Unbeaten Electra next foe for Indians

With two consecutive home victories under their belts, the Haskell Indians travel north to Electra Friday night to lock horns with the unbeaten Tigers.

"They may not be as good as Munday, but they're definitely better than Seymour or Merkel," said Coach Nelson Coulter.

Electra has three impressive victories in three outings. The Tigers have not allowed a point to be scored against them in winning 14-0 over Bowie, 40-0 over Paducah and 7-0 last Friday over Bridgeport, Bowie and Bridgeport are 3A schools.

Perhaps the top hand on the Tiger team is defensive tackle Stephen Gaines, 6-1, 265 pounds. He also plays tight end on offense.

The Tigers run a lot of sprint outs from the Wing T with the quarterback, as well as the fullback and halfbacks, carrying the ball a lot. Defensively, they run the Split 6, meaning they're much like Merkel on both offense and defense, Coulter said.

Last year, the Indians gave the Tigers all they could handle before

Westover families to have reunion

During the early 1900s, farmers and ranchers began moving into the southeast section of Baylor County. As a result of this migration, some progressive interested land owners recognized the need of an organized community.

The Stevens family donated land for the townsite and when the railroad reached the area in 1910, the town was officially named Westover. School classes were conducted that year at the Church of Christ and a new school building was erected for the 1911 term. In 1950, the last of the 34 county schools in Baylor County ceased to exist.

Persons who were part of this endeavor still enjoy the remembrance of fellowship. A reunion will be held from 9 a.m. to 2 p.m. Oct. 7 at the Portwood Pavillion in Seymour.

Reservations may be made with Mrs. Doris A. Richardson, Route 2, Box 87-A, Olney 76374 (phone 817-563-4881).

Haskell singers to be in Anson

"The Four Friends," Haskell singing group, will perform Saturday at the Jones County Care Station benefit at the Anson Opera House.

A cash or food donation will serve as admission to the program of gospel music by groups from Jones and Haskell counties.

Entertainment begins at 7 p.m.

Child Welfare Board

The Haskell Child Welfare Board met in regular session Sept. 19 with six members and Linda Haynes, Child Protective Services, present.

One item of business concerned continuing the Sounds of Christmas Concert and entering the Christmas parade. The board will have black and yellow pens to sell during Haskell-Mattson Homecoming. Thomas Long has charge of this project. Mary Martin will set up the booth with a variety of free educational bulletins concerning child growth and abuse at the county fair.

The board was informed that Susan McGuire of Rochester would serve as interpreter to assist Mrs. Haynes. Haskell County has one foster parent. Two girls are in this home. People have been going to Abilene for counseling since Child Protective Services has a contract for such service. Region 04 now has a first in Texas, a halfway house where battered women and children may stay together. It is located in San Angelo.

Mary Martin represented the board

at the regional meeting at the Texas Department of Human Services Training Center. Reports concerning recent legislation were given and a number of counties reported on projects being carried on to aid neglected and abused children and foster parents and children. Jim Bitter of Brown County is the new chairperson of Region 04.

SADD member drive underway

The SADD campaign for Texas membership drive has begun.

The goal is to achieve 100 percent placement of Students Against Driving Drunk (SADD) chapters in every Texas middle school and high school.

The SADD philosophy emphasizes the importance of open communications between parents and teenagers, and of positive peer pressure to discourage teenage drinking.

Ceremony unites Stephens, Myers

Shannon Donette Stephens and Bobby Wayne Myers were married Saturday, Sept. 2, at the Assembly of God Church with the Rev. J. C. Amburn officiating the double-ring ceremony.

Mr. and Mrs. Don Stephens are the bride's parents. The groom is the son of Mr. and Mrs. Carl Wayne Myers.

Leta Stephens of Rule, the bride's sister-in-law, was matron of honor. Larressa LeFevre of Rule and Stephanie Blankenship of Coppell were bridesmaids.

Ricky Myers, brother of the groom, was best man. Allen Rogers and Dewayne Meier were groomsmen. Stephanie Stephens of Rule, niece of

the bride, was flower girl.

Trey Rogers, nephew of the groom, was ringbearer. Amber Rogers, niece of the groom, and Sara and Jamie Baker, cousins of the groom, were trainbearers. Tye Williams, friend of the bride and groom, and Mitch Baker, cousin of the groom, were ushers. Melissa Nuckols of Munday registered guests.

Escorted by her father, the bride wore a white satin off-shoulder gown with a fitted bodice and flowing train, accented by lace, beads and sequins on the bodice front, around the waist, down the sleeves and around the bottom of the gown. Her headpiece was designed by the bride of white iridescent flowers and beads with white lace covered with pink net. She carried a bouquet of white, pink and blue satin roses.

With her new gown, she wore a blue and white garter. For something old and borrowed, she carried a white linen handkerchief on which her grandmother, the late Mrs. A. L. (Mamie) Conner had crocheted pink lace for her mother.

The groom wore a white tuxedo, white shirt, with white shoes, pink cummerbund and tie and a boutonniere of three blue satin roses.

The bride's attendant wore pink, and the groom's attendants wore blue and white.

The reception followed the ceremony in the fellowship hall. Jana Roberts and Carla Baker of Lubbock, cousins of the groom, served at the bride's table. Sharon Stephens of Rule, sister-in-law of the bride, served at the groom's table.

--Letters to the Editor--

'Family of 86'

Editor: We, the students of the class of 1986, wish to offer our deepest sympathy to the family of our beloved classmate, Kelly Strickland. Kelly was more than just a classmate. He was a brother, a family member, for we are more than just a class. We are a family: The Family of 1986. We had been bonded together as a whole over the years. A lot of love had grown and matured among each and every one of us. Kelly was a great guy growing up with all of us, and we are all glad we knew him. His memory will be with us all, forever. Kelly grew to be a fine young man and we'll miss him always. We know now he is in the Lord's hands. We love you, Kelly. The Family of 1986

Clarification

Editor: They say there's always two percent who don't get the word. That's certainly been the case on the new drug stamps. Obviously we failed to get the message across, so let us try again: 1. The drug tax stamp was not the Comptroller's idea. It is a new law passed by the Legislature. We are simply administering it just as we do all other laws they hand us. But, that is not as important as... 2. Of course, nobody expects criminal drug dealers to actually come in and buy the stamps. That's really not the point. The point is that when a dealer is busted, his failure to have these stamps makes it quicker, easier and legally sound for lawmen to immediately seize every piece of property they can get their hands on. That's the point: Give lawmen a tool to seize drug dealers' property--their cars, their homes, their radios, their cash, their bank accounts, their storefront businesses... you name it. This is not a great deal different than the perjury law. Of course a criminal isn't going to tell the truth. Of course a criminal isn't going to incriminate himself. So what do you do when he lies? You hit him with the perjury law--a law against lying. The drug stamp law has been called the Al Capone law. That's because Big Al was never convicted of running a protection racket. He was never convicted of promoting prostitution. But he was convicted and sent to the pen for evading taxes. I'm sorry we obviously didn't get this message across in our original announcements about how we would administer this new law. If you have any questions, please don't hesitate to call us at 1-800-531-5441. The call is on our nickel.

Eliminate tax

Editor: Many Texans will remember that back in 1976 the federal government enacted a temporary 0.2 percent FUTA surtax to pay off \$8.76 billion debt in the national unemployment system. Despite a promise that the tax would expire when the debt was paid off, the temptation of collecting almost \$1 billion in revenue was obviously too great for Congress to resist and the

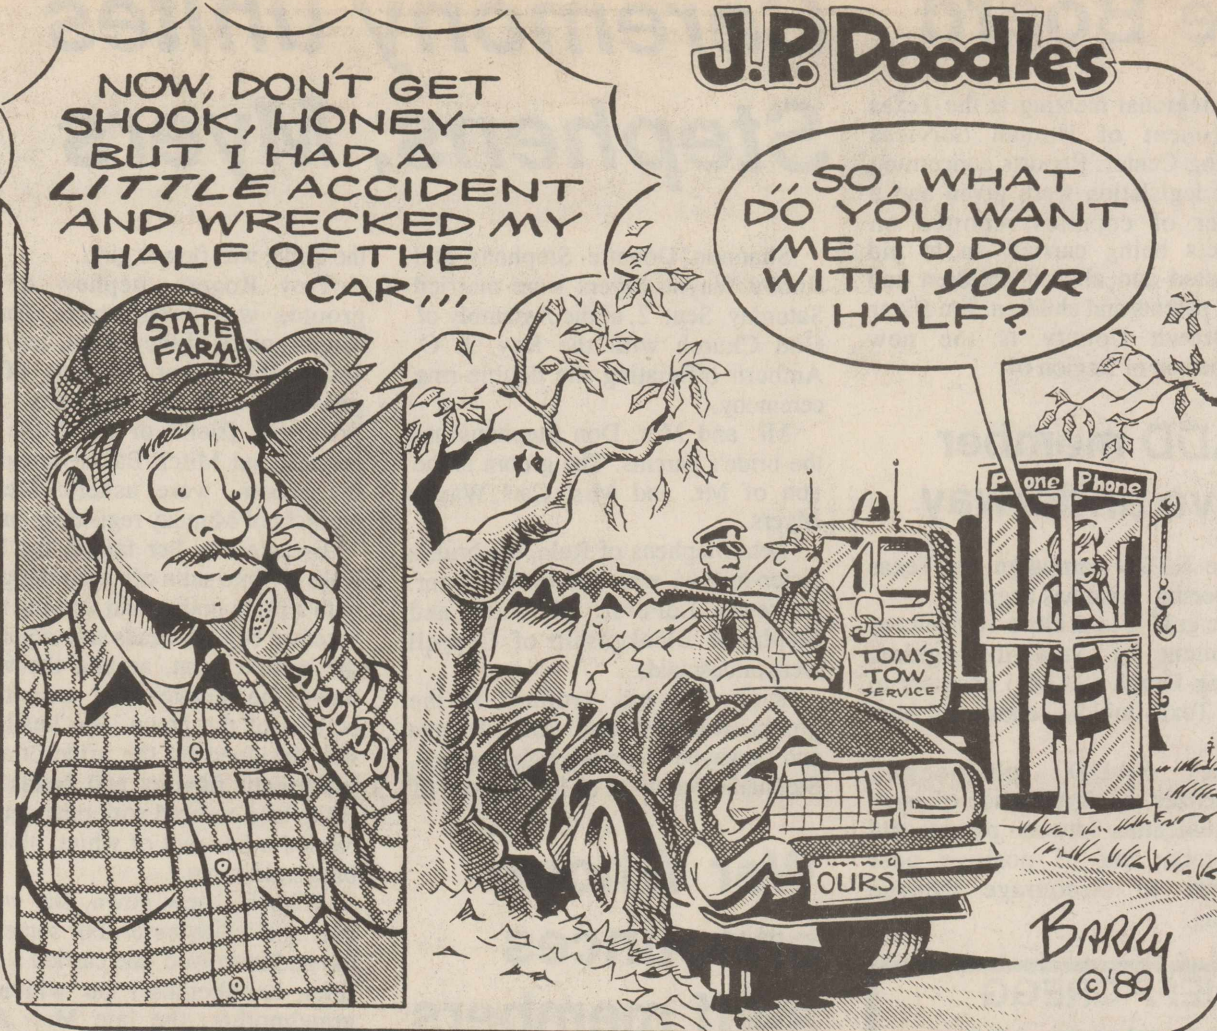

tax, due to expire in 1987, was extended through 1990. There is absolutely no reason to continue to tax Texas taxpayers and the Texas Employment Commission has supported elimination of the surtax since 1987. Finally, a bill to repeal the 0.2 percent FUTA surtax has been introduced by two Oregon representatives, Ron Wyden and Peter DeFazio. "The Federal Unemployment Tax Relief Act of 1989" HR 2316, will, if passed, repeal the surtax at the end of 1989, reducing every Texas taxpayer's annual FUTA cost by \$14 per employee. Although a hearing has not yet been set, the bill will eventually be heard in the Subcommittee on Human Resources of the House Ways and Means Committee. For everyone who is interested in this legislation, now is the time to write congressional representatives. Taxpayers in this state may find that the bill does not pass without active support from the business community.

On a related note... The Texas Employment Commission opposed another federal measure that would have increased our administrative budget, but would have cost the employees of the state \$164 million in additional FUTA taxes in the next three years. The proposal, based on increasing the \$7,000 FUTA wage base, would have added \$300 million nationwide to the operating budgets of employment security agencies. All state agencies are facing budget crunches, but TEC felt that the price was too high. Over three years, Texas would have received about \$45 million of the \$164 estimated collections from Texas employers for employment security operations. That definitely did not appear to be in the best interests of the taxpayers. Mary Scott Nabers

Texas Employment Commission

Queen judges

Editor: We express our sincere thanks for the privilege of serving as judges of the Haskell County Queen Contest. We can assure you from past experience as judges in other contests that the young ladies of Haskell who participated in this event were each exceptional. All were beautiful. Because of the scoring system, none of the judges knew who the winner would be until the final count was made which made this event as exciting for us as for you. Never has picking a queen been so difficult because every girl we interviewed and observed was a winner. Your community should be very proud of the charm, poise, beauty and spiritual qualities of character and leadership we found in each of the contestants. Each of us remarked that these girls were individuals with tremendous potential for the future and we were sorry we could not name them all Fair Queen. Congratulations again to Amanda Diaz and her court. Also, we want to compliment Debbie Hobgood and those who did all the "behind the scenes" work putting this contest together. It was professional, well organized and fun. Haskell is fortunate to have citizens like Debbie working on behalf of their community.

plain talk

BY WENDELL FAUGHT

"Never write a story that leaves questions unanswered and confuses the reader."

It's a lesson taught in every journalism class.

I always remember that when I read something like this from a story of the Cisco Junior College-Midwestern junior varsity football game which appeared in the Abilene newspaper Saturday morning:

"The game started at 9:55 p.m. because of a back-up in the high school sub-varsity schedule."

What, pray tell me, does that say?

Toughest job I ever had was as a waiter at a drug store grill when I was in college.

Campus Drug was located just across the street from the Sooner Theatre. As soon as the movie was over, half the movie-goers, who must have comprised half the student body, jammed the booths, tables and aisles of the drug store, each screaming for service.

It was the same way after a basketball game, as the field house was just a couple of blocks away.

This then-18-year-old, 35-cents-an-hour freshman had a hard time understanding where all the students got their money to splurge.

But that's not the point.

The point is that the work was rough. When his hamburger wasn't delivered promptly, the customer would take it out on the waiter. It mattered not that a couple of dozen hamburger orders were in ahead of his. And besides, the waiter had nothing to do with cooking the food, only delivering it when it was ready.

Taking the insults from the customers was probably the most demoralizing thing I ever had to endure. It made an ex-waiter out of me as soon as a job opened up at the newspaper, even though the work shift ended at 2 a.m.

But the experience did something for me which has affected my life ever since. To this day, I've never complained to a waiter or waitress--even if the toast is burned.

And to this day, I'm in favor of a constitutional amendment, or what ever it takes, to upgrade the position and image of the country's wait corps, perhaps the most unappreciated group in any profession.

WHAT'S IN A NAME?

Cranberries are as American as apple pie but when the pilgrims arrived in the new world they had no name for the tart fruit.

According to *National Wildlife* magazine the colonists believed the plant's flowers vaguely resembled the heads of cranes. They soon dubbed the plant the "crane-berry." In time the name was shortened to cranberry.

County librarian wants books back

The Haskell County Library needs all the books which have been checked out by patrons and have not been returned.

That's just one of the objectives of the new librarian, Joan Strickland, who assumed duties last month at the county-owned library.

Mrs. Strickland said there are at least 200 books which are past due and it is her hope that patrons will turn them in. The Haskell County Library does not have a fine system for delinquent books, so there will be no charge for returning a book.

The new fiscal year begins Oct. 1 and the library needs to determine just what books to purchase from its very limited budget, the librarian said.

Mrs. Strickland began her duties last month when she replaced Elsie McGee, who retired after serving as county librarian for 36 years.

She said the library hours are still 1 to 5 p.m. Monday through Friday, and 10 a.m. to 4 p.m. on Saturday.

She expects the library to receive state certification this year. If this

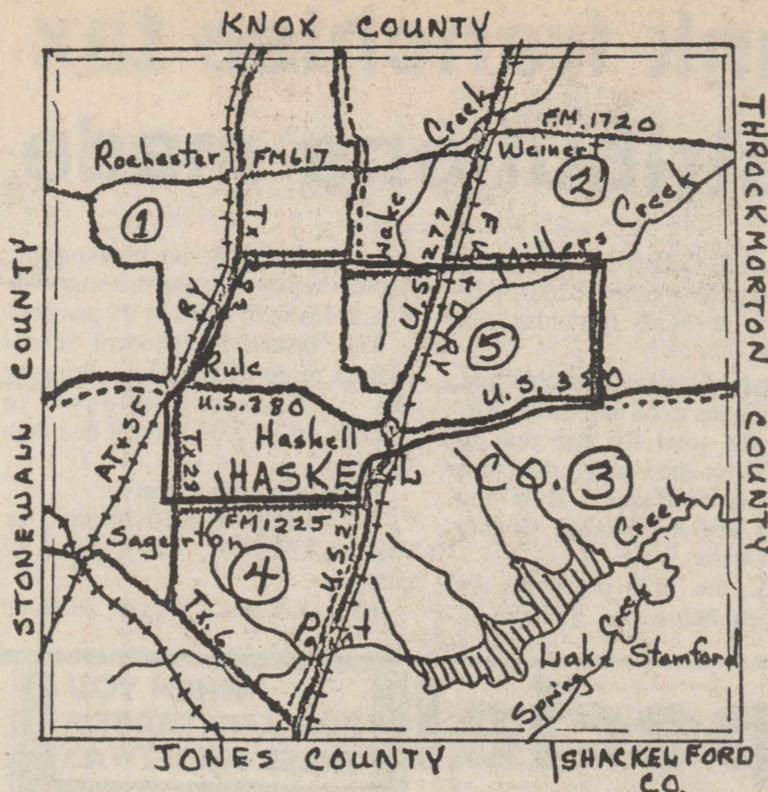

occurs, then next year the county will receive matching funds for book purchases, which should help tremendously.

The new librarian sees a need for many more books and she called on the public to assist. Books may be donated, or placed in memory of someone.

She would like very much to have a special section devoted to local authors, although books of this nature are not plentiful. Right now, the library has Rex Felker's *Haskell County and Its Pioneers*, Walter Henry Cousin's *I Am's Poems and Papers* and a badly worn copy of R. E. Sherill's *Haskell County History*.

Mrs. Strickland said there have been books by other local authors the library would like to have. Local cookbooks, family histories and the like would be most welcome, said the librarian.

And there's always a big demand for Western books, as well as other types, whether hard-bound or paperback.

SWCD election scheduled Oct. 6

An election of a director to serve Zone 5 on the Haskell Soil and Water Conservation board is scheduled for Oct. 6 at the Soil Conservation Service field office. Voting begins at 9 a.m.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the district where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 18 years old.

Legal qualifications state that a candidate for the office of soil and water conservation district director must own land in the zone he represents, be at least 18 years old and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district. Directors serve four-year terms of office.

The purpose of the Haskell SWCD is to promote sound soil and water conservation programs on farm and

ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

The district board coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

All conservation programs managed by the district are of a voluntary nature to the landowner or operator.

The map shows the location of each zone in Haskell County.

Fire department elects leaders

Tom Watson has been re-elected chief of the Haskell Volunteer Fire Department and Sonny Reynolds was re-elected assistant chief.

Other fire department officers are: Sam Watson, president; Randy Shaw, vice president; Kenny Watson, secretary and treasurer; Joe Cortez, assistant treasurer; Ted Jennings, chaplain; Billy Tatum, tail twister; Joe Cortez, public information officer; and Bill Lane, training officer. Keith Hannsz was elected one-year trustee and Charles Harvey and Lee Lane were named two-year trustees.

Company captains are Sam Watson, Company No. 1; Bill Lane, No. 2; and Randy Shaw, No. 3. Company lieutenants are Bill Steele, No. 1; Kenny Watson, No. 2; and Jerry Stocks, No. 3.

Toll-free number for emergencies

Beginning Oct. 1, motorists in Texas will be able to use a toll-free telephone number to report traffic accidents, suspected driving while intoxicated cases, criminal activities and other emergencies.

The number is 1-800-525-5555. It will be answered on a 24-hour basis.

Bank franchise tax distributions made

Six Haskell County taxing entities received checks totaling \$10,014.27 last week in bank franchise tax allocations.

The payments were the second and final allocations to be made this year, bringing the total for the year to \$32,935.03 for the county, the cities and schools of Haskell, Rule and Rochester and the Haskell County Hospital District.

Overall, the 1989 payments are 2.8 percent below the \$33,895.11

received in 1988, an encouraging figure when considering that statewide allocations were down by 22 percent.

The Haskell Independent School District received \$2,453.43, bringing the 1789 collections to \$11,606.40, or 2.01 percent less than last year.

Other allocations went to: City of Haskell: \$703.26 (total for year, \$3,325.66), down by 1.22 percent,

Haskell County: \$2,061.28 (total

for year \$7,457.10), down by 11.68 percent.

Haskell County Hospital District: \$1,535.97 (total for year, \$4,856.02), up by 32.27 percent.

City of Rule: \$764.14 (total for year, \$798.54), up by 14.35 percent.

Rule ISD: \$2,496.19 (total for year, \$2,662.85), down by 21.3 percent.

Neither the City of Rochester nor Rochester ISD received a check last week, but for the year, the City of Rochester has received \$673.83 (down 3.13 percent) and Rochester ISD has received \$1,575.71 (down 13.11 percent).

The bank franchise tax rate is the same as the state's corporate franchise tax--\$6.70 per \$1,000 of taxable capital and surplus.

Beginning Jan. 1, both the bank

franchise tax rate and corporate franchise tax rate will drop to \$5.25 per \$1,000 of taxable capital and surplus. The higher rate was passed by the Legislature in 1987 as a temporary tax measure to offset revenue shortfalls caused by the recession.

The Legislature authorized the bank franchise tax in 1984, with the first collections taking place in 1985.

Texas' net worth up by 11 percent

Texas' 1988 annual financial report shows the state's net worth has risen to \$48.8 billion, an increase of \$4.9 million or 11.2 percent over 1987.

The program will begin with the old fiddlers' contest. There will be categories and prizes given in three divisions.

Antique cars will be coming from Stamford and Graham. There will be a quilt show, coin show and photography exhibit in the Lions Club building.

A number of arts and crafts booths will be in operation, homemade ice cream and funnel cakes available and a ballet group will perform. Also performing will be a square dance group and Bobby Robinson's students. The parade begins at 2 p.m.

Indians beat Merkel

The Haskell Indians scored first, then fell behind before coming back to post a 33-26 victory over the 3A Merkel Badgers here Friday night.

It was the second victory in a row for the Indians who saw their record blossom to 2-1 for the young season.

Rodney Johnson put the Indians out front early by returning the game's opening kickoff 89 yards for a touchdown with just 14 seconds elapsed on the clock.

Merkel scored two touchdowns before the first period was over to go out front, 14-6. The Indians made it 14-12 midway through the second period on a 5-yard touchdown pass from Rusty Stocks to Johnson, and that score held up through halftime.

The two teams traded third-period touchdowns, the Indians' coming first on a 29-yard pass from Stocks to Jonathan Dever. Shane Osborne then passed to Harper Stewart for the extra points and Haskell had a short-lived 20-14 lead.

After Merkel tied the score at 20-all, the Indians took the ensuing kickoff and promptly marched 58 yards in seven plays for the score. Big gainers in the drive had been a 29-yard pass from Osborne to Jeremy Fuentes and a 9-yard pass from Stocks to Stewart. Johnson got the touchdown from 2 yards out and Roger Roewe booted the extra point as the Indians pulled out front, 27-20,

with a little more than a minute to go in the third quarter.

The Indians upped the margin to 33-20 at the 3:40 mark of the final period when they drove 48 yards for their fifth touchdown. Johnson had runs of 29, 11 and 9 yards before getting the touchdown on a 3-yard run.

Stewart intercepted John Walsh's pass at the Badger 33 on Merkel's first play after the Indians kicked off, but the Indians could move only to the 27 where they surrendered the ball on downs.

Down by 13 points, Merkel then began a 73-yard march for the game's final touchdown. Walsh passed 39 yards to Tommy White for the score which came with just 16 seconds left. The Badgers did recover the following kickoff, but had time to get off only

one more play.

Indian Coach Nelson Coulter called it the best showing yet by the Indians. Especially strong was the Haskell passing which showed 13 completions in 20 attempts with no interceptions.

Vanderbilt leads Rule over Rochester

Rule's Keith Vanderbilt scored six touchdowns, passed for another and gained 314 yards in 19 carries as the Bobcats defeated the Rochester Steers, 67-18, in a six-man football game Friday.

The Bobcats struck for two quick touchdowns on a 29-yard run by Joey Mathis and a 10-yard run by Vanderbilt before Rochester countered with a 2-yard scoring run by Kevin Conner. But Vanderbilt put his team ahead by 21-6 with a 45-yard touchdown run before the first period ended, and the Bobcats were in command from that point on.

Vanderbilt scored two more touchdowns on runs of 8 and 6 yards early in the second quarter as the Bobcats moved out front 35-6. After the Steers scored on a 5-yard pass from Brad Bevel to Jeffrey Hollingsworth, Vanderbilt passed 52 yards to Calen Benevidez for a touchdown and then scored again on a 66-yard run to stretch the margin to

48-12 at halftime.

Vanderbilt got his sixth touchdown on a 6-yard run in the third quarter. Rochester countered with a 14-yard scoring pass from Bevel to Todd Landes, but Shannon Taylor scored for Rule from 2 yards out to make it 61-18 at the three-quarter mark.

Taylor scored again on a 27-yard run at the 6:04 mark in the fourth quarter and the game was called under the 45-point rule.

Conner was Rochester's top round gainer, getting 76 yards on 17 carries. Bevel carried 13 times for 61 yards.

Bevel led the Steer tacklers with 16, while Jacob Marin was next with 10.

Boosters meet junior varsity

Indian Booster Club members met Monday night to view the film of the Merkel-Haskell football game.

Junior varsity players were introduced. Coach Nelson Coulter commented on the players and said they were doing a good job with a 2-1 record.

Refreshments were served to players.

Eighth-grade football players will be introduced at the meeting next Monday night. Parents are invited to attend.

'Backwards Day' is spirit theme

"Backwards Day" will be the theme of this Friday's Spirit Day, sponsored by the varsity cheerleaders.

Jana Payne, one of the cheerleaders, said fans are encouraged to wear their clothes, hair and everything else, backwards to show their Indian pride.

This week's pep rally will begin at 12:15 p.m. instead of 3:30 in order to allow the football team to leave for Electra immediately after school.

New bank service can help farmers

By Wendell Faught

Local farmers interested in developing alternative marketing techniques for their agricultural commodities now have access to a new information service being offered by Haskell National Bank.

Recently installed at the bank is a microwave access system which provides a wealth of financial information on the agricultural futures market. Information is constantly updated from the various stock exchanges across the country.

By using this information, farmers may develop strategies for agricultural futures and ascertain the advantages of the options markets.

Randy Hise, a vice president at Haskell National, points out that the bank provides the information only and is not involved in actual transactions. Farmers must deal with commodity brokers to make their deals.

Properly used, Hise said there are numerous techniques which will "minimize a farmer's risks," but he was quick to point out that they will not necessarily "maximize profits."

Information on agricultural futures

and commodities is just one of many services provided by the bank's new system. Also available are the latest quotations on stocks, mutual funds, treasury bills, bonds, municipal bonds and other investments from the country's financial centers such as the New York Stock Exchange and the Chicago Board of Trade.

Hise said the information is available to anyone interested.

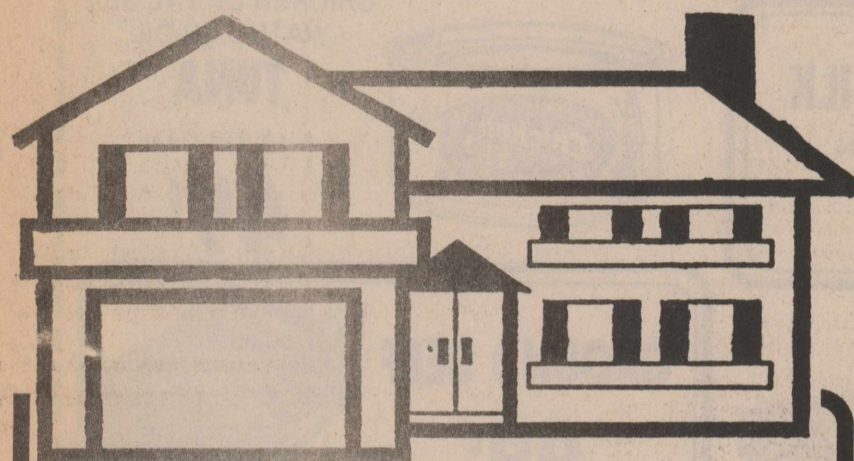

Rule landfill schedule changed

For shingles, tin, tires, appliances, building materials, etc., a charge of \$5 per pickup load or \$10 per trailer or dump truck load will be made.

For tree limbs and grass cuttings, the charge will be \$3 per pickup or \$5 per trailer or dump truck.

--Weinert--

by Myrtle Phemister

The cool front made us feel like the proverbial grasshopper as the temperature dropped into the thirties on the weekend in our area.

The farmers are busy getting grain sowed, and we realize this is "Autumn"! Almost time for cotton harvest. The cotton crop looks fair but only time, and the stripping machine, will give the true story.

Weinert was afforded the privilege of hosting two Japanese farmers last week who were given a royal tour of Haskell County.

The program is sponsored by the Farm Bureau Federation with the "Eat More Beef" emphasis behind the idea.

The men could speak no English, and no one here can speak Japanese, but handshakes and smiles are the same in every language and the Japanese left with much warm communication being done.

The tour covered several farms and herds of cattle; a tour of Pogue's Meat Market and killing pen; the

Weinert Gin; and Weinert Elevator, in which "Scooney" Vojkufka, with hand signs and actual demonstrations gave the men a good idea of how the process of unloading and storing goes. The elevator's new dryer was a point of interest to them.

The tour ended at the Woody Turnbow's home where they were treated to a barbecue dinner with Georgia's special "trimmings".

Hosting the tourists were Bob Aycock, president of Haskell County Farm Bureau, and Woody Turnbow, Farm Bureau County Board director.

Erma Liles and Helen Boykin returned home safely on Sunday, following their three-week tour of the northwest and parts of Canada.

They were a part of the Nocona Fun Tours, with Weldon Cowan, tour director, and they reported a marvelous vacation; they stayed well; rode over 6,000 miles; saw plenty of snow and ice, and loved "almost" every minute of the trip.

Welcome home, ladies, we missed you.

Several from Weinert made a special trip to Wichita Falls on Saturday to attend the wedding of Tammy Offutt and Brent Proffitt, III, as they exchanged nuptial vows at the Evangel Temple Assembly of God Church.

Tammy's grandparents, Eddie and Myrnie Sanders, and her paternal grandmother, Mildred Offutt; her uncles and aunts, Faye Brian, Myrtle and Marvin Phemister; Kenneth and Brenda Sanders; Judy and R. W. Anderson, of Wylie, and cousins, Kent Sanders, of A&M; Melissa and Malori Anderson of Wylie; Kole Sanders and Greg Phemister of Weinert.

Very good friends, Rene and Wanda Vojkufka; Jerry and Wanda Hester with Stacy, all of Weinert, and Laurie Hester of Tarleton State University.

Judy and R. W. Anderson, with Melissa and Malori spent the weekend with her mother, Mildred Offutt, and attended worship services at the First Baptist Church on Sunday with her.

Cindy Parrott, of Wichita Falls, with Rance and Justin spent the weekend in Weinert with her parents, Doris and Jerry Walker.

We welcome Jerry and Elmer Adams home from the harvest fields in South Texas.

Mildred Sanders spent a few days in Hamlin last week with her grandchildren, David and Kerri Sanders, while their parents, Mr. and Mrs. Terry Sanders were in attendance at the Sunday School Convention in Fort Worth.

The children returned with her for a weekend in Weinert.

Toby and Alice Yates spent the

weekend in Kermit in the home of their daughter, Linda and Ricky Wade, and helped to celebrate the second birthday of their grandson, Taylor Wade.

Janice and Randal Boatright of Brady were in Weinert last week for a visit in the home of her parents, R. S. and Betty Sanders.

Mildred Guess hosted her granddaughters to a "country weekend" which ended with worship services at the Baptist church before they returned home on Sunday; Cindy Murrell of Irving and Dana Sue Alderman of Dallas.

Weinert had many workers, many entries, and many ribbons awarded at the Haskell County Fair. Congratulations to you all!

One of particular interest was the Grand Champion ribbon that Andrew Sikes, son of Mr. and Mrs. David Sikes, was awarded for his poster featuring the Haskell County Fair.

"Pud" Brockett attended his family reunion held in Aubrey, Texas (between Decatur and Denton) a few days ago, and this was his first one in 62 years. He is one of only 3 survivors of his generation.

He was accompanied by his son, Pete and Imo Brockett, of Munday, and they were a part of the 200 in attendance from several states.

The Brockett family was raised in the small town of Aubrey, and many of the relatives still reside there. Pud visited the cemetery where his grandparents are buried, as well as many other relatives.

On the way home, the group stopped in Bridgeport for a Sunday night supper with grandson, Mark and Darla Coffman.

Guests in the home of Dora Brueggeman and Francis Moeller were their sister Mrs. Erna Brueggeman and their niece, Mary Stevens, with James, J. B., and Shirley all of Ft. Worth, and Beth Bacon of Mesquite. They were all in attendance at the wedding of John and Dee Ann on Saturday night.

Willie Moeller remains in Humana Hospital with circulatory problems and faces possible surgery. Our prayers are for a soon and complete recovery.

Ted and Faye Jetton hosted her

brother, Dan and Nora McMillan over the weekend.

On Saturday they drove to Newcastle for the day for a visit in the home of another brother, Stanley and Helen McMillan. Both Dan and Helen have been quite ill, but both are doing well at this time.

David and Sandra Pena, with David, Anthony, Andrew and Lucas made the trip to Beeville recently for a visit with Sandra's father and family, and her grandmother.

They were accompanied by David's sister, Adelpia and Pete Perez, with their two sons.

Recent guests in the Freddy Horan home were their daughter, Shadella Foster and children. Also their son, Douglas and Christy Boling.

We appreciate so much having Cindy Guess as a resident in Weinert and a neighbor we can call on in emergencies.

Cindy is an RN and works at the Haskell Hospital.

Another neighbor we appreciate is Joe Yates, RN who works at the Stamford Hospital.

We are fortunate, thank you, Cindy and Joe.

We extend congratulations to John Brueggeman, son of Dora Brueggeman and Dee Ann Ballard, daughter of Mr. and Mrs. Tommy Ballard who were married on Saturday night, Sept. 23, in the Presbyterian Church in Haskell.

They will make their home in Weinert where John is employed by Elmer Adams and sons.

Dee Ann has two sons, Sam and Justin. We welcome them all to

Weinert.

Congratulations are due Shanna Murphy, daughter of Ed and Mary Murphy who was in the top ten contestants of the County Fair Queen Contest held at the Civic Center in Haskell on Tuesday night, where 32 beautiful girls vied for the title of Haskell County Fair Queen.

(This writer was especially proud of the second runner-up, her granddaughter, Missy Phemister).

Our birthday people this week are: Wanda Hester, Peggy Adams, Caleb Hudgens, Alice Yates, Vicki Adams, and Mitch Mayfield. Happy birthday!

And congratulations to Johnny and Marilyn Earp who will celebrate a wedding anniversary on Oct. 3.

The Home Extension Club will host an arts and crafts show on Monday night, Oct. 2, 6:30 to 9:30 p.m. as part of their membership drive, and everyone is invited to bring their crafts for a "Show and Tell, Take Orders or Sell" extravaganza! It is free.

The club will meet on Tues, Oct. 3 in the home of Myrtle Phemister for a program called "Technology in the Market Place" by agent, Lou Gilly. Visitors are always welcome.

Community Choir to perform Sunday

The Haskell Community Choir will have its first musical Sunday at the West Bethel Baptist Church in Rule. The program begins at 7 p.m. The public is invited to attend.
