VOLUME 29, NUMBER 43

MULESHOE — County Seat of Bailey County — TEXAS

THURSDAY, OCTOBER 18, 1951

## City Wide Sale Nov. 1 - 3

Success of the Fall Economy Festival was assured this week when a total of 70 business firms in Muleshoe cooperated in the sponsorship of the event that is expected to attract thousands of new and old customers to the city.

Scheduled for Nov. 1, 2, and 3, the event will be publicized by a special edition of the Muleshoe Journal. This edition will be printed in two sections, the first being an attractive three-color 16-page display advertising section sponsored by twenty merchants. This section will also carry a Buyers' Guide of all cooperating firms indexed according to the type of business in which they are engaged.

The second section is expected to run to 24 pages and will carry general news of the three-day event and many advertisements in conventional black and white sponsored by other cooperating businesses.

Interest in the Festival has been growing rapidly as the deadline for entries neared. Many stores will give away attractive gifts each day of the event. Others will offer outstanding bargains in seasonal merchandise, while still others will concentrate in making new customers and friends who it is hoped will continue to make Muleshoe their trading center.

Over 7000 families will be included in the advertising campaign to popularize Muleshoe. In addition to the special edition of the Journal, the steering committee composed of Ray Morrison, Junior Sanders, Jim Cox, Hoyt Morgan, Mike Watkins, Randy Johnson, Bob Harvey, B. A. Dalton, June Wagnon, Houston Hart, and N. H. Greer, has arranged for extensive use of radio and other publicity mediums.

Myron Pool, Jr., chamber of commerce president, was high in his praise of the spirit of cooperation displayed by the sponsors. "Those working on the advertising copy tell me that our merchants have done a wonderful job of merchandising," he said, "and from all indications we will present an outstanding array of seasonal merchandise at attractive prices. This will do more than anything else to develop our trade territory."

"Quality merchandise and attractive, competitive prices, are an unbeatable combination when it comes to building a city. The Retail Merchants Division of our chamber of commerce is to be complimented on its efforts in staging this event, the first of its kind ever undertaken in this section. We are confident that their efforts will be rewarded by three days of record-breaking crowds and sales."

### Price Daniel, Atty. General A Visitor Here

Price Daniel, attorney general of Texas, paid a short visit to Muleshoe Wednesday and met quite a few of the local people. He was accompanied by Senator Kilmer Corbin, of Lubock, and Representative Waggoner Carr of Lubock. Mr. Daniel had addressed a service club gathering at Littlefield at noon and was on his way to fill an engagement at Morton that night.

The visitors were tendered a cup of coffee at a local cafe by a small group which gathered to greet them. In the group were Pat R. Bobo, Jesse Osborn, George Johnson, J. M. Forbes Karl Lovelady, Judge Cecil Tate, W. M. Pool, Jr., Ray Griffiths, and Norman Bays.

It is one of the few times on record when a state official visited in Muleshoe and Bailey County. The attorney general chatted about state and national politics, but also was worried about the outcome of the Texas Tech-Baylor football game the coming Saturday, especially since Tech swamped TCU.

He said that his office in Austin is continuing to work on the tidelands controversy. The Federal government is attempting to obtain title to submerged oil lands around the Texas coast and Mr. Daniel has been the leader of the fight against legislation taking this title away from the state.

The attorney general said he is always glad to have a visit from the people of this territory and he invited everyone to come by his office when in Austin.

### Mules In Good Form For Conference Opener Friday Against Littlefield

Muleshoe's Mules are primed to shoot both barrels at the cheery Littlefield Wildcats Friday night in a football game at Benny Douglass stadium here to open their conference schedule. In non-conference play, the Mules now have an even .500 per centage, having lost 3 and won 3 games.

The Mules may play without the help of Bobby Seid, sensational junior fullback, who has an injured knee. The big boy did not get into the last game, against Springlake last Friday.

Otherwise the squad is rearing to go, with the exception of that Robert Waggoner, highest scoring linesman in these parts, who got a nasty lick on a shin in scrimmage Tuesday, but is expected to play. Seid likely will play a part of the time.

**Probable Line-Up**  
Coach T. J. Bailey said the team likely will start the game about as follows:

- Left end, Bill Willis, No. 29.
- Left tackle, Lloyd Kreigel, No. 46.
- Left guard, Johnny Ladd, No. 40.
- Center, Jody Blaylock, No. 44.
- Right guard, Kenneth Henry, No. 35.
- Right tackle Robert Waggoner, No. 30.
- Quarterback, Roald Johnson, No. 21.
- Right half, Freddie Harvey, No. 23.
- Left half, Dewayne Burkhead, No. 27.
- Fullback, Aubrey Heathington, No. 20.

ers but the coach has big Seid, No. 49; Jimmy Holt, No. 24; and Benny Bickel, No. 43, for the backfield alternates; and the following good linemen: J. B. Moore, No. 33; Wayne Moore, No. 31; Donald Harrison, No. 32; Lewis Shafer, No. 26; and two more good ends, Jimmy Hall, No. 47, and Gerald Elders, No. 25, all of whom are ready to go at any time and have been seeing lots of action in recent games. Those named likely will play enough to letter this year.

Burkhead did such a splendid job of carrying the ball last Friday night that the coach is starting him in the backfield this time. King usually shifts to defensive halfback from his end position; Ladd sometimes is in the center role; Holt is used a lot on defense since he is good against passes; and Bickel has been showing promise with his ball carrying.

Littlefield's team this year doesn't seem to be the powerhouse it has been the last few years. They dropped a game to Seminole last week. Their starting line-up will be:

Left end, D. Perkins; left tackle, F. Howard; left guard, D. Nichols; center, J. Brantley; right guard, R. Hill; right tackle, C. Jordan; right end, B. Brantley; quarterback, R. L. Rhoten; wingback, J. Beckner; fullback, M. C. Northam; and tailback, J. Walden.

The Littlefield game is "homecoming" game for all the exes. Mrs. Aubrey Heathington, wife of a star backfield player, was elected by members of the squad as their football queen and will be crowned in appropriate half time ceremonies.

### Chuck Wagon Supper Friday

A chuck wagon supper will be given here just preceding the Littlefield vs. Muleshoe football game tomorrow night, Friday, October 19. Eating will begin at 5:30 and the serving will be completed at 7:30, in time for all to go to the game.

Muleshoe's Mules will open their conference schedule against Littlefield that night. The supper tickets will sell for \$1.00 each. The supper is sponsored by the junior class.

The menu will consist of barbecue, beans, and potato salad.

### Water District Policies Outlined

The board of directors of the High Plains Water Conservation District No. 1, E. C. Hutton, A. C. Chesher, Jesse Osborn and Tom McFarland, issued a statement to the press this week explaining the policy of the newly organized district. The statement is as follows:

A good strong underground water conservation district has been voted in by a better than two to one majority.

The election directors met Friday, October 5, to canvass election returns. Not all returns are in, but from those available it is certain that parts of at least 12 counties, containing some 4,800,000 acres, will constitute the district.

#### STATEMENT BY THE DIRECTORS

"The main reason we have spent all the time and money we have is to retain title to our water. No regulation is contemplated by the directors unless and until it is needed and the people want it and ask for it.

"Studies of water levels indicate there is no critical situation as to water supply in the bounds of the district. Therefore no regulation is necessary at this time in this area.

"We do not want the water to run out. It may be that by recharging water sands the supply can be made to last forever, without any regulation. It is intended to begin studies in the near future on the most effective and most economical method of recharging.

"No permit to drill a new well is necessary. Landowners should be careful, however, to make new locations a reasonable distance away from existing wells.

"No tax can be paid to the district this year.

"The directors plan to meet within the next 45 days in order to prepare by-laws to complete organization of the district, and to make plans for the January directors election. It is planned at the same election to elect county committeemen.

"The directors are highly grateful for the strong support evidenced by the election returns and for the help given by the many progressive citizens who appreciate the fact that the landowners still own his underground water."

### FIFTEEN GINS IN BAILEY COUNTY READY TO GO

Marion F. Harris, special representative of the Bureau of the Census, says there are 15 gins in Bailey County ready to operate this year. They are located as follows:

- Joyland, 1.
- Circleback, 1.
- Bula, 2.
- Enochs, 2.
- Maple, 2.
- Stegall, 1.
- Baileyboro, 2.
- Needmore, 1.
- Muleshoe, 3.

### Judges And Officials Named For Constitutional Amendment Election

County Commissioners Court has made arrangements for the election November 13 on the proposed constitutional amendments naming voting places and appointing election officials.

No. 1 box will be in Muleshoe, in the old commodity house, located at the southwest corner of the square. Tom Zimmer is judge, Mrs. Walter Witte, assistant judge.

No. 2 box is at West Camp, in the old West Camp school house. C. E. Roark will be judge, W. C. Langham, assistant judge.

No. 3 box is at Mays. Voting at this box will be in the home of Bert Seales. Bert Seales will be judge, L. L. Luman assistant judge.

Box No. 4 is at Three Way, in the Three Way school house. Jack Lowe will be judge in this box, with George Tyson assistant judge.

Box No. 5 is at Baileyboro, where voting will be in the Baileyboro community house. Watt Underdown is the judge, with Lester Howard assistant judge.

Box No. 6 is at Bula. Voting will be in the Bula school house, with Jim Claunch as judge, and L. L. Walden assistant judge.

Box No. 7 is located at Circleback, where voting will be in the Circleback school house. C. G. Damron is judge, V. E. Garner assistant judge.

### Man Of Many Schemes And Aliases Held In Jail Here On \$150 Hot Check

A man who used the name A. R. McKillip, but who has many aliases in his long police record, is being held in Bailey County jail awaiting action on a complaint charging swindling by worthless check in the sum of \$150. He refused to waive examining trial and presumably is waiting to secure a lawyer before he is brought before Justice of the Peace, R. J. Klump in Muleshoe.

If given an examining trial his bond will be set, since it is a bailable case, and the man, described as a smooth talking confidence man, will await action by the Bailey County grand jury which convenes Nov. 5. The complaint was filed in the office of Norman Bays, county attorney, by Gerald Priboth of Muleshoe, who previously had sold the man his cafe for \$8,500, only to have the check for that amount returned.

Fantastic is the word for the paper transactions piled up by A. R. McKillip, known to peace officers, as Ernest Manus, whose record, they said, covers four and one-half typewritten pages.

Here is the sequence of events in this weird story:

Manus came here three weeks ago and registered at a local hotel, using the name A. R. McKillip. He got acquainted with the L. T. McKillip family here, revealing a knowledge of various branches of the family enough to convince them he was a kinsman. It was subsequently learned that he was in no way related and that the McKillips were intended to be dupes. Manus presented a draft for \$10,000 at the Muleshoe bank on the Lawrence State Bank, Lawrence, Kans.

He purchased a new car from the Covin Motor Co. explaining the payment would have to wait until the draft cleared. He then went to Clovis and placed a draft for \$100,000 and another for \$30,000 in a Clovis bank. When he attempted to buy another Chrysler car in Clovis, he came under suspicion and officers picked him up after checking on the drafts. He was placed under \$1,500 bond.

L. T. McKillip and son, Fred, still believing the man was on the square and that he could

straighten out his affairs, made bond for him. Manus then persuaded the two McKillip brothers to accompany him to Kansas City to straighten out his affairs.

Fred McKillip, his brother, Morris McKillip, and the man who posed as A. R. McKillip, claiming to be their kinsman, left here the night of Thursday, October 4, drove all night and were in Oklahoma City around sunup Friday. They ate breakfast, rented a room and slept four or five hours, then left for Kansas City.

They arrived in Kansas City about 9 o'clock that night, went to bed and the next morning set about their business. The man who is now known as Manus was to contact a man he named as Billy Reid, supposedly an officer of the bank located in the Stockyards Exchange building in Kansas City. He explained to the two brothers that Reid could not be located since it was Saturday and they had to wait until Monday.

On Monday Manus was gone ostensibly to the bank for twenty to thirty minutes. He returned and told the brothers that he had arranged to have the sum of \$321,500 transferred to an Oklahoma City bank. He claimed to have the money in currency in a strong box in the Kansas City bank.

He told the brothers he intended to transfer a part of that sum to a Lawrence, Kans. bank and enough to an Oklahoma City bank to take care of a draft for \$100,000 and another for \$30,000 he had left for deposit in a Clovis bank. The balance, he told them, he would move to Muleshoe.

The three returned to Oklahoma City. There Manus told them he was to contact V. V. Harris, who he said owned an Oklahoma City bank. Wednesday night Manus became ill and for that reason was unable to transact the business he was to attend to. The three were staying in a small hotel near the entrance to the Oklahoma City stockyards. By request of Hugh Freeman, Bailey County sheriff; representatives of the FBI told the three into custody late Thursday until Freeman and several relatives arrived.

### Halloween Carnival Sponsored By High School PTA Next Wednesday

#### Randol Talks To Lions Club

Minister Ebb Randol, pastor of the Church of Christ, was guest speaker at the regular weekly meeting of the Lions Club at Gerald's Cafe Wednesday noon.

He left with the Lions Club the thought that if they could influence others by their actions and motives, much might be accomplished to correct the corrupt parts of our government today. This influence could spread from one man to another and perhaps spread to the higher branches of our government. He used the book of Esther as the basis of his talk and applied it to present day conditions.

The Lions club also voted to cooperate with the other service clubs in town in staging the all-community carnival in order to help raise the needed funds for the purchase of a new curtain for the high school auditorium.

#### THREE WAY FAIR

The Three Way fair will be Tuesday night, October 23. There will be several groups of entries: cakes, fancy hand work, leather work, ceramics, canned goods, crop products, quilts, and bedspreads.

Anyone that wishes to enter any item may do so.

MISS CLYDIE LITTLE

### Cooking School Starts Tuesday

Muleshoe's first all-electric cooking school gets underway Tuesday afternoon, October 23 at 2 p. m. in the High School Auditorium. A second session with entirely new recipes and household hints, will be unfolded the next afternoon, Wednesday, at the same time and place.

Cooperating in this modern cooking school are Muleshoe's electric appliance dealers and the Southwestern Public Company. Programs such as this have enjoyed great success all over the Public Service Company's territory, with large crowds on hand to see the kitchen demonstrations.

Headlining the Muleshoe school will be Miss Clydie Little, well known to many Muleshoe and Bailey County folks because of her work in this area as home service advisor for the Public Service Company. Miss Little will be assisted by Miss Patricia Stearns, home service advisor at Plainview for the electric light and power company.

A big list of prizes for the two day school is topped by a grand prize of a \$200 electric appliance of the winners choice, or a \$200 credit on an appliance costing more than that amount. In addition, there will be daily door prizes of food cooked at the school, frozen pies, and smaller electric appliances.

Cooperating with the Southwestern Public Company in this cooking school are these Muleshoe electric appliance dealers: E. R. Hart Company, Johnson Furniture, Harper Appliance, Bass Firestone Store, Dyer Hardware & Furniture, Johnson & Pool, Berry Electric, Willson & Sanders Lumber Co., Muleshoe Implement & Supply.

#### MULESHOE PITCHERS WANTED IN AMARILLO

Mule shoe pitchers around these parts are wanted at Amarillo for the third annual Old Tack horse-shoe pitching tournament.

A telephone call was received by The Journal this week specially inviting those of our citizens who can, or think they can, pitch mule or horse shoes to attend the tourney, sponsored by the Amarillo News-Globe.

Qualifying rounds will begin at 9 a. m. and the entry fee is \$2.00. There will be a buffet luncheon at noon.

#### ESTELLE DAWSON ELECTED BUSINESS CLUB CHAIRMAN

Plainview, Texas, (WCNS) — The Wayland College Business Club recently elected Estelle Dawson, junior from Muleshoe, as social chairman.

President is Violet Thornburg, junior from White Deer; vice-president is Ora Mae Deen, sophomore from Kress, and secretary treasurer is Dorothy Broome, sophomore from White Deer.

Sponsors of the organization are Mrs. Charles Davis, G. A. Murphey, and Edward McMillan, all Wayland faculty members.

#### MULESHOE HD CLUB TO MEET COMING TUESDAY

The Muleshoe Home Demonstration Club will meet with Mrs. Ethel Julian in an all day meeting Tuesday, October 23, to make nylon corsages.

Each member is to bring a covered dish. Progress home demonstration club members will be guests of the Muleshoe club that day.

#### TO ATTEND KANSAS GAME

Mr. and Mrs. Herb Covin will be sitting on the sidelines when Oklahoma University and Kansas University grid teams clash at Norman Saturday. It is "dads and moms" day at O. U. and the Covins, whose son, Bill is a member of the squad, will be guests for the doings on the campus that day.

**Shelley Tells Of Dial Telephones At Rotary Club**

C. D. Shelley, of Lubbock, district manager of the Southwestern Associated Telephone Company, told members of the Rotary Club and their guests about the new dial telephone system which began operation here Tuesday when the club met at noon in the Postoffice Cafe.

Mr. Shelley said he believes that after the dial system is in smooth operation the people are going to be very proud of the new system.

Many questions were asked of him concerning extensions in the rural areas. Mr. Shelley reminded his listeners that the company has one project already operating in the West Camp neighborhood, and he said that two more, one around Progress, and the other north of Muleshoe, are in the works and will be brought to reality next year.

He also called to the attention of the group that dial telephones from Muleshoe costs nothing, although such a call is listed as a toll call in the directory. He said that by error the information that Clovis also may be reached from Muleshoe was omitted from the directory; Clovis may be called direct by using the number 116. To call Littlefield, he said, which is the principal outlet from Muleshoe, one dials 0.

A large number of new phones were placed when the new dial system went into use. The local exchange has provision for a large number of additional phones as Muleshoe and territory grow, he said.

Jeff Peeler brought to the attention of the Club that the high school P. T. A. is seeking to buy a curtain for the high school

stage. The club voted to assist other organizations in raising money, particularly to cooperate with the JayCees in staging a money raising carnival and D. L. Morrison, Onard Upton, and E. O. Baker were named to the committee to cooperate with the others.

Guests included Jeff Peeler, Travis Barnett, Dr. G. A. Pittman, Wayne Bristow, Junior Rotarian of the month, and Douglass Rutherford, of Lubock, and Mr. Shelley.

**DIAL TELEPHONES**

As modern as tomorrow's newspaper is our new dial telephone system in Muleshoe. If you haven't visited the local plant to learn something of how this dialing is accomplished, you have a treat coming to you. Particularly spooky, we think, is the radio long distance wave established about a line that is in use, in fact several circuits may be created in this way. Anyway, we are all happy to have this modern telephone system established in Muleshoe.

Remember way back when we used to have to turn a crank to get the operator?

**THE GOOD EARTH**  
It smells good. It feels good. Treated properly and tended with care, it provides our food and our income. Handled without thought for the future, it withers and grows poor... depriving us of our livelihood. **WE'D like you to come in and hear a wonderful story.**  
First of all, it's the story of a great car—a car whose name is respected and admired everywhere in America. We are sure that the word "Pontiac" means something distinct and different from any other name in the motor car world.  
The word Pontiac means a good solid citizen—a thoroughly good car—a beautiful car—a

car with a reputation for delivering years and years and years of driving pleasure.  
But there's another important part of this story you should hear: *It's the wonderful story of Pontiac's price!*  
For this great car, desirable as it is, is one of the lowest priced automobiles in America—just one step above the very lowest. Come in, get our deal—a wonderful story all the way around!

**BABSON DISCUSSES  
Remodeling Houses**

Babson Park, Mass., Oct 12 — A friend of mine has recently purchased an old eighteen room mansion which he is converting into apartments. Some very interesting observations can be made on that job concerning present day workmen. As he tells me his troubles, I wonder if this is the time to do remodeling jobs on old houses, especially as the best of houses always deteriorate even though the land increases in value.

**USE CONTRACTS AND READ THEM**  
My friend's house is in an area where skilled craftsmen should be available. Some of his jobs have been let under contract; some have been done at an hourly rate. All the workmen were highly recommended. But, though price was not the important factor, few really took pride in the job they did. Certainly, don't start a remodeling job today except by contracts; then read your contracts before signing or else employ an architect.

The card of the painter which my friend employed read: "Neat

craftsmanlike workmanship." Before the job had gone far, the owner had to remind the painter that neither spattered floors nor carelessly drawn window sashes were acceptable. While the plumber spent considerable time talking about his fine workmanship, his joints and pipes leaked and he carelessly chipped porcelain fixtures. Therefore, you must be hardboiled and insist on good work even after you have read and signed your contracts.

**ARE CRAFTSMEN GONE?**  
The paper hanger said: "Choose plain paper, particularly for the hall; it's easier to match and more economical." Plain paper, for that particular paper hanger, meant he could slap it on as fast as possible, but it or lap it, depending on the wall! This may be good advice. One should always consult the paper hanger before buying the paper; but be on the job when it is being hung. The selection of wallpaper is almost as important as the selection of a wife.

It may be unwise to take the lowest bidder for roof work. Better contract with a roofer who has been in business many years. Too many roofers think that the owner will never climb up on the roof to inspect the gutters, etc. Hence, he fails to oil the gutters and seal the joints as per his contract. But the one who really took my friend for a ride was the electrician. He used more BX, BC, and Romex cable, connectors, plates, cutouts and clips than you'd suspect it takes to build a battleship! As electricians get a big profit on the material they supply you, they are tempted to use more than they should. What's in the partitions only the electricians and the mice will ever know!

**INSIST ON GOOD REPUTATIONS**

But my friend's carpenter was one in a hundred. He was careful and proud of his work. He acted almost as if the house were his own. He was painstaking, whether he was laying a course of shingles or mitering a door-casing or putting on hardware. To him there was a right and a wrong way, and he could be trusted to do the job right even though he was working by contract.

Not enough individuals or companies today render good craftsmanship. Wars, government contracts, sellers' markets, and material shortages tend to bring quality standards down. When

**SAND HILLS PHILOSOPHER**

**Almost Forgets Himself, Gets Serious About International Situation**

Editor's note: The Sand Hills Philosopher on his Johnson grass farm must have had a touch of indigestion, his letter this week indicates.

Dear editor:  
You know, I don't know anything about international affairs, which doesn't necessarily disqualify me for talkin about em, a private citizen has as many rights as a Congressman in this country, in fact I don't even know anything much about national affairs, state affairs, county affairs, precinct affairs, farm affairs, well I do know a little about farm affairs but I don't intend to employ that knowledge, you run your business and I'll run mine, is my policy, if I'd wanted to farm any better I'd started years ago, but what I started out to say is that while

buying hardware today ask for goods made before June 1, 1950. The quality since then has been losing ground.  
**IS REMODELING A GOOD INVESTMENT?**  
Apartments are in demand. Old houses can still be bought cheap. Many can be made over into four or more apartments. You can make a contract so as to know just what the remodeling will cost; you can also learn from real estate agents how much rent you can expect.

Then figure what you will get on your investment. This should be over ten per cent annually to cover taxes, insurance and repairs and to have six per cent left for yourself, even with full occupancy. To be on the safe side, you should allow for some vacancies. Remodeling of properly located old houses may be a good investment; but investigate before you invest.

I don't know anything about international affairs, I know a little something about human nature.  
And one of the things I know is that Stalin ain't no fool, that is, in the long run he may turn out to be one, but with the experience of Hitler still fresh in his memory, with the futility of one nation's attempt to whip the world still starin him in the face, he ain't gonna try it.

I don't care how hard Russia has been workin toward a war machine since the last war or how careless the United States, England, France, and all the rest have been in lettin our machine run down, I'll bet my entire Johnson grass farm against one wadded-up issue of your paper from year before last that Russia can't whip us. She could do us a lot of damage but she couldn't whip us and hold us.

Therefore, when everybody, even me, knows Russia is supplyin the material to help the Chinese fight the Korean war, will somebody tell me why we should use up men and energy scrapperin over unidentified ridges in Korea? Understand, there may be a valid reason, and if it'll prevent an all-out bombin war, everybody's in favor of the ridge fightin, but if I was punchin a votin button in Congress, and understand I'd much rather punch one in favor of tellin Russia, not China, that if she doesn't call off the war in Korea and the other places she's nibblin at, we'll start dealin with Russia and forget about the ridges and gulches we've been foolin around with for over a year.

Of course ain't nobody asked me for my opinion. Next week I will try to get back on something lighter. The international situation may be like the problem of grass in my crops; the people in a position to solve it ain't got

**CHRISTIAN SCIENCE SERVICES**

The character of daily worship and living that sets the individual at-one with the divine nature is the only acceptable atonement, declares the Lesson-Sermon titled "Doctrine of Tontonian Science churches on Sunday, October 21. The Golden Text makes the point clear. It reads, "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new" (II Corinthians 5:17).

Willin obedience to God's law is essential. Jesus admonishes (Matthew 10:38), "He that taketh not his cross, and followeth after me is not worthy of me." Mary Baker Eddy further points out (Science and Health with Key to the Scriptures, p. 19): "Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement,—in the at-one-ment with God, for he lacks the practical repentance which reforms the heart and enables man to do the will of wisdom".

**THE MINISTRY — A HOLY CALLING**

"... he who sows sparingly will also reap sparingly, and he who sows bountifully will also reap bountifully." (II Corinthians 9:6-15.)

To visit very scattered congregations of poor people, Bishop Henry Damerell Aves, of Mexico, used to travel long distances by railroad or on horseback. During military and political strife, about 1911-13, traveling was especially difficult. During the disturbances Bishop Aves was called urgently from Mexico City to Nopala, Hidalgo. As there was no passenger train available, he had to take a freight train and ride on the top of one of the cars. It was a cold night and he had to sit there with much discomfort for more than five hours. When he arrived at Nopala, he was almost frozen and could not stand up. People had to let him down from the train with ropes.

**Your First Car can be a Buick!**

**THIS** being a land where it is every man's right to dream of getting ahead—and the pursuit of happiness is guaranteed by the Constitution—it happens that a great many people aspire to own a Buick.

But too often they start with a lesser car first—from a feeling that Buicks are something you have to build up to gradually, as your take-home pay improves. So—if you have any such notion—we'd like to set you straight, right here and now.

You don't have to hope and dream and wait. If you can afford a new car—the first car you buy can be the Buick SPECIAL pictured here.

Its price tag says so. Its low cost of operation says so too.

We know that it looks like a lot of money. That's what makes it such a buy.

We know that it has a long list of features found in costlier cars, and that it rides and handles like cars that sell for a great deal more.

But that simply means that—at its price—you're getting a very big money's worth.

All of which adds up to one conclusion: the smart thing to do is come in and give this neat and nimble new SPECIAL a thorough going-over.

Try out its power—the power of its high-compression, valve-in-head Fireball Engine.

Try out its ride and handling—and you'll discover it has the "big-car feel" that you'd expect from a Buick.

Try it out for size—for room—for comfort—for all the things that you've dreamed someday of having in a car—and you'll thank your stars that you found out the facts of life in time.

## SS Officers

The Dorcas Class of the First Baptist Church met in the home of their teacher, Mrs. Mitsy B. Humphrey, near Good Friday, Oct. 5, at 8 p. m. for the installation of officers for the new year. The meeting was called to order by the president, Pauline Jamison.

The opening prayer was offered by Mitsy B. Humphrey followed by the song, "My Jesus, I Love Thee". Faye Lambert gave a very interesting devotional from I Corinthians 12:12-21 in keeping with the installation services.

Installing officer was Edith Blaine and she used as her theme, "The Body." Each officer was installed as part of this body. President Pauline Jamison, was the voice; first vice president membership, Hazel West, as one of the feet; class ministries, Faye Lambert, as the other foot; Lida Wilhite, associate member substituting for an office yet to be filled was the hand; stewardship, secretary, treasurer and reporter, Doris English, as the eyes; group captains, Lila Eason and Truma Griffiths in the absence of Rita Johnson and Minnie Jones; unfilled office, Jewel Pool as the ear and Mitsy B. Humphrey, teacher, as the heart.

A dahlia corsage was pinned on each as they took office. A pledge was made to fulfill their offices to the best of their abilities for the year. Lela Barron, mother teacher, gave the dedication benediction. The song "Take My Life and Let It Be", closed the services.

Several interesting games were played led by Truma Griffiths. Delicious refreshment plates of chicken salad, sweet pickles, buttered Ritz crackers, hot chocolate coconut and chocolate pecan cake with home made ice cream were served to Lita Eason, Edith Blaine, Truma Griffiths, Jewel Pool, Faye Lambert, Lela Barron, Lida Wilhite, Pauline Jamison, Doris English, two little visitors, Sylvia and Cynthia Pool, and the host and hostess, Mr. and Mrs. Humphrey.

**Pauline Jamison Hosts Dorcas Class**

The members of the Dorcas Class of the First Baptist Church met Wednesday, Oct. 10, at 4 p. m. in the home of Pauline Jamison at Lariat for a business meeting and social hour. The meeting was called to order by the president, Pauline Jamison.

Opening prayer was given by Effie Hicks. Dorothy Bowers gave the devotional, taking it from II Corinthians: 28. A reading, "Let's Be Different", was read by Pauline Jamison. Gene Cox and Margaret Marshall were named as a nominating committee with Pauline Jamison to work with them.

Delicious refreshments of chocolate cake and punch were served to Effie Hicks, Margaret Marshall, Truma Griffiths, Gene Cox, Edith Blaine, Dorothy Bowers, Doris English, and the hostess, Pauline Jamison.

**ROCKEYS HAVE VISITOR**

Mrs. Ada McClain of McAllister, Calif. arrived Thursday, to visit in the home of her brother, Neil Rocky, and Mrs. Rocky.

## MENEFEES RETURN FROM VACATION IN EAST TEXAS

Mr. and Mrs. W. S. Menefee returned last Thursday from a vacation in East Texas. They visited A. W. Menefee, who is in a hospital in Tyler, Texas. Then they visited and fished near Mineola. They visited in Greenville and Celeste, fishing in lakes there. Also, they fished in Lake Texoma, near Dennison, and in Possom Kingdom lake, near Mineral Wells. They will have a fish fry for the families of their children Sunday. They had all the fish they could eat with relatives as they took them where they visited.

"We did not break any fishing record," the couple told The Journal upon their return. The couple also were present for the opening day of the State Fair in Dallas, Saturday, Oct. 6.

## Cooking School Oct. 23 And 24 Is Sponsored By Eight Local Firms

Muleshoe electric appliance dealers and the Southwestern Public Service Co. are looking forward to a big two day cooking school on October 23 and 24. The two day school will be held in the Muleshoe high school auditorium beginning at 2 p. m. each day.

Electric appliance dealers of this city have provided a \$200 electric appliance prize for the winner's choice. There will be free prizes every day for a number of ladies who are in attendance. These prizes will consist of small appliances from your electric dealers and the food that is prepared by Southwestern Public Service Company's home service advisors, Miss Clyde Little and Miss Patricia Stearns.

The electric appliance dealers of Muleshoe will furnish all of the appliances to be used on the stage. The E. R. Hart Company will display the new Automatic Bendix Dryer; the Wilson-Sanders Lumber Company will display the Youngstown Dishwasher Sink; the Automatic Electric push-button Gibson range will be displayed by Johnson Furniture;

There will be shown by the Berry Electric, another automatic electric push-button range, a Philco, will be displayed by Dyer Hardware & Furniture; a big freezer will be displayed by Johnson-Pool. The Harper Appliance will display their Ironrite Ironrite Ironer.

All of these appliances will be demonstrated by the Southwestern Public Service Company's home service advisors. Miss Little and Miss Stearns promise to provide the audience with an abundance of time saving hints for the kitchen. The home service advisors, Miss Little and Miss Stearns, have made full use of their wide experience in preparing the varied recipes for each day.

There will be door prizes for the children and prizes galore so don't miss the Muleshoe All-Electric Cooking School on October 23 and 24—and it's all FREE.

## Mules Gallop By Springlake In Friday Game By 27 to 6 Score

H. Watson, Springlake fullback, sneaked through the middle of the line, evaded the secondary and ran 82 yards for a touchdown that began the fireworks in the Friday night game between Springlake and Muleshoe high school football teams. It began Springlake's offensive showing and just about ended it. Their try for extra point failed and the score stood at 6 to 0.

It didn't stay that way long. The Mules recovered a Springlake fumble on Springlake's 20 and shortly afterwards had a score. Roald Johnson, quarter going over from the 2. Dewayne Burkhead kicked the extra point and it was 7 to 6. The Mules made another marker before the half.

D. Crawford and Watson picked up two first downs for Springlake and the ball was in midfield, but the Mules held and Springlake kicked. Johnson made it first down on Springlake's 46 then made it first and four to go on their 30. A good penalty put the ball on the 18 but a fumble set the Mules back but on the next play Johnson scampered 30 yards for the T. D. Johnson was working that old cutback beautifully. Burkhead's kick sailed through the uprights and it was 14 to 6, when the whistle blew ending the first half.

Havey was sparkplugging the team at quarter and this left Johnson free to carry the mail more often and he was alternating with Anbrey Heathington, Burkhead, Benny Bickel and Harvey in the running department. Bickel made it first down on the Springlake 8, then a first and goal. Johnson got nearly enough then Heathington bulled over from the 1. Bill, left end, kicked the extra point.

The Springlake boys were fighting like a bunch of aroused wildcats but the Mules were due for another marker. In the fourth quarter Heathington again went over for a touchdown from 5 yards out. Bill Willis missed his kick for the extra point and that's the way the game ended 27 to 6. Johnson got off a beautiful run of 83 yards and went over the goal line, only to be called ruled the forward motion had been stopped before he broke loose around his own 35.

Springlake's desperate Wolves threw a flurry of passes that were finding receivers. They accumulated three first downs right quick, but the Mules put the fire out before real damage could be done.

A small crowd braved a cold south wind, dirt and dust to watch the game.

Coach Bailey and Coach Hedges have been giving three sophomores lots of playing time. They are Jimmy Holt, at quarter and left defensive half, Benny Bickel at half, and Kenneth Henry at a line position. The quality of their play argues well for future Muleshoe high school teams.

### Area Preachers Assist In State Wide Revival

Methodist preachers of this area filled pulpits in central and south Texas in the Texas-Wide Methodist Revival and in turn preachers of the Houston area will come to conduct meetings in churches of this section.

Rev. Carol M. Jones of Progress directed the evangelistic effort at Yancey. Rev. Don Davidson of Hereford was in Del Rio; Rev. J. R. Wood of Earth was in La Pryor; and Rev. J. B. Thompson of Tulia was in Carrizo Springs.

Rev. H. W. Hanks of the Muleshoe church preached at Lometa; Rev. I. T. Huckabee of Bovina was at Center Point; Rev. Vernon Wilard of Oklahoma Lane at Melvin; Rev. Harmon Keelin of Lubbudie was at Gristoval; and Rev. R. O. Browder of Hart was at Chapel Circuit in the Lampasas section.

The preachers of the Houston area will come to this section for evangelistic campaigns Oct. 26 to Nov. 4. The United Evangelistic Mission in the Amarillo district will be climaxed in a great mass meeting at the municipal auditorium in Amarillo Sunday afternoon Nov. 4, with Bishop Dawson doing the preaching.

### Bicycle To Be Awarded Tuesday

Some lucky person will own a brand new bicycle Tuesday night when the award is made at the Cox Drive-In Theatre. Howard Cox, proprietor announces.

specimen of Peace rose, a variety that seems to be well adapted to this section. Her rose has petals that are slightly yellow on the bottom with a pink fringe at the top. It was a very beautiful rose. Mrs. L. S. Barron also grew some of this variety this year and W. B. Wagnon has some bushes of the variety that is new to this territory.

**For Modern Living**

All of the light, utility, cross-ventilation, convenience, and comfort that can be offered in a small five-room home is shown in this house plan.

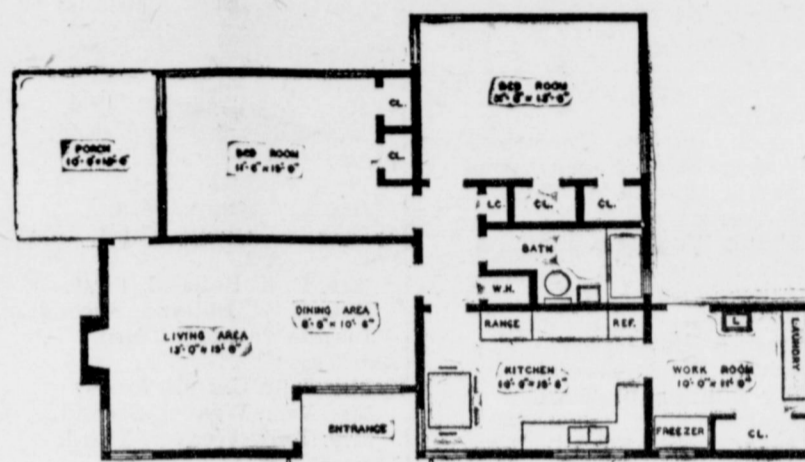

The kitchen-workroom combination is especially convenient. The closet and lavatory in the workroom will provide a place in which the field hands can wash up and leave their outside wraps. If modern equipment is used, the laundry can be done and the family meals prepared at the same time. The four windows offer an unusual amount of window space making the kitchen very light and cool. There is 16 feet of counter space in addition to the table. The table arranged by the two large corner windows will provide an especially nice place to serve the family meals.

The bedrooms are very conveniently located, each with corner windows, thus leaving plenty of wall space for attractive furniture arrangement. Two large closets in each bedroom provide ample storage space; also the linen closet in the hall.

By arranging the living and dining area together, the effect of a very large room has been achieved and the space permits an attractive arrangement with the least amount of furniture. The large fixed window, which opens onto the entrance, could be replaced by ordinary window units of by use of glass-block, either is very attractive.

The screened porch on the back has an outside door and gives easy access to the living room; yet it is away from the entrance drive and barns. Hence the greatest possible amount of comfort and privacy is provided. A door opening into the adjoining bedroom could be very easily arranged if desired.

The plans on this house show a hip roof; however, the house would be equally attractive with a gable roof if the pitch on the rafters was not steeper than 5

inches rise per foot run. You can obtain blueprints for this Muleshoe Journal Farm & Ranch House Plan No. 4913 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch, Dept. L-36, Nashville, Tenn. Order by number, plan No.

4914. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

"Regardless of weather, throughout the year I have to make trips to the airfield, day or night," reports C. B. Simonds, aircraft communicator. "My car has to be ready to go when I need it. So when I heard the story of 50,000 Miles—No Wear, I changed over to new Conoco Super Motor Oil immediately."

"I've driven considerably more than 50,000 miles since I changed to Conoco Super. So I know—50,000 Miles—No Wear has certainly been true for my car. It still runs like new, and my gasoline mileage is as good, too! Conoco Super's the oil for me!"

**Change Now—For Summertime Performance All Winter!** Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with OIL-PLATING. Get quick starts, fast pickup, better performance all winter.

**Proof of 50,000 Miles—No Wear!** After a punishing 50,000 mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

### Bill Matthiesen Heads Bailey Co. CROP Committee Formed Here Friday

Organization of a Bailey County unit of the Christian Rural Overseas Relief Program known as CROP was perfected at a noon luncheon meeting held in Fellowship Hall Friday at noon. Many of the county pastors, several farmers, and business men of the city were guests at the luncheon, paid for equally by the Lions Club, Jaycees, and Rotary Club.

Homer S. Sanders, Jr., presided and introduced Rev. Carl Schulte, pastor of the Pleasant Valley Lutheran Church and of the Littlefield Lutheran Church, who is acting as district supervisor. Elder Jimmie Bass gave the invocation.

Rev. Schulte explained that the CROP objective is to help feed the destitute millions of India, Europe, and Asia, and help clothe them. Food and fiber is wanted by the organization which is now several years old and has helped to relieve hardship and even famine and exposure through its program.

He pointed out that the rural Christian people of America are thus not only doing their duty, but are also creating new friends for the U. S. in many parts of the world. A shipload of food and fiber from the farms of Oklahoma and Texas will leave Houston in November for Korea and Japan, where war's aftermath has left millions hungry and without adequate clothing, or in some cases even a place to live.

**Matthiesen Is Chairman**

Bill Matthiesen, one of the earliest settlers of the Muleshoe country, himself a farmer, was chosen to head the county's organization. Mrs. A. W. Copley was elected as co-chairman to help line up the women's organizations for the coming campaign.

Other officers elected are: Buddy Blackman, secretary; Mrs. Inez Bobo, treasurer; J. M. Forbes, publicity chairman; members of the executive board at large, Miss Dian McClurkin, county HD agent, and J. K. Adams, county agent.

Sheriff Hugh Freeman, livestock gifts chairman, and the pastors present were named members of the executive board. Various community chairmen will be named by the executive board.

Mr. Matthiesen called the first meeting of the executive committee for the following Tuesday evening, at Gerald's Cafe.

City people will give money, rural people will be invited to give sorghum grains, wheat, or cotton. A comprehensive program of acquainting the people of the county with the good that may be accomplished through their gifts will be waged at once. It is believed that a bale of cotton can be readily found in this county in time for inclusion on the ship that leaves Houston in November.

Speakers suggested that Bailey County set a goal of at least 2 tons of sorghum grain and 15 bales of cotton. Farmers at each gin will be invited to give whatever they feel like giving, in hundred pounds of seed cotton, or whatever. Likewise, twenty elevators will accept contributions from their customers of sorghum grains.

At the present time home canned vegetables or fruits cannot be accepted for the reason that it would be a partial shipment. Carloads are wanted because of

freight charges. The latter will be borne through the gifts of city people who have no products to give. Livestock will be accepted and that was the reason for electing Mr. Freeman on the livestock end for some family might wish to contribute a live animal. Another national organization accepts gifts of heifers to be sent to foreign countries to help restock the farms there.

A film, "Statesmen in Overalls", explained very well the purpose and hopes of CROP. It is hoped that everyone in this county can be acquainted with the high aims of this Christian organization, whose sole hope is to be of assistance in a friendly way to the now hopeless, despairing men, women, and children of the countries left almost helpless by war.

In attendance at the meeting were: Connie D. Gupton, Bill Matthiesen, Rev. C. Schulte, M. F. Blackman, Sam Damron, Rufus Gilbreath, C. E. King, D. L. Morrison, R. M. Gregory, J. M. Forbes, Al Hall, L. J. Helm, W. M. Wilterding, Lloyd Alsop, H. S. Sanders, Jr., Eddie Ramm, Jimmie Bass, H. S. Sanders, Sr., Mack Hale, Rev. S. Patrick, S. W. Walker, Troy Perkins, Miss Dian McClurkin, Mrs. Albert Davis, Mrs. S. C. Caldwell, O. D. Ray, and S. D. Clements.

**ENGRAMS HAVE VISITORS**

Mr. and Mrs. Don Exline of Kress, Texas, were week end visitors in the home of Mr. and Mrs. J. H. Engram, grandparents of Mrs. Exline. Mrs. William Root, Mrs. Exline's mother, who had been visiting, returned home with them.

**PROSPECT AT MISSION**

C. L. Dyer, Muleshoe real estate man, Robert Byrd and Claude Mosley, local farmers, inspected farm land around Mission, Texas, in the Rio Grande Valley last week.

**SPLAWNS HAVE VISITORS**

Those visiting in the Howard Splawn home Sunday were: Mrs. J. K. Stagers, Mr. and Mrs. Raymond Stagers and daughter of Medford, Oregon, Mr. and Mrs. Bob Pierce and family of Leveland, Mr. and Mrs. Burl Pierce and family of Turkey, Mr. and Mrs. Bobby Pierce and family of Littlefield, Mr. and Mrs. Arthur Askew, Mr. and Mrs. Cecil Davis, Mr. and Mrs. Flois Smith and Mr. and Mrs. Haskell Pierce and family, Maurita and Velda Jo Wilson all of Muleshoe.

**LUZIER'S DRAWING**

Mrs. Holland has announced that the lucky ladies of the Luzier's drawing which occurred at the Fair were Pat Pierce of Route 2 and Mrs. Ola B. Jones.

**PRIMITIVE BAPTIST CHURCH**

Corner Fifth and Rencher Clovis C. J. L. Bollinger, Conducting Arrangements have been made for use of Seventh Day Adventist Church every third Saturday night and Sunday of every month.

**FOR THE FIRST TIME**

The Muleshoe Journal is now printing 1750 papers. The subscription list is growing rapidly, and the drug stores here in Muleshoe are selling quite a lot of papers. Since the close of the war the subscription list has about doubled. Muleshoe and territory are growing rapidly, as evidenced by this printing list of The Journal. Business people who place their messages in The Journal are assured of a wide coverage. No community paper ever had a greater reader interest.

**VISITED BARNETTS**

Visitors in the home of Mr. and Mrs. Pat Barnett Sunday were Mr. and Mrs. L. C. "Dutch" Long, Kay, Clinton and Deborah, of Amarillo; Mr. and Mrs. Kelly Joe Barnett, Charlotte and Marilyn, of Goodland; Mr. and Mrs. Joe Baker of Jacksboro; and Mr. and Mrs. Homer Sanders, Jr., and son, Mike, of Muleshoe.

**From where I sit... by Joe Marsh**

**Our Bank Says "Help Yourself"**

People around here need lots of small change these days — what with candy, gum, cigarette and soft drink machines... pay phones... and those penny sales tax.

Used to get a stack on our bank. Changing money took up a lot of time. Then the Chief Teller Happy Wilson, read about another bank using a "help yourself" change system. The directors decided to see if it would work here.

They set out some big shallow bowls full of nickels, dimes and pennies with a sign saying "MAKE YOUR OWN CHANGE." Works fine,

too. At the end of the day the totals are never more than a couple of cents under—or over—the right amount.

From where I sit, folks everywhere are pretty much like, although they may seem different. Farmers and city folks, Republicans and Democrats, those who enjoy a glass of beer occasionally and those who prefer something else—we all usually try to live up to the trust others have in us.
