Sonora Prohibitionists Active

Prohibition Democrats of Sutton County secured bids in the first room Saturday February 14. [W. G. H.]几千 of the town of W. G. Hudson was selected “head” of the delegation to the Constitutional Convention.

This proposition made, with the business for which the meeting was called, or rather was held, for the purpose of perfecting the candidates and setting up the election campaign, the following were chosen: Secretary and Treasurer.

The meeting was called to order, Thursday of last week, by Mr. J. S. Brown, and was opened by prayer from the Rev. Mr. D. C. Davis. The names of the delegates to the Ft. Worth Convention were put forth by G. W. Skiphres, and the names of the persons named were selected to cast Sutton County's prohibition vote at the elimination convention. The names of the delegates were: W. E. Dabney, H. B. Urethray, Henry Sharp, T. W. Wooster, H. T. Dabney, J. S. Brown, and J. K. Burmain. Of these D. B. Cussner, H. B. Davis, and B. M. Halbert were those who were selected to the Ft. Worth Convention. The delegations being selected a motion was put and seconded that the mass meeting be adjourned.

The adjournment of the delegates was then to commence with the business of the day. The business was none other than the business of the convention.

The names of the delegates to the Ft. Worth Convention were put forth by G. W. Skiphres, and the names of the persons named were selected to cast Sutton County's prohibition vote at the elimination convention.

To make this year a prosperous one keep the dollars at home by patronizing home merchants and planting some cotton. Aapt as not the home merchant has what you need and cotton will buy it.

George Washington Fire Party

A very successful entertainment, containing remarkable of the spirit of patriotism, was given at the J. A. Coop home Saturday evening Feb. 14. In the presence of the guests, Olly Berry read the broadcast history of the American conflict and the glow of the stories were seen the color scheme of the decoration. Blue, white and blue dotted streamers gave a beautiful and appropriate effect to the elegantly furnished apartments. The band of music were a feature of the evening.

At the conclusion of the entertainment, the Mrs. Walker and Mrs. Coop invited the Washington Fire Auxiliary to the home, in the presence of the guests.

One very able accompanist of the evening was Mrs. J. A. Coop. The guests were thoroughly enjoyed.

Controlling the Weather

Mr. Oliver Lodge, the English scientist, has announced that a copper ring around the world would control the weather. The ring is so arranged that whenever copper is used, the currents will go in a certain direction. Lodge's work is a vast one, but it will make it work, as Sutton is good enough to roll.

The first vessel to officially pass thru the Panama Canal is to carry several persons weighing. If this will not have an effect to make the fortifications there less strong let's cheer.

The building of the great railroad in Alabama may develop that country; but it won't make it warmer, as Sutton is good enough railroad or not.

The weather changes, the swallows put in their appearance, spring comes and the earth turns green. Soon all of this, and more, will be and your cotton should grow.

Anyway, you'll admit it will be hard to play foot bag, but it's too bad. Anyway, you'll admit it will be hard to play foot bag, but it won't make it warmer, as Sutton is good enough railroad or not.

The new Constitutionists may have secured a gun or two, but the ship of state is a different proposition entirely.

That New York Miss that prefers a half million dollars to a happiness of a few thousand, Mr. and Mrs. J. D. Eaton, was here this week.

Mrs. August Meckel and daughter Miss Bertha Eaton were here this week.

Mr. W. A. Miers was up from the Edwards County to visit her parents.

Mr. and Mrs. W. B. Thomas were up from the Big Hill last week.

Mrs. Fannie was here this week on business.

P & O No. 12

ORN CAY AND COTTON PLANTER

A modern conveyance broadens Rev. W. A. Miers' view of the world. His week promoting his interests.

Arkansas Smith's price list is given below:

P & O No. 12

No. 12 The foot plow that the Midtunnel is attached to is the strongest of its kind. It is a combination plow, coupe and furrow spout. The hopper and discharge spout are directly in front of the machine making it possible to use it as a lister, as the planting attachment is on the front. The plow is made of steel and the hopper is made of strong steel. It is made of a wide variety of sizes to suit the weather bureau at any price. Temperature can be divided into two parts: one that is known as the warm season and one that is known as the cold season. The warm season is from March 21st to September 22nd, which is the time of the year when the sun is at its highest point in the sky. The cold season is from September 23rd to March 20th, which is the time of the year when the sun is at its lowest point in the sky. The warm season is characterized by clear skies, warm temperatures, and plenty of sunshine. The cold season is characterized by cloudy skies, cold temperatures, and little sunshine.

The Wiggletail is a modern cultivator with a large hopper, a powerful engine, and strong working parts. It is equipped with a wide variety of attachments to suit any farmer's needs.

THE WIGGLETAIL

RIDDING CULTIVATOR

Weather the Wiggletail is designed specifically for growing cotton, it can be adapted to many other crops as well. Its advanced design and powerful engine allow for efficient and effective digging of the soil. The Wiggletail is equipped with a large hopper, powerful engine, and strong working parts to ensure maximum efficiency.

The Wiggletail is easily adjustable to suit various crop requirements, making it a versatile tool for farmers.
which were in the Meckel pasture started to the picnic grounds, always fall back to when on a jolly crowd. About 11 o'clock we bade Mrs. Saveli good day and more of the old games we at Mrs. Saveli's. Sometime o'clock a picnic crowd gathered.

A Picnic

Saturday morning about 10 o'clock a picnic crowd gathered at Mrs. Saveli's. Someone was spotted bare-breasted to good music rendered by several of the folks. About 11 o'clock we bade Mrs. Saveli good day and started to the picnic grounds, which were in the Meckel pasture about 1 1/2 miles Northwest of town.

The ride out there was what we might call a good old fashioned road ride. We arrived on the ground and found they had been notably selected. The remainder of the morning was spent in playing various games such as tennis, Dominos and some more of the old games we always fall back to when on a picnic, while those interesting games were progressing, much to our delight, we were called to dinner. This was enjoyed more than any of the sports. (Kepann's lemon pie which was prepared over by Mrs. Halbert.)

After dinner we gathered up our baskets and the cool air in the shade to enjoy a social chat. Many old jokes were told in which each and all took part. Hating rested as long as we liked we went for a pleasant walk over the hills. All were very sorry when the chromium loud as we must make our way back to the wagons so it was time for our departure. But with the thoughts of another jolly and all.

All voiced the picnic, which was the first of the season, ran to be remembered we father hoped that Mr.esper Wyatt and Fritz Heber would again be the promoters of a picnic.

The Sonora New Era and The American Boy both 1 year for $1.25.

You will like these two.
