Accomplishing "the impossible" in a cigarette!

It is years back since smokers have heard of any NEW quality in a cigarette.

But here, at last, is a cigarette that does what smokers would never have believed a cigarette could do.

Here's a cigarette that satisfies—Chesterfields.

Chesterfields touch the "smoke-spot." Chesterfields let you know you're smoking. Chesterfields -and Chesterfields only-SATISFY!

It's all in the blend--a blend of the finest selections of Turkish and Domestic tobaccos. And the formula for this blend is the manufacturer's secret. Unlike a patent, it cannot be copied or even closely imitated.

Light up a Chesterfield, some time today, and see how promptly your smoke-sense will put the O. K. on "satisfy."

DEVIL'S RIVER NEWS. PURLISHED WAEKLY. MIKE MURPHY. Proprietor.

FUBSCRIPTION \$2 A YEAR IN A. VANCE

Soura, Texas. . July 19 1916.

The veterans used to be gray haired -faces deeply marked, somewhat stoop shouldered, one empty sleeve or one pinned-up, empty trousers leg. Their deeds are already in our school

But there is a new generation of veterans today. Young fellows, nearly every one of them. Not stoop shouldered; very chesty indeed and with good cause. Not yet long enough returned from the battles to have held an annual reunion. But veterans nevertheless. Saviors of their country. Saviors of the world.

And there is a still newer generation of veterans coming upon the great world stage. These have not been to war. They may never go to war. And because of them—in part at least the world itself may never know war

These newer veterans are the young fellows who have been five years in the boy scout movement. They are first-class scouts. They have taken upon themselves the scout obligations for life. They have registered with local scout authorities for service to the community in any emergency.

Scouting principles imbedded in boy's nature will continue to operate in his life whether or not he wears the uniform and the badge. But in order that the movement shall affect the quality of citizenship of the whole nation most effectively, scouting prin ciples should continue to operate through every scout in the active, posttive form which the veteran scout em bodies in his allegiance.

A SCOUT PARADISE.

I know of a wonderful spot for a camp

we row; and the swimming is fine in the summer sunshine, and at evening the campfire aglow.

There's a joily old lodge with a joffy old
crane a-swing in the old fire-place,
And a joily old chef with a joily old smile
on the front of his joily old face.

There we pitch our tents with a speed
that's immense and we smooth out
our bunks with delight;
In the blankets we crawl and somewhere
we fall, to the tune of the sweet
sounds of night.

Why not join in our song as we ramble
along, and gather your troop on the , and at evening the camp-

alons, and gather your troop on the

You will hit up scout's pace when you get near the place, and he ready for work or for play.

SCOUTS BOOSTED IN BOSTON.

A letter to the Boston Transcript, signed among others by Charles W. Eliot and A. Lawrence Lowell, says in

We are entering an era of readjustments in wages and prices. In many cases lack of employment and clashes of opinion between employers and em-ployees will be inevitable. Unless we adopt every reasonable means to promote right understanding and good feeling between our various groupsunless we keep to the front the importance of hearty co-operation-much hard feeling is sure to be generated, and we need only read the newspapers to be warned of the possible results,

We cannot expect a complete safeguard against this danger, but the public is coming to recognize that the boy scout movement gives considerable protection, because it promotes mutual understanding and good feeling.

BOHEMIAN BOY SCOUTS.

Scouts in Prague sounds like the real thing in scouting. A letter from

"Bohemia's boy scouts of the First Scout troop at Prague in the Czecho-Slovakian republic send greetings to their brother scouts in America. "Members of this troop are river scouts; 'all round' sportsmen who row,

yacht, canoe, tramp, swim, etc. In

winter they skate and ski, and go

camping with sledge and ski. "The troop has four canoes, two rowing boats, two sailing yachts and a motorboat, their houseboat, a ship 18 feet long with club rooms in the middle for 20 to 30 boys. The ship lies at anchor in Prague."

SCOUTING ALIVE AT COLLEGE.

The University of Pittsburgh has adopted scouting with enthusiasm, says Chancellor S. B. McCormick, Ten faculty members are instructing in scouting subjects, and courses in camp cookery and the duties of scoutmasters have been started.

SOLDIER THANKS BOY SCOUT.

Scout Harry W. Lyons of Milford, Mass., is justly proud of a letter received from a soldier in the army of occupation. The doughboy had read of the scout's splendid work in selling War Savings stamps and was moved to

"Here's the hand of a soldier for other month and spend a week or your earnest work in keeping me fed, clothed and equipped. I have done my more best, and you have done as much if not more than L"

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N.C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardul. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

The Woman's Tonic

She writes further: "I

am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, rundown and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Speil. Give Cardui a trial.

ELIUATED IN EDWARDS COUNTY, T. XAS. DOZS THINGS DIFFERENT.

STUDY OUR PLAN A careful study of the Devil's River Oil & Gas Company's

plan will convince the close student of investments that we are offering the BEST inducement in the Oil fields. Oil production in Texas fades the total gold production of Alaska in its best days into insignificance. Alaska's best production of gold was only \$15,000,000.00, while Texas is producing about \$150,000,000.00 worth of oil. The production is increasing so rapidly that it is conservatively estimated that the output will be close to \$300,000, 000,00 in 1920.

NOW is the time to get in the oil business in order to reap the early harvest. With 600 acres of oil lands to draw from, we anticipate making big profits on our most liberal p'an, PROFITS that will make fast friends for our company in future enterprises which we have in mind when The Company's present plans are in operation.

DO NOT DELAY your subscriptions. There is nothing to gain and MUCH to lose by deferring until some future date. NOW is the time to INVEST, and OUR company is the ONE to be in, for it gives you the biggest run for your money in the race for MILLIONS. Firl in the subscription blanks NOW and sail in the good ship PROSPERITY.
