A regular meeting of the Beta Chi chapter of Delta Kappa Gamma Society International was held Saturday, Sept. 29, in the First Baptist Church in Munday.

Maribeth Williams, first vice president, called the meeting to order in the absence of the president, Phyllis Letz. Mrs. Letz was in the hospital. LaRue Reeves gave the invocation which was followed by a delicious brunch, served by Munday and Goree members.

Melodee Christian led the memorials for members Ina Cowan and Anna Decker. LaRue Reeves, Alta McGuire and Dorothy Myers came forward to share memories of Mrs. Cowan. Each told of ways she had been special. Mrs. Christian asked for other comments or memories about Mrs. Cowan. Mrs. Derr, Alice Partridge and Mary Martin had other moments to share. Dorothy Myers and Alta McGuire shared memories of Anna

Decker. Mrs. Decker had not only taught Alta's son and been a fellow teacher but also a wonderful friend. Ann Therwanger, Alice Partridge and Linda Edrington gave special memories of Mrs. Decker. Guests from the Anna Decker's family were her mother, Chat Adams, her daughter Jerry Ann Decker, daughter-in-law Connie Decker and sister-in-law Sherry Adams. A white rose was presented to Jerry Ann in memory of Anna Decker. Members joined in singing "Amazing Grace."

After a short break, Maribeth led the business meeting. The minutes from the previous meeting were read by Cathy Bartley. Margaret Chafin gave a financial report. She told members that as of June 30, Beta Chi had a balance of \$1,238.29. Margaret also said there are 117 members in Beta Chi.

Members were then divided into four groups to brainstorm about ideas for 1991-92 meetings.

Mr. and Mrs. Bill Hager

# Hager couple has 70th anniversary

Mr. and Mrs. W. R. (Bill) Hager Sr. of Lueders celebrated their 70th wedding anniversary Sunday with a family dinner in their home 12 miles east of Stamford.

They were married Oct. 2, 1921, in Jones County and have lived all their married life in Jones County.

They had five sons and two daughters. One son, Jack, is deceased. Another son, Douglas (Dolly) of Brownwood, was unable to attend. One daughter, Margaret Ruth Kiker of Denver, Colo., and her family also were unable to attend.

Those attending were W. R. and Joyce Hager Jr. of Weinert; their children, Sue Stewart and Heather and Justin of Haskell; Stanley and Brenda Hager and their three

children, Eric, Angela and Jeremy of Weinert. Kathy Hager of Houston and Kim and Bobby Howard, Mindy and Rusty and Danny Stewart of Haskell were unable to attend.

Jack's three sons and families, David and Kay Hager, Leslie and Krystal of Lueders; Jay and Joan Hager, Shayla, Ross and Marissa of Stamford; Merrick and Tiffany Hager and Bailey of Lubbock.

Dolly's wife, Sharton, of Brownwood and their children, Cindy and Gary Rinehart, Allison, Ashley and Angela of Stephenville; Tim and Carol Hager, Cassie, Zachary and Benjamin of Brownwood. Doug Hager of Austin was not able to attend.

June Neff of Abilene and her two

daughters, Tricia Garrett of Alpine and Melanie and Brock Carter, Chad and Adam of Abilene.

Chris and Joyce Hager of Clyde. Their sons, Mark and his family of Fort Worth and Stacy and his family of Waco were unable to attend.

Don and Tanis Hager of Paris, Texas, and their daughter, Letitia; Bill's sister Lillian's daughter, Margie (Mercer) Masoomian and husband, Zaven of Plano were also there.

Friends W. D. Smith and grandson, Eric Smith of Stamford; Leland and Becky Nauert of Stamford.

There was lots of good food and visiting and picture taking and a beautiful wedding cake was cut by the couple.

To top off the beautiful day, a large rattlesnake was killed as the children played touch football in the back.

Fifty-two attended the affair.

# King County Fair next weekend

The ninth annual King County Fair is scheduled for Oct. 18-19 at the Arb Piper Community Complex in Guthrie.

The fair is open to contestants in 10 counties, including Haskell.

# FHA elects new officers

The Haskell FHA met Sept. 24 to elect executive officers and welcome new members.

New officers for 1991-92 are Jane Villa, president; April Isbell, vice president; Martha Nava, secretary; Deanna Scheets, treasurer; Tonya Burson, reporter; Charissa Huff and Randall Martian, chairpersons; and Trisha Trevino, parliamentarian.

The group discussed doing the refreshments on the registrations table for homecoming. They also discussed the next meeting, the Holiday Delight, on Nov. 4. All members and their mothers will be invited.

# Hester couple to be honored

Mr. and Mrs. Alton E. Hester of Knox City, formerly of Haskell, will be honored Sunday with a reception in recognition of their 50th wedding anniversary.

Their children will serve as hosts.

The reception will be from 2 to 5 p.m. in the Knox City Community Center.

# Happenings...

by Lois Redwine

Mr. and Mrs. Garland Wood have returned from a two weeks vacation. On the way to Aztec, N.M., they spent the night in Albuquerque with Mr. Wood's sister, Irene Wood. In Aztec, they visited daughter and son-in-law, Sandy and Charles Martin and grandson and family, Mr. and Mrs. Bobby Martin, Bryan and Brandon. They spent six days at Cottonwood Park on Lake Navajo and enjoyed fishing and boating. One day, Mrs. Wood and Sandy had a special mother-daughter day. Just the two of them went to Durango, Co. for shopping and lunch.

Spending Homecoming weekend with Neat Bevel were Darlene and Wendy Cummings of Merkel.

Recent visitors with Odell and Eunice Helweg were daughters, Beverly Powers from Richardson and Kay Shaw and her new daughter, Bailey Elizabeth from Plano.

Had a surprise visitor last week, brother-in-law, Gaylon Head of

Lubbock. He also visited with Bill and Inky Earles visiting here from Redondo Beach, Ca. The Earles and Gaylon and his late wife, Shirley, are long time friends.

Congratulations to Roy and Sandy Forehand on their new business venture. They are raising ostriches. This is a new and upcoming industry. Ostrich pens are springing up all over the country. The big birds are proving very profitable. They are raised not only for their skin and feathers but for their meat which is fat and cholesterol free and tastes like beef. Good luck, Forehands.

Enjoying Leone Pearsey's hospitality during Homecoming weekend were Eloise Charboneau, the former Eloise Johnson, from Midwest City, Ok., Joyce Wood, the former Joyce Nell Hamilton, Lubbock and Joe and Jean McDonald of Wichita Falls. She is the former Jean Menefee.

John and Gayle Wilson of Ft.

Worth were in Haskell for Homecoming and spent the weekend with Gerry Spain. Gayle's father will be remembered as Sam Roberts, former owner of the Haskell Free Press.

Visiting in the E. L. Hilliard home and attending Homecoming festivities were Patricia Shaw and son, Marshal from Rice, Tx., Ken Hilliard from Lawton, Ok., Ellen Hilliard, Abilene and Linda, Mary Jane and Ross Short, Rochester.

Visiting over the weekend with Clariss Jones were her children, Wanda Jackson, Ft. Worth, Janice Lauderdale, Irving, La Verne and Lonnie Sturdy, Irving, Wendell and Peggy Jones, Dallas, Lewis and Gayle Jones, San Antonio and their daughter and son-in-law, Lee Ann and Dale Cox of Grand Prairie. Lewis, Gayle, Lee Ann and Dale also visited Gayle's father, Hugh Ratliff. Lewis was one of the speakers at the Homecoming General Assembly Saturday afternoon.

Visitors with Lois Sherman last weekend were her niece, Betty Pippin Crymes and Mrs. Crymes' aunt, Mattie Letha Pippin. Mattie Letha is a former Haskell resident and teacher. She saw many friends and ex-students at Homecoming activities.

A number of ex-students met Saturday in the home of Leon and Ella Belle Burson for fun and remembering when. They ate steak fingers from Elsie's, then attended the Homecoming General Assembly. Some of those there were, Opal and Wallace Stark, Butch Stark and family, Garland Stark and family, Snyder, Janice Burson Hill, Abilene, Charlotte Bland Gilbreth, Abilene, Darlene Bevel Cummings, Merkel, Millie Holden Eshani, Bryan, Carolyn Parsons Blackmore, Carolyn Starr Hill, Annie Bess Cook, Mary Eleanor McCollum, Jill Druessedow, Linda (Mrs. Tim) Burson, Anita Aycock, Gloria Darnell and the Burson's granddaughter, Jennifer Burson. Karen, Marcus and L. C. Johnson, Jr. went to Rockdale last

week to pick up their daughter and her children.

Mae Lou and Robert Yeldell went to Gorman last week with W. P. Curd of Knox City. They picked up supplies and visited a peanut candy factory. They ate pies at Birdie's Diner almost as good as the ones the late Mrs. Major Lewis, Sr. used to make.

Guests in the Martha Meadors home last week were Mrs. Theresa Claus, Mrs. Georgine Meadors, her granddaughter, Julie of Rhineland, Mrs. Mary Hillman and three children from Austin. Loin tip steaks with all the trimmings were cooked and served by Mae Lou Yeldell. Also visiting in the Meadors home were Mrs. Jeanie Ryan, Lynda Ryan and Georgine's grandchild, Jeanie Ryan.

Andre Johnson, Fairfield, Ca., grandson of Mr. and Mrs. L. C. Johnson, Sr. has won a top four place in a poster contest. Johnson, 17, of Vanden High School, drew a character fighting drugs. His art teacher asked him to enter the contest, sponsored by California Child Health and Disability Prevention Program. The winning posters are being made into covers of 10,000 folders passed out free in the Bay Area schools. Johnson will go to Travis Air Force Base when he completes school.

There will be no Happenings column next week. I will be attending the Confederate Air Force Airshow 91 at the Midland International Airport. Please save your news and call me at 864-2295. Thank you.

Homecoming weekend guests in the home of Mr. and Mrs. Terry M. Diggs were Mary McMillan Byrd, class of '56 and Jim Byrd, class of '55.

It's nice to hear tractors running again. Everybody is plowing or sowing wheat, and happy to be back in the fields.

Clara and Chub Richards have an exchange student who fill farm with Chub for the next five months. His name is Akion Quires and he is from Costa Rica. He is here under the auspices of the FFA Exchange Program. Clara said he was real nice, and what's better, he knows how to work.

Bill and Bertha Griffith, James and Ann Sinclair, and Mrs. Jim Adams went to Senior Adult Day at the Lueders Incampment recently. There were about 450 people in attendance. Ann played the piano for the meeting, and Ford Cole from the First Baptist Church in Haskell led the singing.

Grades 3-5-7-9 and 11 will be taking the TAAS tests for the next few days at Paint Creek School. Then next year grades 4-6-8-10-12 will be tested.

Dr. Mike Overton and daughter Paige and one of the Agriculture teachers at Allen High School, Rodney Vaughn from Allen spent Sunday with the Gene Overtons. They came for Paige to pick out

one of Granddad's calves for her FFA project. They came in the Allen FFA truck and trailer rig.

Cassie Lamb, first grade and Blayne Davis 4th grade visited the Kiwanis Club in Haskell last Tuesday morning and read for the men. Then they ate breakfast with them. Mrs. Hobgood went with them.

The Paint Creek Homemaking Club met with Frances Fischer Monday afternoon and had a most interesting program by the Haskell County Agent, Mrs. Lou Gilly on "Merging Households and Blending Families". It was a very thought provoking program. Those present were Mrs. Gilly, Mrs. Dorothy Wells, Mrs. Dolores Medford, Mrs. Ann Sinclair, Mrs. Mabel Overton and the hostess.

## Seymour has new business

There is another new business in town in Seymour. AA BAIL BONDS owned by DEBBIE DANILOW at 111 South Main Street, Seymour, Texas 76380. The telephone number is 888-5640 and she is serving seventeen counties: Baylor, Knox, Archer, King, Clay, Montague, Wise, Jack, Young, Throckmorton, Haskell, Stonewall, Cottle, Hardeman, Foard, Wilbarger and Wichita Counties.

Debbie is a native of Mineral Wells, Texas, and grew up around Weatherford and Fort Worth. She graduated from high school in Fort Worth, Texas in 1965, and attended and graduated from Brantley Draughon Business College there, before beginning studies at Texas Christian University. After two years at T.C.U., Debbie transferred to the University of Arizona, where she majored in Drama. In 1970, Debbie went to work as a production assistant in television production in Hollywood, California, in the video tape industry, and became an Associate Producer of Television in the Instructional Television field with Western Instructional Television. Returning home to Weatherford in 1977, she owned and operated a Marchigiana cattle operation, also showing and raising American Quarter (cutting) horses and Australian Shepherd dogs. In 1983, Debbie went back into the entertainment field, working as a lyricist and performer, including Mick Fleetwood and Bonnie Raitt. Upon returning to Fort Worth in 1986, Debbie formed her own jazz band, playing Caravan of Dreams in Fort Worth. After doing an album and a video, she retired to doing a few live performances a year. She currently still performs.

Debbie has been a part-time resident in Seymour for five years, and a full-time resident since July 22, 1991.

She may be reached during business hours at 888-5640 and, should you need a night or weekend number, you may get one by calling the office Monday through Friday. Her agent is Pawnee Jo Nickerson, and may be reached anytime for a bond if for some reason Debbie is unavailable.

## Lawyer opens practice in Seymour

CARL GRAHAM QUISENBERRY, a fourth-generation resident of Baylor County, was born at the old Baylor County Hospital, December, 1939, and graduated from Seymour High School in 1958. His parents are J. C. and Pauline Quisenberry. Carl was largely raised on the family ranch, east of town, "chasing cows and plowing", where he now resides. He graduated from Texas Tech University in 1962 with a Bachelor's Degree in finance, and from Baylor Law School in 1965. In the fall of 1969, he entered the United States Army Artillery and Missile Center at Fort Sill, Oklahoma as a Second Lieutenant. As an artillery officer, he served thirteen months in Vietnam near the DMZ attached to the 7th Marine Regiment 11th Marines. The Bronze Star is among his many medals. He left the service in 1967 as a Captain, and served approximately two years with the United States Treasury Department as a bank examiner before entering law practice in Fort Worth. The past twenty years, he has been associated with a major law firm there, where he handled or supervised the handling of approximately 15,000 cases. Though not board certified, he specializes in litigation in federal and state courts (criminal and civil), bankruptcy, family law, probate and personal injury. He includes among his clientele numerous insurance companies.

CARL QUISENBERRY has returned home now, where he will maintain his full-time practice at 111 South Main, though he still maintains branch offices in Jacksboro and Cisco, Texas as well. Carl would very much appreciate your business and will always take the time to talk to anyone about any problem they may have. Grats the first time.

..... it can cause fires

Cold weather is coming, and a fire's going to feel good before long! But it wouldn't feel good if that fire were burning down your home... and if you don't take precautions, that can happen! So have your furnace, chimneys and flues inspected and cleaned if necessary before the time comes to use them. See that any heaters you own are clean and in good repair before you turn them on. Provide a screen for your fireplace, and see that it is always in place whenever you light an open fire. Make sure that all the fires that burn in your home are friendly fires!

## STOP FIRES

Do you have a child between the ages of 1 and 14? Do you know that every year accidents take the lives of over 11,000 children in that age group? That's over three times the child death rate for any illness! In the home, the top child accident killer is fire... and since December and January are the worst months for fire deaths, the Haskell Volunteer Fire Dept. urges you to begin today making your home as fire safe as possible... and keep hazards like matches, hot liquids and electric appliances out of youngsters' reach. Second, make safety a part of each child's daily training. Remember, fire hazards may be an old story to you, but they're a new story to every child. Give that story a happy ending!

## PREVENT FIRE Before it Gets Started!

A good athlete always checks his equipment before a game. YOU should check your home for fire hazards — before you have a fire. Here are a few things you should check right now... before fire strikes:

- Do you have enough ashtrays?
- Have you only 15 amp fuses in your electric circuits?
- Have you cleaned out the rubbish or litter in your attic or cellar?
- Check your home for fire hazards now — before you have a fire.

# Young people learn through 4-H work

By Lou Gilly and Max Stapleton

## County Extension Agents

This week of Oct. 6-12 is National 4-H Week. Four-H'ers all across the nation are focusing on what 4-H has meant in their lives and are taking time to encourage other youth to join their local 4-H clubs. We would like to take this opportunity to highlight what 4-H is:

4-H is an exciting youth program that helps young people learn how to do new and interesting things through learn-by-doing projects.

Members may be found in urban, suburban and rural areas. 4-H is a non-profit, educational program which is open to all youth regardless of socioeconomic level, race, color, sex, religion, handicap or national origin. 4-H is the largest youth organization in America.

There is no membership fee but each member is usually responsible for financing his or her own projects. 4-H is the youth phase of the Texas Agricultural Extension Service.

Boys and girls 9 to 19 (or 8 if in the third grade) take part in 4-H by joining a 4-H club. A 4-H club is a group of boys and girls who participate in 4-H projects, run their own club, elect officers and develop their own program with the help of adult volunteer leaders. Improving leadership and citizenship are two of the greatest benefits of 4-H club membership. Above all, 4-H is educational. 4-H explores everything from rabbits to rockets, from canning to camping, from square dancing to veterinary science.

4-H projects help youth learn better ways of doing things in the sciences, agriculture, home economics and recreation. There are many things youth can do in 4-H: (1) discover new ideas and skills, (2) make things they can use, (3) learn to keep records of projects, (4) take part in club meetings and activities with friends, (5) learn to present educational demonstrations, (6) have fun at 4-H parties, camps, fairs, picnics and tours, and (7) make new friends.

After a 4-H member becomes 14 years old, he or she can try for state and national awards. This may include a trip to Texas 4-H Roundup, Texas 4-H Congress, or out-of-state trips to Chicago, Washington and other points of interest. College scholarships also are available to outstanding 4-H members through the Texas 4-H Foundation.

4-H involves the family in fun and in work. Members select and conduct their projects (there are more than 70 projects from which to choose) with the approval and support of parents. Parents provide encouragement and much of the resources needed by the 4-H'er for project work. The understanding parent is often the force that helps 4-H members through their beginning year of 4-H and sets the stage for a fulfilling and enriching experience as a senior 4-H member.

Adults in the community are interested in helping young people serve as 4-H leaders. These adults enjoy working with young people and are concerned about the future of local youth.

There are great personal rewards

as a 4-H leader in working with youth. They have a profound impact on the lives of their 4-H members.

Anyone interested in learning more about 4-H, becoming a 4-H leader, or joining a 4-H club is encouraged to contact one of the Haskell County extension agents: Lou Gilly (home economics), 864-2546, or Max Stapleton (agriculture), 864-2658.

## -LETTERS-

### Honored

Editor: To each former student of Haskell schools who honored us at Homecoming 1991, we wish to express our appreciation.

We were surprised, happy and excited and may have missed seeing some of you.

As time goes on, we realize "those were truly the good old days" at "Woody's." We still love you and hope to see you next Homecoming.

We would like to thank your parents and teachers, also, for supporting us through all the years. Woody and "Mrs. Woody"

### Democracy

Editor: Democracy for us is a government of the people and for the people. This means that everyone's voice is heard and everyone's question is answered by the elected city officials. This is not the case in Haskell, Texas. Citizens cannot ask questions nor receive answers from the Mayor and City Council. The only voice we have in city government is paying taxes.

Democracy died in the City of Haskell the day the City Council decided the citizens of Haskell were not allowed to vote on a new city hall building.

We are on the band wagon of democracy where everyone has a right to be heard and the majority rules. It is our sincere desire that all remember what we have sacrificed for democracy and join together in a voice that must be heard by our elected officials.

No matter what the cause, great or small, it is still a government of the people by all the people and for all the people.

Jefferson said, "Where there is no justice in the law; then the law has no meaning."

Dwanna Klose

### To merchants

Dear Merchants: We need donations. We would greatly appreciate any help in gathering items for our Fall Festival auction. The auction will be held Tuesday night, Oct. 29, in the Paint Creek High School auditorium.

Merchants who donate items will receive proper recognition at time of auction. If you would like to donate anything, please call our school at 864-2471; however, we will personally visit all stores. All proceeds will go to our senior class fund.

Thanks for your support.

### City Council

A regular meeting of the Haskell City Council will be held at 7 p.m. today (Thursday).

Appointment of a councilman to replace Dickie Greenwood is on the agenda, along with discussion of financial arrangements for the new city hall, the use of hotel/motel tax funds and a request from Jack Cline to address the council.

## Ten Tips For Fire Safety

### DO's

- DO have enough smoke detectors to adequately protect your home.** There should be at least one smoke detector on every floor of your house, including the basement and attic.
- DO replace the batteries in all of your smoke detectors twice a year.** Remember to install fresh batteries in the fall and spring, on the same day that clocks are set backward or forward one hour. Check batteries once a month by pushing the battery check button, and replace batteries immediately if your smoke detector starts to signal a weak battery by "chirping."
- DO have a plan for getting out of your house in the event of a fire.** If possible, have at least two exits from every room. Hold family fire drills to practice escape routes.
- DO have a prearranged meeting place outside near your home where everyone in your family knows to gather.** Remember, infants, young children, the elderly and the handicapped need extra help.
- DO have a fire extinguisher in your home at every location where a fire is likely to start.** Purchase fire extinguishers that are rated "ABC," and, therefore, appropriate for all three of the basic types of fire: wood and paper, grease and flammable liquids, or electrical. Make sure the fire extinguisher you buy bears the seal of an independent testing laboratory. Once installed, check fire extinguishers periodically to ensure adequate pressure.

### DON'T's

- DO NOT place flammable materials, such as curtains, potholders or containers of grease, near stoves or other sources of fire.**
- DO NOT store flammable liquids or rags soaked in flammable liquids any place in your home.**
- DO NOT attempt to put out a fire yourself unless the fire is very small and easily contained.** No matter how small the fire may be, make sure you have an unobstructed exit; even small fires can spread quickly, trapping you before you know it. If you have any doubt about your ability to extinguish a fire, raise the alarm, evacuate the premises and call the fire department from a neighbor's house.
- DO NOT attempt to rescue pets or retrieve valuables before exiting a burning building.**
- DO NOT go back into a burning building for any reason whatsoever. li**

BY WENDELL FAUGHT

Former Crowell High School sensation Dick Todd is still remembered in Washington where he played for the Redskins before World War II.

A chart listing the longest punt returns in Redskins' history was published the other day in the *Washington Post*, and Todd's name is listed twice in the top five.

His 80-yard punt return against the Brooklyn Dodgers on Nov. 12, 1939, ranks as the third longest punt return in Washington history. His 78-yarder against the New York Giants on Sept. 22, 1940, ranks as No. 5. No other Redskin is listed more than once in the top 10.

An old friend who is now a syndicated columnist heads his column, "If It Fizz." That's appropriate. His name is Jim Fitzgerald.

George Baldwin of the Albuquerque Tribune, titles his column "By George."

Former New York sports writer Frank Graham wrote a column, "To Be Frank."

And a former boss of mine, Virgil Guy, dubbed his column, "One Guy to Another."

When Paul Payton of the Lincoln County News in Carizozo, N.M., went on vacation, his hired hand, Ted Morris, pinch hit for him. He wrote a column, "In Payton's Place."

Another friend, Ed White, will occasionally answer his phone at home by saying "White House."

Plays on names always fascinate me. Not many of us are blessed with monikers which can be used in clever ways.

Nevertheless, some people have names that stand out. When I was a kid, there was a cowboy at Craterville Park, Okla., by the name of Fagan Miller. Because of the ring to that name, I have remembered it through the years.

I had a reporter once in Deming, N.M., whose name was Hadley Wells. And there was a man living there by the name of Ty Tannick.

An old family friend is named Toledo (and its was always pronounced Ta-lee-da). Just recently, I saw in my hometown newspaper where she and her husband were celebrating an anniversary. Not until I read that story did I know that her middle name was Ohio.

I've known people with names representing cities and states, but that's the only one I ever heard of that incorporated a name of each.

Talking to a Texan-turned-Californian the other day, she remarked that her son in California has three sons, all named for Texas cities---Tyler, Marshall and Bryson.

My grandmother's name was Seabay, and I've never seen it attached to any other person. Her father, an English sailor, originated it by combining a couple of words he loved---Sea and Bay---although it was pronounced "Seebie."

A lot of nicknames stand out. Joe Falcon Milo worked for me 18 years in New Mexico. No one knew him by his name. Everyone called him "Butter." And when his son was born, guess what they called him? He must be 31 years old now, and no one has ever called him anything except "Oleo."

I got to thinking about names the other day when Nelda Jetton sent me a roster of all secondary school students. I was curious to find out the most common last name in the school.

The easy winner: Rodriguez. There are seven students with that surname. Next on the list was McFadden with five, followed by Billington, Fuentes and Martin, each with four.

Oddly, there is only one Johnson, the most common surname in America. And Jones was listed just twice.

If I had druthers, I would want my last name to be Kluge, Gates, Walton, Buffett, Hillman or DeVos. Forbes magazine lists people with those names as the 10 wealthiest in the country---with five different Waltons on the list.

### Did you know?

About 8,500 people die from skin cancer every year, too high a price to pay for a tan. Spending too much time in the sun---working, playing or tanning---can cause skin cancer.

# Indians lose to Hawley

Hawley's Bearcats scored on each of its four first-half possessions Friday night to build up an insurmountable lead enroute to a 28-6 victory over the Haskell Indians.

The Indians fought back gamely in the second half, but were stymied by five turnovers---four lost fumbles and an intercepted pass.

Statistics told the story of two entirely different halves. Hawley had 18 first downs in the first half; the Indians only 2. In the second

half, the Indians had 9 first downs, Hawley only 2.

Following the opening kickoff, the Bearcats marched 64 yards in 12 plays to the game's first touchdown. Kevin Stoker scored from the 3 at the 5:52 mark and Kelly Harbin kicked the first of his four consecutive extra points to stake his team to an early 7-0 lead.

After Haskell ran three plays and punted, the Bearcats took over on the Haskell 48, and 10 plays later Stoker scored again from the

1. In the second quarter, Stoker scored again from the 2 to climax a 77-yard drive and less than 3 minutes later, David Frazier went over from the 6 to cap a four-play, 28-yard drive to bring the score to 28-0.

Haskell kicked off again to open the second half and this time the Indian defense held. But on the Indians' first possession, they fumbled the ball to Hawley at the Bearcat 47. Hawley fumbled back to Haskell at the 33, but two plays later the Indians fumbled it right back at the 42.

Late in the third period, the Indians began their first drive from the Hawley 44. Mart Guess passed 12 yards to Jason Torres, Cody Josselet ran 8 yards to the 36 and then Guess hit Tommie Isbell with a 28-yard pass for a first down at the 8. But on the next play, Guess was sacked for a 15-yard loss as the third period ended. On the first play of the fourth quarter, Hawley intercepted a Haskell pass in the end zone.

On the Indians' next possession, they drove to the Hawley 14 on the strength of a 13-yard pass from Guess to Chris Tanner, an 11-yard pass to Johnny Rodriguez and a 20-yard run by Josselet. But another fumble killed the drive.

After the defense held and the Bearcats punted, Haskell took over next on the 50 and promptly drove to the Hawley 9, where a second-down fumble resulted in still another turnover.

Again the defense held and Hawley had to punt from its own 19. Torres returned the punt from the Hawley 48 to the 38 and the Indians had their final chance with just 17 seconds remaining.

Guess passed 23 yards to Tanner and then threw incomplete, before hitting Tanner with a 15-yard scoring pass as time ran out.

## PROCLAMATION

Texas Pharmacy Week October 20-26, 1991

WHEREAS, the sophistication of health care in the United States enhances the quality of life for every man, woman, and child; and,

WHEREAS, an integral part of quality health care includes drug therapy which is increasingly more sophisticated; and,

WHEREAS, more than 12,000 practicing pharmacists in Texas daily apply their five-years or more of training and education to dispense medications, to monitor prescriptions and non-prescription medications for the correct dosages as well as possible allergic and drug interactions; and,

WHEREAS, these professional pharmacists counsel patients to help assure the maximum benefits of both prescription and non-prescription medications; and,

WHEREAS, public opinion polls consistently rank pharmacists among the most highly-respected professionals for their unselfish gifts of time, knowledge, and talent to advise the public on health concerns.

NOW THEREFORE, I, Greg Melton, Mayor of the City of Haskell, do hereby proclaim the week, October 20-26, 1991 as "PHARMACY WEEK" in Haskell, Texas, and urge all citizens to acknowledge and utilize the expertise of pharmacists whose skills, concern, and knowledge contribute to the health and well-being of this community.

In witness thereof, I have set my hand this 7 day of October, 1991.

**Cavity Culprits:** Snack foods may cause more cavities than caramels and jelly beans because the candies are more easily dissolved and stay in the mouth for a shorter period. Toothbrushing is best before bed and after breakfast when there is minimal activity in the mouth and fluoride in the toothpaste can build up reservoirs. Snacking between meals should be minimized, and red licorice and aged cheeses may be good snack choices because they seem to slow the loss of minerals in tooth enamel.

**Haskell to host pushmobile races**

Haskell Cub Scout Pack 136 will host the annual Double Mountain Pushmobile Races Saturday, Oct. 19.

Registration will be from 1 to 2 p.m. with the races starting at 2 in the 1100 block of North Avenue A.

A Pushmobile Derby is a race using cars built by Cub Scouts and their dads or moms. The course is 400 feet long and marked off in four equal sections of 100 feet each.

Two Cubs start, one being the pusher and the other the driver. When they arrive at the first changeover point, another pusher and driver take over. This is done twice more, then to a turn-around

point. On the return leg, drivers become pushers and pushers become drivers. This way every Cub gets to push and drive.

Boys will race in four divisions: Tiger, first grade; Wolf, second grade; Bears, third grade; Webelos, fourth and fifth grades.

First, second and third places will be awarded in each age group. A race between the Wolf, Bear and Webelos division winners will be held to determine the grand champion.

Special awards will be given in each division for the best made and best looking car.

**Sausage dinner at Rhineland**

The annual Knights of Columbus Sausage Dinner is scheduled Saturday in Rhineland. Serving will be from 11 a.m. to 2 p.m. in the Knights of Columbus hall in Rhineland.

A meal of homemade sausage, fried chicken and all the trimmings will be served to adults for \$6 per plate; to children for \$3.50.

Bulk sausage also will be sold for \$2.50 per pound.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

**Guidelines For Screening Mammography Established by the American Cancer Society.**

I. 35-40 years of age - One baseline mammogram.

II. 40-50 years of age - An annual physical examination and annual mammogram.

III. 50 years of age and over - An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$60.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

# Penning contest to benefit boys

Haskell County Farm Bureau is joining three other area Farm Bureaus in sponsoring a team penning contest to benefit Ben Richey Boys Ranch. Other sponsors include the Callahan-Shackelford, Jones County and Stonewall-Kent County Farm Bureaus.

The contest will be Saturday, Oct. 19, at the Texas Cowboy Reunion arena in Stamford.

Barry Moore of Pied Piper Mills and Gary Tate of Haskell Livestock Auction are donating the use of the livestock.

Half of the entry fee will provide cash prizes, with the other half going to Ben Richey Boys Ranch. Each member of the winning team, in addition to the cash prizes, will receive a special belt buckle provided by the sponsors. Entry fee is \$15 per contestant for a Farm

Bureau member and \$50 per non-member.

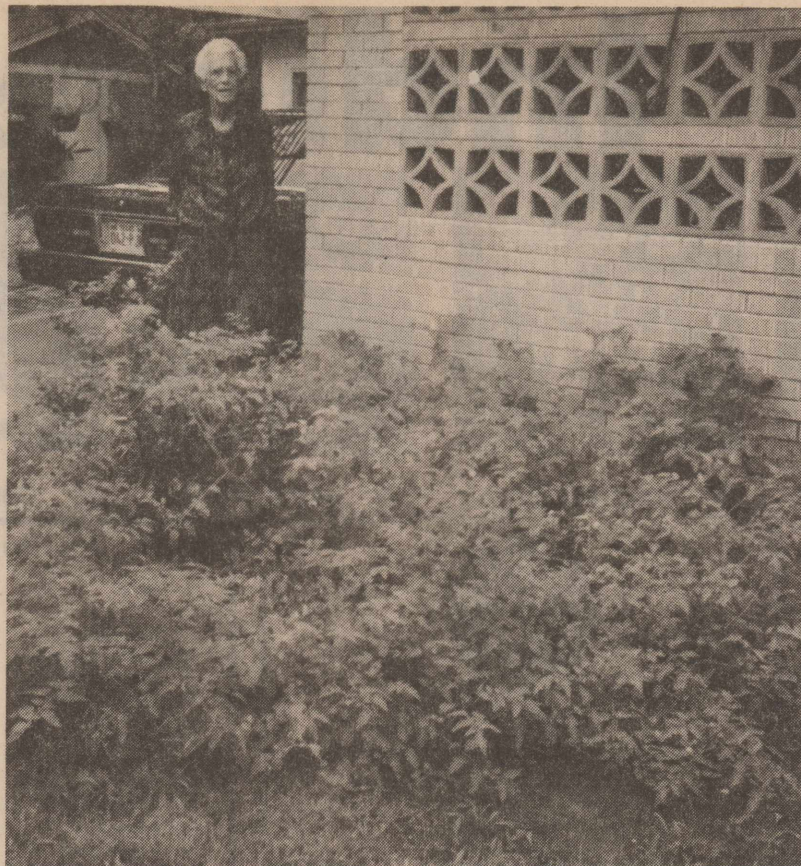

Books will close at the TCRA arena at noon on Saturday, Oct. 19, and the contest will get underway at 1 p.m.

Rules and entry forms may be obtained from Sammi York, executive vice president of the Stamford Chamber of Commerce at 113 Wetherbee in Stamford.

## Tax help available here

A representative of the office of State Comptroller John Sharp will be in Haskell next Wednesday (Oct. 16) to assist local businesses with tax questions.

Baker Rudolph of the Abilene field office will be in the county commissioners' courtroom from 10 to 11 a.m.

## Big tomatoes

A lone volunteer tomato plant engulfs a pot of Wandering Jew and a 36-inch-high Crepe Myrtle in a flower bed on the south side of Pauline Herd's home at 805 N. Ave. D. The plant, about 8 feet in diameter, came up where a large cedar tree stood before the April 24 tornado. So far, it has produced in excess of three gallons of small tomatoes.

# Boosters meet cross country team

The Indian Booster Club met Monday evening. Coach Gartman introduced the girls' cross country track team. This is a new sport for the Maidens.

The following girls were present: Heather Hobgood, Shelly Stewart, Daniela Guadaluca, Sarah Mullen, Jennifer Comedy, Tréci Burson, Heather Stewart, Misti Bartley and Natonia Anderson.

Also, Cathryne Seelke, Kim Gilly and Holly Hobgood are running on the team but were unable to attend.

Coach Gartman reported on the cross country meets this year. At the ACU meet, Tréci Burson placed third. Last Saturday, Haskell ran at Munday with these results: fourth, Jennifer Comedy; sixth, Daniela Guadaluca; seventh, Natonia Anderson; eighth: Cathryne Seelke; ninth, Heather Hobgood.

Tuesday, Oct. 29, is the district cross country meet in Anson. The girls were served refreshments.

Coach Hargrove gave the Jim Ned scouting report. He said Ike

Swaan twisted an ankle and is out for two weeks. Edgar Nava is still out with a knee injury and Brant Breeden is out for the season with a broken arm.

Sheila McMeans reported on the hamburger supper Oct. 17.

Coach Hargrove showed the Haskell-Hawley game film. Next Booster Club meeting is Monday, Oct. 14.

## Gramm wants higher exemptions

U.S. Sen. Phil Gramm has previewed a bill he says would shift any future savings in the defense budget to "repay the people who actually won the Cold War--the American family."

Gramm's legislation, co-authored by U.S. Sens. John McCain, R-Ariz., and Ted Stevens, R-Alaska, will use half of the savings from future defense spending cuts to finance a much larger personal tax exemption for working taxpayers.

## CIGARETTE LIGHTERS KILL KIDS

Every year, about 120 American kids — some as young as two years old — die in fires that are the result of their playing with cigarette lighters.

Children who survive cigarette lighter fires often are severely burned and disfigured.

Disposable lighters are the most fascinating to kids because they're colorful, small, and have a wheel that turns and emits sparks and a small flame. Some new disposables look like toys: cars, motorcycles, cameras, and ice cream cones.

Moral: keep lighters out of the reach of children; don't encourage a child to play with a lighter or think of it as a toy; and don't use a lighter as a source of amusement for a child.

## Gilleland elected to SWCD board

Burnell Gilleland of Haskell was elected this week to the Haskell Soil and Water Conservation District board of directors.

He will represent Zone 3 which is the area of the county south of US 380 and east of US 277.

Gilleland will replace R. V. Earles, retiring after serving 23 years as director from Paint Creek. Earles had served the Haskell district since its formation in 1977, and with the California Creek SWCD before that.

The purpose of the Haskell SWCD is to promote sound soil and water conservation programs on agricultural lands within the district and to serve as a voice for farmers, ranchers and local community entities on conservation matters.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes.

As one of five individuals serving on the district board, Gilleland will be responsible for district policies and procedures for carrying out the district program within the framework of the Texas Soil Conservation District law.

In Texas, there are 211 soil and

water conservation districts. Each is a legal subdivision of the state government organized by local agricultural landowners with the assistance of the Texas State Soil and Water Conservation Board.

Unlike most other legal subdivisions of state government, SWCDs do not have the powers of taxation or eminent domain. All conservation programs managed by the districts are of a voluntary nature to the landowner or operator or other potential users of the SWCD's programs.

## Hospital stays decrease 12%

Privately insured patients are spending less time in the hospital per stay---about 12 percent less time, in fact, than in 1980.

Technological improvements may have been the biggest cause of the drop, according to the U.S. Health Service's newest component, the Agency for Health Care Policy and Research, which conducted the study.

Other factors include the growing availability of home care and nursing facilities.

## Airsho 91 scheduled at Midland

The Confederate Air Force will present Airsho 91 Oct. 12-13 at the Midland International Airport. The show will begin at 8:30 a.m. and continue until 5 p.m.

The CAF has more than 150 World War II aircraft. Its more than 7,500 members, from every walk of life, are dedicated to restoring, maintaining and flying vintage aircraft. The planes represent the greatest era in military aviation history as covering the period in which American aviation strength helped keep the nation free.

At the Airsho 91, the World War II air power demonstration takes you back in time as the CAF Ghost Squadron re-enacts some of the great battles of World War II, including Pearl Harbor, the Battle of Britain, Midway, D-Day and many others. Also at the show, there will be old and new planes from Warhawk to Wildcat, Havoc to Hellcat, Fortress to Superfortress. Also, foreign aircraft will be there, Spitfire, Messerschmitt and a fully restored Mitsubishi A6M2 Zero.

Julie Clark, aerobatic pilot, brings her patriotic routine to the Airsho; Otto, the helicopter clown, will be there performing aerobatics, barrel races and playing with a yo-yo. You may even take a ride with Otto, and Steve Powell will perform two different acts each day in his glider.

There will be many more attractions featuring yesterday's and today's planes. A trade show will have photographs, paintings and World War II memorabilia.

Airsho 91 will have a concession stand with Mexican food, as well as hamburgers, fries, chicken, beer and soft drinks.

In conjunction with Airsho 91, there will be an Airsho 91 Fly-In to Midland Airpark on Oct. 12-13. Pancake breakfasts will be served each morning with a barbecue at 5:30 on Saturday.

For Airsho 91 information, call the Midland Convention and Visitors Bureau, 1-800-624-6435.

## Haskell Soil & Water Conservation District

Now is the time to plant cover crops to protect cropland against wind erosion. Nov. 15 is the final day to have this practice completed.

This is especially important if you are farming highly erodible

cropland, which is covered under the Food Security Act. Needless to say, this is necessary to stay in compliance and remain eligible for farm program benefits. This will concern a producer if his or her FSA conservation plan includes a cover crop for cropland treatment.

Cover crops to serve for the winter season must be planted early to insure a good stand and to obtain sufficient plant growth before the arrival of cold weather. All small grains are suitable to plant for a cover crop.

Cover crops must remain on the land during the critical wind erosion period. Recommended dates to begin land preparation for spring planted crops is March 15, and Aug. 15 for fall planted crops.

If you need assistance with your conservation plan, call or come by the Soil Conservation Service office at 1203A S. Ave. E in Haskell or call 864-8516.

The skin is the largest organ of the body, accounting for about 16 percent of total weight.

# Methodist revival Oct. 13-17

Dr. Max Browning, senior minister of the First United Methodist Church in Plainview, will lead a revival Oct. 13-17 at the First United Methodist Church in Haskell.

Sunday services will be at 6 p.m. Monday through Thursday breakfast will be at 7 a.m. and evening services at 7 p.m.

Dr. Browning graduated from Amarillo Palo Duro High School and received his BA in history at McMurry University in Abilene in 1961. He earned his master's degree from Candler School of Theology at Emory University in Atlanta, Ga., in 1965 and a doctor of ministry degree from San Francisco Theological Seminary in San Anselmo, Calif., in 1987.

He has pastored in Wilson (near Lubbock), St. Paul's Church in Pampa, Shallowater, Van Horn, El Paso Grace Church, Monahans and Pampa First Church.

His wife, Juanita, is a native of Westbrook. She is an LVN and is working on her degree in nursing at West Texas State University. The Brownings have three daughters, Sherry Derrick of Pampa, Sheryl Duke of Castroville and Sharla Sowa of Plainview.

The Rev. Bryon Putnam and his wife of Knox City will share special music.

The Rev. Sidney Parsley, pastor, invites everyone to attend the services.

## Notes From The Rolling Plains

(Note: The following is one of a series of stories by noted wildlife photographer Wyman Meinzer offered by Haskell Save-A-\$ for your enjoyment.)

The summer clouds drifted slowly over the old ruins of Conrad's store at Ft. Griffin as several men and I walked around the stone walls. North of the store where piles of buffalo hides once stood in ricks over ten feet tall and 100 feet long, gnarled mesquite trees shade the cacti and tabosa grass. As the evening wore on we carried the big 16 pound Sharps .45 caliber buffalo gun to various locations around the store site, photographing it with from each appropriate angle. Finally, as the clouds darkened in the west, I took the rifle, one which was sold in that very store in 1877, and slowly walked around. Hefting the massive weapon of destruction to my shoulder, I could envision the very man who also stared down that barrel some 114 years before. While I aimed at only the distant mesquites, his aim was at the inevitable destruction of five million bison. Although the man was but one of the thousands of professionals who destroyed the buffalo with this rifle and hundreds like it, I longed to have known who he was and the story behind the gun. Like all the rest of his breed, long dead in graves scattered over the plains of the southwest and central United States, it matters little to most people... the story behind the men and the rifles they used. But to me and a few of my friends the search will go on, if only in our imagination, what crossed the minds and the lives of the men who pulled the triggers on these great rifles. Soon raindrops began to fall as the clouds continued to drift to the north like the ancient migration of the bison of an era past. Picking up the old rifle and cradling it once more in my arms before the owner took it back to this home in Mississippi, I walked to the protection of the east walls for a moment. Suddenly, the west, a low roll of thunder sounded...almost inaudible to the human ear. I looked at the rifle cradled in my arms and pondered the question of when and where the last shot was fired. A shot that rumbled like distant thunder across the plains of Texas. Was the last slug passing down that tired and wore bore fired to kill or was it a symbolic gesture to the herds it may have slew in a time long a past?

Wyman Meinzer

## TAX PLANNING

Written By  
**James E. Rodgers, CPA**

### SALESPERSON EXPENSES

If you are a certain type of employee, you may now be entitled to tax deductions you couldn't take before. According to a recent IRS ruling, "statutory employees" are allowed to deduct unreimbursed business expenses as ordinary business expenses.

Statutory employees include:

- Full-time traveling or city salespersons
- Full-time life insurance sales agents
- Drivers who deliver meat and vegetable products, baked goods, beverages (other than milk), or laundry/dry cleaning services
- Individuals employed as home workers

In order to qualify as a statutory salesperson, the person must sell merchandise to wholesale or retail outlets to be resold, or to a business for use in its operations.

If you are a statutory employee, your unreimbursed business expenses are deductible. These expenses include travel, meals, entertainment, transportation, supplies, education, and any other necessary business expense. Since 1987, unreimbursed employee business expenses were generally allowed to be deducted only on Schedule A as miscellaneous itemized deductions subject to a 2% floor. The new IRS ruling says statutory employees may take these deductions on Schedule C (a business schedule) as ordinary business expenses.

The correct treatment of these expenses will reduce your adjusted gross income and, therefore, you may be able to deduct more medical expenses and miscellaneous itemized deductions.

This IRS ruling applies retroactively allowing you to amend up to three years of prior tax returns and claim refunds.
