SUIT TO HALT SINKING OF SHIP OVERRULED

GIANT VESSEL LEAVES TODAY FOR GRAVEYARD

DECISION OF JUDGE IS ANNOUNCED ABRUPTLY AFTER ARGUMENTS

By United News. WASHINGTON, Nov. 14.—The suit to prevent Secretary of the Navy Wilbur from carrying out the destruction of the battleship Washington as provided in the naval limitations treaty, was thrown out of court here in rather short order. The scene in the dingy court room Friday contrasted strangely with the imposing gathering, just three years ago, of world diplomats who framed the document cutting the leading navies of the world.

After the court had tossed the suit from its door in one brief sentence, Counsel for Wm. B. Shearer, of New York, who sought an injunction against Wilbur, announced that an appeal would be carried to the district court of appeals.

The injunction was sought Friday in the district court. Simultaneously, Wilbur announced that the plans of the navy for destroying the unfinished battleship by a series of tests off the Virginia capes would go forward. The ship, in tow of five tugs, will leave the Philadelphia navy yard Saturday for its graveyard in the Atlantic he said.

The tests will extend through a period of days, until the final sinking. Wilton J. Lambert, chief counsel for Shearer said he would expedite his appeal as much as possible, in the hope of securing a ruling before the Washington is sent to her doom. The tests are expected to begin next week. Wilbur expects no further hindrance despite the appeal.

Justice Hitz, who heard the case announced his decision very abruptly, after lawyers had talked for an hour and a half, presenting their cases to a court room well filled with a heterogeneous audience—a sprinkling of court officials who drifted in, several embryo attorneys who carefully took notes, two or three negroes, and a dozen or more newspaper reporters.

Glancing quickly upon the array of lawyers who represented Shearer, the complacent judge said, "Is there anything else I can do for you gentlemen?" "No, you've done enough already one of the lawyers retorted, laughing.

Shearer Not Allowed On Stand. Shearer sat through the whole proceeding without a word. He had all his data with him, regarding cost of the ship and tonnage figures on the U. S. and British fleets. He was given no opportunity to present it, Lambert also announced that he had other witnesses.

Assistant District Attorney West then presented the case of the government briefly arguing the secretary of the navy had full power to dispose of the Washington through fire tests as planned and stated that these would be of great value to the navy.

Wilbur in his answer to the suit of Shearer, read by West indicated that Great Britain is permitted a larger capital tonnage under the limitation treaty than the United States. This was one of the contentions of Shearer in bringing his suit.

"The terms of the treaty allow the United States 325,000 capital ship displacement tonnage, and the British empire over 580,000 displacement tonnage, the latter to be reduced to 558,950 displacement tonnage, and not 525,000 the figures for the United States," Wilbur said.

Would-Be Assassin Executed. TOKIO, Nov. 15.—Daijoku Namba, the young Japanese who attempted to assassinate the Prince Regent Hirohito in December 1923 was executed for his crime at 8 o'clock this morning. Namba was a communist.

BOBBED-HAIRED BANDIT CONFESSES

CAPT. SUMMERS, BELLAH BAUM & ATTY. DOTTOFF

FIGHT ON PRISON WHIP SPREADING

ABOLISHMENT OF CUSTOM MAY BE ASKED THRU LEGISLATURE

By United News. HOUSTON, Nov. 14.—With citizens of Dallas, adding impetus to the state-wide fight against the flagging of prisoners on state prison farms through petitions and messages to Governor Pat M. Neff, authorities leading the fight in Harris county declare tonight that the fight would be carried into the next session of the state legislature.

The petition dispatched to Governor Neff from Dallas was signed by the Texas state civic association and urged that all floggings in the state penal system be abolished pending thorough investigations.

Aside from the statement of Superintendent McAdams, of the Ferguson Farm officials of the prison system, steadfastly refuse to issue any statement regarding the floggings.

IDALOU BAPTISTS TO BUILD NEW BRICK CHURCH SOON

IDALOU, Nov. 14.—The Baptist church of Idalou expects to erect a new brick church here in the near future and plans are being made for the erection of a splendid house of worship. The building will be built of brick and it is estimated that the cost will be \$23,000. They now have cash and donations to the amount of \$16,000.

Messrs. H. W. Lassiter, Dr. J. S. Musgrove and T. Walker, members of the building committee and Walter Haynes went to Littlefield Wednesday to look at the Baptist church building there. They probably will investigate several church buildings at other towns before they come to a decision as to the kind of a building they want to build.

Education Week Proclaimed. WASHINGTON, Nov. 15.—President Coolidge has issued a proclamation setting aside the week of November 17 to 23 as American education week.

NEFF IS NAMED HONOR MEMBER OF WOMENS CLUB

HOUSTON, DALLAS AND AUSTIN BID STRONG FOR NEXT MEETING

(Special to The Morning Avalanche) AMARILLO, Nov. 15.—The closing incidents of the four days session of the Texas Federation of Women's clubs convention convene here Tuesday were marked by the efforts made by three leading Texas cities, Houston, Dallas and Austin, for the convention in 1925. While tense interest was shown by many of the delegates in the meeting place for next year, the decision will not be made until the meeting of the official board, to be held at the state federation headquarters in Fort Worth.

The election of Governor Pat M. Neff, to honorary membership in the T. F. W. C., principal speaker at Thursday afternoon's session and one of the most faithful friends to Texas Club Women who ever occupied the governor's chair, was accompanied by hearty cheers and complimentary references by all speakers of the day.

The establishment of the Honor Farm at Sugarland has been conceded to be one of the most important forward steps encouraged by club women of the state. In an eloquent description of the incident leading up to the establishment of this farm, especially with regard to the activities of club women in the effort, Mrs. J. E. King, chairman of the supervisory board of Texas prisons and a leading club woman, commended the system and accredited the Texas Federation of Women's clubs with having no small part in the movement.

"No dogs, no guards, no guns—the picket house has been converted into a library and we need books and periodicals giving the women of Texas another opportunity to prove their interest in fallen humanity," the speaker said in reference to the honor system.

The fifth district, of which Mrs. Wheeler Pettus of San Antonio is president, was awarded the parks and playgrounds loving cup. A splendid report on the methods employed by the leaders of the district in encouraging better play grounds and more beautiful parks having been made during the convention that was no minor feature of the numerous sessions.

The sixth district, headed by Mrs. William Reagan, of Cisco who has been conspicuous in Texas club circles and who is one of the most efficient and energetic leaders among the great women of Texas, was awarded the loving cup for the organization of the greatest number of rural life clubs during the year. The importance and constructive nature of this work is to be measured by the value placed upon personal and community interest, for indeed community life clubs are nearer every individual of the respected community involved than any other feature of human contact with club life.

The prize for the best year book went to the Lotus club of Paris. The Florence Floor medal was awarded Elenita Kirkpatrick of the Lotus club for the best short story, giving that club double recognition among all clubs of the state which engage the attention of the thousands of Texas women, which is indeed something of which its every member might well be proud.

Prizes for the two best Pageants written around "Texas, A Democratic State," were offered by Mrs. Henry Redmond, and were won by Mrs. L. A. Wells, of Amarillo and Mrs. Lilly T. Shaver of Dallas.

PACIFIC COAST BE CENTER OF COMMERCE BARSON SAYS. NEW YORK, Nov. 14.—The Pacific Coast and not the Atlantic will be the center of American commerce of the future, Roger W. Babson, business expert declared here Friday.

First Prima Donna from Kansas.

MISS KATHLEEN KERSTING

Miss Kathleen Kersting, of Wichita, Kansas, at the age of sixteen, will make her operatic debut as Marguerite in Rome next March. For four years she has studied under Mme. Emma Calve, famous French soprano, and for two years she has lived at the singer's castle in France. Miss Kersting will wear the same costume worn by Mme. Calve in the same role. She is now on a short visit to her parents in Kansas, and will return to France in December.

SUIT HINGES ON CURRENCY BAG

CANCEL SUIT BE WON OR LOST ON \$100,000 TAKEN FROM DOHNEY BY FALL

BY H. O. THOMPSON. LOS ANGELES, Cal., Nov. 14.—The \$100,000 in currency carried to Albert B. Fall, former secretary of the interior by E. L. Dohney, Jr., son of the California oil magnate, is the point upon which the government suit to break the Elk Hills naval reserve leases held by Dohney's Pan-American companies will be won or lost.

Should federal judge Paul J. McCormick, sitting in the case, be convinced the contents of that famous little bag carted down to Washington from New York by young Dohney were strictly a business loan made by his wealthy father to an old friend, the defense stands a strong chance of emerging victorious.

But should the court hold that the \$100,000 was a bribe and part of a plot to defraud the government, the reserves will revert to their original status and the leases will be invalidated.

All this became evident today as (Continued on Page 2)

BANKER COLLAPSES AS INSTITUTION IS CLOSED

By United News. KANSAS CITY, Nov. 14.—While Joseph R. Grant president lay critically ill at his home following a nervous collapse, the Centropolis Bank failed to open its doors Friday morning and state bank examiners admitted they were investigating the condition of the institution's finances.

Grant's collapse was brought about by weeks of worry over the bank's condition his wife declared. Frank Millspaugh, state finance commissioner, said the bank was placed in his hands by directors pending completion of the inventory.

A. S. Menefee, vice-president, was unable to tell whether the bank was solvent. Loans and discounts are being checked, he said, to ascertain the extent of frozen credits.

500 FAMILIES MADE HOMELESS WHEN BLAZE AND EXPLOSIONS WRECK 4 JERSEY CITY BLOCKS

By the United News. JERSEY CITY, N. J., Nov. 14.—Five hundred families made homeless by a fire which destroyed four blocks of a factory-tenement district Friday afternoon, are being cared for through emergency measures while Jersey City checks up on a property damage estimated as high as \$5,000,000. Many of the victims had fled screaming while their neighborhood was being torn as if by shells and liquid fire.

A score of firemen and a few spectators are suffering from injuries of varying degrees as a result of chemical explosions in a ruined factory. These explosions continued to occur at intervals but the fire itself which brought out the Jersey city fire department, was declared to be under control late in the afternoon. The fire raged six hours in the Germantown section before the firemen became its masters but there was no loss of life despite the showers of debris, acid and dangerous fumes which came in the wake of the blasts.

The blaze started in the basement of the Batelle and Renwick Salt Peter factory and the roar of scores of chemical explosions rocked the city, until the surrounding area became an inferno of flames. As huge fiery tongues of red, blue and green shot into the air, the rocking detonations and the hissing of burning chemicals, threw the neighborhood into panic.

Hundreds Flee Scene. Screaming, moaning and shouting, hundreds of men and women and children fled from the path of the flaming horror. Some staggered through the streets with smoke blackened faces; others carried clothing in bags tied to their backs while mothers clutched howling babies. A few push-carts in the district were dumped of their vegetables and other wares while frantic householders piled them with family belongings.

Fire companies from Hoboken and other nearby Jersey towns rushed to the scene, and as they, New York fire boats and a half dozen tugs in the harbor were called into play, the ground shook with the intermittent explosions, and the crash of shattered windows added their tinkle to the bedlam in Germantown.

The buildings now in ruins were the Salt Peter Plant, the Richards Oil and Chemical company adjoining it, an abandoned warehouse of the American Sugar Refining company, many tenement houses, and numerous business buildings such as drug stores, saloons, undertaking establishments and small shops. At one time the flames threatened to shoot across the Morris Canal and attack great coal pockets, and railroad shops on the opposite bank.

Four ferries rushed the New York fire apparatus across to the Jersey side, while passengers on other ferries were being pelleted with a white char dust that made them look like snow as the boats docked. A haze of smoke reached lower Manhattan and for a time impeded harbor traffic.

Six Blasts Rock Factory. Most of the injured firemen were hurt when a terrific explosion, followed by five others in quick succession, blew the ruins of a factory toward the skies. Three dwelling houses nearby, knocked from their foundations by the impact, crashed to the ground. Shattered bricks, machinery, timber and clouds of flaming acid filled the air.

Down came the falling debris. Fifteen firemen were taken to hospital and many others, as well as spectators received lesser injuries. Acids had been stored in the factory cellar, but the fire fighters were unaware of the presence of the dangerous fluid.

Other firemen and a few citizens were overcome by smoke or the choking fumes of the chemicals. The Salt Peter plant, a four story brick building, had "vats and bins of chemicals on all its floors. Underneath the building buried to a great depth, were other and larger stores of more dangerous chemicals. The fire was believed to have started in the office of the building.

When the blaze hit the first underground vat, the repercussion sent the roof flying like a great skyrocket.

BOARD FOR PROBE OF INDIAN AFFAIRS ADJOURNS

By United News. MUSKOGEE, Okla., Nov. 14.—"So long as the waters run and the grass grows."

Uncle Sam is reported to have incorporated that far-reaching statement to the Indians of Georgia and other reservations in a promise that they should have as their own lands assigned to them in the Indian treaty when their eastern reservations were utilized for the "pale faces" and the red men were nudged farther toward the setting sun.

But apparently, from the maze of technicalities and collision contained in a pamphlet compiled by a representative of the Indians' rights association and two other co-authors, the board plunged into the entangling maze of complaints and legal quibbles, and after four exciting days adjourned early Friday afternoon to resume the quiz in Washington in December.

Declaring that they came here to investigate a general blanket charge of corruption and collusion contained in a pamphlet compiled by a representative of the Indians' rights association and two other co-authors, the board plunged into the entangling maze of complaints and legal quibbles, and after four exciting days adjourned early Friday afternoon to resume the quiz in Washington in December.

2 World Girdlers Arrive at Houston Friday Afternoon

By United News. HOUSTON, Texas, Nov. 14.—The "Boston II" and "New Orleans" round the world planes piloted by Lt. Leigh Wade and Eric Nelson, landed at Ellington Field here this afternoon at 2:50 o'clock after a 3-hour flight from New Orleans.

Invitations to social functions were declined by the flyers, who spent the evening inspecting their planes for the take-off to Ft. Worth at 8 o'clock Saturday morning. From Ft. Worth, the flyers will hop to St. Louis and Dayton, Ohio, ending their flight at Washington.

MRS. HARDING'S CONDITION WORSE, PHYSICIANS SAY

MARION, Ohio, Nov. 14.—Bulletin received from Oak Farm late tonight state Mrs. Harding, widow of President Warren G. Harding, after a restless evening, appeared worse than at any time during her present illness.

Dr. Carl W. Sawyer, her attending physician, admitted that her heart may fail at any time. The physician's bulletin said: "During the evening Mrs. Harding continued to suffer attacks of the heart which seemed to grow more frequent and severe in the later evening."

Miss Nobia Slagle and Mr. J. B. Galland Married Thursday

A wedding of great interest to Lubbock people took place at the home of Mr. and Mrs. J. M. Slagle Thursday evening at eight o'clock when their daughter, Nobia, and Mr. J. B. Galland were united in marriage.

A beautiful bower was arranged of huge chrysanthemums and ferns with tall baskets of cut flowers on each side. Dr. E. E. Robinson read the impressive and beautiful rite ceremony from the Methodist ritual before the bride and groom standing before the improvised altar.

Only members of the immediate family of the young people were present to wish them every happiness and prosperity in their new life.

Miss Slagle is too well known in Lubbock for an introduction. She is loved by everyone for her fine qualities and charming personality. Her father and mother are among Lubbock's most valued and highly respected families.

Mr. Galland is a successful contractor and has lived in Lubbock about a year, making many friends among the people whom he has met. His parents live in Los Angeles California.

The young people left soon after the ceremony for Roswell, New Mexico and other points west where they will spend a brief honeymoon before returning home.

CHURCH OF CHRIST NOVEMBER 16, 1924

Bastel Baxter, President of the Abilene Christian College, will preach Sunday at 11 o'clock. Morning services also at 7:30 evening services.

Scripture study at 9:45 a. m. Young People's Bible class 3:30 p. m. Prayer meeting Wednesday evening at 7:30. Ladies Bible class Thursday afternoon 3:00 o'clock.

Great message expected from brother Baxter. Strangers and visitors cordially invited.

METHODIST PASTOR ARRIVED FRIDAY

Dr. E. E. White, formerly of Waco, the pastor of the Methodist church arrived in Lubbock Friday afternoon, accompanied by Mrs. White and their little daughter. They are for the present stopping at the Cova Hotel until their plans can be made.

The T. E. L. class of the Baptist church, in their meeting Sunday morning decided to buy a piano for the class room and in order to start the fund will have a food sale at Yarbrow's grocery Saturday in which dressed hens and home-made pies and cakes will be sold.

JACKIE COOGAN'S FAVORITE AT THE LIBRARY

All little children are delighted by Jackie Coogan and the Librarian feels sure they will enjoy a book of which he is very, very fond. It is indeed a book which holds the fancies of little folk from Jackie Coogan who is the richest little boy in the whole world, grown to the little boy who will find only one present in his stocking and wishes that one might be "The Wish Bone Man."

THE WISH BONE MAN.

By Cornall Greening. The "Wish Bone Man" is a book for just little folks. They will delight in these stories about the whimsical man from whom children could obtain any thing they wished merely by pulling his legs, there are many clever pictures that tell a story and on the cover is Jackie Coogan's picture and his assertion, "I have had

lots of fun with the "Wish Bone Man."

PERSONALS

Mr. and Mrs. Roy Brownfield and little son, Roy Jr., and Mr. Hugh Pyeatt, all of Brownfield were visiting in Lubbock Friday.

Judge and Mrs. James Elliott of Tahoka were the guests of Mr. and Mrs. La Verne Kershner this week.

Rev. and Mrs. E. H. J. Andrews of Plainview were Lubbock visitors this week.

Mr. Robinson, business man of Ballis, in company with Rev. M. S. Leverage of the same City spent Friday afternoon looking after business here.

MANY HURT IN \$5,000,000 FIRE AT JERSEY CITY

(Continued from Page 1)

bursting in a thousand pieces clattering down into the streets.

Nearby a public school had released classes and nearly a thousand school children scurried to safety.

Harrowing Scenes Emerge. Harrowing scenes continued as the flames spread. One woman, about to become a mother, was rushed to a police station, where her baby was born. Another mother, her baby born, was carried away with her child on a stretcher. In one of the homes nearby lay the body of a four year old boy in a casket. The funeral was to have been held Friday. The little body was cremated.

A detective climbed a hot fire escape and rescued a small boy. Members of the Red Cross, Y. M. C. A. and the Knights of Columbus cared for the refugees, who Friday night were being quarantined in Armories, police stations, churches and public halls where cots were installed by the city.

An investigation has been started to determine whether any criminal negligence was responsible for fire.

NEW PASTOR LOCAL CHURCH ARRIVED HERE FRIDAY

Rev. E. E. White, newly appointed pastor of the First Methodist church arrived in Lubbock late Friday afternoon accompanied by his wife and daughter, Miss Elizabeth, and Mrs. White's cousin, Miss Evelyn Sowell, who will make her home with them here.

Dr. White was unable to make any statement concerning plans for Sunday's services last night other than that he will preach at both the morning and evening hours and in addition to meet the members of the congregation.

Having made the trip from Waco by automobile, they are at the Cova hotel enjoying needed rest, and will perhaps remain there until next week when arrangements will be made for a temporary home awaiting the completion of the parsonage now under construction.

SUIT HINGES ON CURRENCY B A G

(Continued from Page One)

Frank J. Hogan, chief defense counsel, argued for hours on behalf of the Doheny interests, confining his pleas largely to championing the \$100,000 issue.

"Our opponents have remarked on the unusual manner in which this loan was made," Hogan said, referring to the fact that the amount went to Fall in currency and not by check.

"If Doheny had written a check for \$100,000 and sent it to Fall, wouldn't it have been returned to him?"

"This wasn't a business matter, it was a personal matter between two old prospector friends. If the Pan-American funds had been going into the transaction, officers and stockholders of the firm would have required records of it."

"The fact that currency instead of a check was used is the only point the prosecution could find which would indicate the deal might have been shady."

Then Hogan, approaching the court and lowering his voice, queried impressively:

"Does a bribed official ever give a promissory note to the briber as was done in this case?"

"Does a messenger wait and take back to the briber a note showing the time, and amount and parties in

a corrupt affair. Young Doheny did this.

"Is there any normal father in the United States who, if he knew he was going to bribe a public official, would send his only son on the errand?"

"No, it is all as inconceivable as anything that has ever been placed before a bar of justice."

Hogan held the prosecution did not prove its bill of complaint in which conspiracy was charged.

"This conspiracy claim was advanced for two purposes—to besmirch the integrity of certain government officials and to alter the political complexion of the government," he declared.

"The first effort was temporarily successful, but the second was a terrible failure."

Lauding former secretary of the navy Deaby forced to resign following the oil scandal episode, Hogan characterized him as acting with the best interests of the navy department at heart.

"His resignation was the result of unfair charges hurled against him mainly breast," the defense attorney said.

When court adjourned Hogan was still talking, having argued the entire day. There will be a short session Saturday morning for him to complete his plea.

Legality of Half Of Reno Divorces Hangs in Balance

(By United News)

RENO, Nevada, Nov. 14.—Upon the decision of Judge George S. Bartlette in the suit of Mrs. Emma E. Confer of Hamburg, Pa., to test the legality of the Nevada divorce law, rests the legality of more than fifty per cent of the so-called "Reno divorces." It is believed here as the closing arguments in the case were being heard.

Reno has long been the mecca for dissatisfied married couples and some of the most prominent persons in the United States have secured severance of marital ties through the Nevada courts.

Confer, in obtaining a divorce from his wife, swore that he was a "permanent resident" of the state, as do all persons who obtain divorces in Nevada. After the decree was issued he immediately changed his address back to Hamburg.

This is the ground for Mrs. Con-

fer's suit. She claims that her husband was only a temporary resident of the state and that he swore falsely to obtain the divorce. Closing arguments in the case were heard Friday and briefs submitted to the judge by both attorneys for Mrs. Confer and the attorneys for the state. Following the closing arguments, Judge Bartlette announced that he would take the case under advisement for a few days before handing down a decision.

WOMEN BARBERS BE UNIONIZED OFFICIAL SAYS

EL PASO, Nov. 14.—Women tonsorial artists and beauty experts are to be unionized.

On January 1, several thousand women barbers, hair dressers and other members of the beautifying craft will be issued union cards, according to Jacob Fischer, president of the International Barbers Union. He said the ban on women had been lifted and they would be taken into the union, which has approximately 50,000 members.

That the barbers profession had been saved by a hair was implied by the labor official who declared that the bobbed hair fashion had kept the shears and clippers profitably busy.

"Bobbed hair may become a little less popular than it is now, but I do not think it will go entirely out of fashion," he said.

FINAL VOTE IN LUBBOCK COUNTY IS REPORTED

In the general election, "Ma" Ferguson, democratic candidate for governor, defeated her republican opponent, Dr. Geo. C. Butte, by a majority of seventy votes in Lubbock county.

Mrs. Ferguson received a total of 1600 votes while Dr. Butte received a total of 1530 votes.

The democratic party received 2180 electoral votes in the county while the republican party received 414 votes and the independent party received 122 votes.

The center community is the only voting box that gave the democratic party the back position, as there seventy-two votes were received by the independent electors, six for the republicans and only four for the democratic party.

Other candidates standing in the general election were as follows:

For United States Senator: Morris Sheppard, 2744; F. M. Kennerly, 385.

For Congress 18th District: Marvin ones, 2413; A. B. Spencer, 369.

For Lieutenant Governor: Barry Miller, 2334; J. H. Kurth, 689.

For Attorney General: Dan Moody, 2718; G. N. Harrison, 385.

For Comptroller: S. H. Terrell, 2780; Jesse A. Chase, 357.

For State Treasurer: W. Gregory Hatcher, 2794; Mrs. J. S. Peters, 342.

For State Superintendent of Public Instruction: S. M. N. Marrs, 2830; Mrs. E. E. Halsey, 308.

For Commissioner of Agriculture: Geo. B. Terrell, 2822; Henry Barlow, Jr., 311.

For Land Commissioner: J. T. Robison, 2796; Frank G. Ogburn, 511.

For Railroad Commissioner, Regular Six-year Term: Clarence E. Gilmore, 2821; J. Allen Meyer, 277.

For Railroad Commissioner, Unexpired Four-year Term: Lon A. Smith, 2832; J. H. Cloonan, 296.

For Railroad Commissioner, Unexpired Two-year Term: C. V. Terrell, 2842; J. A. Harland, 299.

For Chief Justice of the Supreme Court: C. M. Cureton, 2846; C. O. Harris, 302.

For Associate Justice of the Court of Criminal Appeals: O. S. Latimore, 2827; Fren Von Rosenberz, 292.

For Associate Justice, Court of Civil Appeals 7th Supreme Judicial District: H. C. Randolph, 2770; M. J. R. Jackson, 2634.

9,430 BALES COTTON GINNED HERE BY SEVEN GINS

Light showers, accompanied by cold misty weather, fell through this section early Friday morning, continuing cold and cloudy through the day.

This is the first serious check that has been made on the gathering of the Lubbock county cotton crop, and nearly one-third of the cotton ginned here this season has been ginned since Friday, November 7th.

Reports from all the gins here on November 7th, showed that 6,600 bales had been ginned, and a report from these gins today showed that 9,430 bales have been ginned to date, making a total of 2,830 bales ginned during the past week.

Observers differ as to the number of bales that will be ginned here this season, some estimating that as many as 22,000 bales will be ginned here.

Rainfall Friday was not heavy enough to cause material damage to the crop but farmers are uneasy as prospects are that cloudy weather might continue.

The report by gins follows:

West Texas, 744 bales.

Dean and Williams, 81 bales.

Fuller Gin, 548 bales.

Holmes Bros., 1895 bales.

Dean & Webb, 1427 bales.

Electric gin, 311 square bales, 1528 round bales.

J. J. Smith & Son, 975 bales.

JACK HOLT TELLS HOW HE KEEPS FIT FOR THE SCREEN

"A few years ago I exercised by doing a 'daily dozen.' And I found out that the exercise seemed like work and annoyance. I knew that if I didn't find another way of keeping fit I would soon lapse into the state where I took no precautions at all to preserve my health.

"Then a movie news reel gave me my inspiration. I saw a polo game as it was played in New York.

"Ever since it has been my game and my best method of exercise. In this instance physical culture isn't a bore.

"To keep fit is a problem but the question has a solution in finding some strenuous or fairly strenuous sport which you will enjoy and which will give you the benefits of a gymnastic course. Make exercise a recreation.

"Polo isn't the only game in the world. There is golf, baseball, boxing, tennis, handball, rowing, canoeing, swimming and walking. I am positive that a persistent follower of any of these pastimes has nothing to fear from minor ailments or chronic illness.

"Wanderer of the Wasteland," a Zane Grey production featured with Kikly-Williams, Noah Berry and Billy Doves, comes to the Lindsey today. Irvin Willat directed the production which was adapted to the screen by George C. Hull and Victor Irvin.

Winter always makes several detours before it arrives.

LION TAMERS HOLD INITIAL MEETING FRIDAY

The initial meeting of the Lion Tamers Club, organized by a group of young business and professional men of Lubbock, was held at the Busy Bee Cafe Friday at noon, with Attorney Vaughn Wilson acting chairman.

Tentative plans for completing the organization were discussed and a committee composed of Attorneys Owen McWhorter and Robert Bean and Chas. Guy of the Plains Journal was appointed to draft by-laws to be presented for approval or rejection at a meeting of the club to be held in the District Court room at 7:30 o'clock Thursday evening.

Attorney Franklin D. Brown and Neal Douglass of the Avalanche were appointed to look after attendance at this meeting.

The purpose of the organization is to permit the members to familiarize themselves with the principles and practices of public speaking, and a debating club will be one of the first products of the organization as sentiment favoring the organization of such club was expressed at the meeting.

Our ancestors lived in trees and many men of today are up a tree most of the time.

Our ancestors lived in trees and many men of today are up a tree most of the time.

POSTOFFICE BUILDING NEAR COMPLETION; MOVE DELAYED

J. A. Hodges, owner of the brick building on Avenue G east of the courthouse that is being erected for the post office has announced that the building will be completed by Saturday if plans do not miscarry.

The building would be occupied by the post office immediately after its completion but postal officials here received a telegram Friday from the Keyless Lock Company stating that their representative who will install the lock boxes in the post office is now in California and cannot reach Lubbock before Thursday, November 20th.

Under these conditions it is hardly probable that the postoffice will be opened to the public in the new quarters before November 22nd.

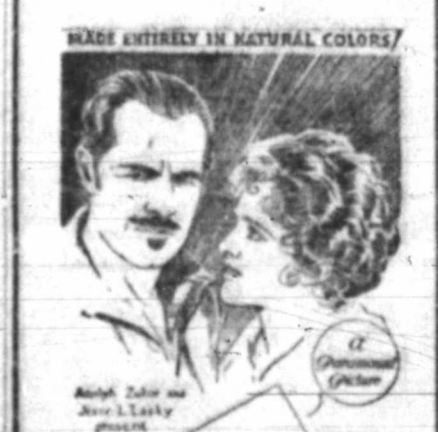

MIDLAND IS LAYING NEW SEWER LATERALS

MIDLAND, Nov. 14.—Laterals for sewer connections with the new system being installed in Midland, are now being run. A truck load of Mexican laborers was imported by Mayor Paul T. Barron to hasten the work of building the system. Shipment of sewer pipe has been completed, and actual laying of the lines will start soon, according to the Mayor.

POPLAR BLUFF CITY COUNCIL MAKES \$1.00 REFUND

POPLAR BLUFF, Mo., Nov. 14.—This is an honest city! Honest! The city council this week approved a warrant refunding \$1.00 to Robert Logan for a recent overpaid fine. Logan worked a day on the rock pile before his friends came to his rescue and had a credit of one dollar due him as a result.

COMING Monday, NOV. 17

THINK of it—Zane Grey's masterpiece in color! Every character absolutely life-like every scene gorgeously real, and the actual Western background in Nature's own colors! Without doubt, the screen's most magnificent photoplay.

AVALANCHE PUBLISHING CO.

SHALL LUBBOCK DEVELOP MUSICALLY

In these days and months of Lubbock's wonderful growth in wealth, in commerce, and in literary education, will Lubbock develop musically as well? If she does not it will be no fault of the Lubbock Music Club, for that organization has been working hard to put on some of the very best programs that can be had, in fact, their efforts along this line have brought to Lubbock some numbers that are far superior to a town of the size of Lubbock from the point of numbers of people and the general wealth of the community. Lubbock has a large number of talented musicians and artists, and they are enthusiastic in their work, and they work unceasingly and untiringly to better the musical standing of the community.

Their latest effort is to bring Don Pasquale to our city, and this artist is seldom ever induced to appear in a city the size of ours, so it is seen that the Music Club of this city should be encouraged in their work in every way possible, that they may continue to bring artists of this type to our city, and can do so with the confidence that the people will patronize them, and will enable them to bring such high class entertainment to the city, without any fear of financial embarrassment.

This artist will appear in Lubbock tonight, and you should see about your ticket reservation early today, and be sure to attend for it is not often that you have the opportunity to attend an entertainment so rich and magnificent as this is sure to be.

The Avalanche congratulates the music club on having been able to induce the promoters of this number to appear in our city, and urge that Lubbock give them a liberal response to the sale of tickets, and make it possible for them to successfully meet every requirement of the contract and encourage them to bring many other high class entertainments to our city.

Shall Lubbock develop musically, we hope so, and we hope the progress along this line will be equally as rapid as in other lines.

Attend Don Pasquale.

GOVERNOR NEFF A BELIEVER IN PARKS IN TEXAS.

Governor Neff is a strong believer in parks. His recent visit to this section, while primarily for the purpose of addressing the large numbers who were present at the cornerstone laying of the Texas Technological College at Lubbock, he attended to some state park duties while in this part of the state. At Lamesa he had some business regarding parks, and at San Angelo, and Amarillo, and made an address along this line before the Board of City Development in the city, in which he stressed the importance of parks, and the preservation of the canyon, and the opening of parks. He is so interested in the park idea in Texas that he says: "We are thinking parks, inspecting parks, accepting parks, investigating parks, dreaming parks, using every effort for more state parks and in fact anything connected with parks we are interested in and like to talk about."

The governor says further: "I am going to work strenuously until the last hour of my administration, stressing the importance of state parks and then when that last hour comes I intend to step down and turn the reins of government over to Ma."

Texas is a big state. It is a wonderful state, it is the only state in the union that has the variety of climatic conditions as that the Lone Star state has, and for that reason it is a state that is suited for parks, and parks are necessary. Texas is large enough and the scenery so varied that if proper attention is given to the creation of parks, and portraying the scenic advantages of the state, it can be made the summer and winter playground of the United States. The South Plains and the Panhandle, with its cool summers and free from mosquitoes, ticks and chiggers, makes it ideal for a summer resort, if there are places created for the pleasure seeker to come and stay. The lower coast countries being specially adapted to the winter months, and as portions of this state grows flowers and produce all the fruits of the tropics, there is no reason for Texas not becoming one of the most noted pleasure resorts in the United States, and we are firm in our belief that it will some time be such, and with the development of the park idea, as being advocated by Governor Neff and others this will result.

This may be looked upon by many as a movement that is not likely to grow to any great proportions, but in years to come, the history that is being made by Governor Neff at the present time will be written and in that history will be the present plans of the Governor in starting the movement for more parks.

The see Texas movement is a good one, and if the people of this state will allow themselves to

be convinced in the matter they can find everything in Texas that they go to other states to see, and this can be a noted state for scenery the same as some of the other state have become—which has been brought about by publicity and the spending of money in making the beauty spots throughout those sections.

THE INCONSISTANCY OF GOVERNMENTAL CONSERVATISM CALLED ECONOMY

The government of the great United States, of which we are all a part, and represented at the seat of the government, in the house of representatives, and in the senate, by men who are supposed to have the interest of the nation at heart, and representing their constituency in a fair and liberal way, seems to make some wonderful blunders. These blunders are not only costly, they are likewise working many hardships on the people of many communities.

There is a note of economy being sounded from the President, but he is not getting anywhere with it, for the fellows in authority seem to be in the van of extravagance and are speeding through the nation, running down the taxpayers, and those fellows from many communities who are in need of a lift in the way of improvements at the hand of the government.

Just recently, as we stated in an editorial mention yesterday, the report was sent out that the battleship Washington, on which the government—you and me—had spent twenty million dollars, was to be used as a target for the big guns of the nation, and would be sent to the bottom of the sea because it was stated it could not be held and comply with the requirements of the disarmament conference, and that was the only way that the leaders of the nation could decide to get away with the thing. But when Lubbock wants a new post-office building, some new equipment and several additional clerks, all of which is badly needed they plead poverty, and conserve to the detriment of the service to the people of this community.

Lubbock is entitled to better postal equipment. Our postal business justifies the putting on of several hundred new lock boxes, and the extension of the free delivery service. It also justifies the establishment of more mail routes out of Lubbock into the rapidly developing sections, but this is out of the question for the reason that the government has no money to spend to give the people service. Most of us are paying taxes, income taxes, and postage, and some of us are paying pretty high and it is nothing but right that we get service in return. Our postoffice is soon to be moved. It will be placed in a building where there is the required amount of space only for the present needs, and no, in keeping with the growth and development of the city of Lubbock at this time. This contract was made, according to the report that came to us, simply because it was not going to cost the government as much lease as a building that would bring the Lubbock postoffice strictly up to date. So far as the location is concerned we are raising no objection, and so far as it being located in the building that it is going to locate in, we have no special objections, but we do contend that the government is straining at a gnat and swallowing a camel in regard to the postoffice situation in Lubbock.

The people of this city should demand a modern, up-to-date postoffice building and equipment sufficient to take care of the needs of the people here. In another twelve months we will be surprised if Lubbock does not double in population, and we will be handicapped in the new quarters just as badly then as we are now, and in fact long before that time.

We are only contending for a fair, legitimate, business-like plan of getting things over by the government without so much red tape, and a more business-like administration of affairs in every department of the government.

No private concern or corporation could be run like our government; it is handled and make expenses, the government does not either, except by taxation, and that comes from communities and people where there is a great need of public service that they are not getting.

We urge our congressmen and senators to give us some action or make it warm for the balance of the bunch.

THE TECH FOOTBALL TEAM.

Some smart alec up at Amarillo has suggested that the Tech College football team be called the doggies, and we think it is a punk name, and poor judgment used in suggesting same. The name doggie is inappropriate for the fact that it does not mean what the Tech College football team is going to mean to the Tech College and the entire Southwest. A doggie, as most people will construe it is a stunted animal, usually thought of as a calf, a motherless calf, and small and runty, and of not much consequence. While we are expecting, and in fact we know that the football team that the Tech college will put up the first year is not going to be anybody's scrub team, and they are not going to be orphans, or motherless. They are going to be owned and honored by the people of this country. They are going to be backed by the city of Lubbock to the last ditch, and while we do not know what the team will finally decide on for a name it will not be doggies by a "eck" of a lot, and the guy from Amarillo might just as well take his sign down.

Mr. Haynes, prohibition commissioner, says that of seven millions gallons of illicit liquor seized last year from every state, 90,000 samples analyzed showed that 99 per cent of it was not only spurious but most of it actually poisonous. A little matter like that, however, will not prevent the thirsty one from taking a chance. Fact is most of 'em want something with a "kick" of the Missouri mule variety.

According to the Foreign Language Information Bureau about 6,500,000 foreign born men and women will cast their first vote for president in this country on November 4. Four years ago 6,275,193 naturalized citizens cast their first votes.

The savage desert tribes of Africa pay no taxes, so it is a mystery what makes them savage.

WOMAN IS ARRESTED IN KATZ MURDER MYSTERY

By United News. LOS ANGELES, Nov. 14.—The woman in the Harry I. Katz murder mystery was under technical arrest Friday night while detectives questioned her regarding her relationship with the slain musician and club man.

Mrs. Dorothy Carroll, the "beautiful blonde" who came forward right after the slaying and testified that Katz was her sweetheart, then disappeared from sight, was taken into custody when she appeared at coroner's inquest late today.

While she was being grilled by deputy district attorney Harold Davis, her husband, Charles E. Carroll, a barber, was being subjected to further questioning on the theory that he might have slain Katz through jealousy.

Carroll and Earl H. Bridges, his room mate are in separate cells. They told conflicting stories, police said, concerning Carroll's whereabouts the night of the murder. Meanwhile the city police, working on another angle of the case, sent detectives to San Jose, California, in search of "Stan the Boomer" and "Rock the Wop," underworld characters who are claimed to have secured large sums of money from Katz by blackmail.

Examination of the bullet which killed Katz, and the empty shell from which it was fired, was ordered by deputy in order to determine if the bullet, which plowed its course through Katz' mouth, could have come from the automatic pistol found in Carroll's room.

Former Detective is Taken as "Brains" Of Bank Robbery

By United News. KANSAS CITY, Nov. 14.—Irked by criticism of the press for the apparent helplessness of the department to cope with the increase in crime here, police heads Friday ordered action and got it.

Centering their attack upon the investigation of the recent robbery of the Peoples Bank of North Kansas City, police arrested John G. Hagan, former head of the defunct Midwest Detective Agency, as the "brains" of the bandit gang.

Vernon J. Barnes, 24, is in a hospital suffering from bullet wounds believed to have been inflicted by P. D. Hodge, cashier of the bank, as the bandits made their escape.

Dr. S. Tarson, physician who treated Barnes' wounds at the request of Hagan before the youth was taken to a hospital.

Hagan was identified late Friday by Marcel Van De Poppler, one of the bandits, who works the Clay county farm of J. B. "Sniffey" Wright on Sunday and made arrangements for the use of the farm the next day by the bandits. He was taken to Liberty for arraignment on a first degree robbery charge.

Hagan has been in public eye since his permit to operate a detective agency was revoked in 1921 when evidence of corruption was discovered. In 1922 he was named by George Willis, confessed bandit as head of a bandit gang. He fled to Mexico and was never brought to trial.

On August 8, 1924, Hagan appeared in the office of Henry A. Bundzhu attorney and escaped with valuable evidence in connection with the \$1,500,000 suit of the Fico Register company against the United Automatic Register company. He was released on bond.

Dr. Tarson told police Hagan had him treat the wounded man and the next day a stranger came and paid him \$250 for his services. Barnes is in a critical condition, but is expected to recover.

3 HOTEL MEN ARE FREED ON CHARGE OF PRO VIOLATION

By United News. NEW YORK, Nov. 14.—Close on the heels of the acquittal of Congressman John Phillip Hill in Baltimore, a federal court here has freed three New York hotel men from the danger of another extreme system of prosecution under the Volstead act.

Three officials of the better class hotel Belle-Clair on Broadway were discharged by U. S. Commissioner John N. Boyle, Friday when arraigned on a charge of "knowingly maintaining a nuisance in violation of the Volstead act" which grew out of the arrest of two waiters for selling liquor on the hotel roof garden.

"As a matter of common sense," he said, "I am compelled to discharge you gentlemen."

Who remembers years ago when the only men who carried golf bags were umbrella men.

OBSERVERS OF CLEMENCEAU GEORGE CHALLENGE SOUGHT

LONDON, Nov. 14.—"Who was the observer" who related to Wickham Steed, former editor of the London Times, the circumstances of a scuffle between David Lloyd George and Georges Clemenceau when those statesmen were drafting the treaty of Versailles.

Lloyd George has called the story a pure fabrication, and now, thru a correspondent of the Daily Chronicle here, has expressed good natured amazement that Steed could say such a thing.

"All of the conferees had heated discussions," the French Tiger admitted in commenting on Steed's story, "but without ever reaching the point of challenges. Really I cannot understand how a man like Steed can tell such yarns."

BANK ROBBER BELIEVED CAUGHT IN HOSPITAL

By United News. KANSAS CITY, Nov. 14.—One of the men who assisted in the robbery of the Peoples bank in the Columbia hospital a voice over the telephone told I. B. Walston, chief of detectives.

Accompanied by an squad of men, Lt. E. K. Browning visited the hospital and placed Vernon J. Barnes, 23, believed to be the bandit shot by P. D. Hodge, cashier of the bank under arrest.

Hodge fired at the bandits as they escaped in an automobile and one man was heard to cry out in pain, leading authorities to believe one of Hodge bullets had found a mark.

All the cigars given away during a presidential campaign are enough to make a man quit smoking.

STATE CHARTER IN MISSOURI IS ASKED BY KLAN

By United News. KANSAS CITY, Nov. 14.—Formal applications for a state charter for the Ku Klux Klan of Missouri was asked in the circuit court here Friday.

Kansas City would be the state headquarters of the Missouri organization. The petition is signed by Gail S. Carter as president; H. K. Famesey, secretary; C. H. Spratt treasurer and W. F. Zumburnum and W. B. Brown attorneys.

Carter, it was learned is private secretary to George McCullum, grand dragon of Nebraska, Ramsey is a national secretary of Atlanta and Spratt is employed in Carter's office.

DIRIGIBLE SOON TO BE OFFICIALLY CHRISTENED

By United News. WASHINGTON, Nov. 14.—President Coolidge will christen the navy's giant dirigible, the ZR-3 and officially change its name to Los Angeles in a ceremony to be held here soon, secretary of the navy Wilbur announced Friday.

The ship will be brought here some time within the next ten days, when weather conditions are favorable, Wilbur said.

PAMPA BATTLES TO VICTORY OVER SLATON 3-0

AGGIES RALLY IN LAST QUARTER TO BEAT OWLS FRIDAY 13-6

SCORE FIELD GOAL IN FIRST PERIOD HOLDING TIGERS SCORELESS FOR WIN OF CLASS B PANHANDLE CHAMPIONSHIP

Special to Morning Avalanche
SLATON, Texas, Nov. 14.—Before a crowd estimated at 1,000 the Slaton Tigers met their first defeat of the season here today. The game was one of interest from beginning to end. Several times the Harvesters were in scoring distance of the Tigers, but with fight and determination the Tigers kept them to their lonely score of 3. The final count was 3 to 0.

This score came in the early part of the first quarter after Pampa marched the ball down the field and were held with 25 yards of the goal with fourth down and 6 yards to go. Stewart the shrewd quarterback of the Harvesters put his foot to the pig skin and it sailed like an arrow through the goal post with Big "O's" Eckhart waving his hands calling it a field goal.

The Tigers began their defensive work after this and kept it up throughout the entire game with exception of the first few moments of the fourth quarter when they started this passing machine. This was soon thrown out by one of the Harvesters intercepting the pass and three of the Tigers back on the defensive where they stayed until the final whistle.

The game was played in the Slaton territory the entire afternoon, very few times did the Tigers get in the Harvesters field until they were pushed back or forced to punt.

Woolver the beefy quarterback of the Tigers was one of the most outstanding players on the field. His ability to work either on the defensive or the offensive was very obvious the entire tilt. Stewart and Phillips were the Harvesters outstanding offensive players. Frequently Phillips got loose with pretty open field running.

Throughout the entire game there was not a penalty called on either the Tigers or the Harvesters. It was one of the cleanest fought games ever witnessed by football fans on the South Plains. The Harvesters are champions of the Class B teams of the Panhandle, they will meet the winners of the Class A tilt between Vernon-Amorillo which is to be played Monday for the championship of both Class A and Class B school of the Panhandle.

Both Coach Miller and Bradshaw have shown good coaching in the building up of these two remarkable squads.

The line up:

Position	Pampa	Slaton
McGinnis	Right end	Stone
Spawn	Right tackle	Barnard

Touchdowns—Pampa 0; Slaton 0.
Score—Pampa 3; Slaton 0.

30 7:11 P. M. Pampa 3 Slaton 0.

Second Quarter.

Stone goes for 15 yards on 45 yard line; Wicker 1 yard; Woolver 7 yards; Wicker 1 yard; Woolver over for first down; Ball on Pampa 45 yard line; Stone 1 yard; Kendrick 30 yards; Kendrick lost 8 yards; ball on Pampa's 13 yard line fourth down; Preston attempts punt but is blocked ball is recovered by Pampa on their own 18 yard line; Phillips lost 1 yard; White lost one yard; Wilson punts 35 yards; Slaton's ball on 50 yard line; Stone to McGinnis incomplete; Kendrick lost 1 yard; Stone goes for 2 yards; Preston punts for 25 yards to Stewart on 25 yard line; Brown 5 yards; Whitley gained 7 yards; ball on Slaton 37 yard line; Stewart 1 yard; Whitley 4 yards; Wilson punts 25 yards out of bounds. Slaton's ball on 40 yard line; Woolver pass to Kendrick netted 2 yards; Time out for Kendrick; Rogers in for Kendrick; Wicker no gain; Woolver to Stone incomplete pass; Wilson out; Carry for Wilson; Lutter shifts to Center; Carry shifts to guard; Preston punts to Stewart for 40 yards; Pampa's ball on 33 yard line; Whitley 9 yards; ball on Pampa's 44 yard line; Phillips 1 yard; Stewart to Cooper for 14 yards; Pampa's ball on Slaton's 30 yard line; Stewart to Knox incomplete; Stewart to Cooper incomplete; White to Cooper incomplete; Brown punts 15 yards out of bounds; Slaton's ball on their own 44 yard line; Preston punts 44 yards; ball on Pampa's 30 yard line; Whitley 5 yards; Phillips 12 yards; first down ball on 50 yard line; Stewart 11 yards; first down; ball on 39 yard line; White goes for 1 yard; Stewart tries drop kick but fails; score Pampa 3 Slaton 0.

Second Half.

Pampa kicked off over end zone Slaton's ball on their own 20 yard line; Wicker goes for 15 yards; Rogers lost 10 yards; ball on 35 yard line; Whitley 3 yards; Whitley 4 yards; Whitley no gain; Brown passed over end zone; Slaton's ball on their own 20 yard line; Wicker lost 1 yard; Stone around right end for 3 yards; Wicker 2 yards; Preston punted to mid-field for 25 yards out of bounds; ball on 50 yard line; Whitley 3 yards; Phillips 6 yards; Pampa's ball on Slaton's 37 yard line; Whitley 4 yards; White 5 yards; Phillips 6 yards; Pampa's ball on Slaton's 27 yard line; White 1 yard; Stewart 1 yard; Whitley 3 yards; Brown attempts field goal and is caught by Wicker on Slaton's 15 yard line; Preston punts 45 yards to Stewart who returns for 10 yards; Pampa's ball on their own 37 yard line; Phillips no gain; Stewart to Knox incomplete; Stewart punts 25 yards to Rogers Preston punts back for 15 yards; Phillips fumbles and Lutter recovers on Slaton's 45 yard line; White 2 yards; Stewart to Phillips incomplete; Stewart punts 19 yards to Wicker who fumbles and Barnard recovers for Pampa on their own 40 yard line; White lost 1 yard on Preston's hard tackle; Stewart lost 1 yard; Whitley punts 26 yards to Wicker; Slaton's ball on their own 30 yard line; Woolver no gain; Stone no

FARMERS HELD SCORELESS 3 QUARTERS

By United News
COLLEGE STATION, Texas, Nov. 14.—Holding their powerful Texas Aggies scoreless for three full quarters only to weaken in the closing moments, and allowing two touchdowns to cross, the Rice Owls this afternoon lost their most crucial game of the season 13 to 6.
Displaying their greatest driving power of the season, the Owls held the farmers to the first downs until the final quarter, when the weight and reserve strength of the Aggies registered and the institute warriors were unable to stave off defeat.
The game was played in mid-summer heat, with passing attacks largely responsible for the total score.

West Point for a hard game against the Army. The Navy team, which is mentioned purely out of respect to the service, will play Bucknell at Annapolis, while at Philadelphia the undefeated and outstanding Pennsylvania eleven will battle Pennsylvania state.

FARRELL LEADS 50 PROFESSIONALS IN OPEN TOURNEY

By United News
JONIMIA BEACH, Va., Nov. 14.—Johnny Farrell, of New York, led the field of 50 professional golfers entered in the Princess Anne country club open championship at the end of the first 36 holes. Friday, Farrell's score was 71-88-139. Walter Hagen was second with 73-67-140.

PRINCETON TO MEET YALE IN FEATURE OF FULL CARD

By ROBERT D. LUSK
NEW YORK, Nov. 14.—The Tiger sleek and well fed after masticating Harvard is now ready to scatter the bones of the Yale bulldog to the four winds.
Princeton is set, perhaps too well set, and when the Yale team enters Palmer Stadium Saturday, it will meet there a team which in its own estimation cannot be beaten. The flags are waving in Old Nassau. They are all ready to celebrate the victory. But the victory is not won and the game is so tactical in its own nature. The betting started off with the Tigers a 7 to 5 favorite, but the odds have dropped to 50-50 and that's just about the way it stands—a toss up.

Coach Roper will send on to the field Saturday, one of the greatest teams that Nassau has ever produced, and Roper expects to win the big three championship. The big, heavy Princeton line remains intact. Yale's chances were not helped much by a last minute decision to keep Bingham, star end, out of the game. Cottle, Pond and Allen, of the regular backfield probably will start for the Blue team.

The breaks probably will play a big part in the final decision and in this Princeton has the best field goal man of the two eleven's.
Although the Princeton game is the big attraction in the east there is a full schedule of real games slated for Saturday.

Almost as interesting especially in the metropolitan area, is the annual scrap between Cornell and Dartmouth at the polo grounds here. Dartmouth has come through the season so far with no defeats and but one tied score. Cornell has not been so successful, and the odds favor the Dartmouth eleven.

Rutgers with a heat record, will also entertain a New York crowd in a game against New York University. There is nothing to indicate that the record of the New Jersey team will be marred Saturday.

In Cambridge, the Harvard team that remains of it, will play Brown University. Columbia will travel to

FORMAL OPENING OF STADIUM TO BE HELD ON TURKEY DAY WHEN THE TEXAS AGGIES MEET THE LONGHORNS IN GAME

AUSTIN, Texas, Nov. 14.—Though the University of Texas stadium was informally opened on November 8, formal dedication of the South's largest home for athletics will not be held until Thanksgiving when the Longhorns play the Aggies of Texas. A mid-30- their thirtieth game and the tenth annual Thanksgiving contest since the resumption of relations in 1915. Texas has won 19 times, lost eight, and has played two ties in their struggles with the Aggies. The Texas-Aggie battle has become the gridiron classic of the Southwest, and for this reason it was selected as the proper game at which to dedicate the new stadium.
As football crowds in Texas go, the crowd which saw the first game in the stadium, when Baylor beat Texas 28 to 10, was a large one. Approximately 13,000 persons were witness of the triumph of the

ALL MISSOURI CONFERENCE TEAMS TO BE IN ACTION TODAY; MANY CHANGES ARE EXPECTED IN RESULTS OF GAMES

By International News Service
KANSAS CITY, Nov. 14.—Every Missouri Valley conference football eleven will be seen in action Saturday afternoon, all of them except Nebraska, in conference battles which will have an important bearing on the 1924 championship race. Drake University leading the Conference race with two victories and a 6 to 6 tie game last Saturday with Kansas, will attempt to continue to keep its record clean Saturday afternoon at Manhattan, in what appears to be a hard battle with the Kansas Aggies. The Farmers have had two week's rest since their crushing defeat by Iowa State College and are reported to be more than ready for the Bulldogs.

MARULLO DRAWS DECISION OVER BATTLING SIKI

MADISON SQUARE GARDEN, NEW YORK, Nov. 14.—Young Marullo, of New Orleans won a close 12 round decision over Battling Siki, the Senegalese who licked George Carpenier, here Friday night. Siki, who has been substituted for Paul Berlenbach at the last moment, put up a good exhibition and fooled some of the experts who thought he would be an easy mark for the southerner. Siki was in fine physical condition and in some rounds had the better of the going.

The first three rounds were tame. Marullo piled on and played for the body and Siki missed wide right hand swings.
In the fourth and fifth Siki used a long left to good advantage and outboxed the southerner.
Marullo was sent out in the 7th

Iowa State College, which outplayed and tied 7 to 7 Minnesota, a Big Ten team last week, will meet Grinnell College, the baby of the Conference which defeated Washington 14 to 0 and lost to Drake by a small score.
At Lawrence, the annual struggle Sooner and Jayhawk will be played before a scheduled crowd of fifteen thousand. Each team has only one Conference victory to its credit this season.
Nebraska will journey to South Bend, Ind., in search of the third consecutive victory over Notre Dame

GREEN AND GOLD OVER THE ORANGE AND WHITE, BUT THE CROWD APPEARED SMALLER THAN IT WAS BECAUSE SEATED IN THE INCOMPLETE SECTIONS. THERE IS NO OTHER FIELD IN THE SOUTH WHICH COULD HOLD SO LARGE A CROWD WITH SO LITTLE EFFORT.

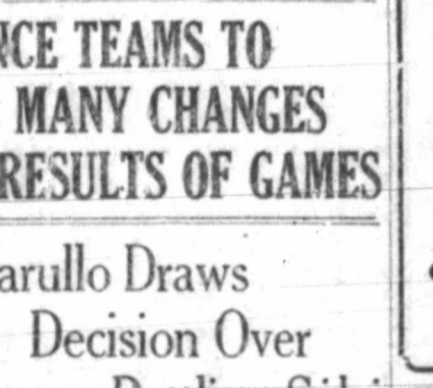

The seating capacity of the first two units of the stadium, which will be completed in time for the A. and M. game, is 27,000. A space of 20 inches is allowed for each person, which is two inches more than in most Texas grandstands. Supplemental stands will be erected at the ends of the field to care for the overflow crowd, which will probably be the largest which has ever witnessed an athletic contest in Texas. A crowd of 35,000 is expected.

WOMAN DESERTED SEVEN TIMES "BLUES" WAY WEST

OKLAHOMA CITY, Okla., Nov. 14.—Six times the husband of Mrs. Joyce Wilcox, of Boston, deserted her and six times he came back. Then he left the seventh time. "That's why I'm not there now," said Mrs. Wilcox who accompanied by her two year old son, are "bumming" their way to California to visit relatives. With 38 cents in her pocket she applied at the federal state employment office for work.

YOU CAN GET OUT IF YOU GET UNDER—an—ADLER - COLLEGIAN—OVERCOAT—WOOL SHIRT—HEAVY UNDERWEAR

to set a fast pace, and tried to wear Siki out but the Senegalese was strong and fought back gamely. The closing rounds found Siki getting the better of Marullo at long range, but Marullo still played for the body in close range, and got in some good blows.

LOCAL KWANIANS TO BANQUET LADIES THURSDAY

With the slogan that turn about is fair play, the local Kiwanis club is making plans to banquet the better halves of its membership next Thursday night, and the invitation, according to members of the committee for preparation of the program, will be extended to include many of the ladies who have so diligently in the past prepared the regular weekly luncheons for the club.

The W. X. Y. Z. program committee, composed of White, Woods, Yarbrough and Zellner, have issued the ultimatum that no inking of the program, which has already been arranged, will be divulged until 7:15 next Thursday night, the time when the show is scheduled to open, but they are taking particular pains to assure the membership of the club that program has been worked out that will be well worth while to attend, stressing the fact that program proper is not of as much significance not only in this case, but in general, as the subject matter under discussion.

The banquet will be held at the Armory assembly to start at 7:15 and the feed proper to get underway at 7:30. This meeting will displace the regular weekly luncheon of the club which is always held at the noon hour on Thursdays.

IN MEMORY OF LILLY BELLE EDGAR

By Onita Terrell.
The Sun shone down on a Flower.
A Flower so beautiful, yet so rare.
When others were sadding an Hour,
This Flower had not one single care.
One day as she stood in her beauty,
As playful and happy as could be,
An Angel came and plucked her,
And carried her across the deep Sea.
During the journey She rested, in
A deep and dreamless Sleep,
Not a care or trouble to weary her,
Nor anything to make her weep,
She then reached the pearly gates,
Which were open very wide,
Where Jesus stood there waiting,
To take her with Him to Abide.
We miss our Lilly Belle greatly,
The one we loved so well,
But we know she is in Heaven waiting,
For us to come with her to dwell.

TO WIDEN DRIVEWAY ON COURTHOUSE SQUARE HERE

Bids are being advertised for by the commissioners' court of Lubbock county for widening and paving the driveways at the west and east sides of the courthouse running north and south across the square.

The driveways will not be made a great deal wider, and the approaches will be the narrowest places along the driveway, being twenty-one feet. The curves now in the driveway will be straightened out, making it wide enough to accommodate cars parked on each curb with sufficient space through the middle to permit passage of other cars.

TO ESTABLISH A NEW CITY ON THE PLAINS

I. C. Enochs of Jackson, Mississippi, and A. E. Leggett, of Fairwood, Mississippi, have arrived in Lubbock and are busy preparing for the sale of sixty five thousand acres of Mr. Enochs land in the south part of Bailey county.

A town which be established near the south border of Bailey county and in the center of this tract to be known as Enoch.

While this is one of the many towns being established over the plains at this time, the success of the venture is assured as the town will be surrounded by thousands of acres of fine land that is now in process of development, and hundreds of farmers are to locate in that section of the state during the next few years.

The Mississippi gentlemen are here visiting Roscoe Wilson, their legal advisor, of the law firm of Wilson & Douglas.

Son of N. Y. Society Leader Weds Taxi Driver's Daughter

By United News.

NEW ROCHELLE, N. Y. Nov. 13.—Leonard Kip Rhinelander, son of Philip Rhinelander, the New York society leader, and scion of a New York family so old and illustrious that it has even had a telephone exchange named after it, has become the son-in-law of a taxi-driver and the brother-in-law of a gardener.

The story of the marriage revealed Thursday kicked up a sensation which vibrated the vertebrae of society throughout the fashionable West Chester and caused palpitations through the hearts of the 400 in New York City.

The bride, Alice Beatrice Jones, 23 years old, and described as beautiful, is the daughter of George Jones, who operates a taxicab stand at the Pelham Manor station.

The couple were married, it was disclosed, by Mayor Harry Scott in the city hall on October 14. Since that time, the Rhinelanders have been living at the home of the bride's parents.

Emily Jones, a sister of Alice Be-

atrice, is married to Robert Brook, a swarthy faced gardener employed by a family in Pelham.

The romance of the wealthy youth and the beautiful New Rochelle girl apparently has been in progress for the past three years. The new Mrs. Rhinelander is said to be well educated and attractive in manner as well as appearance.

Rumor of the marriage began to spread Wednesday. Jones, the father, refused to answer questions when a reporter went to the temporary abode of the newly weds. Neither Rhinelander nor his wife have been seen since Wednesday.

White Collar Man in Building Trade is Banned, Leader Says

EL PASO, Texas, Nov. 13.—The day of the white collar man in the building trades is past.

Labor unions will no longer accept the so-called "white collar" element as recruits, Joseph A. Mullaney, president of the Asbestos Workers Union, reported to the building trades convention here.

"Applicants for membership," he

said, "should be acquainted with the fact that the days of the bonus have passed and that the great majority of building tradesmen do not ride to the job in automobiles nor wear silk shirts."

The employment of married women in industry is also tabooed. Miss Annie Neary, general organizer for the labor movement, said that single women in industry are facing unfair competition from the married women who are keeping wages down by holding jobs "they really don't need."

"Married women who are not solely dependent on their earnings will work for less than an unmarried girl can support herself on," said Miss Neary.

"There are many married women whose husbands make good salaries who will work for \$10 or \$12 a week because they prefer that to keeping house."

SELLS HAT TO BUY SANDWICHES FOR BRIDE

DALLAS, Texas, Nov. 14.—A honeymoon starting in Des Moines, Iowa, ten days ago, ended here today when the bridegroom's funds gave out.

E. H. Wentz, the bridegroom, was questioned when officers noticed a hatless salesman peddling auto tire repairs. The youth explained to officers that he had sold his hat to buy sandwiches for his bride. He was not arrested, and the patrolmen bought his stock of supplies.

GOVERNMENT TO BUY NAVAL FLYING MACHINE

WASHINGTON, Nov. 14.—A contract for a naval flying boat capable of making a sustained flight from the west coast of Honolulu has been signed by the Bureau of naval Aeronautics. Specifications call for a proven capacity of five passengers and a ton of freight.

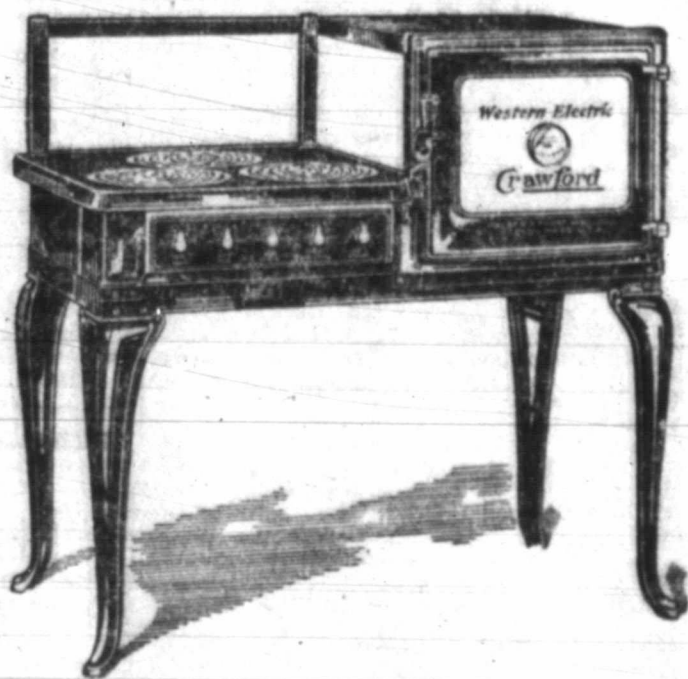

The contract was regarded in naval circles as the first step toward filling a recognized deficiency in the fleet for long distance maneuvers and if it meets expectations, the new plane will be used as a model for the organization of a special fleet auxiliary capable of independent operation 2,500 miles from permanent base.

STRUCK WITH GLASS GIRL MAY GO BLIND

DENTON, Texas, Nov. 14.—The 3 year old daughter of Mr. and Mrs. Floyd Byrum, living in the eastern part of the county, may lose the sight of both eyes as the result of being accidentally struck by a piece of glass, thrown by an older child in the family. The glass struck the little girl in the eye cutting the lid and injuring the eyeball. Physicians fear that the sight in both eyes will be lost.

Letters of George Washington, captured by the British General Clinton, and held for generations by his family, are to be auctioned off in London.

Special Cooking Demonstration Every Day of Our Four Day Western Electric Stove

Demonstration Beginning This Morning

We invite all the housewives of Lubbock to our store this morning at which time Mrs. Edith Tanner, special demonstrator of the Western Electric Company will begin a four-day event. We urge you to attend and make requests for special demonstrations of any or all manner of cooking electrically.

To urge as many as will to buy their Western Electric Stove during Mrs. Tanner's visit to our City, we are giving a good electric perculator with each stove. The price of the stove remains the same. The terms during demonstration will be

Lesson for November 16

PETER'S CONFESSION

LESSON TEXT—Matthew 16:13-24. GOLDEN TEXT—Thou art the Christ, the Son of the living God.—Matt. 16:16. PRIMARY TOPIC—Peter Speaks Out for Jesus. JUNIOR TOPIC—Peter Takes His Stand. INTERMEDIATE AND SENIOR TOPIC—The Duties and Glory of Confessing Christ.

Young people and adult topics—Does it Matter What One Believes Concerning Christ? This confession in some sense marks the turning point in Christ's ministry. Hereafter it is more restricted to His disciples. Two reasons why this should be sufficient are (vv. 1-12): (1) The Pharisees and Sadducees show their attitude toward Him in their demand for a sign. His answer is that none shall be given save that of His death and resurrection, as symbolized in the experiences of the prophet Jonah. (2) The disciples show their inability to understand the spiritual nature of His teaching. When He warned them of the leaven of the Pharisees and Sadducees they understood Him to refer to bread, when He meant their doctrine. It was at this crisis when Christ turned from the nation which had rejected Him that Peter made this great confession. It was made in the borders of Caesarea-Philippi, practically Gentile territory.

1. Occasion of (vv. 13-16). Two questions of Christ provoked this confession: 1. The question as to the opinion of people concerning Him. They recognized Him as a teacher or a prophet of more than human authority and power. Today, as then, there is a diversity of opinion among the people as to Jesus Christ. Some think He is only a man; others that He is a great teacher, but nothing more. Had He been content with this He would not have been molested in Jerusalem, for the Jews willingly acknowledged Him as more than a human teacher. It was His persistent claim to be the God-man, the Son of God, that sent Him to the cross.

2. The second question involved the personal opinion of the disciples concerning Him. To be able to tell what others think of Jesus is not enough; there must be definite, correct and personal belief on Him.

11. The New Body, the Church, Announced (vv. 17-20). Peter had made a noble confession of Christ, so now Christ confesses him. If we confess Christ He will confess us (Matt. 10:32, 33). Christ declared His intention of bringing into existence a new body to the members of which He will give eternal life, and to whose hands He will entrust the keys of the Kingdom. Peter was to have a distinguished place in this body. The keys entrusted to Him were used on the day of Pentecost, and again in the case of Cornelius. Association in this new body cannot be broken by death, for the gates of hades shall not prevail against it. This body, the church, is of a heavenly origin, a heavenly calling and a heavenly inheritance.

12. The Cross the Way to the Throne (vv. 21-33).

This was, no doubt, startling to the disciples. They did not realize that redemption was to be accomplished through the passion of the cross. So unwelcome was this announcement that Peter cried, "This shall not be unto thee." Peter later saw through this darkness to the glory on the hill-top beyond. A new hope then filled his breast (I Pet. 1:3, 4). Victory through death is yet the stumbling block of many. Many are stumbling over the doctrine of salvation and redemption through the suffering of the cross.

IV. The Cost of Discipleship (vv. 24-27). To follow Christ means suffering. To follow Him is to turn one's back upon the world. Life can only be saved by losing it. If we are going to be Christians we must share Christ's suffering. We cannot go to heaven on flowery beds of ease.

1. There must be denial of self (v. 24). There is a wide difference between self-denial and denial of self. Self-denial is practiced everywhere by all people, but only the disciples of Christ or Christian people deny self. Christ takes the place of self.

2. "Take up his cross." This cross is the suffering and shame which lie in the path of loyalty to God. To do our duty will mean suffering (II Tim 3:12).

3. Follow Christ. This means to have the mind of Christ, to do like Christ. All such shall be rewarded when Christ comes in glory.

NEWSPAPER BOYS RECOMMENDED FOR CARNEGIE FUND

By International News Service. NEELEVILLE, Mo., Nov. 14.—Henry Penrod, newsboy here, has been recommended to the Carnegie Hero Award for the consideration of the commission in charge of the hero fund. Young Penrod risked his own life to snatch Thomas Weldon Turner, three years old, from death beneath a speeding automobile.

Old Time School Mam Displaced By Modern "Flapper"

BY ARTHUR F. DEGREVE.

KANSAS CITY, Nov. 13.—The bespectacled and prim old maid school marm has taken her serviceable blue serge suits and flat-heeled brogans out of the class room and the modern girl, call her flapper if you will, has walked gracefully in on French heels, and shaking her bobbed head happily. And the majority of the 5,000 teachers in the state here in annual conference are determined that the little old brick school shall never go back to the old order of things, at least as far as they are concerned.

A glance over the crowd of fair visitors disclosed that the long-haired woman was about as scarce as she would be at a chorus girls convention. The most swaggerish sport garbs or the latest models in furs or satin slippers are on display. Shining marcel or frivolous bangs are concealed under nifty, tight-fitting cloche-hats. Skirt lengths are of parietal standards revealing a recent display of plaid stockinged legs.

But bright plumage isn't the only interest the modern young women have at heart, it was disclosed when even the most liberal of the masculine school heads were shocked at a threatened "bolt" of the women from the association unless Miss Genevieve Turk, of Kansas City was elected president.

Inasmuch as the women comprise nine-tenths of the membership of the association the threats that they will form an organization of their own is certain to receive serious consideration observers predict. The Loeb and Leopold murder cases in Chicago which held the attention of the nation for months was injected into the sessions by Fred M. Hunter, superintendent of the Oakland, California, schools in declaring the character moron presents an even greater problem than does the intellectual moron.

But bright plumage isn't the only interest these modern young women had at heart, it was disclosed when they brought about the election of one of their number, Miss Ella Victoria Dobbs, of Columbia, as president of the association threatening to bolt and form an organization of their own unless a woman was chosen.

EXTRA SESSION UNLIKELY SAID; COOLIDGE AGAINST

(Continued from page 1)

by the conservative elements of the party—is to set forth by the national republican which is an echo of the views of Senator James E. Watson of Indiana, and his group. "The election result of November 4, was a clear mandate for constructive conservatism in government. Departure from that policy would represent a betrayal of the cause, which triumphed at the recent election." The National Republican says in its leading editorial in Saturday's issue, "The people are weary of the disturbers, the trouble makers, the revolutionaries, the demagogical praise snakers."

Another view is expressed by Senator Capper of Kansas, leader of the senate farm bloc, in a signed editorial in his weekly newspaper Saturday. "As to the nation's verdict" Capper said, "it proves the country repudiates extreme radicalism, not at all that it endorses reaction. It was a verdict for the man and

what he stood for—Coolidge and Hard-boiled economizing. Very many democrats and nearly all progressives of both elements of reaction, will misread the nation's verdict as a license, to run away with things. There could be no greater mistake President Coolidge knows that. He would liberalize the republican party."

These viewpoints are typical of the two great factions in the republican party with which President Coolidge must deal in his administration. His spokesman in commenting on this situation—at the white house Friday expressed the opinion that the president means to go ahead on the same policies he had advocated hitherto, adapting himself to new conditions with the belief that the party should always go forward. As one of his first tasks, President Coolidge is giving an unusual amount of attention to agricultural questions.

Thursday night he addressed a gathering of representatives of land grant colleges and discussed the time when the supply of home grown farm products may be inadequate to supply the country. Next week, he will address the newly appointed agricultural commission which will recommend a relief program to the president. Early in December, the president will attend the international livestock show in Chicago and make at least one speech dealing with the problem of the farmer and stockman.

WINDOWS OF COURTHOUSE ARE TO BE REPAIRED

Occupants of the Lubbock county courthouse are delighted with the announcement made by County Judge Chas. Nordyke that a general improvement program for the courthouse building will be instituted soon.

All window lights that have been broken and there are many of them—will be replaced immediately in order to conserve fuel, as under the present conditions the building is doubly hard to heat with the continual flow of cold air into the structure, which cannot be withheld because of the condition of the windows.

1830 CASES OF FLU IS REPORT FOR LAST WEEK IN STATE

By United Press. AUSTIN, Texas, Nov. 14.—Cases of influenza in the state during the past week totaled 183, according to the weekly summary furnished by Dr. Malone Duggan, state health officer. Whooping cough with 145 cases was second, and 141 cases of tuberculosis were reported. There were 84 cases of typhoid fever and 54 of scarlet fever.

FIRST NATIONAL BANK OF MORGAN CLOSES DOORS

MORGAN, Nov. 13.—The doors of the First National Bank of Morgan closed at noon Wednesday on instructions of A. B. McCann of the National Bank Examiner's office for this district, at Dallas. Mr. McCann took charge of the bank. He had been here several days examining the affairs of the bank.

KANSAS CITY IS READY FOR ANNUAL HORSE SHOW

International News Service. KANSAS CITY, Nov. 14.—Preparations are complete for the opening of the annual American Royal Live Stock show here tomorrow.

All week, shipments of show cattle and horses have been arriving from points as far distant as Maine and California. A 19-car special train bringing the prize exhibits from the Pacific International show is due to arrive today. Many of the animals on the train are insured against injury or loss for \$10,000 or more.

The first horse show program of the show is scheduled for tomorrow night when the wives and children of the Fort Leavenworth army officers demonstrate their equestrian ability. Twenty-one daughters of officers will participate in the exhibit, wearing white and green jerseys.

Another new feature of this year's show will be exhibition drills by Kansas City's mounted police and a regulation indoor polo game between the Country Club team of this city and the Fort Leavenworth service team.

Underworld Gentry Pays Last Tribute To Dean O'Bannon

BY HARLOD ANDREWS. CHICAGO, Nov. 14.—Dean O'Bannon, of the pistols and poises whose traffic in beer, blood and funeral wreaths brought him a million dollars and a violent death just when he was about to turn straight, was buried Friday, mourned by the gentry of the underworld and a grey and feeble mother who couldn't understand why it had to be "without benefit of clergy."

Dean had been shot down in the little floral shop which the chief of police says he used as a disguise for his prodigious criminal activities. A man whom the police dubbed an "encyclopedia of crime" could not

be given the blessings of the church, and so they held the funeral in a dingy little undertakers parlor behind a mountain of gorgeous chrysanthemums, and floral wreaths while a young man of the cloth said:

"He would go the limit for a pal who would go the limit for him." Candles held by weeping angels in plaster cast threw a flickering light over the burnished silver coffin with the crucifix on its lid—the \$10,000 coffin in which lay clad in an immaculate dress suit, the figure of a man strikingly handsome in death.

Outside the little building, a mob clinging to the sidewalk, unable to get inside. Special detachments of police fought with the mob. Some of them were clubbed. Some were bundled into the wagon and taken to jail.

Hundreds of them were "guys" who had known Dean and had taken orders from him. They were friends of Dean, but Dean had so many friends that the undertaking parlor would not hold all of them.

As the coffin was carried out to the hearse one of the wreaths rilled off into a little mud puddle. On it was inscribed "to our pal Dean, from the newboys."

Dean was a power in the political world, but because of public sentiment there were only a few politicians at the funeral. But they paid their respects, they had come early—at 3 o'clock in the morning—a great many of them.

MISSOURI TEACHERS DISCUSS PROBLEMS IN MEETING

KANSAS CITY, Nov. 14.—The Missouri State Teachers Association opened a three day convention yesterday with prominent educators from nearly a dozen states in attendance. John J. Maddox of St. Louis, president of the association, presided. Charles A. Lee, state superintendent of schools, Fred M. Hunter, superintendent of schools in Oakland, Calif., and Sherman Rogers, associate editor of "Success" are today's scheduled speakers.

It has been estimated that it costs the American people \$30,000,000 or at the rate of 80 cents a vote to conduct a national election.

NEW CROP COTTONSEED MEAL AND HULLS

Our mill is again crushing cottonseed and manufacturing cottonseed Meal and Hulls. These products are sweet and fresh, being made from new crop Cottonseed exclusively.

SPECIAL SAVINGS DEPARTMENT

THE LUBBOCK STATE BANK

LUBBOCK, TEXAS.

A BIG BANK—
MADE BIG BY HELPING OTHERS

If You are Teaching Your Baby the Habits of THRIFT

You're Giving Him Better Than Gold

Perhaps you are not in position to give your child every good thing, which is probably better for him at that, but children certainly do deserve being taught the value of money. By instilling into the mind of your child the importance of real thrift you are doing your part by him in his battle for success.

Get one of our Home Savings Banks for your child. He'll soon learn to save his pennies, but the habit he learns will be worth far more than the pennies.

Start them RIGHT—and start them NOW!
