PRISON FARM CRUELTY CHARGE DENIED

William Butler Named as Successor to Senator Lodge

MAY ALSO HOLD LEADERSHIP ON SENATE FLOOR

APPOINTMENT CHALLENGED BY DEMOCRATS AS NOT CONSTITUTIONAL

BOSTON, Mass., Nov. 13.—The appointment of William M. Butler, chairman of the republican national committee to succeed the late Henry Cabot Lodge as senior U. S. Senator will be challenged by democrats as unconstitutional, according to a statement issued Thursday by Charles H. McGue, chairman of the democratic state committee.

The democratic party will carry this thing to the supreme court if need be, McGue said, "because it feels that the state law providing for a temporary appointment cannot be construed as covering such a long term as two years."

Probably Senate Leader. WASHINGTON, Nov. 13.—Regardless of who is chosen as the majority leader in the senate to succeed Lodge, the administration mouthpiece on the floor will be Wm. M. Butler, who has been named to fill the seat left by the late Massachusetts Senator.

Had Lodge not died, this function would have been exercised by Gillett who had just been elected to the senate after long service in the house.

Fuller New Governor Of Massachusetts

GOV. ALVAN T. FULLER

Lieut. Governor Alvan T. Fuller, Republican, of Massachusetts, has been elected Governor of that commonwealth.

ALLEGED AUTO THIEF CAPTURED

POLICE CHIEF ABEL OF SLATON ARRESTS ROY BISHOP THURSDAY

Chief of Police Tom Abel, of Slaton, arrived in Lubbock late Thursday afternoon with Roy Bishop, whom he arrested in Knox county following a sensational chase through Hamlin, Haskell, Rochester and other Texas towns.

Bishop is charged with the theft of an automobile from the Big State company and who had been arrested and Colorado, Texas, their names not here late Thursday night and placed in the Lubbock county jail.

Probably Senate Leader. WASHINGTON, Nov. 13.—Regardless of who is chosen as the majority leader in the senate to succeed Lodge, the administration mouthpiece on the floor will be Wm. M. Butler, who has been named to fill the seat left by the late Massachusetts Senator.

COLLEGE AT CANYON TO ENTERTAIN AT LUNCHEON FRI.

CANYON, Texas, Nov. 13.—The representatives of the Texas Federation of Women's Clubs meeting in annual session at Amarillo this week will be entertained Friday with a luncheon at the West Texas State Teachers' College of this place.

He is almost as uncommunicative as Coolidge, and goes at political business with the same seriousness that enabled him to build up a tremendous milling business in New England.

UNIVERSAL MEMBERSHIP IN GENERAL FEDERATION BRINGS STORMY SESSION ON THIRD DAY OF T. F. W. C. MEETING

BY MRS. MEADE F. GRIFFIN Special Correspondent

AMARILLO, Texas, Nov. 13.—The convention of the Texas Federation of Women's Clubs in its third day's session here was thrown into a furor Thursday morning when it voted for universal membership in the general federation.

and said that he believed that parks maintained by the state should be established every 100 miles in the state.

BORAH CAMPAIGN FOR EXTRA SESSION OF CONGRESS STARTS WITH PLEA FOR FARM RELIEF AND TAX REDUCTION BILL

BY RAYMOND CLAPPER

WASHINGTON, Nov. 13.—The campaign of Senator Borah to bring about an extra session of congress after March 4 has begun as forecast several days ago.

Borah expects to be supported in his attitude by the farm bloc group and by a number of other senators, though he has not canvassed sentiment as yet.

President Coolidge has not committed himself either way and Borah believes that the majority leaders of congress think best.

It would be a simple matter for a handful of determined senators to force an extra session by filibustering and preventing passage of the regular supply bills at the end of this session.

On the other hand some of the extreme conservatives interpret the election as the expression of a desire by business interests for a steady business policy of non interference and for permitting the country to go ahead unhampered for a time by further legislation.

WEALTHY WIDOW ON TRIAL FOR MURDER OF REALTOR

By United News.

LARNED, Kansas, Nov. 13.—A bottle of grape wine "doctored" with enough strychnine to snuff out the lives of thirty persons, was the mute witness with which the prosecution hopes to convict Mrs. Mary K. Eggleston, wealthy and eccentric widow, of conspiring to kill Dave Ely, prosperous real estate man.

According to the state's testimony Mrs. Eggleston who is named lone beneficiary in Ely's will, sought to poison the realtor to get control of his estate valued at \$50,000.

The alleged plot came to light when W. C. Pool, a laborer, said he signed an agreement with Mrs. Eggleston by the terms of which he was to give Ely the poisoned wine.

Pool was cross-examined for two hours Thursday by defense attorneys, but he stuck steadfastly to his story which was corroborated by Burgess.

TECH BULLETINS ARE RECEIVED BY THE PRESIDENT

Three thousand copies of Vol. 1, No. 1, Texas Technological College bulletin, titled the "Foreword" have been received here by Dr. Paul W. Horn, president of the college.

HILL DECISION HAVE SWEEPING EFFECT ON LAW

CONVICTION MAY DEPEND ON WHETHER JURY "WET" OR "DRY"

By THOMAS L. STOKES. WASHINGTON, Nov. 13.—The fate of the American home brewer who is dragged into court for manufacturing cider or grape juice with a kick depends, henceforth partly upon where he lives and partly upon how his neighbors feel about prohibition.

If his home is in a state whose manufacture of cider or grape juice in the home of greater alcoholic content than one half of one percent, by direct specifications, he will have no recourse through any interpretation of the hazy portion of the Volstead act.

The government will proceed hereafter the decision in the Hill case will alter its course not one whit. No appeal can be made by the government, and the regulations of the prohibition unit will not be changed in any particular.

Underlying the whole situation is the vital question of whether the republican party in the future shall be strictly conservative or progressive.

Underlying the whole situation is the vital question of whether the republican party in the future shall be strictly conservative or progressive.

Underlying the whole situation is the vital question of whether the republican party in the future shall be strictly conservative or progressive.

REPUBLICANS WILL MEET TO DISCUSS THE ELECTION

DALLAS, Texas, Nov. 13.—Republican leaders of Texas, including R. R. Creager, of Brownsville, will meet here early next week at the office of Colonel W. E. Talbott, campaign manager for Dr. George C. Butte, republican candidate for governor, and discuss important matters relating to the November election, it was announced today.

Clay Garrison, of Clovis, has just purchased a lot on Avenue G facing the Santa Fe passenger depot from Garrison-Samons and Duncan, and is receiving bids for the construction of a brick building 25 by 125 feet.

With ample labor available the building program here is being advanced just as rapidly as is possible under normal conditions.

Congress—or Prison for Langley.

JOHN W. LANGLEY

Congressman John W. Langley, Republican, representing the Tenth District of Kentucky, is going to Congress—or to prison. He is under sentence of two years in Federal prison on a liquor conspiracy charge, and has been re-elected to Congress as a "vindication."

MUCH BUILDING UNDER WAY NOW

SEVERAL MODERN STORE BUILDINGS CONTRACTED ON EAST SIDE SQUARE

Following in the wake of the Armistice Day celebration and the jubilee accompanying the laying of the cornerstone of the Texas Technological College, builders of Lubbock Wednesday started on a tirade of activity that will result in removing two small frame shacks that have stood on the east side of the square since Lubbock was a small village, and will erect in their stead modern brick houses that will lend prestige and a more substantial appearance to the business district of what is conceded to be the fastest growing city in the state.

P. T. Rucker, owner of the Rucker Produce Company, has gone into contract with J. J. Clements to remove the frame building from his lots on Avenue G just north of the postoffice building that is now under construction, and to erect a modern brick building, fifty by seventy feet.

Tom W. Smith, of Trinity, Texas, has just closed the contract for the erection of a brick building north and adjoining the building under construction for Rucker. This lot is now occupied by a small frame building in which a second hand furniture business has been operated for some time.

R. S. Warnock, owner of four lots on east Main street within two blocks of the Santa Fe passenger depot, has had work started on the erection of a brick store building 25 by 75 feet and according to statements made by his representatives here Thursday he contemplates the erection of three brick store buildings along seventy feet fronting Main east of the Jackson Hotel.

Houdini the man who can get out of anything, made a mistake by not being in this presidential race.

FORMER INMATE RENEWS CHARGE OF BRUTALITY

SAYS CONVICTS FORCED TO "RIDE THE POLE" FOR MINOR BREACHES

By United News. HOUSTON, Texas, Nov. 13.—Breaking the silence which has existed in official circles on the state prison commission since 27 prisoners on the Bassett Blakely prison farm protested the flogging of four comrades, R. E. McAdams, Ferguson Farm superintendent, denied all charges of brutality. McAdams said that in the three years he had been in charge at Ferguson farm, only five convicts had been flogged.

In a signed statement today Clark charged that prisoners on the Ferguson farm were made to "ride the pole" for minor breaches of discipline. He charged that prisoners were forced to sit astride a pole from the supper hour until midnight and then report for work in the cotton fields at 4:30 a. m.

Clark, sentenced to the state penitentiary for seven years on a charge of forgery and released on November 7, also charged that food intended for prisoners on the farms was given to "nesters" persons of questionable character living near the farms, who testified in behalf of the guards in almost every hearing.

He asserted that at least one prisoner was told that he could either get into his squad or "cross the river" (meaning that he could either work or take a load of buckshot in his body if he attempted to escape).

Clark stated that Price Washer and Wirt Dees, prisoners on the Ferguson farm were given 21 and 15 lashes each by Manager McAdams for "impudence to their guards."

Prison authorities today refused to say whether the four men on Bassett Blakely farm had been flogged.

CANYON BANK ELECTS NEW OFFICERS FOR THE YEAR

CANYON, Texas, Nov. 13.—The stockholders of the First National Bank of Canyon which recently changed hands, met Monday night and elected officers for the coming year. J. W. Reed was elected president; C. E. Nance, vice-president; C. W. H. Cook, cashier; C. D. Lester and W. C. Black, assistant cashiers. The new board of directors consists of J. W. Reed, G. E. Nance, C. O. Kaiser, Oscar Hunt, J. W. Green, G. E. Bryan, C. W. H. Cook, C. W. Warwick and W. R. Clark.

The First National Bank is now one of the strongest banking concerns in West Texas.

WEATHER. WEST TEXAS—Tonight, partly cloudy, colder, Tuesday, fog, Panhandle, Friday fair, colder south portion.

"God Be With You 'Till We Meet Again"..... Led by Quartette

## Plot for Don Pasquale Is Given

Don Pasquale, the comic opera to be given here Saturday night at the high school has a very captivating, humorous plot which will be amusing to all who see it. The many funny situations in which the characters find themselves makes the show a scream from start to finish.

The plot is given below:  
The wealthy old bachelor, Don Pasquale, desires to marry his only nephew to a rich and noble lady; but finding a hindrance in Ernesto's love for another, he decides to punish him by entering him self into marriage and disinherit Ernesto.

His physician Malatesta, Ernesto's friend, pretends to have discovered a suitable partner for him in the person of his (Malatesta's) sister, an "ingrate," educated in a convent of his wealth, ignorant of the ways of the world.

Don Pasquale maliciously communicates his intentions to the young widow Norina, telling her to distrust Malatesta. Malatesta easily persuaded Norina to play the part of his sister, and by her beauty and modesty, to gain the old man's affections. Should she succeed in doing so, Don Pasquale and Norina are to go through a mock form of marriage, after which Norina, by apocryphousness, is to make the old man repent of his infatuation.

Ugged on by her love for Ernesto Norina consents to play the part assigned to her, and her modesty and loveliness so captivate the old man that he falls into the trap and the marriage takes place. Besides appointing Norina heiress to half of his wealth, Don Pasquale at once makes her absolute mistress of his fortune. Norina throws aside her mask and by her self-will and waywardness drives her would-be husband to despair. She squanders his money, visits the theatre on the very day of their marriage, ignoring the presence of her husband in such a manner that he wishes himself in his grave or rid of her.

In the last scene the lovers meet, but Ernesto escape on his uncle's approach.

Don Pasquale's wife, true to the part she has undertaken to play of course opposes this arrangement; and Don Pasquale, too happy to be able to thwart his wife, hastens to give his consent, calling Ernesto to bring his bride. His dismay on discovering that his own wife, and his nephew's bride are one and the same person, may

be easily imagined. His rage and disappointment are however, somewhat diminished by the reflection that he will no longer have to suffer and he at length consents giving the happy couple his blessing.

## Mrs. Wilson and Mrs. Wagner Entertain Needle Club

The Wednesday Needle club held a most delightful meeting Wednesday afternoon with Mrs. C. J. Wagner and Mrs. Roscoe Wilson at Mrs. Wilson's home.

Although many were out of town; those present were charmingly entertained and enjoyed the lovely afternoon.

The Chinese idea was carried out in the decorations and refreshments, chop suey, rice, candied orange sticks and tea being served to fifteen members. The out of town guests were: Mrs. B. L. Rix and Miss Ruth Rix of Big Spring.

## CHILDREN'S BOOK WEEK NOVEMBER 9-15th.

The Librarian reports much interest being stimulated in "Children's Books by the publicity and reviews given during "Children's Book Week". A review of a book creates an interest in bird life is given today.

## BIRD STORIES (Century Company)

Bird stories, by Century company, is a collection of twenty-one tales of bird life. Most of them true and all correct in their natural history. There are Indian bird legends, tales of strange tropical beauties. This is a charming book for boys and girls from ten to fifteen.

## RED CROSS DRIVE

The women who canvassed the residence section of Lubbock yesterday reported a profitable day's work.

Approval of the Red Cross was universally expressed and many memberships were received.

## PERSONALS

Mr. and Mrs. N. B. McKay and children of Humble, Texas, arrived in Lubbock recently and will make this city their home hereafter.

Mr. and Mrs. H. L. Fry of Amarillo spent Wednesday and Thursday in Lubbock.

Mr. and Mrs. J. C. Rix have as their guests, Mr. Rix's parents,

Mr. and Mrs. B. L. Rix and his sister, Miss Ruth Rix of Big Spring who came to Lubbock to attend the celebration Tuesday and who will remain until after the opera here Saturday night.

Mrs. W. O. Stevens is visiting in Post for the week end.

Mrs. E. L. Klett and little daughter, Eunice, returned Wednesday from Tulsa, Oklahoma where they have been visiting.

Mrs. Klett's sister, C. C. Brawshaw and J. E. Brown, members of the Pampa football team were visitors at the Avalanche office Thursday.

Mrs. Lena Chauncey, of Ozark, Arkansas, arrived in Lubbock this week and will spend the winter months here visiting her aunt, Mrs. E. J. Teague of 810 Avenue R. She spent the winter here two years ago and is highly pleased with Lubbock.

D. E. Branch, of Tulsa, Oklahoma was a business visitor in Lubbock Thursday.

Will St. John was here Thursday from his home at Fort Worth.

H. W. Weldon, of Wichita Falls, transacted business in Lubbock Thursday.

Rollis H. Cales, prominent attorney of Amarillo, was among the business visitors here Thursday.

A. W. Schultz of San Antonio, was among the Lubbock visitors Thursday.

L. L. Lane and wife, of Waco were here Thursday.

T. M. Culberson and wife, of Ray, New Mexico, are here for a brief visit.

T. P. Fance, of Amarillo, was in Lubbock Thursday on business.

Attorney J. H. Goodman, of Lubbock, was luncheon guest of the Amarillo Kiwanis club while there Wednesday and reported having enjoyed the program very much, making special mention of an address delivered by Dr. Hill, president of the West Texas State Teachers' College at Canyon.

## HILL DECISION HAVE SWEEPING EFFECT ON LAW

(Continued from Page One)

entire harmony" with the position the prohibition unit has maintained throughout requiring no new regulations. None will be issued, therefore, he said.

"I am going clearly of the opinion," Haynes said, "that fruit juices of the alcoholic strength as that admitted to have been made by Rep. Hill is in fact intoxicating and this unit will take notice of all such cases as are made to appear hereafter as heretofore, and the law-enforcement will proceed as before.

"It should be borne in mind that Rep. Hill was acquitted by a jury on a question of admitted fact, and

that there was no holding by the judge to the effect that wine of 11 per cent alcoholic strength is not in fact intoxicating."

The Maryland congressman now has a definite peg on which to hang a further campaign in congress for legalization of 2.75 per cent wine and beer, and has announced his intention of carrying the fight vigorously forward when congress reconvenes. Wayne H. Wheeler, general counsel of the Anti-Saloon League, says there is not a chance declaring that the next congress is preponderantly dry.

## COCHRAN COUNTY LAND OWNER HERE THURSDAY

R. E. Sherrill, of Haskell was here Friday. Mr. Sherrill owns land in Cochran county which he purchased several years ago, and is out in this country looking after his interests. He is of the opinion that the Cochran county investment is going to be a good one, and is looking for a big settlement program to be put over in that territory the coming year, which we are sure will be the result, as there is much land going on the market and at prices and terms that will permit people to become home owners, and that is what is needed.

## YOUTH DISAPPOINTED IN AUTO DEAL; KILLS SELF

EUREKA SPRINGS, Ark., Nov. 13—Disappointed because his mother would not buy him a new automobile Floyd Kelly, shot himself through the heart with a double barreled shotgun.

He was the son of Mrs. U. G. Kelly, a pioneer resident here.

**MARKETS**

**MARKET CONTINUES UPWARD AS PUBLIC BUYING LAGS**

BY EDWARD J. CONDLON  
NEW YORK, Nov. 13.—The stock market churned up on Thursday at almost the same rapid rate which has characterized proceedings ever since election day. Sales of 2,228,760 shares were recorded, or more than 100,000 less than in the mid-week market. From comment heard in and about the board rooms of various and sundry brokerage offices it would appear public buying of stocks has not figured as prominently in the sharp upswing of prices as might appear on the surface. It is pointed out that the numerous mergers now under consideration, whether they be in the final or even nebulous stages, have caused some rather heavy buying in many stocks. In some instances this buying may have been with a view to obtaining control at a time when concentrated buying could be masked under cover of heavy accumulations of other directions. At least, this explanation is plausible. In some respects Thursday's market was a repetition of Wednesday's trading. The leading industrials advanced while the principal rails declined. No less a stock than U. S. Steel common led the van in the industrial section of the list, reaching a record high for 1924 at 115 1/2. American Can and U. S. Cast Iron Pipe reached record highs for all time in excited trading. Virtually all of the other markets moved forward. Stealing attention was largely a matter of squaring away for the governments figures on cotton consumption which are due at the opening of the market Friday morning. Two percent call money again did not prevent a further selling movement in the money market at the close. Irregular. Banks and other large holders are inclined to employ their funds in ore lucrative yields in the bond list. Certainly with the prospect of a reduction of income taxes the demand for tax exempt securities will be less urgent. Saturday the government will pay approximately \$66,000,000 in interest on the four percent second liberty loan bonds and on the 4 1/4 percent second liberty loan converted bonds. Of this amount, it is estimated that about \$24,000,000 will be payable in this district.

**Fort Worth Livestock.**

**R. E. FLOWERREE & CO.**  
Correspondents  
**FENNER AND BEANE.**

**New Orleans Cotton**  
NEW ORLEANS, La.—Cotton was strong and higher again today owing to increasing trade and public buying. At one time it sold 47 net higher with the distant position going above 25 cents. Considerable realizing developed at times during the day but it rallied late and ended about 20 points net higher. Liverpool appeared indisposed to follow the advancing trend and claimed the advance was interfering with business. Our market, however, paid more attention to mills re-opening, or increasing working time in this country and belief that English spinners will vote to increase their working time. Spot news was also encouraging, being reported hard to buy everywhere. A statement from the head of the National Association of Cotton Manufacturers that manufacturers of cotton goods have turned the corner created a favorable impression. We may be entering a period where temporary reactions are likely to occur any time but we believe that prices are on the up-grade and will soon work much higher.

**Spots**  
New York 24.70; New Orleans 24.55; Houston 24.65; Galveston 24.60; Waco 23.65; Augusta 24.50; Atlanta 24.25; Mobile 24.00; Savannah 24.75; Dallas 23.60; Memphis 24.00; Ft. Worth 23.60.

**Chicago Grain**  
CHICAGO, Ill.—Wheat made new highs on buying stimulated by the strength abroad and at Winnipeg, the latter due to reduced figures on the Canadian crop issued last yesterday. Buying was general and

occasional dips due to profit taking met with good support. Underlying bullish world conditions are being more clearly demonstrated daily and point to higher prices.

Corn had a further good advance which was held in check by profit taking on the part of leading bull interests. There was much covering early. Cash basis relatively unchanged. Considering that this is not the season for a natural advance in corn, the market is showing remarkable strength.

Oats showed best tone in long time, influenced by Canadian report. Shorts covered and the advance attracted profit taking as in other grains.

Rye—Some of the buying in rye was regarded as taking off hedges against export sales. There was heavy profit taking all the way and some changing of long holdings from Dec. to May.

**PIONEERS OF BIG SPRING HERE VISITING J. A RIX**

Mr. and Mrs. B. C. Rix, of Big Spring, accompanied by their daughter, Miss Ruth, are here visiting their son, J. A. Rix of the Rix Furniture & Undertaking company.

While Mr. Rix has celebrated his eightieth birthday, he declares he will not be an old man until he has passed the one hundred year mark, and vigorous health and activity bespeaks many years of usefulness for him in the future.

Mr. and Mrs. Rix are pioneers of Big Spring, he having been identified with the business life of that city for more than twenty years.

**COUPE CONTAINING \$20,000 IN JEWELS IS STOLEN**

CHICAGO, Nov. 13.—Automobile thieves got away with the little coupe which Fred A. Pistorias parked in front of his home. Pistorias is a jewelry salesman and had left his sample case in the car. The case contained jewels worth \$20,000.

Oklahomans decisively approved Pine as sensational timber.

**CISCO MAN IS NAMED AS LEADER LOCAL EPISCOPALS**

Rev. Frank Stedman, of Cisco, has been appointed to take charge of St. Pauls Episcopal church in Lubbock. The appointment was made by Rt. Rev. Frederick B. Howden, D. D., Bishop of Albuquerque who has charge of the work over this section.

No news has been received here as to whether or not the Cisco man will accept the appointment, but members of the church here are confident he will.

Rev. Andrews, of the Plainview church, has conducted services here periodically and will preach here Sunday evening.

**MEXICAN DEPUTY DIES OF GUNSHOT WOUNDS**

MEXICO CITY, Nov. 13.—Leopoldo Guerrero, one of the deputies wounded during the shooting that broke up a meeting of the chamber Wednesday, has died of his wounds and Luis Moronez, another wounded deputy, is not expected to live.

Moronez's physician at first expected him to survive a wound in his stomach but Thursday night, it

was announced that he had suffered a relapse and probably would die. About 200 shots were exchanged following a clash between Moronez's friends and supporters of deputy Jose Sanchez. The battle began in a corridor, but was adjourned to the street. Moronez is a prominent labor leader.

**LEON CITIZEN VISITS WITH OLD FRIEND THURSDAY**

Alfred Petty, of Marques, Leon county, was here Thursday, and called on his old friend, Welton Winn, who is connected with the Weekly Avalanche, as farm editor. These men had not seen each other for thirty years, and it was a very pleasant moment to meet and renew their acquaintance.

Mr. Petty has a son living near Levelland, and was accompanied by his son-in-law, Levi Grimes, and were enroute to Levelland, where they will spend a short time.

**WOMAN JUMPS IN FRONT SPEEDING PASSENGER TRAIN**

SOUTH BEND, Ind., Nov. 13.—Mrs. George Beeber, 74, of Argos, Indiana, 30 miles south of here, killed herself late Thursday afternoon by jumping in front of a speeding passenger train.

She was the wife of a civil war veteran. Friends could give no explanation of her act.

THANKSGIVING 1924

The whole world is beginning to emerge from the smoke and wreckage of the Great War, a more hopeful spirit is pervading all nations, the world is growing better with signs of health and peace and prosperity, and these are grounds for thanksgiving on the part of all people.

This general outlook upon the world is one cause why we should join in thanksgiving unto the God of nations, that in His goodness is leading the great human family to become increasingly conscious of its common life and needs and is rolling it through the shadow of the globe into a better day.

The year has been one of unmeasured prosperity and goodness. The harvests have reaped boundless fields of golden grain and our barns are full. Employment has been general and business has run at full tide. Peace has prevailed throughout all our borders, and no pestilence or great calamity has befallen us. It is of these material conditions and goods that we first think in connection with this day as it was originally observed with these things in view.

But there are deeper grounds for thanksgiving in the social and moral and spiritual life of our people. It need not be said that there are wide shadows of evil and some very black spots in our national life, but these are mostly such as are common to men. Really, America is sound to the core on the essentials of integrity and truth in our civil and moral life. There is no cleaner spot or more decent people on earth, and this is something to be thankful for, however much we have of which to be ashamed. Thanksgiving day is not far away. Only two weeks, and not any too soon to begin preparation for one of the greatest thanksgiving services that ever was held in this city, and we believe that we should have a general Thanksgiving service, and take a good general offering to turn over to the Red Cross or Salvation Army for the poor of the community.

The Bible teaches kindness, forgiveness, love and charity, but the greatest of these is the latter, and that noble sentiment is implanted in every man's heart.

There is no monopoly on charity either. The rich and the poor alike can indulge, and it is doubtful if there is a more genuine pleasure than that derived from having rendered a helpful service to the man who is down.

There are many in this section who will perhaps require the touch of charitable hands before the cold blasts of winter is over and spring kisses the icicles away. It isn't the mere money that makes of charity the blessing that it is. It is the spirit back of it. The poor man's quarter will do almost as much good as the rich man's bank note.

The hospitality of our people is one of our greatest practical assets as a progressive community. It bubbles over with light heartedness, inspires confidence and hope and imparts to the recipient that indescribable satisfaction which makes him feel like "living again." It will increase energy, multiply productiveness of hand and brain, inspire renewed vigor, confidence and loyalty to future interests and associations.

The characteristics of the good-natured and charitable man with the "glad hand," exercised within their legitimate spheres, are in reality the things that make life worth living, and do more than anything else to promote the "brotherhood of man."

## WASTEFUL AMERICA

America is possibly the most wasteful nation on earth. This extravagance begins at the seat of government, too, as it is no doubt the case that the American government is extremely wasteful. This was brought to light only a few days ago when the announcement was made that one of the monster warships that this nation had started to build and on which \$20,000,000 had already been expended would be shot full of holes and sent to the bottom of the ocean, a total loss to the nation, because it was stated that it was necessary to rid the nation of this piece of fighting material in accordance with the provisions of the disarmament conference. Of course it is right that the United States as well as all other nations comply with this rule, but it appears to us that this huge ship, which was not at all in shape for action anyways soon, could have been salvaged in some way and the materials used in the building of something else, rather than to have it sent to the bottom of the sea, where it would rust and rot and be of no use to anyone or anything.

The people are being taxed, and some of them till it hurts to pay for the recent war, and then with all of this we are confronted with this waste of good material, and the utter throwing away of that amount of money.

Sometimes too many look spoil the truth.

## EDUCATIONAL WEEK

Next week is education week, and we are of the opinion that this week should be observed in every way possible to impress upon the minds of the people the importance of education. It has been stated that the largest percentage of crime is committed by those who are illiterate—that the greater percentage of crime is committed by men and women who never finished their high school education. Do not misunderstand us, however, and think we are saying there are no honest people who are not educated, for this is far from the idea that we want to convey, but it is a fact that there is a greater number of boys in the state and federal penitentiary that have no education than there are who have a high school or college training, and hence it is rather in favor of the education of the nation, and the more we educate the boys and girls of the land the less crime there will be.

When people begin to realize that it is cheaper to educate people than it is to convict the criminals that are caused largely because of the uneducated masses, they will probably right about face and will change the condition of this nation. It was stated in some of the recent talks by prominent educators, who were in Lubbock to attend the celebration of the cornerstone laying of the Texas Technological College that this nation pays about seven times more for the prosecution of crime, than we do for the education of our young men and young women, and they also brought out the facts as stated above that the prisons were filled mostly by young men who have little or no education. Lubbock is to be the center of educational activities in this country, and we believe that all of Lubbock county and especially the city of Lubbock should manifest a deep interest in the educational affairs of the community, and we should put forth every effort possible to interest the young people of the community in attending school, and completing their education in the higher institutions of learning. The first bulletin of the Texas Technological College, is just now being mailed out, and Dr. Horn, the president, has outlined the intentions of the institution, and the people of Lubbock and Texas should see to it that he gets the undivided co-operation of all the organizations of the state that stand for anything higher and nobler in life, and every individual and make the surroundings so pleasant and the ideals so high that the young people who come here seeking an education can come here and receive not only book knowledge, but be given a character as well.

## THE NEW ADMINISTRATION

The election of President Coolidge is not only an expression of public confidence in the man, but a demand for a business-like administration of national affairs. To this time Mr. Coolidge has been the political heir of the Harding administration. From now on he will be free to act on his own initiative and the people have given him a working majority in both houses of congress with that end in view. He is not an amateur politician. Four years after graduation from college he was elected to the city council of Northampton. Since that date he has never been out of public office, having been nominated and elected 20 times to offices ranging from councilman to mayor, state senator, lieutenant governor, vice president, and finally president. He is a man of solid, conservative, Christian principles, and the people have given him a great opportunity. While his path will not be hedged with roses, what he does will rest largely with himself.

It is not at all probable that Mr. Dawes will be a mere figurehead in the administration. He is an accomplished, experienced and successful politician largely because he disdains the soft-pedal and talks the American language. While Mr. Coolidge was in college Mr. Dawes was Mark Hanna's chief assistant in securing the nomination and election of William McKinley. Since then he has filled many positions requiring pronounced executive ability, and, it is asserted, is responsible for the appointment of Andrew Mellon as Secretary of the Treasury. He is all business with a big "B" and has no use for "pussy-footers" in any line, and does not hesitate to tell department heads, cabinet officials or even the president where to "get off." Such a man will never be blanketed under the usual vice-presidential robe.

Business in doubt, harness is under—behind and before the administration and the great mass of people overburdened with taxes and high costs of living, have reason to expect great things.

## FREE SPEECH AND PRESS

Dr. McConnell, Methodist bishop of Pittsburgh asserts that it is better for a Red to speak from a soap-box on the street corner than to denounce the government secretly in some cellar.

It was this same idea that impelled Mayor Tom Johnson, of Cleveland, to erect a "free speech" stone in the public square from which anybody at any time could safely discuss any question within the bounds of decency.

Oratory is the natural outlet of the average so-called "agitator." Confine that energy, without its natural outlet, and there's danger of an explosion.

No democratic country can have revolution as long as free speech and free press are not interfered with. Change may come, but peaceably. The history of civilization proves this. The quickest way for entrenched power and special privilege to breed its own destruction is to attempt to strangle free speech.

Free speech and a free press are the guarantees of democracy.

Samuel Gompers contends that if organized labor will vote solidly for its own candidates for Congress it can elect 170 members and obtain complete control of congress. He asserts that this is far more important than the question of who tenants the White House. But organized labor, or its leaders, have so far left a political trail that is not particularly edifying.

The political situation in Spain is said to be in an extremely critical condition. The Dictator refuses to accept any responsibility for occurrences in Spain while he is in Morocco, and several members of the dictatorship have resigned. The formation of another government seems to be inevitable.

## MADE SOME TRIPS TODAY—THANK YOU!

We walked by actual count 217 blocks in the City to deliver extra copies of the Morning Avalanche and all this walk was caused by the wrong number being placed upon your house, as well as failure to have your house numbered.

Now, friends, we enjoy a nice long walk, but when we came to the office at 3:30 a. m., to see that the carrier boys are out on their routes at 5:00 a. m., and to catch the early out-going mails, it becomes a little irksome to walk two or three miles then go home to breakfast and walk three or four miles more before lunch, when all this could be avoided if you good folks will see that the proper number is placed upon your house.

If you will step into any of our up-to-date life insurance offices they will gladly turn to a reliable map and tell you your correct street address.

If some one in each block of the City will start a "correct number" campaign we will certainly appreciate their effort in seeing that the houses are correctly numbered.

Thanking you for your kind indulgence with us for failure to get your Morning Avalanche, we are yours for re-numbering the City, so your residence or place of business can be promptly located.

Ge, but we lika to walk.

CIRCULATION MANAGER.

## DR. HORN WAS GUEST OF ROTARIANS AT CHILDRSS

Having left here early Wednesday morning for Amarillo in company with Mrs. Horn, Dr. P. W. Horn, president of the Texas Technological College spoke there Wednesday afternoon at a meeting of the Texas Federation of Women's Clubs.

Dr. Horn went to Chilress from Amarillo where he was a guest at the Rotary Club luncheon Thursday at noon and last night spoke at a Fathers and Sons' meeting there sponsored by the Rotary club.

## FEDERAL BUILDING AT ABILENE TO BE REMODELED

ABILENE, Texas, Nov. 13—Contract has been awarded to W. D. Lovell, of Minneapolis, Minn., for remodeling the interior of the federal post office building and for the building of a 30 by 60 foot addition on the north side of the post office and work is to begin at once with a time limit of four months from the seventh of November set for completion. The total consideration amount to \$19,300.

The addition on the north will provide new workrooms which are badly needed, and the remodeling of the interior will add a maximum of 180 boxes to the capacity. The screen like will be remodeled and more room in the main lobby will be provided. New loading platforms and drive ways in the rear of the building will also be added.

Since the work will occupy the very busiest time of the year for the post office employees Assistant Postmaster Paul H. Scott is asking that the people of Abilene help the post office force in their busy time by mailing their Christmas packages as early as possible in order to facilitate the handling of the heavy mail during Christmas.

## RULE MAN IS VISITING RELATIVES IN LUBBOCK

## THE A. B. CONLEY, JR. STORE

Don Pasquale (Opera) Lubbock, Nov. 15

## POLICE NEAR END OF LEADS IN K A T Z MURDER

By United News. LOS ANGELES, Nov. 13.—Apparently blocked at every turn in their investigation of the slaying Monday of Harry Katz, wealthy realty operator, police Thursday had nearly exhausted all available leads which might take them to the murderer.

As an indication of police desperation Captain George K. Home has been reinstated as head of the detective bureau and plunged directly into the Katz case.

Pursuing the theory of a blackmail plot against Katz, search for "Stan The Bouncer" and "Rose the Wop" turned back to Los

Angeles after investigation in San Diego and along the Mexican border had failed to reveal any sign of the missing couple.

## Los Angeles Man Held

LOS ANGELES, Nov. 13.—The confession of Charles P. Carroll that he had shot a man in a jealous row over his wife, caused Carroll's arrest Thursday by officers investigating the murder of Harry I. Katz, wealthy diamond broker. Carroll's beautiful wife, Dorothy, according to her own words, had been Katz' sweetheart for the last six months. Carroll is a barber and is now being sued for divorce. Mrs. Carroll disappeared to avoid publicity. Detectives state that the type of gun used in this shooting was the same as that used when Katz was shot down in his apartment Monday night.

# PAMPA PREPARED FOR BATTLE AT SLATON

## ADVANTAGE IN WEIGHT HELD BY PAMPA

Coach Bradshaw, of the Pampa high school arrived here early Thursday afternoon with seventeen of the husky Harvesters en route to Slaton where they will meet the Tigers today in a battle that will decide the championship of districts one and two of the Interscholastic League. The Harvester pilot, who with his bunch, spent the night here, was somewhat backward in making any predictions as to how the exhibition would go today, but expressed much confidence in his boys who have made a wonderful showing this season.

The Harvesters, according to coach Bradshaw, have only been scored on once this year in conference games. This was with Memphis who pushed over one touchdown as their only count, bringing the standing of the north plains representative to a total of 198 points to their opponents six.

Early in the season Pampa met Amarillo Golden Sandstorm, and was defeated after a mighty battle 7 to 0, their only defeat this season, which was not official in view of the fact that Amarillo is a class A school and Pampa is playing under Class B division.

With an average weight of about 183 pounds, the Harvesters will go on the field at Slaton this afternoon with a possible 10 pound advantage over the Tigers, with the heavier end of this advantage in the line, for according to Bradshaw, his backfield will not come up to the weight average of the whole squad. This, therefore, will throw his heavier first line of defense against the lighter line of Slaton for reports from there indicate that the back field is heavier than the line.

Coach Miller, of the Tigers, has been shuffling his boys through heavy workouts since his defeat of Floydada for district 2 championship, and says that he will offer the advantage conceded the Harvesters with a brand of pep and fight never before seen in a high school on the southplains. He has been drilling fight into his boys all season, and has borne heavier on this in preparation for his bi-district encounter.

No "hospital" players have been reported from either section, and it is expected that each will enter the battle with full strength.

Slaton is making preparation to accommodate one of the largest crowds ever to witness a high school grid battle on the south plains, and is making an effort to close up the town during the time of the game.

Officials will be Oscar Eckhardt, a fine coaching staff of the Canyon Normal Buffaloes, coach Caudell of Wayland College, Plainview, and Jax H. Goodman of this city, all officially recognized by the Interscholastic League. The game will be called at 3:30, advices from Slaton last night stated.

The winner of this game will meet the winner of Vernon-Amarillo tie play-off, which is scheduled for Monday in Vernon.

## SECOND AMARILLO-VERNON GAME BE PLAYED MONDAY

AMARILLO, Texas, Nov. 13.—The second game between the Vernon Lions and the Amarillo Golden Sandstorms, to be played for a decision of the Conference A, district No. 1, football championship, will be staged in Vernon next Monday afternoon.

Following the tie game yesterday which was witnessed by more than 3,500 fans, officials of the two schools could not reach an agreement as to where the second game would be played.

Amarillo officials, contending that since they had to flip a coin to determine the place for the first game the second contest battle ground should be settled in the same way. Vernon officials declared that the game should be at Vernon.

Roy B. Henderson, athletic director of the University Interscholastic League, settled the matter today by naming Vernon as the place for the next game.

It is believed a special train will be run from Amarillo to Vernon for the clash.

## EXHIBITION IN FOG ENDS TOUR OF GIANTS AND SOX

By United News.  
PARIS, Nov. 13.—The European tour of the Giants and the White Sox under the command of John McGraw, was completed here in a

game shrouded in the thick and sloppy brand of fog that is known only on this side of the Atlantic. The spectators of whom were fully 5,000, could not see the ball at all, the thick weather shutting most of the playing field from view.

School children bored and restless until Hughie Jennings tossed a baseball among them to throw and catch but finally placed it on the ground to be kicked about in a mock soccer game.

It was reported that the White Sox won, 9 to 7.

Most of the players are leaving Saturday.

## NEBRASKA - NOTRE DAME CLASH TAKES SPOTLIGHT

BY HAROLD ANDREWS  
CHICAGO, Nov. 13.—Since Minnesota cannot be considered as another world for Harold "Red" Grange to conquer, and the other big ten games are to be "fair and mild" the football fans in the middle west are working up an emotional stampede over what will happen Saturday when Notre Dame's team tries to slap Nebraska in the face with her fist.

According to an alumnus who saw Nebraska make waffles out of "dear alma mater" in 1923 and 1922, Notre Dame will be willing to curl up and die if the cornhuskers can only be reduced to corn meal.

"We don't care so much about losing a game. It would not be so bad if the Army of Princeton topped us off now and then," explained the alumnus, "but somehow, or other, we are unable to lose to Nebraska and feel right about it. If Nebraska wins Saturday I'll have insomnia for eight days."

The game will be played at South Bend, Indiana. Word from Lincoln has it that the Cornhuskers will gallop out on the field on crutches, several of their champion heavy-weight line men having been injured in practice during the week. None of Notre Dame's stars, according to reports, is wearing antiseptic bandages and it seems that none of the alumni need worry about losing any sleep.

"Red" Grange and the other members of the Illinois team are expected to chase the Gophers into their holes during the first few minutes of play, Minnesota having done little this year to elicit a beam of sunshine from the most optimistic.

Here in Chicago the football menu will be supplied by the Maroons and Northwestern. The Chicago line is one of the strongest in the middle west. It was solid concrete for "Red" Grange, and it will probably be solid concrete for Northwestern.

Other games of interest and importance will be the Iowa-Wisconsin game at Madison, Wisconsin, and the Michigan-Ohio State game at Ann Arbor, Michigan.

## HOME COMING GAME AT CANYON ON OCTOBER 30

CANYON, Texas, Nov. 13.—The date for the 1925 Home Coming Football game has been announced by Coach Burton of the West Texas State Teachers College. It will be played October 30, with the North Texas State Teachers College of Denton as the antagonist. Plans are already taking form to make this the greatest ex-student occasion which the college has ever known. This year the Home Coming game was played with Simmons University when the Buffaloes were victorious with a score of twelve to six.

## J. L. CHAPMAN SERIOUSLY ILL FOLLOWING OPERATION

AUSTIN, Nov. 13.—J. L. Chapman, Banking Commissioner who was operated on Sunday night is seriously ill, but the physicians express the opinion that he will recover unless complications set in.

## "WILD BULL" BADLY BEATEN BY CHAS. WEINERT

By RODNEY F. DUTCHER.  
ARMORY, NEWARK, N. J., Nov. 13.—There will be no blaring bands and parading armies when Luis Angel Firpo arrives back in the Argentine. Battered and smashed by a second rater who was heard of almost for the first time when Firpo knocked him out in the second round of a previous battle, the most poor Luis can hope for now is a funeral wreath or a few wisps of black crepe from some mourning friend who may meet him at the dock.

Charlie Weinert, a Newark fighter who underwrote Luis by 28 pounds when they entered the ring here Wednesday took the last round out of the once raging Wild Bull and won the decision at the end of 12 rounds.

Weinert covered Firpo's face with blood, blackened his eye, outboxed the South American by about eighty kilometers and emerged from the mess virtually unscathed. Dazed and dithered, the remnants of what was once a challenger for the heavyweight laurels of Jack Dempsey stood up through the carnage, but that was about all. For the first nine rounds, his blows were ineffectual, and frequently failed to connect.

Several times the man who knocked Dempsey out of the ring and into the press seats was driven back to the ropes.

Meanwhile Weinert danced about the fallen hero and plugged him almost at will until the tenth round, when Firpo began to hold his own. He appeared to have solved Weinert's attack. At one point, he was chasing Weinert around the ring, and the round was easily his. Weinert was slowing up, and if the fight had gone 15 rounds, Luis might have obtained a draw, although Weinert came back from the ropes in the 12th and was belaboring Firpo all over the place in the last half of the final frame.

Firpo and Weinert fought in the same ring where Luis began his fighting career in this country, and it may prove to have been the bull's last fight in North America. He appeared to have lost most of the skill, speed and powerful attack he had displayed in previous bouts and if any more than the trimming he took from Henry Willis might be needed to thoroughly discredit him, Weinert did the trick. Firpo was well over weight, an droll of fat shook at every move. His weight had been announced at 222. Weinert went in at 184.

## CANYON BUFFALOES WILL MEET NORTH TEXAS COLLEGE

CANYON, Texas, Nov. 13.—The West Texas State Teachers College Buffaloes will meet the North Texas State Teachers College team at Denton Monday, November 17.

The Buffaloes are going into the Denton game with much pep after their hard battle with the New Mexico Military Institute on Armistice Day. In the New Mexico game the Buffaloes were clearly outplayed during the first quarter when the Cadets made fourteen first downs. During the last part of the first half the Buffaloes recovered and from that time on the game was the finest exhibition of football ever seen on the local field. Captain Grady Burson and Odus Mitchell, game little end played stellar ball, but R. Bivens, Jennings and Bill Anderson made it evident that they are real players. The 2,500 fans who saw the Armistice Day game left the field in a good humor despite the fact that the score was 14 to 13 in favor of the Cadets, for the game was far more interesting than the score. It was better football than the Pan-

handle of Texas had ever seen before.

Spectators were high in their praise of the coaching staff of the Teachers' College which is headed by S. D. Burton with Oscar Eckhardt as second in command.

The Buffaloes state that the game was in many respects the most satisfactory that they have played, the Cadets being wonderful fighters and clean sportsmen. Johnnie Cox, the Cadet quarter was a favorite with everybody; his fine headwork and speed showed to excellent advantage and the team furnished him all the support needed.

## Insult Added To Injury As Rojas Raps Firpo Ability

NEW YORK, Nov. 13.—The once great Luis Angel Firpo is at last definitely and decisively down and out.

After having been chased all over the Newark armory Wednesday night by Charley Weinert, the bull might still have held hopes of again appearing, but the blow which fell Thursday literally gave him his ticket back to the Pampas.

Thursday Quinten Romero Rojas, himself almost as much of a down and outer as the bull himself, declined Firpo's offer of a match in Buffalo on Dec. 16. He said that Firpo must regain his reputation before there will be any match scheduled.

It was the added insult.

Firpo's mouth is now swollen and plastered shut. He has been unable to alibi himself as yet for the Weinert defeat. When he does, as he surely will, it is doubtful whether any one will listen.

Only about 5,000 showed up at the Newark armory for the Weinert fight. It is the general opinion of fans that another fight might draw fifty if it were a good night.

## BOY UNDER SUSPENDED SENTENCE WRITES TO COUNTY JUDGE

That there is some merit in the suspended sentence law has been shown by a young man who was found guilty of a charge of theft of an automobile in the 72nd judicial district court here six months ago.

Pleading guilty, but asking that a suspended sentence be granted, the young man's request was granted by the jury and following the sentence District Judge Clark M. Mulligan exacted a promise from the young man that he would not commit another violation of the law. In order that the court might be of assistance to him in following the straight and narrow path that leads from such embarrassment as he suffered for committing the offense for which he was arraigned in court, he was sated to write the court a letter each six months making a report of his whereabouts.

District Clerk Louis F. Moore Thursday received a letter from the young man, stating he was on his mother's farm helping to take care of a large cotton crop, and expressing hearty appreciation of the courtesy extended him by the court.

The suspended sentence was inflicted for a period of five years.

## MRS. H. H. ROGERS ARRIVAL A MYSTERY TO COUNT

By United News.  
PARIS, Nov. 13.—Mrs. H. H. Rogers has arrived in Paris but whether she intends to see her son-in-law, Count Ludwig Salm von Hoogstraeten, is a mystery which apparently puzzles the count as much as any one. His wealthy mother-in-law refused to discuss with newspaper men her plans and expose her daughter's affairs.

Mrs. Rogers came here from London, accompanied only by a maid.

## CANADIANS IN RUM INDICTMENTS MAY SUE OFFICERS

SAN FRANCISCO, Nov. 13.—Interest in the wholesale liquor probe of the San Francisco grand jury which has already brought indictments against 85 persons, now centers against possible legal action that may be taken by the 51 Canadians named in the indictments and the report being compiled by the grand jury.

F. R. Anderson, prominent attorney of Vancouver, B. C., Russell Whitelaw, Vancouver, B. C., millionaire packer, and others alleged to be directors in the Consolidated Exporters Corporation of Canada, were among those named in connection with rum running activities on the Pacific coast.

Anderson who was arrested without a warrant and held under \$5,000 bail until after he was indicted Wednesday has constantly maintained that he has no connection with the booze industry on the coast and has threatened to take his case before the Canadian authorities.

Russell Whitelaw, from his home in Vancouver, issued a statement Thursday in which he declared the San Francisco officers had confused his name with that of some other person, and that he too would seek recourse through the courts.

Other Canadians barred from the United States by the indictments have also signified their intention of suing the local authorities for false prosecution.

## OLDEST HOUSTON ATTORNEY DIES OF HEART ATTACK

HOUSTON, Texas, Nov. 13.—Judge E. P. Hamblen, 72 years old, Armistice Day, the oldest practicing attorney in Houston, succumbed to

Sherrod Brothers Take Pleasure in Introducing to Lubbock

# MRS. EDITH TANNER

OF SAINT LOUIS

Who Will Begin Saturday Morning in Our Store a

## FOUR DAY DEMONSTRATION

Saturday, Monday, Tuesday and Wednesday

OF THE FAMOUS

### Western Electric Stove

Beginning at 10 o'clock Saturday morning (Tomorrow) Mrs. Edith Tanner, Cooking Demonstrator of the Western Electric Company will demonstrate all manner of cooking on the Western Electric stove in our store. Food will be served. Requests for special cooking demonstrations will be appreciated and complied with. Mrs. Tanner will be at our store ONLY Saturday, Monday, Tuesday and Wednesday. And to encourage hundreds of Lubbock women to investigate carefully the merits of electricity and the Western Electric Stove we are going to offer inducements of more than passing worth. Please read the following carefully. But remember and come down tomorrow.

# free

During 4 Day Demonstration

**ELECTRIC PERCOLATOR  
WITH EACH STOVE DURING  
DEMONSTRATION**

We are going to make every purchaser of an Electric Stove during the demonstration a present of an Electric percolator. We are doing this only for the purpose of getting many women to come and attend the demonstration while Mrs. Tanner is here and to encourage many to buy during the four-day event. The price of the stove remains the same. The terms will be \$10.00 cash and the stove will be delivered with the percolator to your home. The balance can be paid out in easily met monthly payments. We are expecting you to respond to this liberal offer.

**Positively No Percolators Given Away  
After Wednesday**

## SHERROD BROTHERS HARDWARE COMP'Y

"Quality Merchandise at Reasonable Prices"

# Listen

There are now approximately 600 electric stoves in operation in the City of Lubbock. We doubt if there is one which would now consider cooking on any other kind of stove than the Electric. There are many reasons, some of which we note here:

**CLEANLINESS:** On the electric stove the housewife is relieved of handling fuel or taking out ashes; she is relieved of soot, the pans are not blackened. The electric stove is as clean as the dining table.

There is a great deal of pleasure in cooking on a stove with which you have instant command of the heat. The electric stove heats rapidly and cools quickly. The Western Electric Stove is, we think without a doubt the most efficient of Electric stoves. By that we mean that regardless of the price you pay for a stove the Western Electric will bake better and cook quickly, using less fuel and giving a longer period of service.

We selected the Western Electric stove after much examination and investigation and have placed hundreds of these stoves in the homes of Lubbock and we believe the owners are proud of our effort to induce them to buy.

**\$10 CASH DELIVERS THIS STOVE DURING  
THE DEMONSTRATION  
TAKE 12 MONTHS ON BALANCE  
"It Will Pay for Itself"**

### IMPORTANT INFORMATION

Maybe you have known someone who owned an electric stove and who became dissatisfied because of the high cost of operation. That time has passed with the Western Electric. Did you know that the average cost of the monthly operation of an electric stove in Lubbock is only \$4.50 per month as shown by records of the electric light companies. This average includes inefficient operation and old, out of date stoves. There are many whose bill is as low as \$2.50 per month, while others are naturally higher. But at \$4.50 per month, and that should be all if you properly use the Western Electric, it goes to prove that electricity is your cheapest fuel.

WINN'S BARGAIN LIST

160 acre farm, 7 miles east of Lubbock just across the road from the Canyon school house, the best brick rural school in West Texas. 100 acres in cultivation, 7 room house, large barn and out buildings. This place now priced much below the price of farms surrounding this one.

We have several lots in block 132 in Overton addition, priced to sell. Several lots in block 49 Overton, priced right, also several lots in block 111 Overton.

Also 3 lots in block 111 original town of Lubbock. We have a large list of nice lots in that part of the city and see our list and get prices.

16 acres, half way the Tech grounds on the south. Has public roads on north and west sides, an ideal place for poultry and small dairy farm, and will soon be in demand for smaller lots for homes. See me at once for prices.

Also 5 acre tract in Roberts & McWhorter Addition good for poultry farm this place priced right and will give good terms.

93 acre tract adjoining the city on the north an ideal proposition for a dairy farm. Has never failing springs on the tract. A fine place for the right man.

177.1 acre tract one mile of Morton county site of Cochran county all fine cat claw land priced at a bargain. See me for prices and terms.

One 6-room residence on 8th st. with bath and basement front and back porches; two flues that go to the ground; good garage and servant house; concrete foundation this is a real home; low-priced worth the money.

One 80-acre farm joining Westhaven and the Tech ground on the north good 5 room house well and mill, surface tank, small barn, all in cultivation; this place is priced to sell.

One residence fronting on 17th street; 5 rooms with bath, basement strictly modern throughout, large lot, 50 by 150 feet; many good features; this place priced at a sacrifice for a short time.

One new modern home on Avenue R. 6 rooms, modern in every respect—lot 55 by 147; good garage. This place priced at sacrifice for quick sale.

19 acre farm one and half miles out; 4 room house other good improvements; land level and fine; goes at a bargain if sold at once.

Two 160-acre farms 3 miles out south of Wolfarth; 4 room house on each side these farms are priced reasonable all new and well painted; might take some Lubbock residence property in the deal; will sell one or both.

89 acre 2 miles east of Lubbock and near the experimental farm, 4 room house, well and mill; other small house, on the place; might take some good lots in Lubbock in the deal.

One 2 room house on large lot 50 by 140 feet, on 20th street, south of new school; this small house well built; water in house, priced to sell.

One 5 room house with bath on H. south of 19th street, large lot 50 by 147; this place is priced reasonable; might trade in on a farm.

We have many inquiries and if you have bargains to offer. Let us have 'em. 297-4f.

NOTICE

To the Stockholders of the South Plains and Santa Fe Railway Company. You are hereby notified that the Board of Directors have called a meeting of the stockholders to be held in the City of Lubbock, County of Lubbock, State of Texas, at the principal office of the Company on the eighth day of November, 1924, between the hours of 10 o'clock a. m. and 4 o'clock p. m. to consider and act upon a proposition to authorize the execution by the Company of a mortgage or deed of trust to be called "first mortgage" or by such other name as may be determined, on all of its railroad properties now owned or hereafter acquired, to secure bonds to be hereafter issued in series, so much of such bonds as may be necessary to account for the time in payment or exchange for the indebtedness of the Company, other bonds to be issued to be used for the acquisition, construction or extension of railroads, additions and betterments to such railroads and properties owned or hereafter owned, and for other lawful corporate purposes, each series of bonds to be issued to mature at such time and provide for the payment of such lawful rate of interest to be tax free or not tax free, to be convertible or not convertible into shares of capital stock as may be determined by the Board of Directors, and to contain such other terms and conditions as may be determined or prescribed by said Board, and such mortgage to contain such terms and conditions as may be prescribed or authorized by the stockholders at said meeting. W. S. POSEY, Secretary. 9-14 to 11-18.

ORDINANCE NO. 270.

AN ORDINANCE submitting the question to the legally qualified property taxing voters of this city if bonds of the City in the amount of \$125,000.00 bearing interest payable semi-annually at the rate not greater than six per cent, payable serially within forty years from date of issuance, shall be issued for the purpose of paving, draining, and permanently improving the streets and avenues of the City of Lubbock shall be issued, levying a tax for the purpose of paying the interest and creating a sinking fund to retire such bonds; fixing the time and place of holding such election and the form of the ballot; appointing the officers to hold the same; setting out the manner of notice thereof, and declaring an emergency, account of serious need of permanent surfacing of the City highways and danger and inconvenience from flood waters. Be it Ordained by the City Commission of the City of Lubbock, Texas: Section 1. An election within this City to be held at City Secretary's office in the City, on the 9th day of December, at the regular hours, is hereby called whereat the legally qualified property taxing voters of this City may determine if bonds of this City, as hereinafter set out, and for purposes therein named, shall be issued by this City. Section 2. The purpose for which this election is called is to determine if bonds of this City in the amount of \$125,000.00 bearing interest payable semi-annually at a rate not greater than forty years, in denominations of one thousand dollars, for the purpose of paving, draining, and permanently improving the streets and avenues of this City, and for the levy on all property subject to taxation of sufficient rate to pay the interest on such bonds, and to retire them as they mature. Section 3. Those desiring to vote in favor of the issuance of such bonds shall have written or printed on their ballots—"For the issuance of \$25,000.00 of Sanitary Sewer Bonds and for the levy of a tax sufficient to pay the interest as it accrues, and for a sinking fund to retire the bonds at their maturity;" and, if a majority of the voters, voting against such election, shall vote in favor of the issuance of such bonds, same will be issued, and a tax levied upon all property within this City subject to taxation sufficient to pay the interest as it accrues, and to create a sinking fund to retire such bonds at their maturity. Section 4. The following persons are appointed as judges to hold such election: W. S. Clark and H. D. Woods. They shall make return of such election as is required by law. Section 5. The fact that there are not sufficient Sanitary Sewer lines and disposal plants for the needs of the citizens of this City, creates an emergency and public necessity that the rule of the Charter requiring Ordinances to be read in two several meetings before passage by, and the same is hereby suspended, and this Ordinance passed by unanimous vote.

bonds, shall have written or printed on their ballots, "For the issuance of \$125,000.00 of Street Improvement Bonds, and the levy of a tax to pay the interest thereon, and create a sinking fund to retire such as they mature;" and those opposed to the issuance of such bonds shall have written or printed on their ballots "Against the issuance of \$125,000.00 of Street Improvement Bonds, and the levy of a tax to pay the interest thereon, and to create a sinking fund to retire such as they mature;" and a majority of such voters declare in favor of this issuance of such bonds, they shall be issued as set out, the taxes levied as stated. Section 4. The following are named as Judge: W. S. Clark, and H. D. Woods to hold such election, and they shall make such return thereof as is required by law. Section 5. A certified copy of this Ordinance published in a newspaper, published in this City, and a certified copy of this Ordinance posted in three public places within this City, sure publication and posting being for thirty days prior to such election, shall be sufficient notice thereof. Section 6. The fact that the highways in this City are in such condition from lack of drainage and permanent surfacing as to render travel difficult and the great need of remedying such conditions creates an emergency and public necessity that the rule of the Charter requiring Ordinances to be read in two several meetings before passage should be, and the same is suspended, and this Ordinance finally passed at the meeting of its introduction by unanimous vote, and it is so ordered. Passed and approved this 6th day of November, 1924. F. R. FRIEND, Mayor, City of Lubbock, Texas. Attest: J. R. Germany, City Secretary, City of Lubbock, Texas. 8-3 Fri.

Section 6. Passed and approved this 6th day of November, 1924. F. R. FRIEND, Mayor, City of Lubbock, Texas. Attest: J. R. Germany, City Secretary, City of Lubbock, Texas. 8-3 Fri.

Seal Mayor, City of Lubbock, Texas. Attest: J. R. Germany, Secretary City of Lubbock, Texas. THE STATE OF TEXAS CITY AND COUNTY OF LUBBOCK J. J. R. Germany, City Secretary of the City of Lubbock, Texas, do hereby certify that the above and foregoing is a true and correct copy of Ordinance No. 270, which was passed by a unanimous vote of the City Commission on November 6, 1924, which was approved by F. R. Friend, as Mayor thereof, and is recorded in the Minutes of said City of Lubbock. In witness whereof, I have hereunto set my hand and the seal of said City of Lubbock, Texas, on the 6th day of November, 1924. Seal J. R. GERMANY, City Secretary, City of Lubbock, Texas. 8-3 Fri.

Seal Mayor, City of Lubbock, Texas. Attest: J. R. Germany, Secretary City of Lubbock, Texas. THE STATE OF TEXAS CITY AND COUNTY OF LUBBOCK J. J. R. Germany, City Secretary of the City of Lubbock, Texas, do hereby certify that the above and foregoing is a true and correct copy of Ordinance No. 270, which was passed by a unanimous vote of the City Commission on November 6, 1924, which was approved by F. R. Friend, as Mayor thereof, and is recorded in the Minutes of said City of Lubbock. In witness whereof, I have hereunto set my hand and the seal of said City of Lubbock, Texas, on the 6th day of November, 1924. Seal J. R. GERMANY, City Secretary, City of Lubbock, Texas. 8-3 Fri.

AN ORDINANCE whereby the question of issuing bonds of this City in the amount of \$25,000.00 bearing semi-annual interest at a rate not greater than 6 percent, such bonds payable serially over a period not greater than forty years from date of issuance, for the purpose of extending and improving the Sanitary Sewer system of this city, may be issued fixing the date and place of such election providing for notice thereof, appointing the officers to hold the same, and declaring an emergency on account of the necessity of improvements in such system because of the increase of people to be served thereby. Be it ordained by the City of Lubbock, Texas: SECTION 1. An election is hereby ordered to be held at the office of the City Secretary in this City on the 9th day of December, at the usual hours, whereat the duly qualified property taxing voters of this City may determine if bonds of the City shall be issued as hereafter set out. SECTION 2. Such bonds shall be in the sum of \$25,000.00 and bear interest payable semi-annually at a rate not greater than 6 percent, which mature over a period not greater than forty years for the purpose of extending and improving the Sanitary Sewer System of this City, and the denominations of \$1,000.00 each. A duly certified copy of this Ordinance published in a newspaper in this City and posted at three public places within the City, as required by law, for thirty days preceding such election shall be sufficient notice thereof. SECTION 3. Those desiring to vote in favor of the issuance of such bonds shall have written or printed on their ballots—"For the issuance of \$75,000.00 of water bonds for the levy of a tax sufficient to pay the Water Bonds, and the levy of a tax sufficient to pay the interest as it accrues, and for a sinking fund to retire the bonds at their maturity;" and, if a majority of the voters against such election shall vote in favor of the issuance of such bonds, same will be issued and a tax levied upon all property within this City subject to taxation sufficient to pay the interest as it accrues and to create a sinking fund to retire such bonds at their maturity.

SECTION 4. The following persons are appointed as judges to hold such election: W. S. Clark and H. D. Woods, and they shall make return of such election as is required by law. SECTION 5. The fact that there are not sufficient water supply water storage, and water contribution for the needs of the citizens of this City creates an emergency and public necessity that the rule of the Charter requiring Ordinances to be read in two several meetings before passage by, and the same is hereby suspended, and this Ordinance passed by unanimous vote at the meeting of its introduction, and it is so ordered. Passed and approved, this 6th day of November, 1924. F. R. FRIEND, Mayor, City of Lubbock, Texas. ATTEST: J. R. Germany, City Secretary, City of Lubbock, Texas.

SECTION 1. An election is hereby ordered to be held at the office of the City Secretary in this City on the 9th day of December, at the usual hours, whereat the duly qualified property taxing voters of this City may determine if bonds of the City shall be issued as hereafter set out. SECTION 2. Such bonds shall be in the sum of \$25,000.00 and bear interest payable semi-annually at a rate not greater than 6 percent, which mature over a period not greater than forty years, for the purpose of extending and improving the Sanitary Sewer System of this City, and the denominations of \$1,000.00 each. A duly certified copy of this Ordinance published in a newspaper in this City and posted at three public places within the City, as required by law, for thirty days preceding such election, shall be sufficient notice thereof. SECTION 3. Those desiring to vote in favor of the issuance of such bonds shall have written or printed on their ballots—"For the issuance of \$25,000.00 of Sanitary Sewer Bonds and for the levy of a tax sufficient to pay the interest as it accrues, and for a sinking fund to retire the bonds at their maturity;" and, if a majority of the voters, voting against such election, shall vote in favor of the issuance of such bonds, same will be issued, and a tax levied upon all property within this City subject to taxation sufficient to pay the interest as it accrues, and to create a sinking fund to retire such bonds at their maturity.

SECTION 4. The following persons are appointed as judges to hold such election: W. S. Clark and H. D. Woods. They shall make return of such election as is required by law. SECTION 5. The fact that there are not sufficient Sanitary Sewer lines and disposal plants for the needs of the citizens of this City, creates an emergency and public necessity that the rule of the Charter requiring Ordinances to be read in two several meetings before passage by, and the same is hereby suspended, and this Ordinance passed by unanimous vote.

THE STATE OF TEXAS City and County of Lubbock: I, J. R. Germany, City Secretary of the City of Lubbock, Texas, do hereby certify that the above and foregoing is a true and correct copy of Ordinance No. 271 which was passed by a unanimous vote of the City Commission on November 6th, 1924, which was approved by F. R. Friend, as Mayor thereof, and is recorded in the Minutes of said City of Lubbock. In witness whereof, I have hereunto set my hand and the seal of said City of Lubbock, Texas, on the 6th day of November, 1924. (SEAL) J. R. GERMANY, City Secretary, City of Lubbock, Texas. 8-3 Fri.

CHILD IS KILLED IN RAILROAD YARDS

FT. WORTH, Nov. 13.—Tiny Eulalia Rodriguez, after spending the greater part of his life playing in the railroad yards here, met his death there when a loose string of box cars ran amuck, but when a lad is only three years old, he is not very liable to heed the advice of his elders, consequently going into dangerous places. The child's legs were both severed at the knee and his left arm was cut off at the shoulder. We hope the man who names moving pictures gets a headache.

Lloyd George Hotly Denies Report Of Challenge to Duel

By United News. LONDON, Nov. 13.—David Lloyd George has rushed into print with a denial that he was challenged to a duel by Georges Clemenceau during the Paris peace conference. "It is a stupid invention," Lloyd George declared Thursday. "The statement does not contain the slightest basis of truth." A circumstantial account of the challenge is contained in a book, "Through Thirty Years," by Wickham Steed, former editor of the London Times. Publication Thursday morning of Steed's memoirs created a sensation in London. Whether the late President Wilson actually stepped between Lloyd George and Clemenceau after the latter had charged the little Welshman with the diplomatic equivalent of lying can never be learned from his own lips, but Clemenceau is expected to make a statement relative to the account of the affair in the honor of the chamber of mirrors at Versailles. Steed insists that his version of the incident represents the truth. "Naturally I wouldn't publish such a story without advance verification from persons who were present," Steed said, when confronted with Lloyd George's denial that Clemenceau had challenged him. "The former editor said he would not enter into a personal controversy regarding the matter."

LABOR TO FIGHT ANY ATTEMPT AT WAGE REDUCTIONS

EL PASO, Texas, Nov. 13.—Organized labor will fight any attempt at wage reductions. Samuel Gompers, veteran generalissimo of the American Federation of labor said here that many employers are forecasting a reduction in wages, "but they won't get it. You hear much talk of property over the country" he added, "but this is not true of labor. We have now 2,000,000 men out of employment. We are going to stand up and hold the line. Labor is not going to retreat one inch." The 74 year old labor chieftain who is here for the opening of the federation conventions next Monday is in high fettle. He has no intention of retiring from active life, and his re-election with opposition is predicted. The El Paso police have assigned two city detectives to guard Mr. Gompers while here and during his trips across the border to the Mexican federation of labor. The speed of a carrier pigeon is 1200 yards a minute, and that of back-fence gossip a dozen yards an hour. There is an end to all things, except a circle of friends.

### MODIFICATION OF VOLSTEAD ACT IS SEEN BY HILL

By United News.  
(Editors Note.—Congressman John Phillip Hill, acquitted of charges of violating the Volstead act by making wine and cider in his home, believes the outcome of his trial has opened a way toward modification of the Volstead act. Here are Hill's personal views of the significance of his acquittal.)

By JOHN PHILLIP HILL  
(United States Congressman from Maryland)  
BALTIMORE, Md., Nov. 13.—The decision of Judge Sopher in the United States district court of Maryland followed by the verdict of the jury in the United States court opens the door of the modification of the Volstead act.

The decisions of points of law made by Judge Sopher, are entirely in accordance with the views originally expressed by Representative Volstead and by those who arranged the Volstead act. Section 29 was intended to exempt the makers of non-intoxicating cider and fruit juices from the penalties of the Volstead act. This provision was intended for the Volstead act the votes of those representatives in congress who came from rural communities. Without section 29, the Volstead act would never have been adopted.

Since the adoption of the Volstead act, the anti-saloon league have gradually created interpretations of their own of section 29 by which they have sought to negative the expressed exemption made by congress.

The rights given the makers of cider and home-made wines under section 29 depended solely upon local interpretation of the prohibition agents. Where the home made wine or cider makers were poor and ignorant, they had no rights in many cases at all.

Judge Sopher has decided clearly that the half of one percent definition applied to all beer whether home made or manufactured doesn't apply to home made cider and fruit juices unless they are intoxicating in fact, is a matter for determination by a jury of reasonable men on a reasonable basis. The effect of this decision is to restore the farmers the rights granted them by section 29.

The use is clearly made a double standard in the Volstead act. The jury in my case decided that cider of an alcoholic content of 2.70 percent is non-intoxicating in fact, and that home made wine or grape juice of an alcoholic content of 11.68 is also non-intoxicating in fact.

No law within a double standard can endure. The same standard must be applied to home made fruit beverages. The Anti-Saloon League does not dare to attempt to take away the privileges of section 29, and I don't believe, in view of this decision and finding of fact by the jury, that congress can consistently refrain from according to the city dwellers the same privilege to enforce one standard against one group of citizens I am of the opinion that this decision will open the door for modification of the Volstead act along the lines of the 2.75 percent beverage bills introduced by sixty members of the present congress.

### CITY IMPROVEMENTS DISCUSSED AT KIWANIS MEET

R. W. Blair, chairman of the Kiwanis Club educational committee presided over the program at the regular weekly luncheon at the Arnoory building Thursday, at which time new members were instructed in club responsibility and privileges by Kiwanian Jack M. Lewis.

While Rev. Mr. Lewis directed his remarks to the new members, they were nevertheless equally enjoyed by the old members and visitors alike who were made to understand better the true ideals and fundamental principles upon which the club was founded nearly ten years ago.

All members of the city commission were present, and were represented in a forceful speech by Walter S. Posey, who explained to the Kiwanians the work that has been done in keeping Lubbock abreast of the times meeting the demands that have been placed upon the city by a fast increasing citizenship. Pointing out the warrants bearing six percent and selling at ninety-five cents on the dollar will have to be issued within a short time to pay for improvement work that is now under way. Mr. Posey explained to his hearers why the city commission had, after a conference with Chamber of Commerce officials, agreed upon floating a bond issue to be voted upon by the tax payers of the city that would provide means for paying for these improvements without losing more than thirty thousand dollars through the discount that would have to be given if paid by city warrants. The action of the city commission in making the necessary improvements in the light and water system, and in paving additional streets and laying larger and more sewer lines was said by Mr. Posey to be a matter of "building Lubbock to meet the demands of a fast growing population else letting the growth be nipped in the bud."

That the Kiwanians are in hearty accord with the commissioners was shown by the many cheers given Mr. Posey as he concluded his remarks.

Al Jennings, noted Oklahoman, here for a two-day's engagement at the Lindsey Theatre, was then introduced by Mr. Blair and called upon to address the club.

Discussing the thrilling adventures and pitiful incidents of his life from an entirely different angle to that approached in his speech to the Rotary Club on Wednesday, the noted character carried his hearers from bursts of laughter into meditative paths, revealing to them the master hand as placed upon the individual violator proving the supreme truth in those words of warning to wayfarers which read: "The way of the transgressor is hard."

Referring to his early escapades in the days of his being in the railroad, banking and express business as being marked by his serious mistake of operating without a charter, he gave his hearers something to think about in pointing to them the problems of society today laying submerged or concealed in prestige of public office while enforcement agents spend their energy searching the paths of less fortunate yet honorable "common people."

A greater degree of tolerance and

### PERSONAL THRUSTS OPEN ARGUMENTS IN CANCEL SUIT

BY H. O. THOMPSON  
LOS ANGELES, Cal., Nov. 13.—In a brilliant address, seething with accusations, and filled with personal thrusts at Albert B. Fall and E. L. Doheny, former Senator Alcee Pomerene especially appointed chief counsel in the government's suit against the Pan-American Oil company leases and contracts set forth the prosecution's argument before United States District Judge Paul McCormick Thursday afternoon.

Starting slowly and growing more and more eloquent, Pomerene went through a brief review of the history of the Elk Hills naval reserves. He told of the nation's interest involved in these holdings and swung into an attack on the officers who administered them.

"Mr. Doheny has gone on record to the effect that he expected to make \$100,000,000 out of the right at Elk Hills," the attorney declared. "But Admiral, the master-mind of the navy did not see the immense value of these lands."

"Cotter (one of the heads of the Pan-American company) said that the preferential rights were of no value. It seems as if he succeeded in Cotterizing some of the country's officials."

Pomerene referred back to the opening speech of Frank Hogan, chief defense counsel, in which it was stated that Fall "could not be influenced" and that Fall and Doheny did not conspire to put over the Elk Hills deal.

"But it was Doheny's master-mind that controlled everything in the dealings," Pomerene shouted.

The oil magnate sitting with his counsel visibly reddened at the words, while Mrs. Doheny, at his side, twitched nervously at her handkerchief.

Pomerene pounded on the table as he shouted: "Fall wrote on the day before he got that \$100,000 the royalties must be less."

The next day Doheny sent his son to get the money.

"Is this the way business and professional men do it? Would a man go from here to San Francisco to get

### PORT ARTHUR CHILD IS FIRST NAMESAKE OF NEXT GOVERNOR

BY United Press.  
PORT ARTHUR, Texas, Nov. 13.—Introducing what is believed to be the first namesake of Mrs. Miriam E. Ferguson, Texas's next governor, she is Miss Miriam Evelyn Manning, daughter of Mr. and Mrs. E. D. Manning, Port Arthur. She came into the world just a few hours after "Ma" had registered her history making feat.

The fact that girls have been cheated in the past in the matter of being named after illustrious statesmen and warriors may mean there'll be a bumper crop of "Miriamas" and future "Mas" during the next two years, it is believed.

### MEN WERE SHOT AT WHILE ASLEEP IN AUTO

DALLAS, Texas, Nov. 13.—Jim and Terrell Clark are just about in the notion of trading a jointly-owned flivver for a tank.

While sleeping in the machine to prevent thieves from thieving so they told officers, someone gave them a cut-glass shower by shooting through the windshield of the automobile. Officers were unable to throw any light on their incident.

### NEGRO FINED \$25 HERE ON CHARGE OF GAMBLING

Babe Wilder, negro, was found guilty of gambling in the justice court here Thursday afternoon, and a fine of \$25 and court costs was assessed.

The negro was one of the thirteen arrested by members of the sheriff's force here Armistice Day, six of whom plead guilty while the remaining seven asked for trials. It is probable that this will be the only one of the cases to be tried as officers expect the other negroes to plead guilty when they are arraigned in court again Friday.
