PARKS BOARD HERE TUESDAY

SITE OFFERED HERE AS STATE PARK GIVEN INSPECTION

The Texas Parks Board, composed of Messrs. F. K. Warner and W. C. Martin, Messrs. Herbert Key, of Marshall, Texas, Vance Frather, newspaper and magazine writer, and a member of the state parks commission of Kentucky, and D. E. Colp of San Antonio, arrived in Lubbock at about noon today.

The terrific attack on two defendants, their counsel and the kind of a defense that had been introduced to prove to Justice John R. Caverly that he should mitigate punishment...

Darrow Enraged Here was Darrow, alternating between terrific accusation and denunciation; here was Darrow, quivering with rage, his sarcastic smile gone, frequently jumping up and shouting objections to the closing argument...

They were guests of Lubbock County Parks Committee at lunch at the Texas Cafe, immediately following which Messrs. Martin and Warner left by train for Plainview and the other members of the commission were accompanied to the proposed park site east of Lubbock by members of the Lubbock County Parks committee...

Plans for establishing a state park here will be carried to completion by the enthusiastic members of the committee here who have been assured any co-operation that could be given them by Mrs. Warner or other members of the State Parks Board.

ROSS EDWARDS WILL YIELD THE BIG STICK KIWANIS LUNCHEON; NOTED ARTISTS TO APPEAR ON PROGRAM

Group No. 3 of the Kiwanis Club, composed of Ross Edwards, chairman; Dr. W. E. Craven, J. T. Collins, M. M. Dupre, H. A. Davidson, C. E. Hill and N. L. Long, will have charge of the program at Thursday's luncheon and according to Ross Edwards that group has been fortunate to secure some real talent for Thursday's program.

The Kiwanians will be given several vocal selections by artists of the Metropolitan Choral Club, while this feature of the program will perhaps be surpassed by the instrumental numbers to be given by members of the Metropolitan Orchestra, who Edwards stated would be in Lubbock for a few hours on that day and that he was sheer luck that their services for this occasion have been engaged by group No. 3.

George W. Brewer, who was given a copy of the program that Edwards will have carried out at Thursday's luncheon, complimented him upon getting the other members of that group into action so early in the week and pointed out that of the program was made out on Monday of each week there would be no delay in getting the letters to the members. George has put the local club on an efficiency basis and not since he became secretary has any report been sent out from headquarters showing Lubbock to be behind on any feature of the work of the Kiwanis club. This is not the case with all clubs and the members appreciate what is being done by Kiwanians George.

FRENCH SENATE APPROVES PLAN OF LONDON PACT

the world market instead of merely a \$200,000,000 loan.

Assailing the principle of arbitration by neutral powers in the event of Germany's default, Poincare said: "Germany easily can find neutrals who will defend her against the measures she will assert 'im-poverish her.'"

He pleaded for continuation of the military occupation of the Ruhr urging "France must not evacuate an inch until the bonds provided for in the Dawes plan are taken up."

JUDGE REFUSES TO ANNUL MARRIAGE OF YOUNG BRIDE

KANSAS CITY, Aug. 26.—Mrs. Lorain Stompoly Mossie, 14 year old bride of one month, walked out of circuit court here Tuesday and stamped a little foot angrily because Judge O. A. Lucas has temporarily refused to annul her marriage to Joe Mossie, 30.

The youthful bride accompanied by her brother, John Stompoly accused Mossie of tracking her into the marriage, which she charges was performed by a Syrian priest, in the native tongue, on July 25, last. Mrs. Mossie also charged that her father had obtained the license and swore that his daughter was 17 years old. She said she was absolutely innocent of the whole affair, not even knowing that a marriage ceremony was taking place.

"I don't love the man and never have," the young girl sobbed. "I have never recognized the marriage as legal and binding and never will."

Judge Lucas refused to annul the marriage and set Monday as a day for hearing on the proceedings.

ACTION FOLLOWS LONG DEBATE OF HERRIOT AND POINCARÉ

By United News. PARIS, Aug. 26.—Overcoming the strenuous opposition of his predecessor, M. Poincaré, Premier Edouard Herriot won a vote of confidence in the French senate Tuesday night and received that body's approval of the Dawes settlement as embodied in the London protocol.

The senate supported Herriot by a vote of 204 to 40. The chamber deputies having already approved the London pact, its ratification by the French parliament is assured.

Poincaré in a six hour speech which at times developed into an acid word duel with Herriot, defended militarist methods of dealing with Germany against his successor's attempt to settle the reparations problem by an agreement based on the Dawes plan.

The keynote of Poincaré's oratory was distrust of Germany and the admonition that France should trust only in force.

Summing up his arguments in support of the Ruhr occupation, Poincaré declared: "France never should have abandoned the Ruhr unless assured of Germany's good faith. The policy of good will justified only if Germany repents in like manner."

The only pacts guaranteeing France against fresh aggression are defensive alliances based on military agreements.

"England refuses this. Therefore France must refuse to disarm. France is not guaranteed by sea, therefore she must watch her security on land."

The London pact, Poincaré emphasized, was based "on the shifting sands of Germany's good faith. Dealing in detail with modification of the Dawes plan made by the London conference, Poincaré especially criticized the presence of an American delegate on the reparations commission which, he pointed out, would prevent France from having a majority on that body. He charged that the international financiers had abdicated the deliberations of the London conference, adding that Herriot should have wanted nothing until after the financiers guaranteed they would place Germany's railroad and industrial bonds on

the state's attorney is not entitled to make any inferences that Robert Franks was mistreated in a sexual way."

PARK MEETING THAT WAS CALLED TUES. WAS NOT HELD

The meeting which was called to be held at the Courthouse here Tuesday morning at ten o'clock in interest of the State Parks in Texas with regard to the establishment of a park in Lubbock county was not held but a mass meeting will probably be held at a later date.

Plans to establish a state park near Lubbock will be carried out, M. M. Dupre, member of the committee, declared here Tuesday.

Mr. La Guardia, Republican Representative from New York, will vote for La Follette because, as he claims, he prefers righteousness to regularity. Of course he knows what regularity is, but his ability to recognize political righteousness on sight will be questioned.

A skeleton believed to be that of King Richard the Third, who was killed at the battle of Bosworth Field, in Leicestershire in 1485, has just been unearthed and handed over to the Leicester museum.

Young Men Designed These New Fall Suits

The makers have put the ideas of the well dressed young men of this country into the new fall models. They really designed them. The easy fitting informal styles are just the way they want them. The values are the way they want them, too. A lot of file, all wool quality for every dollar you spend.

HART SCHAFFNER & MARX SUITS \$40 TO \$90 OTHER SUITS \$22.50 TO \$35.00

FALL STYLE NOTES
Two and three button single breasted coats are the favorites. They hang very easily; some hug the hips a trifle, others have a suggestion of the waist line. Trousers are full and drop straight to a wide cuff.

THE NEW COLORS
There are many new shades that are extremely good; parrot blue is one of them; London lavender another; also lava grey and the new tones of brown. Deep blue, too with self patterns are smart.

IMPRESSIVE SERVICE CONDUCTED AT THE CHURCH OF THE NAZARENE AND LARGE CONGREGATION HEARS OWENS

Evangelist Owen preached Monday night to a large congregation on the text "Jesus Christ, the same Yesterday, Today and Forever." He spoke of the wonderful improvements that have been made by man along many lines. Man's dissatisfaction with the old or a mode of travel has resulted in many improvements until today we have the many makes of fine automobiles and airplanes which almost annihilate distance. Man is constantly trying to find easier and better methods of doing things but the plan of redemption mapped out by God before the foundation of the world can never be improved upon, he said. "It can never be made better for it is the best. It was fashioned to comply with every need of human and life throughout all ages. The old-fashioned religion is still sufficient for every contingency in life. "Man has tried to improve upon it as a result he has a bible without inspiration, a Christ without divinity, an atonement without any blood, a heal without any fire if indeed any hell at all." "The Bible the written thousands of years ago has never been equalled. It is the masterpiece of literature. Its contents prove its inspiration for no human mind has ever been able to ascend to its heights, or down to its deepest depths. It yet contains many treasures that have never been mined." The evangelist closed with an eloquent description of what Christ can do for the human heart and made a plea to his hearers to heed God and be saved in the old-fashioned way of repentance, restitution and faith. A number requested prayer that they might find Christ in the pardon of their sins. Although it rained almost throughout the entire service the speaker held the undivided attention of his congregation. Mrs. Owen sang a solo which was impressive and added much to the services. The local church and pastor are more than delighted with these humble, spiritual exercises and hope all christian people of the city take advantage of the opportunities to attend the services and get fed and blessed. Good preaching, warm welcome, an excellent services assured.

ABOARD LINER BERENGARIA, Aug. 26.—The Prince of Wales has occupied the greater part of his time in sports and athletics while sailing for America, today he was a member of one of the "lug of war" teams. So far he has spent most of his time in seclusion, disappointing the American and English girls who gather every night in the salon expecting to dance with him.

The War of 1812 ended 163 years ago, but Uncle Sam still pays pensions to two score persons because of it. It is reported that one soldier's pension was not paid until ninety years after the last battle was fought.

Evidence Continues In Favor of Karnak

The wonderful value of Karnak for convalescents and in cases of a general rundown condition is again forcefully demonstrated, this time in the case of Mrs. R. Russell, 4148 Texas St., Dallas, Texas. "A month ago I had an attack of bronchial pneumonia and yellow jaundice at the same time," declares Mrs. Russell, "and it seemed impossible for me to ever regain my strength. The slightest house work would force me to give up and go to bed and the least excitement would get me dreadfully upset. "I decided to try Karnak, and two bottles have improved me so wonderfully in every way that I feel it my duty to tell everyone about the medicine. It is simply a blessing and I cannot say half enough for it." Karnak is sold in Lubbock by the City Drug Store.

HURRICANE HITS SEVERAL STATES LATE LAST NIGHT

WASHINGTON, Aug. 26.—Sweeping northward and leaving a path three hundred miles wide, one of the most violent hurricanes in memory struck along the seaboard today moving through Virginia, North and South Carolina, Maryland and New Jersey coasts on into New York.

No casualties had been reported at an early hour but property damage was terrific. Shipping had been warned and it is believed that no heavy loss was sustained there.

Forty were injured in New York. Great waves pondered the waterfront and bungalow dwellers were fleeing and sought refuge inland.

Plate glass was shattered and automobiles were blown round over the streets at random.

NO SUCCESSOR FOR LEE NAMED BY REPUBLICANS

HOUSTON, Aug. 26.—Argument by the arrival of nearly three hundred prominent Republicans, the party executive committee composed of thirty-one members was expected to name a successor to Lee for nomination today or Wednesday. Yesterday's session ended without incident. Interest is more manifested in the present session than any in history through the reports that the Klan may hold the Democratic party and support the Republican nominee.

Craiger said today that Mrs. Ferguson's nomination greatly increased the Republican chances and deplored the reports that the Republicans were considering the nomination of a woman.

FRANCE TO OPPOSE LEAGUE PLAN OF DISARMAMENT

PARIS, Aug. 25.—Paris is absolutely opposed to any reduction of armament based on "arbitrariness." Premier Herriot has declared an a letter to the League of Nations at Geneva respecting that body's suggested pact of mutual guarantees.

Herriot emphasizes that France cannot begin to cut her armaments until her security is guaranteed by actual pledges of international assistance in case she were confronted by enemy aggression.

These pledges, Herriot contends, should come from nations on both the European and American continents and should not only economic aid, but military support.

The premier's letter, remarkable for its outspoken presentation of France's attitude towards arms reductions, is a document of 2,000 words. Its official text was published Monday night.

BIRMINGHAM IS TO BE THIRD PARTY'S HEADQUARTERS

MARKETS

INDUSTRIALS SHOW HIGHER AS RAILS DECLINE

NEW YORK, Aug. 26.—Judging from the action of the stock market Tuesday Professional operators are thrusting here and there in the hope of striking vulnerable spots. Success in certain issues emboldened the bear crowd but efforts to stretch gainlines in a few issues to include a group as a whole resulted disastrously in some instances, as the market showed a decided inclination to turn dull whenever pressure became threatening. Industrial stocks averaged a shade higher and the rails slightly lower for the day.

Judge Gary's remarks after the close of business Tuesday afternoon indicated satisfaction over the present situation in the iron and steel trade. Admitting that the business atmosphere is not as strong and vigorous as at other times, he pointed out that it is nevertheless "comfortable and peaceful." Contrasted with the firm tone in cotton following the break on Monday, was the crash in wheat on an average of four points a bushel for the principal. Wheat was erratic all day selling off at the start, an disappointing Liverpool cables, and dropping sharply on news of favorable weather conditions in both the United States and Canada and the finishing touch being the prediction of a Canadian crop of 350,000,000 to 385,000,000 bushels for the northwestern provinces. The King family is one of the most prominent in Scotland and the efforts of the defense may cause the trial to consume three or four days, an unusually long hearing for British trial.

Kansas City Livestock.
KANSAS CITY, Aug. 26.—A liberal hold over from Monday and moderate supply Tuesday kept cattle prices steady to slow. Best yearlings and lightweight steers, however, were in strong demand.

Cattle receipts 13,000; calves 3,000; sheep 11,000; hogs 15,000; pigs 15,000; mutton 15,000; hares 15,000.

YOUTH ON TRIAL FOR ATTEMPTED MURDER OF PARENTS

EDINBURG, Scotland, Aug. 26.—A boyish love for the mysterious of chemistry and a hatred of the prosaic ledgers of an accountant are believed to have caused the youthful William Laurie King to murder his mother and attempt to murder his father by poison. William is standing trial here for the crime and the prosecution is seeking to prove that parental insistence that he adopt the profession of accountancy which had made his father wealthy, so embittered the boy that he sprinkled arsenic in his parents food.

James R. King, William's father, does not believe his son to be guilty of the crime with which he is charged.

Testifying the father declared that it would have been impossible for William to have put poison in the food. On the night of Mrs. King's death, King testified, he noticed that the evening meal tasted peculiar. During the night mother, father and son became ill and the mother died. The prosecution continued to question the elder King in an effort to show that William had refused to become an accountant because of his love for chemistry and that he continued to court a girl who lived nearby despite his parents' objections. The King family is one of the most prominent in Scotland and the efforts of the defense may cause the trial to consume three or four days, an unusually long hearing for British trial.

McCOY LAWYERS ASK FULL TIME FOR EXTENSION

LOS ANGELES, Aug. 26.—Attorneys for Kid McCoy will delay his trial on charges of robbery and murder as long as possible they admitted today. The extension of time will be sought because of the need of funds and time in which to prepare their arguments, they stated. Although there have been reports of large funds being subscribed by friends of the kid who knew him in his open handed days, there has been no actual cash put up. There is also some discord over the lawyers who will conduct his defense. Friends of the former champion are hoping to secure some noted criminal attorney for his fight to escape the charge of having murdered Mrs. Theresa Mors.

McCoy will plead to the indictments against him Thursday.

Mr. and Mrs. C. W. Tupton.

According to Mr. Darrow, "life is an unpleasant interruption of a peaceful nothingness" and "consciousness is evolved in smm at a great expense and trouble and is a total loss." Why, then, is he so determined that legal process shall not be permitted to relieve Leopold and Loeb of the great burden of existence?

According to the Boston Herald, Maine is no longer an election barometer State, which presumably means that Maine is liable to stray from the regular track in September.

COMPTON NEW HEAD FARM ROW G. O. P. COMMITTEE

CHICAGO, Aug. 26.—The new chairman of the agricultural section of the republican national committee will be Joseph M. Anderson, of Compton, Ia. This was announced late Tuesday by Chairman Butler.

Anderson was a farm member of the Iowa legislature for eight years, and was a candidate for the republican nomination for governor in 1923.

BEANS FOR MIDDNIGHT LUNCH PROVE TOO MUCH

CAMBRIDGE, Mass., Aug. 26.—Beans for breakfast, dinner and supper seven days a week, irritated Joseph Picazio. Finally when his wife served them for midnight luncheon, his temper uncontrolled, he banged her with a bean can.

He told Judge Stone in district court. "And it was not empty either."

The court sentenced Joseph to 10 days in the house of correction and added that he probably would have to eat beans there.

Henry Ford's latest theory is that coffee, tea and tobacco will be isolated out of existence, not by law but by common sense. Apparently Mr. Ford lacks similar faith in the long run common sense of the people where another weakness is concerned, for not long since he went so far as to institute the "sniffing system" of spotting and stopping the use of alcohol among his workers.

The negro colony of Harlem has secured the Republican nomination of a dentist of his race to represent the 21st district in Congress. The first time a negro has won a Congressional nomination in New York City.

BANDIT-PROOF MAIL CAR CAN'T BE ROBBED.

BANDIT PROOF MAIL CAR FIRING THROUGH FLOOR
A realistic trial of a bandit-proof mail car has been carried out at Brewster, N. Y. The train was stopped by "robbers," who cut the mail car loose. Instantly great calcium lights were turned from the car, so bright a robber 20 feet away could have been shot. This picture, made late at night, was made by the flare of the lights. Mail clerks immediately opened fire through small portholes, similar to those in army tanks. When the "robbers" sought to get under the car to avoid the fire from the portholes the mail clerks opened fire through the floor with riot guns, to which were attached shot deflectors, which scattered backshot over a wide range. Theoretically, all the bandits were killed, the mail clerks being saved by the steel-jacketed car.

EXTENSION REQUEST BY M'COY UPHELD BY JUDGE

By United News.
LOS ANGELES, Aug. 26.—Kid McCoy will have until Thursday to prepare formal pleas in answer to grand jury indictments charging him with murder and robbery.

Appearing in court Monday, the former ring hero and his attorneys were upheld by Judge Chas. Crail, in a request for an extension of time. The judge's motion after the prosecution had asked that the name of Mrs. Jennie Thomas, McCoy's sister, be added to the state's witnesses named in the indictments.

The prosecution request was made when it appeared that McCoy's lawyers would attempt to quash the indictments on the ground that Mrs. Thomas, who told the grand jury that her brother confessed to her the killing of Mrs. Mors was not named in the list to testify against McCoy.

As soon as deputy district attorney Maxwell Burke had moved for the inclusion of Mrs. Thomas name, defense attorneys, Knickerbocker, and Davin asked for a continuance. Before McCoy is required to plead to charges against him, the states motion regarding the addition of Mrs. Thomas name to the witness list will be argued.

McCoy is charged with the murder of Mrs. Theresa Mors, wealthy divorcee with whom he had been living. Seven counts of robbery and assault are included in the indictments as a result of McCoy's shooting rampage the morning after Mrs. Mors' death.

The ex-champion seemed more before McCoy Monday and was dragged nearly for his court appearance. He had been advised of his mother's critical illness and plans are being made to allow him to visit her, if physicians deem it advisable.

BOWL OF SOUP IS CAUSE OF ONE MAN'S DEATH

IMMIGRATION TO THE MIDDLE PLAINS IS RAPIDLY INCREASING

PLAINVIEW, Tex., Aug. 25.—Plainview has been selected as organization headquarters for the West Texas Chamber of Commerce, and B. F. Bennett, who has been for several years connected with it, will be organization manager and will have an office in Plainview.

Mr. Bennett will be in charge of the organization of West Texas, but will work mainly in the larger towns having other men to assist him and to work the smaller towns. He has just closed a membership campaign at Amarillo and started a campaign here the first of the week.

The man-work to be done by this branch of the West Texas Chamber of Commerce will be, Mr. Bennett says, to specialize in getting immigrant farmers to settle on the Plains. Cotton farmers are urged to come from the eastern states; wheat growers from the northern states.

In order to interest the people from other states in the Plains country, the Chamber of Commerce is planning to take West Texas exhibits to some fifteen or twenty state fairs. They will also put on exhibits at the Fort Worth stock show, the Waco-Cotton Palace and practically all the east Texas fairs.

Mr. Bennett states that within the last twelve months there have been more than two hundred thousand immigrants to West Texas and that 70 per cent have settled above the cap rock. This immigration has been much heavier to the South Plains, but it is gradually working northward, and will, he believes, amount in all to at least three hundred thousand immigrants next year.

KEEN INTEREST WAS SHOWN WESTHAVEN CONTEST SAT.

The West Texas Company has enjoyed a great deal of success in attracting attention of local people to Westhaven, the new addition to Lubbock which is located just across the street from the north side of the site of the Texas Technological College, and the bean guessing contest staged by that company and which was closed Saturday evening, engaged the attention of many local people, and the announcement of the prize winners was watched with enthusiasm by those who had tried their luck at guessing.

The announcement of the winners was crowded out of the Sunday's issue of the Avalanche because of the voluminous election reports received at the office throughout the night, but when the evening paper carried the announcement the enthusiasm of

LUBBOCK COTTON CO. TO PUT SEED HOUSE AT LAMESA SOON

LAMESA, Aug. 26.—The Lubbock Cotton Oil Company is to soon begin work on a large Seed House 100 by 500 feet located in the Santa Fe Tracks at Lamesa.

This large seed house will be equipped with an Electric Loader. This new equipment will relieve the loading congestion that is always experienced during the fall rush.

Indications are that Dawson County will harvest a great cotton crop.

There is a rather widespread impression that this country is provided with some questionable alienists as well as undesirable aliens.

PLANS FOR BANQUET OUTGROWTH BUSINESS MEETING OF ATTORNEYS AND COURT OFFICIALS HERE TODAY

A meeting of all members of the local bar together with visiting attorney was held in the district court room Tuesday morning immediately after the court convened for the second day of the August term.

A great deal of time was spent discussing the feasibility of dividing the 12nd Judicial District in as much as the cases involved in court in this district have become so numerous as to render the court almost helpless in so far as clearing the docket from time to time is concerned, and it was agreed that a meeting be held here at four o'clock on the afternoon of September 12th at which time the matter would be discussed further.

District Judge Clark M. Mullican will appoint two attorneys from each of the several counties in the district who will form a committee to draft a bill to be presented by Senator W. H. Bledsoe and Representative J. K. Wester in the 39th legislature. It was the consensus of opinion among the attorney that this is one of the most important steps taken by them in some time and keen interest is shown in the outcome of the action that was taken Tuesday.

If the district is divided and another court created, the many cases set for trial here can be given speedy trials and the condition of the law enforcement bodies of the district will be materially helped, as in many cases now alleged violators are either compelled to remain in the jails of the district for long periods of time else remain at liberty under bond for such period of time as to hamper the effectiveness of our laws in a very it was agreed at this meeting that on the evening of September 12th following the meeting of the attorneys to draft the district division bill, a banquet will be held to which all members of the bar and their ladies are invited, and which it is estimated more than one hundred and fifty will attend.

Some lack of harmony was exhibited when plans for this banquet were being made, but when a vote was taken among the members of the several phases of the evening's program at which the attorneys were at variance, interest again centered about the banquet and program committee which was instructed to go ahead with plans for the entertainment of all who attend.

Attorney Jno. J. Raliff, chair-

man, Homer L. Pharr and Richard L. Douglass, compose the committee that will arrange for the banquet and outline a program for the evening. This will be one of the big events of the year participated in by the legal talent of this section.

District Court work was taken up immediately after this matter was disposed of, and all is set for a busy term.

A good portion of the morning session was given over to setting civil cases for trial on the purpur trial docket, as follows:

STEAMER REPORTED HELD FAST IN HEAVY ICE

By United News.
NOME, Alaska, Aug. 25.—Held fast in the ice with her crew still aboard, the Hudson bay steamship Lady Kindersley is trapped 25 miles northeast of Taigent Point, according to radio advices received here Monday night.

According to the report, the steamship Boxer is standing by with boats and launches ready, awaiting favorable opportunity to remove the crew to safety. A coast guard cutter is also reported rushing to the assistance of the imperilled ship.

While modern Englishmen are disposed toward irreverent though good-natured jest at the expense of royalty, many Americans of these times seem inclined to overestimate the talents of a President and make of him a veritable superman.

Metro Star's Insistence on Good Orchestra for "In Search of a Thrill," Lowers Morale

Violon Danna, the delightful Metro star whose latest success, "In Search of a Thrill," comes to the Lindsey Theatre today is nothing if not a "stickler" for realism.

Miss Dana has a point of a pleasure-loving clapper who seeks diversion from the serious in the cabaret and resort, which incidentally form a colorful background for some of the exciting episodes in the picture.

But how can she be honestly for the cabaret scenes. They were so of-a-Thrill," which was photographed by John Arnold, and adapted to the screen by Basil Dickey from the story by Kate Jordan. Warner Baxter, Rosemary Theby, Mabel Van Buren and Tompkin Saxe appear in the star's support.
