WEATHER

WEST TEXAS: Partly cloudy tonight and Saturday; probably showers.

A BIG BARBECUE WILL BE ONE OF THE SEVERAL ATTRACTIVE FEATURES HAD AT DEMOCRATIC MEET

The democratic and constitutional clubs of Lubbock county, will stage a great barbecue and get-together meeting at the ball park in Lubbock, Wednesday, July 23rd, to which everybody is cordially invited.

Hon. R. M. Chittwood, together with a number of other prominent and entertaining speakers, will appear on the program and the veterans of the county are especially urged

to hear these talks. Ladies are especially invited to attend the meeting.

Thirty-one beavers to be barbecued for this occasion have been liberally donated by good farmers of the county who are members of the club or who are interested in the success of this gathering and are willing to do their part in making it so. Several hundred dollars in cash have been contributed to

be used in entertaining the crowd which it is estimated will number twenty-five thousand. Our neighboring city of Slaton has heartily joined hands with Lubbock and is sharing the incidental expenses of this barbecue and picnic.

R. J. Murray, chairman of the democratic executive committee of Lubbock county, in a message delivered to the Avalanche wrote the following lines concerning arrangements for the feast and the part the good women of the county can have in making the meeting a success:

"Ladies are especially invited, if convenient, we invite them to prepare and bring cakes and pies and all the other eats that go with them for the comfort and welfare has been provided."

A hearty welcome awaits the many people of surrounding counties who will be guests of Lub-

bock and Slaton democrats on this occasion and it is hoped that large delegations will represent the various towns on the plains.

BOY THREE; AND GIRL SIX ELOPE. BUT POLICE INTERFERE

By United Press.

HOUSTON, July 18.—Bobby Allen, 6, red headed, never had ridden in an automobile. He took his first ride in one from the police station to his home.

Bobby and his little brother, 3, had come down town to see what they could see. Bobby wore a black striped shirt and overall, no hat, no shoes or stockings. Little brother wore one of these serious garments known as "rompers."

A policeman picked them up by the slack of the pants in the middle of two streams of traffic on a busy street and sent them to the station.

Bobby didn't know his brother's name, he said. Mother always called him "brother." They lived "out on Milan street." Mother worked at a nearby cafe.

When the mother arrived, Bobby's story went all to pieces.

"Brother" wasn't a brother at all, but was a little girl next door. The two were cloning, and Bobby was lying to save the lady's honor.

The sergeant booked him for false swearing, given an assumed name, and abduction of a woman, and then sent him home in the biggest shiniest police automobile in town, with the fair one—and his mother too—as company.

A new automobile highway over 600 miles long now joins the Nile to the Congo, and it is predicted that in no great while even the deepest jungles of Africa will not be safe from the smell of gasoline and the chug of the motor car.

Girls Encampment Is To Be Held On Palo Duro

Special to the Avalanche.

CANYON, Texas, July 18.—One feature of the Northwest Texas Girls Camp which will be held in the Palo Duro Canyon, 25 miles southeast of Canyon from July 19 to 29, will be an evening program given by members of the Young Women's Christian Association of West Texas State Teachers College. It will be the purpose of this program to demonstrate to the girls in the camp how the Young Women's Christian Association aims to develop the physical, mental and spiritual in the life of

girls through its wide variety of activities.

The program will be under the direction of Miss Ruth Lomas, of Canyon. Mrs. T. C. Delaney, Methodist Student Secretary at the Teachers' College at this place is in general charge of the camp. She will be assisted by prominent Methodist women from all sections of the Northwest Conference of the Methodist Church.

This is the 4th annual Girl's Camp and Mrs. Delaney reports that the attendance will be much larger than ever before.

Friction between the United States and Roumania is said to be threatened owing to legislation in the latter country unfriendly to the vested interests of some of our biggest oil concerns. Apparently oil is the one thing powerful enough to modify the dominant American policy of no "entanglements" in Europe.

being paid, some of them five years after maturity. Wheat, oats, rye, cotton, hay and hogs are among the farm products which have advanced sharply.

When the committee resumed its session Saturday, it will receive Wheeler's answer. Other business scheduled includes arranging details of the drive for a campaign fund.

Wheeler had indicated rather strongly Thursday that he did not want the nomination and it was generally thought that he was out of consideration when the conference opened Friday morning.

The progressive would regard Wheeler as a strong nominee because of his work in the investigation of the department of justice which forced former attorney general Daugherty from office.

He has announced that he will campaign for Senator Walsh, his colleague in the senate, whose progressive will support for re-election.

Walsh, however, is backing Davis, and was kept from being the vice presidential nominee of the democrat party only by his own insistent refusal to accept.

The national committee spent its morning session in routine details, adding then new members to its personnel, bringing the total number up to 32.

Alexander Kahn, of the Daily Forward, New York; Mrs. Bertha Hale White, Chicago secretary of the national socialist party; Almeron Lee Norman Thomas, New York, league for industrial democracy; Joseph Shanks, Ohio; E. C. Fairis, Greensburg, N. C., farmers union; Charles McGowan, secretary Illinois conference for progressive political action; and Paul Scharrnberg, secretary California Federation of Labor and

NEW YORK, July 18.—Wall Street predicts a golden harvest of \$11,000,000,000 for the American farmer owing to the speculative increase recorded in the last 30 days in the prices of nearly all farm products.

Within one month, it is estimated in Wall Street, the value of the principal American farm crops has increased by \$430,000,000 pushing the sum which farmers should gain from their 1924 harvest to nearly eleven billion dollars.

Business already beginning to revive in proportion to the rising market bankers say, and in the sections of the west where bankers have been carrying nearly bankrupt farmers on their books for months debts are

WHAT IS THE MATTER WITH YOU LUBBOCK FOLKS ANYWAY.

We just simply do not understand just what is the matter with these Lubbock folks anyway. We believe this is one of the dirtiest, raggiest towns that we have ever had to gaze upon.

There has been some talk of a clean up campaign by the Rotary Club and the Kiwanis Club, but we presume that is just about as far as we have gotten in the matter. Talk will not clean up alleys. It will not haul away the trash, and one or two parties working on the job will not get very far.

We believe the city commission, the Kiwanis Club, the Rotary Club, and every civic club and the chamber of commerce should have a joint meeting, and begin a campaign that will clean the town from center to circumference, and a campaign that will last into years, and not cease with the end of a week.

We should have the cleanest and prettiest town in the west on account of the many distinguished visitors that will be coming here from time to time in connection with the Tech College, and their impression of the town will have a wonderful influence in bringing people here or turning them away.

The political campaign will soon be over, and the mudslinging will be a thing of the past, and then we will have time to get down to a real clean up program, and make the town shine.

Because of the enactment of a Rumanian law, alleged to be prejudicial to the interests of the Standard Oil Company it is alleged that Peter A. Jay, the American minister has been ordered to return to Washington.

CRYING NEEDS.

Speaking of crying needs in Lubbock. The hotel, of course, is the first thing, and while we are on this statement, we will recite a conversation that we heard on the street yesterday.

This happened in July, one of the dullest months that we have, and from now on through the fall and winter, the hotels in Lubbock will not be able to take care of the business, and it will give the town a black eye.

Another crying need is office room. We know of a number of fellows who would like to open offices now, who have no suitable place to go, and others would no doubt come if they could find a place to hang out their shingle.

Still another is a federal building for the post office. There is no chance for better service as long as they are cramped up in the present location.

REPUBLICAN PRAISE OF DAVIS.

John W. Davis promptly announced that "there can be compromise with reaction," and "liberal principles must and will prevail."

There can be compromise with reaction, and liberal principles must and will prevail, and that he would obey this "mandate of the hour."

DAVIS CAUTION ON LaFOLLETTE VIEWS.

The more thoughtful politicians of both old parties advise caution in denouncing the platform of the LaFollette party, and to avoid an unpleasant boomerang old leaders are reminding their followers that of the 31 planks presented from his state since 1908, all of which had, at sometime been called "radical" 26 have been enacted into laws by both Democratic and Republican administrations.

While the epithet of "Socialism has been hurled at the LaFollette platform and measures it is pointed out that of the 13 planks submitted by Wisconsin in 1908, 11 have since been enacted into law, and of the 18 propositions submitted in 1912, 15 have been written into the federal statutes, one has been partly enacted into law, and one was in the Republican platform of 1916.

The Panama Canal is the government-owned and managed institution that pays well. August 15th will be the tenth anniversary of its official opening to traffic.

STOCK TURNOVER ATTAINS RECORD FIGURES FRIDAY

By EDWARD J. CONLON (United News Financial Editor) NEW YORK, July 18.—Though sharp reactions occurred in the commodity markets following the gains of the previous day, Friday saw one of the most remarkable exhibitions of strength in the stock market since the bull movement began.

The external aspects of the traditional politician are lacking in Shaver. He looks like a country lawyer, who mixes his practice with farming.

QUALIFICATION FLIGHT IN MUNICIPAL GOLF TOURNEY CLOSED FRIDAY; PAIRS FOR ELIMINATION BE POSTED TODAY

Closing the qualification flight of the first annual municipal golf tournament, twelve of fourteen pairs of aspirants for crowning honors at the meet battled around the eighteen holes on the municipal course yesterday afternoon...

J. O. Smith, president of the association, who has spent a great deal of his and his employers' time, to say nothing of small miscellaneous bills, which were naturally incurred in the improvement of the course...

The Eric Pusey-Lee Duggan match was the next hottest one of the day's running, "Jersey" Posey turning in a 79 to his opponent's 83, but slightly eclipsing this count was the score of Jo Dick Slaughter, paired with Ross McWhorter...

Beginning with today's matches, elimination will begin, but at a late last night, the pairs for the first elimination flight had not been mapped out. These will be posted this morning at Bowen's Drug Store following a drawing which will be in charge of J. O. Smith.

The elimination rounds will be played in five flights, comprising a total of forty men divided into five classes, with eight in each class. Following the first flight four men will be eliminated from each class, thus leaving twenty for the second flight.

To the present no trophy has been offered for the ultimate winner of the tournament, and according to a statement of J. O. Smith, the association itself will not offer one, due to the fact that all proceeds derived from membership cards and other sources will be devoted entirely to the maintenance and improvement of the course.

TIGERS BREAK INTO TIE FOR SECOND POSITION

After a long visit in the upper register of the American League, the Washington Senators unaccustomed to the rarified atmosphere of that status have been overtaken by the Tigers and dragged into a tie for second and third places.

The Yanks kept the top nook from which they ejected the Senators some time ago after a prolonged pursuit. They split a doubleheader with the Indians at the Yankee Stadium...

The White Sox dropped one to the Athletics 4 to 3. This handed the Sox down to the Browns who are in fifth place, but only a short distance behind the Chicago club.

For the second successive day the Giants lost and the Cubs won, incidents which have whittled a sizeable chunk off the Giants' leading margin.

Rixey of the Reds held the Brooklyn team to three hits, and beat them 4 to 0. The Dodgers were on the heels of the Cubs a few days ago.

The trailers, St. Louis and Boston, met in St. Louis and the Cards won ten to four.

ONE WORLD RECORD AND THREE OLYMPIC MARKS CRASH AS AMERICAN SWIMMERS DASH TO FURTHER VICTORY AT PARIS

PARIS, July 18.—One world record and three Olympic marks were washed out by American swimmers in another day of victory at Les Tourelles Pool Friday. The women's 400 meters relay team composed of the Misses Ederle, Wehselau, Lackie and Donnelly, won the championship splash in 4:58.410, which was an improvement on the best mark ever made by woman before.

Johnny Weismuller, the American star who has laundered out more world records than any other swimmer, won the 400 meters free-style race in 5:04.219 which was a new Olympic record.

Keatocha, of the American flotilla cruised 100 meters on his back in 1:13.1-5, new Olympic time, winning the back-stroke title over Wyatt, of Uniontown, Pa., who was second, and Bartha, the Hungarian, who came third.

In the 200 meters breaststroke for women, Miss Garaghty, of the United States was second 4-5 of a second behind Mrs. Norton, of the British team.

Miss Becker, of the American team gave the United States a fourth championship in the water when she won the final trials in the spring board diving competition.

Duke Kahanamoku, the old Hawaiian water-buffalo, and his associates on the 800 meter relay team, Howell Breyer and Clancy, brewed the water to victory on the first elimination heat of the event, easily defeating the Italians.

Sweden won the second heat with the Holland second. Time 11:45.4-10. The third heat went to Australia in 10:10. Japan was second, Australia the Argentine and Czech-Slovakia also swam.

Weismuller simply elanged the engine room bell for more steam on the propellers when he decided to take the 400 meters championship.

AMERICAN TENNIS TEAM DRIVES ON TO VICTORY

PARIS, July 18.—With only one break in the line, America's tennis forces swept forward to new victories on the Olympic courts Friday under auspices of candid hostility.

Helen Wills defeated Mme. Golding of France 6-2, 6-1, in the semi-final of the women's championship and qualified to meet Mlle Vlasto.

There are continuing disturbances in the land of Teapot Dome, the failure of six Wyoming banks in two days being reported.

Mlle. Vlasto, although she is a very capable player, is not ordinarily regarded as the equal of Miss McKane, whom Miss Wills expected to meet in the final.

Richard's error in a recurrence of the anti-American sentiment and tried to put him off his game.

The young American is to meet Cochet of France in the final and championship match as Cochet unexpectedly vanquished his countryman, Jean Barotra, winner of the recent Wimbledon men's singles title.

R. N. Williams, the American men's captain and Mrs. George Wightman commander of the women's squad went on to the semi-final round of the men's doubles by defeating Fick and Miss Muller of Sweden.

Mme. Golding was a much better loser than her illustrious countrywoman, Mlle Suzanne Lenglen.

Mlle Suzanne Lenglen, who defaulted this and the Wimbledon tournaments on the grounds of illness.

Miss Wills did not have to exert herself to the limit to beat Mme. Golding after she was able to take advantage of her opponent's misplays to win neatly.

In the finals she has a highly ornamental chance to win the Olympic championship which is just as
