REPUBLICAN PLATFORM ADOPTED

Trial Of Slayers Set For Aug. 4

BUSTLING MOBS PLY COURTROOM DURING HEARING

SLAYERS' COUNSEL ENTER NOT GUILTY PLEA TO INDICTMENTS

By H. H. ROBERTSON
(UN Staff Correspondent)
CHICAGO, Ill., June 11.—
In the midst of an excited, mil-
ling and chattering crowd, that
at times forced them against
the bench before which they
stood, Nathan Leopold, Jr., and
Richard Loeb, experimenters in
human emotions were arraigned
Wednesday and informed that
their trial for the kidnapping
and murder of 13-year-old Robert
Franks would start August
4th.

The confusion attending the ap-
pearance of the slayers in court
and the fixing of a date for their
trial constituted one of the most
astonishing denouements that ever
accompanied an arraignment in
a major criminal case in America.
The flashlights of more than 30
photographers were kept going at
three second intervals from the
time the two multi-millionaires' sons
entered the court until they left.
Chief Justice John R. Caverly,
who fixed the trial date, could not
hear what states attorney Crowe
and Clarence S. Darrow were say-
ing to him, although they stood only
a few feet away. And a hum
of excited conversation from those
in court added to the din, as wo-
men jostled each other and men
wrestled for vantage points to view
the slayers.

Finally, Justice Caverly turned
to the photographers, and directed
them to cease picture taking for
a few minutes in order that the
court proceedings might be carried
on.

In accordance with an announce-
ment several days ago by Clarence
S. Darrow the two young self-con-
fessed slayers pleaded not guilty
to the indictments.

Each was arraigned separately.
Leopold, who had entered the court
with a sneer on his face, frowned
when he heard Justice Caverly re-
fuse to delay the trial several
months so that attorneys for the
defense might have more time to
prepare their case which will con-
sist in part, of an insanity plea.

The justice fixed July 21, as the
date on which motions concerning
the case would be heard and when

(Continued on page 8)

Seven Counties Represented Here at Judging Contests of Club Boys and Girls; C. of C. Honors With Luncheon

Club boys and girls representing
seven counties in West Texas,
met here Wednesday for an all-day
session during which they were
given special instructions in club
work, were shown something of the
spirit of hospitality that Lubbock
maintains, and entered in prelimi-
nary stock and poultry judging
contests which gave them needed
practice that will aid them when
they enter the state contest at
College Station in July.

Cash prizes for the winners of
the contests were awarded by the
Weekly Avalanche.

The meeting was attended by the
county and home demonstration ag-
ents of the seven counties, rep-
resentatives of the extension ser-
vice of A. & M. College and the

industrial agent of the Santa Fe
system, all of whom made appropri-
ate talks to the club members.

At noon the entire attendance at
the meeting were guests of the
Lubbock chamber of commerce at
a well appointed lunch at the coun-
try club building where the meet-
ing was held.

The county club building had
just been turned over to the com-
missioners court of the county by
the contractors, Duval & Jackson
and its neat appearance, modern
facilities and conveniences impres-
sioned all who attended the initial
meeting held within its walls.

A complete list of the winners
in the contests will be published lat-
er.

PLAINVIEW CLUB TO ENTERTAIN HERE TODAY

More than thirty five members
of the Kiwanis Club of Plainview
will arrive in Lubbock today and
will be hosts of the local Kiwanis
club at the regular weekly luncheon
which will be served at the Ar-
mory building.

The Plainview Kiwanians were
recently defeated by the local club
members in an attendance contest,
and they are coming to Lubbock to
entertain the local Kiwanians in
recognition of an agreement made
between the clubs at the outset of
the contest.

Members of the local club will
do everything possible for the
entertainment of their visiting
host this situation being rather pecu-
liar in that it is not often the case
that visitors are hosts as is the case
in this instance.

Complete plans for the baseball
game between the members of the
two clubs have not been made as
yet, and last minute arrangements
will be made today.

COLORADO WOMAN HEADS GENERAL FEDERATION

By United News.

LOS ANGELES, Calif., June 11.—
Mrs. John D. Sherman, of Estes
Park, Colo., was elected presi-
dent of the General Federation of
Women's Clubs here late Wednes-
day. Results of the balloting which
started Wednesday morning, showed
that Mrs. Sherman won over
Mrs. Wallace T. Perham of Mon-
tana by two to one vote.

MOVE TO BOOST COLLEGE WORK IS BEGUN

At a banquet held here Wednes-
day evening at the Melba Grill
attended by about fifty students,
ex-students and faculty and board
members, of Clarendon College, it
was unanimously voted by the as-
sembly that they go on record fa-
voring any move toward making
of the college a full 4-year school,
affiliated in all respects with high-
er institutions of learning through-
out the country.

The resolution as adopted was
offered by C. E. Peoples of Idalou
an ex-student and following short
discussion of the matter, the vote
was taken being unanimous on the
first ballot.

S. H. Condon, Dean of the Col-
lege at the present time, made the
principal address of the occasion,
and touched lightly on the resolu-
tion which was later offered by Mr.
Peoples. He pointed to the work of
the school with much pride and
predicted for it a bright future.
At present it is only a junior
college offering two years college
work, but it is believed that with
the impetus given the movement at
the meeting here, a general de-
mand from all patrons of the school
will be made for the full 4-year
course.

BORAH IS CHOSEN CANDIDATE FOR VICE-PRES.

By United News.

CLEVELAND, June 12, Thurs.—
Senator Borah, of Idaho is the
choice of the Coolidge managers
for the presidential nomination.

His nomination may be expected
when the republican national con-
vention reconvenes later today.

The Coolidge headquarters here
are understood to have been in-
formed that Borah will accept the
nomination and the feeling in ad-
ministration circles is that he will
be a popular choice and will be
nominated without any marked op-
position.

The decision upon Borah came
about at one of the early morning
hotel conferences for which national
conventions have become fa-
mous.

Closed in a room in the Clevel-
and hotel, after midnight Wednes-
day night were Wm. M. Butler,
President Coolidge's campaign man-
ager; Frank W. Stearns, of Bos-
ton, close personal friend and ad-
viser to the president; Secretary
Mellon; Secretary Weeks; Senators
Reed, and Pepper of Pennsylvania
National committeeman Chas. D.
Hills, Postmaster General New,
and Theodore Roosevelt.

The conference lasted for sev-

WEST DEMANDS RECOGNITION ON TICKET

By United News.

CLEVELAND, Ohio, June 11.—
Demanding that President Coolidge
running mate be representative of
Western agricultural interests, dele-
gates from 13 western states have
injected a new element into the
vice presidential situation and are
determined to carry their plea to
the floor of the convention.

Delegations represented this new
convention "farm bloc" met late
Wednesday afternoon and present-
ed the names of seven possible can-
didates considered suitable to the
farm interests and hoped later
Wednesday night they could agree
on a first choice who will be pre-
sented to the convention.

The farm caucus declared "that
if the republicans are to be suc-
cessful this fall, the agricultural
states must have recognition on the
ticket."

Their hurried conference was an
eleventh hour effort to throw one
of their men into nomination be-
fore a man is selected by party
leaders who would not be accept-
able to the farm element.

While the Western states were
determined to agree on a candi-
date Herbert Hoover retained the
support of many regular leaders.
Neither his name, nor that of Gen-
eral Harbord, another strong possi-
bility were mentioned by his farm
delegates.

HOOVER REFUSES NOMINATION OF G. O. P.

By United News.

CLEVELAND, June 11.—Herbert
Hoover tonight gave a "defini-
tive and final" negative reply to
the California delegation planning
to nominate him for the vice-pres-
idency.

In a telegram to the delegation
he emphasized his hope that his
friends would respect his wishes and
keep his name out of the conven-
tion.

Hoover's telegram received by
the Californians, read:

"I am in receipt of the question
of your committee to be advised
if there is any objection on my part
to the California delegation's put-
ting my name forward for nomi-
nation to the vice-presidency.

"I wish to thank you for the
honor of this suggestion but as I
have said before, I do not wish to
do so.

"I am engaged in many prob-
lems of national interest and I be-
lieve that such activities give large
opportunities for my service.

"This is definite and final and I
hope my friends will respect it."

EXCLUSION LAW DISGRACE SAY JAPANESE

By United News.

NEW YORK, June 11.—The
United News Wednesday received
the following cablegram from
Wakayami, Japan:

"At a perpetual mass meeting
held here today, a resolution was
adopted containing the following
points:

"Anti-Japanese sentiment in the
United States violates all the stan-
dards of international morality and
menaces the principle of the co-
existence of nations. It is a dis-
grace to the Japanese race, and
can only be construed as trampling
on our national honor.

NIGHT SESSION NECESSARY FOR DECISION; CONVENTION REJECTS PLATFORM OF FORMER LEADER

By RAYMOND CLAPPER
(UN Staff Correspondent)

CONVENTION HALL, CLEVELAND, Ohio, June 11.—After
a turbulent session lasting more than 12 hours, the republican
national convention adopted the majority platform prepared by
Coolidge managers previously rejecting the LaFollette progressive
report after remarkable demonstration for it by the galleries.

The friendliness of the galleries to the LaFollette spokes-
man, Representative Henry Allen Cooper, was one of the unex-
pected features of the night session.

G. O. P. ACCEPTS PLATFORM IN PART

By United News.

CLEVELAND, Ohio, June 11.—
After a struggle lasting all night
and all day, the resolutions com-
mittee late Wednesday
has accepted most of the republican
platform for presentation to the
convention at its extra session Wed-
nesday night.

A world court plank was adopt-
ed after prolonged debate. The
party loyalty plank, which had led
to the bitter fight by Representa-
tive Cooper of Wisconsin during
the afternoon was also adopted
by the full committee.

Cooper, leading the fight of the
LaFollette faction for the insur-
gent planks, sought by Wisconsin,
should be effectively steam-rolled
in the committee meeting despite
his protests and demands that the
progressives be informed on whose
authority they were being read out
of the party.

The so-called dry plank, strong-
ly declaring for law enforcement
and the law and order plank were
also adopted.

SUCCESSOR TO MILLERAND BE CHOSEN FRI.

By United News.

PARIS, June 11.—With the resig-
nation of President Millerand, an
accomplished fact, the French sen-
ate and chamber will meet the fa-
mous salle du Congress at Versail-
les palace Friday to choose a suc-
cessor to the presidency.

The new president must be a
man satisfactory to the radical lot
who will personify the rise of
that moderate socialism which in
the past week has accomplished
a bloodless revolution in France
which is fully as significant as the
laborite assumption of power in
Britain.

Ex-Premier Paul Painleve is still
leading the field of presidential
candidates.

Probably the most outstanding
fact among the dramatic develop-
ments here Wednesday was the re-
action of France which has already
given the radicals its own quiet
by impressive vote of confidence.
The franc improved rapidly Wed-
nesday, rising from 19.87 to the
dollar to 18.84. The radio news
agency declares that rise was due
to the belief abroad that the new
French government will hasten a
solution of international problems
in general and reparations in par-
ticular.

CALIFORNIA ENDORSES HOOVER AS NOMINEE

CLEVELAND, Ohio, June 11.—
The California delegation this af-
ternoon unanimously adopted a re-
solution endorsing Herbert Hoover
for the vice presidential nomination
and appointed a committee of
three to consult Hoover as to his
desires regarding the nomination.
C. C. Teague, of Santa Paula, H.
H. McClure, of Visalia, and W.
E. Evans, of Glendale, were ap-
pointed to the committee. They
wired Hoover in Washington tell-
ing him of the action of the dele-
gation.

In former conventions, the La-
Follette spokesman has submitted to
a humiliating 15 minutes of hissing,
booing and cat calls from the
galleries, but Wednesday night the
demonstration was friendly, but the
attitude of delegates seated down
in the front rows were open and
antagonistic.

LaFollette Platform Rejected.

After the majority platform had
been presented by Chairman War-
ren, of the resolutions committee,
Representative Cooper, of Wiscon-
sin, offered the LaFollette platform.
It was rejected by acclamation and
the majority report was adopted
in the same way. The convention
then adjourned until Thursday
morning, when President Coolidge
will be nominated and a running
mate picked.

Just as the convention adjourned,
word came from Washington that
Secretary of Commerce Hoover had
asked his friends on the California
delegation not to present his name
as a candidate for vice-president.
For the second time this week the
vice presidential slate was com-
pletely upset, Lowden having with-
drawn his name when he was lead-
ing the field, just as Hoover was
in the lead on Wednesday night.

The calm indifference which has
marked the convention up to now
was thrown off with a whoop at the
Wednesday night session and the
delegates and galleries joined in a
night of good natured play.

Coolidge Acclaimed.

First came the spectacular 20
minute demonstration for Coolidge.
It was carried off with the old time
singings. Delegates jerked their
standards up and marched around
the hall singing and shouting.

The galleries were apathetic
at first, but the great deep throated
organ broke into the demonstration
and soon the galleries were sing-
ing and cheering.

But this was all more or less ex-
pected. The real surprise was the
reception which the LaFollette dele-
gate received when he presented
the minority report, a quadrennial
performance which usually reveals
the ugly, unspartanlike side of
a national convention. But not so
this time.

Representative Cooper, an el-
derly, silver headed man in a well
tailored cutaway, with a wing col-
lar looked like a scholarly old pro-
fessor. He had a good humored
scrappy manner that caught the
fancy of the crowd which had been
somewhat bored by the long, ted-
ious reading of the majority plat-
form.

Cooper threw out his sharpest
barbs in a way that made the gal-
leries laugh.

Repeatedly the galleries inter-
rupted him with applause and pouts.
Several times, he was booed and
hissed but he only laughed and
swung back his opponents with a
witty threat.

The incident was so unusual that
such a veteran convention fan as
Wm. J. Bryan rushed up to Cooper
afterwards and congratulated him
upon his remarkable reception he
received.

A straight-out conservative plat-
form, hewn to fit the wishes of
Calvin Coolidge, was laid before
the republican national convention
Wednesday night.

The platform ignored congress.

(Continued on page 8)

SHINGLED.

I was rather set against it. I'm
old-fashioned and I linger
Rather fondly o'er the treasures
that I've dearly learned to
finger.
I'm the kind that keeps old pictures
stored away in dusty places
And go stealing in to see them, all
the old-remembered faces;
So I rather wish she wouldn't when
she said she thought she'd do
it.
But she's been to town and done it,
and I guess that's all there's
to it.
"Not with my consent," I mur-
mured, when she spoke to me
about it;
"I don't ever want to see you go-
ing round the house without it
And she smiled and called me silly,
and she said when once I'd
seen it

She was certain I would like it.
Still I thought she didn't mean
it.
But you know the ways of women
—If it's their affair they'll
run it.
And now it's too late to argue, for
she's been to town and done it
I was rather set against it. I'm
old-fashioned, and I know it;
By a thousand foolish notions which
I'm clinging to, I show it,
and she says she likes it better
I'm forever looking backward to
the first day that I met her;
When it seems my dreams of beau-
ty were with raven tresses
mingled;
Now that wealth of hair has van-
quished—She's been down and
had it shingled!

(Copyrighted 1924, by Edgar A. Guest)

WEATHER

WEST TEXAS—General-
ly fair tonight and Thursday

C. OF C. IS HOST TO CLUB BOYS AND GIRLS

Club boys and girls from Lubbock, Lynn, Dawson, Mitchell, Noiland, Crosby and Dickens counties, accompanied by the county and home demonstration agents of those counties, arrived in Lubbock at an early hour this morning for an all day meeting at the county club house.

The morning was spent in taking registrations, assigning classes and classifying the various judging teams, and at one o'clock the entire attendance at the important meeting were guests of the Lubbock Chamber of Commerce at a barbecue lunch served at the club house dining room.

This feature of the program was enjoyed by everyone, and the club members were made to know that the business men of Lubbock are interested in their welfare and were willing to encourage such good work as they were here to do.

Immediately following the luncheon, County Agent David F. Eaton acted as chairman over a short program, the first speaker for which was Curtis A. Keen who talked to the boys and girls of the work they are doing and what it will mean to them in later years. County Agent C. T. Watson, of Larissa, then addressed the meeting and in behalf of all the visitors expressed appreciation of the hospitality that had been extended them by the members of the Lubbock county clubs and the business men of Lubbock.

Supt. M. M. Dugre, of the Lubbock City Schools and who has been directly associated with the educational problems of boys and girls for a number of years, talked in regard to the necessity of the boys and girls taking full advantage of every opportunity presented to them in the club work and told them something of the spirit of fellowship that should exist among them. He especially pointed out the advantages of being a good loser as well as a good winner in the contests in which they were about to enter, and said that while they should enter every contest with the strongest determination to win, that to become too disap-

pointed at failure to get first place would be most harmful to them.

Miss Helen Hubbard Swift, of the extension service of A. & M. College made a short talk on club work in which she encouraged the boys and girls to be industrious in carrying out instructions given them by their county and home demonstration agents. This closed the program, and the club members were then entered in a series of judging contests, which occupied their time throughout the afternoon.

Winners of the prize will be announced later, and all cash rewards will be given by the Weekly Avalanche. The contests which were held are only preliminary to the state contests in which the various winners will enter at College Station during the Farmers Short Course in July.

Leonard Middleton, a graduate in boys' club work and who is now doing diversified farming in Dickens county, could not resist the opportunity to get in line with the good work again and was among those who represented that county at the meeting. He was heartily welcomed and his presence was appreciated by those in charge of the programs, and he was called upon to assist in conducting the meeting at several times.

DUPLEX COMPLETED ON K. FOR MRS. BENSON

Duval & Jackson, local contractors, have just completed a beautiful duplex for Mrs. Corrie Benson on Avenue K.

This structure will lend substantially to the appearance of that section of the city.

LINDSEY WILL LET THEATRE JOB SOON

J. D. Lindsey, owner of the Lindsey theatre and a pioneer cattleman of Lubbock, let the contract Wednesday to McCollum brothers for the excavation for the basement to the \$100,000 theatre building which he will build on the corner of Main and Avenue J.

Mr. Lindsey will let the contract for the main building within ten days, it has been announced.

The new Lindsey theatre will be one of the best play houses in the country and will be a monument to Mr. Lindsey's continued faith in Lubbock and her future.

PROMINENT JURIST DIES FROM HEART ATTACK

WINFIELD, Kans., June 11.—Ill a year, Judge A. M. Jackson, prominent Southern Kansas jurist and politician, died at his home here Wednesday following a heart attack. Jackson was former judge of the

Cowley, Elk, Chautauqua district and was once a candidate for the governorship on the democratic ticket.

He will be buried Friday.

NO INDICTMENTS RETURNED IN YOAKUM CO.

District Judge Clark M. Mulican and court reporter Chas. D. Smith, are at home after having spent the first of the week at Plains conducting the regular June term of the 72nd Judicial district Court for Yoakum county.

No indictments were returned by the grand jury which convened Monday and which was finally excused from service Wednesday morning.

The next term of court in the 72nd Judicial District will convene at Levelland Monday morning.

CHURCH IS WELL ORGANIZED FOR WORK HERE

The "Classes of Professors" as they are called in the Presbyterian Movement for Christian Education have been selected by Mr. Neal H. Wright, Chairman of the Organization Committee, and the entire list of workers will be complete in a short time. Mrs. H. A. Davidson is Dean of Women's work and has selected the following professors: Mrs. L. C. Ellis; Mrs. A. W. McKee; Mrs. J. S. Johnson; Mrs. N. L. Peters; Mr. Wright will be the College President and his professors are Mr. D. F. Eaton, Mr. L. C. Ellis; Mr. S. L. Lightfoot; Mr. S. P. Robbins. Each of the professors will select four "Students" which makes up the organization of workers. All of the workers are expected to be present at the dinner to be given at the Armory at six-thirty Thursday evening June 12th at which time there will be a number of short talks and final instruction will be given for the actual canvass.

Mr. Wright, Chairman of the organization Committee, will be toastmaster and introduce the speakers.

Just here, it was pointed out by Mr. Green, local director of this

movement, is an opportunity for the Presbyterians of Lubbock to equal the records made by only two other cities in which similar campaigns have been held. In Montgomery, Alabama and Jonesboro, Arkansas every class was present with one hundred per cent attendance at the workers dinner. In other cases one or more members have been absent. Let us make the report for Lubbock equal to the best.

PERSONALS

Miss Sadie Woodard of Ralls, is in a local sanitarium.

Mr. and Mrs. Lincoln Sullivan and children of Littlefield, were here Wednesday visiting friends.

Mrs. W. G. Murray, formerly of Lubbock, but who now resides in Abernathy, was here Tuesday visiting friends.

Miss Lucille Moxley, daughter of Mr. and Mrs. R. D. Moxley of 1809 Fourteenth street, left on the one forty-five train Tuesday for Amarillo. There she will be joined by friends to go to Boulder Colorado, where they will spend several weeks vacation.

Miss Alma Grainger, a valuable member of the City office force, will leave Saturday for Louisville, Ky., where she will spend a two weeks vacation visiting relatives.

Mrs. Elma H. Moore, Field Secretary of Sullins College, of Bristol, Va., is spending the week end in Lubbock in the interest of her work.

Miss Osea White, daughter of Mrs. J. W. White, of 1108 Fourteenth street, will arrive here today to spend the summer, she has been attending T. C. U. at Ft. Worth. Miss White was accompanied by her sister, Mrs. P. W. Steed, of Wichita Falls, who will spend several weeks here.

Miss Katie Mae Harris, of Pal-

estine, a niece of Mrs. S. H. Stewart, will arrive here today to spend the summer.

Mr. and Mrs. Gus Collett and children, were here Wednesday from their home near Acuff.

J. L. McCulloch For Constable.
J. L. McCulloch announces in this issue of the paper, as a candidate for re-election to the office of Constable, Precinct No. 1. He announces subject to the action of the Democratic July primaries.

Mr. McCulloch says that he is a believer in the strict enforcement of all laws, and that if his official record as a peace officer in the past meets with your approval he will appreciate your vote in the coming July primaries.

V. E. Shipman, prominent business man of Pecon Gap, was here Wednesday prospecting. He had just shipped a carload of wool out of Post City and decided to take advantage of the opportunity to visit Lubbock while in this section.

BUILD A HOME.

WOULD BE VENUS CAUSES ARREST OF "PRODUCER"

By United News.
KANSAS CITY, Mo., June 11.—After he had asked her to disrobe, Myrtle Stamper, 19, caused the arrest of C. L. Buckley, who claims to be a producer of musical comedies here Wednesday.

"I was looking for a perfect 'Venus' for my chorus" Buckley protested. Twelve girls had failed to qualify.

Buckley will talk the matter over with Judge M. J. Kitroy municipal court Thursday.

Rev. Jack M. Lewis and family of the First Presbyterian church, will leave today for Navasota, Houston and other points in that section. They will visit at the home of each of their parents before returning to their home here, and will probably be accompanied home by his parents. They will be gone three weeks.

Robert Holgate of Brownfield, is in a local sanitarium.

PRETTY WOMAN SMILES AS SHE GIVES DETAILS OF KILLING IN HOME

Declares She and Family Were Almost Driven Out of House and She Made Up Her Mind to Put A Stop To It.

"You never saw anything like it," smilingly stated a dainty young woman in describing the killing in her home. "Five minutes after I started the entire floor seemed covered with them—all dead as a doornail. Then I called the cook to sweep them out."

"You'd smile, too," she explained to the astonished reporter, "if you had a house full of mosquitoes, flies and roaches that seemed to get fat and fatter on everything you used to get rid of them—and then to find that Fly-Flu killed them so quickly they didn't know what hit them."

You won't want to be almost driven out of your house by filthy, disease laden, germ breeding insects. Get a bottle of Fly-Flu. Spray it all around—in every room, in the garbage pail, the

sink; in the crevices and cracks and you will not only get the flies, but fleas, roaches, moths, water bugs and all other insect pests that may be hiding there. Fly-Flu is instant, sure death to the vermin.

Fly-Flu is a deodorant—absolutely harmless to humans or plants and cannot stain. Price 50c for a large bottle of Fly-Flu with handy sprayer free at drug-gists, grocers and other retail stores.

THE DEVELOPMENT OF THE SOUTH PLAINS

The development of the South Plains is nothing short of marvelous according to a statement made at a recent meeting, by the Governor of the Reserve Bank of this district, located in Dallas.

This gentleman has had occasion to study the condition of the various communities through the standing of the banks. And while the difference is some times in the management of the bank, he can plainly see that the development has much to do with the condition of this section of the country. He sees before the people of this country a great agricultural future. He sees the rich soil, and the determination of the people to succeed, and make the soil of this country produce those crops that will bring them money.

He is specially interested in cotton, and believes that the great plains section is going to be a rich producer of this crop, but in his good judgment, he holds out the theory of diversification. He contends that the farmer should have something to sell the year round, and it is this kind of a farmer that will succeed every year, and will never be embarrassed by debts. He says there is danger in living a head of production, and that while the bankers may be willing to advance money, and most of them are, to their full ability, on the prospects of a crop, it is a practice that is hurtful, not only to the bank, the business men and the country, but the farmer himself is worse off than if he had stinted through, and had not owed money on a crop that he did not make.

Diversification will make any community independent. Bank notes will finally bankrupt any community.

Plant plenty of cotton, but also plant plenty of feed stuff. A year's supply ahead will not be a miss. Raise a good many chickens, produce a good amount of cream and butter, and you will have a good living at home—better than the average town family, and at harvest time, you will not have to fork over all of your cash to the bank or to the merchant who has been carrying you through the crop growing season.

A year's supply of good food a head is much better than a year behind and with the proper marketing system, and with proper diversification this can be brought about, and the South Plains will always be the most prosperous country in the state.

PRESIDENT COOLIDGE.

President Coolidge seems to be dominating the Republican Convention so far as building the platform at least. President Coolidge has no opposition so far as the nomination is concerned, and the Republicans can not improve the situation by making a change even if they could.

President Coolidge has done much toward popularizing himself if not his party, by his policy of keeping down the expenses of the government to the minimum. He has not the cooperation of his present congress, and has not been able to accomplish many of the things that he has advocated, but he has showed a willingness to try, and in the face of great odds, has stood for the things that he believed to be the best for the nation.

He has promised the people of the United States a reduction in taxes, he has endeavored to do this, yet the Sixty-Eighth Congress in its extravagance has blocked most of his propositions and has brought to naught many of the things that he would like to have put through.

While he has had little control of the Congress just adjourned, he seems to have the leaders practically under his thumb as he has framed the platform, that they have adopted in the committee meeting. However, as opposition to the platform has developed, he is called into consultation by party leaders, for advise as to what to do in keeping pace with the brethren.

The Western delegation is displeased with some of the omissions of Congress, and they are disappointed at not getting relief to the farmers, and are inclined to want to tear up the platform that has been so neatly built by the president, and there seems to be a possibility of a warm time yet over the adoption of the 1924 platform.

Coolidge, we believe, is in sympathy with the needs of the people of the nation, and wants to relieve them of some of the burdens that have been loaded upon them, but unless there is a more harmonious congress elected he is going to have a stormy time, and little can be accomplished.

The American Cotton Growers' Exchange, a federation composed of 12 states association members, is planning for largely increased business for the coming year. The exchange, organized in 1922, has grown from 50,000 members to 250,000.

THE CLUB BOYS.

A large number of boys from several counties of the South Plains gathered at the Country Club house yesterday, and engaged in a judging contest, which will no doubt be of great benefit to them. These boys represent the various clubs of the South Plains country, and Lubbock was glad indeed, to have them as guests of the city.

The chamber of commerce contributed sufficient funds to give the visitors a real lunch, and we are told that it was a real enjoyable spread, and the boys had a good social meeting at the noon hour as well as a very enjoyable meal.

The club work in the South Plains is no doubt one of the most important things that is happening. The money spent in maintaining the county agent and the home demonstration department, we believe, is well spent. If they do not accomplish more than to give the boys and girls of the various counties training along lines designated by the agricultural departments it will be a good investment.

The boys who are engaged in this work will be the fellows that will have much to do with the development of the South Plains in years to come and the girls who are receiving training from the home demonstration department will be the wives of the boys, and hence will make the homes in a very few years, and that will mean that the South Plains will be largely in the hands of these boys and girls in a few years. The training that they receive will be beneficial to them in their work.

The Avalanche is deeply interested in the boys of this country. They deserve much more attention than the average fellow gives them, and we hope that the club work will increase each year, and cover a wider field and train them in more of the practical things on the farm, instill into them the best and most practical methods of doing business and marketing their crops and products, and this will do more toward keeping the boys on the farm and satisfying them with their job than anything else.

IN A CAMPAIGN YEAR.

One curious result of criticizing the investigations at Washington and ignoring the corruption uncovered, or what seems to be a result of that calculating policy, is now reported.—the discharge of 107 employees of the Edison Storage Battery Company at West Orange, N. J. These men were told that they were no longer needed because business was reduced, and that business had been reduced (1) because of partisan investigations at Washington, (2) because of the passage of the soldiers bonus bill, and (3) because the failure of Congress to adopt the Mellon tax reduction plan. When asked by a reporter why investigations at Washington should force a reduction in the number of this company's employees, the manager who signed the notes of discharge answered: "Well, after the inquiries got under way many of our customers began to lose confidence in the government and cut down or stop their buying."

This seems so obviously absurd that the open-minded observer can conclude only that the Storage Battery Company decided to make political capital out of a slack season and do a little electioneering. The country's prosperity does not depend on keeping official corruption hidden. Confidence in the government should be increased rather than diminished by the clean-up following the scandalous disclosures at Washington. So far as business is affected at all, it should be forwarded rather than depressed as a result of a wholesome housecleaning by the government. What may be hurt is not business or the country but the dominant party's machinery, and evidently a campaign to undo the inquiry by seeking to place the blame elsewhere is well under way. Nothing is surprising in a campaign year.

MOTOR TRUCKS AND COACHES.

While only 40 railroads in the United States were listed last year as operating motor rail coaches, a late compilation shows a total of 157, or an increase of about 300 per cent. These figures show that the use of the motor rail coach has proved its economy of operation.

More and more is the country coming to the city by motor vehicle. In Cincinnati during the past year, about 97 per cent of the city milk supply was hauled by motor truck; in Atlanta, the figures show 90 per cent; Kansas City, Mo., 75 per cent; Indianapolis, 60 per cent; Milwaukee 65 per cent; and Baltimore, 36 per cent. Other cities are fast falling into line and it will be only a short time before we can hope to see a motor truck service which will bring garden truck to the most distant point over night.

Motor truck fleets are increasing in number very appreciably throughout the United States. The largest fleet in the country is that of the Western Electric Company in New York City, with 12,032 units. The next line has 4,434, following down through to the last of 15 with a total of 790. It is worthy of notice that the combined fleets of seven of the biggest operators are in New York City with a total of 23,887.

Little Avalanches

People are most sorry after they have attempted to make someone else sorry.

The problems of civilization will never be solved until everybody is satisfied with a little money.

We are told that to be successful, we must overcome fear, but fear is still a very, valuable trait and productive of longevity when crossing Main street on a busy Saturday.

THE REPUBLICAN PLATFORM IS OUTLINED

By United News.
CONVENTION HALL, CLEVELAND, Ohio., June 11.—Following are the most vital planks in the republican platform, as ratified by the resolutions committee late today and presented to the convention for its approval tonight:

Foreign Relations: The republican party reaffirms its stand for agreement among the nations to prevent war and preserve peace; as an important step in this direction, we endorse the permanent court of international justice and favor the adherence of the United States of this tribunal as recommended by President Coolidge. The government has definitely refused membership in the League of Nations and to assume any obligations under the covenant of the league on this we stand.

Party Responsibility: In urging the people to elect president and vice-president, we urge them to elect to the senate and house of representatives women and men who believe in the republican principles acknowledged party responsibility and who can be relied upon to keep faith with the president carrying out the platform which the republican party now presents and pledges itself to fulfill.

Taxation: We pledge ourselves to the progressive reduction of taxes of all the people as rapidly as may be done with due provision for the essential expenditures of the government administered with rigid economy, and to place our tax system on a sound peace time basis.

Agriculture: We pledge the party to take whatever steps are necessary to bring back a balanced condition between agriculture, industry and labor. The restoration of general prosperity and of the purchasing power of our people through tariff protection has resulted in an increased domestic consumption of food products, while the prices of many agricultural commodities are above the world price level by reason of direct tariff protection. We promise every assistance in the re-organization of the marketing system on sounder and more economical lines and where diversification is needed, government assistance during the period of transition.

Law and Order: We must have enforcement of law. The substitution of private will for public law is only another name for oppressing disorder, anarchy and mob rule. Violations of law weaken and threaten government itself. The republican party pledges the enforcement of the constitution and of all laws.

Railroads: We believe that the American people demand, and we favor a careful and scientific readjustment of railroads rate schedules with a view to the encouragement of agriculture and basic industries without impairing of railroad service. The present laws regulating railroads which were enacted to meet post war emergencies should be modified from time to time as experience shows the necessity.

The labor board provisions of the present law should be amended whenever it appears from experience that such action is necessary. Immigration and Naturalization: The law recently enacted is designed to protect the inhabitants of our country, not only the American citizen, but also the alien already with us who is seeking to secure an economic foothold for himself and family against the competition which would come from unrestricted immigration. The administrative features of the law represent a great constructive advance, and eliminate the hardships suffered by immigrants under the emergency statute.

Constitutional Guaranties: The republican party re-affirms its yielding devotion to the constitution and to the guaranties of civil, political and religious liberty therein contained.

Philippines: The Philippine policy of the republican party has been and is inspired by the belief that our duty toward the Philippine people is a national obligation which should remain.

BORAH IS CHOSEN CANDIDATE FOR VICE PRESIDENT

(Continued From Page 1.)

eral hours. Meantime thirteen middle western and western farm states were holding a conference at the Hollendern Hotel and gave Judge Kenyon, of Iowa, a preferential vote. Senator Curtis of Kansas, also registered strong in this vote. On reporting the result of their caucus to the Coolidge managers, however, the mid-western found that Kenyon was not acceptable. Curtis was also objected to because of his vote in favor of the bonus. Curtis also lacks the campaigning abilities desired by the administration forces and as consequence the mid-western con-

ference found themselves out of step with the trend of events at the Cleveland convention.

Borah was then put forward. He meets the requirements of being from the west and has knowledge of farm conditions. The mid-western conferences had no objection to Borah as he fits in with their scheme of campaign quite as well as either Kenyon or Curtis. Upon entering to the Hollendern, some of the delegates of the mid-western conference said that the only reason did not receive votes in their caucus was they did not think he would accept his nomination. Borah issued a statement from Washington Tuesday saying he was not a candidate. Without the support of the west for Borah assured, the eastern states began lining up rapidly behind him.

Kenyon Favored By West

By RALPH H. TURNER
CLEVELAND, June 12.—William S. Kenyon, of Iowa, was selected as the preferential candidate for vice-president by delegates representing 18 middle western farm states a caucus early Thursday morning.

The caucus decided to report their vote to Wm. M. Butler, chairman of the Coolidge campaign committee and report back later to the caucus.

Kenyon received the votes of eight states, Senator Charles Curtis, republican whip, seven states; Representative Lawrence J. Dickenson, Iowa, and Governor Hyde, of Missouri, six states.

Under the system of voting adopted by the caucus, each state could cast one vote for four different candidates.

This system was followed in an effort to get the consensus of opinion on the man favored as a compromise candidate.

Burnquist of Iowa, announced that he was able to state that Judge Kenyon would accept the second place on the ticket.

While this ballot was being taken by the conference in the Hollendern Hotel, a series of conferences was in progress at the Cleveland Hotel. Butler presidential Secretary Slem, Theodore Roosevelt, Jr. and Secretary Weeks held a lengthy discussion behind closed doors. It was understood that the Coolidge managers were inclined to look with favor on Senator Curtis and it was pretty definitely indicated that if the mid-western conference group agreed on Curtis he would be acceptable to Butler and his advisers. Kenyon and Curtis were only one vote apart in the preferential ballot on the Hollendern vote.

PEOPLE AVOID YOU IF YOU ARE PIMPLY

A boy or girl may have ever so perfect a face, neck and pose, but if even one little pimple, blotch, bump or red spot shows, it ruins their whole appearance. You know how true this is, because you just naturally avoid people whose appearance is not pleasing.

These things are no longer to be endured, however, because thousands of people are getting rid of the worst and most stubborn cases of such skin diseases easily and quickly by using Black and White Ointment, and Soap. It seems like magic to eczema, ring-worm, itch, "breaking out," etc.

Dealers everywhere are recommending Black and White Ointment, and Soap, now. They are economically priced in liberal size packages. The 50c size Ointment contains three times as much as the liberal 25c size.

WALTER P. CHRYSLER'S TRAFFIC TALKS

THE ROAD "MOPE"

The road "mope" the man who wanders along a well used highway at ten to twelve miles an hour is more of a menace than a speeder. The "mope" is the man who compels others to cut around him and cutting around is a common cause of accidents.

"Mopes" should be legislated off highways. It is much safer to keep in a straight line at 30 or 35 miles an hour, especially in these days of four-wheel brakes.

And speaking of four-wheel brakes, no thoughtful driver will make sudden stops just to frighten the driver back of him whose car isn't equipped with such brakes. Some drivers using four-wheel brakes for the first time have had the rear of their cars smashed in making too sudden stops.

Always be thoughtful.

SPORT NEWS

PLAINVIEW ELKS MEET LOCALS HERE TODAY

The marble grounds have been cleared, jack knives have been put in first class condition for the mumble peg tournament, and local golfers have added materially to their vocabularies and completed other plans to meet the more than two hundred members of the Elks lodge of Plainview who will be here today to engage the local Elks in more than a dozen games. "Games of chance will not be permitted, but we couldn't keep from admitting several players having great possibilities attached to their playing records" a member of the local Elks lodge declared yesterday.

Elks sports day will be celebrated today by members of the Lubbock and Plainview lodges, and it will in all probability be one of the busiest days in the history of Lubbock.

A captain has been appointed to superintend each contest, and plans for making each and every play count for something in the final grand totals have been made. The games will be played on a thousand and per cent basis, and it won't be hard to determine the results of the tournament when the last game has been played late this afternoon.

Lubbock is proud of the opportunity to welcome the Elks. And they will find the entire citizenship gladly extending them a hearty welcome to the city, and it is hoped that the events of the day will tend to cement a permanent friendliness between the clubmen of the two cities.

Many Elks not affiliated with either the local nor Plainview lodge have been invited to attend and are expected.

CLEVELAND PITCHER IS BOUGHT BY BLUES

By United News.

KANSAS CITY, Mo., June 11.—The Kansas City Blues, 1923 Association champions, have purchased the services of Guy Morton, Cleveland pitcher.

Morton has been on the Indians' payroll for ten years will join the Blues at Columbus.

OLSON TO MEET WOOD HERE FRIDAY

Things are shaping up nicely for the Olsen-Woods match to be staged here Friday night, according to an announcement made last night by Ansel Hines, who is in charge of this branch of the American Legion work here.

Olson has been working out regularly since his last match and announces himself in the best condition of any time during his sojourn in this city.

"Sailor" Jack Woods, champion of the U. S. Navy is scheduled to arrive here this morning and will work out lightly on each day preceding the match.

Both of these men are champions from different sections of the country in the middleweight class, and from all accounts of past records of both men, this should be one of the best matches ever offered here.

Seats are now on sale at Bowen's

LEAGUE TO AID MEMORIAL FUND

With the arrival in Lubbock on Wednesday of Dr. P. W. Horn, interest in the evening's program of the league conference quickened, and attendance was unusually large. Dr. Horn had been to Austin where he transacted business with the board of control and the department of education.

The conclusion of the evening's program brought to a close the third successful day of the convention, and all indications are that the leaguers are well pleased with the entertainment that is offered them.

A special effort will be made by supporters of the Hughes-Carpenter Memorial Fund to have the various districts contribute to the fund at the eleven o'clock hour this morning. Pamphlets giving an outline of the purpose of the fund its origin and the incidents in the lives of the missionaries in whose memory it is inaugurated will be distributed among the leaguers today.

More than two hundred and fifty delegates to the eighth annual session of the Northwest Texas Epworth League convention were served lunch at the church Wednesday noon. The project having been so well engineered that it was possible to have the last plate given exactly seventeen minutes after the first one had been given to a delegate.

The leaguers have been in the very best spirits and members of the local church and league have exerted every effort to assist in entertaining them, and all this has combined to make the convention pleasant as well as profitable to the delegates.

J. H. Hamblin, pastor of the First Methodist Church at Clarendon, spoke to the leaguers at 10:45 this morning on "Personal Evangelism."

Immediately following this lecture a business meeting was held and the matter of electing officers was gone into.

A. G. Waugh, president of the Lamesa League, was elected president of the conference. He has had seven years experience in league work as district secretary in Alabama under Mr. Echols, nation-

ally known church man, and the delegates to the convention were proud of the opportunity to place the responsibility of this important position upon one so well qualified as is Mr. Waugh.

The Lamesa delegation, which is composed of more than thirty leaguers, and who are headed by Mr. and Mrs. C. T. Watson, is one of the biggest at the convention and they are showing keen interest in every feature of the work that is being done here.

U. S. Bird, of Abilene, prominent in conference work, was elected vice-president. He is a leader and will prove a valuable aid to the organization.

Miss Vera Porter, of the Tulsa league, was re-elected to the secretaryship. This being the only re-election made.

Miss Ruby Lee Landers, of Clarendon, was elected treasurer.

VERNE'S GLOBE GIRDLING PACE TO BE DISTANCED

International News Service.

LONDON, June 11.—Jules Verne will be well beaten by the round-the-world air traveler of the future.

The British Air Ministry has completed a schedule showing that in the near future the world traveler will be able to traverse the world by air in seventeen days, as against the eighty days which Jules Verne's hero took.

According to the schedule Aus-

tra will be reached from London in nine days, New York in fifteen days and the 27,000 miles circuit completed in seventeen days.

MUCH TIMBER ENDANGERED BY N. M. FOREST FIRE

By United News.

ALMOGORDO, N. M., June 11.—Six million feet of timber is endangered by a forest fire raging in the Benson Canyon 25 miles north of here. More than 200 men are fighting the flames and more have been sent for.

Woman Suicides

WICHITA, Kans., June 11.—After purchasing a revolver, Olive Atkeson walked across the street, entered the elevator of the Southwestern Bell Telephone company and committed suicide Wednesday. The woman is said to have been despondent over ill health.

SLATON PEOPLE MEMBERS PARK COMMITTEE

Supt. M. M. Dupre, of the Lubbock City Schools, and who is a member of the Lubbock County State Parks committee, went to Slaton Wednesday morning where he appointed Mrs. Coon, prominent clubwoman, and S. E. Staggs, former chamber of commerce official, of Slaton, as members of the committee.

It is the ambition of the committee to locate a suitable park site in Lubbock county and have it designated as a state park, and in this connection Prof. Dupre and other members of the park committee as well as representatives of several women's clubs in the county which are affiliated with county federation of women's clubs, will leave here at nine o'clock Friday to visit several places along the noted Yellow House canyon in quest of a suitable park site.

Mr. Dupre stated Wednesday that everyone interested in the state park project is invited to make the trip.

REVIVAL MEETING AT M. E. CHURCH BEGINS SUN.

Rev. W. P. McMicken, pastor of the First Methodist Church, is making preparations for the opening on next Sunday morning of a protracted revival meeting at that church which will be continued for two weeks.

Rev. McMicken is fortunate to have secured the services of Rev. R. B. Freeman, noted evangelist who will do the preaching while song services will be led by Rev. R. C. Eddins, who also is a director of young peoples' work and will be engaged in that work during the meeting. Mrs. A. W. Freeman,

Well-Merited Success

Honored politically and professionally, Dr. R. V. Pierce, whose picture appears here, made a success few have equalled. His pure herbal remedies which have stood the test for fifty years are still among the "best sellers." Dr. Pierce's Golden Medical Discovery is a blood medicine and stomach alterative. It clears the skin, beautifies it, increases the blood supply and the circulation, and pimples and eruptions vanish quickly. This Discovery of Doctor Pierce's puts you in fine condition, with all the organs active. All dealers have it. Send 10 cents for trial pkg. of tablets to Dr. Pierce, Buffalo, N. Y.

The Right Shortening is Important

SO MUCH depends upon it. Whether your cake, your biscuits or muffins shall be light and tender, or whether they will turn out tough and soggy is often determined by the shortening you use. Mrs. Tucker's Shortening is made exclusively of choice cotton seed oil. It is light and easily digested. It makes pastries and hot breads always tender and delicious.

Thousands of women are learning the satisfaction of always using a pure, dependable shortening. Mrs. Tucker's never gives a lardy taste to food. In frying, it browns food crisply and delicately. It costs no more than ordinary shortening and can be used again and again.

Mrs. Tucker's Shortening is made right here in the South. You'll like the air-tight, sanitary, easy-opening container for

Mrs. Tucker's Shortening

Made exclusively of choice Cotton Seed Oil. The South's own cooking fat.

pianist, will assist Rev. Eddins in the work with the young people and with choir work.

Rev. McMicken has expressed himself as being elated over the opportunity to bring these great workers to Lubbock, who will help revive the membership of the Church to a keener realization of their duties toward that institution

and to perhaps very material increase the attendance at all services by enlarging the membership.

BABY LIVES AFTER ITS EXTRA HEAD IS CUT OFF

International News Service. SUMTER, S. C., June 11.—Only three weeks old, a negro baby

was in a local hospital "getting along fine" today after having one of his heads removed.

When born the child had two heads, one natural and another at the base of his spinal column. After examination of the child physicians carried him to the hospital, where his extra head was removed. They considered the opera-

tion near miraculous in view of the fact that the child is recovering.

It was normal in every other way, the doctors said, and promises to develop into a healthy youngster. The extra head was fully developed.

Avalanche Want Ads Get Results

Commissioner Claud Denton and family will leave today for Childress and Wichita Falls where they will visit relatives and friends. They will be gone about a week. George Barnett, of Post City, was here Wednesday visiting his brother, Will, of the local postoffice. Mr. Barnett was at one time postmaster at Post City.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Lubbock, WHEREAS, By virtue of an Alias Execution issued out of the District court of Lubbock County, Texas on a judgement rendered in

said Court on the 20th day of February, A. D., 1924, in favor of International Shoe Company, et al. and against A. Judd, and W. A. Ford, jointly and severally No. 1702 on the Docket of Said Court, and to me as Sheriff, directed and delivered, I did on the 11th day of June A. D. 1924, at 10 o'clock A. M., levy upon the following described tracts and parcels of land situated in Lubbock County, Texas, and belonging to A. Judd and W. A. Ford, defendants, to-wit: The following property of A. Judd, defendant: lot No. 12 in Block No. 40 original town of Lubbock, Lubbock County, Texas, all of blocks 80, 81 and 82 of the Wheelock second addition to the town of Lubbock in Lubbock County, Texas.

between the hours of 10 o'clock, a. m., and 4 o'clock p. m. on said day at the Courthouse door of Lubbock County, Texas, in the town of Lubbock, I will offer for sale at public auction, for cash, all the right, title and interest of the said A. Judd and W. A. Ford in and to said property.

WITNESS my hand this 11th day of June A. D. 1924.

H. L. JOHNSTON, Sheriff of Lubbock County, Texas, by U. L. George, deputy. 194-4.

TIM STOVALL WILL ARRIVE HOME THIS MORNING

Tim Stovall, linotype operator for the Avalanche who has been in failing health, will return to his home here today, according to a telegram received by Mrs. Stovall here Wednesday.

News of his condition has not been received in some time and it is not known whether he will resume work immediately after reaching the city or not. Much concern over his condition has been shown by all members of the Avalanche force and others of his friends in Lubbock.

BUSY BEE CAFE HAS FORMAL OPENING

Approximately 5,000 people came into my place of business last night said Sled Allen, owner and proprietor of the new Busy Bee Cafe, in commenting on the formal opening held by this institution.

On account of the throngs, it was impossible to close the doors at 9:30 the hour announced and many were still dropping in until near midnight.

This business, which has been run under the same name here for the past year or two, was forced to close about the middle of March on account of the expiration of lease on the building which housed it.

In the meantime the building which formally housed the Army, has been remodeled throughout, and one of the most complete plants for a cafe that can be found in West Texas has been established, including practically all new furniture and fixtures.

Everyone who visited this institution last night was served absolutely free with any quantity desired of coffee, iced tea, cake and pies, and the Busy Bee is once again formally open to the public.

REPUBLICAN PLATFORM ADOPTED

(Continued from page 1)

all declarations were shaped by Coolidge members and formed with the president's recent utterance and executive acts.

Progressives were ignored, except for a pointed statement urging party loyalty which caused the La. Follette delegates to protest in the platform drafting sessions earlier in the day.

Important planks in the republican platform are:

Adherence to the World Court as recommended by President Coolidge.

Reiteration of hostility to League of Nations.

Placing of prohibition enforcement field agents under civil service.

Demand for election of congress that believes in party responsibility and will carry out republican pledges.

Unyielding devotion to constitution and guarantees of civil, political and religious liberty therein contained.

Points with pride to tax returns already affected but pledges further progressive reduction as rapidly as possible. Omit mention of Mellon plan by name. Condemns carelessness in levying taxes.

Urges calling of another Arms Limitation Conference to deal with land armaments, submarines, and

poison gas as proposed by President Coolidge recently.

Opposed debt cancellation. Upholds protective tariff and flexible tariff now in effect.

Promises to work for balance between agriculture and industry, blames farmer's troubles in part upon the democratic administration.

Urges scientific revision of present railroad schedules to provide for lower rates on agricultural products, and basic industries.

Promises modification of railroad labor board's powers.

Endorses collective bargaining, mediation, and voluntary arbitration.

Opposes compulsory action in settlement of labor disputes.

Public opinion regarded as final arbiter in any labor crisis affecting suspension of transportation.

Recommends adequate tariff on farm products.

Commends proposed amendment against child labor.

Declares for eight-hour day.

Points to elimination of 12-hour day in steel industry, as reform due to Harding and Coolidge. Promises further opposition to 12-hour day and seven day work week.

Promises solicitude for the disabled veterans, silent on bonus.

Endorses conservation of natural resources with safeguards against waste, speculation, and monopoly.

Upholds immigration restriction law.

Recognizes duty to preserve clean and honest government and to punish defilers of public service in or out of office.

Condemns sale of official favors.

While the resolution committee labored all Tuesday night and Wednesday in smoke-laden caucus rooms drafting the raft on which Coolidge will ride for the duration of the campaign, delegates and other convention leaders moved about in bewilderment over the vice presidential nomination, but by night-fall, they were as undecided as ever.

Hoover seemed to be leading, having the advantage of cabinet support. But Brigadier General J. G. Harbord, Judge Wm. S. Kenyon and a host of others are lined up on the roost, ready to be hauled down and sold to the convention.

Insistence of western delegates on a farm candidate further complicated the situation.

The decision of the delegates regarding the vice presidential candidate lead many convention leaders to suggest that Coolidge be asked to indicate a preference in order to crystallize sentiment at the convention and avoid a tedious series of ballots. Coolidge, it is understood has told his managers that they must get through Thursday night. He doesn't want to break the run of Coolidge luck by risking a nomination on Friday the thirteenth.

Considering the absence of real controversy the platform makers moved along tediously. They sat all night in Chairman Warren's room and by daylight the red-eyed, sleepy committee members filed out with a tentative platform which fitted perfectly into the president's record.

TRIAL OF SLAYERS SET FOR AUGUST FOURTH

(Continued from page 1)

he made this announcement, Leopold, who apparently thought the motion date was the trial date, half turned and gave Darrow a dismayed look. His lawyer reassured him.

Loeb's demeanor and appearance caused considerable comment on the part of officials and others who have watched the actions of the two slayers from the time they were arrested. Loeb, was haggard He looked worried. He stood in a rigid posture after he entered the court. At times he turned his head slightly. The whites of his eyes seemed to be thrown into an unusual prominence.

U. S. ENABLES BULGARIA TO PRODUCE PHYSICIANS

SOFIA, June 11.—Bulgaria's corps of practicing physicians has been augmented by the first detachment of "home-made" doctors ever produced in this country.

The Medical Department of Sofia University has just graduated its first class. The department was established during the war, but it

was not until four years ago that a complete medical course was instituted. There were forty-three students in the first graduating class.

Prior to the establishment of the department Bulgarians who sought to study medicine were forced to attend universities in other countries.

The success of the department has been made possible largely thru gifts from the Rockefeller Foundation.

Charges Prohibition Does Not Stop Drinking

CHICAGO, Ill., June 11.—Alleging that there is more drunkenness now than before prohibition, Dr. Charles Chalmer offered resolutions calling for a liberalization of the Volstead act as affecting the physicians adopted by the house of delegates of the American Medical Association.

He stated that immediately following the adoption of prohibition that he noticed a marked change for the better, but the pendulum has swung the other way.

HAS THE WORLD GONE MAD!
LINDSEY
 TODAY

Are we a nation of self-indulgent lunatics swept off our feet by the scarlet tidal wave of jazz? Are we blind to the consequences of our terrific pace? Are we adrift in the swirling backwash of the Great War—weak-willed, weak-hearted—a hopeless prey to the shams and follies of an age of madness? See this smashing denunciation of a society madly drifting toward God knows what!

EXTRA "SENIC" AND PATHE NEWS
