

Mr. Muleshoe . . .

By J. M. FORBES

WHY WE HAVE TO DO IT
Texas Senator Lyndon B. Johnson recently told the Senate: "Mr. President, today we have arrived at a moment in history when we must decide whether we shall indulge ourselves again in the temporary and false comfort of unpreparedness, or whether we shall take the realistic, hard-headed course of full preparedness."

A prepared nation can control its own destiny. An unprepared nation has its destiny controlled for it by aggressors.

From the lessons of history as I read them, the last remaining hope for peace in the world is for America to give evidence of its determination and its capacity to defend the peace.

Mr. President, in 1945 there were 1,820,000,000 people in the Western sphere. Today there are only 725,000,000 people in this same sphere, a reduction of more than a billion people.

In 1945 there were 193,000,000 in the Soviet sphere. Today there are 795,000,000 people under the iron heel of the Politburo, while 740,000,000 claim neutrality.

While the number of free people in the world has been more than halved in only 5 years, the number of people behind the Iron Curtain has increased over four times as the Soviet Union blackjacked its way to further conquests.

The free are now outnumbered. The swift passage of time has balanced the manpower scales against us.

Too often we have neglected to follow the teachings of the old proverb, "Do not put off until tomorrow what you can do today." Instead we have twisted it around and said, "Do not do today what you can put off until tomorrow, because then you may not have to do it."

But we have always had to do it. We had better do today what should have been done in the many yesterdays.

Unpreparedness is an invitation to disaster.

Editor: "Where is your papa, where is old Cecil this morning?"

Cecil Cole's little girl, paying their subscription "He's just sitting in the car and has sent us kids in every direction paying bills."

The old Greek philosopher said: "He who raises a family gives hostages to fortune." It just isn't so. Why, what if I could just sit in the car and send my kids scurrying in every direction getting news? Wouldn't that be the deal?

It wasn't all curiosity that prompted the question. I was wanting to ask Cecil what goes on out Goodland way.

Speaking of Advertising—
This scribble knows about as little about advertising as you do; he does know The Journal is your best advertising medium if you do business in Muleshoe. It covers your field as nothing else in the world. We sell more papers at the local drug stores than any other newspaper. If complete coverage could be attained by a radio station, that would be a fair medium, in my opinion, but radio advertising would be the hardest thing in the world for me to evaluate. Opinions may differ but I think The Journal ought to have the bulk of your advertising appropriation because for one thing we are working for the development of Muleshoe and we are the only institution that is. For another, we have a sizeable payroll to take care of every week, several families live here because of this newspaper. But we didn't start out to say all this. It was brought up to begin with by some figures which came through the mail, like:

Small business is spending percentages of their gross income as follows: Grocery, 58%; specialty apparel, 149%; to 3.55%; appliance stores, 1.45%; jewelry, 2.61%; furniture, 1.53%; drug, 1.21%; restaurants, .81%.

The Journal itself is not spending for advertising what it should in view of such figures. Understand the above is for all kinds of advertising including calendars, novelty give-away items, radio, picture show, etc.

Redwine Sale Is Next Monday

A sale of houses, acreage, lots, farm implements, cattle, etc., is scheduled at the J. J. Redwine place at Progress the coming Monday, March 12.

A choice tract of land with a modern house is included. The place is considered ideal for a chicken ranch or small dairy. In addition, Mr. Redwine will sell a room house with 4 lots and a small lot.

The sale will begin at 11 a. m. Monday, but prospective buyers are invited to come and look the property over before the sale date they desire. Progress Baptist church ladies will serve the lunch there will be free coffee.

W. J. & Son are the auctioneers, and the sale will be conducted by Tom Morgan and Hughman.

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 29 — Number 11

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, March 8, 1951

Telephone Company Lets Contract On New Building; Work Begins Soon

Contract for the construction of the new telephone office in Muleshoe was let this week to Charles L. Lenau, Muleshoe builder, according to a telephone message to The Journal from C. D. Shelley, Lubbock, the district manager for Southwestern Associated Telephone Company.

Mr. Shelley said Lenau was to begin work on the building at once. He said the building will go up on the company's 40x140 ft. lot north of the courthouse, just west of the alley and facing south toward the courthouse. The building will be about 22x39 ft. in dimensions. It will be of concrete block construction and will be as near dust proof as possible.

Early beginning of work on the office building makes good a promise that telephone officials recently gave the city commission when a rate raise was granted. City officials conditioned their rate raise grant on the beginning of work on the building and on the length of time until the new dial phone system would be ready for use.

Mr. Shelley told The Journal that by March 15 materials to be used in rebuilding the outside plant of the company here would begin to arrive, and that by March 19 workmen will begin to assemble here to start the job.

Muleshoe at present is using an old magneto telephone system. A modern phone system has been a No. 1 objective of officials and citizens here for many years.

Cox Drive-In To Open Saturday

Announcement was made this week that the Cox Drive-In Theatre will open for the 1951 season Saturday night, March 10. All of their patrons and theatre fans are urged to be on hand for a good first run picture.

As a special feature Saturday night, free popcorn will be given with each paid admission. Opening film is a first re-issue in Muleshoe, "Abilene Town," starring Randolph Scott.

Showing Sunday and Monday is another first run picture in Muleshoe, "A Kiss For Corliss" and stars Shirley Temple and David Niven. Tuesday and Wednesday brings to the screen a couple of favorites of young and old alike, Bud Abbott and Lou Costello in "In the Navy." Thursday and Friday is the first Muleshoe showing of Dan Duray's "Sale Storm" in "Underworld Story."

Admission is 50 cents and children under 12 years old are admitted free. The program for each week will be carried in the Journal.

Three Local Men Hurt In Crash

Three Muleshoe men were injured in an accident Saturday afternoon involving their car and a butane truck at Farwell. Most seriously hurt was J. W. Teffeller, 58 years old, who lives four miles west of Muleshoe.

His left leg was crushed near the hip. After preliminary attention at Memorial Hospital in Clovis he was taken to Veterans Hospital in Amarillo. Last reports were that he was resting well.

Others hurt were D. R. Toten, 21, and Traylor "Dude" Crouch, 30, who received minor cuts and bruises. All were given attention at Memorial Hospital.

Teffeller, who was driving the car, also received cuts about the face and had some teeth knocked out. The men said the brakes on their 1929 Chevrolet sedan failed to hold when the truck slowed up in front of them. The accident occurred on the highway in front of Henderson Grain & Seed Company elevator.

Heathington Lbr. Co. Is Dealer For New BPS Paints

Announcement was made this week that Heathington Lumber Company, located on the Clovis highway, has accepted the dealership for BPS Paints and Varnishes.

F. Heathington, owner, announced they will carry a complete line of all BPS paints and varnishes and there is one for every need you may have.

Heathington Lumber is also dealers in all kinds of building materials, roofing, cement, home hardware, and home fixtures.

F. Heathington invites everyone to stop by and compare the merits of this new paint. Their ad appears on another page of this issue.

Mrs. Donaldson's Father Died 28th

Funeral services for G. W. Yancey, 84, a pioneer resident of Plainview and Hale County, were conducted at 3:30 Thursday, March 1, at the Ninth & Columbia Streets Church of Christ in Plainview. He was the father of Mrs. Scott Donaldson of Muleshoe.

Dean Brookshire, minister of the church, and Paul McClung, Lemasa Church of Christ minister, officiated.

Mr. Yancey died suddenly of heart disease at his home Tuesday night. The family came to Hale County in 1913, settling in the Bellview community. They moved to Plainview in 1938.

Mr. Yancey is survived by his wife, nine sons and daughters, four sisters and two brothers, and several grandchildren.

City Motor Has Gleaner Combine Agency For Area

Announcement was made last week by the City Motor Company that they have accepted the dealership for the Baldwin Gleaner combines for this area. This machine, longtime a favorite of wheat harvesters, may be seen on display at the location of their new station now under construction on the Plainview highway.

The new 1951 Gleaner combine has several new features and improvements of the previous models. All combines now on display are the drag type, but the firm soon expects to have on hand a new self-propelled model.

Construction of their new plant is well underway and they hope to be in their new location in a month or six weeks. The building will be of brick and tile construction and will be of modern design.

It will house the facilities for complete automotive service including a repair shop, washing and greasing department, offices, and the front part will be used for a service station. A row of gasoline pumps will be set facing the highway and these can be used from either side.

Owners of the City Motor Company are "Red" Glasscock, Francis Gilbreath, and Jim Burkhead.

Farm Store To Give Free Chicks

As a special offer to their many friends and customers, Jones Farm Store will give away 3,000 baby Leghorn cockerels Saturday. The first 200 adults coming in the store Saturday will receive, absolutely free, 15 baby chicks. Only one adult in each party will be allowed to receive chicks.

The store is scheduled to open at 8:30 a. m.

There is nothing to buy in order to receive the chicks. Each person is requested to bring his own box in which to put his chicks. First come, first served, and everyone is requested to come early. Jones Farm Store is local Purina dealer for Muleshoe.

Local Group To Austin Tourney

A group of Muleshoe people, including several athletes, their coaches and others were in Austin last week end to watch the unreeing of the state basketball championship games. They were disappointed to see Canyon, which eliminated Muleshoe at the regional, go down to a bad defeat in their first game.

Going from Austin to College Station, the group were present for "Sports Day" at A&M College, then attended the basketball game Saturday night between A&M and the University of Houston.

In the group were Lee Kimbrough, Marvin Pair, Charles Roark, Gerald Byrd, Glen Harlan, Bill Gaede, Jim Gaede, Ed Nickels, Coach T. J. Bailey, and Guy Nickels.

TRANSFERRED TO OLTON

W. W. "Pinny" Barbour, employed by the Southwestern Public Service Company here, has been transferred to the Olton office, effective March 1.

Mr. and Mrs. Barbour are planning to move to Olton as soon as housing is available.

Paving Proposal Gets OK Of Muleshoe City Council Monday

Iron Lung Sought For Muleshoe To Be On Display Here March 16, 17

The very latest development in iron lung equipment—a portable type—will be on display March 16 and 17 in the show windows of the Southwestern Public Service at Muleshoe. The Volunteer Fire Department is sponsoring the purchase of a Monaghan Portable Respiator for the free use of all citizens in this community, and the display is being planned with the hope that everyone will have an opportunity not only to see how this portable iron lung operates, but will see fit to contribute toward its purchase. Arrangements are being made to have a number of the sponsoring group on hand at the exhibit in order that the drive for funds might be successfully completed.

The portable respirator, or iron lung, which the sponsors hope to purchase, is an all-round piece of equipment with multiple uses not only in the hospital, but in the hands of our fire department as well. The Monaghan Respiator was originally developed and researched at Colorado General Hospital in Denver by the J. J. Monaghan Co., of that city. In actual polo work, its main advantages lie in the fact that the power unit, weighing but 43 pounds, is extremely portable, and will accommodate two patients at the same time. The unit comes equipped with six graduated sizes of chest shells in order to accommodate practically every sized patient and according to polo specialists, this type of single shell plastic chest shell can be applied to the patient's chest in a matter of 30 seconds, which is a marked advantage over any other piece of respirator equipment. Also, on this unit, there are no rubber fittings to contend with or to add to the discomfort of the patient. The local sponsors were also impressed with the fact that not only does the Monaghan Portable Respiator virtually take the place of two large iron lungs through its dual operation, but it represents no storage problem whatever when not actually in use.

As far as use of the portable iron lung in connection with the Fire Department's rescue squad activities are concerned, such a respirator is used wherever artificial respiration is necessary to preserve human life. In cases of drowning, asphyxiation, electrocution, carbon monoxide poisoning, new born babies, and certain types of heart cases, this new type iron lung will definitely fill a need in this community, according to Fire Chief Bill Boothe.

This is due mainly to the fact that the unit has a 12-volt battery attachment which enables it to be operated at the scene of the emergency with the same efficiency as with 110 volt current. Though present plans are to headquarter the unit at the local fire station, it will be available to the local hospital as well as to all citizens on a 24 hour a day basis.

Mr. Boothe expressed the hope that all of the citizens of Muleshoe will make it a point to see this interesting exhibit next Friday and Saturday, March 16 and 17, as Mr. Marr, of the Sanberg Hospital Equipment Co., of Dallas, Texas, will be on hand to supervise the display and actually conduct one or more demonstrations for the benefit of all contributors. The purchase price of the unit complete is \$1,252.

Bailey County Junior Livestock Show To Be Held Sat., March 17

The Bailey County Junior Livestock Show for FFA and 4-H Club members will be staged Saturday, March 17, at the agriculture barns at the Muleshoe high school, G. S. Dowell, vocational agriculture instructor, announced this week.

A new angle has been added to the show this year as the boys themselves will be the officials of the show. Jimmy Wheeler of Three Way is to be general superintendent of the show, Billy Wayne Wagon of Muleshoe will be superintendent of the calf division with Robert Giles of Muleshoe as his assistant. In charge of the sheep division will be Gary Nichols of Bala with John Hodnett of Three Way as his assistant. Superintendent of hogs will be Marlon Inman of Muleshoe with Billy Morrison of Muleshoe as his assistant.

The calf show will be divided into two divisions, lightweight and heavyweight. Premiums for each division will be \$25, 1st; \$20, 2nd; \$15, 3rd; \$10, 4th; \$7.50, 5th, and \$5 for each other calf in the show. Ten dollars will be paid for the grand champion, which will be selected from the two first place winners.

Hogs will be divided into two divisions, the lightweight class for animals from 180 to 225 pounds and the heavyweight division from 226 pounds to 270 pounds. Prizes awarded in each division will be \$15, 1st; \$12.50, 2nd; \$10, 3rd; \$7.50, 4th; \$5, 5th, and \$3 for each other hog in the show.

There will be one class of medium lambs and premiums will be \$15, 1st; \$12.50, 2nd; \$10, 3rd; \$7.50, 4th; \$5, 5th, and \$3 for each other lamb entered in the show. Judges will be from Texas Technological College in Lubbock and the winners of this show and other animals entered will be entered in the Lubbock Junior Livestock Show on March 19 through March 21.

Big Fertilizer Meeting Is Set For March 15

Western Fertilizer Company of Muleshoe has scheduled an educational meeting next Thursday, March 15, on Anhydrous Ammonia fertilizer, which the company distributes in this territory.

The meeting will be held at 8 p. m. in the Muleshoe high school auditorium, and the company is inviting farmers and business men who are interested to attend, promising a program that not only will instruct but entertain.

There will be a color and sound movie on agriculture; illustrated talks on crops and soils; an open discussion period; and a relation of crop results from use of this type fertilizer.

First hand facts on all phases of anhydrous ammonia fertilizer will be presented. Bob and H. D. King of the fertilizer company have issued a special invitation to all to attend this meeting. Refreshments will be served.

VISIT SOLDIER SON

Mr. and Mrs. Otis Elylock left Wednesday for a visit with their son, Pvt. Gordon Elylock, who is now stationed at Fort Sill, Okla.

Muleshoe City Council Monday night voted to give the green light on a street paving proposal recently made by Consolidated Engineers, of Carlsbad, N. M. Specifically, the council decided to "permit the contractor to pave any street or district in Muleshoe that can be worked up according to the specifications as set forth by the Council."

Therefore, it is expected that representatives of Consolidated Engineers soon will be interviewing Muleshoe residents in regard to street paving.

At the same time, the city council gave permission to Lenau Bros., owners of the Lenau Addition to let a contract to the same people for paving streets in the addition soon. Mayor H. D. King told The Journal this was given with the understanding that paving in that addition would be at no cost to the city.

Under the plan advanced by Consolidated Engineers, streets of Muleshoe will be paved by individual property owners bearing the entire cost. The contractors will work up each block, securing an agreement with each property owner, will do the engineering and paving at no cost to the city, which will, however, furnish an inspector.

Julian Lenau, one of the owners of the Lenau Addition, said it was hoped work could start in the addition soon. Contract was to be signed today. The addition owners, he said, agreed to pay cost of crossing a paved street with water lines where necessary.

The Journal is not in possession of all details in connection with the proposed paving, but full information will be furnished each property owner by the contractors at the proper time.

Chief Jones Awarded Paid Vacation By Purina For Outstanding Record

F. W. "Chief" Jones, Muleshoe Farm Store operator, was presented with a two weeks paid vacation for himself and family at the Rotary Club meeting Tuesday. Sam Merritt, of Plainview, the district representative of the Purina company, formally announced the award and presented the company's check at the conclusion of a talk he made on various phases of the feed industry.

He related that the company was honoring Chief's outstanding record as their Muleshoe dealer. Chief is the "top man" in his district, Mr. Merritt said.

For instance, to show the development of the dealership and the work Chief has been doing, he said that the 1950 business of the local store exceeded by 750 tons their volume of feed sold in 1949. Chief has started out on the same pattern in 1951; his first two months' volume exceeds by 7,000 bags his volume for the same two months of 1950.

It was not the purpose of Mr. Merritt to give a "commercial" or plug. His point was to emphasize the growth of the feed industry in the last few years. His company alone, he said, sold as much feed in Texas in January as the company sold everywhere in the same month 8 years ago. He told how young people, boys and girls, are interesting themselves in agriculture and animal husbandry, how they are educating themselves to return later to the farm.

Research, he said, in feeding habits of fowl and animals, and in remedies is even outstripping research into medicines for human beings. These researches have enabled stock men to bring their animals to market in much less time than formerly was devoted to tending them out. The feed industry is one of the 14 fastest developing industries in the U. S., he pointed out.

Chief acknowledged with a brief talk the honor conferred, Kenneth Crissom was in charge of the program for the day.

Report of a nominating committee was postponed until the president, Ray Keeling, could be present. Ray Griffiths reported that glasses authorized by the club have been delivered to the lad who needed them and he is very happy with them. D. L. Morrison asked that individual members appoint themselves as a committee of one to solicit funds for holding the annual junior fat stock show in Muleshoe and this was agreed upon.

Onard Upton, manager of the alfalfa mill, now being erected here by the National Alfalfa Dehydrating & Milling Co., is now a member of the club here, transferring from Steele, Mo. In a short talk he said that the company is erecting its largest plant in Muleshoe. Much of this alfalfa meal goes into the manufacture of feeds for livestock and poultry.

City Election Called Mar. 17

March 17 has been set aside as the date for a city election for the purpose of filling vacancies on the city council, created by resignations.

Monday night of this week the council accepted the resignations of Loyd Roberts and James A. Cox. Wednesday morning there was an file in the city office the resignation of Houston Hart.

This leaves the council with the mayor, H. D. King, and two aldermen, W. T. Bovell and R. H. Greer. Aldermen Roberts and Cox were elected in the regular city election last spring. Alderman Hart was elected when the voters changed the form of city government from the commission to the aldermanic form.

Baseball Meet Friday Night

A meeting of everybody interested in a Muleshoe baseball club has been called for tomorrow, Friday, night at the Cross Roads Cafe.

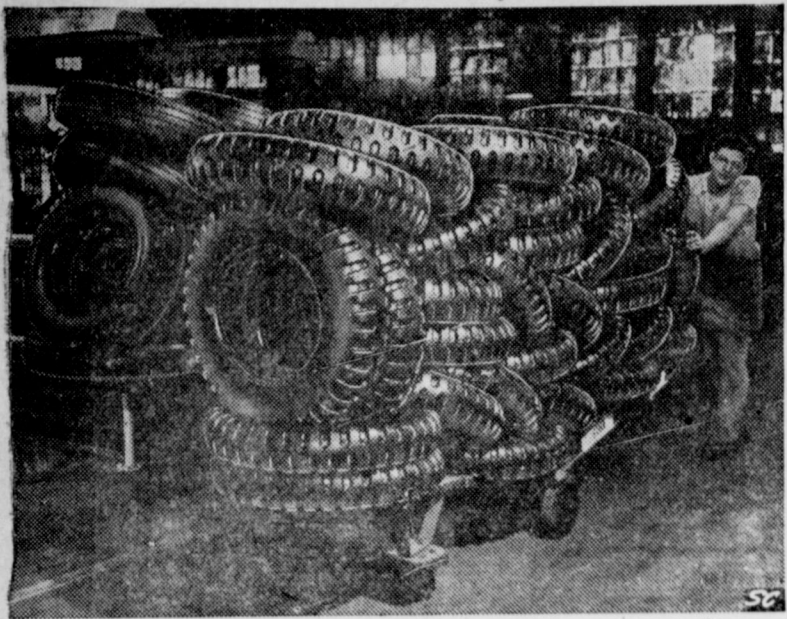

The meeting is for players and fans as well and anyone who is at all interested is invited to attend.

GLEN TIBBETTS HONORED

DENTON, Mar. 6.—Glen Tibbetts of Muleshoe has been elected vice-president of Kappa Pi Omega, a social fraternity at North Texas State College.

A junior business major, Tibbetts is the son of Mr. and Mrs. R. T. Tibbetts of Muleshoe.

New Tire For Military Vehicles

AKRON—Here's what the well-dressed military vehicle will wear this year. These new "high flotation" tires, among the first to roll off B. F. Goodrich production lines here, are designed to help keep military vehicles from bogging down in mud or sand.

Features are low pressure operation and a special tread, outgrowth of wartime experience with tires designed for desert service. With air pressure lowered, the high flotation tire presents a broader base at ground contact than does the conventional military truck tire. When air pressure is increased to normal the tire performs on paved roads like conventional military tires.

Parmer Farm Bureau Seeks Increase In Grain Parity and Loan Extension

Directors of Parmer County Farm Bureau met in regular session Monday night in Friona. Plan for completing the petition of grain sorghum growers requesting increases in the present 60% of parity prices and an extension of the maturity date of government loan contracts were made. The move to seek an adjustment of this condition was started Saturday when some Farm Bureau members insisted that farmers should let their representatives and congressmen know their opinions in the matter before it was too late.

The petitions being circulated throughout the county are addressed to the Department of Agriculture, Washington, D. C., and specifically to Mr. Kruse, CCC representative, and Walter Rogers, district congressman. Bruce Parr, county president, contacted Farm Bureaus in other counties of the sorghum growing area in Texas, Oklahoma and New Mexico, securing their aid in a similar campaign.

Membership chairman re-assembled the county map used in the current drive, marking those who had not been contacted to facilitate a program of complete, individual coverage of the farmers of Parmer County.

It was decided that directors meeting for the next several months would be held in a different community each month. Melvin Sachs invited the board to meet at the Rhea community next month.

Those attending the meeting Monday night were: Bruce Parr, Eric Rushing, Jimmie Seaton, Hadley Reeve, Charlie Calloway, Joe Menefee, Melvin Sachs, Walter Kaltwasser, Raymond Schueler, Carl Schlenker, E. M. Wagner, Raymond Euler and Alan Romich.

SELECTED BRIEFS
Try to save something while your salary is small; it's impossible to save after you begin earning more!

When a girl begins to call you by your first name it's really your last name she's after.

An optimist is one who figures that when his shoes wear out he will be back on his feet.

RED CROSS MONTH
The Red Cross appeals for funds on a national scale this month. The drive is underway and each Rotarian will get the chance to help in it.

School Week Well Observed

Observances of the Public School Week in Muleshoe was off to a good start Sunday afternoon when a large crowd of interested persons attended the concert of the Muleshoe Senior and Junior bands and a finale of the two combined.

The colored school P-T-A met Monday night with a large congregation of the colored patrons attending. Supt. of Schools C. W. Grandy was principal speaker for the evening.

Parents visited in the elementary school Wednesday as the grades presented a program at different times during the day. Wednesday night was Junior High School night and the chorus, and students of the 6th, 7th and 8th grades. A Texas Pageant was presented, honoring Texas Independence Day on March 2 and those who have built the state in which we now live.

Tonight will be open house at the high school. A unique scheme has been figured out for those who attend. The persons will first meet in the auditorium to hear a talk by a representative of the school board on financial matters concerning their school system.

The parents will then register for the same classes in which their children are enrolled. They will actually report to classes and 10 minute lesson periods will be held. The teacher will then be on hand to explain the aims and objectives of the course. Mr. Grandy said those who have no children of school age are provided for, and they will be given a schedule of classes the same as the others or be allowed to free lance.

Lions Club Has Full Program

The Muleshoe Lions Club had a full program at their regular monthly meeting Wednesday noon at Gerald's Cafe when the club was paid an official visit by the district governor, Dr. Marshall Harvey of Lubbock, and Wayland College of Plainview furnished the program.

Sam Allen of the Wayland athletic department sang several selections, accompanied on the piano by Harold Carson. Frank Bounds, director of Christian activities, made a short speech on the part Wayland College was playing in international affairs and what the school was accomplishing.

Dr. Harvey made a short address to the club, bringing them greetings from Lions International, and giving a short history and the purposes of the Lions organization.

Lloyd Alsop was presented with his membership certificate and pin by Lion C. W. Grandy.

--- SPECIAL! ---

You Are Invited to Attend a Special Missionary Zone Rally, Sponsored by the

CHURCH OF THE NAZARENE

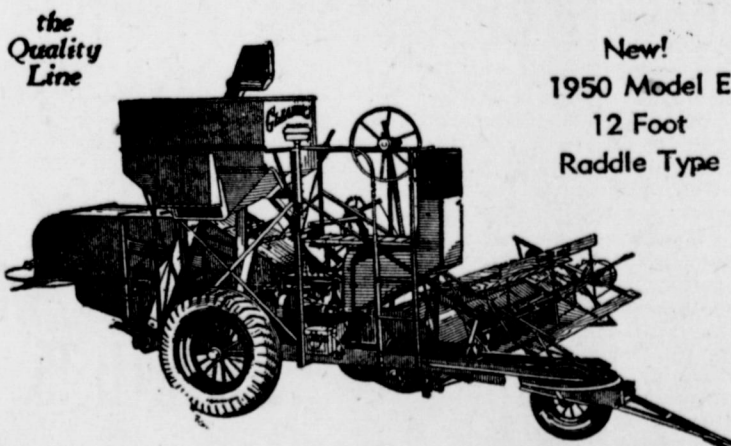

To Be Held At
THE METHODIST CHURCH
MULESHOE, TEXAS

Thursday, March 15, at 7:45 p. m.

REV. WILLIAM M. SEDAT, Missionary from Guatemala, Will Be the Principal Speaker.

GLENER BALDWIN

the most practical investment you can make in a combine

With Many New Improvements and Refinements

- New—Larger Auger with direct forced feed to cylinder.
- New—Larger All Steel Harvester Unit—Faster field speeds.
- New—Larger Grain Wheel and Tire—Easier handling.
- "Full Jeweled"—Every bearing a ball roller.
- Two fan system in separator—Over 13 feet of separator length.
- New—Safety Cylinder Housing—Prevents damage to cylinder by rocks.
- Rugged—Dependable—Has the stamina to stand long grinds without time consuming breakdowns.
- New—V Belt Drives—More dependability and economy.
- Drop Forged Steel Reversible Cylinder Bars.
- Over 50,000 satisfied owners.
- Simple design—No complicated drives.

Watson News

MRS. S. D. KEY, Reporter

We want to welcome the following new families to our community and hope each will enjoy living here: Mr. and Mrs. Jim Phillips and children from Smyer, Texas; Mr. and Mrs. John Billington and family from Lubbock; Mr. and Mrs. A. D. Talley and children from Abilene, and any others that we do not know of.

We also extend a welcome back to Mr. and Mrs. Ewrin Campbell and children from Portales, also Mr. and Mrs. Perry Fort and Marie from Portales, Mr. and Mrs. Elwin Julian and Jamie Ruth from Odessa, Mr. and Mrs. H. O. Huff, Sr., and children, and Mr. and Mrs. H. O. Huff, Jr., and children from Roswell, N. M., and Mr. and Mrs. Val Wojtek from Andrews. Mrs. Wojtek was formerly Miss Ila Dean Huff.

Barbara Mitchell has had to spend several days in the hospital. She had a growth taken off her leg that was caused from a fall around Christmas. We are hoping she will soon be up and back in school and Sunday school.

G. W. Fine, Jr., mashed three of his fingers while working on the tractor wheel Saturday, and had to have the end of the little finger amputated.

Mr. and Mrs. Odes Hamrick and son visited in the home of Mr. and Mrs. M. L. Fine over the week end.

Members of the Watson BTU brought lunch to the church Sunday and visited and sang until time to go to the BTU Zone meeting at Three Way.

Mrs. Frances Neutzler from near Lubbock visited with Mr. and Mrs. Elton Vaughn Sunday. Also other friends.

Mr. and Mrs. Carol Fort and Patsy from Amarillo and Mr. and Mrs. Carol Sides and children, "Mackie" and Carolyn of White Face visited in the Perry Fort home Sunday.

Mrs. W. O. Wilson is suffering with a very sore thumb that has been hurt for some time.

Several people have been on the sick list this week. The Bernis Camp family, Kenny and Danny Petree.

Most of the farmers have their listing done.

MRS. GEORGE FINE HONORED WITH A BIRTHDAY PARTY

Mrs. George Fine, Sr., was honored with a birthday party at the home of her daughter, Mrs. Elwin Julian, Friday night. Those that were there to help her celebrate were Mrs. Fine's daughters, Mrs. Elton Vaughn and family, Mrs. Ewrin Campbell and family, Mrs. E. J. Boyce and family, M. L. Fine and family, G. W. Fine, Jr., and family, James and Frankie Dee. All her children except one daughter, Mrs. Harold Carpenter, were present.

Games of "42" were played. Pie, coffee and cocoa was served. Several nice gifts were received by Mrs. Fine. We wish her many more happy birthday anniversaries.

BLACKMAN BABY ILL

Marsha Lynn, small daughter of Mr. and Mrs. Buddy Backman, was ill this week. She was reported to be much improved today.

STRUCK WATER AT 20.5 FT.

Lots of water was found at 20.5 feet in the excavation now being made for the new Ray Griffiths elevator in Muleshoe, it was reported. The contractor has a pump going to keep water out of the pit.

TO AMARILLO

Mr. and Mrs. Billy Don Barbour were business visitors in Amarillo Monday.

Easter Seals Finance Palsy Clinics

TOMMY IS A REGULAR GUY who likes guns and horses and run just like other kids. Only thing is, Tommy's arms and legs won't behave the way other youngsters' do. He can't walk alone yet, nor even stand very well. He's got to have lots of help if he learns to ride a horse, or even shoot his guns. That's why you are asked to use Easter seals and send a donation to the Easter Seal agency, in care of your local post office. Easter Seals pay for treatment of hundreds of kids like Tommy who are cerebral palsied. Back of it all is the Texas Society for Crippled Children, and a hundred city and county societies affiliated with it.

Have you ever heard of cerebral palsy?

If you have you may have noticed that much is being done these days to help children who are palsied. You may also have wondered why you hear so much about it now, and never did before. It is not a new condition. Why the sudden concern about it?

That is a story worth telling. It is particularly worth telling during the month of March while Easter seal drive is on. For Easter seals pay for most all the treatment Texas kids get who have cerebral palsy.

The only new thing about cerebral palsy is that now we know something to do about it. Until recent years, children whose arms and legs went in all directions, and who made weird noises instead of speaking, were hidden away in back rooms by families who knew nothing to do for them. They were physically helpless or almost so, and thought to be mentally subnormal as well.

As a result of this treatment, these children grew into completely dependent adults, a burden to themselves and to the community. Within recent years, we have learned that this need not be. Certain forms of exercise, known as physical therapy, given expertly over long periods, will do wonders for these children. Most of them can learn to stand and to walk. Certainly, to feed and dress themselves. Then, too, they can be taught to speak intelligibly. If they have hearing problems, they can be taught to read lips.

Thus they become acceptable members of society. They can go to public schools and become educated. Finally, they can learn a vocation within their capacities, and grow into active, healthy, productive adults.

It was four years ago that the Texas Society for Crippled Children began its intensive program for the cerebral palsied. Seeing the terrific need, for the state at that time had no treatment centers at all for these children, the Society allocated most of its funds for that purpose. Today it has 17 treatment centers operating in various parts of the state. As fast as possible, it is planned to open others.

Already, the crippled children's societies have seen hundreds of children leave their beds for wheel chairs, and their wheel chairs for crutches or braces. Many have learned to walk alone.

These societies use Easter Seal money to help children with other needs, too. The orthopedic, the coronary (cardiac), the child with speech or hearing difficulties—all of these children are beneficiaries of Easter seals, and they may not overcome all their difficulties completely, but improvement is possible. That's why people all over Texas are using Easter Seals, and donating them. Contributions may be made to Crippled Children, in care of your local post office.

The Texas Society for Crippled Children has headquarters at 3703 St. Dallas. Martin M. Rick, executive director. Dr. J. G. S. president of the South Texas State Teachers College. Marcos, is also president of Texas Society. Cerebral Palsy treatment centers are located at Houston, Austin, San Antonio, Waco, Dallas, Port Arthur, Ft. Worth, Corpus Christi, Falls, Greenville, Lubbock, Lico, Galveston, Longview, Houston and Baytown.

Demonstration To Show Dairy Cow Development

A practical demonstration showing how to develop dairy cows will be given at the Jones Farm Store during the next three months. It was announced this week by F. W. "Chief" Jones, local Purina Chow dealer.

A 4-week-old milking shorthorn calf, which has been named "Beautiferna" will be placed in a special pen at the store and will be fed according to the Purina Dairy Cow Program until she is four months old. A chart of her growth and development will be placed near the pen so that all the folks in this area can keep track of what she is fed and how rapidly she develops.

This dairy calf growing demonstration is a part of a nationwide program by Purina dealers to prove the value of feeding calves a good ration to develop them into strong and sturdy heifers with a potential longer milking life when they are added to the milking herd.

VISITED DAUGHTER

Mrs. Lewis Kerr of Abernathy visited the first part of the week in the home of her daughter, Mrs. Sam Fox, and family.

Lazbuddie News

Mr. and Mrs. Clifford Pyritz of Artesia, N. M., were here visiting relatives and friends this week.

Speaking of high prices on cows! Ed Steinbock received \$428.00 for a cow at the Clovis auction sale.

Garvin Thorn had the misfortune of losing by fire about 40,000 bundles of stacked feed recently.

Max Steinbock and Grandma Alma Steinbock returned from a week end visit in Frederick, Okla.

Mrs. Therese Mehl came home with them for a visit here.

Leslie Barnes left for the reserve air base Monday.

Mr. and Mrs. Leonard Marhefky and daughter, Beverly Deannie, of Corpus Christi brought Mrs. Otto Treidel home last Friday and returned to their home Sunday.

Mr. and Mrs. Roy Cheney and children, of Amarillo, were here visiting relatives last week end.

Mr. and Mrs. Hubert Elliott went to Dimmitt Monday for medical check-ups.

Boyd Hood a Visitor Here

Boyd Hood, of Dallas, is here visiting his sister, Mrs. Mae Mahan. Mr. Hood, who is quite an accomplished singer and guitar player, will help the string band, consisting of Max Steinbock, C. C. Matthews, Jr., and "Shaw" Foster, play at Lazbuddie Thursday night when the seniors have their play. The above band met and practiced music in the home of Mr. and Mrs.

Rex Steinbock Tuesday night. Mr. and Mrs. J. W. Hunt, Mae and Leota Mahan, Mr. and Mrs. Willie Steinbock also were present. Coconut cake, coffee and cocoa were served.

A number of Lazbuddians went to Littlefield last week for the purpose of securing a paved highway north of the Plainview pavement.

CARD OF THANKS

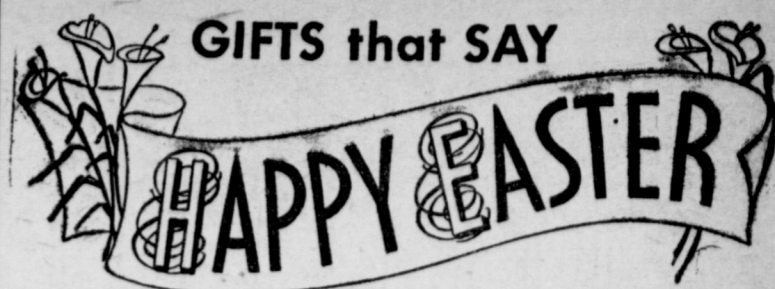

To our many friends who so graciously came and helped us during our recent illness, we want to try to express our sincere appreciation. To all who called, who brought food; to the men who listened our land; the ladies who served their lunch, and all who helped in so many other ways, Thank you so much!

May you each receive God's richest blessings in our sincere prayer.

THE JIMMIE DULINS.

TO SPEAK AT DORA

Ebb Randol, minister of the Church of Christ, will speak on a lectureship program at Dora, N. M., on Friday of this week, and again at Melrose, N. M., on Monday of next week.

WEEK END VISITORS

Mr. and Mrs. James R. Hobbs and children, of Lovington, N. M., visited over the week end here with her parents, Mr. and Mrs. W. R. Kistler, and other relatives and friends.

TO PREACH HERE

Evangelist G. S. Westbrook of Lubbock, minister of the Pioneer Park Church of Christ, preached at the church in Muleshoe Feb. 28, and Ebb Randol, local minister, will return the visit by preaching at Lubbock March 14.

AND, FOR GROWN-UPS, TOO!

Safe food... healthful food... tasty food is vital to our very existence. We must have it to survive. But there must be a means of keeping food safe... healthful and tasty. Electric refrigeration provides the means... proven by years of faultless service to thousands of Panhandle-Plains-Pecos Valley-Eastern New Mexico residents. Today, proper refrigeration is a necessity... something you can't afford to do without. If you are not now refrigerating your food the safe, healthful electric way you're missing something. Why not talk it over with your electric appliance dealer?

Rainbow Girls Program Honors Mother Advisor

Assembly 161 of the Rainbow for Girls met in regular session Thursday, March 1, at 7:30 p. m. Dolores Locker, worthy advisor, presided in a charming manner.

Mrs. Ray Griffiths was installed as mother advisor. Mrs. Ross Goodwin acted as installing marshal. Members of the advisory board were introduced. The girls presented a program in honor of the new mother advisor.

Jo Nell Mabery sang a solo. Jon Ann Thomson gave a reading, "The Shamrock and the Cross." A solo by Evelyn Chapman completed the program. Refreshments were served by the members of the advisory board to thirty-five girls and twenty Eastern Stars and Masons.

Silver For Church Fidelis Project

Fidelis Sunday School Class of the First Baptist Church met last Thursday, March 1, in the home of Mrs. Pat Bulloch for their regular business and social session, with Mrs. C. M. King, president, in charge. Devotional was led by Mrs. Joe Damron.

Mrs. W. B. McAdams read the minutes of the last meeting and Mrs. J. V. Peeler gave the treasurer's report. A report was heard on the class plans to buy silver for the church and a special collection was taken.

Gifts were exchanged and drawings were made for next quarter Sunshine Friends.

The St. Patrick motif was carried out in the lovely refreshment plate served by Mrs. Bulloch and the co-hostess, Mrs. R. L. Jones.

Two visitors were present, Mrs. W. B. Wagon and Mrs. Myrtle Friboth. Members attending were Mesdames R. D. Precure, M. F. Green, Joe Damron, F. H. Davis, J. E. Mills, J. V. Peeler, W. B. McAdams, Naomi St. Clair, Arlie Thomas, N. C. Moore, Arthur Crow, C. M. King, G. C. Bristow, Ray Griffiths, the hostess and co-hostess.

Homemakers SS Class Meeting

Homemakers Class of the First Baptist Church met in the home of Mrs. Aileen Dyer Tuesday afternoon in their regular business and social. Opening prayer was led by Presta Hale. Mrs. Lucy Layne brought the devotional from Psalms, 91st chapter. Secretary and group captains' reports were read and approved.

Grace Winn brought a Scripture reading on Stewardship. Myrtle Harper, our fellowship vice-president, gave her report. Presta Hale made a talk about building up our class.

Eleven members and one visitor were present, the visitor being Mrs. Layne. We all thank Mrs. Layne for bringing our devotional. Lois Shook dismissed by prayer. We all played a game of Shamrock after the business was dismissed.

Rug Making Is Demonstrated By Muleshoe Club

Muleshoe HD club met in the home of Mrs. C. E. Briscoe Feb. 27, with Mrs. A. L. Dutton, club president, in charge. Roll call was answered with "Women in the News."

Mrs. A. W. Copley and Mrs. Kenneth Briscoe were selected nominees to go to Council where the delegates will be elected from the county to the district meeting to be held April 28 in Tulsa.

Mrs. Copley gave the council report. Mrs. Caldwell resigned as civil defense leader for the club.

At the February council meeting she was elected to that position for the council. Mrs. Roy Carney was elected defense leader for the club. Mrs. Holland gave hints on making pie crust.

Demonstrations were given on different kinds of rug making: Mrs. Dave St. Clair, braided rug; Mrs. Autrey, pom pom rug; Mrs. Holland, tufted; Mrs. Zimmer, knitted rug; Mrs. Garth, punch work rug; Mrs. Briscoe, crocheted rug.

Mrs. Copley donated an apron which, with each club member's birthday or wedding anniversary she is to sew that number of pennies under a patch on the apron. All patches are to be removed at the Christmas party and the money put in the treasury, and the person who guesses the value of the patches will be given the apron.

Refreshments were served to the HD agent, Miss Diane McClurkin; one visitor, Mrs. T. F. Maddox; and the following members: Mesdames Joe Jarman, Kenneth Briscoe, Dave St. Clair, N. W. Lee, E. E. Marrs, Tom Zimmer, C. H. Gillis, Roy Carney, Olen Dutton, A. W. Copley, E. E. Holland, W. H. Awtry, Mack Hale, and C. D. Julian; two new members, Mrs. Dave Coulter and Mrs. Vernice Garth, and the hostess.

The next meeting will be in the home of Mrs. Wyle Bowers on Tuesday, March 13, at 2:30 p. m.

Elementary P-TA To Meet Monday

"Cultivating the Good in Children" will be the theme of the program for the meeting of the Elementary P-TA the coming Monday, March 12. Mrs. A. W. Copley will be the main speaker. Following her address audience participation will be encouraged.

Mrs. E. H. Kennedy and pupils will provide the musical feature of the program.

Election of officers to carry on the work for next year is the important business to receive attention.

Y. W. A. Honors Mrs. Troy Daniel

The Y. W. A. girls of the First Baptist Church of Muleshoe honored Mrs. Troy Daniel with a kitchen shower at the home of their leader, Miss Wanima McKnight, Saturday, Feb. 17, at 7:30 p. m.

She received a number of nice and useful gifts. Delicious refreshments of chocolate cake and punch were served to those attending after the gifts were opened.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN:—Cane Panelling accents warm blond wood tones for some of the smartest furniture designs of 1951. The illustrated dining grouping—made by the Imperial Furniture Company and featured in the newly decorated Guild Galleries in Grand Rapids—combines cane with soft Sahara Mahogany. The card dinette-table has a double top which flips over to make a dining table for 6 or 8. Buffet has four drawers for linen and silver and two china compartments. Top deck is removable so piece may be used as a living room console if desired.

Memorial Program Given By Chapter

A memorial program in memory of members who have passed away during the year was conducted by the Muleshoe Chapter, Order of Eastern Star at its meeting Tuesday, March 6, in Masonic Hall. Mrs. Savannah Goodson, mother of Mrs. Mary Hart, has passed away during the term of Mrs. Margaret Collins, worthy matron.

The altar was draped and lights turned low as officers formed a cross back of the altar while Mrs. Juanita Roberts sang "The Old Rugged Cross." J. E. Mills gave a Scripture reading and Pat Bulloch the prayer. The altar was decorated with white flowers. Mrs. Roberts also sang "Rock of Ages." Grand officers will make a visit

to the chapter the first week in May. A school of instruction is to be held in Plainview again this year and the grand officers' visit will be just before the school.

Mrs. Emma Ruth Bellamy, of Littlefield, will review the book of Ruth in the banquet room at 8 p. m. April 2. Admission will be open to the public at 50 cents and tickets will be on sale at the door.

Morton Chapter will hold their Friendship Night March 9 and hereford the evening of March 20. After the meeting closed refreshments were served in the banquet hall to 35 members and visitors from the beautifully decorated table which had a centerpiece of an Easter bunny and basket of Easter eggs. Mesdames Mildred Lambert, Christine Morgan, Anna Lucy McAdams, and Viola Layne served on the refreshment committee.

HOMEMAKERS CLASS HAS CLOTHING FOR NEEDY

The Homemakers Class of the First Baptist Church has some good used clothing for needy families. If anyone knows of some family needing clothing please call 146-W or come to 1100 West 3rd. There are some clothes for small children but more for teenage and older.

Here's why I take my JOHN DEERE Equipment to the man who knows it Best!

"There are three mighty important reasons why my John Deere Equipment goes to a John Deere Dealer for reconditioning. *First*, I benefit from the skill of his trained mechanics, schooled in servicing methods recommended by John Deere. *Second*, his shop is well-equipped with up-to-date precision equipment. His mechanics have the tools to do the work right. *Third*, he uses only genuine John Deere Parts, which are made to fit and wear like the originals they replace. Thus, it's a three-way assurance of work well done... economically done. It will pay you to consider the important servicing advantages we offer. See us soon for complete details.

THE LONE STAR TRADING POST
IN MULESHOE

Located at the Lone Star Drive-In
On Clovis Highway
HAS FOR SALE

- 1 4-room and bath, located in west part of town on a good 60-ft. lot, with east front. This is not a fancy house, but is well built and is too cheap. We will sell it for \$3,250.00, with \$1,100 down and balance to suit you. Will take automobile or trailer house in trade. Possession.
- 35 acres land, within one mile of Muleshoe. Has 8-in. pump and good small house. This place is in good shape with no Johnson grass. We will sell it for only \$3,712.00 down and plenty time on the balance. 1/2 minerals go. This is the only small place we have had with this small down payment. Better come see it.
- 160 acres close to town, with 10-in. pump. Poor improvements. This place is level and good. We want to sell it. Priced at only \$200.00.
- 160 acres about 8 miles out. Has good pump and house. Farm land in good shape. Will sell with possession at \$2,250, or will pay rent and sell for \$200.00. Has \$8,000.00 loan.
- 30 lots on Clovis highway. Make me an offer.
- 5 acres with good house. Natural gas and everything you need for a country home. Possession.
- See us about that good land at Van Hrn. We still have about 20 sections to sell. It is still good and sells for 25% down.
- 2 sections in Colorado near Limon. Good house and barns, two irrigation wells, 570 acres good wheat. Rent goes. This is a steal at only \$50.00 per acre. Half cash.
- 1/2 section near Limon with no improvements. One-third wheat goes, priced at only \$30.00.
- See Dave Aylesworth at the Lone Star Trading Post in Muleshoe.

High Production Gift Bought By F. Quesenberry

Lloyd Quesenberry has recently purchased a bred Duroc gilt from Dr. A. A. Warlick of Moulton, Tex. This gilt is from very high production stock. Her granddam is the only 10 star Production Registry sow of the Duroc breed. Her dam is already a 3 star Production Registry sow and 5th in a list of only 10 sows producing 2 P. R. litters in 1950. She is sired by 7 star Glamour, which sired 11 P. R. litters in 1950. The gilt has farrowed 6 gilts and 2 boars, which will add to the herd of good Durocs on this farm.

CHRISTIAN SCIENCE SERVICES

That peace need not be thought of as a future attainment but is a present possibility for the perfect and upright man is brought out in the Lesson-Sermon titled "Man" to be read in all Churches of Christ, Scientists, on Sunday, March 11. The Golden Text reminds us, "Mark the perfect man, and behold the upright; for the end of that man is peace" (Psalm 37:37). Further carrying out the thought is this verse from the Bible, "And the work of righteousness shall be peace; and the effect of righteousness quietness and assurance for ever. And my people shall dwell in a peaceable habitation, and in sure dwellings, and in quiet resting places" (Isaiah 32:17-18). The Lesson - Sermon concludes with this statement from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "The relations of God and man, divine Principle and idea, are indestructible in Science; and Science knows no lapse from nor return to harmony, but holds the divine order or spiritual law, in which God and all that He creates are perfect and eternal. To have remained unchanged in its eternal history" (page 470).

FOR SALE OR TRADE

One M-M Tractor with 4-row equipment.

One Allis - Chalmers tractor with 2-row equipment.

One Chevrolet irrigation motor, complete.

13-room house. Over 1,000 foot 2-in. lumber.

Muleshoe JayCee Enters V-P Race

For the first time since its organization, the Muleshoe Junior Chamber of Commerce will have a candidate for the vice-presidency of Region II.

Dr. B. R. Putman, local optometrist and present club treasurer, announced that he would announce for the office at the regular meeting of the JayCees Monday night at the Cross Roads Cafe. Opposing Dr. Putman is Skipper Smith, president of the Littlefield JayCees.

This election will be at the state convention which will be held in Houston on April 13, 14 and 15. The six clubs composing this region will elect the vice-president. Clubs are Muleshoe, Levelland, Plainview, Littlefield, Lubbock and Abernathy. Ralph Krebs of Lubbock is the present vice-president.

All members are requested to be present at a special called meeting next Monday night for the election of officers for 1951. The new officers will take office the first part of May when the new year begins.

Here are four of "Brownie's" rare bovine quintuplet "litter" which survived on the farm of Ralph Taurus, at Hillsdale, New York. The calves are shown with their mother, Ralph and his son Michael. Such a birth happens in the bovine world about as rarely as it does among humans.

Jo Addine Wagnon All District Guard

Jo Addine Wagnon, of the Muleshoe high school girls' basketball team, was selected as a guard on the all-district team at the conclusion of the district tournament, held at Anton week before last. By a slip of mind The Journal last week said that honor was conferred on Kay Malone, a teammate, also a sterling player.

Jo Addine is a sophomore and will be available for the team again next year.

EVANGELIST KERCHEVILLE TO SPEAK IN MULESHOE

Evangelist Mack Kercheville of El Paso, Texas, who is now in a revival meeting at Lariat, has consented to speak for the Church of Christ here in Muleshoe Wednesday afternoon, March 14, at 3 p. m.

Bro. Kercheville is now and for some years has been working with the Spanish speaking people of El Paso and in old Mexico. He formerly lived in Portales and is no stranger to this area.

We invite all to come and hear him on this occasion.—Ebb Randol, Minister.

Farm Commodities Pose Big Problem Government Limited In Selling of Stocks

At the moment the government owns approximately \$1,006,865,438 worth of farm commodities, purchased through the years to support farm prices, agricultural department officials report.

Products stored in government bins include 3.5 million bales of cotton, 145 million bushels of wheat, 167 million bushels of corn, 422 million pounds of linseed oil, 294 million pounds of dried milk, 79 million pounds of dried eggs, and quantities of various other items.

What's become of it all? It may be disposed of in various ways, but not dumped upon the

The government today has 167 million bushels of America's finest corn stored under the price support plan. The question is, what to do with it?

open market to compete with commodities now in private ownership. To do so would flood the market and depress the commodities offered far below support prices. The government would then find itself buying the commodities placed upon the market.

These commodities, however, can be sold should the market prices strengthen considerably above support levels.

The government has two methods at present of moving commodities. They are:

- (1) Persuading the consumer to increase their purchases through normal purchasing channels, thus reducing the supply and raising the price to where government stocks can be put on the market. Also, reducing supplies to a point where support prices would become unnecessary.
- (2) Many of the commodities in government stockpiles are being distributed to school lunchrooms, charitable institutions, Indian affairs, and needy groups.

Texas Home Demonstration Clubs Celebrating Their 25th Anniversary

This year the Texas Home Demonstration Association will be 25 years old. The annual meeting will be at Texas A&M College August 29, 30 and 31.

Mrs. R. M. Almanrode, president, who lives in Munday, Texas, in Knox County, says the association was organized in 1926 when the women came to "The Farmers' Short Course" at Texas A&M College.

The organization has grown in these twenty-five years from one originally started to provide an educational fund for a deserving I-H club girl, to give training in parliamentary procedure, and to have the women help with the short course by presiding at meetings. Mrs. F. H. Marks of Jack County was the first president and Mrs. Nick Akin of Denton County, secretary.

The women decided the best

way to get the two hundred dollars for the education fund was contributions of 50 cents from each home demonstration club in the State. The first scholarship went to Golden Evans of Harrison County.

Now—in 1951, the organization includes nearly three thousand clubs, over forty thousand members, and a budget that provides for two scholarships of five hundred dollars each—the Maggie W. Barry and Helen H. Swift.

The association is making special plans for this twenty-fifth anniversary in August. Mrs. B. M. Harris of Plainview, Hale County, is chairman of the committee to present in pageant form, the growth of the Texas Home Demonstration Association.

Retail Credit Institute To Be Conducted For Local Merchants

A ten-hour course in Retail Credit Procedures for merchants and employees of Muleshoe will be conducted here beginning March 19, according to an announcement by C. W. Grandy. Muleshoe is one of the selected Texas cities to be included this year in the Distributive Education training program offered by the University of Texas, Division of Extension, in cooperation with the Texas Education Agency. Mr. Sterling S. Speake, specialist in retail credit, of the University Extension Division, will conduct the course. The course has been acclaimed by merchants throughout the state as a very practical and interesting study of current and future retail credit problems. It deals with successful methods used by many Texas business firms in handling their charge accounts. There will be no text books used, but materials

and ideas presented will be those which are in successful operation. Mr. Grandy pointed out that this course is being conducted just at the right time because of the big increase in open account and installment consumer credit and fast changing economic and business conditions. He continued by saying that merchants should waste no time in getting their credit departments up-to-date by training employees in the correct methods of handling charge accounts.

The topics to be included in this course are as follows: Current and future problems in credit; credit applications; credit interviews; investigating and evaluating the applicant; rejecting the applicant; accepting the applicant; store credit policies; credit sales promotion; credit letters; collection procedures.

The course will be conducted at the high school each evening from

7:30 o'clock until 9:30 o'clock on the following dates: March 19-23. A University of Texas Extension Division certificate will be presented to all those who meet the attendance requirements. A small enrollment fee is the only cost to the enrollee. Further information may be obtained by calling Mr. Grandy.

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

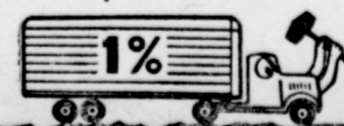

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.

Babson Discusses

"Barn Yard" Economics

BABSON PARK, Fla., March 2.—We must start with the dictionary explanation of INFLATION. It is the name for a rise in prices due to demand exceeding production. Please keep this definition in mind as we follow through why a war causes prices to rise.

What About Taxes?
 We complain about federal taxes; but even these have a cheerful side, as 90% of all such taxes are dependent upon profits—either on business profits or personal income from dividends, etc. In other words, unless the Government allows us profits, the Government would go broke. Hence, we can absolutely depend upon profits during war times.

Next you ask: "But what will prevent the Government from raising these taxes to a much higher percentage of profits?" The answer is that when taxes increase above a certain point, the Law of Diminishing Returns begins to work. If management is not allowed to increase wages and prices to offset any further increase, then production falls off and costs increase under our present "mass production" system. Then more money must be raised by more taxes and the Government starts to "kill the geese which lay the golden eggs." When this occurs, taxes are raised to more. The Government then begins to print money and sell bonds. This always increases the people's purchasing power faster than increasing the supply of goods, and results in still higher prices.

Raising An Army
 The next financial curve of war comes from pulling five million men and women of the best producers away from normal industry—putting half in training camps and half in factories making war supplies. This not only reduces the production of civilian supplies, but these people must be housed, clothed, and fed, by being paid real money. If you will refer now to our definition of inflation, you will see that this shift of employment will further reduce the supply of consumer goods without reducing purchasing power. This makes for still further price increases.

Then you ask: "Why not put a lid on wages and prices?" The answer is that a lid on wages results in decreased production per dollar of wages. Thus, little is gained thereby. A lid on prices, on the other hand, develops "black markets," with resultant graft, inefficiency and dishonesty. From these "black market" operators, the Government gets no taxes. Although such "ceilings" are popular politically, they are no real solution to the problem. Higher prices are inevitable.

Deficit Financing Coming
 All these schemes lead finally to deficit or phony financing which means a further decline in production per hour and a further increase in purchasing power. This is just the reverse of what honest financing requires. Those in the war plants, although making only war goods, must be paid market wages. At this point, after all the "quack cures" have been tried and failed, the value of the dollar begins to decline. If we are forced into World War III, our dollar could easily fall to twenty-five cents or less during the post-war years.

People then get scared. Not content to spend only their wages, they draw out their savings and buy homes and productive land. This is why the prices of houses and land have doubled since 1940 and could easily double again during the next ten years. One final thought—although putting a ceiling on wages and prices tends to keep them down during a war—yet when the war is over this dammed-up demand makes the post-war price increase in real es-

LITTLEFIELD MAN IS

KOREA ACCIDENT VICTIM

First Lieut. Billy A. Yohner, 28, son of Mrs. Mary Yohner of Littlefield, was killed in Korea January 31, according to a telegram received here about 10 o'clock Saturday night.

The telegram addressed to Mrs. Mary Yohner, who is in Corpus Christi visiting her daughter and son-in-law, Mr. and Mrs. E. T. Russell, was delivered to F. E. (Shorty) Yohner, cousin of the dead soldier, who in turn delivered it to Pete Yohner, brother of Lieut. Yohner, who left for Corpus Christi Monday to be with his mother.

The telegram stated that Yohner was killed by an accidental gunshot wound, but did not elaborate. —Lamb County Leader.

Long Entry List In Lubbock Show

LUBBOCK, Mar. 5.—One of the longest entry lists in recent years is expected for the Eighteenth Annual Junior Fat Stock Show to be held here March 19-20-21, according to Show Chairman Arles Graham.

Entry applications for the show have already been received from eight towns in the area, and all indications point to a rapid increase in entries as the show dates draw nearer.

The show's Finance Committee held its first and only meeting last Wednesday, Mar. 7, and made final plans for the campaign to acquire sponsors for the show this year. Premiums are expected to rise above \$5,000, more than \$700 over last year's total.

Among entries already submitted to officials are those listed below: From Lamesa—Horace Johnson, Donnell Echols, James Hunt, Bailey Ellison, James Clearman, Larry Edwards, Mark Woods, Roy Ed Hatch, Alan Roy Bratcher, Don Eggleston, David Vandivere, Mickey Peterson, R. C. Barron, Roddy Barron, Terry Lester, Wayne Napper, Jerry Napper, David Lowe, Bob Bourdman, Billy Chapman, Charles Low, David Low, Richard Low, Walter Koemel, and Jack Goodloe.

—O'Donnell — John Hugh Wiser, Roy Bennett, Guy Bennett, Carroll Bennett.

—Hart—Wesley Sharp and Wayne Copelin.

—Lorenzo—Jackie Moore.

—Aspermont—Billy Douglas.

FOR INDIA RELIEF

Methodists throughout the country are being urged to "write Congress," requesting that 2,000,000 tons of grain be consigned to famine-stricken India.

Asking "What is the Christian answer?" a joint letter was issued by two national agencies of the Methodist Church here—the National Conference of Methodist Youth, and the Local Church Division's department of Adult Christian Education.

Dispatched to 3,000 youth and student leaders, 560 district superintendents and hundreds of annual conference officials, the six-page letter outlines "key facts in the help for India issue," and advocates "action now to prevent millions from starving."

A special appeal by Methodist Bishop Charles W. Brashares, Des Moines, Iowa, is cited: "We believe that with little encouragement from its citizens our government will send enough surplus wheat to feed the starving people of India. If we do not . . . Communism may take over and we shall be sending our American boys to die in India some day. Surely, this is the moment for us to write our leaders, urging them in Christ's name to feed the hungry people there."

The church agencies urged that letters be sent to Senator Tom Connally, chairman, and other members of the Senate Foreign Relations Committee. Congressional action is pending, following President Truman's recent request that the House and Senate take "immediate steps" to vote funds to buy 2,000,000 tons of grain for the relief of India.

JOHN ROY IMPROVING

Mr. and Mrs. J. L. Roy and children, Kay, John Lynn, and Teddy, were here last week to visit old friends. They live in Fort Worth now but still own their home in Muleshoe. Mr. Roy's leg, broken in a fall last year, gradually is improving. He formerly was service manager for Southwestern Associated Telephone Company here and is now connected with the company in Fort Worth.

Sand Hills Philosopher Has Different Idea Of Limiting Expenditures of Candidates

Editor's Note: The Sand Hills Philosopher, on his Johnson grass farm, has a wrong-end view of a vital matter this week, his letter reveals.

Dear editor:

I picked up a copy of the Amarillo News-Globe which my neighbor had half covered up with his plow. I tell you reckless plowing like that is wasteful. Believe I'd just as soon rest under a tree as run the risk of burying good reading matter, includin that paper.

I shook off the dirt, that is, the dirt my neighbor had put on it with his plow, not the dirt that was printed, and took it home and sat down in a protected spot south of the barn which is a spot protected from the wind and my wife's voice, and read where there is some agitation for puttin stricter limits on the amount of money a candidate can spend to get elected.

As I understand it, the law limits the amount of money a man can spend to get elected, but it's so full of loopholes a man can spend about all he or his office-hungry friends can lay hands on. It seems like it ain't nothin to spend twice as much gettin elected as the office pays, which ain't so preposterous to me, as many a year I've worked twice as hard on my Johnson grass farm as I got paid, until I caught on and learned if I wasn't gonna make anything anyway I gonna make it well do it sportably.

But spending big money to get elected, accordin to the thinkers, is bad, and the Legislature ought to clamp down with stricter laws.

Now I take a different view of this. It seems to me they've got the cart before the horse.

What we need ain't so much a law sayin how much a man can spend before he's elected, it's after he's elected that counts. That's where the real damage comes from.

4-H Club Week Being Observed

COLLEGE STATION, Mar. 7.—Texas 4-H Club members, 118,237 strong, are joining with the approximately two million other members in the United States to observe National 4-H Club Week, March 3 to 11. They will be joined by the 250,000 volunteer local adult leaders, the more than 14 million former members, thousands of Agricultural Extension Service workers and their parents and friends.

According to the State 4-H leaders of Texas A&M College, the purposes of the week are to provide 4-H members a special occasion for checking their own efforts in relation to the needs of their community and country; to acquaint the public with the 4-H theme for 1951—"Working Together for World Understanding"; to inform all parents of the objectives of the 4-H Clubs; to encourage the members to interest other young people in enrolling and in assisting in their 4-H work; and to enlist more public-spirited citizens as voluntary leaders or sponsors of 4-H Clubs.

The 4-H members, with their leaders, have planned many activities for the week. There will be special public meetings; exhibits portraying the work of the members; and 4-H members will appear as guest speakers before civic clubs, farm organizations and other groups.

Future Farmers At Work

Pictured above is Willard Demont, one of the Muleshoe FFA boys on his four-row tractor. He has leased a labour of land in the south part of the county and will farm it in grain sorghum and cotton himself, except for a little help before it is out. Mr. Dowell, his vocational agriculture teacher, is a great believer in a big enough supervised farming program to make a living for a family and have some money left. Willard says, "He kept telling me 'farm all the land you can and do the work yourself,' so I thought I'd try." Incidentally, Willard's mother is a former student of Mr. Dowell.

If You Itch All Over, It May Take Your Doctor a Time To Find Cause

When you itch in one spot, it usually isn't so difficult to find out what's making you itch, but when the itching is just general, all over the body, sometimes one place and sometimes another and sometimes all places at once, it not only is more aggravating to you, it's also aggravating to your doctor because it's harder to locate the cause.

Persistent itching is a robber of comfort and since anything that makes you uncomfortable may interfere with your health and well-being, itching may be considered a signal of distress.

Itches that awaken you from sleep and demand scratching are probably the most nerve-racking of the brand. Other forms of itching may keep you from falling asleep, since some itches start up after undressing, but there is a distinction between the ones that keep you from falling asleep and the ones that break into your sleep.

The timing of the beginning of the itch may give some clue as to its cause. If you itch when you get cold or itch when you get hot or itch at any abrupt change of temperature, that's an important piece of evidence in pinning down the robber.

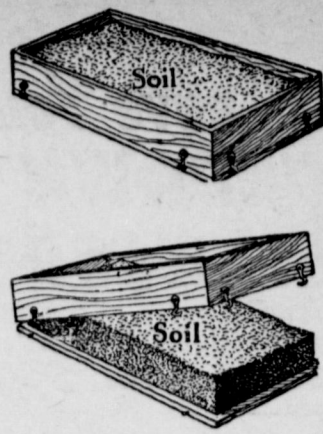

The manner in which you scratch the itchy areas may also have some bearing on the source of the itch, particularly whether you can stop scratching when you set your mind to it or whether no matter how much you say you won't scratch, you still have to.

Different brands of itches frequently arouse different types of scratching. The most common type is dragging the nails over the itchy spot, leaving parallel lines of different depths, depending upon the intensity of the scratch. These lines themselves may create more desire to scratch and lead to that vicious circle that the more you itch, the more you scratch, the more you itch.

Lice, mites, the itches that may accompany pregnancy, tumors, liver diseases, kidney diseases and cancer will generally create the un-inhibited dragging of the nails over the itchy area. Not only might it lead to more itching but it may also lead to infection, called secondary infection.

Those suffering from nervous disorders frequently use the nails to scratch, too, but theirs is more of a digging with one nail than the dragging of several nails across the annoying area. Neurodermatitis, which is considered one of the very worst of the itches as far as the necessity to scratch

Improved Seed Flat

An idea that might be useful when growing next spring's plants is the seed box with removable sides as shown in the above illustration.

The sides are nailed together and attached to the bottom by means of hooks and screw-eyes. When the plants are large enough to be transplanted from the flat, the sides are unhooked and lifted up from the bottom, the soil with the plants in it remaining undisturbed on the bottom board. The plants are then easily separated and pulled up. When ready to use again, the sides are hooked to the bottom, and the flat filled with new soil. Very little root disturbance will result when the small plants are cut from the mass of soil with earth clinging to their roots.

Low Temp. Rendering Of Lard Is Recommended

Your home-rendered lard will be of better quality if you use a low temperature for rendering, nutrition specialists report.

A low temperature is needed to give the greatest yield of lard from the fat and to prevent scorching and sticking, which changes the flavor. Render the lard as promptly as possible after the carcass has been thoroughly chilled—preferably within 24 hours.

VISITS ILL FATHER

Mrs. A. P. Lambert has spent the past two weeks in Bonham visiting her father, A. W. Henry, who is seriously ill.

The best bet when itch is your trouble; if he can't locate the source or treat it to give you relief, he can usually tell you what kind of specialist is most likely to be required.

Texas Dairy Industry Tackles Huge Development Program During June

Developing its future, the Texas dairy industry announces its program for the American Dairy Association according to Mr. James Kizer, president of the board of directors. Plans are under way for the industry to undertake the most active program in the states history in the 30-day set-aside by milk producers over the state.

Dairymen over the nation voluntarily finance the national ADA program. Texas dairymen are realizing the great opportunity of participating in this nation-wide industry development program.

Throughout the nation dairy farmers set aside a penny a pound of butterfat during the 30 days of June for year around promotion of dairy products through advertising, merchandising, and research.

"Our Texas dairy farmers have improved their milk production methods very much during the past few years," states Mr. Sam E. von Rosenberg, field director for the American Dairy Association of Texas and the Dairy Products Institute, "and this is another forward step in industry development. There is much opportunity ahead for our dairy industry as we understand our problems better. Then we can work together on sound and practical solutions," he added.

"Industry leaders from every branch of Texas' dairy industry are lending a hand to this program," said Mr. George M. Clarke, executive vice-president of the Dairy Products Institute of Texas. "Our dairy plants," he said, "are setting

up plans to assist dairymen by making the June set-aside collections for them throughout the state.

The Board of Directors of the American Dairy Association of Texas are elected annually to represent dairy farmers in every branch of the industry. These directors serve without pay in directing the year around promotion of dairy foods through the National ADA.

REV. BLAINE TO CONDUCT WICHITA FALLS REVIVAL

Rev. A. W. Blaine, pastor of the First Baptist Church, left Sunday night after church services for Wichita Falls where he is conducting a revival at the West Side Baptist Church.

The revival began Sunday and Rev. Blaine took over the evangelistic work Monday.

If your diet is deficient in Vitamin B this great new formula may help you build

RICH RED BLOOD

and help curb B-Vitamin deficiency symptoms like

FATIGUE • UNDERWEIGHT
BACKACHE • WEARINESS
CONSTIPATION • 'NERVES'

Just one capsule contains 5 TIMES YOUR MINIMUM DAILY REQUIREMENTS OF IRON and VITAMIN B₁₂..... Ask your Doctor!

"It's like being born again now that I'm taking Bexel Special Formula. Now I go everywhere with the old bunch, do all the things I used to pass up because I didn't have the strength and energy. It's wonderful!"

"Thanks to Bexel Special Formula, I can really enjoy life again. For a while there I was plumb disgusted with myself for being so tired and jittery all the time. But Bexel sure fixed me up fine!"

Are you constantly tired, weak, irritable, cheerless? Scientists have learned that such a condition may be due, especially in older people, to the simple fact that you do not get enough B-Vitamins and Iron in your diet. If that is the case with you, then Bexel Special Formula may be exactly what you need to restore you to radiant vitality and vigorous good health. That has been the happy experience of a great many folks probably just like yourself. Ask a typical user and he or she is likely to say, "Bexel has done wonders for me. I feel better, younger, brighter now than I ever thought possible." Why not try Bexel Special Formula yourself... today!

FOR THE FIRST TIME the important B-Vitamins have been combined with

IRON! in the new, blood-building, energy-building

Farm Bureau Receives Letter From Mahon On Grain Loan Extension

H. E. Schuster, one of the officers of the Bailey County Farm Bureau, received the following letter from Rep. George Mahon, congressman from this district, concerning the extension of the maturity date on government loan grain sorghums:

To the Offices of PMA, County Agents, Farm Bureau, Etc.

As you know, in some of our West Texas counties a lot of grain sorghum went into the government loan. Two or three weeks ago, upon the request of farmers, I requested the Commodity Credit Corporation to extend the maturity date on the milo loans from March 31 to about May 31. The CCC did not look with favor upon this proposal, but did not make a final decision until today that an extension would not be granted.

I was hoping that through an extension of the maturity date the grain could be disposed of in a more orderly way, the railroads would have more time to transport it and the producer would have a chance to get a better price for his grain.

CCC has today issued to the press an official statement that no maturity dates on grain loans will be extended. The CCC in rejecting the request for an extension of the maturity date has pointed out that the producer does not necessarily have to redeem and sell his grain in order to have the chance of collecting an equity. In other words, it is pointed out that if the farmer has an equity in the grain on March 31 when the CCC assumes title, the farmer will receive from the CCC the extent of his equity—as of March 31. Of course, we do not know what will happen to the price of grain on or before March 31, but I do feel that it is important that producers who have grain in the loan should understand the situation.

I am always anxious to be of every possible assistance to the farmers of West Texas and I welcome your calling upon me at any time. Regards to all.

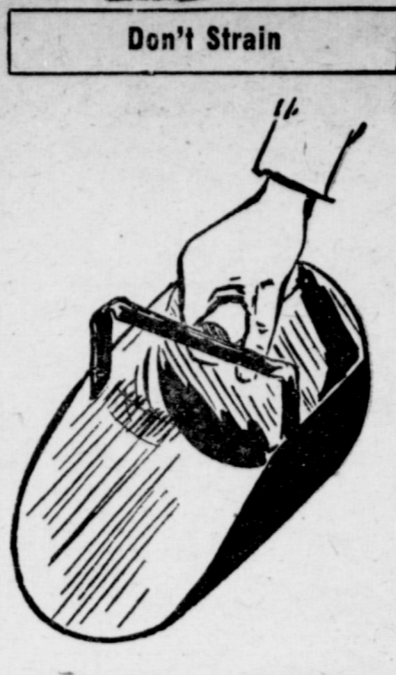

Cordially,
GEORGE MAHON.

CONTRACTORS' NOTICE OF TEXAS HIGHWAY CONSTRUCTION

Sealed proposals for constructing 146.452 miles of Seal Coat, from Lubbock Co. Line to Garza Co. Line; from Lynn Co. Line to Post; from Springlake to Hale Co. Line; from Floydada N. W. 6.915 Mi.; Olton Spur; Fr. Dimmitt north 7.394 Mi.; Fr. Yoakum Co. Line to Brownfield; Fr. Farmer Co. Line to Dimmitt; Fr. 4.2 Mi. E. of Dimmitt to Swisher Co. Line; Fr. Castro Co. Line to US 87; Fr. Floydada to Crosby Co. Line; Fr. Needmore to Cochran Co. Line; Fr. Yoakum Co. Line to Wellman; Fr. Sundown to SH 51, on Highway No. US 84, 70, 380, 62; SH 31, 86, 214; FM 396, 301 & Spur 9 covered by C 53-3-5, C 53-4-11, C 145-3-10, C 145-6-7, C 145-10-2, C 226-6-6, C 297-3-7, C 302-2-7, C 302-3-10, C 302-4-8, C 453-1-7, C 461-2-6, C 879-2-2, and C 885-2-2, in Lynn, Garza, Lamb, Floyd, Castro, Terry, Swisher, Bailey, & Hockley Counties, will be received at the Highway Department, Austin, until 9:00 A. M., March 20, 1951, and then publicly opened and read.

This is a "Public Works" Project, as defined in House Bill No. 54 of the 43rd Legislature of the State of Texas and House Bill No. 115 of the 44th Legislature of the State of Texas, and as such is subject to the provisions of said House Bills. No provisions herein are intended to be in conflict with the provisions of said Acts. In accordance with the provisions of said House Bills, the State Highway Commission has ascertained and set forth in the proposal the wage rates for each craft or type of workman or mechanic needed to execute the work on above named project now prevailing in the locality in which the work is to be performed, and the Contractor shall pay not less than these wage rates as shown in the proposal for each craft or type of laborer, workman or mechanic employed on this project.

Legal holiday work shall be paid for at the regular governing rates.

Here's a right smart idea for a feed and grain scoop that eliminates the wrist strain of scoops with the usual projecting handles. For a large scoop, one that can be used in sacking grain, 20-gauge galvanized material is about right. The scrap iron brace to which the front end of the handle is bolted helps hold light metal in shape.

Year's Fruit Prospects Hit by Widespread Damage

Explosive April caused considerable damage to budding fruit and a great drop in the year's prospects is indicated.

South Carolina, Virginia and Georgia suffered damaged peaches. Washington, Idaho and Oregon show a 100 percent bud loss and many trees killed. Damage in southern Illinois ranged from 50 to 100 per cent, according to some reports by farm bureaus.

Plans and specifications available at the office of H. Bruce Bryan, Resident Engineer, Lubbock, Texas, and Texas Highway Department, Austin. Usual rights reserved. 11-2tc

CARD OF THANKS
Your kindness and sympathy are more deeply appreciated than any words of thanks can ever express.
—Mrs. W. E. Thomas and Family.

There are two kinds of voters: Those who will vote for your candidate—and a lot of ignorant, prejudiced fools.—Tucstarian, Tucson, Arizona.

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jiminez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jiminez says she is always going to have HADACOL on hand for Floyd.

Here is Mrs. Jiminez's statement:

"My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

recovering from a siege of a bad cold.

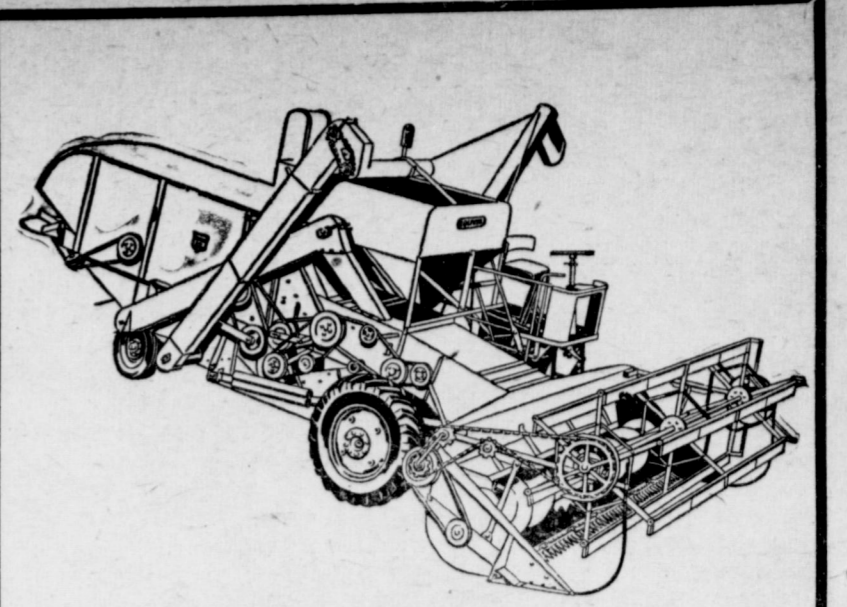

He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could notice an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Floyd Jiminez

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you too, if you suffer such deficiencies.

Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$9.50.

Standing, left to right, are Mrs. Buck Wood, Martha; Mrs. Eddie Lane, Esther; Mrs. Lela Barron, Marshal; Mrs. Bert Mathis, Ada; Mrs. Horace McAdams, Chaplain; Mrs. Clifford Green, Secretary; Mrs. Jim Cox, Associate Conductress; R. J. Klump, Worthy Patron, and Mrs. Bill Collins, Worthy Matron. Officers sitting are Mrs. Clyde Bray, Electa; Mrs. F. W. Jones, Warden; Mrs. Edward White, Ruth; Mrs. L. S. Barron, Treasurer; Mrs. Paul Gardner, Organist; Mrs. Johnny Johnson, Sentinel, and Mrs. Jim Burkhead, Associate Matron. Two officers, Mrs. Chet Layne, Conductress, and J. E. Mills, Associate Patron, are not pictured.

Civics Projects Brings Out Many Creditable Essays

Miss Mittie Hill, instructor in 8th Grade Civics, is getting some very creditable essays from her students in a civics project she is conducting. The essays appeared in recent issues of "The Kick Up," junior high school publication. The Journal here reprints two that shows what the younger generation is thinking about. They appeared in the Feb. 23 number:

What Has My Family a Right To Expect of Me?

My family expects me to be cooperative and to mind orders. They expect me to go to school and get a good education. They expect me to help in jobs and chores. In the evening, they expect me to do the chores around the house and farm.

They expect me to help do my part in making a living and earning extra money. Parents expect children to be polite and well-mannered. They shouldn't use ugly language. They want you to respect other people. They want you to obey the laws of your community. Lying, stealing, and other things are not respectable and are not what your parents expect of you. They want you to be honest and to become good citizens.

My family wants me to study and get a good education and go to college. They expect me to learn my studies and not to be dumb and not know how to get along in life. When they want you to do something, they don't want you to do something else instead.

They expect me to go to church and Sunday school every Sunday. When they give you a good home, they expect you to help take care of it.—By James White.

What Have I a Right To Expect of My Family?

I have a right to expect love, protection, affection, a home, shelter, and clothing from my family.

I have the right to expect love and care most from my family. They help to guide us to know right from wrong. Also to tell me about the things of life I need to know. To get protection from them when in danger or when I am in trouble. To have their love and care all through life. The home is not only a place to eat and sleep but it's a place to get love and to have your friends come and talk and play with you. Shelter is a place where you can go and get protection from dangers outside of life. I expect them to help pick out my clothes and decide which will be most becoming to me.

You expect all these things from

your family because you are part of your family.—By Bettie Collins.

BOY SCOUT COMMITTEE MEETS THIS AFTERNOON

Members of the local Boy Scout troop committee will meet this afternoon with Ray Howard, Lubbock, the area supervisor to form plans for the year. The troop is sponsored by the Lions Club.

On the committee are Sam E. Fox, J. V. Peeler, Ernest Kerr, Cecil Tate, and Lee Pool.

POISON 1,000 ACRES WHEAT AGAINST GRUB WORMS

The crop outlook in general looks pretty good to Glen Williams, Goodland community, but — he's had a sight of trouble with grub worms and now his wheat is harboring some green bugs. How bad the greenbug infestation is he isn't sure.

But the Williams boys have poisoned 1,000 acres of wheat land against grubworms and they believe it is pretty effective.

Mrs. Carles Lifetime Member OES

PIONEER WOMAN HONORED—Mrs. Beulah Carles, of Muleshoe, is shown here receiving a certificate of lifetime membership in the Order of Eastern Star from R. J. Klump, Worthy Patron of Muleshoe Chapter. Mrs. Carles was one of eleven Past Worthy Matrons attending ceremonies in their honor at the Masonic Hall recently. Mrs. Carles headed the chapter in 1941 and 1942.

Mrs. Carles is one of the true pioneers of this Plains country. She came here in 1911 from Rocky Ford, Colo., with her husband, the late D. B. Carles. The family lived at what was known as Old Hurley, then moved to New Hurley, both places being two or three miles from the present site of Muleshoe. There was no Muleshoe then.

She is a native of Bentonville, Ark. In 1900, Mrs. Carles drove a wagon and team to Colorado for a sister, who was in ill health, the two being accompanied by another family. In 1903 she and Mr. Carles were married in Rocky Ford.

The family farmed near Muleshoe until moving into town about 1913. In 1920, Mrs. Carles was named postmistress at Muleshoe by President Woodrow Wilson, taking office in April, 1920. She served in this capacity until 1935, helping to establish all rural routes out of Muleshoe as well as postoffices at neighboring community centers. During her term as postmistress the office went from fourth to third class.

Mrs. Carles has been a member of the Order of Eastern Star since 1895, and has been a member of the Muleshoe chapter since 1929.

Canasta Social For Epsilon Chi

Epsilon Chi members were honored with a canasta social Wednesday evening, February 28, with Marjorie Precure and Marianna Bryant as hostesses.

Refreshments of cheese and ham sandwiches, date cake, and punch

were served to Mary Frye, Ellen Gupton, Jane Griffiths, Jerri Farrell, Ruby Gregory, Gwyneth Bigham, Betty Joe Glaze, Mitzi Barnett, and the hostesses.

UNDERGOES OPERATION

C. D. Gupton, tax man for the Muleshoe independent school district, underwent minor surgery in a Lubbock hospital this week and will be out of the office a few days.

ENSIGN
Butane-Propane
CARBURETION

...FOR LOW COST FARMING

With Butane-Propane you can cook and heat the home. You can also run the tractor, irrigate, generate electricity and fuel your trucks. Equip your various engines with ENSIGN Carburetion for Butane-Propane and make very substantial savings in fuel costs and engine maintenance. Engines burning Butane-Propane run three to four seasons without overhaul or valve grind.

The carburetion you buy and its method of application is the key to successful engine operation. Ensign carburetor specialists for 36 years, pioneered Butane-Propane Carburetion and has perfected the finest equipment for easy starting, power, economy and safety. Consult your local ENSIGN Dealer. He is a specialist on Butane conversions and will gladly inspect your engines and advise on the feasibility and cost of the installation. Call or write him for free bulletin on the use of Butane-Propane in tractor, truck and pumping engines.

Survival Under Atomic Attack . . .

"You Can Survive: You can live through an atom bomb raid and you won't have to have a Geiger counter, protective clothing, or special training in order to do it.

"The secrets of survival are: Know the bomb's true dangers; know the steps you can take to escape them."

The Journal has been printing excerpts from the Government pamphlet, "Survival Under Atomic Attack," from which the above quotation is taken. We continue the story this week as follows: **Where Is the Best Place To Go?**

If your house is close to the explosion, there is little you can do to protect it from the bomb's blast, or pressure wave. Within one-half mile of the surface point directly beneath the explosion, the shock wave from an atomic bomb is sure to flatten most houses. Out to a distance of about 1 mile, steel, brick, and wooden structures are likely to be damaged beyond repair. Farther out, there is less destruction, but serious damage may be expected to extend as far as 2 miles.

It is only wise to figure that the upper floors of most buildings near the explosion will be pushed in. This means the basement is probably the safest place to be. If you have a basement and time to get down to it, lie flat along the outer wall or near the base of some heavy supporting column. You would be even safer under a cellar work bench or heavy table. Stay away from the middle of the floor where falling beams and other objects are most likely to strike you.

Naturally, you run a risk of being trapped in the wreckage, but your over-all chances of escape from the bomb in most cases are many times greater than they would be upstairs. If your basement has two exits, you will be in less danger of being trapped.

Besides protecting you from blast and heat, basements also provide shielding from explosive radiation. Because the lower you get, the more barriers against radiation there are likely to be between you and the bursting bomb. Down in the cellar you'll probably be shielded not only by other buildings, but also by earth and the de-cement foundations of your own house. Earth, concrete and steel are good radiation barriers.

If you have no basement, look around your immediate neighborhood for a nearby shelter you can get to quickly in an emergency. Such a shelter might be a culvert, a deep gully, or another building within easy reach. If you live in rolling country, there is probably a hill close to you. Even a high bank will offer some protection from most bursts if it is between you and the explosion. In choosing your shelter, assume that the enemy will aim for the industrial buildings.

If you live in a State where there is danger from sudden storms like cyclones or hurricanes, you may have a "cyclone cellar" or something similar. If so, you have a shelter that will give excellent protection against atomic bombs. **How Should a House Be Prepared?**

Starting right now you should go in for "fire-proof housekeeping." Don't let trash pile up around your house and always keep it in covered containers.

If you know you have time when an alert sounds, be sure to shut the doors and windows and pull down the shades. This will help keep out fire sparks.

If you have shutters or venetian blinds, or heavy drapes, they will also provide some protection against harm from flying glass.

Several other household precautions should be taken promptly. Atomic bombs set off high above ground seldom cause breaks in underground gas or water mains. However, shaking and twisting of the buildings by the blast wave sometimes snaps off household in-lets at the point where they enter the basement. This may allow gas or oil to flow into your cellar.

To lessen the danger of fires and explosions that could result from this leakage, you should throw the electric switch that shuts off your oil burner.

Your local utility companies can give you detailed instructions about your gas, pilot lights, and so on.

If you have a coal-burning furnace or wood stove, be sure to close

Hockless Hog

This hockless hog, born near Danville, province of Quebec in Canada, keeps his nose to the ground at the farm of Gerard La France. Fated to go through life standing on his head, the pig was born without any hind feet and gets about in the acrobatic manner shown here.

all its fuel and draft doors. In other words, do all you can to prevent sparks and to put out or cover open flames.

Should attack come without warning, take these same precautions right after the raid. Keep at least one flashlight handy and don't strike a match to light your way down into a darkened basement. Gas or oil fumes may be present and an explosion could result.

What About Lingering Radioactivity?

Knowing how to protect yourself from blast, heat, and explosive radiation remains. That is how to avoid harm from lingering radioactivity.

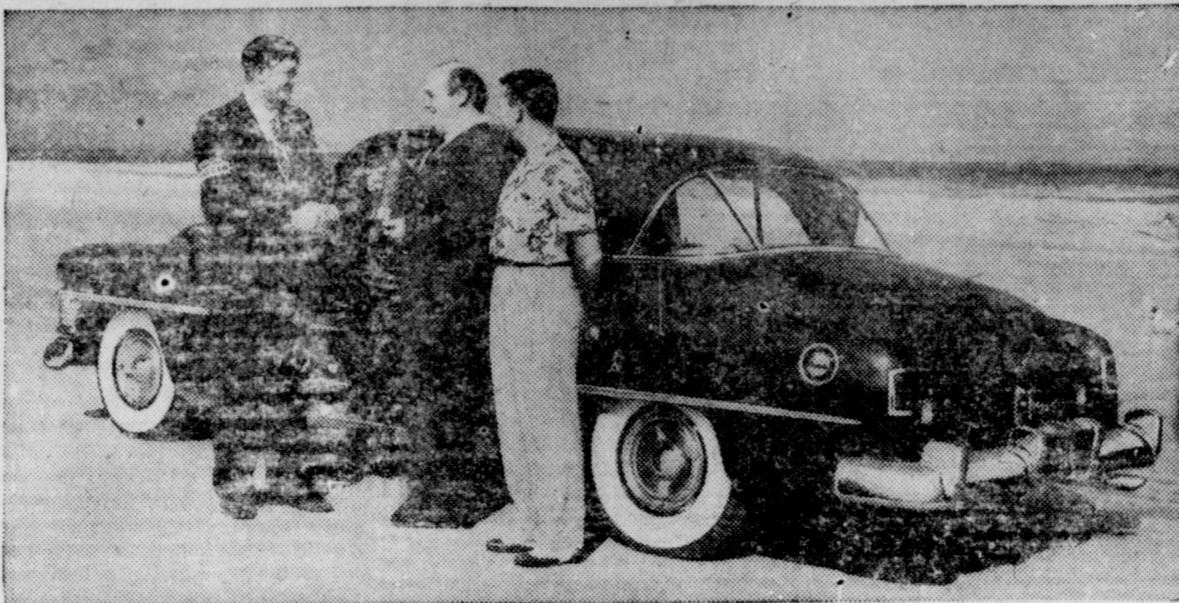

Explosive radioactivity bursts from the bomb at the time of explosion and lasts for only a little more than a minute.

Lingering radioactivity remains for a longer time, from a few minutes to weeks or months, depending on the kind of radioactive material.

Lingering radioactivity may become a danger when atomic bombs are exploded on the ground, underground, or in the water. Air bursts leave no dangerous lingering radioactivity.

Most lingering radioactivity comes from left-over bomb wastes, or "ashes," technically called fission products. They consist of countless billions of fragments, or pieces, of atoms split up in the explosion. Smaller, and usually less dangerous, amounts of lingering radioactivity may be thrown off by scattered atoms of uranium or plutonium that fail to split up when the bomb goes off.

'51 CHRYSLER WINS SPEED TITLE AT 100 MPH

Tom McCahill, featured automotive writer for "Mechanix Illustrated" (center), receives trophy emblematic of the 1951 official unmodified stock-car record from Bill France, President of the National Association for Stock Car Auto Racing. The record of

100.13 miles per hour was made at Daytona Beach, Fla., in a Chrysler New Yorker four-door sedan, powered by the new 180-horsepower V-8 FirePower engine. McCahill entered the trials on the spur of the moment with a car

that had been driven only 400 miles and that had been given no special tune-up. W. Brewster Shaw, Jr., Chrysler dealer in Daytona Beach, shown standing at the right, loaned him the vehicle, taking it off the showroom floor.

Brand-new kind of Special Delivery

GET your hands on this strapping honey and hold onto your hat and heart.

For this sparkling new car—and we mean completely new—is the smartest, the richest, the highest-powered automobile Buick has ever provided at its bedrock SPECIAL price.

Literally, everything here is new but the name.

There's a brand-new X-member frame that's brawny and rugged, and a weight saver in the bargain.

There's a brand-new chassis—but still with the buoyant cradling of coil springs on all four wheels, the solid keel of a torque-tube, the soft steady going of Safety-Ride rims and cushiony low-pressure tires.

There's a brand-new body of spacious dimensions and a stunning interior richer than any-

thing in SPECIAL history—a lighter, ruggedly strong steel body in a full array of styles, including a Convertible and Riviera.

Yes, all this and brand-new power, too!

It's walloping new straight-eight valve-in-head Fireball power from an engine entirely new to this Buick Series—the high-economy F-263 Fireball engine.

With more power to call on, and with less weight to carry, this nimble traveler zooms to new performance even greater than that of most cars beyond its price range.

Better come in real soon and meet this brand-new kind of SPECIAL delivery—and the low delivered prices that go with it.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE—saves strain on driver and car
FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
WHITE-GLOW INSTRUMENTS—greater clarity at night
TORQUE-TUBE DRIVE—steadies ride, improves driving control
DUAL VENTILATION—outside air fed separately to right or left of front compartment

4-WHEEL COIL SPRING—cushions ride, saves servicing costs
SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models
Plus: Self-locking luggage lid, Step-On parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

*Standard on ROADMASTER, optional at extra cost on other series.

FURNITURE FASHIONS by Frances Ainsworth

GRAND RAPIDS, MICHIGAN:— Furniture designs that combine comfort with decorative beauty for the centerpiece of your living room, your fireplace. The illustrated lovesets with rubber-filled, cushions provide a comfortable background for entertaining or relaxation. Made by the Grand Rapids Chair Company, they are part of the "Cross Country" group of furniture designs — as well as the decorative round cocktail table which serves both pieces. Ideal in pairs at the fireside, as shown, pieces may also be used singly in a small apartment — or, with the addition of a corner table, can form a smart corner conversation group.

Three Way Wins Pettit Tourney

PETTIT, March 3.—Three Way boys and girls basketball teams won both championships here tonight, the boys trimming the host Pettit team 53-27 and the girls taking their victory over the Pettit girls by almost the same score, 53-33.

Samdown boys and girls teams clamped a firm hold in third place, the Roughnecks beating Union, 43-30, and the girls beating the Pettit B squad, 33-20.

Earlier, Anton had beaten Southland to win the boys consolation title and Bula girls trimmed Anton to win the girls consolation.

Sowder led the Three Way boys to their victory with 20 points, while Price paced the losers with nine.

W. Tyson topped the Three Way girls with 23 points, the high score in tonight's tourney play, while Kathleen Leavelle had 13 tallies for the losers.

Billy Waygood pitched in 17 points to lead Southdown to its third place victory. W. Cornett had 15 points for the losing Union boys.

Ash-ton garnered 10 points in leading the Southdown girls to victory and Wright had six points for the Pettit B squad.

A capacity crowd watched the final games in the Pettit gym here tonight.

Authority Says Newspapers "Master Key" To Successful Adv. Campaign

The Muleshoe Journal is happy to extend their congratulations to Campbell-Ewald Company, Advertising Specialists whose headquarters are at Detroit, Mich., who are celebrating their 40th anniversary of service to newspapers and large business organizations throughout the country.

It has been the pleasure of The Journal to do business with this large firm of advertising experts over a period of 20 years. Prominent in their activities is the preparation and placing of advertising in behalf of the Chevrolet automobile. Through their extensive facilities and through effective advertising the products and growth of Chevrolet have become prominent.

Campbell-Ewald has grown with the automobile industry, from a small agency with six employees to its present stature as one of the biggest in the country, with more than 350 employees, billings in eight figures annually, and offices in six cities. It is one of the few agencies to have retained its corporate identity under the same directing head throughout its life.

"We are going to keep right on growing," said Henry T. Ewald, co-founder and president. "Instead of settling down to middle age at 40, we are seeking new horizons."

As an example of these new horizons, Campbell-Ewald has been handling the advertising of the Du Pont Laboratories, one of the pioneers in television. Campbell-Ewald's 40 years of accumulated skills are at work carving out a future in this exciting new industry just as the agency did in the automotive industry.

"Throughout its experiences in automobile advertising, Campbell-Ewald has believed firmly that newspaper advertising is the master key of any successful campaign," said Ewald. "It opens the locked-up purchasing power in local markets, and is a great force for selling goods. Recent surveys show that newspaper advertising, especially in the smaller cities and towns, is still predominant, regardless of other new media. I believe this will continue. Advertising—and the newspapers that themselves—constitute today a terrific force in our national defense program."

Firm Is 40 Years Old
The Campbell-Ewald firm was founded in 1911 by Ewald and Frank J. Campbell who retired six years later. The first account was that of the Hyatt Roller Bearing Co., and that company, now a division of the General Motors Corporation, is still a client.

Although Campbell-Ewald was the first advertising agency for the lusty Chevrolet division of General Motors in 1922 and it has been Chevrolet's only agency for 28 years. Ever since Chevrolet first started advertising on a national scale, all Chevrolet advertising in every medium has been created and placed through this agency. Today it is considered the largest single advertising account in all industry.

Steger was high school principal at Friendship the last two years. Immediately prior to accepting the position here he was engaged in the real estate and income tax business in Lubbock.

"I got the story on
50,000 Miles-No Wear
and changed to New Conoco Super Motor Oil"
says J. D. Gladwin,
Pontiac Dealer,
Clinton, Iowa

Yellow Cab Co.
"THE LOWEST OPERATING COST IN 12 YEARS
got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around—a tough job for a motor oil. I recommend Conoco Super."

"50,000 MILES-NO WEAR!"—PROVED HERE:
After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence. . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.
AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

Spinach Disclosed As General Favorite

Consumption in 1949 To Top 180,000 Tons

Whatever may be the generally accepted idea to the contrary, Americans like spinach. This year they will eat about 180,000 tons of the bright green leaf, a fact which should concern most farmers. Consumers will use spinach from their own gardens, bought over grocers' counters as fresh greens, or in frozen or canned form.

That 180,000-ton figure may be a conservative estimate, for it includes only the estimated size of the commercial crop. The figure is well under the quarter-million-ton crops of recent food rationing years, but compared with prewar production, however, it shows, according to a National Geographic Society survey, that spinach is holding its own in national competition with pot-herb greens.

As much spinach as the markets will take is sold fresh. Last year, for example, 114,000 tons of spinach were shipped to fresh markets from coast to coast. The rest — about 49,000 tons — matured for the most part when fresh markets were supplied. It went to processors at prices lower than the fresh-market level, and became the year's pack — canned and quick frozen.

Texas' renowned Winter Garden area of huge truck crops leads the nation in producing spinach for fresh-market sale. Spinach leaves grow best where soil is rich, water is plentiful, weather is cool without frost, and days are short. The Winter Garden country touching the Rio Grande 130 miles southwest of San Antonio provides these conditions from November to April when most growing areas have too much frost.

A sheep and goat ranging area until 1920, the Winter Garden, thanks to irrigation, now covers five counties. It pours forth onions, cabbages, potatoes, lettuce, spinach, beets, peas and beans in late winter when they bring top prices. Eagle Pass on the Rio Grande, Crystal City, and Carrizo Springs are its busy centers of spinach shipping in season. At Crystal City, growers in 1937 erected a heroic-size plaster statue of their special hero, Popeye the Sailor.

Near Eagle Pass, one of the biggest onion growers switched gradually to spinach 20 years or more ago. Riding on a national trend to spinach, source of iron, calcium, and vitamins A and C, he increased plantings.

Organic Matter Loss

Maybe you don't need a trip-hammer to work your land. But if you have a hard time plowing the ground, don't blame it on the weather or your implements. The trouble may be due to loss of organic matter from the soil.

G. P. Walker, Purdue University extension agronomist, says that when soils can't take plowing readily, it's a sign they are dangerously low in organic matter.

Walker's advice is more sod crops in the rotation to give the soil an easily worked texture. Sod crops well fed with nitrogen, phosphate and potash put life in the soil and build up its organic matter supply. They improve structure and tilth.

Farmers Given Warning Of Newcastle Disease

Bold Ellis, poultry specialist of the Wyoming agricultural extension service, discloses that many farmers may be acquiring a false sense of security over the threat of Newcastle disease to their poultry flocks.

He pointed out that the disease has spread to every state in the union, and although there is less talk about it today than there was casualties are still very heavy.

'Once Over' Seedbed Operation Cuts Cost

New Method Eliminates Extra Tillage Steps

Giving the soil a "once-over" seedbed preparation can help cut down crop production costs by eliminating extra tillage steps while still maintaining high yields, according to Michigan State College agronomists.

The agronomists found that plowing, packing and planting in one operation produced as high yields of small grains, sugar beets and corn on soil of good tilth, as did conventional seedbed preparation that included double disking and spike-tooth harrowing.

The "once-over" method permitted quicker planting, because less

Illustrated above is the "once over" method of plowing, packing and planting that can save many farmers high production costs.

time was needed to get seed into the ground. It means a saving in time, labor and tractor fuel. Two disking and two harrowing operations were eliminated. Another advantage was that the soil had greater water storage capacity, for the tilth was not broken down by excessive tillage.

Maintaining tilth is vital in crop production, these agronomists say, because loose, grainy soils give a good contact between the soil and the seed. That makes it easier for roots to reach plant nutrients, air and water.

New Ramp

A recent development at the Union Stock Yard in Chicago providing low, wide steps instead of a cleat ramp has proved highly successful not only in speedier handling but also in preventing costly bruises. The hogs ascend the steps at least twice as fast as when the old-time ramps were used, and injuries have become rare with this type of equipment.

U.S. Forests One-Fifth Original Size, Report

When Columbus discovered America, nearly half of the land area of what is now the United States was covered by dense primeval forests. Today these forests have been reduced to less than one-fifth their former size. Much of our standing timber today is poor quality second or third growth.

PVT. BLAYLOCK SENT TO ARTILLERY TRAINING CENTER

CAMP CHAFFEE, Ark. — After completing six weeks basic training with the 5th Armored Division, Pvt. Gordon L. Blaylock of Muleshoe,

has been transferred to the Field Artillery Replacement Training Center, Ft. Sill, Oklahoma. Pvt. Blaylock will receive special-

ized training at his new station to qualify him for specific duty. He is the son of Ottis L. Blaylock of Muleshoe.

You'll Be Proud
of your new
Broyhill SPRAYER
MODEL 5-B 6-ROW COTTON SPRAYER

Sturdy
Construction.
Simple, Trouble-
Free Operation.
Versatile.

Low Cost.
All Around
High Quality.
Improved
Design.

**Features of this
"MOST FOR YOUR MONEY"
SPRAYER**

- Heavy sprayer frame accommodates two 55-gallon drums
- Heavy duty, one-inch gear pump requires no greasing
- High quality hinge joint allows booms to swing forward, backward, or up
- High quality, low gallonage nozzle
- Boom height easily adjustable
- Accurate pressure adjustment
- Fits most all tractor models
- Adequate straining system
- Built to last many years
- Chemical resistant hose
- Non-corrosive booms
- Easily assembled

TRAILER MODELS ALSO AVAILABLE

FRY & COX BROS.
Muleshoe, Texas

Set Screw Adjustment on Slider Arm Allows Up or Down Adjustment to a Fraction of An Inch in a Matter of Seconds.

**HIGH QUALITY
SPRAYER
PARTS
Available Here**

- Pumps
- Nozzles
- Hose
- Strainers
- Pressure Gauges
- Valves
- Drop Extensions
- By-Pass Regulator

GUARANTEED ENGINE REPAIR

- All Makes Cars and Trucks
- Tractors
- Irrigation Engines

Free Pick-Up and Delivery Service On All Irrigation Engines Repaired By Us.

SALES & SERVICE

2812 N. W. 2nd
Phone 3-8246 — Amarillo
Box 571 Muleshoe

Opening!

Saturday Night, March 10

Schedule of First Run Pictures To Be Presented Next Week

SATURDAY, MARCH 10

First Muleshoe Re-Issue Showing
RANDOLPH SCOTT
— in —
"ABILENE TOWN"

SUNDAY AND MONDAY

First Muleshoe Showing
"A KISS FOR CORLISS"
— Starring —
SHIRLEY TEMPLE and DAVID NIVEN

TUESDAY AND WEDNESDAY

First Muleshoe Re-Issue Showing
BUD ABBOTT and LOU COSTELLO
— in —
"IN THE NAVY"

THURSDAY AND FRIDAY

"UNDERWORLD STORY"
— Starring —
DAN DURYEA and GALE STORM

FREE POPCORN
WITH EACH PAID ADMISSION ON
Opening Night

Come As You Are—Enjoy First Run Movies In the Comfort of Your Own Car!

Admission ---- 50c
Children Under 12 — FREE

COX DRIVE-IN THEATRE
Muleshoe Texas

3,000

FREE CHICKS

SATURDAY
MARCH 10
