### Bill Dudley Receives Science Honor

Bill Dudley, son of Mr. and Mrs. Jim Dudley and Ozona High School senior, was one of 300 students selected for the Honors Group in the 37th Annual Science Talent Search. The top 300 were selected from a total of 967 entries from over the United States.

Bill's entry was a 2,000 word research paper on astronomy entitled "Spectral Photography of Selected Nebulae."

The outstanding student scientists include 75 girls and 225 boys. The students selected represent the best of their graduating classes. Bill was one of the seven Texas students selected.

In February, 40 members of the Honors Group will be announced as the top winners of the Search. They will be invited to Washington, D.C. for the five-day Science Talent Institute to be held March 2-6, during which they will be judged for \$67,500 in scholarships and awards.

Bill plans to attend Rice or Southern Methodist University and major in computer science.

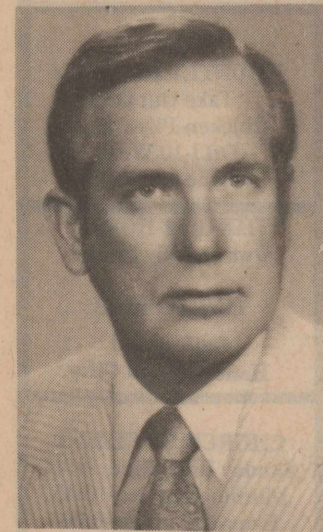

### Brian Gries On A&M Honor List

Brian Gries, son of Mr. and Mrs. Terry Gries and a freshman student at Texas A&M, has been notified of designation as Distinguished Student, due to his academic record at the school.

His name has been posted on the Dean's Honor Roll by the Office of the Dean of Engineering. Brian is attending the College of Engineering at A&M.

### Pete Snelson Asks For Re-election To Senate

Citing a record of accomplishment, Senator Pete Snelson of Midland today announced his candidacy for re-election to the Texas Senate for District 25 which includes Crockett County.

PETE SNELSON

Snelson, is chairman of the Intergovernmental Relations Committee, often called "the work-horse committee" because it handles more than 300 bills each session. He ranks sixth in seniority in the Senate where he represents some 400,000 people in the 35 counties of the 25th Senatorial District.

"I have been dedicated to responsible courses of action in both state-wide concerns and the needs of the people in this district," Senator Snelson said, "and as a result I believe that I have made a substantial contribution to West and South Texas and the entire state through my service." Add-

THE BEST COOKS IN THE 4-H FOOD SHOW held here Saturday at the Civic Center are this group of girls. They will represent the county at the District 4-H Show in Crane.

They are back row, l. to r., Felice Delgado, Wendy Hood, Melinda Hokit, Rebecca Everett and Gigi McKinney. Front row, Amy Jones, Kim Baker and Mabel Delgado.

### 50 4-H Members Participate In Crockett Co. Food Show

The Annual Crockett County 4-H Food Show was another big success Saturday with 50 4-H members participating. The show was held at the Civic Center, and around 100 parents and guests attended the tasting tea and awards presentation which followed the judging.

High scoring senior 4-H members were Melinda Hokit in Main Dish, Mabel Delgado in Side Dish, Rebecca Everett in Breads and Desserts, and Gigi McKinney in Snacks and Beverages. First alternates in the Junior Division were Debbie Furr, Andy Dews, Maricella Payne, and Lydia Hayes.

The Crockett County 4-H winners will represent our county at the District Food Show in Crane on March 4. Judges for this year's show were Barbara Arendt, Ilene Stewart, Lola Hernandez, and Sarah Mahan from Sonora; Janet Powell and Su Scott from Eldorado; Connie Terral and Julie Hunt from Big Lake.

Mrs. Herculano Delgado was the chairman of this year's show. The Food Show planning committee included all the Crockett County 4-H Food Leaders. Junior Leaders for this year's food projects were T.J. Carlisle, Oneita Carlisle, Gigi McKinney, Rebecca Everett, Veronica Guerra, Elsa Delgado, Mabel Delgado, Nancy Bench, Jana Chaney, and Jennifer Naron.

The Southwest Texas Electric Cooperative, Inc. sponsored the ribbons and rosettes for this year's show. Sponsors for the trophies were Baker's Jewelers, Jacks Supermarket, Ozona Television System, Jim's Foodway, Tite Bishop Welding Service, Maxine's Flowers, Brown Furniture Company, and Village Drug. The Ozona Home Demonstration Club presented handmade hot pad holders to each contestant.

Complete results for the food show are: Junior Division, Main Dish, Blue Ribbons--Debbie Furr, Amy Jones, Cassi McPherson, and Shelly Smith; Red Ribbons--Leisa Bell, Michelle Couch, Jerry Lynn Martinez, and Deena Beth Phillips. Side Dish, blue ribbons--Kim Baker, Andy Dews, and Kristal Williams; Red Ribbons--Tammy Cooke, Tonya Ruthardt, Paula Sessom, and Jamie Smith. Breads and desserts, Blue Ribbons--Nancy Bench, Raedene Flores, JoAnne Hearne, Wendy Hood, Brenda Ledbetter, Dona Lilly, Maricella Payne, Alma Kay Ramos, Vicki Reagor, and Pam Wilton; Red Ribbons--Gayla Bell, David Morano and Sandra Hearne. Snacks and Beverages, Blue Ribbons--Rita DeLaRosa, Felice Delgado, Lydia Hayes, Julie Reagor, and Marilyn Wester; Red Ribbons--Tina Beebe, Sherri Buckner, Don-

na Furr, Vanessa Miller, Melissa Payne, Katrina Phillips, Kim Williams, and Dennis Young. Senior Division, Main Dish, Blue Ribbons--Melinda Hokit, Red Ribbons--Oneita Carlisle; Side Dish, Blue Ribbons--Mabel Delgado, Jennifer Naron; Bread and Desserts, Blue Ribbons--T.J. Carlisle, Jana Chaney, and Sarah Mahan from Sonora; Janet Powell and Su Scott from Eldorado; Connie Terral and Julie Hunt from Big Lake.

### Historical Society Elects New Officers

The annual meeting of the Crockett County Historical Society was held Monday evening, Jan. 30, in the Civic Center. Election of new officers was the first order of business.

Heading up the new slate of officers is W.R. Baggett, president. Mrs. Hubert Baker was elected vice-president; Mrs. R.A. Harrell, secretary-treasurer; Mrs. P.L. Childress, Museum director, and Ted White, W.D. Cooper, Jim Read and Mrs. L.B. Cox, directors.

Mrs. Childress reported an inventory of all items in the Crockett County Museum had been completed and that Museum attendance for 1977 totaled 935 persons.

A motion that a trip to Horsehead Crossing and other sites of historic interest be arranged, if feasible, with friends from Pandale, was made and carried.

A small but enthusiastic group talked on the subject "I Remember Ozona When--". A former teacher told of many early weekends when cars would line up every Friday at the schools to gather up the children and take them to the ranches--always, it seemed that every car had a huge bundle of laundry in the back seat ready to be washed on the faithful Maytag washer at the ranch. Tales of wolf hunts when Bruce Drake's wolf hounds, turned loose on a high point, would make short work of the unlucky wolves, the squeaking town windmills on the hill, the ice plant and light plant motors, dusty, unpaved streets and roads and deep, muddy ruts, stage coach rides with high spirited horses, music in the shearing camps, marbles of every kind, Community Christmas trees in the courthouse, various means that were used to keep Ozona "Dry", all were part of the remembering. A pot-bellied stove that warmed a whole house brought forth the tale of one ranchman who, when in camp, would put his dog in the bottom of his sleeping bag to keep both warm!

It was noted, due to illness, Mr. and Mrs. Homer Schwalbe of Stanton were absent from the meeting for the first time in many years.

A vote of appreciation was given by the group to Mrs. Clay Adams, retiring president.

The next meeting will be on Monday evening, April 17 and guests are always welcome.

### DeHoyos Sues Marley Over Prec. 1 Election Results

A suit was filed in 112th District Court here Monday by Luis M. Segura, San Antonio attorney, on behalf of Sostenes DeHoyos against Jesse Marley contesting the results of the Special Run-off Election held January 7, for Crockett County Commissioner, Precinct 1.

The petition claims that of the 743 votes cast, 348 were counted for DeHoyos and 380 for Marley, 14 votes challenged and not counted, 2 votes signed on back and declared mutilated, and 1 vote was blank. In the suit, DeHoyos claims that the votes challenged were cast for him and that not counting the votes was illegal, the two mutilated ballots were for him and should have been counted for him, and the blank ballot was also intended for him.

He also claims that there were a great many votes cast by electors who were non-residents of Precinct 1, and unqualified to vote. Also, "said illegal votes would do change the results of said election."

The document as filed asked that the cause be set by the court and given precedence over all other causes as provided by law.

That the election be declared void and a new Special Run-off Election be ordered, or that the election boxes, both absentee and regular, be re-opened and all ballots recounted and the correct return made, and that all voted illegally cast, as described earlier, be subtracted from Marley's total votes.

The suit also asks the court to declare Sostenes DeHoyos entitled to the office and the winner of the election, also that he recover his costs and that he have such other and further relief "at law or in equity to which he is justly entitled."

Attached to the original petition and marked Exhibit "A" is a list of 63 persons

who DeHoyos claims are not qualified residents of Precinct 1, and asked that their votes be thrown out. The list contains names of persons who did not vote in the election as well as incorrect names and misspelled names. The following list appears as Exhibit "A" exactly as filed.

James Adkins, Debbie Carol Adkins, James Roy Armentrout, Mary Lynce Jargn Armentrout, Shelly Jones Connors, Thomas Rily Conneros, Alvy Ray Taylor, LaVerne West Taylor, Tommy Weddle, Mrs. Tommy Weddle, Karen Moody, Mrs. Paul Perner, Marie Perner, William Ponder Seahorn, Jilian Martin Seahorn, Rebecca Seahorn, Paul Perner, III, Ginger Womack Perner.

Also Mrs. Bill Seahorn, Charles Childress, Nancy Childress, Joe Tom Davidson, Donna Hill Davidson, R.J. Everett, Jr., Martha Bailey Everett, Regina Jean Everett, John Lee Henderson, Jr., Martha Bailey Henderson, Virginia Leigh, John Leigh, III, Helen Henderson, Sam Poerner, Valta Poerner, Nora Poerner, Louise Poerner, Arthur Phillips, Bernice Phillips, Joe Sellers Pierce, III, Dorothy Henderson Pierce, Jack Wilkins, Carolynia Kauffman Wilkins, Steve Wilkins, Belinda Wilkins, Earl Acton, Pam Acton, Fred Chandler, B.B. Atwell, David Atwell, Evangelina Atwell, Amilo Arrelando, Jim L. Baker, Mrs. Jim Baker, David Jacoby, Jesus Sanchez, Juanita Sanchez, David Sanchez, Fernando Sanchez, Maricella Sanchez, Christina Sanchez, Luis Rios, Heriberto Gutierrez, Lorena Lopez Gutierrez and Fannie Sanchez.

In an interview Monday, present Commissioner Jesse Marley pointed out that officials had followed to the letter a federal order declaring the 1976 election void and setting a special election for the unexpired term with precinct lines returned to the pre-1974 boundaries. He said the suit seemed to be just further harassment of him personally by the DeHoyos supporters.

Marley was called into court for the first time when he beat Armando Reina several years ago for the post.

Reina brought suit claiming that Marley was not a resident of Precinct 1. The court found for Marley, but his legal expense was paid out of his own pocket. The Special Election December 10, 1977, for the unexpired terms of commissioners, Precinct 1 and 3, was a direct result of Marley beating DeHoyos in the run-off in June, 1976.

The most recent legal action was taken after Marley beat DeHoyos by 32 votes in the January run-off using the old precinct lines.

No action had been taken by the court at press time.

Marley was called into court for the first time when he beat Armando Reina several years ago for the post.

### Airport Meeting Is Wed.

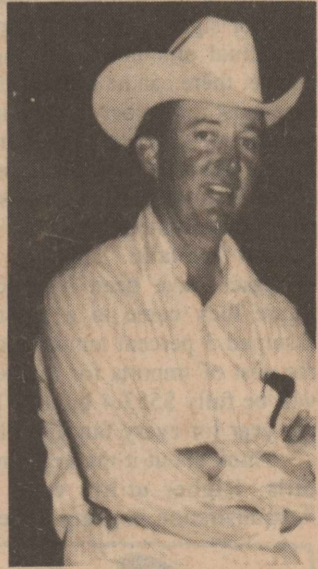

Airport development needs of Crockett, Reagan, Schleicher and Sutton Counties will be aired at a meeting Wednesday, Feb. 8, at the Civic Center at 10 a.m.

The meeting will be conducted by the Texas Aeronautics Commission. Participating in the meeting will be city and county elected officials, airport managers, representatives of the Concho Valley Council of Governments and other citizens.

All area citizens with an interest in air transportation and airport development are invited to attend. Anyone wishing more information may call Mary Joan Heane, airport manager, or County Judge Johnny Jones.

### Bill Black Files For Re-Election

Bill Black, County Commissioner, Precinct 2, authorized The Stockman to announce his candidacy for re-election to that post this week, subject to the May 6 Democratic Primary.

BILL BLACK

Black, a local rancher, first was elected to a two-year unexpired term. He is finishing his second 4-year term in office.

In announcing his candidacy, Black said, "I feel that if re-elected, I can be beneficial to the court and to the county because of past experience."

He added, "I would like to thank the citizens of Precinct 2 and the county as a whole for the cooperation and support received while in office. Your continued support in my campaign for re-election will be greatly appreciated."

### State Rep. Susan Gurley McBee Asks Another Term

Representative Susan Gurley McBee of Del Rio has announced that she has filed in the Democratic Primary for re-election to the position of State Representative District 70.

District 70 includes Brewster, Crockett, Edwards, Kinney, Maverick, Sutton, Terrell, Val Verde and Zavala Counties.

SUSAN G. McBEE

"It continues to be an honor as well as a pleasure to represent this district in the Texas House," Mrs. McBee stated.

Representative McBee serves as Vice-Chairman of the Calendars Committee and Vice-Chairman of the Elections Committee, as well

as being a member of the Agriculture and Livestock Committee. She also represents Texas on the Rural Development Committee of the National Conference of State Legislatures, which meets periodically across the nation.

In addition to her regular committee assignments, Mrs. McBee represents the House of Representatives on the Texas Election Code Revision Commission and is a member of the Legislature Council. She currently is Chairman of a subcommittee on Eminent Domain and Chairman of a subcommittee on Presidential Primaries.

"Having served in the 64th and 65th Legislatures, I feel that my legislative experience, knowledge, and seniority will enable me to work effectively for the best interest of District 70 and its citizens. Certainly I continue to pledge honest, fair and enthusiastic representation for all residents of this area," said Representative McBee.

Susan McBee, who is a fourth generation Val Verde County resident, is an honors graduate of Texas A&M University, where she majored in Spanish. She is married to Larry McBee, a rancher, and is the mother of an eleven year old son, J.R. Prior to her first successful legislative race in 1974, in

THE ENERGY PROGRAM: PROMISES, PROMISES

By Guest Columnist: Rep. James Collins (R-TX) (Mr. Collins is a member of the House Conferees now considering the energy bill)

The Administration's controversial energy program, now snaking its way through Congress, promises much, but delivers very little in the way of guaranteeing the American people the fuel they need to heat and light their homes, cook their food, and run their factories.

In fact, the program, as it has emerged from the House, offers just the opposite according to a study by The Heritage Foundation — higher prices, shortages of both oil and natural gas, and a guaranteed half-a-trillion dollar trade deficit over the next eight years.

The bottom line is that the energy program guarantees only one thing — a greater than ever dependence on foreign oil, increasing America's vulnerability to Arab blackmail, and threatening our ties with our only true Mideast ally, Israel. It's a high price to pay.

Much of the measure consists of tax programs intended to either encourage or discourage some sort of activity in the energy area. While the Administration has repeatedly emphasized that the taxes will be rebated, the fact is that in many instances they will not be returned.

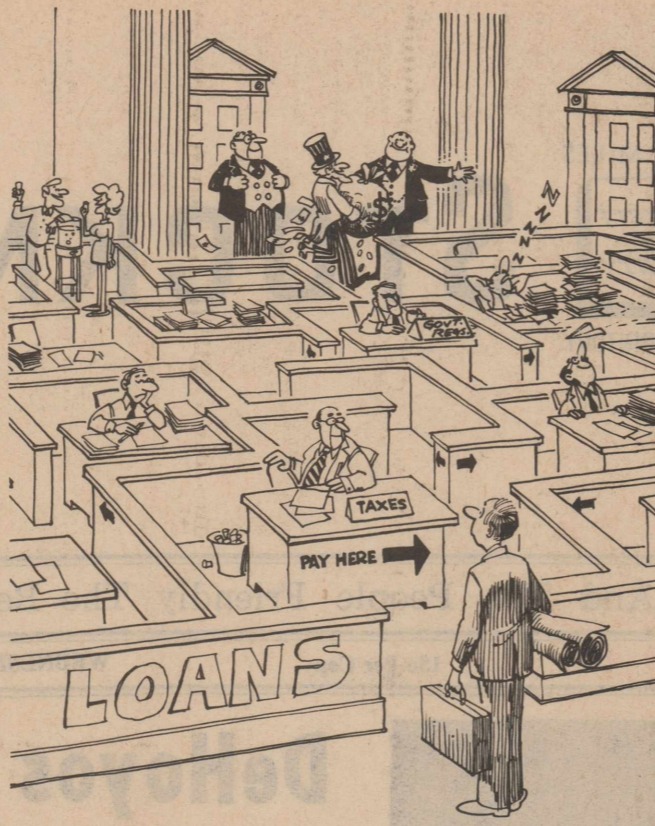

The majority of the tax revenues under the Carter plan will wind up in the federal coffers and quite possibly eventually be used for social programs. For example, while the Administration claims that all of its crude oil tax will be rebated, in fact only 75 percent will be, leaving \$24 billion out of \$96 billion to be eaten up by administrative and similar costs.

Other costs associated with the Carter energy program are more difficult to identify than taxes. For instance, as we depend on increasing amounts of imported oil, we not only pay higher taxes, but become more vulnerable to economic dislocation as well. One thing is certain: the energy bill in its current form is going to significantly raise costs to the public and at the same time, tend to create severe disincentives for the exploration and development of additional oil and gas reserves. As a result, we will have to import \$553 billion worth of foreign oil between 1978 and 1985. In fact, Heritage energy expert Milt Copulos estimates that by 1985 nearly 70 percent of our oil will have to come from foreign sources.

This is really the one aspect of the Carter energy program which has received relatively little attention. While there are some OPEC members who take a more moderate view of price increases, many of them are pushing quite hard for significant escalations in the cost of crude. While the actual amount of the increases is obviously open to debate, there can be little doubt that they will be significant. One must remember that the initial increase voted by OPEC was nearly 400 percent. There is no reason to believe that the members of OPEC will be content to merely keep pace with inflation. For the purposes of the Heritage estimate, it has been assumed that OPEC increases will average only 3 percent annually. This, of course, is far less than the increases have been historically; however, even at this figure they come to a substantial amount. Based on an assumed 3 percent annual increase in the real price of oil, the cost of imports for the period between 1978 and 1985 will be fully \$553.4 billion. This amounts to over \$988.00 per year for every family in the United States.

Think about it the next time you pay one of your utility bills. Higher utility costs is one promise the Carter Administration is going to keep.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN—Movements are underway on several fronts to improve the state's income on billions of dollars in public funds it invests at interest.

—State Treasurer Warren G. Harding announced creation of a money management task force to review fiscal policies.

—A House cash management committee also is exploring steps needed to improve state earnings.

—The issue of state money management is a live campaign issue in the state treasurer's race.

In the interest of increasing income, Harding said he already has increased the percentage of funds invested at interest from 85.7 per cent to 88.3 per cent. The remaining 11.7 per cent is in demand accounts to pay outstanding bills.

If all outstanding state warrants came due at once, the Treasury Department would be \$113 million short of having enough cash to pay up immediately, the legislative committee was told. However, chances of an immediate demand on all outstanding warrants is remote.

The issue boils down to just how much ready cash the state should keep in non-interest-bearing accounts, Rep. Frank Hartung of Houston maintains studies show states can operate with only one to five per cent of their funds in "demand" (non-interest) accounts. But others feel that is cutting it a little too thin.

Other proposals for improved money management include consolidation of state funds held by agencies outside the treasury for investment purposes and pooling of local government funds under an investment expert's guidance. The latter apparently will prove too controversial for the study committee.

"I'm not going to have anything to do with telling a county how to run its business," said Rep. Bill Heatly of Paducah, a committee member.

Reagan To Visit Presidential contender Ronald Reagan will campaign in Texas February 22-23 for four Republican congressional candidates.

The former California governor, on his first campaign swing through the state, will visit Longview, Garland, Lampasas, Brownwood, Abilene and Fort Worth.

He plans to give his personal support and endorsement to Frank Glenn in the East Texas fourth district, Tom Pauken in the fifth (Dallas) district, Jack Burgess of Waco in the 11th district and Bill Fisher of Abilene in the 17th district of West Texas.

Reagan will wind up his Texas visit at a \$50-admission reception in Fort Worth to raise funds for the state Republican party.

Appointments Announced Gov. Dolph Briscoe reappointed Durwood Manford Jr. to the State Board of Insurance for a term extending until 1983. Manford has served since 1961.

THE NEWS REEL as gleaned from the files of "The Ozona Stockman" THE LIONS ROAR

Thursday, Feb. 3, 1949 1949 car license tags go on sale here Feb. 10, announced Mrs. Gertrude Perry, office deputy at the sheriff's office.

you and the LAW PRESENTED BY THE STATE BAR OF TEXAS

Q: For the past year I have been paying my sister to babysit with my child during the day while I am at work. Can I claim a tax credit for child care expense under the new tax reform law? A: When you figure your credit, you may include payments you make to relatives who are not your dependents for the tax year, even if they are members of your household, provided the services of the relatives qualify as employment subject to social security tax. If your sister is listed as one of your dependents, then you cannot claim a credit for the child care. To otherwise qualify for the credit you must be gainfully employed or actively searching for a job during the year, your expenditures must have been necessary for you to keep your job and you must have a qualified individual, such as your child.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

February usually begins to come alive with daffodils, but since so much cold weather, they may show their faces later this year. Consider this month in transition between seasons, and don't attempt to plant seeds of warm-season flowers and vegetables too early. If you are anxious to get a start on the vegetable garden, you may want to start beets, brussels sprouts, onion sets, lettuce, cabbage, Swiss chard, colard, kale, kohlrabi, parsley, English peas, radishes, spinach and turnips. For flowers, enjoy the plants that do thrive in cool weather, such as pansies, violas and calendulas.

February is also maintenance-pruning month. Try to finish dormant pruning before new growth begins.

Begin spray program by obtaining spray guides for fruit and nut trees from your County Agent. Also, aphids begin to show up on ornamental. Control with appropriate insecticides.

Cream of the Crop All-American Selections for 1978-

Though zinnias do best when you wait until warm weather, you may want to order or buy seed early. Four latest on the list are 'Red Sun', 12 inches-'Peter Pan Cream', 6 inches-'Cherry Ruffels' and 'Yellow Ruffels', 10 inches. Give full sun in prepared soil, draw a furrow an inch deep, scatter seeds thinly (2 inches apart) and cover with an eighth of an inch of soil lightly patted down. When plants come up, thin for proper spacing, depending on size of the variety.

Dianthus, 'Snowfire', white with red center. These are usually started indoors in flats where extra care can be given. Sow two months ahead of usual last frost date. -March 20, sometimes later. Use sterile commercial seed starting mix, unless you mix your own, and cover seed lightly. Give full light after seedlings come up. Grow to four-leaf stage, then transplant to larger space or pots. After weather settles, transplant to sunny garden in full sun or light shade. Space 6-8 inches apart. Keep old seed heads cut off to promote new bloom.

Gladiolus-new varieties are 'Red Freckles', red-white; 'Night Owl', dark purple; 'El Toro', solid hot scarlet; 'Little Sweetheart', a miniature type with willowing stems gracefully supporting shapely rose-red cupped florets. Plant glads in two week intervals to enjoy them for a longer period.

New Coleus-'Tie Dyed Gold', (Park seed); 'Saber Pineapple', 'Saber Clown', 'Pan-American'. Peony-'Age of Gold'; Penunia-'Pink Bouquet'; Marigolds-'Mellow Yellow', 'Midas Touch', and 'Gingersnap'.

COUNTRY CLUB BRIDGE

Mrs. John Childress was hostess for Country Club Bridge Thursday at the club.

Mrs. Joe Friend won high score and Mrs. Evert White, second high. Low went to Mrs. Bob Bailey and bingo to Mrs. L.D. Kirby.

Others present were Mrs. Eddie Arnold, Mrs. Joe Bean, Mrs. Billy Carson, Mrs. John R. Hunicutt, Mrs. Brock Jones, Mrs. Bruce Mayfield, Mrs. Sid Millsbaugh, Mrs. Kirby Moore, Mrs. Gene Perry, Mrs. Jess Marley, Mrs. Sherman Taylor, Mrs. Byron Williams, Mrs. Gene Williams, Mrs. Jack Williams and Mrs. C.O. Walker.

The monthly luncheon will be Thursday with Mrs. Joe Friend hostess.

Services For Ozonan's Brother Fri.

Funeral services for Jeff Perry, 72, brother of Mrs. Tom Everett, were held Friday afternoon at 3:30 in Wheeler Funeral Home in El Campo.

Mr. Perry died Wednesday in Crockett County Hospital.

MRS. RODNEY RUTHARDT ..nee Janella Schenk

Miss Schenk Marries Mr. Ruthardt

Mr. and Mrs. Dillard Schenk of Scotland, announce the marriage of their daughter, Janella Lynn, to Mr. Rodney Ruthardt, son of Mr. and Mrs. Buryl Ruthardt of Ozona.

The couple was married January 16, in Mexico.

The bride is a graduate of Windtharst High School. She attended beauty school in Wichita Falls and received her license in 1977. She attended Texas State Technical Institute at Waco in Floral Design and Horticulture recently.

The bridegroom is a graduate of Ozona High School and attended Texas State Technical Institute in Waco. He is presently employed by Adco Electric Co. as an electrician in Ozona.

The couple will make their home here.

Karen Bebee Is Sorority Pledge At SWU

Karen Sue Bebee of Ozona has been named as a pledge to Alpha Delta Pi Sorority at Southwestern University at Georgetown.

The announcement came following rush festivities last week at the state's oldest university.

Karen, the daughter of Mr. and Mrs. Dale H. Bebee of Box 824, is a freshman at Southwestern.

If you want to be popular, keep your ears open, and most of the time your mouth shut.

Womans League Meets With Mrs. Sutton Tues.

The Ozona Womans League met Tuesday, January 24 at 3:30 p.m. in the home of Mrs. Jeffrey Sutton. Mrs. Steve Sessom and Mrs. Sutton served as co-hostesses.

President, Mrs. Johnny Jones, called the meeting to order. In a brief business meeting members were reminded that the mobile unit of West Texas Blood Services will be in Ozona on February 7, at the Community Center for persons wanting to donate blood.

Mrs. Jeffrey Sutton introduced her friend and special guest speaker, Linda Bond, to the League members. Ms. Bond, of Odessa, spoke to the group on "Ca-

reers for Women." She was a journalism major at Texas Tech University who became employed by Look Magazine, Women's Wear Daily, is now hostess on the High Noon Show, has her own television show '78, and is in charge of all public information shows on Channel 7.

Other members present were Mrs. Tony Allen, Mrs. Bill Black, Mrs. Bill Carson, Mrs. Erby Chandler, Mrs. Dwight Childress, Mrs. P.L. Childress III, Mrs. Buster Deaton, Mrs. H.O. Hoover, Mrs. Bruce Mayfield, Mrs. John Parks, Mrs. Ronald Pennington, Mrs. Joe S. Pierce IV, Mrs. Nat Read, Mrs. Lane Scott, Mrs. Randy Upham, Mrs. Gary Vanoy, Mrs. Wesley West, Mrs. Jim Williams, Mrs. Tommy Wilson, Mrs. Deene Holden, Mrs. Gregory Stuart, Mrs. Jim Leech and Mrs. Steve Kenley.

Ozonans Make ASU Honor Roll

Area students attending Angelo State University in San Angelo, are listed on the Dean's Honor Roll for the fall semester at the University.

Those listed on the 3.00 to 3.49 Honor Roll include Ricky T DeHoyos, an undecided major, and Leticia M. Guerra, an Elementary Education major.

Those listed on the 3.50 to 4.00 Honor Roll include Pamela Elizabeth Cooke, an Elementary Education major, Debra Jill Crawford, a Speech Major, Sylvia Flores, a Pre-medicine Major, Tommy Lee Hoover, an Accounting Major, Ronnie B Schneider, a Health & Physical Ed Major.

DEBRA SAYS

by Debra Price

Clothing traps air to insulate the body and retain heat for added warmth in winter-without using more energy. Air trapped between layers of clothing or trapped in a fuzzy fabric acts as insulation and helps retain body heat.

Rule Tells How Fast Savings Grow

Use the "rule of 72" to determine the approximate length of time it will take to double savings dollars, says Dr. Carolyn McKinney, family resource management specialist.

Dr. McKinney is with the Texas Agricultural Extension Service, The Texas A&M University System.

To use the "rule of 72", simply divide the interest rate into 72-the number obtained is the number of years required to double the investment, the specialist continues.

For example, if \$1,000.00 is placed in an account earning 6 percent annual interest, divide the interest rate (6) into 72 and find that it will take about 12 years to double the initial investment to \$2,000.00, Dr. McKinney explains.

1978 Texas Almanac for sale at The Ozona Stockman.

layers are needed. Trap heat by clothing design, too. Normal garment openings such as necklines and sleeve openings should fit close to the body to prevent heat from escaping. Cuffs, elasticized wristbands, turtle-necks, and cowl-collars are all warmer than open necks and open sleeves.

Remember, bulky socks and fleecy boots are warmer than slippers. Camisoles or under-shirts provide an extra layer over the major portion of the body-and when the body is warm, excess heat goes to the hands and feet, making them warmer.

Graham Cracker Cookies (approx.) 1 stick margarine 1 stick butter 1/2 cup sugar 1 package sliced almonds Break graham crackers in quarters and place on cookie sheets. Melt margarine, butter and sugar in a small saucepan and boil for 2 minutes. Spoon butter sauce over graham crackers and sprinkle with almonds. Bake 10 minutes at 325 degrees.

4-H Training Programs Are Scheduled

"4-H adult and teen leaders, interested in Beginning or advanced 4-H record book training, 4-H photography project training, or 4-H gardening project training, will be welcomed by the Texas 4-H Center Training Staff on February 18-19, 1978," says County Extension Agents Billy Reagor and Debra Price.

College Station, and Mrs. Janet Yeates, 4-H and Youth Specialist, District 10, will be leading the training in 4-H Record Books.

4-H Gardening Project Training will be led by Mr. Sam Cotner.

Crockett County Extension agents have information and registration details available for local 4-H Club and project leaders interested in these training opportunities. Extension Agents may be contacted by phone at 392-2721 or at the Crockett County Extension office located on the top floor of the Courthouse Annex.

Wayne Bissett Joins Kappa Alpha Frat.

Wayne Bissett of Ozona has been named as a pledge to Kappa Alpha Fraternity for men at Southwestern University at Georgetown.

The announcement came following rush festivities last week at the state's oldest university.

Wayne, the son of Mr. and Mrs. R.L. Bissett of Box 656, is a freshman at Southwestern.

# Ozonan New Prexy For Mohair Council

Members of the Mohair Council of America meeting in San Angelo on Jan. 19 voted to expend \$190,000 during fiscal year 1978-79 to promote their product, passed a by-law change realigning the organization's districts, and elected a number of new directors to serve during the coming year.

Ozonia ranchman Bob Childress is the Council's new president succeeding Sid Harkins of Sanderson. Other officers elected during the annual session are Herman L. Moore of Brownwood, vice president, and Robert L. Pfluger of San Angelo, secretary-treasurer.

The Council meeting was the first conducted since the organization had curtailed its New York operations and reduced its staff. According to Harkins, general operations expenditures have been cut approximately 50 percent but funds for promotion and advertising remain about the same as those expenditures made in 1976-77.

The by-law change approved by the membership was recommended by the Council's directors and Executive Committee in order to bring the Council's districts more in line with the current production area. Under the change the Council's pre-

# Ozona Girl Scouts Earn First Class

Seventeen El Camino Girl Scouts earned their First Class rating, the highest honor in Cadette Girl Scouting, and received Council recognition at the thirteenth Annual Meeting of El Camino Girl Scout Council held Saturday, January 28, 1978.

Five Ozona Girl Scouts were among girls receiving the award. They are Jill Sanchez, daughter of Mr. and Mrs. Filiberto Sanchez; Aileen Lopez, daughter of Mr. and Mrs. Alonzo Lopez; Veronica Guerra, daughter of Mr. and Mrs. Jesus Guerra; Felice Delgado, daughter of Mr. and Mrs. Herculano Delgado; and Melissa Galindo, daughter of Mr. and Mrs. Robert Rodriguez. The girls are members of Troop 130. Troop Leader is Mrs. Alonzo Lopez.

Cadette girls earn First Class by fulfilling badge or challenge requirements, or both. They initiate their own projects with guidance from their leader to fulfill First Class requirements.

# The Scientists Tell Me... Bacteria Can Convert Wastes Into Hydrogen for Power

By Robert L. Haney  
TAES Science Writer

Photosynthetic bacteria, converting wastes into fuel, may be one answer to this Nation's growing dependence on increasingly expensive oil.

Solar power is one alternative that scientists are especially interested in because it's abundant, free, non-polluting, and inexhaustible.

Dozens of ways are being tested to utilize solar power and many of them are at present too expensive for use. But one way, photosynthesis, has been used to trap the sun's power for as long

as there have been light and plants.

Photosynthesis is the process whereby plants grow using light from the sun and nutrients from the air and soil solution. Scientists are researching ways to encourage plants to reach maximum production and serve as a renewable fuel source.

One disadvantage, of course, is that "fuel" farms would be competing for resources with "food" farms.

A scientist with the Texas Agricultural Experiment Station is working to convert agricultural wastes into hydrogen by use of "anaerobic photosynthetic bacteria."

"These bacteria are not subject to the oxygen limita-

tions of many photosynthetic systems," explains Dr. C.R. Benedict of the Department of Plant Sciences at Texas A&M University.

"Such bacteria, in the presence of sunlight, can efficiently convert organic wastes into hydrogen and carbon dioxide. In addition, the bacteria could be harvested as a protein source for livestock feed.

"Cotton gin trash, unusable as livestock feed, can serve as food for these bacteria while they produce hydrogen for fuel. And the residue, when exhausted for food for the bacteria, can then be burned to produce additional electricity.

"Our laboratory results show that hydrogen production on cotton-gin trash with these photosynthetic bacteria is equal or superior to other biological systems.

"However, before the converter prototype is adapted to a larger-scale plant model, we plan to do additional research in a number of areas. Current studies on the cost analysis and energy balance of the laboratory hydrogen converter will be used in the design of a large scale model for industrial use," Benedict concluded.

Texas is expected to produce about 5 million bales of cotton in the 1977 season and the gin trash from such a crop will accumulate at gins in large quantities. In addition to quantity, gin trash has other favorable attributes as an energy source: it's cheap, present uses are economically marginal, and this new process would help our energy situation by converting a low-value resource into high-value energy.

Mr. and Mrs. Al Fields and Mr. and Mrs. Gene Williams spent the weekend in Ruidoso, N.M.

# OHS Basketball Teams Win 2 And Lose 7 For Week

By-Gregg Perry

For the Ozona High School basketball teams, this was not one of the better weeks, as they came out with a 2-7 record.

The boys varsity began the week on a fantastic note as they put down the heavily favored Kermit Yellowjackets here a week from last Tuesday. The Lions pulled out to a six point lead early in the game, and stayed ahead for the rest of the game. The final score was 54-53. High point for the Lions was Blake Moody with 18 points. Douglas Bean was second with 14. Obviously they used too much of their energy on Kermit. They dropped the game last Friday to Sonora 37-38. Free throws were the key as the Lions dropped their second district game. High point was Douglas Bean with 14. Clair McDaniel had 8.

The girls also had a rough week as they dropped two games.

Kathy Sanchez's 14 points and Kathy Adam's outstanding defensive playing couldn't stop Snyder from coming out on top of the Lionettes 47-48.

They had the same luck against Sonora as they dropped their second straight district game 31-55. High point was Lori Clayton with 12. Ruth DeLaRosa and Sheri Cole were second with 8 points.

The Boys JV dropped two games. The first was against Kermit, 34-79. High point

was Alfred Enriquez with 9 and Aldo Delgado was second with 8.

Then the boys played an exciting game against Sonora but again came up on the losing end 46-49. In that game, Alfred Enriquez had 14 and Shane Fenton was second with 12.

The girls JV was 0-2 for the week losing first to Snyder 34-41. High point was Kaye Thompson with 14. Molly Womack was second with 8.

Last Friday the girls lost to Sonora 27-40. High points were again Kaye Thompson and Molly Womack, both with 10.

The freshman boys took the second win over Big Lake 24-18. Randy Ramos was high point with 6.

This week the girls played Snyder on Tuesday and all four teams will play Crane here this Friday.

# Bloodmobile To Be In Ozona Tuesday

Persons living in the Ozona area are encouraged to visit the Bloodmobile, Tuesday, February 7, from 3:00 to 8:00 p.m. at the Community Center. Any 17 year olds wanting to donate must have a signed minor donor permit card which may be picked up at the High School in the principal's office. Any person desiring information in setting up a Bloodmobile or wanting additional information is asked to call Ray Perkins or Shirley Goetz in San Angelo, 915-653-1308.

West Texas Blood Service, your community blood center must draw over 50 units of blood each day to meet the current needs of patients in West Texas hospitals. In order to do this, it takes a concentrated effort on the part of the people of Blood Service, but it also takes the people of the communities served to be the source of this life saving fluid. Blood cannot be manufactured, it must come from healthy human donors and must be available 24 hours a day, 7 days a week.

A Community Blood Program, such as the one serving this area, is the link between the total volunteer donor and the patient who requires transfusion therapy. The voluntary donor is a vital asset to his or her community. By performing this humanitarian act of donating blood, they help assure that blood will be available when it is needed.

West Texas Blood Service is dedicated to providing blood and blood components to the hospitals with minimum delay, and at the most economical cost in sufficient quantities to meet the patient's needs. However, without the donor there is no blood available. Currently, the supplies are very low. An enlarged mobile team allows West Texas Blood Service to go to more locations and thereby give more persons the opportunity to donate blood. These bloodmobiles are scheduled at various industries through the cooperation of employers, employees and their companies. High school, college and community wide bloodmobiles are also held with increasing regularity throughout West Texas.

Due in part to advanced medical technology, increased quantities of blood are being used. Generally, in a heart by-pass operation the doctor requires six units of blood be cross-matched to the patient before surgery is begun. Because of this increased usage, an ever increasing number of donors must be found. Over one-half million people rely on West Texas Blood Service to provide blood if and when they should need it. In reality, the only way of meeting this need is by healthy individuals taking 30 minutes to give the "Gift of Life."

Forty hospitals, including the Crockett County, in 25

West Texas counties make up the service area of West Texas Blood Service. The patients in these hospitals require approximately 1200 units of blood or blood components every month. If each county in our service area would donate their fair share, there would be no problem in meeting these blood needs. In figuring your county's blood usage, the draw should run about 150 units a year.

"We feel sure that if the facts are known by the people, many more persons from this area would donate," says Ray Perkins, director of Donor Development for West Texas Blood Service. "I feel confident that the citizens of Crockett County want to be self-sufficient in providing the blood used by their neighbors. What better way can we demonstrate our concern for our fellow man than by giving the "Gift of Life?"

# Fabrics For Spring Offer A Variety

Spring fabrics will offer a wide variety of colors and textures to suit every taste, says Margret Ann Vanderpoorten, clothing specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Fresh and exciting textures range from sueded to linen gauze, from towelling to seersucker, and from satin to silk tweed, she continues.

Damask and shot taffeta are the newest look for day wear, with silk jersey seen at night.

Combine fabrics and textures-surprise combos are the newest, such as velvet with cotton knit, silk with leather, or cotton tweed worn with linen gauze and silk clip-dot shirting.

Try unusual color combinations for fun and fantasy, the specialist suggests.

True blue, white-white, and many shades of brick, rust, wheat, mushroom, and ginger provide an interesting contrast for plum, tea rose, blush, saffron, and willow.

Use one color from head to toe or layer several. For example, pink, blue, violet and blue-green over bronze are a color-clashing bid for attention.

# NOTICES

UNITED STATES DEPARTMENT OF AGRICULTURE  
Rural Electrification Administration  
Appendix A

# Statement of Nondiscrimination

"Southwest Texas Electric Cooperative, Inc., has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and

by Joan Nicholas  
Activities Program Director

Tuesday morning of last week we had a brief encounter with spring! What a change after the many winter varieties we have been subjected to seemingly for weeks on end.

Shorty Flores, who loves to spend hours on the outside, was surprised when I took him onto the patio and found that it was delightfully warm, and we chatted and walked around in the brown grass doing deep breathing exercises to fill our lungs with the fresh warmth of this January morning. He sat out in the sun until it was time for lunch.

A record number of residents came to the discussion-study group (16 of us) last week. To begin with I read some humorous animal poems from a book discovered in the school library—one about a snail who could never get away from his boring friends because he left a glistening trail behind him, poor thing. Next on the agenda was learning about the historical origin of perfumes and hos, to this day, they are similarly made to those of Cleopatra's time.

Subjects drawn from the mystery can were "Tell about your funniest dream". Frances Tolson contributed one recent adventure which was "more scary than funny", she related. It involved her roommate, Nita Depriest. Hank Poeller told how he was involved, in his dream of course, with Elly Mae of the Beverley Hillbillies, and somehow ended up with bushels of apples being poured over him in his bed. "Funny thing", he commented, "I haven't felt like eating an apple ever since!"

Sug Bryant said, in answer to another question, that everyone should work at a job they enjoy doing the most in order to be successful, and

Many of these girls are hoping to become Candy Strippers this summer, if the details can be worked out—more on this later. Phyllis Light worked in this capacity when living in Junction. Marta Flores, who works at the Center by day, often assists on Tuesday evenings as a volunteer.

Monday morning, a new volunteer, Grace Dorsey, came to assist us with crafts. A big thank you to all volunteers including the ministers conducting the weekly church services.

Hank Poeller celebrated his birthday on Sunday, and Monday, Mrs. Poeller dressed him in his police uniform, badge and hat, for birthday pictures. In addition to his work, already mentioned, in electronics, he was also a police officer.

One of our gentlemen had an embarrassing moment last week (he shall remain anonymous), but the physical therapist from San Angelo was here and had him out of his wheel chair for the first time in weeks; they were proceeding down the hall when our resident's pants descended around his ankles. At precisely the same moment Vikki Cooper, LVN, walked in through the front door and as quick as a wink, retrieved them. After all, when one sits in a chair all day, who needs to wear a belt?

Thelma Janes and Judy Browne showed two more films on Wednesday evening, after supper; one was about the white tailed deer.

It was so much help to have two additional volunteers to work in the beauty shop, Thursday morning, namely, Gussy Schneider and Maria Vitela. Gussie also brought in some more Geographic magazines which provide us with a wealth of interesting material. And, Hilda Dysart brought in some large type Readers Digest magazines.

Along with the other regulars, we had a large group of teenage girls helping with Tuesday night bingo. They are Sandra Longoria, Phillis and Tasha Light, Corina Leal, Denise Hedrick, Dora Villarreal, Cathy Castro, Beticia Flores, Sandra Borrego, Melissa Fierro. Not only do they help the individuals to find their numbers, but they have an opportunity to visit with different ones.

Mr. and Mrs. Joe Tom Davidson returned late last week from Florida, where they spent several days vacationing.

**LETTERS TO THE EDITOR**

Dear Kitty,  
Madolyn Murray O'Hair, whose efforts successfully eliminated the use of Bible reading and prayers from all public schools has been granted a Federal hearing in Washington, D.C. on the subject of religion and airways by the Federal Communications Commission.

This petition (2493) would ultimately pave the way to eliminate the proclamation of the Gospel via the airways of America. She took her petitions bearing 27,000 signatures to back her stand. If her attempt is successful,

all Sunday worship service currently being broadcast either by radio or television would cease. Many elderly people and shut-ins as well as those recuperating from illnesses or hospital visits depend on radio and television to fulfill their worship needs every week.

**YOU CAN STOP HER THIS TIME!!!** We need 1,000,000 signed letters. This would defeat Mrs. O'Hair and show her there are still many Christians alive and well in our great country. **WHAT CAN WE DO? SEND A LETTER IMMEDIATELY!**

**MEDIATELY IN FAVOR OF RELIGIOUS BROADCASTING TO:**  
Federal Communications Commission  
1919 "M" Street, N.W.  
Washington, D.C. 20036  
Please put the number of the petition—Number R.H. 2493 on the face of the envelope.

## Ranchers Urged To Help With Operation Dead Lamb

The Texas Sheep and Goat Raisers' Association has asked for your help with operation Dead Lamb.

The dead lamb or kid you find in your pasture may well hold the answer to the eagle depredation controversy that is now going on, according to Bill Schneemann, president of the Texas Sheep and Goat Raisers' Association. We recognize that the lack of information as to the actual depredating habits of the golden eagle is certainly

hurting the sheep and goat producers at this time. The only way this information can be obtained is for an authority to have the opportunity to post mortem these baby animals and actually determine what caused their death.

The TS&GRA is proposing that all sheep and goat producers in the State of Texas who have suspected eagle kills to put these animals in plastic bags and be taken to San Angelo Research and Extension Center for Dr.

O'Gara to post to determine cause of death. Dr. O'Gara of the University of Montana is a recognized authority on eagle depredation.

Bill Black, Chairman of the Livestock and Range Committee of the Crockett County Program Building Committee, is taking the lead in Crockett County. Ranchmen finding lambs and/or kids suspected killed by eagles are asked to put them in plastic trash bags and leave at the Ozona Wool and Mohair Company or the Ranch Feed and Supply. The Livestock and Range Committee will pick them up and see that they get to the San Angelo Center for identification.

This program is similar to the screwworm program in that specimens must be collected and sent into the San Angelo Center for positive determination of eagle kill in order to help with the eagle controversy.

Mrs. James Dockery and Mrs. Bud Harrison spent the weekend in Santa Anna and Brownwood visiting friends and relatives.

## Poor Nutrition For Angora Does Can Cause Kid Loss

Predators, adverse weather conditions, and disease all take their toll on young Angora kids, but poor nutrition of the Angora doe can also be responsible for unnecessary death losses in the kid crop. Poor nutrition of the doe can also lead to abortion during late pregnancy. Research data clearly indicates the 85% of the fetal weight increase occurs during the last eight weeks of pregnancy. Further, the data indicates that development of the fetus will continue regardless of outside conditions until about 130 days; but it is after this point that severe restrictions in the rate of fetal development can be caused by lack of adequate nutrition for the doe. With this research data in mind and with the recognition of our present range conditions, it is imperative that we feed out Angora does now if we are going to produce strong, vigorous kids at birth and give our Angora goat industry the opportunity to maintain its strong position.

Most Angora goat producers shear their goats sometime prior to kidding. A pregnancy determination at this shearing would be most helpful in effectively feeding the goat flock. The new pregnancy detection instruments have the ability to help us in this respect; and if pregnancy determinations can be made, producers can concentrate their feeding effort on the pregnant does during the last 5-7 weeks of pregnancy. Feeding goats now not only helps fetal development but also helps grow additional quantities of mohair. Feeding also helps develop small, young does and provides an opportunity for old does which have fallen behind during the grazing period to catch up and be ready to drop a healthy, vigorous kid. It is also during this last month of pregnancy that a pregnant female gets ready to produce milk. I will readily grant that the nutritional requirements for an Angora doe are higher during lactation than at any other period of time throughout the year, but unless the doe has had adequate nutrition during the last stages of pregnan-

cy, her chances of a live, healthy kid are slim and the need for increased nutrition for lactation will not be necessary.

Shelled corn has been used by many as a supplemental goat feed; but shelled corn, in fact, may be one of our poorest feed choices for Angora does in late stages of pregnancy. Research data indicates that protein intake by does during the last eight weeks of pregnancy has a marked effect on birthweight of their kids. Does consuming only .15 of a pound of protein a day will produce kids with birthweights around five pounds, while does consuming .25-.30 of a pound of protein will produce kids weighing between six and seven pounds at birth. Research at the Sonora Experiment Station indicates that feeding cottonseed cake was the most economical supplement for developing Angora kids from November through April. A level of 1/2 pound of cottonseed cake per head per day gave by far the best results as compared to the other feeds used in their study for kid development. Pregnant Angora does will also respond to cottonseed cake at a similar rate of feeding. Shelled corn provides a high level of energy, but does not contain as much protein as other energy feeds such as grain sorghum. Many producers are finding that their whole cottonseed is providing an excellent source of protein and energy for their pregnant goats this winter. Pregnant does which have limited supply of forage may also need to be supplemented with some type of hay. One pound of alfalfa hay will provide roughly .15 pound of protein a day. This is roughly one half of the protein requirement of a doe in late pregnancy or less than one half of the requirement of a doe in lactation.

Producer feed resources vary, and labor and equipment available for feeding also varies. Each feeding system will vary, but producers must work hard and diligently to make sure that each doe receives her propor-

tionate share of the allocated feed resources. Hand feeding in troughs may give excellent results, but the labor requirements for this type of feeding system may dictate the use of an alternate method. Salt limiting feeds have been used with success in self-feeding operations.

Fred Campbell, new Executive Officer of the Mohair Council of America, indicates that the Angora goat industry desperately needs back-to-back 50% kid crops to help maintain Angora goat numbers and the position of the Angora goat industry. It seems to me that producers must properly feed their goats if this goal is to be

accomplished. The recent cold weather and the lack of green forage nearly dictates that most producers will have the opportunity of feeding their goats to produce a greater number of healthy, vigorous kids this spring. Most pregnant Angora does are in their last eight weeks of pregnancy and now is a critical time.

### Ranchers Must File Tax Returns Earlier Than Most

While most taxpayers have until Apr. 15 (actually Apr. 17) to file their 1977 income tax returns, the filing date for farmers and ranchers is much sooner.

"Agricultural producers who did not file an estimate of their income by Jan. 16 and did not pay the estimated taxes must file their tax returns and pay due taxes by Mar. 1," points out Dr. Richard Trimble, economist in management for the Texas Agricultural Extension Service. "However, if farmers filed an estimate, they have until the April 17 deadline to file final returns."

Trimble notes that several changes were made in the income tax law during 1977 which should be of interest to Texas farmers and ranchers. A major change was the elimination of the standard deduction and the low income allowance. These two items have been replaced by a flat amount called "zero bracket amount." This amount depends on your filing status.

"The zero bracket amount is not a separate deduction, but the equivalent amount is built into the new simplified tax tables and tax rate schedules," explains the economist. "This is true if you file the 1040A or 1040 income tax forms. However, a person who chooses to use the 1040 form and itemize deductions will need to make an adjustment if his itemized deductions exceed the amount allowed for his particular filing status."

Another change is that the deduction of \$750 for each exemption and the general tax credit have been built into the new tax tables, so there is no need for the taxpayer to determine these. The general tax credit has also been revised to consider exemptions for age and blindness, adds Trimble.

Filing requirements have also been changed for the 1977 tax year. For example, an individual must file a return if his gross income is \$2,950 or more and a married couple under 65 years of age must file if their joint gross income is more than \$4,700. If both are 65 or older, they may make \$6,200 before being required to file a return.

There are many other minor changes, and Trimble suggests several publications that may be of help. One

is publication No. 17, "Your Federal Income Tax," 1978 edition, from the Internal Revenue Service. Another, publication No. 225, "Farmer's Tax Guide," 1978 edition, is also available from the IRS or from any county Extension office.

### Co-op To Sponsor Contest

An all expense-paid trip to Washington, D.C., will be awarded to two young people from this area by Southwest Texas Electric Cooperative, according to Elton McGinnes, General Manager of the System. This is the first year Southwest Texas Electric Cooperative has sponsored this program.

This is part of the National Rural Electric Association's Annual Rural Electric Youth Tour that brings around a thousand rural youth to the Nation's capital each year.

All highschool juniors between 15 and 19 years of age are eligible to enter the contest, except the immediate families of this cooperative's directors and employees.

Contest entrants will be required to submit an essay, not exceeding 500 words, on the subject of "Why Rural Electric Cooperatives?" according to Assistant Manager A.T. Turner, who is in charge of the contest for Southwest Texas Electric Cooperative.

The essay contest, while sponsored by Southwest Texas Electric Cooperative, will

be conducted and judged by the local school systems. Deadline for submitting the essays will be February 24, 1978. On the basis of the essays, finalists will be selected to appear for judging by three independent judges from outside the cooperative service area. The finals will be conducted in the offices of Southwest Texas Electric Cooperative in Eldorado, April 1, 1978, with a five to eight minute talk on the essay subject. Two winners, one boy and one girl, and two alternates will be selected at that time. The two contest winners will travel by air-conditioned bus to Washington, D.C., where they will spend four days visiting members of Congress and getting a firsthand view of their "Govern-

ment-in-Action". While in our Nation's capital, they will also visit many of the historic landmarks.

Participation is limited to schools in the cooperative's service area.

### McBee-

[Continued From Page One] which she defeated five opponents, Mrs. McBee taught in the former San Felipe School District, and later in the Consolidated School District. She ran unopposed for a second term in 1976.

"I feel that in general this district and its people fared very well in the last two legislative sessions, and I will certainly strive to see that this trend is continued in the 66th Legislature," said Representative McBee.

The cost of living may be high but its still worth it. \*\*\*\*

### NOTICE OF

### Snelson-

[Continued From Page One]

being carried out by Senator Snelson include that of chairman of the Subjected Matter Committee of the Texas Legislative Council; and as a member of a special study committee regarding juvenile delinquency; and to a committee dealing with Trade and Tourism problems along the Mexican border.

The native West Texan, having been born and reared in Ward County, Senator Snelson has been in business in Midland since 1955. He was elected to the House of Representatives in 1960 and to the Texas Senate in 1964. As President Pro Tempore of the Senate, Snelson served as Governor of Texas on two occasions in 1971 during absences from the state by the Governor and the Lt. Governor.

Senator Snelson and his wife, Susan, has long been active in the civic life of Midland and she is a past president of the Senate Ladies Club. The Snelson's have four children.

Senator Snelson made his re-election announcement at news conferences in Midland and San Angelo, Wednesday, January 25. He said that he will file his re-election papers with the State Democratic Chairman for a place on the May 6 primary election.

Mr. and Mrs. Evert White flew to Tyler Friday night to the bedside of their daughter, Mrs. Sid (Barbara) Moughon, who had emergency surgery at Medical Center of Tyler Hospital. They will remain in Tyler where Mrs. Moughon is scheduled for further surgery Monday.

### CARD OF THANKS

May I take this means to express my appreciation to all those who expressed sympathy on the death of my brother, Jeff. A sincere thank you for the food, floral offerings and other acts of kindness.
