NUMBER 25

REAR END COLLISION ON I-10 early Wednesday morning left two California men injured. The wreck occurred at 2:40 a.m. Aug. 16, when the car pulled on to I-10 about 14 miles west of Ozona, without lights. The truck ran upon the rear of

the car and drug it over 306 feet before coming to a halt. The two men in the automobile narrowly escaped with their lives while the truck driver was not injured.

Photo by Steve Kenley

School Term To Start

As of now, school will start as scheduled Sept. 5, for all grades in spite of the primary school burning down and other construction incomplete.

Classes for kindergarten through second grade students will be held at First Baptist Church and Ozona United Methodist Church, according to Superintendent of Schools Foy Moody. Following a school board meeting Monday night, the announcement was made that kindergarten and first grade students will attend school at First Baptist Church and second graders will have classes at Ozona United Methodist Church. Classes will be held for a half day only during the period school is being held in the churches as there are no facilities for feeding students the noon meal. Textbooks have been re-ordered and will be on hand for students when

school opens. Superintendent Moody and the board have expressed appreciation to the churches in town for the quick response in offering their facilities after the school burned. Moody said the board hoped to make other arrangements in six or seven weeks, and asked that all parents and students try to bear with the hardships as a result of the loss of the school building. Teachers will report Monday, August 28, for five days of in service training. The first meeting will be at the high school library at 8 a.m. Monday.

The following week all students will pre-register for school, and classes for all grades will begin Tuesday, Sept. 5. Registration for all grades will be held Aug. 30 through Sept. 1, on the following schedule:

Kindergarten through second grade will register at the fellowship hall in the First Baptist Church, Thurs. Aug. 31, with kindergartners scheduled to register from 9 a.m. to noon and first and second graders from 1 to 3 p.m.

Students in grades 3 through 6 will register at the Civic Center and attend classes in the intermediate school until the new school building is ready for occupancy. Third and fourth graders will register from 9 to 12 a.m. and students in fifth and sixth grades will register from 1 till 3 p.m., August 31.

Junior high school will register at the junior high school and attend classes there as in the past until school construction is completed. Seventh graders will register from 9 a.m. until noon Aug. 31, and eighth graders will register from 1

until 3 p.m. High school seniors will register August 30, during the afternoon hours. Students with last names beginning with A through G are scheduled from 1 to 2 p.m.; H to P from 2 to 3; and L through Z, from 3 to 4 p.m. High school registration will be at the library.

High school juniors will register during the morning hours August 31, also alphabetically and from 8 a.m. until noon. Sophomores will register during the afternoon hours Aug. 31, and freshmen will register Sept. 1, from 8 until noon.

Hospital Board Approves Rate Raise & Policies

In the regular monthly meeting of the Crockett County Hospital Board, members approved an increase in the private room rates in the Care Center from \$25 per day to \$30 per day and approved new credit and collection policies.

The financial report and accounts payable were reviewed and a loss of \$20,545.20 for the month of July was noted. The loss was accounted for with an extra payroll in the amount of \$10,000; roofing repair in the amount of \$971; repair to refrigeration equipment in the amount of \$500; ambulance repair and operation in the amount of \$746. The remainder of the increase was accounted for by seasonal purchases to take advantage of quantity discounts.

It was reported that work had not been done on the hospital sprinkler system, but will begin within two weeks. Also, roof repair has

Damage Near \$1 Million

Fire Destroys School

Fire gutted the main building of the Ozona Primary School here Thursday night, destroying nine classrooms, a teachers' lounge, the library, music room and principal's office, along with text books which would have been issued to children through second grade at the beginning of school. Damage was estimated up to \$1 million.

Apparently the fire started in the space between the ceiling and roof of the main building and had smoldered for some time before it was discovered. Residents around town reported smelling smoke an hour or so before the alarm sounded. Some children in the area reported the fire to the DPS about 10:30. Firemen were on the scene all night and throughout the day Friday. The building was still smoldering and sending up clouds of smoke late Sunday.

When firemen arrived on the scene Thursday night and entered the building finding heavy smoke and a blaze in the ceiling of one of the classrooms. Firemen attempted to pull the ceiling down and enter the attic space, but about 11 p.m. the roof began to collapse in the classroom. When the roof came crashing down in the hall, men were removed from the building and it became apparent the entire roof was involved and had been for some time. Firemen continued to pour water on the burning structure and fought numerous blazes coming from within the building all day Friday.

Only quick action on the part of local firemen, assisted by members of the Big Lake Fire Department, saved a new gymnasium and classrooms adjacent to the burning building. They were able

to protect the new structures and there was no fire damage reported to either.

At the height of the fire, firemen were pouring some 1,100 gallons of water per minute on the blazing structure, but the fire, burning in concealed spaces was protected from the water by the roof and the double ceiling below.

Workmen had installed the air conditioning units Thursday and were to put the finishing touches of paint on the building Friday. The building had been completely remodeled as part of a multimillion dollar school

renovation and construction project that voters approved in the form of a bond issue early this year.

The building had not been turned over to the Ozona School system at the time of the blaze and was still in the hands of the contractor.

An investigator from the State Fire Marshal's office was due in Ozona Monday in an effort to determine the cause of the fire. He arrived late Monday and was still at the site of the fire at press time Tuesday.

The building housed grades kindergarten through second grade which handles

approximately 275 students. These grades will have school in the churches, and only for a half day, for several weeks after the school term begins.

Big Lake Man Killed

A Big Lake man was killed about 4 a.m. Sunday when he was struck by a car on Highway 137 about 33 miles north of Ozona. Joe Lewis Cortez, 25, was lying on the highway when a car driven by Billy Ray Stroudemire of Odessa hit him.

Cortez was pronounced dead at the scene by Justice of the Peace Al Fields.

Cortez was on his way back to Big Lake when the pickup he was driving broke down. He and a passenger started walking for help when his companion decided to go back to the truck and wait for help. He had not seen Cortez since, and was asleep in the pickup when officers arrived on the scene.

Cortez was an employee of Pool Well Service in Big Lake. Services were held Tuesday morning in the Catholic Church there.

4-Hers Compete In Record Book Judging

Twenty Crockett County 4-H members completed 4-H Record Books for the District 6 Record Book Judging.

Results of the senior participants were Jody Naron, third; Rebecca Everett, first; and Melinda Hokit, fourth.

Junior 4-H members completing record books were Vanessa Miller, Melissa Fierro, Melissa Payne, Mar-

icella Payne, Lydia M. Hayes, Sylvia Rodriguez, Alma Kay Ramos, Jerri Lynn Martinez, Skipper Carlisle, Peggy Skains, Christy Parks, Julie Reagor, Vickie Reagor, Kristal Williams, and Joan Hearne.

The 4-H Record Book tells a complete story of the 4-Her's activities in the 4-H program.

Ozona Lions In 2 A Day Practices

The Ozona Lions are in their second week of football practice with 63 boys reporting for the team. Coach Rip Sewell reported that of the thirteen returning lettermen, only nine were able to work out.

Having injuries during the summer were Shane Fenton, Raymond Maldonado, Larry Wester and Rojelio Longoria. The four have yet to pass

their physical.

Other returning lettermen are Bubs Huffman, Jay Huffstедler, Fred Garza, Joe Rebelez, Dan Sewell, Cliff McMullan, Ray Ramos, Frank Tambunga and Jeffrey Young.

Elected to captain the team this year were Sewell, Huffstедler and Longoria.

Coach Sewell said about all he could say at this point was "The Lions are a small and inexperienced football team this year, and they will have to depend on quickness." Sewell said he would know more about the team next week, but that he and other coaches were well pleased with the overall attitude.

The annual "Meet the Lions Night," will not be held this year and fans will get their first view of the team at a scrimmage against Stanton, which will probably be held in Big Lake, Sept. 1. The facilities at the football field are still under construction and that precludes any pre-season activities for fans.

The season starts Sept. 8, when the Lions play Big Lake there. Coach Sewell is assisted by Wayne Palmer and Tommy Wilson. Coaching the junior varsity are coaches David Porter and David McWilliams.

Program On Death Open To Public

Mary Barrow, R.N., Director of Nurses at Crockett County Hospital, has extended an invitation to the public to hear Mrs. S.R. Hollis, R.N. of San Angelo review the books on death and dying by Elizabeth Keebler-Ross at a nursing staff meeting in the care center Thursday evening.

The program will be held in the dining area in the center and will begin at 6 p.m. Mrs. Barrow said the program was being offered to the public in order that a better understanding of death might be had. Mrs. Hollis will also review the five stages of death, which should be of great importance to those caring for terminally ill patients or those having terminally ill loved ones.

The nursing staff will host the meeting and program and all interested persons are urged to be present.

OHS CHEERLEADERS STRIKE A POSE for the cameraman as they practice on the high school lawn Monday morning. They returned from cheerleading camp at San Marcos last week where they learned new routines for the coming year. The girls are, top to bottom, Tammy Adams, Rea Lynn Dews, Melinda Stephens, and Kim Sinclair, flanked by Michelle Galvan, left, and Della DeHoyos, right.

Court Hires Attorney In Called Meet Tue.

The Crockett County Commissioners Court met Tuesday morning in a called session with all members present except Commissioner Precinct 1, Sostenes DeHoyos.

The court voted to retain an attorney to defend the principals in the \$240,000 damage suit filed against county officials by DeHoyos in Federal Court in late July. The suit claims various acts on the part of Leta Powell, Jean North, Tommy Stokes,

Jess Marley and Mrs. Jess Marley, caused him to lose the January 7, run-off election and asks for attorney fees and lost wages.

The Jan. 7, election was thrown out in District Court and a new election was held Aug. 12, which DeHoyos won. He was sworn in at the regular Commissioners Court meeting August 14.

In other business the court authorized the publishing of the delinquent tax roll by the county in the local newspaper.

BOOK ROOM AT PRIMARY SCHOOL where the text books for this year's school term went up in smoke during the fire Thursday night which destroyed the main building. Parts of the melted roof may be seen on the wall still standing at the left. White space seen through top of windows is a view of the cloudless sky.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

For sometime now that 20 or 30% chance still hasn't brought us the rain that we have been hoping for. Though short of rain, the yards in Ozona are holding up well, are still colorful, and show they have been well attended. The light showers did help bring the beautiful native Senisa into bloom for all to enjoy.

If you want more coolness in your gardens, plant one or more vines, and now is the time to check the many that do well here. They take up very little ground space and can be supported on a wall, an arbor, dead tree stump, fence, and other attractive structures. You may select from a wide range of vines that are not too difficult to grow, and will give you great pleasure. There may be planted in July if you shade them for a week or two, and keep them moist as needed.

Wisteria, once established, grows rapidly and will quickly cover an arbor or trellis. You will enjoy its large lavender flowers in the spring, in summer the heavy foliage is dense and cooling, in the winter the branches make an interesting silhouette, and can be used for line material in arrangements. Other favorite vines are English Ivy, Star, Carolina and Confederate Jasmine, the beautiful greens wreath that will be in bloom soon, and the annuals morning glories, lace vine and jack bean. Perhaps you did not divide your iris after blooming in the spring, so will list a few rules listed by our State Chairman, Mrs. George Stephen of Kerrville. Iris are among the easiest of perennials to grow, and give an abundance of beauty with minimum care and expense.

Select a sunny well-drained spot with good garden soil. Work soil to a depth of 10 to 15 inches; if soil is heavy, add coarse sand for good drainage. Work well-processed compost into the bed; a handful of fertilizer or manure, maybe added below rhizome at planting time. Most gardeners make a mound, place rhizome on top, and firm soil around roots on each side. Set them high enough to allow for settling of soil, leaving bulb slightly below the surface.

When dividing clumps, cut leaves back into eight-inch fans, placing in groups of about three. Bearded iris will become crowded in about three years. Fortunately, iris have few pests or diseases and usually debris-free plants have few troubles. It is a good practice to sprinkle sulphur around beds once or twice a year. In mid-January or early February, make a shallow three-inch trench around each clump, add about a half-cup balanced fertilizer, cover trench, and water. Keep moist but not soggy until after blooming period.

MRS. GARY DEAN JOHNSON
...nee Debra Kay Falkner

Ceremony Unites Miss Falkner — Mr. Johnson

Miss Debra Kay Falkner became the bride of Gary Dean Johnson in a candle-light ceremony at First Baptist Church of Ozona at 8:00 p.m., Friday, August 18. The ceremony was conducted by the Rev. Nelson Lanham, pastor.

The bride is the daughter of Mr. and Mrs. Bob R. Falkner of Ozona. Her grandparents are Mr. and Mrs. J.D. Falkner of Fort Stockton. The bridegroom's mother is Mrs. Billy J. Johnson of Moberly, Missouri.

The church was decorated with white candelabra and greenery. Both contemporary and traditional wedding music for the ceremony was provided by Mrs. Steve Kenley at the organ.

Given in marriage by her father, the bride wore a formal gown of white cotton, partially overlaid with delicate lace in both the V-necked bodice and softly flared skirt, which ended in a wide, lace-trimmed ruffle. The long sleeves were inset with a band of the same delicate white lace. Her veil of illusion fell from a lace bandeau trimmed with seed pearls.

She carried a bouquet centered with white stephanotis and pale blue ball palm mums, surrounded by white sweetheart roses and white daisies, and edged in lemon leaves.

Sarah Falkner, sister of the

bride, served as maid of honor. She wore a formal gown of pale blue voile trimmed in white lace and carried a nosegay of white daisies.

Kent Taylor of Sweeny, Texas, served as best man. Chris Lyman, of San Antonio, was usher for the small wedding.

After the ceremony, the couple was honored by a reception in the church fellowship hall. The house party consisted of Mrs. James Childress, Mrs. Huey Ingram, Miss Jenifer Nicholas, and Mrs. Bill Carson.

The tables were decorated with white organdy cloths, and both silver and crystal were used in the service. The bride's bouquet rested in front of a silver candelabra in the center of the table where coffee, nuts, and cake were served. Pineapple punch, in a punch bowl surrounded by greenery, was served at a separate table. The three-tiered wedding cake was decorated with white garlands and pale blue confectionery roses. The highest tier, held by white columns, was topped by a mound of blue and white confectionery roses, garnished with white satin leaves.

A single white rose decorated the bride's book table. The book was pale blue and white, repeating the colors chosen.

After a short wedding trip, the couple will be at home at

Band Boosters Organize

The Ozona High School Band Booster Club will hold its first official meeting of the current school year Tues. Sept. 12 at 7:30 in the band hall.

Officers for this year are Mrs. Jess Marley, Pres., Mrs. R.N. Aycock, vice-president and treasurer, and Mrs. Bob Wallace, secretary-reporter.

A membership drive will get underway soon and plans will be made for the coming year. All interested persons are invited to attend the first meeting. Also, parents of junior high school band members are urged to join as many projects benefit the younger band members.

Mrs. Charles Applewhite and Mrs. Pete North spent the weekend in Ruidoso, N.M. at the horse races.

OWENS OBSERVE 55th WEDDING ANNIVERSARY

Mr. and Mrs. Jeff Owens celebrated their 55th wedding anniversary at their home here Sunday with all their children, grandchildren and great grandchildren on hand for the occasion.

Attending were Wanda, Jim and Candy Watts, Jimmy, Lenora, Amy and Laura Kay Watts; Maxie, Sharon and Jeffrey Lee Watts; Amos, Jean and James Owens; Linda, Bill, Brandi and Chey Anne Gage.

218 Forest Valley, San Antonio, Texas.

The bride is a 1977 graduate of Ozona High School and is now employed by the law firm of Beckman, Standard and Olson in San Antonio. The groom graduated from Moberly High School in Moberly, Missouri, in 1970. He is employed by Dillard's Department Stores in San Antonio.

Out-of-town guests included Mrs. Margaret Johnson, mother of the groom, and Mr. Marion Hendren, both of Moberly, Missouri. Other guests were Mr. and Mrs. J.D. Falkner, Mr. and Mrs. Fred Falkner, and Mr. and Mrs. Jim Hawkins and children Jami and Joni, all of Fort Stockton. Also present were Mr. and Mrs. R.D. Ford, Mr. and Mrs. Dayton Carpenter and Ray, and Mr. and Mrs. T.R. Carson, Lee and Terry, of Lampasas, Texas. Also Mrs. Gary Lou-damy and daughter Aime, San Angelo, and Mrs. Otto Knudson and daughter, Ericka, Victoria.

Debra Says

by Debra Price

Eating too many nutrients causes major problems among U.S. consumers. For years, major efforts in nutrition have focused on assuring a balanced diet with the recommended servings from the basic four food groups. Now, the major problem in this country is not getting enough nutrients, but consumers eating too many nutrients. As a result, one-fourth of the population is believed to be overweight or obese.

Food fads have been quite rampant because people really don't know the facts about foods and nutrition. Most people are interested in foods and nutrition, but just don't know enough about the contributions of some food items such as fiber, cholesterol fats, vitamins and minerals. Instead, they resort to various nutrition information which is often based on fallacy.

Nutrition has gained importance on the local, county, state and national levels. More and more legislation is

directed toward nutrition, especially as it relates as one of the causes of the major diseases. Currently, the USDA is conducting a Food Consumption Survey to determine what the major problem areas in nutrition are. Many nutrition programs—such as Women, Infants and Children's Program, Food Stamp Program and programs for the aged—have been formed to meet the ever-increasing nutritional needs of the population.

By the year 2030, it is projected that older adults will comprise one-fifth of the population. Nutritional problems of the older adult include osteoporosis and anemia. Diet can improve 75 percent of the cases of osteoporosis affecting 25 to 30 percent of women and 15 to 20 percent of males.

Twenty-five percent of older adults also have anemia due to lack of iron, protein and certain vitamins.

Meals should be planned from the four food groups. If overweight is a problem plan meals on the lower calories foods in the four food groups.

- MACARONI SALAD**
1 small stalk celery, chopped
¼ small onion, chopped
3 tablespoons mayonnaise or salad dressing
1 teaspoon vinegar
1 teaspoon sugar
¼ teaspoon prepared mustard
¼ teaspoon salt
pepper, as desired
1 cup macaroni, cooled
1 hard-cooked egg
Mix all ingredients except macaroni and egg in a bowl. Add macaroni. Cut-up and add egg. Mix lightly. Makes 2 servings, about ¾ cup each.

BREAKFAST CEREAL RELIGION

Ever read the side panel on a breakfast cereal carton? Usually we are told that this food provides us with a minimum daily requirement of certain vitamins and minerals. We are not experts on nutrition... but we do promote man's religious needs. We urge people to attend and support our churches. We believe you can't build spiritual vitality on minimal standards. Therefore, we don't guarantee that an hour in Sunday School will provide Christy with some percentage of the spiritual stamina life requires.

If you're bringing Christy to church every week, fortifying your own faith with sincere worship, and trying to cultivate Christian attitudes and a Christian atmosphere in your home—then you're fully aware that character and conviction grow from maximum standards.

4-H Food Groups To Organize

The 4-H food and nutrition project groups will be organizing in August and September, according to Debra Price, County Extension Agent. All 4-H members and youth between the ages of 9-19 are welcome to participate. Youth need to call the Extension Office 2-2721, to enroll in the projects. Adults are encouraged to call if interested in helping with a group.

The theme of this year's food show will be "Cooking Good, Looking Great". The theme will emphasize sensible weight control.

In the food projects, a volunteer leader meets with a small group of youth and talks about food preparation and good eating habits. Other objectives of the food program are developing good citizenship, understanding nutrition, food needs of different age groups, good eating habits, buying foods, managing time, and storing foods.

ENGAGEMENT ANNOUNCED-Mrs. Max Schneemann, Jr. announces the engagement and approaching marriage of her daughter, Shryl, to Jimmie Cooper, son of Mr. and Mrs. Jimmie Cooper of Monument, N.M. The wedding will take place November 4, in the First Baptist Church in Big Lake. Shryl is a 1973 graduate of Reagan County High School and attended Texas Tech. Her fiance is a 1978 graduate of New Mexico State University. Shryl is the granddaughter of Mr. and Mrs. Max Schneemann.

Community Center Sets Pre-School Registration

Classes for Ozona Community Center pre-school groups will begin on Monday, Sept. 11, with registration beginning Tuesday, Sept. 5 and going through Friday, September 8.

Mrs. Richard Mayfield will be lead teacher of the staff, assisted by Mrs. Ray Valadez. Two additional staff members will be announced later. Kiddie Klub enrolls four year olds and Tinyville enrolls four year olds and Tinyville enrolls three year olds. Birthdays must be prior to September 1.

Classes will begin on Monday, Sept. 11 and close on Friday, May 18. Tuition is \$25.00 per student per month and classes will be limited to 30 children each.

The staff began In-Service Training on Monday, August 21 and will continue for two weeks. They will attend Head Start Pre-Service Training in San Angelo, August 28, 29 and 30, with sessions being held at La

Mr. and Mrs. Bill Ivy and David of Fairfield, Texas were in Ozona visiting friends this week. They were houseguests of Mr. and Mrs. Ivy Smith.

Quinta Motor Inn. Center, 392-2710, between Parents must bring immunization records for registration. For further information call the Ozona Community Monday through Friday. 8:00 a.m. and 11:30 a.m.

Why not make the Ruidosa Races, or how about a shopping spree in San Antonio or Big "D".

All are less than 2 hrs. away, [San Antonio, only 45 minutes], with Aerovac. Depart Ozona by 8 a.m. in the comfort and safety of twin engine aircraft. Arrive downtown Dallas, Love Field, and be shopping by 10:00 a.m. Return at your convenience.

Local Families Conduct Temperature Energy Tests

Saving energy and money on heating and cooling bills is a major concern of today's family. Clothing plays an important part as we try to lower household temperatures in the winter and higher in the summer.

During January through March, 1978, twenty three families in seventeen Texas counties participated in a clothing and energy result demonstration. These families lowered their home temperatures and adjusted their clothing habits to maintain their personal comfort. Each family chose either to reduce

their home temperatures gradually--1 to 2 degrees per week--or to reduce the temperature a set amount to begin with and maintain it there.

Two Crockett County families participated in the experiment. The R.B. Babbitt family reduced their temperature all at once from 72 degrees to 68 degrees for six weeks.

The Pat Wester family lowered their temperature gradually one degree for six weeks. Their low temperature was 68 degrees.

The purpose of the result demonstration in the area of

clothing and energy conservation was to teach families how to stay comfortable in a lower temperature setting. By adding socks, sweaters, jackets, long sleeved garments, thermal or long underwear and layering garments, families were able to stay comfortable. Other ways the families adapted to cooler temperatures included drinking hot beverages before bedtime, adding extra bedding, adjusting drapes, caulking windows, and using an afgan or blanket while watching T.V.

After the result demonstration, the R.B. Babbitt family agreed they would probably leave their thermostat on 70 degrees during the winter.

The Pat Wester family could not tell a great deal of difference in their temperature, since it was a gradual change. The family agreed they will probably keep their thermostat on 71 degrees during the winter.

Rodent Control Demonstration

Monte Benson with the Rodent Control Service will demonstrate rat and mouse control in barns and home on August 25. The demonstration will be at P.L. Childress Howard Ranch at 3:00 p.m. on Friday.

Mr. Benson will discuss proper control of rats and mice in the home and barn. He will use zinc phosphide (single dose poisoning) on cut apple to control the rats in the barn.

The public is invited to come and learn the proper control measures of the rat and mouse.

You'll be as proud to own Frigidaire Appliances as we are to sell them.

We're Frigidaire Proud

We're proud to sell Frigidaire appliances for many of the same reasons you'll be proud to own them. Reasons like quality, craftsmanship, rugged dependability and elegant styling. To us, that's what "Frigidaire Proud" is all about. See us and discover that proud feeling of Frigidaire for yourself.

Frigidaire Automatic Dryers, They Offer Care for Today's Fabrics, Backed by the 59-Year Frigidaire Tradition of Craftsmanship.

- 18-lb. Capacity
- Delicate Plus Knits, Permanent Press, Regular Settings
- Gentle Flowing Heat
- Big Over-size Door Opening for Easy Loading and Unloading

Frigidaire's unique up-and-down Agitator action makes the difference.

And every Frigidaire Jet Cone Washer has it!

Automatic Heavy Duty Washer

- Dependable performance with a heavy duty motor.
- Four wash/rinse combinations including a Cold Water Temperature.
- Normal and Gentle wash cycles for regular or delicate loads.
- Many of the same components of the Frigidaire Commercial Washer.

WTU proudly offers you the finest in appliance service by qualified factory-trained servicemen. See our selection of Frigidaire ENERGY SAVING appliances.

Crockett County Care Center News

by Joan Nicholas

Activities Program Director

We have had quite a few summer colds going around in the last week or so, but now the 'common' rascal has finally bid us adios, I hope.

Nita DePriest has returned to us from the hospital; we hope Gordon Smith is still progressing favorably in Shannon--better hurry, Gordon, we miss your dry wit around here!

On Tuesday morning we had Paul Cavin, Eleanor Bradford, Eleanor Yeager and Frances Tolson playing forty-two, and the winners were the two Eleanors. Opal Eversole won the dominoes game with Mike Pena and Verna Talley tied for second place. Feel as if Swede will be back on his game again this Tuesday, he has had a cold, too.

Winner of the weekly Bingo was Mike Pena. Paul and Swede were in a tie-breaker for second place and Paul carried off the prize.

We were really happy to have Elizabeth Dudley back with us Wednesday morning to play hymns; then Betty Munsell arrived and led the singing with a lot of help from Paul Cavin. This coming Wednesday we have some more musical talent coming in, but more on that next time.

There was a really stiff breeze blowing Wednesday morning, early, but it didn't daunt my walkers. Granny Carter walked around on the lawn and we chatted; Frances Tolson now leaves her wheelchair behind and takes a short walk with me. Juana Hernandez took a ride in her chair outdoors. Eleanor Bradford and Verna Talley took a short sunbath Monday morning, on the porch. Eleanor said the sun surely felt good on her legs and she wants to go out every day.

In Bible study we covered the tower of Babel, Abram and Lot's travels into Canaan; we read about Sodom and Gomorrah and about God's covenant with Abram; this was, of course, before his name was changed to Abraham.

On Thursday afternoon we again met in the Day Room and I read from various publications including some odds and ends from "Modern Maturity." One little story the residents found the most amusing was about the five-year-old boy who was visiting on a farm for the first time. He went with the farmer to look at the pigs and observed a very, very large sow in the pen. "She's a big one, isn't she?" the farmer asked. The little boy replied "Yes, I know, I just saw six little piggies blowing her up!"

We salute the volunteers of the week, namely: Carol Carlisle and Skipper, Velma Marley, Grace Dorsey, Angelita Pena, Georgia Kirby, Casiano Fierro, Veve Vargas, Blanche Walker and Maria Vitela. From the Junior Auxiliary we salute Kathy Weant, Kim Buie, Doreen Watson and Cathy Castro. A week ago Saturday, Angelita Pena came out and gave Frances Tolson the prettiest home perm. We really do appreciate each and every one of you.

Pancho Gonzales' son was here from Dallas and he came and gave our gentlemen residents very handsome looking haircuts. He does this every time he is in Ozona. His 17-year-old son, Pancho's grandson, of course, will be a student at A&M University this fall. Every once in a while I see Red Greer at the Center, and I suspect that he has been cutting hair, too.

Today we received a new resident. Johnnie Hokit was moved into Room 206 having been discharged from our hospital. We hope he will be happy in his new surroundings.

Paul Cavin and Opal Eversole have left us for a few days' visit with their respective daughters in Big Lake and Iraan.

In ceramics, workers chose which piece they want to prepare for a lovely Nativity scene to be used at the Center this Christmas. This is a gift from Carol and I can't wait to see the finished product. Work, today, was done on a fierce looking snail, a wide-eyed old owl, and a gold lion with purple daisies (no kidding!)

Patients receiving treatment in the Crockett County Hospital August 25-22 were:

- David Lott*
 - Sixta Alvarez*
 - Leonard Cook*
 - Charles Childress*
 - Ann Barber*
 - Thomas Ramos
 - Gene V. Croce*
 - Henry Poeller
 - Sue Arledge*
 - Warren Barrington*
 - Arthur Kyle*
 - Audra K. Moore
 - Lillian Hubbard
- * denotes dismissal

MRS. MORTY EUGENE VINSON...nee Miss Kathryn Shelton. Miss Shelton and Mr. Vinson were married Saturday in Emmanuel Episcopal Church in San Angelo. Parents are Mr. and Mrs. George Shelton of San Angelo and Mr. and Mrs. Duwain Vinson of Mertzon. A reception followed the ceremony at LaQuinta Motor Inn. The bride is a graduate of San Angelo Central and attended ASU. The bridegroom is a graduate of Ozona High School and Tarleton State University. Following a trip to New Mexico, the couple will be at home in Big Lake.

Bishops Hold Steer Roping

Mr. and Mrs. Tite Bishop held their second annual Bionic Steer Roping Saturday, complete with a barbecue. Over 150 persons attended.

Several individuals donated horse equipment and food and trophy buckles were donated by Tite Bishop and Ray Davis.

Joe Bean won the Bionic Steer Roping.

Mark Tillman won first place and Rick Hunnicutt came in second in the calf tie down.

Will M. Black won first and Louis Bunker second in the breakaway roping, 13 and over, and Marty Acton won in the 12 and under division.

Ann Jones won the girls steer roping with Pam Acton, second.

In the steer roping, 2 head, trophy buckles went to James Childress and Earl Acton.

In barrels, 12 and under, Kim Bishop won the first place buckle, Marty Acton won the second place reins and Peggy Lobstein won third place and a brush. Cindy Reavis won the first place buckle in the 13 and over division, with Melinda

Hokit, second, and Tammy Lobstein, third.

Marty Acton won the first place blanket in the 12 and under flags, with Ira Childress, second, and Cap Couch, third.

In the 13 and over flags, Gay Burns won the first place blanket with Karen Kirby, second and Kristi Kirby, third.

Marty Acton also won the first place buckle for the 12 and under pole bending, followed by Laura Lobstein and Missy Bishop.

The Bishops expressed their appreciation to all who helped with the roping, and said they were looking forward to another successful event next year.

Sales 51% Of Goal

July sales of Series E and H United States Savings Bonds in Crockett County were reported today by County Bond Chairman Lowell Littleton. Sales for the seventh-month period totaled \$15,356 for 51% of the 1978 sales goal of \$30,000.

Texas sales during the month amounted to \$24,238,097, while sales for the first seven months of 1978 total \$181,170,687 with 59% of the yearly sales goal of 306.6 million achieved.

SUTTON RECEIVES DEGREE

Roy Glenn Sutton, son of Mr. and Mrs. Glenn Sutton, a criminal investigator and anti-smuggling officer with the U.S. Border Patrol in Laredo, has received the Bachelor of Science degree in Criminal Justice at summer commencement exercises, Aug. 11, at Texas A&I University in Laredo.
