# 6TH ROUND-UP DRAWS 2000 VISITORS

#### **School Cafeteria** to Be Improved, **Enlarged for Fall**

New Equipment Will Facilitate Serving of Students and Faculty

The Sonora school cafeteria is ation.

The room in the basement of the old building, which was used for this year. A door has been cut through the wall leading to the room just north of the old cafeteria room, formerly the primary room, and this will be used for a dining room. It has been cleaned and painted, and is much larger and lighter than the old room. New tables are being built in order that more students may be accommodated than heretofore. The kitchen is being re-arranged and new equipment is being installed. Both rooms will be screened. The entire outlay will be made much cleaner and more attractive than ever before.

The committee appointed from the Parent-Teacher Association by the plans of the Gulf Petroleum Mrs. Ira Shurley, president, to confer with the school board concerning necessary equipment consists of Mesdames W. C. Gilmore, Wiley McDaniel and Ira Green.

#### Commissioners Meet

Court in Quarterly Meet; Discusses Roads, Courthouse Fence

The Sutton county commissioners' court is in session this week in a quarterly meeting. Monday the court heard a committe of the Sonora Lions Club regarding beautification of the courthouse lawn by the removal of the present wooden fence. No definite action was taken, although plans were made to turn the matter over to a committee composed of a member of the club, a member of the court and a representative of the women's clubs of the town to work out some method of removing the present fence and erecting a more attractive form of protection from stock.

Road matters were discussed, although no new projects are to be undertaken.

Reports of the county officers were considered and approved.

Morris were present.

RETURNS FROM TEMPLE

Miss Babe White returned Thurs-Temple for about three weeks.

YOUR LETTERS MIGHT GO TO THREE OTHER SONORAS

Your letter addressed to Sonora, Texas, might go to three other Sonoras in various parts of the United States. Sonora, the capital of the Stockman's Paradise, enjoys its name in common with towns in California, Kentucky, and Arizona.

Sonora, California, has a populabeing repaired and enlarged for the tion of about 2,000, and it was to opening of school, through the co- this town that credit was given in operation of the school board and the Lions club magazine for the the Sonora Parent-Teacher associ- pajama parade held some time ago by the local club.

Sonora, Kentucky, is a small village, located about 80 miles south the cafeteria last year will be used of Louisville, in the vicinity of the the encouragement of a good atonly as kitchen and serving room mammoth cave. It boasts a popula-tendance at the exercises. tion of about 200.

The Arizona postoffice is not given a census listing.

#### **New Filling Station** Started Monday on Richardson Lot

Structure Will Conform to Gulf Specifications, With J. T. Penick as Operator

O. L. Richardson is having erected on his lots in South Sonora a brick filling station to conform to conmapny's stations. J. D. Westbrook, San Angelo contractor, is in charge of the project, which will probably be completed in about three weeks.

J. T. Penick will operate the business when it is completed. It is located at the northeast corner of in Sonora Tuesday. the intersection of the Del Rio highway and the San Antonio high-

#### With the Churches

BAPTIST CHURCH

Those of our Sunday school and church who went to Christoval last Sunday, enjoyed a full day of good things. The entire program was good and made one glad that he could associate with the people of God.

Next Sunday we will have our regular Sunday school and preaching at the morning hour but will not have services at the evening hour. All who can should attend the services Sunday afternoon and night. If any can attend the services Sunday morning at Christoval, we will gladly excuse you from our service here. The program will last all through this week and everyone is welcome

#### To Build Bridges

Concho and Pecan Creek

An allocation of \$97,500 was made by the Texas state highway commission for building of concrete bridges across the South Concho River at Christoval and across Pecan Creek, midway between San Angelo and Christoval on highway 30. Work is expected to begin on the projects within the next 40 to

Tow Green county will not share in the expense, but in return for the bridges, has agreed to furnish 100-foot right-of-way for the highway from San Angelo to the Tom Green-Schleicher county lines. This right-of-way has been almost entirely secured for the county by deed or option.

The Christoval bridge will likely cost about \$65,000, with the remainin \$30,000 to be spent on the Pecan Creek structure.

Sonora people welcomed news of th eallotment, for the construction of the two bridges has been sought for many months by people all along the route of highway 30.

R-1 READ THE ADVERTISEMENTS!

#### THIS WEEK

(Special to The News)

Washington, D. C., Aug. 12 .-Government energies are now being bent toward a solution of the unemployment situation that is expected to confront the county next winter. The President's advisers have been working with him ever since spring, trying to devise ways to meet this condition.

Beyond question, the administration realizes that conditions for the men out of work are going to be much harder this winter than at any time since the stock market crash two years ago. The big industrial concerns, in most instances are faced with heavily depleted reserves, and th esavings of most workers have been dissipated in supplying the family larder. As a State to Build Structures on South result ther eis less money being held in reserve right now than at any time since the depression

President Hoover has held many consultations with John Barton Payne, head of the Red Cross, Sec- pencilled words in the palm of his retary of Labor Doak, Arthur hand. Woods, chairman of the Committee on Employment, an dother authorities, for the purpose of finding out what palliatives the government has with which to meet the coming condition. In addition, Mr. Hoover create jobs. He has been keeping parliamentarian. closely in touch with all plans being carried out by the various states on new public works and arranging federal plans to fit in with pass the legsilation required to their projects in order that the greatest number of workers will has been suggested to the President be benefitted at the least possible that he convene the house in Nocost to the taxpayers.

has always been to cut down a few weks. wges. Now the big interests have come to realize that a cut in the buying power of the worker means lessened dividends and lower returns from capital.

One hears from all sources that the shelves of the merchants are practically cleared, and that many of them are living from hand to cerned. Some industries have already gone back on full time production and it is expected the rest of the mills and factories will follow suit in a few months. Naturally i shtcannot be accomplished as quickly as mills can be shut down, and it is this in-between period that the government seks ot bridge over with temporary jobs on needed public works lik epostoffices, roads, levees and similar undertakings.

Another problem that is harrying President Hoover is the question as to whether congress will b eable to pass the enabling legislation to permit the President's debt holiday to become effective. Under the Young plan, Germany is due to make a heavy payment on December 15 and congress, which was relied upon by Mr. Hoover to sanctino the postponement of the debt, will not meet until December 7.

The whole crux of the situation lies in the fact that, for the first time in many years, the two major parties are almost tied in their number of representatives. It is problematical yet as to whether the republicans or democrats will control and elect the speaker. Even if the republicans are shown to be in control, they will still have the difficult job fo conciliating the progressives so they will vote with

the regulars. Representative nTilson of Co necticut is the logical choice of the regulars for speaker, with Representative Luce of Massachusetts a close second. Luce is considered the best thinker in the house. It is certain that the insurgents will demand that a western man be chosen and a long-drawn out fight may result. The democrats are but little better off if they gain control, as Garner of Texas, the man nearest in line for speaker, is not liked by Tammany, which has a powerful bloc in the lower house. That would leave Representatives Crisp of Georgia as the second choice. Crisp is the son of the speaker in Cleveland's last ter mand the house as a whole admits his ability, the gen-

"Yes that would do me a lot of good, wouldn't it?" demanded Peter. "That would certainly save my face. To have my wife sail up to the tion dedicated recently. desk and register for me and ask for rooms on separate floors. Oh, yes, that would make everything church dedicated. fine and dandy."

"I'm not your wife," stormed Rowena.

"No, thank God."

"I'm-I just happen to be married to you—by accident. A—a sort of detour. "Worse luck," growled Peter.

Rowena opened the door and sprang out. "What are you going to do?

Walk to Yellowstone?"

"I am going," said Rowena coldly, "to retire in peace to my rumble seat.'

"Rowena, I ask you, don't be any more ridiculous than usual," he pleaded. "How's it going to lookonly two of us in a roadster and you riding in the rumble seat in this boiling hot sun?"

"I'm above worrying about how things look," said Rowena, "I'd rather be bounced and bruised and blistered in the rumble seat than insulted in-in the lap of luxury."

She raised the umbrella with a vicious little click of the snap, adjusted the cushions about her slender body, and rode the rumble in solemn grandeur, leaving Peter to fume futilely alone in front.

It was about the hour of sunset when a sudden shadow blackened the west, a sudden cool breeze touched their faces.

"They must be having showers in the mountains," said Peter.

But Rowena, deep in a painful sleep of complete exhaustion, did not answer.

It was more than showers they were having in the mountains-it was couldbursts, one after the other in torrential downpour, and in less time than it took for the coolings breeze to sweep down the plain wtih refreshment for their tired

THE

GREATEST

VALUE

(F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost.)

WHEN you buy a Ford car today, you buy what is unquestionably the greatest value in the history of the Ford Motor Company. Never before has so much beauty, comfort, safety and performance been offered at such a low price.

The low price of the Ford is something to think about because it means an immediate saving of many dollars - always an important consideration. But far more significant than price alone is what you get for that price. When high quality is combined with low price, you may justly take pride in having found a most satisfactory purchase.

See the Ford - ride in it - learn something about the value that is built into every part. The more you know about it, the more certain you will be that it is the car for you. It is literally true that when you "get the facts you will get a Ford."

#### A PROFITABLE ROUND-UP

Another successful Round-up has terminated at the Ranch Experiment Station, bringing new ideas and new knowledge to assist West Texas ranchmen in conducting a more profitable business.

The entire affair was managed smoothly-good programs, good speakers, excellent barbecue, and interesting entertainment features. Visitors were certainly in perfect accord in expressing their opinion of the barbecue luncheons. They all agreed that the meat (chevon and lamb donated by West Texas ranchmen) could not be finer. The entertainment was a tribute to everyone connected with it.

The more serious part of the program was, of course, of much greater constructive value, for it dealt specifically with the problems which the ranchmen face in the raising and marketing of their products. It is an ambitious effort on the part of Superintendent W. H. Dameron, and his station helpers, to bring such an affair to Sonora and the ranchmen of West Texas, and one which will pay rich dividends in the years to come.

Seems a shame that Texas farmers plow weeds out of their cotton during the spring and summer, and when at last they run out of a plowing job, they are urged to plow up the cotton!

#### 'The Devil's Dream"

(By W. E. James)

Mankind is always happier for having been happy; so that if you make them happy now, you make them happy 20 years hence by the memory of it.

Smith said a mouthful when he penned the above lines about mankind being "happier for having been happy," and it makes no difference which one of the Smith boys uttered it. Make some kid happy today and in after years he will cherish your memory for having been so thoughtful and unselfish.

And the poet—(he may have been one of the Smiths too)—gives us a recipe for happiness; here 'tis: "Happiness, to make it: Take a hall, dim lit; a pair of stairs where two may sit; of music soft, a bar or so; two spoons of-just two spoons, you know; of little love pats, one or two, or one squeezed hand, instead, will do; a waist the size to be embraced; and two ripe lips, red rose, to taste; and if the lips are soft and sweet, you'll find in that, a happiness com-

"To tear or not to tear" the fence from around the courthouse square, seems to be the all-absorbing question now confronting Sonora citizens. Over in Menard the citizenry settled the matter of what to do with their 60-year-old jail, which stood in the way of a new one, by making it into a public library, after first removing the bars. There might be a use found for the old courthouse fence in building a city-county pound pen in which to put the stray cattle found depredating upon the courthouse lawn.

Concrete posts with a connecting chain has been suggested to replace the old fence. An improvement of this nature would beat the unsightly old fence even if it had a coat of whitewash. However, representatives from the women's civic organizations are to be asked to help decide the question "to tear or not to tear." It's a dime to a doughnut hole the ladies will konw the wise thing to do in the matter.

Now that the man with the shortest name in the United States has confessed that his cognomen of A. A, is an alias—his right name being "Gerske" honors rightfully go to Dr. Au, former citizen and sign painter of Big Lake. Step up, Doc, and receive the "squshed" banana.

And 'nen comes Two-Gun Ike with a poser. He wants to know "who the tarnation heck is this here Kid Mohair." "I've hearn tell," remarked Two-Gun, "of Kid McCoy an' Billy the Kid, Arizona Kid an' the Waco Kid, but darn my pore ole sun-burnt hide if'n I can place this cheap Kid Mohair the papers are making such a holler about these days.'

#### Miss Dorothy Baker **Honors Miss White** With Bridal Shower

Miss Dorothy Baker entertained at her home Saturday afternoon with five tables of bridge, honoring Miss Lillian White whose marriage to Clifton B. Brooks took place Sunday morning. At the close of the bridge games little Miss Mary Jane Evans entered, attired to represent cupid, in pink maline, and bearing prizes to the winners of high and low score. These were Miss Bonnie Glasscock, who received a Madeira luncheon set for high score, and Mrs. Louis Stuart, who was given a Madeira hand towel for low. The low score prize, brought first, was in a small box tied with pink maline and adorned with orange blossoms, the high score prize was delivered by "cupid" in a hat box similarly decorated, and the guest prize, presented to Miss White, was contained by a still larger hat box carrying out the pink and white color scheme. This "prize" proved to be a surprise linen shower from the guests to the bride-to-be. Many lovely gifts were found in the box by the delighted honoree.

Tallies bore a pictured bride and groom and refreshments consisted of individual ice box cakes iced with white and topped by pink rosebuds.

Participants in the beautiful affair were Mesdames Bryan Hunt, Sam Karnes, L. D. Brooks, of Big Lake, John Fields, Nannie Wilson, Claude Keene, Ben Martin, of Eagle Pass, Louis Stuart, Bob Vicars, Sam Hull, E. F. Vander Stucken, Gordon Stewart, and A. C. Mc-Knight, and the Misses Muriel Sim-

At college, where Miss White received her B. A. Degree, majoring in English, she was a member of the Journalism Club and the pep squad, and was popular in school activities.

The wedding marked the culmination of a college romance, beginning at Howard Payne College where the young people became acquainted. Mr. Brooks is a young ranchman, and the couple will make their home in Big Lake where a new home is being built for them.

CLASSROOM BEING CLEANED The Young People's Class of the Methodist church, taught by Mrs. P. J. Taylor, is working hard on cleaning and redecorating its class room at the church. The walls and ceiling have been calcimined and the floor is to be re-done. Curtains, pictures, and other decorations are to be added, and the room is being rapidly transformed into a most attractive meeting place.

DR. AND MRS. WHITE ON TRIP Dr. and Mrs. Tom White left Wednesday for a trip to Arkansas where they will visit Dr. White's father. They expect to be gone about two weeks.

Mrs. Louie Stuart was in town from the ranch Saturday.

#### School Lands Are Assessed in West **Texas for Taxes**

Total Values Placed at \$3,101,529 By Board-17 Counties Are Helped By New Law

The state tax board meeting at Austin, on August 6, rendered the University of Texas lands in West Texas at \$3,101,529. The properties located in 17 counties will be subject to county taxation this year for the first time.

The lands total 2,034,712 acres, the rendition ranging from 80 to 85 cents an acre in Culberson and Hudspeth counties to \$5.25 in Martin county.

The university's oil and gas royalty interests were not rendered, according to the board, because the courts had held they were not taxable. It was believed the counties might be able to collect a mineral interest tax from lessees.

The average in each county and of the car behind them against the gathered closer and talked. Some its valuation is as follows: Crane sang, and the men smoked. And 58,905, \$58,965; Crockett 355,352. presently by twos or by families \$444,190; Culberson 46,080, \$36,they crept away to their separate 864; Ector 6,138, \$15,836; El Paso 15,040, \$15,040; Hudspeth "Here's an old mattress you can 453,120, \$385,152; Irion 23,796, use," said the Kansas farmer, toss- \$59,490; Loving 23,472, \$29,340; ing it across to Peter. #### Tucker-Stresses Importance of Game to Texas Rancher

Commission Head Says Hill Country Landowners Profit Greatly

College Station, Tex., Aug. 6.-Through the provisions of a law enacted in 1925, permitting landowners to make a charge for hunting privileges on their premises, farmers and ranchers of Texas are in a position to make an auxiliary crop of considerable importance, William J. Tucker, executive secretary of the State Game, Fish and Oyster Commission, pointed out in a talk on "Game as an Auxiliary Farm and Ranch Car mers Short Course, College, Wednesday.

While charges for hunting privileges had been made prior to the passage of the law of 1925, it was not until legal status was given the procedure that landowners awakened to a true value of their game crop, the speaker went on to say. Whereas game, he continued, is the property of the people in their sovereign capacity, a qualified right in such game is held by the landowner whose premises it occupies, and therefore the lawmakers reas- darker cloth suit you should have oned that the landowner has the one or two pure white bouquets. right of profit in the game re- Paris has, as you doubtless know, sources of his land as long as he signified her approval of all white takes this profit from the privil- flowers and the smartest of this ege of hunting. been most extensive in Central West Texas, known as the Hill Country, where an abundance of deer and turkey attract the hunter and prove a source of considerable revenue to the rancher. Game is regarded no longer as an accidental crop but as an auxiliary crop of considerable importance to increase the potential harvest, the speaker

#### In Favor of Fence

Stockmen Say Courthouse Lawn Protection Necessary

Another side to the Lions Club's efforts to remove the fence surrounding the courthouse lawn has been revealed in statements of lo-«cal ranchmen.

S. E. McKnight expresses the opinion that without a fence of some sort around the lawn it would be impossible to drive cattle and stock through the town from the east without their getting on the lawn and destroying grass and shrubbery.

Shipments of cattle from northeast of Sonora have to be driven in on the Menard road and directly past the courthouse in order to reach the railroad loading pens on the west of the city.

Mr. McKnight suggests the use of a coat of whitewash for the fence as a means of beautifying the square.

Irrigation is to be tried in Rob- always white but you may have erts county in the Panhandle of the leaves white, brown, navy blue Texas by a number of farmers in or black. the Red Deer valley who have

It is shown at it will appear against the tall skyscrapers of New York. The new boat will have cost \$30,000,000 when it takes the water. #### Raise in Mohair Advances by Co-op Rumored for Fall

Probable Raise Thought to Be Five to Seven Cents-Goat Business Sound

A persistant rumor, as yet unconfirmed, has it that the Federal Farm Board will raise the advance on mohair from 5 to 7 cents a pound on the fall clip, shearing of which begins the latter part of August. Sol Mayer, of San Angelo, president of National Wool Marketing Corporation, is working on the matter but has made no statement on what he thinks it will be.

Despite the distress in which goatmen have been during the last six months, bankers say that the chased a 14-foot windmill from the loans on goats are in fair condition West Texas Lumber Company. The all over West Texas. As long as goatmen remain optimistic.

> Low advances on mohair last spring caused a general break from the National Wool Marketing Corporation and prices dropped to an average of 23 cents for adult and 33 for kid hair. The co-operative, which has about 12 to 13 million pounds of unsold mohair on hand, is believed to be in a position to control this market if the advances are raised.

# Today's Preparation Is Tomorrow's Progress

FORWARD-LOOKING towns must consider their power supply. Is it reliable? Is it ample? And can it be increased quickly when industrial growth calls for more power?

These requirements are met when a town is served by an inter-connected electric power system. New demands are met at once, because power is available from many different sources.

Making this elastic, dependable and ever-ready type of power supply available throughout West Texas, it is the privilege of the West Texas Utilities Company to serve 124 prosperous cities and towns in this "Land of Opportunity." Three major generating stations, nineteen auxiliary plants and over 2,500 miles of high tension transmission lines place inexpensive electric power at your command every minute of the day.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule ... and adds only a small amount to your total bill?

faculty of Texas A. & M. college. for several years in Bertram, Gon- pullets that will begin laying soon.

DR. GRAY ON VACATION Dr. W. B. Gray, pastor of the Eldorado Presbyterian church, and Mrs. Gray, left last Thursday for Montreat, N. C., for a three weeks' vacation. Montreat is near Ashville, famous resort, and is the site of a large Presbyterian encampment, which the Grays plan to attend. They will be back the first Monday in September.

RETURN FROM SAN DIEGO Mrs. Roy Aldwell and her son. Lea Roy, returned Sunday from San Diego, Calif., where they spent three weeks during which Lea Roy had the advantage of private instruction from Earl Rosenberg, one of the foremost professors of voice in the country. Lea Roy, who has a promising tenor voice, felt that he derived great benefit from this contact with the artist. The trip was made for this especial purpose.

#### CARD OF THANKS

We wish to express our sincerest Mrs. Ed Mayfield went to the appreciation to our friends who by their acts of kindness and expressorrow in the death of our father. Hugh Stockton Espy.

# We're always "pleased to meet you"

The officers of this bank bid you welcome. To lend our aid to ambitious men of the community, to give counsel and cash in support of sound projects is our business. Now, more than ever, just as better times begin to dawn, we are eager to lend the support of a strong bank to fellow-towns men with ideas. Come any time for a visit here.

#### First National Bank Resources Over \$900.000

VISITORS FLY HERE Miss Buelah Wyatt, cousin of Mrs. John Fields, and Melvin Sellmeyer, both of Bristow, Okla, ar-

rived in Mr. Sellmyer's airplane Tuesday for a visit with Mr. and Mrs. John Fields, Mr. and Mrs. Chris Wyatt, and Mr. and Mrs. F. F. Vander Stucken.

VACATION IN SAN ANTONIO Mrs. Clyde Gardner is on her va-

cation, and left this week for San Antonio, accompanied by her sister, Mrs. R. S. Williams, of Mertzon. Miss Joanna Stokes is taking her place with E. F. Vander Stucken Company during her absence.

SONORA, TEXAS

# Inose Doys are O. K."

that's what we want you to say about us

More people Ride on Goodyears Than any Other Kind

If you come in to see us and don't buy a tire—if we test your battery or brakes and you don't spend a dime—we want you to know that we are almost as pleased as if you shot the works. We do not say "just as pleased" because you know that would be a lot of boloney. It's human nature to want to make a sale. But sale or no sale, you will find here a friendly interest in you and your problems. Try us and see.
