# THE DEVIL'S RIVER NEWS

VOLUME XXXVIII

SONORA, SUTTON COUNTY, TEXAS, FRIDAY, NOVEMBER 9, 1928

NUMBER 2

## C. B. HUDSPETH WILL HAVE BIG RANCH BARBECUE

According to message received here the latter part of last week by W. L. Aldwell, president of the First National Bank, Claude Hudspeth, United States Congressman, will give a barbecue on his ranch on November 17th. The Menace of the blow will be discussed at this meeting.

Prominent men in politics will be present at the gathering. Among these will be Governor Dan Moody, Morris Sheppard, Land Commissioner Robinson and a representative of the Agricultural Department at Washington.

W. L. Aldwell of this place will introduce the different speakers. Mr. Aldwell, in answer to Mr. Hudspeth's message, sent the following:

Sonora, Texas, Nov. 3rd. 1928.  
Hon. C. B. Hudspeth,  
1301 River St.  
El Paso, Texas.  
Dear Claude:-

"Have just received your letter, late last night, from Juno regarding the Barbecue, too late to get in this week's Devil's River News, but it will be placed in the paper next week, and I will have your friend, Mr. Wilson, there if possible, and I think there will be no trouble about that."

"I sure hope the Barbecue will be a success, although you have imposed an awful hard job on the 'sheep herder,' introducing such high men as Senator Sheppard and others."

"I sincerely trust your health is holding out. I see where you are endeavoring to make some speeches, and certainly hope you have an opportunity to read our mutual, particular friend, Tom Love's criticisms of the Democratic Party of the State of Texas, more especially our Governor, and what he is going to do to the Governor and the balance of them two years from now is a plenty."

"Wishing best wishes to Mrs. Hudspeth and yourself, I am  
Your friend,  
W. L. Aldwell.

P. S.—Henry Blaylock is the name of the young man who talked to you

## Trainer Lowers Price on Tailor Work

J. W. Trainer, proprietor of the Friendly Store, has lowered the price of cleaning and pressing to where his many customers can get work done cheaper here than in San Angelo, not to mention the "trade-at-home" policy.

The charge price of cleaning and pressing a suit of clothes is one dollar, and by calling for work you save twenty per cent—or a suit cleaned and pressed for eighty cents.

Mr. Trainer has two ads in this issue of The News, and it will be worth your while to read them.

This store has one of the best equipped cleaning and pressing departments of any store in West Texas. All is brand new machinery, coupled with experienced labor, insures the customer prompt and efficient service.

Mr. Trainer suffered a \$15,000 loss here several months ago when fire destroyed his entire stock of goods and wrought damage to other buildings to the extent of over \$40,000.

## Stores Will Close Here Armistice Day

All Sonora business houses will be closed Monday, November 11, in memory of Armistice and the boys who gave their lives that this country might prosper.

An Armistice program has been arranged by some of the teachers and will be given at the Methodist Church Sunday night.

Rev. Jackson and Stephen will deliver addresses at the Methodist Church Sunday night, at which time an Armistice program will be given under the direction of Miss Groen and other teachers.

Sanitary conditions in Brady will be much improved by paving of all the business district which will start soon. The city council recently went on record to defray all expenses for the project.

About his compensation the other

## 14 SONORANS WILL TAKE MASONIC WORK IN SANTONE

Fourteen from this city comprise a class that will take the Scottish Rite and Shrine degrees in San Angelo at the Scottish Rite Convention there on November 19 to 23. The Shrine degree will be given on the 23.

Candidates who desire further Masonic work and who compose the class are: John Irving King, Vernon Marion, Sam Karnes, Russel Martin, Edgar Shurley, Claude Stites, M. O. Britt, Norman Tate, Geo. H. Neill and Ben Mittel and Robert Halbert.

Shriners and their wives from this place who will be in attendance are Mr. and Mrs. Thomas Bond, Mr. and Mrs. E. S. Long, Mr. and Mrs. Fred Simmons and others.

Special entertainment will be arranged for the visiting ladies. This will be a glorious time for the Masons who will be present.

## Appelt Says Sutton Badly in Need of Rails

Oscar Appelt, prominent ranchman, was here Thursday morning on business and while here was an appreciated caller at The News office.

Mr. Appelt declared that this county and other West Texas counties were in need of a railroad. "It is a problem to get livestock to shipping points," he said, "and it would pay the ranchmen of this county to do all in their power to secure the Santa Fe extension to Del Rio." He stated that he would do what he could in the way of getting a road through this section.

Mr. Appelt sold and is delivering 420 steer calves to G. R. White. He is shipping five cars of mixed cattle to the Kansas City markets.

Owing to Monday being a legal holiday—Armistice Day—the Lions will not have their luncheon.

Monday week, in the basement of the Methodist Church, the Lions will have their noon luncheon.

## DISTRICT COURT HAS HAD BUSY SESSION HERE

The fall term of District Court has been in session here since Monday morning, except Tuesday at which time court was dismissed for the election. It is said that the grand jury has had more work this session than for years. At noon today the jury was deliberating on a liquor case.

The following cases have either been tried, dismissed or continued:

**Civil Cases**  
B. B. Dunbar vs Geo. S. Allison, suit on breach of warranty, judgment to plaintiff by agreement. Guarantee Bond and Mortgage vs E. M. Kirkland, suit on note, dismissed. State of Texas vs R. J. Metcalf, et al, suit to condemn public nuisance, continued. Mrs. Rhodia May Ellis vs Jack Ellis, suit for divorce and custody of child, judgment and custody of children. Carl Self vs Columbia Casualty Co. suit for compensation, judgment by agreement. C. E. Renfroe vs Johnnie Parks Renfroe, suit for divorce, dismissed. Dr. William H. Moore, et al, vs T. L. Benson, et al, suit for commission, continued. Sidney A. Gilmore vs Mamie L. Gilmore, divorce, judgment for divorce. H. L. Merck, vs Geo. S. Allison, suit on note, continued. The State of Texas vs R. J. Metcalf, Chas. Abney and Chas. C. Smith, suit on forfeited bail bond, continued.

**Criminal Cases**  
The State of Texas vs J. E. Garvin, forgery, dismissed. State of Texas vs J. E. Turner and T. H. Jones, theft, continued. State of Texas vs Federic Favello, unlawfully possessing intoxicating liquor, tried and given five year suspended sentence. State of Texas vs Roy McLendon, unlawfully transporting intoxicating liquor, continued. State of Texas vs Red, aiding one charged with felony to escape jail, continued for arrest. State of Texas vs Ed Clevers, Jack Williams, Mrs. Jack Williams, burglary, continued. State of Texas vs Roland Davis, theft from person, continued.

## Sonora Ladies Attend Meeting in Abilene

Mrs. Sidney T. Gilmore, president of the Sixth District Parent-Teacher Association, and Miss Zelma Moore, teacher of home economics in the Sonora High School, were in Abilene the latter part of last week. Mrs. Gilmore addressed the teacher institute there and was given a luncheon in the Hilton Hotel. Miss Moore attended a district meeting of home economic teachers.

They returned to Sonora Sunday. Mrs. Gilmore and Mrs. Lem Johnson, district corresponding secretary of the Sixth District, will attend a State meeting of the P.-T. A. in Amarillo from the 12th to the 17th of this month.

HERBERT HOOVER  
Our Next President

sentenced two years to penitentiary. State of Texas vs Lewis Williams and Herbert Smith, theft, transferred to county court. State of Texas vs Lonnie Jones and Kenneth Jones, transferred to county court.

W. M. Poteet drew 18 months in the penitentiary for selling liquor. He was appealed to supreme court.

## LOCAL MEN WILL ATTEND RAIL MEETING, ANGELO

A committee of four of Sutton County's most influential and successful ranchmen, Roy E. Aldwell, Sol Mayer, R. A. Halbert, Roy Hudspeth, and W. L. Aldwell, president of the First National Bank of this place and also a director of the Orient Ry., will meet with officials of both the Orient and Santa Fe in San Angelo on the 14th. W. L. Aldwell has arranged for these gentlemen to be present and ascertain if the Santa Fe is interested in the extension of its new road from San Angelo to the Mexican border. Val Verde and Schleicher counties will also send delegates to the meeting, Mr. Aldwell said.

Reports here favor extension of the Santa Fe to Del Rio and into the interior of Old Mexico.

Mr. Aldwell was informed of this meeting by W. T. Kemper, receiver of the Orient.

## Street Paving Work Begun Here Recently

Work on the hard surfacing of Sonora's thoroughfares, was begun here last week. Excavation and the spreading of gravel preparatory to the topping was started and curbing for a block on Main from the corner of the postoffice to the La Vista has been completed.

The State Highway will pave an eighteen-foot strip down the center of two and one-half blocks, the city and property owners to pay for the balance of the two blocks.

The hard surfacing of the Old Spanish Trail and the San Angelo-Del Rio Highway is progressing nicely and will be completed in a few days. At that time the Highway will begin her part of the work on Sonora's streets.

It is believed that property owners here favor the graveling of several blocks of streets in the residential section of town. This would encourage paving later on, it is stated by several business men and citizens.

# GOODYEAR

## This Business of Buying Tires

Rival tire claims today are deafening. Hear the yells—"bargain," "discount,"—service, Guarantee—all superlatives.

Competition has made better tires. But in comparing tires, the buyer must consider one big, significant, unchallenged fact:

### Moore People Buy Goodyear Tires Than Any Other Kind

To hold this popularity, GOODYEAR has made and sold far more tires than any other manufacturer for ten years.

Goodyear tires are made by the greatest manufacturer of rubber—backed by world-wide service of the highest character. This means much to the wise buyer.

Over 100,000,000 Goodyear tires have been sold. 100,000,000 buyers can't be wrong.

**JOHN FIELDS WILL GET  
HALF BALE COTTON TO ACRE**

The old belief that farming cannot be successfully carried on in this county has been knocked into a cocked hat when John Fields, ranchman and farmer got a yield of a half bale cotton to the acre on his farm south of town. Off thirty acres Mr. Fields will gin about fourteen bales of choice staple cotton, he said. This is dry weather farming with very little cultivation.

**Special Attraction  
at La Vista Theatre**

Miss Helen Paris, a pupil of the Bennet School of dancing, will appear on the stage at the La Vista Theatre the night of November 19th. Miss Paris is recognized in San Angelo as one of the best and most attractive dancers ever to have been there.  
If you are a lover of dancing, don't fail to see this young lady at the La Vista.

**ONLY \$5,000 TO THE LORD  
OUR DESCENDANTS  
LINCOLN'S SHORT LETTER  
"ONLY A COLD."**

Mrs. E. S. Dodge dies leaving one million. Nineteen thousand dollars go to friends, \$5,000 to a Presbyterian church, the balance to relatives. Five thousand dollars out of \$1,000,000 given to the Lord seems small. In old days, when heaven and hell were taken more literally, it would have been thought wise to give \$900,000 of the \$1,000,000 to religion and make sure of salvation.

But in this agnostic day many feel that the Lord does not need money, especially as He could create any amount of it by an easy miracle, whereas relatives and educational institutions DO need money, and can't perform miracles.

That a son is born to Princess Michael Cantacuzene in Chicago means little to the average, but a great deal to a few old men of the Grand Army, who know that Princess Cantacuzene is General Grant's granddaughter.

The only immortality of which we are certain, apart from the certainty of religious faith, is the immortality of our descendants. Each may live for thousands of years in his descendancy. You that read this are descendants from men that were alive on earth 50,000 years ago.

What our descendants will be we cannot guess.

General Grant, before opportunity came and people wondered why he didn't keep "sober," little thought that he would be the great-grandfather of a son of a Russian prince.

Descendants of Astors, Vanderbilts and Rockefellers will beg their bread a thousand years hence if begging still prevails of Jhenghis, Timur and Attila are among Mongolian laborers now scattered through Asia.

The Triennial Protestant Episcopal Convention in Washington is urgently requested to recognize faith cures. In such cures the patient helps himself.

will help him. Faith can do many things. A man was bound to a chair, his feet put in hot water and told that his feet would be cut by a razor.

On June 12, 1848, Abraham Lincoln wrote to William H. Herndon a short letter, telling what he thought about Zachary Taylor's prospect of election. The letter was sold yesterday for \$3,000.

Lincoln, thirty-seven years old when he wrote that letter, would have been amazed had he known what would happen to it.

At that time he would have been glad to get the job in the Interior Department for which he applied unsuccessfully. Fortunately he didn't get it, for it might have taken him out of politics.

John Hopkins, in 125 families, rich and poor, will investigate origins, causes and frequently of colds.

What is foolishly described as "only a cold," is the most harmful of diseases, causing a loss of hundreds of millions a year in wages. And what is worse, it weakens the system, exposing it to attack from diseases that destroy life—pneumonia, diphtheria, heart disease and a dozen others.

to Menard Sunday**

With a determination to get revenge for a defeat here Sunday two weeks ago, the Sonora town team will journey to Menard Sunday where they will attempt to crush that team.

The Sonora squad is practicing in the afternoons here and will go into the fray Sunday in good condition and a fighting mood.

Several fans will accompany the boys to Menard Sunday and will demand a victory.

**Much Laughter in  
"Harold Teen" Film**

Youth must be served, is the old cry.

At the La Vista Theatre next Tuesday and Wednesday, not only will youth be served, but youth will do the serving.

The fare is "Harold Teen," a delightful comedy of American youth, a First National LeRoy. The story is based on Carl Ed's celebrated newspaper comic strip of the same name, appearing daily in more than 300 newspapers, and it is not stretching a point to say that it is probably the fastest moving farce of the year.

The title role of "Harold" is played by Arthur Lake, the juvenile comedian who has been scoring repeatedly of late. Mary Brian plays his "sweetie," Lillums, and Alice White is the high school vamp, Giggles. Others in the supporting cast are Lucien Littlefield, William Bakewell, Hedda Hopper, Lincoln Stedman and Ben Hall. "Harold Teen" is a Robert Kane production.

The back of a razor was drawn across the soles of his feet. Not a drop of blood was shed, but he died. What can kill can cure.

Some doctors wisely believe that faith healing should be used to help nervous patients.

MISS MARGARET McCLURE, Reporter.

### TENNIS CLUB

Tuesday November, 6, the girls who wanted to play tennis met and organized into a club. This club will be known as The Racket Club. This club has great plans of cleaning off the ground and making a grand and glorious tennis court.

The officers were elected as following: Dorothy Baker, president; Elizabeth Caldwell, sec. and treasurer; Hattie Taylor, reporter.

Members of the club are: Mora Lee Meekle, Dee Trainer, Pauline Turney, Mary Louise Gardner, Ealne White, Hattie Taylor, Jettie Mae Crosby, Dorothy Baber, Elizabeth Caldwell, Edith McGhee, and Alice Sawyer.

James (Red) Hill. Monday afternoon in practice Red fell on his shoulder and cracked it so badly that he will probably be out for the season.

Hill came here without experience, but with a stout heart and a desire to play football. His efforts were not very effective until he was placed at right tackle against Rocksprings. In this game and in the struggle with London he showed up well on offense and was a tower of strength on defense. This accident has spoiled a bright future for Red this fall and has weakened the Bronco's forward wall.

### SONORA COLTS WIN AGAIN FROM ELDORADO

A victory was snatched from the Junior Bronco's at Eldorado Tuesday afternoon. The yearling bronco's had the situation well in hand during the

entire first half. Shortly after the game started Ory, a yearling bronco, bucked his heels into the air and kicked his way through a golden trail of tacklers for a touchdown. In the second quarter a series of sweeping end runs placed the colts on Eldorado's five-yard line. No holes were located in the fence, so a colt jumped out of it and received a well-timed pass for another marker.

The second half proved to be a painful dream for Sonora. This suffering came in form of a big Eldorado back, who with the aid of the side line, ran over and through the two six point marks. During this rally outward appearances were tame enough but inside dope proved that vicious biting, kicking and scratching was going on under cover. Both teams were very much on the alert, but the game ended without the loss of any lives.

However a detective might find bits of skin and hair scattered about over the scene of battle.

In the fourth quarter Eldorado's rally faded and the colts got back to their old stride. But two incomplete passes behind Eldorado's gold line left the game 12-12 (in favor of Sonora)

### ZANDER GUMP WEDDING GIVEN THURSDAY EVENING

The Zander Gump Wedding was presented last Thursday evening, Nov. the first in the school auditorium. This comic play was given for the benefit of the Missionary Society.

Many people of the town, as well as the school children, took part in this bit of comedy from "Funny-paper-land".

The wedding guests were: The Rinky Dinky Club: Wesley Sawyer, Don Dunklin, Billy Penick, Jack Rape.

Miss Silvia Appleby: Miss Brace Draper.

Mr. mbrose Potts: John Eaton. Mr. Appleby: (father of Miss Appleby) M. O. Britt.

Maggie Jiggs: Mrs. Chas. Evens. Jiggs: Troy White.

Skeezik: Marion Elliott. Rachael: Miss Margaret McClure.

Jay Freckles, and Tagalong: Lem Eriel Johnson, J. O. Millsand, S. H. Stokes

Mandy: Miss Vivian Ball.

Plato: Mr. Allen.

Flapper Ethel: Miss Joanna Stokes

Flapper Ruth: Mrs. Lovell Light-tower.

Flapper Fanny: Miss Pauline Kring.

Mutt: Mr. Leonard Caldwell.

Jeff: Mr. John Hull.

Barney Google: Mr. Laurence Grimland.

Mrs. Tuggle: Mrs. Robert Kelly.

Elmer: Wilburn Glasscock.

This occasion was honored by the presence of Major Hoople, (Mr. Rees Hill), who performed the ceremony.

The wedding party was as follows: Mr. Whipple: Hilton Turney.

Hairbreadth Harry: Ramond Tate.

Tillie: Mrs. John Feilds.

Belinda: Miss Hazel Stokes.

Orphan Annie: Nina Rouche

Chester Gump: Herbert Fields.

Matron of honor:

Min Gump: Mrs. Wiley McDaniel.

Best Man: Andy Gump: T. M. White.

Bride: Henrietta Zander: Miss Eula Lilly.

Groom— Uncle Benjamin Gump: Chas Evans

Train Bearers: Katzenjammer Kids: Troy White,

Harold Saunders.

The roll was called by Major Hoople and each guest answered with a short verse. A short program was rendered just before the wedding party entered, to the strains of the usual wedding march. This program consisted of a duet, "The Old Gray Mare" by Mutt and Jeff, second number was a solo "I Love You Truly" sung by Mrs. Maggie Jiggs, after which Mr. Jiggs presented his wife with a beautiful bouquet.

The entire assembly marched out to the strains of a wedding march.

### SONORA vs LONDON

At last the sensation of winning a football game has been experienced by the young Broncos. It was indeed a thrill for all parties concerned. A winning score of 19-0 against the London club left the Sonora boys in a pleasant swoon. After he bitter defeat by Rocksprings it looked as if luck insisted on keeping the Broncos submerged into the world of underdogs. This game has not developed a case of chestiness but confidence.

The first quarter of the game was featured by slashing off tackle runs by McClelland and Taylor, and cross bucks of the driving variety by Brown and Trainer. This drive resulted in a touchdown only after the three final bucks failed to gain the last few feet and body luck visited the locals on the last down. McClelland tossed a short pass and then caught it for the marker after it had been batted back into his hands by a London secondary man.

London's heavy fullback ran thirty yards on the first down, after the ball was kicked off the second time, before he was dragged to the ground. During the entire game the visiting team made only one or two other first downs.

The second half was featured by consistent gains made by everyone in the backfield. Both McClelland and Trainer made long broken field runs, which resulted in two more touchdowns. Trainer experienced the thrill of his first touchdown.

The entire team showed the real football spirit on defense. The visiting team was thoroughly tackled everytime they came in possession of the ball.

**SPEND YOUR DOLLAR AT HOME**

This paper has ever been a constant advocator of trading at home, and believes this to be the best policy. If we ever expect to have a town, it is very necessary that the people and business men spend their money at home even if you have to pay a little higher price than by buying it away from home.

The home merchant in Sonora, we believe, is selling his goods at a reasonable and legitimate profit. He has to do this to stay in business. We had much rather patronize a business firm that is making a reasonable price than one who is always cutting the price of goods.

The local merchants pay their taxes here, donate to the churches and other worthy causes. All in all, they are the backbone of our town, and should therefore have the moral and financial support of its citizens.

Before making your purchase, always consult your local merchant and at least give him a chance. This policy of trading at home can be applied to printing as well as goods bought from other merchants.

**AMISTICE DAY PROGRAM**

On Sunday night the Churches are going to have a joint service in honor of the soldiers. This service will be held at the Methodist Church Sunday night, Nov. the eleventh. There will be a roll call of the soldiers and special music. The Boy Scouts are to be dressed in their Scouts suits and they are to march in with the soldiers.

**FIRST GRADE HONOR ROLL**

Due to an over sight the first grade did not get on the honor roll last week. We are glad we have some first grade folks on the honor roll. These pupils who have made honor roll grades are: Jimmie Gwynn Langford, Katha Lea Keene and Wanda B. Rape.

Miss Grace Draper has been out of school this passed week due to illness. Miss Draper's sister came Sunday and took her to her home in Lohn. Miss Draper is some better but not able to resume her work.

**BENEFIT PLAY NEXT WEEK**

"Alias Billy Nix," a three act play comedy, written by Ted and Virginia Maxwell will be given in the high school auditorium the latter part of next week. The proceeds of this play are to go to the football funds.

We want to boost our foot ball team so come and give them your support.

The cast of this comedy is: Harrison Cook Jr.; Alias Nix; John McClelland.

Harrison Cook: Hillman Brown. Koji Shakurad: Jack Feaster. Wilson McClure: Louie Trainer. Hard Boiled Handy: William Taylor. Winifred Enright: Muriel Simmons. Betty Cook: Allie Halbert. Evelyn Cook: Margaret Hull. Mable Winton: Lena V. Stokes.

This is a modern play and well worth your time.

**WARD & SON MOVING GOATS TO LIVE OAK RANCH**

John A. Ward, Jr., is moving five hundred registered does from the Ward & Son ranch near here to the Ward ranch in Live Oak County. John A. Jr., and wife will make the Live Oak ranch their future home. Mr. Ward also has about two hundred registered Delaine and Rambouillet ewes on his ranch near town.

**HOME ECONOMICS DEPARTMENT**

Within the last week the second year Home Economics Class have taken up the study of the care and clothing of infants. They are learning a great deal about the proper way to care for and clothe infants. Soon they will make some of the important garments for the infant; which will be on display when finished. The girls have chosen this problem as their donation to the Home Economics Department this year.

The 4-H Club disbanded, has reorganized in the form of a new "4-H Club". The former had left in its treasury \$36.08. This club decided to divide this sum equally between The Racket Club and the Home Economics Department. The department very graciously accepted the gift and extended their thanks to the 4-H Club.

The Home Economics Students as a whole are doing very commendable work. The work done by this department is carried over in to the home.

Our Home Economics instructor, Miss Zelma Moore, has made a recent trip to Abilene where she attended a district conference of the Home Economics teachers.

She reports to us that she found that the Sonora High School department of Home Economics is equal to the departments of the larger schools; also that we have some better points and more conveniences than some of them. Therefore we are very proud of our standing in this line.—H. E. Student.

**Charlie Kiser and Hattie Ory Married**

Tuesday afternoon, Miss Hattie Ory and Charlie Kaiser stole a march on their friends when they were married by Justice of the Peace, Doty in Eldorado. The wedding took place in the office of the justice of the peace at that place at seven-thirty. Miss Ory is the charming daughter of Mr. and Mrs. Cal Ory of this place. She is a graduate of the Sonora High School, and is very competent to make her husband a life help-mate. The groom is a young gentleman of sterling character and has many friends here in this part of the country. He is the son of Mr and Mrs. J. L. Kaiser of this city. The News, together with many friends, wis this happy young couple all the joys of life.

**TIGER PATROL HAD CHARGE OF BOY SCOUT MEETING**

The Tiger Patrol had charge of the Boy Scout meeting last Monday nite. A program was rendered on first aid and a few contests were had.

The following Scouts were given their 100 Per Cent Duty badges: John Hull, Edwin Sawyer, Marvin Barnes and James Ed Hutcherson.

Cleveland Jones applied for membership and Troy White was received into the patrol. Max Turney was presented with his Tenderfoot badge.

The Silver Fox Patrol and the Tiger Patrol had a contest in which the Tiger Patrol won.

Scout Executive Foster gave tickets to the boys to be sold for the La Vista Theatre. The Scouts get 25 per cent of the money for the tickets.

The Scout meeting was closed with the Scout oath.

Boys, if you don't hurry and join, you are going to lose out in the contest we are having. Come in and take your Tenderfoot test.—A Scout.

**Baptist Church Is Now Out of Debt**

The last indebtedness of the Baptist Church in the sum of \$345 has been paid, according to Mrs. J. A. Stephen.

It is the intention of the Baptist to either remodel the present church building or build a new addition, she said.

Present membership of this church is about sixty.

**New Ford Finance Plan in Operation**

Sam Hull, of the Sonora Motor Company, local Ford dealer, returned Tuesday from Dallas, where he received details of the new Ford finance plan.  
The new finance plan will be operated by the Universal Credit Company, an affiliated specialized organization controlled by the Ford Motor Company and operating solely for the purpose of financing Ford products on a "time basis." The branch office serving this territory is located on the 9th floor of the Burt building, Dallas, Texas.  
This is of special interest to prospective purchasers of Ford products on a "time" basis. Under this authorized finance plan, Ford customers will have a finance service available which is sound and in keeping with Ford policies and standards. The plan is nation-wide in scope and for the exclusive use of Ford dealers.  
It is another step of the Ford organization in reducing costs by controlling operations from the mine to the consumer. The cost of this service will be lower than any heretofore available to Ford customers on a national basis, and automatically reduces the price of Ford cars on a "time" payment basis. It is a further expression of the established Ford policy of giving outstanding values and complete service to the consumer at the lowest possible cost.  
The plan also contemplates the purchase by the Universal Credit Co. of sound and adequate fire and theft insurance, protecting the joint interests of the purchaser, the dealer and the company in the car.  
The purchaser receives a policy of standard form insurance providing protection for one year. Such policies are issued by the Home Insurance Company of New York, the largest fire insurance company in the United States. The policies provide for settlement based on the actual cash value of the car at the time of loss.  
The Universal Credit Company and the Ford dealer work together in making this new economical Ford service available to all purchasers of Ford products on a "time" basis. The Sonora Motor Company, local Ford dealers, will be glad to explain all the details of the plan, which applies to both new and used cars purchased from Ford dealers.

**250,000 Pounds Wool Sold at Rocksprings**

In the neighborhood of 250,000 pounds of Edwards county's fall clip of wool was sold late Saturday evening by the Rocksprings Livestock Loan Company and the Edwards County Wool & Mohair Warehouse Company, and from what little information coming to us of this sale, we gather that the growers will receive a substantial price for the clip.  
The price paid for this accumulation will possibly be given out for publication next week, yet we are confident that the price will run a little above what has been given out from several other points this fall, venturing the assertion that the price will be around 35 cents.  
Edwards county will market this year approximately 1,700,000 pounds of mohair and 1,500,000 pounds of wool from the flocks of the county, at prices sufficiently high to mean much money to the county. This sale of mohair and wool, a semi-annual event places much money in circulation and at the present time a prosperous condition attends the sales, since the county livestock raisers are not put to any additional expenses for feeding owing to the splendid condition of the ranges at the present time.—Rocksprings Record.

**Dr. Frank Crane Says—**

**MILK**  
Milk is perhaps the most ideal food for a human being. It is our only food in infancy and a food too little used by adults. It has been called "the perfect food."  
It is a food, however, that is hard to keep, for it readily spoils at too great a temperature.  
We have preserved all other kinds of foods, we have salted fish, canned vegetables and fruits, canned meat and smoked ham.  
In 1851 a man went to England with a meat biscuit he had invented. On the ship on which he traveled there were cows to give fresh milk. At that time most vessels resembled floating barnyards, that is, most vessels that pretended to give human comfort. The inventor observed on his return trip home in the summer that the cows were sea sick, the milk was bad and many babies died.  
Coming home he devised a process of drying milk and canning it. After much difficulty the enterprise was successful.  
It grew to great proportions during the Civil War, when the government bought the entire output of his factories.  
Since then preserved milk has been a boon to all explorers whether in the frozen regions of the north or in darkest Africa.  
Herbert Hoover preserved the lives and health of some 1,200,000 Belgian children by condensed milk.  
Our own Mr. Strauss has proved himself a public benefactor by supplying pure milk for babies.  
Any traveler in Europe is familiar with the dirty milk that is supplied everywhere from milkmen's cans. These have been replaced almost entirely in America by the bottle.  
Still about 6,000,000 children in the United States between the ages of two and fourteen are undernourished. They are stunted for lack of proper food, usually for lack of milk.

The various companies handling milk have done much good by disseminating knowledge as to the value of pure milk. Pure milk has as much to do with preventing infant mortality as any other one thing. In China, years ago, when they had plenty of cows, they created a great civilization, now that they have cut down their forests and eaten their cows they kill as many babies as they raise. You cannot bring up a child, with success, on tea.  
Those health departments in the various cities which are insisting on pure milk and the companies which owe their success to the distribution of pure milk, deserve all encouragement. Nothing could be of more importance to the public health than the maintenance of a supply of pure milk.

**CHEVROLET**  
**CONSTANT EXPANSION**  
*—to serve Chevrolet owners better*

**S**INCE January 1st more than a million new Chevrolets have been delivered to owners—making the Chevrolet Motor Company, for the second consecutive year, the world's largest builder of automobiles!

This outstanding achievement has been attained not only because of the quality and value of Chevrolet cars—but also because there has been a constant expansion of Chevrolet service facilities.

In order to bring these mammoth facilities of the Chevrolet factories to Chevrolet dealers and owners everywhere, there have been erected 26 huge parts warehouses in the principal centers of distribution. This expansion program is continually going on—for four great additional warehouses will be in operation by January first and seven more by the summer of 1929.

Into the service departments of all Chevrolet dealers, Chevrolet has brought special tools and shop equipment—designed under the supervision of Chevrolet engineers. This equipment definitely assures maximum speed and precision and the lowest possible cost in the performance of every Chevrolet service and repair operation—which are charged for on a flat rate basis.

Furthermore, all of these tremendous facilities have been made available to 15,000 authorized service stations manned by skilled mechanics, over 25,000 of whom have been factory trained to efficiently handle every repair operation on a Chevrolet car. In addition, there are over 4,000 other points where genuine Chevrolet parts may be obtained.

Uniformly efficient, uniformly reliable and within easy reach of everybody everywhere—this great service organization is maintaining at peak efficiency the fine performance for which Chevrolet cars have always been renowned.

We cordially invite you to come in and see how our service facilities reflect the influence of this great national service program.

### Cowboy Lassoos an Alleged Robber

In the case of the State of Texas vs Roland Davis, alleged hi-jacker, testimony revealed that a West Texas cowboy lassoed an alleged robber. Mr. Humphrey, who employed on the Callan ranch, succeeded in capturing his man with the rope. The lariat is the cowboy's friend—it is used for various things when the occasion demands.

This galloping man of the range, after being requested to capture this unruly person, had the "nerve" to get his man and tie him like he would a vicious outlaw steer. John McClelland and Granville Barker, both young boys, were the victims of the robber, evidence in the trial here reveals.

**"Red Mark in New Picture Style"**

Will "The Red Mark" upset movie traditions and evolve an entirely new type of screen play?

James Cruze, pioneer in many daring film innovations—the first man to spend \$600,000 on a "Western" with "The Covered Wagon" and the first man to make an inanimate object as he did the ship in "Old Ironsides"—is again blazing a new trail with "The Red Mark," which will be on view at the La Visita Theatre on Monday next.

In this feature, adapted by Walter Woods from John Russell's story, Cruze has followed the original tale exactly. "The Red Mark" is laid in a surrounding never before dared by producers—a penal island, inhabited by criminals and and their keepers. With one exception, every important character of the story is a convict. The exception is Nena Quartaro, lovely Cruze find, who plays the part of the daughter of convicted parents.

Others featured in the cast besides Miss Quartaro are Gaston Glass, Gustav von Seyffertitz and Rose Dione, Luke Cosgrave, Eugene Pallette, Jack Roper and Charles Darvas play important parts.

**Methodist Church Owes only \$5,000**

The \$34,000 Methodist Church building of this place is all paid for except \$5,000, according to Robert A. Halbert, who is in charge of the finances of that church.

This building was erected three years ago with a subscription of \$23,000 paid at that time. \$1,000 installments are being paid semi-annually with a rate of four per cent interest, Mr. Halbert said.

The installment now due is to be paid at an early date. \$500 of that amount has been paid to Mr. Halbert.

The Methodists here have a membership of approximately 250. Rev. F. M. Jackson is the pastor, and was sent here for another year by the Methodist Conference which adjourned in San Aneonio last week.

READ EACH LETTER—THEY ARE WORTH YOUR ATTENTION.

### A SONORA RANCHMAN:

San Angelo, Texas  
September 29, 1928

Mr. Will R. Ede,  
Henderson-Ede Company,  
San Angelo, Texas

Dear Bill:

Answering your inquiry relative to the services my Buicks have given me, I am more than pleased. My wife's 1927 Buick Master Six Coupe and my 1927 Master Six Roadster were bought after a thorough examination of several makes of cars in Buick's price class. I bought Buicks because of their established reputation for dependability, durability, power, economy and ease of handling.

After driving my 1927 Roadster 32,000 miles, at which time it apparently was running as well as it did when new, I traded for a 1929 Master Six Roadster.

I do not believe that there is any car, regardless of price, as easy to handle, rides any better or performs any nicer. The 1927 Buick I owned was an unusual car—the 1929 Buick is a great car.

For power in the mud, I have never seen any car that will compare with my 1929 Buick. From my ranch to Sonora there are twenty-eight miles of the blackest, boggiest mud when it rains. I've had when just a little wet. Terrible when real wet. This road had had six-inch rain on it when I left to come home Wednesday, September 26. I had three other people besides myself, as well as a good deal of luggage. To make it worse the road had not been traveled and I had to make my own ruts. I pulled it in high gear practically all the way, and could have pulled all of it in high, but inasmuch as my motor was new and stiff, I did not want to pull it hard.

If there is any further information that yourself or others would like to know about my 1929 Buick, don't hesitate to call on me.

Sincerely,  
OSCAR APPELT

Gentlemen:

Answering your inquiry regarding my opinion of the 1929 Buick Master Six Sedan, which I purchased from you, will say that although I have owned Buicks since 1909, fifteen Buicks in twenty years, I have never driven any Buick or ridden in any other car that will compare with the 1929 Buick in smoothness at all speeds, power on the hills and in the mud, and roadability.

After I had driven my 1929 Buick four hundred miles, my family and I made a trip to Denver, Colorado Springs, Estes and Yellowstone Parks, driving a total of 3,271 miles. The way the new Buick pulled was simply marvelous and frequently, on muddy roads, I would pass other cars with chains on, without chains on my car.

This car has been driven a total of 5,200 miles, has averaged fourteen miles to a gallon of gasoline, and we never add oil but change between nine hundred and one thousand miles. On our trip we drove from fifty to sixty miles an hour continuously where traffic permitted, and the car never heated at any time. It is certainly the coolest running car I have ever owned or seen. We have not had a minutes trouble with the car, which is typical of Buick.

I am so well pleased with my 1929 Silver Anniversary Buick, that, as you know, I have placed my order with you for another Buick Master Six Coupe to use as my ranch car.

Wishing you continued success with the greatest car ever built, I am,

Yours very truly,  
JOE MONTAGUE

Gentlemen:

It would probably interest you to know that I drove my 1927 Buick Master Six Sedan 101,221 miles before any mechanical work was done on my motor. At this mileage the valves were ground for the first time, one new valve installed and a gear put in my oil pump. The car has been driven a total of 102,933 miles and is at this time getting fourteen miles to a gallon of gas and using one quart of oil every eight hundred miles.

I own a third interest in the bus line between San Angelo and Del Rio. Several different makes of cars other than Buicks have been used on this line, but now we use nothing but Buicks because we found we could operate Buicks at a saving between \$1.50 and \$2.00 per day on gas and oil alone and the Buicks had so much less repair expense that there wasn't any comparison.

I have recently purchased a 1929 Master Six Seven passenger sedan, having driven it 13,306 miles, of course without the least moment's trouble and will say unhesitatingly, that of all cars I have owned or driven, and I have driven cars approximately 195,000 miles in the last thirty-two months, that the 1929 Buick is the most powerful car in the mud, or on the hills, is the easiest handled at all speeds, the most comfortable riding and roomiest car I have owned or driven. I might mention, too, its remarkable getaway in all gears, and its economical use of gas and oil.

The slogan your company uses is certainly true, "When Better Automobiles are Built—Buick Will Build Them."

Very truly yours,  
J. C. RUSSEL

September 29, 1928.

Gentlemen:

During the past week I happened to an experience with my 29-44 roadster which I fell is worthy of being called to your attention.

On Wednesday of this week the road between Ozona and Sonora had become practically impassible due to heavy rains which had fallen in that area, and a large number of cars were "stuck" or hung up for various reasons in the sticky, black mud which comprises the major part of the road between these two points. Due to the fact that I had broken off my shifting lever, it was not possible for me to get my car out of high gear. As a consequence, it was necessary for me to negotiate the last twenty-four miles between these points IN HIGH GEAR ALONE. In fact, I did not expect to succeed in making the remainder of the trip without access to the lower gears, but wishing to get as close to Sonora as possible, I made the start, plowed through the worst mud holes, up the hills and through the high water without mishap, using nothing but my high gear. Mr. R. C. Pitt of the Woolley-Jones Oil Corporation, Los Angeles, and Mr. W. T. Noelke, well-known rancher of this city, can affirm as to the fact of this performance.

In my business as a drilling contractor, I have had considerable experience in operating automobiles under the worst road conditions imaginable. I have owned thirteen Buick cars, in addition to several of other makes, and will say without reservation, that my 1929 Buick is the best handling and most powerful car under heavy road conditions that it has ever been my pleasure to operate.

Yours very truly,  
A. R. EPENAUER.
