HASKELL, TEXAS 79521, October 27, 1988

16 PAGES-TWO SECTIONS

Computer club being organized

A Haskell County Computer Club is being organized. Anyone is welcome to become a member. Computer knowledge is not necessary.

If enough people are interested, teaching services will be available.

For information, call Jerry Cannon at 997-2782.

Political forum scheduled Tuesday

Haskell citizens are encouraged to attend a political forum in Stamford Tuesday night to become more informed voters prior to the Nov. 8 general election. The forum will be in the VIP Center, two blocks west of Stamford High School, and will begin at 7 o'clock.

All candidates within the 30th State Senatorial District, regardless of political party, have been invited to attend, along with national and local candidates.

Each opposed candidate will have time for a few brief remarks and all candidates present will be introduced.

Paul Williams gets recognition

Paul C. Williams has been selected as one of the Outstanding Young Men of America.

Williams, a 1981 graduate of Haskell High School, is the son of Mr. and Mrs. Royce Williams. He is a pharmacist with Walgreen in Brownwood.

He graduated from Hardin-Simmons University in 1985 and from the University of Texas College of Pharmacy in 1988.

Absentee voting period now open

Absentee voting for the Nov. 8 general election is now open.

Haskell County voters may vote in person or by mail by obtaining absentee ballots from the county clerk's office.

Absentee voting will continue through Nov. 4. The county clerk's office hours are 8 a.m. to 5 p.m.

Cancer support group considered

A Rule woman is interested in starting a support group for cancer patients and family members of cancer patients.

Isabel Diaz said she would like to hear from anyone interested in being part of such a group. Her phone number is 997-2341.

Blood pressure screening planned

The American Heart Association will sponsor a blood pressure screening next Thursday, Nov. 3.

Tests will be given between 10 a.m. and noon at the First National Bank board room.

Twirlers

Haskell twirlers earned a "1" in ensemble and each also won an individual "1" at the district UIL band contests in Abilene Saturday. From left, they are Holly Reed, Wendy Smith and Julie Nanny. They will compete in state contests next spring.

Rule homecoming begins with bon fire

Rule homecoming activities begin at 7:30 p.m. today (Thursday) with a bon fire.

The pep rally is scheduled to begin at 4:15 Friday afternoon. Members of the 1988 Rule Bobcats and their parents will be introduced at 7 p.m. Friday at the football field, to be followed by the football game between Rule and Lueders-Avoca. Hamburgers will be on sale at the concession stand for those who need an evening meal.

Halftime activities will include the homecoming queen contest. Candidates for queen are Kathleen Kutch, senior, daughter of Mr. and Mrs. Tom Kutch; Laressa LeFevre, junior, daughter of Mr. and Mrs. Larry LeFevre; Tori Jenkins, sophomore, daughter of Mr. and Mrs. Ronnie Jenkins; and Mary Lou Hernandez, freshman, daughter of Mr. and Mrs. Alfonso Hernandez.

Saturday's activities begin at 10 a.m. with registration and visiting in the high school building. Registration fee will be \$1. A plate lunch will be served, beginning at 11:30 in the school lunch room. The meal is being prepared by the Bobcat Booster Club and the price will be \$5 for adults and \$2 for children under 10.

The general assembly will begin at 1:30 p.m. in the auditorium. Ex-students, faculty, cheerleaders, majorettes and athletes will be recognized. Entertainment will be a few numbers from "Puttin' on the

Hits", presented by the Rule High School Theater Arts Club.

Special class meetings are scheduled as follows:

Friday: 1936 and 1937, dinner at the Bluebonnet Cafe 6 p.m.; 1938 and 1936, dinner at the Lions Club building, 6 p.m.

Saturday: 1963 25th anniversary class, meet at Bill and Faye Dunnam's after the assembly; 1968 20th anniversary class, meet at the Philadelphia Club House after assembly; 1938 and 1939 50th anniversary classes, meet at the Civic Center for dinner (time to be announced at assembly).

Other class meetings may be announced at the general assembly. Anyone knowing of another class meeting should contact Judy New or Elaine Holcomb.

Farm meeting scheduled tonight

A meeting of farmers to discuss the ASCS disaster and new payment forms is scheduled for tonight (Thursday) at the Paint Creek school. It begins at 7:30 and is open to all area producers.

Speaker will be Glenn Brzozowski of the ASCS. The program is being sponsored by the Paint Creek Home Demonstration Club.

Hawley next foe for Indians

Haskell's Indians entertain the Hawley Bearcats here Friday night in a game they must win in order to retain any hopes for a berth in the state playoffs.

Although Hawley has only a 2-6 record (the Indians are 3-5), the Bearcats just may be the best 2-6 team in the area. They've played everyone close.

Hawley, 0-3 in district, went 2-3 in non-district games, winning over Aspermont and Ranger while losing to Baird, Jim Ned and Throckmorton. But Haskell coach Nelson Coulter points out that Hawley was ahead at halftime in four of those five games.

In district play, the Bearcats have lost close ones to Anson, Hamlin and Albany. They lost to Albany, 22-7, last week. Albany scored all its 22 points in the first quarter.

Haskell, which opened its district season with a 34-0 win over Hamlin, has lost its last two district games, 28-19 to Albany and 21-13 last week to Stamford. The Indians are not yet out of the playoff picture but they must win over Hawley and over Anson next week to have any chance.

The Indians will face the Bearcats without the services of their leading ground gainer, Derrick Billington, who went down with a knee injury in the first quarter at Albany two weeks ago. Veteran Fred Shaw replaced Billington at fullback against Stamford last week and Coulter was well pleased with the way he responded with 96 yards in 17 carries.

Anson now leads district 7-2A with a 3-0 record. Stamford and Albany are each 2-1, while Haskell and Hamlin are each 1-2 and Hawley is 0-3.

Other district games this week will find Albany at Anson and Stamford at Hamlin.

Sponsor sheets available for Turkey Walk

Sponsor sheets for participants in the American Heart Association's Turkey Walk are available at First National Bank, Haskell National Bank, Olney Savings and the Haskell County Ambulance Service.

The Turkey Walk is scheduled for Saturday, Nov. 5, beginning at 9 a.m.

The 10-mile walk is open to citizens of all ages. Prizes will include T-shirts, turkeys and other miscellaneous prizes plus a grand prize of two nights in San Antonio and two tickets to Sea World. Employees of local banks will compete for a trophy.

For further information, contact Casey Caldwell at 864-3945.

Sidewalk sales to be Saturday

Haskell retail merchants will be having sidewalk sales Saturday.

Be sure to check their ads in this issue of The Free Press, and visit their sidewalk displays Saturday for other bargains.

Haskell to host College Fair

Haskell schools and Haskell National Bank will host a College Fair on Tuesday, Nov. 1. It will be at the Civic Center between 9 and 10:30 a.m.

Representatives from numerous colleges, universities, vocational schools and the armed forces will be on hand to visit with seniors and juniors from area schools.

The College Fair will offer students the opportunity to ask questions, pick up materials or get on

mailing lists of schools in which they are interested.

Students from Rule, Paint Creek, Goree, Stamford, Aspermont and Haskell are scheduled to attend.

Members of the Haskell National Honor Society and Student Council, along with representatives from Haskell National Bank, will help host the event.

Parents and other interested persons also are invited to attend.

Haskell Cub Scouts practiced their pushmobile races Saturday before going to Anson the next day where they wrapped up all the first places in the district contests.

Cub Scouts sweep pushmobile races

Haskell Cub Scouts walked off with all the honors at the annual northern district Cub Scout Pushmobile Race in Anson Sunday.

Local scouts took top honors in all three divisions, Wolf, Bear and Webelo. In addition, they finished first, second and third in the grand champion race.

Den 7 Pack 136 took first in the Wolf races. Team members were Bobby Lee Gonzales, Jim Crawford, will Trammell, Bobby Herpeche, Aaron Kirk and Rusty Howeth. Den 5 took second and Den 6 took third.

Den 7 also took first in the Bear races. Team members were Erik Everett, Cody Stone, Jason Hobgood, Joseph Pheister, Wesley Lefevre

and Brent Toliver. A composite den of scouts took second place.

Den 3 was first in the Webelo races. Team members were Casey Thompson, Casey McDaniel, Jude Pardo, Anthony Gonzales, Marcus Overton, Cody Ender and Jonathon Lefevre. Den 2 was second and Den 1 was third.

Results in the grand champion race: Den 3, first; Den 7, second and third.

Scouts from Haskell, Anson and Stamford competed.

The Council Pushmobile Derby is scheduled for March 12. At the council event, there will be eight Cub Scouts per car and a longer track.

HHS float contest winners are named

The Haskell High School Student Council sponsored a little red wagon float contest and spirit parade before the Stamford game Friday.

All classes and organizations were invited to enter floats in the parade. Those groups entering floats were FHA, FFA, HGAA, War Whoop staff, varsity cheerleaders, junior varsity cheerleaders, junior high cheerleaders, NHS, Chieftain staff, elementary school, two special ed classes and all classes 7 through 12.

A parade through the halls of the high school began at 1:30 and all floats were judged. Then at the pep rally the floats were paraded again and

the winners announced by Student Council president Bo Watson.

Winning grand champion honors and the \$20 prize money was the HGAA (Haskell Girls' Athletic Association) float. The \$5 prize for most original idea went to the FHA and the NHS float won \$5 for exhibiting the most Indian pride and spirit.

Missy Davis and Christi Bartley, co-chairmen of the project, stated they were very pleased with the participation by all the groups and they felt everyone enjoyed it tremendously.

Billy Taylor

Concert to feature singer

A well-known musician will present a concert at the First Baptist Church auditorium on Saturday, Nov. 5.

He is Billy Taylor, a Dallas native who has been singing and sharing the gospel through music since 1980.

After completing undergraduate work at North Texas State University and Oklahoma Baptist University, Taylor traveled 13 months with "Eternity", a traveling music ministry, as first tenor and vocal director.

In 1982, Billy Taylor Ministries was begun as a means to use music to minister the gospel.

Taylor has ministered in 15 states, in Canada and in Central America in revivals, evangelistic rallies, concerts and retreats. He has been involved in prison ministries and in street evangelism.

Taylor now lives in Bedford, Texas, with his wife Tammy and son Jason.

The Haskell concert will be free of charge, but a love offering will be taken.

Assistance available on phones

A new financial assistance program, aimed at older, disabled Texans, has been established by the Texas Legislature in cooperation with the local exchange telephone companies throughout the state. "Tel-Assistance" is the name given to the new program.

"Tel-Assistance will reduce certain charges on a qualifying person's telephone bill by 65 percent," said Tim Raven, president of the Texas Telephone Association. "Eligible customers may have touchtone service or custom calling services, although the discount will not apply to these services."

Raven added that Tel-Assistance service recipients will also receive appropriate reduction of the FCC line charge. Discounts do not apply to long distance, telephone equipment or installation charges.

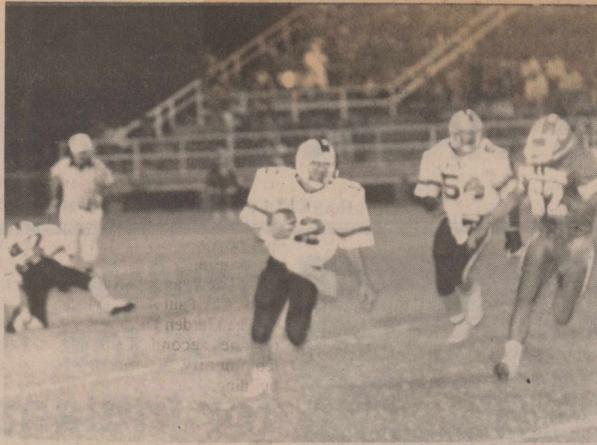

To qualify for Tel-Assistance, an applicant must meet several requirements. Applicants must be at least 65 years old and disabled. Additionally, applicants must be the head of a household and have an income at or below the federal poverty level.

Additional information regarding Tel-Assistance is available from the Texas Department of Human Services. Interested parties may call toll free, 1-800-343-8353, or write to Tel Assistance Service, Texas Dept. of Human Services, Mail Code 952-X, P.O. Box 2901, Austin 78769.

Top teachers

Nominations which lead to the recognition of several hundred distinguished high school teachers are being made by principals across Texas. Forms have been mailed to every principal in the state by the sponsoring University of Texas Ex-Students' Association.

High school students, former students, parents and Texas exes are encouraged to recommend nominees to their principals. Deadline for nominations is Nov. 15.

Makes yardage

Chan Guess accounted for considerable yardage in Haskell's game against Stamford Friday night. He got off one 26-yard run, and completed 3 of 6 passes.

Deathless day goal eludes motorists

The 101 driving days of summer are over and they left behind a trail of "deathful" days on Texas roadways.

Traffic safety advocates had set a goal to achieve just one deathless day during this period but, unfortunately, were disappointed.

The campaign was not without its good points, however. Public awareness of the pervasiveness of traffic fatalities has increased. Subsequently, Texas had only three traffic deaths on July 4 and 5, historically high-fatality days. Aug. 3 and 10 recorded the fewest number of fatalities with two persons killed each day, compared with the deadliest day, June 25, with 24 deaths.

The 101 driving days ended at midnight on Labor Day, Sept. 5. Thirty people died over the Labor Day weekend when the statistical services division of the Department of Public Safety (DPS) had predicted 35 persons would be killed. Seventy-five percent

of those killed were not wearing safety belts.

Figures for the 101 days are not yet finalized. Under DPS policy, a death due to traffic injuries counts as a fatality on the day of the accident, even if the victim dies 30 days later.

Enrollment up at ag college

Texas A&M University's fall enrollment figures in the College of Agriculture have increased from the same period last fall, with a total of 4,500 students enrolled in 1988.

Official fall enrollment figures include 3,174 undergraduates and 1,326 graduate students in the College of Agriculture.

Privacy of mail, it's guaranteed

"The 'Sanctity of the Seal' is a term which has nothing to do with the character of a seal mammal," joked Lola Gholson, officer-in-charge at the Haskell post office.

Turning serious, she said: "Although the term is unfamiliar to most people, it represents a promise and a trust which benefits every single American citizen every day of the week."

In simplest terms, 'Sanctity of the Seal' means that a person can mail a letter in the Haskell post office with the certain knowledge that the letter will not be opened and examined for any purpose by anyone other than the addressee.

"The privacy of first-class mail is one of the intrinsic freedoms enjoyed by citizens of the United States," said Gholson. "It cannot be abridged by a postal employee, postal inspector, a postmaster or even the postmaster general."

"First-class mail can be opened in the Dead Letter Office. It is there that specially sworn employees must open mail in an effort to discover an address where the mail can be delivered or returned. For this single purpose first-class mail is opened and forwarded to either the sender or the addressee who may be identified inside the mail."

But what if the contents of a letter were useful in helping law enforcement officers in tracking criminals? What if matters of national security depended upon the covert opening of certain first-class mail by government authorities?

"No matter how pressing the circumstance, how crucial to the security of our country, how helpful it might appear to all concerned--the one unchanging dictum of the U.S. Postal Service is that first-class mail is sealed against inspection," said

Gholson.

"Our founding fathers decreed that the privacy of the mail and the sanctity of the seal were so vital to the exercise of freedom in this country that they must never be violated for any reason whatsoever," she said.

"This means that a parent, sending a birthday card and a check to a son or daughter at college can expect that mail to arrive intact and sealed."

"It means that Haskell businesses can send bills and statements of account to their customers without the privacy of these transactions being invaded by any postal employee or other government agent."

"Americans can be grateful that their mail is a sacred trust of the U.S. Postal Service, and that it will be handled with complete confidence. This 'Sanctity of the Seal' is one of our most basic freedoms."

State SAT scores rise slightly

The scores of Texas students on the country's two major college entrance examinations rose slightly from 1987 to 1988, while the number of students taking the test increased substantially.

The mean score on the verbal section of the Scholastic Aptitude Test was 417 in 1988, up slightly from 416 the previous year. The mean SAT math score was 462, up 3 points from 459 in 1987.

National averages were 428 on verbal, down 2 points from 430 in 1987, and 476 in math, the same as last year.

Monty Shea Holcombe with "I'm Something Dandy"

Monty Holcombe in fast company

Monty Shea Holcombe and his 5-year-old American quarter horse gelding, "I'm Something Dandy", have recently completed the requirements for the "American Quarter Horse Association Youth Championship."

Notification from the American Quarter Horse Association has been received and Monty will be featured in a forthcoming issue of the American Quarter Horse Journal.

Currently, Monty and "Dan" are third in the National AQHA all-around standings. As a team they have won the Youth Register of Merit (three events), Western Pleasure, Showmanship at Halter and Western Horsemanship.

This year Monty has been nominated for Texas Junior Quarter Horse Association vice president. He and his family have been raising and showing quarter horses for seven years. He has competed at the

American Junior Quarter Horse World Show and has traveled to many states in competition.

Monty is a Young County 4-H member and has won three State 4-H championships, many 4-H awards and his 2-year-old mare, "Shappas Spanishstar", is the current TQHA state champion.

Monty has won numerous AQHA all-around championships and reserve championships and many grand champions in halter. His awards have included many belt buckles, trophies, a saddle, silver trays, etc. His favorite events are Western Pleasure and Halter. His best rewards are the friendships he shares with youth and adults in several states.

Monty is an honor student at Olney High School, classified as a junior. He is the son of John L. and Sue Holcombe of Olney and the grandson of Mr. and Mrs. Arthur Watson and Mrs. L. D. Holcombe of Haskell.

Bingham home features landscape

Mr. and Mrs. T. B. Bingham, Avenue J East, have a lovely, beautifully landscaped home. He is retired and gardening is his hobby. They have used xeriscape principles in designing their home grounds.

The spacious, green lawn and the three airy mimosa trees encircled by beds of yellow marigolds create clean, striking lines of vivid color contrasts. Viewed from the house, the geometric shapes of the lawn and the plantings on the side (that define the property) are so arresting as to draw the eye away from the street.

The bed north of the driveway has masses of big red coxcomb, a white rose of sharon shrub growing with pink and white periwinkles intermingled. On the south side, an elongated bed of one blaze rose and three tall evergreen trees with masses of lantana shrubs growing in between the evergreens, near the entrance a long planter box full of pink and white periwinkles with masses of red begonias at the base, add a lively note of welcome.

In the back there is a vegetable garden--okra, peas, tomatoes, etc., and an orchard of peach trees.

The antique containers of flowers around the square have added so much to the beauty of Haskell. They seem to say "we welcome you and hope you enjoy your stay."

Have you noticed the Garden Club's flower beds? In the one west of Heidenhammer's, the crepe myrtles have bloomed all summer and in the other bed west of the former Green Stamp store below the pioneer painting, the white periwinkles and artemisia have put on a beautiful display.

The Garden Club would like to invite anyone interested in gardening

Flea market needs participants

The American Legion is still seeking participants for the flea market scheduled for Nov. 5-6 at the Legion building.

Reservations may be made by calling Gene Plunkett at 864-2087 or Truett Parsons at 864-3948. A \$10 reservation fee is required.

The Legion also is interested in donations of merchandise which can be sold at the flea market.

to visit us. We have some good programs coming up Thursday, Nov. 10; Dec. 8, our Christmas program; and Feb. 9, a very special program on xeriscaping the greenhouse effect, using new and native plants and grasses by Paul Richwein of Munday.

The Garden Club meets at 2 p.m. on the second Thursday at the Community Room of the bank building.

--Bernadine Wyche Blankenship

FmHA loans available to minorities

The Farmers Home Administration (FmHA) is preparing to activate a loan program designed to help members of socially disadvantaged groups, including minorities, acquire land for farming.

Under the new program FmHA will try to find persons in those categories who are interested in farming and can qualify for an FmHA farm ownership loan. The agency would also be prepared to sell or lease to them a farm held in its inventory if any are available in that county.

FmHA also can provide other loan and technical assistance, if needed, to help the borrower get started.

The new program was included in the agricultural credit act signed earlier this year, and funds have been reserved for farm purchases based on the population of socially disadvantaged persons.

The population of such persons range from as low as one percent in some New England and midwestern states to highs of 68 percent in Hawaii, 57 percent in New Mexico and somewhat lower percentages in southeastern states. Population groups involved are Hispanics, Native Americans, Asians and Pacific Islanders.

Persons who think they might be eligible and who are farming or who would like to become farmers are urged to contact the Farmers Home Administration office in Haskell.

40-yarder

Alberto Alvarez of the Indians hauls in this pass from Chan Guess at Stamford Friday night. The gain was good for 40 yards to the Stamford 1-yard line and set up Haskell's first touchdown.

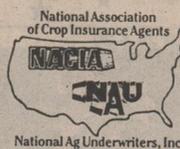

At times during the orbital motion of Uranus, the north or south pole is aligned nearly face on toward the Sun. During those times, the poleward hemisphere receives nearly constant sunlight, while the other hemisphere languishes in decades-long darkness.

Wheat insurance deadline near

The U.S. Department of agriculture's Federal Crop Insurance Corporation has extended the sales closing date for all 1989 winter wheat insurance until Oct. 31.

FCIC manager John Marshall said the action was taken to provide wheat producers the opportunity to comply with the intent of the Disaster Assistance Act of 1988.

The act requires that producers receiving disaster benefits based on losses exceeding 65 percent of a crop carry insurance on that crop for the 1989 crop year. USDA's Agricultural Stabilization and Conservation Service did not begin accepting applications for disaster assistance benefits until after the normal winter wheat sales closing date of Sept. 30. The extension of the closing date from Sept. 30 to Oct. 31 will accommodate the crop insurance purchase requirement of the act where appropriate.

ASCS administrator Milton Hertz said the agency's county offices would be prepared to assist producers in evaluating their level of loss and the applicability of the insurance provision. "We intend to see that the provisions of the law are met and we appreciate FCIC's flexibility in the effort to meet the insurance requirement," he said.

The payment received under the relief legislation is forfeited unless the crop insurance provision is met, where applicable. Winter wheat producers are urged to review their situation with their ASCS office as soon as practicable after applications

begin to be accepted.

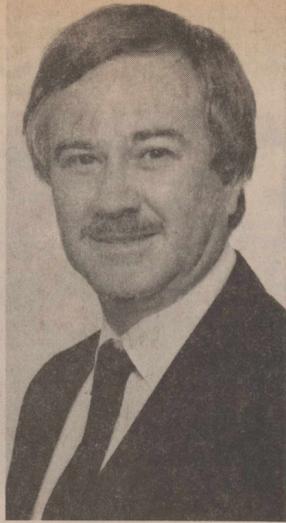

Marshall said that "the crop insurance program recognizes the interest of Congress in emphasizing the role of crop insurance as the appropriate risk management tool for producers. We are pleased to make this adjustment this year to meet the spirit of the disaster relief law."

Johnny Appleseed

Although he is now thought of as just a figure in American folklore, there really was a Johnny Appleseed. Born John Chamman Sept. 26, 1774, "Johnny Appleseed" crisscrossed the young country planting orchards and befriending wild animals. To this day, orchards are pointed out as having been "planted by Johnny Appleseed."

Regarded as a powerful medicine man, Johnny Appleseed won the respect of the American Indians he encountered during his travels. He died in Indiana on March 11, 1847.

Special Deliveries. It's a boy or It's a girl pencils to announce those new arrivals. Haskell Free Press.

Jeff Robertson of San Angelo has been named an insurance agent for the Texas Farm Bureau Insurance Companies. He will serve Farm Bureau member families in Tom Green County. A 1964 graduate of Haskell High School, he graduated from Pepperdine University in Los Angeles. He is the son of the late Patsy Casselberry and the grandson of Leone Pearsey, longtime resident of Haskell.

All of the other planets in our solar system could be placed inside the planet Jupiter.

Pinto beans a Texas tradition

Long before modern nutritionists began singing the praises of dried beans and peas, Texans were eating pinto beans. When times were hard, beans and cornbread made a meal. When they were good, beans sat alongside slabs of bacon.

This culinary tradition has a long and illustrious history. Mexicans were eating dried beans at least 4,000 years ago. They could not have known that this staple, when combined with the corn that also flourished on their land, supplied them with perfect protein.

For centuries beans combined with grains or dairy products did just that, not only in Mexico but in cultures around the world. Legumes, dried beans and peas, became essential ingredients in meal preparation wherever they were grown. Today black beans and rice are still synonymous with Brazil; hummus, made from chick peas, and pita bread with the Middle East; and pinto beans and tortillas with Mexico and its Texas neighbor.

Though pinto beans remain a popular dish here, most of those eaten in Texas come from out of state. A new industry in the Panhandle is expected to change that. Four thousand acres of pintos will probably yield around 6 million pounds of beans during a late September-early October harvest. Texas Department of Agriculture marketing specialist Elaine Timmerman said this season's crop is just beginning. TDA anticipates acreage spreading in the Amarillo-Lubbock areas where low humidity and cool nights combine to create excellent growing conditions.

Though cooking pinto beans with meat seems to be the preferred method

among Texans, meatless beans are gaining importance as a main dish.

"Beans contain no saturated fat and no cholesterol," said TDA home economist Carol Guthrie. "Anyone who wants to cut back on either one is better off eating beans that haven't been flavored with meat."

Beans have other nutritional advantages too. An inexpensive source of protein, they are high in fiber and rich in the B vitamins niacin, B-6, thiamin and folacin. Beans contain calcium and phosphorus and are a good source of iron. They must be eaten with a food rich in vitamin C, however, if their iron is to be fully absorbed.

Pinto beans are sold in clear plastic bags or in bulk. When shopping look for beige speckled beans with a bright uniform color. The best will be uniform in size and free of cracks, foreign matter and pinholes.

A cup of dried beans equals about three cups cooked. Before cooking beans, pick them over, then wash and drain them. *New York Times* health columnist Jane Brody says soaking leaches indigestible sugars and improves the flavor and texture of beans. She recommends soaking

beans at least eight hours. Beans can be cooked in the soaking water or in fresh water after they have been drained and rinsed. The first method retains nutrients that have leached into the water; the second removes starch that contributes to flatulence.

Beans can be pre-soaked in less time by placing a pound in six to eight cups of water, heating to a boil and cooking for two minutes. Cover the beans, remove them from the heat and let stand an hour.

To cook beans, place them in a pot filled with water an inch above the beans. The amount of liquid does not have to be exact. Just make sure the beans are covered with water as they cook. Bring them to a boil, lower the heat and simmer until tender, adding more water as necessary. Do not salt beans until they are cooked as salt will delay softening.

Fishy benefits: "Trash fish" is the wrong name for nongame species that are often good to eat or valuable for research. Among the medical heroes are garfish, which have large nerves in their snouts useful for neurological studies, and catfish, whose pancreas are used for insulin research. (*International Wildlife*)

--Sagerton--

by Alice Bredthauer
Visiting in the home of Mr. and Mrs. Jack Monse and Dewayne over the weekend were Mr. and Mrs. Donny Barbee, Eric and Mitzi of Sundown, Amy White of Abilene, Mr. and Mrs. Evan Cox of San Angelo and Mrs. Doris Lehmann of Rule.

Mr. and Mrs. Jack Monse spent the weekend of Oct. 15 in Sundown visiting their daughter and family, Donny, Diane, Eric and Mitzi.

Mr. and Mrs. G. W. LeFevre, Mrs. Mary Neinast, Larry Cornelson played 84 in the home of Mr. and Mrs. Alvin Ulmer Thursday night.

Mrs. M. Y. Benton, Mrs. Dorothy Toney, Mrs. Delbert LeFevre, Mrs. Alvin Bredthauer, Mrs. Wilma Teichelman met in the home of Mrs. Alvin Ulmer one day last week to work on some crafts for the bazaar which will be held at the Community Center Nov. 12 from 9 a.m. til 3 p.m. Lunch will be available.

Mr. and Mrs. Rudolph Schakley of Levelland spent the weekend in the home of Mr. and Mrs. James Gellner and there they all attended the sausage supper and dance in the Sons of Hermann Old Glory Lodge Saturday night which everyone enjoyed very much.

Those who visited in the home of Mr. and Mrs. Leo Monse Sunday were Mr. and Mrs. Franklin Mrazek of Aspermont, Mrs. Doris Lehmann of Rule, John Vahlenkamp of Waco will be coming today which is Monday.

Those who enjoyed playing 84 in the home of Mrs. Lena Schaaake Monday night were Erna and Walter Schaaake, Clarence Stegemoeller, Mr. and Mrs. Alvin Bredthauer. Of course the men had to win the most games.

Mrs. M. Y. Benton visited in the home of Mrs. Zenor Summers Tuesday afternoon.

Mrs. Margaret Kittley and Mrs. Mildred Kittley visited in the home of Mrs. M. Y. Benton one day last week.

Mr. and Mrs. Alvin Bredthauer went to Abilene last Thursday to bowl first time in about a month.

Mrs. Alvin Bredthauer visited in the home of Mrs. M. Y. Benton last week.

Mr. and Mrs. Kenneth Stegemoeller of DeSoto, Dr. and Mrs. Harvey A. Stegemoeller are

Foreign visitors

Recent visitors with John L. Brooks in Sagerton, foreground, were her granddaughter, Paige Tabor of Dallas, left, and a couple of her friends, Christy Ward of Dublin, Ireland and Andrea Laske of Bertchesgaden, West Germany. The three young people are all working together at the Armed Forces Recreation Center in Bertchesgaden. Christy and Paige are ski lift operators and Andrea is a cashier. Christy and Andrea will return to Bavaria Nov. 30 and Miss Tabor will fly back to West Germany in late December.

visiting in the home of his mother, Mrs. Henrietta Stegemoeller.

Rev. Dr. Harvey Stegemoeller is executive director of the Evangelical Lutheran Church in American Foundation in Chicago.

Relatives gathered at the home of Mr. and Mrs. Delbert LeFevre Sunday at noon to enjoy a pot luck lunch and visit with Dr. and Mrs. Harvey Stegemoeller of Chicago, Illinois and Mr. and Mrs. Kenneth Stegemoeller of DeSoto, who were here visiting their mother, Henrietta Stegemoeller.

Those present were: Mr. and Mrs. Dan Rinn of Stamford, Mr. and Mrs. Marvin Stegemoeller of Rochester, Mr. and Mrs. Ace Turner and Samuel of Rule, Mr. and Mrs. Larry LeFevre and Shane of Rule, Mr. and Mrs. Bruce Toney and Tarrah of Haskell, Rene Toney and three friends from Abilene, Mr. and Mrs. Ken Brown, Kinsey and Tully of Abilene, Larry Cornelson, Betty Balzer, Louise Stegemoeller, Mr. and Mrs. A. C. Knipping, Henrietta Stegemoeller, C. E. Stegemoeller, Mr. and Mrs. J. B.

Toney, Mr. and Mrs. Clayton and Stephanie and Michelle, and the hosts.

The Sagerton Hobby Club met in the home of Velma Lou Lammert in Rule Thursday, Oct. 20. Aline Summers called the meeting to order and the roll call was answered with "how I relax". Mrs. G. E. LeFevre was a guest. Others present were: the Mmes. F. A. Ulmer, Eugene Teichelman, Zenor Summers, Delbert LeFevre, M. Y. Benton, Herbert Stremmel, John Teichelman, J. C. Wendeborn, and Bill Hertel.

The preparations for the club's bazaar which will be held on Saturday, Nov. 12, at the Sagerton Community Center, were discussed. Mrs. F. A. Ulmer, food chairman announced that homemade stew and homemade pies would be served at noon that day.

Names were drawn for the club's Christmas party, which will be Dec. 6 at the Sagerton Community Center. Hostesses for the party will be Margie Hertel, Ev Ulmer, and

Margaret Wendeborn.

Mr. and Mrs. Herman Raphael of Lubbock were guests in the home of Mr. and Mrs. J. B. Toney Thursday of last week. Other guests for lunch were Mr. and Mrs. A. C. Knipping, C. E. Stegemoeller and Erna and Walter Schaaake of Stamford.

Get well wishes go to Cate Macias, Jr., who is in Lubbock General Hospital in Lubbock recuperating from burns he received in an oil field accident near Knox City recently. He is having skin grafts, but he is doing as well as can be expected.

Buster Tredemeyer was taken to Abilene to the hospital Monday morning. We wish him a speedy recovery.

Mr. and Mrs. Reece Clark have returned from a trip. They attended the Grand Ole Opry in Nashville and then went onto Georgia, the southern part of South Carolina, Northern Florida, Alabama, Mississippi and Louisiana.

Coupons don't require sales taxes

State Comptroller Bob Bullock says that shoppers who use discount coupons don't have to pay state sales tax on their savings.

"Tax is collected only on the actual amount you pay for a taxable item, not on the pre-discount price," Bullock said.

According to Bullock, the amount of tax paid on items bought with coupons used to depend on the type of coupon being redeemed. As a result, businesses and customers were sometimes confused about the correct amount of tax due.

"I can't find one good reason to tax items at the full price if they're being paid for with a discount coupon. This is a simple issue that somehow got complicated, and I hope I've cleared it up once and for all," Bullock said.

Bullock said that with the new rule, store owners will find it much easier to collect the right amount of sales tax due on purchases made with coupons.

Family day

The annual Hardin-Simmons University Family Day will be Saturday, Nov. 5.

Parents of students are urged to attend.

--Obituaries--

Wilma E. Adkins

Wilma Elizabeth Adkins of Grand Prairie died Thursday (Oct. 20) in Dallas. Mrs. Adkins, 67, was a former long-time resident of Haskell.

Graveside services were held Saturday afternoon at Willow Cemetery with the Rev. Jim Turner officiating. Burial was under direction of Holden-McCauley Funeral Home.

Mrs. Adkins was born June 11, 1921, in Pampa, the daughter of Herbert Ross Whatley and Catherine Elizabeth Rumbo. She was a Baptist. She was married to Clifford Covell Adkins in 1936. He preceded her in death in 1962.

She is survived by three daughters, Belva Adkins of Las Vegas, Nev., Karen Foster of Boyd and Cathy Dixon of Grand Prairie; two brothers, Herman Whatley and Calvin Whatley, both of Pampa; seven grandchildren and four great-grandchildren.

Lucy Harrell

Funeral services were held Tuesday afternoon at the First Baptist Church for Lucy (Mrs. Bill) Harrell. Mrs. Harrell, 92, died early Monday at Rice Springs Care Home.

Dr. Troy Culpepper and the Rev. Jack Slader officiated at the services. Burial was in Willow Cemetery, under direction of Holden-McCauley Funeral Home. Grandsons served as pallbearers.

Born Aug. 13, 1896, in Elgin, Mrs. Harrell had been a resident of Haskell since 1902. She was a

member of the First Baptist Church of Haskell.

She was married March 21, 1943, to Bill Harrell. He died March 10, 1987.

Survivors include three daughters, Belle Merchant of Haskell and Nettie Brock and Doris Slater, both of Fort Worth; three sons, Al Adkins of Fort Worth, Wayne Adkins of Haskell and Billy Adkins of Austin; 17 grandchildren and a host of great-grandchildren. She was preceded in death by two daughters, Christene Miller and Zelma Davis.

Hamlin church plans revival

Hamlin First Baptist Church will have a Renewal Revival Nov. 6-9. Services will begin at 10:40 a.m. and 7 p.m. on Sunday and at 12 noon and 7 p.m. Monday through Wednesday. The noon services will include a covered dish lunch.

The Rev. Leonard Malone, director of missions, Abilene Baptist Association, will be evangelist.

Church plans Halloween party

The Independent Baptist Church will have a Halloween festival for youngsters between 8 and 11 p.m. Monday.

All children are invited to attend.

HASKELL, TEXAS 79521, October 27, 1988

Indians bow, 22-13

Haskell battled Stamford on pretty even terms through the first three quarters in Stamford Friday night, but the Bulldogs pushed over a last-period touchdown to walk off with a 22-13 victory.

The loss dropped the Indians' district record to 1-2 (3-5 for the season) and all but eliminated them from the district 7-2A title race and drove a huge spike in their chances for a playoff spot as the runnerup team.

Getting most of the credit for the Indian loss was Eric Keen, the sophomore running sensation of the Bulldogs who rushed 40 times for 246 yards, including a 66-yard scamper for the game's first touchdown.

"We were geared to try to stop Keen," said Coach Nelson Coulter. "But when we did contain him, their quarterback would burn us with his passing." (Stamford quarterback Todd Harrison went 7 for 9 after an interception and an interception on his first two attempts.)

Fred Shaw, filling in for the injured Derrick Billington, turned in a highly creditable performance, rushing 17 times for 96 yards, including a 26-yard scoring run.

And the Indian defense, led by Bo Watson and Paul Harvey, repeatedly pulled off big plays to keep the game from getting out of hand.

The Bulldogs struck first at the 6:08 mark of the opening period when on the first play of their second possession, Keen swept wide to his left, turned up field and raced 66 yards down the sideline for the score. A failed kick on the extra point attempt left the score at 6-0.

It took the Indians only two and a half minutes to erase the deficit. Seven plays and 66 yards after the Stamford kickoff, Chad Gibson blasted over the goal line from a yard out and Chan Guess booted the extra point to put Haskell out front 7-6. The Indians had reached the 1 on a 40-yard pass from Guess to Alberto Alvarez. Prior to the pass the Indians had clicked off five running plays, Shaw making 4, Guess 6, Jonathon Dever 2, Guess 11 and Shaw 3 to move from their own 34 to the Bulldog 41.

Stamford took over on the Bulldog 29 after the ensuing Haskell kickoff and drove to the Haskell 13 in a drive which featured a 25-yard run by Keen. But that's as far as the Bulldogs were to go this time. Bo Watson sacked Harrison twice for losses of 8 and 10 yards as the Indians held on downs and took over on the 36.

After Dever lost a yard, Shaw gained 6 and then 16 to the 43. A 15-yard penalty against Stamford gave the Indians another first down at the 28. Dever got 2 and then Shaw blasted up the middle and went all the way. A pass for a 2-point conversion attempt was intercepted but the

2-36	Punts	1-32

Indians had upped their margin to 13-6 with the second period less than 3 minutes old.

Moments later the Indians had a golden opportunity to pad their lead. Alvarez intercepted a Harrison pass and returned it to the Stamford 29. (Josh Reid had jolted the intended receiver with a jarring tackle which had caused the ball to sail through his hands.) But the Indians netted a minus-2 yards in four plays and surrendered the ball on downs at the 31.

Stamford then drove 69 yards in 12 plays. Keen carried eight consecutive times to move the ball to the Indian 32. After a 16-yard pass from Harrison to Tom Walker put the ball on the 16, Keen carried for 4, 5 and then 7 yards for the touchdown. Harrison passed to Walker for the 2-point conversion and Stamford retook the lead at 14-13 a minute and a half before halftime.

Haskell fumbled its first second-half possession on the Bulldog 45 and Stamford drove to the Indian 12 before giving the ball up on downs. Haskell then drove across midfield, but fumbled the ball away again at the 48.

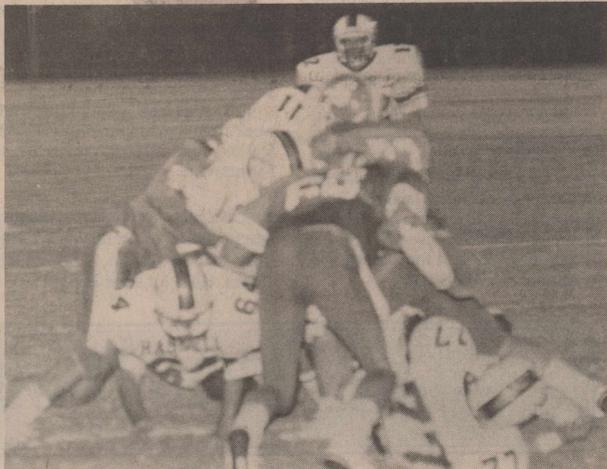

This time the Bulldogs used 10

plays to march the 52 yards for a score. Harrison connected on three passes of 11, 14 and 7 yards, the last being to Eddie Hall for a touchdown. Cody Mathis booted the extra point to make it 22-13 at the 9:04 mark of the final period.

Haskell ran three plays and punted following its next possession and Stamford took over on its own 29. A 15-yard penalty moved the ball back to the 14, but two 15-yarders against Haskell helped the Bulldogs move to the Haskell 30. But with a first down from that point the Indian defense held, Stamford getting a minus-2 yards in four stabs.

With 1:27 to go, Haskell's hopes were revived when Guess clicked off a 26-yard run, followed by a 15-yard penalty against Stamford and then a 10-yard pass from Guess to Rodney Johnson to the Stamford 19. But the drive stalled there. Guess was chased out of the pocket and knocked out of bounds on the 20, then was sacked twice for losses of 9 and 10 yards before throwing incomplete.

With 38 seconds to go, Stamford took over on the 39. Harrison took two snaps and each time went down on one knee to run out the clock.

First touchdown

Chad Gibson scores Haskell's first touchdown at Stamford Friday night on this 1-yard plunge in the first quarter.

Paint Creek loses 82-65 to Woodson

By Monica Howeth

The Paint Creek Pirates rolled up 18 unanswered points Friday night before the Woodson Cowboys retaliated and eventually won an exciting and high scoring game by a score of 82-65.

The game featured 20 touchdowns and plenty of high speed action. The Pirates have seen two of those games in a row, but as fate would have it, have fallen short both times.

Individual stats were as follows: Senior Daniel Acosta continues to stay on track with 17 completions for 32 attempts for a net of 418 yards passing. He rushed 11 times for 103 yards and had 19 tackles and one touchdown.

Senior Michael Guerrero rushed five times for 54 yards, caught seven passes for 188 yards and scored six touchdowns. His yearly total is now 32 touchdowns.

Junior Chris Cockerell had his best offensive night so far this year with four receptions for 61 yards and two touchdowns. He also had five tackles.

Sophomore Dane Morgan had three rushes for 44 yards, caught three passes for 71 yards and was in on 10 tackles. Dane had one touchdown called back on a 67-yard kickoff return because of a holding call.

Sophomore Tanner Childress had nine tackles on the night. Sophomore center Kelly Williams caught two passes for 32 yards, had nine tackles and one fumble recovery.

Freshman Mo Greer had one fumble recovery. Fellow freshman Rodney Tsoole caught one pass for 14 yards and had 13 tackles. Freshman Roman Morgan contributed with two tackles.

Breaking loose

Fred Shaw of the Indians bursts through Stamford defenders for a 26-yard touchdown run Friday night.

Vernon Northside edges Rochester

Vernon Northside came from behind Friday night to hand a 46-39 defeat on the Rochester Steers. The loss dropped the Rochester record to 5-3 for the season, 2-2 in district.

Rochester went ahead in the first period and maintained the lead until the fourth quarter.

The Steers went out front first on a 12-yard run by Kevin Conner after Danny Tibbets' extra point kick staked them to an 8-0 lead. Northside tied the score when Chris Shugart returned an intercepted pass 48 yards and Jimmy Wilson kicked the PAT. Rochester recaptured the lead on a 1-yard run by Conner and Tibbets ran over the extra point to make it 15-8 at the end of the first quarter.

Another 1-yard run by Conner and a kick by Tibbets made it 23-8 in the second period before Northside countered with a pair of touchdowns, one on a 21-yard pass play from Tody Alexander to Shugart and the other on a 55-yard run by Cecilio Guerra. The

kick failed each time so Rochester still nursed a 23-20 halftime lead.

The Steers went up 31-20 after Corky Speck scored on a 5-yard run and Tibbets again kicked the conversion. But when a fumble stopped another Steer drive at the 10, Northside answered with four straight touchdowns. Alexander passed 26 yards to Wilson for the first, and then Guerra scored on runs of 67, 7 and 1 yards as Northside went ahead 46-31.

Robert Ortiz returned the kickoff 58 yards following Northside's last touchdown and Tibbets converted again to complete the night's scoring.

Conner had an outstanding offensive game for the Steers, carrying the ball 27 times for 214 yards. Speck was 17-64. Top tackler for Rochester was Morgan Walker with 13, followed by Ortiz and Todd Landis with 11 each.

This Friday, the Steers will play Harrold there.

Texas 'furlough' becomes an issue

AUSTIN—Countering speculation they have given up on winning Texas for Dukakis-Bentsen, Democrats captured the prison furlough issue that was one of Bush's top campaign cannons and turned it on Texas Gov. Bill Clements.

Clements was forced to state he had no direct control over a Texas furlough program every

mandates new programs for local governments.

Morales said property tax rates in Texas are too high and that local property taxpayers already pay enough taxes.

Morales deserves to be watched for two reasons. Last year, Cisneros turned over his political campaign operation to him and Morales is viewed as a possible candidate for attorney general in 1990.

He also has advocated considering a state income tax, and skeptics of his announcement last week feel he might some day couple new mandated costs with a new state income tax.

Medicare Supplement Info

The State Board of Insurance has published a 28-page booklet to help Texas seniors shop for Medicare supplement insurance.

The booklet explains Medicare supplement coverage and consumer rights under Texas law and provides tips on shopping for insurance to fill certain "gaps" in Medicare.

The Consumers Union and Gray Panthers earlier petitioned the insurance board for stricter regulation of "ripoff" Medicare supplemental insurance policies, saying elderly purchasers aren't receiving the benefits they're paying for.

Consumers may obtain free copies of the booklet, "Medicare Supplement Insurance: A Guide for Texas Consumers," by calling the toll-free consumer line: 1-800-252-3439.

Other Highlights

- Comptroller Bob Bullock, who sits on the state racing commission, wants the attorney general to rule quickly on questions about whether the panel can deny a license to already existing race tracks in Texas.

- Capitol architect Allen McCree has proposed a \$128 million, four-year plan to add an underground wing and restore the Texas Capitol. He also has a plan to restore the old Texas General Land Office, now a museum, for \$5 million.

- State Sen. Roy Blake, D-Nacogdoches, and some 50 former Democratic lawmakers endorsed Tom Phillips, the Republican candidate for Supreme Court Chief Justice. Blake appears in a TV spot for Phillips.

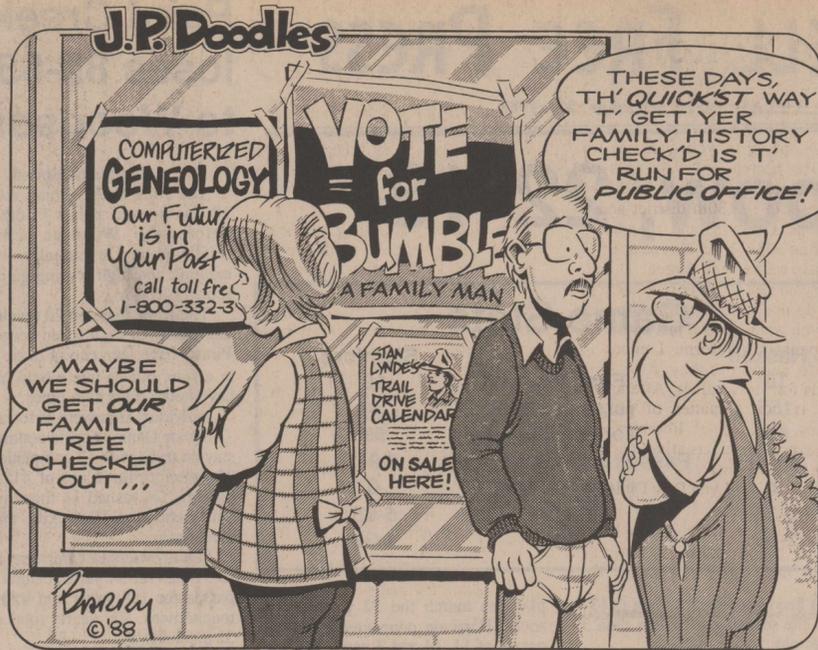

- University of Texas regents formally and unanimously agreed to negotiate a merger with Pan American University.

- A Washington-based analyst predicted Texas will see more than 80,000 new jobs next year.

Crime rate shows decline

The number of serious crimes reported in Texas during the first half of 1988 showed a slower rate of increase than experienced during the first six months of 1987, statistics compiled by the Department of Public Safety indicate.

From Jan. 1 through June 30 of this year, a total of 635,894 major crimes—including murder, rape, robbery, aggravated assault, burglary, theft and motor vehicle theft—were reported in the state, compared with 627,433 crimes reported in the first half of 1987. That amounts to an increase of 1.3 percent.

30 Years Ago Oct. 16, 1958

Taxpaying voters in the four towns comprising the North Central Texas Municipal Water Authority approved a \$3,800,000 bond issue Saturday by a total majority of 386 votes. The Haskell vote was 339 for and 73 against, but it carried by only one vote in Rule and four votes in Goree.

Children of Mr. and Mrs. A. M. Bird will be hosts and hostesses for open house Sunday at the family home in the Sayles community honoring Mr. and Mrs. Bird on their 50th wedding anniversary.

Eleven members of the Weinert chapter, Future Farmers of America attended the State Fair of Texas Saturday with their advisor, Bobby Joe Browning. Those who attended were Raymond Walker, Joe Williamson, Don Cunningham, Gary Rainey, Chesley Forehand, Bill Rainey, David Boykin, W. C. Davis, Budge McGuire, Kenneth Sanders and Luther Rainey.

There were only 138 horses and mules in Haskell County at the beginning of this year, according to renditions made to the county tax collector.

A timely fall bargain event for the people of this section will be offered Tuesday when Haskell merchants sponsor the regular monthly Dollar Day.

Howard E. Scheets, son of Mr. and Mrs. John Scheets, completed 10 weeks of basic training at San Diego, Calif., Navy Training Center Sept. 26. He spent a 14-day leave with his parents before returning to San Francisco to report for overseas duty in the Pacific.

50 Years Ago Oct. 14, 1938

Mrs. John Rike and Mrs. Wallace Cox and son Wallace Jr., visited Mrs. Cox's mother, Mrs. S. A. Chambers in Abilene Tuesday.

Mrs. J. M. Diggs spent the weekend in Lubbock visiting her children, Mary Eleanor and Milam, who are attending Texas Tech College.

Checks amounting to \$39,426.27 were distributed to Haskell County farmers this week as payment for compliance with the 1937 farm program. This brings the total amount received by farmers in this county to date to \$263,329.02.

Construction work was resumed this week on the Haskell County Hospital building after having been held up since April. The delay came about because of technicalities or "red tape" involved in securing an additional grant from the Public Works Administration to supplement a previous allotment.

70 Years Ago Oct. 19, 1918

Mrs. Janette Partain Cook, teacher in the Haskell schools for several years, received a telegram Tuesday stating that her brother, Burns Partain, had died enroute to France. The body is in New York and will be shipped to Cuero for burial.

Otto Moeller, who left Haskell in the spring for training camp, died Sunday, Oct. 12, at Camp Mills, N.Y. A message to relatives here stated that the remains would be sent home for burial.

H. Weinert of Weinert was in the city Saturday to attend the fourth Liberty Loan meeting. Mr. Weinert subscribed \$500 to be credited to Weinert's quota of the loan.

Loell Roberts, Albert Lemmon and Jason Smith left Tuesday for Dallas where they will be employed by the Southwestern Telephone Co.

J. O. Stark was visiting home folks in this city the first of the week. He is working on construction the North Texas Insane Asylum which is being built in Wichita Falls.

80 Years Ago Oct. 17, 1908

Gus Grussendorf of the east side was in town Monday and reported that his neighborhood was called out Sunday evening to fight a fire that burned off about 300 acres of grass in T. E. Ballard's pasture in that section.

Dudley Boone has returned from a prospecting trip out west. He says that lands are held at a high figure in the sections he visited.

Capt. W. W. Fields has returned from a trip to Lakewood, N.M., where his son Ernest Fields lives. He left his brother, R. B. Fields out there, who will remain a while for the benefit of his health.

E. E. Martin, who went to South Dakota to take part in the drawing for some of Uncle Sam's cheap land, has returned.

W. D. Kemp's little girl, Pearl, and his little son, Giles, went out to the farm of their uncle, J. A. Kemp, the other day and the little girl picked 102 pounds of cotton and the little boy 105 pounds in a day. This was the first cotton they ever picked, for which they received for picking and premiums, \$1.75 each.

90 Years Ago Oct. 22, 1898

J. C. McJilton of Anson took charge of the Haskell post office this week as assistant postmaster.

James Rome returned to his Haskell County ranch this week after a lengthy visit with relatives in Fort Worth.

Mr. Terrell is fitting up the old bank building very neatly and will have it ready to open up his stock of drugs in a short time.

Messrs. Lemon and Shook drove to Seymour this week for delivery of about 500 head of beef cattle sold by themselves and others to Quanah parties.

The city of Haskell has a population of 1200. So orderly and law abiding are the people of this chosen spot that there has not been a criminal in jail during the last five years. Who can beat that record?

T. G. Carney was over in Throckmorton this week, trading in sheep.

J. S. Rike and wife returned this week from a visit to the State Fair at Dallas and also to relatives in Farmersville.

plain talk

BY WENDELL FAUGHT

A Senate candidate in Florida has proposed a law requiring that television ads attacking a candidate feature the attacking candidate. In other words, if you want something negative said about your opponent, you have to say it yourself. Sounds fair enough.

Did a little research the other day to find out how George Bush ran in Haskell County as a vice presidential candidate.

According to Free Press files, the Carter-Mondale ticket beat the Reagan-Bush ticket, 1951-1447 in Haskell County in 1980.

But in 1984, the Reagan-Bush team bested the Mondale-Ferraro combo 1701-1434.

Times have changed since I was in high school.

My high school principal didn't have all these regulations to comply with. He shared a two-desk, one-phone, no-secretary office with the superintendent. He taught math, science and music, coached girls' and boys' basketball, kept study hall, dispensed justice to the unruly and worked at the ice house after school and on weekends. Somehow, he found time to read at least one book a week, play tennis and teach a Sunday School class.

Did kids suffer from his overload? Apparently not. The small school probably produced more than its share of scholars.

Did he suffer? Probably. He died at 43.

Why do they call a potato a spud? Many years ago a group of Englishmen formed a group called "Society for the Prevention of Unwholesome Diet" to discourage people from eating potatoes.

Although the society has long since disbanded, its initials "SPUD" have lived on.

Figure out this one: The U.S. Congress is not held in high esteem by the average American. But while the body, collectively, gets a low rating, the average person must think his/her congressman is doing a good job.

More than 99 percent of the 435 members of the House of Representatives is re-elected each two years, many of them without opposition.

--Letters to the Editor--

Great program

Editor: I would like to say "Thanks" to Judy Patton for her excellent program she gave to our fifth and sixth graders last week, entitled "Teen and Community Involvement Program."

I viewed both films Tuesday with the boys and girls and was there Wednesday for the film on feelings. As a health major, this program presented facts that these children need to know since there is so much misleading information that they are exposed to daily by TV, movies, magazines, peers, etc. These films I feel cleared up many misconceptions these children may have had.

My understanding is the parents received a letter and course outline from school giving them the opportunity to allow or not allow their child to participate in the program. Parents were also allowed to view films on two different days. I feel this gave the parents adequate time to decide if their child should attend.

This program was designed to teach the kids the changes that will occur during puberty and say "No" to sex until marriage, just as our drug education says "No" to drugs.

It's time we begin to meet the needs of our students when teen pregnancy is at a high rate and now the fear of AIDS is with us.

Again, thanks for a great program.
Sue Anderson
Parent & Teacher
BA degree in Health and Physical Education

Child abuse?

Editor: I am with you, Mrs. Abila. Thank you so much for writing your

letter to the editor. Sex education in our schools is an assault on the sensibilities of our children; it gives a whole new meaning to the term child abuse.

Lee Barnett

Amendment 3

Editor: Amendment 3 which we vote on Nov. 8 is not a good amendment and hopefully will not pass.

The Legislature wants to dip into the Permanent School Fund, the Permanent University Fund, the Teacher Retirement Fund and the Employees Fund to establish a Growth Fund to spur economic growth.

The Growth Fund is to be administered by a prudent person and does not say how the money is to be invested. What is prudent to one person may not be prudent for the best interests of the Teachers Retirement Fund.

For years each teacher has paid a part of his or her salary into the Teacher Retirement Fund, many times at a sacrifice, especially when they had a family to support. The teachers retirement check is all income many of the old teachers have to live on after many years of dedicated teaching. This amendment will also affect the retirement checks of the present day teachers.

Please consider this amendment 3 carefully when you vote Nov. 8.

Haskell County
Retired Teachers Association

State Senate

Editor: As you might be aware, we had a special election back in August to elect at Texas State Senator for District 30. In that election, Steve

Carriker (the Democrat) won by a large margin over his opponent, Bobby Albert (the Republican).

It is my opinion that the voters made a huge mistake by electing Steve Carriker to that position. On Nov. 8, we have the rare opportunity to correct that mistake since these two men will again face each other on that date for a full term in the Texas Senate. I would like to share with you why the Democrat in this race would be a mistake for the interests of this area.

As a farmer, I have been involved with a group called Haskell-Stonewall Pest Management. This group works to help farmers scout their fields for insects with the help of an extension service entomologist. Back last fall, Steve Carriker along with his political supporters in Fisher County, worked to try to remove the services of that entomologist from Haskell County. However, we put up a fight so that farmers in this area would have this service in growing their crops, and luckily we won.

But this year, we were not so lucky in a fight against Carriker and his supporters in Fisher County. This fight centered around \$140,000 that was appropriated by the last session of the Texas Legislature. This money was intended by the legislature to be used by about 50 insect management groups across the state to promote the control of insects in agriculture. However, Carriker and his supporters were able to divert \$25,000 just to Fisher County. This was done through Carriker's ties to the Texas Department of Agriculture (TDA) who was charged with dispersing the funds.

Instead of \$140,000 going to the 50 groups across the state, \$25,000 went to Fisher County, \$50,000 went to TDA and the 50 groups got only \$50,000 with the rest going to

--Letters to the Editor--

(Continued from page 2)

several other groups. If you would take a look at how these funds are being used, you would see that they are not being used according to legislative intent.

Finally, if you take a look in general as to what Carriker supports and who supports him, it would cast further doubts on his inclination to work for the interests of this area. In the last legislative session, Carriker voted only about 37 percent of the time on the side of issues that would be beneficial to agriculture and rural Texas. This voting record is courtesy of Texas Farm Bureau. And lastly, Carriker has received almost half of his campaign contributions from personal injury lawyers. This is because he is perceived by the lawyers as the candidate who would be least likely to reduce their fees collectable under workmen's compensation lawsuits.

I hope that you can see that Carriker has not acted nor do I think he will act in the future in the best interests of the 30th district and the state as a whole, and that his re-election would be a repeat of the mistake we made in August.

If your values are conservative and you do not want a state income tax, and you want fair and just workmen's compensation reform, I encourage you to support Bobby Albert who stands for these values. After all, this race is not a matter of political parties, but one of liberal special interest vs. conservative common sense government.

--Weinert--

by Junior High English Class

Approximately eighteen lay men, women and youth were in town this weekend to participate in the Weinert First Baptist Church Lay Renewal Weekend.

Kelly Kinto, a Tech law student and youth minister from Lubbock was a guest in the home of Jerry and Wanda Hester.

Shelli Buchanan, a South Plains College student in Levelland spent the weekend with Ed and Mary Murphy and family.

Another Tech student, Tammy Pittman, was a guest in the home of Hal and Cindy Guess and family.

R. J. and Moena Burnett of Lubbock were visitors in the home of Johnny and Marilyn Earp. R. J. is a retired farmer and realtor, and Moena is a Lay Chaplain at Methodist Hospital.

Leon and Elaine Harris of Lubbock, and Emil Austin from Fort Worth, were guests of John L. and Lavern Mayfield.

Eddie and Myrnie Sanders visitors were Glen and Pat Cavitt of Seminole. Mr. Cavitt is a manager for a butane and gas company.

Sarah and Lindo Guess hosted Mike and Naomi Smith. Mike is with the University Press at Tech, and Naomi is a graduate student.

Mike was the music minister for the lay renewal weekend.

Jerry and Ora Lee Henson of Lubbock stayed with Brother Donnie and Debbie Crump.

Visitors in the home of Alton and Mildred Sanders were Bob and Virginia Melvin. Bob is a vocational teacher at South Plains College in Levelland.

Bill and Pam Roddy helped with the children on Friday and Saturday. Bill is the youth director at the First Baptist Church in Rule.

Others present included Lee and James Sinclair. He is the interim pastor at Paint Creek.

Around Town

Local students in the Munday Purple Cloud Band attended a Band Contest on Saturday. The band will advance to regional competition and perform in Wichita Falls on October 30. The other Class A band advancing to Regional was Jayton High School. Weinert members of the Munday Band include Denise Carrol, Missy Alexander, Molly Estrada, Anthony Garza and Andrew Garza. We are proud of their achievement and wish them success on their way to State.

The Weinert Scouts went to Anson Sunday to participate in the Pushmobile Races. The Weblos, Cory Wood, and Jace Yates, won second.

Dusty Yates, Heath Guess, Lane Murphy, T Nichols, Lucas Castillo, and Ezequiel Estrada won both their under 8 age group soccer games on Saturday. Cory Wood and Jeremy Harlan played on the 8-10 age group soccer team.

Lucas Castillo was treated to a birthday party at the park in Haskell on Saturday after the soccer game. Lucas is 7.

Darla Griffis, a student at Tech, visited her parents, Donald and Gracie Griffis, this weekend, and attended the services at the First Baptist Church.

Another Tech student, Mondy Mayfield, was home for the weekend. He even managed to visit with his old English teacher. He gave a creative report of his activities, and he is passing his English course. Mondy categorically denied the rumor that his enrollment in school had anything to do with the rapid departure of the college president to a new post in Washington, D.C. Monday insisted that he hardly knew the man.

Shannon Forehand spent his fall break with his parents, Chet and Jeannie Forehand and Kenny. Shannon is a student at Southwestern Oklahoma State University in Weatherford, Oklahoma.

Cristi Herricks spent the weekend with her family, Mr. and Mrs. H. L. Guess. Cristi teaches 9th and 10th grade English at Graham High School.

Cotton harvest is underway. Weinert Gin reported ginning 561 bales. Paymaster Gin reported ginning approximately 500 bales. Bobby Raynes ginned the first bale of cotton at the Weinert Gin, and his son, Wade Raynes, brought in the

first bale to the Paymaster Gin.

Michelle Stout, granddaughter of Mr. and Mrs. Thurman Stout, was honored with a bridal shower in the home of Mrs. Bob Wood. Michelle will be married on Saturday, October 29.

Congratulations

Celebrating birthdays this week are Sophia Jimenez, Marvin Phemister, Lori Jetton, Joyce Sanders, Wade Clark, Cherie Hutchinson, Walter Patton, Angela Hager, Barry Therwanger, Jr., T. J. Yates, Leila Miller, Twyla Sorrells, and Johnny Cunningham.

Rex and Tinka Herricks and Elmer and Linda Adams are celebrating anniversaries.

H&R Block owners convene

"The Future Is Now" was the theme of the annual convention in Abilene Oct. 19-22 for region 35 H&R Block franchise owners. The region is comprised of cities in Texas and New Mexico.

Evelyn Cobb, owner of the Haskell office, along with employees Virgil Cobb, Leona Hanson and Olien Elmore (manager of the Stamford office) attended the convention.

At Friday night's banquet, Mrs. Cobb received a plaque for special commendation in public relations. The award was presented by Abilene district manager Gary Jay.

The convention was a time for owners to review last year's performances, gear up for 1988 filing and have fun together.

Highlights of the convention were the B-1 bomber tour at Dyess Air Force Base and the Kountry Kacino Nite assisted by Abilene Chamber of Commerce.

Many people plan for what might happen-fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at to-days price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

PC club program on fiber

The Paint Creek Home Extension club met recently in the kitchen of the county home extension office.

Extension agent Lou Gilly gave the program on "Fiber in the Diet."

After the program, members adjourned to the home of Frances Fischer where they worked on decorations for the upcoming annual Information Day.

Delicious hors d'oeuvres and iced tea were served by the hostess, Peggy Burnett, to Frances Fischer, Lorene Harris, Mabel Overton, Dolores Medford and Ann Sinclair.

Card of Thanks

CARD OF THANKS
We would like to express our sincere appreciation to those who offered acts of kindness during the extended illness and death of our loved one, Ruby Wheatley Robertson. We will always be sustained by her love and faith in God.
*Perhaps you sent a lovely card, or sat quietly in a chair
Perhaps you sent a floral piece, if so, we saw it there.
Perhaps you spoke the kindness words, as any friend could say;
Perhaps you were not there at all, just thought of us that day.
Whatever you did to console our hearts,
we thank you so much,
Whatever the part,
MAY GOD BLESS EACH OF YOU!*
J. W. Martin Robertson
Virginia Hall
Norma Russell 43p

Costs high, benefits low

Workmen's compensation

By Rick Perry
State Representative
Texas adopted its Workers' Compensation System in 1913. Based on the theory that the personal and societal cost of on-the-job injuries are a part of doing business and that employers through insurance would bear that cost. While this insurance coverage is not mandatory it is carried by most employers in Texas.

The problem is two fold: The cost of worker's compensation insurance is skyrocketing and yet in comparison the benefits received by the injured worker in Texas are the lowest in our

nation. Where is this money going? I have, as a member of the Joint Select Committee on Workers' Compensation Insurance, worked with businessmen and women around the state in order to isolate the problems with Texas' system and find workable solutions to enhance the delivery of workers' compensation benefits.

Our workers' compensation system in Texas is simple. A worker is injured and files a claim with the Industrial Accident Board. The Board determines whether the employer had compensation coverage, and if so notifies that insurance company of the claim. Unless all parties agree to a settlement at the time, then a pre-hearing conference is scheduled. Remember, Texas has a "no-fault" system, meaning that one assumes responsibility once it is determined that the injury occurred on the job.

At the pre-hearing conference before the Industrial Accident Board representatives attempt to adjust and settle the claim for compensation is made. Should the dispute remain unresolved at the conclusion of the pre-hearing conference, then a formal hearing is scheduled before the Board. Like a trial, testimony is taken, witnesses are called and ultimately the Industrial Accident Board sets out an award and directs the parties to pay.

Everybody now knows what they are to do and the case is closed. Wrong. Any party, the employer, insurance carrier or claimant (injured worker) can appeal the Board's decision and proceed to the court house. This starts the entire process over from the beginning.

Texas and North Carolina are the only states in the nation who use a concept called "trial de novo" in their workers' compensation systems. Simply put, trial de novo means the

award, testimony and findings of the IAB are inadmissible in a court of law. As a result, the claimant will have to start over from the beginning if they decide to appeal the IAB decision and take the case to the court house. Remember, from the moment the parties went before the Industrial Accident Board at the pre-hearing conference the claimants compensation stopped and payments will not resume again until the dispute is finally settled.

The practice of trial de novo works directly against the goals of the IAB and the interest of the injured worker. The original intent of workers' compensation was to provide fast and fair compensation on a no-fault basis to employees injured on the job. The failure of the IAB proceedings is that they do not carry any weight and in effect are a fruitless effort as long as trial de novo exists. The claimant in most cases cannot afford to wait out the time that the IAB hearing process takes and then wait out the time the judicial process takes before he/she is reimbursed for medical expenses and lost wages. Time does not stand still for their creditors and hope does not feed hungry mouths. The current system will starve out a claimant and force a settlement under coercive circumstances.

The loser in this system is the very person for whom the system was supposed to protect... the injured worker. The attorneys and insurance companies stand to benefit the most under the current arrangements. Attorneys who represent claimants will receive 25 percent of the final award. That money is directly out of the pocket of an injured worker. Should the claimant appeal the case to a court of law, then the attorney will receive between 33 and 40 percent of the ultimate award. The

fact that an attorney is allowed to skim off that large amount on a lifetime lump sum payment is unconscionable. The award to the claimant has to last him and his family the rest of their lives.

An attorney knows how long a court battle can be and he/she will discourage their client from going that route. If the attorney can convince the claimant to settle at the pre-hearing or hearing conference stages then they stand to walk away with 25 percent of a lifetime award for often less than a week's work. This practice is driving up the cost of workers' compensation insurance at the expense of the injured worker and the employer.

The determination of benefits to injured workers is not suited to an adversarial setting and in a no-fault workers' compensation system there should be no need for attorney involvement. Once the fact that the employee was injured while on the job is determined the only issue left to consider is the amount of the award. These amounts are set out by law on a formula basis by the Texas Legislature.

We must abolish trial de novo, take the attorneys out of the IAB hearing process and vest the IAB with the necessary authority to enforce their awards. Only then will we have a chance to balance the cost of workers' compensation insurance born by the employer with the final benefit received by the injured worker.

As we strive to attract new business to our State we cannot afford to simultaneously drive them away with workers' compensation insurance costs that are soaring through the roof. How can we expect business to find Texas an attractive place to do business if the cost of doing business exceeds the benefit.

There is an imbalance in our workers' compensation system that is hurting the people it was created to protect (the injured worker). It is supporting people who were not intended to be a part of the process (the plaintiffs bar). And it is creating disincentives to the economic recovery of Texas.

Texas will spend \$2.7 billion on workers' compensation this year and yet most of us have no idea what that system is all about. When public programs are making private

individuals rich at the expense of the persons who were intended to be protected by them, then we have as our first priority a responsibility to correct this gross injustice.

Harvest gaining momentum

U.S. Dept. of Agriculture
Oct. 21

This is the first weekly report from the USDA classing office in Abilene for the 1988-89 season. Samples from 17,000 bales have been classed thus far, according to area director B. B. Manly.

Clear, sunny weather allowed harvesting to gain momentum this week. More growers are defoliating as warm weather continues.

Ginning to the far west is still about a week off. Northern counties are slowly getting started because a late rain caused new and excessive foliage. To the south and southwest all gins are active with some running 24 hours as modules and trailers are filling the gin yards.

Classing has been steady this week in Abilene with eight HVI lines running all week. About 14,600 samples were classed as of Thursday, Oct. 20.

Grades are high with 51 percent being grade 21 or 31. Light spotted made up 30 percent while only 2 percent were spotted. Average mike was 39 with 88 percent in the 35-49 range. Average staple length was 32, uniformity was 79 and average grams per tex was 24.7.

So far the market is slow and very little if any new crop cotton has sold. The situation was better for cottonseed which brought \$105 to \$115 per ton to the grower.
