Exes enjoy homecoming

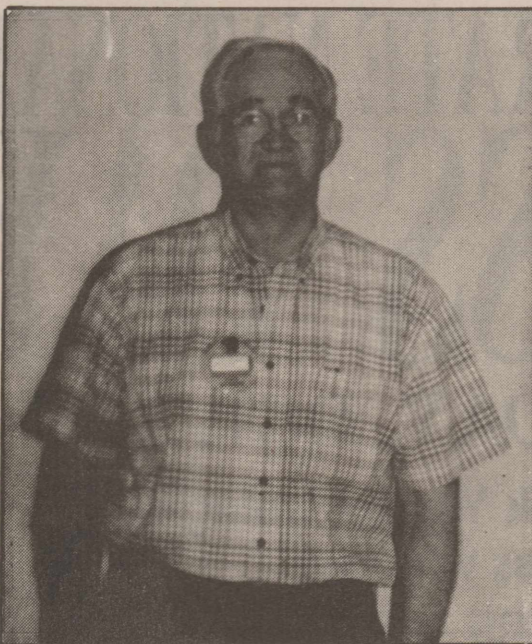

LINDA LANE, class of 1959 from Houston said "I love homecoming, I try never to miss. I always look forward to Betty having us out to her house."

LEAH RATLIFF WHEATLEY, class of 1960 from Picayune, Miss. and GLORIA RATLIFF KHAMASCHTA, class of 1956 from Los Angeles, Calif., sisters, were shopping for a homecoming outfit at The Personality-Slipper Shoppe.

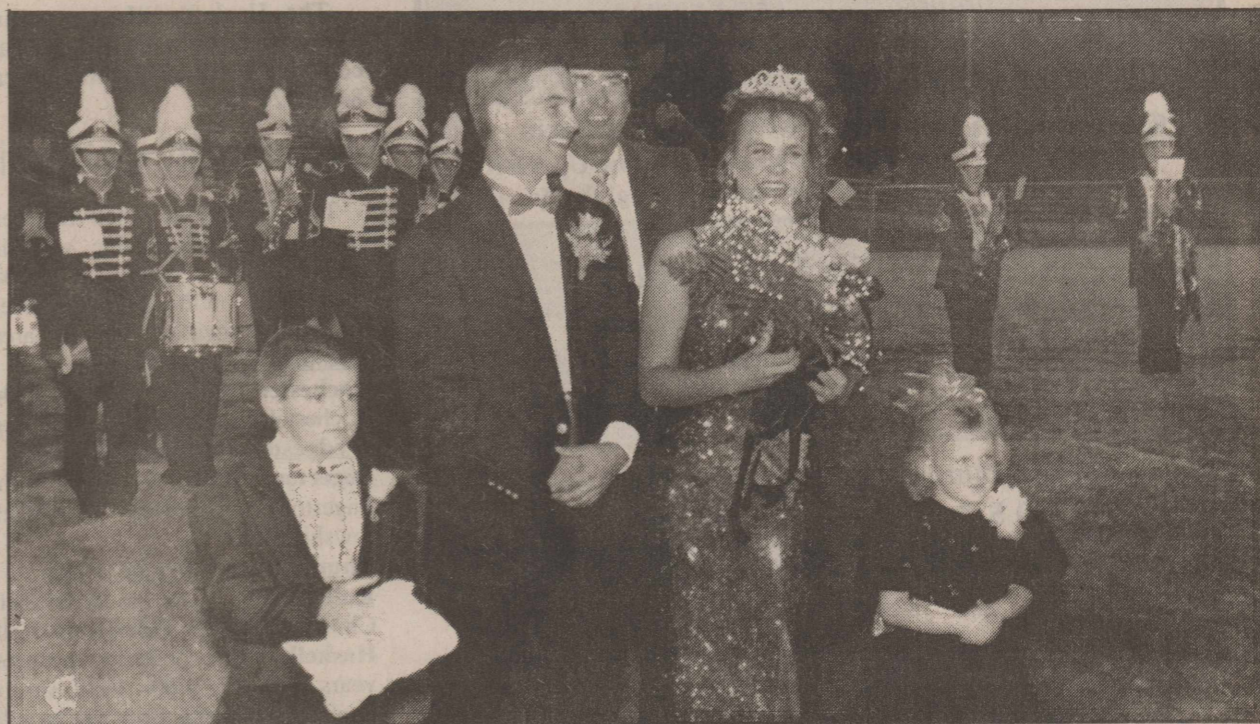

GENE MULLINS, class of 1959, from Marlin, and his wife Beth were shopping at Lane-Felker's. Beth said, "We have a really good time. We made a tour of the schools and ran into some old classmates. Gene is the author of "Dog Bark," a western fiction book."

HORACE CRAWFORD, class of 1945 from Katy said, "We're really enjoying it. I think this is going to be a good one."

BETTY OMAN, class of 1949 from Wichita Falls said, "I think homecoming is great. I just love coming so I can visit with all my friends."

1995-96 HOMECOMING QUEEN—Tonya Burson was crowned the 1995-96 Homecoming Queen by Gary Druessedow, president of the Homecoming Association, at Friday night's football game during half-time festivities. Tonya was escorted by Cody Cooley. Also pictured is (left) Gary Spence Frierson, crown bearer and (right) Paige Adams, flower girl.

Red Ribbon Week, Oct. 23-28

The week of Oct. 23 through Oct. 28 is set aside nationwide as "red ribbon week." During that week, the emphasis on Red increases awareness of the need to be drug free. The Haskell Elementary School guidance program has dedicated the entire month of October as Substance Abuse Awareness Month. Planned activities include special presentations from the Region 14 Education Service as well as guidance activities in the classroom.

Activities for students have been prepared based on sound principles of growth and development, to positively influence children in forming healthy ways to deal with themselves and others. Addressing these issues prior to the time when alcohol and other drug use is most likely to occur increases the probability that children will not

yield to those pressures that frequently lead to substance abuse.

During "Red Ribbon Week," school activities will include (depending on the child's age):

- Hugs Not Drugs tattoos
- Count On Me to Be Drug Free balloons
- Count On Me pledge cards
- "Red" ribbons to wear
- wearing "Red" on Wednesday, Oct. 27
- special "Red" food in the cafeteria

Parents are encouraged to talk to your children about the dangers of drug abuse and peer pressure. A good way to do this might be to make a Down With Drugs poster with your child. Posters turned in to the counselor's office by Friday, Oct. 20, will be placed in the elementary school, the high

school and various businesses downtown.

Businesses are encouraged to hang "Red" ribbons at your place of business and your homes. Encourage your employees to wear "Red" on Wednesday, Oct. 27. Remember, "It takes a whole community to raise a child."

We cannot protect our children from facing many of the problems of growing up in today's society, but we can prepare them for this risk. Your interest, support and caring interaction will assist the children of Haskell CISD in arriving at healthy attitudes and skills.

For further information about "Red Ribbon Week," or more ideas on how you can help create substance abuse awareness, please call the elementary school counselor's office, 864-8007.

Comm. Court sets pay scale and salaries

In their regularly scheduled Commissioner's Court session, County Judge B.O. Roberson read the Court a letter from the Haskell County Appraisal District notifying the Court that a majority of the taxing units had accepted the Paint Creek Appraisal District resolution.

The resolution calls for six directors: one representing the southwest area, Rule ISD and the City of Rule; one representing the northeast area, the City of Weinert; one representing the southeast area, Paint Creek ISD; one representing the northwest area, Rochester ISD, the City of Rochester and the City of O'Brien; one representing the City of Haskell and Haskell CISD; and one representing Haskell County.

The board members will be appointed for two year terms, three directorships expiring in odd years and the other three directorships expiring in even years.

In personnel matters, the Court approved the hiring of Roxanne Waggoner as a part-time employee at the Sheriff's department,

effective Sept. 27; and the hiring of Ricky Tidrow for full-time employment in Precinct 2, effective Oct. 9, with a six month probation period.

Regarding the Constable office vacancy, the Court decided to let interested candidates get on the ballot and run for election. Judge Roberson said that several people had applied for the position, but the Court did not make an appointment at this time.

In other business: Commiss-

ioner, Bill Hester, was appointed as County Judge Pro Tem for the 1996 term; the Court approved a motion to set county employees salaries as per the new budget; the Court approved a motion to set the hourly county pay rate at \$5; set the terms of County Court at the beginning of each month and set day and hours of special Commissioner's Court meetings; set juror's pay as is now, \$6, \$10 and \$15; and set mileage rate for reimbursement as is.

Area parents or grandparents are invited to come and share a fun-filled evening with other parents. Babysitting and sessions are free. Please join us.

Allsup's road race set for October 21

The Allsup's 21st Annual Fall Road Race is scheduled for Saturday Oct. 21. The Road Race is unique since the event offers four different

types of races: a 1/2 marathon, 10,000 meter, 5,000 meter and one mile run. Since its inception in 1975, with only seven runners participating, Road Race registration has grown immensely. Over 350 runners are expected to participate this year. The Road Race offers widespread appeal since the versatility of the four races makes it a fun even for not-serious and serious runners alike.

In the 21st year of the Allsup's Road Race, a total of 184 finely crafted Nambe plates and medallions will be awarded to the first three finishers, male and female, in each race and each age group. The awards will be presented

on the same day of the race at 11 a.m. at the Clovis High School stadium. All runners will receive specially designed long sleeved T-shirts as well as post-race fresh fruit, Gatorade and Pepsi. Numerous prizes will also be given away to lucky registered runners at

the conclusion of the race. The course consists of a flat, asphalt-surfaced loop. Elevation in Clovis is 4,280 feet. The average temperature range at the time of the race is 50 to 70 degrees. The following are the classes offered by the race this year.

Men's and Women's Divisions (by age): 0-14, 15-19, 20-29, 30-39, 40-49, 50-59 and 60 plus.

Entry forms are available at Allsup's store locations. Interested runners can also call the Allsup's corporate office at 505-769-2311 and ask for Dawn DeHain. Completed entry forms should be mailed with a check to: Allsup's Convenience Stores, Inc., P.O. Box 1907, Clovis, NM 88101. Registration fees are \$8 through Oct. 18 and \$10 thereafter. HIGHLIGHTS

By Lyndell Williams & Ed Sterling
TEXAS PRESS ASSOCIATION

AUSTIN — James A. "Andy" Collins, executive director of the Texas Department of Criminal Justice, is scheduled to appear before the Senate Criminal Justice Committee on Oct. 19 to answer questions about his Sept. 14 resignation and private business plans.

Collins is continuing in office until a successor is named by the Texas Board of Criminal Justice, the body that oversees the administration of the prison system.

Sens. Mike Moncrief, D-Fort Worth, John Whitmire, D-Houston, and James E. "Buster" Brown, R-Lake Jackson, questioned why the board only accepted applications for Collins' successor for about 10 days, and expressed concern that may not have been enough time for qualified individuals to apply.

Board chairman Allan Polunsky, who maintained that the selection process has been done by the book, said Collins' successor may be named as early as Oct. 24, when the board meets in San Antonio.

Moncrief told the *Houston Chronicle* he was concerned that Collins' new Louisiana-based company, Professional Care of America Inc., will compete with prison management companies in Texas.

TDCJ spokesman Glen Castlebury said Collins will be happy to answer the committee's questions regarding both his service as executive director and his private business.

"(Collins) has a corporate shell, which has no assets, no office, no phone, no contractors, no payroll. But it has a vision that, down the line in two years, may have a profitable operation in the state of Louisiana... There is no conflict," Castlebury told the *Chronicle*.

Bush Names 2 Justices
Gov. George W. Bush selected two justices last week to fill vacancies on the nine-member Texas Supreme Court.

Bush picked James A. Baker, a judge on the state's 5th Circuit Court of Appeals to replace Justice Bob Gammage, who resigned Sept. 1. The governor also picked state District Judge Greg Abbott of Houston to replace Justice Jack Hightower, who will leave the court Jan. 1.

Baker and Abbott are Republicans and replace Democrats. Their presence on the court upes the Republican advantage to 7-2. Raul Gonzalez and Rose Spector are the Democrats.

Bush, though he has said he believes judges should be elected, said he chose Baker and Abbott because they share his conservative philosophy about the judiciary.

Food Stamp Era to End
State Comptroller John Sharp heralded the end of the paper-

money style food stamps and welcomed the advent of a statewide plastic debit card to replace them.

Last week, Sharp announced that by the end of October, the new "Lone Star Card" will be used statewide instead of the old-fashioned USDA food stamps. He said the new system would save the state and nation millions of dollars in printing, collecting and shredding costs.

By November, the *Austin American-Statesman* reported, more than 64,000 households will use the Lone Star card at 16,000 retailers. The firm that runs the card system is processing 250,000 transactions per day.

Sharp, in describing the card as "the most fool-proof" in the United States, said, "This little card doesn't work on a downtown street corner in Houston, Texas, buying crack cocaine, or something that you're not supposed to buy."

Advocates of the poor have criticized the card, saying that it allows no cash to change hands. Some users would buy food with stamps and use the change to buy items such as toiletries and detergent, the *American-Statesman* reported.

But state officials countered that point, noting that often, change was used to buy cigarettes, alcohol and drugs.

Cotton Crop Loss Hefty

On another front, Sharp estimated that Texas cotton farmers stand to lose at least \$209 million from what was otherwise projected to be a bumper crop this year.

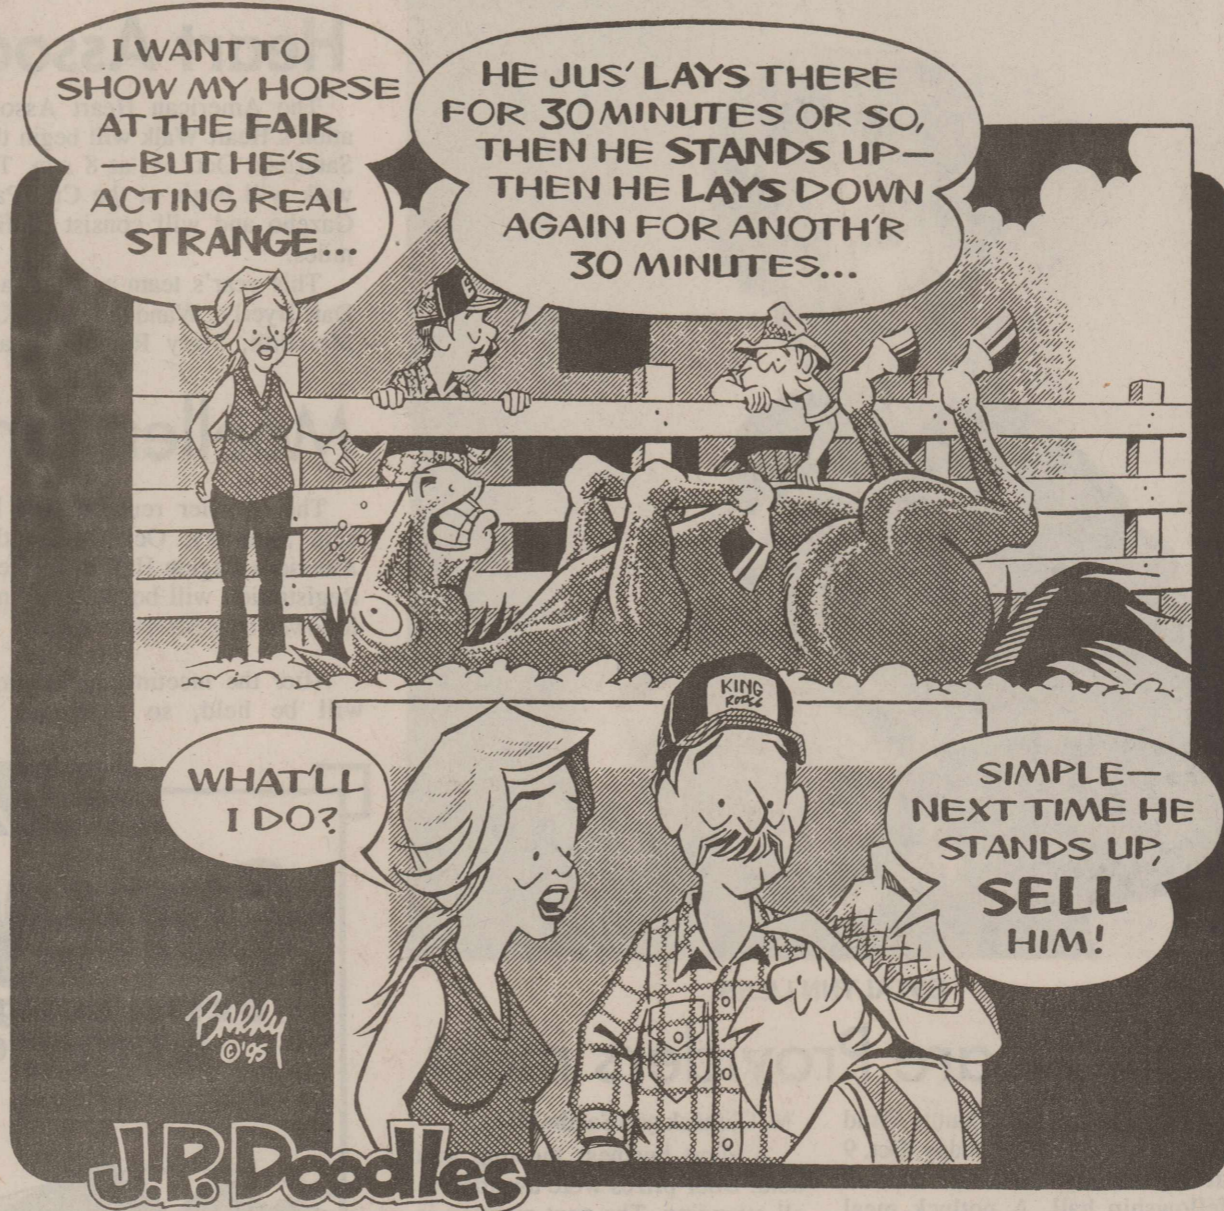

"These losses result from crop yields being reduced — or in many cases destroyed entirely — as well as the additional expenses associated with purchasing and applying chemicals to fend off a pest that never before has significantly affected the Texas cotton crop," Sharp said.

Sharp said the army beetworm, a pest that Texas vegetable growers routinely must control, this year invaded the Texas cotton fields, severely crippling production in two key cotton-growing regions of the state.

In a special report released by the comptroller's office, Sharp estimated the economic losses of the cotton crop in the Rio Grande Valley at \$143 million, or roughly the combined annual salaries of every public school teacher in Cameron County.

Gale Bursleson of Rule has been elected a freshman representative to the Student Senate at Western Texas College in Snyder. Elections are held at the beginning of each fall semester, with those elected serving throughout the school year. Miss Bursleson, a graduate of Rule High School is the daughter of Mrs. Caroline Mitchell.

Kim Campbell, 15-year-old daughter of Mr. and Mrs. Duward Campbell of Haskell participated in the 1975 State 4-H Dress Review held in Dallas on Oct. 2, 3 and 4. For a 15-year-old sophomore to participate in the State Dress Review is a very high accomplishment as most of the participants are high school seniors and college freshmen.

Helping improve kid's educational TV shows

Citizens across the nation can help the FCC in its review of children's educational and informational television programming and make sure these shows are easier to find.

The FCC, the government agency that regulates the television industry, is seeking comments on a Notice of Proposed Rule Making (NPRM) that would establish regulations for broadcasters that would help ensure an adequate supply of children's educational and informational programming.

A portion of the NPRM proposes that there be a minimum of children's educational and informational programming (three hours per week and up to five hours a week), and that stations identify programs as educational and informational at the time they are aired and provide identifying information to publishers of programming guides noting when these programs will be aired.

It's easy to file comments to the rule making and there is plenty of time. The comment period has been extended to October 16, 1995.

So -- kids and parents and everyone else -- sit down at your kitchen table, at your desk, on the floor, and let the FCC know your view on

whether there's enough educational and informational shows available, and how they should be identified.

Please send your comments to:

FCC

Our E-mail address is KIDSTV@FCC.GOV. Write "MM Docket 93-48" on the first page of your comments.

Why is it important? Studies have shown that eight out of 10 Americans

think TV is harmful to society, and especially to children.

"Americans... blame television more than any one single factor for teen-age sex and violence," according to a poll released by the *New York Times* in August.

The survey found that preschoolers who watched most noneducational cartoons and adult programs were less prepared for school and scored worse than expected on standardized tests.

Yet the number of informational and educational shows are dwindling.

Letters to the Editor

To the editor:

The Haskell Business Association would like to thank each and everyone who bought tickets to the hamburger supper last Friday evening. The supper was a super success.

The winners of the T-shirts were Aubrey Bassett, Elicia Hogan, Kim Bassett and Lonnie Kreger.

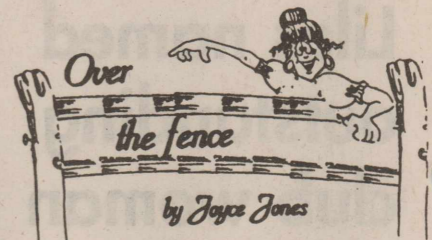

Donations were made by the following: First National Bank, Sonic Drive-In, Haskell National

Bank, the Haskell Post Office, the Haskell Free Press and the Haskell County News.

A special thanks goes to Kiersta Garcia and Tony Williams. I would like to thank the Haskell Business Association members who helped cook, serve, clean tables and sell tickets.

Thanks again for your support on this "Gazebo" fundraiser.

Sincerely,
Ed Walling—HBA

Well homecoming has come and gone, and as I was out and about, around town on Friday and Saturday, everyone seemed to be having a good time and enjoying visiting with old friends and classmates.

We had some exes come by and visit with us here at the paper. I enjoyed meeting and talking with everyone. Some of those who came by were: Eulis Hays—class of 1940—Gresham Or.; Betty Oman—class of 1949—Wichita Falls; Helen Wiseman—class of 1940—Temple; Kay Cheatum—class of 1960—Spring; Horace Crawford—class of 1945—Katy; Karen Pitman Godbout—class of 1957—Tuscola; Nancy Woodson—class of 1955—Derby, Ks.; and Phill Bownens—class of 1963—Clifton. Jack Larned, class of 1934 from San Antonio also came by on Monday morning, but I missed him, as I was headed out across the street to Commissioner's Court meeting.

The Indians played a good football game last Friday night. It kind of kept everybody on the edge of their seats all night, as it was back and forth between the two teams. Then when it got down to the last four minutes, the Indians came through with a touchdown and their extra points to put them out in front of the Bears, and they held that lead until the end of the game. Congratulations to all of the Indian football team members and the coaches.

The cheerleaders, twirlers and band members kept the fans cheering throughout the game; they all put on a great performance. Keep up the good work.

Paint Creek also had a good night for football. They sent the Highland Hornets home with a 13 point loss. It is good to see both of our local teams win and hope they will both keep playing good football and winning. Congratulations to all of the Pirate football team members and their coaches.

The hamburger supper turned out to be a big success for the Haskell Business Association. I heard that they sold around 800 hamburgers, which helped with their fund raising efforts for the Gazebo.

Well fall has come and I sure am glad to see the weather cool off some. I usually try to get up to the mountains in Ruidoso this time of the year, but I don't think I'm going to make it this year. I already have two trips on my schedule before the end of the year and one shortly after the first of the new year. I will be going to Reno, Nev. to spend Thanksgiving with my son and grandchildren who live there and then I will be going to Ohio to spend Christmas with another son and family up there.

Then after Christmas, at the end of January, I will be headed for Oklahoma City and the International Professional Rodeo Cowboys Association finals. My youngest son will be riding in the finals there this year. He is a bull rider and has rodeoed since he was ten years old.

The other two boys also rodeoed while they were in school, but gave it up after they graduated. But Dale has continued to ride. He had to drop out for a couple of years because of injuries, and then he continued just on weekends; but this past year, he decided to go at it full time and he has done real well at it. He is now standing at 8th place in bull riding in the national standings in IPRCA.

I have always told him that if he made it to the finals, I would be there, so you can bet this is one parent who will be there to cheer him on and support him.

The illusion that times that were are better than those that are, has probably pervaded all ages.

HASKELL CO. MAINTENANCE EMPLOYEES ATTEND BANQUET—Ten Haskell Co. maintenance section employees attended the 1995 safety awards banquet in Sweetwater. Those attending were: front from the left, Mike Poteet, Don Thompson, Earl Proctor and Vernon Session. Back from the left, Ernest Moeller, Chris Medford, James McFadden, Bobby Medford, Ben Barrera and Bennie Harvey. Earl Proctor and Chris Medford did not receive awards. Not pictured but receiving an award were Danny Kierepka and Ricky Martin. (TxDOT photo by Mary Beth Kilgore).

TxDOT employees earn EXDot safe driving awards

Ten Haskell County Maintenance Section employees were among 212 Texas Dept. of Transportation workers in the Abilene district who recently earned safe driving awards. The Haskell County employees had achieved a combined total of 160 years of safe driving.

Haskell County employees earning awards were: retiree Bobby Medford, 24 years; Ben Barrera, 23 years; Ricky Martin, 20 years; Don Thompson and Bennie Harvey, 17 years; Mike Poteet and James McFadden, 16 years; retiree Ernest

Moeller, 15 years; and Danny Kierepka, 11 years; and Vernon Session, 1 year.

The highest award in the Abilene district was presented to now retired Tom Jones from the Jones County maintenance section. He had completed 32 years of driving without an accident.

To be eligible for an award, employees must have completed one year of accident free driving.

An awards banquet to recognize the district achievers was held at the Coliseum Annex in Sweetwater. There, honorees received a

Certificate of Appreciation, or a plaque if their safe driving record was 22 years or more. Those reaching the 15, 20 and 25 year mark also received an additional gift.

The combined total of safe driving years for all district employees was 2625 years.

Presenting the awards was Maribel P. Chavez, P.E., Abilene District engineer.

Guest speaker was humorist Maurice Beckham of Austin.

Billing himself as "The Country Boy," Beckham kept the audience's attention with his good clean humor and hilarious, identifiably real-life examples designed as a springboard in promoting self-satisfaction and success with everyday life. He is the former chief administrative officer for the Texas Dept. of Public Safety.

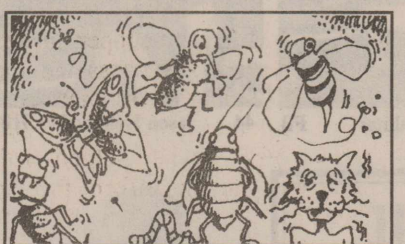

Stewart brings 2nd place award from Idalou NHRA Race Track

Justin Stewart, a senior at Haskell High School, won big at the Idalou Motorsports NHRA Race Track on Sunday, Oct. 8. He came away with the Runner-Up trophy in the Street Car Class, competing against 64 cars. He eliminated five cars on his way to the Championship race. Unfortunately, in the Championship race, he jumped the start taking a red light.

Even though he came home with the 2nd place win, he did an outstanding job on his first NHRA race. Justin's winning car, a red 1967 Camaro, is owned by Vance Saffel. Justin is the son of Danny and Sue Stewart, who would like to congratulate Justin on his first time

out on the track. It's a day he will never forget.

The performance of the Canadian Snowbirds was fantastic. This Airsho does a wonderful job of preserving memories and paying tribute to World War II pilots. Chad and Lisa returned to Tulsa on Sunday. H. Indians beats Baird 30-27

WORSHIP TOGETHER

It is my duty to my country to support its Constitution... and to defend it against all enemies.
— William Tyler Page

"...the doers of the law shall be justified."
— Romans 2:13

THE FREEDOM THAT OUR LAWS ENSURE MUST BE PROTECTED

We are fortunate that, due to the wisdom of our founding fathers, we live under the protection of a set of laws that safeguard our freedom; where each level of government has its powers and limitations clearly defined. However, we must never forget that freedom is a fragile thing; often under attack from within as well as from without, by those whose misguided beliefs would make use of its very provisions to destroy it. Throughout our history we have all too frequently had to defend our principles of liberty and democracy on the various battlefields of the world, and there seems to be no end to the process. Let us attend our House of Worship and pray that all people may one day live under a system of God-given freedom like the one that has always blessed our land.

Farm Service Agency to absorb farm loan program

The U.S. Dept. of Agriculture's re-organization efforts under the Clinton Administration continued last week when the farm lending programs of the former Texas Farmer's Home Administration was transferred to the Texas Consolidated Farm Service Agency on Oct. 1.

The announcement of the transfer of the farm lending programs was made by Harold Bob Bennett, State Executive Director of the Consolidated Farm Service Agency (formerly the Agricultural Stabilization and Conservation Service) and L. George Ellis, State Director of the Rural Economic and Community Development (formerly the Farmers Home Administration).

Nationwide, USDA is in the process of closing or consolidating nearly one-third of its 3,700 field locations and establishing 2,535

USDA service centers where USDA customers will receive one-stop service. The largest reorganization in USDA's history began last year when the number of USDA agencies were reduced from 43 to 29, and began cutting staff by 13,000. These re-organization initiatives will save U.S. taxpayers over \$4 billion.

In Texas, several county offices have been closed, moved or have consolidated.

The transfer of the farm lending programs reflect President Clinton's efforts to streamline government and make it work better. For more than 50 years, farmers who could not obtain credit from commercial lenders used the former Farmers Home Administration's farmer program loans to purchase and operate farms, while the former Agricultural Stabilization and

Conservation Service administered the farm programs. As a result of the transfer of the farm lending programs, all farm programs will now be administered by one agency, the Consolidated Farm Service Agency.

The Rural Economic and Community Development agency will continue to administer all rural

business development programs, rural telecommunication, electricity, water and wastewater disposal programs and rural housing programs.

"These reorganization efforts have been made to streamline the way USDA does business, to cut out needless paper work, to improve services to Texas

producers and to save taxpayers money," said Bennett. "Ultimately, when a Texas farmer steps into our USDA service centers, all of their needs will be taken care of quickly, and they will be able to get back to what they enjoy doing the most, and that is farming."

"Rural Texas communities, organizations and families will

benefit from the consolidation of our services as well," said Bennett. "As a result of the reorganization, rural development efforts statewide

will be better coordinated, and we will be able to provide the best possible service with the greatest efficiency to rural Texans that need our assistance."

Awards offered to young wheat farmers

Young Texas wheat farmers are eligible to enter an essay contest to compete for two leadership development awards of which 40 will be awarded nationally. The program of the Texas Wheat Producers Association and National Association of Wheat Growers is sponsored by Monsanto Agricultural Products Company and the Production Credit Associations of Texas.

The awards are designed to acquaint young wheat farmers with the wheat association's organizational structure, leadership development, policy development and the education aspects of attending wheat organizational meetings, according to Jack Norman, President of the Texas Wheat Producers Association.

The awards which total more than \$1000 each are to defray the cost for the winners to participate

in their choice of either the National Association of Wheat Growers 1996 Annual Convention, held February 7-10, 1996, in Reno, Nev.; or the NAWG Summer Leadership Conference, July 28-31, 1996 in Sun Valley, Idaho.

Any Texas wheat farmer between the ages of 20 and 35 years, who has not previously participated in either of the NAWG meetings mentioned above is eligible to enter. The winners are selected based upon completion of a short questionnaire relative to their perception of the current greatest needs of wheat farmers, how they are or would be utilizing their leadership abilities, along with a brief 50-word essay, explaining why they would like to receive the educational grant.

Entry forms may be obtained by either writing or calling Rodney

Mosier of the Texas Wheat Producers Association, 2201 Civic Circle, #803, Amarillo, TX

79109-Phone 806-352-2282. The deadline for receiving the completed form is Nov. 30.

Other members of the board are Kenneth Sanders from Weinert, Kenneth Newberry from Rochester, F.A. Ulmer from Sagerton and Steve Alsbrook from Haskell.

During the last monthly meeting, new officers were elected: Chairman—Burnell Gilleland; Vice-Chairman—Steve Alsbrook; and Secretary/Treasurer—F.A. Ulmer.

Rehab horse sale

Saturday, Oct. 14, Abilene Livestock Auction will take a break from their regular horse sale to sell donated horses to benefit West Texas Rehabilitation Center. After an absence of a couple of years, the horse sale will once again be a part of the Cattlemen's Round-Up for Rehab. The Rehab Sale starts at 1 p.m.

Several good horses have already been donated for the special sale with the Rehab Center expecting more pledges as the sale approaches. Anyone with horses to donate should contact West Texas Rehabilitation Center at 915-691-7290 in Abilene or 915-949-9535 in San Angelo.

Danny Isbell, WTRC coordinator for the sale, expressed his appreciation to Abilene Livestock Auction for making the Rehab Sale a part of their regular sale. The sale barn also hosted the CRR cattle sale on Sept. 26, that raised about \$112,000 for the Rehab Center.

Energy saving tips from WTU

October is National Energy Awareness Month and West Texas Utilities Company (WTU) offers the following tips to save on energy costs as temperatures fall this season.

•Seal Air Leaks: About 15 percent of the energy used to heat your home is wasted on warming cold air leaking through cracks. Caulk around windows, wall cracks and install weather stripping around doors.

•Add Insulation: An extra layer of R-30 attic insulation (a thickness of 10 to 11 inches) can cut your energy bills by eight percent or more.

•Install Attic Vents: Moisture build-up during cold weather lessens the effectiveness of attic insulation. Your attic should be able to "breathe" during hot and dry weather. Proper ventilation will help attic insulation year-round.

•Install Storm Doors and Windows: No part of a home lets more heat escape per square foot than windows and doors. Storm windows and doors add value to your home while lowering heating bills and raising comfort.

These improvements help save energy and money, but the biggest savings come from high-efficiency heating and cooling equipment—such as an electric heat pump.

Heat pumps don't "create" heat like conventional systems. Instead, they pump heat from one place to another. By using energy that's already in the environment, heat pumps help conserve natural resources and can help cut energy bills by up to 40 percent less than conventional systems.

Programmable thermostats can also help reduce energy needs by heating your home and water when you need it most.

CATCH THE FIRE RENEWAL MEETINGS

"Toronto Blessing" spreads throughout the world and the U.S. now coming to Seymour, Texas.

"Toronto Blessing has attracted over 600,000 visitors to Toronto, Canada to observe and receive from God the past 20 months." Pastor John Arnott, Toronto, Canada.

Wary Pastors, men and women and teens have testified to a supernatural encounter with God. Experiences include healing of emotional hurts, physical healings, healed marriages, a growing love for God, greater hunger and desire to read His Word, pray, and to minister. This renewal outpouring has been a cross-denominational catalyst to bring Baptists, Catholics, Anglican, Nazarine, Presbyterian, Methodist, Pentecostal, and believers from virtually every Christian denomination to experience this refreshing while standing side by side.

This movement has been covered by the national and international media. Time Magazine, The London Sunday Telegraph, British Broadcasting Corporation, Prime Time, Major US News Networks, and many others have told the story of this renewal revival as it spreads across the world.

"We are seeing a difference when we pray for people, we are seeing a powerful imporation of the Holy Spirit." Chuck Irish, Episcopal Priest

"God's presence is so special. It's had a lasting effect inside of me." Rod Ostler, Sussex, England

"This is the most powerful revival that has hit this country since Azusa Street." Randy Clark, Vinyard Pastor
