## BAILEY COUNTY CAMP MEETING TO BE HELD AT NEEDMORE 14 MILES SO. OF MULESHOE, BEGINNING AUG. 11

**Campers Urged To Come For Period; Barbecue Beef, Mutton, Chicken a Feature; Rev. Tittle, Plainview Is Preacher**

A genuine old-fashioned camp meeting is scheduled to be held at Needmore, 14 miles south of Muleshoe, beginning Sunday, August 11, at 11 a.m., according to announcement made by Rev. G. R. Fort, Methodist minister.

People from all over this area, regardless of church denomination or creed are invited to attend the series of meetings which will last until Aug. 18. A big tabernacle will be erected and special facilities arranged for campers who are invited to come live on the grounds during the meetings.

Barbecued beef, chicken, mutton and bread will be furnished campers.

There will be a special cafe located on the grounds, and camper needs may also be secured from the store and filling station located there.

Rev. W. L. Little, presiding elder of the Plainview district will be the principal speaker during the meetings, while Rev. W. C. of the preaching Rev. Tony Dyess, Lubbock, will direct the music. Miss Ida Jones of Whiteface will be pianist. There will be a special choir and congregational singing will

be a feature of the occasion.

Campers attending are assured of shelter if it rains, and every possible accommodation for attendants is being arranged for by Rev. Fort and his advertising committee.

The tabernacle will be erected Aug. 8, and everyone who can be present to assist in the construction is invited to do so by Rev. Fort. It is anticipated all necessary arrangements will be completed by the following day.

Rev. Fort, through the columns of the newspaper, urges all those persons who have any way contributed to the success of the camp meeting occasion; to those who donated beef, mutton, chicken, etc., to E. R. Hart for use of his delco light plant, to those who are going to assist in raising the tabernacle and to all others who have contributed toward the coming events.

Rev. Fort, in his article, also expresses his appreciation to all citizens who have done their part in making the camp meeting a success.

### MAYBE IT'S WAR, HEN LAYS EGG LIKE A TORPEDO

Pecos.—Watch out for war—if the hen and the torpedo-egg means anything.

Thursday morning Farmer H. C. Bryan, Pecos, was gathering eggs in the backyard and found a perfectly formed egg.

Fable has it that prior to the World War hens all over the country were producing torpedo-shaped eggs, indicating first that war was imminent, second that the war would be fought principally under water.

On this egg perfectly etched was the letter "A." Bryan figured that meant war in Asia.

The warlike specimen measured two and one-half inches in length; by one and eight inches in diameter. It came nearly to a point at one end.

### BELIEVE IT OR NOT TURKEY GOBBLER SETS

Strange things happen in other parts of the country, she said, not something in Bailey county, asks Mrs. W. A. Elmore, Journal correspondent from the Circle Back community.

Mrs. Elmore states that W. H. Walker, of that community has a turkey gobbler that persists in setting the same as his feminine partner, and it is particularly about what he sets on.

Now he is setting on gourds, one hen egg and a white door knob; but his owner plans putting a setting of guinea eggs under him soon.

Since there has been so much rain in that section during the past week, Walker may change his mind and set the big bird on duck eggs as web feet may be needed to get around in the mud.

## N. & S. HIGHWAY IS TRANSFERRED FOR WPA ACTION

**Application For Improvement Delayed Pending Set-up.**

**Marks First Visit Of A Cabinet Member To The Southwest.**

**Secretary of Agriculture Henry Wallace to be in Amarillo, Monday, August 6, thus affording citizens of this area their first opportunity of seeing and hearing a New Deal cabinet member.**

"Not any agriculture leaders, but also any other interested are invited to greet our distinguished visitor," declared Orlon Hill, who is chairman of the general committee making arrangements to entertain Secretary Wallace.

"Agriculture is facing many difficulties and it is important to know what our Secretary has in mind," he continued.

The committee, however, did succeed in getting this particular project transferred to WPA with the recommendation of the State Highway Commission that it be accepted and needed improvement made. It became the earliest possible moment. Just when that time will be is yet unknown. An effort to make formal application to J. O. Jones, director, Lubbock, in charge of this district, last Saturday met with the statement that he was not yet ready to receive such applications.

To date there is little known of the details of this new set-up, and apparently federal directors have not yet been fully advised as to their specific duties in this respect. It is known that projects costing up to \$25,000 will come under the direction of WPA, while those over that sum will be under direction of PWA. Complete improvement of the North and South highway has been estimated at around \$226,000.

It is understood that the sum of \$22,845,000 has been appropriated to Texas for this type of farm to market road improvement.

Monday night a rain varying from one-tenth to one-half inch was reported in the southern part of the county, covering Stegall, Echoes, Goodland and Maple communities.

Tuesday night there was another rain, said to be about two inches in the Circleback community and spreading out over a little more than a mile. At Farwell, 22 miles northwest of Muleshoe, the rain is said to have been quite heavy.

The true friend of the farmer, the man whom farmers pin their faith, is coming to Amarillo and the Panhandle on a tour of inspection and as a compliment to Congressman Marvin Jones. Between the Amarillo congressman and the Secretary of Agriculture a warm friendship has developed.

The visiting cabineter is a real dirt farmer and developer, Wallace corn, one of the popular varieties in Iowa. He also operates a dairy, feeding out Panhandle cattle every year in his

**Bailey County Will Get Soil Erosion Work Of CCC Camp**

A meeting of county agents of this area with officials of the CCC Soil Erosion camp located at Littlefield was held at that point last Tuesday for the purpose of outlining soil improvement work to be done in this area, the meeting being attended by J. B. Waide Jr., farm agent for Bailey county.

The camp of Bailey county comes within the 25 mile radius of soil improvement work to be done by this particular unit, a strip about seven miles wide, including the Bula community reaching nearly to the Circleback community and south to the Cochran county line, will come within the scope of contemplated soil improvements. The work will consist principally of terracing, contouring and possibly some tree planting.

**Rats**

are the BIG farm problem

In the United States, rats and mice each year destroy crops and property valued at over two million dollars," declares the U. S. Department of Agriculture. "The rat is the worst pest in the world." It is costing the farmers of Texas alone fifty million dollars to feed rats and grain weevils. Rodent proof granaries will help solve this big farm problem. Come in this week and let's talk it over. We have metal granaries of all sizes.

Now is the time to get ready for harvest which will soon be here. Fencing material of various kinds will be needed for fencing off the stock lots—we have it! Perhaps you want picket fencing for open corn-cribbing—we have it. You need poultry netting—we have it. In fact, we have practically everything necessary for the farmer harvesting his crop.

# "Little Stories for Bedtime" by Thornton W. Burgess

## A LOVING MATE BUT POOR HOUSEKEEPER

"IT'S TIME for my dust bath," said Mourner the Dove to Peter Rabbit, as the latter sat thinking over what Mourner had just told him about eating graver as fast as he could digest. "There is a bath tub in the Lamb Barn where I take a dust bath every day," continued Mourner.

"You don't mind," said Peter. "I'll go with you."

Mourner said he didn't mind, so Peter followed him over to the dusty place in the Long Lane. There Mourner was joined by Mrs. Mourner, who

**Now, If You Will Excuse Us, We Must Be Getting Back Home.**

was dressed very much like him save that she did not have as beautiful a necklace as Peter. They chattered until they got home.

"I see you on the ground so much that I've often wondered if you build your nest on the ground," said Peter. "No," replied Mourner. "Mrs. Dove builds in a tree, but usually not far above the ground. Now, if you'll excuse us we must get back home. Mrs.

Twenty-six applications are now on file, but it is expected some of these may now be withdrawn since farm work is opening for extra hands.

Local quota requirements may be withdrawn. Any young man between the ages of 18 and 38 years, whose family is now on or has been on government relief, is eligible to make CCC applications.

Applications may be taken until the close of this month.

tions.

**"With the Greatest of Ease"**

New version of "the daring young man on the flying trapeze" given by a white mouse who performs his act on a trapeze held firmly in the strong jaws of an English bulldog. His home is in London, England.

**The Way of Providence**  
From an ancient book of sermons we glean that among the many proofs of the wisdom and benevolence of Providence is the fact that the world was not created in the midst of winter, when Adam and Eve could have found nothing to eat, but in harvest time, when there was fruit on every tree.

**Pictures on U. S. Stamps**  
Pictures of the following Presidents of the United States have appeared on postage stamps: Washington, Jefferson, Jackson, Lincoln, Garfield, Grant, Hayes, Madison, Harrison (Benjamin), Monroe, McKinley, Harding, Roosevelt, (Theodore), Hayes, Cleveland, Taft, Wilson.

**Moonfishes**  
Moonfishes are small aquarium fish allied to sunfish. There are four principal varieties—black, white, spotted, moon, red moon, golden moon and blue moon. They are natives of the waters of Mexico, Central America and the northern part of South America.

**A Way to Happiness**  
A healthy body, a clear, alert, interested mind, combined with a clean record and a consciousness of having done justice to others, as well as oneself, go far to make up the sum of true happiness.—Kansas City Star.

**Ohio's State Flag**  
The Ohio state flag was designed by John Eisemann, an architect, for use on the Ohio building at the Pan-American exposition in Buffalo in 1901. It had no legal status then.

**Stone Fox, Maybe**  
Some day humanity will be sufficiently enlightened to turn its collective instinct against its real enemies, ignorance and poverty and all their host of allies.

Dove has two eggs to sit on, and while she is sitting, I like to be close at hand to keep her company and make love to her."

"Doves shock the loose dust from their feathers and flew away. Peter watched to see where they went, but lost sight of them behind some trees, so decided to run up to the Old Orchard. There he found Jenny and Mr. Wren as busy as ever feeding that growing family of theirs. Jenny was a good mother, too, to go to Peter was so trim full of life that he had found out about Mr. and Mrs. Dove. That he just had to tell someone. He heard Kitty the Catbird among the bushes along the Old Stone Wall, so hurried over to look for him. When he found him, Peter began to tell what he had learned about Mourner the Dove."

"That's no news, Peter," interrupted Kitty. "I know all about Mourner and his wife. They are very nice people, though I must say that Mrs. Dove is one of the poorest housekeepers I know. I like it you never have seen her nest."

Peter shook his head. "No," said he. "I haven't. What is it like?"

Kitty the Catbird laughed. "It's about the poorest apology for a nest I know of," said he. "It is made of little sticks and mighty thin twigs. How that hole holds up is more than I can understand. I guess it is a good thing that Mrs. Dove doesn't lay more than two eggs, and it's a wonder to me that those two stay in the nest. Listen! There's Mourner's voice now. For one thing he certainly does have an unusually commanding voice. To hear him you'd think he was sorrowful instead of happy. It always makes me feel sad to hear him."

"That's true," replied Peter. "But I like to hear him just the same. Hello! Who's that?"

T. W. Burgess—WNU Service.

## TWO-THIRDS PUBLICITY DOLLAR OF DEPARTMENT STORES GOES FOR NEWSPAPER ADVERTISING

New York—Frank W. Spaeth, manager of the sales promotion division of the National Retail Dry Goods Association, has announced in the association's annual analysis of publicity expenses that in 1934 department stores throughout the country spent two-thirds of their advertising appropriation in newspaper.

"As the retailer knows," Spaeth said, "newspapers remain the backbone plus of the retail publicity appropriation."

The report gave the following distribution of the 1934 retail publicity dollar: newspaper lineage, 66 cents; production, 4 cents; misc. media, 5 cents; radio, 2 cents; direct mail, 2 cents; pay roll, 8 cents; total display, 10 cents; all other, 3 cents.

## TESTING FOR OIL IN LAMB

A major oil company reported to be oil in Humble, is said to have leased 16,000 acres of land located on the Old Yellow House Ranch in Lamb county and will put down a test well in the near future.

Several years ago a test well was put down on this land not far from the ranch headquarters, showings of oil having been obtained; but the well was plugged.

## FIGHT FOR COUNTY FAIR

Littlefield and Olton, in Lamb county for many years antagonistic contenders for the county seat, are now opposing each other as the place for holding the county fair this year.

The county seat has been held at Amherst, the third point in the triumvirate of capital seat squabbles in that county. No fair was held at Amherst last year.

## IT SOUNDED DIFFERENT

Recently a girl we know found an old love letter which her father had written to her mother when they were courting. The daughter copied the letter, signed a man's name to it and mailed it to her father. Then she showed it to her father. This was an extortive like that of an eruptive vein.

The father could scarcely express himself. He blurted out: "That f— the biggest fool I ever heard! better not let him come poking here or I'll make mincemeat out of him." We don't want such a simple family. Any ding-busted, fat idiot who would write such a silly, sickly hog-wash to any serves to be ducked in a mudhole. I'd like to do it."

## CHURCH OF CHRIST SERVICE

H. H. Stone, a young gospel preacher from Farwell, will be here next Sunday afternoon to preach at the Church of Christ, the services beginning promptly at three o'clock.

A general invitation is extended to people to attend this service.

## LOCAL HAPPIENINGS

C. R. Stevens, teacher and coach in the Muleshoe High school, but who is spending the summer months in Lubbock, underwent an appendectomy operation in a sanitarium there. Saturday of last week. The latest report was that he was recovering nicely.

Rev. W. L. Cookrell, who has been here for the past two weeks visiting his daughter, Mrs. E. G. Chitwood, and family, left last Monday morning for Wichita Falls, where he will visit with his grandson, E. R. Chitwood, later going on to Hot Springs, Ark.

J. M. Murrah dropped in last Saturday to renew his subscription to the Journal, having been a continuous subscriber since the paper was founded about 13 years ago. Jess says it long ago became a fixed member of the family.

Friday evening of last week, members of the Young People's Sunday school class, Muleshoe Methodist church, were entertained by their teacher, Good Harden, with a weiner roast given at Horse Shoe Bend, northeast of town.

Mr. and Mrs. Marshal Nelson, and Mr. and Mrs. Connie Nelson and son, of Amarillo, visited here Sunday in the home of Mr. and Mrs. George Nelson. Marshall is a brother of George and Connie's nephew, also manager of the Amarillo baseball team which played in Muleshoe last Sunday afternoon.

J. F. Mount last week purchased a sport model Master Six Chevrolet, with radio and full accessory equipment of the Valley Motor Co. They also report the sale of a Master Six coach to Ronald Mathiesen, being radio equipped, and a six wheel Master Six town sedan to Arthur Ryan.

Miss Sybil Hunter returned home to Muleshoe, Friday afternoon of last week from an extended vacation trip to various points in Oklahoma and Arkansas, where she had been visiting her grandparents and other relatives. Her mother, Mrs. Beulah Hunter, and aunt, Mrs. Biggs, of Waco, met her in Clovis, N. M.

Mr. and Mrs. O. N. Robison had as their guests Sunday Mr. and Mrs. Cecil Robinson and daughter, Coy May, of Circle City, Mr. and Mrs. Bill and Bertha Lee, Mr. and Mrs. Bert and Bertha, and daughter, Margaret Ellen, Mr. and Mrs. Richard Rocked and daughter Rilla Mae, Mr. and Mrs. Sylvan Robison, daughter Peggy Henry, and son, Rex.

Mr. and Mrs. Gilbert Woldard and Leo Woldard, Jr., left last Wednesday noon on an extended vacation trip to Los Angeles, California, Catalina Islands and various other points where they will visit relatives and friends. Jimmy Cox assistant mail carrier for route one is working while Mr. Woldard is away.

Mr. and Mrs. Jimmy Singer and son, Neal of Littlefield, and Mrs. C. F. Moeller and daughter Betty Ruth, returned home Friday afternoon of last week from a week's vacation trip to the Carlsbad caverns in New Mexico. While gone they visited with Mr. Singers uncle, Mr. Hendricks, owner of the second T ranch west of Roswell, N. M. co.

Mr. Watson and family left Monday morning for a week's vacation trip in the mountains of New Mexico. Vic is reputed to be a very honest and truthful business man; but when it comes to the subject of fish his vocabulary of ictyophagy is said to be visionary, uncertain and somewhat of the type of a famous Biblical character called Annanias.

S. L. Rollins, Jr., student in Muleshoe High school, residing east of here on C. E. Poche place, will be among the 4-H club boys taking part in the 4-H Show Saturday week. He along with others will make the trip in a truck going via Austin to College Station, then on to Georgetown where they will view the mighty waves of the Gulf of Mexico rolling into shore, returning via San Antonio. Rollins, Jr., Merrill Brimage, of Olton, Lamb county, will be among the 4-H club boys who will be invited to give a Texas 4-H club boys. Rollins has outstanding work in raising hoggs, producing one of the highest yielding crops of this section.

## HENRY-JOHNSON

Miss Agnes Henry, daughter of Mr. and Mrs. J. M. Henry, of Clovis, became the bride of Thomas Johnson, of near Muleshoe, last evening. July 18, in a simple ceremony performed by Rev. Fred Borden of the Church of Christ.

Following the ceremony, refreshments were served to relatives and a few invited friends, in the home of Mr. and Mrs. J. V. Robbins. Those present were Misses Lorene Newman, Bert Goodwin, Marshall Head, Ida Estelle, Mr. and Mrs. G. A. Anderson, of Muleshoe. Mr. and Mrs. G. A. Robbins, of Tharp, Angie Henry, Mr. and Vernon Payne and Mr. and Mrs. Tobkins.

A young couple will make their year Muleshoe—Clovis, N. M., ournal.

## BONERS

Chisholm used to be a vulgar boatman, but someone heard his voice and said it would go a long way, so he came to America.

### White House Is Not Private

The White House with all its beauties is by no means a desirable residence for a quiet man. Its occupant has no privacy, and such moments as he has are always spent with guards at his doors, and an unwilling crowd of those who want to see him. But most necessarily he refused. The President's every action is watched.

Crowds come to his back doors and peer into his kitchen; they interview his servants; and the good public has the right at any time to walk through his great palace and make their remarks about his furniture and the way he keeps it—Washington Star.

### SELL SHORT

To sell short is to sell securities with the expectation that one will be able to purchase again at a lower price; in other words, says a writer in the Detroit News, it amounts to speculating for a decline in prices. The word "short" in this sense means "borrowing" or "being in a position of debt" or "the securities that have been sold."

The stocks are borrowed for the transaction; if in the interval between selling and buying the stocks have declined the trade is profitable and if there has been an advance it is unprofitable. If the seller actually owns the stock he is not selling short.

### FEVER SCHOOLHOUSES

Once America will have the "little red schoolhouses," with its barn-like simple room and primitive equipment, is slowly but surely passing. More than 10,000 of these small district school buildings were abandoned in the past few years, their places being taken by the modern consolidated school.

With the rapid extension of good roads, the employment of modern methods for the transportation of children to these latter institutions, it seems inevitable that the one-room school will eventually disappear.

While the district school must thus give place to a new and better system, it has filled a paramount role in the advancement of the nation. To the self-sacrificing labors of the teachers in these rural schools many famous men and women owe their early education and inspiration.

But the demands of progress must be met in education, as well as in all other phases of our increasingly complex civilization. The new and larger consolidated school with its staff of better provided teachers, improved organization and its modern equipment will mark an advance over the "little red school house," which must make for a more enlightened and efficient citizenship.

### HELPFUL HINTS

If your cream refuses to whip add a few drops of honey and usually the difficulty disappears.

To remove dust from wall paper make a cheesecloth bag, fill it with cornmeal and rub lightly over the paper.

Soot powder will not remove burnt materials from cooking utensils try sandpaper.

Add a teaspoon of dissolved gelatin to each half pint of whipping cream and it will be stiffer when whipped.

They claim that if you will wash new silk stockings in cold water before they are worn and each time they are taken off they will last twice as long.

If woolen garments are hung out to dry while dripping wet they will not shrink.

A piece of sandpaper under the food cracker clamp will hold that important machine in place even on the edge of a porcelain-topped table.

### CAR WRECKED LAST SATURDAY

Saturday afternoon about six o'clock on the highway two miles west of Littlefield, the 1934 Chevrolet coach driven by L. H. Gates, of Rankin, was completely wrecked when he hit a cement culvert and overturned three times. He was meeting another car which while making room the front wheels of which were torn completely off by the culvert, the car landing about 40 feet from the wheels.

Mr. Gates is the son-in-law of Mr. and Mrs. G. A. Anderson, of Muleshoe. He was enroute here to visit, and his wife Mrs. Gates was to accompany him home.

Mr. Gates received a number of bad bruises, scratches and cuts, but was not seriously injured.

The wrecker car was later sold for less than \$50.00.

The acid test of an individual's interest in any public work is contribution.

## State Health Dept. Warns Against Rabbit Fever; Its Serious

Austin, July 23.—A number of cases of tularemia, sometimes called Rabbit Fever, have been reported to the State Department of Health, according to Dr. John W. Brown, State Health Officer. The disease is usually transmitted during the hunting season by the handling of infected rabbits when there is a break in the skin. The cases now being reported are probably due to the bite of the wood tick.

The disease is known to be caused by a mite, gnaw which infects a small percentage of rabbits, and in addition, a variety of other animals. The germ is spread among animals by blood sucking flies, or ticks which draw blood from an infected rabbit and later carry infection to other animals. A rabbit that is slow and fails to get off to a good start is apt to be infected.

The disease usually starts with symptoms of chills, headache or influenza. It has often been misdiagnosed as typhoid fever. In many cases, an ulcer develops at the site of the infection. Whatever form it takes, means a long, serious illness. The family doctor should be sent for without delay whenever symptoms develop that suggest rabbit fever.

To assist in the diagnosis of the disease, blood tests for the presence of the antibodies may be made by the State Laboratories, at the request of the city or county physician, for any case in the country.

The best means of prevention is to avoid direct contact through handling of wild rabbits by protecting the hands with gloves, also, while in the woods to protect oneself from tick bites.

### GARDENING EXPERIENCES

"I sold short is to sell securities with the expectation that one will be able to purchase again at a lower price; in other words, says a writer in the Detroit News, it amounts to speculating for a decline in prices. The word "short" in this sense means "borrowing" or "being in a position of debt" or "the securities that have been sold."

The stocks are borrowed for the transaction; if in the interval between selling and buying the stocks have declined the trade is profitable and if there has been an advance it is unprofitable. If the seller actually owns the stock he is not selling short.

Mr. Lane planted Swiss chard, cauliflower and squash for her new vegetables. She said, "one of our club women has the sweetest feed, which came from New Mexico. We like the Swiss chard very much. I have canned 16 quarts and divided with four neighbors."

"I like my chard much better than surface irrigation and it is not nearly so much trouble," said Mrs. Lane.

"I have 23 varieties of vegetables in the garden this year," said Mrs. Jones, farm food supply demonstrator of the Stegall home demonstration club.

"One of my new vegetables is the Italian squash, which grows about 3½ feet long. I had the seeds sent from Tennessee," said Mrs. Jones.

### NEW SEWER INFORMATION

Albert Isaacs, city secretary, is the week in receipt of a request from Engineer H. N. Roberts, of the PWA office in Fort Worth, for additional information relative to gross income and operating expense from 1930 to 1935, inclusive, in the matter of the city's application for funds for construction of a sewer system here.

The information went forward promptly and will accompany other submitted data for final approval at Washington.

### NOTICE

ALL APPLICATIONS FOR TRANSFER MUST BE MADE BY AUGUST FIRST

I have received instruction from the State Department of Education, Austin, Texas, that children whose grades are not taught in their home school should be transferred to a school where such grades are taught. The application must be signed by the parent or guardian and sent to the State Department of Education August 1st.

Parents of children whose grades are taught in their home school should not make application for transfer. The State will not pay tuition nor transportation for these children. If application is made and approved for the transfer of a child whose grade is taught in the home district, the parents will be responsible for both tuition and transportation.—E. ADAMS

Patronize home industries.

When the smell of hot rubber rises from the sun-baked pavement... and your engine overheats, knocks, and loses power—try a tankful of the new summer-type Phillips 66.

### BAPTIST S. S. CLASS PICNIC

Thursday evening of last week, members of the Young People's Sunday school class, Muleshoe Baptist church, enjoyed a weiner roast in picnic style at the sand dunes east of town on the Sudan highway.

About 25 attended, including the teacher, Mrs. Ray Griffiths.

Various games were played on the sand and a general good time was had by all.

The weiners and marshmallows were roasted over a camp fire. Fruit and cookies were served.

While on the picnic a business meeting was held by members, at which time they discussed plans for a trip to the Carlsbad, N. M., cavern to be taken in the near future. These enjoying the picnic were:

Eunice Griffiths, Melzine, Rockey, Christine Dennis, Eva Harper, Sybil Coker, Annette Ruindel, Opal Smith, Lorena Spence, Arthur Holt, Morris

Garth, Allen Gwyn, Red Johnson, Ferrell Johnson, Houston Hart, Francis Gilbreath, Hebron Gilbreath, Truett Beatty, Junior Wynn, Lamar Witte, Bill Faulkner, Bill Ackers.

### BIRTHDAY CLUB MEETING

Thursday of last week the regular community birthday dinner was given at the home of Mrs. S. E. Morris Jr. in honor of Mrs. Morris. Mrs. O. N. Robison and Mrs. Eddie Hupp's birthday anniversaries. All three of their birthdays were close to the same date.

A very nice meal was served by the guests present. Some of the women and girls went swimming and the others visited.

At the noon hour a delicious covered dish luncheon was served in the dining room. Two beautiful birthday cakes with candles were the center decoration of the table.

Miss Alma Stewart, Bailey county home demonstration agent, was a special invited guest at the noon hour.

## CHEVROLET... Your Host... ALL DURING JULY

### Drive THE MOST FINELY BALANCED LOW-PRICED CAR EVER BUILT

## THE MULESHOE JOURNAL

Entered as second-class matter at the Muleshoe Postoffice under the Act of Congress, March 3, 1879.

JESS MITCHELL, Editor.

I. F. MITCHELL, Bus. Mgr.

SUBSCRIPTION RATES  
In Bailey County, one year, \$1.50  
Outside, one year, \$2.00.

Published every Thursday upon application. Telephone No. 54.

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than the Wednesday morning of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement and not as news. It is the duty of this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular rates. Advertisements, even if paid for, will not be accepted.

Obituary cards of thanks and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Muleshoe Journal will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

### A THOUGHT FOR THE WEEK

Therefore I say to thee, Her sins, which are many, are forgiven; for she loved much; but to whom little is given, the same loveth little.—St. Luke 7:47

We hand folks over to God's mercy, and shown none ourselves.—George Eliot.

### BETTER PROGRAMS

At a recent meeting of Radio Broadcasters of America public announcement that plans were made to "clean up" the radio business and give listeners better programs. There are many radio set owners around Muleshoe who sincerely hope they carry out the plan.

With the air cluttered up with astrologers, patent medicine orators and lottery schemes there certainly is vast room for improvement. Some of the advertising programs are excellent, and in a short place has more and more manufacturers of sheep-john nostrums, corn salves and lotions are entering the field, some of them with programs that are both silly and uninteresting. It should be said in all due respect to the Federal Radio Commission, however, that vulgar and obscene programs have been kept off the air with far more success than they have been kept off the stage and screen.

But there is still room for more programs of an entertaining and informative nature. Radio has come to be one of the greatest blessings ever given to mankind. It would be tragic to have it degenerate into a curse, and it can easily become that if it is permitted to espouse the cause of the would-be astrologers and lottery-scheme writers. That is why the announcement by the Broadcasters' Association that it will begin immediately a campaign for better programs will be hailed with interest not only around here but everywhere else in the United States.

### BRIGHT PROSPECTS

Barring unforeseen disasters during the next few weeks this year we will come through with good crops, taking the country as a whole. Latest government reports on crop yields indicate that the shortage suffered in American production last year, due to reduced acreage and the drought, will not be repeated.

Last year the country harvested the smallest crop of wheat since 1895, the smallest crop of corn since 1884, and the smallest crop of oats since 1882. Nearly all other cereals and almost all other crops suffered a similar reduction. This year crops are said to be better than at any time since 1929 and 1930. The winter wheat is expected to be the largest yield since 1932, exceeding last year's yield by about 30 per cent. The total crop promises to be almost double the yield of last year. While it is too early to forecast the corn yield, this year's crop of corn, generally speaking, is in excellent condition.

Now if prices can be held at anything like a fair average, the American farmer is going to have a real smile about. Many farmers of this area say crop prospects in Bailey county are now better than they have been at any time during the past five years.

### DESTROYING WEALTH

The "share-the-wealth" program of President Roosevelt may affect us all in only a scare-the-wealth program, for it would eventually result in a destroy-the-wealth program of taxes, which the President probably realizes.

Of course, such a program would effect millions most; but it would also have its pro-fa-ta effect upon even the folks of Muleshoe. We are told less, and less, the idea of seeking the rich and breaking up capital would also break up industry, destroy jobs, artificially dry up the very springs of productive enterprise, thus stopping progress, and, in the long run the one who would get soaked the hardest would be the man who is looking for

a job.

Really, this proposed measure is not so much of a tax as it is of reform, being put forward along with numerous other reforms, many of which are now being declared unconstitutional.

No doubt fair, equitable and reasonable taxation is essential to economic and social stability. Fossilized and static capital needs to be excited into activity, confidence needs to be further established rather than dispelled among the people who have it within their power to grab jobs. Unfair and confiscatory taxation is more likely to create havoc among workers, home-owners and small business interests than it is to stabilize conditions now in erratic mood.

### FEEDING PREJUDICES

Most of us who consider ourselves broadminded are anything but that. Otherwise, how can we account for the fact that we are seldom interested in learning "the other side" of any question?

We read almost exclusively such books, periodicals and newspapers as we know in advance will generally coincide with our own views. Few Republicans subscribe for a red-hot Democratic newspaper, or vice versa. People take church papers only of their own religious faith. Capitalists take labor papers, and laboring men would hardly look at one that reflects the capitalist viewpoint.

In other words, we all have more or less confirmed opinions on nearly every important subject and do not admit that these may be some virtue in our purpose of confirming ourselves in our present beliefs and prejudices.

"The world is flat," he said. "The only facts we can tolerate are those we already know." We read, not really to learn anything new, but for the purpose of confirming ourselves in our present beliefs and prejudices.

SATURDAY NIGHT

On Saturday night, when weary of work and mind is relaxed and restful to sit in a comfortable chair and let memory drift backward at will. Maybe the week has brought tremendous changes for us; it always does for some. If we have served faithfully during the week then our vision has been enlarged and our sympathies broadened. We are greater at the close of the week than we were in the beginning—or we are smaller.

We are glad when Saturday night comes, for it means a rest on the morrow—a day of rest and gladness when the mind turns aside from the dizzy, rushing whirl of getting and spending to a contemplation of better things.

Life would be out of balance without a day or seven for rest and meditation. Saturday night may bring weariness, but it also brings hope and anticipation of rest and a refreshing of body and soul.

### BACK TO NORMAL

With the vacation season now at its height, and with several weeks to go, radio stations are again reporting the heaviest business since 1929. The American Auto Association, gathering figures from 1200 auto clubs in every state, says motor tourists are out in as great numbers this year as during any summer in history. All of which makes a story Muleshoe citizens should be glad to hear.

The increase in vacation travel reflects an improvement in conditions generally, for people are finding money for vacation trips or they could not take them. They are putting millions of dollars into circulation as they fly across the country, and very dollar they spend is helping to bring back those good times everybody has been praying for and which now actually appear to be on their way.

### Jaunty Journalettes

About the biggest curiosity people have in a small town like Muleshoe is when some one comes to town and won't tell their name or business.

## THE MULESHOE JOURNAL

### NEWS REEL -- Aquatic Number — by A. B. Chapin

#### HIGH TIDE

STONE HARBOR, N.J. — The Amazing phenomenon which occurred on the Atlantic seaboard recently was in reality, NOT the highest tide ever recorded.

The gigantic inland sweep of water was caused by the biggest crowd in years along "Seven Mile Beach" taking a dip in Old Briny.

#### SHOWERS

FAIRFIELD, ILL. — Severe thunder has accompanied the numerous storms hereabouts during the recent torrid spell and quite a number of persons have been struck by lightning. Late reports state that none have been fatally injured, and most will be walking soon.

#### STORMS

WASH. D.C. — The Weather Bureau reports from coast to coast the most prodigious downpour since last July.

#### DELUGE

SAFETY, FIRST. — Johnson was nearly drowned the other day in a most unexpected place and in a very unexpected manner.

SAFETY

#### HIGH-WATER MARK FOR '35

GENEVA, ALA. — Local records for high water were busted last week with such visible effluvia and mud were deposited during the inundation.

#### WILD WAVES

CYNTHIANA, KY. — This vicinity was submerged by wild waves of talk last week when Miss Goldie Dare tried out her new bathing suit in her back yard.

#### Pavement Pickups

TY Young admits his greatest trouble with his income is to get it to come in.

Muleshoe or other old-timer around Muleshoe had dignity. He kept the respect of the woman who saw him in a night shirt putting out the cat.

Most Muleshoe people are willing to admit they would have been rich by now if they had profited by their mistakes.

Some Muleshoe men get excited when business is bad; others when their cars won't run.

The Muleshoe man is interested in putting his money into a going concern should first be sure which way it is going.

A calendar reader that would really be popular in Muleshoe would be one providing four or five pay days in each month, and doubling federal relief.

We have now reached the time of year when the sun wilts nearly every Bailey county citizen's desire to be a farmer. Only the paper farmers in Muleshoe are still clinging to go.

We've discovered there are some Muleshoe wives still in love with their husbands they can't bear to be away from them unless they leave their cars at home.

The best way for Muleshoe people to climb higher in the world is to stay on the level.

#### SNAP SHOTS

The recent blow-off of Mt. Vesuvius may have been caused by one of Mussolini's explosive speeches.

Talk isn't cheap any more. It is said Huay Long's recent filibuster cost the country \$5,000.

If the world is going to the dogs, as is said by some, let the dogs do the worrying. We refuse to become excited.

Bankers burdened with idle money might revive the idea that \$40 land is good security for a \$200 loan. What's the difference? The government has探了 insured.

Ten thousand critics can point out the winner's mistakes and faults and dumbness. They are the ones who lost lots of recreation but no results.

After all, the capital most marriage these days have are the bonds of matrimony.

The best thing about the average popular song is that it doesn't remain popular very long.

Newspaper reports are to the effect that recently a "Use-No-Slang" week was put in force at one of our colleges—and the result was that none of the students could make themselves understood.

Many a man gives himself away, but the trouble is such chaps find no body wants them.

Age brings wisdom, but never yet has it changed a young halfwit into anything else but an old halfwit.

Japan Volcanic

Japan lies on volcanic soil and has extensive mountain chains, so that about one-third of its area can be broken under cultivation.

Some women are too loquacious. That's one reason they fail to inspire confidence.

—Some business men boast too much of values. That's one reason their prices are less convincing.

—Some newspapers are published too frequently, and the reason they have such wide readership.

—Some preachers preach too often. Less vocal utterances would be more appreciated—and more enlightening.

—Some citizens in club and lodge meetings rise to their feet too often. Less upright lengthening of their anatomies might protect them from the dangers of sudden arches.

—Some women are too loquacious. That's one reason they fail to inspire confidence.

—Some church members pride too much of morals. That's one reason their true Christianity is questioned.

—Some statesmen are too bold. They get branded as skilled politicians because apparently they are so patriotic; their political acts are not readily diagnosed by the populace.

—Some... but why differentiate or designate further? Democracy continues to be a virtue and silence is sometimes still golden.

Eat Alligator Tail

Colored persons in the South look upon alligator tail as one of the best foods.

## Veterans Of The Confederacy Now Organize Camps

Amarillo, July 22.—Organization of Sons of Confederate Veterans camp in cities throughout the Panhandle Plains region to assist in welcoming and entertaining the survivors of those who followed the "Stars and Bars" during their reunion in Amarillo, September 3 to 6 is now in progress.

Sons, grandsons and great grandsons of Confederate Veterans are eligible for membership in this internationally known organization. Those eligible can either join the Palmons-Shelby Camp at Amarillo, or form a camp in each of the cities in the Panhandle-Plains.

Plainview is one of the first cities to begin organization of a local camp.

## Don't Sleep On Left Side—Affects Heart

If stomach GAS prevents sleeping on right side try Adierka. One dose brings out poisons and relieves gas pressing on heart so you sleep soundly all night. Western Drug Co.

several citizens there having recently invited Mr. Clinton to assist in that detail. Pampa, Lubbock, Dalhart and Canyon are among other cities preparing for organization work.

Dues are \$5.00 the first year and \$1.00 each year thereafter. Practically all funds are derived from this source to be used in housing and feeding the veterans and widows of veterans of the Confederate reunion. Practically all funds are derived from this source to be used in housing and feeding the veterans and widows of veterans during the forthcoming reunion.

The Panhandle-Plains section is receiving international publicity in connection with the reunion. Between the 20th and 22nd, 1,000 visitors are expected to attend this final reunion of those who wore the gray. National news feature services are calling for stories and photographs. Later these organizations will send staff representatives here.

The fact that President Franklin D. Roosevelt has promised to address the reunion is expected to swell the attendance by several thousand. Many city and state units throughout the South have chartered special trains to represent here.

The fact that President Franklin D.

## Peaches In New Dresses

IT'S a peach of a dish. You can say this truthfully about many peach combinations. There's ham, for instance. A lot of difference, you'll say, between a ham and peach combination. And there's a minute, and you'll have something. Whether you're enthralled on the Kentucky or the Virginia peach, it's time to make a ham-hock one, basting it with canned peach juices, crusting it with brown sugar and dotting it with cloves. This is the kind of peach combination of baking add the halves of canned peaches for garnish! Here are other excellent peach combinations.

### Peach Dishes For Spring!

**Peach Toast:** Beat one egg slightly, add three fourths cup milk, two teaspoons sugar and one slice of bread in this milk and sauté a golden brown in butter. Dip eight canned peach halves in flour and also sauté golden brown in butter. Place one half peach on each slice of toast and pour over the following sauce.

**Saucer:** Mix one tablespoon of butter, add one tablespoon of flour and stir smooth. Add one cup of peach syrup slowly, stirring constantly until smooth and thick. Season with cinnamon and pour over the peach toast. Serve hot.

**Peach Meringue:** Cut stale sponge cake in rounds with a cookie-cutter. Sprinkle each round with juice from maraschino cherries. Make a meringue, using three spoonfuls of powdered sugar to each egg white. Pipe this over the peaches. Bake in a very slow oven until the meringue is done. It will take about fifteen minutes in a 300 degree oven.\*

## They Call Them "Cots"

CANNERS call them "cots," but they are not cots to sleep on, but apricots to charm you with their delicious taste. They began their career as cathers back in ancient days in Asia, and they were not introduced into Europe until the time of Alexander the Great.

Out in California, apricots are a most important crop. The fresh apricot season starts about the middle of June and continues eight weeks. Only a small part of the apricot crop, however, is marketed fresh. The fruit is of such delicate texture that it is not well shipment well. Fortunately, however, canners take over a large part of the "cots" when they are nicely sun-ripened, and store away the goodness in safe form for travel.

### Fresh Fruit Flavor

Housewives who used to depend on dried apricots for their knowledge of this delicious fruit are using the fresh apricot in the canned "cots" because of their delicious fresh-fruit flavor, and because more and more ways are coming along to satisfy the demands for their use.

**Apricot Orange Souffle:** Beat two eggs whites very stiff, having them ice cold. Add one tablespoon confectioner's sugar. Have the cots very cold, drain and mash the fruit with a fork. Add two tablespoons lemon juice, then add the apricot pulp and fold into the egg whites. Pile lightly in individual dishes. Sprinkle liberally with canned coconut and serve at once. This serves six persons.\*

## National Cherry Queen

TRAVERSE CITY, Mich.—Miss Genevieve Paper, (above), Queen of the National Cherry Festival this month, is home from Washington where she went to present a fifty-pound cherry pie to President Roosevelt.

## Circleback News

"When 100 are present with the men or vice learned for two Sundays in succession we will have a picnic," said our Sunday school superintendent last Saturday. "We will have a picnic and wants to make our Sunday school bigger and better, take notice."

Mrs. Nancy (grandma) Garner went to Chillicothe last week to visit her daughter, Mrs. Jim Armstrong. She accompanied Mr. and Mrs. Winfield Young, of Longview that far on their trip to Georgia.

Dewey Perkins and two sons of Dallas, George and Vikings, of Waukesha, are visiting their parents, Mr. and Mrs. J. E. Perkins of this place.

Mrs. Bozarth is visiting Mr. Cox's sister at Hale Center.

Charles McNabb has been brought back from a Lubbock sanitarium. The Woodmen in this place, as well as others, have helped him with his crop. Yancey Walker, of Mitchell Co., is visiting his son, W. H. Walker.

Mr. and Mrs. Martin Walker and son, James Hubert, are visiting his parents, Mr. and Mrs. W. H. Walker.

Mr. and Mrs. Vess Garner and children and Mr. and Mrs. Lee Cagle went to New Mexico Saturday. They will visit the Hondo valley and other places.

Mr. and Mrs. Walter Damron, accompanied by Mr. and Mrs. Eddie Mitchell, went to Oklahoma last Thursday. They will visit relatives and friends.

**H. D. Club News**

Miss Alma Stewart met with the Circle Workers Thursday, July 18. She demonstrated a new model pressure cooker, also gave a talk on canning for the country.

Plans were made for a club picnic to be held in the sand hills August 6.

Everyone is asked to bring a picnic lunch with tea ready prepared and sugar. Ice will be furnished. Be sure to get to the usual picnic grounds by six o'clock p. m., so we can spread supper early. Everyone is invited to come and bring a friend.

Mr. Eddie Garner and Mrs. Lee Cagle were appointed on the recreation committee to fill vacancies.

There will be no business meeting in August unless it is a called one.

## Progress News

"The farmers are all smiles over the good rain that fell Sunday and Sunday night. The crops are fine, and this rain assures a bountiful grain crop."

Rev Geo Fort, and wife, of Muleshoe spent Saturday night in the home of Mr and Mrs. Tom Rodney Rev Fort preached here at the eleven o'clock hour Sunday.

The School school now being held here is well attended and will continue through this week.

Mr and Mrs Dave Stovall visited in New Mexico, Sunday.

## A Big-Capacity, Fast-Working Two-Row Power Corn Binder

**McCORMICK-DEERING**

HERE is the machine for the farmer with a large acreage of corn—the McCormick-Deering Two-Row Power-Operated Corn Binder. It cuts two rows every trip across the field—its capacity is 20 to 25 acres a day. Driven from the power take-off of a McCormick-Deering Tractor, uniform and constant operating speed is assured regardless of slippery ground or heavy crop conditions.

The design of the gatherers permits raising and gathering any down or leaning stalks—shields provide smooth passage and prevent the ears from being knocked off. Three sets of lifter chains insure proper handling of tall or short corn.

This power binder is built in two types—for tall and average length corn, and for small and short varieties. Ask us about it.

A NEW DEAL IN MODERN COOKING

With the application of our ultimate rate for residential service many can cook for 3c per day.

### What You Get

- The realization of your desire to use a modern Waldorf Electric Range.
- In a price range of \$74.50 to \$99.50 installed. Terms as low as \$4.50 down and \$2.65 per month on your service bill.
- The Waldorf cooks the food, not the cook. The oven keeps so cool you can place your hand on top. And no waves of heat surge round utensils, making the kitchen hot.

### How You Get It

Call at our local display office and it will be our pleasure to inform you fully of the many advantages to modern electric cooking.

**TEXAS UTILITIES COMPANY**

**Amarillo Tri-State Fair Is Sept. 13-21 Gives \$15,000 Cash**

Amarillo, July 22.—Cataloge for the Tri-State fair here September 13-21, letting more than \$15,000 in cash premiums, are available now.

Copies will be furnished upon request of O. L. "Ted" Taylor, secretary-manager. The catalogues set forth all the entry rules.

This year the Tri-State fair will be the largest exposition in Texas, and complete every department.

Racing, skating and better entries than ever, again will be the feature attraction, but there will be plenty of other amusement, including Beckmann and Gerety, largest mid-way shows in the United States. These "world's best shows" will come direct from Detroit, Michigan.

Concessions already are applying for space at the 1935 fair, which in recent years has developed into an elaborate show window of the Southwest, daily attracting thousands upon thousands of men, women and children through its free gates from several states.

Wilbur C. Hawk, president of the fair association, said the coming fair throughout the tri-state territory probably would be held during the week just preceding the exposition here.

"These will provide elimination contests so only the best of exhibits will be concentrated for the Tri-State fair," he said.

The fall racing meet of the Tri-State fair will begin October 13, the fair proper will open Monday, October 16, and continue throughout including Saturday, September 28.

**COTTON MEASUREMENTS START**

At a meeting of the County Cotton Committee held last week it was decided to begin the measuring of land this week. It is said all compliance papers have been received by the committee.

The committee requires that land tendered the government to be retired must first be staked off by the owner or same before the committee will begin measurements.

**State Cotton Values Jump Big Over 1934 Says A. & M. Report**

College Station, July 22.—The cotton income of Texas farmers in 1934, one of the smallest crop years in history, was almost half again as large as in 1932 before the adjustment program was started, according to completed official county and three-year cotton figures just received by Texas A & M College Extension Service from the Agricultural Adjustment Administration.

Cotton value in Texas for last year, not including benefit payments, was more than \$32,000,000 larger than in 1932. Benefit payments designed to bring cotton prices more nearly in line with industrial prices in normal years acted as farmers' crop insurance last year by adding \$34,332,000 to the cotton income. This does not include about \$90,000 worth of unsold bank-head certificates in farmers' hands.

Concessions already are applying for space at the 1935 fair, which in recent years has developed into an elaborate show window of the Southwest, daily attracting thousands upon thousands of men, women and children through its free gates from several states.

Wilbur C. Hawk, president of the fair association, said the coming fair throughout the tri-state territory probably would be held during the week just preceding the exposition here.

"These will provide elimination contests so only the best of exhibits will be concentrated for the Tri-State fair," he said.

The fall racing meet of the Tri-State fair will begin October 13, the fair proper will open Monday, October 16, and continue throughout including Saturday, September 28.

**EQUALIZATION BOARD MEETS**

The Muleshoe Tax Equalization board will meet Friday of this week for the purpose of going over the tax rolls of the city, Albert Isaacs, city clerk, having finished the assessing this week.

L. Alsup, Howard Carlyle and Good Hartman constitute the board. Another meeting will also be held when citizens will be given opportunity of appearing to adjust any differences existing in renditions.

**MALONE INFANT DIES**

Last Tuesday morning at two-thirty o'clock the 10 day old infant son, named Dennis Ray, of Mr. and Mrs. Elton Malone died at their home north of Muleshoe.

Funeral services were held Tuesday afternoon at the local cemetery. Rev. J. L. Pickens, Methodist pastor of the Y L church conducted the services.

**BUCY LINDSLEY**

A marriage license was issued in Muleshoe, Saturday at the court house by County Clerk, J. B. Fairview to Miss Pearl Bucy, of the Fairview community and George Lindsley, of the Progress community.

The couple was married Sunday afternoon at six o'clock by the Rev. G. R. Ford at the home of T. C. Wiseman, oil driller.

A number of relatives and friends witnessed the ceremony, after which a delicious wedding supper was served to all present.

**HOW TIMES CHANGE**

Twenty-five years ago you couldn't persuade a woman to go fishing. They said it was unladylike. But time has proved the art and sport worth trying in fishing relaxation, contentment and fascination. Women anglers are growing more numerous every year, too.

Last year of all fishing license issued in Michigan, 35 percent of them went to women. In Wyoming the sport was 80 percent males and 20 percent females. Five states have recognized women anglers by appointment and more are expected. Two states have set aside streams for the exclusive use of women anglers. And why not?

There is no more fascinating and inexpensive outdoor exercise and nothing that gives more thrills. Fishing is anybody and everybody's sport and the fair sex is still better now that the fair sex is adding a little more dignity to it.

**FREIGHT RATES ARE DOWN**

The Interstate Commerce Commission, Washington, last Monday ordered a continuation of reduced freight rates on livestock from certain areas in Kansas, New Mexico, Oklahoma and Missouri.

Counties in the area of Texas affected are Cochran, Bailey, Castro, Deaf Smith, Hale, Hockley, Lamb, Lubbock, Orlif, Parmer and Swisher.

We had light showers Saturday and Sunday afternoons that were needed. Mr. and Mrs. J. A. Johnson and Baker Johnson, Mrs. Louis Ponders, Mrs. Client Everett and Miss Maurine Tarleton attended to business in Muleshoe, Saturday.

Miss Irene Beatty and Clarence Beatty, of Portales, N. M., visited relatives and friends here over the weekend.

Mr. and Mrs. Claude Ferguson and family visited in Muleshoe, Tuesday. O. C. King and son, Dargin, Mr. L. D. Sanderson and son, L. D., Jr., attended to business in Littlefield, Monday.

Mr. and Mrs. Ira D. Sexton and family of Maple, visited Mrs. Sexton's parents, Mr. and Mrs. F. H. Woods, Sunday.

The Sunshine club sponsored a skating rink Saturday night and raised money to send two delegates to A & M Short Course.

Mr. and Mrs. Alvie Rackley visited here, Mr. and Mrs. Rackley and family, at Maple, Saturday.

The Sunshine club met Wednesday July 17 with Mrs. J. P. Tarleton, Miss Alma Stewart met with us and demonstrated the use of canning equipment. There were 18 old members and one new member present. —Reporter.

**RIVER FLOWS UPHILL**

It has been figured out by the United States Geological Survey that a point at sea level in the Mississippi about 13 miles farther away from the center of the earth than a sea level point at either of the earth's poles. Their calculations show the mouth of the Mississippi river to be four miles farther from the earth's center than its source. Thus, it may be seen the "Father of Waters" flows uphill. This is due to the fact that water in the river obeys the laws of gravity which cause it to run from the higher surface level at its source to the lesser one at its mouth.

"Therefore, replace the tree to lead me down a mile."

Breaking with the past demands the elimination of all remorse and the removal from our vocabulary of that obnoxious little word, "If." The money we carry into the future all that is suggested by the phrase, "It might have been." Our second wind, or the optimism of every person who casts off weights taken over from the past and permits courage, hope and perseverance to lead him on.

**Breaking With the Past**

By LEONARD A. BARRETT

Historians tell us that civilization will go forward just so far as it has gone backward.

The pendulum of a clock swings in both directions an equal distance from the center. Society may make no progress without a past out of which that progress emerges. The past, remote and inaccessible as it is, is very difficult to identify, relate to and responsible for the present. "Out of the yesterdays many and great" come both the mind and material which makes ours better. So far as society is concerned, the most important contribution the past makes to the present is experience. All else may be forgotten, but that remains. It is experience that urges us to avoid past mistakes and profit by the lessons we have learned. If this were not so progress would stand still. We become stagnant when we live mainly in the past than in the present. Living in the past means that we repeat the same mistakes, think in the same old grooves and harbor the same selfish mental attitudes toward life's value, truth and trustworthiness. We again ask, whether we start with the new day, week or year, requires a very definite breaking with the past. The song of Pippa in Browning's poem, expresses the true philosophy of progress.

More than 1,000 persons attended the Pioneers picnic held at the feature last week. A big barbecue was feature of the day. Judge R. C. Hoping, Lubbock, J. Frank Norfleet, Abilene, and Senator A. P. Duggan, Littlefield were the principal speakers.

Application has been made to the Centennial Board, Dallas, for funds with which to enlarge the museum building at Canyon. The present building was erected at a cost of \$30,000 and now has housed in it 15,000 pieces of historical and scientific material. Swisher county pioneers paid tribute to its 44th birthday anniversary Wednesday of last week. Several thousand persons attended the event and 3,000 pounds of barbecue were served the guests.

When \$250,000 Texas centennial funds were appropriated to one city, Fort Worth, last week, two members of the board resigned, and it is reported still another may do so. It is claimed the appropriated sum is unreasonable, not fair to other cities and cripples future plans.

Application has been made by the Fort Worth & Denver Railway Co. to discontinue passenger service between Plainview and Dismitt and between Slatery and Silverton, also to reduce freight train service to three times a week each way. Chas. F. Petet, secretary of the Texas Railroad commission, conducted the hearing held at Plainview.

**West Camp News**

**Grand Gets Club Quilt**

H. Q. Grand's name, Muleshoe, was chosen for the quilt which will receive the club quilt, which was given away. It is valued at \$25.00. The quilt will be left in Miss Stewart's office, and Mr. Grand will please call for it. We are to thank each one who helped in any way to raise money to send delegates to A & M Short Course.

H. W. Foster and Mrs. B. B. T are club delegates and Willie will represent the 4-H club. B. C. Dickinson and E. L. plan to attend Short C group plans driving thru Smith's car.

We are happy over rain, which fell Monday. Mr. and Mrs. Brock, Mr. and Mrs. Raymond Slatery, Mr. and Mrs. W. C. Slatery, the B. Walker home, Anna Little Dora Ann Waller, been visiting with her grandparent last few weeks, returned home with father to Ft. Sumner, N. M., Sunday afternoon.

There were several visitors from Progress here Saturday night. The Singing school is progressing nicely.

Claire Mae and Woodrow Copeland, Addie Lee and Sam Lindsey, Pauline Chaney and Elton Schenck have been taking special voice training from Mr. Garrison, one of the music instructors.

Mr. and Mrs. Holley Yarbrough and son, Barrie, and daughter, Oma Gene, left Monday for Las Cruces, N. M. and other points for a week's vacation.

Travis Harald, Mr. and Mrs. D. B. Knight were visitors in the L. C. Gurley home, Sunday.

Earl Daniels and Clarence Knowles went to Rotan last week and brought back two truck loads of Alberta peaches. They say peaches are getting scarce in the east.

Mrs. H. W. Foster, Miss Velma Shreff and Wm. Smith attended the Council meeting in Muleshoe, Saturday afternoon.—Reporter.

People run in debt but crawl out.

**General News Over Texas And Adjoining States For The Week**

Texas is to be allotted \$5,490,000 WPA funds for building of armories for national guards in this state. Harry Hopkins, Washington announces.

For the second time in the past two weeks the State of New Mexico last week closed and balanced her books with all accounts paid and money left in the treasury.

Approval of approximately \$15,000,000 grant and allotment for the Lower Colorado dam has been received at Ft. Worth. Work, it is said, will be immediately begun.

Ed Bishop, for nearly five years secretary of the chamber of commerce at Dallhart, has accepted the same position at Plainview, succeeding Grady Shippe who went to Sweetwater about a month ago.

A recreation park having a 100 acre lake has been officially approved for location in Ochiltree county, near Perryton. It will be located on Wolf creek, \$250,000 being expended for its improvement.

Five hundred teachers will be assigned to the Adult Education Teacher Training course for Federal Emergency Relief Administrations teachers of adults to be given at Tech college, Lubbock, August 2 to 30.

Old time days were revived last week when 2,000 head of cattle were driven from the Brundt Morrison ranch, 27 miles north of Pampa, 225 miles for better pasture in northern New Mexico.

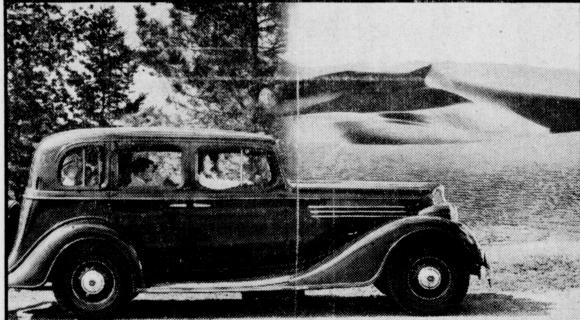

More than 1,000 persons attended the Pioneers picnic held at the feature last week. A big barbecue was feature of the day. Judge R. C. Hoping, Lubbock, J. Frank Norfleet, Abilene, and Senator A. P. Duggan, Littlefield were the principal speakers.

Application has been made to the Centennial Board, Dallas, for funds with which to enlarge the museum building at Canyon. The present building was erected at a cost of \$30,000 and now has housed in it 15,000 pieces of historical and scientific material.

Chas. F. Petet, secretary of the Texas Railroad commission, conducted the hearing held at Plainview.

**Protect your motor with Germ Processed Oil!**

**2 to 4 times greater film strength than plain mineral oil—even at motor heats of 225 to 425 degrees**

**BREEZES** may cool you off as you drive, but your motor runs at terrific heats—from 225° in the crankcase to 425° in the cylinders.

To protect your motor, your oil must have extra film strength and maintain it at these high temperatures. Otherwise, the lubricating film ruptures and the bearings and cylinders suffer damaging wear.

Plain mineral oils have little film strength and oils over-refined by the new cleansing methods have even less. Moreover, these oils rapidly lose film strength as motor heat goes up.

You can protect your motor far better with Conoco Germ Processed Motor Oil, for tests

on the Timken Machine prove that at high motor temperatures it has 2 to 4 times greater film strength than any plain mineral oil!

**More proof**—supervised road tests were made in identical cars fitted with the new alloy metal bearings used in many 1935 cars. The bearings lubricated with a high-quality plain mineral oil showed 45% more wear than those lubricated with Conoco Germ Processed, the first alloyed oil.

Say "O. K.—Drain"—fill with Germ Processed Oil. Drive far—drive fast—without a worry!

**What's Happening In Washington And Other Cities Of Importance**

The United States Circuit Court of Appeals, New Orleans, has declared the Tennessee Valley Authority Act unconstitutional.

A sharp reduction in the present passenger rates of 3¢ cents per mile has been recommended by the Interstate Commerce Commission.

An announcement was made last week from Washington that the public debt has now reached past the \$29,000,000,000 mark.

Grasshoppers won't eat Ceres wheat for some unknown reason, so North Dakota farmers are planting that variety.

The federal government announces that 85,354 additional recruits have been enrolled for CCC camps, 1,151 of them from Texas, bringing the total enrollment up to 404,000.

Notwithstanding the high court decision that the AAA is unconstitutional it has been announced it will continue to function until a Supreme Court decision is obtained.

Mrs. Edmund G. Smith, eastern socialite and heiress to a South American coffee fortune, recently appeared in a Los Angeles cafe wearing jewels valued at \$1,500,000.

Emperor Haile Selassie, Ethiopia has called on all subjects to follow him into exile, saying it is better to die free than to live without liberty. Italian troops are said to be making ready for an attack on that country soon.

A chartered training school for nurses is conducted in connection with the sanitarium.

The president of Mexico has ordered all gambling houses closed in that country. Even Agua Caliente observed a quiet last Sunday, the first in many years.

It is estimated the number of office relief workers thrown out of jobs because of the Supreme court decision killing the NRA will total 20,000 people.

The House labor committee of Congress has approved a bill to establish a 30 hour work and to prevent child labor in industries sending products into interstate commerce.

More than 100 masked men hanged Rubin Stearns, a man at Fort Lauderdale, Florida, Friday of last week. He was accused of assaulting Mrs. J. L. Jones, 30, mother of three children. He was being transferred to a place of safety when taken from the officers.

The California Bee Association is advocating the appointment of a public defender as well as a prosecutor in criminal cases as a means of lessening its case. It is declared too many criminal lawyers employed to defend frame their cases for favorable results because of their fees and functions of safety are often defeated.

Farm, cattle and leather interests represented in Washington last Friday protested the government's purchase of 375,000 pairs of rubber sole shoes for boys of the CCC camps when the government had 2,000,000 hides it does not know what to do with. It was stated that at least 90,000 of these hides should be made into shoes.

Stating that Congress would probably remain in session until November 1, Senator Borah last Saturday intimated promise of five billion dollars inflationary funds being ordered also said the Patman soldier bonus bill and the Frazer-Lempke bill would probably be tacked on to amendments to some important "must" bill for passage.

**Joyland Jottings**

Miss Anna Nettles, who has been spending a few days with her sister in Woodward, returned home this week.

Mr. and Mrs. D. S. Provence are the proud parents of a boy born July 9.

Mr. Hanner and family, from Beck community, visited in the home of their daughter, Mrs. R. D. Gatewood, Sunday.

Mr. and Mrs. Homer Doty and family returned Monday from a visit in Oklahoma.

A nice rain fell in Fairview community Monday afternoon.

**H. D. Club Meet**

The Joyland home demonstration club met July 19 at Mrs. Simmons'. There were seven members and two visitors present. Miss Alma Stewart met with us. She gave some very interesting information about showing women how to seal cans. There were nine booklets given to each woman, telling how to can and giving recipes.

Miss Stewart also gave a talk on using pressure cookers. She will meet again with us in September, and we will can some products. We will meet August 2 at Mrs. Roy Scrimshaper's.

**Watson News Items**

There was a nice crowd out to Sunday school and church Sunday. Rev. Clyde Coffman held his regular appointment. The Baptist revival will begin Friday night, July 26. We wish to take this opportunity to invite and urge every one to come and help us. Rev. Bass, of Sudan, will do the preaching.

We are very sorry to report that little Billie June Fine cut her leg very badly on a sharp rock last Friday. She has been taken to Lubbock for treatment. We hope she will soon be walking again.

Jane Key is still in Littlefield taking treatments. We hope she will soon be able to walk again.

Mr. and Mrs. Arval Standford, Mrs. A. W. Stanford and little son Junior, of Dora, N. M., spent Saturday night and Sunday with Mr. and Mrs. J. V. Lemons and family.

Mr. and Mrs. Harry Tom Clark and Bob Sander visited in Lubbock the first part of last week.

The Watson school board will meet Monday night to contract for bus drivers.—Reporter.

**SISTERS UNDER THE SKIN**

Primitive ways of the Indian maidens of old differed but little from those of their white sisters of today. Arapaho girls kept a good supply of "sweet-smelling" leaves on hand for their garments and perfume made from weed seeds for their hair. Instead of a tiny compact the Arapaho damsels carried a toilet case made of animal hide which kept the leaves, powder and perfume together with a leather, a porcupine-tail brush, earrings and other jewelry. Indian mothers taught their daughters proper deportment and warned them to pay no attention to flirtations young braves who sought to attract their attention by mirror flashing, etc.

**WASHINGTON OFFICIALS IN A HURDLE, SILENTLY DISCUSS PRO-CESS TAX COMMISSION DECISIONS**

(Continued from Page One)

against its enforcement.

His ruling came on a plea for injunction filed by Dr. C. Wallace, Ginner, a cotton ginner, who sued on behalf of himself and all other cotton ginners of Texas and the Texas Cotton Ginners' Association.

"Owing to the unusual and extraordinary circumstances present in this case, I think that an injunction should issue upon the giving of proper security," Judge Bryan said.

It is a very thinly disguised attempt to regulate the production of cotton under the pretext of the exercise of the taxing power of the National Government. This power, if it exists at all, is not committed to the National Government under the terms of the Constitution of the United States, but is expressly reserved to the States."

Provisions of the Agricultural Adjustment Act as based for price-fixing and licensing of shippers of fruit, were held unconstitutional by Federal Judge T. M. Kennerly in denying Secretary of Agriculture Wallace an injunction to restrain the Rio Valley Fruit and Vegetable Company from shipping grapefruit and oranges out of the valley.

The suit was brought by the Secretary of Agriculture against Edward R. Smith, A. C. Chestnut and J. E. Berry, individually and doing business as the Rio Valley Fruit and Vegetable Company.

Judge Kennerly cited the Schechter (skid chicken) case as an authority in point. In that case the Supreme Court ruled certain provisions of the NRA were unconstitutional.

**The Political Effect**

The question whether struggle over constitutional issues may not overshadow all others as the nation plunges into the 1936 campaign is being ardently discussed now. Most officials and those in Congress seem disinclined to comment on the political decisions, pending further study of such opinions. President Roosevelt has made little or no comment. Clearly he is doing some serious but silent thinking.

Coming as these decisions did at a time when the administration is under attack as hostile to the Constitution, intensification of that bombardment is expected to be the result. Just when and to whom President is going to meet such conditions and attending criticism is still conjectural.

**Preparation for war is a constant stimulus to suspicion and ill-will.—James Monroe.**

**NEW BULA H. D. MEET**

A vegetable salad demonstration given by Mrs. Vanheit at her home July 17, won the appetites of 16 club members. Twenty-three dollars was reported received from the club quilt, which was given away July 14 at Bula. We were glad to have two visitors from the Old Bula club.

The next meeting will be at the home of Mrs. Alexander, August 21. Reporter.

**The Earthquake**  
An earthquake is a shaking or trembling of the earth's surface, due chiefly to the faulting of the rocks, but also to volcanic explosions, and perhaps to other subterranean disturbances.

**Longview News**

A large crowd attended Sunday school Sunday morning. Rev. Bates who has just returned from Seymour filled his regular appointment, and will conduct a revival here beginning Sunday night, July 22. Rev. Jackson and wife will render special songs. Everyone is invited to come and take part.

Elmer Hawkins, who has been in a Lubbock sanitarium for treatment, was brought home last week. His mother, Mrs. E. T. Hawkins of Grandfield, Okla., has come out to be with him a few days.

The club will meet this week with Mrs. Cooper. Our salad demonstration will demonstrate salad making. We are expecting visitors from the Stegall club.

Mrs. Alton Epting is expected to return home this week from Amarillo, Conway and other points in Texas, where she has been visiting friends and relatives.

Mr. and Mrs. James Jackson from Amarillo, Tex., are visiting Elmer Hawkins and family this week.

The crops are looking fine and almost everyone has their wheat cut and are planting late feed on the wheat land.

We are having quite a time getting our delegates selected to go to Short Course. Mrs. Winifred Young was selected. In the last few weeks Supreme Court ruled certain provisions of the NRA were unconstitutional.

**The Political Effect**
