HIGHWAY 277 HAS CHANCE FOR INTERNATIONAL DESIGNATION

The Devil's Dream

(By W. E. James)

The difference lies, said the Devil, Reading his list of cant's— You couldn't sneak under canvass Nor water the elephants.

If you have ever trod the saw-dust ring and swapped gum with Toto, the clown, or even had an ambition to some day thrill the multitude by dare-devil stunts, then you know that funny tingling that creeps over you when witnessing the almost unbelievable acts pulled by circus performers.

The world's greatest combined circus had nothing on the one-ring performance witnessed last night at the high school auditorium—that is, with everything considered.

A ninety-two dollar house greeted the youthful performers, pupils of the first, second and third grades, when the big show opened with the grand parade. Beautifully decorated chariots in which sat Mother Goose characters, headed the grand aggregation, followed by other high salaried artists, circled the ring amid applause of the mighty crowd and the playing of the band. The same Grand Entrance—only different, you know—cost Barnum & Bailey thousands of dollars to produce.

The show was on; performer followed performer in dare-devil stunts timed to the minute, all created for the purpose of entertaining a show-going public. The circus proper was under the direction of Ringmaster Mankin Stokes, who conducted affairs with the air of a veteran showman.

The tricycle and horse races were a feature, and the closely contested contenders were loudly applauded. Owing to the small arena one or two accidents were narrowly averted. Cool-headed riders controlled high-spirited steeds in such manner as to escape injury and the incidents added to the thrills given the audience.

Circus people have their troubles just like ordinary folks. If some things advertised were not shown, don't be hasty and say that the management intended fraud just to draw a crowd. Of course, these things are perpetrated by the regulars and one expects a little humbuggery. Several acts had to be omitted last night, but the management assures the public of a good, just and reasonable excuse.

A few of the performers were taken ill at the last moment and their mothers would not let them out of a warm room, to dress in almost next to nothing and air around in a circus ring. The juggler had to go to a nearby city on account of the illness of his little brother—and the much advertised Wild Man from Borneo had the croup.

If you can realize that there were some seventy-five or eighty people who appeared before the footlights last night, then you will pardon any omission of a personnel. It would be a task to name each individual, however much the Dreamer would like to do.

A few of the wee-wee ones will be mentioned here. There were Mr. and Mrs. Midget, represented by L. B. Wardlaw, Jr., and Mary Jane Evans, each at least having attained the advanced age of three. The tight rope walkers, Patty Gilmore and Doris McDaniel, Mary Ann Williams and Wilma Sue Gilliam, performed in a pleasing manner.

Elizabeth Taylor, in her hula-hula dance, brought the balmy breezes of far-off Hawaii to friendly Sonora. Peggy Gilmore as the snake charmer, handled the great boaconstrictors with perfect ease and the grace of an expert. Son Crowell, the strong man, astonished the crowd with his wonderful feats of superhuman strength.

Among the freaks were the fat man, the fat woman and the oldest

FRANK M'KEE, CRASH VICTIM BURIED HERE

Funeral services for Andrew Frank McKee, 33, who died at a San Angelo hospital at 2 o'clock Friday afternoon as the result of injuries sustained Monday night in an automobile-truck accident near Eldorado, were conducted here Saturday afternoon. The Rev. F. M. Jackson, pastor of the Methodist Church, officiated.

Mr. McKee's fatal injuries were suffered last Monday night about eight miles south of Eldorado when the car in which he was riding collided with a truck, S. Ed Hollmig was killed and Rodger Eskew was injured in the collision. Mr. McKee did not regain consciousness from the time of the accident.

Mr. McKee, well known Sutton county rancher, is survived by the widow, his mother, Mrs. Sam McKee, three sisters, Mrs. Amanda Burleson, Mrs. Lizzie Brown and Miss Mattie McKee and four brothers, Sam, Jr., Herbert, Tom and Joe, all of Sonora. He was born and reared in Sutton county.

The Robert Massie Company of San Angelo had charge of the arrangements.

Halbert Says West Texas Prosperous

If new automobiles are any indication of prosperity, the Sonora country is more prosperous than that of the farming section, B. M. Halbert, prominent Angora breeder, said yesterday.

Mr. and Mrs. Halbert had been at their ranch west of town on January 18th, and when returning in their automobile made count of the new and old cars between Sonora and San Angelo. Their tabulation showed that there were 27 new cars (not including Mexicans and tourists cars) and 30 old ones. Between Sonora and Eldorado, in the ranching section, they counted 15 new cars and 7 old ones which, Mr. Halbert says, is indicative of the prosperity in the "Stockman's Paradise." According to this the ranching country, take it one year with another, is more prosperous than the farming section.

VISITING IN EDINBURG

Willie B. Whitehead, wife and children and Mrs. B. M. Halbert left Thursday for a week's visit in Edinburg with their sister and daughter, Mrs. L. P. Bloodworth.

Claude Roe in Race for Sheriff

The political pot in this county began to boil this week when J. Claude Roe cast his hat into the political ring for sheriff and tax collector of Sutton county. This is the first political announcement made locally this year, and it is expected that present incumbents will make their announcements at a later date.

Mr. Roe states that he has been a citizen of this and Kimble county practically all his life, and believes that he is fully acquainted with the people and their wishes in law enforcement. In a statement to this paper he declared that he was fully capable and qualified to discharge the duties of that office, and would show no partiality in doing so.

His announcement is made subject to the action of the Democratic primary to be held the 26th day of July. It is his intention to see every voter in the county personally, and says that he will appreciate their vote and influence.

Mr. Roe is at present employed by the Stites Motor Company, Chevrolet dealers, and has a wide acquaintance throughout West Texas.

He served during the World War in the Thirty-Sixth Division during the time Uncle Sam was assisting the allies in the war with Germany. After he was discharged from the army he spent about four years on the Pacific coast, and afterwards came back to this section of the country where he has since resided.

Mr. Roe said he will enter the race and expects to be victorious, and will run a "clean" race.

City Taxes Being Paid Very Slowly

Severe cold weather has been attributed to the slow manner in which city taxes are being paid, Frank Holliday, city manager, declared this week. Mr. Holliday urges tax payers to send their dues by mail or bring them in person to him at the Aldwell-Elliott Company office in the First National Bank building.

There are more than \$5,000 to be collected by the city for taxes at the rate of 98 cents on the hundred dollar valuation, which is said to be about the lowest of any city tax rate in Texas.

After February first, a ten per cent penalty will be added to the taxes, Holliday declared.

Patronize Sonora merchants.

SONORA LIONS BOAST WORLD CHAMP EATER

Chicago produces notorious bandits; Wall Street its market gamblers; Greece its champion marathon racers, and Sonora has the distinction of boasting the champion eater of the world and the entire universe. He is a Lion—and none other than the barrel-shaped Mr. John Eaton, Esquire.

The Sonora Lions will enter him in a pie eating contest with pie eaters of the world. Mr. Eaton's brother Lions feel confident that he is capable of defending the title given him, and this can be accomplished with honor to himself and credit to the Lions.

Monday at their regular luncheon in the basement of the Methodist Church, John "devoured" four plates of meat, potatoes, fourteen buns, two servings of fruit salad, three cups of coffee, five pieces of pie topped with whipped cream and called for more. And he said he lost his appetite that day. He is always the last one to finish eating and the first one to begin. Lions declare that John lives to eat and does not eat to live.

It is being whispered by the fair sex that if John could love like he could eat, what a lover he would be. "Whataman."

Geo. Allison Made Local Bank Director

At a recent election of officers of the First National Bank of Sonora, Geo. S. Allison, wealthy ranchman, was chosen by special request as a director of that institution. Allison, at one time, was a director of this bank, but he never sold his interest. The following officers were elected:

W. L. Aldwell, president; E. F. Vander Stucken, vice president and cashier; Roy E. Aldwell, vice president; Geo. H. Neill, assistant to cashier Vander Stucken.

Members of the board of directors are: W. L. Aldwell, Roy E. Aldwell, E. F. Vander Stucken, E. E. Sawyer, S. E. McKnight, Joe M. Vander Stucken.

About the first of the year the First National declared a semi-annual dividend of eight per cent, which is said by bankers and financiers to be an extra good return.

Deposits of this bank, according to their January financial report, showed about \$700,000.

Mr. and Mrs. Roy Hudspeth transacted business here Monday.

A Round of Slugs

(By S. U. M. Bull)

Del Rio merchants have organized to fight the chain stores, says a news story coming from that city. Every independent merchant in the border town has agreed to stand together in what they term as the next big war in the states. They are doing likewise in other towns throughout the good old United States. "Old Man" Henderson is arousing the people to the fact that something has to be done.

Sonora has a good chance to be on an international highway. This good news was given to the Lions Monday when E. J. Price, of the Oklahoma Chamber of Commerce, revealed that his organization was working to that end. Mr. Price informed the Lions that the Mexican Government is considering the building of an all-weather road from Mexico City that will connect with some federal highway on this side of the Rio Grande. He said that the newly designated federal highway number 277 will likely be chosen as the one the Mexicans will meet.

The more tourists the more dollars Sonora will have a chance to get—and those dollars will be new coin that will be put into circulation here. New money is what the town needs to help build a bigger and better town. Sonora business men donated \$200 to assist in advertising the highway to the northern tourists who make their annual trips.

What did you say about cold weather? Over at our place of abode the smoke even froze in the stovepipe and had to be chiseled out before the fire could be kept going. After the fire was burning good and a big red blaze started we broke frozen blazes and they remain that way to this very minute. That will give you a fair idea how cold it gets down in Sonora, Texas, the greatest livestock producing section in the world.

No losses of livestock have been reported by ranchmen; but if this everlasting Eskimo weather continues the whole "schebang" will have to be fed cake and hay. For the ranchmen's sake and our own good we hope to have pretty weather.

John Eaton, who is always eating, is expected to give the Sonora Lions Club some publicity when he enters the champion eaters' contest of the world. Those who have sat near him declare that he is capable of winning all honors in the big, free-for-all contest.

Burglars entered the office of Superintendent Britt Wednesday night and took \$17.50 from his desk. Officers have been investigating the matter and are trying to bring the guilty to light. From all indications it was the work of some novice, juvenile burglar, and he should be found. If given the proper reprimand it should teach him a lesson and probably save him a trip over the rails later in his life.

J. W. Trainer, who resides on Water Avenue, the one that was voted to close, stated this week that he believed that the improvement to be given that thoroughfare would benefit him. Mr. Trainer, at first thought the closing of that avenue would injure his business, but has changed his mind. Mr. Trainer, even before he thought the closing of the avenue would help him, consented to accede to the wishes of the majority which is a broad way in which to look at the matter. That's the kind of spirit that builds towns—whole-hearted co-operation will make a town better.

Joe M. Vander Stucken, prominent young ranchman and banker, had The News print him some stationery, and upon it was the following wording: "Catle, Sheep, Horses and Goats—Come, See How Good." Joe believes in advertising his county—the best livestock section in Texas.

WOULD BE BIG HELP TO TOWN AND COUNTY

That the San Angelo-Del Rio Highway, which was recently designated as a federal highway No. 277, has a possibility of becoming an international highway was declared Monday at the Lions Club by E. J. Price, publicity director of the Oklahoma City Chamber of Commerce. Mr. Price, in company with two other representatives of that organization, was here for the purpose of putting before the people here the advantage of the international designation and to collect a proportionate sum of funds with which to advertise the present federal highway to northern tourists. Financial aid will be asked of each town traversed by the highway.

The present highway is 575 miles in length, beginning at Oklahoma City and ending at Del Rio. It is the belief of Mr. Price that this highway, if it becomes an international one, will be the most important highway in the United States. Mr. Price informed the Lions that the Mexican Government was now considering a highway that would connect with a federal highway. This, he said, was what the Oklahoma City C. of C. was trying to accomplish. He believes this can be done with the assistance of all towns along the route.

The Lions started a donation to head the list of merchants that contributed \$200 to the cause.

W. E. James was appointed by President Caldwell to preside at next Monday's meeting. Mr. James chose Rev. P. M. Jackson, J. D. Lowrey and M. O. Britt as program committee for that time.

Rev. J. O. McMillan, recently called as pastor of the Baptist Church here, was introduced to the Lions. He said he was well pleased with Sonora, and that he and his family had been treated royally since coming here.

Miss Loma Groom, voice instructor in the Sonora schools, sang two songs, accompanied by Miss Francis at the piano.

Terminal Grading Work Begun Here

Claude Garvis, sub-contractor on the Santa Fe's extension to this city, began work here Wednesday after moving his grading outfit and crew near town on the T. L. Benson property. Terminal track base work will be first done before working any north of here.

The grading crew has just completed five miles of grading between Carnero and Eldorado, and will work out the Sonora terminal immediately. W. H. Rochester, engineer for the Santa Fe, said here Wednesday afternoon.

A steam shovel is being used in Eldorado and began moving heavy rock there Wednesday.

Mr. Rochester said that rails will be ready for livestock shipping by June first, at which time, he thinks, the road will be nearing completion in every detail.

The right-of-way committee of Sutton county and Santa Fe engineers are now trying to reach an agreement as to the location of livestock pens near the city. It is understood that they are dickering with the Frisco for their trap which will be used as a hold-over pasture by ranchmen during shipping season.

Of the \$75,000 guaranteed bonus by Sutton county ranchmen, there remains about \$6,000 to be collected, it is understood.

Grandma Trainer Is Critically Ill

Mrs. C. A. Trainer, better known as Grandma Trainer, mother of J. W. and Geo. J. Sr., is confined to her bed this week, the result of another stroke of paralysis. The elderly lady has passed her seventy-fifth milestone in life, and until a year ago had good health.

Mrs. Sam Thomas, a granddaughter who lives near Rankin will be here this week to be with the Trainer family who are hoping for an early recovery.

R. E. THOMASON EXPECTS TO BE CONGRESSMAN

Mayor R. E. Thomason, El Paso, who is a candidate for a seat in Congress from the Sixteenth Congressional District, expects to be elected to that office, he said here Tuesday morning. Mr. Thomason had been to San Angelo and was on his way to Del Rio where he had been called to organize a club bearing his name.

The Mayor said he was glad that Cliff Belcher had withdrawn from the race, and that he did not think that Julian La Crosse, publisher of the News-Herald at Del Rio, and a former district attorney

of that district, would enter the race. La Crosse, according to dispatches from Del Rio, is being urged to make the race to succeed Claude Hudspeth, now Congressman who will not be a candidate.

Belcher's withdrawal leaves only Mr. Thomason and E. E. (Pat) Murphy in the race, however there are several who are mentioned as candidates. Thomason said that most of the lawyers and newspaper men in San Angelo would not support Murphy, and that he would have an easy victory over the San Angelo man.

Coke R. Stephenson, a member of the Texas Legislature, declined to make any announcement that he would be a candidate. Stephenson, however, intimated to friends that in Junction that he might

R. E. THOMASON

consider making the race after the legislature adjourned. Stephenson, his close friends say, would make a good congressman as he is fully acquainted with the needs of the livestock and farming industries. Frank Hartgraves, a prominent Texas Mason, has been mentioned as a likely candidate, but it is understood that he will not run.

Thomason declared himself well qualified to represent the section which he aspires to serve, and he promises, if elected, that he will give the entire section a fair and impartial representation. For a number of years he was speaker of the House of Representatives at Austin, and has on various occasions been to Washington where he presented claims for the ranchmen and farmers of West Texas.

The consensus of opinion in Sonora and the "Ranchman's Paradise" is that Thomason, provided no other strong contender enters the race, will be our next congressman. W. L. Aldwell, president of the First National Bank of Sonora, told a representative of this paper the first of the week that he was sorry that Belcher had withdrawn from the race. Mr. Aldwell said that he knew enough of Thomason to know that he was a good man and was capable of serving the people very efficiently. At present, indications point to victory for the El Pasoan.

Mr. Thomason left here for Del Rio where he will meet a number of friends and with them organize a Thomason Club. He informed The News that Belcher's friends had invited him there for that purpose.

It will be about a week before Thomason will return to his home in El Paso.

The Mayor, in speaking of Sonora, predicted much development in this section after the rails are completed and that Sonora would make a much better town.

IT'S AN ILL WIND THAT BLOWS NO ONE GOOD

We sometimes wonder who is getting the good when these blue northers come as the one that visited Sonora last Friday, the 17th. Well, it seemed that the winds turned all of their forces on our little town and especially on the Baptist parsonage. In the midst of all that cold weather the pastor and wife received a most delightful shower or pounding. The good people of the city filled our pantries with all the good things to make a happy wife and a contented pastor. We do not have words to express our thanks for this act of kindness. We will think of the donors for many days to come. It would be too much to try to send each a card of thanks therefore we are sending this to the community and are remembering everyone who took part in the shower. Much love and many thanks to all.

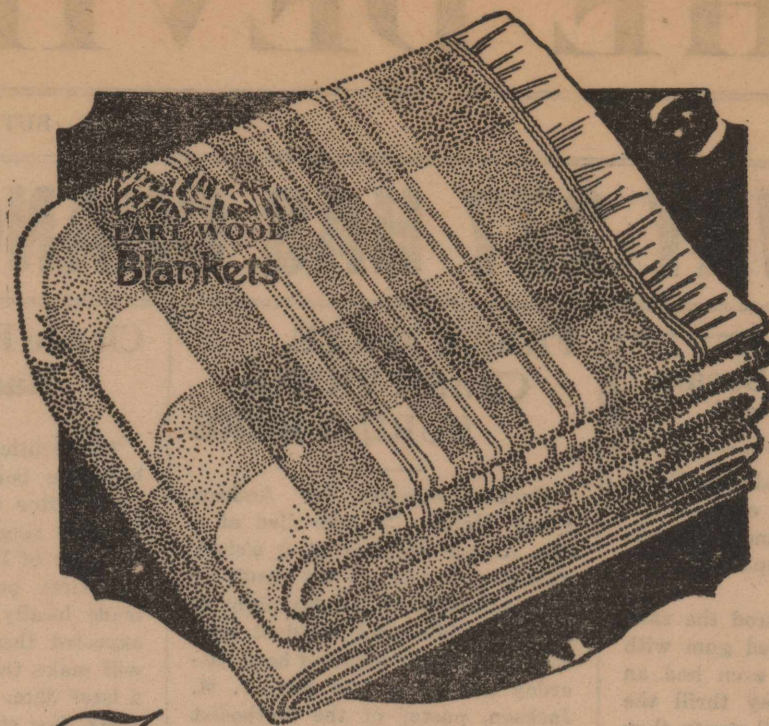

Mr. and Mrs. J. O. McMillan.

READ LA VISTA'S AD THIS WEEK AND SAVE MONEY

Manager A. C. Elliott of the La Vista Theatre is offering to admit at half price Friday night any person who can give names of shows and players for next week. This can be found in their advertisement on the last page in this paper. If you read the ad and are able to tell at the box office tonight the names of the shows and players you will be admitted at half price.

Mr. Elliott is making this special offer in order that movie fans will acquaint themselves with his programs. This next week he has an extraordinary program booked—one that cannot be bettered in the larger cities.

J. P. Reiley, wife and children were here from their ranch northeast of here Monday shopping and visiting with relatives and friends.

Industry Stimulator

Lord Churston, British financier, on his recent trip to West Texas said:

"There's no chance of comparing America and England. You have the cheapest power possible. Everybody can use it, whereas in England it can't be done. I pay 25 cents a kilowatt hour for electric service. It is impossible for all classes to have this convenience. For instance in the agricultural areas, where laborers are paid 31 shillings a week, they could not afford to buy electric service.

"West Texas should be very thankful for cheap power and for its availability to all. Big power companies certainly are of great stimulation to Texas Industry."

Hiram Stokes of Sonora, has been entered as a candidate for the Ford automobile offered by 22 of the leading merchants of San Angelo. The contest has not been going long and there is a good chance for "Buzzy" to win. For every dollar's worth purchased from the merchants whose names appear in an advertisement in this issue of the News 100 votes will be given to Hiram Stokes. He can handle a Ford or its value would help him to an education.

Lem Johnson of Sonora lost the first day roping at Angelo when he failed to catch his goat. Thursday, however, he won, tying in 15 2-5 seconds.

BURGLARS TAKE MONEY FROM BRITT'S DESK

Burglars, after gaining entrance into the Sonora High School building, and using a skeleton key to Superintendent Britt's office, forced a roller top desk open and took about \$17.50.

Wednesday morning, about time school was assembling, Mr. Britt noticed that his office floor was littered with belongings to the desk, and upon investigation, it was learned that someone had burglarized his office. The thief or thieves left a lot of pennies and a check that had been indorsed by Mr. Britt.

Finger prints have been taken, and it is believed that the guilty party will be apprehended. This is the second time burglars have taken money from his desk, Mr. Britt informed The News yesterday.

Local officers have had finger prints made, and are hopeful of catching the thief.

C. E. Stites, local Chevrolet dealer, and C. H. Carson, who operates the Imperial Filling Station, left Sunday for Oklahoma City on business.

WHY YOU SHOULD PAY YOUR 1929 POLL TAX

Texans will elect a new set of officials this year. United States Senator Tom Connally, who was chosen in 1928 for a six-year term; a few state senators and district judges who are elected for four-year terms and three or four state officials also who are not obliged to run every two years, will be on "easy street" insofar as campaigning for re-election is concerned, but everyone else, including the 18 congressmen, will be required to stand for re-election. It will be an "off-year" only for presidential candidates.

The political calendar for the year follows:

Jan. 31—Last day for payment of poll tax or to qualify otherwise by obtaining voting credentials.

June 2—Last day for candidates for state offices and district offices, in districts containing more than one county, to file requests to have their names placed on the ballot.

June 9—Meetings of state executive committees.

June 14—Last day for county and precinct candidates and district candidates, in districts composed of only one county, to file requests to have names placed on ballots.

June 16—County executive committee meets to determine the order of names on ballot and estimate expenses of election.

A GREAT AMERICAN

Edward Bok came to this country from Holland at the age of six. He died the other day at 66. In his sixty years of life in America he set an example of Americanism which every native-born citizen would do well to emulate.

No more inspiring record of a man's life has ever been written than Bok's own autobiography. "The Americanization of Edward Bok" ought to have a place in every school library; it should be required reading in every course in civics.

It is the fashion among the critics who sneer at everything which has made America great to belittle Bok and his work. He did more than any other man to make Amer-

ican homes more beautiful, American family life more attractive, to establish new and higher standards of good taste and to turn the minds of Americans toward the appreciation of beauty and culture in all forms. All this the editor of a woman's magazine. But he made a fortune and that, of course, is the unpardonable sin in the eyes of the unsuccessful and the incompetent.

CARD OF THANKS

We wish to show our appreciation to our friends and neighbors who were so kind and sympathetic to us during the illness and death of our wife and mother. Also we wish to thank the many who brought beautiful flowers. May God bless you all.

THE SMITH FAMILY.

THE STATE OF TEXAS
To the Sheriff or Any Constable of Sutton County, Greeting:

You are hereby commanded to cause to be posted for at least twenty days, exclusive of the day of posting, before the return day hereof, at three of the most public places in Sutton County, one of which shall be at the courthouse door, and no two of which shall be in the same city or town, and also cause to be published once a week for at least twenty days, exclusive of the day of publication, before the return day hereof, in some newspaper of general circulation published in said county,

which has been continuously and regularly published in said county for a period of not less than one year, the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of H. P. Cooper, deceased:

Know ye, that Sol Mayer, administrator of the estate of H. P. Cooper, deceased, having on the 14th day of January, A. D. 1930, filed in the County Court of Sutton County, Texas, his application to sell the following described lands belonging to said estate, situated in Sutton County, Texas, to-wit:

640 Acres, Abstract 1,095, Survey 90, Block B, Certificate 147, H E & W T Ry. Co.

640 Acres, Abstract 1331, Survey 106, Block B, Certificate No. 155, H E & W T Ry. Co.

640 Acres, Abstract 332, Survey 119, Block B, Certificate No. 162, H E & W T Ry. Co.

583 2-3 Acres, Abstract 324 part, Survey 103, Block B, Certificate 154, H E & W T Ry. Co., and being all of said Survey 103, last above described, except 56 1-3 acres thereof conveyed by H. P. Cooper to Fred & Joe Berger by deed recorded in Volume 13, page 149, Sutton County deed records.

Also 53 acres out of Survey 91, Block B, Certificate 148, Abstract 318, H E & W T Ry. Company grantee, conveyed by Fred and Joe Berger to H. P. Cooper by deed recorded in Volume 13, page 151 of Sutton County deed records.

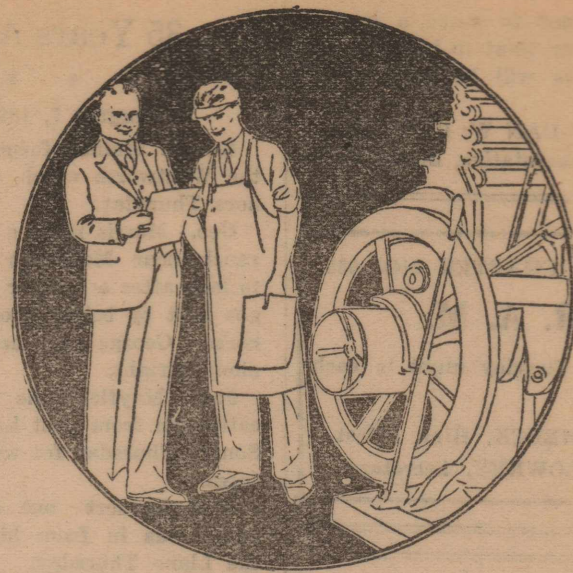

Now, therefore, these are to notify all persons interested in said estate to be and personally appear at the next regular term of the honorable County Court, to be held at the courthouse in the town of Sonora, Texas, on the Third Monday in February, 1930, same being the 17th day of February, 1930, and then and there to show cause why such sale should not be made, should they choose to do so.

Given under my hand and seal of office, at Sonora, Texas, this the 14th day of January, A. D. 1930.

J. D. LOWREY, Clerk County Court, Sutton County, Texas.

I hereby certify that the above and foregoing is a true and correct copy of the original citation now in my hands.

50 horsepower six-cylinder engine

Not until you drive the new Chevrolet Six can you appreciate what a wonderful improvement has been made in its famous six-cylinder valve-in-head engine. With its capacity increased to 50 horsepower, it has great reserve energy for sweeping up the steepest hills—for swift acceleration—and for sustained high speeds. Its power flows evenly and smoothly. And it is extremely flexible in traffic. In fact—it does everything you could possibly want a motor to do. Yet it is remarkably economical in its use of gasoline and oil. Come in today for a demonstration.

Washington and Lincoln Were True to Their Nation

The one was the Father of his Country, the other saved it from disintegration. Each rose to the highest office in the land, and administered it with dignity, courage and nobility. They were builders who made America what it is—prophets to whom we owe our wisdom—idealists to whom we owe our ideals. It is the example of their lives, and the principles of square-dealing they formulated in their declarations of national and international policies, that we strive to emulate in our relations with those who come in contact with us in our activities.

Washington and Lincoln had the national spirit—which is only a magnification of the community spirit so valuable to us all. When the Devil's River News boosts the community, does all within its power for it, trades in it and builds in it, it is following in the footsteps of the two great Americans whose birthday will be celebrated all over the United States during the month of February.

The News is here to serve you in any capacity. Have your printed matter printed in Sonora.

FORMER SONORA BRONCHO HONORED BY HOWARD PAYNE

Ray Glasscock, Second All-Conference Center Elected Captain of the Howard Payne Football Team, 1930

Ray Glasscock, second all-conference center last season, was elected captain of the 1930 Howard Payne football team at the annual football banquet held last Friday night. Nig McCarver was elected alternate captain.

Glasscock is one of the hardest fighters ever to wear a Yellow Jacket uniform, and has during his college career taken care of almost every position. After starring at guard in '28, Ray was shifted to center last fall to fill the gap left by Bill Wright's departure. Although new at the position and handicapped by light weight, he came through and rated a place on the second all-conference team. He was not outplayed by any opposing pivot man, played all of every game except when removed to give Scott some experience, and was a constant terror to opposing passers.

Nig McCarver, alternate captain-elect, was chosen as the most valuable man in the Texas Conference last season. He led all scorers with a total of 12 points. Nig has more than just speed and should show the way to the scores again next fall.

Lettermen Announced

Lettermen of the 1929 eleven were announced at Friday's banquet. The fifteen men receiving them being: Ted Edwards, end; Howard Scott, center; Clyde Dean, quarter; Arthur Wolf, half; and Thilman Rogstad, full. Manager Fred Bell was awarded a letter.

President Taylor acted as toastmaster in the absence of Mark McGee, who was unable to attend. All speakers were lavish in their praise of Howard Payne's youthful coaches, Cheaney and Keaton, and of athletic director J. Horace Shelton. The coaches, in turn, thanked all those who had co-operated and had helped to make possible the winning of the football title.

Coach Cheaney gave unstinted

Cowboy Band to Play Here 26th

The famous Cowboy Band of Simmons University, will be here at the Methodist Church at three o'clock Sunday afternoon. Admission to this unusual treat will be free, however, a free-will offering will be accepted.

The Cowboy Band is gaining world-wide fame and is recognized as one of the leading bands of the South. Thirty pieces will compose the band. The cowboy sax quartet, brass quartet will give special numbers. Among other famous musicians are: Conductor D. O. Wiley, Drum Major Kuhn, the Blind Cowboy, Whistling Houston and Bass Playing Fitz. The Cowboy Band will make a three-months' tour of Europe this summer.

Dr. J. D. Sandefer, president of Simmons University, will fill the pulpit at the evening hour, it is understood.

Dr. Cook Interesting Talker—Aldwell

Dr. F. A. Cook, Artic explorer and oil promoter, is an interesting conversationalist. W. L. Aldwell, president of the First National Bank of Sonora, told friends here yesterday. Mr. Aldwell met Cook several years ago and had a long talk with him. Cook, according to Mr. Aldwell, emphatically declared that he discovered the north pole. Cook said there were no shadows visible at the north pole and no trace of vegetation could be seen.

Dr. Cook, before he was sentenced to federal prison, came to Sonora to lease oil lands, and it is understood at that time he secured a lease either in Sutton or Edwards county.

Dr. Cook has been granted a parole from Leavenworth, Kansas, and it is understood that he will be released in February, provided the parole is approved.

W. L. Aldwell, president of the First National Bank of this city, left yesterday for San Angelo to visit with his wife who has been in that city for the past month.

praise to those who had helped make the team a success. He gave much credit to the faculty, who had made the athletes work in their studies; to Mrs. Cooley and her helpers, who had fed the gridsters; to the business men and members of the Athletic Association; to Doctor Daughety, who had done much to keep the members of the team in good condition; to the yell leaders, pep squad, and students who gave the team their loyal support; to the scrubs who served as cannon fodder all through the season; to the varsity men, who worked together and really put out to win, and to the reserves who battled hard whenever put in but just couldn't quite rate a varsity berth. Cheaney advised his men to play square and hard in the game of life as they had on the gridiron.

The speakers on the evening's program were Chester Harrison, Arnold Kirkpatrick, D. Jewel Daughety, Dr. Henry Lobstein, Cap Shelton, McAdoo Keaton, Joe Cheaney and Dr. W. R. Hornburg. All of the speakers were well pleased with the Jacket's two successive championships, and were optimistic over the schools' prospects for a winning team, or even a third championship, in 1930.—The Yellow Jacket, January 16.

SALE OF SARGON BREAKS RECORD

Famous Medicine Rapidly Becoming Household Word Throughout America—24 Carloads Sold in 25 Days in 27 States—Overwhelming Demand the One Great Outstanding Proof of Its Wonderful Merit.

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of a medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply a demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record recently made by these wonderful medicines.

In the State of California where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required 9 carloads in only four months.

A single New York firm, with wholesale branches in leading cities, is selling at the rate of over a Million and a Quarter bottles a year.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another. "We are selling more Sargon than any other medicines put together," said still another.

And so it is everywhere Sargon has been introduced. From coast to coast and from the gulf to the Great Lakes, Sargon is known and honored.

Million upon millions have used it and have told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it and in this way Sargon is fast becoming a household word throughout America.

Davenport Denies Low Mohair Price

Fredericksburg, Texas.—Promise of advances to mohair growers in excess of 35 cents a pound for the spring clip was made here today by Roy J. Davenport, president of the American Mohair Co-operative Marketing Association in a statement denouncing reports that the price would not exceed that figure.

Davenport's statement said: "In meeting producers in various arts of Texas we find that the speculators are beginning to advise the producers that they are going to receive 35 cents per pound for the spring mohair clip. We want to tell you that any such price information is advance propaganda to get you in a frame of mind to take another skinning. We want to tell producers of mohair we will advance more money per pound than the above mentioned price, and they will retain title to the mohair. We ask that producers get in touch with us at an early date at our office in Uvalde."

CAMP ALLISON

This community has been so grieved over the deaths resulting from the wreck near Sonora that we failed to send in the news last week.

The deaths of Mr. Hollmig and Mr. McKee cast a shadow of gloom over all as everyone, either relative or friend, mourned their deaths. The heart-broken relatives have the sympathy of a host of friends here.

The past week has been a busy one for Cedar Hill school since all our mid-final examinations were given. The tests are over and the greatest percentage of the students did well. Today starts the last half of the school year.

Those on the honor roll for this month are: Tenth grade, Ray Adams; ninth grade, Fay Shroyer, Hazel Thiers; seventh grade, Essie Rode; fifth grade, Eugene Adams; fourth grade, Shelley Fay Adams; second grade, Mary Adams and Buster Shroyer; first grade, Warren Reeves.

Miss Edna Adams returned to her school Monday.

Mr. and Mrs. Tommie Franks are visiting on the Rode ranch.

D. Q. Adams and son, Oscar, Elbie Adams, Lamar Schrier, T. C., Quince and Alfred Thiers were business visitors to Junction Monday.

A large crowd attended the show at the school house Monday night. Only a few were out Tuesday night on account of the cold weather.

Miss Hilda Taylor, of Boerne, arrived here Thursday. She will take Mrs. Keithley's place as teacher of the school.

CHAMPION ROPING CONTEST WILL BE HELD SATURDAY

Saturday, January 25, is the date set for the premier calf roping contest of the year, which is to take place at the West Texas Fair arena in Abilene. Bob Crosby of Abilene, world's champion will defend his title against Allen Holder of Rankin, who has treated Crosby's title before. The two will contest for a purse of \$2,000, roping 20 calves each. The event is scheduled for 2 o'clock Saturday afternoon.

Mr. and Mrs. John Ward, Jr., and baby have returned from Sweetwater where they had been visiting her mother, Mrs. Lige Outbirth.

"Now, Charles, if your father could do a piece of work in one hour and your mother in one hour, how long would it take both to do it," said the teacher.

"Three hours," answered Charles, "counting the time they would waste arguing."

WHAT TO SERVE WITH LAMB

Some accompaniments fit in especially well with a particular kind of meat. While there are no hard and fast rules that must be followed, except to make the meal well balanced, the National Live Stock and Meat Board makes suggestions for accompaniments that combine particularly well with lamb.

VEGETABLES: Peas, onions, spinach, string beans, asparagus,

turnips, cauliflower, tomatoes, carrots.

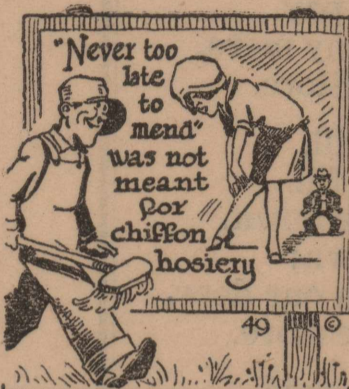

SALADS: Lettuce; tomato, cucumber and lettuce; orange, endive, and watercress; grapefruit and lettuce. Serve all salads with a tart dressing.

RELISHES: Mint sauce, jelly, or water ice; green grape, currant, guava, or any tart jelly; spiced peaches, pears, or gooseberries; horseradish, sauce, onion sauce, brown sauce, Bechamel sauce, tomato sauce, chestnut puree.

POTATOES: French fried, baked, or creamed potatoes with chops or steak; mashed, brown Duchess, new potatoes, creamed, or scalloped potatoes with either roasts or chops.

ODE OF THE CORNER DRUGGIST'S DAUGHTER

We can't have good things at home any more,
Cause Daddy lost his trade to the Chain Store;
His customers are gone, for he can't compete,
With the Chain Store on the same street.
Now Daddy treated all the folks very nice,
They can't get his kindness at the Cut Price.

Neighbor Brown who had six children to feed,
Came to Daddy when he was sick and in need;
Daddy took care of them, I've heard him say,
Till Brown was well again, and able to pay.
Now Brown is well, don't need Daddy any more,
And spends all his money at the Chain Store.

There's lots of folks who owe Daddy still,
Yet give their orders to the Chains to fill.
My Daddy has never turned a neighbor down,
He was the same as a Doctor in our town;
At midnight they'd come and knock on our door,
He would get up, and go let them in the store.

For Daddy's kindness here's how he is paid,
By losing to the Chains all his trade.
Now you folks may be in need and sick too,
Without Daddy, what'll the Chains do for you?

little man in the world. A bunch of clowns and a cage or two of monkeys added spice to the whole performance. Among the special characterizations were the King, Sidney Awalt, and the Queen, Mary Jane Evans, with Miss America portrayed by Susie Wardlaw.

One of the really outstanding star performances, calling for skill and practice was the trapeze and contortion work done by Forrest Crowder, age six. Little Miss Crowder has been in training since she was three years of age. Her stunts were difficult but performed with precision, showing decidedly the guiding hand of a master physical culturist.

Those who witnessed the circus are indebted to Miss Edith Bellows for the pleasant evening. Miss Bellows had the co-operation of the mothers who helped to keep their sons and daughters in trim for the performance. The grammar grades were also participants. Miss Bellows wishes to thank those who helped in producing the show and the Home Orchestra for the musical features.

Col. Esaias Izadias Whiffletree says the show last night brought back sweet memories of the day when he ran away from home to join Lemon Bros.' greatest show to become an acrobat and a clown. The old gentleman said he closed his eyes while the performance was going on and imagined he was once again under the big top. It was great, he said, but he missed the peanuts and red lemonade.

TALKING COMEDY AND NEWS REEL

Test Your Memory

Anyone coming to the show Friday (tonight) and can tell us when the five pictures above are coming and who plays in them will be admitted at half price.

WHY

IT COSTS YOU NEXT TO NOTHING

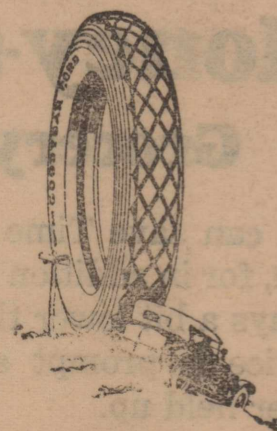

TO TRADE NOW FOR SAFE NEW

GOODYEARS

First, the extra amount we allow for your present tires offsets the winter's depreciation on the new Goodyears. Worry along with your present tires until spring, and they'll have little trade-in value. But new Goodyears, put on now, will still be like new in the spring because winter wear on tires is far less than when they've to travel over hot summer roads.

Second, you escape the delays and costs of punctures and repairs on old tires. You enjoy the safety of sure-gripping new Goodyears when it's most needed.

The shrewd investor trades now for his new Goodyears—to get all-winter protection for next to nothing. Drop in and talk it over!
