It's Rodeo Time

Broncos at the Next Level

Page 12

Submitted

Sonora is gearing up for the Annual Sutton County Days and Sonora's Outlaw Pro Rodeo!

The festivities (usually held in the ladder part of August) will be held on the weekend of June 24-25th. Organizers for these events changed the dates to improve on the quality of the experi-

Sutton County Days activities will begin with a parade on Saturday morning at 9:00 a.m. and end up Saturday with a Scholarship Steak Dinner sponsored by the Masonic Lodge at the Civic Center. There will be food booths, children's rides, arts and crafts, and entertainment ALL DAY at the Sutton County Park.

On May 31, an approximately three million dollar water line replacement is scheduled to start. Housley Communications will be the ing Tournament for 2011. contractor on this project. Unfortunately, just like our wastewater collection system age, the water distribution system is in about the same pair and replacement. This project will help to increase water quality, pressure and fire protection throughout the city. This project will be mostly open cut technology, resulting in disruption of traffic flow, and probably water and wastewater service disruptions more likely than the other projects in the past few

In an effort to keep residents aware of the areas affected, the City of Sonora will try to communicate through the newspaper, radio and City website the areas affected by service. Housley Communications will also work with residents to notify at least 48 hours in advance of any possible severe interruption.

The first area to be affected by the waterline replacement project is that inside the City Limits, south of Crockett and west of Main Street. This work is scheduled to last approximately 30 days. After that area is done, the areas around the schools are scheduled next to minimize any traffic conflicts with the

Broncos Qualify for State Championship at Sonora Tournament

The citizens of Sonora bid for and received a 7on7 Qualify-

A tremendous amount of hard work, planning and fund raising by our citizen volunteers resulted in a 1st class State Qualifying Tournament here in Sonora last Saturday, Citizens from competiting towns of Iraan, Snyder, Ozona, Alpine, Llano, condition and in need of re- Ingram, Crane were provided information on lodging, food and tourist attractions by Ann Kay at Main Street and The Chamber by Donna and Tiba. The Bank and Trust handled all the mailings to the aforementioned cities.

The generosity of citizen donors provided the necessary funding to defray the financial cost of the Tournament. Volunteers (teachers & spouses) sold souvenir hats and shirts from our wonderful Sonora Independent School District. They also manned the information and registration operation. Concession operations were lead by Jimalee Dutton & Jock of the Bronco Boosters. Susanne Badeaux & Frank Wamble did the fund raising with some help from their friends.

Tournament planning and execution was in the most capable hands of David Sine and his super coaches with spectacular results.

After reading about the preparation one can see this was a total Sonora Team effort with everyone pulling together. Coach Cades Pope, Coach Keith Hudson, with trainers JJ Jiminez and Jerry Jiminez led our Broncos to five straight victories over some great teams (Ingram, Ozona, 3 A Snyder, Crane and Iraan) and then a win in the Tournament Championship game by defeating a scrappy Iraan team. Both Sonora and Iraan qualified for a trip to College Station July 14-15 and an opportunity to win the 7on7 State Title. Sonora boys won this Tournament, in my opinion, by superior conditioning, better skills, discipline and coaching. Go Broncos & Shop Sonora

TEXAS PRESS ASSOCIATION

Obituary

Garrett William Schwiening

Eldorado, TX - Garrett William Schwiening, 81, of Roosevelt, Texas, passed away on May 31, 2011 at a local health care

Gary was born on December 11, 1929 in San Antonio, Texas. He worked for El Paso Natural Gas for 36 years and lived in West Texas until moving back to the family ranch in Roosevelt, Texas in 1985.

Gary was preceded in death by his wife, Marcia Yvonne Schwiening and his parents, William Fritz & Julia Bauman Schwiening

Those left to honor and cherish his memory are his 5 children, Grant Schwiening of Albuquerque, NM, Rick Schwiening and his wife, Vickie, of Eldorado, Greta Ramsdell and her husband, Paul, of Roosevelt, Bryan Schwiening and his wife, Mary Kay, of Dripping Springs, Tibba Edmondson and her husband, James, of Sonora and sister, Susie Schneider and her husband, Allen, of Fredericksburg; grandchildren, Codi Schwiening, Hallie Martin, Reese Schwiening, Darby Ramsdell, Delaney Ramsdell, Adrienne Seelbach, Mayci Herrera, Lindsey Schwiening, Nicholas Reinert, Taya Schwiening, Allyse Edmondson and Tyler Edmondson; great grandand Evelyn Herrera.

Graveside services were held Wednesday, June 1, 2011 Knick Knickerbocker officiating. He was a member of St. of Washington, Louisiana. Theresa's Catholic Church in Junction, Texas.

Schwiening, James Edmondson, Paul Ramsdell, Tyler Edmondson, Reese Schwiening and Nick Reinert.

The family invites you to leave a message or memory at www. kimblefuneralhometx.com by selecting Obituaries. Select 'Sign Guestbook" at the top right of the individual Memorial.

Letter to the Editor

WHEREAS, Sonora Volunteer Fire Department is a vital public service to the citizens of Sonora and Sutton County; and

WHEREAS, the members of the Sonora Volunteer Fire Department are dedicated to saving lives and protecting property morning. which covers 1496 square miles; and

WHEREAS, the Sonora Volunteer Fire Department consists and

WHEREAS, the members of the Sonora Volunteer Fire Department ingage in hundreds of hours of training and continuing education to enhance their firefighting skills; and

WHEREAS, is is appropriate to recognize the importance and value of the Sonora Volunteer Fire Department by designating June 2011 as Sonora Volunteer Fire Department Month; now

THEREFORE,

I, Lemuel D. Lopez, Mayor of the City of Sonora, in recognition of this event, do hereby proclaim the month of June 2011, as Sonora Volunteer Fire Department Month.

> Signed by Official Lemuel D. Lopez, Mayor

Thank You Note

The Sonora Volunteer Fire Department has been very busy the first part of this year, responding to 53 calls including approximately 2,445 man hours. The same time last year, we had 21 calls with 298 man hours. We have had 2 very large grass fires within our county, burning approximately 10,000 acres, as well as the huge fires in our neighboring counties.

The department wishes to thank the City of Sonora for the honor bestowed on the them and your continued support. Thanks to the individuals, organizations and businesses who have made donations either money, equipment, water, food or who just said a silent prayer for our safety. We cannot say thanks enough to our employers who allow us to be away from our jobs and finally a huge thanks to our families who support us unconditionally.

Kristie was raised in Rowena, Texas and is a graduate of Pallbearers were Grant Schwiening, Rick Schwiening, Bryan Angelo State University where she recieved her BBA. She is employed by Pinnacle Materials, Inc. in Dilley, Texas.

> Steven is a graduate of Sonora High School and also attended Angelo State where he played football for the Rams. He is employed by Renegade Well Services, LTD. in Dilley, Texas. The wedding is planned for 5:30 p.m., October 15, 2011, at Canyon West Golf Course in Weatherford, Texas

Letter to the Editor

Howdy...I live in northern San Antonio and off of Google Earth I picked your town to ride my Harley Davidson last Saturday morning and stay overnight returning home Sunday

In your town I found peace deep inside of me I've been searching since I returned from a year tour in Iraq 2007 – 2008. In fact I adored your town so much I'm coming back this Satof Fire Chief, 2 Assistants and 26 other volunteer members; urday and bringing my wife so she can experience what I did. After 25 years, 10 months and 15 days of active duty with those overseas consecutively, we now call Texas home. That on decision brought me to your town and your town to me. With of that said the best way I can describe the town of Sonora is a sister town of the fictional town of Mayberry NC. I just wanted to let you folks know that.

Tips For Selecting Summer Fruit

(SPM Wire) Some shoppers thump fresh summer fruit before buying it. Others squeeze it, sniff it or hold it aloft as they try to discern which is the freshest or sweetest or juiciest.

So what's the proper way to pick the best summer fruits for

Shoppers should remember that each fruit is different. With this in mind, the experts at FruitAndVeggieGuru.com have put together some guidelines to help savvy consumers find the freshest fruits for their table:

* Peaches: The reddest peaches aren't always the ripest. The ones that taste the best should give with some pressure, have a strong aroma and no mushy or dark spots. If you need to ripen peaches put them into a brown paper bag on your countertop to soften over the course of a day or two.

Watermelons: If you want to thump a watermelon, go ahead, but be sure it has a hollow sound. A better test of freshness is to look for one that's heavy for its size and that has a mild yellow underside.

Cherries: When picking cherries, opt for ones with a firm texture and deep red color. Beware of ones that are very soft

Cantaloupes: These melons should give under soft pressure from your thumb and should have a yellowish tinge to their rinds. Cantaloupes with the stem attached are immature and won't be the tastiest.

Be sure to wash all fruit before slicing into it, since any germs or bacteria on the skin will enter the fruit when your knife goes into it.

For more tips for choosing and eating fresh produce, visit FruitandVeggieGuru.com.

Summer is the best time to incorporate more fruits and vegetables into your family's diet, since so many different varieties are at their freshest and tastiest.

Perry praised legis- Congress to pass a ballators for making the tough anced budget amendment. Additionally, Gov. Perry highlighted important legislation that will combat human trafficking, giving prosecutors the tools to ensure those that commit this crime are brought to justice and strengthening the penalties for those who are convicted.

Yesterday, Gov. Perry issued the call for a special session to address fiscal matters necessary for the implementation of House Bill 1, including measures that will allow school districts to operate more efficiently, and measures to address healthcare cost containment, access to services through managed care, and the creation of economic and structural incentives to improve the quality of Medicaid services.

Lions Roar

This week has been a fast and furious week for Sonora as well as for your Lions Club. Our weekly meeting was packed for our what I consider the best and most rewarding day of the year for Lions.... SCHOLARSHIP DAY. Family, friends and Lions all honored the fourteen graduates who received awards at our luncheon. Special guests Martha Wallace, Albert & Cynthia Ward, & Kay Bosch participated by giving Scholarships in memory of dearly departed Lions and loved ones. The George Wallace Scholarship went to Bailey Joe Pennington, The John Allen Ward scholarship went to Cynthia Rodriguez and The Virgil Polocek scholarship went to Jesus Garcia Jr. A special thanks to Lion VP select Janalyn Jones and committee for their fine work on the scholarship selection.

The Lions prepared to support Project Graduation led by Lion Norm Rousselet. After shopping for groceries, we prepared breakfast at 1am Saturday. Thanks to Lions who participated in that wonderful event: Lions Smith, Spiller, Wamble, Kent, Gibson, Badeaux, Roche, Rousselet, Bradley and two young gals, Avery Leamon and Lane Bradley Cahill for their culinary expertise & sacrificing a good night's rest, but most importantly, their service to this community. Lions of Sonora wish God's Speed to all our graduates as they enter the next phase of their lives.

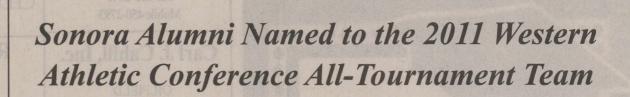

Lastly, your Lions participated with the community in the promotion of the 1st 7on7 Tournament in the rich atheletic history of the City of Sonora. The goal was to sponsor a 7 on 7 tourney in order to showcase Sonora and our fine facilities, to foster tourism, and to support our businesses with visitors from far-flung West Texas communities. "Build and promote it and they will come." Lion David Sine & great volunteers built and promoted it. The Main Street Board and the Chamber, The Bank & Trust, HighMount along with The Lions assisted with promotion, publicity and fund raising. Our teachers and their wives along with the Bronco Booster Club led by Jimalee Dutton manned the sales and concessions. A special thanks to Lion Susanne Badeaux who did everything except laundry. The Tournament was last Saturday, May 28th at Bronco Stadium. And they came.... from Iraan, Crane, Synder, Alpine, Ozona, Ingram, Llano as well as Sonora citizens who turned out with donations to fund this community extravaganza as well as to cheer on our team. Our 2011 Broncos also showed up by WIN-NING this 7on7 Tourney, going undefeated against magnificent competition and qualifying along with runner-up, Iraan, for the State Championship in College Station in July. Thanks to Coaches Hudson and Pope and their families.

Remember Lion Lee Bloodworth in you prayers for a rapid recovery from surgery.

The truth is; these dibeen exceptionally tough for cy (FSA) to get much-needed saster assistance programs are our farmers and ranchers. recovery assistance to pro- only "permanent" for the life That which isn't drying up ducers impacted by natural of the 2008 farm bill. As of from drought, burning up in disasters. The process was September 30, 2011, the legiswildfires or blowing away tedious, time-consuming and lative authority for these five programs expires and they Fast forward to the 2008 will, in essence, cease to exist.

What does this mean to you,

It means that, although we farmer or rancher is battling programs - the Supplemental hope a farmer or rancher never requires disaster assistance, no industry is more vulnerable to nature's wrath than agriculture and the odds are, if you're in the industry very long, you will indeed experience your fair share of setbacks - compliments of Mother Nature. Permanent disaster legislation offers producers some peace of mind that, in time of need, FSA can be immediately responsive.

To date, row crop and livestock producers nationwide have received more than \$2.9 billion in assistance from FSA for qualifying losses resulting from natural disaster. These dollars are, in turn, pumped back into the rural economy as producers purchase inputs; hire contractors or procure whatever is necessary to get back on their feet and back to the business of farming and ranching.

There's no doubt that, as Congress begins to craft the next farm bill, disaster programs will be a significant topic of discussion. The weather events of 2011 will be in the forefront of the minds of lawmakers as they gather 'round the table to hash out future farm legislation.

The faster a producer recovers from a natural disaster, the better for everyone - including the consumer who can continue to enjoy the abundant, safe and affordable food and fiber that we, as Americans, have come to expect.

So, when it's bottom of the ninth, Mother Nature steps up to the plate with bases loaded and she knocks one out of the park, make sure disaster assistance legislation is in place to level the playing field. And, never forget... USDA's Farm

Drought Also Affects Wildlife

By Pascual Hernandez, Sutton County Agricultural **Extension Agent**

The drought we have been experiencing is of great concern to land managers. But while livestock can receive supplemental feed, be weaned early, or be sold, wildlife are more at the mercy of the elements. The current drought has meant a lack of forage production, forbs in particular, which negatively affects wildlife. Wildlife species have dealt with and survived drought before, but this drought is a little different from most.

Hot, dry summers are normal, and wildlife have evolved and adapted to cope with them. What makes this drought different is that it did not begin in the hot, dry months of summer - it began last fall. The dry winter meant no cool-season forb production. Generally, forb availability and quality is high during spring and early summer, but the spring has also been dry and summer is nearly here. This is a critical time period for females producing fawns, when their protein requirements are relatively high. Lack of suitable-quality forage probably may not have a large impact on adult deer survival, but if does cannot acquire adequate nutrients, fawn survival may be adversely impacted. In addition, a drought-induced reduction in herbaceous growth will result in reduced herbaceous cover, which, in turn, may lower quail and turkey nest survival due to increased predation.

As most of our wildlife managers focus on deer, let's discuss deer. To help balance nutrition, deer managers use supplemental feeding programs. However, feeding programs should consider three important factors. First, assuming that feeding deer will produce more fawns, the manager must also regard overstocking. Too many deer on rangeland will cause overuse and degradation of the habitat. Second, unless 'money is no object', plans must be made to somehow recoup the feeding expense which will be considerable. And third, think about the effect of abruptly halting a feeding program if it becomes necessary. Will the deer have become dependent on the supplement for their existence? If so, they will suffer because an artificially high number of deer are present compared to what the habitat alone can support.

This drought will probably not have a long-term effect on wildlife populations, but it can certainly have short-term effects. The full impact won't be known until the fall. Things are so much simpler when it rains.

Funding Priorities Needed for **EQIP** Program

The USDA Natural Resources Conservation Service (NRCS) and the Edwards Plateau Soil and Water Conservation District (SWCD) invite the public and any agencies with an interest in conservation issues to participate in a Local Work Group (LWG) meeting to be held at the USDA-NRCS Office Conference Room. This meeting will be on June 8, 2011 at 4:00pm. The purpose of this public meeting is to receive input from farmers, ranchers, local agencies, organizations, businesses, and other individuals who have an interest in natural resource concerns and needs in Sutton County.

Input received will allow the LWG to make recommendations on resource concerns to be addressed for eligible practices and ranking for county based funding. Recommendations provided by the LWG meeting will be reviewed by the State Technical Advisory Committee (STAC) to help implement the Environmental Quality Incentives Program (EQIP), and other conservation programs offered by NRCS.

The 2008 Farm Bill stipulates that conservation programs must continue to be locally led. Through stake holder meetings, the public is given an opportunity to help local conservation leaders set program priorities. Funding for these programs may be made available to eligible producers through the application process.

For more information, call the USDA-NRCS office in Sonora at (325)387-2730. NRCS office locations and program information can be found on the Texas NRCS Web site at www. tx.nrcs.usda.gov.

Persons with disabilities who require special accommodations and/or alternative means for communication of program information (Braille, Large print, audiotape, etc.) associated with this meeting should contact Iris Garza at 325/387-2730 at least two (2) weeks prior to the meeting with his/her specific request.

ing lessons for the young and young at heart will be hosted around the state at selected state parks throughout May, June and July. Classes and demonstrations in areas such as basic casting, fish handling, fishing rules and regulations, and fly fishing are offered to beginners and seasoned anglers alike. Loaner rods and reels, bait and door prizes are provided

at each event, but participants

are encouraged to bring hats,

Get your kids hooked on the outdoors this summer with

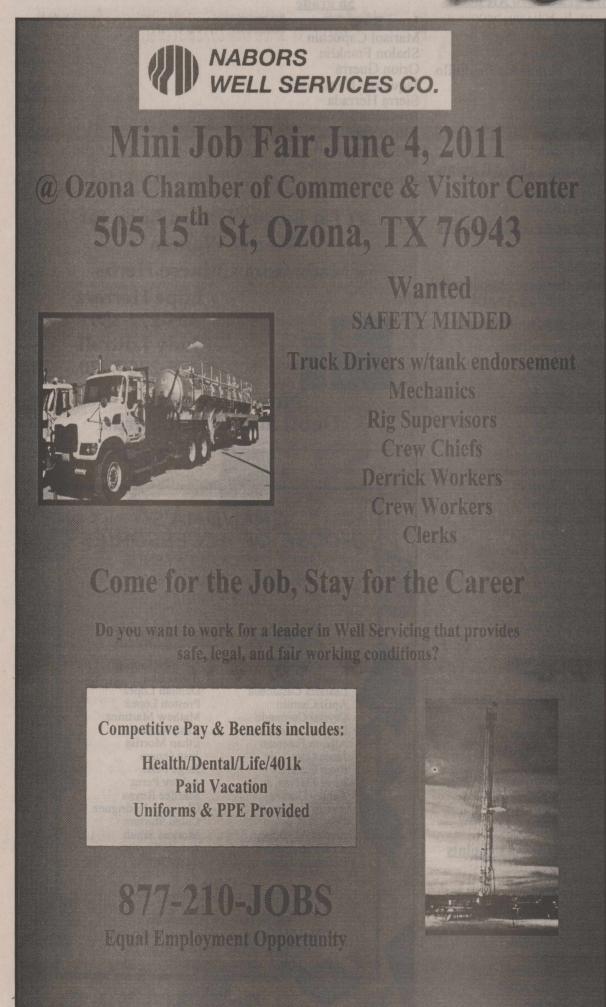

the Texas Parks and Wildlife

Department's Go Fish! summer event series. Free fish-

sunglasses and water. All Go Fish! events begin at 9 a.m. with lessons given through noon. A fishing license is not necessary to participate in these events. Families with children 5 and older are welcome, and accommodations are available for the mobility impaired. Each participant takes away a fishing fun pack.

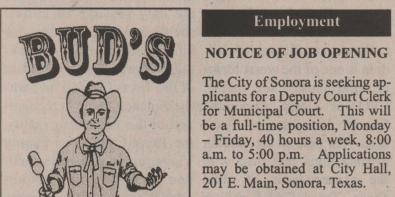

Hundreds of children have caught their first fish through the Go Fish! program, formerly the Family Fishing Celebration. Last year, some 2000 people joined state park staff and volunteers at fishing events held throughout the state. This year has already seen 47 first fish caught through the Go Fish! program. Come on out and make your son or daughter's catch our 48th.

For more information on specific Go Fish! events visit the event calendar at http:// beta-www.tpwd.state.tx.us/ calendar/go-fish.
