

THE MULESHOE JOURNAL

Dedicated to the Progress and Development of Bailey County and the South Plains of Texas

VOLUME 11

MULESHOE, County Seat of Bailey County, TEXAS, THURSDAY, SEPTEMBER 7, 1933

NUMBER 32

STATE HIGHWAY NO. 7 WILL BE FINISHED TO N. MEX.

GRADING, DRAINAGE CONTRACTS TO BE LET THROUGH COUNTIES OF HOCKLEY, LAMB, BAILEY, PARMER

At a meeting of the State Highway Commission, Austin, held last Tuesday, bids were asked for on highway construction estimated to cost around \$1,000,000, these bids including the finished paving work on State Highway No. 7 passing through Muleshoe and Bailey county to the New Mexico state line. The work will be done under the national recovery program.

Already a strip of more than 100 miles has been paved in Bailey county and the letting of these contracts will finish highway No. 7 from Lubbock to the eastern New Mexico state line. The contracts to be let by county boundaries includes 7.5 miles from the west Lubbock county line through the northeast corner of Hockley county to the east Lamb county line, 31.9 miles through Lamb county, connecting with the pavement already constructed in Bailey county, 11.4 miles from the east side of Muleshoe city limits to the east Parmer county line, and 8.6 miles through Parmer county to a point 1.3 miles east of Farwell.

MISS MITCHELL ENTERTAINS

Miss Ruth Mitchell entertained a number of friends at her home Wednesday afternoon from three until five o'clock, honoring Miss Mildred Davis, with a bridge party and handkerchief shower, being the occasion of her birthday anniversary and of a surprise nature to the honoree.

Following several rounds of games, music and other social activities, refreshments of chocolate cups filled with carnal and cream andiced coffee were served guests by the hostess. Miss Davis received a number of very beautiful handkerchiefs.

RFC Work In County Stopped Indefinitely By Order Of State

That all RFC work in Bailey county should stop immediately, was the instructions received Thursday last week by Pat R. Bobo, county chairman, from Lawrence Westbrook, Austin, state chairman, and the order was promptly complied with by Mr. Bobo.

Bobo and his crew of workmen were digging out the block in front of the court house square when orders were received, and work was stopped that evening, leaving that particular block in rather bad condition should a heavy rain come.

Westbrook stated that all RFC labor would be stopped in the state until such a time as the Legislature could meet and make an appropriation on the \$20,000,000 state bond relief voted by the people August 26. It was stated that only direct relief in cases of families actually in need of food would be permitted at this time, while able bodied workmen would have to secure employment elsewhere. In case an able bodied person needed direct relief, it may be furnished groceries purchased; but not in cash given.

WHEAT PROSPECTS ARE GOOD

Following the recent heavy rains in this section, many farmers are now busily engaged in planting wheat which will promptly germinate because of the fine moisture content of the soil at this time.

Just how large the acreage will be, in consideration of the Government's plan of reduction, is not yet known, many farmers declaring they are not painting for bushelage, but rather for pasture. Excellent winter pastures are being anticipated.

Tax Source For New State Bonds Will Be Set By Legislature

AUSTIN—(Special) That the state bond issue has been approved, the Legislature will after September 11, authorize issuance of probably \$6,000,000 or \$7,000,000 of the total.

The bill to issue first of the bonds will raise two other questions:

1. What will the money be spent for?
2. From what tax source will it be paid?

Part of the answer of the first question is known. Some of the money will be used for federal grants, whose continuance was assured when the bonds were voted, for direct relief, in feeding the destitute.

Some of it will be used in experimental work in rehabilitation.

Some of it will be applied to match federal money in public works project.

Celebration Experiments
Tentatively it has been planned to set up an experimental colonization unit, to test the back-to-the-farm plan, at Austin. This proposal is to lease a tract of land in the Colorado river valley capable of irrigation, and to locate on 5-acre tracts of it families who are now on relief rolls. These families would be chosen for their prospects of making a living on five acres of good land, out of food and feed crops.

If this experiment should turn out well, the state may go into a policy of sending families back to the farm, and of renting or buying and reselling to them small farm tracts.

On Permanent Works
So far as the Legislature will require the state bond money to be spent on permanent public improvements, all state buildings and college plants, public roads and lateral roads should share in the expenditures.

The other question may have been answered, too, in the governor's insistence upon a sales tax. Capitol reports have said that a sales tax must be passed too pay off the bonds, and that it would have been passed for direct relief if the bonds had failed.

May Come Back Later
There is, in the necessity of raising the bond issue to about \$7,000,000 out of the total, a very strong prospect that the Legislature will not only spend 30 days in session in September and October, but will come back again in January or February to authorize a further issue.

It is doubtful if the present Legislature could be persuaded to issue at once more than \$7,000,000 of the bonds. The Legislature probably will employ an outstanding auditing firm and require a current audit of every expenditure from the issue, and a periodical report of the disposition of the money.

IS ADJUDGED INSANE

In county court Thursday last week, Mrs. Alice Davenport, of the Enoch community, southern part of Bailey county, was adjudged insane, and that evening she was taken to the neurotic institute at Wichita Falls by Sheriff Jim Cook.

She was adjudged insane in 1931, serving nearly a year in that institution, after which she was discharged on indications of having overcome the mental derangement.

MANY HUNT PRAIRIE CHIX

Nimrod hunting prairie chicks the first four days of this month, report them fat and plentiful, but very wild and difficult to get, even where trained hunting dogs are used.

Palace Theatre Was Opened To Public Monday

The new Palace theatre, movie picture show deluxe, was opened in Muleshoe last Monday evening by C. F. Moeller proprietor, the first showing of Al-run pictures being to an audience that completely packed the house, leaving more than two-thirds of a house full left over to wait for the second showing of the evening.

The severe doubts picture shows of greater cost, more impressive magnitude, but for real beauty, lasting attractiveness, comfort and popular appeal, the new Palace theatre is equal to any of them.

Mr. Moeller has spent much time, labor and money in making possible to this town and community this delightful place of recreation and amusement. The building itself is practically fire proof throughout, while the film booth is strictly fireproof, conforming with all the requirements of the Fire Insurance Underwriters code. There are 300 comfortable seats in the auditorium, while the operator's booth is equipped with a pair of Powers 6-A projection machines, the very latest and best the market affords. The "Talkie on Film" sound system, one of the latest approved type, is also being used for sound pictures in connection with the sight projection.

It is Mr. Moeller's plan to operate the show every night of the week assuring the public that the pictures they will see here will be just as late releases as may be found at any of the neighboring picture shows. He is already booking late releases for 1933 and early ones for 1934, thus insuring his patrons of the very best programs at early dates as they are given out by the film producers.

Having a movie picture show in Muleshoe will be a great accommodation to the public generally. More people will enjoy this diversion now that it is in town, and the price of tickets also will be much lower for many, since the required distance of travel to some nearby town is obviated.

COMMISSIONERS EMPLOY AGENT FOR BAILEY CO.

At a special meeting of the Commissioners' court Thursday afternoon of last week, it was decided to accept a plan offered by the Extension Department of Agriculture whereby a county farm agent would be employed in Bailey county at least until January 1, 1934, and an order providing for the payment of \$50.00 per month that agent was duly issued and approved by the court, it being understood that the Department pays the remainder portion of the agent's salary, which is \$123.00 per month.

While there has for some time been a general feeling among the farmers in this county because of failure of payments and the resulting shortage of finances no relief in this direction has been taken. Recently, however, it developed that this county would fall to come in for its share of government wheat money on the reduction acreage plan if there was no county agent here to direct the matter.

The Commissioners' court made no recommendations whatever as to the person of the agent, but it is generally supposed that J. B. Waide, Jr., who some time ago was appointed relief agent in this county, and who has very successfully handled the cotton acreage reduction in this county, will be named by Sterling Evans, manager for this district, to remain here in charge of the wheat plan.

Should Mr. Waide receive the appointment, he will also enter upon a general plan of farm activity, in the near future putting on a hog-killing and curing demonstration, also talking steps toward organizing 4-H clubs in the four high schools of the county. Other demonstrations will also be held later.

The Court in session also canvassed the ballots of the August 26 election, finding them substantially correct and as reported by the Journal last week.

October 16 is the legal day officially set to begin selling 32 beer in New Mexico if the state gets on the election to be held September 19.

Stevens county officials now have 6,226 cans of food already canned for winter distribution among the needy.

Trades Day Is Well Attended Here Monday

People of Muleshoe and surrounding territory had another profitable and enjoyable Trades Day occasion here last Monday. The crowd began drifting in rather slowly during the morning hours, but early following noon there were several hundred people present for the events prepared by the committee.

A feature of the day was a closely played game of baseball between the Muleshoe team and the negro lads from Lubbock, being the fourth clash of bats these two teams have enjoyed. It was a hotly contested game from first to last inning, resulting in a score of 3 to 1 favoring the visiting blacks. Each game played the Muleshoe lads have been creeping up a little on the score and in another game or so predict they will be holding the long end of the score card.

There was considerable swapping and selling on the vacant lots set aside for that purpose during the afternoon. Col. Bob Sammons had charge of the auctioneering, and practically everything brought for sale was given disposed.

Several athletic events were pulled off during the afternoon. Tom Layne, W. N. Stringfield and J. F. Needham being judges of the stunts.

In the wheel-throwing contest Miss Lennie Smith won a dress as first prize and Miss Ruby Sterling, a pair of hose as second prize.

In the boys race, Sonny Grittis placed first, Gene Sterling, second, Alwyn Chitwood, third; Jack Aldridge, fourth.

In the girls race Donna Soles won first and Jo Ann Aldridge, second.

In the husband calling contest Mrs. Geo. Nelson won first place with Mrs. J. W. Barbee a close second.

The largest number of people coming to town in one Ford car was brought by Doc Newman, there being 12 people in the load, receiving an S. J. Garth brought in the largest quantity of cream for sale during the day, receiving a \$1.00 premium.

Prices offered were in vogue during the day at various business concerns, and considerable buying was done late in the evening.

In the ball-throwing contest Mrs. Geo. Nelson won first place with Mrs. J. W. Barbee a close second.

The largest number of people coming to town in one Ford car was brought by Doc Newman, there being 12 people in the load, receiving an S. J. Garth brought in the largest quantity of cream for sale during the day, receiving a \$1.00 premium.

EXTENSION DEPARTMENT GIVES SOME DETAILS REGARDING THE PLAN FOR REDUCTION OF WHEAT

Meetings to make arrangements, appoint committees, etc., for the wheat reduction acreage in Bailey will be held at the following places, according to announcements made this week by J. B. Waide, Jr., county agent:

- Y. L. School House, Thursday, 8:00 p. m.
- West Camp, Friday, 8:00 p. m.
- Baileyboro, Monday, 8:00 p. m.
- Goodland, Tuesday, 8:00 p. m.
- College Station—Just how the individual Texas farmer may figure for himself on what terms he may cooperate with the Government in the domestic allotment plan for wheat is described in material just received by the Extension Service from the Agricultural Adjustment Administration in Washington.

Suppose you live in a county where the county five-year average of wheat production just equals the county three-year average production that you raised 1000 bushels from 60 acres in 1930 1500 bushels from 65 acres in 1931 and 800 bushels from 55 acres in 1932.

Your allotment for this year and 1934 and 1935 would be 1100 bushels and your average acre 60. Your domestic allotment would be 54% of the 1100 bushels or 594 bushels, and this would be your allotment for this year and 1934 and 1935 without change. On this 594 bushels you would be paid by the Government in the form of an extra premium not less than 28 cents per bushel nor more than 36 cents per bushel less the expense of local administration. You would receive from \$166.22 to \$178.20, less local administration cost, \$118.80 soon after September 15th and the balance about June 1st, 1934. The cost of local administration by county wheat production control is estimated at 2 cents per bushel or \$11.88.

There is a legal distinction regarding government indebtedness in the case of wheat adjustment payments as compared with similar payments in the cotton reduction program. The cotton payment checks will be made payable jointly to the grower and to the Farm Credit Administration, with some of the government debt claims subject to negotiation where private interests are involved. In the case of wheat, part of the loan security is destroyed when growers plow under a portion of the crop. The security is not thus destroyed under the wheat plan.

LEGION TO MINERAL WELLS
The next state meeting of the American Legion will be held in Mineral Wells in 1934, according to decision made last week at the convention held in Wichita Falls.

L. Van Perkins of Cameron, was elected state commander.

Realty Transfers In Bailey County For Month Of Aug.
Real estate transfers in Bailey county during the month of August were as follows according to records in the county clerk's office.

August 2—J. E. Johnson and wife to W. O. McCrorey, labor 5, league 178.

August 4—South Plains Pipe Line Co. to West Texas Gas Co., 100x100 feet in N. W. cor. sec. 53, blk. Y, Johnson subdivision.

August 18—P. A. Thompson and wife to W. H. Attaway, lots 35, 26, 27, 28, blk. B, old addition to Muleshoe.

August 18—C. P. Sussey and wife to Maple Wilson and Ethel Wilson Sanford, N½ of SW¼ of NE¼, sec. 15, lg. 142 Hansford county school land.

August 21—E. K. Warren & Son to State of Texas, right-of-way deeds on 20 foot strip of land from the following SW¼, sec. 33, blk. 4; SW¼, sec. 16, blk. X; SE¼, sec. 40, NE¼, sec. 17, blk. Z; NW¼, sec. 14, blk. X; SW¼, sec. 2, blk. X; N½, sec. 32, B½, sec. 40, NE¼, sec. 20, NW¼, sec. 21, blk. Y.

August 22—A. J. Hicks and wife to State of Texas, strip of land from SE¼, sec. 21, blk. Y.

August 23—C. C. Tays et al to Mrs. S. E. Webb, N½ sec. 4, blk. Z, Johnson subdivision.

August 26—J. H. Keece to Church of Christ, lots 19, 20, 21, 22, blk. 37, original town of Muleshoe.

BUDGET HEARING NOTICE
Notice is hereby given that at a meeting of the Bailey County Commissioners' Court to be held the second Monday in September, which is Sept. 11, there will be a hearing on the proposed budget of expenses for 1934 of the county for the coming year, said hearing being duly authorized by law before formal adoption of such budget.—J. E. ADAMS County Judge.

COUNTY COURT THIS WEEK
Bailey County Court Judge J. E. Adams, presiding, was called Thursday morning, a light docket being in prospect. The following citizens were summoned to appear the opening day for jury service.

Pat Barnett, D. D. Head, A. J. Neutzler, W. L. Shaw, J. M. Murray, J. B. Beaty, W. H. Parsons, W. H. Walker, C. F. Moeller, W. P. Evans and G. P. Howell.

SECRETARY WALLACE DECLARES THAT AMERICANS WORK TOO HARD AND NOW NEED TO LEARN MORE ABOUT PLAYING

College Station—"We have worked too hard in this country," declared Secretary of Agriculture Wallace in an address to Extension Service workers explaining how the Agricultural Adjustment act will bring farm people not only balanced leisure but also a more balanced leisure and a greater opportunity for individual growth.

"It was a new country, ours for the taking; so overwork was natural," Mr. Wallace said. "We made a virtue of intemperate greed and effort. Our march of pioneer conquest, if you examine it carefully and candidly, was not unreservedly glorious. The younger of us who grew up west of the Alleghenies on farms less than a century subdued know all too well how bitterly some of those largest, finest farms were cleared and won. Many a pioneer patriarch wore down and killed two or three wives by the time that, having progressed in ownership from a quarter section or two or more full sections, and loans to half a township, he died. And that was not the whole story of triumph. He often made slaves perfectly loyal and with sanction of society and church of his children.

"I do not think that we shall have to plan or organize the new leisure which an organized turning away from pioneer expansion of enterprise will bring to America. The thought of organizing another man's or woman's private and personal interests is repugnant to me. But I think that all men and women should have the chance to do and think and dream as they please part of the time, not for money, not for any fame, but simply because they want to; and I believe that most of us once the opportunity is afforded, will discover within ourselves a wide variety of stimulating and pleasant things to do."

Baileysboro News

The Baileysboro Busy Bees met last Wednesday with nine members present. Mrs. C. F. Garth and Mrs. J. H. Freidiger brought quilts. Mrs. G. L. Blackshear and Mrs. Lonnie Rogers will bring quilts next week.

Mr. and Mrs. Holbert Shirley and family of Arch, N. M. spent Saturday with her parents, Mr. and Mrs. W. B. Wallis and family.

Mr. and Mrs. Royce Garth are the proud parents of a nine pound boy. Mr. and Mrs. B. M. Keese visited friends at Baileysboro, Sunday.

Mrs. G. L. Blackshear was entertained with a birthday party Sunday, it being her 57th birthday.

Mr. and Mrs. Jack Brannen, of Littlefield, spent Sunday in the G. L. Blackshear home.

A good many of the people from here have gone to Mountainair, N. M., to help harvest beans and some have gone to East Texas to pick cotton.

Mr. and Mrs. Lonnie Rogers and family returned last week from Hollis, Okla., where they attended a family reunion. They reported a good time.

Clarence Coffman, of Morton, visited Morris and Lester Garth, Sunday.

A good many people of this community have been attending the advertisement meeting at Goodland.—Reporter.

CHANGE GAS MANAGERS

Jack Wayland, Littlefield, who has been manager for the West Texas Gas company of this district, in which Muleshoe is located, for the last year has been transferred to the company's office at Hereford, effective last Thursday.

Clinton Lackey, former superintendent of gas measurements for the company at Lubbock, has been named his successor.

RECORD-ANDERSON

Miss Hazel Dehorn, residing a short distance north of town, was married Monday, August 28, to Marvin Anderson, of Gurdon, Ark. The nuptial vows being taken at Clovis, N. M., where the contracting parties were accompanied by Mrs. Ethel Davis, Mrs. Virgie Mae Clark, Miss Alice Dehorn, sisters, and Clovis and Ralph Dehorn, brothers of the bride.

They left Clovis that evening for Gurdon to make their future home, where the groom is a well known contractor and builder.

The bride is the daughter of Mr. and Mrs. A. J. Dehorn; a very accomplished and talented young lady, a graduate of the Muleshoe High school, class of 1930, and carries with her to her new home the hearty good wishes of numerous friends of this community.

Y L News Items

The Y L school opened Monday morning. We are glad to see two of our old teachers back with us again this year. Mr. Owens and Miss Goodwin taught at Y. L. last year. New teachers are Miss Cayton, of Canyon, and Mr. Branscomb, of Big Square.

Rev. H. H. Allen and family visited his father at Tatum, N. M., last week. The Y L Missionary society met with Mrs. Mildred Head Tuesday of last week. After the devotional and the mission lesson plans were made to raise money to pay for the insurance on the parsonage.

Almost everybody in Y L community attended the chicken fry at the school house Monday night. Every man was asked to bring a chicken dressed and ready to fry. The women fried the chickens on a bon fire in the school yard. This social hour was sponsored by the Epworth League in honor of the teachers.

At the meeting of the League council Monday night at the school house every member was present, except one. Plans were made for the annual election of officers which will be held the last of September.

Mr. Branscomb who was elected to teach in the Y L school has resigned to accept a position in New Mexico.

The Parent-Teachers association elected new officers Monday night at the chicken fry. Mrs. Embury is President; Mrs. Owens is vice-president; Mrs. Allen, secretary-treasurer, Miss Goodwin is chairman of the entertainment committee.—Reporter.

If one has mastered all of Einstein's theories, he may be qualified to tackle "Technocracy."

THROUGH A Woman's Eyes

By JEAN NEWTON

THE ETERNAL OPTIMIST

"DEAR Jean Newton—I have a friend, thirty years old, who is going to marry many ways, with the idea that after marriage she can change those ways. She claims that she cares for him, and that no one is perfect, and that after they are married he will correct the mannerisms that annoy her.

"What do you think of it?"

One of the world's most ancient fallacies is that of a woman who marries a man to reform him, or with the hopes of reforming him.

And it is an excessively feminine fallacy. Men either like a woman well enough to marry her or they don't. If they do, they like her as she is, if they don't they don't marry her. Of course they frequently find flaws enough after marriage. But we have yet to meet a man who is impressed with faults in a woman and marries her anyway with the quixotic optimism that marriage will change her for the better!

It is almost too obvious to point out that what a man will not do to please a woman when he is courting her, he will not do after he has won her! And if a woman conceals from him before marriage her dislike of the things she hopes to correct in him, she is making a dishonest start and building the happiness of both on a very shaky foundation.

Not only does a man object to being prodded after marriage into changing his little personal habits and the way he wants to live, but there is this other point. He is certain to resent such an attempt on the part of his wife as indicating a lack of real love for him. We all want to be loved for what we are, not for what we may appear to be. And the discovery that one who seemed to accept us has done so with reservations is a bitter pill which may leave a very dark shadow behind.

OH BOY, SOME TOMATOES

If anyone should happen to think "big" when it comes to leaps and bounds in Muleshoe, they should see some of the tomatoes O'dell Robinson brought into the Journal office this week, and he has lots of them, great big, luscious love apples. Some of them grew so fast they couldn't get out of the way of each other, three and four of them sticking together on the vine.

CONTRACTORS NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 11.484 miles of Grading and Drainage Structures from Muleshoe to the Parmer County Line on Highway No. 7, covered by NRH-M 640-B, in Bailey County, will be received at the State Highway Department, Austin, Texas, until 9 A. M., Sept. 18th 1933, and then publicly opened and read. The attention of bidders is directed to the Special Provisions covering subletting or assigning the contract, the use of Domestic Materials, the selection of labor, hours and conditions of employment, and hand labor methods.

The minimum wage paid to all skilled labor employed on this contract shall be forty-five (45) cents per hour. The minimum wage paid to all unskilled labor employed on this contract shall be thirty-five (35) cents per hour.

Attention is directed to the Special Provisions, included in the proposal, to insure compliance with requirements of House Bill No. 54 of the 43rd Legislature of the State of Texas.

Prevailing Per Diem Wage (Based on Hourly Wage Five (5) Hour Working Day.)

Power Machine Operators \$2.25 \$4.50

Truck Drivers (Trucks over 1½ Tons) 2.25 \$4.50

Mechanics, Carpenters & Blacksmiths 2.25 \$4.50

Laborers 1.75 \$3.50

Overtime and legal holiday work shall be paid for at the regular governing rates.

Progress News

There was a large crowd for church services both Sunday morning and Sunday evening.

Sunday school was very well attended. There was a large crowd and a good lesson recited.

There was League Sunday night. The program rendered was very interesting.

Mr. and Mrs. Jesse Wilhite and sff. Richard and Mr. Snow returned to their homes at Mangum, Okla., last Thursday, after a week's visit with his parents, Mr. and Mrs. F. K. Wilhite and family. Miss Ruby Wilhite returned with them to visit friends and relatives there.

The Baptist revival closed Sunday night. There have been good crowds and good services, Rev. Bruton, Rev. Needham, Rev. Lovitt and Rev. Eaves doing the preaching.

Will Burns made a business trip to Lariat, Monday.

Miss Olie Mae Henderson returned to her home last Saturday, after a few weeks' visit with her sister, Mrs. Will Burns.

The west part of this community was visited with an extra large rain and some hail last Tuesday morning about two a. m. Water filled most everyone's basements and stood six inches deep in some houses. Nearly every one's gardens were washed down and quite a bit of damage done.

Ludell and Ada Hogan, Doc Wilhite and Dalton Murrah spent Sunday with Marie, Auden and Ruby Smith, at West Camp.

Dillard Chittwood, Rev. Bruton and James Hoy attended the Plains Baptist association held near Littlefield, Friday.

Mr. and Mrs. Charlie Good and family spent Saturday night and Sunday with his brother, R. E. Good and family, and his mother, Mrs. Ellis.

Bianche Boone, of West Camp attended Sunday school and church at Progress, Sunday. She is one of the Progress school teachers for this year. She has been visiting her brother, Fred Boone at West Camp.

Progress school started Monday. The children seemed to be happy over school starting.—Reporter.

BAPTIST ASSOCIATION MEET

The West Plains Baptist association will hold its regular meeting at Amaret Wednesday and Thursday of next week.

All interested persons who can be urged to attend, as it is desired by the leaders of the work to make this the best meeting yet held.

B. Y. P. U. MEETING

The topic for discussion at the B. Y. P. U. meeting next Sunday night is "A Teaching University." Miss Eva Hager is leader.

Others to take part in discussing the theme are Miss Floy Beller, R. B. McHorse, Mrs. Ray Griffiths and M. G. Miller.

There will be an election of officers Sunday night to serve during the coming year. Everyone is invited and visitors always welcomed.—Reporter.

Selling a Car with Value far above the Price.

NRA

It must be

America's most economical car

or it wouldn't be

FIRST IN SALES

CHEVROLET

America buys more Chevrolets than any other two cars combined. That is America's way of saying—"Chevrolet is the most economical car we can buy."

It stands to reason that, in times like these, only the most economical car could earn such overwhelming popularity. Motorists want cars that stretch the mileage in a gallon of gas and a quart of oil. They want cars that are smooth, fast and powerful—without the cost and upkeep of needless extra cylinders, extra rings and pistons, extra valves. They want cars that run for thousands of miles with scarcely a cent for upkeep or repairs. And that's the kind of car they get in the new Chevrolet Six.

Companies that own big fleets of cars report that Chevrolets cost less to run than any other cars on their list. Owners everywhere have discovered the same thing—and they don't hesitate to spread the good word. That's why more and more people go straight to a Chevrolet dealer when they want, without question, the most popular and economical car in the world.

Ginners Set Price For Cotton Ginning At Lubbock Meeting

Charges for ginning this year will be 30 cents per hundred pounds for picked cotton where cleaners are in common use and 35 cents for bolles; 40 cents for picked cotton and 40 cents for bolles. Sledged cotton will carry an extra five cent charge over the price of bolles, and under no condition will ginners be allowed to gin wet cotton, this regulation being provided to protect farmers from loss in weight.
After hearing details of the substituted ginners code explained, three hundred and fifty ginners of the South Plains voted approval of President Roosevelt's recovery program in their eleventh annual meeting at the Hilton hotel in Lubbock last Saturday, but went on record opposing any further reduction in the cotton acreage of the United States unless foreign cotton growing countries agree to reduce also.

Unemployment in the industry has already resulted from the one-third cotton acreage reduction campaign instituted by the government this year, a resolution pointed out and further reduction would mean additional unemployment and a detriment to the industry. Foreign ginners are already making plans for increased cotton acreages and should another reduction be made in the United States it would only mean more cotton grown abroad it was said.

Merchants Here To Pay \$1,600 Govn't Tax On Its Cotton

Last Friday was a busy day with merchants in Muleshoe, as it was on that day every business concern handling cotton had to weigh and measure the goods of that kind on hand in their respective places of business.

All classes of business handling cotton goods in any form was affected by the government ruling wherein 4.5 processing tax was charged on such goods carried in stock.
It is estimated that the amount of this tax to be paid by Muleshoe merchants will run pretty close to \$1,600, the first payment of which will fall due October 1. Wholesale were required to make their first payment of 25 per cent the first of September, the balance coming due in three more monthly installments.

NOAH SAID 'BUILD THE ARK MILE WEST OF WICHITA FALLS'

Things that can happen when three radio stations come in. The same wave length is said to be the experience of a man who had just installed a radio and had not learned, all the time points of eliminating cross currents. He tuned in getting three stations on one wave length. One was a minister, one was a man telling of the condition of the roads and the third was a lecture on poultry. Here is what he heard:
"The Old Testament tells us that baby chicks should detour one mile south of Salina and listen to the words of the prophet—be careful in the selection of your eggs, and you will find hard-surfaced roads on to Garden City."
"We find in Genesis that the roads are muddy just west of the heehouse and clearance is essential if you would save your soul."
"After passing through Leavenworth, turn south to Jerico. Three wise men bought a large size incubator on account of a bad detour in. The baby chicks were troubled with the pip and bond issue is talked of in the Holy City. Keep the feet clean and dry, live a life of righteousness and turn south one mile west of the school house. Much care should be used in commanding the sun to stand still, as there is a bad washout at the bridge at Paola and the road to salvation is under repair, making it necessary for 70 degrees in the brooder house at all times."
"When you leave Winfield, unless you do these things the wrath of the Lord will cause the pin feathers to fall out and detour one mile south. Many are called, but few have any luck unless the gravel road between Topeka and Lawrence is used with the feed."
"Out of 500 eggs one should get roads from Coffeyville to Tulsa and the Lord commanded Noah to build the ark just one mile west of Wichita. It rained forty days and forty nights and caused an eight mile detour west of the brooder house. Many tourists from the House of David are trying the Plymouth Rock mixed with concrete and a desire to do right."
—Denver Post.

MAKE DRESSES CHEAPLY

It cost 75 farm women an average of \$26.42 to dress appropriately last year in Parker county, the home demonstration council reports after a study of clothing accounts kept by these women in cooperation with the home demonstration agent. The low cost was made possible by watching sales making clothes budgets, and making clothes at home.

TERRACING AT LOW COST

It cost William Deck of Ochitree county one gallon of wax per acre to terrace one of his best fields last year, not counting use of machinery or labor. His wheat made 3 to 5 bushels more on terraced land, the county agent reports.

County Judges Urge No Expense In The State Bond Handling

At the meeting of county judges and commissioners held in Lubbock Friday of last week, attended by nearly 300 delegates, including the entire personnel of the Boney Court Commission's court, a resolution was adopted and sent to the Legislature asking that the State handle the recently \$20,000,000 bond issue without extra cost to the taxpayers, urging payment of both worn eradication in 11 West Texas counties and that \$75,000,000 be allotted from the public service fund for further highway construction in the state.

Senator Clint Small speaking, declared no new tax legislation would have his support, as legalized beer, horse-racing and other revenue producing matters would yield sufficient income to take care of the \$20,000,000 bond expense.

Victious attack was made on the wasteful use of RFC money by several speakers, declaring much of it should have been used for more profitable and permanent purposes.
County Judge E. L. Pitts, of Lubbock county was named the next president of the association and Sweetwater selected as the place for holding the 1934 meeting.

YOUNG PEOPLE WILL GIVE A CITY PLAY FRIDAY NIGHT

"The Road to the City" is the title of a play to be given by members of the young people's class Baptist church, at the High school auditorium, Friday night of next week, M. G. Miller, director.

The character cast is as follows: Robert Darnell, R. B. McFors, Richard James, Truman Roberts, Jet Jenkins, Damon Danner, John James, Roy Carney, Dick Jim Alsop, Get Sanders, Christine Dennis, To Lee, Mozelle Alsop, Lily Martin, Lucille Elmore, Mrs. Sanderson, Lucille Beatty, Marie, Susie Fry.

THE BOBOS ENTERTAIN

Mr. and Mrs. Pat Bobo entertained a number of their friends Monday night with a steak fry at Horsseshoe.

Following a good feed, a la camp style, the guests playing games, some of them tumbled style on the sand dunes until a late hour everyone present reporting a delightful social evening.

Those attending were: Mr. and Mrs. A. J. Gardner, Mr. and Mrs. Elvin Smith, Mr. and Mrs. Roy Cobb, Mr. and Mrs. Wagnon, Mr. and Mrs. Julian Lenau, Misses Mildred Davis and Ruth Mitchell, Hugh Davis, and Mr. and Mrs. Pat Bobo.

HE SURE WOULD!

Two country editors were talking. "I spent three hours on the best editorial I ever wrote telling the folks to buy from home merchants and it's been two weeks and not one merchant has said a word of thanks," said one editor.
"If you had told them to go out town to buy," sadly replied the other, "you wouldn't have lived long enough to care."

GOVERNMENT OFFICIALS HERE

J. Edwin Barnwell, state supervisor for the Federal Crop Production loan, with headquarters at Dallas, accompanied by J. S. Andrews, district supervisor of the same department, were in Muleshoe, Texas, Tuesday conferring with J. B. A. Wade Jr., Bailey county farm agent, relative to crop loans, cotton reduction, etc.

Mr. Andrews, who has charge of this district, comprising Lamb, Baylor, Fannin and Castro counties, will have headquarters at Littlefield. He will have charge of the receiving and distribution of checks soon coming to farmers who have participated in the cotton acreage reduction, and will arrange to spend two days at a time in Muleshoe for distributing such checks. Farmers who have participated in the cotton acreage reduction will be notified by Mr. Wade as they arrive.

LEGION ELECTS OFFICERS

At the regular meeting of the local post, American Legion, held Tuesday night officers for the coming year were elected as follows:
W. C. Cox, commander; H. W. Goodshy vice-commander; Curtis Taylor, adjutant; J. E. Adams, finance officer; J. E. Aldridge service officer; J. G. Cluff sergeant-at-arms; Howard Carylie, chaplain.

The Muleshoe post is one of the very active organizations of this kind in West Texas invariably exceeding its membership quota each year.

A SAND HILL MELON FEED

Members of the young people's class Baptist church, participated in a tooth some watermelon feast held amid the mysterious depths of the sand hills south of the local golf course, Thursday night of last week.

Those participating in the event were: Jim Alsop, R. B. McFors, Carl Dodson, M. G. Miller, Damon Danner, Lucille Elmore, Allyne Arnold, Bernice Arnold, Eunice Griffiths, Susie Fry.

Lizard Heads Reptile List
There are more specific forms of lizards than any other animals belonging to the reptilian group. Approximately 1,000 distinct species have been described by scientists.

Goodland News

Mr. and Mrs. Jud Gaddy are visiting friends and relatives in East Texas. A singing school is now going on at Goodland. Also the revival is being continued.

Mr. and Mrs. Powell Lancaster are visiting at Petersburg and Sylvester. Mr. and Mrs. T. G. Gaddy, Lyndell and Tommy Clark returned last week from a trip to Colorado Springs, Pike's Peak and other points in Colorado and New Mexico.

The Stitch and Chatter club met at Mrs. Ponder's last week. All members were present and the club worked out a quilt for Miss Hortense Cook. A play, to be given by the club, was agreed on at this meeting and parts were assigned. The date for its appearance was not definitely given.

Mr. and Mrs. C. W. Johnson and family of Lubbock, visited in the T. G. Gaddy home last weekend.

Mr. and Mrs. Leland Mounts visited at Hale Center the past weekend. Mr. and Mrs. Cass Stegall, Lyndell Gaddy and Tommy Galt were Tahoka visitors Sunday, seeing the Enoch-Tahoka ball game.
Mrs. Horace O'Neal had her chin cut when she opened her canner the other day and a glass jar broke. The injury was slight and it is healing rapidly.—Reporter.

Wilson News Items

Sunday school was well attended. After Sunday school, Rev. Dewey Squires preached a fine sermon.

We have had fine rains the past two weeks.
The gin building is almost up now. The store and filling station are completed.

Mr. and Mrs. George Tyson, Jacob Tyson, Mr. and Mrs. Wayland Garvin and Mrs. C. E. Garvin attended the singing and pie supper at Nealy Ward Friday night.

The Methodist meeting will begin Friday night, Sept. 8, at the school house. Rev. Lloyd H. Jones will do the preaching.

At a meeting of officials of the local Baptist church held Sunday night it was decided to hold another revival meeting here in the near future. The pastor, Rev. C. A. Joiner was given authority to make all arrangements. The Col. Bob Samuels, autoeiner, who recently moved to Littlefield was here Monday taking an active part in the Trades Day events. He has formed a partnership with J. W. Horn, Littlefield, in the auctioning business in this line during the fall and winter months. Among those witnessing Harley Sadler's show in Clovis, N. M., Friday night of last week, were: Mr. and Mrs. Roy Cobb and Mrs. A. J. Gardner, Mr. and Mrs. Paul Bolo, and Mrs. Jess Mitchell, Misses Mildred Davis, Ruth Mitchell and Cliff and Hugh Davis, and Rufus Gilbreath. Mr. and Mrs. George Johnson returned last Saturday from a short visit to East Texas points. They were accompanied by their homebound trip by mother, who has been visiting her daughter at Athens, also, by Ross Smith, of Athens, and Miss Estelle Green, of Comanche. Another meeting of the City Board of Tax Equalization will be held at the City hall Wednesday, September 13, for the benefit of those who could not attend the first meeting held Tuesday of this week.

General News Over Texas and Adjoining States For The Week

The Lamb County fair at Amherst will be held October 27-28.

Gallup, N. M., was under guard of 200 troopers last Thursday because of a miner's strike there.

In a recent rat campaign held in Coleman county, 60,000 rats were killed by poisoning methods outlined by the U. S. Biological survey.

The City of Lubbock has made application to the Federal government for \$70,000 worth of municipal improvements.

A branch of a national patriotic organization designed to fight Communism was perfected in Dallas last Friday night.

The crop of sweet potatoes being grown in the Fort Worth N. M. valley is reported to be about one-half to two-thirds the acreage planted last year. The crop prospects are said to be better.

Some counties in Texas voted dry in the August 26 election by very close majorities, Kent county having only four "wet" and twenty "dry" just one vote over the margin.

The first week's sale of beer tax stamps in Texas brought \$15,483.17 into the state treasury it has been officially announced, the stamps being sold solely to brewers and wholesale distributors. A larger increase in sales was expected for the following week.

Trial of Ed "Perchmouth" Stanton charged with the murder of Sheriff J. C. Moseley of Swisher county last January, has been set for hearing at Tulsa, September 11. He is now being held in jail at Lubbock.

Commission companies will issue permits in accordance with their market quota for the different days. This will be in part determined by the number of pigs the processing plants can handle each day.

Monday morning J. B. Waide Jr., Bailey county farm agent, received information from O. B. Martin, state director to the effect that each commission merchant in E. L. Tatum would be given a quota of 100 pigs per day at owner's risk. Growers in shipping

HOG BUYING FOR GOVERNMENT MAY START LAST OF WEEK; DETAILS OF SHIPPING GIVEN BY COUNTY AGENT

Pig shippers must have written or telegraphic permits before shipment is made, to be entitled to the premium price paid by the Government, and in order to allow a cleanup of the congested conditions in the Fort Worth stockyards an embargo was declared effective at midnight Saturday, to be in force until Tuesday morning.

Ray Griffiths, local buyer stated that it would probably be Friday of Saturday before dealers here would receive permits for buying hogs for the government.

The tendency of hog owners throughout the United States to send in hogs beyond the capacity of processing plants has resulted in an oversupply at all market centers. Shippers have been asked to withhold shipment until pigs on hand could be cleaned up. There has been a general disregard of this request with the result the Government was obliged to take action and the Fort Worth stock until Tuesday morning on receiving hogs.

Beginning Monday, all pigs received for account of the Government, had to be accompanied by permission to ship. No premium will be paid for pigs unless permission has been granted prior to shipment. Advance permission must be secured through commission firms and cooperative commission associations operating on terminal markets.

Effective immediately, no permits are to be issued through commission companies to anyone other than original owner, and in no case are permits to be issued to any one owner for more than 200 head. Permission to ship obtained through commission firms is to be evidenced by letter or telegram to the original owner and all shipments to this market must be accompanied by such permits. Permission not needed on ship pregnant sows. The minimum weight of sows qualified to receive Government bonus is, effective immediately, lowered from 275 to 240 pounds.

Commission companies will issue permits in accordance with their market quota for the different days. This will be in part determined by the number of pigs the processing plants can handle each day.

Monday morning J. B. Waide Jr., Bailey county farm agent, received information from O. B. Martin, state director to the effect that each commission merchant in E. L. Tatum would be given a quota of 100 pigs per day at owner's risk. Growers in shipping

must state their preference of the commission firm handling them, listing at least three firms in order of their preference.

The letter states that in cases where there are now already co-operative organizations formed, shipping pools may be organized among the growers themselves, weigh the hogs before shipping and consign them to some one concern for selling. The money will be sent to the head of the association and divided among the growers. Pigs received are being sorted into three grades from 81 to 100 lbs., 56 to 80 lbs., 25 to 55 lbs.

Yardage charges on hogs at destination point run about 14c per head for lots of 80 hogs. Feed charges are at the rate of \$1.20 per bushel for corn while pigs are shipper's property. Commissioners are set by the state, running from 25c per head up, according to number of hogs and number of shippers. Further details may be obtained of Mr. Waide, at the court house in Muleshoe.

State Highway No. 7 Is Included in U. S. Bureau Road Recommendation

Federal approval of 16 NRA emergency highway projects in 14 counties was given Saturday in an announcement by C. E. Swain, federal district engineer for the U. S. bureau of public roads. The projects will cost about \$780,000.

The projects now have been turned over to the Texas highway department and bids likely will be asked at once as plans on the jobs already have been approved.

The projects are located in Bexar, Kendall, Swisher, Tyler, Howard, Farmer, Lamb, Rusky, Bailey, Hockley, Lubbock, Cherokee and Guadalupe counties.

For some time past it has been known that the State Highway Commission was making an effort to get everything in shape for the paving of State Highway No. 7, which passes through Muleshoe, and it is assumed this highway is to be included in the project named through Hockley, Lamb and Bailey counties. Whether Highway No. 28 will also be included is not yet definitely known.

Very Few Letters Lost

Statistics show that only one out of every 800,000 letters mailed in the United States is lost before delivery.
