

THE DEVIL'S RIVER NEWS

VOLUME XXXVII.

SONORA, SUTTON COUNTY, TEXAS, FRIDAY, OCTOBER 5, 1928

NUMBER 49.

CITY MARKET IN NEW HOME NEXT WEEK

The City Market, Penick and Sauter, proprietors, will be in their new building next week, according to announcement made yesterday by Mr. Penick. Their new home will be in the Savell building between the Hill's Cafe and the Style Shop. The building is of tile and brick and seventy feet long and seventeen feet wide.

These gentlemen will have practically all new market equipment including a new freezer counter eight by ten feet purchased from the Ed Friederich Company of San Antonio.

Mr. Penick has been in the market business for over fifteen years and knows his "onions" when it comes to giving the public quality goods and service. His associate, Mr. Sauter, is an experienced man and will, when moved, be prepared to barbecue meats, make corned beef, c. R. J. Cook, market man of O-et etc. R. J. Cook, market man of O-zona, who is well known as one of the best meat cooks in Texas, will be here next week to build a barbecue pit and smoke house. Hickory wood will be used in curing meat for the market.

Meat butchered in this county is being handled by this market. Mr. Penick stated that when in their new home, he would handle everything in the fresh and cured meats.

MISSES ALLISON AND WARDLAW GO TO MARKET

Misses Clara Allison and Sally Wardlaw, proprietresses of the A. & W. Drug Store, will leave Thursday for Dallas to make their holiday goods purchase.

They will be gone for several days, and while in Dallas they will be present for the State Fair.

Rev. and Mrs. J. A. Stephen, Mrs. J. L. Davis and Judge L. W. Elliott attended the Concho Baptist Association meeting which convened this week with the First Baptist Church at San Angelo.

Sonora Woman's Club Opened Yesterday

Sonora Woman's Club opened its year's work Oct. 4th. with a splendid attendance. Unlike previous openings it was not a social meeting altogether.

The new president, Mrs. E. F. Vander Stucken, outlined the work that that she hoped to accomplish during the year. The various committees were appointed. The dramatic or program committee are Mesdames C. H. Evans, Joseph Vander Stucken, Will Wilkinson, Lem Johnson and Edwin Mayer.

The planting committee is composed of Mesdames Sam Hull, Alvis Johnson, E. E. Sawyer and Will Wilkinson. Mesdames L. W. Elliott and Roy Aldwell were appointed as a committee to get an estimate cost of connection with the sewer.

The dramatic committee is to be congratulated on the unique programs that they made themselves a program of which will be mailed to each member. A chairman with two members are assigned each program and the group giving the best programs during the year will be awarded a prize.

A very enjoyable program followed the business meeting. Mrs. Louie Stuart, accompanied by Edwin Mayer, rendered two violin numbers and Miss Winifred Halley gave two readings followed by two piano selections by Miss Elizabeth Francis. Refreshments were then served by the hostesses.

MRS. S. T. GILMORE ATTENDED P-T. A. PROGRAM AT BIG LAKE

Mrs. S. T. Gilmore, president of the Sixth District of the Parent-Teachers Association, upon invitation attended the opening of the P-T. A. at Big Lake Wednesday of this week. Mrs. Gilmore was surprised to find such a modernly equipped school there. She noted the gymnasium and also the commercial department and expressed her desire to see Sonora have these in her school.

Mrs. Gilmore is recognized over the State as a leader in Parent-Teacher work and in other organizations.

LIONS DISCUSS IMPORTANT QUESTIONS

Several important subjects were discussed Monday at the regular meeting of the Sonora Lions Club in the basement of the Methodist Church. Chief among these was the financing of the proposed band for Sonora. After much light had been thrown upon the subject, the Lions unanimously voted to the effect that they were disinterested in the band, and that the committee would so inform the Parent-Teacher Association. The Lions and P. T. A. were considering jointly to finance the band.

Roy E. Aldwell, president of the Sonora Chamber of Commerce, made an interesting and constructive talk when he stated that he believed that either the Lions Club or Chamber of Commerce be discontinued, but preferred to see the Lions function as they were very active.

The Lions will receive bids for the large electric sign which will welcome visitors to our city. The financing of this sign was discussed both pro and con. It was decided to let ranchmen and business men who are not members of the club help pay for the sign as it would be for the benefit of Sonora, and the Lions did not want credit unless the sign was paid for by them.

SONORANS SEE GAME IN THE METROPOLIS

Ben Cusenbary, one of Sutton County's most prominent young ranchmen, and H. V. (Buzzy) Stokes, proprietor of the pool hall, left the fore part of the week for Dallas where they joined the S. M. U. special train. The special took them to West Point, New York where the Mustangs are to play the Army.

While in the metropolis they will see the world's series baseball game being played there between the New York Yankees and the St. Louis Cardinals.

They will arrive here the first of the week.

FOUR INCHES RAIN FELL HERE OVER PAST WEEK

Sonora and all West Texas, according to reports from all over the country, were soaked this past week when four inches were recorded here by Steve Murphy's rain gauge.

The moisture started falling Friday week and continued intermittently to Friday afternoon. It was slow enough that it soaked into the earth and very little ran into the draws. This is, according to various ranchmen, sufficient rainfall for several weeks. In fact most everyone has been wanting to see the sun shine.

Range in this part of the country is the best of times have ever seen—even during the time buffalo and antelope roamed the hills.

"The goose is hanging high" for the livestock producers. Cattle, sheep and goats are demanding the highest price that history has ever known. With this high price and range conditions as they are, the ranchmen are facing one of the most prosperous winners they have ever seen.

Livestock trading seems to be holding its own and no one fears a slump.

P-T. A. Soliciting Subscribers for News

A subscription campaign for this paper will be directed by the Parent-Teachers Association of this city. It was announced by the management of this paper and the P. T. A.

The campaign is on now. If your subscription will expire within the near future, kindly renew with the P. T. A. as they will get one dollar of each annual paid in advance subscription to this paper.

This is a good opportunity to help the local Parent-Teacher Association financially, and they need your help.

If you are not a subscriber to the News, please give your subscription to the ladies. You get the paper three years for five dollars.

Mrs. W. R. Briscoe and children of Angelo are guests of her mother, Mrs. Beulah Pfiester.

Musical at School Auditorium Tonight

Under the auspices of the Parent-Teachers Association, Francis Hamilton, Jr., presents Prof. Zadok Arkush, America's foremost entertainer on the piano, at the High School auditorium tonight at 8:00.

Every selection on this program is Prof. Arkush's conception and arrangement, giving an evening of the most interesting musical program. Every number preceded by a descriptive talk of the selection played. Proceeds will be used by the local P. T. A. for the school library fund. The program follows:

- PART I.**
1. Opening Number—"Old Black Joe," with variations, as played by Blind Tom, the great Negro pianist.
 2. Playing two selections at the same time—"Star Spangled Banner," with right hand. "Yankee Doodle," with left hand.
 3. Imitation of a Harp.
 4. Selection, Operatic Selected.
 5. How the great composers would play "Yankee Doodle," in their own individual way.
 6. "When You and I were Young, Maggie," special arrangement for piano.

INTERMISSION

- PART II.**
7. Selection, "Silver Threads Among the Gold," special arrangement for piano.
 8. Playing with Nose while blindfolded.
 9. "My Old Kentucky Home," Special arrangement for Piano.
 10. Descriptive selection, "The Storm," introducing "The Blacksmith in the woods."
 11. Five Minutes of Nonsense.
 12. Final Composing marches from themes suggested by the audience.

NOTICE:—Every selection on this program is Prof. Arkush's conception and arrangement, giving an evening of the most interesting musical program. Every number preceded by a descriptive talk of the selection played.

Admission 50 & 25c.

YOUNG PEOPLE IN CAR WRECK WED. EVENING

An accident which, came near being a very serious one, occurred Wednesday afternoon about 5:30 on the street in front of Ed Glasscock's home when a Buick sedan driven by Joseph Trainer collided with a Ford coupe driven by Rostein Pfiester. Misses Lella Lee Thorp and Jessie Louise Evans and Lester Archer were also occupants of the coupe.

Young Pfiester was blinded by the sun and did not see the other car approaching until it was nearly to him. By swerving his car to the right as much as possible he was able to keep it from overturning but not without some damage to car and occupants. The driver's side was badly bruised from the steering wheel and his head was also hurt causing him to be in a stupor several hours. Miss Thorp sustained a very bad cut on her head, and Miss Evans was bruised considerably as was also young Archer.

The Ford coupe, belonging to Geo. D. Chalk, was well shaken up, the top, a wheel and the left door will need repairing. The Buick was only slightly damaged.

G. W. Morris Erects Fireproof Building

G. W. Morris, one of the oldest residents of Sonora, is having G. W. Archer erect a tile building 50x100 feet on his property on Main Street. The building is being constructed for a filling station and a meat market. Mr. Morris said, and when completed will be for rent.

The cost of the structure will exceed \$8,000 and will be fireproof. Brick manufactured by W. E. Wallace, will be used in the front and twelve-inch tile in the sides. Work will be finished within six weeks.

Mr. Morris said he would make efforts to have the O. S. T. routed down Main Street instead of making so many corners. Should the change be made the highway will cross the area near the old race bridge.

U. S. CAPITOL

By William P. Helm, Jr.
Washington Correspondent of The News.

Al Smith stormed the Western front last week, swinging through the prairies and into the land where the tall trees grow. It was but natural that he should take the fight into this normally strong G. O. P. territory, carried by Coolidge in 1924, but spawning even then the liberalism which Smith advocates. He has gone and returned, and one may sit down and figure on the effects if his foray.

In the fourteen states comprising the West and the Southwest, I would give him the edge today in five—Arizona, Montana, Nevada, New Mexico and Texas. Some of these States he seems certain of; in all prospects brighter than those of his opponent. They muster 33 electoral votes among them. Texas alone accounts for 20 of the 33. Vast in territorial extent, the remaining four are infants in the electoral college. Three votes, or four, apiece; little, but worth fighting for.

To Hoover, silently at work in his Washington headquarters, the Smith excursion apparently caused little concern. Too long, his advisers told him, has the winome West been enamoured of the G. O. P. to cause alarm. In that they may be right, but they have been wrong in some things in the recent past. And the West, like a pretty girl, is fickle. An ardent wooer is always dangerous, even though he wear a brown derby. And the impetuous "Al" can make whoopee.

He did it. Whatever else he did, he drew the crowds and gave the West a thrill. It will be recalled that Bryan, too, did the same thing in 1896. There never were such crowds as those that flocked to hear "the boy orator of the Platte," to cheer themselves hoarse and go home with the feeling of certain victory. The Bryan crowds were bigger, even than those of Smith. They were fully as enthusiastic.

Yet the mighty demonstrations which those roaring, welcoming, tear starting audiences gave the Peerless Leader more than 30 years ago found no echo in the electoral college. Bryan went down to defeat as the cheers of prospective victory echoed in his ears. I think that this year's crowds are like those of 1896, in that they are big, noisy and soul-stirring. I don't think they will mean much in balloting.

To Hoover, whose western trip is yet to come, I would give the edge today in seven of the fourteen Western and Southwestern States. They seem to me to favor him above his rival. Some of them will certainly carry; others appear inclined toward him California, Colorado, Idaho, Oregon, Utah, Washington and Wyoming are the seven stalwart sisters as I count them. Among them there are 42 electoral votes—three less than those of New York alone. Hoover will have need of them, perhaps, if the tide turns strongly Smith ward in the East.

Two States remain—the Dakotas. There probably is nobody in the country who can accurately forecast today they will do November 6. Their own leaders don't know. One hears the usual claims, coming from the usual sources. These States are close, it seems to me. Their five votes apiece sit on the fence.

The day is coming when this great territory will be decisive in presidential fights. Today these fourteen States all told total 85 electoral votes. They are entitled to more, but Congress has failed to obey the plain mandate of the constitution and reapportion the electoral votes according to the decennial census returns of 1920. The blame for this rests on both Democrats and Republicans, but that is another story. Preeminently, this section is rural. On the quiet waters of the Pacific one finds great cities; nowhere else. Inland, their cities are relatively small. The rural vote, in the main, decides the issue. It is not a vocal vote. It is thoughtful, quiet, with a tendency to sit around the radio in the evening, listening and thinking.

It may surprise the politicians. There was no man in the United States more surprised than William Jennings Bryan on the morning after election day in 1896. He was utterly, supremely confident that he would win. He simply knew it. Hadn't the roaring crowds proclaimed it? Hadn't he been the nation's greatest political magnet? How could he lose.

Yet he did lose and the voice of the West helped speak against him. Not loudly for it was divided. So it seems today. When it speaks it may utterly confound the smug confidence of the epublican leaders who

Mrs. Taylor Emerson returned Monday from San Angelo where she had attended the fair last week and from Sonora where she had visited homefolks. She was accompanied by her sister Miss Sada Sue Kelly, who will be her guest for some time. Miss Kelly, who is a charming young woman, has frequently visited in ig Lake and has many friends here who are glad to see her—Big Lake Wildcat.

Mr. and Mrs. Walter Rees and daughter, Thelma Fay, of Medina were guests last week-end in the home of Mr. and Mrs. Robert Rees and family.

are thinking its verdict for granted. And it may give Al Smith the shock today are buoyed by the thought that of his life, for Smith and his men they have won the heart of the Golden West and with its heart its vote.

For one thing, the West is dry. Except for the three Pacific Coast States, it seems to regard the prohibition issue as a genuine thing, settled and set, and finds difficulty in understanding why it should be reopened. It can't comprehend the big fuss being kicked up in the East over booze. It is sitting and thinking it over. Its frame of mind seems vegetative of change.

The Democratic invader, knowing this, wisely said nothing about prohibition out in this section. He talked of corruption, of water power, of farm relief, of intolerance, but not a word did he say about the pony of beer or the glass of wine. Back in the East where the streets are dusty, throats seem dryer. There the prohibition issue is the big thing and the average politician audience would yawn over the farm relief and water power. Out West they eat it up.

Smith saw the country and, more important, the country saw Smith. Outside of that I doubt if the genial New Yorker accomplished much in the way of winning votes.

Sonora Motor Boys Attended Ford Meet

Sam, Fred and Charlie Hull, owners of the Sonora Motor Company, local Ford dealers, and six of their force attended a Ford lecture and picture show Tuesday night at the Wood Motor Company. The show and lecture were under the direction of the Dallas branch of the Ford Company. Mr. Proctor, assistant general manager of the Dallas branch lectured to over one hundred Ford dealers and mechanics.

Service was stressed at this meeting. Messrs. Hull are ever striving to improve their business, and now have the largest business of their kind in this part of West Texas. With a corps of efficient mechanics and experienced men enables this firm to render the best service possible.

Boy Scouts Met Monday Night

The Sonora troupe of Boy Scouts met in their regular meeting at 7 p. m. in the basement of the Methodist Church last Monday night.

The meeting was featured by a short pep talk by Roy E. Aldwell chairman of the local troupe, stressing different points that will arise at the district meet to be held here this Saturday. He also introduced the new Scoutmaster, Reese Hill at this time, and asked them to cooperate with Mr. Hill in every way possible in order to make his work more efficient and easier for both the boys and himself.

Mr. Hill made a short talk of acceptance of the position as Scoutmaster and told the boys that he was sure that they would have no trouble in getting acquainted and would get right to work. The boys all seemed pleased with their new executive and are very anxious to get to work. Hill proved his interest by going out one hour every day this week preparing the boys so Sonora will be proud of them in the meet. It won't take much such cooperation between the Scoutmaster and the Scouts to put the Sonora boys on the map. Following this the boys sang "America" and entered into a spirit of fun spending the remainder of their hour in games of different kinds.

C. B. Foster, the district executive, was also presented and spoke

on cooperation between the boys and their executives which apparently impressed the boys very much. The Ranch District is fortunate indeed in having a man of Foster's ability and personality to supervise the boys on these different occasions. Mr. Foster then closed the meeting by all repeating the scout oath.

Next week's meeting is to be very important and all Scouts are urged to be present as well as all members of the Scout committee. There is to be a rearrangement of the different patrols and the appointing of new patrol leaders. It is also to be the starting of a new contest, known as the 100 per cent contest. This is to last for a period of three months ending on the 31 of Dec. The winner to be awarded with a scout medal with the inscription "100 per cent duty" mounted on a solid gold shield.

Other Scouts showing above a certain number of points will be awarded Scout pins. Every boy should be on hand to get a flying start. Let's see who can win the medal.—Reported.

Floydada — The Commissioners' Court of Floyd County in session at Floydada recently let the contract for the paving of the four blocks around the square. The cost will come out of the 25c maintenance and improvement tax.

There are Wild Cate at E. F. Vander Stucken's store. See them for yourself.

Three Buick Records Shattered in Week

Three all-time records in the history of the Buick Motor Company were shattered in one week, according to a telegram received by the Henderson-Ede Company.

During the week ending September 22, 7,600 of the 1929 model Buick were produced.

Making a new production, 150 of the new cars came through the final assembly lines in a single hour or at the rate of two and one-half new cars a minute.

In nine working hours 1600 engines were completed.

70,000 Silver Anniversary Buicks have been delivered since July 28, yet practically every Buick Dealer is short of cars.

The remarkable performance, distinctive beauty, and luxurious comfort, coupled with Buick's worldwide reputation for dependability and durability have created the largest demand for Buick in its history and Buick has lead the world in sales in the fine car field for eleven consecutive years.

Oscar Appelt has purchased a new 1929 Silver Anniversary Master Six Buick roadster from the Henderson-Ede Company, Buick dealers for this territory.

This makes the third Buick Mr. Appelt has owned and he says it is the most remarkable car he has seen or driven.

Uncle Tom's Cabin Coming to La Vista

The Bible is regarded as the most widely read book in the whole world and "Pilgrim's Progress," John Bunyan's classic, as the runner-up according to librarians. Following them are a group of books, prominent among which is "Uncle Tom's Cabin," the great novel of Harriet Beecher Stowe. This book has been translated into four different languages and is growing in popularity daily in spite of its seventy-five years. This American classic has now been made into a motion picture of epic proportions by Universal, and it is scheduled to open at the La Vista Theatre October 18. An all star cast will take part, including Margarita Fisher, Arthur Edmund Carew, John Roche, Gertrude Astor, Lucien Littlefield, George Siegmann, Mona Ray, Virginia Grey, Eulalia Jensen, J. Gordon Russell, Aileen Manning, Jack Mower, Vivien Oakland, and others. Harry Potter directed.

CHORAL CLUB MET AT HIGH SCHOOL BUILDING

The Choral Club met Wednesday afternoon at the school building in a brief business meeting. They hope at an early date to give some programs showing he public their ability. There were thirteen present.

WE ARE NOT GUILTY

The editor and a member of the News force have been accused of something we did not do. For two consecutive weeks this paper stated in its editorial columns that the editor would kill several horses running loose in the highway between here and Eldorado if some truck contractor would haul them away.

The very next week, Thursday night to be correct, these animals were shot to death by someone of whom no one knows who, and burned the next day by the State Highway Department.

The writer has been accused and had to do some explaining after this tragedy occurred. We again declare that we are innocent. We admit making these threats but they were

to serve notice to owner to have them removed from the highway where they were endangering the lives of motorists and were starving.

The News can claim credit for this by notifying the public through its columns.

MORAL—It pays to advertise. Try it and see.

Interesting Letter from Sub-Station

The following letter, from W. H. Dameron, superintendent of the Experiment Station, will be of interest to many readers, and we take pleasure in printing same:

Substation No. 14
 Sonora, Texas

Mr. Wilson,
 Devil's River News,
 Sonora, Texas.

Dear Mr. Wilson:-

At the "All West Texas Exposition," we took, with 14 spring lambs, the following premiums:

1 grand champion, 13 firsts, 14 seconds, 3 thirds and 2 fifths.

We are well satisfied with this record. We expect to take these same lambs to the State Fair at Dallas about October 4th. I hope we do as well there, but this is doubtful.

We had 2.88 inches rain September 21 and 22. I see plenty of "Bitter Weeds" coming up. If an early frost should kill all other green vegetation, it may be well to watch for trouble from bitter weeds among lambs. We are going to see what we can find out about this trouble from the jump this fall.

We will appreciate suggestions from interested parties as to how and what kind of tests they would like to see conducted.

Thanks
 W. H. Dameron,
 Superintendent.

Experiment Station Tests Bitter Weed

(By E. A. Tunncliff, veterinarian at Experiment Station.)

The bitter weed is commonly pointed out by many stockmen as a plant which is poisonous to sheep and lambs. Preliminary feeding trials were started to determine if the matured plant would cause any losses.

Two lots of grade sheep of four each were placed on the test June 2 and 14th, respectively. These animals were confined in a small dry lot and after being starved for 2 or 3 days small quantities of bitter weed were pulled and fed throughout the day to insure fresh feed. The first group of animals refused to eat it and after two days contact with

the freshly pulled weed were removed from the test to avert starvation. Following this four more animals were placed on test after two days of preliminary starvation. The weed was fed as in the previous test. It was noted that they nibbled at the weed, but did not eat very large amounts. After eight days they became very drawn and as with first lot removed from the test to prevent starvation.

From this series of tests it may be concluded that at this stage of growth (1) bitter weed is too unpalatable to entice grown sheep into consuming very large quantities. (2) The quantity of bitter weed (mature) which the sheep consumed probably amounted to several in the case of one sheep and this did not prove fatal.

This test will be repeated when the bitter weed again becomes available using lambs. The bitter weed will be fed in the different stages of growth to determine if toxic substances are present.

Field evidence on the range indicates that lambs will eat this bitter weed during the first few weeks of its growth and will be poisoned by it.

Texas ranks first among the states in number of ice manufacturing plants and number of persons engaged in the industry. The annual production is valued at \$25,000,000.

LETTER FROM CHINA

Shanghai, China,
 Aug. 30, 1928.

Dear Editor:-

Enclosed I send you a tiger. Chinese speak of four tigers—the yellow and black tiger, the black tiger, the white tiger and the money tiger. The latter is made of cash, the black tiger is the steed of the pictures. From childhood the Chinese fear the tiger. He is made a bugaboo to frighten the children. If naughty they are told the "Lao-hu" "tiger" will catch them. So "tiger" is an ever present fear to little children not only, but it remains to old age, rather as an evil spirit than as a tiger. As one goes along the roads he sees paper tigers pasted over the door, that the evil spirits, seeing the tiger, will flee away to a tigerless house. Chinese have great faith in tiger bones, claws and sinews as medicine. Since the tiger is so strong, medicine made of him must make one strong. Travelling medicine men with tiger skins stretched on poles as sign-boards rarely wait long for purchasers of their wares.

On the tiger sent rides Chang Tao ling, the first Aaoist Pope in China. He is said to have been born on Tien Moh San (Heavenly-eye Mountain) in A. D. 35. I have been on this mountain when out itinerating and slept in one of the temples. Chang was asked to be official; but he chose to meditate in silence and cultivate virtue. He went to dwell in China's Western hills where he was shown, by a book given him from above, how to find the elixir of life and from other ancient books how to ascend to heaven how to fly, and how to walk among the stars. With such spirits cowering before him. Being the head of the Taoists and being in possession of the elixir of life and of talismans for the cure of all diseases, not only is he highly respected; but he has enabled the Taoist priests to gain wealth by the sale of such things to the people and they themselves to be sought out as great healers.

Charms with Tao-ling's seal are purchased by rich and poor for goodly sums and are pasted up in the homes or are carried about on their persons. You can see these charms and seals above Chang's head. You will see, to, that he is dressed in fine, figured garments. In his right hand is his gavel of authority and in his left hand he has a cup of the elixir of everlasting life. The tiger on which he rides is crushing with its paws the five poisonous creatures that represent all creatures that injure the health. If you look carefully you can make out a snake, toad, centipede, lizard and a spider. The little tiger behind has in its mouth Chang's own magic sword. Chang is pasted up in the home on the "Double 5th"—5th of moon—June 22 this year. He's supposed to repress the poisonous creatures so to ward off calamity and sickness, especially during the hot, trying months of Summer. On the double fifth the children are dressed in cheap, tiger-like suits of clothes, also to keep off disease-carrying evil spirits who wish to harm children but are afraid of tigers. The children are also decorated with charms around their necks and arms and have tiger strips of yellow paint on their faces.

Chang Aao-Ling is also called the "Heavenly Father," "Chang the Angel," "Chief of the Wizards," "The Ideal Man," etc. I suppose 50 millions of him, such as I enclose, are pasted up and worshipped each

year. The headquarters of his descendants and of the Aaoists has been on the Dragon-tiger Mountain in Kiangsi Province since A. D. 1000. From this place come millions of charms, talismans etc., to be sold to credulous people all over China. So you see how deeply steeped in superstition the Chinese are and how much they need the Precious Gospel of our Lord and Savior Jesus Christ. With best wishes and kindest regards,

Yours in Christ's glad service,
 (Rev.) H. G. Hallock,

Pyote—A modern triple combination 500 gallon pumping fire engine was purchased by the city of Pyote at a cost of \$7,750. Sveral members of the new volunteer fire department learned how to work the mechanism of the pump.

San Saba—The San Saba Chamber of Commerce is conducting a campaign for better seed for the farmers. On account of the failure of some of the crops seed must be imported and the C. of C. thinks this is the time to improve the quality.

Joe B. Ross Weds Lampasas Girl

The culmination of a friendship formed in college days was the marriage Wednesday afternoon at 1:30 o'clock of Mr. Joe Brown Ross of Sonora and Miss Lena Belle Briggs of this city. The marriage took place at the home of the bride's parents, Mr. and Mrs. D. T. Briggs, on Grand Avenue, the Rev. M. H. Keen, pastor of the Methodist church reading the beautiful ring ceremony in the presence of the family and a few friends.

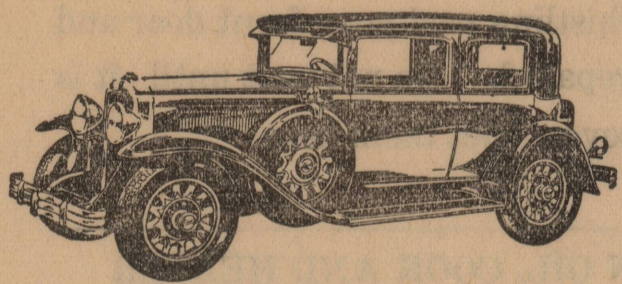

The groom is the only son of J. N. Ross, a ranchman of Sonora, the son also being engaged in the ranching business. He is a graduate of Southwestern University at Georgetown and later was a student for one year at Columbia University, New York City. He is well known and is a highly respected citizen of his section of the country.

The bride, the daughter of Mr. and Mrs. D. T. Briggs, was born and reared in this city. She is a graduate of Lampasas high school, and of Southwestern University at Georgetown. She taught school for three years after her graduation, one in Lampasas high, one in Robstown high, and one in Wichita Falls. She is one of Lampasas' choicest young ladies and Mr. Ross is to be congratulated on winning her heart and hand. Her many friends here wish for the young couple all the joy and happiness that can possibly come to them in their wedded life.

Immediately following the marriage ceremony, the young couple left by auto for Waco, where they took the train for New York City for a 30-day wedding trip, after which time they will make their home on the ranch near Sonora.—Lampasas News.

Because it's new . . . Because it's individual . . . Because it's the most beautiful automobile of the day, this new Buick . . . the car of cars is enjoying the year of years . . .

THE NEW BUICK is THE NEW STYLE

Drawing the greatest crowds—winning the most enthusiastic praise—rolling up the biggest demand in all fine-car history—the Silver Anniversary Buick with New Masterpiece Bodies by Fisher is scoring the most sensational success ever won by any new quality car!

Millions of spectators thronging Buick showrooms in all parts of the country! Tens of thousands enthusiastically placing their orders for the Buick of Buicks and car of cars!

And all because it is not only a leading engineering achievement of the past twenty-five years—em-

bodiment performance abilities unmatched anywhere in the world—but also because it ushers in an entirely new style—a fascinating new mode—of automotive beauty and luxury!

The motorists of America "looked to the leader for leadership" in automotive design. Buick answered with this epic car. And the public is responding with overwhelming demand—a demand that has forced the great Buick factory to production levels unprecedented in its entire history!

YOUNG PEOPLES' MISSIONARY SOCIETY

Last Monday afternoon a group of young women met at the Methodist Church and organized a Young Peoples' Society. The following officers were elected:

President, Miss Vivian Ball; vice-president, Mrs. Rector Cusenbary; corresponding secretary, Mrs. Wylie McDaniel; recording secretary, Miss Dorothy Mims; treasurer, Mrs. Sam Thomas; superintendent of study, Mrs. Haynie Davis, superintendent of publicity, Miss Loula Belle Caldwell; superintendent of social service, Miss Bonnie Glasscock; superintendent of supplies, Miss Hattie B. Cusenbary.

The Young Peoples' Missionary Society will cooperate with the Women's Missionary Society in the work which it is doing. Its purpose is to enlist the young people in active missionary work. A number have given their names for membership.

Others who are interested are cordially invited to attend the next meeting which will be held at the home of Mrs. Sam Thomas, on October 8.—Reported.

THE STATE OF TEXAS,

To the Sheriff or any Constable of Sutton County—Greetings:

You are hereby commanded to make publication of this citation summon S A L O M E GALINDO once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, (which has been published and had a general circulation for at least one year continuously) to appear at the next regular term of the District Court of Sutton County, Sonora, Texas, on the first Monday in November, A. D. 1928, the same being the 5th day of November, A. D. 1928, then and there to answer a petition filed in said court on the 14th day of September, A. D. 1928, in a suit, numbered on the docket of said court No. 596, wherein Marie Rodriguez Galindo is plaintiff, and SALOME GALINDO is defendant, said plaintiff alleging that plaintiff and defendant were lawfully married in Edwards County, Texas, about the year 1911 and lived together as husband and wife until about the year 1916, when and at which time the defendant, without any just cause whatever, left and abandoned this plaintiff, and returned to Old Mexico where he again married another woman; that the defendant has never returned to plaintiff, and they have not lived together as man and wife for more than eleven years; that defendant's action toward plaintiff in so abandoning her is of such a nature as to render their further living together insupportable.

Plaintiff prays for judgement dissolving the marriage relations now existing between plaintiff and defendant, for costs of suit, etc.

HEREIN FAIL NOT, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said court, in the town of Sonora, Texas, this the 14th, day of September, 1928.

J. D. LOWREY,
Clerk, District Court, Sutton County Texas. 4-t-9-21-28 c.

Sheriff, Sutton County, Texas.

GOAT INDUSTRY EXPANSION URGED BY U. S. BULLETIN

Expansion of the Angora Goat industry is favored, although success requires favored care, the Department of Agriculture stated in a review of a newly published bulletin describing methods of operation in the Southwest. The review follows in full text:

Angora goat production, contrary to the popular ideas, is technical business, and success in it requires an accurate knowledge of numerous details and experienced, reliable herders. This is a warning included in Technical Bulletin 63-T, "Rangh Organization and Methods of Livestock Production in the Southwest," just published by the Department of Agriculture, which includes a survey of five Angora ranch operations in 1925, and a description of the methods of operation in the southwest. Although goats are hardy and thrifty in utilizing scant range, they are very delicate when subjected to storms, especially just after having been sheared," the authors say "Probably the heaviest losses incurred through the southwest range region are from cold rains that usually prevail about the time of shearing. Shed facilities are desirable at that time. Some ranchmen in the Texas area of production are using a waterproof cover for each goat as a means of decreasing death losses from storms and to protect the fleeces."

Depend on Public Domain
The proprietors of these five ranches controlled comparatively little land by ownership or lease, and depended primarily on the public domain. The poor quantity of much of the public domain range in New Mexico and Arizona permits its utilization with goats owing to the more thrifty nature of goats to utilize poor quality browse ranges where sheep and cattle could scarcely be carried except at great risk. All of these operators were experienced and well established. Four had 100 per cent equities in their properties and the fifth and 85 per cent equity. Three made returns on capital of 34.5 per cent, 28.2 per cent, and 9 per cent, and two failed to make return on capital, losing 5.1 per cent and 4.5 per cent.

At kidding time on a goat ranch because the kids can not travel for the first two weeks and are sensitive to hot sun and to rainstorms, they are toggled to a short stake with a two-foot rope that enables them to move in and out of their shelter boxes. Does are kept on range near by and are driven in at the end of the day to suckle the kids. After about three weeks the kids range with their mothers.

The ranchmen are diligent in improving their herds with full-blood rams, and exercise care in shearing and marketing their mohair.

Grain in Use of Mohair.
In a concluding paragraph the authors say, "The increased use of mohair in the United States in recent years and the comparatively small dimensions of the Angora goat industry in this country tend to favor its expansion. Moreover, parts of the area studied where cattle or sheep are raised at present, appear to be well suited to goat production. It is very likely that more attention will be and should be given to goat production on those ranges having considerable browse and in connection with the production of other range livestock."

PICTORIAL LIFE OF HERBERT HOOVER

No. 4

By Satterfield

1. After Herbert Hoover's father died in Iowa, the three children went to live at Uncle Benajah's farm nearby.

2. Here Herbert had his share of the housework, which included this important engineering job.

3. The children's playhouse was the farm attic, where they read Youth's Companion and Robinson Crusoe.

4. First prize wins went to Herbert when the children played circus with Uncle Benajah's old white mare.

Baker-Hemphill's

Four Important

Coat Fashions

That are Significant In the Fall Mode

Shawl Collar—Fur Cuffs

Beautiful models created from cloths of Norma, suede broadcloths, and Breaudine feature the shawl collar and cuffs of badger, beaver, fox or caracul. In shade of brown, tan, navy blue and green, as Model A.

Travel and Sport Fashions.

are of tweed, camels hair, Comaco and Knit-tex cloth. Many strictly tailored, others with fur collars of fox, beaver or sandwolf. In herringbone, jacqued and other novelty weaves with shades of tan and grey predominating among the colors. As Model B.

Those With Scarf Collars

with scarf effect. One is a jacquard weave, scarf collar is of same fabric. We are showing two beautiful coats as the coat and cuffs of badger. Another is one of imported majora cloth, with beaver horseshoe collar, whose cloth scarf may be either worn down the front or back. As Model C.

DRAMATIC CLUB MET TUES.
The Dramatic Club met Tuesday afternoon with an attendance of thirty-five. Plans were discussed for a play to be given at an early date the proceeds of which will be used for the purchase of a motion picture machine for the school. Miss Francis and Mr White were appointed to select a suitable name for the club and submit it at the next meeting, October 16th.—Reported.

METHODIST LADIES ARE LAYING PLANS FOR BAZAAR
The Ladies Missionary Society of the Methodist Church are planning one of the best and most successful bazaars ever given. On December 5th they will conduct a bazaar followed that evening by a harvest supper. The place will be announced at a later date.

CITATION BY PUBLICATION

State of Texas)
County of Sutton)
To the sheriff or any constable of Sutton County, greetings:-
You are hereby commanded to summon JUAN GALINDO, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county (which has been continuously published for more than one year in the County of Sutton, with a general circulation) to appear at the next regular term of the District Court of Sutton County, to be held at the courthouse thereof in Sonora, Texas, the first Monday in November, A. D. 1928, the same being the 5th day of November A. D. 1928, then and there to answer a petition filed in said court on the 26th day of September, A. D. 1928, in a suit numbered on the docket of said Court No. 598, wherein CARMEN GALINDO is plaintiff, and JUAN GALINDO is defendant, said petition alleging that plaintiff and defendant were lawfully married in Schleicher County, Texas, on or about June 18, 1924, and plaintiff continued to live with him as man and wife until about the 16th day of May, 1926, when at which time by reason of cruel and harsh treatment she was forced to separate from defendant, and has not lived with him since. That plaintiff had two children by him, to-wit: Osker, a boy, born April 16, 1925, and Aurelia, a girl born August 16, 1926. That during all the time they lived together she conducted herself with propriety and treated her husband with kindness and forbearance; but that defendant failed to provide for plaintiff and treated her with utter disregard. That on or about the 16th day of May, 1926, at or near Miles in Runnels County, Texas, at a time when plaintiff's first child was only 13 months old, and near the time when her second child would be born, defendant left plaintiff and her 13 months old child in destitute circumstances, among strangers, and plaintiff was forced to chop cotton to get money to support herself and child and prepare for her expected second child; that after the birth of her second child, her father came and got her and brought her back to Sonora, Texas, that defendant thereafter returned to Sonora, but plaintiff would not further live with him; that such treatment, as aforesaid, was under circumstances which showed an utter disregard of plaintiff's health, if not her life, and was of such cruel and harsh nature as to render their further living together insupportable and caused plaintiff to permanently quit defendant. That defendant has never contributed to the support of their children, but that plaintiff is now working and supporting them.
Plaintiff prays for judgement dissolving marriage contract between her and defendant, and for the care, custody and education of her two children, and for costs, etc.
HEREIN FAIL NOT, but have you before said court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said court, in the town of Sonora, Texas, this the 26th day of September, A. D. 1928.

Cassius Taylor Wins Spurs in Rodeo

Cassius W. Taylor, son of R. E. Taylor of this place, received a pair of gold and silver mounted spurs this week as a prize for being the best all-round cowboy at the annual rodeo and round-up at Magdalena, New Mexico. Young Taylor participated in the rodeo there on the third and fourth of September and carried away several prizes in roping and riding.

Aside from being one of the best rodeo performers, Mr. Taylor is one of the most prominent young ranchmen in this section. His father is vice president of the Chevon publicity committee of the Sheep and Goat Raisers' Association of Texas.

MASONS RAISE \$75,000 FOR TUBERCULAR CHILDREN

ATLANTA, Ga. — Approximately \$75,000 has been raised by the Masons of this State for the construction at Alto of a cottage for tubercular children. It is expected that this amount will be sufficient to erect the cottage and work will begin at once. There is about \$19,000 in unpaid pledges which will be collected and used to equip the building.

Grand Master Raymond Daniel, of Georgia Masonic Grand Lodge stated that the two main objectives of his administration have been the completion of the Alto cottage fund and the revival of the old spirit of Freemasonry. In this connection he said:

"The great need on Freemasonry today is not alone the building and the achievement of such notable plans as Alto, but is the return to the old spirit of Freemasonry. The outstanding objectives of Freemasonry in Georgia today are the revival of the old spirit of harmony, peace and brotherly love and a program of education, profit and pleasure that will bring about a renewed interest and attendance in lodges."

CLASSIFIED COLUMN

FOR RENT—One 2 room furnished apartment, and one furnished bedroom. Mrs. Robert Rees.

POSTED

All of my pastures twelve miles southeast of town are posted according to law, and anyone caught hunting, hauling wood or otherwise trespassing will be prosecuted. A. F. Clarkson. 10-4-29.pd.

LOST—Fountain pen with my name on it. Finder please return to Helen Craddock. 2-t-pd.

Typewritten letters are much more legible and impressive than if written by hand with pen or pencil. Let us show you the Remington portable; weighs only 8 1-2 pounds. See them at the News office.

Harold Saunders, Jr. Had Eye Injured

Harold Saunders, Jr., son of Mr. and Mrs. Harold Saunders of this city had the misfortune Thursday afternoon of sticking a maize stubble in his right eye. He was carried to San Angelo by his parents and was operated upon by Drs. Lewis & Wardlaw.

It was necessary to make an incision in his eye to remove the fragment. It is believed that his eyesight will not be impaired, however it will be necessary to carry the lad to San Angelo for treatment.

Million Chevies Sold Since January First

DETROIT, Oct. 6.—Keeping pace with the most insistent demand in its history the Chevrolet Motor Company has delivered more than one million cars into the hands of owners since the introduction of the popular "Bigger and Better" model last January first, it was announced at the company's offices here today.

This sensational achievement of delivering one million cars in nine months is without parallel in the history of the manufacture of gear-shift cars and it is a tribute to the manufacturing ability and far-sightedness of the company. It is regarded here as a further indication of Chevrolet's leadership as the world's largest automobile producer.

How Chevrolet marched to this height of popular acclaim may be noted in the fact that within ninety days after the introduction of the new car more than a quarter million new Chevrolets were on the highways in the service of their owners. Two months later, or on June first, a half million cars were in use from Maine to California. Another two months saw 750,000 Chevrolets providing dependable transportation in every city, town and hamlet in the Union. And then came October when the full million mark was achieved.

In order to accommodate the demand new plants and additions to present ones were made necessary in the many cities across the country where Chevrolet now maintains manufacturing or assembly plants. Foremost among these was the opening in the Spring of a mammoth plant in Atlanta, now the largest automobile establishment in the South.

Despite new plants and factory additions, Chevrolet has been working on a night and day basis since the first of the year in an effort to keep pace with orders. More than 40,000 men, the greatest number ever on the Chevrolet payroll, were employed to assist in the production of the million "Bigger and Better" models now on the road.

Stock Medicines

I have now ready for use the famous Fliflu, Flino and Screw Worm Killer in any quantity, priced reasonably.

FLINO—for use against the blow fly on livestock.

My Screw Worm Killer is a sure shot to kill worms in wounds.

FLINO—is a valuable medicine to use on cuts after shearing sheep or goats.

I will open in the near future a drug store to be known as the CORNER DRUG STORE where these medicines can be bought.

**SONORA COUPLE MARRIED
HERE MONDAY MORNING**

Miss Clara Belle Taliaferro of this city became the bride of John Homer Guest Monday morning at the home of Rev. J. A. Stephen, the Rev. Stephen officiating.

After the marriage vows were solemnized, the happy couple left for Del Rio to spend a few days on their honeymoon.

The bride is a charming young lady and has many friends in this county. Mr. Guest is a young gentleman of sterling character and his friends are legion.

The News joins with their host of friends in wishing this young couple every success in life.

Mr. and Mrs. Pierson and small son have recently moved from New York to Sonora. Mr. Pierson for several years has been a government inspector but has decided that West Texas is the best place to live. He will enter into the ranching business. Mr. Pierson is a brother to Mrs. L. W. Elliott. We welcome these people to our city.

**Edwards Man Pays
\$65,800 for Ranch**

T. L. Benson reports the sale this week of a 4700 acre ranch in Burnett county 11 miles from Lampasas to Chas. A. Stepp, Jr. of Rocksprings, for L. N. Little of Lampasas for a consideration of \$65,000.00.

Mr. Stepp will stock this ranch with good sheep and goats. In addition to being an excellent sheep and goat country the ranch has some 500 acres in farms as an abundance of good tillable land.

He will take possession at once and move to the ranch.

Mr. Benson also reports the following live stock deals:

To northern feed lots for: Joe North Jr., 1600 wether lambs; for J. M. Puckett, 500 wether lambs at 11 cents per pound; for Ira Shurley, 500 wether lambs at 11 cents per pound; for J. L. Martin, 200 wether lambs at 11 cents per pound; for Paterson and Reick, Roosevelt, 1000 ewes to Chas. A. Stapp, Jr., of Rocksprings; for S. S. Bundy, 25 bucks to Chas. A. Stapp, Jr. of Rocksprings;

for L. J. and L. B. Wardlaw, 2800 mutton kids to Wilson Co. of New Mexico.

Sold for J. P. Green San Angelo, to the following: to Gur Rochelle, 30; G. S. White, 15; N. B. Williams, 8. J. R. McCall, 6.

For W. O. Shultz, of Paint Rock, 90 bucks to W. A. Miers.

J. H. Chipman and family were visiting in town Friday afternoon.

**AMENDMENTS TO CITY SEWER
ORDINANCE**

Upon this, the 1st, day of Oct. 1928, the City Commission of the City of Sonora, Texas, met in regular session and all members thereof were present, and among other proceedings had the following amendments to the plumbing ordinance unanimously adopted:

Amendment to Section II.
When plumbing job is complete, the inspector shall issue a certificate to the master plumber and no owner shall be obliged to for job until it has passed inspection and the certificate has been issued.

Any type of plumbing construction or any material not specifically covered by this ordinance shall be left to the discretion of the inspector, and he shall at any time refer to the plumbing ordinance of the City of San Angelo, Texas as an authority to settle any doubt that may arise.

Amendment to Section III.
The inspector shall make one inspection when the job is roughed in, and one when completed. Where extra inspections are made for any of the following reasons, a charge of \$1.00 will be made:

On account of incorrect information or faulty construction, or job not ready for inspection, or failure to make repairs.

Amendment to Section IV.
Only experienced plumbers shall be allowed to make sewer connections, and all connections must be inspected and approved before being covered.

Amendment to Section VIII.
On all drains, one-eighth bends shall be provided with clean-outs; where practical. Clean-out must be extended to the wall where the floor is less than (2) feet above the ground.

Amendment to Section X.
Basement drains shall be made with bell-trap, back-water valve, and clean outs.

Amendment to Section XIV.
Where ordinance formerly read "No vitrified clay pipe shall be used unless it is under the ground at least six inches," shall now read: "Cast iron pipe must be used where the drain is six inches or less in the ground."

Amendment to Section XVIII.
In the first line where drawn lead for traps is specified to be "of not less than four inches to the running foot" this is corrected and now reads: "four pounds to the running foot."

Amendment to Section XIX.
The second word "solder" of this section shall be omitted and will read: "All joints between brass and lead, copper and lead, etc."

Amendment to Section XX.
Omit entire section and replace with all pipes or stacks passing through roof must be flashed with standard sheet lead or copper flashing with at least six inch sleeves, and must be made to fit tightly to pipe and roof.

Amendment to Section XXIV.
The inspector shall have the power to condemn any work heretofore or hereafter installed when in his opinion such work is unsanitary and dangerous to the health of the community in which any of the said work may exist.

Passed and approved this the 1st day of October, 1928.
C. G. Dunklin, Mayor; S. R. Hull, Com.; W. C. Gilmore, Com.
(Seal) A. C. Elliott, City Secretary.

Every Dollar Paid

We have paid every dollar that we have claimed due our customers when they have suffered a loss by fire in the eleven years that we have been agents for fire insurance companies in Sonora. We represent the very best of fire insurance companies.

We kindly ask that you assist us in eliminating every necessary hazard about your homes and business buildings that you possibly can, thereby eliminating the risk which will help you to get a cheaper rate.

Write, phone or better still better come to see us and let us insure your property in a good reliable company.

T. L. Benson

**Bronchs Lost First
Game to Junction**

The Sonora football squad arrived in Junction last Saturday with all the evil intentions that they had accumulated during four weeks of practice without a game. Dope played a small part in the mental attitude of the Bronchs because this was the initial game of the season for both clubs. The Bronchs lounged about the court house lawn until time for the fray. They were outwardly calm, but the game had been played mentally by each member of the squad long before the scheduled time.

The game started with a rousing cheer from each side of the field, and the first half was featured by a series of straight line bucks and exchange of kicks. Captain McClelland piloted the Bronchs through this half with a total of more first downs than were made by the Junction club. Both McClelland and Trainer made short gains at will through the line, until Trainer was forced from the game by a rebellious stomach. After this, gains were made only by completing short passes.

Brown and Adams worked well on opening holes in the offense, while Whidden, W. Hill, and McClelland were a tower on defense. The first half ended with the score 0-0.

The second half opened very slowly due to the muddy field and the intense heat. The bronc defense was noticeably weaker and Junction made several long gains around end. In the third quarter J. Hill was replaced by Hollmig and in the fourth quarter Cooper was replaced by Lancaster. Pfister and Evans both went in, in the fourth quarter.

Junction scored in the third and fourth quarters on end runs.

The game was featured by McClelland's consistent punting and passing. Brown's work at center on offense, Whiddon's defensive work, and W. Hill's rally in the fourth quarter by word and actions. No points or passes were blocked for the Bronchs while Taylor managed to block every pass except one that was attempted by the Junction team.

Those making the trip were: James Hill, W. Hill, Whiddon, Brown, Adams, Cooper, Taylor, Hollmig, Faris Evans, Pfister, Ory, McClelland, Norris, Blanton, Trainer Lancaster, Manager Hollmig and Barton.

The pep squad showed a very loyal spirit during the game.

**Ramona Regarded as
Classic of Literature**

Helen Hunt Jackson's story, "Ramona," which comes to the La Vista beginning Oct. 25 and 26 is regarded as one of the present day American classics.

"Ramona" would have never have reached a 94th printing had it not possessed unusual literary qualities, for public interest in the Indian question alone could never have kept the book alive. As it is, "Ramona" is regarded as one of the American classics.

Today the book enjoys its largest sale and now comes the film that will give it perpetual life on the silver sheet. Inspiration Pictures and Edwin Carewe produced the story with Dolores Del Rio in the star and title role. It is regarded as one of the important pictures for the new year and a vehicle entirely suited to the star's historic talents.

**Balanced Cast in
New Pickford Film**

"The players in 'My Best Girl' are so well chosen for their parts that the audience thinks of them as real people rather than as actors and actresses.

This quotation from a prominent New York critic's review of Mary Pickford's newest United Artists Picture concisely sums up the merit of the cast of this comedy romance. Headed by young Charles Rogers and Hobart Bosworth, "My Best Girl," which comes to the La Vista Theatre October 11 and 12, is said to have one of the best-balanced companies on the screen.

L. L. Tedford and family returned to their home in San Antonio after a stay of several weeks in Sonora. While here Mr Tedford was engaged in the paper hanging business. So well did they like our city that they plan to come back at a later date.

Odessa—John M. Gist, fancy breeder of Odessa recently sold 40 head of six months old bulls to Marfa breeders for \$250.00 a head. The forty were of a herd of 100, the balance of which will be groomed for late fall shows.
