New Directors

At a general meeting Monday evening, Jan. 19, H. S. Sanders, Jr., president of the Muleshoe lected, they are Chester Setliff, Chamber of Commerce, announced the final results of the election of directors. Balloting closed January 15 and the six newly elected officials will begin their year term July 1 of this year.

The new directors are as follows: Onard Upton, Travis Reed, E. O. Baker, George Hicks, Clyde Holt and W. T. Millen. Mr. Sanders also announced that a special meeting of the Board of Directors will be held shortly ys. for the purpose of electing, from the board, a new president, vice-president and treasurer along with the establishment of the

JayCees Announce Traffic Safety Program Stop, Go Lights, **Other Measures Are Suggested**

The Traffic Saety Commit-tee of the Muleshoe Junior Chamber of Commerce headed by Sikie Watkins has made a study of the hazards existing in Muleshoe. Due to the continuing growth of the town, and the congestion of traffic in the business district at certain times, the committee feels that safety measures should be taken now before any serious

accidents happen. As a result of the study made, he Traffic Safety Committee proposes that the City Commission of Muleshoe institute the following safety measures:

1. That a Blinker light be installed at the intersection of Main Street and U. S. 87. 2. That a stop and go light be nstalled at the intersection

Main and Ave. B. 3. That a stop and go light be nstalled at the intersection of Main and Ave. C.

4. That a blinker light be installed at the intersection of West 1st and Ave. D. 5. That U turns be prehibited at the intersections of Main and

U. S. 87, Main and Ave. B, Main and Ave. C., Main and Ave. D. East 1st and Ave. B. 6. That proper signs prohibiting U turns be placed at the

7. That Ave. D be declared a 8. That Ave. G be declared a

above intersections.

through street from West 8th to West 1st. 9. That stop signs be placed in proper places on the above

thoroughfare streets. 10. That stop signs be placed on all corners of school blocks, and that a 10 mile per hour

speed zone be established in the school zones. 11. Extend Main street to the

Morton Highway. 12. That the City Commission enact necessary ordinances providing for the above measures. and that they provide means to enforce any violations of the above safety measures.

Scotchlite On Sale Tomorrow

In kicking off their 1953 Traf-fic Safety Program this week on all rear bumpers of automobe the local Boy Scouts. The scouts will start a house to Mr. and Mrs. Alsup and their house canvas of the town Frichildren are fitting a large part day. One half of the profits from of the building for a living sale of Scotchlite tape will go to the Boy Scout Fund of Bailey

Scotchlite reflective tape is red The cleaning plant, which is in color, and when applied to the 1st and Ave. C for the purpose of installing the tape sold by the Scouts and Jaycees.

All children with bicycles are invited to come by the booth Saturday afternoon and have their bicycles Scotchlited. There will be no charge for this service. and it will make the bicycles easier to see after dark by automobile operators.

Snow And Rain

Winter came to Muleshoe unexpectedly this morning after several days of summerlike weather. Rain began falling in the early morning hours and by 7 moisture amounted

to .15 inch. Snow followed and continued all morning. Moisture was estimated at one half inch or more, since the snow was very more, since the snow was very
wet. A sandstorm preceded the
beginning of the rainfall and
blew rather hard and colder
during the morning.

The unit is sponsored by in March by Loyd Roberts and the Lions Club, whose institu. Mrs. Jack Julian. Scouts of Troop tional representative is Jeff Peel- 20 also attended. er. Committeemen are Julian Lenau, Bill Moore, Cecil Tate, and Lee Pool. Vernon Baker and Troy Wilkerson are advisors.

Kick off for the year was a hobo supper near the junk yard. their parents. Most Explorers and their fathers

During Scout Week in January the Explorers patrolled the streets and enforced traffic regulations with cooperation of the city police and sheriff's officers.

All but one Explorer complet-

In April a steak fry in the sand hills was enjoyed by most members and their fathers, also in April the Scouts actually cooked and served a berbecue supper for

In May the Scouts cooked and served a supper to members of the Lions Club and the Explorers attended a Rendezvous at Reese Air Force Base.

In June the Scouts attended the district court of honor at Lit-Scouts of Troop 20 helped in this tlefield, at which time Post 20 won an advancement trophy for Ten Explorers were advanced having most points on advancefrom candidate Explorers to apment. A majority of Explorers prentice Explorers at an investiatended summer camp at Post.

WE'RE USING Phillips 66 Gasoline!

Your car's motor will be happy with Phillips 66! It's packed with Hi-Test energy! And the Hi-Test elements in Phillips 66 are scientifically blended to give you (1) easy starting (2) fast engine warm-up (5) quick acceleration, and (4) full power output—under all driving conditions!

Because it burns so efficiently, you save gasoline. You get miles and miles of enjoyable

driving per dollar. And Phillips 66 Gasoline is controlled according to the season of the year. Winter, summer, spring, or fall, Phillips 66 is right for your car! Fill up at any station where you see the famous orange and black Phillips 66 Shield!

The Scouts worked off several Lazbuddy News first in swimming and second in

In July the Explorers attended the district swimming meet at Littlefield and won two swimming relays. Post 20 also placed several individuals. Also in July they took part in a swimming at Lubbock.

In August the Explorers and advisors enjoyed an overnight trip to the game reserve south of Muleshoe, first in a series of events for emergency training. Individual camping and cooking was stressed. Also in August Post 20 in cooperation with Troop 20, participated in the Will Rogers Memorial Roundup Parade, their float depicting various phases of Scouting. Also in August the Explorers and advisors enjoyed a two night stay at Lenguish Falls, another event

in emergency training. Post 20 was well represented at the Scout Rally in Lubbock in October. The Scouts attended a special lecture on firemanship. Also in October Post 20 helped collect clothing to be sent to the

needy overseas. Help Get Out The Vote

In November Post 20 helped in hanging the "Liberty Bell" on the doors of Mueshoe homes to help the people to remember to vote. Also in that month some members and advisor Vernon Baker enjoyed a two day trip to Carlsbad Caverns.

In December at a court of honor held in Muleshoe Junior high school several Post 20 members received merit badges, showing worthwhile advancement at this event. One boy, Ralph Ware, was advanced to Life Scout, just one step below the Eagle Scout award. Gaylord Tate and Allen Berry were advanced to Star Scouts. Butch Lenau and Jimmy Wilkerson were advanced to first class Scouts.

Post 20 has for the past months undergone an emergency training program in which most members participated and are now ready for the special emergency training award. This means the boys of Post 20 are prepared to serve their community in time of need.

Members Are Listed

The following boys are mem bers of Explorer Post 20 and have been awarded ninety two merit badges:

Startlingly NEW ... wonderfully different!

C. & H. CHEVROLET CO

The story is told of a research man who had just discovered a new substance. A friend asked, "What good is it?"

"What good is a baby?" countered the researcher.

Babies and new products have to grow up before anyone knows how important they may be. Quite a lot of infants have been brought up at General Electric during the past 75 years. During the bottle stage, nobody could predict their future accurately. But as it turns out today, they were real prodigies. Here are just a few that were first brought to the American public by General Electric men and women:

- the first electric lamp
- · the first home refrigerator with sealed mechanism
- the first high-vacuum radio power tube
- the first fluorescent lamp the first automatic electric blanket
- · the first large steam turbine for electric
- · the first jet plane engine in U.S.
- · the first disposer for kitchen food waste
- · the first high-voltage x-ray

We don't ordinarily trot out the past like this. But 1953 marks a birthday. For it was in 1878 that Thomas Edison organized the first of the companies which, in 1892, became the General Electric Company. And, like anyone on his birthday, we do look back over our shoulder.

This is just the beginning, really. Research and engineering e bringing out new things faster than ever-new "babies" to lighten labor and brighten everybody's life.

Mrs. Mayhugh Is **Shower Honoree**

Mrs. Charles Mayhugh, nee Jo of Mrs. Morris Douglass. The tea the home of Mrs. Clyde Henry hours were from four to six.

Decorative appointments feaserving table was centered with by Mrs. E. W. Locker.

At the silver service, Mrs. Clarence Mason, sister of the bride, poured throughout the while Mrs. Barbour led the fellowship Hall May 7 at calling hours. Cut flower ar- games. Gifts were exchanged and 8 p. m. rangements of carnations and secret pals were revealed. Reanemonies were used through freshments were served to the the rooms.

the guests were Mrs. Vance Wag-non, mother of the bride, Mrs.

C. R. Maybugh, mother of the In the receiving line to greet C. R. Mayhugh, mother of the groom, and the honoree, Mrs. Charles Mayhugh.

The bride's gifts were displayed in the den and school friends of the bride showed the gifts and the First Baptist Church met in Faileth" and Mrs. Adams closed registered the guests. They were

Co-hostesses for the occasion were Mesdames E. O. Baker, Buck Wood, Ab Carroll, Roy Jordan, Dudley Malone, Howard Elliott, and Noel Woodley.

(id Monk Baroni Motion Pictures Are Your Best and Cheapest Entertainment **Self Employment SS Explained**

Some self-employed people still rights and obligations under somanager of the Lubbock social security office declared today.

Because of misunderstanding. Mr. Hutton said, many returns Although the New Year is only year we counted up some of the are being filed by persons in the a couple of weeks old, it has al- greatest crop profit loss since excluded group of self-employed ready given some indication of 1940. Two factors were involved, people. The principal field of cial security account. its prospects for agriculture. prices dropped to a lower point misunderstanding in this area is in connection with agricultural enterprises.

"On the other hand", Mr. Hut than at any time in the past four the disasterous year of 1917.

Many agricultural areas of Texas are still in the drouth's death grip. No one can say that the dry spell has been broken for farmers in the Fort Stockton, Pecos Big Spring regions. But as bad as 1952 was, this crop year of 1953 can be the most decisive that farmers and ranchers have ever faced.

Business, industrial and pro fessional people have the brightest prospects in 1953. But during the last few months, the farmer has watched commodity prices employed persons who have any slide downward with no im- questions at all about their mediate relief in sight. He sees standing to get in touch with his goals have been lowered on two or three of the major Texas crops, noticeably cotton. Livestock prices dropped one-third in a year's time and the outlook is still fairly dim.

Naturally, we do not anticipate a collapse for agriculture in Texas or anywhere else. It merething the farmer and rancher matters regarding social security. buys this year may cost a little more than previously, including the labor he must hire. The only answer is for higher production on a given unit, either a larger yield on an acre of land or a little extra meat on each head

of livestock. This year of "change" nothing new for agriculture is never a static proposition. It is constantly undergoing trans-ition, and when big changes occur, opportunities spark up. Last year's vegetable crop, for example, brought \$65,281,000, or twice what it did the previous season. There was a big opportunity for a farmer who was located in an area favorable for vegetable growing.

We cannot afford to resist agricultural changes. Rather, the for new or different crops which will return bigger profits or higher yields. Advancement in agricultural methods and practices help assure us of a strong and healthy economy for the farm and ranch people of Texas.

ton added, "returns are not being Soil Fertility filed by some who are required Soil Fertility

OF QUALITY

What a present! An extra hour every washday! Reddy offers it to you when you dry your clothes the modern electric way. If you're hanging clothes on the line, you're using an hour a day for the walk to the line, the hanging up and the taking down. That hour can be yours if you dry your clothes in an automatic electric clothes dryer. Want an extra hour on washday? Then it's Reddy for you!

BABSON Discusses — THE STOCK MARKET

I freely admit that a great ue the Truman finance, they change is taking place in the probably can keep the balloon government of this country. Not inflated a few more years. If

Why Stocks Have Gone Up The appointment of so many successful businessmen to high offices has made them and their friends very bullish. These word to other friends, who have have bought stocks at an unpre. these two simple questions: dicted rate. Naturally, stock prices have been going up and will continue to climb as long as this buying exists.

Have these Republicans bought for investment or to sell again soon at a profit? I do not know, but my guess is the latter. If so, when these friends of the big shots begin to sell, who will be the buyers? A stock market can tumble from present prices as me. Based on all previous hisfast as it can climb. After Hoover's election in 1928 the Industrial Averages went up 100 points within 10 months but then fell er savings in the bank awaiting back over 100 points in only 1

Will History Repeat Itself? Stocks rallied again during the first part of 1930, but in April began an almost steady decline until, in 1932, they had fallen a total of 300 points from the 1929 peak! This means that the Industrial Averages, which were selling above 350 after Hoover had been in office 6 months, sod Read Acts 6:1-8. at only 50 the fourth year of his

a decline can now happen again, known and loved the world loan price right primarily because very few around, especially in India, stocks are held on margin today. where his labors had inscribed Technically, the stock market is an illustrious chapter in the hisnow in a sound position, but tory of Christian missions. He that is not the reason people are was Bishop James M. Thoburn. an additional buying stocks today. The reason He had heard God's call to Inis that they believe that "Big dia. So had his younger sister, Business" has at last taken back Isabella Thoburn, who served the control of our country. But India's women so well and if this is true (which I doubt) founded at Lucknow the college the loan and doesn't have to it is no reason to buy stocks for which bears her name. The older make up the difference. speculation. Hoover selected as brother was a layman with only rihest and brainest men "Big brother sensed it his duty to help pointed.

sent period of prosperity has not the better prepare for their wider deemed by the precious blood of savings. It has been built on borrowed money, much of which has been spent on useless War. In of the family that stayed at name's honor and glory. Amen. 1914, when World War I started, home, one can be sure that in out National Debt was less than the book of life there will be 2 Billion dollars. Today it is over found several names. Each per-250 billion dollars.

Babson Park, Mass., Jan. 16 - | If the Republicans will contin only did the country give Eisen- however they start to operate in hower a "landslide" victory last an honest way, as did President November; but Eisenhower is Hoover and Andrew Mellon, by now giving "Big Business" a reducing the debt, discharging "landslide" stock market in reing economy, stocks will surely have a bad fall.

Making Money In The Stock Market

Successful brokers are, by nature, bullish. They must try to friends have passed along the get you to buy stocks. I, however, suggest you ask your broker

(1) Are stocks cheap today? (2) Will they some day sell 100 points below present quota-

Most brokers are honest, even when wearing rosy glasses. Get a "Yes" or "No" answer, then use your judgement.

It is entirely possible that the stock market will go higher; but this possibility does not interest tory, I know stocks will some day sell 100, or perhaps 200, points lower. I'm putting my hard earnsuch a time. What money I have made has been through Patience. Who was it said: "Patient Waiters are Never Losers"?

"GO YE INTO ALL

THE WORLD" Follow thou me. (John 21:22.)

They were brothers, old men when I knew them, and devout This does not mean that such Christians. The younger was his Secretary of the Treasury An. a limited circle of friends, yet drew Mellon, one of America's deeply loved by them. Has Unworkable Plan For Getting Off The Hook With His Cattle

in all their cotton on the market

at one time, and I approve of it.

expanded. Now I've got a few

head of cattle on hand out here

and as everybody but the meat

market knows, the price of cattle

All right. Now I paid a pretty

and they've been eatin and the

worst part is they've got to keep

can't I put these cattle in a gov-

ernment loan? Why can't I just

turn the cattle over to whoever

handles the government's cotton

and let them hold em for me

until the price goes up? I tell

you it would take a burden off my mind to hold on to them

cattle without sellin and without

buyin any more feed for em. If

if I keep on feedin I'll take a

in a government loan this after-

noon, things would sure perk up

If you think this plan has any merit, I will appreciate you get-

tin word to Eisenhower and have

him make it the first order of

business the minute he gets

through bein inaugurated.

Cattlemen all over the country

Yours faithfully,

I sell now I'll take a big loss, but

bigger loss. But if I could put em

What I want to know is why

has dropped over 30 per cent.

But I'd like to see the system

Philosopher on his Johnson grass farm has a clearly unworkable plan for rescuing cattlemen caught in the price squeeze, but you can't blame him for trying. Dear editar:

Every once in a while I notice has been droppin steadily. In in the papers where some farmers who raise cotton are puttin their cotton in the loan, and while I never have done that, if I good price for these cattle, had any cotton I'd sell it the bought em when they were high, minute it was picked, would and while they haven't got too have to in order to beat the check much feed in em, hay is still to the bank I gave my hands, higher than it ever was before Today's Meditation but I have been investigatin this system.

As I understand it, if a cotton grower thinks that the price of cotton is goin up, he can put his cotton in the > government 3 then in cash and if the price goes up he can later

sell and make profit which he's entitled to, and even if it doesn't

go up, even if it drops below the loan price, he still gets to keep This is a system designed to

stabalize the price of cotton, to

Dear heavenly Father, we pray will be scramblin to get in on Though the records of earth of mission. Help us with joy to

mercy and truth shall go before to material sense seems sub the sense-dream vanishes and stance, becomes nothingness, as reality appears" (. 312).

NOTICE **TAXPAYERS**

Your 1952 Taxes are now due and must be paid before the first day of February, 1953, to avoid penalty. WARNING - Midnight, January 31 is deadline for issuing Poll Tax Receipts.

1953 automobile license fees cannot be paid before February 1, 1953, but must be paid between February 1 and April 1, 1953. All residents of Texas are required by statute to buy licenses for motor vehicles in the counties in which they reside.

Bailey County retains all license fees — they will go to help build county roads.

Less Cotton, Wheat, More Forage **And Grain Production Is Needed**

The 1953 production goals for In commenting on the 1953 spring-seeded crops in Texas regoals, Vance emphasizes that the flect the need for more grain and goals program, as worked out forage crops and less cotton and by the State Mobilization Comwheat. If the goals are attained, mittee and approved by the says B. F. Vance, chairman of USDA, recognizes that the dethe State Agricultural Mobiliza- mand for farm products will tion Committee, total agricultur- probably remain high because al production must continue at a consumer income and expendihigh level and would equal or tures are expected to exceed exceed last year's output. those for 1952. At the same time, he adds, supplies of agricultural

and sileage and for grain has Vance. been raised 22 percent above last year's figure to 7,385,000 acres. The corn has been increased to 2,500,000 acres or 9 percent above the 1952 acreage. The goal for tame or planted hay crops stands at 1,400,000 acres.

These increases, points out Vance, are urgently needed to restore the depleted stocks of grain and roughage feeds because of the drouth and reduced plantings in the state during the past two years. Usually large quantities of hay have had to come from other states, says Vance, to help meet the demands for rough. age feeds.

Texas producers of upland cot ton are asked to reduce their acreage 14 percent below the July 1 acreage of last year. The 1953 goal, according to Vance, has been set at 9,945,800 acres. It is hoped that much of this reduced acreage will be planted to

those for 1952. At the same time. cent, is for grain sorghums for products in other countries and grain. The acreage goal is 5,150,- a shortage of dollar exchange. 000 acres, says Vance. The goal Cotton and wheat are two mighty for all sorghums which includes important Texas crops affected those used for forage such as hay by this export situation, says

In commenting further, he says, the purpose of the goals program is to give farmers information on expected demand for their products and what acreage will be needed to meet this demand. has increased by 5 percent and If farmers make the necessary adjustments suggested by the goals program, he continues, they will reduce the possibility of building up burdensome surpluses and depressing prices which may in turn necessitate acreage allotments and marketing quotas.

The goals are carried to the farmers through the State and County Mobilization Commit

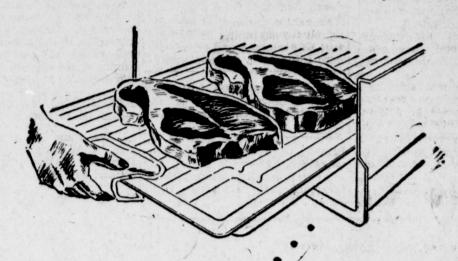

Other 1953 goals for Texas spring-seeded crops include rice, 550,000 acres, a decrease of 1 percent from last year; sudan for seed, 27,700 acres, an increase of 32 percent and sweet potatoes 38,000 acres.

Vance urges farmers to plan grain sorghums. Producers in the their spring planting schedules state of extra long staple cotton in accordance with the goals are asked to plant no more than program and to utilize abandon-14,200 acres or a reduction of 59 ed wheat acreage, should moispercent from 1952 plantings. This ture deficiencies make this nectype of cotton is produced in the essary, for growing grain sorghums and pasture or hay crops.

THERE'S a warm welcome waiting I for you at your new Buick dealer's. Representing a name famed in automobiles for fifty years, he wants you to witness how well he is prepared

Ready today

to meet and

greet you

community. He wants you to inspect his modern facilities for keeping your car in tiptop condition at all times.

to serve the car owners of this

And of course he is eager for you to see how well he can serve you in making that important decision-selection of a new car.

Because your new Buick dealer is now showing the greatest Buicks in 50 great years!

Every 1953 Buick puts record-high performance at your command-more high-compression power in all Series, climaxed by 188 horsepower in the V8 ROADMASTER for '53.

Every 1953 Buick offers a smoother-

than-ever Million Dollar Ride, cushioned on coil springs and steadied by torque-tube drive.

Every 1953 Buick bears touch-oftomorrow styling, with interior spaciousness unmatched in cars of less trim and tidy dimensions.

And every 1953 Buick can have the new jet-quick take-off of Twin-Turbine Dynaflow*-plus Power Steering* that eliminates effort in turning and parking.

Best of all, you'll find the '53 Buick of your choice priced lower than cars nowhere near it in smart and spirited action.

So take this opportunity to meet your new Buick dealer. He is here to serve you well-now and for many tomorrows.

*Standard on Roadmaster, optional at extra cost on other Series.

When better automobiles are built Buick will build them

The greatest BUICEK in 50 great years
