

Rainfall Totals 19.28 For Year

Muleshoe has received 19.28 inches of rain so far during 1951 a summary made by R. J. Klumpf weather recorder here shows. This is just about the mean annual rainfall, it was said. Mr. Klumpf said he had recorded rainfall by months as follows:

January .62.
February 1.16.
March .21.
April .11.
May 6.86.
June 5.34.
July 3.48.
August 1.34.
September .06.
October .21.

The only recorded rainfall for this month occurred on Monday night of this week, October 22, when a shower fell about 8:30 amounting to .21.

While there have been some low temperatures, and some frost and even ice have been reported, a real killing frost has not occurred. Some plants were affected by the frost but in general leaves have not turned brown nor fallen off. Some cotton farmers have been wishing for a frost heavy enough to kill foliage, permitting the cotton bolls to get more sun and open sooner than they otherwise would.

Dr. Marshall To Conduct Revival In Muleshoe

Dr. Bill Marshall, President of Wayland Baptist College, will be the evangelist for a five day revival at the First Baptist Church, beginning Wednesday, October 31 and running through Sunday, Nov. 4.

The music will be directed by Mr. Sam Allen, track coach at Wayland College. Services will be conducted each evening at 7:30. Everyone is welcome to attend these services.

Wildcats 32, Muleshoe 19

Friday night's battle between Muleshoe and Littlefield football teams almost turned into a long run deal between M. C. Northam of the Wildcats and Roald Johnson of the Mules. Both speedsters turned in sensational, spine-tingling long runs for touchdowns.

The Littlefield fullback is one of the finest runners ever to perform on the fields of this district. He is a terrific runner, but perhaps the blocking was superb and there was no reason why he couldn't run. Muleshoe and Littlefield fielded about the same sort of line; and Muleshoe held their bigger foes for downs on numerous occasions.

Johnson got away on two kick offs. One time he ran 80 yards for the T. D. and his other run was even longer, 90 yards right through and around a bewildered Wildcat team. Roald surprised the fans by putting on a tremendous burst of speed that outdistanced his pursuers, including Northam who chased him nearly to the goal line but was losing distance at the last.

Muleshoe made three touchdowns. Robert Waggoner, the guard who plays everywhere, scored in the opening minutes from 30 yards out on a handoff. It added to his already impressive scoring total for the year.

Littlefield won, 32 to 19 or 5 touchdowns to 3, but the Mules put a scare into the Wildcats in the last half with their long runs and their tight defense. The biggest crowd of the season watched the game.

Pvt. Savage Is Killed In Korea

October 4, Pvt. James T. Savage, son of Mr. and Mrs. Lee Savage of Levelland, was killed in action in Korea. He was 22.

He volunteered into the service in California, in Sept., 1950, and was with the 7th Regiment of the 1st Cavalry Division. He is survived by his mother and father, and six brothers and sisters: Mrs. J. A. Miller of Levelland, Hugh Savage of Muleshoe, Billy Savage of Lubbock, Mrs. R. M. Miller of Tahoka, Chattie Mae Savage, teacher at Levelland, and Mrs. Billy Vandaveer of Amarillo.

Blocher's Money Found

An estimated \$9,000 of wealth of Josh Blocher was found Wednesday afternoon by searchers under the direction of Carrell Howell, administrator of Blocher's estate. The money was buried in fruit jars about 15 inches deep in the dirt floor of the cabin.

The cabin and six feet around it each way is being evacuated on order of the Bailey County Court. The first jar, \$6,060, was unearthed by J. H. Wimberley, one of the men aiding Howell, about 3 p. m. Wednesday afternoon. His shovel struck the jar which was buried directly beneath the bed of the murdered recluse.

The money was in good shape but dirty and consisted of bills of \$100, \$50, and \$20 denominations. Lewis Wimberley unearthed two more jars, one under the location of the stove and the other between these two locations, each stuffed with two rolls of \$20 bills.

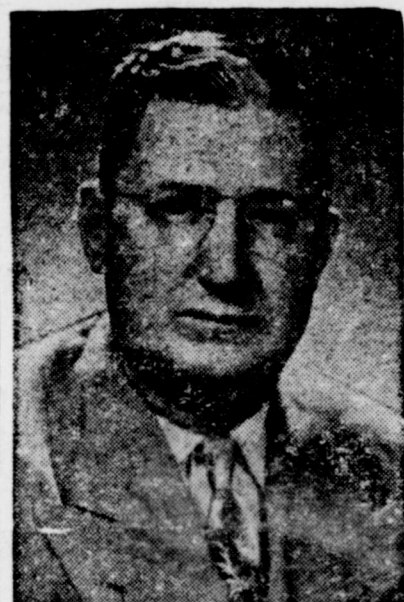

No accurate count of this money was obtained as it was miled and molded and will probably have to be sent to the Treasury department for identification and counting. It is estimated that between \$3,000 and \$4,000 was contained in these two jars of money. One of the rolls that was the least damaged revealed the bills to be of the 1934 series.

Others assisting in the search were Morris Hicks and Clyde Henry. Howell spent the night on the Blocher premises Wednesday night and will continue to guard the property until the evacuation is finished. The search will continue today in order to unearth more of the murdered man's money.

The body of Blocher, 85-year old founder of Progress, was found in a cotton field near here on August 15. Two former Amarillo smelter workers are being held for the murder of Blocher after their arrest in Amarillo. They are Lester Douglas Stevens, 50, and Thomas Livesay, 29.

Bailey Hogs Win At Fair

Rotary District Governor Visits Muleshoe Club

P. F. Bridgewater

Percy F. Bridgewater, of Midland, district governor of District 183, Rotary International, with Mrs. Bridgewater spent Monday and Tuesday here with the Rotary Club of Muleshoe.

Mr. Bridgewater conferred with officers, directors, and committee chairmen Monday night, then was the principal speaker at the weekly luncheon of the club, held Tuesday.

In his talk, Governor Bridgewater dwelt upon the four objects of Rotary, particularly that object which is aimed at international peace and understanding. He was introduced by Bud Holton, president of the Muleshoe Club.

Guests included Al Claridy, a member of the Littlefield club; Wayne Bristow, the "junior Rotarian" of the month; Al Hall, manager of the Chamber of Commerce; and Lee Pool, of the Lions Club, who brought an appeal for wider support of the Boy Scout movement in Muleshoe.

Hospital News

Medical patients the last few days include: Max Horsley, Neil Edwards, Mrs. Edward Autry, R. E. Dorn, Mrs. F. C. Wagoner, O. E. Bowman, Surgical patients were Sherry Ann Stancell, and Bill Hart.

We are proud to announce that Mrs. Everett Talley has been admitted to the hospital staff.

CONGRATULATIONS TO:
Mr. and Mrs. G. W. Chapman, on the birth of a son, Jeffrey Lynn, October 24.

Mr. and Mrs. Anson Dearing on the birth of a son, Rodney Anson, October 8.

Mr. and Mrs. Billy Jim St. Clair on the birth of a daughter, Karen Kay, October 9.

Mr. and Mrs. C. W. Kenyon on the birth of a daughter, Karen Kay, October 11.

Mr. and Mrs. H. H. Potter on the birth of a son, Shawn Lynn, October 21.

Mr. and Mrs. Charles King on the birth of a daughter, Delinda Lane, October 8.

Mr. and Mrs. Don Bryant on the birth of a daughter, Trenna Dow, October 19.

Mr. and Mrs. Clifford Tinsley on the birth of a daughter, Darla Jan, October 20.

AT HOME EC MEETING

Mrs. Marquita Collins is in Albuquerque this week attending the State Home Ec convention. She is a delegate from E. N. M. U. at Portales. Marquita is a former Muleshoe girl, the daughter of Mr. and Mrs. Glenn Splawn.

VISITED RELATIVES

Mr. and Mrs. Henry Clements and Mr. and Mrs. Fred Clements visited relatives over the week end.

The grandest accumulation of prizes in the club boys swine show at the State Fair in Dallas came to Bailey County, a summary of the boys' achievements shows. J. K. Adams, county agent and Edward White, voc. ag. instructor at Muleshoe, were elated at the showing.

Consider these top winnings: Keith Bray - grand champion pen of 3 pigs.

Marlon Inman, reserve grand champion barrow of all breeds.

Breed Champions:

Marlon Inman, Grand champion and reserve champion Poland China barrow.

Darrell Lee Stephens, champion Duroc barrow.

Keith Bray, champion Poland China pen of three.

John Henry Gammon, champion Hampshire pen of three.

Marlon Inman, reserve champion pen of three Polands.

Other prizes fell thick and fast in the Poland China, Hampshire, and Duroc breeds to the lads from Bailey County, and no one interested in hogs in Texas can fail to know that Bailey County is the home of swine that present day show judges like. Adams and White summed it all up this way:

Few Prizes Left

Muleshoe 4-H and FFA boys left very few top prizes for the other club boys in Texas on show days at the State Fair Thursday and Friday. Breeds in which our local boys staged a near shutout were the Poland Chinas, Hampshires and Durocs. In Poland Chinas, Marlon Inman won first in both light and medium weights and Keith Bray took the heavy class. Inman took both Champion and Reserve barrows in this breed and Keith Bray took Champion pen of three with Inman taking reserve pen of the breed. The pen of barrows bred by J. G. Heald and fed by Keith Bray was placed Grand Champion over the other six breeds in the show.

In Hampshires, John Henry Gammon placed his uniform pen of medium Hamp barrows first and Champion of the breed and also placed fifth and seventh on individual medium Hamp. John Henry's lightweights turned out well considering they were too light to show well and took 9th and 15th.

In Durocs, Darrell Lee Stephens took top honors of the state in winning first in medium weights and Champion over the top barrows of the other two weights. At Jerry Inman placed top on light Duroc and Darrell Lee placed seventh light Duroc with approximately sixty barrows in the class. Darrell Lee's heavy barrow was selected for first but it was discovered too late that he lacked two pounds being heavy enough for the heavy class.

Other winners in the Poland China breed included second heavy Poland by Keith Bray, third by Darrell Lee Stephens and fourth by Robert Giles. Don Copley won fourth light Poland and third light pen. Jim Prather placed second and fifth medium Poland pens. Jerry Inman took 4th medium Poland China and 9th while brother Marlon was winning first and eighth. Robert Giles had the 6th medium single. Keith Bray had the 7th light, 11th and 12th medium barrow.

D. L. Morrison's light Berkshire was 2nd place; Jimmy Black had the 5th light pen of Hampshires.

Bray's Winnings High
Keith had the highest winnings of any boy at this fair and perhaps any fair. His prizes totaled \$103.

CALF WINNINGS
Charles Lewis exhibited the 13th light Hereford calf and the 19th heavy Hereford calf. The light calf weighed 950 and the heavy 1086 after 3 per cent shrink was taken. The light calf brought 48 cents a pound and the heavy 47 in the auction sale. Charles had prizes of \$10 each on his calves.

Bobby Goodwin had a prime calf in the commercial class which weighed 985 and brought 50 cents a pound in the sale, or \$477.50. He also won \$20 in prizes. Goodwin's calf was bred by Jesse Osborn and "Spec" Redwine of Muleshoe. The Lewis calf was a product of the Lewis Bros. herd of Muleshoe.

One Lamb From Bailey
Sammy Donaldson exhibited the only lamb from Bailey County. The lamb placed 26th, out of the money, in a class of 50.

Lions Hear Local Talent

Lavon and Don Copley, two very talented local youngsters, rendered several piano selections at the regular meeting of the Muleshoe Lions Club Wednesday night at Gerald's Cafe. They are the children of Mr. and Mrs. A. W. Copley.

The committee appointed to assist in the staging of the Halloween carnival reported their plans to the club and were given permission to proceed with their booth.

The gala Halloween Carnival sponsored by the Senior High school PTA will get off to a rousing start Wednesday night as the Purple and Gold Cadets, under the direction of Bandmaster Bob Grey open with a 30 minute concert.

As the gates open at 7 o'clock an array of some 20 to 25 booths will be decked out and ready for action to attract all of the nickels, dimes and quarters as possible, all of which will be devoted to purchasing a velvet curtain for the high school auditorium.

Booths ranging from six unit snack bar offering all kinds of sandwiches, hot and cold drinks, and candies, to ludicrous

fun houses, horror shows, bingo cake walks and pony rides will be sponsored by local civic organizations and clubs of Muleshoe.

Each club agreed to stand its individual expenses and donate its entire proceeds toward the purchase of the much-needed curtain for the auditorium.

One of the highlights of the festive evening will be the selection and coronation of the king and queen of the carnival. A voting booth will be operated by one of the clubs and all voting for the queen will take place on the carnival grounds.

Votes will sell for a nominal price and the contestant getting the highest votes will have

the honor of selecting her own escort who will be crowned king of frivolity. There will be four nominees in the contest, one from each of the four senior high school classes.

Late this week ten different organizations had assured the sponsors that they would be responsible for one to six booths in the carnival. Among these were the Jaycees, Rotary, Lions, Band Boosters, Room Mothers of each high school class, the Roping Club, the Junior and Senior Study Clubs, the ESA Society and the Garden Club.

Mrs. R. F. Wright, PTA president, is general chairman of the Carnival that will have as its

goal the raising of \$1500 to defray the cost of the curtain. The chamber of commerce staff is coordinating the efforts of the various clubs to assure as wide a variety of attractions as possible and supervise the staging of the event.

Everything is expected to be in readiness for the grand opening and band concert at 7 o'clock on Halloween night.

The coronation of the king and queen is scheduled to conclude festivities between 9:30 and 10 o'clock.

Sponsors of the Carnival are stressing the fact that there will be no chances sold on merchandise or lotteries of any type. We

Levelland Next Mules Opponent

If you are a stay at home football fan, you won't get to see the Mules perform for another month, nearly. The Mules will wind up the season here against Morton in a conference game November 16.

Friday night of this week the Mules go to Levelland, to square off against a team that likely will be a conference title contender. Many fans believe they will go past Littlefield.

On the following week end, the Mules again play out of town, at Brownfield Friday, November 2. Brownfield, Littlefield, and Levelland are the powers in this 7-AA district.

The Mules get a rest. There is no game scheduled for November 9; but on November 16 Morton will come here for the final game for both teams. Morton has defeated Muleshoe the last two years.

The Mules have now played seven games and have lost 4, won 3.

400 Ladies Attend Cooking School And Gain Many New Culinary Ideas

Around 400 households of this territory will be getting more tasty food in the future, prepared under supervision of the lady of the house who attended Muleshoe's first all-electric cooking school, held in the high school auditorium here Tuesday and Wednesday. One hundred ninety were in attendance Tuesday and more than 200 were counted present Wednesday.

Miss Clydie Little and Miss Patricia Stearns, Home Service Advisors of the Southwestern Public Service company conducted the school each afternoon demonstrating not only improved cooking methods and procedures but all of the appliances furnished by the local dealers as well.

Earl Lewis, division utilization manager of the Public Service company of Plainview, was here to assist with the school. Officers of the company who helped are Jeff Peeler, manager, Mrs. Lucille Farrell and Miss Gwyneth Bigman, of the Muleshoe office.

Wins Grand Prize
Winners of the grand prize, \$200 credit for purchase of any electrical appliance from the sponsoring dealers, was Mrs. W. F. Heathington.

Other Prize Winners Are:
Waffle Iron, Mrs. David Anderson; coffee maker, Mrs. A. J. Lenderson; dish washing tray, Mrs. Lela Barron; merchandise winners Wednesday: Mrs. C. R. Farrell, Mrs. Lee R. Pool, Mrs. L. T. Green, Jr., Mrs. R. F. Wright, Mrs. Eugene Black, Mrs. Arthur Shaffer, Mrs. Harvey.

Food and prize winners also included Mrs. Merle Barnhouse, Mrs. D. Stovall, Mrs. Allen Harris, Mrs. Clyde Brown, Mrs. Roy H. White, Mrs. Virginia Henley, Mrs. F. W. Watts, Mrs. Carrie Wilhite, Mrs. George Wuerlein, Mrs. Harry Henderson, Mrs. O. C. Kirk, Mrs. G. G. Young, Mrs. B. Z. Beaty;

Can of Zud cleanser, Mrs. Horace Edwards, and Mrs. G. G. Priobth.

Dealers Sponsor School
Muleshoe electrical appliance dealers sponsoring the show included the following:
E. R. Hart company, Johnson Furniture, Harper Appliance, Bass Firestone Store, Dyer Hardware & Furniture, Johnson & Pool, Berry Electric, Willson, Sanders Lumber and Muleshoe Implement & Supply.

J. E. Perkins Rites Were Held Here Tuesday

J. E. Perkins, a pioneer resident of this area, passed away Sunday, October 21, in Amherst hospital after an illness of some time. Mr. Perkins, a retired farmer, was 80 years of age. He farmed in the Circleback community nearly a quarter of a century before moving to Muleshoe a few years back.

Joseph Edward Perkins was born October 7, 1871, in Giles County, Tenn. He moved at the age of 10 with his parents to Clarke County, Texas, and later to Corsicana, Texas.

On March 6, 1895, he was married to Miss Beulah Benton Presley at Corsicana. To this union eleven children, four daughters and seven sons, were born.

He moved from East Texas to Memphis and, after residing there four years, he and his family moved to the Circleback community where he lived 23 years. He moved into Muleshoe three years ago.

Mr. Perkins was converted and joined the Allens Point Baptist Church in 1899. For many years he was a member of the Circleback Baptist church and at the time of his death he was a member of the First Baptist Church of Muleshoe.

He is survived by his wife; seven sons, John Calvin, Waxahatchie, George Dewey, Cecil Wesley, and Arthur Alonzo, all of Muleshoe, Albert Lee, Lubbock, Lester Earl, Dallas, and Joseph Benton Perkins, of Memphis, Texas; three daughters, Mrs. T. W. Berry, Muleshoe, Mrs. George Franton, Memphis, Texas; Mrs. Leaburn Harper, Corsicana, one daughter, Thelma Beatrice, died in infancy.

Other survivors are a brother, George Perkins of Maybank, Texas; Mrs. Martha Ficken, San Francisco; twenty two grand children and eight great grandchildren.

Funeral services were conducted in the First Baptist Church of Muleshoe Tuesday afternoon at 3 o'clock by Rev. J. E. Moore, assisted by Rev. A. W. Blaine and Rev. Ray L. Cunningham. Interment was in Muleshoe cemetery with Muleshoe Funeral Home in charge of arrangements.

The sons of Mr. Perkins were pallbearers.

Sharron Hardy Rites Conducted

Sharron Lynn Hardy, 2 year old daughter of Mr. and Mrs. Robert C. Hardy, passed away in Green Hospital & Clinic Sunday, October 21, at 5:30 a. m. She was born at Muleshoe August 14, 1948.

Funeral services were conducted in the First Baptist Church Monday, October 22 at 3 p. m. by Rev. A. W. Blaine and Minister Ebb Randol. Interment was in Muleshoe cemetery with Muleshoe Funeral Home in charge of arrangements.

She is survived by her parents, a sister, Lynda Sue Hardy, and the grandparents, Mr. and Mrs. C. E. Briscoe of Muleshoe, and Mr. and Mrs. J. L. Hardy of Sudan.

Pallbearers were Rex Briscoe, Kenneth Briscoe, Lee Hardy, and John Hardy.

Halloween Carnival Wednesday

The gala Halloween Carnival sponsored by the Senior High school PTA will get off to a rousing start Wednesday night as the Purple and Gold Cadets, under the direction of Bandmaster Bob Grey open with a 30 minute concert.

As the gates open at 7 o'clock an array of some 20 to 25 booths will be decked out and ready for action to attract all of the nickels, dimes and quarters as possible, all of which will be devoted to purchasing a velvet curtain for the high school auditorium.

Booths ranging from six unit snack bar offering all kinds of sandwiches, hot and cold drinks, and candies, to ludicrous

fun houses, horror shows, bingo cake walks and pony rides will be sponsored by local civic organizations and clubs of Muleshoe.

Each club agreed to stand its individual expenses and donate its entire proceeds toward the purchase of the much-needed curtain for the auditorium.

One of the highlights of the festive evening will be the selection and coronation of the king and queen of the carnival. A voting booth will be operated by one of the clubs and all voting for the queen will take place on the carnival grounds.

Votes will sell for a nominal price and the contestant getting the highest votes will have

the honor of selecting her own escort who will be crowned king of frivolity. There will be four nominees in the contest, one from each of the four senior high school classes.

Late this week ten different organizations had assured the sponsors that they would be responsible for one to six booths in the carnival. Among these were the Jaycees, Rotary, Lions, Band Boosters, Room Mothers of each high school class, the Roping Club, the Junior and Senior Study Clubs, the ESA Society and the Garden Club.

Mrs. R. F. Wright, PTA president, is general chairman of the Carnival that will have as its

goal the raising of \$1500 to defray the cost of the curtain. The chamber of commerce staff is coordinating the efforts of the various clubs to assure as wide a variety of attractions as possible and supervise the staging of the event.

Everything is expected to be in readiness for the grand opening and band concert at 7 o'clock on Halloween night.

The coronation of the king and queen is scheduled to conclude festivities between 9:30 and 10 o'clock.

Sponsors of the Carnival are stressing the fact that there will be no chances sold on merchandise or lotteries of any type. We

will have a few games of skill with small prizes to provide the incentive to compete," said Wright, "but otherwise everything will be for fun, pleasure and profit."

City And County Directory Will Be Vastly Improved For Coming Year

A bigger and better City and County directory will be compiled this year through the efforts of the Muleshoe Chamber of Commerce.

In previous years, Muleshoe and Bailey county have been combined with Lamb, Hockley and Cochran counties. This year the publication will carry the directory for Parmer county as well. Thus a total of five county directories will be available to local merchants and businessmen in a single volume.

The action of the board came as the result of a request from the

publishers, that the local organization cooperate and endorse the project. The matter was presented to the board at the September meeting but action was deferred until the October meeting. Several of the members brought up the fact that a large portion of Parmer county is served by Muleshoe. It was felt that the directory would be much more useful if Parmer county could be included.

As a result, the chamber of commerce contacted the publishers and asked that a conference be held to see what action could be taken. Tuesday night, W. J. Winters, president of the publishing company, met with the directors and agreed that Parmer County would be added to the forthcoming directory.

Mail Addresses Added

Winters also pointed out that for the first time mailing addresses carried on official Post Office department records were to be made available to the publishers so that all addresses listed in the directory would be accurate as of the date that the forms closed.

Another innovation arranged

by the chamber officials was an individual index for Muleshoe. The city section of the volume will be designated by a special page carrying a display advertisement for Muleshoe and Bailey county sponsored by the chamber of commerce. To this page will be added a protruding index tab bearing the name Muleshoe. The directors felt that this would call immediate attention to our community whenever the volume was used as a reference.

Wrak of compiling the directory is expected to start within 30 days in the city of Muleshoe, and the rural compilations will be made shortly after the first of the year in order that they may be accurate as possible.

PROGRAM NEXT

Last week the clubs in backing the high school in their project, placed a curtain on the stage of the high school auditorium. Next week, some of these PTA ladies who are working hard to improve our schools, will be with us to give a program of their own choosing. Onard Up-ton, who helps with the PTA whenever he can, will have charge of introductions.

HOME FOR WEEK

R. E. Bryant spent the last week in the home of his parents, Mr. and Mrs. Roy Bryant. He has been stationed at Tucson, Ariz.

Uniform Closing Schedule Including Five Holidays Voted By Merchants

The board of directors of the Muleshoe Chamber of Commerce this week endorsed a uniform schedule for holiday store closing composed of New Years, July 4th, Armistice, Thanksgiving and Christmas.

Included in the proposal was the adoption of a city wide agreement that when any of stipulated holidays occurred on Sunday, the following Monday should be observed.

Action of the board came as a result of a poll conducted by the chamber of commerce. Inquiries were mailed to 104 stores and business houses in the city. Fifty replies were received that showed a heavy preference for five holidays. Some replies indicated that they would like to see Labor Day and Memorial Day, May 30, also observed. But since the total votes for these two days totalled less than 25 per cent of the replies received, the board held its preference.

The board felt that the plan would be given strong public support by local businessmen inasmuch as 41 of the 50 who sent back answers on the poll, indicated that they would like to see a program of this type put into effect, and that they would support a schedule composed of the most popular days.

Publicity material will be prepared for distribution to cooperating stores. This will be in the form of display placards announcing the days when stores will close and newspaper advertisements appearing on the publication date immediately preceding the holiday.

The local program appears to be in accord with common practice in neighboring towns. In addition to the poll conducted locally, the chamber made a survey of Clovis, and Portales, N. M., Levelland, Littlefield, and Morton. All five of the holidays were marked by store closing in each of these five towns, and in scattered instances, Memorial Day and Labor Day were partially observed.

Ray Morrison, chairman of the Retail Merchants Division of the Chamber of Commerce is expected to name a committee to solicit support of the program within a few days. "We were greatly impressed by the poll," he said, "and we feel that employees and the public in general will appreciate knowing in advance when the stores in Muleshoe will be closed."

"Of course this closing schedule will not apply to several classifications of business houses. For instance, filling stations, drug stores and cafes will doubtless stay open on many or all of these holidays to take care of emergencies and the traveling public. Then too, some firms will find it impossible to close on holidays occurring during their rush seasons. This will, however, be a wholly voluntary thing, and all our committee will do is seek to get as wide acceptance of the plan as possible."

CHRISTIAN SCIENCE SERVICES

Mankind shall continue to learn the spiritual facts of being until here or hereafter they arrive at the absolute understanding and demonstration of the perfection of the sons of God, says the Lesson-Sermon titled "Probation after Death" to be read in all Christian Science churches on Sunday, October 28. That this conclusion is reached individually when it is understood is considered in the Golden Text: "The hour is coming, and now is, when the dead shall hear the voice of the Son of God: and they that hear shall live" (John 5:25).
 This citation from Jeremiah further illustrates the point: "I the Lord search the heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings".
 And that death is of no particular benefit or help to man in attaining this perfection is clearly seen in this correlative citation from the Christian Science textbook "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If the change called death destroyed the belief in sin, sickness and death, happiness would be won at the moment of dissolution, and forever permanent; but this is not so. Perfection is gained only by perfection" (p.290).

Pvt. White Has Finished Basic

Lackland Air Force Base, Tex.—Pvt. Bobby J. White, 21, son of Mrs. Charlene White of Muleshoe, has completed his AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."
 Lackland, situated near San Antonio, is the world's largest air force base, site of Air Force basic training, for men and women, headquarters of the Human Resource Research Center, and home of AF's Officer Candidate School.
 His basic training has prepared him for entrance into Air Force technical training and for assignment in specialized work. The course included scientific evaluation of his aptitude and inclination for following a particular vocation and career.

Hosts Wesleyan Service Guild

The Wesleyan Service Guild of the Muleshoe Methodist Church met Monday evening, October 22, in the home of Mrs. Velma Jennings.
 Mrs. Homer Sanders, Jr., president, was in charge of the business. Mrs. A. S. Stovall was in charge of the study, a continuation of the book of Acts. Many interesting things were discovered under his able leadership.
 The next meeting will be November 12 in the home of Elizabeth Harden.

REAL ESTATE TRANSFERS ARE CORRECTED

Four people were involved when The Journal mixed up two items in the real estate transfer report two weeks ago, therefore we are re-running the two items in question, which should read as follows:
 Susie C. Jesko to Lee R. Pool. 10 acres out of SW-4 Section 21, Block Y. \$7550.00.
 K. B. Martin, et ux to Vernon H. Baker, et ux. SE-4 of SE-4 Section 4, Block X. \$11,000.00.

Thursdays morning at 10:00 all members of the Guild are invited to meet with the ladies of the W. S. C. S for prayer in the home of Mrs. F. B. Pierson. This is an observation of the week of prayer.
 There will be a meeting Monday afternoon at 2:30 in the Methodist Church and all ladies are asked to be there.
 Refreshments of apple pie and coffee were served to two visitors; Mrs. Lela Adamson and Mrs. W. S. Otis, and the members; Mesdames Homer Sanders, Jr., Homer Sanders, Buford Butts, Ray Edwards, H. W. Hanks, Francis Gilbreath, Curtis Spivey, Lois Schoenberg, Fred Johnson, A. S. Stovall, Alec Wilkins, Miss Elizabeth Harden, and the hostess, Mrs. Velma Jennings.

IMPORTANT NOTICE

Your attention is called to this omission in your telephone directory:

1. To place long distance calls to Clovis, N. M. only, Dial "116". This information was not contained in the directory.

2. To place long distance calls to all other points, Dial "0".

We direct your attention to this change on page 2 of instructions in your directory:

HOW TO CALL ANOTHER PARTY ON YOUR OWN LINE

To call a telephone on your own line, do not dial the directory number, but instead dial "119" and then dial the last digit of your own number, followed by last digit of the party's number you wish to call. Then hang up your receiver. Your telephone will ring automatically and intermittently and when the ringing has ceased you will know that the called party has answered. You should then take down your receiver and talk with the called party. If the called party does not answer within a reasonable length of time, lift your receiver off the hook for a few seconds and then replace it. This stops the ringing and leaves the line free for another connection.

Rebeccahs and I. O. O. F.'s Have Birthday

Muleshoe I. O. O. F. and Rebeccah Lodges held their annual birthday celebration Thursday night, Oct. 18.

Grand Patriarch, Neil Rocky was master of ceremonies. The program was opened by the crowd singing "The More We Get Together", accompanied at the piano by Valerie Dial. Clytie Dial sang a solo, "It is no Secret", and Valerie Dial played a coronet solo. Sylvia Wileman, Noble Grand of the Rebeccah's, was introduced and made a short talk. Also W. Q. Casey, Noble Grand of the I. O. O. F., was introduced and made a short talk. Past Grand Patriarch, B. R. Patton of Clovis No. 31, was introduced and made a short talk.

J. W. (Pop) Dalton was presented a birthday cake as it was his 65th birthday. There was also a birthday cake for Loyd

Housewarming for Jerry Allison's

The Jerry Allison's were very surprised Tuesday evening when 62 families from Muleshoe, Pleasant Valley, Roswell, and Hagerman stormed into their new and beautiful home for a housewarming.

After the lovely gifts were opened and passed around for everyone to see, Mr. Allison thanked everyone.

Coffee, cocoa and cookies were served buffet style after which a tour of the house was made.

Guests from Roswell were Mrs. Leona Wells, Mrs. Allison's mother and Mr. and Mrs. Wiley Grizzle, Mr. Allison's mother and step-father, Mrs. George Dillake, Mr. Allison's sister, and Georgia and Ted were guests of Hagerman, N. M.

HD Club Helps With Carnival

Muleshoe HD Club met Oct. 23 in an all day session with Mrs. Ethel Julian. Present were Mesdames W. H. Awtrey, S. C. Caldwell, O. L. Dutton, C. H. Gillis, J. E. Day, Dave St. Clair, Ethel Julian, Don Burns, Walter Witte, and Joe Smallwood. Visitors included Mrs. Fern Davis and Mrs. Gross of the Progress Club, Mrs. Earl Jeter, Mrs. Chick Otwell and Mrs. Jack Bruns.

The Club will help Progress and West Camp Clubs to sponsor the cake walk at the Muleshoe school Hallowe'en Carnival Wednesday night. Cakes may be left Wednesday afternoon at the home of Mrs. Holland.

The day was spent in making nylon hose corsages and painting glorified glass pictures. We will gather Nov. 8 at the courthouse at 1:30 p. m. to go visit the Enoch's club.

SAVE GRAIN IN YOUR FEEDING PROGRAM

Don't let roughage go to waste! Chopped and ground with a Wetmore Knife-Type Hammer Mill, it makes palatable, nutritious feed to replace or supplement valuable grain.

GRINDS GRAIN as coarse or as fine as desired for each particular use.
CHOPS AND GRINDS HAY AND ROUGHAGE wet, green or dry.
FILLS SILOS with built-in fan.

35 SUPERIOR FEATURES

FREE DEMONSTRATION
See the Wetmore Mill in operation. We'll gladly arrange a demonstration . . . on your own farm, if you wish. Just drop in or phone. . . No obligation.

Fry & Cox Bros.
Muleshoe, Texas

Stephens, but he wasn't present to receive it.

After the invocation was given by Fay Lambert, a dinner consisting of fried chicken and all the trimmings, was served to about 200 people.

Out of state visitors were: Mrs. Ada B. McClain of the Fidelity Rebeccah Lodge No. 29, Hollister, Calif. Imogene Pendergrass of Cotton Wood, Ariz., and a large number from Clovis, N. M. There were also visitors from Dimmit, Earth, Littlefield, Morton, and Needmore. Mrs. McClain is a sister of Neil Rocky.

WSCS Meets At Church

The Women's Society of Christian Service of the Muleshoe Methodist Church met Monday, Oct. 22, at the church. The opening song was "The Kingdom is Coming."

Mrs. Roy Bayless brought the devotional from Luke 17 and told the story of Eunice Weaver who has done outstanding work for the victims of leprosy. This was followed with prayer by Mrs. Lucy Lane.

Mrs. Gross brought a report from Elizabeth Lee, executive secretary of Latin America. This report shows gains in many places. Mrs. Opal Jennings then gave the lesson from the book, We Americans, North and South. Special parts were given by Mesdames S. D. Anderson, Mrs. Tom Smallwood, and H. Jay Weyer.

Mrs. Pierson presided over the business meeting. It was decided to have group prayer services in her home Thursday morning

Engrams Observe 45th Anniversary

Mr. and Mrs. J. H. Engram observed their 45th wedding anniversary Tuesday, October 23, with an open house at their home on West Fourth street in Muleshoe.

Relatives here for the anniversary celebration included Mrs. William Root, of Portland Ore.; Mrs. Euga Engram, Sunray, Texas; Mr. and Mrs. Don Exline, Kress, Texas; Mrs. H. B. Baker and sons, Frank and Emery, of Texico; Mr. and Mrs. Raymond Magness of Farwell; Mr. and Mrs. A. B. Cooper of Fall Brook, Calif.; Mrs. G. O. Jennings and Bob, of Muleshoe.

Many friends of the couple called. The Engrams expressed their appreciation for the many nice gifts received.

Mr. Cooper is a former resident of Texico and was a chief machinist when he retired from the U. S. Navy in 1946. After his retirement from the Navy the couple moved to Fall Brook, where they own and operate an avocado grove.

Open House For Mr., Mrs. Beene

Open house honoring Mr. and Mrs. Eddie Beene who were married Oct. 5 was held at the home of Mr. and Mrs. Emmett Smith Friday night, Oct. 19.

Cookies and coffee were served with the regular week of prayer program on Monday, Oct. 29, at the church at 2:30. The Guild is to be invited to both services. The meeting closed with prayer by Mrs. Bayless.

NOTICE

This is notice to the Public that Robert C. Howell has been appointed and bonded and is now acting as Administrator of the Estate of Joshua Blocher, deceased and any person indebted to said estate or having claims against said estate should see Robert C. Howell at Pat R. Bobo's office. 44-4tc.

Of course you know your ABC's but do you know your D's and E's? Under present world conditions, D standing for defense and E standing for Series E Defense Bonds are inseparable. By buying Defense Bonds regularly you help build the nation's economic strength that backs up our defense effort. At the same time you are helping yourself. Every Series E Bond you own automatically goes on earning interest every year for 20 years from date of purchase instead of 10 years as before. This means that the bond you bought for \$18.75 can return you not just \$25 but as much as \$33.33. A \$37.50 bond pays \$66.66. And so on.
U. S. Treasury Department

BABSON

Doesn't Fear Inflation Now

Babson Park, Mass., Oct. 19. — Most people worry at the wrong time; and worry about the wrong thing. A few years ago when no one was fearful of inflation, readers know I was continually warning against it. In fact, the Frederick A. Stokes Company of New York published in 1937 a book entitled "If Inflation Comes." At that time no one paid any attention to the book or to inflation; but recently the book has gone through ten editions. People are now frightened about inflation.

PEOPLE ARE USUALLY WRONG
In 1937 the cost of living index was 10.3. Since then it has risen 80 per cent and average weekly earnings have risen 160 per cent. Now all the columnists are warning of inflation! It is just like the stock market. When stocks are cheap, as they were in 1932 and 1933, no one was interested in buying them; but in 1951 when they have risen 175 per cent and the Dow-Jones average is up from 100 in 1933 to 275 today, people want to buy stocks.

I am not considering inflation. It is bad. But there is no legitimate excuse for the increase in prices and the cost of living. If people had been worried about inflation in the thirties, as they are today, inflation would not have happened. It is just as bad now to fear inflation will "bust the country" as it was then to ignore it.

LET'S LOOK AT THE RECORD
After every great war, until now, there has been a decline in the cost of living. After the Civil War, 1861-1865, the cost of living gradually declined until 1896. After World War I, the cost of living beginning in 1920, declined until it reached a low point in 1933. The cost of living then fluctu-

rated for a few years and again increased during World War II. The natural thing would have been for it to be on the decline again today. If it followed the course of all previous wars, including the Revolutionary War, the War of 1812, the Mexican War, the Civil War, the Spanish American War and World War I, we would now have deflation instead of inflation.

The truth is that the present trend is contrary to previous economic history. Inflationary prices are due to Organized Labor, aided by the politicians reducing working hours. Labor leaders yell about the high cost of living and blame it on "inflation"; but they will not tell you the real cause for inflation. This is not necessarily a criticism of labor unions. I have always defended collective bargaining. The fact, nevertheless, remains that if the labor leaders had been reasonable, the cost of living would have gone down following World War II.

NO REASON TO FEAR THE U. S. WILL BUST

The talk now is that the armament program will "bust the country's"; but I don't believe this. Bankers point to the fact that an expenditure of \$50 billion a year on armaments will either result in taxes so high that the people cannot stand them, or else will cause our Government to get into terrible debt. The facts do not uphold this nonsensical talk. Labor leaders can solve the problem whenever they wish and

Amendments Are Explained

Editor's note: This is the first of a series of articles written to explain five proposed amendments to the constitution of Texas. Voters will decide in an election on November 13 whether these amendments shall become parts of the constitution. These articles are provided by the West Texas Chamber of Commerce as a public service.)

Raising Rural Fire Prevention District Tax Ceiling

Senate Joint Resolution (SJR) No. 8:

In 1949 voters approved a constitutional amendment providing for creation of Rural Fire Prevention Districts. It also provided that voters might create by election a tax not to exceed three cents per \$100. The vote of this amendment was 153,252 for and 145,298 against.

The amendment to be voted this will not require a reduction in "take home" wages. Fifty billion dollars a year can be spent on armaments, the cost of living can be reduced, federal employees can continue to hold their jobs; the Government can operate with a surplus, instead of a deficit, and taxes can be reduced by extending the working day from eight hours to ten hours without a pay increase.

The total income of the country for 1951 will be about \$275 billion. Of this amount \$175 billion will go to wage workers on the basis of an eight hour day. If we all worked two hours more, which would be no longer than our fathers worked, this would be equivalent to increasing production 25 per cent. This could solve our inflation problem and pay for all our military preparations. To talk about Russia waiting until our country is busted is to "bunk." Of course, we will sometime have another business depression for trying to get something for nothing; but if such threatens our existence, it can quickly be cured by all of us working longer and harder. By doing this now we would have Russia licked once and for all. No wonder the Communists and fellow travelers are urging labor to resist a longer work day.

upon November 13 would make only one change in this Rural Fire Prevention District provisions. It would raise the tax ceiling from three to 50 cents per \$100.

VETERANS LAND LOANS

House Joint Resolution (HJR) No. 2:

In 1946 Texas voters approved by majority of 80,022 to 29,935 a amendment to the Constitution known as Section 49-b of Article III.

That amendment authorizes the State to issue up to \$25,000,000 of bonds. Those bonds are sold to provide money that is loaned to veterans of World War II to buy farms or ranches. To operate this loan program the Veterans Land Board was created. It consists of the Governor, the State Comptroller and the Attorney General.

The amendment to be voted upon November 13 would make the following changes in the constitution's provisions affecting Veterans' Land Loans.

1. Increase from \$25,000,000 to \$100,000,000 the total amount of bonds the State could issue.

2. Make eligible for loans all men who serve in the armed forces as many as 90 days prior to December 31, 1952. The law applies only to men who served to January 1, 1946.

3. Extend the life of the loan program from November, 1954 to November, 1959.

The legislature has enacted a law to put this amendment into effect immediately if it is approved on November 13.

To August 31, 1950 approximately one and one-half percent of Texas' 800,000 veterans had obtained these loans. The veterans' land fund purchased land for veterans costing \$17,000,000 during the first year it operated.

SAND HILLS PHILOSOPHER

Knows What's Wrong With Football And Will Give Solution, For A Fee

Editor's note: The Sand Hills Philosopher on his Johnson grass farm claims he knows what's wrong with college football and is offering to tell how it can be solved. This week's letter tells what he thinks is wrong, and next week's, he says will give the solution. Personally we don't believe he can do the latter, and await his ideas with considerable doubt.

Dear editor:

I know about as much about football as the political expert know who's gonna be the next President of the United States but I have been listening to football games nearly every Saturday afternoon on my radio out here on my Johnson grass farm and read in all the sports comment I can find and I think I have figured out what's wrong with the game, especially the college variety.

It ain't over-emphasis. It ain't the yell leaders, it ain't disinterest or lack of comprehension of the game on the part of the college presidents, it ain't the parkin problem, it ain't like a neighbor of mine contends that college football needs a government-supported Fair Employment Act so small colleges can hire just as good a line-up as big colleges, it ain't that college athletes ain't got no time to study, the average student ain't no athlete and he don't study neither. If you think eliminatin football will increase scholarship, you just ain't takin no practical view of present-day expenses.

Features of other amendments will be carried in the paper in the next two issues.

TODAY'S meditation

The Upper Room
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

THE CHURCH ALIVE IN OUR HEARTS

... we know that, when he shall appear, we shall be like him. . . . And every man that hath this hope in him purifieth himself, even as he is pure. (1 John 3:2, 3.) Read 1 John 3:1-6.

Deep down in our hearts we all carry the hidden image of Christ, even those who have willfully turned away from Him; for it has been planted in us. This spiritual image is the portrait Christ gave of the parable of the Good Samaritan. But in our hearts it has become very indistinct. A layer of dust has made its features unrecognizable.

Once we realize this, we then give our efforts to clean the image. We find that we have to do this every day; for every day we breathe this new dust will gather on it. He helps us in this work of revealing the original features. More than that, His image takes possession of our whole being, so that it begins to radiate love, mercy, peace, and purity of heart, and so lights up the remotest and darkest corners along our path in life. And thus we fulfil our destination. May Christ work this miracle in us.

PRAYER

O God, help us, we beseech Thee, to fulfil our destination. Grant that we may reflect Christ, resemble Him, draw closer to Him day by day. Make use of us for the coming of Thy Kingdom on earth. In our Saviour's name. Amen.

THOUGHT FOR THE DAY

Let us try today to purify our hearts that we may show Christ's image to others. Princess Wilhelmina (Netherlands)

NO OTHER CAR PROVIDES ALL THIS!

- DYNAFLOW DRIVE***—saves strain on driver and car
- FIREBALL ENGINE**—high-compression, valve-in-head—gets more miles from every tank of fuel
- PUSH-BAR FOREFRONT**—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS**—greater clarity at night
- TORQUE-TUBE DRIVE**—seals the chassis, steadies ride, improves driving control
- 4-WHEEL COIL SPRINGING**—cushions ride, saves servicing costs
- DUAL VENTILATION**—outside air fed separately to right or left of front compartment
- SELF-ENERGIZING BRAKES**—hydraulic—multiply pedal-pressure five times at brake drum
- DREAMLINE STYLING**—tapered, car-length fenders, gleaming sweepspears on most models

Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

When better automobiles are built BUICK will build them

Double Surprise for a lot of folks

EVERY time we publish the price of a Buick, it seems to surprise a lot of people, because they come in and tell us so.

They just can't believe that so little money buys such a lot of car—but it's true.

And that brings us to the second surprise—which is how much power and performance—how much comfort and room—what a long list of stand-out engineering features you get for the price.

Take power. You'll find that no other car at the price of the Buick SPECIAL pictured here delivers the horsepower you get from its high-compression, valve-in-head Fireball Engine.

Take comfort. The best thing to do is try the depth of its seats—their width—and the headroom you get in this Buick SPECIAL, and judge for yourself.

Take the ride. This Buick has big soft coil springs on every wheel, plus the solid firmness of a torque-tube keel—and the way this combination smothers the bumps is something that's hard to match in cars costing a thousand dollars more.

Take the way it steers. Buick engineers have given this light-handling beauty a special "front-end geometry" that almost does the steering for you—even brings the front wheels back to a straight line when you come out of a turn.

And you can add to all this Dynaflo Drive*—that puts magic smoothness into every mile you drive—and practically repays its extra cost by the way it protects the whole driving mechanism, and by the dollars it adds to trade-in value.

So if you have been hoping, some day, to own a Buick—what's holding you back? If you can afford any new car—better see us now.

*Equipment, accessories, trim and models are subject to change without notice. *Standard on ROADMASTER, optional at extra cost on other Series.*

Cantrell Opposes Pensions Change

Jim Cantrell of Princeton, former County Judge of Collin County, will lead a state-wide fight against the proposed constitutional amendment seeking to revise the present system of Texas old age assistance payments. The amendment will be submitted to the people Tuesday Nov. 13.

Declaring that the proposed amendment would abolish all residential and citizenship requirements for old age pensions and aid to the blind and needy children, Judge Cantrell predicts

Jim Cantrell

that payments to present recipients will be cut should the amendment carry.

The present law provides that only "actual bona fide citizens of Texas" may receive old age assistance, Judge Cantrell says. "This provision would be eliminated if the amendment carries. Competent Texas attorneys are of the opinion that all residential requirements are also made void by the amendment, which contains no safeguard as to residence. The amendment would repeal all parts of the present law

FAMILY GROUP. Here are the latest portraits of members of the world's most famous cow family. Top left is Elsie the Cow. That's Elmer the Bull next to her, and their bull-calf son, Beaugard, below. All three will appear in person at Borden's Open House in Lubbock October 26 through October 28. With them they'll bring their new three ton boudoir.

which may be in conflict. It is evident that the amendment would open the gates to people from other States who would hurry here to receive Texas pensions and to thousands of Mexicans and other foreigners who are not now eligible.

"The \$7,000,000 addition to the pension fund would not suffice to provide payment to all these new comers and foreigners. Those at present receiving old age assistance would have to share with the Mexicans and people attracted here from other states. Their monthly payments would have to be reduced.

It will require a special session of the legislature to levy the taxes to secure the \$7,000,000 annual addition to the pension funds of the State. Such a session could levy many other taxes such as a sales tax or a gross receipts tax. These taxes however would not help the old folks, the blind and the needy children. Only \$7,000,000 could be appropriated for this purpose. I think that needy Texas old folks should have adequate pension but this amendment will hurt them rather than help them.

"I am asking all Texas citizens, especially those on the pension rolls, their relatives and friends to help beat this amendment. Please write me at Princeton, Texas, and I will be glad to send you literature explaining this unfair attempt to give Texas pension funds to foreigners and outsiders. I am organizing the Committee to Keep Texas Pension Funds for Texas Citizens. I want every thinking Texan to join in the fight to keep this deceptive amendment out of our State Constitution."

Are You Obese? Reduce, Says Cox But Do It Right

Austin, Oct. 11.—"Obesity" is a classy word meaning hefty, overweight, or plain fat.

Over 25,000,000 people in the United States are overweight. In Texas the number is probably close to 100,000, causing what State Health Officer George W. Cox calls "a significant public health problem."

Obesity, the doctor declares, brings on a predisposition to diabetes and high blood pressure,

and adversely affects arthritis. He says diabetes occurs two and one-half times as often in obese persons as it does in people of normal weight. High blood pressure occurs three times as often.

The answer to obesity? Reduce. But do it right, Dr. Cox cautions. This is what State Health Department nutritionists recommend as a good reducing diet:

A daily quart of skim milk or buttermilk, taken during or between meals. Milk is high in protein, minerals and vitamins, and helps prevent a hungry feeling.

Cook Without Fat

One serving of lean meat each day, cooked without added fat.

Eat liver frequently for its high nutritive and low calorie count. Fish and poultry can be used for variety, if prepared by steaming, broiling, or baking to avoid excess fat.

One egg daily, preferably more. They can replace some of the lean meat, but be sure to cook them without fat.

Vegetables, the leafy, green calorie-short type, should be used generously for their bulk, seasoned with vinegar, lemon juice, chopped onions, or sour pickles, rather than fatty oils. Cauliflower, carrots, and cabbage—both cooked and raw, are beneficial, too.

MULESHOE, TEXAS

Your truck **PURRING** instead of **PULLING?**

EVEN the best of us get out of shape from time to time. But that truck of yours—if it's to be a steady source of profitable income—must be kept in hauling trim.

That's our specialty.

If you turn your equipment over to our mechanics at regular intervals—we can keep your trucks in tiptop condition by catching the "little things" before they develop into major breakdowns.

And in so doing, you save money three ways.

First, you avoid 90% of the costly repairs experienced by less wise truck owners.

Second, you get more hours of profitable hauling with less time lost to "down time."

Third, you get more years of service from the equipment you now own.

Isn't it worth a try?

Get more 'run' for your money!

Straight Lines For Economy

This Farm & Ranch Plan No. 19 is convenient and well arranged, and can be built at a minimum cost, yet it has the little extras that mean so much in daily living.

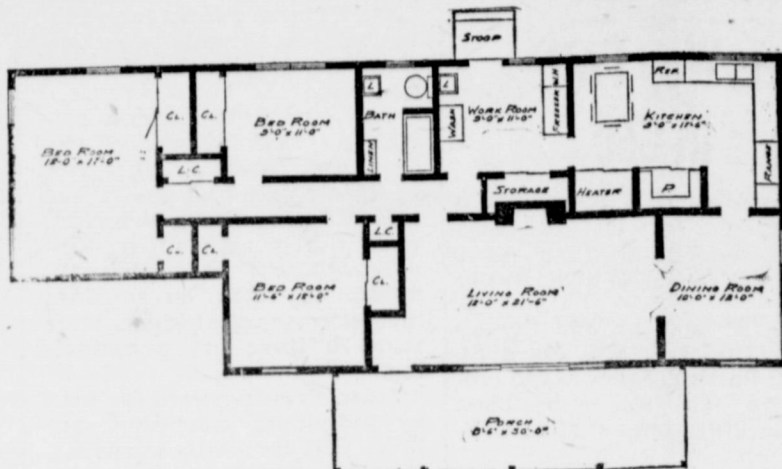

The floor plan of the kitchen shows space for a heater. It may be gas or oil fired hot air heating unit. Placing the heating

House Plan No. 19

unit here makes the trunk line air duct lead over the central hallway, supplying hot air to the rest of the house. The returning air is brought back under the floor, with a minimum of duct work required. However, if you do not want this kind of heating unit, the space can be used for a closet.

The workroom, adjacent to the kitchen, is big enough for a washing machine, lavatory, hot water heater, and freezer chest.

Also, there is a large storage closet.

Since the kitchen, workroom and bathroom adjoin, the plumbing is run in a straight line along the rear wall, which is an economy.

The bedrooms are roomy and well ventilated, and have an unusual amount of closet space.

Two large linen closets open into the hall, and the bathroom contains storage space for bath room linens.

In the living and dining room a sense of spaciousness is created by the wide opening between them.

The front entrance in the small off-set in the living room offers a certain amount of privacy when someone calls at the door. And the large front porch will always be a comfortable spot for warm summer evenings.

If you like this general arrangement but prefer a smaller house, just leave off the large bedroom with its closets. Your house will still be attractive, and the bedroom can be added later without making any structural changes.

You can obtain blueprints for this Muleshoe Journal Farm and Ranch Plan No. 4919 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch Southern Agriculturist, Dept. L-36, Nashville, Tenn. Order by number. Plan No. 4919. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

From where I sit... by Joe Marsh

Guess They Felt Pretty "Sheepish"

My wife and I went to Central City Saturday for the football game and it was a top-notch. But I began to wonder if it was worth the trouble when we got in a traffic jam coming home.

Traffic makes me mighty impatient. When I came to a side road that seemed to point towards the main highway, I turned onto it. This road bumps along for maybe a mile, then fetches up short by the railroad—a dead end.

So, I turned around and darned if there weren't twenty cars behind me! One driver had followed

—figuring I knew a short cut—then a whole string of them swung after him, like sheep.

From where I sit, there's no sense in just "following along." Whether it's choosing a road, a movie star, or what beverage to drink at meal time, it's always better to make your own decisions. Personally, I often like a glass of beer with my dinner, but most of all, I like the freedom of making up my own mind about it!

HELPING BUILD WEST TEXAS SINCE 1927

Mechanical Revolution Underway In Plains Cotton Crop Harvesting

College Station, Oct. 15 — A mechanical revolution in cotton production is underway in the Texas high plains, according to a recent report of the Texas Agricultural Experiment Station on a study made in cooperation with the USDA Bureau of Agricultural Economics.

Bulletin 735, "Economics of Mechanical Cotton Harvesting in the High Plains Cotton Area of Texas," indicates that high plains cotton growers may soon free themselves of their present dependence upon the south Texas migratory labor force, even during peak harvesting periods.

During 1949, for example, an estimated 40 per cent of the record crop, or nearly 600,000 bales, was machine harvested in the 10-county area covered by the study. Included in the area are Bailey, Crosby, Dawson, Hockley, Howard, Lubbock, Lynn, Martin, and Terry counties.

Only in 1948, when yields were extremely low, was the financial advantage in favor of hand harvesting and then only on dry-land cotton.

The authors of the bulletin, M. N. Williamson, Jr., Q. M. Morgan and Ralph H. Rogers, report that during four years of study, 1947-50, costs of hand harvesting average about \$40 a bale. The total cost per bale for operating mechanical strippers (exclusive of field and grade loss) on dry-land farms averaged \$9.10 in cotton that had not been previously land snapped. For scrapping, the average cost was \$20.10 per bale.

On irrigated land with higher yields, average costs were only \$4.50 per bale on cotton not previously hand snapped and \$10.85 per bale for scrapping.

Data on the amount of labor saved by mechanical harvesting are impressive. The report shows

that mechanical strippers reduce harvest labor requirements from 17 man hours to 1.5 hours per acre on dry land and from 33 to 2 man hours per acre on irrigated land.

These savings are only partially offset by field losses due to mechanical harvesting. Field losses of storm resistant cotton range from two to 10 per cent of the crop, depending upon the yield, stripper operation and harvesting conditions.

On rented farms, the tenant, being responsible for harvesting operations, receives the full benefit of net savings from mechanical stripping. Returns to the landlord, on the other hand, average \$3 to \$4 less per bale due to field losses on machine harvested cotton. Some adjustments in rental rates are being reported in the area because of this difference.

Despite the advantages of machine harvesting, the agricultural economists note that a farmer must have a fairly large acreage in cotton before he is justified in buying a mechanical stripper. The minimum suggested is 50 acres of cotton yielding an average of 200 pounds of lint per acre. The ideal acreage for a stripper is about 275 acres of dry land or 200 acres of irrigated land.

BILL CALDWELL RETURNS TO BASE

Bill Caldwell who has been aboard the U. S. S. Eldorado in Korean waters for the past year has been home of a 30 day furlough. He returned Monday to his ship which is docked in San Diego where he hopes to be stationed a few months.

WTCC Committee Opposes 2 And Approves 3 Proposed Amendments

The taxation and legislation committee of the West Texas Chamber of Commerce has expressed support for three and opposition to two proposed amendments to the constitution of Texas to be voted upon November 13.

The committee, headed by Frank H. Kelley of Colorado City, adopted resolutions expressing its position at a meeting in Abilene recently.

Proposals that have support of the WTCC are:

1. To provide for investment of the Permanent University Fund in securities other than bonds issued or guaranteed by government units and agencies. (House Joint Resolution No. 37).

2. To increase from \$25 millions to \$75 millions the amount of bonds that may be issued for the Veterans' Land Fund; making Texas Veterans of service since 1945 eligible for loans; making clear authority of the legislature to pay interest and principal on bonds out of the general revenue fund if necessary. (House Joint Resolution No. 22).

Opposed by the committee, acting for the WTCC, are:

1. Authorizing the legislature to provide a state wide system of retirement and disability pension for appointive officers and employees of counties. (House Joint Resolution No. 22).

2. Raising tax rate ceiling for Rural Fire Prevention Districts from three to 50 cents per \$100. (Senate Joint Resolution No. 8).

3. Eliminating all requirements as to citizenship and residence in Texas for eligibility to receive Old Age Assistance, aid to the blind and to dependent children; authorizing the expenditure of an additional \$7,000,000 for these public assistance programs. (House Joint Resolution No. 6).

The committee felt the amendment relating to Old Age Assistance would result in lowering of payments to present recipients and "open the gate" to abuses of the program even greater than now exists. The opinion was expressed that the laws affecting the entire state public welfare program should be rewritten.

The committee voted against the amendment that would make possible pensions for county appointive officers and employees after it was pointed out that the Federal Social Security Act now opens the way for counties and their employees to contribute jointly to that program. A state pension system for these people would, therefore, be straightout duplication it was declared.

James F. Melton, manager of the WTCC taxation and legislation department, reported results of a survey by the WTCC to determine need for creation of Rural Fire Prevention Districts. He said the survey justified the conclusion that the rural fire problem is being handled satisfactorily by voluntary local action and that a higher tax ceiling for such districts is not needed.

The committee approved the amendment that would loosen restrictions upon investment of the University Permanent Fund for benefit of the University of Texas and A & M College after remarks by James P. Hart, chancellor of the university.

Hart declared that, due to present investment restrictions, the average yield from this fund is 2.49 per cent while other major universities that are under no such restrictions have received an average of 4.6 per cent on similar investments. He said the privilege of investing the Fund

in securities other than those issued or guaranteed by government or its agencies would be "a hedge against inflation". He noted that cost of university operations per student and other operational items has risen greatly. He emphasized that whatever additional income is realized from these investments will reduce cost to taxpayers for support of the two largest state educational institutions.

Three Way Fair Brings In \$60

Three Way PTA sponsored a community Fair last Tuesday evening in the high school gym.

First prize winning booths were:

Booth 1: cakes, Mrs. Stegall 1, Mrs. Taylor 2, Mrs. Dave St. Clair 3; Booth 2, fancy work, crochet Mrs. Griffith, embroidery, Mrs. Harding, Quilts Mrs. Griffith;

Booth 3, canned foods, vegetables Mrs. Taylor, fruits, Mrs. Baker Johnson; Booth 4, flowers—cut flower Mrs. Jack Lowe, potted flowers Mrs. Kirby; Booth 5, crafts: ceramics, Mrs. Dave St. Clair, leather work Don Lowe; Booth 6, novelties, hobbies, Eva Lou Taylor, antiques Mrs. J. W. Pipkin; Booth 7, crops: cotton Bailey Griffith, vegetables Cecil Mann.

The finance committee cleared \$60 at this event. They plan other activities to raise money for improving grounds and adding books for the library.

VISITORS FROM ROCA, NEB.

Mr. and Mrs. F. A. Egger of Roca, Neb., are visiting Mr. and Mrs. Will and Dot Wilterding, Mrs. Leota Wilterding returned with them to Muleshoe after visiting 2 weeks in Oklahoma and Nebraska Wednesday. The Eggers and Mr. and Miss Wilterding visited Mr. and Mrs. Jimmie Perdue who live near Melrose.

HARMONS VISIT RELATIVES

Mr. and Mrs. Russell Harmon and sons of House, N. M., visited in the home of Mrs. Leota Wilterding, and Mr. and Mrs. William Harmon.

CARD OF THANKS

I wish to thank each and every one of their kindness during Roland's stay in the hospital. For the ones who sat up at night, for the lovely flowers and those who threshed his sudan. May God bless each and every one of you.

Roland, Rosa, and Rowan Shepard.

CARD OF THANKS

For every thought, word or deed of kindness extended to us during our recent sorrow. We wish to express our thanks and appreciation. May God bless each of you.

Mr. and Mrs. Bob Hardy
Mr. and Mrs. C. E. Briscoe and brothers and sisters

Extra Edition Of The Journal Due Tuesday

A special edition of The Muleshoe Journal is to be in the mails the coming Monday night, telling all about Muleshoe merchants' city wide Fall Economy Festival.

One section of the special paper will be in color, the other in black and white.

Each section is to contain sixteen pages. People surrounding Muleshoe should begin getting the papers by Tuesday morning.

The city wide bargain sale will be held Thursday, Friday, and Saturday. The city wide sale is a brand new idea and Muleshoe shoppers are advised that wherever they turn they will find prices that will appeal to them, on standard merchandise of all kinds. More than 70 firms are participating.

Some drawings will be held by individual merchants and these will be worth attending. Each participating store will have their store decorated for the occasion. Some fine entertainment has been arranged. Muleshoe is really rolling out the red carpet this time for their guests on those three days.

Farm Steel And Iron Scrap Is Badly Needed

Steel and more steel is needed by industries of the nation engaged in building weapons for defense as well as items for civilian use. Steel mills can increase their output if greater supplies of scrap iron is made available to them.

New steel is approximately one half scrap and half pig iron and reports from the steel industry point out that supplies of scrap now on hand at the mills are dangerously low.

During the next month farmers are urged to collect and sell a scrap that cannot be used on the farm. According to B. F. Vance chairman of the Texas Agricultural Mobilization Committee farm scrap is the special demand since it includes some of the heavier scrap iron and steel now needed by the mills.

Vance suggests that farmer check the farm for such scrap as worn out plow points, shares, cultivator shovels and sweeps horse drawn equipment which has been replaced by tractor, unuseable wire and cables, old storage batteries and other items that no longer are used on the farm.

Farm machinery or equipment that can be repaired should not be scrapped, Vance said, no should metal that can be used for making repairs on other implements or equipment. Farmers are urged not only to make the best possible use of all machine and tools now on hand but to conserve all essential materials. Discarded equipment unless collected and sold for scrap usually rusts away and no one receives any benefit from it. Periodic cleanup campaigns covering the entire farm also helps to keep the farm tidy and more beautiful, says Vance.

And farmers should remember

Many Types Of Business Now Required To Post Ceiling Prices In Stores

Many types of businesses are required by ceiling price regulations to have certain postings prominently displayed in their buildings, Ted Gehring, Lubbock district OPS price executive, pointed out yesterday, so that their customers may know whether the firms are in compliance with government price laws.

"Those firms required to make postings but who have failed to comply are operating in violation of the Office of Price Stabilization regulations," Gehring emphasized.

In reviewing the posting requirements, district price officials pointed out that among the firms who must post ceiling prices or other statements include department stores, clothing stores, variety stores and furniture stores covered by ceiling price regulations governing the sale of consumer goods; laundries, dry cleaning establishments, cotton gins, all kinds of repair shops and other firms who retail consumer services; and service stations, garages, farm machinery repair and maintenance firms, and machine shops and welding shops.

CONSUMER DURABLE POSTINGS

Firms retailing consumer durables such as wearing apparel, furniture, housewares and notions, all those covered by ceiling price regulation 7 and amendments, are required to have a sign posted in their place of business stating the following:

"The price of merchandise in this store are no higher than the OPS ceiling prices of the articles." The sign is to be placed so as to be plainly visible to the store's customers.

That scrap is also needed to make new steel that is used in making more and better farm machinery and equipment.

GASOLINE STATIONS POSTINGS

Gasoline service stations probably are required to make more postings than any other type of business, price officials said. They are required to post their ceiling prices of gasoline, and all petroleum products as to grade. Their selling prices, which may be below ceiling prices, need not be posted.

The price of the gasoline shown on the pumps does constitute a posting as required by the regulation and may or may not be the same as the ceiling price. These postings of ceiling prices of gasoline and petroleum products are not to be filed with any OPS office.

However, price officials emphasized that service stations are required to file a list of their ceiling prices on services with the district OPS office. These ceiling prices, too, must be posted visibly at the station.

Armistice Day To Be Observed Here On Monday

Since Armistice Day, November 11, this year comes on Sunday, merchants and business firms will observe Monday, November 12 as a holiday.

Armistice Day is one of the five holidays recently selected by the business firms in a poll conducted by the Chamber of Commerce. Ben Richardson Post, American Legion, of Muleshoe will observe the occasion with a full program. They will give a dance at their home on Saturday night, then the traditional Legion breakfast will be held early Monday morning.

ALL STEEL WAGONS

Simple, rugged box frame design gives the Massey-Harris No. 3 All-Steel Wagon greater carrying capacity... more strength with less weight. Formed steel hounds are stronger, tougher... have greater resistance to twists and strains. All welded construction in the wagon itself adds extra strength throughout... results in low maintenance. Automotive type steering means short turning, easy handling... precision tracking in the field and on the highway. Steering bearings are bronze. Welded, box-braced axle spindles have free-running long lasting bearings inside and outside for light draft, lower power requirements.

Rocking Bolster, extra equipment, increases load capacity. Bolster pin is used for location only... it doesn't carry load weight—there's no shearing action on the pin, no wearing action on the Bolster.

No. 3 Wagon carries 4000 lbs.—with Bolster 7000 lbs. Adjustable reach—6 foot, 10 inches to 10 foot, 10 inches. Clearance is 17½ inches.
