

CHURCH OF CHRIST
Bula, Texas

Norman L. Warren, Evangelist
We welcome ALL to the Bula community and wish to extend a special and warm welcome to attend all services of the Church of Christ.

Our Bible study on Lord's Day begins at 10:00 o'clock and the regular morning worship begins at 11:00. The Lord's supper is

observed every Lord's Day. Evening services begin at 7:15 each Sunday with the young people and preaching services at eight. This will still leave time for those who have children in school, to get them in bed at an early hour. Our Ladies Bible study is on Tuesday afternoon, 2:30 p. m., and our midweek Bible study is on Wednesday at 8:00 p. m. Please call on us for further

THE CHAMBER of COMMERCE IS WORKING FOR MULESHOE AREA

FARMERS, TOO!

Farmers and ranchers in this whole area have as much reason to belong to the Muleshoe Chamber of Commerce as does the business and professional man of the city itself. Because of his investment, he has probably a larger stake in the future of this immediate territory than a lot of business men.

The Muleshoe Chamber of Commerce has a consistent record of active support for worthwhile things — more good roads, good schools, good streets, good sanitation and health conditions, better communications, more and bigger churches, in fact whatever is considered for the good of the people of the entire territory.

MULESHOE CHAMBER of COMMERCE

Has for its goal the improvement and development of Bailey County and the Muleshoe trade territory.

MR. FARMER:

..... If you approve of these ideals and objectives, we would like to have you become a member of the Chamber of Commerce of Muleshoe.

We already have quite a few farmers as members, indeed, some of them are serving as directors now. Please consider this advertisement as your notice that, not only are you WELCOME — You are invited and even urged to become a member of the

THINK

BEFORE YOU VOTE IN THE NOVEMBER ELECTION

ASK YOURSELF THE FOLLOWING QUESTIONS:

1. How were you living during the Hoover, Republican Administration?
 2. Can you remember 5 cent cotton, and \$1.00 a day wages?
 3. Can you remember, in the history of our nation, when the Republican Party and Wall Street ever helped the common man?
 4. What were you worth in 1932?
 5. What are you worth to-day?
- Answer these questions before you vote.

ALL NOMINEES ON THE DEMOCRATIC TICKET, IN THE NOVEMBER ELECTION, FROM THE GOVERNOR ON DOWN TO CONSTABLE, SHOULD MAKE A PUBLIC STATEMENT TO THE VOTERS, UNDER OATH, WELL IN ADVANCE OF THE ELECTION, AS TO HOW THEY ARE GOING TO VOTE, SO THE VOTERS WILL KNOW IF THEY ARE TRUE DEMOCRATS OR HAVE MERELY USED THE DEMOCRATIC PARTY TO GET IN OFFICE ON.

VOTE A STRAIGHT DEMOCRATIC TICKET, AS ALL GOOD DEMOCRATS SHOULD.

Rainbow Girls Hold Installation

A very beautiful and impressive installation ceremony was held by Muleshoe Assembly No. 161, Order of the Rainbow for Girls, Sunday afternoon, September 28, at 2:30 in Masonic Hall.

The Installing Officers were: Worthy Advisor, Sondra Wagnon Mason; Chaplain, Bobbie Collins Harrison; Recorder, Billy Faye Graves; Marshal, Janice Jordan Gaede; Musician, Elizabeth Gardner; Soloist, Inez Bobo; Registrar, Delores Wagnon.

The invocation was given by John Thomson, Worshipful Master of Muleshoe Lodge No. 1237, A. F. & A. M.

Delores Wagnon presided at the guest book.

Mrs. Gladys Laing, Grand Visitor, and Janabeth Laing, Grand Religion, of Earth, were introduced and seated in the East, which was partially en-

closed as a pretty bower, by a small white picket fence entwined with flowers and vines.

The Hall was a lovely flower garden of Marigolds and greenery. The golden motif, the Worthy Advisor's chosen color, was carried out in the table appointments and refreshments, and was further emphasized in her exquisite formal of the same hue.

While the musician played music appropriate to the occasion, the newly elected officers, very beautiful in their pastel formal, entered this fairyland of flowers, through a golden arch, and formed a bow behind the color stations.

Those installed were: Worthy Advisor, Jo Addine Wagnon; Worthy Associate Advisor, Norma Graves; Charity, Tommie Bovell; Hope, Barbara Hinkson; Faith, Bettie Collins; Drill Leader, Barbara Douglass; Love, Drala Myers; Religion, Paula Province; Nature, Charlene Graef; Immortality, Jean Louise Gammon; Patriotism, Ann Woodley; Service, Marion Harris; Confiden-

tial Observer, Helen Stovall; Outer Observer, Lou Ann Agee; Choir, Glynn Sue Morrison, Earlene Palmer, Mary Carpenter, and Jimmie Carpenter.

After Jo Addine was escorted to her station in the East, she accepted her new office in a very gracious manner, with a few well chosen words. Her grandmother, Mrs. R. R. Shuck of Russellville, Ark., was presented behind the Bow for introduction and was escorted to the East, where she received a lovely corsage.

Mr. and Mrs. Vance Wagnon were presented behind the Bow, conducted to the East, and introduced to the Assembly. They were extended a charming courtesy by their daughter, who thanked them very graciously for their love and encouragement through her Rainbow years. "Somebody Loves You", sung very beautifully by Inez Bobo, was dedicated to them.

The newly elected Worthy Advisor presented gifts to her installing officers, and introduced Mrs. Ada Thomson, Mother Advisor. Others presented behind the Bow for introduction were: members of the Advisory Board and Past Mother Advisors.

Mrs. Laing expressed her thanks and appreciation for the courtesies extended her, and commended the girls on their excellent ceremony.

As a finale to this very lovely program, Inez Bobo sang, "Perfect Day" — Bond, accompanied at the piano by Elizabeth Gardner.

Mrs. Wynnie Dunn gave a very inspiring benediction, after which delicious refreshments were served from a beautifully appointed table by Sondra and Jo Addine to about fifty guests.

Governor To Visit Our Club

Alton B. Chapman

The Rotary Club of Muleshoe on October 7 will be host to Alton B. Chapman, Governor of the 183rd District of Rotary International, who is making his annual official visit to each of the 37 Rotary Clubs in West Texas. He will confer with President Myron Pool and Secretary Bob Gregory and other local officers on Rotary administration and service activities.

Judge Chapman is District Judge of the 110th District of Texas and resides in Floydada, Texas, where he is a member of the Rotary Club of that city. He is one of the 207 District Governors who are supervising the activities of some 7,600 Rotary Clubs which have a membership of 360,000 business and professional executives in 83 countries and geographical regions throughout the world.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Muleshoe because they are based on the same general objectives, developing better understanding and fellowship among business and professional men, promoting community betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the past fiscal year, for example, 219 new Rotary Clubs were organized in

Grissom Is Back In U. S.

Scheduled to arrive here today aboard the seaplane tender USS Pine Island after an eight month tour of duty in the Far East is Colonel W. Grissom, aviation photographer's mate, airman, USN, son of Luther W. Grissom of Farwell, and husband of Mrs. Jane Ellison Grissom of Bovina. Grissom was a student of Oklahoma Lane High School, where he played football, basketball and was a member of the track team.

While in the Far East, the Pine Island was stationed at Okinawa and in the Pascadore Islands near Formosa. The tender serviced the Navy's huge Martin Mariners which were engaged in reconnaissance missions over Korean and Chinese waters.

The vessel made calls at Yokosuka, Japan; Hong Kong, China; Kaoshung, Formosa; and enroute to the United States, Midway Island and Pearl Harbor, T. H.

VISITORS FROM LUBBOCK
Dr. and Mrs. C. H. McLlory of Lubbock spent the week end visiting in the home of Mr. and Mrs. Claudis Murrah and family.

DECLINE OF TEXAS' SMALL FARMS

What has become of the "40 acres and a mule?"
Where are those small farms which were passed from father to son and worked by all members of the family? Why is the younger generation forsaking the land to seek livelihood in large cities?
The modern trend towards a larger metropolitan population and a corresponding decrease in rural residents is being viewed with alarm by many persons. The question foremost in their minds is: "Will the declining rural population in Texas hurt the state's future agricultural productivity?"

A parallel situation arose about 150 years ago when Thomas Robert Malthus, a brilliant but rather short sighted English economist forecast starvation for the human race. The world population, warned the Englishman, is fast outstripping agricultural production.
But Malthus underestimated the farmer's ingenuity in constantly improving his crop methods. Because of this ability, and the advantages of mechanization, the present day farmer produces enough food for himself and 13 other persons, plus a vast quantity of goods for foreign export. In Malthus' day, however, it took three men on the farm to feed one man in the city.

The rural population may be declining in Texas but the land is not being abandoned. Instead, more land is being farmed by fewer people. While there has been a decrease of some 4,500 farms in the state since 1919, the total cultivation land has increased 31,368 acres.
Farm tenancy was 37 per cent in the state in 1945. Five short years later, the figure was reduced to 30 per cent by population shifts. Yet, during that same time, Texas farm crop acreage increased 4 million acres.

Mechanized farming is largely responsible. The tractor began replacing the mule more than 30 years ago. In 1920, there were 9,048 tractors on Texas farms. This year, the figure is around 350,000. The mule is becoming a part of the past.
We in Texas have nothing to fear in the present trend as long as the farmer continues to increase his per-acre yields, improve his soil conservation practices and work for better plant and animal breeding.

ATTEND REUNION AT JACKSONVILLE, TEXAS

Mrs. J. E. Perkins spent several days with her brother and three sisters. The four girls and one brother met at Mrs. Mary Henson's at Jacksonville, the first time the family had been together in 56 years.
They are W. D. Presley, Abilene, Mrs. J. E. Perkins, Muleshoe, Mrs. J. G. Ross, Lindale, Mrs. Mary Henson, Jacksonville, and Mrs. W. D. Connell, Hillsboro. Others attending the reunion were Mrs. T. W. Berry and Cecil Perkins, of Muleshoe, Therman Henson, Jacksonville, J. G. Ross, Lindale, W. D. Connell, Hillsboro.
Every one had a wonderful time talking over old times, getting out the old family pictures, also the old family Bible to see if everyone still had their ages right. The oldest being 73, the youngest 63. Several pictures were made Sunday afternoon.
Miss Gladolia Owens and mother from Alto, Texas, visited in the home Sunday afternoon.

WHITE LEGHORN PULLET EGG WEIGHS 5 OUNCES

A White Leghorn pullet owned by D. Smith has started her laying career in a most spectacular way. Less than 6 months old, the pullet laid an egg which weighed 5 ounces, and measured 7 inches around, 8 inches the long way.
Mr. Smith brought the egg in to let the editor see, and said we might eat it after we get through writing it up and showing it. We were sort of figuring on a dinner party at our house, anyway, so, if someone will just bring in a pound of bacon we'll have it made.

VISITED IN AMARILLO

Rural Fires Hit New Peak

Flammable wood shingles enable fire to spread readily from building to building. In rural areas, whole farmsteads can be burned.

An "epidemic" of fires in rural areas is noted by the National Fire Protection Association, sponsor of Fire Prevention Week, Oct. 5-11.
"There are more rural fires today than ever before," says Percy Bugbee, the NFPA's general manager. "These are small fires for the most part, but because human carelessness is the hidden cause of nearly all fires the destruction is incalculable."
Bugbee calls particular attention to the increasing number of electrical fires. Electrical fires have doubled, he says. Pointing out that more farms than ever before now have electricity, he urges farmers not to do their own electrical wiring because "an apparently simple, little mistake can result in a major fire."
At least 90 percent of all rural fires would be prevented if com-

- 1—Install electrical wiring properly. Only a skilled electrician has the knowledge required for safe results. Keep power equipment in good repair.
- 2—Smoke carefully. Never smoke in barns. Careless smoking and use of matches is still the No. 1 hazard.
- 3—Keep stoves and furnaces in good condition.
- 4—Protect buildings with fire-resistant roofing. Chimney sparks and sparks from field fires and trash fires endanger buildings.
- 5—Store gasoline and kerosene away from main buildings, preferably underground.
- 6—Clean up trash and rubbish.
- 7—Use lightning rods. Inspect rods, connections, and grounds regularly.

It's best to prevent fires — But adequate insurance protection on what you own is only good judgement.

BABSON DISCUSSES

World War III

Philadelphia, Pa., Sept. 26. Two years ago almost everyone was worried about World War III. Newspapers told of the defense plans being made by the government; magazines printed gory descriptions of the probable destruction of American cities; while families were buying small "hide-away" farms or building bomb proof cellars. Today we hear very little talk along these lines, except by those families who have boys in Korea. General sentiment now is that World War III will not come for ten or twenty years, "so why worry!"

WHAT THE EXPERTS TELL ME Strange to say, this "City of Brotherly Love" is one of the chief centers for producing war materials. This gives me an opportunity to get some inside information. Experts here tell me that the prospects for World War III during the next year or two are greater than ever. They claim that Russia is now putting us to sleep and may jump on us at any time. It is hard to believe this because it seems to me that Russia would have attacked us during the past 6 months if she wanted to start World War III. Experts,

however, insist that Russia is waiting only to build up a greater supply of atomic bombs and super sonic airplanes; they are especially disturbed by the Russian-Chinese Conference now being held in Moscow.

Obviously, the present Korean situation cannot last indefinitely one side or the other must quit. If we should quit, this would certainly result in bringing on more trouble somewhere else; while if the Chinese should quit, it could result in Russia losing all Asiatic gains. Therefore, the fear is that Russia, through the Chinese, may issue an ultimatum to the United States giving us a certain time limit in which to be out of Korea, "or else." This could cause a severe break in the stock market and in business. This ultimatum could come directly after elections in November, especially if Eisenhower should be elected.

WHAT WORLD WAR III WOULD MEAN

Of course, Russia may suddenly adopt the "Pearl Harbor" program by dropping atomic bombs on one or more of our large cities without a prior ultimatum. Although we are building a marve-

SAND HILLS PHILOSOPHER Wants Everybody To Publish Financial Statements, Not Counting Him

Editor's note: The Sand Hills Philosopher on his Johnson grass farm comes up with an outlandish proposal this week, as you'll readily agree.

Dear editor: I notice what looks like a fad may be developin in public life today, where a man runnin for

office gets on the radio and bares his entire financial life, tellin how much his house cost, how much he owes, where he owes it, etc., and I know I believe this is a good idea, provided it's carried far enough.

That is, I would like to see it carried over into all walks of life. For example, there are several people in town, several neighbors out here, that I've been dyin to know what their financial statement was. I know several people who drive good cars, go all the time, live pretty high on the hog, dress mighty good, that I'd be interested in knowin how they do it. Also, I don't know why this is, but what other people's salary is, what they make has always been a topic of considerable curiosity to lots of people.

Also, I know lots of women who are even more interested than I am in findin out what their neighbor's financial picture is. It ain't that they'd want to do anything about it, but from a curiosity standpoint I don't know of anything that would make better readin and get closer attention than the financial statements of people you know. It's one thing to get the lowdown on a politician in Washington, but folks right around you, there's where the real curiosity is.

You take so and so, everybody says he's got money salted away in so many places he can't remember em all, and it would make mighty intense readin to bring this to light. Or you take the so and sos, they're mighty slow pay, sort of behind with their grocery bill and ain't paid all of last year's drygoods account, and while it ain't nobody's business, still and at the same time there would be a big run on the newspapers the day their true financial picture was brought out.

I tell you, this thing has endless possibilities. It would be sort of like drainin a lake and leavin the bottom exposed to public view. Ain't no tellin what sort of fish you'd find, and some of em that looked like keepers from the way they splashed on top might turn out to be about

WHO PAYS THE DOCTOR?

Once again, Americans have shown they prefer to work out their own problems in their own way.

This time it's the cost of medical care.

The July-September issue of American Economic Security, published by the Chamber of Commerce of the United States, notes that more than 85,000,000 Americans had insured themselves against hospital bills in 1951. That's well over half the population.

Many more also have insured themselves against medical and surgical bills, while 39,702,000 or nearly two thirds of all employed civilians, are protected against loss of pay due to accident or sickness.

These figures do not include military service people and their dependents, veterans or persons covered by workmen's compensation, all of whom are protected to varying extent against medical costs by law.

Even more remarkable than the great number of persons voluntarily protected, the Chamber believes, is the swift growth of voluntary health insurance in just a little more than ten years.

Before World War II, there was a "great debate" about the cost of medical care. Many believed that only a compulsory, government regulated insurance system could solve the problem. Others, including most doctors, were afraid of "state medicine", as the compulsory insurance plan was called. They thought voluntary health insurance deserved a fair trial, first.

That's why the new figures are significant. They become even more so when compared with the health insurance statistics of 1940.

For example, the 85,000,000 Americans insured against hospital expense in 1951, compares with 12,312,000 in 1940. That's a growth of nearly 700 per cent in 11 years.

Surgical insurance covered 65,535,000 in 1951, an increase of 1300 per cent over the total of 5,350,000 in 1940.

the size of minnows. The secrets that doctors have probably ain't half as interestin as the secrets bankers have.

On the other hand, you don't suppose anybody could possibly be interested in my financial report, do you? Some people are just too noseey. Maybe we better limit this thing to vice presidential candidates and keep the system we got for everybody else.

Yours faithfully, J. A.

Insurance against medical bills has risen from 3,000,000 in 1940 to 27,723,000 in 1951, or almost 900 per cent. This last is the newest but fastest growing type of health insurance. It provides benefits toward payment of doctors' bills not included in surgi-

cal insurance. All of this means not only better medical care for more people, but a lot less worry about who is going to pay for it.

JUMPING JACKS

DEAN MARTIN and JERRY LEWIS, as bungling sky soldiers of Uncle Sam's Airborne Infantry, make highly unorthodox parachute descent in this scene from Hal Wallis' "Jumping Jacks". Paramount comedy slated to open October 5 at the Cox Drive-In Theatre. Norman Taurag directed and Mona Freeman co-stars.

EVEN FIRE insurance rating schedules in Texas are going pocket-sized. Here State Fire Insurance Commissioner Paul H. Brown compares the new, streamlined General Basis Schedules, at right, with the unwieldy book from which Texas insurance agents have computed fire insurance rates for nearly 30 years. Completely revised after months of work, the new General Basis Schedules is only a quarter of the size of the old book.

Quiz Program Given At Club

A quiz program produced by Onard Upton, program chairman as a pinch hit measure hit the bullseye with members of the Rotary Club who held their regular meeting Tuesday noon. Members were divided into even and odd numbers, the odd side winning the test by the margin of one correct answer.

Some questions were purely trick questions while others brought out information about Rotary.

Ray Franz, new Chamber of Commerce manager, was announced as a new member.

Guests included H. H. DeLozier.

Grandmother Bracken Quietly Celebrates 90th Birthday at Home

MRS. BRACKEN

Mrs. Lydia Ann Bracken quietly celebrated her ninetieth birthday August 26 in the home of her daughter, Mrs. Zilpha Zimmer. Birthday cake and ice cream

were served to friends and relatives who called throughout the day.

Grandmother Bracken was born in Indiana, lived in Oklahoma for a short time, then moved to Billings, Montana, in 1917 where she made her home until recent years. She now makes her home with her daughter, Mrs. Zimmer.

An injury of several years ago to her hip and leg confines her to a wheel chair most of the time, but she enjoys good health.

Living children are Mrs. Fred

CHRISTIAN SCIENCE SERVICES

That through spiritually enlightened thinking and living mankind can completely trust God, the one Mind, to deliver them from war into peace and happiness, is stressed in the Lesson-Sermon entitled "Unreality" to be read in all Christian Science churches next Sunday.

As Job said, "Let not him that is deceived trust in vanity: for vanity shall be his recompense" (Job 15:31). This verse is the Golden Text.

The fallacy of trusting in aught but God is further pointed out in this Bible verse which will be included in the Lesson-Sermon: "Surely God will not hear vanity, neither will the Almighty regard it" (Job 35:13).

This correlative citation from the Christian Science textbook will also be read, "The perfect Mind sends forth perfection, for God is Mind. Imperfect mortal mind sends forth its own resemblances, of which the wise man said, "All is vanity" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, p. 239).

NEW JET PLANE HAS SWEPT BACK WINGS

Muleshoe Journal Muleshoe, Texas

Dear Editor:

Hoping that you will be among the guests of the State Fair of Texas on Press and Radio Day, October 4, I am writing to extend you a cordial invitation to visit the Chance Vought display, to see our Texas-made F7U Cutlass, and to meet some of our people. Our exhibit will be located near the General Exhibits Building at the head of the Esplanade.

This is the first time we have been able to exhibit the Cutlass at the State Fair. It is a tailless, sweptback wing jet fighter which operates from Navy Carriers.

I think you might be interested in seeing it as an example of the products made by the growing aviation industry in Texas. Texas now ranks second only to California as an Aviation center, and more than 50,000 Texans are employed by the aviation industry.

Sincerely,
F. O. Detweiler
General Manager

The editor felt that invitation is to everybody, everywhere, also thought it would be interesting to all to know something about our preparations for defense in this one direction.

Classes Have Joint Installation

The Fidelis and Men's Bible classes of the Methodist Church met Monday night, September 29, at 7:30 p. m. in the Fellowship Hall.

The Hall was decorated in the football motif with sections of the settings as yell leaders, boosters and pep squad. About 75 guests enjoyed the chicken barbeque, apple pie and coffee.

T. P. Smallwood, superintendent of Sunday School, gave the invocation. H. W. Hanks made a short talk.

Mrs. Fox, retiring president of the Fidelis Class, installed the following officers for that class: teacher, Mrs. O. N. Jennings; assistant teacher, Mrs. A. S. Stovall; president, Mrs. H. S. Sanders, Sr.; vice-president, Mrs. Arnold Morris; secretary-treasurer, Mrs. Delma McCarty.

Sam Fox, outgoing president of the men's class, installed the following officers for that class: teacher, Noel Woodley, assistant teacher, A. J. Gardner; president, A. W. Copley; vice-president, C. R. Farrell; and secretary-treasurer, R. J. Klump.

MULESHOE FOLKS IN VISIT DOWNTOWN

Mr. and Mrs. Jesse Osborn, Dr. and Mrs. A. E. Lewis, and Mr. and Mrs. Ebb Carroll last week end visited at Waco and other points downstate. The Lewis' son, Charles, and the Carroll's daughter, Sammie, are students in Baylor U., Waco. The Osborns joined them there and Dr. Lewis and Mr. Osborn attended a Poll-end Hereford breeders sale at Clifton. They bought two bulls. Then Mr. and Mrs. Osborn went on to Austin to check up on housing and make other arrangements about moving there when the Legislature meets shortly after January.
