Sophomores brisket next week

The sophomore class will host a brisket supper from 5 to 7 p.m. next Thursday, Sept. 23.

Menu items include brisket, potato salad, beans and homemade dessert.

To speed service this year, there will be a serving line in the cafeteria, and takeout orders will be picked up at the Life Building located just east of the cafeteria.

Ticket prices are \$5 for adults and \$3 for children 10 and under. They may be purchased at the door.

Advance tickets may be obtained from sophomores or their sponsors. Michael Copeland, Donita Hudgens, Johnny Kinzy, Alan Phillips and Pam Thigpen.

"Sophomores will deliver tickets to your door before Thursday," Mrs. Thigpen said.

For more information or for ticket delivery, call 864-3115 or 864-3741.

Disaster claims due by Sept. 17

Haskell County farmers have until Sept. 17 to file crop disaster claims on 1990-92 quality losses.

"Producers with quality losses form 1990 to 1992 crops should file a disaster application before that date," said Glenn Brzozowski of the Haskell County Agricultural Stabilization and Conservation Service.

Brzozowski said farmers have

Ben Charlie Chapman, in an earlier day

Mayor proclaims 'Ben Charlie Day'

By Pat Henry As Mayor of Haskell, I have proclaimed Sunday, Sept. 19, 1993, as "Ben Charlie Chapman Day" on this, his 90th birthday.

Ben Charlie began his practice of law in Haskell in 1930. He served as City Attorney, County Attorney, District Attorney and as District Judge from 1942 until 1973. He has been an adviser and confidant to many people in Haskell and the surrounding area.

In addition to his professional duties. Ben Charlie has been active

in a baseball program for youngsters, was active in Scouting and spent much time with the Red Cross. He started and continues to help with the Rochester Cemetery and handles financial and legal work for the Willow Cemetery in Haskell.

I am happy to honor Judge Chapman on this special day in his life. We, the people of Haskell salute you, Ben Charlie for the part you have played in the history and the future of this community.

Win No. 2 Indians measure Seymour, 29-8

Mart Guess threw for 179 yards, Jason Torres caught three touchdown passes and Jason Lisle rushed for 146 yards Friday night as the Haskell Indians racked up their second consecutive victory with a 29-8 victory over the outmanned Seymour Panthers.

And all the while, a stingy Indian defense was limiting the visiting Panthers to a paltry 64 yards in total offense, recovering two Indian fumbles and intercepting a pass.

Guess fired scoring passes of 15, 62 and 15 yards to Torres. Lisle got the other Indian touchdown on a 5yard run.

Highlighted by Lisle runs of 24 and 10 yards, the Indians marched from their own 44 to the Panther 1 on their second possession, but had to surrender the ball on downs.

After three Seymour running plays from the 1 netted only 4 yards, Joe Hardin's kick from the endzone bounced off his blocker. Hardin recovered to prevent a Haskell touchdown, but the Indians posted a safety to take a 2-0 lead.

Torres returned the ensuing kickoff from his 37 to the Seymour 46 and Guess promptly hit Jonathan Tatum with a 28-yard pass for a first down at the 18. Lisle lost a yard and then gained 4 before Guess' third-down pass was intercepted at the 2.

The Panthers got out of the hole with a quick kick that rolled to the Seymour 45. Six plays later, the Indians had their second touchdown. Lisle picked up 13 and then 11 yards. After a reverse by Tatum lost a yard, Guess passed 8 yards to Tatum to the 15 and then threw a scoring strike to Torres. Casey Larned's extra point kick made it 9-0 with 8:35 to go in the second period.

Seymour matched that touchdown four minutes later with a "2-yard drive". After Michael Norris' 40-yard punt had pinned the Indians back to the 14, the Indians gained just 5 yards to the 19. Torres, back to punt on fourth down, failed to handle a less-thanperfect snap and the ball rolled all the way to the 2-yard line before he recovered it. Jason Brown picked up a yard and then lost 2, but on third down, Hardin went over on a keeper from the 2. He also ran over a 2point conversion to make it 9-8. After the Seymour kickoff, Guess engineered a 66-yard drive for the Indians' second touchdown, despite a 15-yard penalty. On third and 23 from the Haskell 23, Guess fired a 35-yard strike to Tatum to the Seymour 44 and then ran 23 yards to the 21. Guess picked up 2 more before throwing two incomplete passes. On fourth and 8 from the 19, Lisle ran for 14 to the 5 and then 5 more for a touchdown. Guess' attempted pass on the conversion try fell incomplete, but the Indians had padded their margin to 15-8 with 1:27 to go before halftime. The Indians missed their first opportunity for another score in the second half. They took over on the Seymour 25 after Keiland Riley recovered a fumble on a punt runback. After two running plays resulted in a loss of a yard and an incomplete pass, Guess fourthdown pass to Tatum in the end zone was just beyond the receiver's reach. After Seymour gained 9 yards in three plays, Norris kicked to the Indian 34. Lisle picked up 1 and then 3 before Guess fired a pass to Torres who had gotten behind the secondary. He hauled in the aerial and raced into the end zone to complete a 62-yard scoring play. Larned again booted the extra point.

There were then seven exchanges of possession before Larned intercepted Hardin's pass at midfield and returned it to the 30. After a penalty against Seymour tacked on 15 yards to the runback, the Guessto-Torres aerial combo clicked again for a 15-yard score. Larned's extra point made it 29-8 with 4:58 to go.

Neither team got as much as a first. down thereafter.

Leading tackler for the Indians was Martin Limones who was in on 15 tackles. Matt Perry, turning in another stellar performance, had 11, plus a fumble recovery. Keiland Riley was credited with 9 tackles and a fumble recovery and Ryan Olson had 8 tackles. Deon Walker was in on 6 tackles and Brzozowski on 5. Larned had the lone interception.

Drawing winners are announced

Three people won \$100 each and another won two \$50 awards at the monthly drawings in connection with Super 2nd Saturday.

Winning \$100 drawings were: Donita Hudgens of Haskell on a ticket from the Carousel, Milbert Opitz of Haskell on a ticket from Modern Way, and Christine Green of Haskell on a ticket from McGee's Lumber Yard.

Cindy Kendall of Rule won \$50 twice on tickets from Country Daizie.

Other \$50 winners were Jack Sellers of Rule on a ticket from 'Modern Way, and Molly Cannon of Rule on a ticket from Carpet Express.

KTXS to continue on cable system

Harmon Cable announced last week that agreement has been made with KTXS for continued carriage of that ABC affiliate on the cable system which serves Haskell.

Under new rules governed by the Cable Consumer Protection and Competition Act of 1992, local broadcasters have the right to deny carriage of their signal on cable systems after Oct. 6.

Area code 817

Beginning Oct. 15, all longdistance telephone calls placed within the "817" area code should be dialed 1 + 817 + the number, or O + 817 +the number, even though the long-distance call is placed within the 817 area.

Calls made without using the 817 area code will still be placed correctly until Jan. 19, when all long-distance calls within the 817 area must include "817." However, callers are encouraged to begin dialing 817 beginning Oct. 15.

In the past, customers who called long distance within the area code didn't have to dial 817. But with the increased demand for more telephone numbers due to cellular phones, computer modems,

facsimile machines and data transmission lines, telephone companies were close to running out of available telephone numbers in the 817 area code.

By dialing the area code for all long distance calls, it allows telephone companies to assign a series of phone numbers that telephone equipment previously recognized as area codes. These new phone numbers will have prefixes (the first three numbers of the seven-digit phone number) that, previously, telephone companies couldn't use because the equipment didn't recognize them. The new prefixes will have "O" or "1" as the middle number.

Indian cheerleaders

Cheering the Haskell Indians to victory this season are these HHS cheerleaders. They are, front row from left, Natonia Anderson, Tréci Burson (mascot), Shelly Stewart; back row, Jamie Englert, Micca Jordan, Heather Hobgood and Rebecca Unger.

Junior 4-H elects officers

The Haskell Junior 4-H Club met Sept. 7 at the First National Bank and elected Brittany Bartley as president.

Jodi Thigpen was elected vice president, Mira Patel as reporter and Brandie Gardner as secretarytreasurer.

Members also enjoyed a scavanger hunt and discussed projects for the coming year.

This 15-yard pass is one of three touchdown passes Jason Torres caught from Mart Guess Friday night as the Indians measured the Seymour Panthers, 29-8.

Indians travel to **Knox City Friday**

Haskell goes after its third straight victory Friday night when the Indians travel to Knox City to meet the 1A Greyhounds.

Despite their 0-2 record, Haskell Coach Walter Hargrove is not taking the Greyhounds lightly.

"They should have beaten Seymour," the coach said, "and they lost to a very good team last week when they bowed to Throckmorton.'

Seymour, a team the Indians beat 29-8, last Friday, defeated Knox City, 16-0, in the two team's opener Sept. 3. Both Seymour touchdowns came after Greyhound turnovers inside their 5-yard line. Last Friday, the Greyhounds lost to Throckmorton, 35-9.

Knox City usually plays the Indians tough. This should be the case this Friday as the Greyhounds play their first home game.

"They have some real quick backs and they play well," Hargrove said.

The Haskell coach was very pleased with the Indians' play against Seymour. "We are sometimes down after playing Munday," he said, in obvious reference to last year's 7-2 loss to Seymour following the Munday game.

This week's game will be the Indians' last non-district game. Next Friday they will travel to Anson to open the 7-2A race.

Top gainer

Tailback Justin Lisle picked up 146 yards for the Indians against Seymour Friday night.

Stewart elected **Haskell fire chief**

The Haskell Volunteer Fire Department held its regular meeting last Monday night.

Along with regular business, election of new officers for 1993-94 was conducted.

New officers of the department are:

E. J. Stewart, chief; Joe Cortez, assistant chief; Keith Hannsz, secretary-treasurer; Kenny Watson, assistant.

Captains are Bill Lane, Company 1; Bill Steele, Company 2; and Randy Shaw, Company 3.

Lieutenants are Donald Cunningham, Company 1; Kenny Watson, Company 2; Jerry Stocks, Company 3.

Other officers are Jerry Stocks, chaplain; Wayne Wainscott, Rex Pittman, Coy Scoggins and Louis Enriquez, trustees; Randy Shaw, racing captain; Gary Isbell, tail twister; Bill Steele, training officer; Sam Watson, asssistant; and Eddie Klose, reporter.

The department also voted in two new members, Benny Lopez and Butch Lewis. With these new members, the department now has 28 members on its roster.

We welcome these new men and extend an invitation to anyone interested in joining our department to contact a member and fill out an application.

Also a big "thank you" goes out to everyone who contributed to our "Fill the Boot" campaign for MDA. We collected a little over one thousand dollars which was presented to the MDA during the Labor Day Telethon.

And as always, a special "thank you" to all who support our organization through the year with donations. Without them we could not operate as effectively as we do.

Health center to raffle afghan

The Psychiatric Rehabilitation program of Headstream Memorial Mental Health Center is sponsoring a drawing for a beautiful, doublebed-sized afghan in southwest colors.

A \$1 donation will add your name to the drawing to be held at 3 p.m. on October's Super 2nd Saturday on the square. All proceeds will support social development activities at the center.

Tickets for the drawing may be obtained at the Mental Health Center, 1301 N. 1st, and Hassen's Department Store. They will also be available on the square the morning of Oct. 9.

Psychiatric Rehab has two critical overall goals for clients' skill acquisition and social network development.

Social support activities ensure the development of a social network which will provide the client a source of companionship, normalized social activity, and a "support safety net."

Activities include, but are not

limited to, member-organized outings, social clubs, "coffee houses," independent member meetings and other activities such as client-generated newsletters.

The primary intent of Psychiatric Rehab is to assist clients in obtaining and maintaining life skills which will enable them to cope effectively with the demands of their personal and social environment. The ultimate goal is to improve the overall quality of life.

HIGHER-INCOME TAX PLANNING

The new tax law recently signed by President Clinton creates the need for more tax planning by those hardest hit, the highincome group.

If you will be in the new 36% or 39.6% brackets, you may be able to save thousands of dollars in taxes with a little planning.

It is time to take a fresh look at how much to invest in taxexempt bonds as well as any tax-deferred plans available to you.
Net capital gains will be taxed at 28% maximum. This

increases the tax benefit of investing to produce long-term capital gain.

• The higher income tax rates, combined with the reinstatement of the 53% and 55% estate rates, make lifetime transfers worth consideration.

• Another strategy to consider: You can elect to pay in three annual installments that part of your 1993 regular tax bill attributable to the new tax rates. The payments are due on April 15, 1994, 1995, and 1996. There will be no penalties or interest on the deferred payments.

• The marriage penalty just went up. If you and your intended have combined incomes of over \$140,000, you might save income taxes by delaying a 1993 wedding date until 1994. To illustrate: Two singles, each with \$115,000 of taxable income, will have combined income of \$230,000. The excess over \$140,000 will be taxed at 36% versus 31%, creating additional tax of \$4,500 (\$90,000 x 5%). The bite is even greater if you exceed \$250,000 of income, the point at which the 39.6% bracket starts.

• The luxury tax on expensive jewelry, boats, airplanes and furs has been repealed, retroactive to January 1, 1993. If you paid such tax in 1993, you can request a refund from the seller.

No one is expected to pay more tax than the law requires. Call us; we will help you plan your financial affairs to keep your taxes to a minimum.

Steers take win over Moran, 48-30

Rochester's Steers remained unbeaten Friday night with a 48-30 win over Moran.

The two teams exchanged firstperiod touchdowns. Rochester scored first on a 28-yard pass play from Mark Brown to Brandon Kelly, but Moran countered on a 1yard run by Paul Kunkel. Neither team converted on the extra point.

The Steers broke the 6-6 tie with three second-quarter scores. Brown passed 18 yards to Kelly for the first second-period touchdown, then Brown ran 8 yards for another score before passing 15 yards to Shannon King for still another touchdown. Felix Flores kicked extra points after two of the scores as the Steers went out front, 28-6. But Moran scored before halftime on a 41-yard run by Benji Sanders. Kelly Wehba's extra point brought the score to 28-14, where it remained at halftime.

Moran made the score 28-22 early in the third period when Kunkel ran 1 yard for a touchdown and Wehba booted the extra points. But Rochester came back with two touchdowns, the first on a 48-yard Brown-to-Kelly pass and the second on Brown's 3-yard run. Flores converted after the first. Rochester led 42-22 at the end of the third period. Moran narrowed the gap to 4230 in the fourth period on Kunkel's 1-yard touchdown run and Wehba's kick. Brown ran 17 yards for Rochester's final score.

Brown was the night's standout performer. He had a hand in all seven Rochester touchdowns, running for three and passing for four. He rushed 22 times for 161 yards, made 17 tackles, intercepted a pass and recovered a fumble. Kyle Hollingsworth recorded 11 tackles for the Steers.

This Friday, the Steers will be at home to host the Woodson Cowboys, who like the Steers, are 2-0 in the young season.

Betty Sanders demonstrated how

children's socks she had crocheted.

The Weinert Extension Homemakers met Sept. 7 in the First National Bank community room for an all-day meeting. Myrtle Phemister was hostess.

Program for the day was "Crafts and Hobbies." Jimmie Weinert talked on important things you can do when you quilt, using a ruler guide to keep everything the same size as planned. She showed two baby quilts she had made for grandchildren. She showed a book of quilt pictures she had made and given to others.

Alice Yates showed a baby quilt she had made for a grandbaby. Faye Jetton showed a fan quilt she had made in blue and white. She stated it is very relaxing to quilt, and a rewarding job.

Alice Yates demonstrated making the rag and paper baskets with pretty ribbons on the side, which would make lovely gifts for anyone. Agnes Winchester demonstrated how she made table mats; also a very pretty cross out of ribbons, a very pretty decoration for Christmas trees, etc.

Erma Liles showed pretty embroidery works on antique scarfs from a pretty piano seat top. She showed a book that encouraged her to write about her entire life, starting with her mother and dad. Myrtle Phemister showed some

Off and running:

First, of what may be several challengers to Charles Stenholm, to publicly announce his intentions is Tim Williamson of Bridgeport.

You'll just love his platform, outlined in a press release:

"No new mandates on state and county governments without full funding guarantees, term limits; cutting Congressional perks and special privileges; real spending cuts; no new taxes; a real presidential line item veto; staying in touch with the people, etc."

Now if the other candidates come out for new mandates on local governments, unlimited terms, additional perks and privileges, increased spending, higher taxes, an artificial line item veto, and a "tohell-with-people" attitude, you'll know just who to vote for.

Now, you don't even have to leave your home to play bingo.

Simon Goldfarb & Associates has announced the development of a proprietary Remote Gaming Systems (RGS) telephone fascimile bingo game. And according to a news release to The Free Press, a person can play RGS Bingo from anywhere in the world just by using a fax machine.

The player does not have to leave his home or work to play or to collect winnings. There are no geographical boundaries---a player in Paris can join a Las Vegas game simply by dialing in on a fax line.

A game sheet, including a confirmation number, playing number and other pertinent details, is received by fax. The player has a variety of playing modes---one line, four corners or the complete set. Any number of players can play the same game simultaneously.

There are three methods of paying for wagers: (1) By using a 900 telephone number, which automatically charges to the player's telephone bill, (2) Credit card, and (3) By an automatic deposit and withdrawal account set up with the game operator.

Goldfarb plans to install remote fax bingo systems in major hotels. The company also hopes to establish Keno and roulette games via fax.

Moving

I have two sweet nephews in Haskell and I do love Haskell. It will always be home to me. I once had so many dear, sweet, wonderful friends there. It's a great place, but most all are gone. Dr. Wm. J. Kemp and Giles Kemp are still there.

Please send my paper to Colorado. I have been taking The Free Press. In fact, it has been in our home, the Kemp family, as far back as I can remember and I am now 96 years old. I once sold it for \$1 a year for Sam Roberts and won a Ford coupe.

Good luck to you.

Terrie McGhee received a trip for two to Las Vegas, four days and three nights, compliments of the Magical Moments program. To be eligible, Terrie was

nominated by Cindy Guess for making a Magical Moment for Jovita Gonzales. She was nominated along with 15 others.

Terrie is an asset to our nursing home. She is team leader for the 24 K team. She plans special activities for employees and their families. She plans activities for people who volunteer at our home. In addition, we do special things with our residents.

Magical Moments is anything you do for another person to make them fill special and/or improve the quality of their life.

We have several employees enjoying vacation this month. Diane Anderson has been in Beaumont visiting her mother and relatives. Betty Watson spent her vacation on Stamford Lake. We are supposed to see the 20-pound catfish that was caught, only a picture of course. Betty Jo Hearn and Ruth Howard have been on vacation too. We missed all of them.

At our in-service Thursday, Betty Lue Hearn received her oneyear pin and Terrie McGhee won a trip to Las Vegas from the Magical Moments program. Congratulations, Terrie.

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION

NOVEMBER 2, 1993

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 9 proposes a constitutional amendment that would authorize the Texas Legislature to provide for the issuance of bonds for the state financing of start-up costs for historically underutilized businesses. The amendment provides that the legislature by law may establish a Texas historically underutilized business capital growth and start-up fund. The money in the fund may be used without further appropriation and only for a program established by the legislature to aid in the start-up costs of a historically underutilized business, as defined by the legislature. To carry out the program, the legislature may issue up to \$50 million of general obligation bonds to provide funding. The legislature may require review and approval of the issuance of bonds, the use of the bond proceeds, or of the rules adopted by an agency to govern use of the bond proceeds. Bonds authorized by the amendment constitute a general obligation of the state.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the issuance of \$50 million of general obligation bonds for the recovery and further development of the state's

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 49 proposes a constitutional amendment that would prohibit a state personal income tax without voter approval and would dedicate the proceeds of any income tax, if enacted, to property tax relief and education. The amendment provides that a general law enacted by the legislature that imposes a tax on the net incomes of natural persons, including a person's share of partnership and unincorporated association income, must provide that the portion of the law imposing the tax not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of imposing the tax. The referendum must specify the rate of the tax that will apply to taxable income

The amendment also provides that a general law enacted by the legislature that increases the rate of the tax, or changes the tax in a manner that results in an increase in the combined income tax liability of all persons subject to the tax, may not take effect until approved by a majority of the registered voters voting in a statewide referendum held on the question of increasing the income tax. The referendum must specify the manner in which the proposed law would increase the combined tax liability of all persons subject to the tax. The legislature may repeal, or amend without increasing, a tax approved by the voters without submitting the amendment or the repeal to the voters. If the legislature repeals a tax approved by the voters, the legislature may only reenact the tax without voter approval if the effective date of the reenactment of the tax is within one year of the effective date of the repeal of the tax. The amendment also provides that, in the first year in which an income tax is imposed, and during the first year of any increase in the tax, not less than twothirds of all net revenues from the tax shall be used to reduce the rate of ad valorem maintenance and operation taxes levied for the support of primary and secondary education. In subsequent years, not less than two-thirds of all net revenues of the tax shall be used to continue such ad valorem tax relief. The net revenues of the tax remaining after the dedication of money for reduction of ad valorem maintenance and operation taxes shall be used for support of education. The maximum rate at which a school district may impose ad valorem maintenance and operation taxes is reduced by an amount equal to one cent per \$100 valuation for each one cent per \$100 valuation that the school district's ad valorem maintenance and operation tax is reduced by the minimum amount of money dedicated under the amendment, provided that a school district may subsequently increase the maximum ad valorem maintenance and operation tax rate if the increased maximum rate is approved by a majority of the voters of the school district voting at an election called and held for that purpose. The portions of the amendment relating to dedicating tax revenues to reduce the rate of ad valorem maintenance and operation taxes apply on or after the first January 1 after the date on which an income tax takes effect, except that if the income tax begins to apply on a January 1, the amendment applies to ad valorem maintenance and operation taxes levied on or after that date. The proposed amendment will appear on the ballot as follows:

Mr. and Mrs. Alvin Bredthauer, Mrs. Mary Neinast, James Gellner attended the birthday party for Cato Macias which was held in the Macias dance hall in Haskell.

The Bredthauer family had their get together which is a monthly thing which was held in the home of Mr. and Mrs. Walter Bredthauer in Haskell. Those who attended were Mr. and Mrs. Gene Teichelman, Mr. and Mrs. Alvin Bredthauer. Alfred Bredthauer of Stamford didn't attend because he didn't feel well.

Mrs. David Letz visited in the home of Mrs. M. Y. Benton one day last week.

Mrs. Glyn Quade visited in the home of Mrs. M. Y. Benton.

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 21 proposes a constitutional amendment that would abolish the office of county surveyor in Jackson County. The amendment also provides for the powers, duties, and functions of the county surveyor to be transferred to the county officer designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment abolishing the office of county surveyor in Jackson County."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 57 proposes a constitutional amendment that repeals article XII, section 6, of the Texas Constitution, which currently provides that no corporation shall issue stock or bonds except for money paid, labor done, or property actually received, and that all fictitious increase of stock or indebtedness shall be void.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment repealing certain restrictions on the ability of corporations to raise capital."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment that would authorize the commissioners court of McLennan County to call an election to abolish the office of county surveyor. The office of county surveyor will be abolished if a majority of the qualified voters of McLennan County voting on the question favor the abolition. If the office of county surveyor is abolished, the amendment re-quires the maps, field notes, and other

new section 49-b-2 to article III of the Texas Constitution. This new section provides that, in addition to the general obligation bonds authorized to be issued and sold by the Veterans' Land Board (the "Board") by sections 49-b (\$950 million) and 49-b-1 (\$1.3 billion) of article III, the board may provide for, issue, and sell general obligation bonds of the state in an amount not to exceed \$750 million to provide financing to Texas veterans. \$250 million of the bonds authorized by this new section shall be used to augment the Veterans' Land Fund (the "Land Fund"). The Land Fund shall be used by the Board to purchase lands situated in Texas owned by the United States government, an agency of the United States government, the State of Texas, a political subdivision or agency of the State of Texas, or a person, firm, or corporation. The lands shall be sold to veterans in quantities, on terms, at prices, and at fixed, variable, floating, or other rates of interest determined by the Board. Lands in the Land Fund that are offered for sale to veterans and that are not sold may be sold or resold to the purchasers in quantities, terms, prices, and rates of interest determined by the Board.

New section 49-b-2 creates the Veterans' Housing Assistance Fund II (the the guilt of the accused, be denied bail "Housing Fund II"), and \$500 million of pending trial. If the accused is not, howthe general obligation bonds authorized by the section shall be used for the Housthe time of his incarceration upon the acing Fund II. The Housing Fund II is a separate and distinct fund from the Veterans' Housing Assistance Fund (the "Housing Fund") established under sec-tion 49-b-1 of article III. Money in the Housing Fund II shall be administered used or exhibited during the commission by the Board and shall be used to make of the assault), aggravated kidnapping, home mortgage loans to veterans for housing within this state in quantities, on terms, and at fixed, variable, floating, or sault, sexual assault, or indecency with a other rates of interest determined by the child Board. The principal of, and interest on, the general obligation bonds authorized by this section for the benefit of the Housing Fund II shall be paid out of the money of the Housing Fund II. The principal of, and interest on, the general obligation bonds authorized by section 49-b-1 of article III for the benefit of the Housing Fund shall be paid out of money in the Housing Fund. If there is not enough money in the Land Fund, the Housing Fund, or the Housing Fund II, as the case may be, available to pay the principal of, and interest on, the general obligation bonds authorized by this section or y sections 49-b or 49-b-1 of article III, there is appropriated out of the first money coming into the treasury in each fiscal year an amount that is sufficient to pay the principal of, and interest on, the general obligation bonds that mature or become due during that fiscal year. If the Board determines that assets from the Land Fund, the Housing Fund, or the Housing Fund II are not required for purposes of the fund, the Board may transfer the assets to another of those funds or use the assets to secure revenue bonds issued by the Board. The revenue bonds shall be special obligations of the Board and payable only from and secured by receipts of the funds, assets transferred from the funds, and other revenues as determined by the Board and shall not constitute indebtedness of the State of Texas or the Board. The Board may issue revenue bonds from time to time, which bonds may not exceed an aggregate principal amount that the Board determines can be fully retired from the receipts of the funds. The revenue bonds shall be sold in forms, denominations, and in installments, and bear a rate or rates of interest as the Board determines. The general obligation bonds authorized to be issued by the Board by this section or be sections 49-b and 49-b-1 of article III shall be issued and sold in forms and denominations, on terms, at times, in the manner, at places, in installments, and shall bear a rate or rates of interest the Board determines. The bonds shall be incontestable after execution by the Board, approval by the Attorney General of Texas, and delivery to the purchaser.

PROPOSITION NO. 14 ON THE BALLOT

Senate Joint Resolution 45 proposes a constitutional amendment that adds a new subsection (e) to article III, section 49-h, of the Texas Constitution. The new subsection provides that, in addition to the amounts authorized by subsections (a) (\$500 million), (c) (\$400 million), and (d) (\$1.1 billion) of section 49-h, the legislature may authorize the issuance of up to \$1 billion in general obligation bonds and may use the proceeds of the bonds for acquiring, constructing, or equipping new corrections institutions, including youth corrections institutions, and mental health and mental retardation institutions and for major repair or renovation of existing facilities of those corrections and mental health and mental retardation facilities. The amendment also provides that the provisions of subsection (a) of section 49-h, relating to the review and approval of bonds, and the provisions of subsection (b) of section 49-h, relating to the status of the bonds as a general obligation of the state and to the manner in which the principal and interest on the oonds are paid, apply to bonds authorized by this amendment.

The proposed amendment will appear on the ballot as follows:

The constitutional amendment authorizing the issuance of up to \$1 billion in general obligation bonds payable from the general revenues of the state for projects relating to facilities of corrections and mental health and mental retardation institutions.

economy and for increasing job oppor tunities and other benefits for Texas residents through state financing of the start-up costs of historically underutilized businesses.

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment authorizing the legislature, by general law, to exempt from ad valorem taxation all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by any environmental protection agency of the United States, Texas, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution. The amendment applies to real and personal property used as a facility, device, or method for the control of air. water. or land pollution that would otherwise be taxable for the first time on or after January 1, 1994. The amendment does not authorize the exemption from ad valorem taxation of real or personal property that was subject to a tax abatement agreement executed before January 1, 1994.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to promote the reduction of pollution and to encourage the preservation of jobs by authorizing the exemption from ad valorem taxation of real and personal property used for the control of air, water, or land pollution.

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 3 proposes a constitutional amendment to clear land titles in which the State of Texas relinquishes and releases any claim of sovereign ownership or title to an undivided one-third interest in and to the lands and minerals within the Shelby, Frazier, and McCormick League (now located in Fort Bend and Austin counties) arising out of the interest in that league originally granted under the Mexican Colonization Law of 1823 to John McCormick on or about July 24, 1824, and subsequently voided by the governing body of Austin's Original Colony on or about December 15, 1830. Title to such interest in the lands and minerals is confirmed to the owners of the remaining interests in such lands and minerals.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the clearing of land titles by the release of a state claim in a fractional interest, arising out of the voiding of an interest under a Mexican land grant, to the owners of certain property in Fort Bend and Austin counties.

"The constitutional amendment prohibiting a personal income tax without voter approval and, if an income tax is enacted, dedicating the revenue to education and limiting the rate of local school taxes.

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 18 proposes a constitutional amendment that would authorize the legislature to prescribe the qualifications of sheriffs. Currently, the constitution authorizes the legislature to prescribe the duties, perquisites, and fees of office, but not the qualifications for the office of sheriff.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to allow the legislature to prescribe the qualifications of sheriffs."

records in the custody of the county surveyor to be transferred to the county clerk of McLennan County. After abolition, the amendment also grants the commissioners court of McLennan County the authority to employ or contract with a qualified person to perform any of the functions that would have been performed by the county surveyor if the office had not been abolished.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to abolish the office of county surveyor in McLennan County.

PROPOSITION NO. 9 ON THE BALLOT

Senate Joint Resolution 19 proposes an amendment to article VIII, section 13 of the Texas Constitution that would modify the provisions for the redemption of real property sold at a tax sale. The amend-" ment deletes current language in article VIII, section 13 that allows the legislature to provide for the sale of property without trial to pay for delinquent taxes. It also states that the deed to the new owner vests a good and perfect title subject only to redemption as set out in this amendment or impeachment for fraud. Language is added limiting application of the current two-year redemption period to former owners of residence homesteads and land designated for agricultural use sold for unpaid taxes. When property is sold as the result of a suit to enforce collection of unpaid taxes, the amendment would allow the legislature to limit redemption to property used as a residence homestead or designated for agricultural use at the time the suit was filed. The amendment creates a second type of redemption for former owners of real property when property is neither a. residence homestead, nor designated for agricultural use. These owners would have a six-month period in which to redeem their property by paying the amount of money paid for the property, including the Tax Deed Recording Fee, all taxes, penalties, interest, and costs paid plus an amount not exceeding 25 percent of the aggregate total. The amendment applies to redemption of properties sold at a tax sale for which the purchaser's deed is filed on or after January 1, 1994. For redemption of properties sold at a tax sale for which the purchaser's deed was filed before January 1, 1994, the former law is applicable and remains in effect.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to modify the provisions for the redemption of real property sold at a tax sale.'

PROPOSITION NO. 10 ON THE BALLOT

Senate Joint Resolution 34 proposes a constitutional amendment that adds a

PROPOSITION NO. 13 ON THE BALLOT

Senate Joint Resolution 13 proposes a constitutional amendment that amends article VII, section 17(a), of the Texas Constitution to provide that, of the \$100 million currently appropriated by that section for the use of public institutions of higher education during each fiscal year, those institutions may also utilize this money to pay for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. For the five-year period beginning on September 1, 2000, and for each five-year period thereafter, the legislature, during a regular session that is nearest, but preceding, a five-year period may, by a twothirds vote of the membership of each house, increase the amount of the \$100 million constitutional appropriation for the five-year period. The amendment also reflects name changes that have been made to some of the institutions of higher education for which such funding is available. The amendment adds the Texas State Technical College System to those institutions eligible to receive such funding, but limits its allocation of the annual appropriation to 2.2 percent of the total appropriation each fiscal year. The amendment also provides that each governing board authorized to participate in the distribution of money under article III, section 17, may also issue bonds and notes for the purposes of refunding bonds or notes issued under that section or prior law for the purposes of acquiring capital equipment, library books and library materials, paying for acquiring, constructing, or equipping or for major repair or rehabilitation of buildings, facilities, other permanent improvements, or capital equipment used jointly for educational and general activities and for auxiliary enterprises to the extent of their use for educational and general activities. The amendment deletes language in article III, section 17, which authorizes the legislature to designate a single agency to issue such bonds or notes in lieu of the governing bodies, and to transfer to that agency the authority to collect and pledge money to the payment of such bonds and notes as directed by the governing body of each eligible institution. Funds appropriated under article III, section 17, may not be used for the purpose of constructing, equipping, repairing, or rehabilitating buildings or other permanent im-

PROPOSITION NO. 15 ON THE BALLOT

House Joint Resolution 37 proposes a constitutional amendment that would authorize the county commissioners court of a county to call an election to abolish the office of county surveyor. The office of county surveyor is abolished if a majority of voters of the county voting in the election approve the measure. If the office of county surveyor is abolished, the maps, field notes, and other records of the county surveyor are transferred to the county officer or employee designated by the commissioners court.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to permit the voters of a county to decide, at an election called by the commissioners court, whether to abolish the office of county surveyor in the county."

PROPOSITION NO. 16 ON THE BALLOT

Senate Joint Resolution 44 proposes an amendment to article III, section 49-i(b) of the Texas Constitution, which currently limits the principal amount of bonds outstanding at one time for the Texas agricultural fund to \$25 million and for the rural microenterprise development fund to \$5 million. The amendment would raise the principal amount limit for the Texas agricultural fund to \$100 million. The amendment would also make the principal amount limit for each fund apply to the total principal amounts of both bonds and notes issued or sold rather than just the principal amounts of bonds outstanding at one time.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing up to a total of \$100 million in bonds and notes to be issued or sold to finance the Texas agricultural fund for providing financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced primarily in this state by agricultural businesses domiciled in the state."
