

# Founders Day observed by club

The Beta Chi Chapter of Delta Kappa Gamma Society International met Sunday, May 7, in the Fellowship Hall of the First Baptist Church with President Jackye Leonard presiding.

A Founders' Day Observance was given as Karen Longan called the name of a founder. Jackye Leonard, standing behind the table containing the symbols of the organization, held up a sketch of that founder. Ida Jo Owens lighted a small white candle for each deceased founder and placed it within the triangle made by three large lighted red candles.

Karen Longan then read quotes from each founder which expressed the ideals of the society. Dr. Annie Webb Blanton invited 11 women educators from various parts of Texas, which is Alpha State, to meet in Austin, which is still the headquarters, on May 11, 1929. There are chapters in all fifty states and a number of foreign countries.

The main order of business was paying dues and discussing the state convention. The president asked for volunteers to serve as table hostesses for the Friday noon birthday luncheon and the Founders' banquet Saturday evening. Not enough people were going to fill this request.

The 60th Alpha State Convention will be held at the Abilene Civic Center June 15-17. The president distributed legislative material furnished by Jo Cox. It contained an update of good and bad news having to do with adequate and equitable funding for Texas public schools and the state's contribution to the teachers' retirement fund.

A Red Rose Salute was presented to Ida Jo Owens by Jancie Dutton for conducting the beautiful ceremonies during the year.

The President's pin was presented

to Jackye Leonard and pinned below her Delta Kappa Gamma key. Janice was assisted by Dorothy Myers in presenting the Beta Chi 1989 Woman of the Year award, a beautiful engraved pewter plate and a red rose, to Mary Martin, who was complimented for her service to the chapter.

Martin has served as communication chairman and supplied five area newspapers with news and has completed a project, which was begun during Beta Chi's 50th birthday. The project was a booklet containing biographical sketches of the 16 charter members.

Refreshments of pie, punch and coffee were served by Munday members.

The next meeting, a morning brunch, will be Saturday, October 7, in the First United Methodist Church, Aspermont. Hostesses will be from Aspermont, Old Glory and Sagerton.

# Young Homemakers elect new officers

The Haskell Young Homemakers held their last two meetings for this calendar year on April 11 and May 9.

On April 11, several beautiful homes were toured by members and many creative ideas were shared. These homes were owned by Mike and Glinda Martindale, Wallace and Jo Cox, Sammy and Gerri Larned and R. G. and Faye Walton.

During a business meeting, the new officers were elected by acclamation. The officers are Norma Richardson, president; Gina Foster, vice-president; Debbie Solomon, secretary; Tammy Anderson, treasurer; Terri Kirk, reporter; Betty Michaels, parliamentarian; and Pam Mathis, arts and crafts chairperson.

Hostesses were Darlene Walton, Judi Ray and Mynea Short. The door prize was won by Lisa Teague.

On May 9, members met at Markey's Place for a salad supper and business meeting.

Following the meal, the new officers were installed and Betty Michaels was named Outstanding Young Homemaker for 1988-89.

After a short business meeting, plans for cooking breakfast at Party '89 were discussed. Members will participate in a slumber party for fellowship and fun, playing games while preparing the breakfast.

Haskell Young Homemakers will meet again in late August with new ideas and new members welcome.

## Officers

Officers of the Haskell Young Homemakers are, from left, Betty Michaels, parliamentarian; Terri Kirk, reporter; Tammy Anderson, treasurer; Debbie Solomon, secretary; and Norma Richardson, president. Pam Mathis, arts and crafts chairperson, is not shown.

To all customers of  
Southwestern Bell Telephone Company:

## Public Notice

On March 14, 1989, Southwestern Bell Telephone Company filed with the Public Utility Commission of Texas an application which proposes to revise its Toll Restriction Tariff in Section 21 of the General Exchange Tariff. The Commission received the application as Docket No. 8700.

The application proposes to reduce the monthly rate for Toll Restriction residence service from the current \$15 a month to \$5 a month per residence access line. This proposed application will affect approximately 2,487 residence customers who presently subscribe to toll restriction. It is estimated that the proposed rate schedule will reduce the Company's annual revenues from this service by approximately \$298,000, which is less than one percent of the Company's total intrastate revenues. If the application is approved, the effective date of the rate reduction will be set according to the Commission's Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A deadline to file motions to intervene has been set for May 30, 1989. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757. ### TAX PLANNING

Written By  
Richard E. Rodgers, CPA

#### MORE THAN A TAX RETURN

When a Certified Public Accountant prepares your tax return, he or she is reviewing your financial data for other purposes as well.

Because of the CPA's wide range of experience in business transactions, he or she can assist you in communicating with your insurance agent, banker, attorney, stock broker and other financial contacts. Because a CPA handles a variety of business problems, he or she can compare your financial position with the "norms" and make recommendations accordingly.

To the taxpayer, a CPA is the one who engineers tax savings. To the businessperson, a CPA is an extension of the management staff for effective accounting and financial information analysis.

To the investor, a CPA acts as a sounding board and suggests the best structure to maximize after-tax return.

When you pay for accounting services, you deserve to have timely and competent attention paid to your file. Most financial decisions cannot be put on the back burner. If a financial matter is worth discussing, it is worth enough attention to draw a conclusion in a timely manner.

Your CPA should keep current with the trends in your industry and contact you when he finds information which may be valuable to your operation.

Your CPA should do more than record historical facts about numbers and prepare documents for filing with government agencies. He should assist you with analyzing the results of your operation and with making decisions that will profit your business.

### AT&T MultiQuest<sup>SM</sup> Service

AT&T Communications of the Southwest, Inc. (AT&T) announces its intent to introduce within Texas on July 14, 1989, AT&T MultiQuest Service, a new interactive 900-type telephone service. Since February 19, 1989, this innovative service has been available to Texas businesses only on an interstate basis. With AT&T MultiQuest Service, Texas business customers (otherwise known as sponsors) may offer value-added information services to callers originating long distance calls from Texas or elsewhere in the United States over AT&T's public switched network. A Texas caller, accessing the service by dialing the sponsor's 1-900 plus seven-digit number, can obtain recorded and/or live information by communicating with attendants, voice messaging equipment and computer data bases. Flat-rate, time sensitive usage charges will be billed to the caller for the sponsor's service.

AT&T is offering AT&T MultiQuest Service within Texas in response to requests by its business customers for a service that offers intrastate as well as nationwide interactive voice & data transport capability. Potential sponsors include entrepreneurial companies entering into new ventures that are information intensive, local mass announcement sponsors who want statewide as well as national coverage coupled with interactive capability and other information service providers.

The Texas intrastate AT&T MultiQuest Service will be tarified as an "add-on" offering to a sponsor's existing interstate AT&T MultiQuest Service. ## Mrs. Weinert hostess to Homemakers

The Weinert Extension Homemakers met May 8 in the home of Jimmie Weinert.

After viewing a beautiful quilt top Jimmie had put together, the house was called to order by President Betty Sanders. The hostess read a poem by Edgar A. Guest, "Somebody Said It Couldn't Be Done", and also a reading, "It takes a help of living to make a house a home."

The TEHA prayer was read by all seven members and one guest. The roll call for the day was answered by all present: "We can alter our lives by altering our attitudes." Alice Yates, secretary, read the minutes which were approved. Henrietta Rueffer gave the council report.

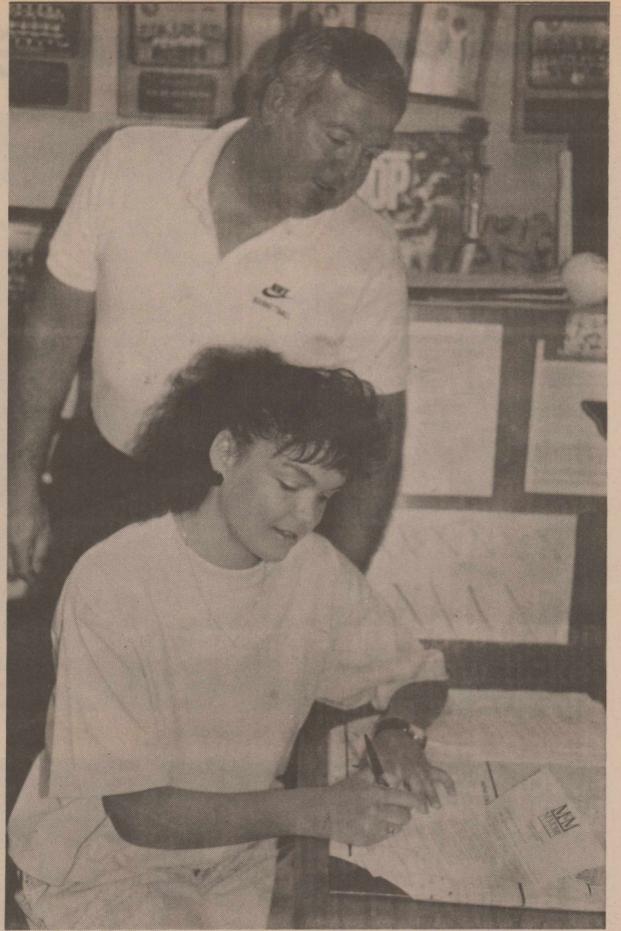

Weinert will be hostess for the next council meeting Aug. 16. The council voted at the last meeting to charter a bus for the state TEHA meeting. Every club member is encouraged to go.

The club voted to have a craft fair on the evening of Oct. 2 to encourage friends and neighbors to become club members.

Lou Gilly gave an informative program on "Using Consumer Credit in Difficult Economic Times."

Delicious refreshments were served by Mrs. Weinert to Betty Sanders, Alice Yates, Faye Jetton, Cordie Cunningham, Agnes Winchester, Henrietta Rueffer and Lou Gilly.

There will be no club meeting in June, vacation month. Next meeting will be July 11 in Cordie Cunningham's home.

## Balloon liftoff

Hundreds of helium-filled balloons were released from the elementary school last Wednesday by sixth-grade students competing in a reading contest.

## Students fill air with balloon liftoff

Hundreds of helium-filled, brightly colored balloons were released Wednesday by sixth-grade students of Debbie Earles and Letha Newton.

Each balloon was tagged with the name and school address of a sixth-grader, along with a written request for the finder to respond.

The annual balloon liftoff, now in its third year, serves to reward

students for reading accomplishments. A student receives one balloon for every 300 pages he/she has read.

Previous balloon liftoffs have brought responses from Cross Plains, Rising Star and as far away as Oklahoma. One letter came from a prisoner who found a balloon while riding horseback at a correctional facility in Stringtown, Okla.

# Perry comments on House Bill 1

By Rick Perry  
State Representative

I am proud to have been a co-sponsor of House Bill 1. This legislation will have a major impact on lowering rates for employers and raising benefits to injured employees.

To achieve this apparent conflicting task, HB 1 attacks those costs that lie between the employer's premium and the employee's claim. The costs can be attributed to medical services, insurance fees, safety expenses and legal fees.

Medical costs are contained by instituting a "Medical Impairment System" which designates payments for certain medical procedures and sets a monitoring system to guard against overcharges.

Insurance costs are approached in various ways; deductibles are allowed for employers, self insurance is provided for, discounts for good safety record and a provision to mandate a 10-percent decrease in rates over the next three years.

Safety is provided for by mandating safety plans and enforcing those plans along with other incentive programs to encourage a safe work place. It is easy to demagog about safety, but difficult to legislate an "attitude" toward safety by employers and employees.

The most controversial area in HB 1 is the area of legal costs. Legal fees on both sides make up 11-13 percent of workers compensation costs. This percentage may run as high as \$350 million. In addition, the present system encourages higher medical costs and larger settlements by insurance companies. This system of "trial de novo" uses the threat of jury trials to settle claims through lawyers rather than through the Industrial Accident Board which is charged with this responsibility. HB 1 states that injured employees will get fair and timely payments without the

additional trauma of hiring a lawyer, being involved in a lawsuit, and going before a jury.

The Constitutional question approached in HB 1 is to provide "due process to all parties." HB 1 provides for a system to settle disputes without jury trials. Forty-seven other states and 98 percent of all state agencies in Texas have a system for settling disputes without jury trials.

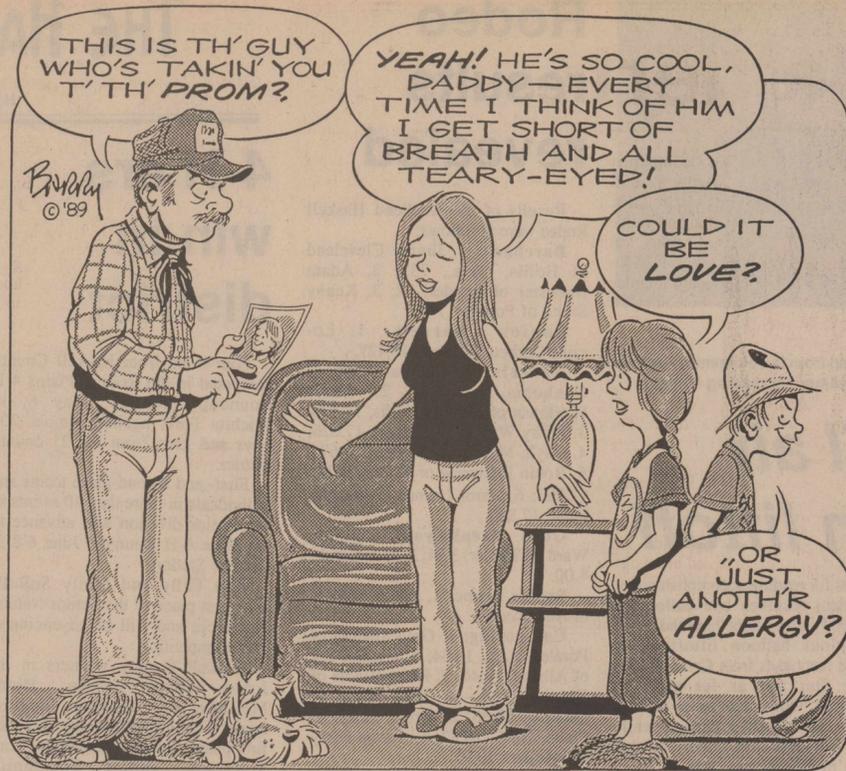

Those against workers compensation reform have determined the right of claimants to jury trials. No one denies the right to jury for major civil or criminal cases. But virtually all experts agree that workers compensation claims are best handled by an administrative system that would provide due process and save hundreds of millions of dollars in legal costs that could go to employers and employees.

As your State Representative, I had to make a choice between the present system of high premiums to employers and low benefits to employees, with jury trials that divert millions of dollars in legal costs that could go to employers and employees.

The court system is designed to decide between serious conflicts in an adversarial manner. Disputes over benefits and other claims are best administered through agencies where decisions are quicker and less expensive.

Employers cannot afford the price of our present system. The only way to accomplish this is to control the cost of insurance, medical and legal services. HB 1 is legislation which has this approach.

The Texas Legislature appropriated \$500,000 to study workers compensation reform. This study, lasting 18 months, utilized many of the nation's top experts on workers compensation. The results of this report and its recommendations form the basis of House Bill 1.

## plain talk

BY WENDELL FAUGHT

Twenty or so years ago the Postal Department gave every state a two-letter abbreviation.

That's OK for mail purposes, but it's stretching brevity too far when such abbreviations are used in news stories. Average people, of whom I am one, never seem to know whether MI stands for Minnesota, Michigan, Missouri or Mississippi. And is AL Alabama or Alaska? And does AR mean Arizona or Arkansas?

Unless there's a slip up, you won't find those new-fangled state abbreviations in The Free Press unless they are used in giving a mailing address, which, after all, is their purpose.

For the first time in years, the U.S. will not mint a 50-cent piece this year.

The once-popular four-bit piece is being rejected by people in general who find it more convenient to use two quarters when they need a half buck. They're lighter and easier to handle, say the experts.

I'll have to scratch my head on that one. The Susan B. Anthony dollar coin of a few years back was light and easy to handle, but it was universally vetoed by the public.

But most of those in government still believe there should be a one-dollar coin. Whereas the average dollar bill has a life of just 18 months, a metal dollar could be expected to last 20 years.

If that be the case, the government could save more than \$1 billion over that 20-year-period in printing costs alone. More than 47 percent of all bills printed are the one-dollar variety.

There probably is a new one-dollar coin in our future, but it'll have to be lightweight and easily distinguishable from any other coin.

The history of presidential limousines goes all the way back to 1909 when President Taft approved the first official auto fleet for White House staff and Secret Service use.

The practice of maintaining a White House fleet of loaned, leased or purchased automobiles continued through the terms of Presidents Wilson, Harding, Coolidge, Hoover, Roosevelt, Truman, Eisenhower, Kennedy, Johnson, Ford, Carter and into President Reagan's administration.

The Lincoln which President Bush rode in on his inauguration first became a presidential favorite during the 1920s because, according to one theory, President Coolidge had a high personal regard for Henry Ford.

Lincolns either have been the exclusive car of U.S. presidents or have shared White House honors with other cars for all but a few years since that administration.

George Bush who rode in a new custom-built Lincoln Town Car was the 13th president to make the historic trip down Pennsylvania Avenue in an automobile for the inaugural parade.

He would have been the 14th, but Jimmy Carter chose to walk.

### Senator Lloyd Bentsen Watching Washington

In the past month, three grisly, drug-related mass murders along the southwest border were brutal reminders that drug cartels are shifting their smuggling operations.

We're seeing more and more drugs smuggled through Texas. As further proof, the Drug Enforcement Administration reports that in 1985 a ton of cocaine was seized in Texas. By 1988, law enforcement officials seized over six tons—a 600 percent increase in less than three years.

It is not that our state has a bigger drug abuse problem than the rest of the nation. It is that Texas, and other states along the border, are increasingly becoming the chosen points of entry for drug smugglers.

According to border law enforcement officials, the situation is reminiscent of south Florida in the late 1970s and early 1980s. The U.S. Border Patrol reports that it has seized more cocaine and marijuana in the first six months of fiscal year 1989 than it did in all of 1988—which was a record year for such seizures.

Responding to these shocking numbers, law enforcement agencies along the border have dramatically beefed up their resources to fight these growing drug cartels. Task forces involving federal, state and local police agencies have tried to coordinate these resources to the most optimum benefit.

Still, these officials are being overwhelmed by drug-related crime. In most places, 50-75 percent of arrests continue to be drug-related.

Obviously we must do all we can to stem this tide of poison that is flowing across our southern border.

Although we are constantly told that federal enforcement is being strengthened, the problem continues to get worse. We need stronger action. The Administration claims that an additional billion dollars is going to our war on drugs this year. But when I talk to the Senate Budget Committee, they tell me the figure is closer to only \$200 million.

That is why I was recently joined by seven other senators from border states in asking "Drug Czar" William Bennett to declare the 2,000-mile U.S.-Mexico border a "High-Intensity Drug Trafficking Area."

Such a designation would immediately pump more federal enforcement officers and resources into the border area. This would strengthen the manpower and structure of the present drug interdiction forces.

While this would be a good first step, it should by no means be the only one. Powerful and consistent action is vital to beat these drug lords and halt the flow of drugs through Texas.

I will continue to push hard to see that the federal response is adequate to the growing drug threat.

# Triglycerides

## More fat than fiction

(8th in a series)

The prefix "tri" in triglycerides indicates whatever triglycerides are, they involve three of something.

The three "somethings" that form triglycerides are fatty acids attached to a molecule of glycerol in the blood. Those fatty acids, in league with other blood fats, could be an important risk factor for heart disease in some people.

In concern about heart disease, triglycerides in the blood have always taken a back seat to cholesterol, another fatty substance which at high levels, poses serious risk of coronary heart disease. However, researchers have been less certain about triglycerides' role in heart disease, until recently. Newer means of blood analysis are giving scientists indications that high levels of triglycerides may indeed be a risk factor for heart disease, at least in some people.

Triglycerides are a type of blood fat that has two jobs: they provide the body's major source of energy from fat, and they are the body's main storage form of energy. If more calories are consumed than used by

the body, the excess is stored as a triglyceride until the body needs that energy.

Low levels of triglycerides generally been regarded as a sign of good health because they almost always occur along with low levels of other harmful fatty particles, such as cholesterol.

Researchers also agree that high triglyceride levels are at least indirectly associated with increased risk of heart disease because high levels of other harmful blood fats are usually present with high triglycerides. In other words, triglycerides may be harmful by themselves for some people, but tricyclerides almost certainly cause trouble when combined with other forms of blood fat.

# --Weinert--

by Karen Harlan  
(substituting for  
Myrtle Plemister)

It's officially spring when Little League baseball begins—any mother with a Little Leaguer will attest to that fact by the way your calendar is immediately booked up for the succeeding two months! We are members of the Munday Little League and Peewee League who play each Monday, Tuesday, Thursday and Friday evening. If you want to see your hometown kids play ball, just drive by the field on just about any weekday afternoon.

Weinert has an "almost homegrown" Peewee team—the Astros—and they began their season Tuesday night a week ago. Members of the Astros include: Heather Guess, Jessie Castorena, Jeremy Harlan, T Nichols, Dusty Yates, Lane Murphy, Heath Guess, David Pena, Lucas Castillo, Ezequiel Estrada, Angel Castorena, and Kevin Tibbetts (from Munday). The Little League Braves have chosen Jace Yates and Cory Wood to fill their roster, and the Red Sox have recruited Nathan and Andrew Sikes. On Monday evening, May 8, the Braves met the Cardinals and were defeated 14 to 11. Cory and Jace both got "big hits" for the losing team. The Red Sox game with the Yankees was postponed due to school conflicts. The Astros were also defeated in their first outing by the Rangers, 10 to 4. Coaches Joe Yates and Ed Murphy reported they will be

working on the team "competitive spirit" and defensive skills in practice.

Local election results were tallied after the May 6th election and yielded the following winners. For the North Central Texas Municipal Water Authority District #1 board members Hal Guess and Chesley Forchard were elected. In the city election, Melvin Vojkufka will remain on the council and be joined by newly elected member, Johnny Earp. In the school trustee election all incumbents were re-elected for another term. They included Bob Wood, Jerry Hester, Jimmy White, and Stanley Hager.

Jace Yates and Cory Wood joined the Haskell Boy Scouts at Camp Barkley, near View, for a weekend camping trip last weekend. They reported a great time and are making plans to camp out again soon!

Our sympathy is extended to the family of Mrs. Lenora Griffis, wife of Harvey Griffis, who passed away on Saturday while at Hendricks Hospital in Abilene. Her memorial services were held Monday, May 15, at Weinert Baptist Church with Bro. Paris Barton and Roy Herricks officiating. Many of Mrs. Griffis's relatives and close friends reside in our community, among them her daughter, Mrs. Robert (Bennie) Horan, Mrs. Herschel (Merle) Alexander, her son, Donald Griffis, and her sister, Mrs. Ida Farrell.

The Toby Yates family hosted visitors all week. On Tuesday former Weinert Baptist Church pastor and

wife, Carter and Pauline Tucker, were passing through on their way back home of Jacksonville, Arkansas after having visited Pauline's sister in Big Spring. The Tuckers were finishing up a month's vacation before Carter begins work as head of the chaplain's program for prisons and hospitals in the state of Arkansas. They had recently visited their children and families—Paul and Emily with sons Carter and John, in Atlanta, Georgia; Leslie and Richard Brunson, Meredith and Nathan, in Wake Forest, North Carolina; and Amy and Steven Summers in Fort Worth.

The Bobby Cyperts of Odessa dropped by the Yates home on Friday for a short visit. Also, weekend visitors for Mother's Day were Linda, Ricky, and Taylor Wade of Kermit who took a long weekend to visit the relatives in Abilene and Weinert. While visiting, the Wades, along with Toby and Alice, Joe, Caron, Jace, Dusty and T. J. Yates attended the Western Heritage Classic ranch rodeo in Abilene Saturday night.

Ricky, Karen, Jeremy and Lynzie Harlan treated his mother, Doris Harlan, to a trip to the ranch rodeo on Friday night. An enjoyable time was had by all as a ranch rodeo offers many different and interesting events that are not held in regular rodeos.

Mother's Day visitors in the Johnny Earp home were Mr. and Mrs. Chester Smith of Goree and Mr. and Mrs. DeWayne Smith of Panhandle. Also, Kelly and Wayne Hutchinson of San Angelo dropped by Sunday night after having attended the state track meet.

Debbie Hutchinson came home for the weekend to help her relatives celebrate her niece, Lauren's birthday and her sister-in-law, Cherie's, graduation from beauty school in Vernon. On her way back to Junction Sunday evening Debbie was caught in a hailstorm near Eden which proved to be "exciting".

Donita, Jerry Don, Bryce and Caleb Hudgens travelled to Muleshoe, Donita's home, for a weekend family reunion at the home of her parents, Mr. and Mrs. Lewis Dale. Jerry and Bryce furnished fish from the Lake Texoma fishing trip for a fish fry during the reunion.

Monday evening Donita Hudgens was the honored guest at a party hosted by her mother-in-law, Shirley

Hudgens, and sister-in-law, Paul Hise, to celebrate her birthday.

Mildred Offutt had her son's family home for Mother's Day—Wayne, Shirley, and Tammy Offutt of Wichita Falls.

Rabbit and Louise McGuire also had Mother's Day guests. Their daughter, Becky, of Bowie along with Tommy, Selina, Brooke, and Brandon McGuire of Haskell were visitors. Becky, Selina, Brooke, and Brandon attended church with Rabbit at First Baptist Church Sunday morning.

Weinert Baptist Church hosted visiting preacher, Matt Harrington, of Knox City, with his family—wife, Debbie, a sister to Brenda Hager, and their daughter, Amy.

The Stanley Hagers and Joe Yateses hosted an informal barbeque in the Hager's back yard Friday evening for several young couples and their children. It was reported that the rain "cramped" their efforts to have an outside get-together.

Mr. and Mrs. Woody Turnbow and Greg traveled to Weatherford over the weekend to visit their kids (Twyala and Tommy) and grandkids (Luke, Levi, and Tabitha).

Ed, Mary and Lane Murphy attended the Cross family reunion—Ed's mother's family—at Lake Brownwood over the weekend. After "weathering" the hailstorm on Friday night, they reported a much calmer remainder of the weekend. Shanna Murphy accompanied her friends, Susan Whittemore and Misti Zeissel, with Susan's mother, to the state track meet in Austin.

Visitors in Doris and Jerry Walker's home were grandsons, Rance and Justin Parrott, of Wichita Falls. Cindy and Stacey came to visit her mother and pick up the boys on Sunday evening.

Those who were dinner guests at the home of Sarah and Lindo Guess on Sunday included: Dorethy and Gene Brown of Munday with son, Mark, a student at ASU; Hal, Cindy, Heather and Heath Guess; Joe, Caron, Jace, Dusty and T. J. Yates; Alice and Toby Yates; Linda, Ricky and Taylor Wade; Ed, Mary, Shanna, and Lane Murphy. Alice, Dorethy, and Sarah treated their daughters to a noon luncheon in honor of Mother's Day.

Dianne Carroll and Mrs. Darlene Bellinghausen attended graduation exercises at Cisco Junior College Friday night to see Louise Perez graduate. There were 125 graduates from CJC, and a reception was held afterwards to honor them. Louis plans to continue his education at Tarleton State University in Stephenville.

Mrs. Darlene Bellinghausen attended the state UIL Academic and

Literary Meet held in Austin on May 5 and 6. Mrs. B. had the privilege of judging the Class AAAA Poetry and Debate contests. She also was there to "check on" Chris Burnett who she has tutored in Poetry Interpretation.

Attention Townsfolk! There will be a Bicycle Parade on Tuesday at approximately 12:30 to kick off the school's Bicycle Rodeo which will follow. Be sure to watch for the big event!

Birthday balloons really DID go to Donita Hudgens on Monday morning! Also celebrating birthdays this week are Merle Alexander, Cindy Guess, and Dora Brueggeman. Congratulations to Brian and Vicki Adams also on their wedding anniversary!

# --Rule--

**By Vicky Anderson**  
Results of the City election May 6 returned incumbents Mary Lou Landes and Danny Langford to their places, while A. B. Arnett defeated David Halliburton for Place 3.

Best wishes go with Kyle Wilson as he journeys to Austin this weekend to participate in the state UIL track meet in the discus throw. Good luck, Kyle! Some parents and friends are also making the trip.

Guests of Allie Mae Anderson this past weekend were her three daughters and part of their families. Visiting her were Doris and Kenneth Tooley from Austin, along with their grandchildren, Ryan Tooley and Rebecca Hartley; Opal and Orman Yarborough of Abilene with their grandson, Daniel Yarborough, and granddaughter, Leah Crawford and from Rule, Ruby and J. R. Barbee.

Angela Tibbits Rhoads, graduating senior, was honored with a party in Rule City Park Monday night, May 8, hosted by Teresa and Eddie Briles and Linda and Wes Kittley. All 13 seniors were present as were their sponsors: Kathy Butler and Bobby Robinson with their families, Mike Rhoads, husband of Angela; and her

brother, Heath Tibbits, also her in-laws, Shirley and Eugene Rhoads. Mrs. Briles and Mrs. Kittley are sisters-in-law of Angela. A hamburger meal was enjoyed by the group after which volleyball was played.

Earlier this month, Don Ballard, agriculture science teacher, took 16 of his FFA students on a two-night fishing trip on the Crooked River Ranch on the Clear Fork of the Brazos River.

Adults accompanying them were Marshall Brown, Preston Ballard, Bobby Lewis, Rudy Casey, Tommy Manske, R. C. Langford, Danny Langford and David Holcomb. On Saturday night, Leon Biffle joined the group and showed movies of an Africa safari, and one about a fishing river in Alaska. This annual outing was enjoyed by all participants.

We wish a speedy recovery to Lance Pinkard who is a surgical patient in Hendrick Medical Center. We understand that he is improving at this time.

On Tuesday, May 9, the Rule senior class was treated to "The Country Fair" by the First Baptist Church. The 13 seniors, along with

sponsor, Bobby Robinson, were welcomed by the pastor, J. R. Williams, who also gave the invocation.

The concession stand featured hamburgers and the students were encouraged to make their own sundaes.

They visited the "midway" where the games included the dart throw, arm wrestling, tic-tac-toe, washer pitch, horseshoe toss, ring-the-bell, flat-foot-jump and penny throw.

The program was concluded with a speech by Billy Roddy, youth minister: "Just for Youth."

The past two weekends the seniors have sold doughnuts downtown in an effort to make money to help defray the expense of the upcoming prom.

Rule friends were distressed to learn that Linnie Yarborough, former resident of this city, broke a hip recently. She is in North Hills Medical Center following surgery and has had to be moved to ICU due to heart problems that have occurred since her operation.

We hope for her speedy recovery from these multiple problems.

Patrick Pace's father, Lynn, is continuing to recover.

May has been and will continue to be a busy month for the seniors as you can tell by the following schedule:

May 4: Final performance of "Johnny Belinda" at the high school.

May 8: Party for Angela Rhoads at City Park.

May 9: First Baptist Church's senior supper.

May 14: Party for Yolanda Garcia. Meal to be cooked by Mrs. Garcia. Mexican supper at school cafeteria for families of seniors, faculty, and of course, seniors, too.

May 18: Recognition banquet.

May 19: Junior-senior prom at Sons of Hermann Hall in Old Glory.

May 21: Senior trip to "Six Flags and 'Wet 'n Wild."

May 26: All-night graduation party at Haskell.

May 28: Baccalaureate.

June 2: Commencement exercises.

Mrs. Davie Anderson had as weekend visitors her son, Jerry Anderson and his wife, Grace, from Fort Worth; a grandson, Christopher Anderson, his wife Farrah and twin sons Elijah and Joseph of Abilene; and another grandson, Craig Anderson and wife, Dana, also of Abilene.

Our sincere sympathy is extended to the family of Mrs. E. C. (Gladys Frances Bryant) Smith, age 81, who died at her home in Rule on May 5.

Funeral services were held Sunday, May 7, at the First Baptist Church of Rule, the Revs. J. R. Williams and Johnny Funderburg officiating. Burial was in the Rule Cemetery under the direction of Pinkard Funeral Home.

In the zone tennis tournament held May 9 at Aspermont, the following junior high students placed and/or took part:

In the girls doubles, Angela Hisey and Bobbie Jones won first place. Lorie Boger and Kenna Tanner won second place, also in the girls

doubles. In the boys singles, Craig New won second place and Justin Holcomb third.

Others participating were April Ledbetter and Bridgett Butler in girls singles. In the boys doubles, Stand Ledbetter and Noel Macias. Knox City will host district on May 16 and all of the above-named students will participate in that event.

Students from kindergarten through the fourth grades are working on a program to be given soon called "Going Buggy."

Mrs. Vida White's fifth grade class is learning a play, "Pied Piper of Hamelin", which they will present soon for parents and relatives.

In the six-man meet in Comanche last Saturday, May 6, at Comanche, the following students placed:

Cheryl Butler won second in discuss with a throw of 98.8 3/4. Also Cheryl was third in shot put with 33-8. Tmmy Casey won sixth in shot put.

Kyle Wilson was second in discuss. Keith Vanderbilt won fourth in long jump, second in 200 meters and third in 100 meters. Cody Wilson was 10th overall in discuss.

Mary Dessiva came in fifth in the 200. Mary Lou Hernandez was seventh in the mile. Carlos Munoz came in fourth in the 3200 meters and Joseph Zepeda was fourth in the mile. The boys team was third overall in total points. Cheryl Butler scored 14 of the 16 points earned by the girls.

Congratulations to Laressa LeFevre who was nominated and accepted into "Who's Who in High School Sports Students." She also has been asked to participate in the junior nationals in basketball in Dallas some time in June.

Laressa will be a senior next fall. She is the daughter of Mr. and Ms. Larry Lefevre.

Don Ballard, agriculture science

teacher, and four of his FFA students, Chris Brown, Joseph Pace, Greg Teichelman and Tommy Casey, will leave at noon Friday to attend the area II FFA convention in San Angelo.

The annual FFA fish fry is scheduled May 23 at the high school cafeteria, beginning at 7:30 p.m.

This will be for FFA students, their parents and guests.
