Appie-SMU "Battle Of Century" on Saturday's Broadcast

The fateful eye of the Nation was turned toward Dallas Saturday when the 1939 Champion from Fayetteville, the Baylor-Texas game from Austin, by the Humble Company Saturday

Leland handling the play-by-play considerably lighter last week than the broadcast description of the game. Tune in at 2:20 p.m. to KNOW, Austin; WRR, Dallas; KTEx, Houston; KBXN, Dallas; KBHI, Houston; TOA, San Antonio.

The Aggie-SMU U. game is only one to be broadcast through Texas by the Humble Company Saturday afternoon. Company officials believe this is because the broadcast company's headquarters are in Texas, the home of the Aggies, and the Rice-Arkansas game.

The broadcast of the latter game will not be transmitted through Texas because the Rice-Arkansas game will be broadcast by another company.

The broadcast, which originated from Austin will be heard in Waco, Temple, College Station, Bryan, San Angelo, KEMP, Waco, BARON, KTVI, Bryan, KTXI, Corpus Christi.

A separate broadcast from Austin will begin at 2:20 p.m. The Humble Company has arranged for Rod Thompson to handle the play-by-play description of this game with Dave Young on color. There is not confirming, but it is thought that only over stations KEMP, Waco, BARON, KTVI, Bryan, KTXI, Corpus Christi.

The broadcast from Austin will be heard in Waco, Temple, College Station, Bryan, San Angelo, KEMP, Waco, BARON, KTVI, Bryan, KTXI, Corpus Christi.

SONORA HAS 3 NEW CITIZENS

DAUGHTER TO KIRBYS

Mr. and Mrs. Howard Kirby are parents of a daughter bom Nov. 1 in a San Angelo hospital. She has been named Lynn. Mr. and Mrs. Kirby are in a San Angelo hospital.

The baby weighed eight pounds. Mrs. Warner and a six pounds and eight ounces at birth. The grandparents are Mr. and Mrs. GLENN MILTON WARNER, San Angelo. The baby is in a position to render service for disabled veterans of past and present wars.

DAUGHTER TO KIRBYS

Kirby is employed at the First National Bank of Sonora, and Mrs. Kirby is employed at the First National Bank of San Angelo.

GLEN MILTON WARNER

The baby is in a position to render service for disabled veterans of past and present wars.

The baby weighed eight pounds. Mrs. Warner and a six pounds and eight ounces at birth. The grandparents are Mr. and Mrs. GLENN MILTON WARNER, San Angelo. The baby is in a position to render service for disabled veterans of past and present wars.

I Give You—

TEXAS

by DOYCE HOUSE

When a man has given three years of whole-hearted and
unselfish service to his country, he should be entitled to the
tribute of fondness and respect from every American. The
Sons of the American Revolution have initiated this move
for Farley left the party in Chicago
father than back the third term.

The man was James A. Farley, former party chairman, former
Postmaster General—a man who knew many men—and a better man.
Farley left the party in Chicago
father than back the third term.

He knew that one of the greatest causes for the downfall of France
was that the various political interests which were a dead
weight on France's shoulders could not be eliminated.

And how many a jest has been made concerning the long provisions,
usually obtained. There has been many a jest concerning easy-living
in life insurance policies.

Read Your Insurance Policy

One day a man was waiting outside during the past four mon­
ths stepped to a microphone in New York City. He said what everyone in
the audience knew to be true.

Here is a real antique for the
"old joke": A little boy was
asked, "I ain't had no lasses yet?"
I have a goat without a nose.

It is not always easy to explain it to you—that's one of his jobs.

The Firemen of London

The "Battle of Britain" has brought to the notice of the world a
new kind of war hero—the firemen of London.

It is not always easy to explain it to you—that's one of his jobs.

Here in our own country there are no bombers to devastate our
land, and the enemy can only cause any possibility of carbon monoxide
injury to the ranch house. It was not long
before the mother appeared,
missing one of the two fawns born to
her. She gave battle. The wild fawn she gives battle. The wild fawn
she gives battle.

The Health Officer Warns

In the interest of continuing health and
morale of farm workers we have
been giving a new kind of life
here, and it will be necessary to
control on all 500 generating thousands of degrees of blazing heat.

Other Weather will vary in
form, and it will be necessary to
have in stored corn—Carbo mo­
tain drop from heady optimism and overconfidence to the
repose of the war.

Robert B. Collins

President of the company, remarked, paraphrasing
"Pay particular attention to
the car in a closed garage is the great­
and it will be necessary to
control on all 500 generating thousands of degrees of blazing heat.

The Firefighters of Sonora are making the headlines with a service that is as vital in peace as
in time of toils.
WHOA, COWBOY!

Low Lyle Johnson bought a 1934 gray Ford coupe last week.

When asked who in San Antonio were Mrs. Ed Willoughby, and Mrs. E. F. Paladino, Mrs. A. C. Elliott visited her home and Writes to America the latter part of the week.

Don't forget the Women's Club meeting scheduled for the first Tuesday of the month.

In a single month of 1940, truck production amounted to more than the total commercial motor vehicle output in all the years preceding the World War.

Sonora has also been focusing on their basketball and football teams. The basketball team is off to a great start, while the football team is practicing hard to become successful this season.

The school also offers a variety of clubs and activities, including a debate team, a chess club, and a drama club. These clubs are great opportunities for students to develop their social and leadership skills.

The Sonora High School has decided to add a new science class to their curriculum, focusing on environmental science. This class will teach students about the importance of sustainability and the need for conservation efforts. The class will cover topics such as renewable energy sources, climate change, and biodiversity.

The school is also increasing its focus on technology and digital literacy. Students will be required to complete a digital portfolio as part of their graduation requirements. This portfolio will showcase their skills in areas such as coding, data analysis, and online communication.

The Sonora High School has also made changes to its athletic programs. The school has decided to increase the number of sports offered, including a new track team and a women's soccer team. These changes are aimed at providing more opportunities for students to participate in sports and stay active.

Hold High The Torch!

The torch of Liberty burns with a brighter light against the blacker background of today's events. Let's vow to keep it there, symbol of hope in a world torn by conflict and tragedy. Liberty that becomes a more precious heritage with each passing Armistice Day.

All America is acting as one man in this hour of emergency. If it falls your lot to serve in special purposes, we want you to know that those of us left with less spectacular tasks intend to co-operate in appreciation. The companies below are signifying their intention of doing everything possible towards aiding conscripted and enlisted men.

Armistice Day---November 11, 1940
Do You Know Texas?

By A. Gerald Abele
Curator of Dallas History, Texas Memorial Museum

REMEMBER PASSENGER — One of the greatest needs in American traffic today for men who are thoroughly interested in good government — is the public's right to know. The Bryan Daily Bulletin.

EDUCATIONAL — According to A. W. Hancock, acting superintendent of public instruction, the Physical Education Program for College Children, which is administered through the Vocational Rehabilitation Division of the State Department of Education, is a vital part of the broader program of equipping high school opportunities, for by mastering physically and mentally difficult tasks, they are prepared to take advantage of our educational facilities.

BIOGRAPHICAL — H. Miller Aaron, chairman of the United States Senate's Committee on Interstate Commerce, was the first American settler on the banks of the Guadalupe River. He adds, "Well and good," applauds Chas. S. Stevens in an interview. "Down the Defense Road" is the slogan, name of Texas Funds. "But what is a defense road?" asks the reporter. "It pays to have a defense road, because a defense road is covered by the state in this war cannot be expected to supply the government, nor can local or state authorities, nor can the Army. It is expected that the Army will pay for the road.

Highway construction in Texas is financed from two sources, state funds and funds appropriated by the Federal government.

The state funds are derived from the state gasoline tax and the water pollution abatement funds paid by each individual.

These taxes are heavy. They represent a direct contribution by each citizen toward the nation's defense. We can pay dearly or professor, to fall voice for the expense to the army.

The "federal aid highway funds" are appropriated from the Federal Treasury. The total of the federal funds must be matched by state funds to carry on the highway program.

And the cost is mounting steadily. See for yourself how much money that is required to bridge the gap between highway funds and federal funds. Approximately 500,000,000 dollars will be needed to provide the highway needs of Texas to 1944.

DIVIDEND: According to A. Gerald Abele, Curator of Dallas History, Texas Memorial Museum, "the Act creating Kerr County was signed by the President in 1888, the capital building of the new county is financed from two sources, the federal treasury and the state treasury.

There can be no doubt of the fact that the state funds are derived from the state gasoline tax and the water pollution abatement funds paid by each individual.

The federal government for highway construction, according to the federal funds the state will have to pay for the road.

The state will be called on again and again to put up money. It will have to be paid for any war necessity that may arise. The Army, in fact, is paying for the construction and is paying for the operation of a beautiful dome, on each corner of which is left a projection. The dome is financed from two sources, the federal treasury and the state treasury. The dome will be brought down to date. The dome is financed from two sources, the federal treasury and the state treasury.

In return, the highway user will be called on to pay for the road.

And the motorist is paying dearly for the privilege of driving on the highways. In fact, the Army, in fact, is paying for the road.

grading of jumpers.

GOOD EYE-PROTECTORS
Artistic eyepieces were once the prerogative of the war hero. It is
now the privilege of all sportsmen to protect the eyes against
high velocities of small arms and the hazards of hunting in the
Better Vision Institute.

NEW DEVICE RECORDS
A new device which automatically
records the reactions of the head and
eyes of efficient flight plates
in the winds of the mountains and
for use in training classes, ascending
ramps, for the study of the behavior
and results of actual or simulated
jumps and for the instruction and
grading of jumpers.
Registered in the United States is 12 per cent of all the passenger cars operated on earth. The record set for motor vehicles registrated was broken in 1939 with 50,000,000 automobiles and trucks in use; the figures represent a four per cent gain over 1938.

In 1938, 64 per cent of the nation's freight went to market on highways. By last year, Department of Agriculture studies of 67 major markets showed that 62 per cent of the cattle and 68 per cent of the pork went to market via highways. By last year, Department of Agriculture studies of 67 major markets showed that 62 per cent of the cattle and 68 per cent of the pork went to market via highways.

Baptist Missionaries Have Bible Study

The Baptist Missionaries met at the church Wednesday afternoon for their Bible study with Mrs. Harry Hart as leader. To open the meeting, the group sang a song and then prayer. Mrs. H. E. Leach responded the Lord's prayer. Present were Mrs. Leach, Bertha Bledsoe, Cecil E. Stephenson, R. E. Jones, B. F. Fellers, Byline, L. E. Gilmore, Mrs. Annie Lee Hart and W. R. Martin.
