PROVED BY THE PAST—IMPROVED FOR THE FUTURE

**PROGRESS TTT CLUB**

The TTT club met with Mrs. W. G. Kennedy Thursday night of last week. Officers for the coming year were elected as follows:

Mrs. W. G. Kennedy, president; Mrs. B. L. Hillock, vice-president; Miss Desie Vinson, secretary-treasurer; Miss Elzenda McMahon, reporter; Mrs. Harold Mardis, council delegate; Mrs. I. G. McNary, parliamentarian; Mrs. Charles Long, warlike demonstrator.

New styles for Fall were discussed. Each member answered the roll call with some latest fashion hint—Reporter.

**THE STATE OF TEXAS**

To the Sheriff or Any Constable of Bailey County Greeting:

**YOU ARE HEREBY COMMANDED TO SUMMON** Roger K. Lathy, who resides in the State of Missouri, their unknown heirs and legal representatives and all persons owning and claiming an interest in and to the hereinafter described lands, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County to your County where a newspaper is published; to be and appear before the Honorable District Court of Bailey County, Texas, at the next regular term thereof, to be holden at the Court House in Muleshoe, Texas, on Fifth Monday in November, 1936, the same being the 30 day of November, 1936, then and there to answer the Plaintiff's Petition, filed in said Court on the 29th day of October 1936, wherein the Liberty Independent School District is plaintiff, and Roger K. Lathy is defendant, file number of said being No. 1084.

The nature of the plaintiff's demand as set out in said petition, being an action to recover of the defendant the sum of One Hundred Seventy one (\$171.54) and 1/4-100 Dollars in delinquent taxes due plaintiff for the years 1931, 1932, 1933, 1934 and 1935, including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs, being upon the following described property, situated in the County of Bailey and State of Texas, and within the metes and bounds and territorial limits of said Bailey County, Texas:

W 1/4 of SE 1/4 Sec. 33, in Block W, Bailey County, Texas, Lots 17 to 20 & 1 to 6 in Sec. 91, Blk. Y, Bailey County, Texas. Lots 28, 29, 30, 41, 43, 45, 58 to 69, all in Sec. 92 Blk. Y, Bailey County, Texas.

And plaintiff further prays for the foreclosure of her liens against said property to satisfy her taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit and for general and special relief, of which will more fully appear in plaintiff's original petition now on file in this office.

Herein Fall Not, and have you then and there before said Court on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Muleshoe, Texas, in the County of Bailey, this 29 day of Oct. A. D. 1936.

J. B. Burkhead, Clerk, District Court, Bailey County, Texas.

By Lola Lipscomb, Deputy. (SEAL)

**THE STATE OF TEXAS**

To the Sheriff or Any Constable of Bailey County Greeting:

**YOU ARE HEREBY COMMANDED TO SUMMON** C. H. Whitehead whose place of residence is unknown, their unknown heirs and legal representatives and all persons owning and claiming an interest in and to the hereinafter described lands, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County to your County where a newspaper is published; to be and appear before the Honorable District Court of Bailey County, Texas, at the next regular term thereof, to be holden at the Court House in Muleshoe, Texas, on Fifth Monday in November, 1936, the same being the 30 day of November, 1936, then and there to answer the Plaintiff's Petition, filed in said Court on the 18th day of November, 1935, wherein the Liberty Independent School District is plaintiff, and C. H. Whitehead is defendant. The number of said suit being No. 890.

The nature of the plaintiff's demand as set out in said petition, being an action to recover of the defendant the sum of Two Hundred Fourteen (\$214.35) and 35-100 Dollars as delinquent taxes due plaintiff for the years 1925, 1926, 1927, 1932, 1933 and 1934, including interest, penalties and costs, that have accrued thereon, said taxes, interest, penalties and costs being due upon the following described property, situated in the County of Bailey, and State of Texas, and within the metes and bounds and territorial limits of said Bailey County, Texas, to-wit:

Being the NW 1/4 Block 48 W, Abstract No. 280 Survey No. 602, Taylor containing 111 acres of land, and situated in Bailey County, Texas.

And plaintiff further prays for the foreclosure of her liens against said property, to satisfy said taxes, interest, penalties and costs, for an order of sale, writ of possession, all costs of suit and for general and special relief, all of which will more fully appear in plaintiff's original petition now on file in this office.

Herein Fall Not, and have you then and there before said Court on the first day of the next term thereof, this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said Court, at my office in Muleshoe, Texas, in the County of Bailey, this 29 day of Oct. A. D. 1936.

J. B. Burkhead, Clerk, District Court, Bailey County, Texas.

**New Deal Borrowings**

In June, 1932, the total outstanding loans of the banks of the nation was \$28,000,000,000, of which \$3,486,000,000 was government obligation. In June, 1935, under the New Deal, the outstanding loans of the banks was \$20,419,000,000, of which \$14,234,000,000 was gov-

# INSTANT STARTING

## on Coldest Days

FOR extra fast cold-weather starting, your motor must have a gasoline that is extra high test. Phillips 66 Poly Gas meets this specification right down to the last "T".

Because it is made by the WORLD'S LARGEST PRODUCER of natural high test gasoline... because it is 100% custom-tailored to the constant changes in your climate... because we always aim to give greater value—the high test (gravity) rating of Phillips 66 Poly Gas is right now being pushed up and!

You know this gasoline is different, the first time you touch the starter. And every mile you drive piles up more evidence of the benefits given by extra high test plus the added energy units supplied by the patented POLYMERIZATION process.

Say "Fill it up!" to the man at the Orange and Black 66 pump and you say "Good-bye!" to the nuisance and damage of slow, hard, winter-starting. You get faster warm-up and smoother running. You reduce battery drain. Cut crankcase dilution. And save the miles usually wasted by overtime use of the choke.

Why wait? Today or tomorrow, the first time your gas gauge looks low, try this seasonal winter gasoline. It doesn't cost a penny more than ordinary motor fuel.

**COLD WEATHER**

Phillips 66 Motor Oil is 6 for instant starting, helps instant starting your motor and your with this finer, longer-lubricant.

PHILLIPS 66 MOTOR

**Correct Posture Is Held Essential For Children In School**

Austin, Nov. 3.—Correct posture in school children and adults as well, is necessary to proper physical and mental development, says a warning from the Texas State Department of Health. "Good posture is a sign of self respect and plays an important part in winning the respect of others," said Dr. John W. Brown, state health officer.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good physical condition and yet examination of large groups of school children show a high per cent to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Abdominal organs may also be pushed out of natural position, which may seriously interfere with their action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards.

"School children who have poor posture are said often to average lower in attendance and in school mental and

physical activities than those who have good posture. A child may be forced to hold his body in unnatural position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet to rest on the floor and the forearms and hands to rest upon the tops without the shoulders being hunched up.

"Begin early in life to teach your children to stand straight and sit straight for health and self-confidence, and they should grow into strong, well-built men and women."

**Bread Pudding.**

2 cups dry bread crumbs  
1 quart hot milk  
1/2 cup sugar  
1 cup chopped figs  
1/4 cup melted butter  
3 eggs, beaten  
Salt  
1/2 cup chopped nuts

Add bread crumbs to hot milk and set aside to cool, then add all other ingredients and pour into greased baking dish. Place in pan of hot water in moderate oven and bake for one hour or steam for two hours. Serve with plain or whipped cream or pudding sauce.

**Lemon Frosting.**

1 tablespoon grated orange rind  
2 tablespoons butter  
1 cup confectioner's sugar  
2 tablespoons lemon juice  
1 tablespoon water  
2 cups confectioner's sugar  
Cream orange rind and butter and add gradually the salt and one cup of confectioner's sugar which has been sifted. Add lemon juice and water and remaining confectioner's sugar.

**To Ease a Headache Fast**

Get Real Quick-Acting, Quick-Dissolving Bayer Aspirin

See How Genuine Bayer Tablets Work

In 3 seconds by simply watch a genuine BAYER Aspirin tablet starts to disintegrate and go to work. Drop a Bayer Aspirin tablet in a glass of water. By the time it hits the bottom of the glass it is disintegrating. What happens in this time... happens in your stomach.

**Virtually 1/2 a Tablet Now**

If you suffer from headaches that you want quick relief... Genuine Bayer Aspirin tablets give quick relief, for one reason, because they dissolve or disintegrate almost instantly they touch moisture. (Note illustration above.)

Hence—when you take a real Bayer Aspirin tablet it starts to dissolve almost as quickly as you swallow it. And this is ready to start working almost instantly—headaches, neuralgia and neuritis pain start easing almost at once.

That's why millions never ask for aspirin by the name aspirin alone when they buy, but always say "BAYER ASPIRIN" and see that they get it.

Try it. You'll say it's marvelous.

**Some Of The Many Oddities Of The Election Tuesday**

Everyone knows that Franklin D. Roosevelt and Alfred M. Landon met for the presidency in the polling booths of the nation November 3, but did you know that...

Voters marked their ballots for Landon in Roosevelt, Ark., Roosevelt, Minn., Roosevelt, Mo., Roosevelt, N. Y., Roosevelt, Okla., Roosevelt, Tex., Roosevelt, Utah, Roosevelt, Wash., Roosevelt, Wis., Roosevelt Beach, Ore., Roosevelt Road, Ill., Roosevelt Park and Roosevelt Square, Mich.

Nowhere did they vote for Roosevelt in Landon, because there is no city or town by the name in the United States. However, there is an Alf, Ark., if you care for diminutives.

There are three cities named Democrat, one in Arkansas, another in Kentucky, and a third in North Carolina. There's a Republican City in Nebraska, and a Republican Grove in Virginia.

New York's one man precinct again straggled to the polls anywhere between 6 a. m. and 7 p. m. while eight attendants at a cost of about \$175 to the city solemnly registered his preference. Of all the voters enjoying the secrecy of the Australian ballot system throughout the United States, this one man, a Rabbi, alone was exempt. By law he had to use a voting machine. He is the only voter in his precinct, and congressional law said he couldn't be moved to another. It took a full staff one week to register him. Then on election day there were watchers and checkers and clerks and all to tabulate his lone vote. There is never any question either, of how he voted. As the rabbi goes, so went his entire precinct.

Mr. and Mrs. Odus Thompson were asked to attend the Recreation school to be held in Muleshoe. Officers for the coming year were elected as follows: Chairman, Mrs. L. C. Gurley; Secretary and Treasurer, Mrs. W. W. Williams; Council Delegate, Mrs. M. A. Snider; Other officers will be named in the near future.

We extend a hearty welcome to everyone to visit us Achievement day. Rev. Cook, of O'Donnell, has accepted the pastorate of the Baptist church here.

Mr. and Mrs. Oscar Reemer and children, with Mrs. W. Robertson, returned from Spearman, Saturday.

Mr. and Mrs. Oscar Riemer and son, Jimmie Dale, of Spearman, are the guests of Mr. and Mrs. C. E. Dotson, this week.

West Camp 4-H club met Wednesday night, October 28, in the school building to elect new officers: President, Paulin President, Jaunita Hugh Treasurer, Lou Ellen B onstrator, Pauline A Nora Lee Dotson; Sec. Waller; Game Leader; Sponsor, Mrs. Assistant Auditor, M

After the business and games were led on, after which cookies were served Louise Adair, Ila I rington Mrs. E. E. ter, Juanita, Charl son, Mr. and Mr. family, Asher Smith, Lou Elle Mrs. E. B. Dick; Miss Margaret; tending Tech, Lubbock, s weekend with her parents, Mrs. C. E. Dotson.

# \$13,000,000 IS THE RECORD EXPENSE IN MOST COSTLY CAMPAIGN EVER CONDUCTED IN U. S. OF AMERICA

**Both Major and All Minor Parties Spent Lavishly In Effort To Land Their Candidates In Offices.**

Direct expenditures of more than \$13,000,000 has already been recorded in connection with America's most expensive presidential election held last Tuesday, while no one has any idea the total of the indirect and unaccounted for expenditures. It was a hard fought battle, entailing the use of much money, time, energy and talent.

The expense list of the Republican party filed before election day showed a total, in round numbers of \$7,000,000. Listing disbursements of \$1,302,086 in the 10 days ended Oct. 28, the Republican committee disclosed it had spent \$6,688,663 since Jan. 1. Additional spending by congressional and senatorial committees located the party's total at \$7,486,718.

The combined outlay of the two major parties climbed close to \$11,000,000, as disbursements by Democratic organizations increased to \$3,430,494. The Democratic National Committee spent \$3,406,501 of this sum, while the rest was paid out by congressional and senatorial committees.

Minor parties and independent groups—such as the American Liberty League, the United Mine Workers, the National Union for Social Justice, and the Good Neighbors League—have listed disbursements of well over \$2,000,000 in their reports to the clerk of the House.

**Hearst Gives \$10,000**

Spending by individual candidates and local organizations raised the campaign total still higher.

Expenditures of both major parties in the entire 1932 campaign were only \$4,376,000, while \$11,566,000 was spent

in the 1928 election, the most expensive on record.

The Republican National Committee recorded contributions of \$6,933,232 for the year, including \$1,198,279 since Oct. 19. Collections by other committees brought the party's total income to \$7,444,395.

Donations since Oct. 19 included \$15,000 each from Raymond E. Pruitt, Chicago, and L. A. Young, Detroit; and \$10,000 each from Julius Fortsman and Harris Dunn, both of New York City, and William Randolph Hearst, San Simon, Cal., publisher. There were a large number of recorded contributions running from \$1,000 to \$5,000 each.

**Labor Aids Roosevelt**

The Massachusetts Republican Finance Committee turned over \$65,000 to national headquarters, while contributions of other state organizations included \$22,242 from the New Jersey Republican National Finance Committee; \$5,000 from the Indiana Republican Victory League; and \$100,000 from the National and State Finance Committee of Pennsylvania.

The national committee's report showed a \$266,523 balance on hand, and an income of \$59,020 from the sale of participation certificates at about \$1 each.

The American Labor Party, supporting President Roosevelt in New York State, reported disbursements of \$133,534 up to Oct. 27.

Its contributions of \$112,673, collected chiefly from trade unions, included gifts of \$23,515 from the International Labor Game Workers and \$11,500 from the Amalgamated Clothing Workers of America.

The Union Party, backing the presidential candidacy of Representative William Lemke, listed total expenditures of \$59,612 and receipts of \$55,742. In the four-day period from Oct. 24 to 28, Richard W. Wolfe of Chicago contributed \$2,100 to the organization, and L. Frazier of Bismarck, N. D., gave \$100.

Expenditures of \$52,788 were reported by the Roosevelt Agriculture Committee together with receipts of \$64,132 of which \$60,000 came from the Democratic National Committee.

The Jefferson League for Liberty balanced its books for the year, report-

ing receipts of \$4425 and expenditure of exactly the same sum.

The Communist and Socialist parties have not yet filed their final reports, although the Communists have listed expenditures totaling \$17,779 up to Sept. 15. Socialist disbursements up to Oct. 15 were \$18,058.

## Progress News

A number of people from this community attended the singing convention held at Oklahoma Lane, Sunday.

Rev. and Mrs. Charles Griffiths, of Abernathy spent Friday night of last week here with his sister, Mrs. W. B. Harlan.

Mr. and Mrs. Bedford Price and Mrs. Lucy Price, of Mangum, Okla., were dinner guests in the home of Mr. and Mrs. John Shipman, Sunday, as also were Mrs. L. C. Gurley and Mrs. Virgil Stone, of West Camp.

Mrs. I. T. Hollis and daughter, Fern, visited in the home of Mrs. Holley Yarbrough at West Camp, Sunday.

There will be a meeting at the school house, Sunday afternoon, for the purpose of organizing a singing class.

Mr. and Mrs. J. J. Wilson spent Sunday with their daughter, Mrs. Grover Grey in the Muleshoe community.

The H. D. club met with Mrs. W. G. Kennedy last Tuesday night for the purpose of electing officers. Mrs. Kennedy being re-elected president.—Reporter.

## Maple News Items

The Methodist Missionary society met Monday, Oct. 29 at the church. As it was social day devotion was read and then several games were played, after which each drew a rosebud, and delicious refreshments of hot cocoa and cake were served by Mrs. J. T. Zooms and Mrs. D. V. Terrell. During the business hour it was decided to sell chewing gum at 5c per stick and give a chance for a quilt with each purchase.

The H. D. club met with Mrs. W. G. Kennedy last Tuesday night for the purpose of electing officers. Mrs. Kennedy being re-elected president.—Reporter.

Mr. and Mrs. H. W. Garvin and children were guests Sunday of Mr. and Mrs. J. C. Hart.

Cotton is being gathered rapidly; there have been about 1000 bales ginned here this season and cotton isn't half out as most farmers haven't ginned over the first time yet.

Mr. and Mrs. W. L. Blaylock visited Rev. and Mrs. C. P. Mc Masters, at Bula, Sunday.

Maple Wilson has several thousand

lambs on feed here and is finishing filling a large silo this week to be used in fattening out the lambs later.

Mr. and Mrs. J. E. Cunningham announced the arrival of a son, Monday Oct. 28. Mother and baby are doing fine.—Reporter.

## Segall News

School re-opened Monday, after cotton picking vacation. We are glad to welcome a new student, U. L. Lesley, who comes to us from Shallalower.

Singing was well attended Sunday night. There were several visitors from other communities and most of our own community was present.

Miss Barbara Lindsley is spending this week visiting friends in Muleshoe. Segall folks report a hilarious time at the birthday party at the home of Mr. and Mrs. Russell Craft. Spivey Mayhall, as an old maid, went first out to catch his costume, and Mrs. J. H. Johnson won second.

E. T. Owen made a business trip to Ft. Riley, N. M., Friday.

Our community has secured a traveler's library from Austin. There are 50 volumes of fiction, biography, and juvenile books. Books may be checked out any week day, by both school and community patrons. We wish to urge everyone to take advantage of this opportunity to read some worthwhile books.

Misses Eula and Anna Maud Morris of Cleveland, were guests of Miss Mary Lou Owens, Sunday.—Reporter.

## LEAGUE HALLOWEEN SOCIAL

Saturday evening members of the Intermediate Epworth league, Methodist church were entertained with a Halloween party given at the church annex by the league sponsor, Miss Elizabeth Harden.

The rooms were well decorated with various Halloween features and many games were played, after which hot tamales were served.

Among those attending were Lowell Irvin, Sid Clair, H. A. Douglas Jr., Ikey Bayless, Willis Farrell, Weldon and Sonny McCarty, S. L. Rollins, Horace Edwards, James Jennings, Florence Stone, Wanda Parrill, Clea Nell Bayless, Doris Churchill, Frankie Deppin, Theresa June Pierson, Grace Churchill, Leona Bartley, Betty Jo Jordan, Mary Sue Osborn, and Lucille Bartley.

**One of Man's Worst Habits**

One of man's worst habits, one that shuts him off most from understanding his fellow man, is the habit of judging.

**BOYS START BASKETBALL**

Boys of Muleshoe High school have started practicing basketball under direction of Coach C. H. Stevens. About 25 boys have one out for the team and some real work-outs are being held. The majority of boys who are playing are in the sophomore and freshman classes. The first math game of the season will perhaps be played here with the Anton High school team the first week in December.

A schedule of match games will be published at a later date.

**Brick Early**

The simplest formula for making bricks is rather from clay; it is a bit of the sun, and is probably the earliest of human inventions.

Cuneiform, Pictograph, Hieroglyphic, and other ancient writing systems were first in the world to be forged edged tools. With its vast supplies of still using charcoal we have better fuel for our forge.

## Learn the amazing benefits of GULFPRIDE

THE WORLD'S FINEST MOTOR OIL

**WHY is it that no other motor oil in the world can deliver the performance GULFPRIDE OIL?**

Because only GULFPRIDE starts from finest Pennsylvania crudes... is refined the same point as other fine motor oils, and is then further refined by Gulf's exclusive Alchlor process!

This process is the most efficient ever developed—the fruit of 15 years' research. Gulf scientists—men who stand behind Gulf product.

Read the facts on this page. Then into any Gulf dealer's—and replace your summer-worn oil with GULFPRIDE.

**(Above)—MANY WORLD'S RECORDS** on land, sea, and in the air have been set with GULFPRIDE OIL. Racing drivers, fliers, speedboat pilots swear by it. Proved in the toughest competition, GULFPRIDE will outwear, outlast, and outperform any oil you ever used in your car!

**(Left)—4 TIMES AROUND EARTH.** A man drove his automobile on GULFPRIDE OIL 100,000 miles—without ever needing a repair, without ever having the head of the motor, without ever adding one drop of oil between drains. Expect great things of GULFPRIDE—you'll get them!

**THE ALCHLOR PROCESS** removes all sludge and soot. Proved: we took 6 of the best Pennsylvania crudes, we cleaned them, we added the Alchlor process, and the waste from already refined oils! Be wise—GULFPRIDE—the only oil this head start.

**GULFPRIDE**  
THE ONLY ALCHLOR-PROCESSED 100% PURE PENNSYLVANIA OIL

Mr. and Mrs. Clyde Holt and son, Jimmy, of Morton, and Mrs. Horace Holt and son, Robert, of Circleback, visited their parents in Muleshoe Sunday.

Mrs. L. S. Barron and daughter, Lela Mae, Mrs. Jim Cook and daughter, Margaret Ann and Mrs. Will Harper were Clovis, N. M., visitors Saturday afternoon of last week.

C. P. McCullough, of Panhandle, proprietor of the Quaranty Abstract Co., and former resident of Muleshoe, was here the latter part of last week attending to business.

Miss Dora Nell McCarty, student at Texas Technological college, Lubbock spent the weekend here visiting her mother, Mrs. A. V. McCarty, Jr. and friends.

George A. Precure, of Oklahoma City Okla., visited in Muleshoe last week with his daughter, Mrs. J. D. Border, and family and attended to business at his farm and visited his son, R. D. Precure.

Mrs. T. L. Eason returned home to Muleshoe the first of this week from Mineral Wells where she attended Grand Chapter of the Eastern Star organization. She is worthy matron of the local organization.

Miss Estelle Bates who has been employed in Muleshoe for the past several months at the Vogue Beauty Shoppe moved to her home at Sudan the first of the week.

Dan Campbell, of Sanko, president of the Robert Lee State Bank, accompanied by his sister, Mrs. Ora Brisco, of Sanko, spent the weekend in Muleshoe the guests of Mr. and Mrs. A. F. Stone.

A marriage license was issued in Muleshoe Saturday of last week by Deputy County Clerk, Miss Elizabeth

## FOURTEEN NEW INCREASED TAXES IMPOSED BY LEGISLATURE TO MEET REQUIREMENTS OLD AGE PENSIONS

### State Board of Control To Have Jurisdiction; No More Extra Sessions; Details Of Law Given Later.

The new assistance law, passed by the third called session of the 44th legislature, will restrict the rolls of the Old Age Pensions commission to between 70,000 and 80,000, the basis of the new law requiring applicants to show absolute necessity to receive aid. However, property, cash and income restrictions have been removed, as has also the standard of living provision of the old law. Administration of the new law will be under supervision of the State Board of Control, these members also acting as commissioners of the Old Age Assistance commission. Orville Carpenter will remain in charge of the pension department.

Gov. Allred, at the close of the special session last week, complimented the legislature membership very highly upon the results of their deliberations. He intimated he would call no more extra sessions until the regular meeting next January. The new pension bill became effective Nov. 1.

The new omnibus bill passed for raising money to meet old age pensions requirements imposed, the following new or increased levies.

Ten per cent on admissions to picture and stage shows costing more than 50 cents and to horse, dog, motorcycle and automobile races, dance halls, night clubs, skating rinks and like places of amusement.

Ninety-six cents a gallon on whiskey an increase of 16 cents, and 19 and 20 cents per gallon on wine, depending on whether its alcoholic content is below or above 14 per cent.

Annual license fee of \$30 on five-cent marble machines, with attempted safeguard against legalizing machines now illegal.

Twenty per cent of value of awards at theatre "bank nights" with provision tax does not legalize acts now illegal.

Two and three-fourths cents per barrel on oil production, replacing two-cent levy.

Tax of \$1.03 per ton on sulphur, increase of 28 cents.

Three per cent of value on natural gas, replacing former tax of two per cent.

Three per cent of value on natural gas, replacing former tax of two per cent.

One-twelfth cent a pound on carbon black, or three per cent of value when the product is selling for more than four cents per pound.

Approximately 37 1/2 per cent increase on public utilities.

Additional taxes on insurance companies, including one-half of one per cent levy on all domestic life insurance concerns, with fraternal societies not exempt.

Increase in track's "take" of horse race bets from 10 to 11 per cent with state's share raised from 2 1/2 to 4 and track's reduced from 7 1/2 to 7.

Tax on notes of ten cents on each \$100 above \$200.

Ten cents a ton on Cinnabar ore, five cents a ton on other ores and ten cents a ton on marble.

Harden to Miss Anna Szymore and Tom Morton, of Phoenix, Arizona. The couple was married at the clerk's office by Justice of the Peace J. F. Vaughan the same day with several employees and officials at the court house as witnesses.

S. L. Garmann, of Big Spring, transacted business in Muleshoe and attended to business relative to his property interests in the south part of Bailey county the latter part of last week.

Jack Aldridge, of Amarillo, visited in Muleshoe last weekend and the first of this week with his father, J. E. Aldridge, who returned with him to Amarillo, last Monday, for a few days visit with his family.

R. J. Klump returned home to Muleshoe Friday afternoon of last week from Mineral Wells where he attended Grand Chapter of the Eastern Star organization held there. He is worthy patron of the local star organization.

Miss Anna Margaret Hart, who is attending Hardin-Simmons university, Abilene, was last week elected to membership of the Alpha Psi Omega, a national honorary dramatic fraternity, she having been a previous member of that school's Players club.

Mrs. Leonora Kinsinger, after visiting in Muleshoe for several days with her daughter, Mrs. W. C. Buey, left Monday morning for Las Vegas, N. M., where she will visit relatives before returning to her home at Long Beach, California.

Among those from Muleshoe who were Clovis, N. M., visitors Halloween evening were O'Neal Rockey, Paul Lawrence, Arthur Holt, John Allen, Melvin

# New CHEVROLET 1937

## The Complete Car - Completely New

### ON DISPLAY SATURDAY, NOVEMBER 7

**NEW HIGH-COMPRESSION VALVE-IN-HEAD ENGINE**  
 Much more powerful, much more spirited and the thrift king of its price class.

**NEW ALL-SILENT, ALL-STEEL BODIES**  
 (With UNISTEEL Turbot Top Construction)  
 Rider, roomier, more luxurious, and the first all-steel bodies combining silence with safety.

**W DIAMOND CROWN SPEEDLINE STYLING**  
 Giving this new 1937 Chevrolet the "rest and most distinctive of new-priced cars.

**GENUINE FISHER DRAFT VENTILATION**  
 Removing drafts, smoke, windblow, aiding—promoting health, comfort, safety.

It's the newest of all low-priced cars... new in every feature, fitting and fabric... also the most thoroughly safe, the most thoroughly proved, the most thoroughly dependable. Visit your nearest Chevrolet dealer. See and drive the complete car—completely new.

ALL THESE FEATURES AT CHEVROLET'S LOW PRICES  
 \*Knee-Action and Shockproof Steering on Master De Luxe models only. General Motors Installation Plan—monthly payments to suit your purse. Chevrolet Motor Company, Detroit, Michigan.

**PERFECTED HYDRAULIC BRAKES**  
 (With Double-Articulated Brake Shoe Linkage)  
 Recognized everywhere as the safest, smoothest, most dependable brakes ever built.

**IMPROVED GLIDING KNEE-ACTION RIDE\***  
 (at no extra cost)  
 Proved by more than two million Knee-Action users to be the world's safest, smoothest ride.

**SUPER-SAFE SHOCKPROOF STEERING\***  
 (at no extra cost)  
 Steering so true and vibrationless that driving is almost effortless.

**SAFETY PLATE GLASS ALL AROUND**  
 (at no extra cost)  
 The finest quality, clearest-vision safety plate glass, included as standard equipment.

**Goodland News**

Mr. and Mrs. M. D. Gaddy and sons visited in Okton Sunday.

There were 25 present at Sunday school Sunday. Let not the Sunday school die for want of workers.

Several people enjoyed the party given at the Henry Hanover home Saturday night.

The H. D. club gave Mrs. Emmett Brumblow a surprise shower Friday afternoon at the home of Mrs. M. D. Gaddy, assisted by Mrs. O. C. Kirk. The Halloween theme was carried out. Many beautiful and useful gifts were received by the honoree. Refreshments were served to the following: Mesdames Henry Hanover, H. C. Hart, L. D. Sanderson, Charlie Beatty, Bub Evtia, Worth Matheny, Tommy Galt, T. Ter, Amy Bennett, Rubie Everetts, Ruby Ponder, Cecil Creamer, Rose Brumba-

low and the honoree.

Several from here attended the show at Maple Thursday, Friday and Saturday nights.

The H. D. club met Wednesday with Mrs. Dyke Chaney.

Johnny Jones was in Lubbock Tuesday—Reporter.

**Cars And Airplanes Need Best Of Oils Says Famous Pilot**

In a recent interview Major Al Williams, famous aerobatic flier and speed ace, emphasized the importance of an airplane keeping its ships in the air as much as possible. Each time a plane is grounded to undergo repairs, the depreciation and other fixed charges greatly eat up the profits that it has made for the operators.

A few years ago, many of the giant airliners that operate on the Skyways of America had to be withdrawn from service every 200 hours so that their motors could be completely overhauled. Upon examination, the bearings, wrist-pins, pistons, and cylinder walls were found to be considerably worn. The oils used to lubricate these parts were classified as being among the best obtainable, but the best was none too good and science had to discover a lubricant that would permit the operation of these ships for longer periods. Science has bridged the gap with Gulfpride oil, and today many of the planes of Eastern Airlines and other air transport companies operate for more than five thousand hours before they require overhauling.

"Motorists who want their cars to last longer, perform better, and operate more efficiently should take a tip from the airlines," said Major Williams.

Be loyal to home town interests.

**U. S. Cotton Crop Is Estimated At Eight'n Million Bales for 1936**

The price of middling spot cotton at the 10 markets was lower in August than in July, the highest daily price for the month being 12.72 cents on August 1 and the lowest 11.45 cents on August 20. From the first to the middle of September prices showed a rising tendency but since then have tended to decline, according to figures released at Washington.

Trade estimates placed the world carry-over of American cotton on August 1 at less than 7,000,000 bales on the corresponding day last year and an average of 6,024,000 bales for the 10 years 1923-24 to 1932-33. The indicated supply of American cotton for the 1936-37 season is roughly 18,100,000 bales. This is about 1,500,000 bales less than last season's supply, the smallest supply since 1924-25.

The New York Cotton Exchange service places the world consumption on all growths of cotton in the season just passed at 27,728,000 bales. This is an increase of nearly 10 per cent over last season's consumption of American cotton of 1,333,000 bales and in foreign cotton of 1,071,000 bales makes up the increase in total world consumption.

**Rare Kind of St. Elmo's Fire**

Stranger of all forms of St. Elmo's fire is the weird mass of light, sometimes in the form of a ship, which has sailed into the Bay of the St. Lawrence river in Canada at intervals for upward of 200 years.

Canadian scientists who have studied the apparition can offer no other explanation than that it is a very rare kind of St. Elmo's fire, but less scientific people whisper that it may be the ghost of some ancient vessel.

**Circleback News**

Mr. and Mrs. Lester Patton entertained the married folk and children with a party Friday night, Oct. 30. Spooks were in much evidence for the first two hours, then numerous games were played. Refreshments of sandwiches, cake and coffee were served to all.

Mr. and Mrs. Jack Davis and small son, Jerry, of Monroe, La., visited his uncle, W. A. Emore, and his grandfather, W. G. C. Emore last week.

The Circleback gin owned by E. G. Gage caught fire Tuesday morning. Several bales of cotton were destroyed but the gin was not injured enough to keep cotton from being ginned Tuesday.

**Baptist Conference**

The Baptist Worker's conference was held here Tuesday. An interesting spiritual program was rendered. Among those who spoke were Rev. Ray, Littlefield; Rev. Pipes, Sudan; Rev. Jenkins, Amherst; and Rev. Bryan, the district missionary.

A Mexican missionary, Rev. Gonzales located at Snyder also brought us a message. The president of Wayland college gave a short talk but the most enjoyable part of the program was rendered in song by four young ladies from Wayland.

Lunch was served to those present.

Rev. Self will hold services here both Saturday night and Sunday.

School work was resumed last week—Reporter.

**Russian Post in California**

In 1812 the Russians founded a post on Bodega bay in California which they held until 1841. They traded and hunted for furs from this post.

**JAM AND JELLY SEASON IS HERE**

New Processes Largely Do Away With Luck Element.

By EDITH M. BARBER

ONE of the things to which the modern housekeeper must bow if she wishes to do her own jams and jellies is the season. Although seasons are lengthened today through the contribution made by our markets by distant points, local products when at their height, are usually the economical source of materials for preserving.

Although we are all anxious, of course, to take advantage of bargain prices, it is not necessary to go in for wholesale production nowadays. It is seldom that we buy berries by the crate and other fruits by the bushel. We will have more certain results if we attempt to make up small quantities at a time.

While jams and marmalades must usually be finished after they are started, jellies on the other hand may have their preparation divided. The fruit juices may be extracted from the cooked fruit and sealed in clean, hot jars until just the right time is found to make them up into jelly.

Jelly making is today no longer nearly so exact the matter of luck that it was years ago. If you use the quick process which demands the combination of fruit juice with bottled pectin, your jelly will always jelly if you follow directions carefully.

If you prefer the older method you may test your juice by combining a tablespoon of alcohol with the same amount of juice. This test will show you what proportion of sugar to use with your fruit juice. If, after standing a moment, the product makes a thick jelly which can be lifted on a spoon without breaking, you may use a cup of sugar to a cup of juice. Currants, green grapes and apples are the fruits which may take this much.

If you have a jelly softer than the other when you make your test you should estimate three-quarters of a cup of sugar to one cup of juice. If you get neither test, use the pectin method or combine the juice with currant or green apple juice which contains a good deal of natural pectin and then retest. Raspberry and currant are often combined on this account as well as because of the resulting flavor.

In preparing fruit for juice crush it in a heavy preserving kettle, adding a small quantity at a time without additional water, except for apples and quinces when water to almost cover will be necessary. Currants should not be stemmed. They should cook until they look white. Raspberries and strawberries should be crushed and just brought to a boil. Both must also be combined with pectin.

In making jam, prepare the fruit in the same way and add an equal quantity of sugar gradually for the old-fashioned runny type. If you prefer a firmer jam you will, of course, need pectin.

Jelly should be put into clean, hot glasses and covered immediately with a thin layer of paraffin. When cooled the coating may be added. Jams and marmalades may be put into jelly glasses or into jars which should be sealed immediately. Strawberries, currants, raspberries, cherries and gooseberries are the fruits which are available in early summer.

**Strawberry Conserve.**

1 pound strawberries  
1 pound rhubarb  
1 1/2 pounds sugar  
1 cup sliced Brazil nuts

Wash and hull the strawberries. Wash rhubarb and slice in small pieces, but do not peel. Add the strawberries with the sugar and crush, add rhubarb and cook until thick, about thirty minutes. Add nuts and pour into clean, hot jars.

**Blackberry Jelly.**

4 cups (two pounds) berry juice  
2 tablespoons lemon juice  
8 cups (3 1/2 pounds) sugar  
1 bottle fruit pectin

To prepare juice, crush thoroughly or grind about three quarts fully ripe berries. Place in jelly cloth or bag and squeeze out juice. Squeeze and strain juice from one medium lemon. Measure sugar and juice into large saucepan and mix. Bring to a boil over hottest fire and at once add fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard one-half minute. Remove from fire, skim, pour quickly into clean, hot jars and seal.

**Spiced Gooseberries.**

1 cup vinegar  
2 cups sugar (brown)  
1 teaspoon whole cloves  
Few sticks cinnamon  
1 tablespoon salt  
1/4 tablespoon cayenne  
1 tablespoon lemon juice  
1/2 ounce ginger root  
4 pints gooseberries

Cook the vinegar and the sugar five minutes. Tie the spices in a bag, add with remaining ingredients, cook slowly one hour. Pack and seal.

**Preserved Cherries.**

4 pounds cherries  
4 pounds granulated sugar

Wash the cherries, remove the stems and stones. Cover the cherries with the sugar and let stand two hours. Set on the stove and bring slowly to boiling point. Cook until the cherries are tender. Fill the hot jars and seal. Currants and huckleberries may be preserved in the same way.

© Ed Byrdlyette.—WNY Service.

**Cochran County Well Bridges Given A Nitro**

The Honolulu-Cascade oil test Cochran County was given a 100 quarts of nitro-slycerine last week at a cost of \$100. It was 5,033 feet, followed by 100 quarts of oil flow before the nitro was used in making her own out the bridge.

For several days it has been standing approx- in oil, with occasional mated at from 150 to 3 most of the overflow oil is being caught and sunk. Once or twice it is so heavy as to reach the crowd's back, falling back in spray over heads of visitors standing about.

When the shot was exploded last Friday, it is said it gushed over the derrick for about 10 minutes, then died down. If we attempt to make up small quantities at a time. While jams and marmalades must usually be finished after they are started, jellies on the other hand may have their preparation divided. The fruit juices may be extracted from the cooked fruit and sealed in clean, hot jars until just the right time is found to make them up into jelly.

**Magnolia Is Active**

Rumor has it this week that Magnolia Oil Co., will soon spend \$1 in the vicinity of this Cascade we report being based on the fact company has transferred its geoscientist on crew of 38 men to Seagraves to Cochran county. A contract was on lease owned by company on the Mallet ranch.

Further unconfirmed report is a well will soon be spudded in the southern part of Bailey county, with a large lease of land has been in for oil speculation purposes and a contract signed about a month ago.

**Opposed Britain's Black Stamp**

When Great Britain's one penny black postage stamp appeared in 1840 it was greeted with a storm of protest. Because it bore the portrait of Queen Victoria, many thought that it was "indecent to lick it back of the Queen's head." In defiance, Queen Victoria's portrait has appeared on more stamps than that of any other individual.

ENTER CONFIDENTLY...

Engine is already oiled to start  
**IT'S OIL-PLATED**

"Morning Drag" is unknown in this heatless garage. The car inside has its engine Oil-Plated for Winter. The owner outside is still six strides away from the starter button. But already his Oil-Plated engine is oiled to the top by its slippery Oil-Plating.

No waiting!

The Oil-Plating was left on last night, all over each part, from bottom bearings to topmost piston. This complete oiling in ADVANCE that kills starting risk, comes only from the Germ Process—patented.

Quit believing that a process means nothing but refining or over-refining to make an oil winter-THIN. Although perfectly free-flowing, Conoco Germ Processed oil is not needlessly thin—and weak. For in addition to just enough of the most approved modern refining this oil is alloyed! Or speaking still more scientifically, a patented "hyper-oily essence" is added. Nothing else lets oil join up direct with metal, to Oil-Plate your engine, pep your starter, and keep every quart hoarded.

**POULTRY FACTS**

OFFICIALLY TESTED  
CHICKS, EGGS BEST

Poultrymen Are Warned to  
Watch for Pullorum.

By Dr. Henry Van Hook, Veterinary Department, Massachusetts State College, Weymouth, Mass.

In order to insure the health of the poultry flock, poultrymen are urged to hatchling eggs and baby chicks this spring only from poultrymen whose birds have been officially tested and found to be free from pullorum disease. County agriculture agents and the state department of agriculture can provide lists of poultrymen whose flocks have been officially tested and found free from the disease.

Pullorum disease, also known to poultrymen, as "B. W. D.," is probably the most serious disease attacking baby chicks and causes the loss of thousands of chicks every year. It can be prevented only by starting with hatching eggs from pullorum-clean stock, hatching them under the most sanitary conditions, and always keeping the chicks free from contact with possible sources of infection.

The poultrymen in the state whose flocks have been found 100 per cent free from pullorum disease, have to be considered expensive and trouble to eliminate the disease from their flocks. These flocks may provide stock or hatching eggs for replacing diseased flocks.

Warning is also sounded against buying chicks from hatcheries which hatch eggs from infected or untested flocks. Chicks from disease-free flocks can easily pick up pullorum infection in the hatchery if any infected chicks are present.

Claims as to freedom from disease may not be reliable, and for his own protection the poultryman should get a list of pullorum-clean flocks and buy his supply of chicks or eggs from one of them.

**"Open Front" Plan Good for Airing Hen Houses**

The best method of poultry house ventilation is the one that will secure good ventilation without cold drafts upon the fowls, particularly at night, says a correspondent in the Rural New-Yorker. There are many plans for accomplishing this, few of which can be considered ideal. The "open front" plan is undoubtedly the most commonly used, and this consists in having all walls of the poultry building airtight, with the exception of the front one, and the "front" is usually that facing the south or the southeast.

If cross openings are afforded, it will be difficult to prevent cross drafts, whereas if but one side of the building has outside openings, winds cannot blow through. The idea is illustrated by an attempt to blow into a bottle. It is true that a long building with open front windows may suffer some drafts by permitting air to enter at one end and sweep through to the other. This may be prevented by the use of partitions extending from the rear wall nearly to the front of the room. A common mistake made by those using an open front is to close it up in unusually cold weather, this stopping the interchange of air and bringing about dampness of the interior.

**Exercise Unnecessary**

Exercise, it has been found, is not necessary for laying hens, says the Missouri Farmer. Since eggs are made from surplus, it is logical to believe the less energy expended in exercise the more surplus there will be for the manufacture of eggs. In visiting the hoppers, the watering tank, nests, flying up on roosts and in ranging over the laying house hens in confinement get enough exercise for their daily egg-production needs. This is not true, however, where hatchability of eggs is concerned. Hens whose eggs are to be hatched should be given exercise, particularly some six or eight weeks prior to hatching time. Lack of exercise in breeders makes for weak germs and weak chicks. Breeding hens should be given range out of doors whenever possible.

**In the Chicken Yard**

Found for pound a pullet needs four times more oxygen than a cow.

Birds which do not lay when very young are likely to produce smaller eggs throughout life than those which start production later.

Young drakes attain weights of about four pounds in from seven to eight weeks. Hen ducks are reared in laying quarters at about six months of age.

It is estimated that close to a billion chicks are hatched each year in incubators.

Only happy, contented hens lay eggs and, in addition to making them comfortable, adequate roosting space will prevent accidents by hens being crowded off and injured.

A national survey has determined \$25,000,000 is lost annually by the American poultry industry as a result of improper methods of producing and

**VOTING WAS AN ALL DAY JOB FOR SOME TAKE FIVE TO TEN DAYS TO REPORT CITIZENS OF THE WESTERN STATES**

Voting last Tuesday in many sections of the western part of the U. S. was an all day job for citizens, plenty of them having to travel from 20 to 50 miles to reach polls, while ranchers, shepherders and miners in southeastern Utah had to go as far as 75 to 85 miles on horseback through sage brush across deserts and over mountains to the polls at Mexican Hat on the Arizona-Utah border, starting the journey Saturday and Sunday before to arrive before the booths were closed Tuesday. That town is 150 miles from a railroad—and no paved highways leading to it. In Nevada and some other western states where it was so far to voting booths, as many as 100 ballots to each place was mailed out several days before Tuesday voting, marked by the voters and returned to the regular polling places.

The ballot box containing Blind Bull precinct's 20 votes had to be carried 150 miles by auto and 50 miles

**School Receives \$190 For Halloween Party Held Last Friday Nite**

Friday night of last week the annual Halloween carnival was given at the High school building in Muleshoe with a large crowd attending and having an enjoyable time.

Miss Billie Joan Damron, appointed freshman class queen, was elected by a large majority as queen for the High school and the elaborate coronation was held at the carnival program. This was the first time in the history of Muleshoe High school that a member of the freshman class had ever won in the contest. The votes for the following class queens were: Senior, 1825; Junior 2598; Sophomore, 484; Freshman, 3522.

Tickets were sold for the main program given at the auditorium, and after the program a drawing was held. Miss Flora Mae Lee holding the lucky ticket was winner of a beautiful tapestry. A bean-guessing contest was held and Mrs. H. E. Schuster guessing the correct amount won a diprillator.

The school building was fully decorated with all of the Halloween features, and various booths were in every room and in the halls. About \$190 was made at the affair to be used in the general fund for the entire school system, part going for Inter-scholastic League supplies, athletic funds and various other items of school benefit.

**Senegambian Eagle Tailless**

The Beteleur eagle of Senegambia has plenty of tail feathers, but scarcely any tail. The feathers of the "shoulders" of the wings are white. A spray of white feathers show underneath.

King Solomon is said to have been inspired by the Queen of Sheba to write "The Song of Songs."

Nine isolated Arizona precincts north of the Grand Canyon sent their ballots through Utah and 400 miles to Kingman, Ariz., taking three or four days. From some of the precincts pack trails were the only transportation facilities.

Ten days are required to get returns at Helena, Mont., the state capital, from Powder River, Carter and Sheridan counties—325 miles from Helena.

A week is often required to get full returns from Rio Arriba county in northern New Mexico and Catron county near the New Mexico-Arizona state line.

From Horse Springs, in Catron county, it takes three days to mail to reach Santa Fe. One year votes from that area reached the secretary of state a week before election. All of the ballots had been cast for one party.

**Methodist Celebrate Centennial Sunday In Sunrise Meeting**

Sunday morning a sunrise service will be held at the Methodist church for the purpose of celebrating the 100th anniversary for Methodist churches in Texas. Services of this kind will be held all over the state.

The following is an part of the program scheduled: Piano solo, Glenn Rockey; silent prayer, followed by audible prayer lead by Mrs. Good Hardin; Scripture reading, Mrs. R. N. Edwards; past history of Methodism, Claudie Gallman; prayer, Howard Carlyle; piano solo, Mrs. Claudie Gallman; closing hymn, congregation.

Everyone has a special invitation to attend.

**Polo Brought From India**  
The first definite rules for polo were formulated in 1877 when a few British officers adopted the game as they found it in India, and brought it to England.

**I'M A NEW WOMAN THANKS TO PURSANG**

Yes, Pursang contains elements of proven value, such as Organic Copper and Iron, which quickly aid nature in building rich, red corpuscles. When this happens, the appetite improves. Nervousness disappears. Energy and strength usually return. You feel like a new person. Get Pursang from your druggist.

On **SAT. NOV. 7** display

**New 1937 CHEVROLET The Complete Car—Completely New.**

With an entirely new type of motor car body —now available for the first time on any low-priced car—combining new silence with new safety for your family.

THESE CHARMING NEW MODELS WILL BE SHOWN AT THE VALLEY MOTOR CO. IN MULESHOE ON THE SAME DATE, SATURDAY NOV. 7th, AND YOU ARE MOST CORDIALLY INVITED TO INSPECT THEM. FEAST YOUR EYES ON THEIR BEAUTY AND EFFICIENCY.

**FREE! — \$15.00 — FRI**

Saturday afternoon at 4:00 o'clock, three of our gue be presented with a cash award of \$5.00 each, or some of valuable prize. All that is required to participate in th is your presence. Don't fail to be on hand. This feature conflict in any way with Trades Day!

**VALLEY MOTOR COMPA**  
Chevrolet Sales and Service

MULESHOE.
