

Local People Watching Water Moves

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY
 VOLUME 30, NUMBER 20 MULESHOE — County Seat of Bailey County — TEXAS THURSDAY, MAY 8, 1952

Tom Smith In Commissioner Race, Prec. 2

Tom L. Smith, farmer of the West Camp community, has authorized The Journal to announce that he is a candidate for the office of Commissioner, Precinct 2, Bailey County. His candidacy is subject to action of the Democratic July primary.

Mr. Smith is a former county commissioner, having served before in that capacity for Precinct 2. He has farmed in West Camp community since 1923, and has watched this territory develop from a raw, ranch land country to its present thickly settled, profitable farming community status.

Mr. Smith says he is a believer in good roads and it will be one of his aims to maintain precinct roads in good condition, at the same time to cooperate with other members of the commissioners court for the best interests of Bailey County.

He believes that his previous experience as county commissioner has qualified him to serve the people more efficiently. Mr. Smith invites the vote and influence of all the people of his precinct.

Buck Creamer In Race For Sheriff

W. F. (Buck) Creamer, for several years a peace officer here, has authorized The Journal to announce that he is a candidate for the office of Sheriff, Tax Assessor and Collector of Bailey County, subject to the action of the Democratic July 26 primary election.

In connection with his announcement, Mr. Creamer made the following statement:

TO MY FRIENDS, THE PEOPLE OF BAILEY COUNTY:
 I am announcing to you my candidacy for the office of Sheriff, Tax Assessor and Collector of our county.

I am 44 years of age and have been a resident of Bailey County since March 1, 1949. I have spent more than 6 years as a peace officer, of which about 3 years have been spent in that service here.

I have been encouraged to become a candidate for the Sheriff's office by a number of the people whom I have had the pleasure of serving as a law enforcement officer here. I feel that this office is important enough to deserve the full time of the candidate elected, and if I may have your support and vote, I pledge myself to devote my entire time and energy to serving you, and to provide courteous and efficient deputies necessary to make immediate police protection available to all parts of the county at all times.

If you will honor me with your vote and influence, I will try to make you the kind of officer you are entitled to.

Sincerely,
 W. F. (Buck) CREAMER

Joan Montgomery 2nd At Austin

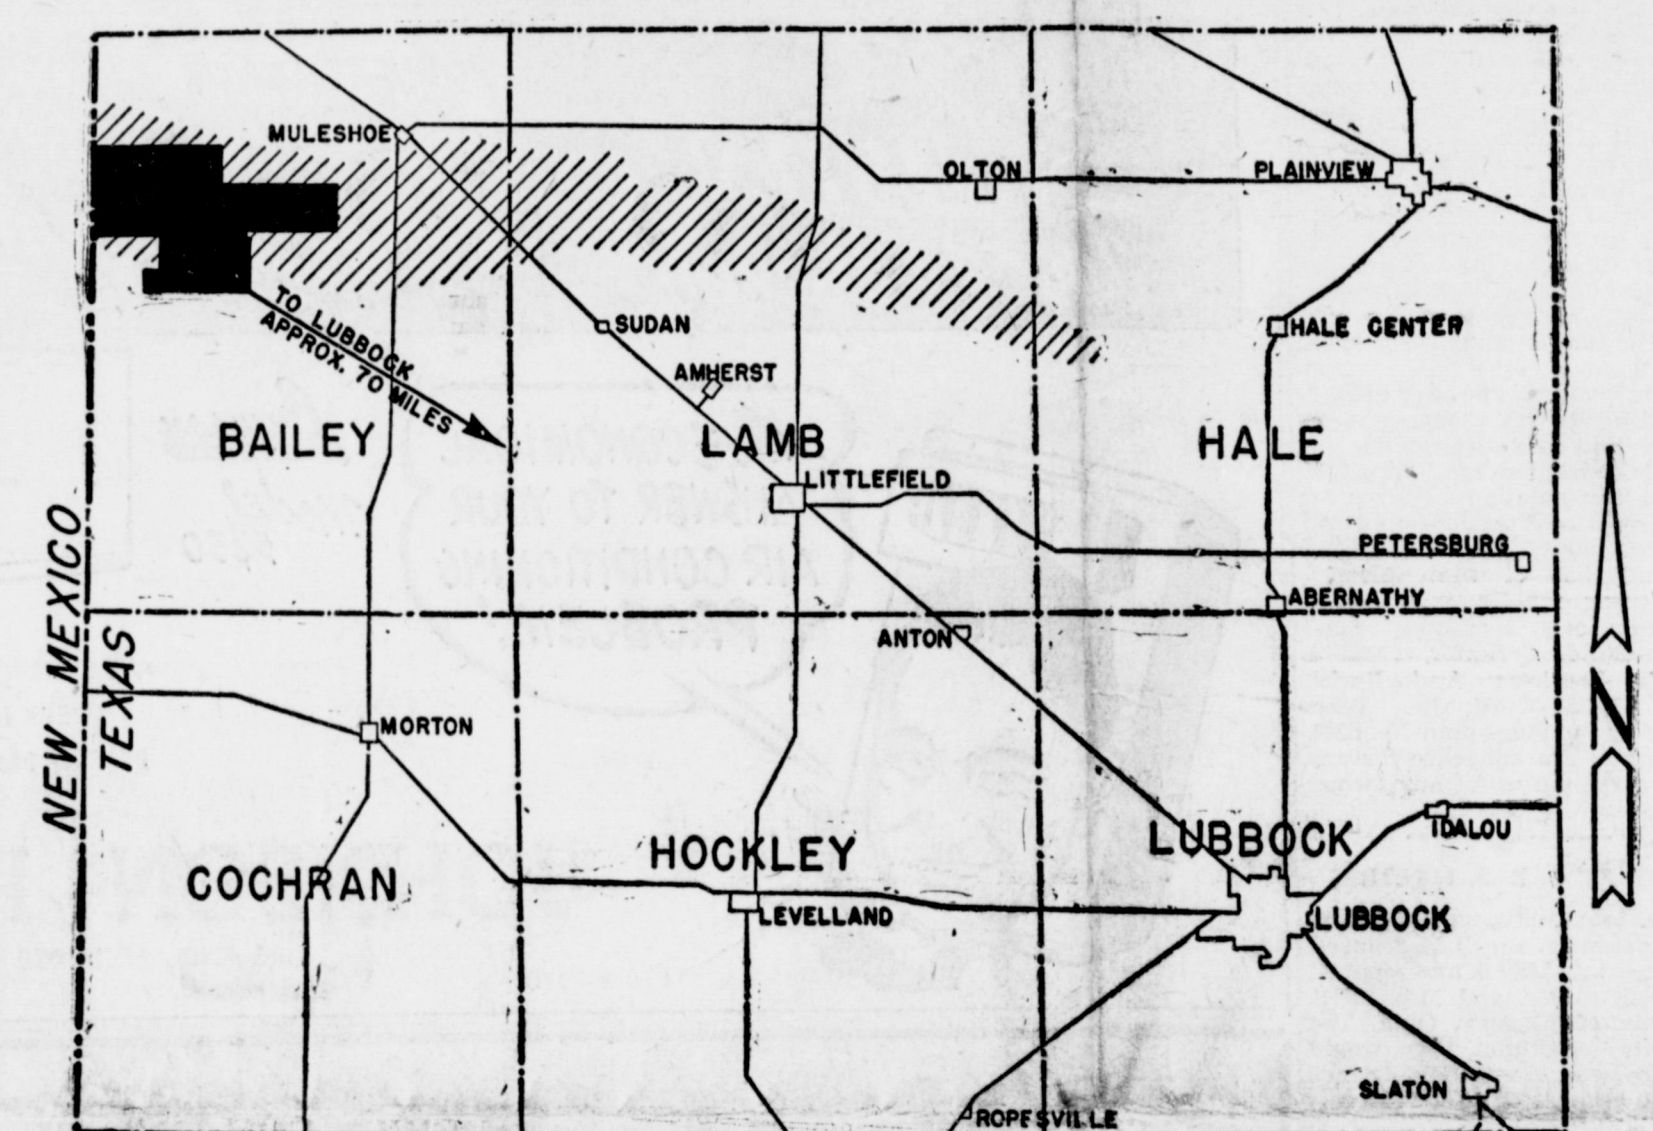

Joan Montgomery, of Muleshoe high school, won second place in extemporaneous speaking in the literary division of the Texas Interscholastic League state meet held in Austin Friday and Saturday. Joan, a senior, is the talented daughter of Mr. and Mrs. V. H. Montgomery.

She was accompanied to the state meet by her coach, Mrs. Ed Cummings, and Mr. Cummings.

After the state meet was over, the Muleshoe people, including Mr. and Mrs. Willard Hedges, Mr. and Mrs. Fred Johnson, Donald Johnson, Eugene Burham, Mr. and Mrs. Cummings and Joan, toured San Antonio, seeing the old missions, the Alamo, Breckenridge Park, etc.

Three Way School Announces Its Eight Grade Commencement Plans

Oscar H. Davis, elementary principal of Three Way School, Maple, announced that eighth grade graduation exercises will be held on Thursday evening, May 15, at 8:00 P. M. in the Three Way Gymnasium.

Paula Griffith was the highest honor student in the eighth grade with an average of 94.43, and Shirley Williams ranked second with an average of 93.94. Glen Holloway was the highest boy with an average of 90.66, and Barbara Mitchell was the other student to have an average of 90 or above and ranked fourth.

Other class members are Betty Ann, H. C. Brashear, Bob Carpenter, A. J. Ellis, Neil Everett, Peggy Fowler, Dalton Hodnett, Jim Huff, Bernice Kirby, Charles McCafferty, Loreta Millsap, Preston Phillips, Howard Pollard, Colleen Reeves, Billy Simpson, Frances Simpson, Wanda Stowe, George Willie Stone, Peggy Underwood, and Peggy Wittner.

The class sponsor is Mr. Odell McCoy. The graduation program is as follows:

- Invocation Betty Williams
- Song Mr. Davis
- Salutatory Shirley Williams
- By Class Paula Griffith
- Valedictory Charles McCafferty
- Class Colors Venita Stone
- Class Flower Bernice Kirby
- Song By Class
- President's Farewell Billy Simpson
- Presentation of Diplomas and Awards Mr. Davis
- Benediction Mr. McCoy
- Everyone is cordially invited to attend the program.

Lions All Star Show Is May 16

A gala evening is promised those who attend the Lions Club "All Star Show" here Friday night, May 16, a cast for which is rehearsing now. Members of Muleshoe Lions Club will take parts in the show.

The show will be in the high school auditorium at 8 o'clock. Children under 12 will be admitted free.

Funds from the show will go to carry on the numerous civic and welfare projects of the local club.

All Kinds of Paper, Office Supplies at The Journal.

Lubbock Acquires Water Rights To 50,000 Acres In Bailey County

The Lubbock City Commission Saturday acquired an option on water rights on more than 80 square miles of land which, officials believe, will insure Lubbock an adequate water supply for 30 years or longer, even though the city's population may increase to 200,000 or more.

The tract lies west by slightly south of Muleshoe, Bailey County, approximately 70 miles north-west of Lubbock, in a tongue-shaped region known as the "Sand Hills". The Hills extend eastward from New Mexico across Bailey and Lamb Counties into the edge of Hale County, narrowing in width from about 15 miles to the point of their disappearance.

50,000 Acres Are In Tract
 The option was obtained from L. A. Purcell, Lubbock contractor with varied business interests, and covers water rights on more than 50,000 acres in an irregularly shaped tract extending about 15 miles from east to west and seven miles from north to south.

The property includes about 13,000 acres donated by A. L. Wasson, Big Spring rancher and oil man, to the Baptist Foundation several years ago, and approximately 40,000 acres of the VVN Ranch operated by J. L. Birdwell, who resides on the Levelland, Highway west of the Lubbock city limits.

Option To Cost \$1
 Under the contract signed by Mayor Murrel R. Tripp as authorized at the special meeting of the commission Saturday, the city is to pay Purcell \$1 for the option.

If drilling tests scheduled to be started at once prove that water of satisfactory quality and in sufficient quantity underlines the land, the contract binds the city to pay Purcell not to exceed \$10 an acre for perpetual water rights. The city is committed to pay for rights only upon lands where water may be found.

R. L. Oldham, city director of public works, told the commission that funds to take up the option are available from a water improvement bond issue voted nearly two years ago.

Officials Are Optimistic
 While drilling tests on the

authorized by the commission will be thorough, officials were unanimous in their expectation that they will prove the presence of good water in large quantity.

This confidence is supported, they said, by experience in existing wells on and surrounding the property.

The contract does not require the city to take up options on land where the thickness of water bearing strata is less than 70 feet.

The sands from which Lubbock now obtains its present water supply, all from wells close to the city, average about 60 feet in thickness.

Deep Sands Expected
 Oldham predicted, however, that the water bearing strata in the Sand Hills will average more than 100 feet. The sands in some of the existing wells in the region, he added, are approximately 150 feet thick.

But tests are planned on all portions of the option property, according to plans. Just how many wells will be drilled will be determined by circumstances, perhaps as many as 20 or more.

A few will be 14 inches in diameter—the size of those now supplying Lubbock with water. These will be subjected to pumping tests to determine just how much water they will produce. Others will be of smaller diameter to determine the thickness of strata and the quality of any water discovered.

May Cost \$20,000
 These explorations, Oldham estimated, will cost the city \$10,000 to \$20,000. L. A. Peoples will drill the large diameter tests under an existing contract with the city. Contract for the smaller bores will be awarded later. Oldham said, however, that the tests should be completed within the next 60 to 90 days.

In the aggregate, the tests will combine into the first large scale exploration of the water reserves underlying the "Sand Hills." Authorities opinion, however, long has been the quantities in an area virtually untapped are enormous.

(Continued On Back Page)

Muleshoe Area People "Hit The Ceiling" As Struggle For Water Comes Suddenly To Bailey County

Citizens of the Muleshoe county "hit the ceiling" Sunday when they read the announcement in The Lubbock Avalanche that the Lubbock city council has acquired water rights under more than 50,000 acres of land near the city, in perpetuity. Water being the lifeblood of the Plains, the people not only hit the ceiling, but the more they contemplate the possibilities the more they are inclined to stay on the ceiling.

After the Avalanche "broke" the story in their Sunday issue the people began to discuss it, over the phone, on the farms, after church services, and wherever as many as two got together.

Knowing that it is a vital thing, Loyd Roberts, Chamber of Commerce president, called a few men together to discuss it Monday night. Men kept dropping in until the few numbered thirty.

After much discussion it was decided that three men from the Chamber of Commerce and three men from Bailey County Farm Bureau would meet here with Lubbock representatives to seek more definite information.

Both Sides Unconvinced
 Accordingly, Jesse Osborn, Myron Pool, and Al Hall of the C of C; O. C. Thomson, Joe Sooter, and Ross Goodwin of the

Demos And GOP Hold Meetings

Republican and Democratic parties held their county conventions Tuesday and named delegates to their respective state conventions.

O. D. "Blondy" Ray, county chairman, presided in the Democratic convention and Myron Pool and Norman Bays were elected delegates to attend the State Democratic convention in San Antonio May 27. They will go uninstruced. No resolutions were adopted.

Harry Walker was elected as delegate to the state GOP convention, to be held in Mineral Wells, May 27. Walker has served during recent weeks as Bailey County Eisenhower for President Club chairman, so the general will have another vote from this county.

Carl Case, Bailey County GOP chairman, presided in the party's county convention, held Saturday at 2 p. m. in the courthouse. Lloyd Alsop was elected convention chairman and the convention was carried out in a routine manner, Mr. Case said.

Four Republican precinct gatherings were held in Bailey County and delegates pledged to support Gen Dwight D. Eisenhower for president at the county convention were elected.

The Democrats, meanwhile, voted to send uninstruced delegates to their county convention.

Harry Walker, C. S. Otto, E. D. Richardson and George Thompkins were named as GOP delegates from precincts 1, 2, 4 and 5, respectively, the only precincts in which the Republicans gathered. Four alternate delegates also were chosen.

On the Democratic side, Chairman O. D. Ray reported that C. D. Gupton, Pat H. Bobo, Jesse Osborn, M. G. Bass, W. M. Pool Jr., Norman Bays and Jim Cox were named delegates from Precinct 1, while Tom Smith, Roy Sheriff and O. D. Thomson were named in Precinct 2.

TO ATTEND FUNERAL AT PHOENIX, ARIZ.
 Mr. and Mrs. O. D. Troutman left Saturday afternoon to go to Phoenix, Ariz., to attend the funeral of their nephew who was killed in a car wreck.

ATTEND COMMENCEMENT EXERCISES IN TEXICO
 Mr. and Mrs. J. H. Engram, Mrs. Velma Jennings and Bobby attended the commencement exercises of their nephew, Donald Ray Engram, in Texico, N. M.

UNDERWENT SURGERY
 Mrs. Clyde Brown underwent major surgery at Littlefield Tuesday morning. Her condition is reported as fine.

One local leader said he did not fear that Lubbock's taking a few million gallons a day from this territory would seriously impede irrigation here; it is the obvious possibilities that some future Lubbock city commission will not be bound by any consideration of the benefits of protection or moderation and might mine this field, even sell water elsewhere if they desired.

One speaker at the Monday night meeting said: This is but one fact of the struggle that is coming out just now into the open—between the big cities on the one hand which wish to grow industrially and on the other side the smaller towns and communities and the agricultural interests. He said in many parts of West Texas water is being sought much eagerly than is oil.

What the future action of local people might be, The Journal cannot report. The local men who attended the meeting last night will report, however, to their bodies and a future meeting is indicated.

The editor of the Journal has, since Saturday night, talked to anyone he could find who wanted to talk about the water situation, and who didn't, and he found that practically everyone is worried to some degree and less than others, but some are just plain alarmed.

Some minimize the effect that Lubbock's taking out water under 80 square miles of Bailey County land will have on the water table. Yet virtually all are aware of the potentialities over the next few years and mainly the next 100 years.

It's Bigger Than You Think

Farm and Ranch House Plan No. 5244 has plenty of conveniently arranged space for all of the family activities.

The workroom and kitchens are served by the same plumbing lines that serve the bathroom. In fact, all of the utilities needed to make a complete home are located in the area only 19 ft. by 24 ft.

The dining everyday living area is designed with one "window" wall to make it an especially bright and cheery spot. When the sliding doors are opened, the two areas will give a sense of spaciousness and will accommodate your largest group of guests. The living room is located so that it can be closed up

when not in use. Each bedroom has more than adequate closet space, note the closets in the master bedroom. The closet for the front bedroom is designed with sliding doors on both sides so that it may serve

HOUSE PLAN No. 44

the bedroom and also can be used for the visitors' coats.

The back entrance into the workroom allows the field hands convenient access to the bathroom to wash up before entering the rest of the house.

The wide overhanging eaves were designed for your comfort. They will keep the sun off the walls in the summer and will prevent your having to close the windows during light showers. In addition, they keep the rain off the walls and thus lower maintenance costs.

This home will be very attractive if done with casement windows and asbestos siding or double cased sidewall shingles.

You can obtain blueprints for this The Muleshoe Journal Farm & Ranch House Plan No. 5244 and a handy list of materials by which you can figure your construction cost accurately. Send \$1 to Building Editor, Farm & Ranch, Southern Agriculturist, Dept. L-36, Nashville, Tenn. Order by number—plan No. 5244. Blueprints are adequate for any farm carpenter or for any farmer handy with tools.

GUEST AT O. E. S. MEETING

Mrs. Dora McCarty of Lubbock was present at the O. E. S. meeting Tuesday, May 6, and reported her visit to Mr. and Mrs. M. S. Stidham of Lindsay, Okla. The Stidhams said that they would like to hear from their friends of Muleshoe. Their address is Route 3, Lindsay.

TAKES VACATION

Miss Betty Thurman of Lubbock, formerly of this city, will leave Friday, May 9 for a trip to Houston and Brookshire, Texas. While there she will be visiting with her brother and sister-in-law, Mr. and Mrs. Leroy Thurman and two boys, also Howard "Sonny" Wooding, who is home on leave from Kwajaleine. He is to report back to San Francisco May 17.

Betty is secretary-receptionist for The Salvation Army in Lubbock and has been employed there since January 8th of this year. She is very interested in their welfare program and says the work is enjoyable and very interesting. She will report back to work May 19. She invites all her friends to write her at the Army.

The bystander noticed that the farmer was having trouble with his horse. It would start, go slowly for a short distance, and then stop again. Every time it stopped, the farmer had great difficulty in getting the horse started again. Finally the bystander asked, "Is your horse sick?" "Not as I know of." "Is he balky?" "No, but he's so afraid I'll say whoa and he won't hear me, that he stops every once in a while to listen."

Mrs. Cleburne Gray Receives Shower

Mrs. Birda Garrett was hostess to a pink and blue shower Friday, May 2, honoring Mrs. Cleburne Gray.

Several games were played under the direction of Mrs. Rita Richards. Then Mrs. Gray displayed her many lovely gifts. Many who were unable to attend sent gifts.

Refreshments of pink lemonade, ice cream and individual cakes topped with pink and blue baby faces were then served from a table covered with a white cloth and centered with carnations and blue irises.

Present were Mesdames Grady Wakefield of Portales, mother of Mrs. Gray, Carol Jones, Fern Davis, Troy Actkinson, Rita Richards, Bill Garrett, C. J. Darby, George Mitchell, Troy McCain, Richards, and six children, Sheran Garrett, Jeanne and

H. D. Club Meets In Maltby Home

The Progress Home Demonstration Club met Tuesday, May 6, in the home of Mrs. G. T. Maltby.

Mrs. Edward Little presided over the meeting and roll call was answered with a suggestion for graduation gifts. Mrs. G. T. Maltby then read the beautitudes.

Plans were made for a political rally Friday night, June 20.

The program was on "Water Shrubs and Trees Efficiently". A round table discussion was held on this.

Refreshments of fruit juices and cookies were served to Mesdames Gordon Murrah, Albert Davis, John Thomson, Alfred Patterson, Edward Little, Harold Mardis, and the hostess.

The next meeting place will be announced later. The program will be on glorified painting. Those wanting to do this bring a piece of picture glass.

Kathy Gray, and three McCain children.

Muleshoe O. E. S. Elects Officers

The Muleshoe O. E. S. Chapter No. 792 met Tuesday evening, May 6, in a regular meeting in the Masonic Hall at 8 o'clock.

Bettie Burkhead, worthy matron, presided over the business session. New officers elected were: Viola Layne, Worthy Matron; R. J. Klump, Worthy Patron; Ruby Cox, associate matron; Frank Hinkson, associate patron; Hattie Jones, Secretary; Lola Bray, Treasurer; Billie Mathis, conductress; Grace Lane, associate conductress. Other officers will be appointed by the incoming matron.

Public installation will be held Monday evening, June 2, in the Masonic Hall. The installing officers will be the ones in office when Viola Layne was initiated as far as possible.

An invitation was read from the Friona O. E. S. Chapter inviting the Muleshoe Chapter to

visit them Monday evening, May 12, at 8:30 p. m. for Friendship Night. Due to previous engagements none could go.

Reports were made on the school of instruction held in Plainview in April. Several A's and 1 B were made by the Muleshoe members.

Juanita Roberts sang "Danny Boy" and dedicated it to Bettie Burkhead, out-going matron.

Ruth McCarty presented the officers gift to Bettie Burkhead, worthy matron, and R. J. Klump presented the officers to J. E. Mills, the out-going worthy patron. Bettie Burkhead presented each of her officers with a gift.

Refreshments were served at the close of the meeting in the dining room by Mesdames Lola Bray, Viola Layne, Irma Ray, Morna Wagnon and Willie Johnson.

Bovell-Bass Vows To Be Read

MISS JACQUE BOVELL

Mr. and Mrs. W. T. Bovell announce the engagement and approaching marriage of their daughter, Jacque, to Hulan Bass, son of Elder and Mrs. Jesse Bass of Crosbyton, Texas.

Vows will be exchanged Tuesday, June 17, in the Bovell home with Elder Bass officiating.

King Home Is Scene Of Come-And-Go Shower

The Robert King home was the scene of a pink and blue shower Thursday, May 1, from 2 to 4 p. m., honoring Mrs. Ross Goodwin. Hostesses were Mesdames King, Roy Jordan, Morris Childers, George Stotts, G. T. Maltby, and Morgan Locker.

Tea and cakes were served from a table covered with a white cloth and centered with yellow tulips. Several bouquets of irises and tulips completed the decorations.

Gifts were displayed on a bed surrounding a Maypole with satin streamers reaching to each package displaying the names from whom they came. A table was also used in the display.

Those attending were Mesdames Clarence Jones, R. V. Ivy, J. J. Gross, Davis Gulley, O. M. Self, Richard Smith, Boone Allison, Sam E. Fox, Webb Watts, Fracy White, John Gammon, W. B. Wagnon, M. F. Harris, Noel Woodley, Robert Blackwood, Joe Mack Wagnon, George Glover, Hoyt Morgan, Joe Dammron, Clarence Herrin, Anton, and Misses Jana Lou Goodwin and Elizabeth Harden.

Sending gifts were Mesdames Morris Douglass, Dudley Malone, J. H. Farley, Bill Garrett, Ebb Randol, Lewis Stewart, Harold Mardis, Tom Watson, C. W. Stallings, E. O. Baker, Ernest Locker, O. C. Thomson, Bill Collins, Chet Layne, Jack Lenderson, Vance Wagnon, Clyde Taylor, Will Harper, Buck Wood, Eugene English, Albert Davis, Irvin St.

Mrs. Childers Is Hostess To Fidelis Class

The Fidelis Sunday School Class of the First Methodist Church met Wednesday afternoon, May 7, in the home of Mrs. Morris Childers.

Mrs. Sam E. Fox, president, presided over the business meeting. Mrs. Neal MacAllister brought the devotional for Mother's Day from the book of Ruth.

Refreshments of apple strudel and coffee were served to Mesdames Buford Butts, Tom Smallwood, Arnold Morris, Sam E. Fox, George Stotts, Byrl Wingo, Jack Lenderson, Neal MacAllister, A. J. Gardner, and the hostess.

Clair, D. O. Smith, Pat Bulloch, Jack Epps, Ab Carroll, Charley Felts, Ray Griffiths, Jack Johnson, Bill Harmon, Bert Mathis, Howard Elliott, Clifford Green, H. S. Sanders, Sr., Allen Guinn, Garrie Wilhite, Troy Actkinson, John Thomson, L. S. Barron, and Johnnie Westbrook.

OPPORTUNITY

A Career for "The Devil"...

Around a print shop there generally is a chap called "the Printer's Devil". He performs important work. He has started on a career in one of the world's greatest industries.

Young man, you too can join this highly skilled profession. A great career awaits you, and you don't have to start as a "devil". You can go to a printing school and learn this interesting and profitable trade.

Printing needs trained men. It pays the highest wages and is a fascinating trade. Why be satisfied with less when a printing school can make it possible for you to have the best?

From where I sit... by Joe Marsh

As a Matter of Fact...

Out of all the newspaper and magazine columns I read, the ones I enjoy most are those that pack in a whole lot of facts—unrelated facts, but each one an interesting bit of information in itself.

These columns go something like this: "Did you know that humpback whales are addicted to snoring? That bees have been bred with red, brown, and buff-color eyes?"

"Did you know that lead can be converted to gold—at a cost of \$1,000,000 an ounce? That a 555-pound fat girl went on a diet and lost 401 pounds in 12 months? That

a chrysanthemum has been developed that smells like a violet?"

From where I sit, maybe I'm a kind of "Johnny-one-note." My own columns always seem to revolve around one idea—a plea for us to make sure we respect the other fellow's rights—like the right to vote for your own choice or the right to enjoy a glass of beer now and then. I may not be in style, but I believe my one fact is worth repeating—and remembering!

Educator For Citizenship Day Here Exceeds All Expectations

Muleshoe took over the spotlight among high school seniors and leading South Plains educators and businessmen Tuesday when the legal school officials and the Chamber of Commerce staged an "Education for Citizenship Day" that exceeded the fondest dreams of its sponsors.

From 9:45 in the morning until three o'clock in the afternoon, 173 high school seniors from Farwell, Lazbuddie, Springlake, Bula, Morton, Three Way, and Muleshoe were occupied by a fast moving program designed to instill a deeper patriotism through expert advice and counseling by authoritative speakers drawn from many walks of life. Scattered throughout the program were numerous entertainment features that kept the young people amused and in a receptive frame of mind for the more serious talks and classes in vocational guidance.

West Texas State College of Canyon, Texas Tech, Wayland of Plainview, and Eastern New Mexico University of Portales were all represented by large delegations of top echelon officials the armed services sent three commanding officers and a public relations officer, and business was represented by acknowledged leaders in their particular fields.

The Muleshoe High School band opened the days program with a 30-minute concert of martial and novelty numbers as the

seniors arrived from the seven neighboring towns. C. W. Grandy welcomed all of the more than 200 visitors in behalf of the school system and Muleshoe.

Rev. Blaine of the First Baptist Church pronounced the invocation and Hon. Harold LaFont of Plainview explained to the young people why businessmen and organizations sponsored programs in vocational counseling.

The Harmonettes, four of the prettiest girls on the Tech campus, who had a repertoire of clever song arrangements had the assembly's attention for fifteen minutes as they were called back for encore after encore.

C. A. "Chick" Trout, chairman of the Americanism committee of the Lubbock Jay-Cees spoke on the "Responsibilities of a Good Citizen" during which he urged the young people to consider seriously the prospects of political life as a career.

West Texas State College presented a group of singers that sang selections from the operetta "H. M. S. Pinafore" that

amused and delighted the audience.

Then Dr. Martin L. Cole, academic dean at E. N. M. U. held the young people and adults at rapt attention with his address "A Los Alamos of Understanding". Dr. Cole explained how the most learned men, equipped with latest scientific equipment worked at feverish speed to develop a means of destruction. "If we are to reach our God-given goal of peace on earth, goodwill toward men," he said, "we must give the same devotion to duty, gird ourselves with the same expert knowledge and know-how to find the basis for mutual understanding among all men."

Following the lunch hour, The Varsity Quartette of West Texas State, the International Quartette of Wayland College, and Bob and Glynn Page of E. N. M. U. offered more entertainment between the various sections for vocational counseling. While the girls section was attending eight different group meetings conducted by such authoritative leaders as Dr. Becky Sharp of E. N. M. U., secretarial, Mrs. Glynn Woody, nursing, and Jesse Lee Young, beauty operators, both of Lubbock, the boys learned of the vocational opportunities in the armed services from Lt. Col. Walter Kerbel of Reece Air Force Base.

The final period was devoted to group meetings for boys that included doctors, Dr. L. T. Green, Retail Trades, L. I. St. Clair, costing, Al Garten, athletic director of E. N. M. U., agriculture, A. W. Young, professor of agricultural engineering at Tech and others. Meanwhile the girls were listening to Lieut. Barbara K. Elliott, commanding officer of the WAFs at Goodfellow Air Force Base in San Angelo.

Homer Sanders, Sr., district director of the WTCC served as master of ceremonies throughout the day and won the respect of everyone as he kept and spiced up his introductions with many timely and humorous comments.

Each of the colleges represented were furnished a booth, decorated in their school colors where prospective students were interviewed, told of the advantages of the individual institutions and given literature to take home. West Texas State college brought a corps of girls under the direction of Dr. Lee Johnson who operated model offices with the latest in electrical business machines that attracted scores of seniors.

Dean Allen and Major M. M. Burnett of the ROTC unit were busy all during the day interviewing prospects for Texas Tech. Dean Massey, Frank Bounds,

The next best thing to a really good woman, is a really good natured one.

The reason there were fewer wrecks in the horse and buggy days was because the driver didn't depend wholly on his own intelligence.

Flattery's like perfume—to be smelled, not swallowed.

Joyce Gwyn-Otie Walker To Wed

MISS JOYCE GWYN

Mr. and Mrs. Byron Gwyn announce the engagement and approaching marriage of their daughter, Joyce to Otie Joe Walker, son of Mr. and Mrs. J. W. Walker of Floydada, Texas.

The couple will be wed in a Sunday evening ceremony on May 25 at the Progress Methodist Church, Rev. Carrol M. Jones officiating.

The bride-elect is a senior student of W. T. S. C. at Canyon and the groom-to-be is a teacher at McClain, Texas.

The world is full of willing people; some willing to work, the rest willing to let 'em.

Sometimes a man devotes all his life to the development of one part of his body—the wishbone.

ATTENDS CHIROPRACTIC MEETING IN LUBBOCK

Dr. and Mrs. G. A. Pittman attended a Chiropractic meeting in Lubbock over the week end.

DON'T LET IT HAPPEN This Year TO BE SURE -- INSURE

HAIL SEASON IS HERE

POOL INSURANCE AGENCY

This message is of vital importance to every farmer in this area. Every day, any day, your big investment can be a total loss. We suggest you investigate our plan for crop insurance against destructive hail. We'll be glad to explain our policies without obligation.

W.M. POOL Phone 7071 — Muleshoe LEE POOL

More Equitable Working Contract Between Mexico And U. S. Is Seen

Encouraging signs that a more equitable workable labor agreement may be reached between the United States and Mexico were reported to the West Texas Chamber of Commerce by Rep. W. R. Poage of Waco after observing preliminary conferences between the two countries' representatives in Miami, Fla. recently. Negotiations are to be resumed at Mexico City on May 15. Poage represented the House Agricultural Committee of which he is vice chairman.

While American farmers are not in quite as desperate need of Mexican workers as they usually have been during such negotiations, Mexican workers have never needed employment so badly, Poage reported. He said he believed the U. S. Government can, "with a little firmness," have a new agreement include responsibility upon the part of the worker to perform his part of the contract. He also said he felt it should be possible to

have Mexico recognize livestock and dairy production as agricultural work.

"I believe the United States can get Mexico to agree not to act unilaterally to blacklist any individual or community," he wrote the West Texas Chamber. The organization called a state-wide farm labor conference in Waco last Jan. in which 15 organizations they wished legislation on the subject to include and other features they opposed.

Poage said it appeared clear that a 75 cents per minimum wage would not be placed in the contract.

The veteran representative of the 11th Texas district expressed his views on the U. S.-Mexico agreement now in effect and provisions he considers desirable in a new agreement in a statement to the San Angelo Standard-Times. He commented as follows:

"I fear it will never be possible to get either our government or the Mexican government to ac-

cept the practical purposes which we all know should be in such a contract.

"The present contract makes the American farmer pay the Mexican Workers' transportation, provide him with living quarters and guarantee him employment for full prevailing wages for at least three-fourths of the term of the contract regardless of weather conditions. Thus, the Mexican is assured far more favorable conditions than are assured to native workers.

"Another serious defect is that the American farmer, must, for all practical purposes, take any worker the Mexican government sends to the recruiting station.

"Mexico does not recognize ranch work and dairy work as being agricultural labor, and our Department of Labor does not recognize work in a cotton yard or compress as agricultural work. I think we should try to get more reasonable definitions on both sides."

Insurance Paid To 3326 In Area

Checks for insurance payments under Federal social security went to 3326 aged persons, children and their widowed mothers in the Lubbock Field Office area, which includes Bailey county, in December, 1951.

In releasing these figures today, John G. Hutton, manager of the Lubbock social security office, also said that these monthly payments under the old-age survivors insurance program amounted to \$86,941, in this area. "Without these payments earned by workers under this contributory system, the ability of many people to pay for necessities would have been drastically curtailed or entirely ended," he said.

More than one third of all people over 65 in the United States who could not count on income from work for support, were getting social security insurance benefits. About 1900 persons over 65 in Lubbock area were receiving these payments. Hutton pointed out that this Federal program is affording substantial survivor insurance protection. Three out of every four mothers and young children in the Nation are now assured of monthly payments if the insured breadwinner of the family dies.

In this connection, he cited monthly payments totaling \$32,640 to 1106 children, and 225 widowed mothers in the Lubbock area. These monthly payments are going to families deprived of earned income by the untimely death of the wage earner. They are making it possible to keep families together, and keep children in school, and, at the same time, lessening the drain on both public and private welfare funds, he declared.

Exchange Teachers Speak In Muleshoe Teachers' Meeting

The Muleshoe Classroom Teachers had a buffet supper Friday night, May 2, in the high school lunch room.

Miss Marjorie Curtis, an exchange teacher from England, spoke to the group. She is a sixth grade teacher in the Robert E. Lee Elementary school in Amarillo.

Her talk was very informative and interesting. She told of her impressions of the United States in contrast to her own country, England. Miss Curtis told of the customs, food, styles of dress, government, schools and home life of England.

After her discussion the group was given an opportunity to ask questions. Miss Curtis closed with this thought, "True international friendship can come only with a deep understanding of each other."

Mrs. H. G. Burchett, program chairman, introduced the speak-

LOVING A SAILOR

The verses printed below were submitted by Mr. and Mrs. Royce Garth of Muleshoe, whose son, D. T. Garth is serving aboard the super battleship Iowa. The verses were printed in "The Iowan", ship's newspaper.

Loving a Sailor is not all gay, For with your heart, is the price you pay.

It's mostly having and not to hold,

Being young, and feeling old. It's sending a letter with the stamps upsidetown.

To a faraway love in a faraway town.

Being in love with merely your dreams, Bring thoughts of Heaven, where love light gleams.

You wish it were possible for him to phone.

You want to hear him say, "I'm on my way Home." And if he does, it's laughter together.

Unconscious of people, of time, of weather,

It's waving goodbye to a Sailor on a train,

And wondering when you'll see

er and other guests.

Miss Evelyn Jones of Lubbock, who was an exchange teacher in England last year told of her experiences in an English classroom. She taught in Maidstone, Kent, England.

The May Day theme was carried out in the decorations. A Maypole was erected in the center of the dining room with multi-color streamers going to each table which formed a circle around the center table. Spring flowers in May baskets were on each individual table.

Guests attending were: Miss Marjorie Curtis from Amarillo, Miss Evelyn Jones, Miss Mildred Boone and Mrs. Wayne Webb, all from Lubbock, Supt. and Mrs. C. W. Grandy, Mr. and Mrs. Troy Perkins, Miss La Vada Reed, Mr. H. G. Burchett and Mr. Jack Obenhaus.

Members present were: Miss Effie Childress, Miss Zeffie Childress, Mrs. Radie Boone, Mrs. Wilson Witherspoon, Mrs. Jack Beddingfield, Mrs. Beulah Woods, Miss Margaret Ann Johnson, Mrs. F. L. Shelby, Mrs. Jack Obenhaus, Mrs. H. G. Burchett, Mr. Joe Grimsley, Mrs. Eldon Page, Mrs. A. C. Bryant, Mrs. Jesse Thompson, Mrs. George Glover, Mrs. Edd Johnson, Mrs. Curtis Spivey, Mrs. John Watson, Mrs. Ola B. Jones, Mrs. Leroy Johnson, Mr. O. E. Bowman, Mrs. Horace Blackburn, and Mrs. A. S. Stovall.

him again. And reluctantly, painfully, letting him go. When inside you're crying, wanting him so.

You watch for the word, that he is well,

You wait for weeks, no mail, spell

And when letters come, you bubble with joy

And act like a child, with a new shining toy.

Loving a Sailor has unfound tears

Crying until there are no more tears

And hating the world, yourself, and the war,

Cause it took away the boy you adore.

Going to church to kneel and pray

Really meaning all the things you say.

And though you know he's far away,

You keep loving him more and more each day.

Yes, loving a Sailor is bitterness, and tears.

It's loneliness, sadness, and unfound tears.

Loving a Sailor is really no fun,

But it's worth the price, when the battle is won.

VISITED IN HOBBS

T. E. L. Class In Regular Meeting

The T. E. L. Class of the First Baptist Church met with Mrs. Myrtle Maxwell May 6, in a social and business session.

The meeting was opened by prayer by Mrs. Milsap.

Mrs. Beulah Motheral brought the devotional, reading John 14.

The class is to meet next Wednesday, May 14, at one o'clock at the church to quilt.

All members are urged to be there.

The meeting was closed by a prayer by Mrs. Ellen Spence.

Lovely refreshments of cool aid and cake were served to Mesdames Beulah Perkins, Ellen Spence, Beulah Motheral, Lovie Benson, and grandson, Milsap, Myrtle Maxwell, Finley and Lois Shook.

All Kinds of Paper, Office Supplies at The Journal.

Cook County Reunion To Be Held May 25th

Calling attention of all former residents of Cooke County to the Annual Reunion to be held May 25th at the Barbecue Pit, Mackenzie State Park, time 10:00 A. M. to 5:00 P. M. Basket lunch will be spread at 1:00 P. M. An interesting program awaits you. Special Program for the children. Tell your friends about it. Chas. R. House, President.

TO ATTEND FUNERAL AT SNYDER

Frank Lee left today to attend the funeral of his uncle, Ed Lee, at Snyder. He died Wednesday morning and funeral services will be held Friday morning. Supplies at The Journal.

For a BETTER COTTON CROP

PROPER SEED TREATMENT MAY MAKE THIS DIFFERENCE

The photo above shows ten good cotton seedlings, well on the way to the kind of growth which can produce a good crop of cotton. This is the result you may expect when properly treated cottonseed is planted... seed that has been treated with a recommended seed disinfectant.

Below, the effects of seed decay, sore-shin, and both pre-emergence and post-emergence damping-off are illustrated. This seed was not treated and this is one reason why it is often necessary to replant.

Treated seed can be planted 3 to 5 days earlier—can get off to a good start even in cool weather. Once a good stand is established and growing well your chance for a better cotton crop increases.

the success of your hay-making lies in YOUR hands

AND... IN IH 5-STAR SERVICE

HUNDREDS OF GIFT SUGGESTIONS NOT LISTED COME IN AND SEE FOR YOURSELF

Water—

(Continued From Page 1)
As its name implies, the area is one covered almost entirely by sand of considerable depth, rippled into dunes, and with a thick covering of brush, chiefly sage. Agricultural development has been small and opinions are divided as to whether it could be farmed successfully.

Old Wells Producing

While emphasizing that the water-producing potential of the tract can be determined by the pending tests, officials pointed out that limited, but significant records available support much optimism.

Kuykendall, a resident of Muleshoe from 1914 to 1919, recalled that irrigation wells drilled north of the optioned tract 32 years ago, still are "going strong." He moved to Lubbock in 1924 and founded Kuykendall Chevrolet Company.

Oldham predicted that, as a minimum, the option area covers 550,000 acre feet of water, 50 times the quantity the city will use this year. Other estimates of the reserve range as high as 2,000,000 acre feet—enough water to last Lubbock more than 150 years at the present rate of use. This is more than twice as much water as the proposed Canadian River project would impound for municipal and industrial purposes, according to engineering estimates.

Development To Be Delayed

Members of the commission emphasized, however, that resources in the Sand Hills probably will not be developed for several years, even if the most optimistic hopes are confirmed by the tests.

The expectation of members of the commission and the water board is that increasing requirements for a few years can be met in any of several ways. The chief hope at this time is that new supplies can be obtained from landowners close to the city on a "royalty" basis. This would involve the payment of an agreed sum per 1,000 gallons to the landowner for water taken from his land by wells drilled and equipped by the city.

Based on present prices, Oldham estimated that the complete development of the Sand Hills tract, if water is found, would cost about \$14 million, including \$3 million to \$7 million for a 70-mile pipeline.

Meanwhile, based on the limited information available, officials were optimistic that tests will confirm that the Sand Hills tract can be made to produce as maximum, an average of 600-800 gallons per section per day when fully developed without seriously depleting the underground reserves.

If expectations are realized, production could fluctuate to quantities as high as 120 to 150 million gallons daily during hot weather periods of peak demand. The peak this year is expected to be well under 40 million gallons.

Soil Absorbs Rainfall
Oldham mentioned several natural advantages of a large well field in the Sand Hills. The sandy texture of the soil, he said,

Wiggins Defends Free Enterprise

Free Enterprise was defined and defended by Dr. D. M. Wiggins, president of Texas Tech College, Lubbock, who spoke in Muleshoe at noon today at a joint meeting of members of the Lions and Rotary Clubs and the Junior Chamber of Commerce, many of whom were members of none of these organizations attended.

All that our forefathers asked, Dr. Wiggins said, was a chance to stand upon their two hind legs and fight. They neither demanded nor expected that the government would guarantee them an as-suredly a v e r s u e o f l e w a s s e c u r i t y from hardships or want, or from fear.

Want and fear, in his opinion, are things to be desired. "God help the man who wants nothing, and the man who is not scared." He believes the federal government has gone too far in encouraging men to think that if they lose their jobs there is money compensation to cover, that if they do not save for old age or the rainy day, the government will see that they get along.

Dr. Wiggins believes that the

means that moisture disappears beneath the surface speedily. Precipitation in the area averages about 18.25 inches a year—about one inch less than in the Lubbock area.

Evaporation losses in the Sand Hills are small, and the recharge of underground water strata is much larger than on most portions of the Caprock.

The altitude of the Sand Hills approximates 3,900 feet, as compared with 3,251 here. This means that any water found there would flow to Lubbock chiefly by gravity, although some pumping would be necessary to counteract pipe friction.

The tract under option is about 20 miles west of the approximately 10,000 acres in the Sand Hills on which Southwestern Public Service Company acquired water rights recently for about \$20 an acre. Officials of that company said tests on their tract have shown a water strata thickness ranging from 30 to 45 feet—abundant for Southwestern's requirements.

Apparently reliable reports were that surface rights on the Wasson tract and other undisclosed considerations were used in a trade for water rights on the VVN Ranch land. Purcell then investigated the city's interest in obtaining water rights options in the area, leading to the negotiations completed Saturday.

City officials remarked that "asking prices" for water rights on land with five to ten miles of the city have ranged from \$200 to more than \$1,000 an acre during the past year.

They said further that development of a Sand Hills well field would take practically no land out of cultivation, because practically none of it is being farmed now—nor is likely to be in the foreseeable future.

American nation has gone too far to the left, too far toward socialism or communism. In closing he said: "I would like to remind you that no nation has ever drifted so far along that road and then recovered its balance and reverted to individualism and free enterprise."

Noel Woodley was toastmaster and introduced the speaker. The toastmaster also introduced Roald Johnson and Eugene Buhrman, track stars of Muleshoe high and their coach, Willard Hedges; Joan Montgomery who won second in the state meet in extemporaneous speaking and her coach, Mrs. Ted Cummings.

Ladies of the Methodist WSSC and Wesleyan Guild prepared and served the meal.

Water District Will Meet Here

Committeemen of Castro, Farmer and Bailey counties will convene here next Tuesday in a special meeting of the South Plains Water District, according to advice received from Tom MacFarland, of Lubbock.

Several matters of pressing importance will be discussed during the meeting that will be held in the private dining room at the Post Office Cafe starting at 7:30 p. m.

Chamber of commerce and newspaper representatives of Muleshoe have also been invited to attend.

SPAA Is Ready To Sign Members Cross To Head Riding Club

Local officers of the South Plains Agricultural Association announced this week that they were ready to accept membership securing Mexican Nationals to supplement the local labor supply.

Charter memberships will be issued to the first 300 applicants that will exempt them from the annual \$10 membership dues. Initial membership fees total \$15 which includes the first year's dues and an enrollment fee of \$5.

The association stresses that members only will be allowed to hire Mexican workers, according to the terms of the existing agreement between the U. S. and Mexican governments. Actual costs of transportation, recruiting and insurance have not yet been determined, pending the outcome of negotiations now going on between the two governments from farmers interested in emigrants in Mexico City. However, association officials estimated that the cost per hand would be somewhere in the vicinity of \$35.

Membership applications will be taken at the local chamber of commerce office and starting Monday, May 12, the association will open an office in Littlefield for the convenience of Lamb and Castro county applicants.

Emmett Cross was elected president of a group of Muleshoe and Bailey County riders at a meeting in the Post Office Cafe Wednesday night. Other officers named were Mrs. Raymond Green, secretary-treasurer and three directors, Ollie Jones, John Freid and Roland Bigham.

Thursday efforts were being made to qualify the group as a posse to be known as the Bailey County Sheriffs Posse. However definite word had not been received at press time.

In addition to electing officers, the group voted to adopt a riding costume of levis, white western shirts and sage green hats. The purchase of an American, Texas, Muleshoe and Club flags was also approved.

Twenty nine members submitted their membership fees at the inaugural meeting, and officers stressed the point that the membership rolls are still open to anyone wishing to take part in this efforts to have Muleshoe represented at the various rodeo and roundup parades in the South Plains area.

TO RECEIVE DEGREE

Roy E. Whitt, of Muleshoe, is to receive his master's degree in agricultural education in graduation exercises at Texas Tech College, Lubbock, to be held Monday, May 26.

HAL HOUSTON

An Amarillo attorney, Hal Houston, has announced as a candidate for the office of Associate Justice of the Seventh Court of Civil Appeals. The incumbent, Judge Jim Lumpkin, is not a candidate for re-election.

Houston is a native Texan, having been reared in Houston; now lives in Randall County, and is practicing law in Amarillo. He formerly lived at Lubbock for several years, and married the former Lola Riley, of Quanah. They have one son, who is now a student at West Texas State College at Canyon.

For Results Try The Journal Want-Ads.

Muleshoe, Texas May 5, 1952 TO THE FARMERS OF BAILEY, FARMER, LAMB, CASTRO, AND DEAF SMITH COUNTIES:

I have just finished reading an article in the Lubbock paper, in which the City of Lubbock proposes to take from Bailey County, and every irrigation farmer in this irrigation district, 120 to 150 million gallons of water per day for use of the City of Lubbock.

As a private citizen and as a candidate for the State Legislature from this district, I want to publically denounce this proposed move by the City of Lubbock, and am ready at all times, both as a private citizen, and if elected to the Legislature, to give of my time and efforts to the Farm Bureau and all of our Chambers of Commerce in combating any and all moves by the City of Lubbock to obtain this water.

The farmers in this area do not owe the City of Lubbock one "thin dime", and any effort by the City of Lubbock to take our much needed water will amount to a "steal" the magnitude of which has never before been seen or realized in this part of our county.

Respectfully yours,

KARL L. LOVELADY

THURSDAY, MAY 8, 1952

Sanders Rites Are Held Here

Funeral Services were held Sunday, May 4, at 2 p. m. for Columbus "Johnny" Sanders at the Main Street Baptist Church with Rev. M. E. Robinson officiating. Sanders was born Dec. 2, 1898, in Monroe, La., and died May 2 at the age of 53. At his death, Sanders was employed at the V. V. N. Ranch. He met death when his foot was caught in the loop of aariat and his horse drug him about 5 miles. He is survived by one brother and two sisters. Interment was in the Muleshoe Cemetery.

ATTENDED CONFERENCE

Norman Heath, of Lubbock, counselor of the Vocational Rehabilitation division of the Texas Education Agency, attended the "Education for Citizenship" conference held here Tuesday.

Muleshoe FFA To Enter Rodeo

Muleshoe FFA boys have been invited to take part in an invitation rodeo at Hart the coming Friday and Saturday, May 9 and 10. The rodeo will be staged at 8 p. m. Other schools to take part are Springlake and Hart. Both schools sent representatives to Muleshoe's invitation rodeo held here a few days ago.

VISIT IN ESTAMOLA, N. M.

Mr. and Mrs. A. L. Dutton visited in the home of Mrs. Dutton's sister, Mrs. R. L. White and family of Estamola, N. M.

Addition To Plains History Museum

Harold D. Bugbee, popular southwestern artist, puts finishing touches to an oil painting entitled "The Slick Ear." A large collection of Bugbee's paintings and sketches will be on exhibition May 9, 1952 at the formal opening of the new Hall of Fine Arts, most recent addition to the Panhandle-Plains Museum at Canyon, Texas. Other outstanding

works of art to be on exhibit will include the extensive collection of the late Judge James D. Hamlin of Farwell, Texas. Formal opening ceremonies at the Hall of Fine Arts will begin at 10:00 A. M. Friday in connection with the 31st Annual Meeting of the Panhandle - Plains Historical Society.

Swim Pool Will Open May 22

Opening date for the Muleshoe swimming pool has been set for May 22, the day following the closing of school, according to announcement of T. J. Bailey, high school coach, who will again manage the pool. Season swim tickets this year will be \$7.50 for those 15 years of age and more, \$5 for children under 15. Regular tickets will be 35 cents for adults and 25 cents for children. Lifeguards this year will be Bill Willis and Travis Clements. Hours will be from 11 a. m. to 8:30 or 9 in the evening on weekdays, 1 p. m. to 6 p. m. on Saturdays.

HALF CENTURY CLUB TO HAVE MOTHER'S DAY PROGRAM

All Half Century Club members and their friends are invited to Fellowship Hall Saturday afternoon from 2:30 to 4 for a special Mother's Day program honoring the older members of the Club. All members are especially urged to come as pictures are to be taken of the group.

TAYLORS HAVE GUEST

Visiting in the Lud Taylor home over the week end was Mrs. Thomas Brown of Honolulu, Hawaii, a sister of Mrs. Taylor's. Mrs. Brown had flown to Amarillo to attend the graduation of her daughter, Mrs. LaRue Black who is a student of W. T. S. C. at Canyon.

TO THE POINT!

A chip on the shoulder usually indicates there is wood higher up. When some people are alone with their thoughts the process could be described as "boring from within". In standard liquid measure two pints make up one quart! —Santa Fe Magazine

Two Boys Rack Up 18 Points For Muleshoe In State Track Meet

The surprising, even astonishing, Eugene Buhrman of Muleshoe high school brought a first place in the Texas Interscholastic League meet at long last to his home town when he topped the field in the broad jump event at Austin Saturday. Eugene soared 21 ft. 6 1/2 inches to surprise and astonish the spectators somewhat but his coach, Willard Hedges, a great deal.

It was more than a foot farther than he had ever jumped before. Coach Hedges got so excited during the contest that, he admits, he was like a hen with one chick. Eugene wasn't figured to go very far at Austin; he got to go because he won second place in the 220 yard dash at the regional meet in Odessa.

The contestants at Austin had 4 jumps each. The farther the contest went, the more excited Hedges became; with a state championship in sight, Hedges told his pupil: Eugene, you have been building all spring toward this final jump. You have prepared yourself physically and mentally. Now, one jump stands between you and the state championship. This time, put everything you have in it, forget about 20 feet, and when you get into the air think of that 23 foot mark, and soar on out to it.

Doggone if Gene didn't do exactly that. He was away out past his nearest competitor.

Johnson Fourth In Mile

The quiet, hardworking efficient Roald Johnson, training and competing all spring under physical handicaps that might have stopped a lesser boy, was the fourth best miler in Class A schools in the whole state of Texas. Coach Hedges said Roald ran a fine mile and predicted he will be the champion miler in Texas next year. Torres, of Boling high school came in first in the good time of 4:38.4. Roald had been first in the dis-

trict and in the regional by a comfortable margin, in this favorite American distance. The mile run is, by all odds, the most desirable win in all track events, in the minds of the American public.

Buhrman Places Again

But the day was not over for Buhrman, the surprising Buhrman, that is, for Eugene stepped out and won fourth in the 100 yard dash. First man in this always exciting event was Landua, of Brenham high school in the good time of 10.3.

Muleshoe district fans can't get over their shock at hearing that Hedges took two athletes to the state meet in Austin, where all the best performers of the Lone Star state gather, and landed in sixth place. Roald got 4 for his fourth, Buhrman 10 for his first and 4 for his fourth place.

Next year, says Hedges, the Mules will have the potential strength and talent to be state A class champions. He bases this on the fact that his truly fine track team of this year will be intact next year with the exception of Donald Moore, and with the addition of two sterling performers, Jimmy Clyde Holt and Bobby Seid, both out this year because of injuries.

LOGAN PUCKETT IS HONORED WITH BIRTHDAY PARTY

Logan Franklin Puckett, son of Mr. and Mrs. Richard Barnett, was honored with a birthday party April 29, in the home of his parents. Logan was celebrating his first birthday.

Cake, ice cream, and pops were served to Robert Anthony Wallace, Rickey and Mickey Minkler, Joan and Tommy Lemans, Paula Burris, Jeanine and Randa Sue Wagnon, Judy and Shirley Jones, Carolyn, Alma, Barbara, and Butch Stockton. Pictures were taken of the group.

NEW WAY TO RAKE HAY

faster... better!

SIX-BAR OFFSET REEL MAKES A BIG DIFFERENCE

The Ferguson Side-Delivery Rake is designed specifically for tractor operation. It greatly reduces leaf-shattering... safeguards the quality and value of your hay!

This rake is truly unique. New six-bar offset reel handles hay gently. No pitching, kicking and tossing even at high speeds. Instead, your hay is lifted gently, up and over into light fluffy windrows with the precious leaves turned inward.

True "sideward" raking action reduces the distance from swath to windrow by 50 per cent. There is far less rolling and churning... no sudden jarring.

Tractor-mounted... power take-off driven... Finger Tip Controlled. And it's surprisingly low in price.

Muleshoe P. T. A. Chapters To Have Joint Session

The Grade School P. T. A. and High School P. T. A. will meet in joint session Monday, May 13, in the High School Auditorium.

This session is the last meeting of the current school year for both chapters. It is planned expressly in honor of Superintendent C. W. Grandy whose valued assistance and inspiration have done much to assure the achievements of Parent-Teacher work in the Muleshoe Schools.

This will be an interesting program which will include installation of officers for the coming year. Following the program and business meeting, there will be a social hour.

A special effort is being made to obtain maximum attendance of the regular membership and all patrons are invited.

VISITORS FROM CALIFORNIA

Mr. and Mrs. O. L. Rogers of Fresno, Calif., visited over the week end with her sister, Mrs. Belle Snyder and other relatives. They were in route to Dallas to attend the graduation exercises of their son, Bruce, from Dallas Theological Seminary.

JOYCE GWYN TO RECEIVE BS DEGREE AT CANYON

Canyon, Texas May 6 — Joyce Gwyn, candidate for a Bachelor of Science degree, is among 196 applicants for degrees at West Texas State College. Baccalaureate services will be held in the college's Administration auditorium, Sunday, May 18 at 11 o'clock. Graduation exercises will be held on Monday, May 19, at 10 o'clock.

Rev. Carl Bates, pastor of the first Baptist Church of Amarillo, will conduct the baccalaureate services. R. B. Anderson, Vernon attorney, will deliver the commencement address.

BABSON DISCUSSES

His Youth

Babson Park, Mass., May 2. — We read much in the newspapers these days about the need of America to undergo a moral rejuvenation. In this column I have tried repeatedly to give suggestion as to how to bring this about. I have suggested religion, ethics, education, thrift and a closer attention to land ownership as some of the remedies. Today, I shall attempt to go further in the "grass roots" of the problem.

WHERE DO WE BELONG?
About the turn of the century a great sociologist named Charles Horton Cooley coined a new word: "Socius." This man said that you could look at any man

from two points of view: (1) As a member of his social group; or (2) you can look at any man as an individual apart from his group or as a "rugged individualist."

The "Socius" is what politicians and labor want all men to be. If they can submerge individuality, they will then be able to achieve their goals. This explains why the Russians are working so hard to develop collective farms. The independent farmer thinks too much, as an individual, to fit into the Russian Chinese farmers who OWN their farms, but not to "renters."

LET'S LOOK AT HISTORY
In the "horse and buggy" era of our history the rugged individual rarely, if ever, let his own private convictions be submerged by the group judgement of a committee, board of directors, or political party. He believed that "one with God is a majority." He discussed his ideas with other

SAND HILLS PHILOSOPHER WANTS

To Know Why Nobody Seems To Be Running For Vice Presidency

Editor's note: The Sand Hills Philosopher on his Johnson grass farm has something of an idea this week, his letter reveals.

Dear editor:
I have been followin the Presidential nomination business pretty close all this year, especially after President Truman took out, and while we seem to have plenty of men who are willin to run for the main job and are convinced they could shoulder the responsibilities and head off anything we're headed for, I've noticed an alarmin lack of interest in the Number 2 place.

For months the reporters kept in after Truman askin him if he was gonna run for re-election, but have you ever heard of any reporter anywhere askin the Vice President if he was gonna run for re-election? It must be pretty lonesome, sittin around Washington and watchin reporters rush past you to get at the President, without ever stoppin and askin what your

"J. A."

rugged "grass root" individuals. Democracy in America came from long hours of "cracker barrel" discussions in country stores and homes far from city influence. Thinking requires quiet. Few people can think out problems when their ears and eyes are distracted by radios and televisions. However helpful for quick communication these modern mechanisms may be, the danger always can be that politicians or some selfish group will dish up over them pre-digested dangerous ideas and propaganda that they want us to believe.

LITTLE RED SCHOOL HOUSES
The Little Red School House was a symbol of what was of great value. When it vanished in most communities and was replaced by the Consolidated School, that change marked the turn from an old to a new epoch. What is the significance of this symbol, the Little Red School House?

The farmer boy's daily education began in the early dawn, doing his chores—taking food and water to the animals, handling machinery, planting, growing or harvesting crops. When emergencies arose, he had to be alert to cope with them, which developed ingenuity and reasoning. By such training he also developed honesty, common sense and industry. Farm chores give real education, impossible from books.

THE BEST EDUCATION
After breakfast, this lad was not bundled into a bus to be driven to some Central School, often located many miles away. Instead, as a rule, he walked to his school. That work did his body good. If he had to buck a blizzard, resistance to the storm gave strength of will.

At school, our farmers lad found himself largely on his own and was compelled to dig out most of the facts under the rule

plans. Don't nobody want to know whether Vice President Barkley is gonna run or not? And I've been thinkin. History teaches us, if you ain't too close up to the most recent lesson to recognize it, that the vice presidential candidate is some times pretty important, some times he is likely to have a bearin on the future of the country, and I would like to see more of a scramble for that office.

Why, apparently nobody even thought of holdin a single preferential primary that went to the trouble of askin who you're for for Vice President. The people talk of wantin more voice in namin the candidate for President, but nobody seems interested in havin any voice in namin the Vice President, everybody seems willin to leave that up to the hotel politicians.

Ain't there nobody in this country who is an open, avowed, hat in the ring, fight to the finish candidate for Vice President? If nobody else want it, you reckon... no, I wouldn't have time to go to Washington myself.

But it looks to me like just for courtesy's sake if nothing else, somebody ought to go up to Vice President and ask him if he is willin to run for re-election. It just ain't human to leave him alone and un-asked.

In case the Federal government has taken over the farmin operations in this country and wants to seize my tractor, it's right at the turn row where it run out of gas week before last. Yours faithfully, J. A.

JOHN W. WILLIAMS SERVES ABOARD USS ANTIETAM
Serving aboard the aircraft carrier USS Antietam in the Far East, is John W. Williams, airman, USN, son of Mr. and Mrs. Walter S. Williams of Earth. The Antietam, which was recommissioned from the "Mothball" Fleet in Jan. 1951, is operating with Carrier Task Force 77 in Korean waters.

"God helps them that help themselves." At noon he could indulge in "extra curricular" activities, such as "baseball," "cross tag" or "pull away." During his long walk home, he had opportunity to mull over and retain what he had learned. After supper he did his homework which "educators" now are talking of giving up.

HAVE A HOME GARDEN
The Little Red School House made for just the opposite of what we today call "Red." It was an institution that gave America its best great men, strong and fearless, yet rugged individuals. The pendulum of civilized life has swung too far away in the opposite soft direction. It needs to swing more the way I have described. As a step in that direction encourage your boy to plant a vegetable garden this spring. Urge him to care for the garden and market the product. Let him bank any money he may make from the sale of the garden products to you or elsewhere. A garden, next to the Red School House, is a great character builder.

CHRISTIAN SCIENCE SERVICES

Mankind's great need is to gain the correct concept of God and His perfect image, man. As this view is obtained, the problems of everyday living are overcome and new vistas of usefulness unfold, according to the Lesson-Sermon on "Adam and Fallen Man" which will be read in all Churches of Christ, Scientist, on Sunday, May 11.

This point is brought out in the Golden Text: "As in Adam all die, even so in Christ shall all be made alive" (1 Corinthians 15:22).

Included in the Lesson-Sermon will be these words of Paul: "For now we see through a glass, darkly; but then face to face: now I know in part; but then shall I know even as also I am known" (1 Corinthians 13:12). Further words from the Christian Science textbook: "Absorbed in material selfhood we discern and reflect but faintly the substance of Life or Mind. The denial of material selfhood aids the discernment of man's spiritual and eternal individuality, and destroys the erroneous knowledge gained from matter or through what are termed the material senses" (Science and Health with Key to the Scriptures, by Mary Baker Eddy, page 91).

TODAY'S meditation

from **The Upper Room**
THE WORLD'S MOST WIDELY USED DEVOTIONAL GUIDE

CHRIST IN OUR HOMES

As the body is one, and hath many members of that one body being many, are one body; so also is Christ. (1 Corinthians 12:12.) Read 1 Corinthians 12:4-12.

Once when attending a banquet, a friend invited a young woman from a Christian home to have a cocktail before dinner. She courteously but firmly refused. "Oh, come on," said the friend, "you're a big girl now. One has to be modern nowadays." She was, indeed, a big girl, big enough to know that accepting a cocktail would be turning her back on her Christian training. And it would hurt her parents, devout Christians. She would not accept.

Human relationships found in the Christian home are of the highest. There one sees practical

tolerance for the likes and dislikes of others in the family. Courtesy also plays its part in the real Christian home. Godliness makes a Christian home with happiness a constant blessing.

PRAYER

Our Father, keep each member of Thy family security in the knowledge of Thy love. May we ever grow in grace until at last we shall one by one be reunited about Thy throne and join the vast company of the redeemed, through Jesus Christ our Lord. Amen.

THOUGHT FOR THE DAY

Christ in the heart of each of us assures happiness in our home.

! ANNOUNCING !
We Now Represent
6
CROP HAIL INSURANCE COMPANIES

Now, we can take care of all your crop hail insurance needs. We are happy to announce that we now represent six of the country's finest and strongest capital stock companies. Come in and let us explain in simple language the many advantages of insuring your crops against the hazard of hail.

HAIL SEASON IS HERE

PROTECT YOUR INVESTMENT

— THINK IT OVER —

— YOU DON'T NEED CASH —

Are you prepared to meet the high cost of damage that such weather conditions may bring about? Your crop can be protected against financial losses with dependable insurance coverage. Let us tell you about our many plans that protect you from hail damage. We're sure to have a plan that will interest you.

No, you don't need the ready cash in order to insure your crops. We will be happy to make terms to suit your needs. We are always at your service and ready to look after your insurance problems. For you see, ours is a business built on service to the people of the Muleshoe area. Ask your neighbor about us, he'll recommend us highly.

PROMPT CLAIM ADJUSTMENTS

SERVING YOUR INSURANCE NEEDS FOR 21 YEARS

We Salute

The Crop Producers Of The Muleshoe Area

At the beginning of another crop year we think of the thousands of farm families of our territory who devote their time to producing the crops for food and fiber the world needs so badly.

So much of our way of life depends upon their efforts. So much of our future depends upon the manner in which they use the land they operate. We salute those who produce the things that are the basis of the economy of our country.

Mrs. Perkins Hosts Class Meeting

The regular meeting of the Winsome Sunday School Class of the First Baptist Church was held Monday, May 5, at 8 p. m. in the home of Mrs. Troy Perkins. The devotional, "Climbing the Spiritual Hill of Life", was given by Mrs. A. T. Fowler. After the business meeting,

conducted by Mrs. Vernal King, refreshments were served to Mesdames, John Watson, Lela Barron, Alton Epting, Hoyt Morgan, A. T. Fowler, M. E. Lee, Vernal King, Verney Towns, Kenyon Dean, Rufus Gilbreath, and the hostess, Mrs. Troy Perkins.

IN BAYLOR POLITICS
Clifford McGon, of Muleshoe, is a candidate for sophomore representative on the student council at Baylor University, Waco. The election was to be this week.

Miss Mary Horn Weds Cpl. Vernon Thomas In Double Ring Ceremony

MR. and MRS. VERNON THOMAS

Miss Mary Horn, daughter of Mr. and Mrs. Fred Horn, became the bride of Cpl. Vernon Thomas, son of Mr. and Mrs. Ira H. Thomas, in a double ring ceremony at the first Baptist Church of Clovis, N. M., Tuesday, April 29, at 3 p. m.

The bride chose for her wedding ensemble a white sheer over blue taffeta, complemented with white accessories and a corsage of red carnations.

Serving the bride as bride's maid was Mrs. Walter Sain. She

wore a navy sheer street length dress with black accessories.

Walter Sain was best man. The groom's mother wore a rose-beige suit with tan accessories and a pink rosebud corsage.

After a brief trip, Mr. and Mrs. Thomas are at home in Ocean-side, Calif., where he is serving with the Marines.

Attending were the bride's aunt and uncle, Mr. and Mrs. Alvin Womack, her sister, Shirley Horn, the groom's parents, Mr. and Mrs. Ira H. Thomas and Albert and M. L. Vinson.

Club Enjoys Party In Aylesworth Home

In observance of the National Home Demonstration Week the ladies of the Muleshoe Home Demonstration Club entertained their husbands with a dinner and "42" party Thursday night, May 1, in the home of Mr. and Mrs. Dave Aylesworth.

Those enjoying the party were Messrs. and Mesdames Boydston, W. W. Smith, A. W. Awtrey, Frank Snyder, Don Bruns, Leon Julian, E. E. Holland, Ernest Baugh, Roy White, Mrs. Peggy Thomson, daughter of Mr. and Mrs. Leon Julian, and Alvin Gal-loway.

Muleshoe Teachers Elect Officers

The Muleshoe Classroom Teachers met Monday afternoon in the Junior high building for a short business meeting.

The execution committee submitted the names of the members that were nominated for incoming officers. New officers were: Mrs. John Watson, president; Mrs. Radie Boone, vice-president; Miss Margaret Ann Johnson, recording secretary; Mrs. Curtis Spivey, corresponding secretary and Mrs. Leroy Joranson, treasurer.

RAINBOW ASSEMBLY TO HAVE BARBEQUE SUPPER

The Rainbow Girls are to have a barbeque supper for the Masons Tuesday, May 13, at 7:30 p. m. at the Masonic Hall.

This supper is to raise funds for sending girls to the Grand Assembly. All Masons are urged to attend.

Society Continues Study of "Missions To America"

The Women's Society of Christian Service met in the Fidelis Class Room in Fellowship Hall Monday, May 5, at 2:30.

The opening song, "O Worship the King, All-glorious Above," was followed by the devotional by Mrs. J. J. Gross and a prayer by Mrs. Roy Bayless.

The lesson from the study, "Missions to America", was conducted by Mrs. H. C. Holt who presented the first part of Chapter 6, "The New Reformation." Mrs. F. B. Pierson concluded the second part of the chapter.

During the business meeting the minutes of the two previous meetings were read and approved. Mrs. H. Jay Wyer, student secretary, reported that all students and service men had been written to and copies of the "Upper Room" were included.

The meeting was dismissed with a prayer by Mrs. H. W. Hanks.

Present were Mesdames Beulah Carles, Lucy Layne, J. E. Day, H.

O. Barbour, R. O. Gregory, J. J. Gross, H. Jay Wyer, Tom Smallwood, Roy Bayless, C. R. Farrell, F. B. Pierson, H. W. Hanks, H. C. Holt, and Arnold Morris. Visiting was Mrs. Fowler.

ATTEND DINNER OF DELTA KAPPA GAMMA

Attending the Founder's Day dinner of Delta Kappa Gamma in Plainview Saturday night were Mrs. Lois Witherspoon and Radie Boone.

"Now That I Have A Quonset, I Wouldn't Have Anything But A Steel Building On My Farm"

—MR. LAVERNE JOHNSON—
Rolls Farmer.

LAVERNE JOHNSON

"My Quonset is sturdy, economical and doesn't warp or twist in the high winds of West Texas."

Quonset PAYS FOR ITSELF

"I consider permanent steel buildings a good investment and a sound improvement for any farm," states Mr. Johnson. "I have found my Quonset to be weather-tight and adapted to every farm need. I've used my Quonset for grain storage, cotton storage during wet weather, livestock shelter, shop, feed storage and implement storage. I'll recommend the Quonset to any Plains farmer as the ideal farm building."

Quonset's multiple storage features can save money for you, too! Steel Bilt Products Company is ready to erect Quonsets on your farm or ranch for many uses, such as grain storage, cattle feeding, dairy production, implement protection and labor housing.

Reasonable initial cost, fast delivery and erection, rodent and weather resistance, extended durability and versatility put Quonsets in a class by themselves. Get the facts, and you'll get a Quonset!

STEEL BILT Products Co.
Write or come by today for an estimate of a Quonset for your farm.

Mr. Motor Vehicle Owner:

DID YOU KNOW

THAT THE DEADLINE FOR
CAR INSPECTION

IS ONLY 4 MONTHS AWAY. IT'S
SEPTEMBER 6

And did you know that if every licensed inspection station in Texas operated at full speed and capacity they would not be able to inspect all vehicles by September 6.

There DEFINITELY will be a rush just before the deadline. You can avoid delay by having your vehicle inspected NOW. We do the necessary inspection thoroughly but promptly. Take time by the forelock and forestall any possible worry or inconvenience.

Redwines Meet For Family Reunion

A surprise family reunion was held in the home of Mr. and Mrs. J. J. Redwine of Progress. Eleven of the thirteen children of the Redwines met at the Progress Baptist Church Sunday morning. Those present were Billie Rae and Homer Lee Redwine, Mr. and Mrs. J. L. Redwine, Billie Ruth, J. L. Marcia, Dale, Nelda Jane, and Walter Jack, Mr. and Mrs. G. E. Redwine, Rosealean, Kenneth, Minnie Gale, and Charles, Mr. and Mrs. A. E. Redwine, Donna Jean and Bobby Dean, Mr. and Mrs. D. L. Redwine, and Jerry, and Mr. and Mrs. O. R. Ashmore, Clarence Doyle, and

Ruby Nell of Lubbock, Mrs. W. T. Brooks of Seagraves, Mr. and Mrs. J. B. Sneed, Gennie, Betty, and Carrol, and Miss Wanell Redwine of Hereford.

Mr. and Mrs. J. C. Redwine, Clyde, Harrol and Carrol of Bovina, Mr. and Mrs. J. O. Redwine, David, Beverley Jan, and Leona joined the family for the outdoor luncheon of sandwiches, cold drinks and cakes. Mr. and Mrs. C. B. Redwine, Patricia and Larry of Lubbock came in the afternoon as did Mrs. Redwine's three brothers, and their families, Mr. and Mrs. C. J. Armstrong and son of Hart, Mr. and Mrs. G. S. Armstrong of Earth, and Mr. and Mrs. G. O. Armstrong and son of Clovis.

Mrs. Redwine, Mrs. Brooks, and Mrs. Ashmore are in Hereford for a few days visit with Mrs. Sneed and Wanell Redwine.

THE MULESHOE JOURNAL, Thursday, May 8, 1952

Miss Massengill Becomes Bride Of Lt. Taylor In Dunn, N. C., Ceremony

MRS. JOEL DICK TAYLOR

When Miss Elvira Wilson Massengill of Dunn, N. C., became the bride of Lt. Joel Dick Taylor of Fort Bragg, N. C., in a ceremony Saturday, April 26, she carried the prayer book which had been used by her two sisters at their weddings.

The bride is the daughter of Mrs. Vernon Howell Massengill of Dunn, N. C., and Lt. Taylor is the son of Mr. and Mrs. J. Clyde Taylor of Muleshoe.

The 5 o'clock ceremony was conducted by Mr. George Cuthrel at the Hood Memorial Christian Church.

A program of wedding music was presented by Miss Blanche Bruton of Erwin and Mt. Gilead, N. C., and Capt. Brooks Bynum of Fort Bragg and Winston-Salem, soloist.

The bride, given in marriage by her brother, Eugene Massengill, of Richmond, Va., had her sister, Mrs. Wayne Justesen of Dunn, as matron of honor. Bridesmaids were Miss Elizabeth Rays Cromartie of Dunn, Miss Virginia Young of Dunn and Washington, D. C., Miss Elizabeth Faircloth of Clinton and Erwin and Mrs. Malcolm Sullivan of Goldsboro.

David Taylor of Muleshoe was his brother's best man and ushers were Wayne Justesen of Dunn and Warren Carroll of Greenville, brothers-in-law of the bride, Buddy Warren of Charlotte and Lt. Wes Jones of Fort Bragg and Houston, Texas.

The bride wore a gown of ivory slipper satin with tulle yoke outlined with seed pearls. The voluminous skirt formed a cathedral train. Her two-tiered fingertip veil of French illusion was attached to a matching satin cloche trimmed with seed pearl buttons. The bride used the same prayer book that had been carried by her sisters, Mrs. Wayne Justesen and Mrs. Warren Carroll, at their wedding ceremonies.

Mrs. Chastain Is Shower Honoree

A pink and blue shower was given in the recreation department of the Y. L. Church Thursday, May 1, at 4 p. m., honoring Mrs. Billy Jack Chastain of Plainview. Hostesses were Mesdames L. O. Norwood, E. T. Bryant, Jesse Lewis, and N. G. Phipps.

Several games were played. Mrs. Chastain aided by her sister, Mrs. F. L. Wenner, nee Juanita Hoover, then displayed her gifts which were decked on a table covered with a lace cloth over a pink background.

Refreshments of blue frosted cake and punch were served to guests, Miss Dottie Wilterding, Mesdames H. M. Gable, R. E. Lowery, R. T. Atchison, M. G. Hoover, F. L. Wenner, Lloyd Quesenberry, C. D. Hoover, and E. J. Shafer, Emalee Jarnigan, Kathryn Norwood, Slita Mooncey, Lenita Lewis, Pat Norwood, the honoree, and the hostesses. Favors were miniature napkin diapers filled with peanuts.

SAILED FOR KOREA

Charles D. Julian, 3-c Seaman, sailed for Korea on May 3. Mrs. Julian and baby will make their home temporarily with Mr. and Mrs. C. D. Julian, Charles is the son of Mr. and Mrs. C. D. Julian.

lace over yellow taffeta. The mother of the bridegroom wore rose lace. Both had orchid corsages.

After a reception, the bridal couple left for an extended southern wedding trip. The bride wore a costume suit of beige and navy with navy accessories and an orchid corsage.

Mrs. Taylor was graduated from the Dunn High School and Woman's College of the University of North Carolina with a B. S. degree in music.

Lt. Taylor was graduated from the Agricultural and Mechanical College of Texas. For the past several months he has been stationed at Fort Bragg and is awaiting assignment overseas.

New Features, Higher Interest Purs Bond Sales

DALLAS, May 6.—A substantial increase in the sale of United States Defense Bonds is expected as the result of new and more attractive features in these securities, Nathan Adams of Dallas, Defense Bond chairman for Texas, predicted.

Secretary of the Treasury John W. Snyder announced in Washington Tuesday (April 29) that interest rates on Series E Bonds are being raised, that three types of new bonds will be offered, and that two types of old bonds will be discontinued. The changes take effect May 1.

The Series E Defense Bond, the most popular of the savings bonds with the masses, will have a 3 per cent interest rate, with

a better return during the earlier years prior to maturity. The limit of these bonds any one person can buy during a year has been raised from \$10,000 to \$20,000.

The sale of Series F and G bonds is discontinued as of May 1, although persons having bought them prior to date will be able to retain them.

Three new bonds—Series H, J and K—are substituted for Series F and G.

Series H is a current income bond, and holders of it will receive interest payments semi-annually by Treasury Check. Yield will vary according to the age of the bond, but the total interest will be at the rate of 3 per cent if held 12 years to maturity value (example: purchase price \$18, maturity value \$25).

Series J is an appreciation bond carrying a yield of 2.76 per cent compound semi-annually if held 12 years to maturity. Issued in several denominations, its purchase price is 72 per cent of maturity value (example: purchase price \$18, maturity value \$25).

Series K is a Current Income bond, similar to the old Series G bond. It also will carry a 2.76 per cent interest rate for 12-year holding. It will have a higher yield during the earlier years of its life than did Series G. Interest will be paid semi-annually by

Sanders Outlines WTCC Objectives

Homer Sanders, Muleshoe's director of the West Texas Chamber of Commerce, this week announced the immediate objectives of that organization.

Mr. Sanders said the WTCC's 1952 program of activities and services were developed from ideas and suggestions of individual members throughout its 132-County territory. He described it as "a grass roots expression of what the people want their regional chamber of commerce to do."

He appealed to the businessmen of Muleshoe to support the WTCC with their time and money. The immediate objectives are:

1. A state-wide conference on surface water problems.
2. Continuation of a campaign to obtain a U. S. — Mexico labor agreement to meet needs of West Texas farmers and ranchers.
3. A long-range national advertising campaign to sell industrial assets and tourist attractions.
4. An exhaustive survey of Texas' highway problems.
5. Active cooperation with all forces devoted to soil conservation.

Treasury check. It will be issued only in denominations of \$500 and more.

Series J and K can be purchased by others than individuals. The limit is \$2000.00 of either or a combination of both. The limit was \$1000.00 in the case of Series F and G.

"These changes in the features of the Treasury's Savings Bonds should help sales materially, by increasing their attractiveness to savers and investors," Mr. Adams said.

Bonds Modernized
When the Series E, F, and G bonds were created, the interest rate and their other features were adequate but with changing times the Treasury needed to "modernize" its products if it continued offering Savings Bonds to the public. This the Treasury has now done.

"While these new interest rates may add somewhat to the cost of administering the public debt, the increase will be negligible in relation to the deterrent placed on inflation by the gain in sales that now may be expected for Savings Bonds.

"These improvements in the securities of the Savings Bonds program, now called Defense Bonds, continue to give to the American public one of the most practical and feasible thrift programs ever devised. Its importance as a thrift program is made all the more significant in the fact that the Payroll Savings Plan, which gives employees the opportunity of buying Defense Bonds on the time-payment plan where they work, will continue to be available."

Thirty Men Get Physical Exams

There will be no induction call for May from the Local Draft Board, serving Bailey, Cochran and Lamb Counties, which has headquarters in Muleshoe. The Local office sent thirty men for their physical examinations May 5. The list follows:

Billy John Eddings, Sudan; David Truman Rosell, Morton; Howard Cornelius Spencer, Littlefield; Delphino Garcia, Littlefield; Alvie Leonard Morgan, Muleshoe; Benito Mitchell, Baileyboro; Alvin Burt Thurmond, Muleshoe; Billy Joe Barbee, Sudan; George Simmerle, Morton; Joe W. Ligo, Morton; Eddie Smith, Jr., Sudan; Willie Leon Johnson, Littlefield; Juan Mendoza, Morton; Jack Duane Lane, Sudan;

Praises BIG 12 For Relieving Her Nagging Aches and Pains

Every day people from all over Texas write in telling how BIG 12 has helped them regain their old time feeling of well being. For instance, take Mrs. Blanche Styron of 402 West Henderson in Cleburne. Mrs. Styron is a nurse and it wasn't so long ago that she had a hard time carrying on her profession. Then she heard how BIG 12 was helping other people with a similar condition caused by deficiencies of Vitamin B₁, B₂, Niacin and Iron and decided to try it. But let Mrs. Styron tell her experience with BIG 12 in her own words.

Mrs. Blanche Styron

"For some time I had aches and pains all over my body, I suffered terribly all during that time. Then I heard about BIG 12 and out of sheer desperation I got a bottle. With that first bottle I felt a great change for the better and I have since taken thirty or forty bottles. I have now returned to my work which is practical nursing. At present I am walking two miles each day to take care of my patient. I am still taking BIG 12 and will continue to take it for it has helped me more than I can ever say."

There is nothing miraculous about BIG 12 but sometimes results like those secured by Mrs. Styron almost make it seem so. It is a proven fact that lack of Vitamin B₁, B₂, Niacin and Iron can cause nagging aches and pains, stomach distress, lack of energy, sleeplessness, nervousness and poor appetite and BIG 12 contains these essential elements that give that glorious feeling of well being that makes life worth

living. And remember, in addition to Vitamins B₁, B₂, Niacin and Iron, the daily dose of BIG 12 contains as much of the new Red Vitamin B₁₂ as a doctor usually gives in an intramuscular injection. These vitamins and the great iron content of BIG 12 (far more iron than any other tonic contains) when taken into the system, goes to work immediately so if you suffer from these deficiencies caused ailments, be fair to yourself, don't go on through life suffering nagging aches and pains, stomach distress, sleeplessness, nervousness, poor appetite and a general run-down condition due to a deficiency of Vitamins B₁, B₂, Niacin and Iron but get a bottle of pleasant tasting BIG 12 from your drug store today.

MULESHOE

ONE STAR Agriculture

Released by The Texas Department of Agriculture
By John C. White, Commissioner

Seed Testing & Certification — Farming today is getting complicated—sometimes it makes a person long for the "40 acres and a mule" of a hundred years ago. But 100 years ago 85% of the U. S. population was engaged in agriculture. Today only 15% of the people are left on the land, and they have to produce enough for all Americans and some for export.

To get bigger yields, we are planting better seeds. But seed testing and certification, while helping us improve the quality of our seed stock, is one more complication in 20th Century farming. Seed samples submitted to the State laboratories indicate there is some confusion as to procedures. The following notes should help clear things up.

"Certified" seed, bearing a Certified Seed Tag, is seed which meets high quality standards. Certification is not required by law.

A grower wanting his seed certified files an application with the State Department of Agriculture and pays a \$10 annual fee, plus a 5c to 50c fee per acre for most seeds.

"Registered" seed is like certified seed, except that it meets higher quality standards.

More than 1,000,000 bags of high quality registered and certified seed passed into the Texas channels of trade last year.

"Tested" seed is seed tested for

purity and germination. It is required by law for field seeds of clover, alfalfa, and other legumes. The State Seed Laboratories in Austin and Lubbock provide free testing for field seeds. Tested Seed Labels cost 1c each.

Samples should be identified with and variety, name and address of sender, lot No. or other stock identification, year grown, test desired (whether purity or germination or both).

Samples should be 2 oz. for small seed like white or alsike clover; 5 oz for seed the size of red or crimson clover, alfalfa, ryegrass, bromegrass, millet, flax and rape; 1 lb. for seed like sudan grass, sorghum, proso and hemp, and 2 lbs. for large seed like corn, cotton, cereals and vetches.

The state laboratories tested 14,818 samples last year, and sent out 3,614,080 Tested Seed Labels.

POPULATION GROWTH BENEFICIAL

Washington — Contrary to most predictions in the 1930's that the United States population would level off and perhaps decline before many years, there now appears to be no population peak in sight.

That, says the Chamber of Commerce of the United States, is of economic significance because a growing population should be accompanied by a dynamic economy. The Chamber makes its conclusions known in the latest issue of Economic Intelligence published by its Economic Research Department. It says:

"An economy with an increasing population must continue expanding. In terms of population, no overall lack of investment demand is likely. . . . There is no great danger of over-savings and under-investment with resulting chronic unemployment.

The Chamber publication brings out many interesting facts about population. The population has doubled since 1900. Growth lagged in the 30's and early 40's, but by 1945 it had about regained pre-depression levels and since then has considerably exceeded those levels.

Three factors, says the Chamber, contributed to the recent population upsurge. Net immigration exceeded predictions, deaths fell far below predictions and births far exceeded expected figures. While some decline in the rate of growth can be expected in the middle '50's, says the Chamber, the population should come close to 170 million by 1960, even with a rate of growth less than that of the preceding decade.

The Department of Agriculture is quoted by the Chamber as predicting that by 1957 the produc-

SANITARY GRAIN STORAGE

The Texas warehouseman is no longer a mere holder of goods left in his care for storage. He must also be a "good housekeeper."

A statewide program of grain storage inspections being initiated by the Federal Food & Drug Administration is designed to promote good housekeeping habits in grain storage warehouses and elevators. Its major goal is to assure purchasers of grain and grain products that they are getting "clean" commodities, relatively free of insect and rodent damage. Farmers, too, could benefit through a program that may protect them from losses incurred by depreciation in value of grain stored in unsanitary facilities.

The program of the Food & Drug Administration is divided into two "phases", the first of which will be in effect during this year's crop season. This "phase" is a strict inspection of all grain storage plants and commodities held therein. Later, the F & D will initiate "Phase Two"—the inspection of carloads of grain at terminals.

Inspectors will be armed with check sheets which list sanitary regulations the warehouseman must meet if he is to continue handling the farmers' grain. Federal officials indicate that if they find obviously filthy conditions in an elevator, or if the grain is badly contaminated, they will take immediate

action. "Action", in this case, means they can ask the federal court to issue an order preventing shipment of grain from the warehouse into interstate commerce, or they can ask the court to seize the grain if interstate commerce is involved.

A "rule of thumb" test for badly contaminated grain as interpreted by the F & D, can be made by the farmer or warehouseman, himself. Wheat, for example, may be classified as unfit for flour if it contains three or more weevil exit holes per quarter-pint of grain, or one or more mouse pellets per pint.

Farmer Must Help
But the Warehouseman cannot bear the sanitary burden alone. The farmer must take steps to protect his grain from infestation and contamination before storing it in a public grain warehouse or elevator. In some cases, the warehouseman may be forced to reject farm-stored grain that is obviously in bad condition.

Federal authorities maintain that no undue hardships will be imposed on farmers and warehousemen in the program. A series of articles has been made available to warehousemen with

suggestions as to means of maintaining sanitary conditions.

If the farmer is in doubt as to how he can comply with sanitary procedures, he should consult his warehouseman or elevator operator.

MRS. SANDERS VISITS RELATIVES

Mrs. Homer Sanders, Sr., returned recently from a two week trip to Dodge City, Texas, and Dallas. She visited her mother, Mrs. Henry Taylor of Dodge City and other relatives while away.

AG BOYS WORK ON CITY PARK

We wish to thank Ed White and all the Ag. boys for their help in pruning the trees of the City Park which is being beautified.

4-door, 6-passenger Special. White sidewalls optional at extra cost.

ALWAYS BE CAREFUL DRIVING

It makes each drop of gas say uncle

Then it's fired. And when that happens, a drop of gasoline certainly lets loose power.

This isn't something that happens in a "car of the future."

It happens in a Buick Fireball 8 Engine today. It's a high-compression engine. It's a valve-in-head engine. But it's also a Fireball in performance as well as name.

And it puts extra power under the hood—and extra miles in the fuel back in the gas tank.

Now, power is great, but what goes with it?

Mister, that's something you ought to find out—and soon.

What goes with it is an automobile as sweet-handling, eager and willing as anything that ever made your pulse leap to a faster beat.

It's a car that seems to know what you want it to do—true and sure in its course on a straightaway—beautifully balanced on curves.

It's a car with Dynaflo Drive* to feed power with infinite smoothness—and a road-hugging levelness of ride that took a million in cold cash to perfect.

And it is, with all this, a very tidy bargain. Why not price it, drive it, know it for yourself? We'll be glad to arrange a demonstration.

Equipment, accessories, trim and models are subject to change without notice. Wheel Covers standard on Roadmaster, optional at extra cost on other Series. *Standard on Roadmaster, optional at extra cost on other Series.
