Haskell defeats Rotan in overtime thriller

The number one game of the week in Class A proved to be just that, when the Haskell Indians proved that they have what it takes by defeating the Rotan Yellowhammers in overtime 35-34.

"Wow. What a game," is about the only expression left after the impressive comeback by the Indians.

Down on the scoreboard by 14 points, and with only 1:53 left in this important District 9-A game, the Indians exploded. Rotan had just scored and kicked the extra point to gain a 14-point lead. On the ensuing kickoff, Josh Barbee, behind some great blocks, ran the pigskin back to the 'Hammers' 17-yard line on a 63-yard run.

Five plays later the Indians moved into the end zone with Brandon McClatchey getting the one-yard run for the score. Nate Webb added the

extra point via the kick, and with 0:35 seconds left in the game, the Indians had moved to within 7 points for a tie.

An onside kick was in order, and Haskell performed this to perfection. Nate Webb did the kicking and also received the ball on Haskell's 49-yard line with 0:31 seconds to play. Two plays and Haskell was in the end zone. Mr. Outside, Josh Barbee, got the call and delivered the mail on a 21-yard run. Webb knotted the score on a successful PAT kick—28 to 28, with only 0:12 seconds left—Overtime!

Rotan had the ball first, starting on the 25-yard line. Using 6 plays, the Hammers reached the north end zone, using a sweep-run pass play, but missed the extra point. Haskell, after a 15-yard roughing penalty,

started on the 40-yard line. Josh Barbee, on the sixth play of the drive, scored on a 14-yard run, to tie the overtime, and Nate Webb added the winning point on a successful PAT kick. It was Haskell 35, Rotan 34, to keep the Indians undefeated in district play, and move their record to 6 and 1.

Haskell started this game by scoring on their first series of downs. Using a 10-play drive for 70 yards, McClatchey carried the pigskin into the end zone on a one-yard sneak. Webb would add the first of his four PAT kicks.

The Yellowhammers from Rotan came right back with a TD and PAT kick to even the score at 7 to 7 for the first quarter.

Haskell wasted no time as the second quarter started. McClatchey hit Julio Solano on a 55-yard TD strike. Webb added the PAT. Seven plays later, the Hammers pulled to within one on a 43-yard TD run. The PAT sailed wide right, and the Indians held a one-point lead at half-time, 14-13.

Rotan would score at the end of

the third quarter and add a two-point conversion to finally move ahead of the Indians by 7 points. The Yellowhammers would get another score and PAT to seemingly put the game out of reach. It was at this time that the Indian fans got their money's worth.

Haskell's total offensive output was 278 yards rushing and 121 yards passing. McClatchey had 16 rushes for 55 yards and 2 TDs, and added another TD on a 55-yard pass. Barbee had 2 TDs on 22 rushes for 162 yards. Cameron Short, Mister Inside, had 56 yards on 13 carries, and L. J. McCulloch got 5 yards on one carry. Solano had one catch for 55 yards and one "touch." Webb added 36 yards on one catch, and Barbee had 2 catches for 30 yards.

The Indians will travel to Munday to take on the Moguls Friday night. Kickoff is 7:30 p.m.

The Jr. High Warriors lost to the Jr. High Hammers, 0-32, while the JV Indians won 47 to 18. Both teams will play Thursday night against Munday. The game will be played in Rochester, starting at 5:00 p.m.

Early voting period open

Early voting in the upcoming Nov. 2 General Elections, began Mon., Oct. 18 and will continue through Fri., Oct. 29.

Haskell County Clerk, Rhonda Moeller, said requests for early voting ballots by mail may be made by calling her office at 864-2451. The last day for mail out ballots by her office is Tues., Oct. 26.

Early voting in person may be made at the Clerk's office in the County Courthouse through Fri., Oct. 29.

Each person wishing to vote will be required to present a voter registration certificate that an election judge will check for the effective date, to determine if the voter is qualified to vote. If the voter does not have a valid registration certificate, the voter must present identification. Acceptable forms of identification include, a birth certificate, United States citizenship papers, a U. S. passport, official mail addressed to the person by name from a government agency, a copy of a current utility bill, a bank statement, government paycheck, or other government document showing the name and current address of the voter.

Moeller reminds voters that no longer can an election worker affidavit be filled out by an alternate election judge or clerk for someone they know but who doesn't have an acceptable form of identification with them.

"Actually, with all voters having a certificate or identification with them, the voting process moves more smoothly and quickly," Moeller said, adding that during the March 4 General Primary Election, most of the voters complied with the new laws.

Consolidation election early voting begins

Early voting on the Nov. 2 consolidation agreement of Haskell CISD and Rochester CLISD began Oct. 18, in both districts, and will continue through Fri., Oct. 29. In-person early voting in Haskell may be done at the Haskell CISD Administration office during working hours.

As in the General Election, voters must present a valid voter registration certificate or an acceptable form of identification.

HAMMERING THE HAMMERS!—Haskell Indian Julio Solano #8, gets 55 yards on a catch during the close game with the Rotan Yellowhammers, Fri., Oct. 15 at Indian Field. In overtime, the Indians edged out the Hammers 35 to 34 to keep the Indians undefeated in district play. Photo by Bill Blankenship

Be a real hero—donate blood

Have you saved any lives recently? It's easier than you think to be a real hero.

Just about anyone can be a lifesaver. All you have to do is give blood. But only about five percent of Americans take advantage of the opportunity to save lives by donating blood.

Doctors at UT Southwestern Medical Center at Dallas say this donated blood is crucial because there is no artificial substitute for blood, and volunteers are the only source of blood that's essential for

saving so many lives. Blood is used to treat surgical patients, accident victims and transplant recipients.

Donors are especially needed during peak vacation and holiday periods. With more people traveling, the number of car accidents often goes up, meaning more people will need blood. But people aren't usually thinking about donating blood when they're getting ready for vacation, so supplies often drop.

What's in it for you? Dr. Ravi Sarode, director of UT Southwestern's Transfusion

Medicine and Coagulation Laboratory, says the most important benefit is the satisfaction of knowing that you may have saved as many as three lives from your one donation.

You can generally donate blood every eight weeks and platelets every four weeks. Platelets have a shelf life measured in days, so ongoing platelet donations are especially important. Blood donors must be healthy, over the age of 17 and weigh more than 110 pounds, in addition to meeting other requirements. To donate, contact your local blood supplier.

Meet Mac Thornberry

Dear Friends,

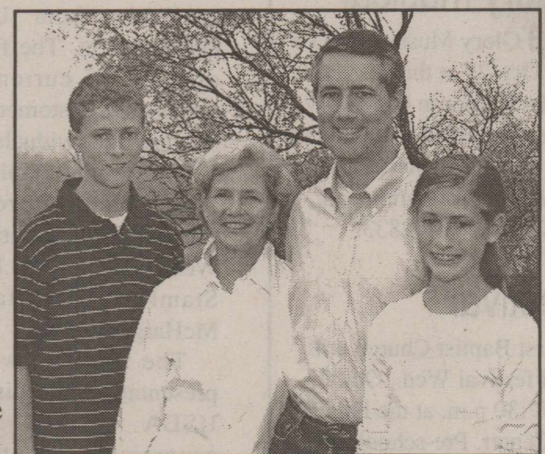

It is an honor for me to represent you and your neighbors in the 13th district of Texas, which will now include your county.

Since I've been in Congress, I've tried to take some common sense and our Texas values to Washington... values like faith, family, hard work and integrity. Growing up on the family ranch in Clarendon, the lessons I learned still apply to the challenges facing our country.

In Washington, I've voted to keep taxes low and to reduce wasteful spending. I've worked for agriculture and for rural health care.

I will continue to do everything I can to protect the security of our senior citizens as well as the security of our nation.

We are all so blessed to live in this great nation. Please join Sally and me at the polls on November 2nd.

Thank you,

Mac

MRS. ADRIANO ARAUJO

Couple weds in Lubbock

Stefani Stephens and Dr. Adriano Araujo of Lubbock, were united in marriage, Sat., Sept. 25, at the First Baptist Church in Lubbock, with the Reverend Jerry Huggings of the First Baptist Church of Lubbock, and Father Ben of Christ of the King Catholic Church of Lubbock, officiating the ceremony.

The bride is the daughter of Sue Stephens Shortes of Lubbock, and the late Elmo Stephens Jr., and the stepdaughter of Bennett Shortes of Knox City. She is the granddaughter of Janoma Stephens of Knox City and Dessie Egenbacher of Lubbock.

The bridegroom is the son of Dr. and Mrs. Antenor Araujo of Sao Palo, Brazil, and Dr. Rosehelene Marotia Araujo of San Jose Dos Campus, Brazil.

The church was decorated with red roses, white accent flowers, candelabras and a unity candle. Red roses on the registry table were in memory of the bride's father, the late Elmo Stephens, Jr., and a ring of white roses around the maid of honor's bouquet was in loving memory of the bride's twin sister, Suzanne Stephens.

As guests were seated, music was played by a string quartet. Before the bride entered, a trumpeter played, along with the organist.

Presented in marriage by her brother, John Scott Stephens of Lubbock, the bride was attired in an ivory silk, custom designed gown featuring a strapless sweetheart neckline adorned with pearls, beads and corset back tied with a satin ribbon. A silk skirt with box pleats

completed the two-piece design. She carried a bouquet of red roses to match her bridesmaids' bouquets.

The maid of honor was Alissa Jeane Sutton of Dallas. Bridesmaids were Aline Mitzi Cabral of Houston, and Kelly Ann Soyars of Austin. They were attired in gold silk shantung two-piece dresses featuring a corset back tied with a gold organza ribbon, and mermaid-style skirt with a sweep train.

Dr. Macelo Marotta Araujo of San Jose Campus, Brazil, brother of the groom, was best man. Groomsmen were Jeffrey Paul Meadow of Dallas, and Marcos Paes of Sao Palo, Brazil, brother-in-law of the groom.

Flower girl was Saylor Edmunds of Knox City. Ring Bearer was Stewart Edmunds of Knox City.

Serving as ushers were John Randy Egenbacher and Charles Egenbacher, both of Lubbock, and Seth Shortes of Arlington.

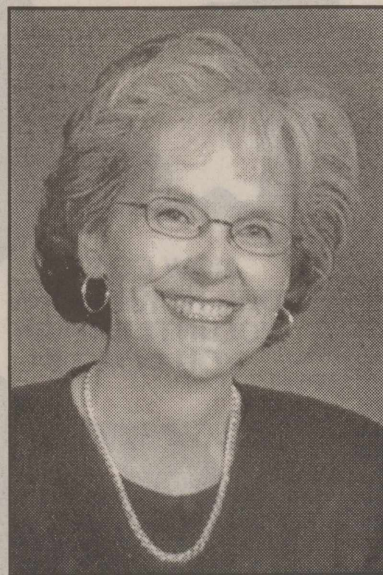

During the ceremony, verses of scripture from Corinthians was read by Roberta Paes, sister of the groom. Following the ceremony a dinner reception was held at the Lubbock Club.

Members of the house party included Natalie Day, Maryann Egenbacher and Shelby Shortes, all of Lubbock, and Hailey Jan Shortes of Seminole.

The bride is a graduate of Texas Tech University. The groom is a graduate of the School of Medicine and Dentistry in Orthodontics, and is self employed in Brazil.

Following a wedding trip to Rome, Italy, the couple will reside in San Dos Campus, Brazil.

Feemster to speak at Friends meeting

CONNIE FEEMSTER

Featured speaker at the "Sonshine Harvest" brunch and fellowship meeting of the Friends of Faith, Sat., Oct. 30, at the Haskell National Bank Community Room, will be Connie Feemster of Lampasas.

The gifted speaker, intercessor and bible teacher is a pastor's wife, mother and grandmother. In 1979, she and her husband, Darrell, lived in Haskell where he was pastor of East Side Baptist Church. In 1987,

they moved to Lampasas, where he is pastor of New Covenant Church. The couple has two daughters and three grandchildren.

With 30 years of ministry experience as a conference speaker, bible teacher and volunteer prison chaplain, mission trips and as a pastor's wife, her heart's cry is for everyone to experience the reality of Christ. With a unique ability to teach with a heart of worship, with a quiet, fresh anointing, she brings a message of hope, passion and healing, and she delights in the discovery of new insights and in sharing them with those who are hungry for Christ.

All women of the area are invited to attend the informal meeting, which will begin at 9:30 a.m. with a covered dish brunch.

Special music will be brought by the Friends of Faith singers. Autumn floral decorations will add to the colorful harvest atmosphere of praise in thanksgiving of the Biblical promise of Deut. 16:15, "For the Lord your God will bless you in all the work of your hands, and your joy will be complete."

Study Club meets

Twenty-five members of Haskell TFWC Progressive Study Club met at the Haskell Secondary Cafeteria, Thurs., Oct. 14 for a program on International Affairs, and to prepare food for the club's Chicken Spaghetti fund-raiser, Fri., Oct. 15.

Club president, Julia Harrell welcomed the group. Evelyn Cobb introduced guest speaker Roy Wright, co-chairman of the Ministerial Alliance Food Program, which distributes boxes of food each third Saturday in the month to Haskell County families and individuals in need.

A graduate of Paint Creek School, Wright lived in Fort Worth and Abilene, and is retired from WTU. He and his wife Sue, who also works with the program, are parents of six children and are members of East Side Baptist Church. She was also a guest at the club meeting.

Explaining the local program, which began a few years ago, Wright said the food is obtained from the Food Bank Distribution Center in Wichita Falls for a small charge. A list of what is available is sent to the local group each month. Haskell volunteers drive a trailer there to pick up and bring back the food, fill the boxes and distribute them.

The local program began with a borrowed horse trailer to bring back food for about 20 families. With a gift of \$4,000 from the Dodge Jones

Foundation in Abilene, a trailer was bought, and at this time, about 300 families are fed each month. Different churches in town pay for the transportation to Wichita Falls each month. Refrigerators and freezers have been donated, and the county and city provides a building to house the local food bank operation.

Wright said families eligible for the food must fill out an application form. Each month they receive approximately 40 pounds of food, paper goods, and diapers.

The speaker was presented with bags of dried beans and rice for the local food bank, brought in observance of World Food Day, by each member of the club.

New members named to the club during a business session were Sudie Doerr, Jewel Pittman and Angela Markunas.

Nancy Toliver gave a report of the club's recent bus trip to the Gaylord Texan Resort at Grapevine, and Texas Woman's University campus in Denton, where the Texas Federation of Women's Club's archives are kept. She read a letter of thanks from Ann Barton, curator of the Texas Women's Museum, for attending the reception in honor of the induction of First Lady Anita Perry's inauguration gown into the Texas First Ladies Historic Costume Collection.

Dear Misty,

What are the symptoms of a respiratory infection?
Symptoms of respiratory infections can appear suddenly and worsen quickly. When an infection develops, it's important to start treatment right away. Your doctor may decide to prescribe antibiotics or other drugs to get the infection under control before it becomes serious (Don't try to treat yourself. Over-the-counter cold remedies may worsen the problem, so don't use them unless your doctor tells you it's okay.) Call your doctor immediately if any of these signs occur:

- Fever
- Increased coughing, wheezing, or trouble breathing
- Mucus changes in any of these ways: the mucus is thicker; the amount is either more or less than usual; it has a foul odor; or the color is green, yellow, brown, pink or red
- Stuffy nose, sneezing, or sore throat
- Increased fatigue or weakness
- Weight gain or loss of more than 5 pounds within a week
- Swollen ankles or feet
- Confusion, memory loss, or persistent drowsiness

TAX PLANNING

HOW TO HELP YOUR CHILD BUY A HOME

There are a variety of ways for a parent to help out their child with buying a home. Possible strategies include lending your child money, gifting under the annual gift tax exclusion, pledging securities, and equity sharing.

Assuming you have enough liquid assets, you can effectively act as the mortgage lender to your child by lending money to pay for the house.

Another option is to give the child money for a down payment on a house. Making a gift to your child for the down payment is an ideal situation for parents who are primarily concerned with decreasing the size of their estate and the taxes on it after their death. Current tax law lets individuals make annual gifts of up to \$11,000 per person. If both parents join in the gift, they can give the child \$22,000 without any gift tax liability.

With some planning, even larger gifts can be made. For instance, if the child is married, his or her spouse is also eligible to receive gifts. Collectively, a married couple could receive \$44,000 in gift-tax free cash for a home purchase. If the gift is spread over a new year, it can be increased to double the amount, giving the child and his or her spouse \$88,000 toward the cost of the home.

Another possibility is pledging securities to secure a child's home loan at a financial institution. By pledging securities instead of selling them, the parents can be saved from a potentially taxable event.

Finally, another alternative is equity sharing where the ownership of the home is shared. Typically, the parents makes the down payment, and the child pays the mortgage payment, utilities, taxes, and other ongoing expenses. The home is jointly owned, and the family can agree on a split of the appreciation in value when the home is sold.

For details on these and other options available to parents who want to help their child buy a home, give us a call.

Cool Summer Places

Q: What's the coolest location in the U.S. during the summer?

A: The place with the lowest daily temperature is Mount Washington, N.H., which has an average July temperature of only 54 degrees, says Michael Hammer of Texas A&M University. "But the problem is that no one lives on Mount Washington," Hammer explains. If you're talking about places where people live, San Francisco has to be rated near the top with an average July temperature of 66 degrees, which is tied with Whidbey Island, Wash., also at 66. San Francisco has one of the most stable climates in the country—the average high temperature in January is only 56 degrees, only 10 degrees difference from its July high."

Q: What are some other cool places?

A: In the Northeast, head to Caribou, Maine, which has an average July temperature of 76 degrees, and Martha's Vineyard is not far behind at 79 degrees, Hammer adds. "Boston checks in at 82 degrees, which is a far cry from most Texas cities, whose average July high is in the mid-90s. On the Pacific Coast, the always-cool Pacific Ocean keeps the entire coast line very mild in summer. That's why it's often warmer in January on the West Coast than many U.S. cities."
