Haskell soldier in Saudi Arabia

The Middle East crisis has reached closer to home with the deployment of a Haskell County soldier to Saudi Arabia.

M/Sgt. Clarence Dukatnik of the 10th Airborne Division at Fort Campbell, Ky., left Sept. 14 to join American forces in the Saudi desert.

A 20-year service veteran, Dukatnik was born and reared in Paint Creek. He is the son of M. L. and Agnes Dukatnik of Haskell. His wife, Madeline, lives at Clarksville, Ky., near Fort Campbell.

Enchilada supper planned by Rotary

You can eat enchiladas before Friday night's football game against Winters.

The Haskell Rotary Club will have its annual enchilada supper in the school cafeteria. Serving will be from 5:30 to 7 p.m.

Admission will be \$4 for adults with children under 12 admitted for \$2.50.

Proceeds will benefit the Rotary scholarship fund.

Spanish classes scheduled at Rule

Registration for adult Spanish classes in Rule will be at 6 p.m. Monday, Oct. 1, in the Rule Elementary School.

Classes will begin Oct. 8 and will meet each Monday at 6 p.m.

Dora Torres will be instructor. The classes are free.

Boosters to serve hamburgers Oct. 4

Haskell Indian Booster Club members will have their annual hamburger supper next Thursday, Oct. 4.

Hamburgers with all the trimmings and peach cobbler will be served from 5 to 7 p.m.

Tickets are \$3.50 per person and may be purchased at Sport-About or from club members and athletes. Tickets also will be sold at the door.

Poll finds Perry narrowing gap

A new poll conducted by Southwest Research Associates of Lubbock indicates Republican Rick Perry is closing the gap between him and Agriculture Commissioner Jim Hightower.

The poll, done Sept. 11-12 in Lubbock County, shows Perry down only 7 percentage points, 30 to 37. The previous poll on June 4-5 saw Hightower with a 17 percent lead, 48 to 31.

"Once people get to know about Hightower's scandals, far left liberalism and lousy record as agriculture commissioner, he sinks like a rock," said Perry. "He's lost a third of his support in three months. The race is there for us to win."

Reedy announces drawing winners

D. I. White was winner of 100 gallons of gas or diesel at the drawing held last Thursday at the Reedy Co. open house.

Jerry D. Klose won 50 gallons of gas or diesel and Trey Burson won 25 gallons.

Winners of an oil and filter change were Dolores Medford, Melba Howard, Emma Fettsch, Jerry D. Klose and Bill Pannell.

Band Boosters

Band Boosters will meet Monday, Oct. 1, at the band hall. The meeting will begin at 7 p.m.

Player of the week

The Indians' Jonathan Dever receives an award from channel 12 at last Friday's pep rally for being named by the television station as the Big Country's player of the week the previous week. Recognition came for Dever's game against Seymour when he rushed 33 times for 193 yards and scored three touchdowns.

Indians open 7-2A against Winters

Now that all the preliminaries are out of the way, the Haskell Indians wade into the expanded district 7-2A schedule Friday night, hosting new member Winters with kickoff scheduled at 7:30.

Beaten last week by Electra, 45-12, the Indians posted a 1-2 non-district record, the same as Winters. Haskell's lone victory was over Seymour two weeks ago, following an opening loss to Munday.

Winters won its first game, a 16-14 verdict over Coleman, and hasn't scored since, losing to Coahoma, 20-0, and last week to Goldthwaite, 19-0. But both losses have been to first-class teams.

Haskell will be crippled for Friday's game. Jeremy Fuentes, who suffered a hand injury in the

second quarter at Electra and sat out the rest of the game, probably won't play Friday, Coach Walter Hargrove said Tuesday.

And tailback Jonathan Dever won't be at full strength. He suffered a toe injury in the Electra game and is still favoring the injury.

Although soundly beaten, the Indians moved the ball well against a good Electra team. Four times, they got inside the 20 and six times inside the 30, but scored only twice. "We had our chances, but didn't score," said Hargrove. "They scored when they had a chance."

Electra, which improved its record to 2-1, played its best game of the year, said Coach Martin Bateman.

Perry endorsed by ag organization

State Rep. Rick Perry, Republican candidate for Texas Agriculture Commissioner, garnered the official endorsement of the Texas Citrus and Vegetable Association last week.

"This is the first time in the organization's 48-year history that it is supporting a political candidate," said W. E. Weeks, executive vice president.

"Our membership numbers slightly over 300 companies and individuals who are directly or indirectly involved in growing, harvesting, packing and marketing citrus and vegetables," Weeks said. "Our numbers have declined during the past eight years, and the present commissioner is directly responsible for much of this demise."

Perry said, "The TCVA is supporting a candidate for the first time. That indicates just how strongly they feel about Hightower's abuse and lack of leadership."

Perry also picked up the endorsement of Kim Dawson,

president of Kim Dawson Agency and former fashion director of the Dallas Apparel Mart.

"I personally don't get involved in politics, but after I met Rick Perry, I knew I had to get involved in this race," said Dawson.

"We have wonderful, quality resources in this state and we need to capitalize on them," Dawson said. "Rick Perry is one of those quality resources. He's a Texas farmer and rancher. He's bright and knowledgeable, and he can work with all segments of the industry whether it be producers, millers or fashion executives."

Fist lady Rita Clements focused on Perry's leadership qualities in her endorsement prior to a fund-raiser in Dallas Sunday.

"Rick Perry can lead Texas farmers and ranchers into the 21st century with his hands-on knowledge on the farm and in the capitol," Clements said. "He is a bright star in Texas politics. His values, integrity and sincerity convince me that Rick Perry needs to be elected."

Schools aim for perfect attendance

Haskell schools will strive for perfect attendance during four weeks in October and will offer incentives to students to help accomplish this goal.

Each student with perfect attendance from Oct. 1 through Oct. 26 will receive a certificate, redeemable for \$10 in merchandise from participating merchants.

In addition, a \$5 gift will be awarded daily through a drawing from names of students.

The schools are stressing the

importance of daily attendance for two major reasons: (1) A student who is absent loses because of the teaching he/she misses, and (2) daily attendance means money to the school from the state, which helps the local taxpayers.

Past experience has shown that students enjoy getting personal recognition for their determination to be in school every day. At the same time, parents get to participate by helping to encourage students to succeed.

Jennifer Comedy has grand champion lamb

Jennifer Comedy of the Haskell 4-H Club showed both the grand champion and reserve champion market lambs at last week's annual Haskell County Fair. She also had the reserve champion breeding ewe.

Josset club meets with Mary Abbott

The Josset Extension Homemakers Club met Sept. 1 in the home of Mary Abbott.

Margaret Jones, president, presided. Mary Abbott read a poem, "Working for Peace," for opening exercise. Then all repeated the TEHA prayer.

Roll call was answered by 16 members by making a wish for the one sitting to the left. Everyone wished for others, health, peace and happiness.

Minutes of the last meeting were read and approved and the treasurer's report was given.

Mary Abbott, chairman of the committee working on the fair exhibit booth, showed the plans they were working on, "Life in a Pressure Cooker." All agreed that they had some wonderful ideas and they would do a super job on it as they always do.

Flo Holder and Earmal Bevel will attend the leader training Sept. 19, "Calcium for Prime of Life," then they will present this program, to the club Oct. 9 in the home of Augusta Owens.

Edna Anderson led the group in a challenging game.

Delicious refreshments were served to Edna Anderson, Phylcia Bailey, Earmal Bevel, Joyce Davis, Sarah Hodge, Flo Holder, Margaret Jones, Reatha Mullins, Gladys O'Neal, Augusta Owens, Eloise Perrin, Mildred Robertson, Martha Toliver, Dorothy Trussell and Margaret Wall.

Reatha Mullins and Margaret Jones are delivering meals for ECC this month.

Mr. and Mrs. Michael Iley

Sandra Potts weds Michael Iley

Sandra Louise Potts and Michael Don Iley, both of Dallas, were united in marriage at 5 p.m. July 21 in the First United Methodist Church of Haskell.

The bride is the daughter of Mr. and Mrs. Bob Cass of Haskell and Lloyd Potts of Greenville. The bridegroom is the son of Lenda and Leroy Campbell of Haskell and Jerry Iley of Waco.

The double-ring ceremony was performed by the Rev. Kenneth Kirk, pastor of the First United Methodist Church of Haskell and Paint Creek.

Vows were exchanged before leaf greenery, calalilies, roses, stefanadas, orchids and fern on

candelabras, candles decorated each side of the altar.

The bride was escorted down the aisle by her stepfather and given in marriage by her parents.

She wore a long white morray taffeta gown with hand-decorated appliques, trimmed with sequins, rhinestones and pearls. The gown had long puffed sleeves and a dipped waistline. The veil and appliques were handmade by the bride and groom the gown made by the mother of the bride.

The bridal bouquet was a cascade of cala lilies orchids, fresia, ivy, stefanados, fern and roses.

In keeping with tradition, the bride wore a ring for something old

and borrowed that belongs to her maternal grandmother, Nell Power. Something new was her gown and something blue was her garter.

Matron of honor, Judith Yowell of Sherman, the groom's sister, wore a full-length taffeta gown with black bodice, bow and ruffles and white skirt.

Best man, Adrian Byrd of Dallas, wore a black tux with boutonniere of stefanadas.

Flower girls were Amanda Iley and Rachel Moran. They wore black satin gowns with a garland of dried flowers on their heads.

Ring bearers were Mitchell Sanders and Daniel Iley. They wore white shirts, black slacks and bow ties with boutonnieres of roses.

A reception followed immediately after the ceremony in the church's fellowship hall.

The bridal cake was served by Sandy Reeves of Cleburne. The white tiered cake was decorated with fresh flowers.

The groom's cake was Italian cream and was served by Joyce Bullock of Dallas.

The bride graduated from Haskell High School in 1984 and attended Western Texas College.

Birthday party honors Fischer

Herbert Fischer had a surprise birthday party Sept. 22 in the Haskell National Bank Community Room.

It was hosted by his children, Carolyn Sageviel and family of Seguin, David Fischer and family from Plano, Marilyn Johnson and family of Lockhart and Dale Fischer of Haskell.

More than 76 from various parts of Texas attended.

For your information

The following information is printed for our agricultural use customers.

Huge agricultural stake in budget summit

At present, the deficit is so big that Gramm-Rudman would force across-the-board cuts of 31.9% (maybe more) in government programs. It would cause such economic chaos in this country that voters would rise up in holy outrage.

That's why we're so confident Congress will eventually come up with a plan to escape the G-R meat axe, even if the projected deficit reductions are largely accomplished with smoke and mirrors! But just so you know how high the stakes are, here's a thumbnail summary of USDA's "impact statement" for a 31.9% sequester:

Federal meat inspection staff

Federal meat inspection staff would be drastically reduced. Since packing and processing plants cannot operate without federal inspection, it's estimated plants would have to shut down an average of 137 days, causing vast "back-up" of animals ready for slaughter, overfeeding, sharply reduced prices to farmers, increased waste, and loss of as much as a *billion dollars a day* to the economy. USDA says the strain would "erode the high level of safety of the nation's meat and poultry products." Talk about fodder for another consumer meat scare!

1991-crop deficiency payments

1991-crop deficiency payments would be 31.9% lower than you'd otherwise receive. Current projected loss: \$900 million.

1991 crops under loan

If you put 1991 crops under loan, you'd get only 68.1% of the established loan rate. Projected loss of cash flow: \$1.8 billion.

ASCS cutbacks

ASCS would have to furlough more than 20,000 county employees and close your county office two days a week. This would cause major delays in administering farm programs, issuing checks, etc.

CRP checks less

If you have land in the CRP, your rent check could be as much as 31.9% less than what your contract states.

Welfare fraud could increase

Apparently more "sacred" than a signed CRP contract, welfare "entitlements" such as food stamps, child nutrition programs and WIC (women, infants and children) programs are not subject to G-R reductions. Cuts would come in administration. USDA says the first to go would be staff assigned to prevent fraud in these programs; possibly more would be lost to increased fraud than is saved by the sequester!

FmHA staff cuts

FmHA would suffer drastic staffing cuts, delaying efforts to restructure about \$5 billion in bad debt, forcing more borrowers into bankruptcy and increasing government losses.

Commodity exports halted

A substantial portion of commodity exports under P.L.-480 (Food for Peace) would not be shipped, reducing exports and farm prices.

APHIS inspection cuts

Animal and Plant Health Inspection Service (APHIS) staff would be sharply cut, increasing the risk of importing serious plant and animal diseases into the country. It would halt recent emergency efforts to eradicate the Mediteranean fruit fly and ongoing research to eliminate brucellosis, pederabias and the Russian wheat aphid.

Investigations delayed

Packers and stockyards administration investigations would be cancelled or delayed, increasing risk of loss to livestock and poultry producers from weight fraud, bribery and other white collar crime.

Layoffs of researchers

There would be heavy layoffs of extension researchers and scientists, reducing their ability to deliver new technologies to improve competitiveness and address environmental issues.

Electra downs Indians, 45-12

Electra downed the Haskell Indians, 45-12, in Electra Friday night as the Indians closed out their non-district schedule with a 1-2 mark.

Tiger quarterback Travis Box put his team out front for good midway through the first quarter with a 23-yard field goal after a Tiger drive stalled at the Haskell 6.

Early in the second period, Clark Jones ran 7 yards for a touchdown to finalize a 96-yard drive begun in the first period and Box kicked the extra point to put Electra ahead, 10-0.

The Indians countered with a 72-yard drive, climaxed by Jeremy Fuentes' 6-yard run. Jonathan Dever had runs of 34 and 9 yards in the drive.

But Electra struck back, marching to its second touchdown in six plays after the Indian kickoff. Box scored the touchdown from a yard out and then kicked the extra point to make it 17-6, where it stood at halftime.

Electra put the game out of reach with two touchdowns within 22 seconds in the third period. A 23-yard pass from Box to Tyrone Weaver made it 24-6 after Box's extra point. After Haskell lost the

ball by fumbling the kickoff at its own 13, it took the Tigers just two plays to add another score, Brandon Lynn getting the touchdown from the 3.

Erik Harvey then returned the Electra kickoff 47 yards from his own 8 to the Electra 45. Seven plays later, Dever scored from the 7 to narrow the gap to 31-12.

But Electra wasted little time in scoring again, going 59 yards in six plays following the Indian kickoff. Box ran 21 yards for the score.

The Tigers added a fourth-period touchdown when Noel Hernandez ran 14 yards for a score.

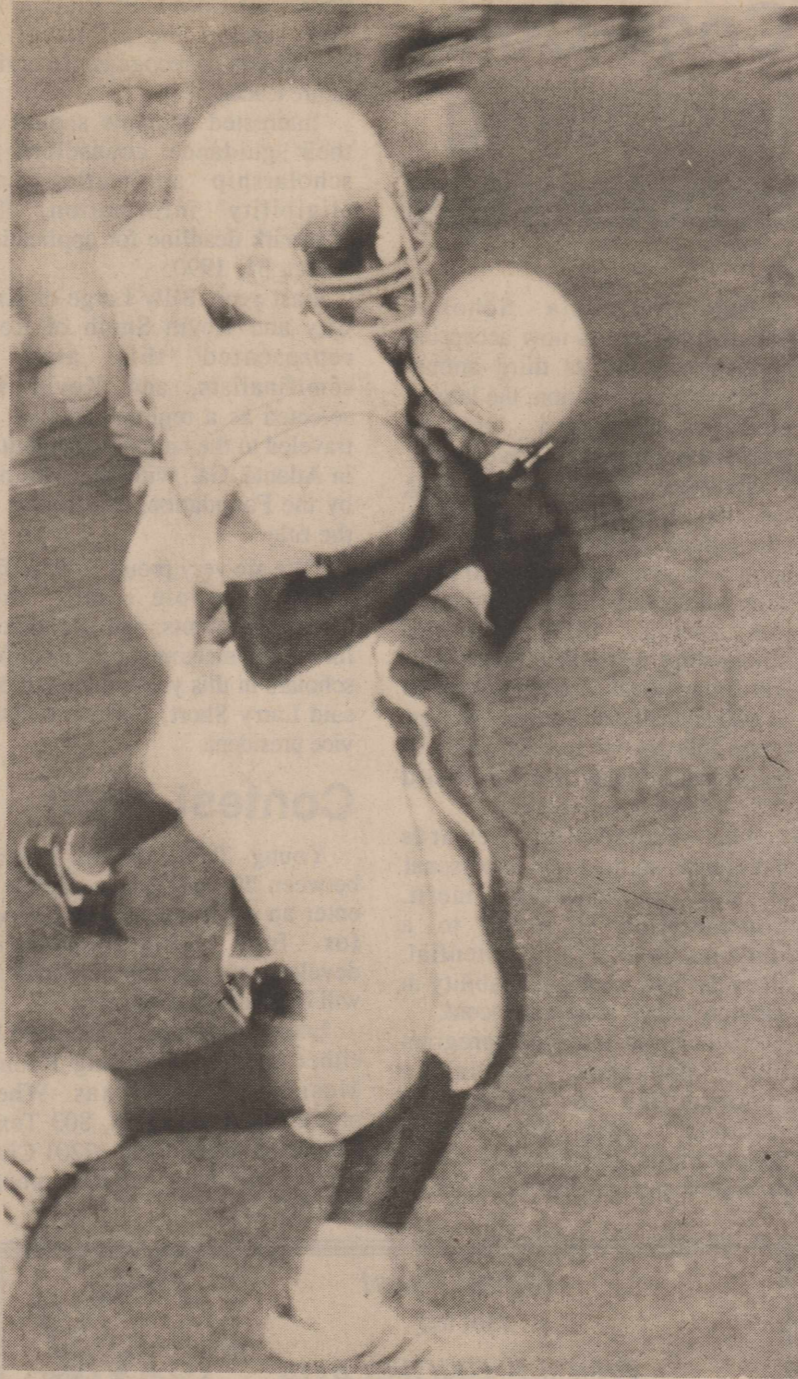

Booster Club

Coach Mark Coffman introduced eight-grade players to Booster Club members Monday night. The coach said he's excited about the team and the cooperation they exhibit.

Special guests introduced were Mandi Pope, Nacole LeFevre, Micca Jordan, Rebecca Unger, Lisa Rodriguez and Heather Hobgood.

Refreshments were served.

Coach Walter Hargrove reviewed last week's game and spoke about the upcoming game against Winters.

"DECISIONS MADE EARLY"

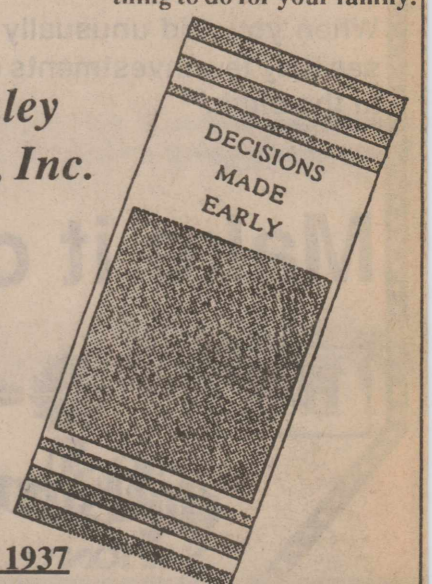

Simply come by or call and we will come by to see you.

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at today's price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.

Commercial drivers must have licenses

The Department of Public Safety is making preparations to license approximately one million commercial drivers in Texas. On Sept. 17, DPS began uniform testing for all currently licensed commercial and bus drivers.

All commercial motorists who drive vehicles in excess of 26,000 pounds or transport hazardous materials that require the vehicle to be placarded are required to have a commercial license (CDL) by April 1, 1992. Bus drivers, including school bus and church bus drivers, who drive buses designed to carry 16 or more passengers, including the driver, will also be required to obtain a CDL by the same date.

Exempt from the CDL requirements are farmers, when they are driving within 150 miles of their farm, military personnel, recreational vehicle operators, and fire fighters when operating fire fighting vehicles or equipment.

Commercial drivers who must carry the new CDLs cannot renew their current licenses due to expire between Sept. 17, 1990, and April 1, 1992. They should plan to visit the DPS driver license offices for CDL testing at least one month before the expiration date.

To ensure that all commercial drivers in Texas who must have the CDLs obtain them in time to avoid

penalties, the DPS troopers are urging them to visit the driver license offices as soon as they have studied the CDL handbook.

CDL license fee is \$40, less \$4 for each year of validity remaining on current Texas driver licenses. Free CDL handbooks are available at all of the offices.

High School Day planned at ACU

Fall High School Day at Abilene Christian University Nov. 10 will be highlighted by the football game between the Wildcats and West Texas State, daily chapel programs, late-night devotionals, campus tours and various kinds of entertainment.

The day is designed to give high school students an idea of what it's like to attend college and to allow them to learn more about ACU.

Registration will run Nov. 9 from 8 a.m. to 10 p.m. and Nov. 10 from 7:30 a.m. until noon in the McGlothlin Campus Center.

Coca-Cola is offering scholarships

The Coca-Cola Scholars Foundation, Inc. is now accepting applications for its third annual scholarship competition, the largest business-supported college scholarship program in the country.

Southwest Coca-Cola Bottling Co., the sponsoring local bottler, encourages graduating seniors to apply and compete for the 150 four-year scholarships to be awarded in the spring. Fifty national scholarships worth \$5,000 annually and 100 regional scholarships worth \$1,000 annually are awarded and are renewable for up to four years of undergraduate study at any accredited U.S. college or university.

The Foundation rewards individuals on the basis of personal as well as scholastic merit. Consideration is given to a student's leadership potential, character and intellectual ability in addition to their academic record.

"This is an excellent program that provides education opportunities to outstanding students," said Charles F. Stephenson, executive vice president and general manager of

Southwest Coca-Cola Bottling Co. "We support the efforts of the Foundation to recognize deserving, future leaders."

Interested students should see their guidance counselors for scholarship applications and eligibility information. The postmark deadline for applications is Oct. 31, 1990.

Last year, Billy Large of Knox City and Kevin Smith of Rotan represented this area as semifinalists, and Kevin was selected as a regional finalist. He traveled to the national competition in Atlanta, Ga., with expenses paid by the Foundation, to compete for the title.

"We are very proud of these fine young people and their accomplishments, and are looking forward to meeting more Coca-Cola scholars in this year's competition," said Larry Short, Abilene division vice president.

Contest open

Young Texas wheat farmers between 20 and 35 are eligible to enter an essay contest to compete for four \$500 leadership development awards of which 60 will be awarded nationally.

Entry forms may be obtained by either writing or calling Rodney Mosier of the Texas Wheat Producers Association, 803 Texas Commerce Bank Bldg., 2201 Civic Circle, Amarillo 79109, phone 806-352-2282.

Marriages have 2-1 edge over divorces

There were slightly less than twice the number of marriages as there were divorces in 1989 in Texas.

Last year, there were 170,964 marriages performed and 93,434 divorces granted, according to Tom Pollard, director of the Statistical Services Division of the Texas Department of Health Bureau of Vital Statistics.

Pollard said the ratio of marriages to divorces has been nearly constant for several years.

The most numerous age group of people who married in 1989 was 20-24 for both males and females (47,771 men and 49,751 women). Divorces were more common among the 25-29 age group, where 20,918 women and 19,022 men ended their marriages.

The largest number of divorces concluded marriages of less than five years (33,692). Some marriages lasted less than a year (4,616).

Among adolescents and teens, 546 females and 43 males younger than 15 were married. Meanwhile, among those 65 and older, 1,839 women and 3,389 men were married. Divorces involving those 65 and older included 893 women and 1,662 men.

About half (48 percent, or 44,909) of the divorces in 1989 involved no children, while 24.5 percent or 22,853, involved one

child. The total number of children involved in divorces last year was 85,042.

Here are the figures for the state's most densely populated counties:

	Mar.	Div.
Bexar	10,398	7,228
Dallas	16,330	12,221
El Paso	7,562	2,968
Harris	27,466	16,251
Tarrant	12,130	7,742
Travis	6,571	3,338

Political sign roads barred

Political signs may be beautiful to candidates and their supporters, but they're litter to the highway department.

The highway beautification act prohibits most campaign signs within sight of the main lanes of any federally funded highway in Texas. Safety rules ban the signs from all highway rights-of-way in the state.

Campaign signs, like any advertisement, can be posted on private property if they are licensed and permitted under current billboard guidelines. However, most campaign signs don't qualify.

Haskell Soil & Water Conservation District

In years past, nearly all of the terrace systems were installed without waterways for complete drainage and were designed to hold the heaviest rain storm which might occur within a 10-year period.

Level terrace systems designed to store excessive rainfall during dry periods worked fine until a critical crop growing period existed and excess water damaged the growing crop. Installation of waterways solved this problem where this practice is feasible.

Another alternative is installation of plastic pipe to drain impounded water in terrace channels. This is not a new idea.

New designs have been marketed and are more effective, less troublesome than a straight joint of pipe. The outlets available today have a riser with trash guard. This riser lets the water flow downward for a designed depth and into a lateral drain pipe. These plastic risers and trash guards are manufactured in bright colors to be easily seen by operators of farm equipment.

Terrace pipe outlets may not be suitable in all cases, but where a working design can be installed, this may be an advantage over using a waterway.

The local SCS assisting the Haskell SWCD is located at 1203A S. Ave. E in Haskell.

Notice of election

Notice of election of director to represent subdivisions Nos. 1 and 2 of the Haskell Soil and Water Conservation District No. 546:

To all persons including the

Party line

Paris and Fannie May Barton of Haskell and Erma Monke Liles of Weinert visited friends in Cleveland and Harrison, Ark.

The 85-year-old friend of Cleveland talked at length on his World War II experiences in the Persian Gulf and Saudi Arabia.

Had an early Thanksgiving dinner at Violet and Harvey Helms in Leadington, Mo., with relatives and friends from Farmington, Flat River, Leadington and Delodge, Mo. Violet is Paris Barton's sister.

Attended the wedding and reception of Becky Barton and John Osborne at Tomms, Ill. She is the daughter of Rev. and Mrs. Harvey Lou Barton.

Erma Monke Liles visited the birthplace of her father, Fred Monke, near Mount Olive, Ill. She visited with Mrs. Alvin Monke, whose father-in-law, Herman Monke, owned land in Haskell County when Erma's grandfather, Fritz Monke, owned land north of Haskell, Erma's birthplace. This was a nostalgic visit.

Then on to Peoria and Chillicothe, Ill., visiting relatives and friends.

Viewing the great Mississippi, Illinois and Missouri Rivers was indeed a beautiful sight, and so much water!

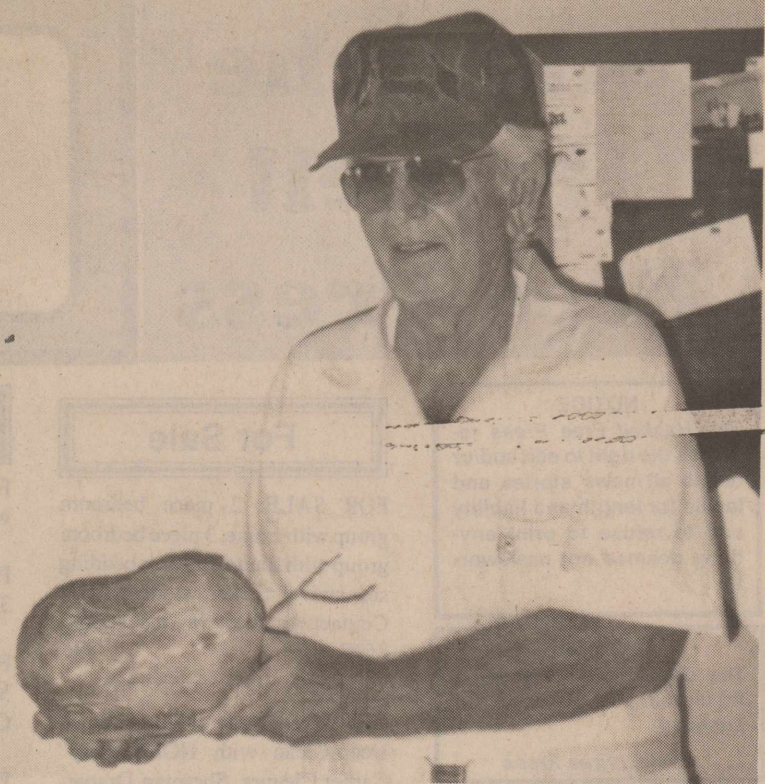

Returned by Fort Worth, visiting the Bartons' children and grandchildren.

Traveled some 3,000 miles but, as usual, was happy to get back to Haskell County.

Erma Monke Liles

designated representatives of family farm corporations who are eligible voters in the above named conservation district as described under the provisions of V.T.C.A., Agriculture Code, Chapter 201, who have attained the age of 18 years, and reside within a county, all or any part of which is included in the said soil and water conservation district, and who hold title to farm and ranch lands lying within said conservation district, notice is hereby given that in accordance with provisions of V.T.C.A., Agriculture Code, Section 201.073, qualified voters of the above named soil and water conservation district will assemble at Haskell SCS Office, 1203A South Avenue E, Haskell, TX 79521 at 9:00 a.m. on the 5th day of October, 1990, then and there to elect one of the qualified voters owning land within Subdivision One to serve as a member of the Board of District Directors of said soil and water conservation district and at Haskell SCS office, 1203A South Avenue E, Haskell, TX 79521 at 9:00 a.m. on the 5th day of October, 1990 then and there to elect one of the qualified voters owning land within Subdivision Two to serve as a member of the Board of District Directors of said soil and water conservation district.

By direction of the State Soil and Water Conservation Board.
