## Bi-district Indians meet Bangs Friday

The Haskell Indians, boasting the best won-lost record in the school's history, will meet Bangs in a bi-district playoff Friday night.

The game is scheduled to begin at 7:30 at Hardin-Simmons University in Abilene.

Should the Indians win, they will play the winner of the Van Horn-Ozona bi-district game Tuesday night at 7:30 for the area championship. If Van Horn is the foe, the area game will be at Midland Greenwood. If it is Ozona, the area game will be in Big Spring.

The area winner will advance to the regional tournament, scheduled for Friday and Saturday, March 2-3, at Moody Colliseum in Abilene.

The regional winner will advance to the state tournament in Austin March 8-10.

But before they get a chance at Van Horn or Ozona, or anyone else, the Indians will have to get by a tough Bangs team Friday. Bangs, runnerup to San Saba in district 8-2A, has a 19-10 record. The Indians are 27-2.

Haskell warmed up for the playoffs by splitting a couple of practice games after the end of the regular season. Last Friday, the Indians defeated Frost, 75-50, but on Monday night they lost to Comanche, 52-45, suffering only their second loss of the season and their first since Dec. 1.

The Indians suffered a blow this week with the illness of Rusty Stocks, the team's third leading scorer. He did not play against Comanche and his status for the Bangs game is undetermined. Stocks is averaging 10.5 points per game. Adam Coleman started in place of Stocks against Comanche.

Top scorer for the Indians is senior James Rike who is averaging 28 points. Harper Stewart's average is 15, and Shane Osborne is averaging 7.5.

### INDIAN NOTES

Haskell is assured of its best won-lost record ever. At 27-2, the Indians cannot lose more than one more game.

The Indians suffered their coldest night of the season against 3A Comanche in Clyde Monday night. They were 11 of 53 from the field, hitting only 2 of 22 in the first half. They trailed, 22-15 at halftime and then were outscored 22-11 in the third period. They finally found the range in the final quarter, outscoring Comanche, 19-8, but the deficit was too much to overcome.

Haskell's has a history of not doing well in practice games. Of 14 losses over the past three years, five have been in practice games. For the third straight year, the Indians enter the bi-district off a practice

game loss. Both Haskell losses this season have been at the hands of 3A schools. In addition to Comanche, the Indians lost to Merkel on Dec. 1.

The Indians are now four victories away from their second trip to the state tournament in three years. Two years ago, they lost in the state semifinals to eventual champion Archer City. Last year, they got to within one victory of returning to Austin, losing to Farwell in the regional finals.

Here are bi-district pairings in

the region:  
Amarillo Highland Park vs. Canadian.

Quanah vs. Stratford.  
Hale Center vs. Seagraves.  
Abernathy vs. Crosbyton.  
Van Horn vs. Ozona.  
Eldorado vs. Marfa.  
Stamford vs. San Saba.  
Haskell vs. Bangs.

Amarillo Highland Park, Quanah, Hale Center, Crosbyton, Van Horn, Eldorado and Haskell are district champions; the others runnersup.

## Scores for Haskell

Todd Vaughn of the Indians pitches in two points for his team in Friday night's victory over Frost.

# Parents attend school workshop

A parenting workshop, "Building Bridges," was held Feb. 5 at the Haskell Elementary School. More than 50 interested parents heard and viewed excerpts from Beverly Guhl's book *Purrrfect Parenting*, directed by Janice Browning, Chapter I teacher.

As children generally model their attitudes from their parents, parents' attitude toward the school and learning is most important in the child's success in school. Parents were encouraged to speak positively of the school and the teachers in front of their children. Parents also were encouraged to speak directly with the teacher first about any concerns the parent has about their child's education.

Consistency in discipline was outlined. Poor and inconsistent discipline can cause a "Brat Infestation" to occur in homes and schools. Consequences, rewards and punishment were highlighted as ways to change behavior.

Parents must decide the behavior and changes they want to occur and through their positive attitude, consistent discipline and reasonable view of their child, they can effect

those changes for the desired peace and harmony in the family.

Children need constant reminders of their love and self worth to develop into independent responsible doers. When faced with positive or negative consequences before the fact, the child then chooses his/her behavior, thus choosing his/her consequences. He/she alone learns each is responsible for the actions by the choices made. The parent then becomes the enforcer and not the referee.

The school expressed its thanks to parents who attended. The school and the home bridge the gap for the child's education. Meetings like this one work to build that bridge stronger so that each child's success in education is greater.

## Abilene artist has demonstration

Sarabeth Clevenger of Abilene was guest artist when the Brazos West Art Club met Feb. 12 in the Haskell National Bank building.

She worked with pastels during her demonstration and also displayed several of her series of bridge paintings.

## BECAUSE HE IS ONE OF US

Dear Friend:

We have a lot in common here in west central Texas. We share a glorious history. Our ancestors worked hard, sometimes had to fight hard, to make our land productive and secure.

We believe in the Lord, in ourselves, and in our families. We want steady work, a fair price, and a healthy economy. We want our children to have a good education and an opportunity to build their future here at home.

In order to accomplish these goals we need a state government that furnishes quality services efficiently and economically. A government that stands by our sides and stays off our backs.

I believe we can do better, that's why I'm running for State Representative. I know by working together and carefully using our resources we can make sure Texas' best days are ahead of us. I ask for your vote and support in this effort.

Thank you,

## Moeller announces for clerk

Rhonda Moeller, democratic candidate for County Clerk, has issued the following statement:

I would like to take this opportunity to make a statement to the voters of Haskell County and to ask for your vote on March 13.

I was raised in O'Brien where I attended school and graduated from O'Brien High School in 1973. My parents are Mr. and Mrs. Coy Hewitt of O'Brien. I am married to Allen Moeller who is employed by Throckmorton Land and Cattle Co. We have two children, Kelli, age 8, and Casey, age 6, both students at Haskell Elementary. I am a member of the First Baptist Church in Haskell.

I have five and a half years previous experience in the County Clerk's office. I worked for three and a half years as deputy clerk, then in October of 1979, Sue Fincher resigned as County Clerk and I was appointed by the Commissioners Court to fill the vacancy until the next general election. I ran unopposed in that election and held the position of County Clerk until July of 1981 when I resigned to stay at home with my new daughter.

I felt that with a newborn baby I could no longer devote full time to the job of County Clerk and it would not be fair to the taxpayers of Haskell County for me to stay in office and not be able to fulfill all my duties, so after much consideration I made the decision to resign for the best interest of my family, and also for the taxpayers of Haskell County.

My children are both in school now and I will be able to devote full time to the position of County Clerk if I am elected. I made the decision to run for this office because I need the job and the work is what I know and like best. Since I have almost six years previous experience I feel that I am well qualified for the job.

In my campaign I am trying to see each of you but due to the county being so large there will be some that I will miss but I hope that you will consider me for County Clerk on March 13. I ask for your vote and support.

Thank you, Rhonda Moeller

Among those present were all five of their grandchildren.

Mrs. Wilson is the former Vera Strickland of Rochester.

## Whorton heads White campaign

Former Gov. Mark White has named Jack Whorton coordinator in Haskell County for his 1990 gubernatorial campaign.

"Mark White is the only candidate for governor who has a proven track record of leadership," Whorton said. "I support him in this race because he knows what needs to be done and how to do it."

"Gov. White stood up and did what he believed to be right for Texas, and his tenacity is paying off," Whorton said. "His efforts to improve the quality of our educational system are unparalleled in Texas history. I'm committed to working for his election in 1990 so he can finish the job he started."

White said support of his 1990 gubernatorial campaign continues to grow by leaps and bounds. "Grassroots support has always been vital a element in my success," he said. "I think people realize that despite the toughest of economic times, my administration pushed hard to keep Texas moving forward."

"The road toward meaningful progress is rarely smooth," White added. "But we must remove any obstacles that stand in our way. We cannot tolerate complacency in government; we must strive for more."

Anyone with questions regarding the White campaign in Haskell County may contact Whorton at 997-2310.

# --Weinert--

by Myrtle Phemister

The "baby boom" continues in Weinert, as Miss Kayla Danae Harbers arrived on Feb. 15 at Hendricks hospital in Abilene.

She weighed 6 lbs. 11 oz and is 18 1/2 inches long, including a headful of lovely brown hair. She will bless the home of Donnie and Shelia Harbers, and brighten the lives of Dustin and Lanona, her brother and sister.

Kayla's father is pastor of the First Baptist Church, and will add one to the attendance roll. Congratulations, Harbers.

Congratulations to our Coach Forehand and Little Dribblers who brought home two first place trophies from the Benjamin tournament.

Grades Kindergarten through sixth grade were entered in the tournament.

Our children who are joining the Haskell Little Dribblers are Andrew Sikes, Jace Yates, Heather Guess, Charisse Felty, T Nichols, Dusty Yates, Heath Guess, Jeremy Harlan and Cory Wood.

Dribblers will play on Mondays, Tuesdays, Thursdays and Saturdays and the schedule is forthcoming.

Donnie Harbers reported there were 38 in attendance at the Valentine dinner hosted in the Fellowship Hall of the Baptist Church on Feb. 14.

Games of "Family Feud" and "I'm Telling" were played after the dinner and devotion.

Ernest McGuire is not well this week, but he and Louise are enjoying a visit from their daughter, Becky Fry, of Bowie.

Sunday visitors were Tommy and Selina McGuire, with Brooke and Brandon, of Haskell.

The weather is so unpredictable, we have had some showers, some freezing temperature, and some beautiful spring-like days. It proves the saying, "If you don't like the Texas weather, just wait, it'll change".

We will sing "Happy Birthday" to Erlinda Mayfield, Bill Briscoe, Florence Alexander, Doris Carroll, Sherri Ejems and Mary Murphy. Happy birthday, all!

Bob and Crystella Raynes were honored on their wedding anniversary with a weekend retreat

at the Embassy Suites in Abilene with their children and in-laws hosting the party.

Those in attendance included Roberta and Frankie Jenkins, Haskell' Mary Nell and Don Colthrop, Seymour; Patsy and George Shawyer, Holliday; Delores and Ronnie Stewart, Munday; Dorothy and Bill Jetton, Brownwood; and Bobby and Betty Raynes, Weinert.

There are 52 in the Raynes family now, with 3 more expected this summer. Congratulations!

Buck and Helen Turnbow were honored on their wedding anniversary with a dinner hosted in Stanton by their daughter, Jeanene and Gene Perry, and granddaughter, Carla and family.

Congratulations are in order for Francis Mahan upon the arrival of another great-grandchild, a daughter, Leslie Ann, who was born to Mr. and Mrs. Bruce LaRoque of Odessa.

Guests in the home of Clyde and Otie Mayfield were their daughter, Couilla Cunningham of Ransom Canyon and her friend, Carolyn Holley, of Beaumont. Couilla and Carolyn were co-

teachers in the San Antonio schools a few years ago, and have continued their friendship.

Jeff and Lisa Teague, with Missy, Justin and Maggie, of Haskell, were here for a visit with Jeff's mother and grandparents, the Clyde Mayfields.

Judy Anderson, with Melissa and Valerie of Wylie spent the weekend with her mother, Mildred Offut, and attended worship services at the First Baptist Church on Sunday.

Guests in the Leonard and Linda Mahan home were their daughter, Michelle Saddler with Megan, Malori, and Tabitha, and their son, Len Mahan, all of Mineral Wells, and a friend, Alicia Sherman of Denton.

They all attended worship services at the Church of Christ on Sunday.

Other visitors at the Church of Christ included Mr. and Mrs. Tracy Cartwright with Matthew and Ashley and evangelist Bob Brannon of Benjamin.

Bob Brannon will be guest speaker at the morning service again next Sunday.

Marcus Phemister was guest speaker at the Wednesday evening service.

The Foursquare Gospel Church members were honored with a visit from Nancy and David Stone, missionaries from Mexico City, who were guest speakers at the church on Sat. evening.

The Stones, with their three children, have spent 3 1/2 years on the mission field in Mexico and are now on their way to be missionaries to the country of Venezuela.

They are formerly of Knox City, having pastored the church there several years ago and many of the members from Knox City, Hamlin and Rochester were present for a "full-house" attendance to hear their report.

Floyd and Hellen Stout were in the Ft. Worth area last week for a visit with a host of relatives and friends and to be at the bedside of good friend T. B. Smith of Bedford, who underwent surgery for clogged arteries, and faces a heart by-pass surgery this week.

We extend sympathy to Henrietta Rueffer at the untimely death of her cousin, Amanda Moeller Teichelman of Sagerton, who passed away this past weekend.

The Rueffer's have been ill with colds and flu and are moving slower than usual.

The Henry Rueffers family has not been well all winter, but spring will be here soon, with good health to us all.

Nathan Sikes has been quite ill with the flu, as has Trishia Horan and a few others. We wish them all a quick and complete recovery.

Space will prohibit listing all those who have been to town to meet Jacob Herricks, son of Todd and Angela Herricks, who arrived home from Hendricks on Wed. night, but Aunt Tammy and Uncle Bernie Kimmel, with Tiffany and Joshua of Lubbock are special, so we will let you read Jacob's book to learn how many come to welcome him to Weinert. Welcome, Jacob!

Our sympathy to Toby Yates upon the death of a sister-in-law, Daisy Yates of Goree, whose memorial services were held on Sat. at the Baptist church in Goree. Alice and Toby were in attendance.

Barry Walker of Abilene spent the weekend with his parents, Doris and Jerry Walker.

Mollyc Estrada spent the weekend in Snyder and attended a youth group meeting of SEARCH at the Catholic Church. Her parents, Mr. and Mrs. Julian Estrada with Monica and Ezequiel attended the closing ceremony on Sat. night.

Mr. and Mrs. Tommy Sorrells

with Luke, Levi and Tabitha of Weatherford were in Weinert for a visit in the home of her parents, Woody and Georgia Turnbow, and attended church with them at the First Christian Church in Haskell on Sunday.

Sympathy is extended to the Adams family upon the death of Herschel Adams of Holliday who passed away Sunday night. He was a brother to Bud Adams, and was a great baseball player. He was 63, and lost a battle with cancer.

Congratulations to W. R. and Joyce Hager upon the 2nd place and two 3rd place winners their calves brought home, raised and shown by their grandchildren at the 59th Junior Beef Show held at Wichita Falls on Friday and Saturday.

The show is sponsored by the Wichita Jaycees and this show was dedicated to the memory of Lowell Cure, long-time county agent in the Wichita area of the 31 counties represented in the district. Mr. Cure died in Dec. 1988.

Out of town guests of the Hagers were Mr. and Mrs. Lloyd Goodner of the Goodner ranch in Texhoma, Okla., who came to spend the weekend and attend the Wichita Falls show.

A huge thank you to Larry Brueggeman and Ronnie Chapman who had prepared the football track road for the Weinert "walkers" around the football field. It is great and everyone appreciates your kindness! Thank you.

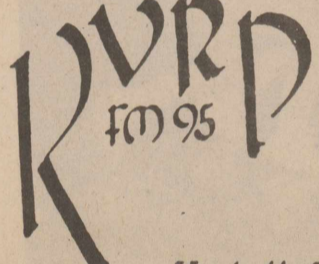

Have a nice day!

by Pauline Couch  
Vice-President & Cashier (Retired)

Haskell National Bank emerged into the twentieth century with G. R. Couch, Sr. beginning his long tenure (1901 - 1922). Previously, Mr. Couch had been County Clerk, District Clerk, and County Surveyor. His starting salary as an officer and director was \$100.00 monthly, and he later became C. E. O. of the bank.

Haskell National Bank was cultivating an envisioned steady economy and becoming a vital influence on the financial structure of Haskell County by encouraging and financing varied agribusiness growth. By 1907, with deposits in excess of \$100,000, a new safe and burglary insurance were purchased and the rent on "upstairs offices" was raised to \$5.00 per month.

## Maidens end year in double OT loss

The Haskell Maidens' basketball season came to a close Friday night, but no one was asking for a ticket refund.

gym. It was a tough loss for Coach Kerry Gartmann's Maidens, who had overcome a 26-12 halftime deficit to take a 32-31 lead at the three-quarter mark.

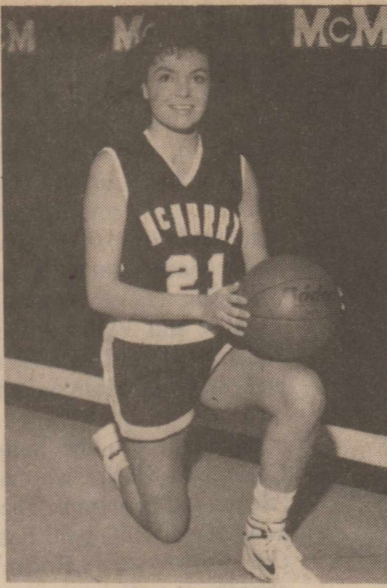

The regulation game ended at 37-37. Each team scored 6 points in the first overtime to leave the score knotted at 43-43.

Wall went ahead by 2 on a pair of free throws in the first overtime, but Missy Davis's field goal knotted the score again. A Wall field goal put Wall ahead again but two free throws by Amanda Diaz knotted the score at 43-43.

In the second overtime, Ulrich scored at the 2:40 mark, but Diaz countered with a basket at the 1:42 mark. Wall stole the ball with 30 seconds left and held for the last shot, which Ulrich made.

Davis paced the Hskell scoring, getting 21 points on eight field goals (one 3-pointer) and 4 free throws. Diaz scored 12 and Sheila Unger had 8.

## Sixth graders writing letters

Haskell sixth-graders have been busy writing letters to people all across the country.

They participated in Ann Landers' Valentine Vet program.

A recent Ann Landers column reported that "Last year, Ann Landers received more than 1.5 million valentines which were distributed by 100 volunteers who worked around the clock to re-box the valentines and ship them to 171 medical centers around the country."

The sixth-graders made valentines using construction paper, wrote brief letters to the veterans and included their names and addresses. Now they are waiting to hear from the veterans who received their handmade valentines.

Class members also exchange letters with a class in Goffstown, N. H. Many of the students seem to enjoy their pen pals and eagerly await replies from the New

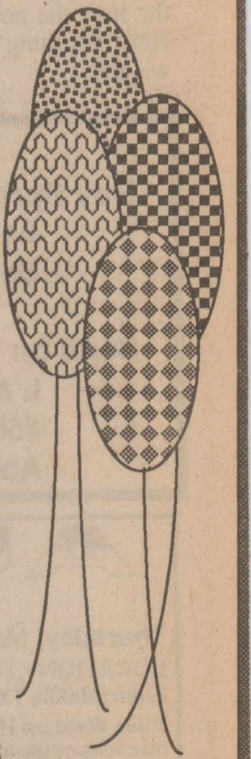

Hampshire students.

Also, the sixth-graders write Karl Welsh of Boston who touring the United States on bicycle. He left Massachusetts last summer, arrived in Haskell December and spoke to the class about his travels. He is spending the winter in New Mexico with friends and plans to pedal California in the spring.

Class members have written letters to Karl and also have made valentines for him, including letter in each.

"My goal is for students to use their writing ability as a life skill rather than as a skill to be used mainly at school," says Debb Earles. "Grammar skills are important, but more important is letting students learn how expressive and powerful writing can be."

We were very sorry to hear about the home of Mr. and Mrs. Gene Muhle being burned early on Thursday morning. We understand that Mr. Muhle was hospitalized at the time, and that nobody was home. A fund has been set up at Farmers National Bank in Rule to help this family.

Congratulations are sent to the Jeffrey Sorrells, who were married this past weekend at the Primitive Baptist Church. We wish this couple a long, happy married life.

On Thurs., Feb. 13 Pete Elliston, Leon and Mattie Little of Iowa Park visited Terry and Anita Weaver, and had lunch with them.

On Tues. night, Feb. 13 the Rule boys basketball team had a play-off game with Jayton at Hardin-Simmons, and lost the game 70 to 67. However, they ended up in second place in district 17-A, and will meet Munday for a game in Haskell Feb. 22. At the time of this writing, the game has not yet been played, but will be history by the time the newspapers come out. Here's hoping that Rule was the winner!

The Little Dribblers took part this past weekend in a tournament, which was held at Benjamin.

Ruth Wilcox, Molly Cannon and Orheana Greeson attended the program: "Ballad for Americans--Parade of American Music" on Tuesday night in Stamford. This was a performance by the Stamford Music Club, and was quite enjoyable, they reported.

Wasn't the recent rain great, though?

The elementary students enjoyed Valentine parties in their rooms on Wednesday afternoon.

Vicky Anderson, a daughter, son-in-law and two granddaughters were in Abilene this past Friday night. One of the granddaughters had two guests with her Stephanie Pepper and Hannah Williams from Knox City. The group spent the night with the Danny Kittleys. The ladies attended the "Sing-Song" in Moody Coliseum that night. Mrs. Anderson met her cousin, Valeta Mullins, there, also.

On her way home on Sat., Mrs.

Anderson visited with her friend, Bobbye Anderson, who is still a patient in Hendrick Medical Center. Mrs. Jack Peters was also visiting. Bobbye has improved enough that she is now in a private room and no longer in the Critical Care Unit.

Rex Murray has been a patient in Stamford Memorial Hospital with pneumonia, and is doing better at this time.

Russell Mullins of Winslow, Arizona was the guest speaker at the Sunday morning services of the Church of Christ. He and family plan to go to Tortulla in the Virgin Islands as a missionary in the near future. He is married to the former Debbie Hindsley, daughter of Don and Claudia Hindsley.

A group of members of the Church of Christ visited in Rice Springs Care Home this past Sunday afternoon. Those visited were Steve Ezzell, Duke Stone, J. C. Hargrove, Lois Speck, Madgie Allison and Henrietta Stegemoeller, Benton Free and many others. They also visited Chick Norwood at Haskell Nursing Home.

Congratulations to Melinda and Danny Hisey who won a Valentine package last week from Wizard-103 in Abilene. A limousine will pick them up, take them to the Royal Inn, and on another night, if they choose, they will have theatre tickets to a show of their choice.

Several area residents attended the 72nd annual Bible Lectureship

at ACU, which was held through Wednesday of this week. The theme is "Luke: A Gospel for the World." Lectures were held at 9:45 a.m. and 7:30 p.m. with numerous classes. On Monday your writer along with Alma Counts, and Faye Webb met Valeta Mullins of Hamlin at Anson and the ladies attended the lectures. Then, on Tuesday morning Retiuh Keahey and Vicky Anderson met Helen Boykin of Weinert in Haskell and the group again went to ACU.

Reminder to the ladies of the Church of Christ who are in the "Secret Pal" program: There will be a supper at 6:30 p.m. Feb. 27th in the Fellowship Room at the church. It will be a covered dish supper.

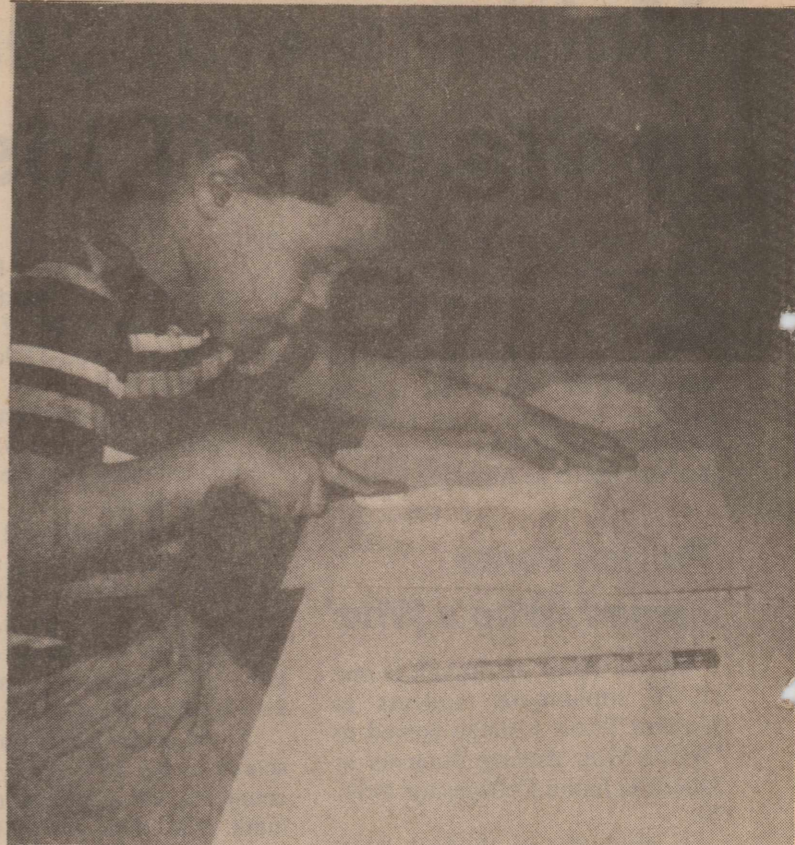

Sheri Sorrells was honored with a gift tea at the Methodist church on Sunday, Feb. 18. Hostesses were Gerry Townsend, Jere Kittley, Bertha McQuinn, Shirley Rhoads, Nelwyn Beakley, Zeola Norwood, Ann Petty, Dora Torres, Helen Pierce, Orheana Greeson and Donna Saffel.

A thought to ponder: "Footprints in the sands of time were not made by sitting down."

Odessa Hatfield of Abilene, her son: Jerry Ray Hatfield of Stamford and their friend, Marvin Burgin of Hawley spent last Sunday with Delanie Camp. They had lunch at Haskell.

Junior Camp was in Haskell to attend the funeral of his friend, Guy Kennedy. He had supper with his mother, Delanie Camp.

## Dental health

T. J. Yates, a Weinert pre-kindergarten student, brushes a tooth with real toothpaste and toothbrush as part of his dental health studies. Dr. Cliff Ray gave T. J.'s class a tour of his dental office last week.

**Meetings to stress preparation of food**

Are you looking for some new and different recipes to help you solve the constant question homemakers ask: "What kind of new fruit or vegetables can I fix for supper tonight?"

To find the answer to this question and to find out everything you always wanted to know but were afraid to ask, make plans to attend a series of meeting concentrating on purchasing, storing and preparing different and unusual fruits and vegetables.

This series of meetings is sponsored by the Home Economics Committee of the Haskell County Extension Program Council.

The meetings will be held on two consecutive Monday nights, March 5 and March 12, beginning at 7 in the county extension office kitchen at 101 S. Ave. D in Haskell. There will be a charge of \$2 for each meeting.

On March 5, Lou Gilly, county extension agent-home economics, will conduct the meeting on

conventional methods of cooking fruits and vegetables. On March 12, Lisa Hoff, electric living consultant with West Texas Utilities Co., will conduct the meeting on microwave cooking of unusual fruits and vegetables.

For more information, contact Lou Gilly at 864-2546.

**Some constructive advice for a more energy-efficient home.** If you're in the market for a new home or just remodeling an existing one, find out about WTU's Energy Saving Plan.

As a WTU customer, you can qualify for \$500 cash when you build or remodel to meet Energy Saving Plan requirements.

You'll save money on your electric bill because a home meeting Energy Saving Plan requirements features extra insulation in the walls and attic, energy-efficient windows and doors, and high efficiency heating and cooling equipment — like the electric heat pump. A heat pump heats your home in the winter then cools it in the summer. And a heat pump delivers twice the energy it uses. That's savings!
