviction on a charge of receiving stolen property. Then in Jacksonville, they say, she faces a charge of grand larceny.

Meanwhile, she is detained in the city jail while officers endeavor to locate two male companions who were released when the Gotham maiden was taken into custody because there was nothing to hold them for. Now the police think they may be able to furnish more information that is sought about the path Jacqueline took in coming to the Golden Gate.
