Interest running high for Tuesday election

A heavy turnout of voters is expected in Haskell County Tuesday for the general election to name a U.S. Senator, a U.S. Representative, a Governor and a host of other state, district and county officers.

Polls will open at 7 a.m. and remain open until 7 p.m. A higher-than-usual turnout in early voting indicates a keen interest locally in the election. As of mid-morning Tuesday, 192 voters had voted in person with the County Clerk and 55 others had requested mail-in ballots. Tuesday was the last day to request mail ballots, but early in-person voting will continue through Friday.

Creating most interest in the election are the races for Governor and U.S. Representative. Democrat Gov. Ann Richards is seeking a second term and is opposed by George W. Bush, Republican. Keary Ehlers, a Libertarian, is a third candidate. In the Congressional race, eight-term Democrat incumbent Charles W. Stenholm faces a challenge from Republican Phil Boone.

In the race for the U.S. Senate, Republican incumbent Kay Bailey Hutchison is opposed by Democrat Richard Fisher. Pierre Blondeau, a Libertarian, also is a candidate. Hutchison was elected last year to fill the unexpired term of Lloyd Bentsen.

Eight other non-judicial state offices will be decided Tuesday.

Of most local interest is the race for Commissioner of Agriculture, where Haskell's Rick Perry is seeking a second term. Perry, the only Republican holding a state elective office, is opposed by Democrat Marvin Gregory. Clyde L. Garland is a Libertarian candidate.

Other contests for state offices include:
--Bob Bullock, Democrat, and H. J. (Tex) Lezar, Republican, for Lieutenant Governor;
--Dan Morales, Democrat, Don Wittig, Republican, and Vicki Flores, Libertarian, for Attorney General;
--John Sharp, Democrat, and Teresa Doggett, Republican, for Comptroller of Public Accounts;
--Martha Whitehead, Democrat, and David Hartman, Republican, for State Treasurer;
--Garry Mauro, Democrat, Marta Greytok, Republican, and David C. Chow, Libertarian, for Commissioner of the General Land Office;
--James E. (Jim) Nugent, Democrat, Charles R. Matthews, Republican, and Rick Draheim, Libertarian, for Railroad Commissioner;
--Mary Scott Nabers, Democrat, Carole Keeton Rylander,

Republican, and Buster Crabb, Libertarian, for Railroad Commissioner, unexpired term.

Senate District 30 voters will elect a State Senator. Steve Carriker, Democrat incumbent, faces Tom Haywood, Republican.

Education District 14 voters will choose a member of the State Education Board where Howard L. Neeb, Democrat, and Richard Watson, Republican, are the candidates. Neither is an incumbent.

Of the several races for various court positions, the most local one is for Chief Justice of the 11th Court of Appeals where Democrat Bud Amot and Republican Billy John Edwards are the candidates.

Voters also will decide races for three Supreme Court Judges and two Court of Criminal Appeals Judges.

The name of Democrat Charles Finnell, District 68 State Representative, appears on the ballot, but he has no opposition.

Also running unopposed are Charles Chapman, District Judge; B. O. Roberson, County Judge; Carolyn Reynolds, District Clerk; Rhonda Moeller, County Clerk; Willie Faye Tidrow, County Treasurer; Ronnie Chapman, Commissioner Precinct 2; C. A. Tumbow, Commissioner Precinct 4; and Gina Brown, Justice of the Peace. All are Democrats.

Touchdown run

Justin Lisie scores on a 24-yard run early in the second quarter at Hawley Friday night as the Indians defeated the Bearcats, 58-0. The Indian halfback broke three tackles before breaking free. Three teammates follow him into the end zone.

Indians need victory Friday to guarantee playoff berth

All the Indians need to do to sew up a playoff spot is defeat the Rotan Yellowhammers here Friday night.

It's the final regular season game of the year and the Indians will be out to up their record to 8-2 and their district mark to 4-1.

Rotan comes into the game with a 2-6-1 record. The Yellowhammers defeated Ralls and Hawley and tied Munday.

Haskell owns victories over Munday, Knox City, Albany, Baird, Hamlin, Anson and Hawley. The Indians lost to Quanah and Stamford.

Last week while the Indians were blasting Hawley, 58-0, the Yellowhammers were humiliated, 80-0, by Hamlin.

But Haskell coach Dwayne Gray is warning his team not to take the Hammers lightly. "The Dallas Cowboys didn't think they would have any trouble with Cincinnati, and look what SMU did to the Aggies," he reminded.

Nevertheless, the Indians have to be a heavy favorite to defeat Rotan and gain a playoff spot for the first time since 1987. A Haskell victory, coupled with a Hamlin win over Stamford, would give the Indians a

ue with Hamlin for the district title and Haskell would enter the playoffs as the district's first-place team by virtue of its 7-6 win over the Pipers in their head-to-head encounter back on Oct. 14.

Even if Stamford surprises Hamlin, the Indians would still make the playoffs as the district's second-place team--providing they win Friday.

The Indians never looked better than they did Friday night against Hawley, although the winless Bearcats hardly gave them much of a test.

Council denies zoning request

The City Council last Tuesday approved a zoning commission recommendation to deny a zoning change at 801 N. Ave. E.

Robert Tribbey had requested a zoning change from residential to retail to allow for an office building and beauty shop.

The Council also re-appointed members of the Housing Authority and the Emergency Management coordinator. Wallace Bird, John

The Indians scored the first four times they had the ball, fumbled on their next two possessions (once after reaching the 3), and then scored on their next three possessions.

The Haskell defense never allowed the Bearcats to threaten as it limited them to just 72 net yards.

Cory Green, starting defensive end and backup quarterback who was injured in the Anson game, missed Friday's game and will be out for the rest of the season with strained ligaments in his neck.

Lewis and Nick Jiminez were re-appointed to the Housing Authority and Sam Watson was re-appointed Emergency Management co-coordinator.

In a written report, city administrator Sam Watson informed the Council that policeman Joe Ray Torres was in Leander where he was working with the training of the drug dog the city has purchased. He

Boosters selling T-shirts

The Indian Booster Club is taking orders for T-shirts boosting the Haskell Indians.

The black shirts, with gold lettering, are inscribed on front with a big "H" and the wording: "Black Haskell Attack."

The back of the shirts features a diagonal line: "Winning Is An Attitude."

Short-sleeve shirts are \$10 each, and long-sleeve shirts are \$12. There is an additional charge of \$1 or \$2 for extra-large sizes.

Doris and John McDougal
... new owners of The Free Press

Free Press has new publisher

John McDougal of Mountain Home, Ark., assumed duties Monday as owner and publisher of The Haskell Free Press.

McDougal purchased the newspaper from Don Comedy, who had owned The Free Press since he purchased it from his father, Bill Comedy in 1985. The senior Comedy bought the newspaper in 1970.

Also included in the sale is majority interest in Rolling Plains Printing Co. of Haskell, a publishing firm which prints The Free Press and seven other area newspapers.

McDougal is a veteran newspaperman, who has published six newspapers, worked as an advertising manager and circulation manager and held corporate positions with two well-known newspaper groups.

Most recently, McDougal was publisher of the Mountain Home Daily News, one of 41 newspapers owned by Phillips Media. He also has been publisher of newspapers in Fremont, Neb., Sturgis, Mich., LeMars, Iowa, Glasgow, Ky., and Sweetwater.

He was publisher in Sweetwater for the Don Rey Media Group from 1974 to 1986. While in the Navy in the 1950s, he was stationed in

Corpus Christi, Beeville and Kingsville.

McDougal is a native of Bentonville, Ark. He began his newspaper career in Rogers, Ark., in 1959.

"It's good to be back home," McDougal said Monday, explaining that even though he is a native of Arkansas he has spent much of his life in Texas.

The McDougals are members of the First Baptist Church. He is a member of the Elks Lodge and has been a member of Rotary, Lions, Kiwanis and Jaycees.

The new publisher said there will be no personnel changes at The Free Press. Lisa Shaw, who has been with the newspaper since 1972 when she was in high school, will continue as office manager. Wendell Faught, editor since 1985, will remain in that position. Nene Comedy, wife of the former publisher, will continue in the composition department.

McDougal and his wife, Doris, have a 17-year-old daughter, Raven, who has enrolled as a junior in Haskell High School. They also have two grown sons, Bart and Charles, both of Bentonville.

In announcing the sale of The Free Press, Comedy thanked the

Cross country teams in regional

Haskell girls' and boys' cross country teams will compete Saturday in the regional meet in Lubbock. Each team also will have an individual competitor.

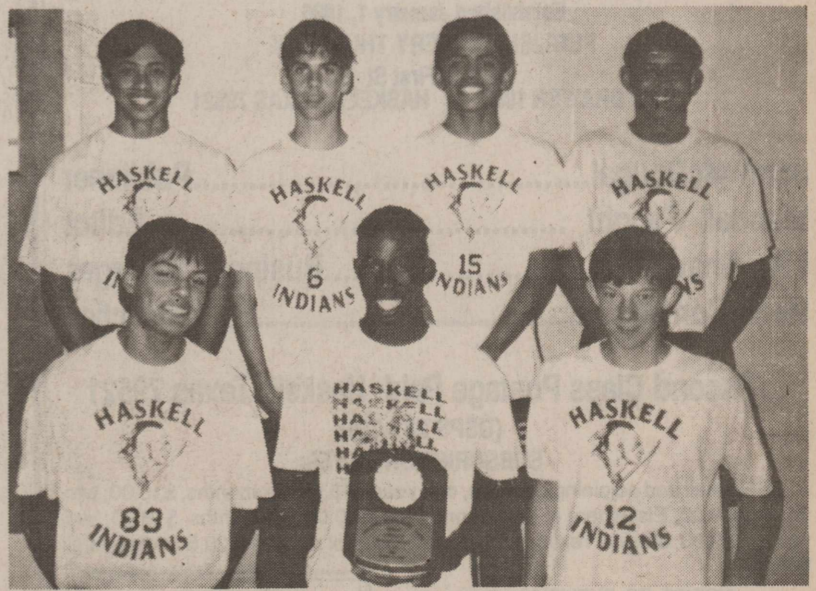

The regional will be run at Mae Simmons Park in Lubbock. The boys run at 9 a.m. and the girls at 9:30 a.m.

The Maidens qualified for the regional by winning first place last week in the district meet in Rotan. Team members are Wendy Gray, Charissa Huff, Jennifer Comedy, Tonya Burson, Anita Rapp, Veronica Gonzales and Sherita Tidrow.

In addition to the Maiden team, Wendy Gray, who finished fourth in district, will compete as an individual.

The Indian team qualified for regional by finishing second in district. Team members are Frankie Masias, Quinten Billington, Gava Ortiz, Caleb Brown, Erich Reid, Elvis Gonzales and Josh McWhorter. Bobby Ortiz will replace McWhorter on the team this week as McWhorter has moved.

Competing as an individual for the Indians will be Frankie Masias, who finished fourth in district.

College Fair

Editor: On behalf of the seniors and juniors from Haskell High School, as well as those from area schools, I would like to thank all those who helped make the College Fair a great success.

Thanks to Haskell National Bank for sponsoring the event, to The Drug Store, Haskell Free Press, Haskell County News and KVRP for the publicity, and to the National Honor Society members and their sponsor, Christie Stapleton, for serving as hosts and hostesses.

This effort is only possible because of each of you. Thanks again for all your help.

Christians

Editor: I have viewed the upcoming elections with growing trepidation. . . candidates touting that they are "Christians". . . as if to not vote for them means that you are not a Christian.

There is also backing by groups which use the term "Christian" in their title, again, as if to mislead the populace that if you do not vote the way they lead you are not a Christian.

Political platforms---not the use of the term "Christian"---should be the issue in a political race. I do not believe that we have very many people running for political office who do not profess to some type of religion---Christian or otherwise.

In another vein, the election of State Board of Education members is one of the little known races which will have a direct impact on the education of all students in this state. Four of the six Republicans seeking contested seats on the state board to not send their own children to public schools.

This includes Richard Watson who is running against Democrat Howard Neeb in our own District 14 election. It is the right of these individuals to choose private or home schooling for their children, but I do not feel they should then have the opportunity to set standards for the children in public education.

I would just like to encourage everyone to look at the candidates

and the real issues they are backing, not just catchphrases that are tossed about on radio, television or in print.

Chapter I classes celebrate birthday

Students in first grade Chapter I classes celebrated a birthday party for Eric Carle's very hungry caterpillar. He is 25 years old this year.

Students read the book in English, Spanish and watched the video. They designed artwork from the food they brought to remind them of the caterpillar or the butterfly and then ate their work. Mr. Lisle and some of the students' mothers were guests.

Chapter I Regular, Chapter I Migrant and Language Enrichment classes of Mr. and Mrs. Browning and Mrs. Dunnam have taken field trips.

Students in first, second and third grades went to Abilene Oct. 19 to see the play, "Beauty and the Beast." Fourth, fifth and sixth graders went to Wichita Falls to see "The Jungle Book" on Oct. 31.

Both groups read the stories and discussed the differences between the movie production and a stage production. Also, comparisons were made between the original stories, the Disney version and the stage version.

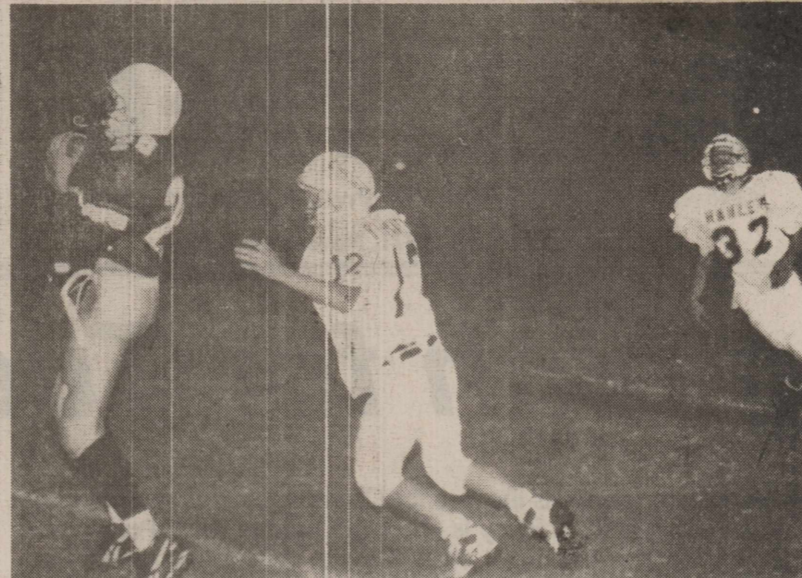

Writing thank-you notes to the adults who helped make the trip possible concluded the unit.

Anson schedules Harvest Sampler

The Anson Chamber of Commerce will sponsor its fourth annual Harvest Sampler Arts and Craft Show from 10 a.m. to 5 p.m. Saturday, Nov. 5.

The event will be in the Extension-Homemakers building near the City Park. The concession will be sponsored by the Chamber of Commerce which will serve homemade soups, barbecue sandwiches, baked potatoes, homemade desserts and drinks.

Thank you for reading The Haskell Free Press.

businesses and people of Haskell for their support and cooperation during the time he owned the newspaper. "It's been a wonderful relationship, and one that my family and I have enjoyed immensely," he said.

"The community is fortunate

that The Free Press will be in the hands of a professional newspaperman who will be a big asset to Haskell. I am sure that The Free Press will continue to play a major role in the growth and prosperity of this area," Comedy concluded.

Elderly can suffer from depression

The "golden years" may be not so golden for some older Americans. Between 15 and 25 percent of elderly people in the United States suffer from significant symptoms of mental illness. Up to 5 percent of people age 65 and older suffer from depression, the most common mental disorder.

Some people believe depression is a natural part of growing older, caused by factors such as loss of friends and loved ones, income and physical health. However, depression does not have to be inevitable. Because elderly people have the highest suicide rate in America, detecting and treating depression in the elderly is especially important.

The physicians of Texas Medical Association urge you to watch for the following warning signs. This list may help you detect depression in yourself or an older person you know:

--Depressed mood, including prolonged sadness or unexplained

crying spells.

--Markedly diminished interest or pleasure, such as withdrawal from formerly enjoyable activities, family, friends, work or sex.

--Significant weight loss or weight gain, or change in appetite.

--Change in sleeping patterns (insomnia or a noticeable increase in the amount of sleep needed).

--Jumpiness or irritability.

--Fatigue or loss of energy.

--Feelings of worthlessness, hopelessness, helplessness or inappropriate guilt.

--Impaired concentration or indecisiveness.

--Recurrent thoughts of death or suicide.

A person who has at least five of the above symptoms, including at least one of the first two, for a two-week period of time may be suffering from depression. Women, unmarried people (especially those who have been widowed), people facing stressful life events, and those who do not have a supportive social network are at increased risk.

Genealogical group to elect officers

The Haskell County Historical and Genealogical Society will have its regular monthly meeting at 7 p.m. Monday (Nov. 7) in the First National Bank meeting room.

The order of business will include election of officers for the coming year. New officers will be installed at a meeting in December and begin their duties in January.

The society held its first organizational meeting Nov. 1, 1993, and has grown steadily throughout its first year. Members have worked to complete ancestor charts and research is being conducted by some of the members on the history of our rural schools, churches and cemeteries.

The Haskell County Library has designated a section of the library for the society's use. There have been a number of publications, books and records donated to the society and placed in the library, both by society members and by others.

The society welcomes visitors at its meetings and also welcomes calls and letters from anyone interested in historical and genealogical research.

Membership is open to anyone. Dues are \$12 a year for a single member and \$18 for a couple.

The editor for the society is working on a monthly newsletter for the members and compiling information to begin work on an annual publication as well. Anyone who has a family history or other information for the society they would like published in the annual publication may contact Kathryn Schonerstedt at 673-8230.

TAX PLANNING

Written By
James E. Rodgers, CPA

Your Retirement Funds: What To Withdraw And When

When you reach retirement age, you'll probably have an array of different investments and savings plans. As well as your normal savings, such as CDs, stocks and bonds, you may have a company pension plan and tax-deferred investments such as IRAs, a 401(k) plan or annuities. Here are some guidelines on making withdrawals.

• Leave money in your tax-deferred plans as long as possible so that the earnings continue to grow, free of tax. Draw down your other savings first if you need extra money to supplement social security and pension plan payments.

• As a general rule, don't withdraw funds from IRAs, annuities or a 401(k) plan before you reach age 59 1/2. Except in a few special cases, you'll face a 10% tax penalty from the IRS if you do.

• Don't withdraw more than \$150,000 in total from tax-deferred plans in any year, or you may face an excess distribution penalty.

• It's important to start withdrawals from your IRA and 401(k) plans by April 1 of the year after you reach age 70 1/2. If you don't take at least a specific minimum amount, the IRS will impose a penalty of 50% of the shortfall.

• If you have a company pension plan, you may have a choice of a lump-sum distribution or various annuity options. Some advisors recommend the lump-sum option, but explore the alternative carefully to see which is best for your particular circumstances.

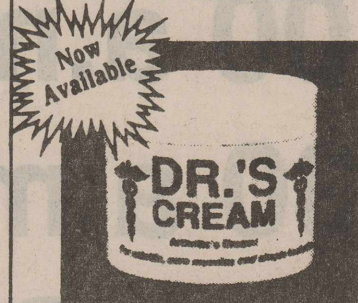

• You can start to draw reduced social security benefits at age 62, or larger benefits if you wait until you are older. Payments are tax-free unless you exceed certain levels of income from other sources.

• The tax rules on retirement plans are complex. Seeking professional advice before you start withdrawals may avoid tax problems. Call us if we can help.

Experience — We consider it money in the bank.

A face lined by dry, hot summer days, harsh winter, and seven-day work weeks. But there is sparkle, too, remembering warm spring sun or gentle rains and acres of cotton.

Back when he started farming, a man's labor represented the majority of his investment in the farm. Over the years, when he's had to invest in land and equipment, he's turned to his Land Bank Association for competitive, long-term financing. At the Land Bank we not only place value on a man's farm, but his experience, too.

Indians clobber Hawley Sidelines

Haskell's Indians scored the first four times they had the ball at Hawley Friday night and then went on to crush the Bearcats, 58-0, and improve their district 7-2A record to 3-1 and their overall mark to 7-2.

Cody Cypert threw two touchdown passes, returned an interception for a touchdown, kicked a field goal and converted seven extra points. Casey Larned, Justin Lisle and Jace Yates each scored two touchdowns, and Frankie Masias scored once as the Indians rang up their biggest point total in years.

While the Indians were putting on their offensive display, they held the Bearcats to only 38 yards rushing, 34 yards passing and 4 first downs, all in the first half. And the Indians intercepted three passes.

Ryan Olson led the tacklers with 12. Martin Limones registered 10 tackles while Jamie Hodgins and Robert Ortiz had 8 each. Olson and Chris Silvas, in addition to Cypert, intercepted passes.

The Indians scored first on their fourth offensive play when Cypert hit Larned for a 19-yard touchdown pass before the game was 3 minutes

old. Before the first quarter was over, Cypert kicked a 28-yard field goal, returned an interception 22 yards for a score and then hooked up with Frankie Masias for a 24-yard touchdown pass to put the Indians out front 23-0.

Two minutes deep into the second period, Lisle rambled 24 yards for a touchdown to up the margin to 30-0. The Indians missed a chance to add still another first-half score when they lost a fumble after getting to the Hawley 3.

It was more of the same as the second half opened. The Indians scored three more touchdowns the first three times they had the ball, all in the space of 6 1/2 minutes.

Larned ran 31 yards for the first second-half touchdown, Lisle ran 4 yards for another and Yates clicked off a 19-yard scoring run as the margin mounted to 51-0.

The Indians got their last touchdown midway through the final period when Yates scored from 4 yards out shortly after Larned's 32-yard run had moved the ball to scoring position.

Larned, who averaged nearly 14 yards a carry, was the Indians' top

ball carrier, getting 124 yards on just 9 carries. Lisle gained 80 yards on 12 carries, Yates gained 43 in 11 rushes, Keiland Riley gained 32 in 4 carries, Silvas carried twice for 22 and Bucky Harvey three times for 10.

7-2A champ to play 8-2A runnerup

The district 7-2A champion will play the runnerup of district 8-2A in bi-district next week, but neither of those teams will be determined until after this Friday's games.

The 7-2A runnerup will play Dublin, which already has sewed up the championship of district 8-2A.

As of this week, DeLeon was in the driver's seat for the 6-2A runnerup position, but they need a win over Albany this Friday to secure the spot.

Three teams, Haskell, Hamlin and Stamford, all are still in the running for the 7-2A title. Two of those teams will be in the playoffs, regardless of the outcome of this week's games.

JV team hosts Holliday today

The Haskell JV football team will play Holliday today at 5 p.m.

Originally, the JVs were scheduled to play Rotan there, but that game was cancelled when Rotan notified Haskell it did not have enough boys to play.

The Haskell seventh- and eighth-grade teams will play today in Rotan.

Last week, the junior varsity defeated Hawley, 28-8. The eighth-graders also beat Hawley, 30-8, but the seventh-grade team lost, 14-6.

Talk about lousy field position. The Bearcats certainly had it Friday night.

After Cody Cypert kickoffs into the end zone, the Bearcats started four times from their own 20.

Still, that was better than some of the kickoffs they ran back. They returned two kickoffs to the 18 and another to just the 13. The two other kickoffs were returned to the 22 and 28.

Meanwhile, the Indians had great field position. Only once did they start an offensive series in their own territory.

Hawley was in Indian territory just twice---once after recovering a fumble at the Indian 46, and another time when the nose of the football barely nudged over the midfield stripe before a 15-yard penalty pushed them back to their 35.

Casey Larned carried just nine times, but he had 124 yards with runs of 9, 3, 1, 7, 9, 26, 31, 32 and 6 yards.

His 32-yarder was his net gain on a 38-yard dash into the end zone which was aborted at the 6 by a penalty.

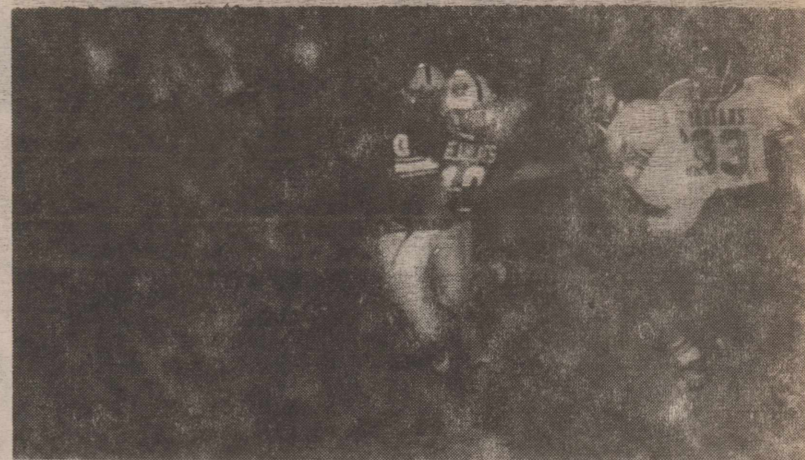

The Indians, who didn't throw but three passes in the two previous games, came out throwing. Cypert threw incomplete on the Indians' first offensive play. Then after Larned gained 9 and Justin Lisle picked up 8, Cypert threw to Larned for 19 yards and a touchdown.

On their next possession, another Indian pass fell incomplete, but the later in the first period, Cypert hit Frankie Masias with a 24-yard scoring pass. Masias battled a Hawley defender for the pass and put on quite a juggling act before he gained possession.

Anson's 20-20 tie with Stamford eliminated the possibility of a three-way tie in the final 7-2A standings.

But the Indians aren't in the playoffs yet. A win over Rotan this Friday will guarantee them the playoffs.

If the Indians lose, they could still be in the playoffs if Stamford beats Hamlin. But an Indian loss and a Hamlin win would leave the Indians out.

Another TD

Jace Yates heads toward the goal line on a 19-yard scoring scamper in the third quarter at Hawley Friday night. Yates scored two touchdowns in the Indians' 58-0 victory.

Tax, estate program planned for Nov. 15

"A will is a person's final statement," says Wayne A. Hayenga, economist and attorney from the Texas Agricultural Extension Service who will lead a program on income tax and estate tax considerations in Haskell Tuesday, Nov. 15.

"A will should say at least two things: First, who gets the deceased person's property, and second, who the deceased selected to wind up his financial affairs," Hayenga added.

But other things should be added, says the attorney. Most people want to pay their debts and taxes, but what property or funds go to pay these expenses? Others may not want all the debts paid, particularly if there is a low interest loan on property that can be continued.

Selecting the executor, trustee and guardian is difficult because they each have different tasks understanding each party's distinct duties.

Primarily an executor winds up the deceased person's business, and distributes his property. The trustee invests money and manages property for others and the guardian is a substitute parent. "Should you pick the same person for all three

Wayne A. Hayenga

jobs? Probably not," says Hayenga, "since their duties are different."

A properly drafted will also addresses the problem of dying out of order. Successor or alternative executors, guardians and beneficiaries should be named.

Topics such as these and the tax considerations will be discussed at next week's meeting. It will begin at 7 p.m. in the Haskell National Bank community room.

Homemakers have pizza party

The Oct. 3 meeting of the Haskell Young Homemakers was a pizza party held at the Haskell National Bank building. Hostesses were Bo Tatum, Sarah McCord and Angie Kruger.

Since the group is no longer affiliated with Future Homemaker of America, the club's constitution and by-laws had to be changed. These changes were reviewed and the motion to accept them was approved.

Members were asked to sign up for committees for the 1994-95 year:

Mickey Holloway, food; Bo Tatum, flowers and cards; Tammi Pannell, gifts; Michele Copeland and Angie Kruger, telephone; Mickey Holloway, Tracy Frierson, Bo Tatum, Michelle Dunnam, Tina Adams and Mindy Torres, arts and crafts committee.

Members voted to make a donation to the Noah Project. The door prize was won by Michelle Dunnam.

Members were reminded of the arts and crafts show on Nov. 12.

Next meeting will be Nov. 7 at 7 in the home ec cottage. The Noah Project will present the program and each member is asked to bring an item to donate to the Noah Project (toothpaste, toothbrush, deodorant, etc.). Hostesses will be Lisa Frierson and Michele Copeland.

Brittany Moore

Brittany Moore places second in beauty pageant

Marsha Moore of Dallas has announced that her daughter, Brittany Moore, placed second in the beauty pageant in Dallas Sept. 25 when approximately 30 two-year-olds participated.

Brittany attended a coronation ceremony Oct. 16 where she received an honorable mention trophy, a second-place ribbon and two official diplomas for beauty and health. The ceremony was at Texas Hall on the campus of UT Arlington.

Grandparents of Brittany are Mr. and Mrs. Dewayne Moore of Dallas, formerly of Haskell.

She is the great-granddaughter of Mr. and Mrs. E. W. Pruett and Bobby Rogers, and the great-great-granddaughter of Elizabeth Corum, all of Haskell.

Lone Star names operations chief

Lone Star Gas has named Joe Morales to the position of operations manager for Haskell and 36 other cities and towns in the West Texas area.

In this position, Morales will be responsible for all construction and maintenance and customer service activities in the area.

Morales has been with Lone Star since 1970 and has previously served in a wide range of jobs in the operational services area.

Harvest Carnival huge success

Sponsors were highly pleased with the Harvest Carnival, held Saturday night at the Civic Center.

"It was very successful and we plan to have another one next year," said Ed Walling of the sponsoring Haskell Business Association.

Roy White of Abilene was winner of the quilt.

Ruthie Watson was chairman of

the project.

Sixty-eight contestants competed in the costume contests. Winners were:

Scariest: Angel Pena.
Cutest: Candice Brister.
Most Original: Christina Bitner.
Best Overall Girl: Chelsie Thane.

Best Overall Boy: Eric Lewis.

Sponsors expressed their appreciation to all who helped make the Harvest Carnival a success.

When England wanted to cut government waste, a Texan showed them how to trim the fat

Cutting waste in government isn't easy. That's why, when members of Parliament wanted to make the British government more efficient, they consulted the recognized expert in America: Texas Comptroller John Sharp.

Hardly a surprise, old chap. Since taking office in 1991, John Sharp and his Texas Performance Review team have set the standard for streamlining government agencies, saving taxpayers a documented \$6.2 billion and helping Texas avoid a state income tax. And his reviews of Texas school districts have saved taxpayers more than \$24 million.

Now he's fighting to cut millions of dollars in welfare fraud and bureaucratic waste by abolishing paper food stamps, which are often stolen and then traded for drugs. Sharp's plan is to replace food stamps with computerized security cards.

No wonder U.S. News and World Report (1/4/94) says: "John Sharp has become the mastermind behind a sweeping overhaul of the bureaucracy that has put Texas at the forefront of the nationwide effort to...root out waste."

Yet, despite all the additional duties and initiatives taken on by the Comptroller's Office, Sharp still managed to reduce the number of his employees and return \$9 million of his budget to the taxpayers.

Of course, there's a lot more waste in Texas state government just waiting to be cut, so the job is far from over. That's why we need to keep John Sharp on the job.

Public Notice

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.

The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.

The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.

Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.

This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. Requests for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757, or you may call the PUC Public Information Office at (512) 458-0256, or (512) 458-0221 tele-typewriter for the deaf. THE CANDIDATES' RAP SHEET ON CRIME DON'T READ THEIR LIPS - READ THE RECORD

Ann Richards' Record on Criminal Justice

Source: Texas Dept. of Criminal Justice	Total Prison Releases	Total Prison Population
1990: Republican Gov. Bill Clements leaves office	38,041	49,157
1994: Improvement under Gov. Ann Richards	16,538	92,775

The record, not the rhetoric, best tells which candidate will fight crime most effectively. The last Republican Governor talked tough, but record numbers of prisoners were granted early release. Ann Richards is turning things around. We can't afford another Republican who talks tough but doesn't know how to do the job.

THE DEMOCRATIC RECORD	THE REPUBLICAN RECORD
• 76,490 new prison beds under construction to lock up more criminals and keep them locked up longer.	• Clements vetoed prison construction, leading to prison overcrowding and the early release of prisoners.
• Doubled the minimum time served by violent criminals.	• A Republican-sponsored bill let prisoners serve only 25% of their sentence before release.
• Cut the early release of prisoners by more than 50%, the release of violent criminals by 52%, and cut approval of parole requests by two-thirds to the lowest level in 10 years.	• More than 16,000 prisoners released early and approval of parole requests increased, leading to an increase in the crime rate.
• The Texas crime rate dropped 9.7% from 1991 to 1992 and 8.7% from 1992 to 1993, the lowest level since 1985.	• Under Clements, the Texas crime rate rose. In 1990, the rate was 7,825 per 100,000 Texans; a figure that dropped to 6,400 per 100,000 by 1993.

On Tuesday, November 8, vote for our future. Vote for TEXAS DEMOCRATS

Youth camp director to present program

The director of the Hermann Sons Youth Camp will present a program in Haskell Sunday afternoon.

Allan W. "Buddy" Preuss of Comfort will speak on camping from 3 to 4:30 p.m. at the Haskell National Bank community room.

He will give information on the youth camp, including philosophies and objectives, program, facilities, safety, and staff hiring and training. The program will include a question and answer period.

Children of camp age and high school students who are interested in training for the staff at Hermann Sons Youth Camp (boys and girls) are invited to attend.

Door prizes will be given and refreshments will be served.

Preuss, a graduate of Southwest Texas State University with a degree in recreational administration, has 17 years experience in camp leadership. He has been with Hermann Sons Youth Camp 14 years, including the past 10 years as director.

He is president of the Texas

section of the American Camping Association and is a member of the American Camping Association's National Conference Program Committee and Council of Delegates.

Hermann Sons Youth Camp is owned and operated by the Order of the Sons of Hermann in Texas, a fraternal benefit society with 80,000 members statewide. The camp is preparing for its 42nd summer season. It has served 75,000 campers since its inception in 1954.

Haskell student attends Young Leaders Conference

Aaron Earles, Haskell High School junior, attended the National Young Leaders Conference Oct. 25-30 in Washington, D.C.

He is the son of Bob and Debbie Earles.

The conference is a unique leadership development program for high school students who have demonstrated leadership potential and scholastic merit.

Theme of the conference was "The Leaders of tomorrow Meeting the Leaders of Today." Throughout the six-day conference, Aaron and the 350 young scholars interacted with key leaders and newsmakers from the three branches of government, the media and the diplomatic corps.

Highlights of the program included welcoming remarks from the floor of the United States House of Representatives and a panel discussion with prominent journalists at the National Press Club.

To complement these special meetings, the group participated in a number of leadership skill-building activities. In one activity, "If I Were President," students role-played the President, members of the Cabinet and representatives from Capitol Hill who responded to an international crisis involving

North Korea.

Culminating the National Young Leaders Conference was the "Mock Congress," in which the scholars assumed the roles of U.S. Representatives by debating, amending and voting on proposed legislation on crime.

The National Young Leaders Conference is sponsored by the Congressional Youth Leadership Council, a non-profit, non-partisan educational organization. Founded in 1985, the Council is committed to "fostering and inspiring young

people to achieve their full leadership potential."

We want to express our appreciation for all the prayers, visits, cards, phone calls, food, flowers and memorials during the illness and death of our loved one.

Words can never express or repay the kindness and thoughtfulness shown to us during this time.

We also would like to give a special thanks to Dr. Wayne Cadenhead and his staff at the Haskell Clinic and to all the staff and residents at Rice Springs Care Home.

*Kay Mercer Harrill
and family*

My sincere thanks for all the prayers, cards, visits, phone calls, food, love, support and concern shown since Cory's neck injury during the Haskell/Anson game. The calls and visits while Cory was in CCU in Hendricks showed how caring our friends are and how caring people in other towns that we don't personally know are. Cory is home from the hospital and should return to school this week. We have been truly blessed. Thank you all!

CATARACT SURGERY CENTER
DEDICATED TO EXCELLENCE

We specialize in cataract surgery with intraocular lens implant and routinely use the small incision phacoemulsification technique. We have 2 modern, fully equipped operating rooms each with its own Zeiss operating microscope and Phacoemulsifier. We also have an observation room so that family and friends may view the surgery while it is happening. Our ambulatory surgery center is State licensed and Medicare approved. We have performed over 3,000 cataract implant operations since 1987. Our doctors accept Medicare Assignment and we think you will find our fees very competitive with most hospitals. Our friendly, dedicated staff is available to answer any of your questions. If you need transportation, we can help.

Large attendance at College Fair

The College Fair in Haskell Tuesday was larger than ever as students from area schools visited with college representatives from 9 to 11 a.m. in the Civic Center.

Students from Knox City, Munday, Paint Creek, Stamford, Rochester, Hamlin, Goree, Aspermont, Anson, Rule, Benjamin, Lueders-Avoca, Throckmorton and Haskell attended the event.

Hosted by Haskell schools and sponsored by Haskell National Bank, the College Fair offered students time to gather information about colleges, universities, business and technical schools, and branches of the military services.

Participants included: Tarleton State University, University of North Texas, Schreiner College, Texas Christian University, Baylor University, Houston Tillotson College, Texas State Technical College.

Angelo State University, Howard Payne University, Clarendon College, U.S. Naval Academy, U.S. Air Force Academy, Texas A&M University, Howard College, Navarro College, Midwestern State University,

McMurry University, U.S. Air Force, West Texas A&M University, Hardin-Simmons University, University of Texas Arlington, University of North Texas Health Science Center.

Midland College Aviation, Austin College, United States Marine Corps, Ranger College, Cisco Junior College, University of Texas at Austin, South Plains College, Vernon Junior College, U.S. Military Academy and Western Texas College.

Nov. 15 date for Bloodmobile

The Red Cross Bloodmobile will be in Haskell Tuesday, Nov. 15. Blood may be given between 2 and 6:30 p.m. at the First Baptist Church Activity Center.

Howard Payne

Posing at the Howard Payne booth at Tuesday's College Fair are Faye Bledsoe of Haskell National Bank, Rebecca Unger, Christine Deadman of Howard Payne, Wesley Alsbrook, Cory Green and Betty Sue McDermott of Haskell National Bank.

Anson students

Anson students at the University of Dallas booth at Tuesday's College Fair were, from left, Brandon Fenwick, Kevin Tate, Justin Smith and Nikki Green.

Secondary school to host Book Fair

Haskell secondary school will host a Scholastic Book Fair next week, Nov. 14-18, in the secondary library at the south end of the high school.

This reading event, which features a wide variety of titles from more than 70 publishers, gives students, parents and teachers an opportunity to see the latest works by popular authors of books for young adults.

Although most of the materials will be aimed at the junior high audience, older readers should find items of interest, and there will be one bookcase of elementary

materials for young readers, parents and teachers.

The public is invited to attend the book fair, beginning Monday. The library will be open to the public from 8 to 8:30 each morning, and from 3:30 to 4:30 each afternoon.

Visitors to the fair are requested to enter the south door of the high school.

Proceeds of the book fair will be used to purchase new paperbacks and other materials for the secondary library.

Thank you for reading The Haskell Free Press.

Many people plan for what might happen—fire, burglary, injury, and accidents. Now more and more people are planning for what will inevitably happen. It simply makes good sense to prepare for that which we can not avoid.

Pre-need funeral arranging allows one to control the type of service they would prefer, select a means of financing it, freeze the prices at today's price, and save loved ones the anguish of deciding these matters at a later date. Really it is the loving thing to do for your family.
