## CINDERS WT Chamber of Commerce Sets Board Meeting Here

By John T. King

Nelson Stubblefield says he can sympathize with us at the "Devil" during our work on the 75th special souvenir historical edition. Nelson was working at the "Devil" 25 years ago and made many of the press runs for the 50th edition in 1940.

And Paul Hearn, manager at Morrison's, says that he is looking for old relics to display in the window of his store. The items will be on display, but out of reach, and will be tagged with the name of the owner.

Don West at Foodway already has started his collection which includes a 1913 National cash register, Edison gramophone with a 1902 recording of Red Wing, sock knitter, wagon wheel puller, Hammond typewriter, and other relics of the past.

West Texas Chamber of Commerce board members from a 13-county area will meet with the top echelon of WTCC officers in Sonora on July 6 as part of an intensified program participation and membership campaign being conducted this year by the regional Chamber.

The 13 counties are all in District 9 of the WTCC and include Coke, Concho, Edwards, Irion, Kerr, Kimble, Menard, Real, Runnels, Schleicher, Sterling, Sutton, and Tom Green.

The Sonora briefing session will be held at 6 p.m. on July 6 at French's Big Tree Restaurant with District 9 vice-president, W. R. Cusenbary, in charge.

Meeting with the District 9 directors will be Beeman Fisher of Fort Worth, now serving his second term as president of the West Texas Chamber; and the two vice presidents of the organization, Hereford banker Henry Sears and Odessa business and civic leader John Ben Shepperd.

The Sonora meeting is designed to kick off accelerated program participation and membership work in the district and will also serve as an orientation session for directors on this year's projects and accomplishments of the WTCC.

Fisher will speak on, "What the West Texas Chamber of Commerce Means to You."

Sears will go into the program of work in depth, stressing participation by WTCC members in

all of the organization's activities, including committee service and special events—such as Infocade '66, scheduled next March. Infocade was begun this year and is a series of orientation meetings sponsored by the West Texas Chamber, designed to acquaint business leaders with the economic problems and opportunities of the region.

Each community in the district will plan its own campaign with its WTCC director in charge. In some of the larger cities extensive membership drives will be conducted.

The WTCC now has 3,000 members in its 132-county area.

Directors from District 9 who are expected to participate in the Sonora meeting are E. E. King, Ballinger; E. W. LeFevre, Eden; Jordan Cunningham, Junction; J. G. Childs, Kerrville; Dale F. Mock, Menard; Lloyd Cope, San Angelo; W. H. Dixon, San Angelo; E. H. Danner (WTCC past president), San Angelo; Houston Harte (WTCC past president), San Angelo; H. Frank Meadows Jr., San Angelo; Cusenbary; and G. W. Sneed, Winters.

In the second game Thursday the Dodgers topped the Cardinals 12-6. Tom Green got 11 strikeouts and gave up only one hit to Eddie Sutton. Jim Elliott struck out five for the Cardinals, allowing five hits, three to Kerry Joy.

Friday's play saw the Dodgers taking another victory by defeating the Indians 11-6. Kerry Joy turned in 10 strikeouts, giving up 5 hits, and he also had a 4 for

4 record at bat with a home run in the fifth inning.

The Indians' Richard Bernal got two home runs in the first and third innings and a single in the fifth. Ramiro Gandar and Ricky Hill also tallied hits. Gandar struck out eight batters.

In the second game Friday the Colts copped a 27-10 win over the Cardinals.

## Funeral Services Held in Ozona Wed. For W. E. Smith, 72

Funeral services were held at 2 p.m. Friday in the First Methodist Church of Ozona for W. E. (Red) Smith, brother of Bill Smith.

Mr. Smith, 72, died Wednesday, June 23, in Big Spring Veterans Hospital.

He was born July 29, 1893, and had lived in Ozona 25 years before moving to Van Horn, where he had been a resident since 1948. He was foreman for Ray Willoughby and Clayton Brothers ranches near Ozona, and he operated a store near Van Horn for a number of years.

Survivors include his wife, Noble; four sons, N. E. Smith of Lamar, Colo., I. E. Smith of Odessa, Barte Smith of Plainview, and Eddie Smith of El Paso; three sisters, Mrs. Arthur Sitas and Mrs. R. L. Bricker, both of San Angelo, and Mrs. A. J. Willeke of Odessa; three brothers, John Smith of San Angelo, Carroll Smith of Big Spring, and Bill Smith; and eight grandchildren.

Burial was in Cedar Hill Cemetery.

LINING UP THE TWO MARKERS on the Courthouse Lawn are E. L. Harrell, Leandro Badillo, Fred Spinks, and Jimmy Simmons. The marker at right, a monument to Sutton County men who gave their lives in World Wars I and II, was moved to the Courthouse lawn last week

from its location on the east edge of town. The new site is expected to be an attractive setting where the marker will receive perpetual care. The marker at left commemorating the Texans who served the Confederacy was moved a few feet to line up the two.

## HIGHEST NUMBER SINCE NOV. 1963 Forty-six Screwworm Cases Reported

Forty-six screwworm cases were reported in Texas June 13-19, marking the heaviest week of

infestation in more than 1 1/2 years. Not since Nov. 24-30, 1963, when 82 infestations were recorded, have there been more cases in a single week.

Some cases are being found in counties not far from Sutton, points out D. C. Langford, county agent. These counties include Edwards with 1 case; Medina, 3; Sterling, 4; Terrell, 1; Uvalde, 8; and Val Verde, 3.

Officials of the Screwworm Eradication Program report that a special treatment area was mapped out in an 8,000 square-mile area west of San Antonio where the majority of the cases have occurred in recent weeks. Large concentrations of sterile flies are being released in locations favorable for screwworm buildups, and the center is aiming at production of 150 million flies per week.

Authorities are convinced that migration of fertile flies from Mexico is the cause for the increased number of infestations appearing in the eradicated area this year. Nearly twice as many cases have been recorded thus far this year as had been detected by this same time a year ago.

Officials say that most cases confirmed have been within 100 miles of the international border, but some cases recently have been in the interior of Texas.

A relatively mild winter and a wet, favorable spring have also contributed to the screwworm buildup, officials believe.

## Project Simpler Aims To Improve ASCS Efficiency

"Project Simpler" has been planned by the Agricultural Stabilization and Conservation Service to improve service and reduce operating costs.

Bill Morris, chairman of the local ASCS committee, is sending letters to ranchers and others asking for suggestions for improvement or simplification of forms, procedures, or service.

Mrs. Lea Roy Aldwell, ASCS office manager, says that the goal of "Project Simpler" is not to cut or diminish needed services to ranchers but to offer more and better service through improved methods of administering agricultural programs.

## Flores Installed Tues. As President Of West Side Club

Claud Flores was installed as president of the West Side Lions Club Tuesday night, June 22, at the Lions Cage.

Installing officer was A. E. Prugel, secretary of the Downtown Lions Club, assisted by E. B. Keng.

Other new officers of the West Side Club are Billy Gonzales, first vice-president; Robert Duran, second vice-president; Lupe Espinosa, third vice-president; David Shurley, secretary; Santos Lopez and Polo Cervantes, two-year directors; Abelino Sanchez Jr. and Richard Perez, one-year directors; Teo Castro, crippled children's director; Alex Gonzalez, tail twister; and Arthur Trevino, lion tamer.

## More Than \$10,000 Contributed Here To 'Worm Program

More than \$10,000 was contributed by Sutton County ranchmen to finance the screwworm eradication program through July 1.

Bob Johnson Sr., manager of the Sonora Chamber of Commerce, said Monday that \$10,079 had been sent from Sutton County to the screwworm eradication program for funds to continue the program.

Texas farmers and ranchmen were asked this spring to contribute additional funds to help finance the program until July 1, when funds will be available from State and Federal governments.

The response across the state was overwhelming, reported the Southwest Animal Health Research Foundation. Ralph Mayer, chairman of the county screwworm eradication committee, said Sutton County was one of 126 in the state exceeding its potential goal.

## Last Call . . .

We are issuing a last call for information and pictures for the 75th anniversary edition of the Devil's River News.

We would like for this edition to contain as complete a history of Sutton County as possible. But we will need your help. Since we are producing this 50-to-75 page newspaper in our own small shop in addition to our regular work, we cannot get out and dig for the stories as we would like. We must have help.

Do you have information about the old days in Sutton County? Was your family among the first settlers? Do you have old pictures of Sutton County events, people, and places? If so, do come by the office or give us a call before the July 15 deadline.

## Deadline Set

July 15 is the deadline for the news stories and pictures for the 75th anniversary edition of the Devil's River News.

Since we are producing this edition of from 50 to 75 pages in our shop in addition to our regular work, we need and appreciate your help in getting information to us as early as possible. We have already printed 24 pages and must continue production to complete the edition by August 19, the week of the Diamond Jubilee.

TRIBUTE TO FREEDOM

We celebrate the Fourth of July differently now.

Time was when a committee was appointed to plan a day filled with activities, and people from Sutton and surrounding counties would gather for a barbecue dinner, visiting, supper,

and dancing. And a feature of the day was the political orations.

Our celebration may be a little different now, but the underlying meaning of July 4, Independence Day, remains the same. It lasts as a time to pay tribute to our heritage of freedom, and how it was won—a time of dedicated patriotism.

LETTERS TO THE EDITOR

Mr. John King, Editor  
The Devil's River News  
Sonora, Texas

Dear Mr. King:  
In reference to the Federal bill-board control act, Sonora can be deeply damaged by this legislation.

1. When Sonora is by-passed by Interstate 10, the city will be PROHIBITED FROM ANNOUNCING ITS EXISTENCE TO THE PASSING PUBLIC.
2. THE BOARDS IN WHICH THE CHAMBER OF COMMERCE NOW OWNS PART INTEREST, WILL BE ORDERED REMOVED WITHOUT COMPENSATION. These boards direct traffic from Texas 29 to U.S. 290 through Sonora.
3. The land owners who now lease for signs will not be compensated for the loss of revenue.

Now is the time for the citizens of Sonora to state their beliefs. There will be NO SECOND CHANCE. Let Senator Tower, Senator Yarbrough and your representative know your stand.

Very truly yours,

The Texas Department of Public Safety urges you to avoid all "close calls" when driving during the 1965 Fourth of July weekend. The DPS has estimated that 31 persons will die in Texas traffic from midnight, July 2 through midnight, July 4. By driving in accordance with the laws of safety, staying alert for dangerous conditions, and by not taking chances you can insure that you and your loved ones will be "Safe".

July 4 Accidental Death Alert Urges Courtesy, Caution in Driving, Recreation

The Texas Safety Association this week issued its annual "Accidental Death Alert" for the July 4 holiday period and called on Texans to put safety first in all activities.

"Holidays can be a time to remember, or a time of tragedy," you want to be treated — with courtesy." "Holidays can be a time to remember, or a time of tragedy," you want to be treated — with courtesy." "Holidays can be a time to remember, or a time of tragedy," you want to be treated — with courtesy."

The TSA "Accidental Death Alert" begins at 12:01 a.m. Friday and ends at 11:59 p.m. Sunday. It coincides with the Department of Public Safety's traffic accident watch—"Operation Motorcade."

The Association is coordinating its traffic safety program with the DPS and other state agencies. Subject for the TSA safety promotion is "Courtesy and Caution."

"Adding courtesy to caution,

can take you a long way in traffic. Your attitude about your driving and that of other drivers has a profound effect on the possibilities of your being involved in an accident," Carr said.

"Treat other drivers the way you want to be treated — with courtesy." "Treat other drivers the way you want to be treated — with courtesy." "Treat other drivers the way you want to be treated — with courtesy."

"Boating enthusiasts should take all safety precautions when putting their crafts into crowded waters. Carry a life preserver for everyone on board. Don't overload your craft with too many passengers, and watch for swimmers, water skiers and other boats," Carr advised.

He reminded homeowners to be on the alert for the backyard variety accidents and advised parents to be on guard for fireworks accidents.

"If your celebration calls for

a backyard barbecue, be sure to use caution in handling starter fluids. Treat fires with respect. Keep a water hose handy to put out any fire that gets out of control," he said.

"Parents should take charge of any fireworks displays. Keep small children at a safe distance and supervise the handling of fireworks by older children.

"Even those harmless looking little sparklers can be dangerous. They burn at a temperature of 1,650 degrees, which is nearly hot enough to melt copper."

In concluding, Carr stated that each year many lives are lost during holidays simply because people put away their safety rules for the occasion.

"But, the fact is," he said, "there just aren't any holidays on accidents!"

Mr. and Mrs. Charles F. West are vacationing this week in Alexandria, Minnesota, on Lake Milona at Mr. and Mrs. Ronald R. Perkins' summer home. The Perkins of Dallas are Mrs. West's parents.

Sandwich Variations  
Did you know that the last of the lamb roast, chopped and mixed with chutney and mayonnaise makes an unusual treat in sandwiches?

Chopped, cooked corned beef, either canned or home-cooked, makes a good spread for rye bread when seasoned with prepared horseradish and whipped cream cheese.

Combine 1 cup flaked salmon with ½ cup diced cucumber (seeds removed) and ¼ cup salad dressing for an interesting fish sandwich.

For delicious open-faced sandwiches, use small strips of pumpernickle bread, lightly buttered. Top with a slice of hard-cooked egg and an anchovy fillet.

Like liverwurst? For tasty sandwiches, use sliced liverwurst, sliced hard-cooked eggs, and mustard or chili butter on bread slices. This means add a bit of mustard or chili sauce and creaming it with the butter for spreading bread.

Chopped hard-cooked eggs and crumbled, cooked bacon mixed with ketchup and mayonnaise will be a favorite of the whole family for sandwiches or crackers.

Helen's Favorite:  
Split Pea Soup (Serves 6-8)  
½ cup dried split peas  
1 quart cold water  
1 cup milk  
1 slice onion  
2 tablespoons butter  
1 tablespoon flour  
½ teaspoon salt  
1 ham bone  
Pick over peas and soak several hours or overnight. Drain, add cold water, ham bone and onion. Simmer 3 to 4 hours or until tender. Rub through sieve. Dilute with milk, adding more, if necessary. Make 4 cups altogether. The water in which a ham has been cooked may be used. Garnish with small pork sausages when serving.

**Agent Cites Rules of Herbicide Usage**

Herbicides can be useful tools for controlling weeds if they are properly applied. But Sutton County Agent D. C. Langford warns that improper application can cause crop damage and lawsuits from neighbors.

To get satisfactory results from herbicides, Langford says to follow the directions on the label as approved by the U.S. Department of Agriculture. "These directions should be followed exactly," he said.

To avoid chemical wind drift onto susceptible broadleaf plants, Langford says to make application only when wind velocity is below 10 m.p.h. He urges all herbicide users to have some type of wind gauge in the field so they can know when conditions become dangerous.

Amine salt or low volatile formulations are safest, Lang-

ford said. They do not vaporize and drift as much as the high volatile formulations.

The county agent gave these three rules for applying herbicides:

1. Use chemicals only on crops for which they are recommended.
2. Use only the quantity called for on the label.
3. Apply the chemicals only at time recommended on the label.

**Smith Family Sees Historical Sights In Four-State Tour**

Mr. and Mrs. George Smith and Eddy have returned from vacationing in historical parts of Oklahoma, Arkansas, Missouri, and Kansas.

In Oklahoma the family toured Will Rogers Memorial, Long's Famous Museum, Tulsa, and other points of interest. They visited the Wallace Pippin family in Sand Springs.

Stops in Arkansas included the University of Arkansas at Fayetteville, Springdale, the Inspiration Point of Pine Arts Colony, Beaver Dam, Pea Ridge (battlefield of the Civil War), and Eureka Springs, called "The Little Switzerland of America."

Other points of interest were also visited in Joplin, Mo., and in Kansas, and they saw Dwight Eisenhower's birthplace.

In Ardmore, Oklahoma, the family visited a Mr. and Mrs. Watson, who are teachers on an Indian reservation. Watson helped in the establishment of the Caverns of Sonora.

**Card of Thanks**

We want to express from the very depths of our hearts our deep appreciation to the people responsible for getting the Veterans Memorial Marker moved to the County Courthouse lawn.

We thank the person who promoted the idea, the persons presenting the project to Judge Elliott, and Judge Elliott for his interest in seeing about getting it done.

And we are grateful for the work of Fred Spinks, who helped move the marker free of charge.

We also thank the person responsible for the first move, in trying again to beautify the memorial plot. But the efforts of a few people cannot maintain the plot; it has been tried before. As it is now, the marker will be taken care of without any added expense.

We thank Mr. Harrell for his wonderful cooperation in getting the job done.

We sincerely hope that all who have loved ones for which this memorial stands will feel as we do.

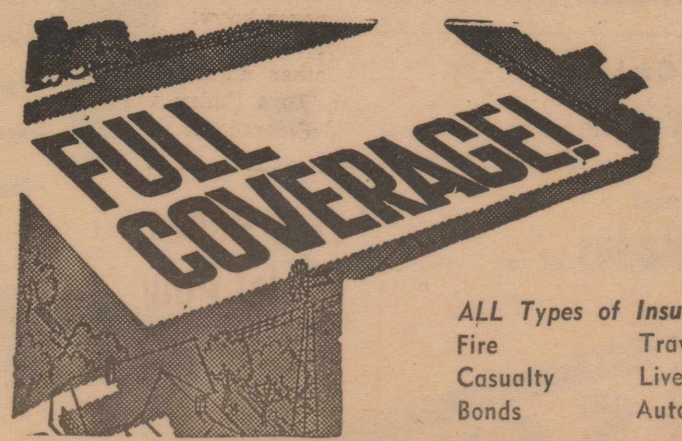

If anyone contributing to the cleanup of the memorial park would prefer to have their money back, it is available. If not, it will be used to place flowers at the Memorial Marker on special days.

By Margaret Bundy

The deeper we get into the summer the more goes on around Sonora. This column has been referred to as the "gossip" column; so it gets stuffed more and more with bits and pieces that otherwise would escape notice.

Larry Mills, Libb Mills Wallace's cousin, is working for Dub and Jerry Wallace this summer. Libb and Larry were in Oklahoma City at a horse sale.

Kaye Ellis has been in Kerrville at Camp Capers. She plans to return July 4, and will be a counselor there.

An item of interest around here has been the Miss Shenandoah contest. The results were presented at the show Sunday night. The winner was Kay Campbell. The other contestants were Peggy Grobe, Irene Davis, Karen Davis, and Diana Black. Kay was escorted by Dick McMillan, Peggy by Gil Trainer, Karen by Buck Bloodworth, Diana by John Paul Friess, and Irene was escorted by Gil Allison.

Sarah Johnson is due to arrive in Sonora this week.

Cee Wee Johnson reports that she went jack rabbit hunting and actually killed a rabbit! She also says that another rabbit attacked her. The truth of that story we will never know!

Carrie Eustace was in Sonora the other night to see Shenandoah. Toya Finley was over here from Eldorado at the same time.

Buzz Phillips, nephew of Dick Street, is in Sonora for the summer. This column has been referred to as the "gossip" column; so it gets stuffed more and more with bits and pieces that otherwise would escape notice.

Gail Espy has been in San Angelo and in Ballinger.

Cathy Grelle has been grounded most of this summer, but the word is around that she finally got into town. Greetings, Cathy! Guy Askew has had Franklin Glasscock from Rocksprings visiting him. After staying over here for a while, they left for Rocksprings for a visit.

Chris Berger has been in Sterling City. He brought Gary Foster back with him, and they are at Devil's River fishing.

Gary Hardgrave left with his family this week for a vacation to Padre Island.

A boy we haven't seen much of this summer is Jim Fish. He was seen in town this week. Laney Cook is working out at Jim's ranch.

The international students created an interesting change last weekend. Both of the students staying at Tomye Smith's house were olympic coaches. Bud Smith was really excited.

Every week, more people are reported working. Larry Bob Moore is working at the Highway Department. Charles Hopf is now a checker at Foodway.

"Teen Scene" now has spies set out all over town. BEWARE! You may be the next victim!

### Cattle Raisers Oppose Repeal of Law

The Board of Directors of the Texas and Southwestern Cattle Raisers Association, meeting in general session in Nacogdoches June 18-19, unanimously opposed the repeal of Section 14(b) of the Taft-Hartley Law. Their resolution read as follows:

"Whereas there exists no justifiable economic or moral reason for the repeal of Section 14(b) of the Taft-Hartley Law, and whereas the repeal of this section would foster a harmful labor union monopoly and restrict a worker's freedom of choice in earning his livelihood; now therefore be it resolved that the directors of the Texas and Southwestern Cattle Raisers Association, in its quarterly meeting in Nacogdoches, Texas, go on record as opposing the repeal of section 14(b) of the Taft-Hartley Law, and that a copy of this resolution be sent to the President of the United States, the Texas members of Congress, and the Governor of Texas."

The directors again went on record as opposing the proposal of the U.S. Department of Agriculture which would allow cattle that had been shipped to Canada from countries known to be infected with foot-and-mouth disease, to be imported into the United States after a 60-day quarantine on an island in the St. Lawrence River. "We feel," said president Fred Wulff of Brady, "that there is too great a calculated risk involved in the plan, and too much to be lost if foot-in-mouth should ever be introduced into this country again—even by the slightest error, and the inherent dangers in the proposal far outweigh the small advantages that might be gained by the admittance of such breeding stock."

Dolph Briscoe Jr., president of the Southwest Animal Health Research Foundation, reported to the directors that the recent fund-raising drive to raise \$300,000 to continue the fight against screwworms has been an unqualified success. "We set out to raise," said Briscoe, "\$300,000, and to date have raised over \$820,000—\$45,000 from Oklahoma cattlemen alone. It is fortunate that we were able to secure the additional money, as the recent heavy rains and warm weather in most parts of Texas have contributed optimum growing conditions for screwworms in the warm, moist grass. No proper amount of credit can be given to those cattle raisers, stockmen, and other interested persons who gave so willingly to make the program possible and this drive a success."

Briscoe also reported that the U.S. House of Representatives has passed a \$2.8 million appropriation to continue the screwworm program through the federal fiscal year beginning July 1, and also approved a \$300,000 appropriation for screwworm survey work in Mexico, now that the states of California and Arizona have entered the program.

### YOUR MINISTER SAYS

By the Rev. Arno Melz  
Pastor, Hope Lutheran Church  
"But godliness with contentment is great gain. For we brought nothing into this world, and it is certain we carry nothing out."  
1 Timothy 6:6-7

Who is rich? To the people of the low income bracket the middle class is rich, to the people of the middle class the people of the high income bracket are rich, to the people of the high income bracket the millionaire is rich. It all seems to depend on how much money you have and how much you want.

Paul tells us living a Christian life we should be content with what we have and we will be rich. When we live a Christian life, this includes working, and not expecting everything to be given us free. Scriptures teach if a man would not work neither should he eat.

When we are working as hard as we can, to the best of our abilities at the best possible pay, we should be content. Those that continue to complain are complaining against God, because it is He who provides us with everything we need physically and spiritually.

The sincere believer will be content with the blessings and

position in life God has given him, and receive it with thanksgiving. He is truly a rich man who is content with the necessities of life. He is poor who always wants more than he has, because no amount will ever satisfy him.

May we be like Agur who prayed for only two things as thus: "Remove far from me vanity and lies, give me neither poverty nor riches; feed me with good convenient for me; Lest I be full and deny Thee, and say who is the Lord? or lest I be poor, and steal, and take the name of my God in vain."

But godliness with contentment is great gain. For we brought nothing into this world, and it is certain we can carry nothing out. He who is content with God's blessings is truly rich. Amen!

### Who Else? Just Arrived

Well, here I am back again with another series of words that are supposed to resemble a column. First of all I would like to explain exactly why my serial lasted through only two episodes. Soon after the first one was published, and the heroine was left in such a terrible situation, I noticed that everyone in town became tense and jumpy. I guessed it was because everyone was worried about the fate of Sweet Sal, and decided that I had better finish up my story so that everyone could keep their jobs, and live without so much anxiety and fear.

This week I will tell of some of the odd people I met at a church camp near Kerrville. I was there a week. (or did you notice? Humph! It really hurts a guy to say, "Well, I'm back", and have somebody say, "Oh, were you gone somewhere?")

At any rate, I am back. May the Bird of Paradise wrap my nose in cellophane.

Probably the oddest person I met was a guy in the next room. He had a Beatle hair cut (as a matter of fact, all his hairs were cut that way) and wore black. Black shirt, jeans, shoes, socks... all black. He had a hard time scrubbing between his toes in the showers with those shoes and socks on, but managed some way. I found out that this guy hides a lot of deep meanings on life in his conversation. Once, when I asked him what time it was he said, "10:25". Gee. You can solve a bunch of life's problems with that.

Then I met a girl who ran track back in her high school. She is a miler. She had no sense of humor. When I asked her if she ever had any trouble staying on the right track, she just kind of sighed and ran away.

One thing about this typewriter, it was a lot funnier last week than it is this week.

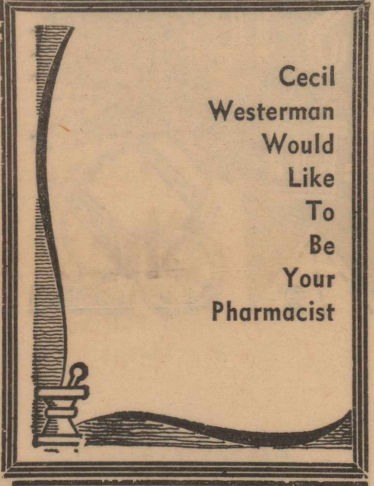

The last odd person was my counselor who told us that he was an airplane. How dumb. He was hurt when no one believed him and flew away Thursday night.

Well, I just don't understand this typewriter. It was so clever last week. Ah, well. As I go, I would like to leave you with this thought I learned at camp. Out of the mouths of babes often comes oatmeal. Sigh.

Mr. and Mrs. James Powell of Fort McKavett are the parents of a daughter, Lucia Victoria, born Wednesday, June 23, in San Angelo. She weighs 7 pounds, 6 ounces.

Lucia Victoria has a sister, Lorrie, 3½.

## One Nation Indivisible

"... That this Nation, under God..." Words that bind a Nation's wounds —healing hearts that have affliction known. We pause, this day, to remember and to forget: Yet, not to forget the battles lost

or victories won, or soldiers' silent sleep. Who, by their death, gave life; life that throbs and pulsates in this Nation's womb. We pause to remember our gifts from God from whom our blessings

in abundance flow. We find our God, at home in church, in hearts that this day sing out in joy. We thank Thee, Dearest Lord. Now, bless us, and this Thy land and all therein... our own, our native land!

### Congresswoman Stresses Participation In Politics at AMA Annual Convention

"If you need a reason for participating in politics, be motivated by the fact that we are now in the process of tearing down state boundary lines, state authority and the federal constitution's prohibitions against central government seizure of absolute power," Rep. Catherine May (R-Wash) said last week.

The Congresswoman was speaking at the Guest Day luncheon of the Woman's Auxiliary to the American Medical Association. "There are those in Congress," she continued, "who believe in political paternalism and support the perpetual programs of private life by public plan. They parade under the banners of 'dogoodism' with everybody else's tax dollars.

"It has been easy to drift into

the state of private life by public plan, because, to the beholder so many of these planned government programs sound so humane and are disagreeable to assail," Mrs. May said.

The luncheon was held in connection with the 11th annual convention of the American Medical Association in the New York Coliseum, New York City, which Dr. and Mrs. J. F. Howell attended.

A feature of the meeting was the six general scientific sessions. An evening session was devoted to a discussion of "The Related Practice of the Physician and the Clergyman."

Nearly 70,000 persons, including 22,311 physicians, registered and more than 350 scientific exhibits were housed in the Coliseum.

The 42nd annual convention of the Woman's Auxiliary to the AMA was held in conjunction with the AMA meeting. The Auxiliary presented \$320,121.87 to the AMA Educational and Research Foundation for grants to medical schools and student loan guarantee funds.

While in New York City, Dr. and Mrs. Howell visited the World's Fair, toured the city, and viewed points of interest.
