Sonora Broncos 11U

Baseball Team Wins

The Jason Block Memorial Tournament

... Again!

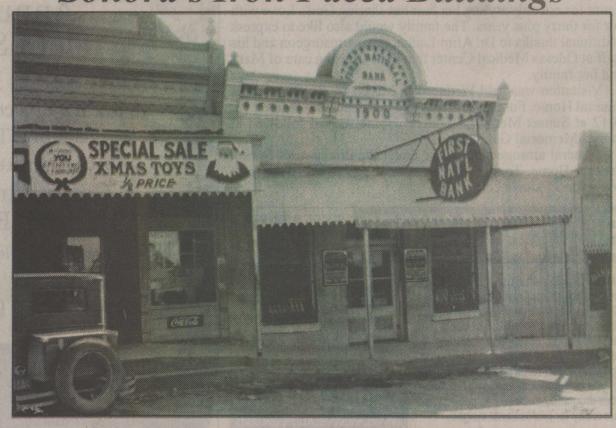

Jason Block Memorial Tournament Champions.

This year's play format featured 9 teams from San Angelo, Wall, Greenwood, Midland and Sonora in 3 pools of 3 teams. The pool play results were used to seed a single elimination, 9-team tournament bracket for Sunday. In Saturday's pool play the Broncos defeated the Mud Hens in a tough game 13 - 8. This game featured great play by all including a towering, out-of-thepark homerun by Brandon Martinez. Our second game on Saturday was with the Knights. The Broncos wasted no time jumping on the Knights with plenty of early offense and strong pitching from Jalen Lopez to win the game 11 - 3 and finish undefeated in pool play.

Sunday's bracket play started with the Broncos taking on the Iron Birds at 11:00 a.m. in the quarter finals. The Broncos were all business with Blayze Sykes on the mound as he and the boys shutout the Birds 10 - 0. Our semifinal opponent at 3:00 p.m. was the Greenwood Rangers. The Rangers knocked off the undefeated San Angelo Rams in their quarter final game and proved to be a well-coached, tough team. The Broncos trailed in the early innings before their bats heated up and ended up with the 9-5 win to earn their ticket to the championship game versus a familiar opponent, the Wall Mud Hens. This game showcased outstanding pitching and great defense. The score was 1 - 1 after the first inning and 3 - 1 Broncos after the 2nd inning. The Broncos ago that gave us an opportu- in 1891-93 and apparently as- the Mercantile and on the next broke the game open in the 3rd inning with an inside the park homerun by Wilson Johnson along with timely hitting from all. Brian Van Winkle came in and closed the door on Hens, pitching the last two innings as the consultant from Springfield, devastating downtown fir of triangular cornice pediment boys won the Championship 10 - 3. Barbara Block, mother of Jason Block, congratulated each of the boys and awarded the individual medals and Championship trophy. After the awards presentation the Bronco boys one of the principal manufac- They included the Fred Koe- former First National Bank, and coaches walked to the left field fence and delivered an autographed game ball to Clayton Taylor, father of Dylan, who weathered wind, cold, dust and sun to cheer on the team for all 5 games.

It was an extremely successful weekend and the Wall community turned out in a big way to make this tournament special and we were glad to have been included. Special thanks to coaches Tommy Van Winkle, John Lopez, Blayze Sykes, Dean Dermody, Frankie Gonzales and Brady Johnson for all your efforts. This tournament is now an annual event and hopefully Sonora will always have a team and coaches willing to participate. Thank

TEXAS PRESS ASSOCIATION

Obituary

Mary Culvahouse Lawson

Our beloved wife, mother, grandmother, sister, and friend Mary Culvahouse Lawson went to be with her Lord and Savior on March 13, 2012 at the Hospice House of Odessa, Texas. Mary was born June 1, 1939, in Royalty, Texas to James Sewell and Eula Mae Culvahouse. Mary was 7 of 8 children. She was raised in Kermit, Texas. She married the love of her life, Don Lawson on January 30, 1958. She spent the majority of her years supporting, caring for and mothering all of her loved ones. Mary enjoyed nothing more than to take care of everyone around her, especially her grandchildren, who held a very special part of her heart. She worked at Bealls department store for many years were she enjoyed interacting with all the customers. She was remarkably strong in the last few years of her life were she battled a number of health issues.

She was preceded in death by her mother and father, James and Eula Culvahouse, her brother and sisters; Dorothy Phillips, Eugene Culvahouse, and Lucille Granbery. She is survived by her husband, Don Lawson, of Odessa, Texas. Her two sons, Jack Lawson of Odessa, Texas, and Dan and wife Susan Lawson of Fulshear, Texas. She also dearly loved and mothered her "chosen" children, Prissy Pollet and sons, Jason and Scott Weaver of Rockford, Alabama and Billy Bob Galberth of San Angelo, Texas. And of course her special babies; her grandchildren, Heather Cearley and husband Cole, Hillary Lawson, and Hunter Lawson, all of Sonora, Texas, and Danali Lawson of Waco, Texas and one great-granddaughter, Lynden Cearley of Sonora, Texas. She is also survived by many brothers and sisters including Bill Culvahouse, and wife Alice, of Brownfield, Texas, Wayne Culvahouse, and wife El Wanda, of Midland, Texas, Florence Norwood, of Odessa, Texas, Beverly St. Germain and husband J.J., of Alamogordo, New Mexico. She also had many other special nieces, nephews, and cousins. The family would also like to express a special thank you to Voila Laura for not only styling her hair but sharing God's Love with her for thirty plus years. The family would also like to express additional thanks to Dr. Alim Ladha, the neurosurgeon and his staff at Odessa Medical Center that took amazing care of Mary and her family.

Visitation was held Wednesday, March 14, 2012 at Sunset Funeral Home. Funeral service were held Thursday, March 15, 2012 at Sunset Memorial Funeral Home. Burial followed at Sunset Memorial Gardens.

Funeral arrangements were under the direction of Sunset Funeral Home. To sign the guest book, go to our website at www.sunsetodessa.com.

BLADDER CANCER

EXPERIENCE COUNTS Lawyers with more than 100 years combined expertise.

ACTOS® is a drug used to help reduce resistance to insulin in people with Type 2 Diabetes. Now, an FDA report warns that prolonged use of Actos® could lead to serious complications including an elevated risk of bladder cancer, congestive heart failure and liver failure. If you or someone you love has taken this drug and has been harmed, contact us today for professional insight.

tter to the Editor

We taxpayers of Sonora appreciate the recent effort to let the citizens decide whether governmental consolidation is in their best interest. I regret the petition failed and pray we continue to pursue letting Sonora citizens decide their future. A word to Sutton County taxing entities.... Tighten your belts and refrain from raising taxes.

Gonzales Earns Degree at ASU

Jennifer Gonzales graduated from Angelo State University on December 10, 2011 where she earned her Bachelors of Business Administration in Management and a minor in Professional Writing. At ASU, Jennifer travelled to Italy and Greece on a month long study abroad program, was a member of the International Co-ed Business Fraternity of Delta Sigma Pi, and earned Dean's List honors every year. A native of Sonora, Texas, Jennifer graduated from Sonora High School in 2007. She plans on furthering her education in the future after she has gained work experience. Jennifer has secured a full-time position as an associate buyer with HighMount E&P.

Lions Roar

The first item of business was the announcement of the coming Mop and Broom on Tuesday, March 27th. All lions are asked to sign up for work either at the City Hall or Post Office. All these items for sale are made by the blind. Sign up for work assignments and get out and sale the stuff!

Lion Lewis Allen made the announcement of the coming program for this summer concerning At Risk Children. The program will work with the supervision of children, help them academically, and give them encouragement, food, and fun. It is a very energetic program and Lions voted to support the pro-

Araceli Perez from the State Health Department was the program. The program was entitled, "Hidden in Plain Sight". Its goal is to have a mock teenager's bedroom and show parents what to look for in hiding places for drugs. This will be on a trailer and will be at the Jr. High Track Meet on April 9th from 2 pm until the track meet is finished. Parents would be well advised to check it out.

Get Your Children Volunteering

(SPM Wire) April is National Volunteer Month and there is no better time for you to get involved in the community. Set a great example for your children by volunteering with them when they are young.

Here are a few great volunteer ideas for parents and kids:

Visit a nursing home: The simple act of sharing a story or playing a game could brighten an elderly person's day. Donate food: Have your children pick out items at the gro-

cery store; then take the food to a pantry together. Clean up: Pick up litter in a local park. It could be a fun way to get outdoors and will instill in your children respect for the

Be Cautious of Spring Green-Up After Dry Year

By Pascual Hernandez, Sutton County Agricultural Extension Agent

We've had good showers throughout the cool season and folks are hopeful that the trend continues this spring. It will be needed for recovery of pastures following last year's drought. With spring green-up, though, it is easy to forget that stressed rangeland needs time to recover.

Livestock benefit nutritionally from the tender green forage regrowth during spring. However, grasses need enough green growth to produce food for a healthy root system. Top growth supplies food for the roots to function and grow, and the roots absorb the water and nutrients needed by the aboveground growth to manufacture food. When overgrazing occurs, root growth stops. When root growth stops, the root system shrinks. Small root systems weaken the plant and make it unable to compete with neighboring weeds and brush for water and nutrients. Grazing needs to be deferred until plants have vigorous regrowth.

For optimum recovery, grasses will need 2-3 years of good rainfall. If we get less than normal rain during the growing season, recovery will be hindered and delayed. In that case, sound grazing management becomes all the more essential.

Livestock need quality forage, but they also need adequate quantities to meet their nutritional requirements. Given time, warm season perennial bunch grasses will re-grow from stolons and underground buds even though the top may have been completely removed. Also, there are places in pastures where the grass has survived. Grasses in these locations can provide nursery areas to help reseed the pasture.

We need to remember that grazing should be gauged according to available regrowth. In addition, no more than 50 to 60 percent of a grass plant's new top-growth should ever be

The bottom line is that short-grass pastures will recover with enough rainfall, time, and proper grazing management.

Game Warden Field Notes

Angler catches too many rainbows: Game Warden Cynde Aguilar received a call on Jan. 19 about a fisherman keeping too many fish. Warden Aguilar made contact with the man and found him with 14 rainbow trout over the daily bag limit of 5. Citations issued for fishing without a license, exceeding the daily bag limit and restitution.

There's more than one type of lease: Game Warden Michael Jaramillo received a phone call Jan. 11 from a local rancher who reported he had just witnessed an oilfield hand shoot a deer and that he did not have permission to hunt on his property. Warden Jaramillo arrived on the ranch and obtained a written statement from the rancher. After the rancher decided to sign a non-consent affidavit, a warrant was issued and the warden arrested the oilfield worker for hunting without landowner's consent.

Game warden helps DPS trooper in struggle: Palo Pinto County Game Warden Cliff Swofford was flagged down on Jan. 17 by a UPS driver, who said a DPS trooper on a traffic stop on I-20 was wrestling with a man in an attempt to get him handcuffed. Warden Swofford responded and assisted the trooper with detaining and controlling the subject while a search of his vehicle was conducted. A large amount of marijuana was found in the vehicle, and the man was arrested. Trespasser attacks game warden: January 21, Dallas County

Game Warden David Bosecker was patrolling for night hunters in Hunt County when he spotted a subject trespassing at a barn and corral area. When Warden Bosecker approached the subject and told him he was under arrest, the man became belligerent and attacked him. Warden Bosecker arrested the

subject and several cases are pending. Thinking globally, violating the law locally: Trinity County Game Warden Randy Watts received a call from a landowner on Jan. 22 about hog hunters trespassing on his high fenced ranch. The landowner found a dog with a GPS collar and a few minutes later the hog hunters showed up to get the dog. The landowner asked the hunters how they got in the ranch. They stated the gate was open and they would leave it like they found it. After the hunters left, the landowner checked his gate. His lock was missing and a new lock was on the gate. The landowner knew the identity of one of the hunters. Game Warden Watts called the hunter and met with all the individuals on the neighboring property. Cita-

tions were issued to five hunters for trespassing. Facebook helps tag illegal hunters: Newton County wardens Ellis Powell, Brian Srba, Landon Spacek, Bradley Smith and Jasper County warden Morgan Inman executed a search warrant on a Louisiana resident living in Newton County on Jan. 21. The warrant came after a four-month investigation, with warrants also being served on the subject's Facebook account for e-mails and photos. As the interview was taking place, Louisiana game wardens were interviewing other subjects implicated by the man's Facebook account. The subject admitted killing eight deer in the last few months and named several other subjects with numerous deer kills. None of the four main subjects have had a hunting license since 2004, with no deer taken in daylight hours during that time. Numerous charges filed with more interviews of other with kids in mind is a great way not be a solitary activity this

subjects pending. Spotlighting arrest "illuminates" outstanding warrants: ple, Miracle-Gro Kids offers a dren involved in the process, while conducting a nighttime patrol Jan. 22, Game Warden variety of flower and vegetable you will teach them valuable Harry Rakosky observed a vehicle intermittently shining a gardening sets that provide skills they can use for the rest spotlight into area farm fields. A citation was subsequently an optimal environment for of their lives. issued. The next day the court called the game warden to report that the subject had outstanding warrants. In response, the game warden went to the offender's residence, arresting him for 3rd degree felony intoxication assault and 1st degree felony intoxication manslaughter.

Tips To Get Your Kids Gardening This Spring

(StatePoint) Spring is here and growth, and an opportunity it's time to think about your to watch plants progress both garden again. This year, as you indoors and outdoors. Be sure cultivate your thriving plot, to invest in age-appropriate think about ways to get your tools for your children to use, whole family involved in gar- so they can dig in the soil and dening -- which makes for a water the plants right alonggreat fresh air activity.

Not only is gardening a terrific way to spend time with your kids, but it also regularly gets them outside and away from their TVs and computers. Here are some tips to get your potatoes instead:

Teach

Kids are never too young to learn how plants grow and where their food comes from. In fact, growing a garden is an ideal hands-on lesson in life science, ecology and nutrition, and is a lot more fun than simply hitting the books. However, some of the concepts of gardening may be difficult for younger kids to grasp. Fun age-appropriate learning activities and ideas can be found online, at such websites as MiracleGro.com/kids.

Grow

Giving your kids their very own gardening projects will their green thumbs.

side you.

Harvest

Now it's time to enjoy the fruits of your labor, literally. Once your plants are ready for harvest, work with your kids little couch potatoes growing to find great-tasting recipes they will love, incorporating the foods grown by you. From vegetable pizza to salad to fruit smoothies, the nutritious meals you plan and make together will be extra satisfying when you know the ingredients came from your own backyard.

Enjoy

You've worked hard pruning, weeding and watering your plants, and now, you have a blooming garden to show for it. Don't forget to teach your children the importance of appreciating the beauty of nature. Take a break to sit back, relax and enjoy your garden, as you contemplate what crops and flowers help motivate them to cultivate to include the following year.
