

Lovelady Sale Next Tuesday

Karl L. Lovelady is announcing a dispersal sale, to be held at his place, known as Idyll Acres Berkshire Farm, two and one-half miles west of Muleshoe. Date set for the sale is the coming Tuesday, June 5, and it will start at 11 a. m.

Mr. Lovelady will quit the farming and livestock business and devote his entire time to the practice of law in Muleshoe.

He will sell the place, which has a home, irrigation well, hog houses, etc., also has advertised a long list of registered Berkshire hogs, some household goods, farm equipment and many miscellaneous items. A complete list will be found on another page of this paper. Col. Dick Doshier of Farwell and Emette Cross of Muleshoe will cry the sale.

Mrs. Crawford Rites Held May 25

Martha Jane (Matthis) Crawford, mother of J. O. Crawford of Muleshoe, passed away May 23, 1951, in the home of her daughter with whom she had made her home since 1941 near Childress, Texas. Mrs. Crawford was born March 18, 1878, in Tennessee.

Funeral services were held in the Baptist Church of Childress. Burial was in the Clovis, N. M., cemetery at 11 o'clock Friday, May 25.

She was preceded in death by her husband, Ben Crawford, in April of 1921. He had served as commissioner and sheriff of Curry County, N. M., for a number of years.

She is survived by her four children: Mrs. Mary Trent, Childress; Mrs. Pluma Jordan, Clovis; J. O. Crawford, Muleshoe; and H. S. Crawford, Chico, Calif.; 17 grandchildren, 31 great grandchildren, and one great grandchild.

Mules Lose To Hawkins Olds

The Muleshoe softball team lost their first game of the season on 17 to 7 Tuesday afternoon to Hawkins Olds of Morton in the Morton softball league. Loss of the game was accredited to 11 errors made by Muleshoe players during the game.

Muleshoe got eleven hits during the game to tally their seven runs.

Starting lineup for the Mules were Arnold Gross, catcher, H. B. Flanagan, ss, Bill Sloan, 1b, Harold Freeman, cf, L. M. Bell, rf, Temple Carter, 2b, Burton 3b, J. W. Wilhite, lf, and Orville Lewallen, pitching.

Muleshoe was credited with two strikeouts and seven walks. Flanagan scored for Muleshoe in the first inning. Hawkins Olds held them fast the remainder of the game. Scoring in the second were Chapman, Flanagan, Sloan, Burton, Wilhite, and Lewallen.

Tonight Muleshoe will play the Three Way School at Morton.

LEAGUE STANDINGS

Team	Won	Lost

Garden Club To Exchange Plants

The Garden Club met at their regular meeting place and Mrs. Noel Woodley gave the report on her visit to the district convention at Amarillo.

Mrs. Jack Epps gave a report on gladiola and dahlia planting. There were fifteen members present and four new members; Mrs. Buck Wood, Mrs. Delma McCarty, Mrs. Howard Cox, Mrs. D. L. Morrison, and associate member, Mrs. Lela Barron.

Mrs. Morris Childers and Mrs. W. O. Casey were the hostesses. Next meeting will be exchange of plants.

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

Volume 29, Number 23

MULESHOE — County Seat of Bailey County — TEXAS

Thursday, May 31, 1951

Winners of 4-H Club Dress Revue

DRESS REVUE WINNERS . . . Winners of the Bailey County 4-H Club Dress Revue are, front row, left to right: sundresses: Carolyn Williams, Muleshoe, 3rd; Queenie Homsley, Three Way, 2nd; and Aurelia Teal, Muleshoe, 1st; skirts and blouses: Pat Cooper, Muleshoe, 3rd; Pauline Warren, Three Way, 2nd; and LaVon Copley, Muleshoe, 1st; aprons: Nan Allison, Muleshoe, 3rd; Mary Carney, Muleshoe, 2nd; and Marcha Lynn Owen, Muleshoe, 1st; dresses over 14 years: Marie Fort, Three Way, 3rd; Doris Jean Copley, Muleshoe, 2nd; and Barbara Ann Bowers, Muleshoe, 1st; dresses 12-14 years: Betty Arnn, Three Way, 3rd; Thelma Jo Tanner, Three Way, 2nd; and Melba Jay Carney, Muleshoe, 1st. Barbara Bowers was grand champion winner of the revue. The Home Demonstration Council will sponsor the girls at College Station on June 25-27 this year in state competition. Girls making the trip will be Barbara Bowers, Doris Jean Copley, and Marie Fort, accompanied by Mrs. Dorothy Bowers, leader. Fifty of the 85 enrolled 4-H Club girls in Bailey County entered the revue. All made their own dresses and modeled them. After the revue, the HD Council honored the girls with a tea.

200,000 Acres Of Cotton In County

The next few days hold the fate of Bailey County's 1951 crop. With more than 200,000 acres already planted to cotton, the weather will play the deciding role in determining whether this year's predomi-

nant production will be cotton or sorghum grains. Cotton planted since the big rain early this week was just peeping through the ground and a heavy rain such as fell here at the middle of the month

would again cover it up, necessitating replanting. Conceivably this could cause a loss of one half of the already seeded cotton acreage.

For it is getting late to replant, and many farmers have said that if replanting is necessary they will turn to sorghum grains rather than risk late planting of cotton in a country where early frost yearly gets the late boils.

A thundershower drifted over Tuesday night without leaving any reported amount of moisture; but everyone was holding his breath as the weather man predicted recurring thundershowers over the Plains area.

If no heavy rain falls in the next two weeks, cotton will nearly all be beyond the stage where a heavy rain could wipe it out. Hall undoubtedly will get some and insects will get in their work but the prospects for a big production of cotton is very good, barring the eventualities listed above.

Never was there seen such a concerted effort to get seed into the ground as there was last week. As soon as the ground was dry enough, four row rigs by the hundreds took to the fields in this section of the Plains. Many ran night and day to take full advantage of the moisture left by the heavy downpours and to get the cotton up and away to a good start before further downpours occurred.

Some cotton was through the ground in four days after planting. This was due to the warm ground, the fine moisture, and to the excessively hot weather which has prevailed for several days. Cotton loves hot weather, and this section has been having temperatures expected late in June ordinarily.

County Agent J. K. Adams after traveling over most of the county told The Journal Tuesday he believed that "in excess of 200,000 acres" had been planted to cotton up to that time. This compares with a seeded cotton acreage of about 150,000 in 1949; that year various things happened and the county wound up with less than 90,000 acres, but produced a record county yield of 9,000 bales.

Millions of dollars would be placed in circulation this year if anywhere near the 200,000 acres should mature, for cotton will be worth a very high price.

Good seed were hard to get when farmers began to plant in earnest. Many fields were replanted after the rain but many farmers had enough good seed to replant; however many farmers who wanted good seed had to be content with "oil mill" seed.

Alsop Talks To Lions Club

Joe Bill Alsop of Chattanooga, Tennessee, was guest speaker at the regular weekly meeting of the Lions Club held at Gerald's Cafe each Wednesday.

Mr. Alsop is associated with radio station WDEF in Chattanooga. He told members of the Lions club part of the 258 items that are manufactured there, including Calvair cedar chests, wheels for all GMC motor vehicles, Coke boxes, and many other items.

He gave a brief history of the Tennessee Valley Authority and its purposes and what it had accomplished. He gave the location of Chattanooga and expounded upon its attractions as a resort town. He talked of fishing, he said that it was possible to catch at least 100 bass and croppie within two hours time and this place was in 15 minutes driving distance from his home.

Bill Moore, Vance Wagon, and W. Q. Casey were presented with perfect attendance pins for not missing a meeting from April 30 last year until April 30th of this year.

The club will meet another place for the next three weeks while the meeting room and Gerald's Cafe is being remodeled.

Eight More Boys Get Registered Gilts From Sears Foundation

Eight Bailey County boys were made happy last week when they were awarded registered gilts from the Sears Foundation program in this county, directed by the Extension Service.

The program was begun here several years ago with a group of gilts. They were awarded to 4-H boys, who in turn gave back one of the gilts from the first litter to be awarded other boys in turn.

County Agent J. K. Adams said the Sears Foundation swine have been a great influence in improving the hog stock of this county. For instance, a barrow who on his dam's side traces back to the original gilt placed here was judged grand champion of the Muleshoe show this spring and went on to win grand championship honors. He was raised and shown by Marlon Inman. Other stock from the original gilts find their way to various fat stock shows every spring.

Boys Are Listed

The following list shows what boy won the gilt last week and who furnished the same:

Wayne Sexton, Star Rt., Baileyboro, Beverly Mardis pig.

Bob Carpenter, Arch Rt., Baileyboro, Tim Prather pig.

Gary Ray Hicks, Rt. 2, Muleshoe, Buddy Black pig.
Larry E. Hicks, Rt. 2, Muleshoe, Beverly Mardis pig.
Bobby Black, Rt. 2, Muleshoe, Marlon Inman pig.
Ronald Dulin, Star Rt. 1, Muleshoe, Jerry Inman pig.
Jackie Dulin, Star Rt. 1, Tim Prather pig.
Donald Nash, Rt. 2, Muleshoe, Jerry Inman pig.

Skating Prohibited On Tennis Courts

The Muleshoe Tennis Club and the Jaycees request that children refrain from skating on the tennis courts at the junior high school as they are nearing completion and marks left by the metal wheels of the skates mar and disfigures the concrete.

The courts will be finished and the surface of the courts sanded within the next two or three weeks. A small scratch or hole in the concrete will deflect a tennis ball so that it will not bounce true.

The cooperation of parents in keeping their children from skating on the tennis courts will be appreciated.

Methodist Preachers Of Amarillo District Announced At Conference

Free Swim Day Each Monday For Children

The City of Muleshoe has granted free swimming for children 12 years of age and under on Monday mornings of each week, 9 to 11.

The municipal pool, which opened a week ago Sunday, is enjoying a phenomenal patronage, city officials reported. They said a near capacity crowd turned out Sunday because of the hot weather.

T. J. Bailey, football coach at Muleshoe high school is in charge of the pool this year. He will have two lifeguards on duty, one of whom will be Joe Cummings, who served last summer. Joe is a student at Alabama University.

Mayor pro tem Ray Keeling told The Journal that a representative of the State Health Department last week inspected the pool and gave it a good report. He told Keeling that the pool is being operated as well or better than any pool in West Texas. Sanitary conditions were excellent, he said.

Season tickets for adults are being sold at \$10. For children 15 to 18 the season ticket sells for \$7.50 and for children 15 and under, \$5 is the price of the season ticket.

Regular ticket prices are 25 cents for children 14 and under, 35 cents for everyone 15 and over.

LADIES SOFTBALL GAME SCHEDULED AT STEGALL

The Stegall Ladies Softball Club will play Springlake Friday afternoon at 2:30 o'clock at Stegall.

Everybody is invited to attend.

Experience is a strenuous teacher—no graduates, no degrees, some survivors.—Rotary-gram, Willcox, Ariz.

Poland China Breeding Farm Being Established North Of Muleshoe

Within two miles of Muleshoe there is being built up one of the most pretentious hog breeding programs on the Plains of Texas. The editor and county agent visited the G. V. Green & Son Poland China Farm Tuesday and found no less than 14 registered bred Poland China gilts, due to farrow soon, beginning in July. Willie Green is the proprietor and the place is the Erickson farm just north of town.

J. K. Adams, the county agent, has had a hand in assembling these fine blooded animals, representing the championship blood lines of Texas, Oklahoma, and Iowa.

The gilts come from the outstanding Poland China breeding farms around Erick, Okla.; Carnegie, Okla.; from the J. G. Heald herd of Muleshoe, which features some Iowa blood lines; from the famous Poland China breeder, L. A. Willmann, near San Antonio and from the Sherman Inman herd near Muleshoe.

For instance, the 14 bred gilts include a litter mate of the fine barrow raised and shown at the Muleshoe Fat Stock Show this spring, which won championship honors at Muleshoe and at Lubbock. Another gilt is from the famous herd at McCurdy School, at Santa Cruz, N. M.

The herd boar is Dreamboat's Model, bought from J. G. Heald and being a product of Carnegie, Okla., breeding. The boar's half brother, was adjudged grand champion at the national barrow show in Austin, Minn. He was entered by Oklahoma FFA.

Tennis Club Meets Tonight

There will be a meeting of the Tennis Club tonight at 8 p. m. at the Cross Roads Cafe for the purpose of electing officers for the coming year and making plans for a tennis tournament to be held as soon as the courts are completed.

All members are urged to be present at this meeting and anyone else interested in becoming a member of the Tennis Club or playing tennis is invited to attend the meeting.

CONGRATULATIONS

Mr. and Mrs. Joe W. Peugh are the proud parents of an adopted son, Earl Wayne, born May 19, 1951.

Mrs. Moore Rites Friday Morning

Funeral services for Mrs. Olie Texanna Moore tentatively are set for 10:00 a. m. tomorrow (Friday) at the Methodist church in Muleshoe.

Mrs. Moore, who was 74, passed away Wednesday, May 30, 1951, at the home of her son, J. R. Moore, in Muleshoe. She had been an invalid the last four years.

She was a member of a pioneer family of the Muleshoe country. She and her family came here in 1925, from Lavon, Collin County, Texas, and settled about 11 miles northeast of Muleshoe in the Pleasant Valley community, where they farmed for many years.

Her husband, J. R. Moore, passed away November 7, 1947. Mr. and Mrs. Moore were united in marriage November 27, 1895, at Lavon.

She is survived by the following children: Mrs. V. H. Montgomery, J. R. Moore, Seaborn Moore, all of Muleshoe; Robert E. Moore, Dallas; Marvin Moore, Lavon; B. H. Moore, Commerce, Texas; and Millard Moore, Amarillo.

Other survivors include two brothers and a sister: Walter Rhodes, Stockton, Calif.; Mrs. Cora Brundridge, Stratford, Oklahoma; and Jesse Rhodes, Lavon.

Rev. H. W. Hanks, Methodist pastor will officiate in funeral services. Muleshoe Funeral Home is in charge of arrangements, in accordance to be in the Muleshoe cemetery.

Hour of the funeral was left open until it could be learned whether relatives living at a distance could be here.

Phillips Stakes New Wildcat Oil Well Near Stegall In Bailey County

A second attempt to find oil in Bailey County in 1951 is underway about 20 miles southwest of Muleshoe.

Phillips Petroleum company has staged a 9,000 foot Ellenburger wildcat in central west Bailey County, to be known as the No. 1-A Stephens. It is in the southeast quarter of the southwest quarter of section 24, block B, Melvin Blum & Blum Survey.

Drill site is located in a block of 21,500 acres, reported detailed with seismograph by Phillips. Representatives of the company were in the vicinity south of Muleshoe for several days recently and were assisted by local real estate men. Phillips leases are said to lie in Block B and Block A of the survey, running north almost to the southern boundary of the old VVN ranch.

The well is about a mile east of Stegall.

It is the second wildcat to be drilled in the county this year. Shell Oil Co. recently declared their venture, known as the W. S. Nichols No. 1, 2 miles northeast of Euba, a dry hole after the bit had encountered granite at beyond-9,000 feet.

Seismograph crews have been in the county nearly every year in the last few years. One such crew now has its headquarters in Muleshoe and has been working out the central section of the county in the general vicinity of the new wildcat.

Babson Discusses Business Opportunities

BABSON PARK, Mass., May 25.—During the past winter many young people have complained to me saying: "There are not as many good opportunities today for young people as there were fifty years ago." Let me answer by saying this complaint is all wrong so far as it applies to those willing to do a day's work. Here are eight reasons to prove it.

Free Educational Opportunities
(1) Although our United States population has increased from 75,994,575 in 1900 (when I got my first job at ten dollars per week) to 153,490,000 today, the demand for workers has increased much more. Hence, population figures are

in favor of today's young people, more than ever before. These include free Degree Scholarships in all good colleges, very cheap Extension Correspondence Courses in most subjects, and excellent Public Libraries where one can get a good education by merely systematic reading.

(3) The average young person today will not work hard or for long hours. He wants an "easy job." This gives those few who are glad to work hard and long, much better jobs and faster promotions.

What Employers Want

(4) Employers want young workers to have good habits — those who let liquor alone and don't smoke during business hours. As each year fewer job applicants appear to qualify for good habits, those few who do possess them have an advantage.

(5) Those who belong to no labor union also have an advantage in getting good jobs and fast promotions. This gives another opportunity to young people not possessed by elders.

(6) Another advantage young people have today is the ability to borrow money for a home. When I got married it was necessary to put 40 per cent cash down. We could borrow only 60 per cent and only from 3 to 5 years. Now, any good couple can borrow 80 per cent or more with payments extended over 20 years. In addition, they today have Social Security, Accident Insurance and other benefits which Mrs. Babson and I never had.

(7) As a statistician, I must remind readers of how the country's birth rate will help graduates this coming June. If you were born during the early "thirties" when there was great unemployment and few marriages and babies, you now have not so many to compete with.

(8) The pension plans which are now rapidly increasing not only eliminate the oldsters more rapidly, thus making promotions easier for you, but they also furnish you security in your latter days.

Don't Let The Draft Worry You
I repeat my previous advice that you go ahead with your plans for college or for getting a job the same as if no war were possible. Congress is acting on Universal Military Training just as I forecast. Moreover, those who are drafted are about as safe as those who stay at home; while the 85 per cent who return okay will have benefits as veterans, which the non-drafted boys will not have.

One more thought. The question as to whether you will become an employer some day instead of always remaining a wageworker will largely be determined by this simple rule:—If you save some money each week, you can some day become an employer. If you don't save money each week, you will always remain a wageworker.

JOURNAL RECEIVES LITERATURE ON DURANGO, COLO.

The Journal is in receipt of literature advertising Durango, Colorado, the "Most Beautiful Spot in the World," including some information from bits and Gale Holt, former Muleshoe men now operating the Highland Court in Durango.

Many local people have visited Durango since the Holts have been there and have been guests at their court. The Holts continue to visit here every now and then.

Live In Comfort In Hot Weather

AUSTIN, May 28. — "Good health in hot weather may be largely a matter of personal choice," according to Dr. Geo. W. Cox, State Health Officer, as he called for Texans to take life as it comes in summer and live with it as comfortably as possible.

"These modern scientists can drop ice from airplanes to make rain, and they can forecast weather several days in advance, but nobody has figured out a way to keep the thermometer from rising sky high in a hot summer afternoon," Dr. Cox said.

"Therefore, Dr. Cox continued, "a few common sense practices will help us to live with summer and like it. Texas summers are hot and the hottest part is still ahead, so one needs to remember certain things that are good hot weather practices.

"For example: drink plenty of cool (not ice) water; eat moderately of simple, but a wide variety of foods; exercise daily in the fresh air and have plenty of air in sleeping rooms; take a fair amount of salt to replace large losses, through perspiration; avoid alcoholic drinks; get plenty of sleep; keep clean; don't worry. Do not overeat.

"One of the essentials of summer comfort is the daily bath to wash away perspiration and with it body wastes eliminated through the pores, and to relax tired muscles and strained nerves. There is nothing better than a leisurely bath followed by a short rest."

RETURNS TO DUTY

Tech. Sgt. H. L. "Babe" Barbour returned to his duties at Camp Pendleton, Marine Corps, near Oceanside, Calif., Friday. Mrs. Barbour remained here with the family until he can secure housing near the camp.

MOVED TO FT. SUMMER

Mr. and Mrs. Ben Williams of Muleshoe have moved to Fort Summer, N. Mex., where they will operate a station. Mr. Williams was the janitor of the high school this year.

ANNOUNCE NEW SON

Congratulations to Mr. and Mrs. Donald Barnett on the birth of their 6 1/2 pound boy, Jerry Don.

TODAY'S Meditation

THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

FREEDOM FAITH AND JOY
"... he leadeth me..." (Psalm 23:2.) Read Philippians 4:4-13.

My friend Charlie is totally blind. We first met about twenty years ago when we were members of a group working for pensions for the blind. Charlie was our most optimistic member; always he was sure of the successful outcome of our efforts. Since then I have seen him frequently and have found him to be one of the happiest men I ever have known.

One day he explained why he is so happy. "Now that I am blind," he said, "I have learned that the things about me are not so very important. Now I know for a certainty that God leads me. I have no worries."

In this troubled world we need security. The security we need most of all is the kind of security experienced by my friend Charlie, who, in his blindness to material things, depends upon God as his Protector and Guide.

PRAYER
O God, help us to be blind to believing that material things are of first importance. Help us to put our attention upon things spiritual, not on things on the earth. Help us at all times to know Thee as our Shepherd. In the name of Thy Son, who came

Letters to the Editor . . .

Hugo, Colo. May 20, 1951

Ye Ole Editor,
To show Muleshoe grows top stuff I'm enclosing an article found in the "Limon Leader" about a former Muleshoe boy, Charles "Red" Gaede, son of Mr. and Mrs. Francis Gaede, now of Limon, Colorado. I'm sure some of his friends will be interested to know he is so outstanding in all sports.

Having lived in Bailey County all our lives we miss Muleshoe folks a lot, but like it fine here at Hugo and invite all our friends to come to see us.

The old "Journal" sure makes our hearts feel good when we get it every week. Don't ever fail to send it.

Sincerely,
Johnnie & Pat Glasscock
P. S. Were so glad to hear of your rain. We aren't in the Colorado flood district, but have gotten plenty of rain.

to bring us the life abundant. Amen.

Thought For The Day
We walk by faith, not by sight.

Is Your Estate Large Enough?

1. Is it ample for your family if you die?
2. Is it ample for you if you reach retirement age?
3. If you accumulate it through other property, how much will it SHRINK from Estate and Inheritance Taxes?
4. Are you guaranteed that you will live to accumulate it that way?

I CAN SELL YOU AN ESTATE—ANY SIZE YOU WANT—FOR AS LITTLE AS 2% TO 3% PER YEAR. IF YOU DIE BEFORE YOU HAVE COMPLETED BUILDING YOUR ESTATE, WE WILL GIVE IT TO YOUR HEIRS ANYWAY !!

Stran-Steel Quonset 40

Your ideal answer to every storage need!

- FIRE-RESISTANT
- ROT-PROOF
- ECONOMICAL
- STRONG
- DURABLE
- ALL-STEEL

Here's the perfect building for general storage, stock shelter or dairy barn. This sturdy, fire-resistant Quonset 40 gives you the added strength, permanence and reliability found only with Stran-Steel's arch-rib, clear-span design. It offers varying-length flexibility, rugged durability and many-use versatility, all at reasonable cost. See us for complete details without delay.

YOU CAN'T BEAT QUONSET FOR VALUE!

Here's Some Important Information . . . !

About Financing Grain Storage

DID YOU KNOW? The Commodity Credit Corporation will loan up to 85% of the cost of a grain storage structure erected on your farm.

DID YOU KNOW? The rate of interest on such loan is only 4% per annum.

DID YOU KNOW? Such a loan can be made for a period of five years, with provisions for deferring payments in event of crop failures.

DID YOU KNOW? You can make annual payments on this loan with the profits earned from storing your own grain in your own Quonset.

DID YOU KNOW? That costs for storing grain other than on your farm will pay for your all-steel Quonset within two years or less.

DID YOU KNOW? That this program expires June 30, 1951.

Taxes On Farm and Ranch Lands in Texas Again Increased Last Year

COLLEGE STATION, May 28.—Taxes on Texas farm and ranch real estate increased in 1950 for the fourth consecutive year. The average increase for the state was four per cent, compared with 15 per cent for 1949.

Total taxes levied averaged 26.6 cents per acre. This is about 50 per cent higher than the 1936-46 average of 18 cents per acre. A record high of 29 cents was levied in 1931.

Taxes ranged from an average of five cents per acre in the Trans-Pecos area to \$3.41 in the Lower Rio Grande Valley. This variation reflects the wide differences in Texas agriculture and the intensity of governmental development, according to Robert G. Cherry and L. P. Gabbard, Texas Agricultural Experiment Station economists, who made the 1950 tax study.

Some counties recorded slight decreases, and the rise in some counties was much higher than the state average.

Cherry and Gabbard report that school districts were responsible for most of the increase in 1950. State and county taxes generally showed no appreciable change.

In recent years schools have increased their share of the total tax bill, while the proportion from county levies has declined. In 1950 school districts accounted for 50 per cent of the farm and ranch real estate taxes, counties for 29 per cent, the state for 14 per cent, and other districts for 7 per cent.

The extension of levies to most land by the Gilmer-Aikin school laws has been a contributing factor to the growth of school taxes, report the economists.

Although assessments per acre were higher in 1950, taxes were easier to pay than in 1949. The relative rise of taxes was less than the rise of prices over 1949. The tax-price ratio declined in 1950 from 1.03 to .97, which is slightly less than the base year 1913.

The experiment station economists expect the upward trend of taxes to be halted, at least temporarily, in 1951, since 1950 was the last year in which the state will levy property tax for general revenue purposes. However, the possible tax load has not been greatly diminished—because counties may now levy an additional 30-cent rate.

COTTON COMING UP

Ray Griffiths said he observed on a trip to Farwell Tuesday that lots of cotton was "peeping through the ground." Farmers everywhere would like to see several days or even weeks of dry weather before another heavy rain falls in order that the plants may get beyond the danger of drowning out.

SHOW CARD Colors and Brushes. We have them at The Journal. If

Meals To Remember

A dish that is different to tempt the family appetite is certainly the dream of every good cook. And one of the easiest ways to accomplish this is by using the recipes of some European country. As a result the food tastes better and conversation is stimulated with pleasant memories of visits to foreign lands; or there is a quickening interest to see new places. There is Turkey, for example, and if it seems a long way off to you, remember Istanbul is only 26 hours from New York by air. Here, where Europe and Asia meet, there is a fascinating mixture of ancient cultures and modern conveniences.

After 7,000 years of experience, Turkish cookery offers you ways to prepare familiar foods that are different in flavor and texture. Take such a simple thing as eggplant. This is a favorite vegetable in this part of the world and is prepared in many ways. Today's recipe for stuffed eggplant is delicious and well worth trying. Rice is also one of the important foods in Turkey and a particularly appealing native dish is a pilav of rice and chicken livers (recipe below).

Turkish Boerek is a most versatile bit of delicious eating. How you serve it depends upon its size, shape and the filling. It can be made into very small rolls, triangles or other shapes and served as canapés. When slightly larger it is perfect as an appetizer, while a very large size makes the main dish of the meal. And, with a sweet filling, it can also be used as a dessert.

Boerek can be made of Turkish pastry dough or your own puff paste rolled thin as tissue paper. Cut dough into desired size and brush with melted butter. Place a

teaspoonful (or more) of filling on each piece of dough or puff paste. Roll up or fold over the dough, handling quickly and as little as possible. Place in greased baking pan and brush with melted butter. Set in modern oven, 375 degrees F. and bake until golden brown and crisp, about 25 minutes.

Boerek Filling for Boerek
 1/2 lb. cheese, (cream cheese and Turkish or cottage cheese),
 1 egg
 1/4 cup milk (about)
 1/4 cup chopped parsley
 2 tbsps. butter or margarine
 Blend cheese, add egg, milk, butter and parsley. Mix well, six servings.

Other fillings:
 Chopped spinach and onion, a little milk and butter.
 Chopped, cooked, leftover meat or chicken, egg, a little chopped onion and parsley.
 Chopped nuts, cinnamon and sugar makes a dessert filling.

IMAN BAYILDI

1 large eggplant
 1/4 cup olive oil
 1/4 cup rice
 1 1/2 cup boiling water
 1/2 tsp. salt
 1/2 cup minced onion
 1 clove garlic minced
 1/2 cup minced green pepper
 1/2 cup minced parsley
 1/4 cup fresh cut mint or - tsp. dried mint
 1/2 cup seedless raisins
 1/2 cup slivered almonds
 1 1/2 cup canned tomatoes or 2 cups minced fresh tomatoes
 salt
 pepper
 Cut long slices from side of eggplant. Cut out center pulp, leaving shell 1/2 inch thick. Chop the pulp. Heat 1 tbsps. olive oil, add rice, boiling water and 1/2 tsp. salt. Bring to a boil. Cover and cook

over over low heat until water is absorbed and rice is tender. Heat remaining olive oil. Add eggplant, minced onions, plant is tender. Add parsley, mint, raisins, nuts, tomatoes and combine with rice. Season to taste with salt and pepper. Sprinkle eggplant shell with salt and pepper, fill with mixture and place in baking pan. Brush cut slice with oil, sprinkle with salt and pepper, and place beside stuffed eggplant. Add just enough water to cover bottom of pan and bake in moderate oven (375 degrees F.) 40 to 60 minutes, depending upon size of eggplant, until shell is tender. 6 generous servings.

At the end of 1950, 19 cooperative health centers and nursing staffs along with necessary equipment were in operation in Texas.

UPTON FAMILY ARRIVES

Members of the Onard Upton family arrived Sunday from Steele, Mo., to make their homes here. Mrs. Upton and their two children had remained in Steele until the end of the school term. Mr. Upton is manager of the National Alfalfa Milling and Dehydrating Co., Muleshoe plant.

LEVEQUE HOME ON LEAVE

Martell LeVeque, son of Mr. and Mrs. W. B. LeVeque is home on a fifteen day leave from where he is stationed in San Diego, Calif. The LeVeque's plan to spend a few days in Springfield, Colo. while he is here.

Farmers should review their insurance needs in light of present day building costs and make needed adjustments.

THE MULESHOE JOURNAL, Thursday, May 31, 1951

ATTENDING SCHOOL

Bob Gregory, representative here of the Great National Life Insurance Co., of Dallas, is attending school at S. M. U. on insurance merchandising. On a card to The Journal he says he is "getting lots of good learning concerning Estate, Business, and Partnerships to enable me to give people good sound advice on their problems."

Forty-five farmer cooperatives were organized in 1950, not including health centers, cooperative hospitals and REA associations.

Service Guild To Install June 11

The Wesleyan Service Guild met Monday evening May 28, at Fellowship Hall with a covered dish supper, being the last meeting of the current year. Mrs. Ray Edwards brought a short devotional. A short business session was held with the president presiding.

Mrs. Curtis Spivey, chairman of the nominating committee reported that Mrs. Buford Butts had consented to be vice-president under the condition that she would not be asked to be the next president.

Mrs. Ray Edwards was elected treasurer. Mrs. Edwards is serving the un-expired term of Mrs. Morris Childers now.

At the next meeting June 11, an installation and pledge service will be held, the place to be announced later.

Miss Elizabeth Harden and Mrs. A. S. Stovall, president and vice-president, were greatly surprised by the Muleshoe Wesleyan Service Guild. Mrs. Ray Edwards asked each of the ladies to present the other with a pin as a life member of the Women's Society of Christian Service of the Methodist Church Wesleyan Service Guild. Mrs. Stovall in her clever manner presented the pin to Miss Harden as representing Santa Claus. Miss Harden in turn also represented Santa Claus to Mrs. Stovall.

Mrs. Curtis Spivey then presented a gift from the Guild to Miss Harden as the retiring president.

Those enjoying fried chicken, salads, iced tea, ice cream and cake were Mesdames A. S. Stovall, Curtis Spivey, Buford Butts, Jim Cox, James Case, H. A. Phillips, Francis Gilbreath, Homer Sanders Sr., Homer Sanders Jr., Misses Dian McClurkin and Elizabeth Harden.

HD Club Met Tuesday, May 22

The Muleshoe Home Demonstration club met Tuesday May 22, in the home of Mrs. E. E. Marris with eighteen old members and one new member.

Mrs. A. W. Copley gave the council report, and also the report on the 4-H dress review.

Mrs. W. H. Awtrey and Mrs. Wiley Bowers, yard demonstrator gave a report.

Mrs. S. C. Caldwell, civil defense leader, asked all members to provide one or more light, that isn't electric, before the next meeting.

Mrs. Ada Murrain of the Progress Club gave a very good demonstration on bronzing baby shoes and American resden.

Refreshments were served by the hostess to the following Mesdames: Olen Dutton, Kenneth Burton, C. E. Briscoe, Wiley Bowers, M. A. Cooper, C. H. Gillis, A. W. Copley, C. M. Simms, C. D. Julian, S. C. Caldwell, A. W. Awtrey, Ray White, E. H. Baugh, Don Bruns, Leon Julian, E. E. Holland, A. I. Stencil, Mrs. Dames, and new member Mrs. Maddox.

Next meeting will be with Mrs. C. H. Gillis.

Covered Dish Dinner Is Given

The Half Century Club met May 24 at the Odd Fellow hall, for a comfort tacking. We all brought a covered dish and had a fine dinner.

Attending were members: Mesdames Davis, Gilbreath, Williams, Kistler, Duke, Farrell, Gross, Fanter, Moeller, Carles, Harden, Paul, Snyder.

Visiting and assisting were: Miss Elizabeth Harden and Miss Mildred Davis.

The club will meet in the home of Frank Snyder, Thursday, May 31, all day to celebrate Mrs. Bell Snyder's birthday. Each member will take a covered dish and the Snyders will furnish the fried chicken.

Society News

THE MULESHOE JOURNAL, Thursday, May 30, 1951

Council Plans Civil Defense

The Bailey Co. Home Demonstration council met Monday May 21 at 3 o'clock in the regular monthly meeting with eight members, one visitor and Miss Dian McClurkin present.

The council voted to pay half of the expenses of delegates to the crafts short course at Tech July 9-13. Mrs. M. J. Gibson of the Enoch club and Mrs. Gross of the Progress club were elected to go with Mrs. S. C. Caldwell and Mrs. Thompson as alternates.

Six girls and an adult leader will attend the summer camp at Lubbock June 12-14.

The council will send Barbara Bowers, winner in the 4-H dress revue, to the Roundup June 25-27 at A. & M. An adult leader will go also.

Mrs. S. C. Caldwell civil defense chairman of the clubs of this county discussed plans to begin work in this county at once with other chairmen of each club in the county. The first thing the clubs plan to do is to provide at least one light for the home in addition to electricity. Copies of "Survival Under Atomic Attack" for each club member in the county will be ordered.

Mrs. Griffiths Fidelis Hostess

Mrs. Ray Griffiths entertained the Fidelis Sunday School class with a lovely luncheon May 24.

The meal was ready when the guests arrived. After the noon hour, their time was spent taking pictures, which will appear in the scrapbook that is kept of the club's activities.

There were twenty members present and two visitors, Mrs. Evans from Bakersfield, Calif., and Mrs. N. H. Greer, Muleshoe.

The members present were: Mesdames L. T. Green, J. M. Forbes, Tye Young, H. E. Schuster, C. A. Barnett, C. E. Lane, R. L. Jones, J. V. Peeler, M. F. Green, W. F. McAdams, C. P. McAdams, H. B. Mathis, E. H. Kennedy, Arlie Thomas, Horace Black nedy, Arlie Thomas, L. C. Roddam, Horace Blackburn, Lila Pence, C. M. King, J. J. DeShazo, and the hostess, Mrs. Ray Griffiths.

WSCS Changes Its Days For Meeting

The Progress Woman's Society of Christian Service met May 28 at the Methodist Church.

Mrs. Atkinson took the devotional from John 6:2. Mrs. Gwyn led in prayer and the song No. 479 was played by Mrs. Gwyn while the group read the words silently.

The business meeting was opened with a discussion of the pastor's study furnishing. It was voted to buy a lamp and curtains in addition to the other furniture.

The motion was made and seconded that the Society change its meeting date from second and fourth Mondays to first and third Thursdays at 2 o'clock.

The society voted to have a social every 5th Thursday. The remaining time was taken up with a training day for the new officers.

Sunshine Club Met May 17

The Sunshine Club met in the home of Mrs. S. D. Williams, May 17, with seven members present and one visitor, Mrs. Tom Payne who is an old member. We all enjoyed seeing her again.

The meeting opened with each member reading a verse from the Bible. Several business matters were discussed. We decided to send a "get well" card to a sick girl. Her name and address is Miss Lenora Jean Blancet, Rt.

2, Box 286, Roswell, N. M.

Delicious refreshments of cake and coolaide were served to the following Mesdames: Patterson, Chambless, Adams, Lee, Nash, Coulter, Williams, and the children present were: Mattie Mae Chambers, Jerry Don Coulter, Boris Lee, Susie and Jimmie Williams, and Mrs. Patterson's grandson.

The next meeting will be in the home of Mrs. N. W. Lee, June 7. All members are urged to come and bring your thimble and needle for work.

Lodge Honors Mrs. Snyder

The Muleshoe Rebekah Lodge met in regular session Tuesday night May 29.

Mrs. Sarah Billie Snyder (grandmother) was honored with a handkerchief shower for her birthday. She was also presented a two tiered birthday cake bearing eighty candles as the group sang "Happy Birthday." Everyone wished her many more happy birthdays.

Refreshments of sandwiches, cake, coffee, and iced tea were served by the ones having birthdays in April and May.

Visitors from Earth and Needmore were: Lora Billie Hickman, Faye Adrian, Billie Lois Kirby, Henrietta Armstrong and Inez Barton, all of Earth; Jewel White, Maud Young, Gracie McDaniel, Millie Simms, Juanita Busby, Clinton Busby and Sam Simms all of Needmore. We are always happy to have visitors.

The children from I.O.O.F. Orphans home at Corsicana will be here to put on a program the night of June 27. It will be open to the public.

STAPLING MACHINES and staples at The Journal, Phone 54.

Local Golf Ass'n Elects Officers

Charles Lenau was elected president of the Muleshoe Golf Club at a meeting of golfing enthusiasts held at Wood Drug last Friday night. Other officers chosen are: Lowell Irvin St. Clair, vice-president; A. S. Stovall, secretary and treasurer.

Directors elected are: Gil Wolard, Paul Gardner, Morton Oliver, D. H. Sneed, W. T. Bovell, Randy Johnson, and Houston Hart.

Membership fees have been set at \$25 a year and membership dues will be \$25 a year.

The club will hold another meeting tomorrow, Friday, night at 8 o'clock and all who are interested in playing golf are invited to attend. The meeting will be at Gerald's Cafe.

It is hoped to begin construction on the course in the next few days. Land on the airport property belonging to the city has been made available for the 9-hole golf course.

PROGRAM CHANGED

Instead of having a program Friday night at the close of our Daily Vacation Bible school, we will have a special service at the church Sunday evening, beginning at eight o'clock. We invite and urge all parents, of the children who have attended the school to come and bring all the children. Of course we welcome everyone to come, but we are especially anxious for all the children who have taken part in the work to be present.—H. W. Hanks, Pastor.

HOME FROM FISHING TRIP

Mr. and Mrs. Alvin Allison and family have just returned from a fishing trip. They had good luck and caught lots of fish. Their son, Johnny, was the champion.

Sand Hills Philosopher Says Truman, MacArthur Both May Be Wrong

Editor's note: The Sand Hills Philosopher on his Johnson grass farm is confused, his letter this week reveals.

Dear editor:

I would like to know whatever happened to the Texas Legislature?

As I recall, it was in session and trying to get some California gambler to come to Austin and I guess explain how to improve the game and still keep it on a friendly basis when President Truman fired General MacArthur. I haven't heard a word out of it.

I suppose it's still in session, but the MacArthur fuss has dominated the news so much everybody forgot about Austin and as far as I know they may be just sitting around listening to the radio themselves.

If you ask me, the Legislature missed a big opportunity. Right when the people's minds were all on Washington was the ideal time to go ahead and balance the state budget in a statesmanlike way, vote whatever new taxes was needed, pass any laws they could think of, and adjourn and go home. Wouldn't a person have heard about it till months later.

Why right now I couldn't tell you what the Legislature has done in the last four weeks anymore than I could tell you what it'll do next week. Never again will a group of law makers have such a golden opportunity to legislate like they please.

In regard to the Truman-MacArthur argument, so many words have been spoken on the matter now I'm about played out with it, about bogged down in testimony myself, but I can say this, the wage pension problem would be wiped out completely if every man, when he reached the age of 71 and lost his government job, was given the choice of making \$100,000 a year selling typewriters or \$150,000 a year selling Hadaoal.

Is there anything to the report that Truman is trying to get them companies to hold the offers open just in case he's available after 1952? I knew there was lots of jobs open these days, but had no idea jobs pay that kind of money was going to begin. Almost wish I had a job so I could get fired into a higher bracket myself.

Yours faithfully,
J. A.

COTTLE PIONEER, WELL KNOWN HERE, PASSES ON

C. J. Combest, last of the living organizers of Cottle County, died a few days ago at his home in Paducah. He was a widely known Plainsman, a friend to many people now living around Muleshoe.

Mr. Combest had reached his 96th birthday May 16. Born in Kentucky, he came to Cottle County in 1890.

ARE IN SAN DIEGO

A post card from the Jack Kings to The Journal was mailed at San Diego, Calif. Jack indicated he was doing some deep sea fishing. He said they would be home in about two weeks and likely will reopen their grocery store shortly afterwards.

Silage Is Good Dairy Feed

COLLEGE STATION.—"A full silo is good feed insurance. If pastures get short or drought strikes, silage will keep the dairy cow producing." This statement is from a new bulletin prepared by Texas A. & M. College dairy specialists.

The authors of Extension Service bulletin 156 say that silage is the cheapest, and best substitute for a good pasture.

Next to pasture, silage is the cheapest source of feed. Based on certain cost figures given in the bulletin, 100 pounds of total digestible nutrients from silage costs \$1.40; from alfalfa hay, the same amount costs \$3.00; and from a concentrate mix, \$5.40.

One ton of silage, costing \$4 or \$5, is equal in feeding value to about 500 pounds of 16 per cent grain mix, costing \$17 or \$18.

In addition to the advantages, and costs of silage, this bulletin contains information on silage crops, different types of silos, harvesting silage crops, filling silos, and feeding silage.

Feed And Grain Dealers Covered By Wage, Hour

DALLAS, May 22.—Texas grain and feed dealers who manufacture, sell, or distribute live stock and poultry feeds are covered by the minimum wage and overtime pay provisions of the amended Federal Fair Labor Standards Act, just as they were by the old law enacted in 1938, according to William J. Rogers, regional director of the Wage and Hour and Public Contracts Divisions of the U. S. Department of Labor in Dallas.

Even though such grain and feed dealers may not sell any of their food products outside the state, they are not exempt from the law, he said.

Such grain and feed products, even if sold on a strictly intrastate basis, go into live stock and poultry which are sold and shipped outside the state, he said. Whether the product sold outside the state is in the original or a processed form, whether it is all or a part, and whether the sale is direct or indirect makes no difference. The law applies to the original dealer who manufactures, sells, or distributes such live stock and poultry feeds from which the interstate product is derived.

Because of possible misunderstanding or confusion on the matter of such coverage by the law, Mr. Rogers said he was anxious that all such dealers should realize that coverage under the amendment was in no way different for them than under the old one. Congress amended the law last year.

Mr. Rogers said that a brief digest of the law as it applied to such grain and feed dealers would require them to pay their employees the minimum wage of at least 75 cents an hour and at least time and a half for overtime after 40 hours each week. As to child labor, he said the law would require a minimum age of 16 years for most work in such plants, and 18 years for hazardous jobs.

Serves On Guam

Sic. JOHN A. BENSON, Jr.

John A. Benson, Jr., Seaman First Class, United States Navy, is serving on Guam, according to information received here by his parents, Mr. and Mrs. John A. Benson, Sr.

Mrs. Benson was delighted to receive some verses from her son on Mother's Day recently, which we print here:

MOTHER

There's one girl in this world I know
Who'll never let you down;
When things go wrong and you need help,
She'll always be around.

You never take her out on dates,
But still she loves you most;
She seldom gets your sweet embrace.

But still of you she'll boast.
She stays at home and worries
Whenever you go out,
And prays you'll get back safely.

She's a true girl that's no doubt.
Now let us all just think of her.
This day is called her own.
And send our love and good wishes
To Mother back at home.

ed Act was in no way different for them than under the old one. Congress amended the law last year.

Mr. Rogers said that a brief digest of the law as it applied to such grain and feed dealers would require them to pay their employees the minimum wage of at least 75 cents an hour and at least time and a half for overtime after 40 hours each week. Lt. D. L. Smith At Vance AFB

VANCE AIR FORCE BASE, Enid, Okla.—First Lt. Denzil L. Smith checked in at Vance Air Force Base this week, having been assigned here for the purpose of attending the reserve officer's pilot refresher course.

Lt. Smith is the son of Mr. Denzil O. Smith of Muleshoe.

The purpose of the pilot's refresher course is to acquaint newly recalled reserve officers with the new equipment and procedures now being used in the Air Force. Smith was an aircraft and engine instructor at the Air Force school at Sheppard Air Force Base, Texas before his recall to active duty as an officer at Vance.

Vance is one of three advanced multi-engine pilot training bases, where aviation cadets are trained in the new T-28 trainers and the famous B-25, Billy Mitchell" bombers.

The total number of sheep in Texas in 1950 was about 2,800,000 fewer than the 1939-48 ten-year average.

REPAIR JOB ON WATER TOWER IS COMPLETED

City officials this week report the repair and repainting job on the old water tower has been completed. All seams were re-welded and the whole tank was repainted. The city spent \$1,400 to bring the tank into a state of good repair and avoid trouble later.

At the same time a retouching was given to the paint job on the new water tower and tank, this work being done free by the firm which originally painted it.

FROM LITTLEFIELD

Peggy Bethel, of Littlefield, who has been visiting here in the home of her uncle and aunt, Mr. and Mrs. A. P. Lambert, was returned to her home Sunday by the Lamberts.

TRAVELING SALESMAN

"55,000 hard, fast miles have been put on my Pontiac, with new Conoco Super," says David Brown, Salesman, Salt Lake City. "That car is still like new—excellent gasoline mileage, oil consumption slight, and no engine repairs."

PIKE'S PEAK TOURS

"Our car makes 2 or 3 trips to the top of Pike's Peak every day during the summer," reports R. P. Finney, Sight-Seeing Service, Colorado Springs. "We use Conoco Super and never have to add oil between 1,000-mile drains."

How can you Tell till you Try It?

THE days and weeks are slipping by—and what have you done about it? What have you done to find out how it feels to handle a high-powered and high-spirited '51 Buick? We'll tell you this. In all the years that Buick has been building fine automobiles, there's never been the match for this one. This is a car that likes to be compared—for power, for performance, for ease of control, for ride, and room, and comfort. We can tell you its valve-in-head Fireball power sinks you back in the cushions at the touch of your toe. We can tell you it's nimble-footed in traffic, or that it conquers hills with smooth and exultant momentum. We can tell you it hugs the road and holds the curves as if it were drawn by an invisible magnet. We can tell you that it has big, soft coil springs on all four wheels—or that its gas mileage will put a smile on your face. We can tell you that Dynaflo Drive* No other car provides all this:

DYNAFLO DRIVE* • FIREBALL POWER
WHIRL-GLOW INSTRUMENTS • DREAMLINE STYLING
4-WHEEL COIL SPRINGING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
BODY BY FISHER

When better automobiles are built BUICK will build them

Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

REPAIR JOB ON WATER TOWER IS COMPLETED

City officials this week report the repair and repainting job on the old water tower has been completed. All seams were re-welded and the whole tank was repainted. The city spent \$1,400 to bring the tank into a state of good repair and avoid trouble later.

At the same time a retouching was given to the paint job on the new water tower and tank, this work being done free by the firm which originally painted it.

"I got the story on 50,000 Miles-No Wear and changed to New Conoco Super Motor Oil"

says Marshall Rousseau
Police Sergeant
Harrison, Texas

"Driving at all kinds of speeds, I've piled up 30,000 miles. I've used Conoco Super in my personal cars, and have had absolutely no engine trouble of any kind."

"50,000 Miles-No Wear!" Proved Here:

After a punishing 50,000-mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence; in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

Soil Conservation District And Voc. Ag. Dept. Have Equipment For Rent

The work unit of the Blackwater Soil Conservation District with offices in Muleshoe has made a contract with the Vocational Agriculture Department of the Muleshoe High School to handle the equipment and machinery owned by the SCS work unit here.

They now have four land planes or levelers, four small seed drills for alfalfa and grass seed and one manure spreader available to the people of the county. One land leveler and one seed drill will be located at the vocational agriculture department of the Three Way school in the south part of the county. The rest of the machinery is located on the high school grounds in Muleshoe and may be rented by seeing Mr. Dowell or Mr. White the vocational agriculture teachers.

The Soil Conservation Supervisors decided that it was unsatisfactory to have a piece or two of the equipment at each supervisors place and probably have it returned to some one who had not returned it when some farmer needed it. They explained that it is necessary to charge rent on the equipment in order to pay for it and have set the rates as follows:

A land plane or leveler, \$10.00 a day from the time it is received until it is returned.

A seed drill five dollars a day or fifty cents an acre whichever is greater.

A manure spreader four dollars a day.

According to the contract between the Soil Conservation Unit and the Vocational Agriculture Department the teachers are to have the borrower sign an agreement and deposit \$100.00 at the time the equipment is received. When it is returned the unused part of the deposit will be returned. Mr. Dowell said that what actually happens is that a man leaves a check for \$100.00 when he receives the equipment. When he returns it he gives another check for the amount of the rent he owes and tears the \$100.00 check up.

Both the Soil Conservation officials and the Vocational Agriculture teachers stress the fact that the equipment is available to the people of the county and should be used as much as possible instead of standing idle. Also that it is now stored in one place and easily available. More land needs leveling, more alfalfa and grass should be seeded, and all available manure saved and spread on the land.

TIMELY TIPS FROM YOUR H. D. AGENT

By Miss Dian McClurkin

TIN FOR CANNING

Assurance that perishable foods will not go to waste this year for lack of metal containers for canning comes from the National Production Authority which has provided that canners will have adequate supplies of cans and of metal closures for glass jars for packing all perishable foods. This holds not only for commercial canners but also for home, community, school lunch, and institutional canning. For the latter purposes the buyer of cans or other metal canning equipment should state that the canned food will not be sold.

In a recent announcement NPA said the following steps will be taken in the interest of the Nation's food supplies:

1. Canners of perishable foods will be given preference over other packers in obtaining metal cans.

2. The packaging of beer, dog or other pet foods, and other less essential products in metal containers will be curtailed gradually in favor of other types of containers.

3. A further increase of about 12 per cent will be permitted in the allotment of tin for tin plate manufacturers in the second quarter of the year to insure enough cans for preserving perishable foods.

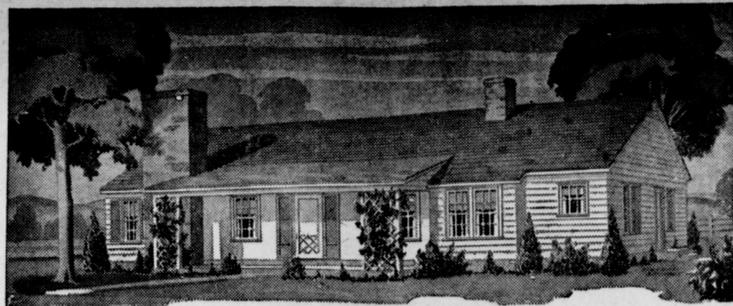

The plan for directing more tin to food packers was developed in cooperation with the U. S. Department of Agriculture, which, with the National Production Authority, reviewed the requirements and availability of cans and closures.

New Fluorescent Lighting

If you haven't been entirely satisfied with the lighting effect of fluorescent lamps, it may be because you haven't tried some of the newer tubes. These are called "deluxe cool white" and "deluxe warm white," and they are more familiar yellowish white of incandescent lamps, giving the warmer atmosphere most people like in homes. The new fluorescent lights may not be available everywhere yet, but they are worth watching for.

The lighted appearance of these tubes matches the standard cool white and the standard warm white, but the deluxe tubes give far better color appearance. They are slightly less efficient—that is, they give a little less light for the money spent on electricity than the standard fluorescent tubes. But all fluorescent lighting is more efficient than the older filament bulbs.

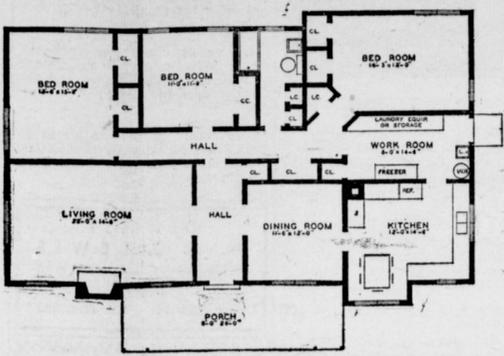

In the work world—factories, offices, school rooms and most stores

Designed For Gracious Living

This plan offers you a beautiful home with a lot of space for comfortable living at the very lowest possible cost in terms of dollars per square foot of usable area. All of the rooms are rather spacious and in every case you have plenty of unbroken wall space for an attractive arrangement of the furniture.

Any farm family will like the kitchen in this house. It should be especially attractive to the homemaker, since it has 21 lineal feet of counter top and an abundance of wall cabinets. Also there is ample space in this room for eating most of the family meals.

Plenty of room is provided in the workroom for laundry equipment or storage as desired. There is also space for a lavatory where the field hands may clean up before going into other parts of the house; and room for a freezer chest and water heater. It has a closet for storage of raincoats, overshoes, etc., that are used outside and cannot be conveniently stored with other clothing.

Although the dining room has

a cool, neutral light of high efficiency most desired. But in the home a warm atmosphere is preferred and true color is important. For example, light that shows true color is especially important in the laundry to show up soil, and stains and prevent scorching in ironing.

The following chart indicates the right lamp to use for different purposes:

For over-all color appearance use deluxe cool white. For most efficient light (most light per dollar) use standard warm white. For cool atmosphere, efficient light use standard cool white. For warm atmosphere, efficient light use standard warm white. For good over-all color appearance, warm atmosphere use deluxe warm white. Best over-all color appearance, cool atmosphere, deluxe cool white. Combination of fluorescent and incandescent in one area, standard cool white for contrast, standard warm white for blending. For blending with natural daylight, use standard cool white or deluxe cool white.

been made a conservative size in order to utilize valuable space, it will conveniently accommodate the dining room furniture, with a table that will seat about ten people very easily.

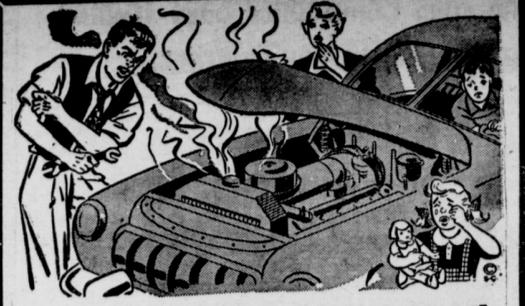

The entrance hall is provided with a coat closet, and will prevent unnecessary traffic in the living room. You will notice that the entire house has been arranged so that it will not be necessary to go through any room in order to get to another. This arrangement will alleviate a lot of housework.

You can obtain blueprints for this JOURNAL FARM & RANCH—Plan No. 4811 and a handy list of materials by which you can figure your construction cost accurately.

Send \$1 to Building Editor, FARM & RANCH—SOUTHERN AGRICULTURIST, Dept. L-36, Nashville, Tenn. Order by number—Plan No. 4811. Blueprints are adequate for any farm carpenter or for any farmer handy with tools. Watch The Journal each week for a new, interesting rural house plan.

BERRY TO ROTC CAMP

Glenn Berry, son of Mr. and Mrs. Tom Berry, is to leave June 7 for ROTC camp in New Jersey. It will be his third such camp. Glenn will get his B. S. degree at Tech at the end of next term.

Bill McDanel and Jerry Sanders Speakers at Jaycee Installation

Bill McDanel, past president of the Texas Junior Chamber of Commerce, of Dallas, and Jerry Sanders, of Levelland, chairman of the Texas Junior Chamber of Commerce Americanism committee, were guest speakers of the Muleshoe Jaycees installation banquet held at the American Legion Home last Tuesday night with more than 200 persons attending.

Listed below are a few of the highlights of their addresses:

In his address, Mr. Sanders pointed out that attacks on Americanism was increasing both at home and abroad and if we ever sold Americanism abroad, we certainly had to sell it here at home. He stated, "People just can't seem to grasp the idea that our way of life just won't keep going by itself, that it takes the cooperation and help of every individual to see that we keep our way of life. If we don't wake up to this fact, some morning we are going to wake up and find ourselves living a way of life that would make us glad to try to sell Americanism."

He pointed out that a large percent of students in our colleges and universities did not know the basic fundamentals of our American history, and foreign history was a far more popular history than that of the United States. Mr. Sanders said, "If we can make that booming voice of Abraham Lincoln come echoing down the corridors of history with the proud proclamation 'What this is a government of the people, for the people, and by the people, we won't subordinate the individual, but will raise a generation that will return our government to the source of its power.'"

In closing, he said, "A better informed American public, one which can stand against the tide of onrushing Communist and foreign ideologies with the strong and sincere belief that Americanism is the greatest adventure in human freedom this world has ever known."

The installation address was made by Bill McDanel, past state president of the Texas Jaycees and candidate for the national Jaycees' president.

Mr. McDanel began his talk with "Men cannot live without faith in something. It was this insurmountable faith that enabled George Washington and the patriots of Valley Forge to win the battles that gave America its liberty, and, since then, we advanced

in only a few generations to be the most powerful, most prosperous, most free people on the face of the globe. Ours is called a land of more-and-more—more churches, schools, libraries, hospitals, enlightenment, achievement, health and general well being, and more good will toward others—ours is a great heritage."

"But there is a lesson we must learn from all this—that Freedom itself is not free. Freedom is paid for with responsibility—each individual's own responsibility for his own welfare and security. With this as an example there is no need to remind you that freedom is not to be sacrificed for security. Security is an old man's work, not an old man in years but in thoughts. America, today, needs courageous young men with burning ambition and faith in the future."

Mr. McDanel gave as a definition of Americanism "faith in the future of America."

He said, "The Jaycees are an American way of life. Our deeds are well known. Is it worth it all?" To prove his argument he gave several outstanding examples of what the Junior Chamber of Commerce had done for Americanism, including several ones of clubs with less than 30 members.

"Wherever I go," he said, "I shall continue to boast and brag about this prodigious army of volunteer young men who call themselves the Texas Jaycees. This urge which makes them take time from their jobs and pleasure to work more unselfishly for the betterment of the community is unique in the world. It is, in a way, the main spring as well as the safeguard of democracy. I urge you to continue the great works you are doing for the kids of America." He gave illustrations of swimming pools, parks, youth centers, Christmas parties, and underprivileged children.

Mr. McDanel closed his talk with "Go forward and upward. Keep your eyes and your chin up; always remembering that faith in God gives purpose and meaning to life."

VISIT IN ARTESIA

Mr. and Mrs. C. W. Goss spent the week end with their son, Truitt Goss in Artesia, N. M. last week.

In the Growing Muleshoe Country

THE FARM HOME OF Mr. and Mrs. Troy Atkinson and daughters, Sue and Donna, west of Muleshoe is pictured here. The Atkinsons have 320 acres under irrigation. Their home is another example of the improvements being wrought in the rapidly developing Muleshoe country.

FUTURE FARMERS AT WORK

Howard Hale and his beef cattle project. He came to Muleshoe from Tullia in the middle of his freshman year. Howard has now had two years of vocational agriculture and will be a candidate for a Lone Star Farmer degree next year.

Hospital News

Those undergoing tonsillectomies are:

Virginia Stanford, daughter of Mr. and Mrs. John Stanford.

Frankie Lee Hooges, son of Mr. and Mrs. John Hodges, Goodland.

CONGRATULATIONS TO:

Mr. and Mrs. C. E. Pruitt, on the birth of a son, Johnny Lee, May 29.

Mr. and Mrs. J. H. Lackey, on the birth of a daughter, Rena Kaye, May 28.

Mr. and Mrs. E. W. Tucker, on the birth of a daughter, Sharon Kaye, May 29.

Mr. and Mrs. R. B. Linville, on the birth of a daughter, Brenda Kay, May 24.

Mr. and Mrs. Y. L. Sinclair, on the birth of a son, Virgil Lee, May 27.

Mr. and Mrs. P. A. Washington, on the birth of a daughter, Loretta Jeanine, May 26.

Farmers who have submitted soil samples to the Texas A. & M. Soil Testing Laboratory are finding that the results of the tests and the recommendations that go back to them from the lab are very useful.

Smith Given Farewell Party

A farewell party was given in the home of Mrs. J. S. Smith Friday night for Jimmie Smith of the U. S. Navy who has been home on a 14-day leave, visiting his mother, Mrs. J. S. Smith, brothers and sisters.

Out-of-town guests attending were: Mr. and Mrs. J. B. Smith of Snyder, Tex., and Irvin Smith of Big Spring, Tex.

He returned to San Diego, California Saturday, May 26.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To: W. H. Kilman, Defendant

Greeting:

You are hereby commanded to appear before the Honorable District Court of Bailey County at the Court House thereof, in Muleshoe, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 2nd day of July A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 19th day of May A. D. 1951, in this cause, numbered 1695 on the docket of said court and styled Louise Kil-

THE MULESHOE JOURNAL, Thursday, May 31, 1951

man, Plaintiff, vs. W. H. Kilman, Defendant.

A brief statement of the nature of this suit is as follows, to wit:

Plaintiff alleges that she and defendant were legally married April 18, 1943, and that no children issued from the marriage and that there is no community property. That on or about April 1, 1946, defendant was guilty of such excesses, cruel treatment and outrages toward this plaintiff as to render her further living with him insupportable. Plaintiff prays judgment of the court for absolute dissolved court and styled Louise Kil-

fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Muleshoe, Texas this the 19th day of May A. D. 1951.

Attest:

M. G. Bass, Clerk, District Court, Bailey County, Texas.

By Hazel Gilbreath, Deputy. (SEAL) 22-4tc

Unified Action Outstanding Trend In Home Improvement Last Year

COLLEGE STATION—The outstanding trend in farm and home management and improvement in 1950 was toward unified action in matters of common welfare and away from piecemeal methods. Two important factors which contributed much to stimulate the trend were Community Improvement programs and Farm Unit demonstrations.

Specialists in home management for the A. and M. College Extension Service in cooperation with county Extension agents trained 2,562 leaders and committee members in 358 communities organized to work jointly upon improvements. Training was in methods of working with groups on a community-wide basis. Success in community-wide undertakings encouraged many families to make improvements on farms and in homes which otherwise might have been neglected. At the same time communities obtained benefits which perhaps would not have been possible without unified action.

The objective of the farm unit demonstration is to put Extension teaching on a family basis rather than an individual demonstration. County Extension agents help families to plan for current and long-time goals. In planning, consideration is given to all phases of a family's welfare — security, recreation, health, and its contribution to community improvement. In pursuing the program, 440 farm unit demonstration families were helped by Extension Service personnel with farm and home planning in 1950. Meanwhile, 4,933 other families adopted improved practices patterned upon farm unit demonstrations.

Among the specialists' major goals in the housing field was assistance to women and girl operators toward making improvements which would contribute to satisfactory housing. Accordingly, 2,824 families in 182 counties were assisted in constructing houses, and 5,562 in 195 counties in remodeling houses. Large numbers, too, were assisted in installing home improvements like heating, water, and sewage systems; while 20,725 families in 176 counties were assisted in obtaining such home equipment as ranges, refrigerators, washing machines and freezers. Other types of new or renovated home furnishings and accessories, as well as interior improvements of homes, also reached large totals.

During the year the Extension specialists in home management conducted eight conferences on house planning with groups considering construction or remodeling of homes; 11 on kitchen and six on living room improvement. Meanwhile, six meetings were held in conjunction with the State Health Department and Farmers Home Administration. The main purpose was to acquaint the several agencies concerned with housing with standards of environmental hygiene and sanitation of the Health Department. Another objective was to inform the county health unit personnel regarding the housing work being done by the Extension Service and FHA. A further Extension Service teaching activity was instructing all county Extension agents at 14 district meetings upon the details and procedures of rural housing program under the Housing Act of 1949.

Small Stores May Operate Under General Ceiling

LUBBOCK, May 29. — Hundreds of small retail stores in the Far West Texas district of the Office of Price Stabilization will be given the option of continuing to price under the general ceiling price regulation, rather than under the retail regulation, CPR 7, the Lubbock office announced.

The office said many small retail stores with limited book-keeping facilities and clerical help would get this option under the amendment which was scheduled for issue early this week.

The Office of Price Stabilization, in announcing that the amendment was forthcoming, reminded that all other retailers selling items controlled by CPR 7 and its amendments must file their pricing charts by May 31 if they want to continue to sell legally after that date. There will be no extension of that deadline, OPS emphasized.

GRANDSON OF HOGANS IS "DISTINGUISHED YOUNG MAN"

(The following article is from The Jal Record, Jal, N. M.)

Young Tedney Leroy (Bunny) Callaway of Jal will be among the distinguished young men whose portrait will be on exhibit in Lamme Galleries in Denver, Colorado, starting July 16, and continuing through July 20.

The four-year-old Jal boy's portrait was selected by the Portrait Exhibition Forum for exhibition, and is a product of Howard's Studio in Pecos, Texas, and was selected because of unusual merit.

The exhibit is sponsored by the Portrait Exhibition Forum, and is in the interest of good photography.

Young Callaway is the 4-year-old son of Mr. and Mrs. E. J. Callaway, Jr., of Jal, and is a native of this town.

His grandparents are Mr. and Mrs. L. R. Hogan of Muleshoe, and Mr. and Mrs. E. J. Callaway, Sr., of Lometa, Texas.

TO TURKEY

Mr. and Mrs. Woodie Lambert and Judy Kay went to Turkey Tuesday for a visit with relatives.

HOME ON LEAVE

Pvt. Arlie Thomas Jr. is home on a ten-day leave from the Naval Hospital in San Diego, Calif. He will report back there for further orders.

Holton Outlines Rotary Objects

Bud Holton, who will assume the presidency of the Rotary Club of Muleshoe in July, outlined things the club can do in the next year at their meeting held Tuesday noon in the Post-office Cafe.

Holton also announced some of his committee chairmen who will serve during his term in office. The statement of plans and ideas for progress is a tradition with incoming Rotary presidents.

He let it be known that the members of the club will be expected to do the work the coming year, since he has no intention of losing weight attempting to carry out the duties of individual members. If each member will work at his job loyally the club will enjoy a great year, he said.

He will succeed Ray Keeling as president and he admitted that Keeling has set such a good example as president that it will be difficult for him to step into his shoes. But he said he accepts the responsibility and believed that frequent changes of directors and officers is conducive to the development of new ideas and to the advancement of the club. More of his appointments and plans will be published at a later date.

The club is planning a ladies' night banquet June 26 when the new officers will be installed. Methodist ladies will serve the meal in Fellowship Hall.

Pvt. Jennings Is Completing Basic

LACKLAND AFB, Texas.—Pvt. Al E. Jennings, 19, son of Mr. and Mrs. Finis Jennings, Route 1, Muleshoe, is completing his AF basic indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School.

His basic training is preparing him for entrance into Air Force technical training and for assignment in specialized work. The course includes a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

ARRIVES HOME

Jane Stovall, daughter of Mr. and Mrs. A. S. Stovall of Muleshoe will arrive home Friday from Austin where she has been attending the University of Texas. Jane will attend Tech this summer.

Show card ink is available at the Journal office.

ELMER SMITH AT REPLACEMENT CENTER

Private Elmer P. Smith, son of Mr. and Mrs. Barrie F. Smith, Muleshoe, Texas was recently assigned to the Medical Replacement Training Center, a unit of Brooke Army Medical Center, Fort Sam Houston, Texas. The Medical Replacement Training Center, commanded by Colonel Howard S. McConkie, is one of Army's basic training schools for medical service enlisted men. Here the soldier learns the fundamentals of medical support of patients in hospitals and troops in the field.

Baby Pictures To Be Shown

Pictures of all children who took part in the contest at the Valley Theatre entitled "Child of the Year," will be shown at the Valley and Palace theatres here next Saturday and Sunday, June 7 and 8.

Mrs. Hertha Walker, of the theatre management, expressed her appreciation at the interest manifested by local people.

Many of the parents of the children already have been in to select the pose they like best. In cases where the parents do not come in, the theatre management will select the best pose to use in the showing on the 7th and 8th.

HOME ON FURLOUGH

PFC. James Creamer, son of Mr. and Mrs. Buck Creamer is home on a ten-day furlough from Camp Pendleton near Oceanside, Calif. James will report back there for overseas duty.

A delicately balanced system of efficient farming, public relations farming and political farming is very important to American agriculture.

PRIMITIVE BAPTISTS

BELIEVE

THAT all who mourn because
of sin, or who ever have a divine
inclination, are the children of
God, and cannot go to an ever-
lasting hell, because Jesus Christ
bought them and paid for them
with His own blood.

THAT the preaching of the Gos-
pel is to prove that glorious fact,
so that the individual may
choose between living to the
glory and honor of God or a
vain life of unhappiness and dis-
honor.

THAT the church is the most ex-
clusive order on Earth, and that
no disorderly conduct should be
allowed to walk in her ranks.

WE ARE STILL SELLING THAT GOOD VAN HORN LAND

Yes, we are still showing and selling that good Van Horn land. Several of your neighbors have bought down there. This is cotton country, but you can grow anything.

Van Horn has a good climate, plenty cheap labor, and fine neighbors. The land is cheap and you can afford to own it. Let us tell you about it.
 P. S.: We MIGHT have something here you would like to look at. Come to see us.

DAVE AYLESWORTH

See me at my home—Muleshoe Nursery, Muleshoe, Texas.

From where I sit... by Joe Marsh

Just "Can't Get Over" Easy's Fence!

Few years ago, Easy Roberts took a lot of kidding when he planted that hedge of Multiflora roses—along his property line. Folks said he was getting pretty high-falutin'.

But today plenty of people who laughed at the idea slow down when they drive by Easy's place—just to look at those roses. Most beautiful sight you ever saw.

Practical, too! The hedge is a good four foot high now, and at least five foot thick—even a shoot couldn't get through that prickly mass of shrubbery. Best of all, it

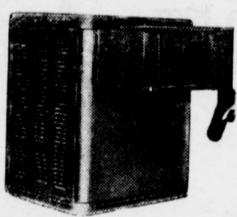

cost less than ordinary fencing. (Might be well worth your while looking into.)

From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

Joe Marsh
