

Have You Been—Or Are You Going?

If you have returned from your vacation trip, why not bring your car up and have it thoroughly lubricated, brakes and lights adjusted and have it time to run thru until your Fall check-up?—or

If you are going, why not let us cover you with insurance against vacation troubles. A weak battery cable may strand you in an embarrassing place. A check-up now will reveal and correct many little things that could develop and give you lots of difficulty—safety first, and more pleasure to you!

BAPTISTS TRAINING SCHOOL
W. J. Lites, of Dallas, state Sunday school executive of the Baptist denom-

ination, is here this week conducting a training school for Sunday school officers and teachers at the Baptist church.

The book offered for study, "Building a Standard Sunday School," is one of four required for attainment of a Sunday school teachers' diploma under new regulations.

Attendance is good, according to reports from the school, members of other denominations finding the study profitable in their work.

SAVE MONEY ON Gasoline and Lube Oils

By buying only the best, Conoco products are no higher in price; but they do go much farther than some other similar products not nearly so good.

When you buy Conoco you are assured the very best Gasoline and Lubricating Oil that money can buy—plus a very courteous service and sincere appreciation for your patronage.

Let it be our pleasure to serve you, and it will be your pleasure to return.

R. L. BROOKS SERVICE STATION On State Highway No. 7, Muleshoe

Circleback News

Circleback school will be allowed to teach through the 8th and 9th grades in high school, according to reports from Mr. Gilreath, president of school board, a splendid gymnasium is being planned for the school. The opening day has not yet been set. Last week's report of the opening day was a mistake.

Sunday school attendance has not been up to the record set yet. Many have been attending protracted meetings in the surrounding communities and some have been on their vacation trips. It is to be hoped we can all get back to Sunday school next Sunday.

The Home Demonstration club sponsored a picnic at the sandhills Friday evening August 9. About 75 were present.

Camden Question

CAMDEN, N. J. . . . Mrs. Mary Kobus (above), Commissioner of Public Safety, is in complete charge of police and fire departments here. The question for cops and firemen is, "whether to make or tip their hats?"

ent. A regular picnic lunch was served with ice tea as a beverage. Everyone enjoyed the outing.

Mesdames Burl Rogers and Cecil Robinson report a very busy time on their A & M trip. They will give us a report as well as some demonstrations soon. At least they can tell us what the other part of the world looks like as they went out of the United States.

Mrs. Lewis Fielder and children of Gunter, returned with her father, John Cox, last week for a visit.

Mr. and Mrs. Berg Tucker and Mr. and Mrs. Wilson and daughter visited in the Cox home last Sunday.

Mr. and Mrs. Charles McNabb have returned to their home here, after an absence of two weeks.

Mrs. Hattie Woods and baby visited her father, Henry Darnon, last week. Several people forgot the drawing at G. O. Sharron's last first Monday.

Not many were present and several drawings had to be made.

Another rain came to bless this community Monday p. m. Crops are looking splendid.—Reporter.

CONTRACTS 8,000 CANS OF PEAS

Mrs. E. W. Miller, wife of a farmer living in the Sand Hill community, Floyd county, last week closed a contract with A. & M. college for 8,000 cans of black eye peas.

She began canning them the middle of this week, and expects to make full delivery of all No. 3 cans by October 15.

The peas are being produced on a six acre irrigated tract of her farm.

TELLS HOW BANKS AIDED PROGRESS

Economist Describes the Ways Banking Institutions Have Contributed to Development of United States

OMAHA, Neb.—Privately owned banking, despite its faults, has served America well, William A. Irwin, Professor of Economics, Washburn College, Topeka, Kansas, declared in a recent address here on "Banking in a Changing World."

"Under the leadership of individuals banking has helped to bring this country to a foremost place in economic development among the nations of the world," he said. "The small community has been developed by the individual bank. The frontiers of America have been pushed forward by the help and counsel of the individual banker. The shocks of wars and depressions in a century and a half have been withstood with the assistance of the individual banker."

Change May Be Necessary "It may be that we have reached a tide in the affairs of America when new methods are needed. It may be that we have come to a point where the individual should be submerged for the greatest good of the greatest number. "It may even be that complete centralization of the banking system has become an economic necessity in our complicated social life. But the banker ought to be satisfied that these things are so before he should give up his fight for the system we have known. We came to greatness under that kind of banking; we should not give it up without unmistakable proof of the absolute necessity of such a change."

The American Pattern Professor Irwin said that the proposal which has been advanced for coordinating banking operations in the national interest, under a "Supreme Council" should be submerged for the greatest good of the greatest number. "It is not wise, he said, to oppose changes as such, but that bankers should see to it that change, if and when it does come, should be typically American. It is not wise, he said, to oppose changes as such, but that bankers should see to it that change, if and when it does come, should be typically American."

BANKS AND COLLEGE LAUNCH NEW SCHOOL

Aims to Offer Studies in Advanced Banking Subjects to Bank Executives—Public Duties of Banks Stressed

NEW BRUNSWICK, N. J. — The Graduate School of Banking, an unprecedented educational project, operated under the joint auspices of the American Institute of Banking Section of the American Bankers Association and Rutgers University, with 220 enrolled students from 45 states and the District of Columbia, inaugurated here in June its first resident session.

The states represented and the number of registrants from each were as follows: Alabama, 2; Arkansas, 2; California, 2; Connecticut, 3; Delaware, 2; District of Columbia, 8; Florida, 2; Georgia, 3; Idaho, 1; Illinois, 8; Indiana, 2; Iowa, 1; Kansas, 1; Kentucky, 2; Louisiana, 3; Maryland, 1; Massachusetts, 3; Michigan, 4; Minnesota, 1; Missouri, 5; Nebraska, 1; New Jersey, 31; New York, 50; North Carolina, 8; North Dakota, 1; Ohio, 7; Oklahoma, 1; Oregon, 2; Pennsylvania, 2; Rhode Island, 1; Texas, 5; Virginia, 6; Washington, 1; West Virginia, 1; Wisconsin, 4; Wyoming, 1.

The annual resident sessions of the graduate school will be supplemented between periods by continued extension work for the students at their homes. The purpose of the school is described as being to offer in a three year course a comprehensive approach to an advanced study of the various administrative problems in banking and trust institutions. The teaching procedure is a combination of the case system and the lecture discussion method.

The Curriculum The curriculum embraces banking administrative problems and policies, bank investment problems, legal and managerial aspects of trust business, legal phases of bank administration and economic problems in the field of money and credit. The public relations and responsibilities of banks and methods for meeting these obligations are emphasized in the courses.

It is planned to set up similar schools in cooperation with other universities in various parts of the country. The school will add 200 registrants each year for two years until 600 are enrolled.

The trustees of the Educational Foundation of the American Bankers Association have set aside funds from the foundation to grant 100 loan scholarships of \$150 each to qualified applicants for attendance at the school.

West Camp News

Mr. and Mrs. M. A. Snider, son Junior and daughter, Wilma Louise, went to Hollis, Oklahoma, Friday of last week. Mr. Snider will remain indefinitely at the bedside of his father who has been seriously ill for some time.

D. B. Knight and family, Mrs. L. C. Gurley and son, L. C. Jr., Mrs. Harold Adair and son, Travis, spent last weekend at Reed, Oklahoma. They attended the birthday dinner given in honor of their mother and grandmother. Mrs. M. D. Spencer and enjoyed a family reunion. While there they met many relatives and old friends.

Mr. and Mrs. Asa Smith, Bryan Smith, Ruby and Vernon Adair, are on a pleasure trip in the mountains of New Mexico.

Ernie Hughes and son J. C. went to Hollis, Oklahoma last week. J. C. had his tonsils removed while there.

The Baptist revival will begin at West Camp, Saturday night, August 17. Everyone is urged to attend.

The H. D. club had a picnic last Thursday evening, entertaining their families. Games were played, sandwiches, ice cream and cake were served. Everyone enjoyed a jolly good time. At the business meeting Mrs. Johnnie Williams was elected as wardrobe demonstrator.—Reporter.

FATHER OF MRS. T. L. EASON DIED SATURDAY AT ROPEVILLE

J. E. Wright, 77, died Saturday, August 10, at Ropeville, funeral services being conducted the following day and interment made in the cemetery at Meadow. He was father of Mrs. T. L. Eason, this city.

Mr. Wright was born April 24, 1858 in Jefferson county, Georgia. He was a member of the Baptist church from young manhood. In 1889 he joined Eureka lodge A. F. & M. No. 371, at Springdale, and final obsequies were in charge of this order at Meadow.

December 15, 1875 he was married to Miss Mary Barrow, and to this union there were born 11 children, all but one daughter, Alma, surviving the father. Children surviving the aged parent are: Mrs. A. M. Russell, Ropeville; J. R. Wright, Gridley, Calif.; Mrs. T. L. Eason, Muleshoe; E. K. Wright, Laurel, Montana; Mrs. R. A. Brown, Poochville; J. H. Wright, Esteline; Fred C. Wright, address unknown.

Mrs. H. B. Lovelace, Poolville; Mrs. J. B. Ingentron, Huntington, Oregon; R. C. Wright, Westmoreland, Calif.; a sister residing in Georgia and a brother at Westheadford.

April 3, 1933, Mrs. J. E. Wright passed this life, they having lived together more than 57 years. December 31, the same year, he was married to Mrs. Lillie Flowers, who survives him.

COUNT JOLTS IN YOUR CAR

A joltmeter, that's the latest! Hereofore auto drivers have been interested in how many miles to the gallon of gas and oil they got; how long the tires lasted, when the battery had to be recharged, etc., but more important than all of these is how badly the rider gets jolted—how many jolts to the mile one gets. Now that mystery is revealed.

K. K. Smith, of the Valley Motor Co., has imported a little brass clock-looking outfit that sits upon the cowl of the car and registers each and every perspective jolt as the auto travels down the highway.

Of course, this mechanism is designed to show how little jolting there is in the free-wheeling Chevrolet; but incidentally, it will show how much more jolting there are in other cars, Smith says, and if any driver don't believe it he is ready to prove it to them.

YOU DON'T HAVE TO "BREAK IN" THE FORD V-8

You can drive it 50 miles an hour the day you buy it

THE FORD V-8 is ready for normal driving when you buy it. There is no tedious period of breaking-in for 500 or 1000 miles. You can drive it up to 50 miles an hour the first day. And after the first hundred miles you can drive it as fast as you desire. That means greater motoring enjoyment for every motorist. It is especially important to motorists who are thinking about a new car for a vacation trip—to physicians, salesmen and all those who use a car for business. Instead of dragging along at slow speeds for days, you can make good time from the start.

The reason for this is as important as the result. The Ford V-8 needs no breaking-in because of unusual accuracy in the manufacture of moving parts and the smoothness of bearing surfaces. Clearances are correct when you buy the car. It is not necessary to depend on a long wearing-in period to eliminate tightness and insure smooth running. Longer life, greater economy and better performance are bound to result from such precision methods. The Ford V-8 gives you fine-car construction, along with fine-car performance, comfort, safety and beauty.

FORD V-8
