Webelos take top award at camporee

Webelos Den 4, Pack 136 of Haskell took the top camping award at the Fall Camporee for the Northern District of the Chisholm Trail Council.

The den earned 10 ribbons, plus the prestigious Presidential award during scouting skills competition near Old Glory Nov. 3-5.

"We've got some real competitive boys, and I'm really proud of them," Chris Arendall, den co-leader and assistant cubmaster, said.

The den took first places in trail signs, knots, measuring and pancake flip.

Second-place ribbons were won in the friction bridge, chariot race, first aid and bucket retrieve.

The scouts won third place in compass and each den received a participation ribbon.

"This was a good way for the scouts to end their last year in Webelos," said Tom Dewey, den co-leader and assistant cubmaster. "They'll move up to Boy Scouts in February. You teach the boys skills, but you never know if they're listening until they do something like this. They really surprised me. They did a super job."

Den 4 scouts participating were Daniel Alvarez, Justin Arendall, Tim Dewey, Harrison Druessedow, Ryan Nanny, Greg Rodriguez and Corey Wood.

Joel Nanny assisted the den leaders at the camporee.

Circus coming to town Sunday

performing pachyderms, the King Royal Jungle Cats and those masters of merriment, Pumbles and Sparkles, the crazy circus clowns.

There will be elephant rides and coloring contests for children.

The circus is being sponsored by the Haskell Chamber of Commerce. Chamber president Bud Lane said references from other cities where the circus has performed have been highly supportive of the circus' claims for a good show.

Advance tickets are \$3 for children and \$5 for adults. At the gate, each will be \$1 more.

Thanksgiving service to be Sunday evening

The annual city-wide Thanksgiving service will be Sunday, Nov. 19, at the First Baptist Church in Haskell. The service, sponsored by the Haskell Ministerial Alliance, will begin at 6 p.m.

Randy McLelland, youth pastor of the First Baptist Church, will bring the Thanksgiving message. Randy is a dynamic speaker, well known for his work with the young people of the community.

Ford Cole, music director at First Baptist, will lead a community choir in special music for the service. Everyone wishing to participate in the choir is asked to be at the church at 5:15 p.m.

As in past years, the offering collected at this service will go to support the benevolence work of the Ministerial Alliance. According to the Rev. Kenny Kirk, alliance treasurer, the funds are desperately needed. "This has been a hard

summer, and the alliance has been besieged by requests for assistance," he said. "Even with strict limits on the amount distributed, we have had to turn down many people who have asked for our help.

"At this time of year when most of us count our blessings, we need to be reminded that there are many right here in Haskell who need our help. The alliance is hoping for a good offering so that we can continue to do this work."

GREAT AMERICAN SMOKEOUT

A FEW QUIT TIPS

Hide all ashtrays, matches, etc. Lay in a supply of sugarless gum, carrot sticks, etc.

Drink lots of liquids, but pass up coffee & alcohol.

Tell everyone you're quitting for the day.

When the urge to smoke hits, take a deep breath, hold it for 10 seconds, & release it slowly.

Exercise to relieve the tension.

Try the "buddy system," and ask a friend to quit too.

LEAVE THE PACK BEHIND

Join the Great American Smokeout on Thursday, November 16. Millions of smokers across the country will take a break and try not to smoke for 24 hours. How about you? Or, if you don't smoke, adopt a smoker for the day and promise to help that friend get through the day without a cigarette!

89-6MM-No. 5680-LE

American Cancer Society volunteers in Haskell County are challenging smokers to "Leave the Pack Behind" during the society's 13th annual Great American Smokeout today (Thursday).

The Great American Smokeout is a fun-filled, light-hearted celebration held each year on the third Thursday in November to encourage smokers and other tobacco users to quit the habit for 24 hours. The effort is the largest health promotion event in America.

This year's campaign has enlisted the support of former U.S. Surgeon General C. Everett Koop, MD, who will serve as an honorary co-chairman of the effort with longtime Smokeout Honorary Chairman Larry Hagman. Koop and Hagman are featured in television and radio public service announcements promoting the Smokeout.

Last year's Smokeout triggered 10.7 percent of the nation's smokers--5.4 million Americans--to give up cigarettes for 24 hours. One to three days later, according to a Gallup survey, 3.4 million were still abstaining from tobacco.

"The American Cancer Society

is hoping this 13th annual Great American Smokeout will prove to be a lucky one for Texas smokers," said Lynn Adams Hancock of Houston, chairman of the Texas Smokeout campaign. "I quit smoking myself four years ago during the Smokeout," she said, "so I know first hand that a positive, supportive approach can be just the encouragement a smoker needs to take the first steps toward quitting permanently."

"Smoking is responsible for 87

percent of lung cancer cases, and that means 87 percent are preventable by choosing not to smoke," Hancock explained. "We hope at least one in five Texas smokers will join the Smokeout this year. That would mean almost 640,000 Texans would take a big step toward better health."

To reach that goal, Texas volunteers are pulling out all stops to encourage tobacco users in their communities to participate in this year's Great American Smokeout.

Basketball teams to host Seymour

Haskell basketball teams kick off the 1989-90 season at home Friday when they play hosts to the Panther teams from Seymour.

The openers will follow scrimmages against Vernon. The Maidens scrimmaged Vernon Tuesday and the Indians are scheduled to scrimmage Vernon today.

Indian coach Randy Stone welcomes back three lettermen from last year's district champions who made it to the regional finals enroute to a 27-6 record.

Leading the returnees is James Rike, a starter for the past two years. He is joined by Shane Osborne and Rusty Stocks.

Up from the junior varsity are Roger Roewe, Adam Coleman,

Chad Gibson, Craig Hanson and Michael Lane.

This group is bolstered by a couple of transfer students, Harper Stewart from Waco and Todd Vaughn from Irving.

Maiden coach Kerry Gartman, beginning his first year in Haskell, also has three letter-winners back from last year's district runnerup. Missy Davis, an all-district performer, is joined by returnees Shelia Unger and Amanda Diaz.

Being counted on from the JV ranks are Corie Brzozowski, Tonya Isbell and Jana Payne. Regina Dever, who didn't play last year, also is a candidate for the team.

Next Tuesday, the Indians and Maidens will have another home game, playing hosts to 3A Wylie.

Gold Star: Jennifer Shaver in spotlight

An outstanding 4-H club member from Haskell County will be honored at the Rolling Plains District 3 Gold Star Banquet tonight (Thursday) at the Wilbarger Auditorium in Vernon.

Among the top 4-H'ers in the district being honored will be Jennifer Shaver, daughter of Mr. and Mrs. R. A. Shaver III of Rochester.

Featured speaker will be Aaron Alejandro, district coordinator for U.S. Congressman Bill Sarpallius of Wichita Falls. Kit Horne of West Texas Utilities, which

sponsors the banquet, will welcome the honorees and guests.

Theme of this year's program will be "Diamonds in the Rough." The banquet is planned and conducted by 4-H'ers on the Gold Star committee of the 1988-890 District 4-H Council. Committee members this year are from Wilbarger, Wichita and Archer counties.

Parents, distinguished guests and special friends of 4-H will attend the banquet to salute the county winners.

To qualify for the Gold Star

award, highest 4-H honor at the county level, a 4-H'er must be at least 14 years old, have completed three years of club work and be active in 4-H. The award is intended to stimulate winners to higher achievement and to encourage other young people to participate in the county 4-H program.

The awards will be presented by Elaine Houston and Ed Garnett, district directors for the Texas Agricultural Extension Service. Four-H is the youth program of the Texas Agricultural Extension Service, a part of the Texas A&M University System.

Scoggins, Dunnam set wedding date

Mr. and Mrs. Johnny Scoggins of Rochester have announced the engagement of their daughter, Michelle Scoggins, to Mickey Dunnam, son of Mr. and Mrs. Jerry Dunnam of Haskell.

Rochester High School and attends Texas Tech University. The prospective bridegroom graduated from Haskell High School and is engaged in farming. A Dec. 30 wedding is planned at First Baptist Church in Rochester.

Our heartfelt thanks to everyone in this community for the outpouring of love shown our family during this sad time in our lives. We have come to realize that many people share our grief because Denny (or Charles as many knew him) had managed to touch the lives of many different people from many different walks of life. We never realized just how well known he was from his route with Coca-Cola, his refereeing to his association with KVRP. He loved this community and he loved people. It was evident that this love was returned by the overflowing tribute paid him at his memorial service. We will treasure forever the words of sympathy, the phone calls, food, flowers, the many prayers offered in our behalf and every act of kindness shown us. May God bless each of you.

'Contemporary Cowboys' studied by club members

The Progressive Study Club met Nov. 9 in the Community Room. President Mary Kaigler called the meeting to order, welcomed guests and introduced Mary Martin, program director for the Texas Heritage program which was entitled "Broadening Horizons: Contemporary Cowboys."

She introduced Dr. Lawrence and Mrs. Sonja Clayton, authors and photographer, who have written two books: *Clearfork Cowboys* is a study of ranching along the Clearfork of the Brazos River in Jones, Shackelford, Throckmorton and Stephens counties. *Ranch Rodeos of West Texas* is the only book-length study of ranch rodeos in print and deals with ranch rodeos in Abilene, Albany, Anson and Breckenridge.

Dr. Clayton, dean of the College of Arts and Sciences and professor of English at Hardin-Simmons University, has also published a number of articles and reviews. The biography, *Benjamin Capps*, will be available in the spring and *Watkins Reynolds Matthews* will be released at Thanksgiving.

Mrs. Clayton, a consultant with the Region XIV Education Service Center, is a former elementary teacher and principal. Her photographs have appeared in *Horseman* magazine, *Heritage* magazine and *West Texas Sun*. Her photographs of present-day cowboys and ranch scenes and a display of their books, other authors and articles created an attractive place for everyone to enjoy before the meeting began and during the refreshment period. It was easily understood why Sonja's photographs were selected for exhibition during April at the Richardson Library at H-SU to commemorate the school's western heritage.

Dr. Clayton began by telling of his growing-up years on an East Texas stock farm, which created in him a love for animals. Sonja's ancestors were pioneers in Throckmorton County where she grew up. They met at Ranger

Junior College. He began writing the stories Sonja's father told about ranch life. In an informal way, Dr. Clayton told about the Nail Ranch Lamshead, George Peacock, Watt Matthews (he danced with most of the ladies at his 90th birthday party), other foremen, "fat belly" and "flat belly" cowboys, and types of saddles and showed slides made from Sonja's photographs of present-day cowboys.

He related how NBC sent a crew which spent nine hours video taping the working of cattle. The lady director couldn't believe that the day began at 4 a.m. Sonja added interesting details at various times. She wore a necklace made of silver horse bits and a leather thong.

The hostesses, Lois Richardson, Lucile Gannaway, Mildred Berry and Mary Holden, served chili-beans, Texas-shaped chips, crackers, "buffalo chip" cookies and coffee. The table had a red covering and a barbed-wire Texas outline centerpiece. The serving dishes were blue and red spatter-wear and the napkins were made from blue and red bandana material.

During the business session, Nancy Plunkett, Robbie Harris and Billie Cannon were elected to active membership. Franciene Johnson

gave a report concerning the honoring of two eighth-grade girls near the end of the school year. A thank you letter from the Civic Center Board was read. The club has donated to the Civic Center for nine years.

Food collection planned by scouts

Cub Scouts of Haskell Pack 136 are scheduled to participate in the "Scouting for Food" drive, to be held Saturday, Nov. 18. The date coincides with scouting's national "Good Turn Day."

Bob Cass, Haskell cubmaster, said that the scouts will be collecting canned goods and other non-perishable food items. "All the food our boys collect will stay here, to help needy local families," Cass said. "The Haskell Ministerial Alliance will help us with distribution of the food."

According to Cass, Cub Scouts will have special bags to distribute Saturday. Persons who wish to help with the food drive are asked to place their donated items in the bag and either give it to a scout or take it to the collection station at the Pizza Barn.

As a way of supporting the Scouting for Food program, the Pizza Barn is offering \$1 off any pizza purchase to any customer who brings in two cans of food through Saturday.

Club has program on chrysanthemums

The Haskell Garden Club met Nov. 9 at the Haskell National Bank Community Room.

Linda King, president, opened the meeting with a short business meeting. The fair and flower show were discussed because the club did not meet in October.

There was a nice exhibit of horticulture specimens of chrysanthemums brought by the members. "Artistic designs for chrysanthemums" was the topic of study.

Molly Carlisle gave some opening remarks leading up to the main part of the program. She said chrysanthemums are the crowning glory of fall gardens, and with little care, they give super results. They can be planted in the spring from cuttings or new plants in well-drained soil. They must have at least one-half day of sunshine. It is best to plant them on the east or north side of the house away from strong winds.

After they bloom in the fall, cut back to five or eight inches and cover with a good mulch. Leaves or

cut stems do fine for a mulch.

In July and August, pinch out the tops and they will be bushy and not so leggy or spindly. For fertilizer, barnyard manure is very good.

Two members who are excellent arrangers made beautiful arrangements using the beautiful specimens of chrysanthemums brought by the members. The containers they used were unique and interesting which made the arranging more fun. Juanita Rhea and Bernadine Blankenship discussed all the elements of good arranging as they demonstrated. It was a wonderful program.

If anyone is interested in learning this art, please join the Garden Club. It is one of the most enjoyable and intriguing things you can do with God's beautiful flowers to enhance the beauty of your home or church.

Refreshments of pumpkin pie, nuts and coffee were served by the hostesses, Mary Bischofhausen and Bernadine Blankenship.

A special letter of thanks to a very special group of people--The Haskell Booster Club, for the gift certificate given to Mike Layland.

"This Christmas, Give Her Peace of Mind"

A mammogram is the last minute gift that could last a lifetime.

Clothes. Jewelry. Perfume. You've spent so much time searching for that perfect gift for her. How about peace of mind? The peace of mind that she'll have in knowing she's taken the first step toward safeguarding herself against breast cancer. Mammography is a safe, low-dose X-ray exam that can detect breast tumors up to two full years before a physical exam. And if detected early enough, 90 percent of all breast cancers are curable.

The American Cancer Society advises that women age 35-40 should receive a base line mammogram; women age 40-49 should receive a follow-up mammogram every one to two years; and women over age 50 should receive an annual mammogram.

If she's precious to you, don't ignore these recommendations. Buy her a gift she would never think of buying herself. During this busy holiday season, buying a mammogram for her has been made easy. Simply purchase a certificate which can be redeemed for a free mammogram anytime during 1990. A mammogram... for her peace of mind.

Indians bow to Anson, 21-14

Haskell's frustrating 1989 football season came to a frustrating close at Anson Friday night when the Indians went down, 21-14, to the host Tigers.

Anson scored the winning touchdown with only 25 seconds remaining, after going 23 yards in six plays following recovery of a Haskell fumble.

The Indians, clinging to a 14-13 margin, dodged an earlier fourth-quarter bullet when they failed to get off a fourth-down punt and surrendered the ball on their own 7. Moments later, the Tigers fumbled the ball back to Haskell at the 1.

Anson drew first blood at the 1:39 mark of the first quarter when Kyle McIntire passed 27 yards to Angel Rodriguez. Jan Skovgaard's PAT made it 7-0.

The Indians took the lead midway through the second period when Jeremy Fuentes took a shovel pass from Shane Osborne behind the line of scrimmage and streaked 40 yards for a score. Osborne passed to Rodney Johnson for a 2-point conversion and the Indians were out front, 8-7.

But Anson stormed back, taking

the ensuing kickoff and driving 49 yards for the go-ahead touchdown. Ray Samuels got the touchdown from a yard out. McIntire's pass attempt for the extra points failed, leaving the score 13-8, where it stood at halftime.

The Indians quickly regained the lead as the second half got underway. Taking the second-half kickoff, they marched 73 yards in six plays. Johnson scored from the 2. Big gainers in the drive had been a 45-yard pass from Rusty Stocks to Harper Stewart and runs of 8 and 14 yards by Johnson. The extra point attempt failed but the Indians were ahead by a 14-13 score.

It was still 14-13 with 1:58 to go when Haskell lost the fumble at its own 23. The defense almost preserved the lead as Anson lost 13 yards in three plays. But on fourth down, McIntire passed 24 yards for a first down at the 12, and then 8 yards to the 4, from where Samuels took it in. McIntire ran over the extra points.

Johnson's 90 yards rushing made him the night's top ball carrier. He had 22 carries. It gave him 1,088 yards in 226 carries for the year.

Flash:

"Texans think the state's workers' compensation system needs to be changed."

That finding of The Texas Poll was reported in the newspapers Tuesday, the same day the Texas Legislature convened in special session to attempt to reform the system.

It's amazing how The Texas Poll is able to tell us what we're thinking.

George Washington, we are now told, did not really cut down a cherry tree. Babe Ruth did not call that homerun against the Chicago Cubs.

Now explode another myth: It's a lie that the pilgrims ate pumpkin pie.

Or at least that's what it says in *Thanksgiving*, a book by Diana Karter Appelbaum.

Pumpkin was eaten plain and boiled. Since the flour supplies had been exhausted and wheat had not yet been cultivated in the New World, the "traditional" pies and breads were non-existent at the celebration, says the author.

The information comes as we approach that period between Thanksgiving and Super Bowl Sunday when some people gain 20 pounds.

According to Ms. Appelbaum, the first Thanksgiving celebrants ate venison and possibly fowl, such as partridges, ducks, geese and turkey. The meat was topped with cranberries, which were boiled and crushed into a sauce. The pilgrims also are believed to have eaten oysters, clams and fish, as well as wild fruits, honey and nuts. Lacking from their menu were apple cider and milk, butter and cheese (since no cows had been aboard the Mayflower).

Thanksgiving for most of us means turkey drenched with cornbread dressing and gravy, buttery sweet potato pie laden with gooey marshmallows, vegetables drowning in cheese and hollandaise sauces, fruit salad swimming in poppy seed dressing, sweet banana bread and pumpkin and pecan pies crowned with whipped topping alongside a vat of vanilla ice cream.

The calorie and fat counts of such Thanksgiving dinners are obviously sky high. But, year after year, we gladly pass it off as "tradition" with our cholesterol-free diets and low-impact aerobics classes resuming the following Monday.

However, the modern-day Thanksgiving dinner is anything but traditional, according to Ms. Appelbaum. In 1620 when William Bradford, governor of the Plymouth Colony, declared the first day of Thanksgiving, none of these artery-clogging choices were on the menu. In fact, the 90 Indians and 50 settlers who took part in the feast had a modest, relatively low-fat meal.

Dallas Cowboy fans held their collective breath Sunday until the extent of Troy Aikman's injury was known.

It was all cleared up with that catch-all diagnosis: He just had his bell rung.

-o-

"Wal-Mart is a freight train going full steam in the opposite direction of this town's philosophy."

So said a merchant in Iowa City, Iowa, on the eve of a referendum to overturn a City Council decision to allow the giant retailer to build an 87,000-square-foot store in the town.

It's not the first time citizens have opposed the opening of a Wal-Mart store. Angry citizens in Stambaot Springs, Colo., took their City Council to court and won a similar referendum earlier this year.

First there was oat bran. Then oat bran muffins, oat-bran pita bread, oat-bran bagels and oat-bran potato chips.

Now comes Otto's Original Oat Bran Beer.

It proudly boasts that it contains no cholesterol. But, of course, neither does regular beer.

The new beer is produced in a brewery in Pennsylvania and is available only in the Philadelphia area. But with the oat bran craze the brewery says it is getting calls from other parts of the country.

TAX PLANNING

Written By
Gerald Rodgers, CPA

SUCCESSION IN A FAMILY BUSINESS

Who takes over the family business when the owner passes away? The survival of any family business depends on how wisely one generation passes ownership to the next. The more heirs, the more complex the situation is likely to become.

Generally, putting too many people in charge is a bad idea. They can't agree on management decisions. Transferring management of the company to one heir over another can cause tremendous animosity within the family. Many such cases have ended up in a courtroom battle.

If you want to keep your business in the family, select a successor, get him or her involved in the day to day activities of the business. Gradually turn over more responsibilities. It's a golden opportunity to evaluate your successor's performance and provide assistance.

Entice key personnel to stay on with incentive programs. Performance bonuses, stock options or an equity stake may guarantee that talented employees will become permanent.

When deciding when and how to transfer your business, consider estate taxes. The IRS's share, with estate tax rates up to 55%, could fatally weaken the business's cash flow.

Consider limiting the government's share of the pie by "freezing" the value of the business through an early transfer.

The transfer avoids estate tax on future appreciation of the business. Use your \$10,000 annual gift exclusion or unified credit to give away shares in the business. You must not retain an interest in the property (including voting rights on the stock), or it will be included in the value of your estate.

Facts show that only 30% of privately-held businesses survive when the original founder dies. Careful planning can prevent the demise of your business.

This beautiful weather is a blessing to the cotton farmers, as the harvest continues at full speed, and a few more days will see the completion of the '89 harvest.

The irrigated cotton has more green bolls, and it will be later in being harvested, and the early freeze we received was very damaging to the yield.

By the time you read this, the state contest of school bands in Austin will have surfaced the state winner, and Mogul fans in and around Munday will be pleased or displeased!

A huge crowd of fans made the journey to Austin in support of the Munday band, and among them were Brenda Sanders, Ed and Mary Murphy. Our children in the contest are Shanna Murphy, Denise Carroll and Kole Sanders. We're all behind you! This the 6th consecutive year Munday has gone to state.

Steve Morren, of the Weinert Gin, reported a minor fire at the gin this weekend, which was quickly extinguished by the fire department,

and only 15 bales remnants were destroyed.

A couple of minor boys, playing with matches, were the cause of the blaze, and Steve might report later what they received for causing the excitement and the destruction, not to mention the trouble and expense.

The arts and crafts fair held at Haskell on Saturday was an outstanding event, and almost every female in Weinert were in attendance to look, feel, exclaim and purchase items that were hand-made and lovely.

Several of our number had rented booths, among them were Peggy Adams, Brenda Hager, Janet Frazier, Melanie Wood, Erlinda Mayfield, and Vicki Adams.

This can go down in history as the arts and crafts generation. It's an exciting feeling to be able to see what you spent your time doing.

Alton and Mildred Sanders were in Mankins, Texas for one of their Lay Renewals, held at the First Baptist Church there. Joe Ward, of Iowa Park, was coordinator of the programs with Alton as music director and Mildred in charge of the childrens program.

They will be in Cisco on the week of Nov. 17-19.

Myrnie and Eddie Sanders have returned from a tour of the hill

country, with stops in San Saba, Lockhart, Coleman, and Fredricksburg.

In Marble Falls they were privileged to worship at the Baptist Church where Max Copeland serves as pastor and later visited in his home with his family.

The Jettons were in Iowa Park on Saturday in the home of a granddaughter and was met there by their daughter, Sandra Stafford of Great Falls, Montana.

Out of town visitors in Weinert this week included Kent Sanders of A&M University who came in for the Friday night ballgame, and a visit with his family, the Kenneth Sanders.

Frank Vojkufka of Lubbock was here for a visit with friends and relatives.

Nellie Lucky, with Darlene of Gorman brought her sister, Bertie Alexander home from a week's visit in Gorman.

Congratulations are in order for Bertie upon the arrival of a new great-granddaughter, Tiffany Alexander Oxmn of Eugene, Oregon, who is the granddaughter of Mr. and Mrs. J. C. Alexander.

Visitors in the home of Pedro and Adelfa Perez are his parents, Mr. and Mrs. Juan Perez of Pawnee, Texas with their grandson, Angel.

Also visiting in their home are Mary and Arthur Solas, with Jeremy of Beeville, who is Adelfa's sister, and sister of David and Sandra Pena.

The men are helping out at the gin, and will be here for a few more days of employment.

Sport About's Play of the Game Haskell vs. Anson

Late in the fourth quarter with Haskell leading 14-13, Indians had the ball deep on their end of the field with hopes of killing the clock. The shuttle pass play was called that had worked all night and is one of the safest plays to run because it eliminates fumbling a hand off. The pass fell incomplete but the person wearing the referee suit called it a fumble and set up Anson's last minute touchdown.

WTU announces lower winter rate

Haskell customers of West Texas Utilities will see approximately a 10-percent drop in their rates beginning this month.

The reduction is the result of using the lower winter rates which will be in effect for six months. Using higher summer and lower winter rates is part of the state's plan to encourage energy conservation during the summer when air conditioning creates the peak demand on electricity use.

Mike Martindale, local manager, said a residential customer using 478 kilowatt hours (KWH) of electricity a month, the average for last November, will see his bill go from \$45.29 to \$40.88. Other customer groups will see similar reductions, Martindale said.

Since mild fall weather has reduced many customers' cooling and heating use, the actual decrease in the electric bill from September,

when average use was 959 KWHs, to November will probably be around 51.5 percent, the manager said. That decrease includes the combined impact of lower winter rates and lower use resulting from mild weather. The actual size of a customer's bill is determined by use.

While the higher summer rates are intended to encourage conservation, lower winter rates benefit the customers two ways, Martindale said. First is lower cost to heat homes and businesses. Second, winter usage makes more efficient use of WTU's facilities and helps spread the costs more evenly throughout the year.

FHA has program on holiday ideas

Haskell chapter of Future Homemakers of America met Nov. 6 at the homemaking department.

The program was "Holiday Delights 1989", presented by Lisa Hoff, electric living consultant for West Texas Utilities. Lisa shared holiday recipes and decorating ideas and each person present received a cookbook.

Her beautifully decorated and arranged table inspired all in attendance to think of gift ideas and baking for the upcoming holidays.

Refreshments were served by the November hostesses, Carolina Jimenez, Tonya Isbell and Jo Ann Villa who also decorated the homemaking department for the program. The food science and nutrition class helped in preparation of the food. There were 42 members and guests present.

Six FHA members, advisor Wanda Thompson and her daughter, Katie, took treats to residents of Haskell Nursing Center on Oct. 30. Members dressed in Halloween costumes and delivered candy and raisins to each person at the center.

Those helping were Tonya and April Isbell, Mindy McGee, Deneice Rogers, Kellie Ann Reid and Rosie Fuentes.

Next meeting will be Dec. 4.

--Rice Springs Care Home--

By Judy Wolsch Activity Director

First I would like to thank all our regular faithful volunteers which are always in their place each month.

This month the United Methodists are hosting Sunday morning services. We had the honor of Minnie Pearl visiting on Thursday all the way from the Sagerton Hee Haw. She let all of us in on some pretty good stories about our residents.

Pauline Dick helped Mel Swoyer with sing-along beforehand and then her sister, Sylvia, played harmonica for residents after Minnie Pearl.

The afternoon was a barrel of laughs and fun. Thanks to you all.

Thanks to Brenda for filling in with exercise on Tuesday while I was out to Abilene for an activity directors' meeting. Thursday we will all be looking forward to the East Side luncheon and the Country Band. Then on Monday, Nov. 20, at 7 p.m. we will be entertained by the square dancers. All are looking forward to this night.

With Thanksgiving next week we are all beginning to count our blessings and among these are all of you which make Rice Springs more pleasant for our residents. But we still have openings we could use volunteers in, especially in the one-to-one bracket.

We are proud to announce Effie Sorrell, Catherine Hix, Royce

Dean, Nettie McCollum, Thelma Hilbers and Alice Muegge have all come to live with us at RSCH. We are glad to have them and all their families and friends. We are also glad to have Alvena Holle back from the local hospital.

Our sympathy and prayers are with the John (Grandpaw) Wendeborn, Natalie Dippel and Era Davis families on their passings. We truly loved each of them and you, their families, and hope you will continue to come see us.

-Hobby Club-

Fourteen members and one guest were at the Nov. 7 meeting of the Rochester Hobby Club.

After brown bag lunches were eaten, Myrtle Townsend, hostess, served delicious caramel pie for dessert.

November birthdays from the club group are Evelyn Rogers, Ira Short, Truett Kuenstler, Fay and Emily Wilson.

Evelyn Rogers is to serve as hostess for the club's Nov. 14 meeting.

--Rule--

by Vicky Anderson

The holiday open house at the Rule West Texas Utilities Co. was a huge success with 257 guests being registered on Thurs., Nov. 9. At one time guests were lined up outside. Hosts and hostesses were the local manager, Eugene Rhoads; Melinda Hisey, Cashier-bookkeeper; District PR man from Stamford, Rick Etheredge, and Electric Living Consultants: Lisa Hoff and Valerie Brock. Everyone enjoyed the refreshments and viewing the Christmas gift table. Kacy Baitz's name was drawn for the table lamp that was given away. A drawing for a microwave oven will be held in a district drawing around Dec. 14.

Sympathy is sent to the J. L. Woodson and Buster Upshaw

families in Stamford, and the family of Charles D. Reed of Haskell. These fine men all died within this past week or so.

Congratulations to the Rule Bobcats, who defeated Woodson by a score of 54-0 Friday night to win District 11 six man football. Keith Vanderbilt's five touchdowns led the playoff-bound Bobcats. Vanderbilt's touchdown runs covered 40, 5 and 35 and he added two punt returns. He returned one punt for 38 yards for a touchdown and the other score came on a 45 yard return. He also kicked one conversion. The victory, the Bobcat's fourth district win in five starts, clinched a playoff spot. They will play in bi-district next week, probably in Tuscola (from Abilene Reporter-News, Nov. 11).

Newcastle has the #1 spot and Rule is district runner-up.

Although the Stamford Bulldogs were defeated by Hawley in a District 7-2A game on Friday night by a score of 14-13, the Bulldogs are still the runner-up, and will play De Leon at Pete Shotwell Stadium this Friday night in a bi-district game. The Albion Lions defeated Hamlin by a score of 30-13 to become district champions.

Shannon Kittley, wife of Rob Kittley, has been hospitalized in Stamford Memorial Hospital with a bad asthma attack. On Wednesday afternoon you writer and a granddaughter, Lezli Jenkins, visited Shannon and baby son, Will, at the hospital. Chick and Nona Norwood were also visited in

the skilled nursing facility of the same hospital. Mr. Norwood remains about the same.

Thursday night's performance of "Puttin' on the Hits" was seen by a sellout crowd, and seemingly, was enjoyed by all. Although Saturday night's attendance was not as good, the crowd was just as enthusiastic, and the students seemed to have even "outdone" themselves. Congratulations to all!

Ludora Neely is visiting a son in Rotan, and seems to be feeling better now.

Ethel Greeson has been a patient in the Haskell hospital with congestive heart failure, but is doing better, and is again at home.

Maude Kittley, a resident at Teakwood Manor, is not doing too well at present. She is the mother of Bobby Kittley of Rule.

On Saturday, Nov. 11 visiting Delanie Cramp were Mr. and Mrs. Roger Ray of Prague, Okla. along with his sister, Martha and her husband from Oklahoma City, Oklahoma. They had also visited Mr. Ray's aunt, Miss May Ray of Knox City.

Mrs. Delma Kuntz of Abilene, sister of Rule residents Velma Gann and L. W. Camp, has been hospitalized at Dyess Air Base Hospital. She is now at home, and is improving.

Jewel Ousley, former Rule resident, is now at home following hip surgery in a Las Vegas, Nevada

hospital.

Danny, Nikki and Luke Kittley of Abilene Christian University were weekend visitors of their parents and other relatives.

Over this past weekend visitors in the home of Dela Faye and Bob McClain were Florence Spain and J. D. Walker of Breckenridge.

Florence Hines of Knox City visited her friend, Dovie Anderson, on Sunday. Weekend visitors were Dovie's sister, Patsy Watson and her husband, Edward from Ft. Worth.

A couple from Whiteface in the Panhandle were talking to your writer at Allsup's on Sunday, and they were amazed that trees in this area still have so many leaves on them. They said their trees have been bare for several weeks.

Keith Bowles, son of Donnie Mack and Pam Bowles, is hospitalized at Hendrick Medical Center. We wish for him a speedy recovery.

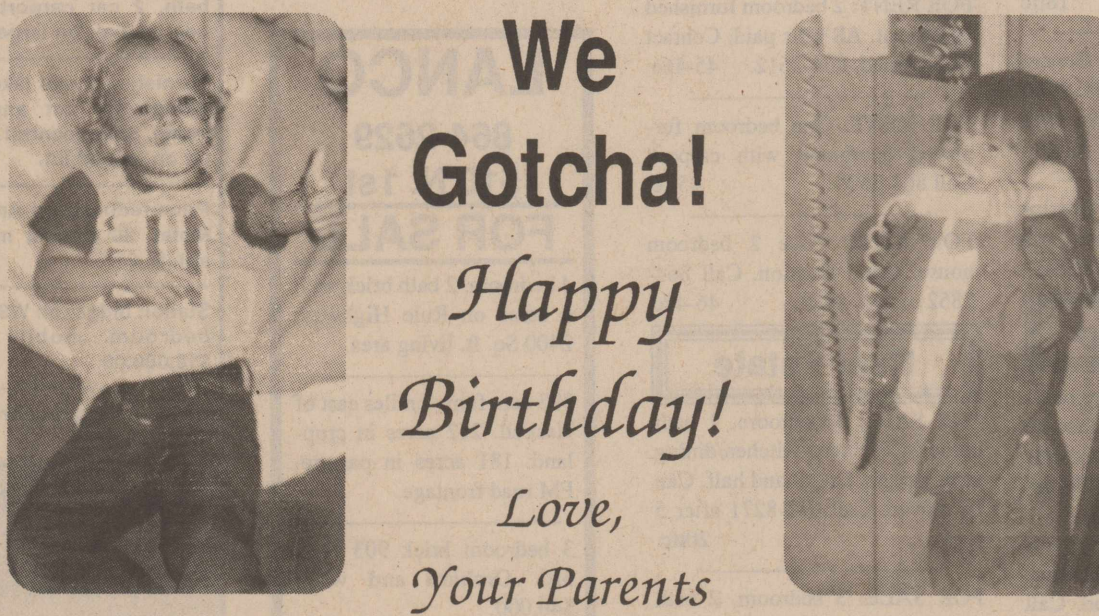

On Sunday afternoon, Ola Mae Lisle, and James and Jo Ruth Lisle were in Anson to attend the "Family of the Year" awards ceremony at the Women's Club Building. Mrs. Lisle's grandson and James and Jo Ruth's son, Mike Lisle and family of Stamford, were among the twelve families honored. Each family was introduced and data given on each family. A crew from K-Tab television station was present. Each family was given a certificate and a gift. The family

chosen for the honor were Ricky and Carrie White and children. The White's were presented a plaque. Refreshments were served to everyone.

Pete Place of Tulsa, Okla. and Joe B. Cloud of Rule were in San Antonio Friday through Sunday to attend a reunion of the class of 1942 of Texas A&M University. 160 men were present, Six of "C" Company of the Infantry, of which Mr. Cloud was a member, met for the first time since 1942. The men stayed at the Menzer Hotel, which was built in 1853 and is the oldest hotel in San Antonio, and possibly in the state. They attended two banquets and were taken on sightseeing tours while there. On Friday night the banquet was held on barges and they took a ten mile trip down the San Antonio River while they ate. The second banquet was held on Saturday night at the Menzer Hotel. Although mini-reunions are held each year, this was the first time Mr. Cloud had attended. In college, Mr. Cloud and Mr. Place were roommates their freshman year. They reported a wonderful time and enjoyable visits with old classmates and army buddies.

Dorothy Burke of Medina Children's Home was a weekend visitor of her sister, Faye Webb and family. Dorothy is an office worker at the home.
