Seven Local Contests Up To Voters Saturday

Cotton Insect Tour Friday Will Be Headed By Noted Entomologist

Neal M. Randolph, Associate County Agent-Entomology, will join the local county agent and interested farmers at the county courthouse Friday morning at 10:00 a. m. to take up cotton insect problems.

A trip to a cotton field near Muleshoe will be included in the morning program and all persons interested in learning about harmful cotton insects and their control are cordially invited to meet at Muleshoe in front of the courthouse and accompany the party to a field of rank cotton at 10:00 a. m. and return to Muleshoe by noon.

The afternoon program will be on irrigated farms near Maple and Bula where cotton bollworms have already been found in the terminal buds of the cotton. The A. H. Daricek farm will be the afternoon schoolroom and it is two miles due west of Maple.

It will be worth anyone's time to see the fine cotton and castor beans on the Daricek farm and what one picks up about cotton insects will be clear profit, Mr. Adams said.

Methodists To Hold Meeting

DR. BRATCHER

Dr. H. H. Bratcher, pastor of St. John's Methodist Church of Lubbock, will preach in services at the Muleshoe Methodist Church, scheduled for August 3 through August 10, according to announcement of Rev. H. W. Hanks, pastor.

Dr. Bratcher is described as an outstanding preacher. He recently has returned from the World Conference on Religious Planning, held at Oxford, England.

Rev. Hanks extends the invitation of the church to all the people to attend and hear Dr. Bratcher. Services will be held daily at 7 a. m. and at 8 p. m.

Main St. Baptist Church In Revival

A revival is now in progress at the Main St. Baptist Church with Rev. J. C. Thompson of Lamesa conducting the services. It will continue through Sunday, August 3.

Services are held daily at 10:30 a. m. and 8 p. m. The public is cordially invited to attend.

Mrs. J. L. Redwine a surgical patient is resting comfortably.

Robert, son of Mr. and Mrs. Buford Hunt is in for observation.

Congratulations To: Mr. and Mrs. M. E. Simmons on the birth of a daughter, Cetha Ann, born July 20, 1952.

Mr. and Mrs. W. F. Duncan, on the birth of a son, Russell Loyd, born July 21, 1952.

C C Manager May Be Named In A Few Days

H. S. SANDERS, JR.

Name of the new manager of the Muleshoe Chamber of Commerce may be announced in the next few days, Homer Sanders, Jr., said today.

Mr. Sanders, who recently was made president of the body upon the resignation of Loyd O. Roberts, who moved to Clovis, said that the selection committee has invited several men to come here for an interview with the board of directors.

Some very promising applications have been received, he said. Some time will have to elapse, even after the new manager is selected, before he can sever his connections with his present employment and move to Muleshoe, it was pointed out.

However, the work of the C of C is going right ahead. Officials and directors on a voluntary basis are helping with the work. Miss Lilly Lee, the office secretary is on the job at all times and is carrying on routine matters. Several new members recently have signed up.

Officers and directors of the body are helping in every way they can fight now to promote the second Will Rogers Roundup. Meantime, other directors and officers or committeemen are carrying on their work on projects that have been assigned to them. Sanders and other officials are in the office, located in the Elliott building across from the bank, every day. Anyone wishing information at any time will find Miss Lee in the office or may telephone.

VISITING IN SAN ANTONIO

Mr. and Mrs. J. L. Alsop left Wednesday for San Antonio where they will visit their son Col. E. H. Alsop and family. They will return to Muleshoe Sunday.

More Prizes For Roundup Welcome

A complete list of donors to the prize list for the second annual Will Rogers Memorial Roundup will be printed in next week's paper. It was impossible to get the entire set-up this week, and anyway the list is still open and anyone who wants to offer something special for any part of the Roundup may do so.

Merchants, especially are invited to post prizes for some part of the parade or pageant. A committee composed of Lee Pool as chairman, Travis Reed and C. O. Jones is in charge of this feature.

The above named committee also has charge of downtown concessions, and the staging of special events. Anyone wishing to have a carnival booth or any sort of concession is asked to contact this committee.

The Lions Club is planning a home talent carnival, to be held on the used car lot of C. & H. Chevrolet Co. There will be several attractions at this spot.

Saturday Is "Dipping Day"

Saturday, July 26, 1952 will not only be election day, but "dipping" day as well. The Muleshoe Jaycees have issued fair warning that any male caught in downtown Muleshoe Saturday afternoon without the proper credentials stands a good chance of being thrown in the horse trough.

The proper credentials are as follows:

1. A properly cultivated beard in keeping with the spirit of the Round-up.

2. Or a shave permit worn in a conspicuous place.

The Jaycees are especially on the lookout for any political candidates not conforming to the spirit of the occasion. Let this be a warning to all males to acquire a shave permit or a beard, or run the risk of a free and public bath.

Methodist Church To Conduct Revival

The Monument Lake Methodist Church will begin a revival meeting on Sunday, July 27, which will continue through July 3. Services will be daily at 8:30 p. m.

Rev. I. T. Huckabee will be evangelist and Miss Anna Margaret Gunner will be pianist. Everyone is urged to attend these services.

"Talent Party" Tuesday Night

A "talent party" to line up performers for the three night pageant during the Will Rogers Memorial Roundup will be staged here the coming Tuesday night, according to announcement of Bill Moore and Mrs. C. W. Grandy, of the pageant committee.

All who will help in any way are asked to meet at 8 o'clock in the high school auditorium. The director will be on hand to get the work started.

The committee has asked for nearly 100 volunteers. The pageant cast actually calls for 96 individuals. Musicians, singers, tap dancers, jugglers, tair in this area are asked to come out and attend the talent party.

There will be two nice door prizes, the committee announces.

Naomi St. Clair Again City Champ Woodley Medalist

Mrs. Naomi St. Clair repeated as gold champion last Sunday as she downed runner up Inez Bobo in a very thrilling and close match. A huge gallery followed the match all the way. Completing the foursome were Ruth Malone, winner of the championship consolation trophy over Melzine Elliott, 1-up on the 10th hole.

Medalist winner this year was Elizabeth Woodley who fired a 103 which was the lowest score turned in.

Ruby Hart defeated Nona Blake Douglass for 1st flight honors 1-up on the 10th. Marlene St. Clair took Jean Griffiths for 1st flight consolation award.

Mary Francis Pool downed Tiny Forbes to take the 2nd flight trophy. Helen Gardner won the consolation award of the 2nd flight beating Helen Harvey.

Those competing in the tournament were: Championship Flight Naomi St. Clair, Elizabeth Woodley, Melzine Elliott, Inez Bobo, Verree Fox, Ruth Malone, Mary Frances Holt, and Dorothy St. Clair.

In the 1st Flight were Jo Wood, Mariana Bryant, Ruby Hart, Rita Johnson, Jean Griffiths, Edith Evans, Jeanette Wagnon, Nona Blake Douglass, Marlene St. Clair, and Mildred Lambert.

Those comprising the 2nd Flight were Jesse Sanders, Betty Jo Johnson, Tiny Forbes, Helen Harvey, Ruby Gregory, Elaine Watkins, Mary Frances Pool and Helen Gardner.

78 Absentee Ballots Issued

Fifty-two persons have cast an absentee ballot for the first Democratic primary, to be held the coming Saturday, July 26, according to announcement of M. G. Bass, county clerk.

Mr. Bass' office revealed that 78 ballots have been issued, either mailed or handed to persons who qualified at the courthouse. Some additional ballots may be received yet and they will be valid ballots, since they were mailed before absentee balloting ended Tuesday.

The high number of absentee ballots cast here is taken to indicate a very high degree of interest in the primary Saturday.

H. S. Sterling Final Rites Held

Final rites for Herman S. Sterling, 41, a former Muleshoe man, was conducted Tuesday, July 15, at 10 a. m. in the chapel of Johnson Mortuary, Yuma, Ariz. Mr. Sterling, a building contractor in Yuma, died suddenly at his home there Saturday, July 19.

Rev. James F. Cullumber and Rev. C. B. Holland officiated in funeral services and interment was in Desert Lawn Memorial Park, with graveside rites by the American Legion.

Mr. Sterling was raised in Muleshoe. He was born Sept. 8, 1910, in Minter, Texas, and had been a resident of Yuma six years. He was a veteran of World War II.

He is survived by the widow, Mrs. Opal Sterling, of Yuma; his mother, Mrs. Rachel Sterling, of Muleshoe; his father, H. Sterling of San Antonio; two brothers, Elmer of Yuma and Ola of Hereford; two sisters, Mrs. Ruby Hart and Mrs. George Tompkins, of Muleshoe; and two step-children, Mrs. Lanita Jo Carter of Las Vegas, Nev., and S. Sgt. Archie D. Hagle of Parks Air Force Base, California.

Mr. and Mrs. Hart and children, Mr. and Mrs. Tompkins, and Mrs. Rachel Sterling, of Muleshoe; and Mr. and Mrs. E. E. Sterling and Mrs. Ola Sterling of Hereford attended funeral services.

MULESHOE PRINTERS TO PLAY DOUBLE HEADER

The Muleshoe Printers, a newly formed softball team is off to a fast start for the season. This coming Sunday they will play a double header, one game with Maple and the other with West Camp.

3 Members Of Local Family Die In Accident

Three persons who had been making Muleshoe home recently, met death in a head-on auto collision near Plainview last Thursday night. Dead are Henry K. Wright, 47, his wife, Mrs. Lizzie Wright, 50, and Mrs. Wright's son by a former marriage, Samuel Thomas Webster, 8 years old.

Their car was in collision with one driven by Carl Richardson, 17, of Plainview who was seriously injured.

Virginia Dare Webster, 11, was badly injured, but is reported improved. She is under treatment in Plainview hospital. The Wrights had lived here about a month, coming here from Floydada.

More Seats For Roundup Rodeo

One thousand additional seats will be available for spectators at the big rodeo to be held here in connection with the Will Rogers Memorial Roundup August 14, 15, and 16.

Muleshoe Roping Club officials report that work was started on the new seat sections at a local lumber yard Wednesday morning, and said the new seats will be ready for the opening performance at 8:30 o'clock Aug. 14.

Last year business men of the city contributed to a fund to build new seats at the roping arena. These seats belong to the community and may be used on occasion for any public gathering. They proved inadequate, for hundreds of persons had to stand during the rodeo performances.

Roundup Plans Are Shaping Up

Business firms, clubs and organizations are urged to begin at once on the preparation of their entries for the second annual Will Rogers Memorial Roundup parade, to be held here on the afternoon of Thursday, August 14.

In the next day or so they will receive entry forms from the Muleshoe Chamber of Commerce, on which they are asked to designate the sort of entry they will have and the theme that it will carry out. Ardell Robertson is chairman of the parade committee.

Invitations are out to sheriff's posses and other mounted groups of the territory to participate in this parade, expected to be one of the biggest and best to be staged in all West Texas during this summer. Robertson says he wants to make it bigger and better than last year's big, fine parade.

Prizes Are Offered
There will be cash prizes of \$50, \$25, and \$10 for the best entries in the parade.

In addition, there will be prizes and trophies for the best mounted groups. The roping club will award trophies for first, second, and third place groups. There will be many special prizes this year. John's Custom Mill will give a \$75 western outfit for the young lady picked as rodeo queen. Roy Bayless has charge of the queen's selection.

Monday night's meeting of the steering committee produced much action in the final shaping up of plans for this year's three day Roundup. Arrangements for taking care of the horses and provisions for conveniences to those who will be with the horses were started. These groups will be stationed in the city park in the east part of town, where water is available. Plans are on foot to provide rest rooms in the park in time for this gathering.

Another move to create convenience and comfort for the visitors is the plan to have a thorough sprinkling program for the roping arena, eliminating the clouds of dust that otherwise would be created.

MOUNTED GROUPS TO GATHER AT PARK

All Sheriff's Posses will meet at the City park in Muleshoe prior to their joining in the parade. They will then be in position to get into the line of parade without a long ride. Arrangements are being made for animals to be dismounted from the trailers at the Cross Road Estate office, located on Sudan highway, across from Muleshoe Elevator. A loading chute will be placed there for the convenience of members of mounted groups.

Plans are being made to make the city park a more convenient spot for the horse people to stop in. The Roundup steering committee Tuesday night considered plans to place some benches in the park and to place rest rooms there. There is a water connection in the park and tanks will

Seven Voting Boxes In County Ready For Action

In cooperation with the Democratic county executive committee, headed by Blondy Ray as county chairman, The Journal will have an election party as usual the coming Saturday evening on main street in Muleshoe.

The returns will be posted as soon as they are received on boards to be erected in front of Higginbotham-Bartlett Company. This is where the returns have been posted for many years.

Journal employees will help to compile the returns after they are turned over to the county chairman in the courthouse. People are invited to inquire at any time as to the progress of any race in which they are interested, and may telephone at Journal staff man at 7220.

A large turnout of voters is expected for Saturday. In addition to some warm state and district races, there are several contests in Bailey County this year. There is a contest in each commissioner precinct, with three candidates in two of the precincts. Also, there is a contest for the office of county treasurer, and for the office of sheriff, tax assessor and collector.

Mr. Ray said each voting box presiding officers will be furnished with the supplies he will need for holding the election on Friday of this week. Supplies were to be placed in the boxes tonight.

There is a sample ballot for Bailey County in this week's paper and the voter is referred to it for study before going to the polls.

Voting boxes of the county and the election judges are:

No. 1 — Muleshoe, Henry Hancock.

No. 2 — West Camp, Ross Goodwin.

No. 3 — Mays, B. M. Seales.

No. 4 — Three Way, H. C. Brashear.

No. 5 — Baileyboro, Howard Ashley.

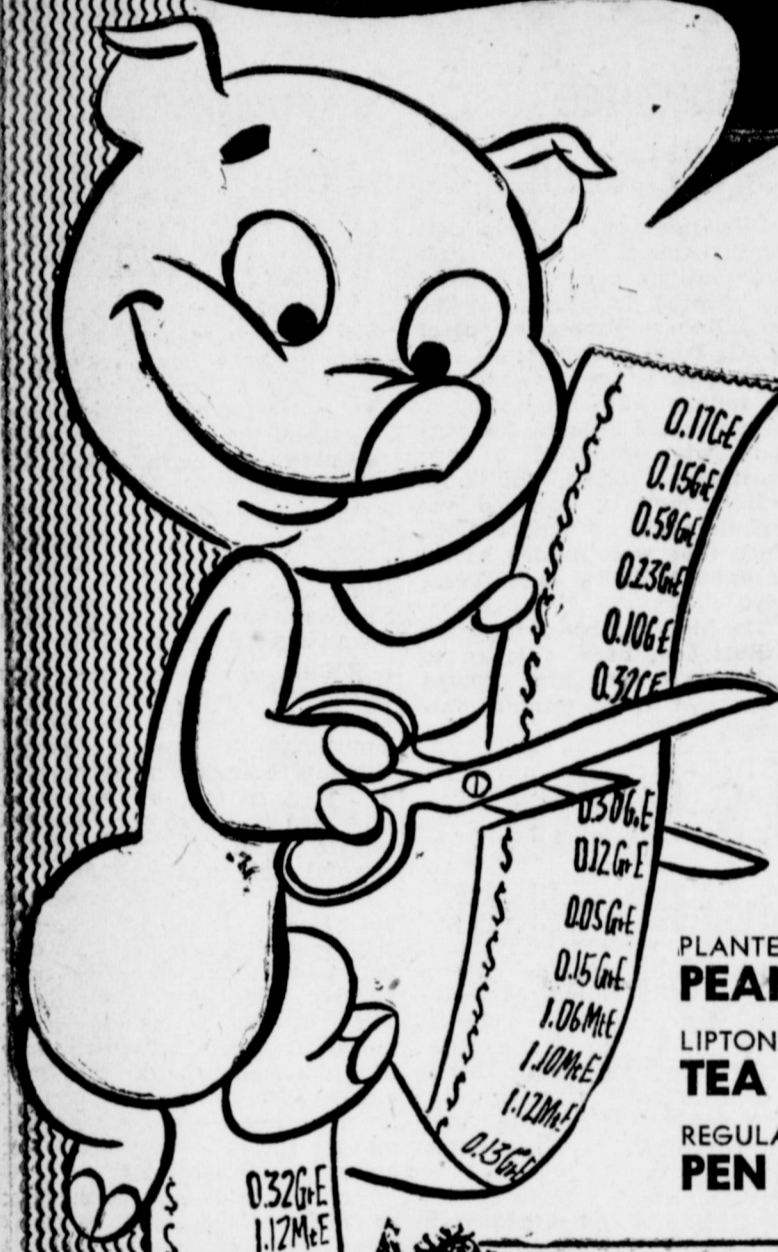

No. 6 — Bula, V. C. Weaver.

No. 7 — Circleback, V. E. Garnier.

Mrs. Elder Is Given Shower

Mrs. George Elder was honored with a pink and blue shower Thursday afternoon, July 17, in the home of Mrs. F. B. Pierson. Mrs. Willard Heathington and Mrs. Horace Edwards were co-hostesses. Guests registered as they arrived.

Mrs. Noel Woodley gave a reading, "Why Babies are so Sweet." Mrs. Willard Heathington then led the group in playing a game and Mrs. George Elder won the prize which was a bassinet filled with gifts.

Mrs. I. R. Elder, mother-in-law of the honoree, served the punch and cookies from a covered table centered with an arrangement of pink roses and white candles. A small white net umbrella with a tiny doll beneath, holding a spray of sweet peas, completed the decor.

Those attending were Mesdames Willis Farrell, Deon Awrey, Pat Patterson, I. W. Haney, C. R. Farrell, Jack King, J. T. Shofner, I. R. Elder, David Anderson, Tom Smallwood, Billy Don Barbour, H. W. Hanks, Gene Harvey, R. S. Johnston, H. C. Holt, Paul Gardner, Mack Ragsdale, A. J. Gardner, Noel Woodley, Archie L. Pool, the hostesses and Alva Lge Shofner and Davy Jean Anderson.

H. D. Club Has All Day Meeting

The Muleshoe H. D. Club met Tuesday, July 22, in an all day meeting at the home of Mrs. S. C. Caldwell. Several painted glorified glass pictures while others exchanged textile patterns and painted textiles.

A covered dish luncheon was served at noon. The business meeting was called to order at 3 p. m.

Roll call was answered with "A scenic spot I would like to see while on vacation". A report of the year book plans from council was reviewed.

A discussion on cake baking and coring cakes was then given by Mrs. J. E. Day.

Mrs. Wiley Bowers, chairman of the special committee, reported plans for lighting the city park were underway.

The Muleshoe H. D. Club has decided to have a float in the Will Rogers Memorial Roundup parade. Materials for this and ideas and plans will be discussed at the home of Mrs. C. E. Briscoe on August 12, and everyone is urged to come and make this float outstanding.

The date for the family basket picnic supper was set for Friday night, August 22. The ladies all day picnic will be on Tuesday, August 26.

Mrs. Martha Carney directed a game and ice cream and Cokes were served to four visitors, Mrs. D. Clements, Mrs. B. H. Henley, Mrs. H. O. Barbour, and Mrs. W. W. Smith, and members, Mesdames J. D. Boydston, C. E. Briscoe, Don Bruns, Wiley Bowers,

ELECT LINDLEY BECKWORTH of Gladewater To The U. S. SENATE

Lindley Beckworth's father was working on halves when Lindley Beckworth was born in 1913. Lindley Beckworth and his father worked rented land until 1928. Lindley Beckworth has worked in tailor shop, grocery store, cafe, filling station and shoveled gravel on State Highway; drove school bus while a teacher.

Beckworth, 14 years U. S. Congressman has voted consistently for measures to increase and equip our manpower, to enlarge and equip our Army, Navy and Air Force. He favors keeping America unquestionably strong. He has supported every measure which has been before the House seeking to bring about an enduring peace, including veterans housing, terminal leave, to aid all veterans, their dependents, our men in service, their dependents.

Although 38 years of age, 3 years a teacher, 2 years a Texas Legislator, 14 YEARS IN CONGRESS, qualify Beckworth by experience to be your U. S. Senator. He is an attorney. He is the present Chairman of the Texas Delegation in Congress which is composed of 21 Texas House Members and 2 Senators.

(Pol. Adv. Paid for by Bailey Co. friends of Mr. Beckworth)

To The Voters of Bailey County, Texas

I have tried to see all of the voters personally before election time, but know that I have missed lots of you, your homes and on the streets of the County.

I want you to know however, that I appreciate the vote that you have given me in the past, and that I will personally appreciate the vote and your influence on July 26th., 1952.

I know that you are interested in knowing about the record and qualifications of the parties who are asking for office, and of the work that they are doing.

Will state that I am interested in farm-to-market roads, and have worked with the Commissioner's Court at all times, to get more roads (farm-to-market roads) for Bailey County, Texas; and will state here and now, that Bailey County has gotten her share of the farm-to-market roads. That I have been to Austin with the entire Commissioned's Court on numerous occasions to ask for roads, have been successful four out of the five trips made. That I have been with the entire Court to meet and plan with the District Engineer, at Lubbock, Texas, before going to Austin, and asking for roads.

That I have worked with the Court in the business affairs of the County and have been as economical as conditions would permit.

I have served as your Commissioner for several years, and feel that with the experience that I have had, will make you a much better Commissioner this next term.

L. T. McKillip

Candidate for Commissioner

Precinct No. 1 Bailey County

Subject to action of Democratic Primary

TO THE VOTERS OF BAILEY COUNTY:

I know that it will be impossible for me to see all of you before election day, and I want you to know that I will appreciate your vote and influence at the Primary on July 26, 1952.

I have been working at the Muleshoe Locker Company, at Muleshoe during the day time, and therefore it was impossible for me to get around to see everyone. Previous to that I worked at the St. Clair Variety Store in Muleshoe.

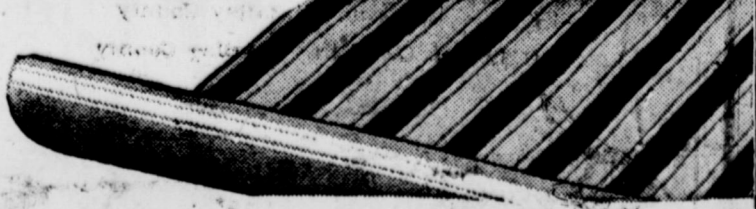

With my business experience, I feel that I can easily manage the office of County Treasurer of Bailey County, and will appreciate your vote.

Miss Joy Snyder, Mr. Kenneth Young Are Joined In Ceremony At Portales

MR. AND MRS. KENNETH YOUNG

Miss Joy Snyder, daughter of Mr. and Mrs. F. L. Snyder, became the bride of Kenneth Young, son of Mrs. L. T. Williams of Portales, at the Church of the Nazarene in Portales, Sunday, July 13, before an altar banked with spring flowers. The scene was lighted by white tapers. Candles with palm trees and baskets of lighters were Mrs. Lucy Jones of Friona, aunt of the bride, and Mrs. Bula Lidley of Ft. Worth, Rev. Hagemyer, pastor of the

church, officiated in the double ring ceremony.

The bride, given in marriage by her father, was attired in blue tissue chambray dress complemented with white accessories and a pink rosebud and baby breath corsage. She carried a white Bible.

She was attended by Mrs. Dan Thomson who wore a beige tissue chambray dress with tan and white accessories. Her corsage was of pink carnations.

Best man was Lewis McDaniel of Portales.

A reception was given at the home of the groom's parents immediately following the ceremony. Guests were registered by Mrs. Leon Julian.

Cake and punch were served to the guests by Mrs. Jones and Mrs. Lidley, who were candle-lighters, from a lace covered table centered with a white satin book engraved in gold letters with "Joy and "Ken". The traditional three tier wedding cake with bride and groom figurines, the punch bowl serv ice and arrangements of blue and white flowers.

Mr. and Mrs. Young will be at home in Hobbs, N. M., until September when they will enter school at Texas Tech at Lubbock where she will be a junior majoring in home economics and he will be a senior majoring in vocational agriculture.

Gospel Meeting Begins Monday

Beginning Monday evening, July 28th at 8:30 p. m., Brother Norman Gipson of Grand Prairie, Texas, will preach in a series of Gospel Meetings to be conducted at the Church of Christ located at West 1st and Ave. F. Brother Gipson is no stranger in this section of the state, having formerly lived and preached at Amherst.

Everyone is extended a cordial invitation to attend these meetings. Congregational singing to be conducted by home forces. Two services daily, 7:00 a. m. and 8:30 p. m.

You are welcome
Ebb Randol, Minister

Shower Is Given For Joy Snyder

A miscellaneous shower was given on Wednesday, July 9, in the Fellowship Hall honoring Miss Joy Snyder, bride-elect of Kenneth Young of Portales.

A blue and white color scheme was dominant in the decoration. Cake and punch were served to 42 guests, and many beautiful and useful gifts were received by the bride-elect.

Hostesses for the occasion were Mesdames Leon Julian, Bill Collins, Hugh Freeman, A. P. Lambert, Kenneth Burton, L. A. A. Green.

Red Cross Asks For Moore Nurses

The American Red Cross has issued an urgent call for registered nurses to serve during the polio season. Incidence of the disease so far this year is running 58 per cent above the same period last year, according to statistics released by the National Foundation for Infantile Paralysis.

"The demand for more nurses is particularly great in Iowa and

Texas," according to Kay Fitzpatrick, Red Cross director of Nursing Services for the Midwestern Area. Most of the available nurses will be needed before the epidemic is over, she said.

"It is not our intention to drain nurses from other duty in which they are vitally needed", Miss Fitzpatrick said. She added that inactive registered nurses were particularly being sought.

Nurses recruited by the Red Cross are requested to serve for a minimum two-month period. Their salaries are paid by the National Foundation for Infantile Paralysis.

CARD OF THANKS

We sincerely wish to thank all our friends and relatives for all their thoughtfulness and generosity during our recent loss. Mr. and Mrs. Wesley Hawkins And girls.

MARKET MANAGER PROMOTED

Harry Henderson, formerly the assistant market manager at Piggly Wiggly, has been promoted to market manager at the store in Snyder, Texas. Robert Waggoner of Muleshoe has been made assistant market manager at the local Piggly Wiggly store replacing Henderson.

Vows Are Read At Twilight For Miss J. Ann Wyer, Mr. Jerry Parsley

In a twilight ceremony read Friday, July 18, at 8 o'clock in the home of Mr. and Mrs. H. Jay Wyer, their daughter, J. Ann, became the bride of Jerry Parsley, son of Mr. and Mrs. C. A. Parsley of Muleshoe.

Rev. H. W. Hanks officiated at the double ring service. Vows were spoken before an arch of greenery, white satin bows and wedding bells, lighted by white tapers in branched candelabra and flanked by short fern trees. A musical prelude, "Clair de Lune" was played while David Wyer, brother of the bride, lighted the candles. "Because" was sung and immediately following, "Intermezzo" was played softly during the exchange of vows.

Given in marriage by her father, the bride wore a white handmacher suit trimmed in navy. She carried atop a Rainbow Bible, a bouquet of pastel pink roses fastened with pink satin streamers.

For her daughter's wedding, Mrs. Wyer wore a bronze-colored silk dress with a pink rose bud corsage. The groom's mother wore a blue sheer dress with a corsage of gladioli.

Carrying out the traditional old, new, borrowed and blue, the bride selected a white lace handkerchief from her matron of honor and life-long friend. Something old was a tiny pearl locket of her mother's, something new was her suit and something blue was a small blue bow.

Mrs. Don Cook of Littlefield attended the bride as matron of honor and was attired in a dress of frosted pink organdy. Her corsage was an arrangement of white gladioli which she wore at her waist.

Jim Pardis of Vernon, Texas, served Jerry as best man.

Complementing the bridal pair, Mr. and Mrs. Wyer entertained with a reception held immediately after the ceremony. Mrs. Harrie Kiser, aunt of the groom, served the wedding cake which was trimmed with pink rose buds

topped with white wedding bells. Mrs. Harold Wyer, aunt of the bride, presided at the punch bowl.

Present were about thirty relatives and close friends of the bride and groom. Out of town guests were Mr. and Mrs. Earl Kincaid of Lubbock, Mrs. Harrie

Miss Lula Stotts, Mr. Vinson Are Wed

Before a background of gladioli and greenery, Miss Lula Belle Stotts became the bride of Mr. Luther Vinson on Saturday evening at 7 o'clock in the home of her brother Mr. and Mrs. George Stotts. The impressive ceremony was performed by Minister Ebb Randol of the Muleshoe Church of Christ.

The bride wore a street length navy dress with white accessories. Her corsage was of red roses presented her by the groom. The groom wore a grey suit.

Immediately following the ceremony, Mrs. George Stotts served a delicious meal consisting of baked ham with all the trimmings, angel food cake and ice cream. To Mr. and Mrs. Vinson, Minister and Mrs. Ebb Randol, and Mr. Stotts.

The couple are now honeymooning in New Mexico.

Mrs. Vinson has taught many years in the Muleshoe Schools and will continue her teaching this year. Mr. Vinson owns land in the Progress community and will continue with his farming.

Delinquents In Draft Reported

The number of draft delinquents in Texas during the second quarter of 1952 decreased by 7 per cent, Lt. Col. Morris S. Schwartz, deputy state director of Selective Service has announced.

A delinquent is defined in Selective Service regulations as "a person required to be registered under the Sctive Service law who fails or neglects to perform any duty required of him under provisions of the Selective Service law". Only a local board can declare a man delinquent. Delinquents are subject to the loss of certain privileges under the law, also to prosecution, penalty upon conviction ranging up to five years in prison and up to \$10,000 fine.

Local Board No. 4, of Muleshoe, for Bailey, Cochran and Lamb Counties, reports 16 men delinquent on its rolls. These are:

J. B. Francisco Garza, Ralph Cleveland Hillis, Juan Pena, George Coleman, Jr., Nelson Carter, Jr., Eugene Elton Hosea, Juan Ramirez, and Willie Leon Jones, all of Littlefield; Vyle Reed, Olton; Francisco Cavasaz, Earth; Jams Albert Land, Juan Mendoza, and Estiban Arinibaz, Morton; Mack Smith, Sudan; Llarlo Ortiz, Amherst; and Charles W. Old Cowhand Returns After 44 Years To See Bailey Co.

An old pioneer cowhand, Jim Carter who roamed the pastures of the Bailey County area 50 years ago returned to Muleshoe yesterday for the first time since leaving in 1908.

Carter who is now living in Oklahoma City is the guest of Goose and Edgar Ramey of Dimmitt. He was driven over a large part of the county by Jesse Osborn in order that he might see the changes that have taken place over the past years.

Carter came to the Bailey County area in 1900. His father established the old Flagg ranch, a spread of 54 sections. He came to what is now Bailey County and was foreman of the old 69 ranch near Monument Lake, that was then owned by Wallace Good of Kansas City. He served as a deputy sheriff in what is now Bailey County while working the old 69 ranch. His commission was from Castro County as Bailey County at that time was not organized.

In 1892 he worked with Will Rogers on the OYO ranch near Dimmitt, they were friends and he used to drive cattle with Rogers to various shipping points.

Hem et Billy the Kid near Pecos City in April, 1881 before he was killed in July . . . he gave Carter a half dollar which he still carries to this day.

"Things are quite changed in this country", he stated, "there used to be a lot of lakes in this country but all you see now is water from irrigation wells." Carter said that he used to tell his boss Mr. Good that someday this area would be the small grain country of the world.

In comparing economic conditions he said that a first rate cowboy could earn on the average of \$25 per month . . . "you furnish your saddle and hot roll (bed roll), the boss would furnish your horses, chuck and work and plenty of it."

When Jim Carter left the Muleshoe area he moved to Oklahoma City and has been living there ever since. He was employed on the Police Department there before joining the Detective squad, he served in this capacity for 28 years before his retirement.

According to Goose Ramey, Carter was an expert rider, an excellent cowhand and a natural

3,500 On South Plains To Receive Higher Social Security Payments

About 3,500 people in the South Plains area will receive higher social security payments beginning early in October as a result of the social security amendments which President Truman signed into law last Friday, July 18, 1952.

John G. Hutton, manager of the Lubbock social security office, emphasized that no one needs to apply for the increased payments. "The Social Security Administration is already changing the amounts," he pointed out. "We expect to get them changed in time to have them in the mail October 3, the regular delivery date, but in a few cases we don't meet that schedule we'll send the regular check and make up the difference in a later check."

Mr. Hutton pointed out that although nearly every family receiving payments would receive an increase, the additional amount would not always be divided among all the members of the family receiving monthly checks. In some cases the entire increase will go to the retired worker.

Average Increase \$5

Under terms of the law, most families will get an increase of about \$5; some will get less, some will get more. A few benefits now being paid, and most of those payable in the future, will be used on earnings after 1950 instead of after 1936. The amended law provides a new formula for determining the amount of the payments in these cases. Under it, a retired worker's monthly benefit would be 55% of the first \$100 of his average monthly earnings plus 15% of the remainder up to \$300.

Beginning September 1, the new law increased to \$75 a month instead of \$50 the amount of money a beneficiary may earn and still receive the monthly benefits. Self-employed people entitled to old-age and survivors insurance benefits may receive payments for each month of the year if their net earnings during the entire year are not over \$900.

The amended law contains a provision of special importance to self-employed people who have retired or plan to retire during 1952. Before the passage of the amendments their earnings for the year in which an horseman. He said Carter could draw and shoot with the best of 'em.

Carter stated that he would be around for about 10 more days before he returned home to Oklahoma City.

application was made could not be used to figure their old-age benefit payments. Now, those self-employed people who originally applied for benefits in 1952 may re-apply at the close of the taxable year and have their 1952 earnings used in figuring their monthly benefit payments. In general, this will increase the monthly benefit payment to self-employed persons.

A similar change in the law permits insured wage earners who retire in 1952 to have their wages for this year used immediately in figuring the amount of their benefit payments. Heretofore, it was necessary for them to come back after the end of the year in order to have all of their covered wages for 1952 included in the computation of the benefit amount.

For Those Over 75

Another amendment allows beneficiaries aged 75 or over already on the rolls to take advantages of the higher benefit payments provided under the new formula, if they have had at least a year and a half of covered work after 1950.

The amended law allows social security wage credits of \$160 for each month of active military or naval service after July 24, 1947. This provision is simply an extension of the one which already gives social security wage credits to servicemen of World War II. It applies to service in the armed forces up to January 1, 1954.

Of advantage to the survivors of deceased service people is a provision in the amended law extending the time for claiming a lump-sum death payment. This applies to servicemen who die abroad and are later returned to the United States for burial or reburial. Survivors who pay the burial expenses may now claim reimbursement up to two years after the reburial instead

Eisenhower To Visit Panhandle

At least two Panhandle and Plains cities, Lubbock and Amarillo, are hoping for a visit from Ike Eisenhower, Republican candidate for President, before the November 4 general election. In Amarillo, Mr. Frank T. O'Brien, a Texas delegate to the Republican national convention, has announced that the general will definitely visit Amarillo. She said she had received assurance from Jack Porter, head of the Texas Ike forces, that Amarillo will be one of his Texas stops. Meanwhile, Lubbock, on the South Plains is pulling wires to have the general visit that city. So it appears that Panhandle and Plains people will have the opportunity to see and hear the man who may be the next President of the United States.

Farm Bureau National President To Speak At Tech Monday Night

The Lubbock Agricultural Farm Bureau are jointly sponsoring this appearance of Mr. Allan B. Kline in Lubbock at Jones Stadium, Texas Technological College the evening of July 28 at 7:45 p. m. Castro County Farm Bureau Choral Club, which won top State honors will furnish entertainment. Free lemonade will be served all in attendance. In case of inclement weather the meeting will be held in Tech Gym. All farm and city families are invited and urged to hear Mr. Kline and to enjoy the music.

Europe on Farm Bureau or Government business many times since. In 1945, Kline was a consultant at the United Nations meeting in San Francisco. In 1946 he went to London as a Farm Bureau delegate to the meeting at which the International Federation of Agricultural Procedures was provisionally set up, and, at present is first vice-president of that organization. This is an international organization of national farm organizations.

Allan B. Kline, president of the American Farm Bureau Federation, was born in 1895 in Dixon County Nebraska. After attending Nebraska public schools, he enrolled in Morningside College in Sioux City, Iowa, and was graduated in 1915. Later he earned a B. S. degree from Iowa State College at Ames. In World War I, he was attached to the 71st Infantry of the U. S. Army, as a sergeant in the medical corps.

In 1920 Mr. Kline and Gladys Remer were married and started farming near Vinton, Iowa, in Benton County. This is a general farming operation in the corn-hog area, with pork production as a major project. In 1937, Mr. Kline was named as Master Farmer.

Mr. Kline's Farm Bureau service includes four years as township director and ten years as president of the Benton County Farm Bureau. He served seventeen years on the board of directors of the Iowa Farm Bureau Federation, including seven years as vice-president and four years as president. Also, Mr. Kline served two years as vice-president of the American Farm Bureau Federation, and since December, 1947, has been president of the American Farm Bureau Federation.

In 1944 Mr. Kline spent two months in Great Britain under the joint sponsorship of the U. S. Office of War Information and S. Office of War Information. He addressed many British audiences telling them of the production and people of the Midwest. He has been in

TO THE VOTERS OF JUSTICE PRECINCT NO. 1, BAILEY COUNTY:

I have entered the race for Constable of said Precinct, and it has been my desire to see and talk to each of you. But my work has not permitted me to do so, as much as I would have liked to.

So everyone remember, I have not slighted you by not seeing you personally, intentionally. So I will appreciate your vote and influence for me. It is the first time I have ever asked for public office. And you see fit to vote for me, I am elected to be Constable. I will endeavor to make you an officer that you will have no regret of casting your vote for me.

Sincerely yours,

TO MY FRIENDS OF BAILEY COUNTY:

Well, friends, election time is here again, and I close my campaign with this last word to you. To those whom I have not seen, please take this as my personal visit with you. The Sheriff's office is an important one in any county. They have to assess and collect taxes, distribute car tags, and serve various legal papers too numerous to mention here. There is not much criminal activity here, but with a certain amount of drunkenness, bootlegging, traffic violations, etc., you can see it is a full time, and not a part time office to fill. It is certain that the most important thing to any man in any county is the personal safety of himself and his loved ones. If you want a full time sheriff, who will be fair and impartial to all, and will appoint qualified deputies, who will be available night and day, to protect you and yours, go to the polls Saturday, July 26, and give me your vote. I pledge all my strength and energy to justify your choice.

Yours Sincerely,

ONE STAR Agriculture

Released by The Texas Department of Agriculture

By John C. White, Commissioner

CROP SPRAYING
Despite of the progress made in modern agricultural methods each year, the farmer is often faced with problems as old as recorded history.

One major obstacle with which Texas farmers will have to contend this season can be traced as far back as Biblical times—the plague of insects. While insect infestations are not expected to actually reach plague proportions in Texas as they have in other parts of the world in 1952, the problem is still a serious one.

Recent inspections reveal that cotton insects, including the persistent and destructive Pink Bollworm, are more strongly entrenched in Texas fields than at any time in the past 40 years. Comparison records of the Pink Bollworm, alone show that for every one of the worms found in South Texas cotton last year, there are ninety (90) this year. The build-up of other harmful insects is almost equally as

heavy. As a result, the farmer can expect a higher ratio of crop damage in addition to a greater expenditure on insecticides.

It will be to the Texas farmer's advantage to follow on organized method of spraying crops this season for the best insect control. The best plan will be to get in touch with county agents and study the seven-step spraying program as set up by the Texas Extension Service.

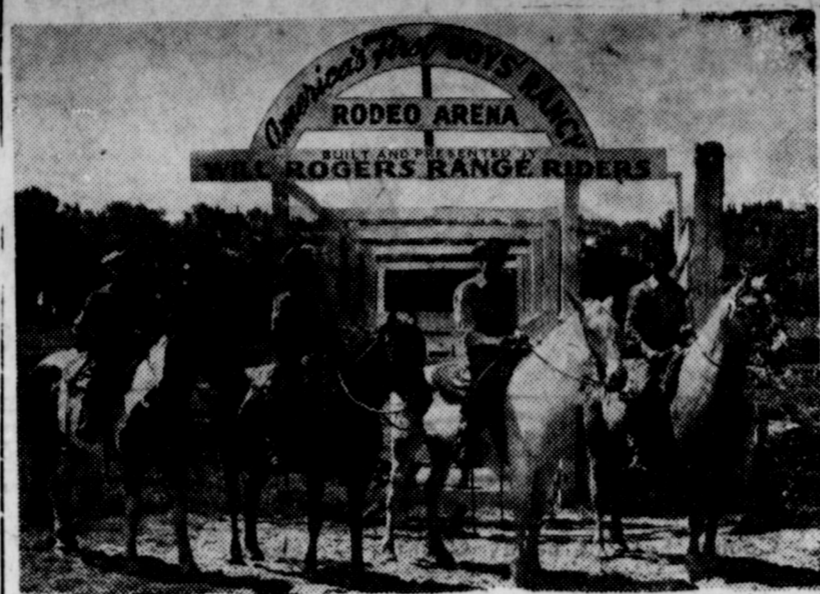

Much of the effectiveness of spraying or dusting is nullified by poor timing. Spraying on a "guess basis" often catches harmful insects in the pupa stage when insecticides and pesticides have little or no effect. It may also do away with some of the useful type insects.

The seven-step program varies over the state but each area has a definite plan set up according to local climatic and insect conditions. This type of spraying assures the farmer of getting the most benefit out of money spent for insect control.

The most effective measure yet found against the Pink Bollworm is strict compliance with planting and plow-up deadlines. These measures are already in effect in areas where the heaviest infestation exists. But the extremely large build-up this season is due partly to the mild winter which failed to kill off the usual number of last year's generations.

The Pink Bollworm can't stand "wet feet" but it does carry over well in dry and mild weather. The farmer will have to practice every control measure possible this year to keep down the present "plague".

Boys Ranch To Host Riding Club

America's First Boys' Ranch, located 40 miles Northwest of Amarillo, Texas, will be host over the Labor Day weekend to the renowned Clay County Bit and Spur Club of Kansas City.

The world-famous riding club has made appearances all over the nation and will make the trip to the Texas Panhandle and Boys' Ranch to assist in the festivities and performances of the Eighth Annual Boys' Ranch Rodeo. A special train with two Palace horse cars will carry the 70 club members and 48 horses to Amarillo from Kansas City.

The blue ribbon parade horses and silver mounted equipment, together with the colorful costumes of the riders, will add much to the young Boys' Rancher's big event. It is estimated that the value of the 48 horses with equipment is about \$336,000.

Also featured in the Boys' Ranch Rodeo will be movie star Chill Wills who is famous for his voice characterization of Francis the mule, Minnie Pearl of Grand Ole Opry fame, Jack Dempsey, former world heavy-weight boxing champ, and the Whippoorwill and Georgia Brown, who are featured with Roy Rogers in all his movies. Phone Workers Get A Raise

President Roy Autry of Southwestern Associated Telephone Company announced in Dallas today the signing of a new one-year contract with the Communications Workers of America CIO calling for an upward adjustment of wages for employees in bargaining unit, increase subject to wage stabilization approval.

The wage increase will cost the company nearly \$335,000 on an annual basis, which will make it necessary for the company to seek further increases in telephone rates.

Social Security Representative To Be Here July 30

Mrs. Juanita Short, Field Representative of the Lubbock Social Security Administration office will visit Muleshoe on July 30 at 9:30 a. m. She will be at the Post Office at that time to give information and service in connection with all phases of the Federal Old-Age and Survivors Insurance program.

Many newly covered workers who were brought under social security on January 1, 1951, are now eligible for benefits for the first time, provided their earnings have been properly reported. Included in the newly covered groups are regularly employed domestic and farm workers, certain State and local government employees, employees of certain nonprofit organizations, and most self-employed individuals.

Workers who are already age 65 or over, and those who will reach age 65 before July 1, 1954 need only six quarters of coverage in order to qualify for old-age and survivors benefits in the event of retirement from employment or self-employment.

If you are 65 years of age or nearing that age, and plan to retire soon, consult your local social security field office for official information about your benefit rights. Or ask for a copy of Booklet No. 35, "Your New Social Security", which is available at any social security office. This booklet explains your rights to old-age benefit payments.

Korea Vets To Get GI Benefits

The President signed into law a new GI Bill for veterans who served in the armed forces any place in the world since the start of the Korean conflict on June 27, 1950.

The new law provides five benefits, all designed to assist veterans in their return to civilian life. Included are education and training; guaranteed or insured loans for homes, farms and businesses; unemployment compensation; mustering out pay, and job-finding help.

The education and training provisions allow a veteran one and one-half days of training for each day in service after the outbreak of the Korean fighting, regardless of where the service was performed, up to a maximum of 36 months.

However, veterans who have previously trained under earlier veterans' training laws — the World War II GI Bill or Public Laws 16 or 894 for the disabled — may get up to 48 months, minus whatever time they've already spent in training under those earlier programs.

Texas Quota For September 1,188

AUSTIN, July 15 — State Selective Service headquarters was called on Tuesday to furnish 1,188 men for the armed forces in September, the state's share of a national call of 30,000.

Brigadier General Paul L. Wakefield, state Selective Service director, said quotas for local boards will be computed and put in the mail next week.

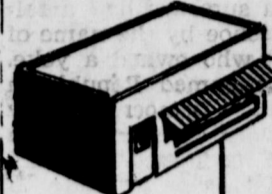

The September quota will be filled with men 20 years old or older. State Selective Service headquarters said that at present that it appears, Texas can furnish around 400 men in September who will be 21 or older. The remainder of the quota will have to come from the 20 year old group.

The local boards will not be able to send any man for induction in September below the age of 20 with the exception of delinquents and volunteers.

The September call compares with an August call of 1,129, previously announced. The September 1951 call was for only 619 men.

State draft headquarters also announced a call for six physicians for military service in August. A call for three dentists in July has been announced previously.

There will be no regular physical examination of registrants

SHIVERS AGIN AUTO INSPECTION LAW; "SHALL CHANGE IT OR REPEAL IT" He Says

By Ben Kaplan, Press Staff Writer

Governor Allan Shivers today said that the new auto inspection law should either be modified or repealed. The Governor told the Press before he left Austin for Houston to make a campaign appearance that he had some ideas for changing the controversial law.

His idea is to take the red tape and confusion out of the law.

"The law was intended to bring about real safety and not inconvenience," said Governor Shivers.

"We need to stop killings on the highways. Texas has become the number one State in the United States for murder on the highways.

"The Legislature passed this inspection law by a vote of 117 to 12 in the House of Representatives and 19 to 9 in the State Senate, with the thought that it would save more than 200 Texas lives each year. If the law fails to do this and instead causes confusion and inconvenience, it ought to be changed or repealed." The Governor said that he would recommend to the next session of the Legislature that it re-study and examine this law in view of the experience and either modify or repeal it.

(Several months ago when it became apparent that the new law was causing inconvenience and confusion Governor Shivers ordered it suspended until it can be reviewed by the Legislature.)

locally-organized water districts. The rules may be enforced when necessary by court injunction to prevent such practices as waste and harmful spacing. Spacing Is Suggested.

One suggestion advanced at the meeting, to avoid any possible conflict over pumping rights, was the spacing of wells one-half mile apart in a half-mile strip on each side of the Texas-New Mexico line.

The New Mexico geologist expressed the tentative opinion that well spacing in the mile-wide border belt would insure against any measurable drawdown from heavy pumping on either side. The matter will be investigated further before any action will be taken, Hi-Plains district officials said.

Hi-Plains Water District Officials Confer With New Mexico Engineer

LUBBOCK, July 21. — A group of Texas water conservationists paid a good-will visit to the New Mexico state engineer, John Bliss, in Santa Fe last week.

The visitors included Tom McFarland of Lubbock, president-manager of Hi-Plains Underground Water Conservation District; Willis Hawkins of Hart, C. J. Taylor of Lockney and George Broome of Anton, precinct directors of the district, and Arthur P. Duggan, Jr., of Littlefield, legal adviser.

New Mexico has a rigid state ownership-control law which requires permits for drilling water wells, prorates the amount of water pumped for irrigation purposes, and provides stiff fines for all offenders.

The Texas law, recently put into operation through the newly-organized district, gives each man uncontested title to the water under his land and puts him on his honor to abide by conservation rules set up by

NEW WAY TO RAKE HAY

faster... better!

SIX-BAR OFFSET REEL MAKES A BIG DIFFERENCE

The Ferguson Side-Delivery Rake is designed specifically for tractor operation. It greatly reduces leaf-shattering... safeguards the quality and value of your hay!

This rake is truly unique. New six-bar offset reel handles hay gently. No pitching, kicking and tossing even at high speeds. Instead, your hay is lifted gently, up and over into light fluffy windrows with the precious leaves turned inward.

True "sideward" raking action reduces the distance from swath to windrow by 50 per cent. There is far less rolling and churning... no sudden jarring.

Tractor-mounted... power take-off driven... Finger Tip Controlled. And it's surprisingly low in price.

NOW you can get **BUICK POWER STEERING†** on the SUPER too!

6-passenger Roadmaster Convertible

It saves your strength - and it might save your life

CAN you imagine parking a car as easily as you steer it on a straight-away?

You twirl the steering wheel with one hand—turn the front wheels until you get the last inch of advantage from Buick's short "turning radius"—spot the car in a tight spot at the curb—or swing out when the car parked in front of you seems impossibly close.

For this alone a lot of people—especially women—are saying that Buick's Power Steering is the biggest advance since Dynaflo Drive.*

But you're going to find out something more as you pile up the miles. You're going to feel the same confident and thrilling sense of command you have always felt in a Buick, because Power Steering only goes into action when extra effort is needed to turn the wheels.

You're going to find that your front wheels track just as they always have—that they automatically swing back on course, after you've made a turn, when you ease your grip on the steering wheel.

You're also going to find that Power Steering takes over when your front wheels hit loose dirt or sand—road irregularities and chuckholes—and smooths down their jerk or tug on the wheel in your hands.

All this adds to the ease and pleasure of driving. But it adds to the safety, too, because, in the rare event of a blowout, Power Steering helps you keep control. There's no sudden and violent jerk ever when this helping hand's on the job.

Add to this the level-gaited serenity of Buick's Million Dollar Ride—the "rarin' to go" exuberance of its Fireball 8 Engine—the spread-out room, the luxurious fabrics—the way this great performer can turn up its nose at gas stations—and there's only one smart thing for you to do:

Drop in — or pick up your phone — and arrange to give this marvel a tryout. Even the price says, Better buy Buick now.

Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. †Now available on Super as well as Roadmaster—optional at extra cost.

Letters to the**

Rev. C. C. Morgan, pastor of Progress Baptist Church, apparently spread the good word about Muleshoe far and wide over the middle west in a trip through that section from which he and his family have just returned. He writes the editor of The Journal as follows:
Dear Editor:
Well, I had a wonderful trip to Madison, Wis. We saw some very beautiful scenery. You should have seen me when I drove through St. Louis, Mo. I didn't run but three stop lights that I know of. On one, there were two cops standing on the corner and I heard one say, "Let him go, he's from Texas."
Then I crossed the Mississippi River just outside of St. Louis. While crossing that great bridge, there was a traffic jam in the center and we sat there some 15 minutes. Wanda Gayle, our 6 year old baby, looked down and

said, "Daddy, what would we do if we slipped?" I wondered myself.

Someone asked me what I thought of the river. I said, "It wonderful, but you should see some of our irrigation ditches in Bailey County."

We then drove to Chicago and O boy, there is where I let them know Muleshoe was on the map. As you know, the Republican Convention was going on. It was hot two ways. They asked me if we still worked oxen down here. I told them sure, we had a fellow in Muleshoe by the name of Myron Pool who owned a yoke. He had one named Republican and the other Democrat. They asked me why he named them such. I said he named them according to their characteristic. In showing them to me he said old Republican was a pretty good old boy but he would balk and take out every time the load got heavy. Then old Democrat would have to pull out. It took everything he could make to keep him up and he could get down the lowest and bawl the loudest and do the least of the two. Of

course I was a part Republican while there, especially while I had Myron Pool's boots on and if I had only had Ernest Locker's moustache to have gone with them, I would have been a full-fledged Republican.

You know, speaking of moustaches, I saw Tom Dewey while at the Sherman Hotel. As for the fishing, well, I can show you better than I can tell you.

You see, we had a wonderful trip, enjoyed every minute of the two weeks, but it is sure good to be back in good old Bailey County.

USDA Calls For Slight Decrease In Country's Wheat Acreage In '53

A 1953 wheat crop about 8 per cent below this year was recommended by Secretary of Agriculture Brannan.

Mr. Brannan set the 1953 wheat goal as 72,000,000 acres. With normal yields, this would result in a crop of about 1,080,000 bushels of wheat, about 170,000,000 bushels below this year's estimated high production.

The crop called for next year compares with production of 987,470,000 bushels in short-crop 1951 and 1,019,389,000 bushels in 1950.

Mr. Brannan said the goal would meet all anticipated requirements for wheat, both domestic and exports, and probably add some to the reserves.

"The large 1952 crop", Mr. Brannan said, "makes it possible to establish a production level for 1953 which is below that of recent years. The goal for 1953, however, is kept on the side of abundance to play safe in the mobilization period. The goal also recognized that wheat, being a universal grain, may be substituted for other grains in case an emergency should arise requiring such use of wheat."

Mr. Brannan said the reduced acreage should give farmers greater opportunity to increase the acreage of feed grains or to move to a greater acreage of grassland.

The national barley goal for 1953 was set as 12,000,000 acres, or a production of about 282,000,000 bushels. This would be about 39 per cent above this year's small acreage.

The rye goal calls for 1,700,000 acres, expected to produce 21,000,000 bushels or about 5,000,000 bushels above estimated 1952 production.

For oats, Mr. Brannan suggested

at least 5,810,000 acres for the 11 southern states where oats are fall seeded. This would represent an increase of about 12 per cent for those states.

Mr. Brannan said goals for other crops will be determined after announced later in the year, well before planting time next spring.

VISITED IN OKLAHOMA

Donna and Sue Actkinson spent last week at Reed, Okla., with relatives.

VISITOR FROM ALABAMA

Mrs. Audrey Kinnebrew of Decatur, Ala., visited last week in the home of her sister, Mrs. J. G. Johnson and family.

CHAMELEON

The brilliant yellow stripes and solid bodice of this simple daytime dress weren't selected for their protective coloring, but they happen to match the sparkling tropical scenery at the Royal Victoria in Nassau. The National Cotton Council also points out the versatility of this Beaumont frock in Dan River Wind-Shed.

SUNLOVER

Five gay cotton bags that once contained feedstuffs for the chickens now double as a becoming change-about costume for a sun-lovin' lass. It's another pretty print from the feed store fashion salon. Worn with the skirt, this outfit could be worn as casual daytime garb almost anywhere, the National Cotton Council says.

EARTH RODEO TO BE HELD THIS WEEK END

The annual Earth Rodeo will be held this week, beginning tomorrow, Friday, and continuing through Sunday, July 27.

Prizes in addition to day money and regular prize money will be awarded winners in the various events, and individuals and firms have contributed merchandise prizes.

CPL. AND MRS. THOMAS ARE VISITING HERE

Cpl. and Mrs. Vernon Thomas of San Clemente, Calif., arrived Friday night for a visit in the home of her parents, Mr. and Mrs. Fred Horn and family, and his parents, Mr. and Mrs. Ira H. Thomas and other relatives.

They will return to their home about the first of August. Vernon is stationed at Camp Pendleton at San Clemente.

**For A Second Term
ALLAN SHIVERS
FOR GOVERNOR**

THE TRUTH ABOUT OLD AGE ASSISTANCE

Governor Allan Shivers wrote and helped pass the first Old-Age Assistance Law in Texas.

He stands for equitable distribution of funds for the needy.

Two years ago he was one of the leaders who tried to get more money for the aged, a cause that failed because the voters disapproved a constitutional amendment.

Governor Shivers has, in the past and will in the future, advocate making available to our deserving aged citizens not merely enough for a meager existence, but sufficient funds to carry them through the evening years of life as proud, dignified citizens.

An increase of \$5 in each pension check is due next October.

THE TRUTH ABOUT COUNTY ROAD FUNDS

Farm-to-market road building has been the greatest in history during the Shivers administration.

During Governor Shivers' administration, Bailey county has received rural road benefits from state highway user taxes as follows:

License fees \$165,467.95 road bond surplus \$70,317.74, construction of farm-to-market roads \$101,800.00, authorized but not under construction \$141,000.00.

In this county, 16 miles of farm-to-market roads have been built, and an additional 25 miles have been authorized for construction, for a total of 41 miles.

Governor Shivers' administration has consistently supported the Bailey county road building program and will continue to do so in the future.

Together we will continue to build a greater Texas Allan Shivers

BABSON DISCUSSES

Farm Possibilities

Babson Park, Mass., July 18 — Although the present Real-Estate Boom is ending I don't want my readers to sell "sustenance" farms held as insurance. When we gaze upon our bountiful dinner tables, it hardly seems possible that our grandchildren may have to face semi-starvation. In spite of the fact that the U. S. is rated the best-fed nation, there are signs of "starvation"; that is, certain diseases even now are due to a deterioration in our diet.

SHORTAGE OF CROP LAND
Since 1880 the population of the U. S. has increased threefold—from about 50 million to about 155 million in 1951. Available crop land on the other hand, has increased less than two and one-quarter times—from 188 million acres in 1880 to about 408 million acres in 1951. Further-

more, the net production of available crop land is both lagging the growth in population, and comparatively has been leveling off since 1920.

The increase in crop land from the late 1800's to its peak in the early 1930's came primarily from the release of grazing land for horses and mules. This source of increase in farm land, however, is passing out of existence. With the trend towards greater use of livestock and dairy products, more crop land will have to be used for raising cattle, sheep and poultry. This will further reduce available crop land.

OUTLOOK FOR THE FUTURE CROP LAND
Moreover, since 1930 long-range Government planning has provided new sources of crop land. The draining of swamp-

land, together with new irrigation projects, to reclaim desert wastes, has already added 38 million acres of crop land to our economy. Looking ahead another 25 years, 45 million more acres may be added.

Thus, in 1975 we should have a total of 500 million acres of crop land. At the present rate of population growth, however, many more millions of acres will be needed to feed our nation on present day diet standards. This means that certain farm and pasture land may be the safest investment in which to have our money even if acreage prices decline.

THE ROLE OF RESEARCH

Fortunately, agricultural research has brought forth fertilizers, insecticides, improved farming machinery and techniques, such as crop rotation. This has enabled farm output to continue to rise even after the increase in available crop land has leveled off. Continuing research should do much to help reduce the anticipated deficit in crop land; and, in addition, it should make our available crop land even more valuable, especially in case of World War III.

Unfortunately, many farmers fail to realize that fertilizers and insecticides will not provide a solution to the problem. They are merely supplements, the same as vitamin tablets are only supplements to human diet. Despite improved fertilizers and insecticides, and despite improved agricultural techniques, the fertility of our crop land is declining in some sections as much as 1% a year, or perhaps 15% in 20 years. Farmers have not been able to completely neutralize the damage caused by floods, soil erosion, and soil deterioration resulting from the abnormally high crop production during the past decade. The effect of this "mining" of crop land is a very serious factor.

FARMERS BEWARE!

Here are some practical suggestions:

- (1) Urge your children to stay in a farming community instead of settling in some city which will be bombed in World War III.
- (2) Temper demands upon the soil and conserve what crop land you already have, and at the same time nurse the depleted soil back to normal. Our foreign aid program should point more to making other nations self-supporting as to food.
- (3) It is important to cut our waste of food. The "Johnny-come-your-plate" attitude must return to every household. This is a job for the parents, and it is just as important as the "Three R's."
- (4) Don't sell good pasture or timber land to take a profit in paper dollars. Such land should further increase in value; while paper dollars and many bonds and stocks will become less valuable.

SAND HILLS PHILOSOPHER

Says Delegates And Voters Sometimes Make Wild Promises Themselves

Editor's note: The Sand Hills Philosopher on his Johnson grass farm still has politics on his mind, his letter this week reveals.

Dear editor:
It's hard to realize, but sometimes national candidates don't display any more political insight into human nature than the county candidates. They can be taken in by promises the same as the voters.

Take Senator Taft, now. A pretty smart man, good legal mind, but somebody sure did impose on him. If you recall, his managers wired all the Republican delegates ahead of the convention asking in them for their support and they got back enough favorable telegrams to put him over, and Taft pointed to that stack of wires and said it was in the bag, but somebody must have been kiddin somebody, as he lost.

It reminds me of a situation over in another county a few years back. Follow by the name of Arthur Jones was runnin for

re-election as county clerk.

He was down in a community in one end of the county one day on an electioneerin trip and before he got started he headed for Jake Wade's store, since Jake was sort of the king pin in that area.

"Why, Arthur, what are you doin campaignin around here?" Jake asked. "It's not necessary. Everybody around here is gonna vote for you anyway. Go on back to the court house and save your money."

"Well, thanks, Jake" Arthur said, with a pleased look. "I felt that way about it all along, but I'm sure glad to hear you say it," and he put his campaign cards back in his pocket and went on back to the court house.

On election night, Arthur was bowled over when the election returns came in. He lost two to one, and in Jake's community he lost four to one. He was also flabbergasted to learn Jake had been his opponent's campaign manager in that area, in fact Jake's wife was his opponent's first cousin.

We learned long ago out here in politics you just don't take nothin for granted, but apparently this information ain't trickled up to the national level yet. Candidates ain't the only

Whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life. (John 4:14.)
Read John 4:7-14.

One summer day, a traveler strolled for rest and pleasure near the mouth of a large river. Coming at the time when the ocean was at low tide, the traveler saw a splendid spring of pure fresh water, clear as crystal, gushing up from the rocks. Twice a day the salt tide would rise above that beautiful fresh water fountain and cover it. But when the tide spent its force and went back again to the ocean's depths, the spring would send out its pure water.

If the human heart be really a fountain of love to Christ, it will send out its stream of fresh, sweet water even into the midst of the tides of politics, business, and social activities. The tides of life and its interests may seem to overwhelm and engulf. But

when the world has spent its strongest, bitterest force, those who have within their hearts the abiding presence of the Holy Spirit will still be victorious. They will come forth with clean hearts, pure hearts, the mind of Christ, and a conscience free of offense toward God and man.

PRAYER
Our kind, heavenly Father, Thy mercies are ever toward us. This day give us courage and faith and love. Let no difficulty conquer us, no discouragement cause us to lose heart, for we are alive to Thee, through Christ. Amen.

THOUGHT FOR THE DAY
Christ sweetens the wellspring of the heart.

Me—Advising a Banker!

The Missus and I were invited to dinner over at Balesville the other night. I sat next to a banker from the state capital.
"Mighty nice country you've got down there," he says. "Don't be surprised if I come to live there myself. In a few years I plan to get away from everybody, buy a farm and just take it easy."
"Well," I told him, "we'd like to have you. But when someone plans to buy a farm and 'take it easy' he often winds up working harder than ever. It takes work to run a farm right no matter how many hands you can afford to hire."
"And from where I sit," I continued, "you won't 'get away' from people either. Neighbors are plenty important in a farming community—whether it's helping one another out or just friendly visiting over a sociable glass of beer." "Hard work and neighbors dropping in all the time?" he asks, looking at me over his glasses. Then he smiles and says, "Sounds wonderful. You've just sold me on a farm."

VOTE FOR JESSE M. OSBORN
For STATE REPRESENTATIVE
96th Legislative District

Bailey, Castro, Deaf Smith, Lamb, and Parmer Counties.
Subject To Action of Democratic Primary, Saturday, July 26, 1952.

All politicians favor popular laws, but the life history of Jesse M. Osborn proves beyond doubt that he will devote his sincere efforts toward the following goals:

1. Return of the Government to the People.
2. Control of our underground water by the local people. Also protecting irrigated farms from drainage by cities or municipalities.
3. Putting teeth into a new and strong State Warehouse law which will protect the farmer who stores grain in a Government Warehouse.
4. Always has and still favors Farm-To-Market Roads.
5. Fair treatment for Agriculture, Labor and Industry.
6. Laws that will bring about prompt prosecution of corrupt and disloyal officials and government employees.
7. A better school system in Texas, including adequate pay for school teachers.
8. Cutting government expense in use of the tax payers money.
9. Laws which will permit nomination and election of the President by direct vote of the people.
10. Continuation of Old Age Assistance and adequate support for the blind and dependent.

Mr. Osborn is a successful business man, rancher and farmer. He understands the needs of this district and we know that he will fearlessly and honestly represent us to the best of his ability. He is a busy man but he will find sufficient time to devote to the office. He will also watch the spending of state money. This, we feel, is most important.

Born in Okalona, Ark., Aug. 14, 1894, Mr. Osborn came to this area in 1924, when he became associated with the Friona State Bank. He remained in Parmer County until 1931, when he went to Muleshoe with the Muleshoe State Bank. Mr. Osborn is now engaged in farming.

"Many of my friends have come to me and asked me to make this race", Mr. Osborn said. "If the people see fit to elect me to this office, I will do my best to represent these five counties honestly, to their best interests, and to the welfare of the State of Texas. If I could not go to Austin without obligation to any person or group of persons, I would not go at all."

Mr. Osborn has never before sought or held a public office, but has always taken an interest in community affairs.

 It's exactly the same service that kept test cars new in Conoco's spectacular "50,000 Miles—No Wear" road test!
 In that famous 50,000-mile test, with 1,000-mile drains and proper filter service, test car engines showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000.

Shivers Refutes Roads Claims Of His Opponent

Governor Allan Shivers this week accused his opposition of making "fantastic" charges in a last minute effort to minimize the greatest farm-to-market road building program in Texas' history.

"The record shows that during my administration, there have been more miles of paved rural roads completed in Texas than anytime in history," Governor Shivers said. "And this is just the beginning, the program is just getting started."

"Yet in a desperate effort to confuse the people, this Washington picked candidate for governor has plucked a lot of fig-

ures out of thin air, pieced them with some utterly ridiculous conclusions and passed them out as true facts."

Governor Shivers said that a tabulation of the distribution of state highway use tax money to counties revealed that \$478,585 had been channeled to Bailey county for road building purposes in the county during the Shivers administration.

The figures show that since Shivers became the state's chief executive, a total of \$101,800 had been spent or is being spent in Bailey county for the construction of 16 miles of farm-to-market roads. In addition, the expenditure of \$141,000 for 25 more miles of paved rural roads has been authorized for this county and construction will begin in the immediate future.

These figures prove conclusively that the Shivers administration has consistently supported local governments in their ef-

Davis-Lenderson, Local John Deere Dealers, Announce Two New Tractors

Two new heavy-duty 2 and 3-plow general-purpose tractors—the John Deere Models "50" and "60" were announced Saturday, July 19, by Davis & Lenderson.

At the Announcement Day, which included the first public showing of the Model "60", Jack Lenderson and Shorty Davis stated these new tractors replace the Models "A" and "B", in the John Deere line.

Among the major advancements featured on the new tractors, Davis & Lenderson listed duplex carburetion, "live" power shaft, "live" high-pressure Powr-Trol, quick-change wheel tread, effortless steering, and new, more practical styling. These new features, he added, mean stepped-up tractor performance, easier handling, greater comfort and convenience, and better all-around economy.

forts to give rural paved roads, it was stated.

Governor Shivers has repeatedly said that he favors a paved road within sight of every farm and ranch house in Texas. The fact that the State already has plans to build 25 more miles of farm-to-market roads in this county alone is proof enough that there is going to be no let-up in the road building program in this county, it was said.

A breakdown of benefits received during Governor Shivers administration by this county from highway use tax money further shows that the county has received \$165,467 in license fees and \$70,317 has been paid this county in road bond funds.

CHRISTIAN SCIENCE SERVICES

That man's reason for existing is to "bear witness unto the truth" as Jesus taught, is stressed in the Lesson-Sermon titled "Truth" to be read in all Churches of Christ, Scientist, on Sunday, July 27.

"It is the Spirit that beareth witness, because the Spirit is truth" (I John 5:6), states the Golden Text.

Further explaining how to bear witness to truth are these words of Paul: "Study to shew thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth" (I Timothy 2:15).

Also included in the Lesson-Sermon will be this citation from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Your influence for good depends upon the weight you throw into the right scale. The good you do and embody gives you the only power obtainable. Evil is not power. It is mockery of strength, which erelong betrays its weakness and falls, never to rise" (page 192).

TAXES

and telephone service

Taxes are necessary. Without them, local, state and federal governments could not exist. Today, under the pressures of a world emergency, taxes must be high.

Telephone service is a necessity also. Yet, in many instances this necessary service is being taxed at rates much higher than those imposed on luxury items—furs, jewelry, luggage, cosmetics and even cabaret entertainment.

Some 15 separate taxes are levied on the telephone company's operations and income. These taxes amounted in 1951 to over a million dollars.

In addition, Federal Excise Taxes add roughly 20% to your monthly telephone bill. The excise tax is levied directly on you, the customer, but collected for the government by the telephone company. Over half this payment represents a tax on tax money!

You, as a telephone customer and as a citizen, should know these things.

YOU CAN HELP PREVENT A MONOPOLY

On April 3, 1911, Governor O. B. Colquitt signed a bill creating the Court of Civil Appeals at Amarillo, which decides appeals in civil cases tried in the courts of Bailey county and 45 other panhandle and south plains counties. In its history, there have been 17 judges serve the court, all of whom came from one of 8 counties in the 46 county district. There are 38 counties which never had a judge on the court. Bailey county never had one. Garza county never had one. A vote for Judge Joe S. Moss of Garza county for Associate Justice is a vote for Bailey county and 37 other counties which never had a judge on the court. Vote for Moss. A Civil Judge for a Civil Court. SOLVE YOUR PLOWING PROBLEMS WITH MM WHEATLAND DISC PLOWS

For plowing stubble or sod, MM Wheatland disc plows do a superior job and often cut plowing costs as much as 50%. They thoroughly mix trash with soil to increase moisture absorption and to prevent soil blowing. They do not leave air pockets. MM Wheatland disc plows have a wide range of adjustments of disc angles from 40 to 60 degrees. Adaptable to any size farm... offered in 4, 6, 8, and 10-foot sizes.

MM Wheatland disc plows can be set to plow at any depth from 3 to 9 inches, and one of their big advantages is that they hold their work at the depth for which they are set. Electrically heat-treated discs are 26 inches in diameter. MM larger-diameter discs turn soil better. Disc bearings never require lubrication, and a special end-thrust bearing takes all end thrust of the entire gang assembly. See us for complete facts.
