Outstanding Citizen award to Wanda Dulaney

The Haskell Chamber of Commerce paid tribute Saturday night to Wanda Dulaney when it announced the long-time Chamber manager had been chosen Haskell's "Outstanding Citizen."

Announcement was made during the Chamber's 57th annual banquet at the Haskell Memorial Civic Center.

Ms. Dulaney, who was Chamber manager from 1981 until last December, is undergoing treatment

for leukemia in Dallas and was unable to be present to receive her award.

As Chamber manager, Ms. Dulaney coordinated many community activities, including the annual Night Christmas Parade, the Fly-In Breakfast, the Sunday in the Park program, Super 2nd Saturday, the Beautify Haskell project and many others. She is a Haskell native and a graduate of Haskell High School.

Ms. Dulaney spent many years with the American Red Cross. She joined the Dallas Red Cross chapter in 1956 where she was assigned to numerous disasters, including hurricanes, floods and tornadoes. In 1972, she received the Matrix award as the No. 1 public information director in Dallas. She then spent three years as manager of the Taylor County Red Cross in Abilene before returning to Haskell.

Speaker at Saturday's Chamber

banquet was Ray Overton, former Haskell football coach who is now coach at MacArthur High School in Irving.

Andy Gannaway was installed as new president of the Chamber. Other officers are Sam Watson, first vice president; Doris McMeans, second vice president; and Elbert Johnson, treasurer. Conrad Roewe, outgoing president, completed two terms in that position.

School election draws candidates

Incumbent School Board member Danny Josselot will be opposed by Lupe Guadalcazar and Nick Jimenez in the May 1 Haskell school election. Those three candidates filed for position 1 on the board.

Incumbent Roger Moeller is unopposed for re-election to position 2.

This will be the first time for School Board candidates to be elected by position. They will continue to run at-large, however.

Rule Lions set broom sale

The Rule Lions Club will be conducting its annual blind-made broom and mop sale on Saturday, April 3.

The caravan truck will be located at the Lions building at the City Park from 9 a.m. to 2 p.m. where the public can select and purchase directly. Orders also may be given to any Lions club member and these orders will be delivered.

Earnings from the sale will be used to help support the club's community service activities.

Weinert church revival planned

The public is invited to attend a revival series entitled "A Time to Return" at the First Baptist Church in Weinert.

The revival begins Sunday, March 28, and continues through Thursday, April 1.

Sunday morning services begin at 11 and evening services at 7.

Guest evangelist will be Howard Pierce and music minister will be Jesse Edwards.

Band Boosters to meet Monday

Haskell Band Boosters will meet Monday in the Band Hall.

The meeting begins at 6 p.m. and all interested persons are invited to attend.

BULLETIN

Wanda Dulaney, former manager of the Haskell Chamber of Commerce, died Wednesday morning in Baylor Hospital in Dallas.

H. H. Grimes and his wife, Juanita, stand beside the cake served at his retirement party at the Paymaster Gin in Weinert.

Grimes retires as gin employee

A reception at the Paymaster Gin in Weinert on March 11 honored H. H. Grimes, a gin employee since 1949. He retired March 1.

In his 44-year career, Grimes was head ginner and module truck driver. He has lived in Weinert since 1942.

Grimes and his wife, Juanita, have a daughter, Kathy Patterson of Houston, and a son, Ricky

Hamilton of Albuquerque, N.M. They also have a four grandchildren and a great-granddaughter.

Upon retirement, Grimes said he plans to take life a little easier and enjoy some outdoor sports and activities.

Paymaster Gin was formerly owned by Anderson-Clayton Co. of Lubbock. It is now owned by the Archer Daniels Midland Co. of Decatur, Ill.

Three elections scheduled May 1

Three separate elections will be held in Haskell on Saturday, May 1.

In addition to city and school elections scheduled for that date, there will be a special state election to elect a United States Senator and to decide the fate of three proposed constitutional amendments.

The senate race will be to complete the term of Lloyd Bentsen, who resigned earlier this year to accept the position of Secretary of Treasurer in the

Clinton administration.

Bob Krueger is now filling that position by appointment. He and several other candidates have announced their intentions to be candidates. The filing deadline is March 31.

Haskell County voters will cast their ballots in their precincts in the state election. City voters will vote at City Hall and school voters will vote at Haskell National Bank community room and Weinert School

Last-minute filings give City 11 candidates

At noon last Wednesday, only one person had filed as a candidate for the City Council.

By the filing deadline at 5 p.m., 11 candidates had filed for the three positions to be decided in the May 1 city election.

Included in the group are all three incumbents whose terms are expiring this year.

The candidates:
Iva Lee Gibson
Todd Barnes
Marvin Letz
Tony Burson
Tim Larned
David Davis
Kenny Watson
Mary Lowe
Kay Bagot
Gaston Tidrow
Jerry Stocks

Mrs. Gibson, Burson and Watson are the incumbents seeking

re-election. Mrs. Gibson, the only candidate who had filed prior to Wednesday, is completing a one-year unexpired term to which she won election last year.

Burson was first elected to the City Council in 1989 and was re-elected in 1991. Watson was appointed in 1990 to fill an unexpired term and was elected to a full term in 1991, although he had served previously as a councilman.

Stocks is a former member of the City Council. He went off the council in 1991 when he did not file for re-election.

The three top vote-getters in the May 1 election will be elected to two-year terms on the Council. There will be no runoff.

Holdover Council members are Ruby Turner and Kim Nemir, along with Mayor Pat Henry.

Herren retires as weatherman

A stroke he suffered on Feb. 9 has forced Sam Herren to retire as official weather recorder in Haskell, a position he held for nearly 51 years.

He had served as official weather observer in Haskell for the U.S. Weather Bureau, since 1942.

Herren is now confined to Rice Springs Care Home.

Ken Lane has succeeded Herren as local weather recorder.

Work day set at ball park

The Haskell Little League Association has scheduled a workday Saturday, March 27, at Little League Field.

"If the weather permits, our plans are to remove the roof above the stands and replace it with a metal one, repair the boards in the bleachers and clean up the field," said Mike Cook, president.

Work will begin at 9 a.m. "We expect all coaches to be there to help, and we'd appreciate any parents or other volunteers," Cook said.

On March 31, coaches in both the Little League and Pony-Senior League programs are to meet at 6 p.m. at the fire station. Parents interested in coaching T-ball and coach-pitch also should attend. Cook is asking all coaches to bring their equipment to the meeting.

Baseball practices begin April 19.

The league hopes to complete the sign-painting before the season begins.

New businesses that would like to have a sign at the Little League Field may contact Camin Pittman at 864-3915.

A new sign is \$25. Prices vary on existing signs.

Heart disease takes heavy toll in county

Haskell County ranked fifth among the state's 254 counties in percentage of deaths from cardiovascular diseases in 1991.

Figures released by the American Heart Association reveal that 62 of the 99 deaths (62.63 percent) in Haskell County in 1991 were from this cause.

Ranking first was Menard County with 20 of 27 deaths from cardiovascular disease (74.08 percent).

Sparsely populated Jeff Davis County was second, 12 of 17 deaths, or 70.59 percent, followed by Kent County, four of six for 66.67 percent; and Donley County, 38 of 60 for 63.33 percent.

Following Haskell County were Sterling County, 5 of 8 for 62.50 percent; Shackelford County, 24 of 39 for 61.54 percent; Martin County, 22 of 36 for 61.11 percent; Motley County, 14 of 23 for 60.87 percent; and Clay County, 74 of 123 for 60.13 percent.

All of these counties were far above the state average of 40.9 percent.

The number of cardiovascular deaths in Haskell County in 1991 was unusually high. In 1990, only 53 of the county's 114 deaths were from this cause (46.5 percent) and the average over the past 10 years has been 63 of 130 for 48.5 percent.

'Stop Smoking' seminar planned

If you're ready to become a nonsmoker, you'll want to attend a "Stop Smoking" seminar in Haskell which begins next week.

There will be three one-hour sessions, beginning at 6:30 on three consecutive Tuesday evenings, March 30, April 6 and April 13.

The seminar is free to the public, although the size of the

class will be limited. For more information, contact Thelma King at Haskell Memorial Hospital, 864-2621.

Classes will be held in the conference room at the hospital.

The seminar is being provided by Parke-Davis drug company and will be conducted by the company's representative, Mitch Pritchett.

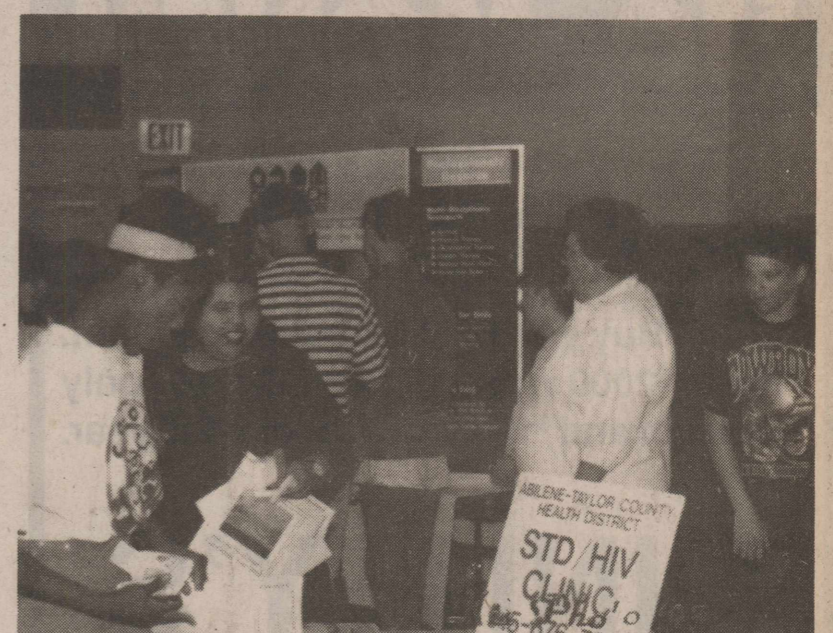

Students flock to Health Fair

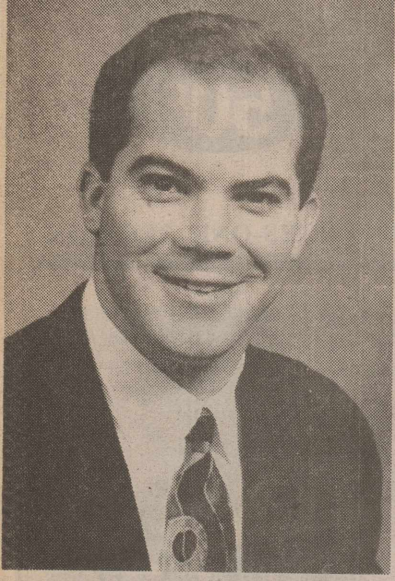

Lonnie Meredith stands beside The Drug Store's exhibit at the secondary school's Health Fair Tuesday morning. The program continued through the afternoon.

Francene Johnson of Johnson Pharmacy and Darlene Walton, representing the American Cancer Society, greet students at the Health Fair.

Erika Kilgore and Juanita Fuentes stop by the Abilene AIDS/HIV Clinic booth at the Health Fair at the secondary school Tuesday.

Baptist revival to begin April 3

Rodney Gage, dynamic young evangelist, will lead a revival April 4-7 (Sunday through Wednesday) at the First Baptist Church in Haskell.

Services will be at 10:55 a.m. and 6 p.m. on Sunday and at 11:45 a.m. and 7 p.m. on weekdays. Lunch will be served at the weekday noon service.

Described as the leader of one of the most successful evangelistic teams in the history of the Southern Baptist Convention, the 27-year-old Gage has led crusades in 20 states and has expanded his worldwide ministry to include evangelistic crusades in Brazil, Eastern Europe and Russia.

Gage has earned the confidence of both national and community leaders, and has been acclaimed by educators, clergymen and law enforcement officials for his effectiveness as a speaker on contemporary youth issues. More than 25,000 individuals have made decisions for Christ through Gage's

preaching ministry.

Gage and his wife, Michelle, reside in Fort Worth. Michelle, a gospel recording artist, is an active part of the evangelistic team. Her recent cassette release, "Move Me With Compassion," is a top-selling production. She has been a featured soloist at the pastors' conference and at the Southern Baptist Convention.

A special day has been designed for each day of the four-day revival. Sunday will be "High Attendance Day" in the Sunday School. There will be an after-church fellowship. Monday will be "Children's Night" with corn dogs served at 6 p.m. Tuesday will be "Pack the Pew Night" and Wednesday will be "Youth Night" with pizza served at 6.

Alaskan Malamute dogs have bushy tails which they curl over their noses when they sleep.

Tanner, Roewe exchange vows

Terri Tanner and Randy Roewe were married Jan. 16 at The Lakeway Church in Austin. The Rev. Clyde Chestnut officiated the double-ring ceremony. The pianist and soloist were Mr. and Mrs. Randy McLelland of Haskell.

The bride is the daughter of Mr. and Mrs. Bob Glover of Austin, and Mr. and Mrs. Charles Tanner of Bryan. The groom is the son of Mr. and Mrs. Conrad Roewe of Haskell.

Escorted by Charles Tanner and Bob Glover, the bride was given in marriage by her family. She wore a romantic gown of ivory satin and Schiffli lace designed by Bonny. The bodice encrusted with sequins and pearls featured a scalloped V'd neckline, renaissance sleeves and a deep basque waistline. The full ballgown skirt was adorned with beaded and sequined lace appliques and flowed to a full cathedral train.

To complete her attire, the bride wore a picture frame hat accented with lace appliques and highlighted with a double pouf and a silk illusion veil. The bride wore a pearl necklace given to her by her grandmother, the late Mrs. Lalla Dean Tanner of Bryan.

The maid of honor was Kathy Bates of Memphis, Tenn., friend of the bride. Bridesmaids were Julie

Roewe of Haskell, sister of the groom, and Paula Tanner and Jennifer Tanner of Bryan, sisters of the bride. The bride's attendants wore black satin Alfred Angelo gowns and carried bouquets of white and red Gerber daisies.

Roger Roewe of Haskell, brother of the groom, was the best man. Groomsmen were Joey Kimbrough and Jimmy Burson of Haskell, and Kevin Kenney of Texline, all friends of the groom. Ushers were David Adams of Haskell and Jim Davis of Corpus Christi, also friends of the groom. The groom's attendants wore black Christian Dior tuxedos with red bow ties, along with red carnation boutonnieres.

Terri Richards of Bryan, friend of the bride, registered guests. Following the wedding ceremony, a reception was held at World of Tennis. Tammy Kimbrough of Haskell, friend of the groom, served cake at the reception.

Grandparents of the bride attending included Mrs. Adene Glover of Van, Mrs. Mary Brayton of Katy, and Mr. and Mrs. Charles Cash of Bryan. Grandparents of the groom attending included Mrs. Luther Galbraith of Garland.

Out-of-town guests included aunts and uncles of the bride and groom as well as many friends. Guests from Haskell included Ken, Nelda, Shawn and Matt Lane, Bobby and Holly Hobgood, Marc and Janet Thane and Holli High. Mike Fouts of Rule and Kris Duggan also attended.

After a wedding trip to the Caribbean, the couple will reside in Fort Worth.

--Paint Creek--

by Mabel Overton
When I wrote the report of the Paint Creek Water Supply Corp. annual meeting, I didn't have the names of all the ladies and men who were responsible for our good supper. Now I do. They were Mr. and Mrs. Vernay Andress, Bobby and Rita Morris, Myrl Andress, Marvin and Nadra Baros, Ward and Erple Thomas, Juanita Pool, Pap and Faye Shaw, Sue Brown, Grady and LaVonta Ward, Jerry Baros, and Lillie Griffith. The meal was so good, and the community appreciates these neighbors preparing and serving it.

Dora Bergstrom's granddaughter, Erica Larned had a terrible accident when she was on spring break at Padre Island. The young people were riding in an open jeep and Erica fell out. She was taken to the hospital in Harlingen. She suffered a real bad cut on one arm and elbow, and also had to undergo plastic surgery on

her face. However, she was able to be flown home Monday. Dora, her grandmother, and Wanda her aunt, left for Ft. Worth Sunday and will remain several weeks. Erica is in college on a basketball scholarship. I hope that pretty face isn't scarred.

Many Paint Creek people attended the Stamford Rural Electric Association supper and meeting Saturday evening. The meal was extra good, but I forgot to ask who furnished it. I hope the Co-op has them again next year. I listened as well as I could, but I didn't hear anyone from Paint Creek's name called as a winner of one of the prizes.

Ray Overton, Jr. spoke for the Haskell Chamber of Commerce banquet Saturday night. He spent the night with us, and we visited and talked til 2 o'clock. Ray is such a fine man, and I am glad he is in a school system that appreciates him. When his mother

died, four of his assistant coaches came to her funeral, and afterward had lunch with us. One could tell that they all loved coaching under Ray Jr.

It is Interscholastic League time again. The golf tournament will be this week at Munday. One Act Play competition will be in Aspermont Tuesday (I think).

Mr. and Mrs. John Thomas took Russell Grand to dinner Sunday at the Cliff House, to celebrate his birthday. John has a birthday Tuesday, and these two men manage to celebrate together on one of their birthdays every year.

Mr. and Mrs. Wallar Overton and sons were in Abilene Saturday night near the Kingston Trio. Wallar and his brothers have sung Kingston Trio songs since they were little boys. The Kingston Trio are grey headed men now.

The Paint Creek Golfers played in Interscholastic competition at Munday Golf Course. Next week I'll have the players for you.

Mr. and Mrs. Charles McBeath of Midland, visited her sister, Mabel and Gene Overton Sunday afternoon.

Thank you for reading The Haskell Free Press.

HHS golfers take third in Munday

Haskell Indian golfers took third place in a seven-team field at the Munday tournament Monday.

The Indians' team score of 355 placed it behind Hamlin (324) and Munday (351), and ahead of Knox City (392), Stamford (424), Newcastle (426) and Paint Creek (464).

Indian team members and their scores included:

Mik Everett 82, Mart Guess 87, Brian Brzozowski 93, Matt Perry 93, Cody Cyper 94 and Patrick Middleton 94.

Next tournament for the Indians will be next Monday (March 29) in Stamford.

BRINGING HEALTH CARE TO TEXANS

Texans have long held a proud reputation of being ready, willing and able to take care of their own. However, that tradition is now in peril, as the number of family physicians is becoming dangerously low.

The problem becomes apparent with just a quick glance at the statistics. According to the Board of Medical Examiners, Texas had just over 6500 licensed family doctors in 1992. Of these, an estimated 36 percent will be reaching retirement age in the next 10 years. In rural areas, 42 percent of all family practice physicians will reach retirement age by the end of this decade.

Although Texas has the highest number of publicly funded medical schools in the nation, and is ranked fourth in the nation in number of residents in training, the state has not sufficiently utilized its current physician-training resources to fill the growing need for family physicians.

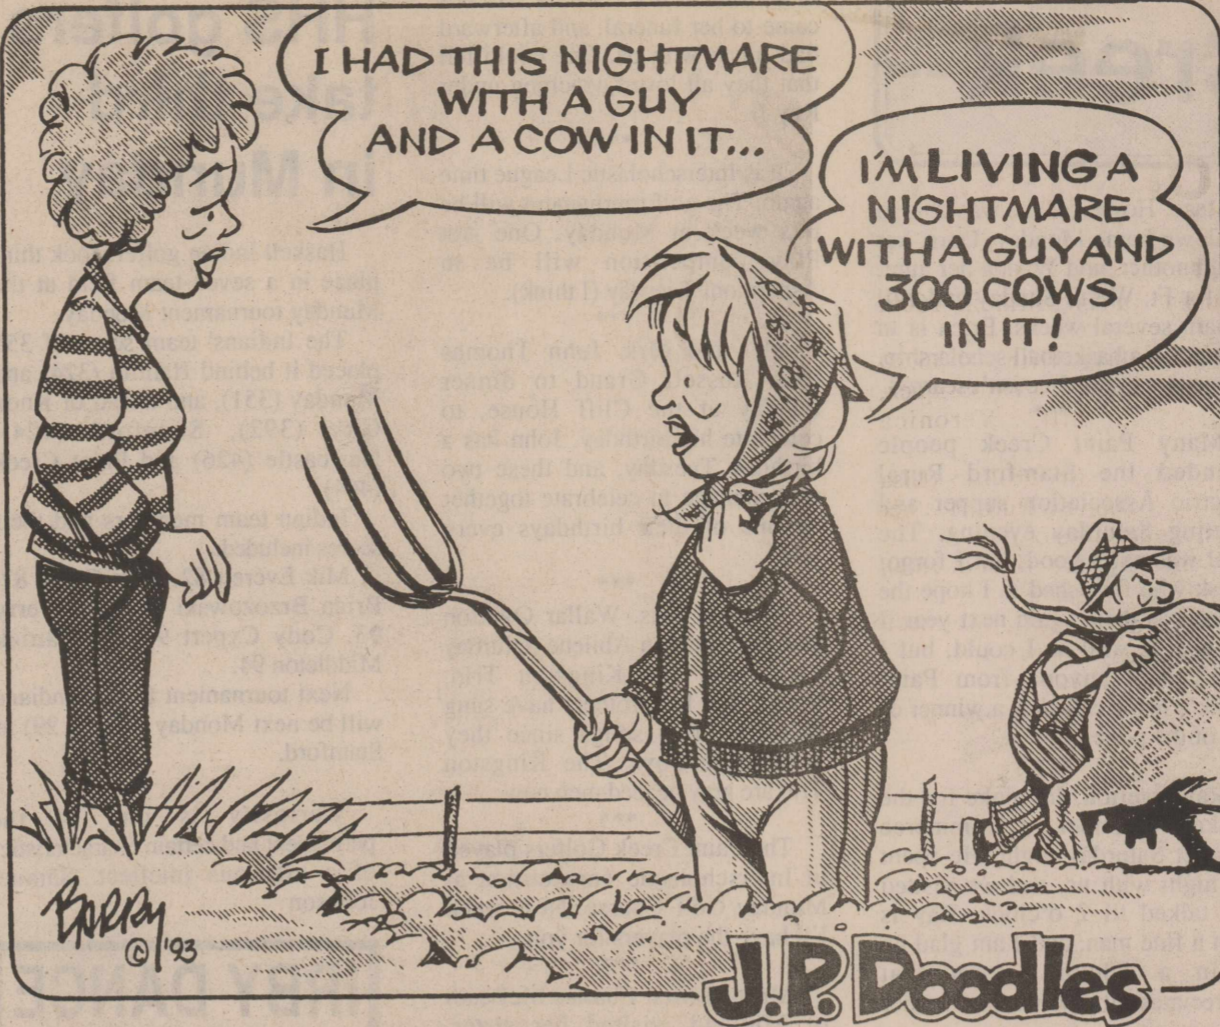

In 1987, Texas medical schools graduates choosing family practice training was at 16 percent, but in 1992, that figure had dropped to around 10 percent.

I have introduced Senate

Bill 500 to address this dilemma, calling for a program to recruit health professionals into primary care specialties. The Omnibus Health Professional Shortage Act would also bring primary care medical services back into underserved areas of the state.

The act would require medical schools to foster the development of family physician training within their institutions, and redirect current medical school funds to assure that adequate financial incentives for family care disciplines are provided. We must educate more general practitioners who can care for our families in their communities before their illnesses become both life-threatening and costly.

It is imperative that the programs included in S.B. 500 be implemented as soon as possible. Given four years of medical school and three years of residency training, initiatives launched today won't bear fruit until the year 2000 or beyond. The Omnibus Health Professional Shortage Act will begin the process to allow Texas to meet its societal need for primary care medical services.

The Citizens State Bank of Knox City was burglarized last night and approximately \$15,000 was taken in one of the boldest bank burglaries ever staged in this section. About 1 o'clock this morning the burglars held up nightwatchman J. Findley and while one of the bandits guarded him in the stairway near the bank, others broke into the building and using an acetylene torch, cut into the bank vault to get the money. Finishing their work about 5 o'clock the bandits placed Findley in the vault and left town in two cars, believed headed south, according to information received here. All telephone lines were cut leading out of Knox City and it was several hours before communication

could be re-established with neighboring towns.

Augmenting Vitamin D: Vitamin D is just as important for maintaining healthy bones as calcium, and postmenopausal women in northern climates may need to take a supplement. Because they do not get as much sunlight, which helps the body to synthesize vitamin D, during the winter, women who don't live in the sunbelt should eat adequate amounts of vitamin D-fortified foods and might consider taking a multivitamin that contains vitamin D.

-LETTERS-

Editor: The Haskell Chamber of Commerce would like to thank everyone for making our banquet a huge success.

The Chamber would especially say thanks to the Haskell Free Press, KVRP Radio and Harmon Cable for advertising our banquet and a Texas size Thank You to the Welcoming Committee and the incoming and outgoing board of directors for their help in our annual banquet. Coach Ray Overton's talk praised the good citizens of this fine city of Haskell.

The Chamber would like to congratulate Wanda Dulaney on being named Outstanding Citizen, 1992.

Thanks to all who attended and made the 57th annual banquet a tremendous success.

Many in Texas suffer diabetes

As many as 850,000 Texans may be afflicted--many of them unknowingly--with illness that may lead to blindness, amputations or kidney dialysis. Some will die.

They are the growing number of people with diabetes. With 3,593 deaths from diabetes or its complications during 1991, the disease was the state's seventh-ranked cause of death that year.

Since onset of the disease is so subtle, thousands of its victims are unaware of their illness until permanent, even fatal, damage is done. Health officials estimate that this year alone, 850 Texans will go blind because of diabetic eye disease. More than 3,200 will undergo amputations and more than 1,100 will be diagnosed with

diabetic kidney disease.

The Texas Department of Health and the Texas Diabetes Council stress that early detection, education of patients, ready medical supplies and health care are vital to lessening the tragedy and cost of diabetes' complications.

Besides the death and disability associated with diabetes, the combined costs of medical care, lost productivity and operational expense for state programs is about \$2.7 billion yearly.

By the year 2000, as many as 1.05 million Texans may have developed the illness.

It is only in literature that coincidences seem unnatural...Robert Lynd

Mrs. Dean hostess to WMU

The East Side Baptist WMU met March 16 in the home of Minnie Faye Dean.

The devotional was from Judges 4:12-16. In resisting evil, Deborah and Barak displayed a fighting spirit.

Prayer focus was Paraguay. A man on a motorcycle recently followed missionaries Freddie and Karen Womble down the streets of Coronel Oviedo. When they stopped their truck and got out, he told them, "Thank you." Four years earlier, at a local restaurant, the Wombles had given the man a Bible and some tracts. On reading the materials, he became a Christian. When he shared the materials, others became Christians.

Ruby Green read the missionaries' birthdays for the 16th and led in prayer for them and others.

The Bible study was led by Dee Sprayberry with the theme: "Servant Leaders, See Yourself." Scripture was Acts 18:26, "When Priscilla and Aquilla heard him, they took him home with them and explained to him more correctly the way of God." The best teachers we remember affirmed us, awakened us to undiscovered gifts, and instilled in us the confidence and freedom to serve.

Journalism scholarships are available

Applications are now being accepted from high school seniors and college students for a pair of \$500 college scholarships, according to Don Comedy, publisher of The Haskell Free Press.

The Free Press is a member of the West Texas Press Association which will present the scholarships to two future journalists whose career goals include working with a community newspaper.

Through the Bob Craig Memorial Scholarship program, named in honor of long-time Hamlin Herald publisher Bob Craig who died in 1981, a graduating high school senior and a college student each will be presented a \$500 college scholarship.

Each applicant must fill out an application form and write an essay based on the theme "My Career Goals in Community Journalism."

Applications have been sent to newspapers and high schools throughout the West Texas region and to college journalism departments throughout the state. Applications are available at The Free Press. Applicants must be from the West Texas area.

Deadline for applications is June 15. Scholarship recipients will be chosen by the directors of the West Texas Press Association and will be announced at the association's annual convention July 22-24.

Weinert to join in highway cleanup

The City of Weinert will join all other Texas towns and communities in the state-wide highway cleanup scheduled for Saturday, April 3.

Residents will meet at the school yard to receive the familiar orange-colored jackets and trash bags that are provided by the Texas Highway Department. The pickup is scheduled to begin at 9 a.m.

The highway cleanup is sponsored by the Weinert Homemakers Club and was started as a method to get wildflowers planted by the department in the

Weinert area.

The two-mile area to be cleaned extends from the exit on the north side of town to the exit on the south side of town.

Barbara Pratt and Brenda Sanders are chairmen of the cleanup project and they expressed their desire for a large turnout of helpers.

Chance is perhaps the pseudonym of God when He did not want to sign.

A message from the ABILENE EYE INSTITUTE & CATARACT SURGERY CENTER DEDICATED TO EXCELLENCE

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsification technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

They, like the men of 1931 who founded the park, have chosen to believe in the growth and future of Haskell. Their contributions will build a water fountain that will serve as an ever present reminder of the community spirit that has enabled Haskell to survive the changes of the last 60 years and to meet the challenges of the 21st century.

Don't hold back on your vegetables

(Third in a Series)

The United States Department of Agriculture's Food Guide Pyramid recommends eating three to five servings of vegetables daily. Yet, despite these recommendations, vegetables seem to have disappeared from the daily diets of many people. For some unknown reason, they think vegetables are boring and yucky.

This misconception, and that's exactly what it is, is beginning to change. Vegetables are becoming an important part of a balanced diet.

Vegetables come in many colors, shapes, sizes, forms, flavors and textures. They contribute interest and variety to meals in countless ways. They are fun to cook and eat. Their versatility makes them an asset in most meals.

Vegetables can be eaten in many

forms--raw, canned, frozen or dried. They can be eaten in sandwiches, salads, soups and main dishes. Our enjoyment of vegetables is limited only to our ability to serve them in interesting ways. We can pick and choose from an endless number of different and unusual vegetables.

Vegetables score very high nutritionally. They contain a variety of vitamins, minerals and fiber. For example, the dark green leafy vegetables are a good source of iron and calcium. Minerals such as sodium, magnesium, potassium, iodine, calcium, copper, molybdenum and manganese are also present in varying amounts in many vegetables.

A number of vegetables contain significant amounts of vitamin C. Examples include broccoli, sweet green and red peppers, and green

leafy vegetables (like kale and collards) and tomatoes.

Others include asparagus tips, Brussels sprouts, raw cabbage, garden cress, kale, kohlrabi, mustard greens, Irish and sweet potatoes (cooked in jackets), spinach, tomato juice and turnip greens.

Since we get vegetables from all over the world, we are almost certain to get the necessary amounts of these minerals if we eat the recommended number of servings, which is 3-5 per day. Vitamin C is needed for healthy gums and body tissues. Our diet should provide about 60 milligrams of vitamin C per day.

Deep green and deep yellow vegetables are good sources of vitamin A and beta carotene. Examples include broccoli, carrots, chard, collards, cress, kale, pumpkin, spinach, sweet potatoes, winter squash, turnip greens and other dark greens. Vitamin A helps maintain good vision and is essential for the proper functioning of many body organs.

Remember, vegetables are an important part of a balanced diet and can be a delicious way to get the nutrients you need without adding a lot of extra calories--unless, of course, you add fat or other high-calorie seasonings during cooking.

Craft Guild Show in Breckenridge

The 18th Craft Guild Show will be held March 27-28 in the Agri-Community Center in Breckenridge.

Show times will be from 9 a.m. to 6:30 p.m. on Saturday and from noon to 5 p.m. on Sunday.

Visitors will find quilts, country wood crafts, porcelain dolls, hand woven reed baskets, ceramics, hand painted enamelware, clocks, shelves, "popped" bluebonnets, bird houses, Easter bunnies, rag dolls, pottery, sterling silver rings, bracelets, earrings and letter openers.

There is no admission to the show.

Do your duty in all things. You cannot do more. You should never wish to do less...Robert E. Lee

Older workers recognized

Green Thumb enrollees were recognized March 19 at a luncheon at the Haskell Experienced Citizens Center to celebrate "Older Worker Week", observed March 14-20.

Wendy Brown, area supervisor for the Green Thumb program, said, "During Older Worker Week we want to show our appreciation of older Texans for their productivity, dedication and contribution they give to today's work force."

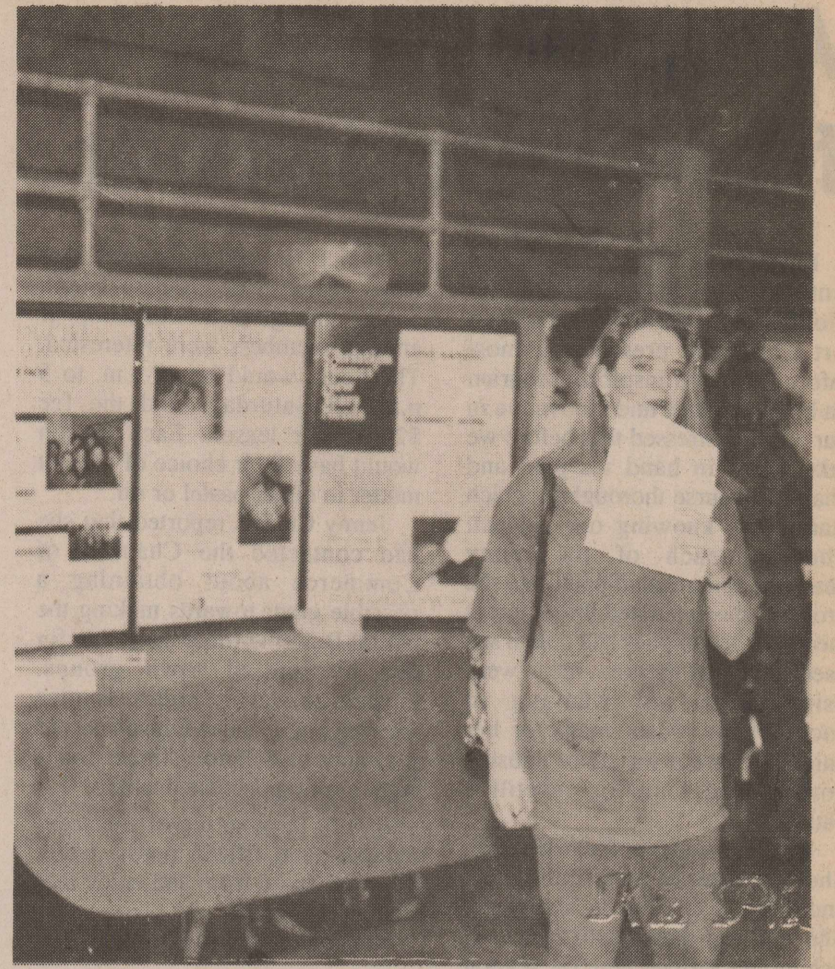

Florence Peden, center director, added, "We rely heavily on the help we get at our center from the Green Thumb program, and appreciate all they do for us."

Green Thumb is funded by the Department of Labor and sponsored by the National Farmers Union. It provides employment and training opportunities to low-income persons age 55 and older.

Under the program, enrollees are assigned to 50/C3 non-profit organizations, school, city, county or other government agencies and work approximately 20 hours a week and are paid by the program.

While at the agency, they receive experience and training, with the eventual goal of a job.

Photos published in The Haskell Free Press are filed by date of publication. If you want to pick up a picture, please let us know when it ran.

Laura Headstrom picked up materials at the Hendrick Hospital display during Tuesday's Health Fair at the secondary school.

Art club hears from noted artist

Faye Schnuriger, noted San Antonio artist was guest speaker Monday night for the Brazos West Art Club. She presented a most informative and inspiring program on being creative and innovative in our art. She stressed that before we take brush in hand we plan and chart our course thoroughly, which starts with knowing our subject. Showing each of the many beautiful and unusual paintings she brought, she explained the different mediums, techniques and colors she used. Some of the new ideas were using grids and weaving in backgrounds. Also, many of her paintings have a variety of unusual borders and contains repetitive patterns.

Faye is formerly from Haskell. She is a sister of Mrs. John Fouts and Gladys O'Neal is her niece. She and her late husband, A. J. Schnuriger resided here for several years at which time she joined the Brazos West Art Club and is still an associate member.

Iva Lee Gipson, president, presided over a brief business meeting. Minutes were read by Peggy Middlebrook and the financial report was given.

Eunice Helweg announced that Kaye Franklin of Graham would come and give a workshop if enough members were interested. The hours would be 10 a.m. to 5 p.m. on Saturdays and the fee \$25.00 per lesson. Each person would have their choice of subject matter in either pastel or oil.

Jenny Collins reported that she had contacted the Chamber of Commerce about obtaining a possible grant towards making the Corral Building more attractive for use by out of town groups. Hostesses Doris Jordan, Eunice Helweg and Iva Lee Gipson served a variety of delicious finger foods from a spring decorated table.

A very large group of nineteen members and fifteen guests were present to learn from and enjoy the excellent program.

Next meeting will be April 12.

Clerks attend seminar

Carolyn Reynolds, district clerk, and Rhonda Moeller, county clerk, were among 500 county and district clerks and staff members who took part in the 21st annual County and District Clerks' Seminar in Austin March 14-17.

The seminar is designed to update participants on duties and responsibilities of their offices, helping them become more capable and effective in serving the public.

"Building on Knowledge from the Courthouse to the Capitol" was the theme of the meeting. Participants took part in general sessions, workshops and discussions on topics that included legislative updates, influencing the legislative process--rules of the game to support or oppose proposed action, court costs and fees, transfer of cases, official public records, professional networking, transfer of family cases, child support and appeals process--civil and criminal, effects of statutory changes on clerks' procedures, security in the clerks' offices and courts and stress management.

The seminar was sponsored by the V. G. Young Institute of County Government of the Texas Agricultural Extension Service and the County and District Clerks' Association of Texas, in cooperation with the Texas Association of Counties.

Clerks who attended all of the sessions receive 12 hours of credit and new clerks receive 14.5 hours from Texas A&M University Office of Continuing Education.

Public Notices

NOTICE OF APPLICATION FOR FLUID INJECTION WELL PERMIT

Cross Timbers Operating Company, P. O. Box 50847, Midland, Texas 79710 has applied to the Railroad Commission of Texas for a permit to inject fluid into a formation which is productive of oil or gas.

The applicant proposes to inject fluid into the Strawn North Herrin Unit, Well Number 412. The proposed injection well is located 7 miles northwest from Haskell in the Herrin, N. (Strawn) Field, in Haskell County. Fluid

will be injected into strata in the subsurface depth interval from 4786 to 4839 feet.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas.

Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing, within fifteen days of publication, to the Underground Injection Control Section, Oil and Gas Division, Railroad Commission of Texas, Drawer 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/445-1373). 12c

NOTICE OF ESTRAY
Date: March 16, 1993
PERSON REPORTING
STRAY ANIMAL: Leon Newton, Haskell.

LOCATION STRAY ANIMAL FOUND: five miles SW of Haskell.

LOCATION OF IMPOUNDED ANIMAL: Haskell Livestock Auction.

DESCRIPTION OF LIVESTOCK: Black female cow with brown calf, Brangus breed, 10-12 years, 1000 lbs. Brand, Mark. Identifying Characters: R (left hip).

On the 16th day of March, 1993, I impounded the above mentioned stray and, on the 16th day of March 1993, I filed a Notice of Estray in the Estray Book of Haskell County, Texas. I have made a diligent search of the register of recorded brands in Haskell County, Texas, for the owner of said stray, but the search did not reveal the owner.

Notice is hereby given that, if the ownership of said stray is not determined by the 10th day of April, 1993, said stray will be sold at public auction at Haskell Livestock Auction.

WITNESS my hand this 16th day of March, 1993.
