# Detention facility public hearing scheduled Tuesday

The proposal to make an application to the Texas Department of Criminal Justice (TDCJ) for obtaining an Intermediate Sanctioning Detention facility for Haskell will be discussed at a public hearing Oct. 6. Joining together, the County Commissioner's Court, City Council and Board of Directors of

the Development Corporation have called the meeting to gain input from the community about the project.

If obtained, the proposed Intermediate Sanctioning facility will be the second phase of the Haskell County Detention Center. Plans are already in effect for construction of the Regional

County Jail to begin, possibly by the end of the year.

The intermediate detention facility being considered will house men who will be going into the parole system, or the mandatory supervision part of the Texas Department of Criminal Justice System. Held here prior to release, they will be given training in the

life skills needed to aid their ability to make it on the outside. None of these men will be released locally.

An option has been obtained for the developers to buy a 121.5 acre parcel of land just east of the city which would house the Regional County Jail as well as the additional Intermediate Sanctioning

facility. No city or county funds will be used to develop this project.

Looking for additional economic opportunities for Haskell, the city and county leaders expect the Haskell Detention Center Complex to bring 80 to 150 new jobs into the city's economy. Having the Miller Creek water system is an

added asset in attracting developers to the area, they believe, and they are pursuing this extensive venture to help buffer the future economy.

The open public hearing is for all Haskell County citizens. All proceedings will be taped to be sent to the TDCJ. It will begin at 6:00 p.m. at the High School Auditorium.

## Aspermont Hornets sting Indians 14-6

"A hornets sting is worse than his bite."

The Aspermont Hornets Class A third ranked state team protected that ranking Fri., by beating the Haskell Indians 14-6.

In a game that proved to be a good match up for these two teams, both teams had a good defense unit. Although both defenses bent during the first half of play, neither broke, as the 0-0 score at halftime

evidenced.

In the second half of play the offensive action began. Hornet's tailback, Zack Hunter broke through the Indian's defensive line for a 35 yard gain putting the ball on the Indian one yard line. On the next play quarterback Josh Hale, using a quarterback sneak carried it over for the first TD of the evening. With 4:42 to go in the third quarter,

the point after TD was kicked by Brent Meador.

Haskell answered in the fourth quarter when split end Trey Rogers caught a perfectly thrown 16 yard pass from quarterback Jason Trammell. The point after TD was short.

With time showing 8:53 left in the game, and the score at Haskell 6, Aspermont 7, the Hornets took the kickoff at the Indian 49 yard line. On the next play from scrimmage, tailback Zack Hunter raced 49 yards to break open this hard hitting, close game. Again the point after TD kick was good.

The Indians mounted one more threat, failing to get into the end zone, and the game ended 14-6 Aspermont.

Haskell's kicking game was really outstanding for the evening. Trey Rogers had 5 punts for a 48 yard average, and some of the punts were into a strong south wind. Linebacker Jason Hobgood had a pass interception coming off of a hard tackle by safety Ethan Brown on an Aspermont receiver.

Brown's tackle caused the ball to fly up in the air, and Hobgood was the man on the spot. Tailback Joseph Phemister's 69 yards on 10 carries led the Indian ground attack.

Haskell will host the Cisco Lobos Fri. at 7:30 p.m. at the Indian Reservation.

Head Coach Don Flippin said Mon. that the Cisco Lobos are a very good, versatile team. "They do lots of things; throwing run reverses and double reverses. Their record of 1-3 doesn't indicate the strength of this team. They are the best 1-3 team in this part of the county," he said.

Game Statistics were:

	Aspermont	Haskell
1st downs	8	4
Rushes/yds.	40-249	33-128
Passing yds.	0	49
Passes.	0/3	3/11
Had Intercept.	1	3
Punts--Avg.	6 for 35	5 for 48
Fumb. lost.	1	3
Penalties.	5 for 36	6 for 35

Haskell 7th, 8th and JV teams will play Cisco there at 5:00 p.m. Thurs., Oct. 1.

## City wide fire drill set Monday

As part of a State-wide effort during Fire Prevention Week to promote the theme: "Fire Drills: The Great Escape!", the Haskell Volunteer Fire Department will sound its fire alarms and sirens at 6 p.m. Mon., Oct. 5, signaling families all over town to practice their escape plans in case of a fire.

Every family member should have two different escape routes from each bedroom of their home. While one would be the closest door to the outside, another escape route may be a nearby window that can be opened. An adequate escape plan includes checking smoke alarms. Families also should sit down and map out the home's floor plan to show the best escape routes. Parents should designate an outdoor location for family members to meet once they've escaped. Calling the fire department or 911 from a neighbor's house also should be included with every escape plan.

This coming Monday when the Fire Department sets off the fire pagers and sounds the sirens, will be an excellent time for families to practice their plan or at least discuss what they should do in the event of a fire.

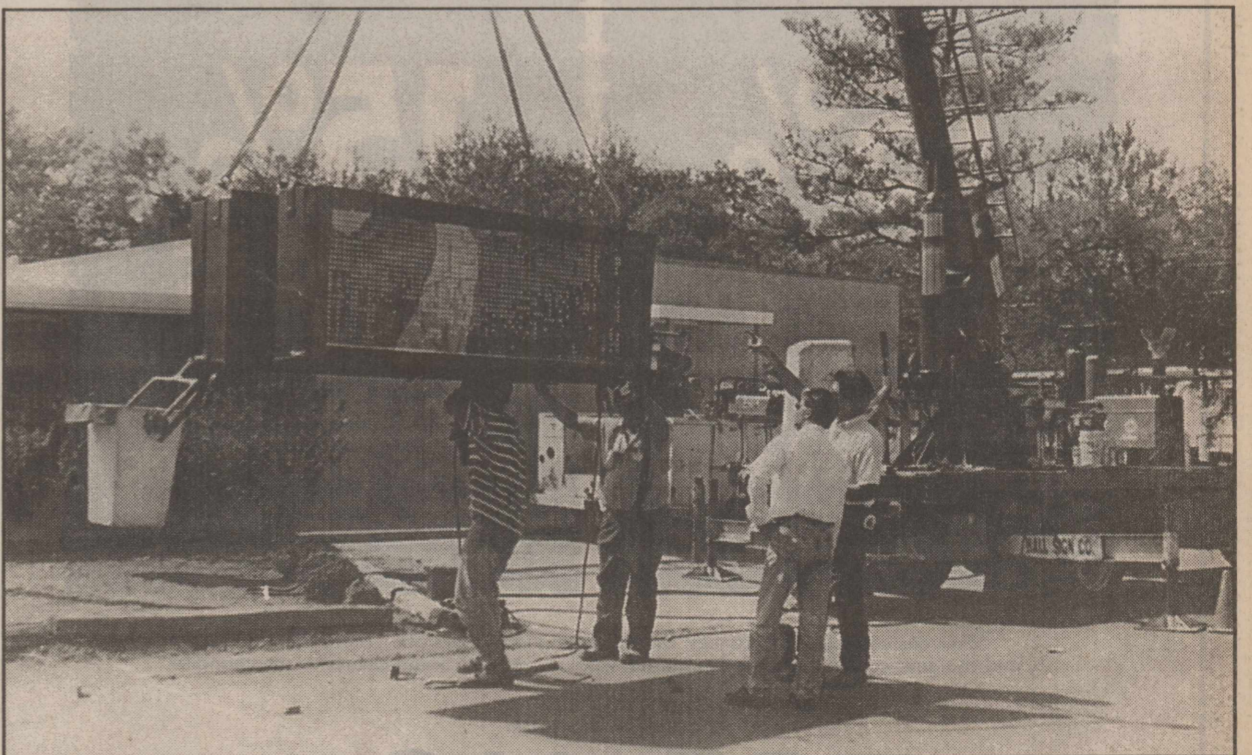

The Haskell Fire Department will recognize fire prevention week with an Open House Oct. 6, 7, 8, from 6:00 to 8:00 p.m. each day. Residents are invited to come by to look at the equipment and trucks, and to ask any questions they may have about fire prevention.

## Burglars take cash registers

Unusual early morning hour burglaries in Haskell this week have left two local places of business without a cash register. In each instance, entry to the building was made through a broken window and the item stolen was the cash register.

A reward is being offered by the Police Department for information leading to arrest or conviction.

Police Chief Tom Bassett requests that anyone with helpful information call him immediately.

SIGN OF THE TIMES--The new electronic marquee went up this week at the corner of the school Administration Building, and is ready to carry community announcements twenty-four hours a day.

## City to help ECC defray expenses

At the Haskell City Council meeting, Mon., Sept 28, the decision was made to help the Experienced Citizen's Center defray operational expenses by rescinding the cost of water, sewer and garbage to the Center.

Approval was given to raise the salary of the Economic Development Corporation director from \$40,000.00 to \$50,000.00 per year. One half of the \$10,000.00 raise will be paid by the City, and one half by the EDC.

In adopting a budget, the Council approved a \$1.00 per user raise in sewer service. Also, the basic dumping fee at the landfill was raised from \$6.25 to \$6.50 per cubic yard.

The 98/99 tax rate of .3483 was adopted.

A 10% salary increase for the office of City Administrator was approved, raising it from \$35,000.00 to \$38,500.00 per year.

### Pirates fall

The Paint Creek Pirates were on pace last Fri. night to set a new 6-man combined team score with the Westbrook Wildcats with a 44-50 half-time score. But they fell short in the second half, being out scored 32-16. The final score for the night was Paint Creek 60, Westbrook 82.

Rushing a total of 305 yards, Eric Hearn scored five rushing touchdowns; three from scrimmage and two kickoff returns.

Jodie Reel scored a 50 yard TD on reception from Eric Hearn and also scored on an eight yard pass reception.

Casper Philips scored on six of eight point after TD tries, for 12 points.

Pallbearers were grandsons, Hollis Howard, Leonard Howard, David Howard, Greg Howard and grandsons-in-law, Duane Yocham and Sam Hourez.

## Commissioners adopt new budget

At the Commissioners Court meeting Sept. 22, the county budget was approved as balanced for the fiscal year 98-99.

Citing the eight fires set in the Paint Creek and Mattson areas by the Monday lightening storms,

County Judge David Davis reported the authorization for Haskell Fire Chief Bill Steele to purchase five new tires for the six wheeled fire truck.

Commissioner Kenny Thompson reported that Pct. 3

hailed material to the Burkett's Restaurant. The EDC will pay for this.

Monty Montgomery, director of the EDC reported on the progress of the Regional County Jail, and also

on the possibility of an intermediate sanctioning facility being constructed in conjunction with the Regional County Jail. If completed, the two facilities will create 140 jobs. Ground breaking for the Regional County Jail is expected by the end of the year. Announcement will be made by the Texas Department of Criminal Justice in Feb. as to which community will get the sanctioning facility. As planned, the facilities will be located east of N. Ave. A, on the Barnett estate acreage. The 120 acres will be purchased by the EDC.

Following Montgomery's report, the Court passed a resolution to support the EDC and progress in Haskell County.

A proclamation was made by the court to make Oct. Breast Cancer Awareness Month.

A request by the City of Rochester for help with funds for their city policeman's expenses was denied. If granted, the court decided that this would be setting a precedent for other county communities to ask for help, raising the question of legality of the issue.

Commissioner Ronnie Chapman moved to advertise for bids to sell a 955L Cat track loader.

### O'Brien homecoming

The O'Brien Homecoming will be held Oct. 9-10-11, beginning at 4:00 p.m. Fri. with visiting at the Knox City Park.

# OPINION

## Food for thought

Beloved, now we are children of God (1 John 3: 2).

Having a right relationship with God begins with settling once and for all the issue that God is your loving Father and you are His accepted, adopted child. That's the foundational truth of your spiritual heritage. You are a child of God, you are created in His image, you have been declared righteous by Him because you trust that what Christ accomplished in His death and resurrection is applicable to you. As long as you believe that and walk accordingly, your daily experience of practical Christianity will result in growth. But when you forget who you are and try to produce in your daily experience the acceptance God has already extended to you, you'll struggle. We don't serve God to gain His acceptance; we are accepted so we serve God. We don't follow Him in order to be loved; we are loved so we follow Him.

That's why you are called to live by faith (Romans 1: 16,17). The essence of the victorious Christian life is believing what is already true about you. Do you have a choice? Of course! Satan will try to convince you that you are an unworthy, unacceptable, sick person who will never amount to anything in God's eyes. Is that who you are? No, you are not! You are a saint whom God has declared righteous. Believing Satan's lie will lock you into a defeated, fruitless life. But believing God's truth about your identity will set you free.

Your perception of your identity makes such a big difference in your success at dealing with the challenges and conflicts of your life. It is imperative to your growth and maturity that you believe God's truth about who you are.

The Bible says, "See how great a love the Father has bestowed upon us, that we should be called children of God; and such we are" (1 John 3: 1). Tragically, many believers are desperately trying to become something they already are, while others are living like something they aren't. It's true: "Beloved, now we are children of God" (1 John 3: 2).

Lord God, I affirm anew that I am Your blood-bought child. The evil one cannot touch me as long as I live according to my position in Christ.

## Letters to the Editor

Dear Editor:

Coming soon will be the greatest un-American treaty ever conceived by the United Nations (UN). It calls for the U. S. to approve a treaty with the UN so that the International Criminal Court (ICC) will have the jurisdiction over citizens of any country in the world. This will result in the next step toward one-world control, which the UN wants.

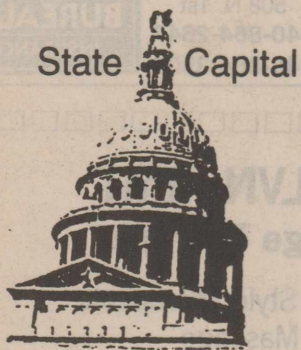

The ICC would be made up of a kangaroo court with its members being appointed by the UN. The ICC judges and prosecutors might be from Cuba, Russia or Red China. They would not be accountable to anyone and they would have unlimited power. Therefore, the mock court would not necessarily have a representative from the U. S. The ICC would also have final sentencing without allowing the accused to defend himself. This would completely take away our freedom of trial by jury, as guaranteed by our Constitution; American service men serving in the UN "peace keeping ventures" would be at risk to be arrested and tried under laws not our own.

Citizens of any country in the world could be arrested and then moved to any other country, tried and sentenced and then imprisoned in a secret place so that friends, relatives and attorneys would not know their locations.

There is only one solution: Get Us Out of the United Nations and get the UN out of the United States!

Please contact your senators to oppose the ICC Treaty.

Sincerely,  
Jim Hicks

TEXAS PRESS ASSOCIATION

**AUSTIN** — An anticipated state budget surplus of \$6.3 billion inspired the chairman of the Senate Economic Development Committee to speak last week on the virtues of saving, as an alternative to spending.

"The line to get a piece of that extra money . . . is already forming at the door of the Capitol and will soon stretch from the Rio Grande Valley to Texarkana," said Sen. David Sibley, R-Waco.

He called on fellow lawmakers to resist the natural tendency to spend and instead set aside some of the largest budget surplus in state history.

"It is tempting to spend the projected windfall on new initiatives and numerous state programs that have been seriously underfunded for years.

"But what happens to these programs in the next few years if the economy slows and state tax collections decline?"

"We are in the unique position of being able to plan for future years," said Sibley.

He proposed depositing some of the windfall into Texas' Rainy Day Fund, an account created by constitutional amendment in 1988.

Though the fund presently has a balance of \$58 billion, it is dwarfed by the state budget, which tilts the scales at \$87 billion.

### Blue Cross to Pursue Merger

Blue Cross of Texas may pursue a merger with Blue Cross of Illinois while the state of Texas seeks an appellate court decision declaring the company a charity, Texas Attorney General Dan Morales announced last week.

State District Judge Joseph H. Hart of Travis County decided in February that Blue Cross was not a charity and therefore was not prohibited by Texas law from merging with Blue Cross of Illinois.

If the state wins its appeal, Blue Cross will pay the state \$560 million over the next 20 years.

If the state loses and Blue Cross of Texas is not determined to be a charity and the merger fails, the company will give the Texas Healthy Kids Corporation \$1 million per year for 10 years.

Texas Healthy Kids Corporation was created by the Texas Legislature in 1997 to provide health insurance for children in low-income families.

### Environmental Violations Cost

The Texas Natural Resource Conservation Commission says it levied more than \$4.6 million in fines for environmental violations

during fiscal year 1998.

That's an increase of about \$600,000 over the previous year.

Last week, the TNRCC announced its first-ever estimate of the costs to Texas businesses and local governments that have violated environmental laws to come back into compliance: an estimated \$74 million for fiscal year 1998.

Meanwhile, on Sept. 23, the agency adopted rules regulating industrial and residential runoff in the vast Edwards Aquifer recharge zone filtering the primary source of water for 1.75 million Central Texas residents.

The rules, which become effective June 1, 1999, put stricter runoff-curbing requirements on large construction sites and residential developments.

### Ex-Lottery Chief Drops Lawsuit

Nora Linares, former director of the Texas Lottery, received \$435,000 in a settlement with Gtech Holdings Corp., the state lottery operator.

Linares accused Gtech of prompting her January 1997 dismissal. She alleged the firm put her boyfriend Mike Moeller on the payroll without her knowledge, in efforts to have her fired.

Moeller, a former deputy agriculture commissioner, was under federal indictment when Gtech hired him. He later was convicted and served prison time on charges of conspiring to divert state funds for political use while working for the state agriculture department.

### Texas Stock Index Dips

A downturn in the U.S. and world stock markets has affected the Texas Stock Index, an economic indicator to gauge investor confidence in Texas-based businesses.

Compiled monthly by the Texas Comptroller's office, the index ended August at 525.1, down 107.3 points, or 17 percent, from its July close.

Although the index was down for August, it has gained 18.8 percent since its August 1997 close of 441.9, State Comptroller John Sharp said.

### Other Capital Highlights

Sixty-four percent of 1,004 Texans surveyed in Scripps Howard's latest Texas Poll said coal and oil should be replaced by clean energy sources, even if they cost more. The survey did not, however, ask respondents how much they would be willing to pay for cleaner energy.

## From The Inside Out

By Mary Kaigler

"A thing of beauty is a joy forever; Its loveliness increases; it will never pass into nothingness, but still will keep a bower quiet for us..." John Keats

My mother's love for things green and growing was a thing of beauty, and it's been a joy forever for me to have experienced it. Living in dry West Texas for all the time we kids were growing up, she never forgot the green and easy way of growing things back in Central Texas. She especially loved red flowers. I always thought it was this quiet woman's way of expressing something dramatic that her shy nature would not let her speak out vocally. Even her artificial silk and plastic arrangements were usually red. At her funeral in the 1980s, my brothers and I had arrangements of American Beauty red roses banked around her. We knew she'd love it, and it made us happy. Of all the blooms and plants sent by others that day, each one of her many grandchildren took home some of the roses, as if they were closer to the heart of their Granny.

When we moved to Haskell into the old 1926 vintage house, I brought a start of her red amaryllis which still bloomed every year across the front of Dad's house. Every year now when they bloom here it's a pleasure for me to remember her happily planting them so many years ago in Brownwood. Like the quote from Keats, whose poems she quoted often, I find that these remembered things about Mama still "keep a bower quiet for me," that is sustaining and sweet.

In that frame of mind recently, it was interesting to hear of a book written about a new trend among

owners of old homes to collect "living antiques" to plant around their houses for an authentic look. To be found in old cemeteries, in the yards of elderly family members or even through the internet, they are plants, time-tested and nurtured over the years as people settled in different regions of the country.

Dr. Bill Welch, Texas Agricultural Extension Service horticulturist and co-author of *The Southern Heirloom Garden* said, "We want gardens that have a sense of place, and are not a burden to take care of." That may explain a couple of reasons why heirloom gardening is growing in Texas. The plants are tough and, as the state ages, Texans' respect for and interest in cultural heritage is increasing.

"If something's been doing well for 100 years, it's tough," Welch said. "People want plants to have a good fragrance and to be insect and disease resistant, be able to tolerate fluctuations in water availability adapt to climate swings."

Though there is not a specific criteria for heirloom varieties, Welch said, most plants used are from 75-100 years old. A lot of heirloom plants are from native species that were cultivated by settlers.

According to Welch, Texas has several efforts underway to establish history plantings, such as Ima Hogg's home, Bayou Bend, in Houston. This home has 14 acres of formal and woodland gardens opened to the public along Buffalo Bayou. In recent years caretakers of this Houston Museum facility have realized that the surrounding plants also needed to be accurate historically.

But having an old home or

building isn't the only way one can enjoy heirloom gardening. Welch said people also are becoming interested in duplicating yards or gardens recalled from childhood—perhaps planting varieties that were grown by grandparents or aunts. Seed and cuttings from such plants are often provided by family members. Just as in the case of my red amaryllis, Welch said that many "have been lovingly handed down from generation to generation

within and among the families to contribute cultural diversity and richness to our gardens."

Welch's book tells how to accurately plant a garden for specific time periods, and how to research in nursery catalogues, gardening periodicals, and libraries in small towns across the South, as well as the locations of larger collections of periodicals. Interesting features of the book are detailed facts about English, African-American, German, early Spanish, and French influences in early gardening across the southern United States.

Dr. Welch said, "If a person has an old, restored home, they may want to have period furniture for it. Now that can have period plants as well."

Reading about this new trend, I wondered just how easy it would be to find them short of scouring the southern United States. Then I opened the morning paper to discover an ad from an Abilene nursery for authentic "Antique Roses" for fall planting.

It's an interesting idea, but like the rest of my of home, my yard will probably remain a non-authentic, comfortable collection of a lifetime of odd pieces and antique memories.

## Next CRP sign-up Oct. 26-Dec. 11

Glenn R. Brzozowski, County Executive Director of the Haskell County FSA Office, received information that the next Conservation Reserve Program (CRP) general sign-up will be held during a 7-week period from Oct. 26, 1998, through Dec. 11, 1998.

"This is an opportunity for farmers and landowners to participate in a cost-effective, voluntary program to improve their land, water and wildlife resources," Brzozowski said. "It is also an opportunity for current participants with contracts expiring next fall to

make new contract offers."

USDA will continue to evaluate and rank eligible CRP offers using an Environmental Benefits Index (EBI) based on the potential environmental benefits gained from enrolling the land in CRP. Decisions will be made on the EBI cutoff after sign-up 18 ends. The EBI cutoff used in previous sign ups may not be used for this one. The cutoff is decided after analyzing the EBI numbers of all the offers. Those who would have met previous EBI thresholds are not guaranteed a contract this time around.

"CRP is a highly competitive program," said Brzozowski. "I encourage all landowners to find out about the Environmental Benefits Index before the Dec. 11 cutoff and to consult with local USDA experts on steps they can take to maximize EBI point and increase the likelihood that their land will be accepted."

### Church homecoming

The Church of God, Hwy. 380 East in Haskell, will celebrate homecoming Sun., Oct. 11.

**SENIOR 4-H CLUB**—County Judge David Davis signed the proclamation of National 4-H Week at the Club's meeting Sept. 27. Back left, are Judge Davis, club members Kyle Michaels, Katy McDaniel, Brittany Bartley, Jennifer Smith, Bergen Peiser, Mary Belle Turner, Ross Bullinger and B. J. Opsahl. Front row; Tabitha Coker and Nikki Starnes.

## National 4-H week set Oct. 4-10

The Haskell County Senior 4-H Club opened the Sun., Sept. 27, meeting at the Extension Office with a review of the public service announcement to be aired on KVRP radio during National 4-H week (Oct. 4-10).

Judge David Davis was on hand to sign the proclamation of the National 4-H Week. In the proclamation, Judge Davis proclaimed Oct. 4-10 as National 4-H Week and challenged both citizens and government to take action to encourage America's youth to volunteer in the communities.

During the week and throughout the year, more than 5.4 million youth touch and enhance the lives of others by doing good, by giving where there is a need, rebuilding what has been torn down, teaching where there is a desire to learn and inspiring those who have lost hope. Saying that volunteer community service is an investment in the future we all must share, Judge Davis urged fellow citizens to observe the week by connecting with youth, friends, fellow employees and relatives, and with school, community and civic

groups to engage in projects benefiting their community.

A special display table will be placed in the hall of the High School during the special week. The projects of placing 4-H "Welcome" signs north of the John Deere house on South 277 on Mon., Sept. 28 at 6:30 p.m., will be recognized on the display table. New member applications will also be displayed and available for interested students.

National 4-H week is designed to honor those who make 4-H the reputable cause that it is. Anyone interested in being a member may contact the County Extension Office.

The next meeting of the club will be Sun., Oct. 4 to do public service announcements and to rehearse for the Gold Star Banquet to be held at the Civic Center, Oct. 20.

### TAX PLANNING

Written By  
**Richard E. Rodgers, CPA**

#### SIMPLIFY YOUR FINANCIAL LIFE

Are you frustrated by the amount of time you spend managing your financial affairs, and by how complicated your finances have become? Maybe you need to simplify. Not only can simplifying save you time, it can reduce uncertainty and save you money.

A fundamental step to simplification is to focus on what's important. Decide what your financial goals are, and focus on achieving them. Here are some specific tips to help simplify your financial life:

- Reduce the amount of paper you handle. For example, if you have more than one checking account, consider consolidating. Ditto for your brokerage accounts, retirement accounts and credit cards. If you have separate mutual fund accounts, transfer them into a brokerage account. Besides reducing the amount of paper you handle, consolidating allows you to more easily evaluate your financial position. It can also save you time and money at tax time, and could cut annual fees.

- Minimize the time required to monitor your investments. If you spend significant time following the rise and fall of your individual stocks, consider keeping more of your portfolio in mutual funds. If you spend too much time monitoring your mutual funds, consider cutting back on the number of funds you own.

- Set up a simple filing system to eliminate clutter and make documents easier to find.

- Consider computerizing, if you haven't done so already. Several popular personal finance programs can simplify bill paying, keep track of tax deductions and other expenses, and help evaluate your investment performance.

Take a few moments now to simplify your finances, then relax and enjoy the extra hours you have created for yourself. Call us if you need help designing a simplification plan that works for you.

**TALENT QUALIFIERS**—Rule 7th graders who qualified in the Duke University Talent Search Program were, left to right, Kristen Hertel, Matthew Hensley, Jonathan Hisey and M'Lynn Lehrmann.

## Four Rule students qualify for TIP

Four seventh graders at Rule Jr. High School have qualified to participate in the 19th Annual Scholastic Talent Search Program sponsored by the Duke University Talent Identification Program (TIP). In order for a student to qualify for TIP, he/she must score a 90 or higher on TAAS Math or 98 or higher on TAAS Reading from the 6th grades TAAS scores.

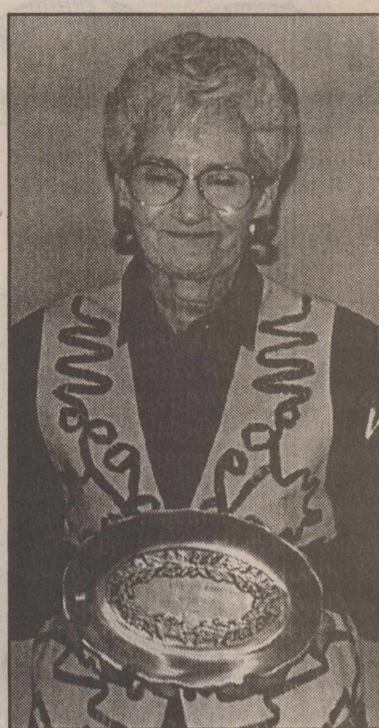

participate in the program, he/she must take the ACT or SAT, a college entrance exam which is regularly taken by high school juniors and seniors. The higher scoring students are sent invitations to recognition ceremonies in their states where they receive Certificates of Distinction noting those areas in which they earned high scores.

ability and educational options that may be beneficial to them. They will list and describe over 400 programs for academically talented students. TIP also aims to create new educational opportunities for its participants such as a multi-summer program as well as "Learn On Your Own" courses during the academic year.

Qualifiers for the 1998-99 Talent Identification Program are Kristen Hertel, Matthew Hensley, Jonathan Hisey and M'Lynn Lehrmann.

One of the goals of the TIP is to assist participants by providing them with information about their

JOETTA BURNETT

## Joetta Burnett is Club Woman of the Year

Joetta Burnett of Haskell has been recognized as the 1997-98 Club Woman of the Year for her 18 years of outstanding leadership in the Haskell County Family and Community Education (FCE) Organization.

An acoustic tribute given to her describes her leadership and personal characteristics and her many years of service to the FCE organization and her leadership position serving her club as president, vice-president and member of the County Council.

Among the contributions she has made is her involvement with other club members in regularly delivering meals for the Experienced Citizens Center to home bound Senior Citizens.

On a County level she has served as both the TAFCE chairman and vice-chairman, and has served on the yearbook committee. She has served twice as one of Haskell County's delegates to both the District and State FCE meeting. Last year she served as the chairman of the Country Store for the state meeting hosted by District 3 in Wichita Falls. She has also been actively involved in the District FCE Training Meeting and Cultural Arts Day as well as the Tri-County Rally Day.

Representing the Haskell County FCE, she has served as a 4-H clothing project volunteer leader as one of the "Granny Brigade" members, a judge for County and District Fashion Shows, and as a judge for the Knox County FCE Achievement Day.

In her working career Burnett was bookkeeper for Southwestern Bell Telephone Co. for two years and was a clerk for Bill Wilson Motor Co. for five years. She served as the secretary for the Haskell County Extension Office for twelve years.

Married to Charles Burnett, she has four children and seven grandchildren. In her spare time she enjoys sewing and garment altering, home decorating and flower arranging. She is a member of the First Baptist Church in Haskell.

In honor of her recognition as Haskell County's FCE Club Woman of the Year, she was presented a special engraved tray.

## Co. committee election set

The election of a County Committee person will be conducted in Dec. 1998 for Local Administrative Area (LAA) 3 this year. The LAA-3 area is a North/South line just west of Weinert and just west of the Paint Creek School and goes to the Throckmorton County line.

In an effort to assure that producers are adequately and timely informed about election procedures, outreach activities are beginning now. Nominations for the county committee position in LAA-3 are now being accepted. Nominations should be made on form FSA-669A and these are available in the County Office.

The committee is actively seeking minority, female and producers from under-represented groups for nomination. Nominations will be received through Oct. 30, 1998.

**BOARD MEMBERS**—Haskell County Judge David Davis, left, newly elected member of the Helen Farabee Regional MHMR Center's Board of Trustees, visits with Roddy Atkins, Center Executive Director, and Jerry Parker, President of Woods Living Centers, during a Sept. 24 luncheon in Wichita Falls.

## David Davis appointed to MHMR Board

Haskell County Judge David Davis has been elected to the Board of Trustees of the Helen Farabee Regional MHMR Center, which works with consumer and family advocacy groups in a 20-county service area. Headstream Memorial MHMR Center in Haskell is one

of the groups Davis was recently introduced at a luncheon held at the Center's Administrative offices in Wichita Falls. Guests and dignitaries from both the Wichita Falls and Graham communities attended, as well as representatives of the advocacy

groups from across the North Texas area. Future meetings of the Board will be open to the public, and will be held in different towns throughout the Center's 20-county area. Haskell is scheduled to host the Dec. 3 meeting.

## Sagerton News

By Dorothy M. Clark

Football is in full swing and we are happy to have four boys from our community playing on the Rule team. We also claim another... Josh Smith, who is the great-grandson of Minnie Monse from here. The Sagerton boys on the team are Brian Lehmann, a junior, who plays safety and running back. He is the son of Steven and Karen Lehmann and grandson of Clancy and Helen. Jeremy Hertel, a junior, plays end and is the son of Mike and Cheryl Hertel and his grandparents are Bill and Margie. Michael Hunt, a senior, plays end and center and is the son of Bud and Mary Beth Hunt. Richie Culpepper, a senior, plays end and center and is the son of Bob and Lana Culpepper. Josh

Smith is a sophomore and is the quarterback. The community is proud of these fine young men and wish them continued success during the season.

A reminder is in order for all to attend the community supper to be held at the center next Tues. night, Oct. 6 at 6:30 p.m. Ladies are asked to bring desserts.

Annie Ruth Lambert of Wheat Ridge, Colo. visited with Frances Clark one day last week.

Guests in the home of Joe and Dorothy Clark Sun. afternoon were Vernon and Winnie Youngquist and John and Bea Glenewinkle of Abilene.

The children of Mozelle Manske hosted a surprise birthday party for

her Sat. commemorating her 80th anniversary. The party was held at the Philadelphia Club House in Rule. A supper was followed by birthday cake and homemade ice cream and was enjoyed by the following family members and friends: Jerry and Shirley Manske of Stamford, Ernie, Sharon, Brennan, Britta, Brooke and Brandi Manske of Abilene, Debra Underwood of Stamford, Debbie, Heather, Heidi, Harmony and Hollie Brooks of Jayton, Betty, Jerry and Jasmine Stephens of Stephenville, Tony and Denise Manske of Stamford, Phillip Manske of Stephenville, Michael and Bobby Manske of Lubbock, Laci Williams and Summer Grey of Stamford, Theda Olinger and Karla of DeSoto, Lynn Manske of Tomball, Ladin Anderson of Houston, Glenda Bryan of San Antonio, Larry and Susan LeFevre of Rule, Dolores Longoria of Dallas, Dora Torres of Rule, Frances Silba of Haskell and Cato, Jr. Macias and Sallie, Mary Neinast, J. D. and Meta Kupatt, Tommy and Kathy Manske, Delbert and Joyce LeFevre, Frances Clark, Johnny, Jana, Jace and Jacob Manske, Ken, Jill, Kinsey, Tully and Cade Brown all of Sagerton.

Glenda Bryan of San Antonio spent the weekend in the home of her mother, Frances Clark. Also visiting with Frances is her aunt, Ladin Anderson of Houston.

## Breast cancer awareness wreath to be displayed

Fri., Oct. 2, at 10:00 a.m., in a special ceremony on the steps of the South entrance to the County Courthouse, Haskell County Judge David Davis will proclaim the month of Oct. as Breast Cancer Awareness Month. On hand will be representatives of all the women's organizations in the county to show their support for breast cancer awareness.

The goal is to increase awareness of the importance of early detection of breast cancer through public and professional efforts. All women have a chance of developing breast cancer. Women 50 or older are the most likely to develop it. The American Cancer Society recommends that women 40 or older get a yearly mammogram and breast exam.

To demonstrate a commitment to fight breast cancer, wreaths will be placed on the courthouse doors as a visible reminder to women that early detection of breast cancer can save lives. The Wreath Project is a state-wide project of the Texas Department of Health/Breast and Cervical Cancer Control Program; the American Cancer Society--Texas division; and the Governor's Commission for Women. In the twenty-two county region, the Wreath Project is sponsored by Abilene Regional Medical Center, The American Cancer Society, Hendrick Cancer Center, Texas Cancer Center, West Central Texas Oncology Nursing Chapter, and the YWCA of Abilene's Breast Cancer Awareness Program.

1998 marks the 23rd National Breast Cancer Awareness Month.

### Public Notices

#### NOTICE

To the Citizens of Weinert:  
The Texas Natural Resource Conservation Commission (TNRCC) sets drinking water standards and has determined that nitrate poses an acute health concern at certain levels of exposure. Nitrate is used in fertilizer and is found in sewage and wastes from human and/or farm animals and generally gets into drinking water from those activities.

Excessive levels of nitrate in drinking water have caused serious illness and sometimes death in infants under six months of age. The serious illness in infants is caused because nitrate is converted to nitrite in the body. Nitrite interferes with the oxygen carrying capacity of the child's blood. This is an acute disease in that symptoms can develop rapidly in infants. In most cases, health deteriorates over a period of days.

Symptoms include shortness of breath and blueness of the skin. Clearly, expert medical advice should be sought immediately if these symptoms occur. The purpose of this notice is to encourage parents and other responsible parties to provide infants with an alternate source of drinking water. Local and State health authorities are the best source for information concerning alternate sources of

drinking water for infants. TNRCC has set the drinking water standard at 10 parts per million (ppm) for nitrate to protect against the risk of these adverse effects. TNRCC has also set a drinking water standard for nitrite at 1 ppm. To allow for the fact that the toxicity of nitrate and nitrite are additive, TNRCC has also established a standard for the sum of nitrate and nitrite at 10 ppm. Drinking water that meets the TNRCC standard is associated with little to none of this risk and is considered safe with respect to nitrate. 40c

The work on the Tower Drive In Theater was begun in July. When it became apparent that funds and timing would not allow it to be completed for this season, the work was put on hold.  
The following are acknowledged for their donations of services or materials to this project: WTU for the digging of 24 holes for the piers; Herbert Williams for pipe for tower standards; Lackey Oil Service, Aspermont and Bill Parks, Rochester for pipe for screen framework; Richardson's True Value for paint; and Paul Page and his crew for clearing and hauling dirt from around the holes.  
The following are acknowledged for their monetary donations to this project: Larry LeFevre, Russell Beakley, Jim and Sheila Astin, H. & J. Mechanical, Air-Ag Inc., Allen Davis, Simpson Oil Co., Ernest Simpson, Cathy Casey, Production Credit Association, Tommy J. Epley, F. A. Ulmer, Delbert LeFevre, Dale Turner, David and Louetta Davis, Neon by Ray, Wagon Train Association, Mrs. Joe W. Cloud and A. Douglas Foster.  
Thanks to Strickland Bridge and Steele Machine for their work done on this project so far.  
As funds become available, work will proceed on this project and, hopefully, the Tower Drive In Theatre will be ready for the 1999 season.  
Donations may be made to the Tower Drive In Theatre Fund at the Farmers National Bank, Rule.  
For more information on this project, contact Larry LeFevre.

Love is the only word that comes to mind when we think of our friends and neighbors. The flowers, cards and food you sent were overwhelming. Our mother and grandmother, Georgia Shipman, taught us to be thankful in all things. We are truly thankful for people like you. Our prayer is that the Lord will bless you abundantly for being so kind and thoughtful. You have shown Christian love.  
Love, The Georgia Shipman family

Thank you! Thank you!  
We wish to say thanks to our children for planning a great 'get together' for us in the celebration of our Golden Wedding Anniversary! Thanks to the friends who helped them with decorations, homemade ice cream and cleaning up! And a very special thanks to those who came by to wish us well and for the many cards and gifts that we received! We had a wonderful weekend with family and friends and look forward to many more!

### NOTICE OF APPLICATION

You are hereby notified of the opportunity to submit written comments and/or request a notice and comment hearing concerning the Initial Issuance of FEDERAL OPERATING PERMIT (FOP) APPLICATION NUMBER 37 by West Texas Utilities Company for operation of the Paint Creek Power Station in Haskell, Haskell County, Texas. The location of the area addressed in the FOP application is Rural Route 2, Box 658.  
The purpose of the FOP is to improve the overall compliance with the rules and regulations governing air pollution control by clearly listing all applicable requirements, as defined in Title 30 Texas Administrative Code § 122.10 (30 TAC § 122.10). The FOP will not authorize new construction or authorize the site to increase emissions.  
A copy of the completed application, draft FOP, compliance certification, and if required, the compliance plan and monitoring reports are available for inspection and reproduction at the Texas Natural Resource Conservation Commission (TNRCC) Abilene Regional Office, 209 South Danville Drive, Suite 200B, Abilene, Texas, phone (915) 698-9674 and at the TNRCC Central Office, 12100 Park 35 Circle, Bldg. C, Room 108W, Austin, Texas.  
Individual members of the public who wish to inquire about the information contained in this notice or to inquire about other agency permit applications or permitting processes should call the TNRCC Office of Public Assistance, toll free at (800) 687-4040.  
All written comments or hearing requests concerning the permit application or draft permit shall be sent to TNRCC, Operating Permits Division, Technical Operating Permit Support (MC 163), P. O. 13087, Austin, Texas 78711-3087. All written comments received within 30 days after publication of this notice shall be considered by the Executive Director in determining whether to issue or not to issue the permit. All comments received will be responded to, in writing, by the TNRCC. However, only comments pertaining to whether the draft permit provides for compliance with the requirements of 30 TAC Chapter 122 can initiate changes in the permit. All written comments will be made available for public inspection at the TNRCC Central Office in Austin. This notice is to be published on October 1, 1998.  
Any person who may be affected by emissions of air contaminants from the area addressed in the FOP application may request the TNRCC to hold a notice and comment hearing on the permit application pursuant to 30 TAC § 122.340(c). All requests for hearing must be received in writing within the 30-day comment period. If a request is received, a separate notice, detailing the hearing, will be published at least 30 days in advance of the hearing. If a hearing is requested, anyone who submitted comments or a hearing request within the 30-day public notice period, will be notified of the scheduled hearing in writing, by the TNRCC. To verify whether a hearing will be held, if you did not submit comments or a hearing request, please call the Office of Public Assistance at (800) 687-4040 within 2-4 weeks of October 31.

In Loving Memory of  
**Myrnie Erma Johnson Sanders**  
She was a beautiful, loving and Godly example of all that a wife, mother, grandmother, and great grandmother should be. Proverbs 31 in the Living Bible speaks of her life on earth:  
"If you can find a truly good wife, she is worth more than precious gems! Her husband can trust her, and she will richly satisfy his needs. She will not hinder him, but help him all her life. . . She gets up before dawn to prepare breakfast for her household . . . She is energetic, a hard worker, and watches for bargains. She works far into the night!  
She sews for the poor, and generously gives to the needy. She has no fear of winter for her household, for she has made warm clothes for all of them. She also upholsters with finest tapestry; her own clothing is beautifully made—a purple gown of pure linen. . .  
She is a woman of strength and dignity, and has no fear of old age. When she speaks, her words are wise, and kindness is the rule for everything she says. She watches carefully all that goes on throughout her household, and is never lazy. Her children stand and bless her; so does her husband. He praises her with these words:  
*There are many fine women in the world, but you are the best of them all!*  
Charm can be deceptive and beauty doesn't last, but a woman who fears and reverences God shall be greatly praised!"  
We, your family, will always love you, and will miss you, but we are anticipating that day when we shall all be together again!  
Your Husband - **Eddie Sanders**  
Children - **Kenneth and Brenda Sanders and Shirley and Wayne Offutt**  
Grandchildren - **Keith and Karrie Sanders, Kregg Sanders, Kent and Mary Sanders, Kole Sanders; Marty Offutt, Tammy and Brent Proffitt and Cindy Offutt**  
Great Grandchildren - **Skylar, Kelly, Katelyn, Tyler, Kyle, Klayton and Tanner**  
Our family would also like to thank Rev. Joel Rister, Holden-McCauley Funeral Home, Hendrick Medical Center, and our many friends and relatives for your prayers and for your many and varied expressions of love shown us during the time of our loss and heaven's gain!

# To All CITIZENS OF HASKELL COUNTY

***Haskell County Commissioner's Court, Haskell City Council and The Board of The Development Corporation of Haskell, Inc., urges you to attend this meeting to publicly discuss this proposal for the Texas Department of Criminal Justice.***

## **THIS IS A PUBLIC HEARING YOUR VOICE NEEDS TO BE HEARD**

A public hearing will be held to receive public input concerning Haskell County, The City of Haskell and the Development Corporation of Haskell submitting an application for a Texas Department of Criminal Justice Intermediate Sanction facility to be located on 121.5 acres of land, one and one half miles northeast of Haskell, Haskell County, Texas; described as: 121.5 acres, being all of Tract 100, I. Ramos Survey, Abstract 351, Haskell County.

This intermediate sanctioning facility will house Texas Department of Criminal Justice inmates which will be released from prison on parole or mandatory supervision. None of these prisoners will be released in Haskell County.

This public hearing will be held at 6:00 P.M. on Tuesday, October 6, 1998 at the Haskell High School Auditorium, 605 North Ave. E, in Haskell.
