St. George festival Sunday

St. George Catholic Church will have its spring festival this Sunday, May 24, on the church grounds.

A Mexican meal will be served, starting at noon.

Other activities include a volleyball tournament and all kinds of games, including dart games, lucky colors, cake walk, fishing pond, etc.

The festival will conclude with a drawing for \$225 in gift certificates, redeemable at any store in Haskell.

Students plan style show

Homemaking students of Haskell High School's apparel and comprehensive homemaking classes will present a style show at 7 p.m. Thursday in the school auditorium.

Each student will model clothing constructed in class.

The public is invited to attend.

Early deadlines next week

Advertising and news deadlines for next week's issue of The Free Press will be 5 p.m. Friday.

The early deadlines are necessary because of the Memorial Day holiday which falls on Monday.

The Free Press will be closed Monday.

Recital features piano students

Piano students of Patsy Blakley, Pam Gibson and Robbie McLelland will be presented in a piano recital Sunday.

The program will begin at 2 p.m. in the chapel of the First Baptist Church. The public is invited.

Business group meets Tuesday

Members of the Haskell Business Association will meet Tuesday, May 26, at the First National Bank conference room.

Hamburgers will be served (dutch treat).

Commodities

Food commodities will be distributed in Haskell on June 11.

'Super Mom' winners

Winners of the "Super Mom" contest May 9 were, from left, Janis and Jenny Brzozowski, Christye Gannaway, Matthew McCord, Chase and Suzie Seelke and Diane and Jimmy Huff. Children told in 25 words or less why their moms were super. About 300 entered the Super 2nd Saturday contest sponsored by the Haskell Business Association.

Top students

Highest ranking students in each of the classes at Haskell High School were recognized at the awards program held last week. They are, from left, Deanna Scheets and Kim Gilly, 12th grade; Emel Kus and Sarah Mullen, 11th grade; Robert Huff and Teresa Diaz (not pictured), 10th grade; and Jennifer Comedy and Amy Cunningham, ninth grade.

Annual fly-in breakfast scheduled for Saturday

The fifth annual Haskell Fly-In and Pilots' Breakfast will be this Saturday, May 23, starting at 7 a.m. at the Haskell Airport.

Chairman of the fly-in is Dr. Cliff Ray, who said the breakfast will be in the hangars belonging to

Sam Wester, Todd Herricks and Ed Murphy of Weinert.

Breakfast will be cooked by members of the Haskell Fire Department and the American Legion will be in charge of parking.

Practices

Roger Roewe practices the hammer throw in Haskell this week in preparation for his competition in the national meet in Odessa this weekend.

Roewe to compete in national meet

Roger Roewe of Haskell will be competing this weekend in two events at the National Junior College Track and Field Meet in Odessa.

The former Haskell High School

athlete, now a student at South Plains Junior College, will compete in the discus and the hammer throw.

Roewe ranks fourth in the nation in both events this season. His top throw in the discus has been 168 feet, while his best hammer throw was 151-10.

This will be Roewe's second appearance in the national finals. Last year, he competed in the discus and the javelin.

Roewe, the son of Conrad and Betty Roewe, plans to continue his collegiate career next year at Angelo State University.

Louise Smith top prize winner

Winners at WTU's recent microwave cooking school have been announced.

Door prize winners were Marci Elmore, Martha Toliver, Eloise Perrin and Martha Sampson. Louise Smith won the electric barbecue grill given away from this district.

Recipes and barbecue grill scrappers were given to each person attending.

The school, held April 21 at the Haskell High School cafeteria, emphasized the microwave with other electric appliances, quick meal ideas and nutrition tips.

Local pilots will serve as co-hosts, along with the sponsors, the City of Haskell and the Haskell Chamber of Commerce. They will form a shuttle service with golf carts to escort the incoming pilots to the hangar for the breakfast and the ceremonies.

Awards will be made to the oldest pilot, youngest pilot and the pilot flying the greatest distance.

Participating will be the Warbirds from Breckenridge and the Big Country squadron of the Confederate Air Force.

Replies have come from pilots across the country, including one from Ed Huber of Greeley, Colo., who wrote: "This will be my fourth visit to your great breakfast."

Transient aircraft will be able to purchase aviation fuel for \$1 per gallon.

Dr. Ray reports that record crowd is expected for the 1992 fly-in and encourages Haskell residents to come to the airport to have breakfast with the incoming pilots.

Ground admission is \$2 per person, and includes breakfast.

Party '92 planning progresses

Plans are being finalized for the Haskell County Party '92.

Sponsors emphasize the drug- and alcohol-free party can only be successful with the public's support.

Donations may be made at Sport About, The Drug Store, County Extension office or to one of the following individuals: Cathy Bartley of Haskell, Brenda Pace of Rule, Pam Bevel of Rochester and Debbie Hobgood of Paint Creek.

Some of the activities to be taking place between 9 p.m. and 4 a.m. following graduation are: bingo, spade tournament, movies, music by The Hit Man and drawings for gifts and scholarships.

Admission is open to all students who were in grades 9-12 during the 1991-92 school year. College students will be admitted by showing identification and paying a \$1 admission fee.

Freshmen will bring drinks (2 liter), sophomores will bring snacks (other than chips), and juniors will bring chips.

Lions to host driving course

Haskell Lions Club will sponsor a defensive driving course May 27-28 at the First National Bank.

Fee will be \$15. Interested persons may register with any Lions club member.

Lottery tickets to be available at seven firms

Seven Haskell County businesses have signed up with the Texas Comptroller's office to sell state lottery tickets.

In Haskell, lottery tickets will be available May 29 at Allsup's, Sav-M and Winn's.

Rochester outlets will include Easterling's City Grocery and Market and Penman Propane. Allsup's in Rule also will offer lottery tickets, as well as Mike's Place, located within Haskell

County in Stamford.

An article in Sunday's Abilene Reporter-News stated that M-System would handle lottery tickets. Sam Watson, local manager, told The Free Press that M-System will not sell lottery tickets.

Watson also stated that M-System stores in Anson, Knox City, Munday and Seymour will not sell the tickets.

First millionaire due June 18

"With an independent auditor on hand to ensure absolute fairness, the Texas Lottery's first instant grand prize millionaire will be picked on June 18 in Dallas," lottery director Nora Linares said this week.

"Seven contestants will vie for the \$1 million grand prize in the first of 123 drawings that will create an instant Texas millionaire every Thursday through Sept. 3. The rink at America's Ice Garden in the newly renovated Plaza of the Americas in Dallas will provide the backdrop for the biggest giveaway in Texas history, Linares said.

"The 12 one-million-dollar grand prizes make the Texas Lottery the nation's first to award so many large prizes--in cash--during its first two games."

The seven finalists' path to the skating rink begins with their purchase of one of the 500,000 entry tickets in "Lone Star Millions," the lottery's first game.

Those tickets go on sale at 6 a.m., Friday, May 29.

Players scratch the latex covering off of all six Lone Stars on the front of the ticket. Each scratch reveals a prize amount. Any ticket with three matching prize amounts is a winner, and any ticket with the word "Entry" appearing three times is eligible for the grand prize drawings. Eligible tickets must be mailed to the address listed on the back of the ticket to be placed in the drawing: Grand Drawing, P.O. Box 149777, Austin, TX 78714-9777.

Players are urged to keep photocopies of both sides of their tickets.

Lottery officials will check the tickets' validity. Each week, up to the first 80,000 eligible tickets received will be placed into the 126-cubic-inch mixing drum at lottery headquarters. Entries received later

Recognized

Sam Herrren, shown with Mrs. Herren, has been recognized for 50 years of service as a volunteer weather observer in Haskell.

Weather observer receives recognition

Samuel P. Herren received recognition last week for 50 years of dedicated service as a National Weather Service volunteer observer at Haskell.

A citation for service and a letter of appreciation from the national Weather Service and the United States Department of Commerce were presented to him by Jerry F. Wolfe of Fort Worth, cooperative program manager.

National Weather Service equipment located at the Herren residence is used in making official reports of the daily temperature range, precipitation measurements and soil temperature range.

Reports of temperatures and precipitation are entered in a computer system at the Fort Worth National Weather Service office by telephone, thus making the information readily accessible to forecasters during storm and flood

situations.

A summary of daily observations is sent to the Fort Worth office each month. There, the data is processed before being sent to the National Climatic Data Center in Ashville, N.C., where it is computer processed, archived and published in the Texas climatological data records.

"Data reported by Mr. Herren and other volunteers across the nation is a great contribution to the field of meteorology and is essential for studies of weather trends," said Wolfe. "It is of utmost importance in forecasting flash flooding."

"The National Oceanic and Atmospheric Administration, the Department of Commerce and the national Weather Service congratulate Mr. Herren on 50 years of service."

Herren has been a volunteer weather observer in Haskell since September 1941.

Dates announced to spray pecan trees

The pecan nut casebearer, the most damaging pest of pecans, causes most of its damage during the first generation. A single, first-generation larvae may destroy all the developing nutlets in a cluster. Second-generation larvae feed on only one or two pecans, causing less damage.

The best time to control the pecan nut casebearer on a specific tree or in a commercial orchards should be determined based on inspection of the developing pecans at that location. The insecticidal application should be applied when the first significant nut entry is observed.

Based on a computer prediction prepared by Dr. John Jackman, Extension entomologist at College Station, the first significant nut entry will occur May 31. The suggested dates for control the pecan nut casebearer in Haskell County are May 29 to June 2.

Trees should be inspected, starting about one week prior to the date of the first significant nut entry. Eggs should be tagged so hatch can be monitored. When a nut entry is found for every 100 clusters inspected, insecticidal control measures should be applied.

A single, carefully timed

application will often provide adequate control of first generation casebearers. However, a second application may be needed if unhatched eggs are found 7 to 10 days after the first application.

The greenish white eggs are deposited on the tips and just below the bracts of the small developing nuts. Eggs become reddish before hatching in four to five days. The newly hatched larvae feed on buds for two days before they enter the nuts.

Second generation casebearer eggs will be deposited in the grooves on the nut tip or base, or on the buds, about 42 days after the first generation eggs are observed. Treatment for the second generation is suggested if two percent of the pecans are infested with eggs.

Web worms beginning to re-appear here

The web worms are back. The little varmints that wiped out a big chunk of the forest in this area last summer are beginning to re-appear.

Red Chedester, the extension entomologist who serves this area, said web worms usually make their presence known by constructing loosely woven, dirty white webs, enclosing the foliage on the ends of the branches of trees. Several branches can be covered by just one of these webs.

The web houses many pale-yellow, black-spotted, very hairy caterpillars or "worms" about one or two inches long. The worms feed on the surface of the leaves and the webs contain a quantity of black pellets of excrement from the worms.

The insect passes the winter in the form of brown pupae, enclosed in lightly woven, silken cocoons which may be found under trash on the ground or under the bark of trees, Chedester said. Moths begin emerging during the spring and continue to come out over a long period.

They lay their eggs on the leaves, in masses, partly covered with white hairs, and the caterpillars hatching from these eggs construct webs over the leaves inside of which they feed.

They continue feeding for about four to six weeks, and when fully grown, they crawl down the tree and construct the cocoons in which they pupate. They can have up to four generations per year.

Control measures include destroying both egg masses and small larvae when first noticed.

Chedester said recommended insecticides include Orthene, Diazinon and Dursban.

Art club installs officers

Iva Lee Gipson was installed as president of the Brazos West Art Association at the organization's meeting May 11.

Other officers are Betty Berry, first vice president; Omitene Amonette, second vice president; Peggy Middlebrook, secretary; Amelia Perry, treasurer; Laverne Barnett, reporter; and Gladys O'Neal, historian.

Retiring officers were hostesses for a salad supper.

During a brief business meeting, it was reported that the bake sale held May 9 turned out well. Proceeds added enough money to the treasury for the club to purchase materials for a new roof on the Corral building.

The club's new year will begin Sept. 14.

All-sports banquet Saturday night

The Haskell all-sports banquet will be Saturday night at the Civic Center, beginning at 7 o'clock.

Tickets are \$6 in advance and \$8 at the door. Advance tickets may be purchased at Sport About, The Drug Store, Haskell High and Elementary schools, Haskell National Bank, First National Bank and from Booster Club members.

Instead of a banquet speaker this year, more emphasis will be placed

on the athletes.

Each athlete in grades 9-12 will be recognized individually and junior high athletes will be recognized as a group.

The meal will be catered by Flora Pace. Pictures will be made before the banquet.

Booster Club members urge the public to show their support of all Haskell athletes and coaches by attending the all-sports banquet.

A herd of goats are called a "trip."

300 participate in career program

"World of Work" career day, sponsored by the Haskell Schools was very successful. More than 300 students from Haskell and surrounding schools viewed the displays arranged by merchants and professional people of the Haskell area. Purpose of the day was to inform students of the job opportunities in the local community. They were encouraged to begin preparing for post high school training even before they enter high school. Melanie Michaels won the \$50 savings bond given by Haskell National Bank. All students received pencils, pens, perfume and various gifts donated by the participants. Guest speakers were Lt. Col. Teri Bundrant of the U.S. Military Academy and Jack Kidder of Cisco Junior College.

Don't blame farmers for higher bread price

You've all heard talk in recent months that higher farm prices for wheat are forcing bread prices higher.

Wheat prices did jump more than 50 percent from the low July 1991 price of \$2.47 per bushel to the February 1992 price of \$3.78. It would appear that this increase in wheat prices received by farmers would cause some increase in the price of bread.

How much? Jerry D. Harris, chairman of the Texas State ASC Committee points out that in 1990 a \$1 loaf of white bread contained just over 5 cents worth of wheat. So if the 1990-91 average price of \$2.61 for a bushel of wheat was doubled to \$5.22, that would give credence to raising bread prices by making the wheat in a loaf of bread worth a dime.

But wait. What happened when the price of wheat fell? Farm wheat prices in 1991 were 14.4 percent lower than in 1985, but 1991 bread prices were 31.7 percent higher than in 1985.

What does this mean? One should be wary of blaming the increase in bread prices on the nickel that wheat adds to bread's price. In fact, between 1981 and 1991 the farm value of all farm commodities in the USDA "market basket" increased only 6 percent while retail prices of these commodities increased 45 percent.

Harris said that USDA farm programs administered by the Agricultural Stabilization and Conservation Service continue to ensure all Americans an adequate supply of food and fiber at a reasonable price.

PHARMACY NEWS

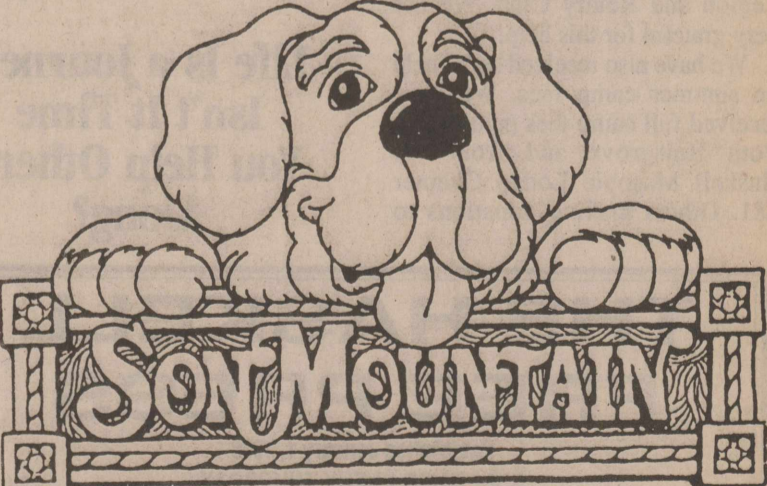

By Elbert Johnson,
 Registered Pharmacist

Avoiding Heart Infection: Endocarditis is an extremely serious infection that occurs when bacteria collect on heart valve with abnormal surfaces. People at risk are those with an artificial heart valve, those born with a malformed heart or heart valve, those with scarred heart valves from rheumatic fever, and those with a certain form of mitral valve prolapse. The best preventive is to take antibiotics 1 to 2 hours before and for about 8 hours after a procedure that could loosen bacteria from other parts of the body, including any dental procedures that cause bleeding; insertion of a rigid bronchoscope; and respiratory tract, urologic, gastrointestinal, or heart surgery.

--Letters to the Editor--

World of Work

Editor: The "World of Work" presentations will long be remembered by the Haskell area students. We appreciate the time and effort given by the local merchants and professionals. It is our goal to help young people realize that they can fulfill their goals and ambitions right here in their hometown. We recommend that students seriously consider Haskell as a good place to work and live.

Thanks EMS

Haskell EMS: Words will never express our gratitude for what you did for me the day of my wreck.

Doctors from here to Abilene to Dallas said that I had received the best emergency treatment any where. Our special thanks to Kendall, Todd and Chris who were on the scene and prepared me so well for my trip to Dallas for treatment. You were excellent.

May God bless you and continue to use your skills to help others.

Thanks

Editor: The leaders and members of Haskell Boy Scout Troop 136 would like to express our gratitude to everyone who helped make our booth at Sunday in the Park a success.

The parents, grandparents and friends of Scouting who made the homemade ice cream and baked goods were faithful to bring what they said they would. Because of you and the fine people who purchased the goods, we feel our effort was successful.

Thank you for being a friend of Scouting.

Night watchman

Editor: You know we read a lot of thank you letters and letters of appreciation to certain people here in Haskell.

Yet there is one person we people of Haskell fail to acknowledge. He is our night watchman, Fred Draper. He has done this job for 17 years straight. He works seven nights a week, never takes a vacation. Out of 17 years, to the best of my understanding, he has maybe taken off three nights. He has walked our streets and looked after our town. He has found many a business unlocked at night and saved the owners of a possible easy robbery.

Each night as he goes to work, he is chancing his life. He is a brave and trusting person that has spent nearly 20 years of his life watching over our town. This man should be honored. Fred is an outstanding citizen and I believe, we the people of Haskell owe this man a great big thank you.

Mr. Draper, we appreciate you.

Boy Scouts

Editor: Because of the large amounts of money needed for our Scout bus insurance, re-charter fee and trying to help some of the Scouts afford to attend summer camp this year, Haskell Boy Scout Troop 136 has been having financial problems.

We received a very generous donation from our sponsoring organization, First United Methodist Church, toward the insurance. We also received help on the insurance from the American Legion and Rotary Club. We are very grateful for this help.

We have also received some help on summer camp fees. We have received full camp fees paid by Dr. Tom Hairgrove and from the Haskell Masonic Lodge Chapter 181. Others making donations to

Help!

Editor: I know you will be surprised to receive a letter from far away on this isolated island of unfortunate human beings. But praying for your kindness and understanding, I took the courage to write to humbly request you to please print in your newspaper an article about my desperate plea for help.

I am a leper patient in this leper colony and a widow with seven malnourished children, five boys and two girls. It breaks my heart to see my children cry because they are hungry. Their few clothes are worn out already. I can not provide for my children anymore because my sickness has deformed me severely and I am already bedridden. What keeps us alive is only the food ration our government gives for patients like me, but this food ration is hardly enough for us.

If you will be so kind to publish my helplessness and call for help, I just hope to find someone who may want to share with us some of his or her graces and send us some food and old clothes he or she doesn't like to wear anymore and I promise to be very, very grateful.

I know this is a shameful thing to ask, but my children are sickly and starving. So I am begging you with all my heart. Please grant me my request.

plain talk
BY WENDELL FAUGHT

Pat Marshall of Conroe was an interesting and inquisitive visitor to Haskell Friday.

She dropped in the office to pick up a copy of The Free Press to take back to her mother.

She said her mother, Anita Jo (Simmons) Henry grew up in Haskell and they used to visit here where her grandfather, Ike Simmons worked at the post office, and then at the Dad and Lad Men's Store after he retired.

She and her husband, Todd, drove around town a bit, took some pictures and then had lunch at Carmen's. They were enroute to Lubbock where Todd's son is graduating from Tech.

Most women turning 50 probably wouldn't care to have it advertised, but Mary Rike had no choice.

One of those portable marquees, parked Friday in front of Hartsfield's, announced it to the world.

He won't put it in writing, but Gene Plunkett promises we won't be seeing so much of him in the future.

At least he says he won't be selling so many raffle tickets, one of the chief means of support for the American Legion post he commands.

The weekly bingo games at the Legion are now providing a new source of income.

As of a few days ago, at least, the community of Van Horn was looking for a doctor--literally.

An Amarillo physician who signed a contract with the Culberson County Hospital District to practice in Van Horn had not been heard from. He was supposed to be there by May 1. Attempts to reach him in Amarillo had been unsuccessful, according to an article in last week's *Van Horn Advocate*.

It's hardly a coincidence that the people of Haskell County consider the West Texas Rehabilitation Center as one of their favorite charities.

The WTRC summer newsletter reveals that the centers in Abilene and San Angelo served 8,200 new patients in 1991. In addition, 3,750 remained on the rolls from previous years and another 661 were served by outreach contracts, making a total of 12,610.

Of these, 211 were from Haskell County, ranking this county seventh in number of patients. Taylor County and Tom Green County, of course, ranked 1-2, with 4,639 and 3,838 respectively. Then came Jones County (329), Runnels (291), Nolan (235), Eastland (224) and Haskell.

Liked that story in the paper the other day about how hotel chains are trying to simplify their rates so the average person can understand them.

The article, in the Reporter-News' Business Journal, elaborated on a new deal by ITT Sheraton Corp., thusly:

"Under the program, there is one rate for business travelers that is about 30 percent less than the previous highest or 'rack' rates; a second rate, good Sunday through Thursday nights, that is about 40 percent off the previous highest rates and good if a reservation is made 14 days in advance; and a weekend rate good on Friday or Saturday night that is up to 50 percent off the old, full price."

Gotcha!

Have you tallied up your liabilities lately? If so, you may have overlooked a little item.

Like \$45,000.

That's what every American household owes as its share of the soon-to-be \$4 trillion federal deficit.

When adjusted for inflation, this year's deficit will be equal to the total federal budget in 1965.

Remember when they pumped your gas, checked your oil, aired your tires and cleaned your windshield?

We called them filling stations. Today, they don't do anything but take your money, and we call them service stations.

--Obituaries--

by Mabel Overton
 One of Life's Recipes
 1 cup of good thoughts
 2 cups of sacrifice for others
 1 cup of consideration for others
 1 lb. of kind deeds
 3 cups of forgiveness
 Mix these ingredients thoroughly. Add tears of joy and sorrow, and sympathy for others. Fold in 4 cups of prayer and faith. After pouring all this into your daily life, bake well with warmth of understanding. Serve with a smile.

Good people of Paint Creek, I now know that no self respecting bass ever gets as large as 53 pounds! Several people have told me that I stretched that fish story quite a bit. It was a 53 pound catfish that Mr. Carl Davis caught. I hope Mr. Jennings hasn't had to take any teasing because of my mistake. I am sure he said 53 pound catfish. I just listened wrong. Thanks to my mistake about the size of the fish, they have sold two lots at the lake.

Mr. and Mrs. Lindell Caddell were in Ft. Worth last week to attend the graduation exercises at the Baptist Seminary. Their son-in-law, Robert Slaton was in the graduation class. His wife is the former Kathy Caddell. Kathy graduated from Paint Creek, and the Caddells lived out here until a few years ago. Kathy and Robert and

their four children will be serving the Elbow Baptist Church, which is near Big Spring.

The Elementary Gifted and Talented students were entertained with a movie made by four members of their group last Tuesday morning. Each one of the four took one subject related to Egypt and told about it. Lee Ann Reel told about the mummies, Marcus Overton told about the Egyptian Gods, Amanda Crawford told about the pyramids, and Scott Stephens told us about Hieroglyphics. The unusual thing about the presentation was that they had filmed each other giving their speech. So we saw a movie. The last part was Scott in Egyptian garb doing an Egyptian dance. He was so good that someone asked them to show that part again. Mrs. McDonald is their sponsor.

At the awards banquet May 8 the following students were honored:
 In the academic awards: Rodney Medford and George Mayen received the award in Government; Tony Cadillo in Math; Laura Arp, Hans Overton and Tony Martinez in English; Tony Martinez in World History, Carri Martini and Rodney Tsoodle in English; Rodney Tsoodle in Economics; Rodney Medford and Rodney Tsoodle in Science; Typewriting winner was Mandy Payne; Carri Martini was awarded the Home Economics and

the World History awards; and George Mayen won the Spanish award.

In the vocational awards: Steve Green was awarded the Future Farmers of America award and also Vocational Agriculture award.

UIL Scholar athletes were Geovanny Mayen, Tony Martinez, Cody Blair, Lolo Martinez, George Mayen, Hans Overton, Rodney Medford, Carri Martini and Rodney Tsoodle.

In the special awards: the outstanding Exchange Student is Virginia Guitierrez; Most Conscientious student is Tony Martinez. Laura Barbour and Cindy Howard were awarded the Kay Overton Award; Rodney Medford is Mr. Pirate and Laura Barbour is Miss Pirate; The citizenship award was given to Rodney Medford.

At the awards banquet the following received Greenhand Awards: Lolo Martinez, Matthew Morton, Cindy Howard, Cody Blair, Colin Howeth, Laura Barbour, and Ray Morton. Receiving the Chapter Farmer Degree were Wesley Cockerell, Cody Stocks and Rodney Medford. Agriculture Science Awards were presented to Carri Martini (Freshman), Donnie Waters (Sophomore), Wesley Cockerell (Junior) and Rodney Medford (Senior).

In basketball George Mayen was named to All District 1st team. Roman Morgan was named Most Valuable player in the District, and Honorable Mention All State. Named to the All District 1st team was Rodney Tsoodle. He was All District, All Area, All State and was 6 man representative to the All Star Game. Honorable Mention All District was Mark Green, 2nd Team All District was Tony Martinez. 1st Team All District in both football and basketball was Rodney Medford. 2nd team in District in both football and basketball was Ricky Rodriguez. Geovanny Mayen received Honorable Mention on the District Football team, as well as Jeff London and Blake Davis.

In Cross Country Regional Qualifiers, Cody Blair, Geovanny Mayen, Tony Martinez and Tony Martinez. Regional qualifiers in girls cross country were Carri Martini, Stephanie Cox, Cindy Howard and Laura Barbour. In girls basketball

Cindy Howard and Laura Barbour were placed on 2nd team All District.

The 6 Man Coaches Association named Rodney Tsoodle to the All State Academic Team, and he also was named Scholar Athlete and received the United States Army Reserve Award. It was presented by a real live Army officer in full dress uniform.

Steffi Overton's Aunt Marusja from Germany is visiting for a few weeks. She is the cutest thing. She never asks Waller of Steffi to bring her up to our house. In fact she turns down rides anywhere on the place. She loves to walk. She and the dog even walked in the rain. Her leaving Germany would make a good comedy. She arrived at the airport at 8:00 in the morning, two hours before departure, and found that her passport was out of date. She told the pilot to hold the plane there, and she ran out to her waiting taxi and went to have a new picture made. The photographer was out. Finally he came in and she had four pictures made. She got back in the taxi and went back to the Courthouse to get her passport. Back to the airport she found that her visa had expired. Some lady she didn't know told her "Don't worry. We'll get you on the plane."

The plane already had the doors closed, and they had to open the door and let her on. She had to walk down the aisle with all the passengers glaring at her for making them wait.

R. V. and Violet Earles had a fish fry at their lake cabin Monday night. The guests were Martha and J. L. Toliver, Joyce and Joe Davis, Margie and Ernie Huss, Sammie and Jim Turner, Sylvia Crowe and Martha, Sherron and Don Bachman.

Aaron and Cole Earles spent the weekend with their grandparents, Mr. and Mrs. R. V. Earles while their parents went to Tech graduation ceremony where Kirk High graduated from Texas Tech and Shane Hadaway graduated from the Texas Tech Law School.

Manual Lewis

Manual Lee Lewis died Thursday, May 4, in Haskell Memorial Hospital. He was 62.

Funeral services were Monday afternoon at Greater Independent Baptist Church with the Revs. F. E. Chenault, J. L. Lewis and Robert Slaughter and Elder W.M. Hodge officiating. Burial, directed by Holden-McCauley Funeral Home, was in Willow Cemetery.

Pallbearers were Gennie Ray, John E. Billington, Alton Platt, L. C. Whitaker, Lloyd Bennett, Curtis Kilgore and L. C. Johnson. Honorary pallbearers were brothers of the Independent Baptist Church.

Mr. Lewis was born June 1, 1929, in Calvert. He was a longtime resident of Haskell County. Survivors include his wife, Nellie Ray Storm; two daughters, Jana Craney of Fort Worth and Doris Lewis of Abilene; a son, Jackie Phillips of Abilene; a step-daughter, Polly Tyler of Stamford; a brother, Armistice Lewis of Phoenix, Arizona; four sisters, Susie Mae Jackson, Birdie Lee Benford, Alice Johnson and Mae Lou Yeldell, all of Haskell; and nine grandchildren.

Charles McFadden

Charles Carroll McFadden died Tuesday in Graham Oaks Nursing Home in Graham. He was 81.

Funeral services will be at 2 p.m. today (Thursday) at First Assembly of God with the Revs. J. C. Amburn and Randy Carter officiating. Burial will be in Willow Cemetery, directed by

Holden-McCauley Funeral Home.

Mr. McFadden was born in Navarro County on July 22, 1910. A retired oil field construction worker, he had lived in Graham for the past 13 years. He was a member of Faith Center Assembly of God. He married Opal Lorene Campbell on June 12, 1936. She survives him.

Other survivors include two sons, Arvil McFadden of Haskell and Carroll Wayne McFadden of Bryson; five daughters, Carlyne Wright of Spur, Betty Tatum of Grand Prairie, Wanda Mills of Arlington, Glenda Kaye Grayson of Graham and Jeanette Cotton of Graham; a sister, Opal Isbell of Haskell; two brothers, A. D. McFadden and Jim McFadden, both of Haskell; 21 grandchildren; and 19 great-grandchildren.

He was preceded in death by a son, Billy Don McFadden, and a brother, Herman McFadden, two grandsons and two great-grandsons.

Jamye Sawey receives degree

Jamye Lyn Sawey graduated from St. Mary's University in San Antonio May 9 with a bachelor of science degree in biology.

She is the daughter of James and Karen Sawey of Fort Worth.

Attending the graduation ceremonies were her grandparents, Clarence and Ruby Sawey of Fort Worth and Gertrude Wittenborn of Haskell. Her uncle and aunt, James and Melyn Wittenborn, also attended baccalaureate service on Friday.

Jamye will be attending the University of Texas Health Science Center in San Antonio next fall.

TAX PLANNING

Written By
Gerald Rodgers, CPA

NEW 1992 ESTIMATED TAX RULES

For many taxpayers, the rules of the estimated tax game have changed for 1992. In the past, all taxpayers could avoid penalties for the current year's underpaid taxes by ensuring they had paid in an amount equal to the prior year's tax liability. While this exception is still available to most taxpayers, certain taxpayers must make estimated payments that total at least 90% of their current year tax liability.

These new estimated tax rules will affect taxpayers who meet three criteria. First, their adjusted gross income (AGI) for the current year must exceed \$75,000. Second, their AGI must have increased by more than \$40,000 over the prior year. Third, they must have paid or been required to pay estimated taxes in any of the three preceding years.

The new rules will cause additional recordkeeping burdens for general partners of partnerships, limited partners owning a 10% or greater partnership interest, and shareholders owning 10% or more in an S corporation. These taxpayers must obtain timely quarterly income information from these entities. Such data will be needed to determine whether the \$40,000 AGI increase has been exceeded and to compute the current quarter's estimated tax payment. Less than 10% limited partners and S corporation shareholders can use their share of the entity's prior year income or loss in the current year's estimate calculation.

These new rules didn't apply to the April 15, 1992, estimated tax payment. Taxpayers were allowed to use the old rules and still pay 25% of the prior year's tax. However, any shortfall that resulted must be paid with the second installment due June 15.

To avoid underpayment penalties, shift from year-end to year-round tax planning. If you haven't had to pay estimated taxes in the past, try to avoid paying estimates in the future. If you have both wage and nonwage income, consider increasing your withholding. The IRS treats withholding as having been paid in equally throughout the year.

3 students get national recognition

Three Haskell High School students have been named national award winners by the United States Achievement Academy.

They are Kim Gilly, Denise Collins and Misti Bartley, who are among less than 10 percent of all American high school students recognized by the academy. They were nominated by Christie Stapleton, teacher and Student Council sponsor.

Their pictures and biographies will appear in the United States Achievement Academy official yearbook.

Winners are selected upon recommendations of teachers, coaches, counselors or other school sponsors and upon standards set forth by the academy. Criteria includes academic performance, interest and aptitude, leadership, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude and cooperative spirit and dependability.

Three get awards from UIL

Deanna Scheets, Chris Tanner and Kim Gilly are recipients of the University Interscholastic League UIL Scholar Award.

The award goes to students who graduate in the top 10 percent of their classes and who participated in a UIL academic, music or athletic contest.

"The award honors those students whose academic and extracurricular achievements have been exemplary, and whose self discipline in preparation and integrity in competition are a model to others," said Dr. Bailey Marshall, League director.

"This award program is one of the outstanding awards programs in the nation," Dr. Marshall said. "We feel it is important for the League to restate our commitment to academic success first, and second to extracurricular activity."

The awards were presented to the Haskell students at the school awards program May 12.

Holly Hobgood gets Xerox award

Holly Hobgood, a Haskell High School junior, has received the Xerox Award in the humanities/social sciences, presented by Xerox Corporation.

Xerox award winners are selected on the basis of scholarship in the humanities or social sciences, leadership and community service.

Holly received her award during the school awards program May 12. She is eligible to apply for a special Xerox Scholar program at

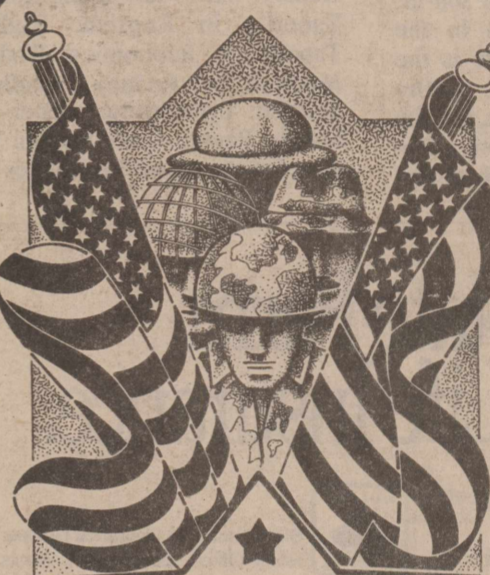

the University of Rochester in Rochester, N.Y.

The Xerox award is designed to recognize and reward the academic achievements of outstanding students and to emphasize the importance of a broad educational background in preparing students for future careers.

The awards program recognizes students at high schools in all 50 states.

We would like to express our heartfelt thanks to all our Haskell friends for your love, concern and most of all your prayers. You make it possible for us to "hang in there" for all those weeks. Our prayer is that God will bless each of you as He has blessed us.

Our Love,
Frank and Bonnie Jereck

A Memorial Day Tribute To Our Unsung Heroes

Washington.
Lincoln.
Jefferson.

The names of these great American heroes live on in our history books, always to be remembered.

Yet on this Memorial Day we'd like to pay tribute to thousands of American heroes whose names we may not know, but whose efforts have made it possible for all of us to enjoy the many freedoms we have today. To all those brave soldiers, who paid with their bodies and souls, we pay our respects and offer our gratitude. Their contributions have not been forgotten.

Coleslaw is 200 years old. Its name came from the Dutch: "Kool" means cabbage and "slaw" means salad.

May 7, 1992

Joining President Bush and millions of Christians from Hawaii to Florida, pastors and citizens from many local churches celebrated the annual National Day of Prayer May 7th during the noon hour on the Haskell County Court House lawn.

Dusty Garison, pastor of Haskell's First Christian Church, began by reading 2 Chronicles 7:14-"If my people, which are called by my name, shall humble themselves and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."--and Paul's instruction to pray for our leaders, those whose authority affects our quality of life, that we can live in quiet and peaceful lives.

Brian Burgess, with the American Family Association of the Rolling Plains, gave this corporate prayer, "O Lord, our Heavenly Father, the great and awesome God, the only true, eternal God; keeping covenant, and blessing those that hear your word, and keep your commandments. You gathered refugees from the far corners of the earth, men and women seeking freedom in this land of promise; a haven where they could worship You according to the dictates of their consciences, without fear nor intimidation. You made America the most powerful and prosperous nation on earth; the most blessed nation in the history of the world.

But in our prosperity and pride we have forgotten you, and we have dared to imagine that our own wisdom and ingenuity have gained for us all these benefits. We have sinned, and done great wickedness in Your sight, as did those nations who have fallen before us. We have rebelled against You, despising Your word, and ignoring Your loving commands. Therefore we are cursed with a curse. Darkness and death are moving across our land.

We have forbidden our children to pray to you. We have told them there is no creator. We have robbed them of values and morals, and have cast them adrift on a sea of meaningless emptiness. We have produced a lost generation where teen suicide is the second leading cause of death.

Confusion, despair, fear, anger, and selfishness are becoming the norm. The love of many has grown cold. Half of all marriage commitments end in divorce. Child abuse is up 500% over the last twenty years. Four thousand babies every day, 1.5 million babies every year, are slaughtered in America's abortuaries, while the church, for the most part, covers its eyes. Adultery and fornication are glorified, homosexuality and incest are tolerated. Pornography, rape, drug abuse, alcoholism, robbery, murder, and mental illness abound. Our city streets are a war zone, a deadly battleground. We have filled Your creation with filth, polluting the air, fouling the water, and wasting its resources.

132,000 Americans have died of AIDS, more than died in Korea and Viet Nam combined. Another 200,000 are dying of AIDS, and millions more infected with HIV will develop AIDS, and die agonizing premature deaths. Yet our leaders lack the will to act against the AIDS epidemic.

Our government is out of control, and on the verge of bankruptcy. We are one billion dollars deeper in debt today than we were yesterday, and we continue deeper in debt one billion dollars every passing day. Before the end of this century, every penny of taxes paid by every person in America will only pay the interest on the national debt, and our government will operate totally on borrowed money. We are the world's largest debtor nation, yet our representatives increase spending, unable or unwilling to balance the Federal budget.

As it is written in the Law of God, so all this evil is come upon us; yet we have not prayed to you, our God, that You might turn us from our iniquities, and save us by Your truth. Father, give us boldness to confront evil, and expose lies. Give us leaders, public servants, with Godly wisdom, passionate convictions, and virtuous lives.

O Father, hear the prayers of your servants, who are called by Your name. Incline your ear, and hear our cries, and restore our land to "One Nation Under God."

We do not present our supplications based on our righteousness, but upon Your great mercies, which never come to an end; upon Your steadfast love which never ceases! O Lord, hear; O Lord, forgive; O Lord, hearken and heal us our God. Delay not, for your precious name's sake, and for the sake of this Your people, who are called by Your name. In Jesus name we pray, AMEN."

The participants then spent the remainder of the noon hour praying quietly, singly or in groups of twos or threes.

Brian Burgess

Young Homemakers tour three homes

The April meeting of the Haskell Young Homemakers began April 20 at the Homemaking Cottage where members divided into three groups to tour the homes of Janet Thane, Roberta High and Bettye McBroom. Many new ideas on decorating were obtained from these beautiful homes.

After the tour, members returned to the Homemaking Cottage for refreshments and a business meeting. Hostesses were Bo Tatum and Tammy Anderson. Cookies, chips and dips, sandwiches and iced tea were served.

D'Anne opened the business meeting by addressing old business first. An thank you note was read from Angie Kruger. The City Park and Little League committees have met since the last meeting and the following donations were recommended: City Park \$400 for two park benches and a donation of \$600 toward the Little League baseball lights. A letter is being compiled to be sent to the other organizations to ask for their assistance in the light project. The scholarship committee reported they have five seniors who qualify and a luncheon for the candidates will be scheduled for May 4.

New business was then addressed. The all-night Party '92 committee has asked the Young Homemakers to serve the breakfast on May 29. Sweet rolls and juice were decided on and approved. More details will be revealed at the next meeting.

The group then discussed moving the meeting to the first Monday of each month instead of the third and all approved.

D'Anne announced the nominations for officers for the next year: Tammi Pannell, president; Mickey Holloway, vice president; Janie Villa, reporter and secretary; Bo Tatum, treasurer; Wanda Thompson, advisor; and D'Anne Melton, parliamentarian.

Debbie Kennedy won the door prize.

Next meeting will be Monday, May 18 at 7 p.m. at the City Park. Members and families are invited to join in the fun with volleyball and

homemade ice cream. This will be the final meeting for this year. The new officers will be installed at this meeting.

Lottery...

Continued from page 1
will have a chance at the next week's drawings.

"The drum is so big---it would hold about 80,000 golf balls---it's actually caused some problems for us," Linares said. "It took us a couple of days to find a place large enough to store it."

A preliminary drawing from the drum will be held 10 days before each grand prize event. The preliminary draw for the seven finalists who will appear at the Plaza of the Americas, for example, will take place on Tuesday, June 9.

"Lottery security and an independent auditor will make sure that the entire process is absolutely fair and above board," Linares said. "Whoever selects the lucky seven tickets, for example, must wear short sleeves or roll up their sleeves and must be blindfolded."

The first grand prize drawing will begin at 12 noon on Thursday, June 18, when the seven finalists are escorted onto the custom-built lottery set in the middle of the rink at Americas Ice Garden.

After five of the contestants win prizes of \$10,000, \$10,000, \$15,000, \$15,000 and \$25,000, the attention focuses on the two remaining grand prize finalists. One will win \$50,000 cash, and the other will be the Texas Lottery's first instant millionaire.

Linares said the grand prize drawing is a part of the lottery's plan to involve as many Texans as possible in the games.

"We know that folks from all over the state will 'compete' for the million-dollar prize, but we're also trying to bring the fun and excitement of the drawings to all corners of Texas," Linares said. "For example, on June 25 we'll be at the Ranching Heritage Center in Lubbock and on the following Thursday the drawing will be in Corpus Christi."

Charissa Huff and Justin Lisle were winners of the eight-grade American Legion citizenship awards.

Charissa Huff and Tonya Burson received the Progressive Study Club leadership awards. They also had the highest averages in the eighth grade.

Cathryne Seelke and Chris Tanner were recipients of the Army Scholar/Athlete awards. They are pictured here with Sgts. Hudson and Cristan.

Highest ranking students in the seventh grade are Sarah Cothron and Wendy Dulaney (not pictured).

Heath McMeans and Denise Collins, not pictured, seniors, received the American Legion citizenship awards.

Mrs. Bevel hostess to club

The Josselet Extension Homemakers Club met May 12 in the home of Mrs. Earmal Bevel for a very interesting program.

Edna Anderson, club president, called the meeting to order. Mrs. Bevel read for devotion "My Prayer Rock" and all members repeated the TEHA prayer.

Roll call was answered by 11 members and one guest by naming a nutritious snack idea.

Minutes of the March meeting were read and approved. There were no minutes for the April meeting.

Margaret Wall gave the treasurer's report in the absence of Mary Abbott. Thank you notes were read from Mildred Robertson and Flo Holder for gifts from club members they received when they were in the hospital.

Lou Gilly gave a very interesting program on the "Battle of the Bulge."

Mildred Robertson drew the door prize.

Next club meeting will be June 14 in the home of Mrs. Joe Holder.

Mrs. Bevel served colorful refreshment plates of angel food cake with fresh peaches and cream, nuts and mints, with tea and coffee.

Present were Mrs. Gilly and members Edna Anderson, Phylcia Bailey, Flo Holder, Margaret Jones, Reatha Mullins, Mildred Robertson, Hazel Thomas, Martha Toliver, Dorothy Trussell and Margaret Wall.

A honeycomb has walls that are only 1/80 inch thick, but can support 30 times their own weight.

T.J. and I would like to thank each of you who helped make T.J.'s retirement party the great success that it was. It will be something that he will never forget.

We think of each one of you as best friends.

We also want to thank our children and grandchildren for the part they played. It could not have been done without them.

Thanks again,

A message from the ABILENE EYE INSTITUTE & CATARACT SURGERY CENTER DEDICATED TO EXCELLENCE

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsification technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

Garden club has year's final meeting

The Haskell Garden Club met May 14 with a luncheon at the community room for the closing meeting of the year.

Mrs. Sammie Turner installed the new officers for 1992-93. She used cooking and mixing with pots and pans. It was most impressive and appropriate for each officer.

New officers are:
Mona Gibson, president; Marsha Whittemore, first vice president; Lorene Dewey, secretary; Mary Bischofhausen, treasurer; Gladys O'Neal, reporter; and Marion Carlisle, parliamentarian.

Mrs. Turner read a poem, "How Grandma Used to Cook" as a closing for the installation.

The roll call was answered with each telling her favorite program and why. Several awards were recognized which the club had won.

Before adjournment, Mrs. Gibson told of some plans and ideas concerning the coming year.

Beautiful fresh flowers were brought by Juanita Rhea, Juanita Bevel and Dee Sprayberry which decorated the tables.

Present were Juanita Bevel, Mary Bischofhausen, Marion Carlisle, Lorene Dewey, Mona Gibson, Nettie McCollum, Gladys O'Neal, Leone Pearsey, Juanita Rhea, Dee Sprayberry, Peggy Burnett, Margie Dorner and Ernestine Dickson.

Three guests were Retha Mullins, Mary Ann Morris and Sheila Ratcliff.

Hostesses were Helen Cox and

Marsha Whittemore.

Next meeting will be at 2 p.m. Sept. 10.

Members invite anyone interested to join the Garden Club. "It is a joy and pleasure to learn, to grow, to arrange and enjoy beautiful flowers. We assure you of an enjoyable and fun afternoon if you will join us each month."

Mrs. Guess to celebrate 80th birthday

Mildred Guess will be honored with an 80th birthday party Saturday evening at the home of Brian and Jennifer Burgess in Haskell.

Family members and friends will enjoy a barbecue dinner at 5 p.m., to be followed by special recognition to the guest of honor.

Mrs. Guess was born May 21, 1912, near Weinert. Her son, Bill Guess, lives in San Antonio and will be here for the birthday celebration, along with his two sons. She has five grandchildren.
