WEDNESDAY, NOVEMBER 8, 1978

NUMBER 36

Kitty's Korner

By
Kitty Montgomery

As we wait for the local election results, we've had time to think back on all the pre-election rhetoric from the politicians and the national news media, as well as some input from our peers, and we believe we've found the answer to "voter apathy," or low voter turnout. According to some statistics, aired over a national network, the percentage of eligible voters who turn out to vote on election day continues to shrink. Is it any wonder? Really, just think of all the garbage you've heard and read in the past few months. Then look back through the years. They still promise the same things, lower taxes, less federal intervention in personal lives, less federal spending, less bureaucracy, a halt to inflation. We heard the same thing in the general election last time and what have we got? More, not less of everything including inflation.

Then there is the mud-slinging. If politicians spent half the time telling the voter what his platform con-

tains, instead of downgrading his opponent, there might not be so much voter apathy.

In our local daily this morning (Tuesday) in a front page editorial, the publisher writes that something terrible should happen to people who don't vote and goes on to make some gruesome suggestions. Well, what about the people who have voted for years and considered it a sacred privilege, only to find the politicians (after they get elected, of course) twist the laws to meet their own selfish interests. One would tend to get a little apathetic, wouldn't one?

Our lawmakers just don't keep the faith. From the President on down, they break election promises at will and change their minds at the slightest whim. If this were not so, why are we in the mess we're in. They all agree that big government spending causes inflation. Yet, when they get in, have you ever heard one of them propose to cut all salaries of elected officials. Of course not, nor shall you ever. They all promise less government regulation, but all we've gotten is more.

So, looking back over it all and all the years it's gone on, I can certainly see why anyone would just "go fishing" on election day. Of course, I'm not going to be one of those. I guess I could be best described as a hard-

nosed diehard, but I'm going to keep going to the polls and voting "conservative" until hell freezes over and we may well be a one-party nation before that happens.

kk

If I were not so "apathetic" I would start a drive to keep peddlers out of downtown Ozona. We've had the biggest mess lately and right on the south side of the park in front of Davy. The worst offenders arrive in an old truck which looks as if it might just cave in at any moment. They set up a table with their goods right on the highway, and create the damndest traffic jam you ever saw. Everything they sell can be purchased cheaper and fresher in your local grocery stores, which are homeowned and whose owners pay taxes to do business in Ozona, also who pay salaries to their help who live in Ozona and spend their money here. Besides being unsightly, it's unfair.

PLENTY OF ELECTION HELP, but not many voters Tuesday morning at the Civic Center where Precinct 3 voters cast ballots in the General Election. Voter turnout was not heavy in Crockett County and seemed to be a trend all over the state.

Saturday at Civic Center

71 Participants In 4-H Food Show

The Crockett County 4-H Food Show will be Saturday, November 11, at the Civic Center. A total of 71 contestants will be participating in this year's show. Parents and leaders are reminded that 4-H members need to set up their food entries from 12:30 p.m.-1:00 p.m. at the Civic Center. Judging will start promptly at 1:00 p.m. at the Civic Center. Judging will start promptly at 1:00 p.m. Parents, guests, and the general public are invited to view the food and taste the food entries at 2:30 p.m. The awards presentation will begin at 3:00 p.m. "Cooking Good, Looking Great" is the theme of this

year's show. 4-H members will enter their dishes in four entry classes consisting of breads and desserts, main dish, side dish, and snacks and beverages. Food show contestants will be judged on their knowledge of nutrition, their food exhibit and a day's menu. Senior members are also judged on a project information sheet. Adult leaders teaching 4-H food and nutrition project groups are: Anita McPherson, Cynthia Ramos, Peggy Phillips, Margie Payne, Mary Louise Hayes, Janell Ruthardt, Juanita Naron, Gloria Bishop, Yolanda Martinez, Carmen Sutton, Tina Moran, Cecilia Allen, Juanita Delgado, Felice Gutierrez, Roberta Bailey, Judy Baker, Doris Hood, and Coleen Everett. Junior leaders include T.J. Carlisle, Rebecca Everett, Jennifer Naron, Gail Hunnicutt, Felice Delgado, Rita DeLaRosa, Maricella Payne, and Marcia Moran.

Gold Star Winners Honored

Crockett County Gold Star 4-Hers Rebecca Everett and Les Hale were honored at the District Gold Star Awards Banquet in Midland Saturday. Walter Campbell, Chairman of the District VI 4-H Council presided at the banquet and program. "Freedom To Be" was the theme of the program. The Honorable W.C. Snelson, State Senator of the 25th District was the guest speaker. The banquet is sponsored by the Texas Electric Service Company, Community Public Service Company, El Paso Electric Company, and West Texas Utilities Company.

Families attending from Ozona were Mr. and Mrs. Eddie Hale, Mrs. Coleen Everett, Regina Everett, Mr. and Mrs. Billy Reager, and Mr. and Mrs. Bill Price.

Weekend Rains Total 2.43 Inches

The big news in Crockett County and Ozona this week is the million dollar rainfall which came in with a front late Friday and brought cool temperatures and slow-falling rain all weekend. The official gauge at the Water District office measured a total of 2.43 inches of moisture for the three day period, with other points in the county measuring up to three inches of rain. The flash flooding which damaged Sanderson and flooded streets in San Antonio failed to materialize in Crockett County and the rains were general, falling

slowly throughout the days and nights with thirsty pasture land soaking up the much-needed moisture. After a disappointing October with only .60 of an inch of rainfall recorded, the rain was a wonderful reprieve from a drought ridden fall. The 2.43 inches which fell over the weekend brought the yearly total up to a respectable 17.17 inches of rainfall. Up to three inches was reported on rangelands thirty miles south of Ozona, with up to two inches reported throughout the north part of the county.

Garlitz Sells Crockett County Gathering System

C. Gary Garlitz, former Ozonan and president of Chesapeake Bay Gas Gathering Co. of Midland, has sold a 26-mile gathering system in Crockett County to Detroit-Texas Corp., a subsidiary of Cundari Oil & Blue-ridge Oil of Detroit, Mich., according to an account in the Nov. 5, edition of the Midland Reporter Telegram. Also included in the sale, according to the article, is 12,000 undeveloped acres

with Chesapeake Bay Gas Gathering Co. retaining the production. The sale purchase was \$1.4 million in cash and notes, it was reported. Detroit-Texas will open operational offices in Houston and Ozona, with the main office in Detroit. Cundari has announced plans to drill an additional 18 wells along this system located in the Adams-Baggett field in Crockett County.

One-Vehicle Accident Injures 3

Three persons from Sour Lake and China, Tex., were injured early Sunday morning in a one-vehicle crash 32 miles west of Ozona on U.S. 290. The accident apparently occurred when the driver lost control and ran off the road, slamming into a retaining wall. Taken to Crockett County Hospital by the local ambulance service were Betty Trahan, 39, of China who suffered a broken arm; Agnes Aelemond, 57, of Sour Lake, who was treated for facial cuts, and Mrs. Whitman, 38, of Sour Lake who also had facial cuts.

Museum Plans Specials

With holiday season fast approaching the Crockett County Museum Board, Mrs. P.L. Childress, chairman, is planning several special events.

The first is an exhibit of old toys which will be held for three months beginning December 1 and lasting until March 1, 1979. Anyone who has old dolls or toys of any kind which are at least fifty years old are asked to lend them to the Museum for exhibit. Items will be in locked cases and protected at all times.

Those who have items to share in this display may contact a member of the board or bring them to the museum any day of the week, except Monday, from 2:00-5:00 p.m.

Eldorado Bridge

The Eldorado Duplicate Bridge Club will have a charity tournament for the State Mental Health-Mental Retardation Association at 7 p.m. Thursday in the Memorial Building in Eldorado.

Big Ballot Delays Election Results

The unusually large and complicated ballot for the Nov. 7, General Election in Texas delayed vote counting in Crockett County as it did in other counties around the state using the big paper ballots. There were 117 absentee ballots cast in the county. Absentee counting started at 1 p.m. Tuesday and the vote totals were not in until after 5 p.m. The nine proposed amendments were the major factor in the late vote counting, and it will possibly be several days until the complete vote is in in the state.

Another decided delay were write-in candidates who filed with the Secretary of State before the election, none of which received so much as a vote in Crockett County, but the extra paper work created a problem and a delay in vote counting in a county which normally is able to announce results within thirty minutes after the polls close.

In the absentee box where 117 votes were cast, Tower polled 68 votes to challenger Krueger's 44 with Luis DeLeon getting one vote.

In the race for U.S. Senate, Loeffler got 70 votes for U.S. Representative, 21 District, to 39 for Wolff. Clements outpolled Hill 79 to 35 for Governor with Compean getting 2 votes. Hobby received 61 votes to 36 for Marshall. Baker beat White for Lt. Governor in the absentee box, 55 to 46, and Susan G. McBee outpolled Jose Faz 91 to 3 for state representative.

In precinct 1, where 222 votes were cast, Krueger outpolled Tower by one vote, 102 to 101, for the U.S. Senate seat, with DeLeon receiving one vote. Wolff received 102 votes to 94 for Loeffler for the 21st Dist. seat. However, Clements outpolled Hill 110 to 97 for Governor in the predominantly Mexican-American precinct. Hobby got 121 votes and Marshall 51 for Lt. Gov. with Andrea Doorack receiving 1. White beat Baker for Attorney General 118 to 75 in Precinct 1, with Agnes Chapa getting one vote. Poerner for Railroad Commissioner, unexpired term, got 137 votes to 40 for Lacy.

In precinct 2, where 160 votes were cast Tuesday,

incumbent senator John Tower, the Republican, received 79 votes to challenger Bob Krueger's 78. The other candidates received no votes. Nelson Wolff, the democrat running for Krueger's vacated seat received 76 votes while Republican challenger Tom Loeffler received 75. Bill Clements, Republican challenger for Dolph Briscoe's seat as governor, received a total of 99 votes to 54 for Democratic nominee John Hill. No other candidates for governor received a vote in that precinct. Bill Hobby, incumbent Lt. Governor, received 105 votes to 39 for Gaylord Marshall, his Republican challenger. For Attorney General, Mark White received 89 votes to Republican challenger Jim Baker's 55. Warren G. Harding easily outdistanced his opponent 128 to 0. For Railroad Commissioner in precinct 2, John Poerner outpolled James W. Lacy 104 to 34. The Democrat nominees won easily in other races.

B.W. Stuart, Democrat running unopposed for County Commissioner received 135 votes in local voting in Precinct 2.

CONT'D ON LAST PAGE

Cubs Beat Crane To Remain Undefeated

The Ozona Jr. High Cubs picked up two hard fought victories over the Crane 7th and 8th graders Thursday evening at Lion Stadium. The 7th graders won by a 6-0 score and the 8th graders by a 14-8 score. The two teams picked up their 12th and 13th straight victories with no defeats and compiled their 11th shutout of the year.

The 8th grade defense was again strong as they controlled a very good Crane offensive unit and limited the

visitors to a single touchdown and extra point conversion. The Crane 8th grade team was undefeated as they came to Ozona to do battle with the Cubs. Joe Villarreal, Gregory Fierro, Harvey Huereca and Dan Bean were stalwarts in the defensive effort.

Offensively the game was very exciting as both teams suffered through anxious moments. The hitting was crisp and both teams turned the ball over on fumbles to stop potential scoring drives.

The Cubs first score came on a 55 yard pass from Huereca to David Badillo and the second score came on a 30 yard run by Huereca. Badillo passed to Albert Borrego for a 2 point conversion. Huereca led all rushers with 133 yards on 21 carries followed by Villarreal with 64 yards on 9 carries.

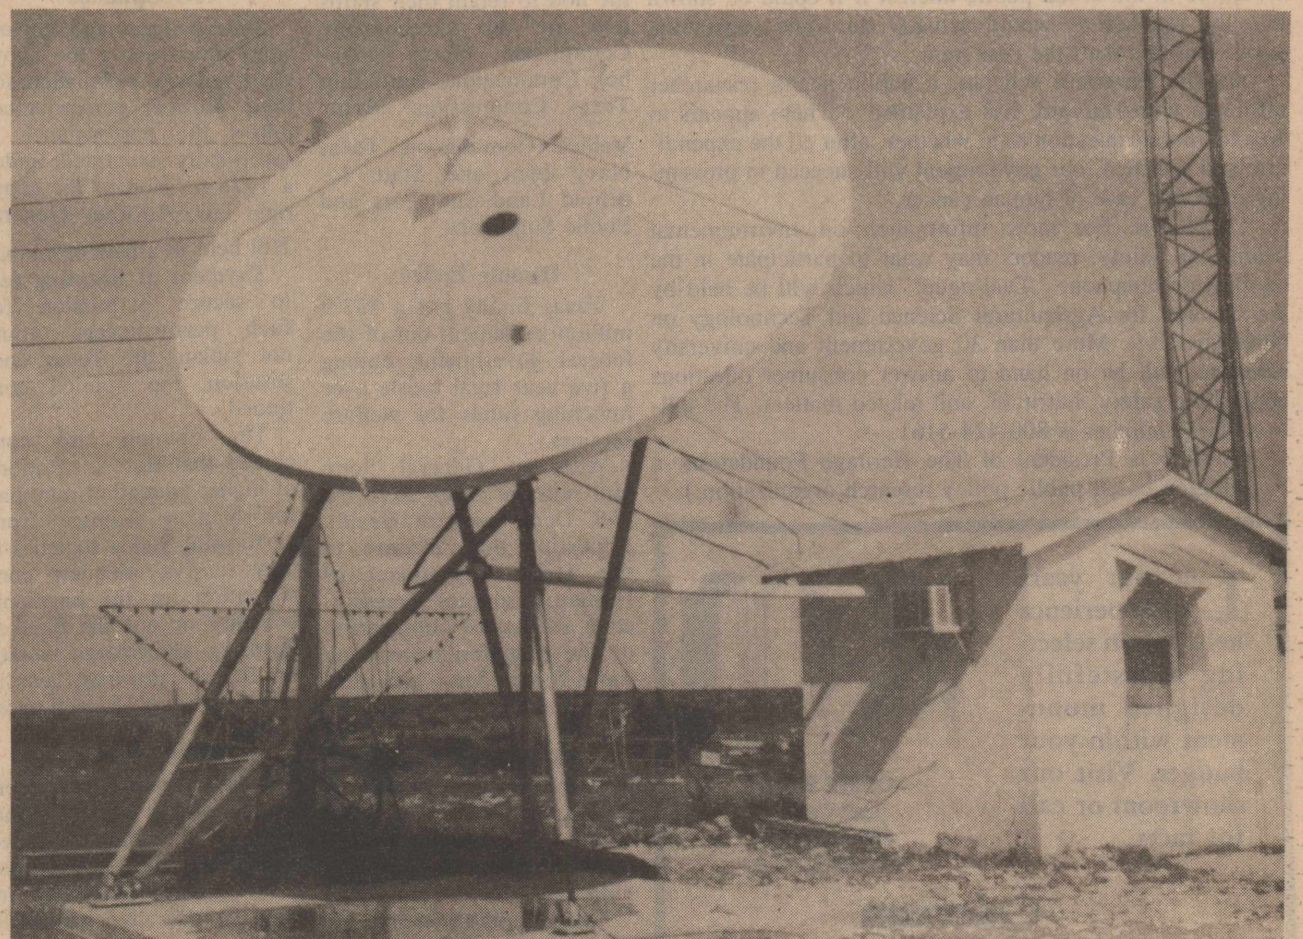

Next week the Cubs 7th and 8th graders travel to Sonora to battle the Broncos in their final game of the year. Game time will be 4:30 for the 7th grade followed by the 8th grade at 5:45.

Community Thanksgiving Service Set

There will be a community-wide Thanksgiving service of praise and song Tuesday, November 21, at 7 p.m.

This year, Our Lady of Perpetual Help Catholic Church is the host church. Choirs from the Methodist and First Baptist Churches will sing special music. Rev. Larry Bailey will bring the

Thanksgiving sermon. All persons are invited to worship together and give thanks for our Christian and national heritage.

SPACE AGE EQUIPMENT FOR OZONA-It's not a flying saucer, although it resembles many reproductions of one. It is part of the new equipment installed by Ozona Television System to bring Home Box Office to Ozona cable subscribers. Workmen put the "dish" up Saturday in the

rain. It was transmitting a picture Monday, but no sound. The audio equipment will be installed at a later date. It will be several weeks before the new stations are transmitted into local homes.

OSHA-POLITICKING AND INFLATION

By Edwin Feulner

The Carter Administration's struggle with inflation is being complicated by a real tug-of-war within the Administration between those who want the White House to take a lead in the war on unnecessary government regulation and those who feel, in their words, "you can't put a price tag on human lives."

Though the one side has the edge in rhetoric, the other would appear to have the edge in logic.

As an example, let's look at just one pending regulatory program, involving the Occupational Safety and Health Administration (OSHA). It's a classic case study.

Late last year, OSHA published a proposed new regulation telling U.S. businesses how to determine what substances are cancer-causing agents (carcinogens) and how to protect workers from them. All well and good, you say? Well, no.

First, scientific evidence shows that occupational exposure to chemicals is not a major cause of cancer. Second, the scientific community is not really sure how to go about determining whether a substance is carcinogenic. (Remember saccharin?)

An October 19 report by the National Cancer Institute—debunking OSHA's mythical suggestion that we are in the midst of a national cancer epidemic—shows that with the exception of lung cancer, attributable largely to smoking and possible exposure to asbestos (a problem now under control), the cancer rate continues to hold steady. Other published figures show that while there has been approximately a ten-fold increase in the manufacture of synthetic chemicals since 1950, the cancer mortality rate during the same period of time has changed little. The two would seem to indicate that the need for OSHA's new broad-brush regulations is at least open to question.

As Dr. Robert Olson, professor of medicine and biochemistry at St. Louis University School of Medicine, would tell OSHA during hearings: "The actual number of cases (of cancer) due to known industrial carcinogens is much less than one percent and has shown no observable increase even though thousands of new chemicals have been introduced in the past 25 years."

The point is that overall, American men and women are not being ravaged on their jobs by cancer-causing agents. While chemicals are dangerous, workers are not unprotected; and this protection is improving all the time.

It is impossible, of course, to determine exactly how much OSHA's proposed rules will cost the consumer. It is said rather authoritatively, however, that the carcinogen proposal could very well become the single most costly regulatory program ever. One influential industry group, the American Industrial Health Council, places the costs at tens of billions of dollars.

This would be added to the estimated \$135 billion a year—more than \$500 for every man, woman, and child—that U.S. consumers already must pay for existing regulations.

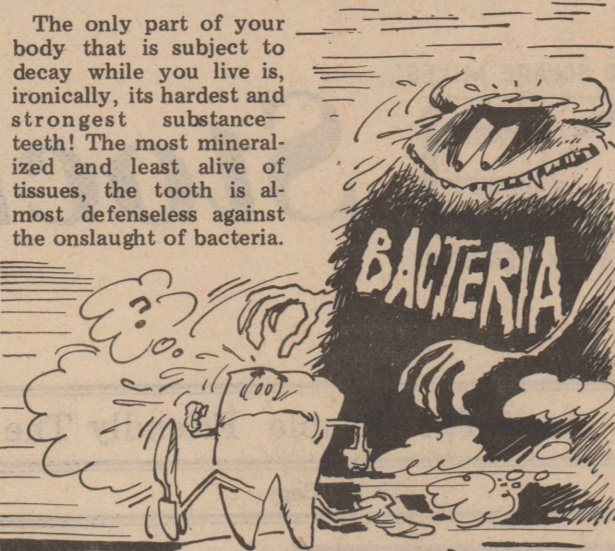

Which brings us back to putting a price tag on human life. You can't do course. Obviously, heavy expenditures would be in the broad public interest if it could be shown that the regulations would actually do some substantial good. But that isn't the case here.

As Dr. Elizabeth Whelan, a public health researcher affiliated with Harvard, has explained: "There appears to be a legitimate question as to whether, after all the expenditure and sacrifice, our government will succeed in preventing even one case of human cancer."

... NOTE: For more information on environmental health and safety, readers may want to participate in the nationwide telephone "Dial-ogue" which will be held by the Council for Agricultural Science and Technology on November 8-9. More than 30 government and university scientists will be on hand to answer consumer questions about food safety, nutrition, and related matters. The toll-free phone number is 800-424-5161.

(Feulner is President of The Heritage Foundation, a Washington-based public policy research organization.)

FANCY TALK

The only part of your body that is subject to decay while you live is, ironically, its hardest and strongest substance—teeth! The most mineralized and least alive of tissues, the tooth is almost defenseless against the onslaught of bacteria.

But keeping the teeth smooth and polished to help defeat the onslaught of bacteria is what a new, home dental-care system is designed to do. The ToothPro, a revolutionary device developed by dental experts, cleans like a professional dental machine safely and more effectively than a regular or electric toothbrush.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—The economy-seeking State Sunset Commission apparently will recommend abolishing nine inactive or minor Texas governmental agencies.

Eight others may be earmarked for reorganization or consolidation and eight more probably will be left intact after evaluation. Twenty-six agencies are under current review. They are the first of 177 directed by the Sunset Act to justify their existence in the review process or leave themselves open to being abolished, reorganized or merged to reduce cost and improve service.

The other agencies will be scrutinized over the next decade.

After 16 months of study, the commission seems likely to suggest to the legislature next year abolishing the Burial Commission Rate Board, Board of County and District Indebtedness, Texas Stonewall Jackson Memorial Board, State Board of Morticians, Pesticide Advisory Committee, Pink Bollworm Commission, Texas Private Advisory Committee, Texas Private Employment Agency Regulatory Board, Texas Vehicle Equipment Safety Commission and Texas State Railroad board of managers.

A tie vote of Senate members seemed to knock out efforts to change status of the State Bar of Texas, which lawyers must join to practice. Other agencies which apparently will get the nod to retain their status quo are the Cosmetology Commission, Good Neighbor Commission, Battleship Texas Commission, Motor Vehicle Commission, Texas Navy Inc., and State Licensed Land Surveyors and Public Surveyors.

Dispute Ended
Texas finally got a \$33.9 million settlement out of the federal government, ending a five year legal hassle over matching funds for welfare services.

Attorney General John Hill said the check from the U.S. Department of Health, Education and Welfare to the Texas Department of Human Resources represented a successful culmination of the litigation concerning funds for needed social services provided by the state agency.

Hill said HEW also agreed to withdraw a request for a refund of more than \$178 million in claims from the Department of Human Resources.

Twenty states were involved in the settlement.

Records Broken
Political candidates broke all records for campaign spending this year.

Short Snorts
Gross receipts taxes on mixed drinks earned the state \$16.7 million in revenue during the third quarter of the year, according to State Comptroller Bob Bullock.

Texas Democratic delegates are lining up their housing for the Democratic Conference in Memphis December 7-10.

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of "The Ozona Stockman"

First step was taken by a group of Crockett County ranchmen to form a soil conservation district in this county Tuesday.

Snips, Quips & Lifts
By Lottie Lee Baker

Few people are fast enough to keep up with their good intentions.

TV is an appliance which changes children from irresistible forces to immovable objects.

We would be better off if we retained as much of what we learn as what we eat.

Nowadays some people expect the door of opportunity to be opened with an electric eye.

Cooperation is doing with a smile what you have to do anyway.

Some people think church is like a convention. They send delegates.

Anytime you want to attract attention and can't afford a press agent, let your car stall on a busy street corner.

The quickest way to become convinced that spanking is unnecessary is to become a grandparent.

With the return of the vest to men's fashions, ties are going to be much freer of gravy stains.

People are hard on this old world. Many treat it as though there was a spare in the trunk.

How do children wear out their shoes so fast when they are driven everywhere?

Conceded persons invariably suffer from "I" trouble.

THE LIONS ROAR

The Lions were fighting against Crane last Friday. The score was 32-0. Our next District game is against Kermit, there. Let's go back up the Lions!

LR
The Ozona Lion Band received a III rating at Contest Saturday in Brady. Congratulations, Band.

LR
Ronnie G., what was so funny about a grape that had been mashed?

LR
Kathy S. and Gregg P. are on the top ten hits chart in the band bus. For a close example of this duet, play any "Grease" tape.

LR
Jan W., are you really that devoted to your shorthand class or was it the "munchies" that influenced you to stay?

LR
It seems that after using something for most of the period, one could keep up with it. This isn't always right. Ask H.E. I, 3rd period, about the "Case of Missing Glue" for more information.

LR
Quarter exemptions are coming up soon. Let's everyone stay in school and keep our grades up so we can have a few days off! Alright!!

LR
The 1978-79 "Lion" Yearbooks have gone on sale! Order yours today from any junior on the yearbook staff! They are \$8.00 or \$8.50 with a plastic cover.

CARTOON CHARACTERS

you and the LAW

Q: My husband and I have a joint savings account in both our names. Our account cards read "Mr. or Mrs." If either of us survives the other, would the survivor have any hassle about the account? Would it be necessary to probate the money in the account? What steps, if any, should be taken in this situation?

A: In 1969, the Texas Legislature provided that where two or more persons hold property jointly and one dies, his or her interest in the joint property shall not survive to the remaining joint owner but shall be vested in the heirs or legal representatives of the deceased joint owner. However, the joint owners of property may by an agreement in writing, provide that the surviving joint owner receives all of the jointly held property. Therefore, unless there is an agreement in writing, signed by both of you, which clearly provides that whichever one of you survives the other receives the money, there would be a problem about the account and it would be necessary to probate the money in the account. Some banks have this type of agreement

LR
JUST FOR FUN
One teacher claims that his student is an ecology nut. "For instance," declared the long suffering teacher, "the boy screamed at me one afternoon, "I can't stand all this dirt, pollution, and trash!"

"I looked at him for a moment, then said, 'OK, let's move away from your locker and talk somewhere else.'"

To James Hearne: Q.-If your face is to the north and your back is to the south, what's on your left hand?

A.-Fingers
To Mr. Reavis: Q.-What do you get when you swallow uranium?
A.: Atomic Ache

printed on the back of the account card.
Q: When I travel to work each morning I park my car on a street where no parking meters are located and no prohibitive parking signs are located. The street is located just outside an area where parking meters are located. When I left work and returned to my car the other day I found that meters had been installed where I park and a ticket was on my windshield. Do I really have to pay a fine? This seems unjust!

A: You have the right to demand a trial for any citation, including a parking ticket. This includes the right to subpoena witnesses and documents. Therefore, if you really wanted to make a big deal about this, you could subpoena the head of the street department in your city directing him to bring the records concerning, when the parking meters were installed. Presumably, the judge would find you not guilty. It would sure be a lot simpler to pay the fine since this is one of the cheaper injustices you will have to face in life.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Christmas Program Is Thurs. At Center

GOODIES FOR GIVING-A Christmas cooking program will be presented by Becky Mahon, Home Economist with WTU, tomorrow, Thurs. at 2 p.m. at the Civic Center. All Ozona homemakers are invited to attend.

"Goodies For Giving" is the title of a Christmas program scheduled for 2:00 p.m., Thursday, November 9 at the Civic Center. The program will be presented by Becky Mahon, Home Economist with West Texas Utilities. The program is free and cookbooks featuring new holiday recipes will be available. This year's program will feature decorations and low cost decorating ideas for your home. The program is sponsored cooperatively by West Texas Utilities Company and the Texas Agricultural Extension Service. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Spaghetti Supper Success

The Alpha Alpha Mu Chapter of Beta Sigma Phi held its annual spaghetti supper Friday night at the Civic Center and thanks to the support of the community, it was another success. Mrs. Oscar Kost won the stadium seats and blanket from the sorority, Gary Adcock won the bath mat set donated by Western Auto, Mrs. Sara Hignight won the temperature and humidifier

indicator given by Village Drug, the Teacher Store gift certificate was won by Jennifer Probst, Burl Myers won the silver tray given by Westerman Drug, and Charleen Bailey won a gift certificate from Ozona Boot & Saddlery. Members of the sorority expressed their appreciation for the support given them by those who attended the supper and the merchants who donated door prizes.

Debra Says

by Debra Price

Popcorn popping's made easier for "gadget lovers" with new poppers featuring minimal or no use of oil. In addition, little or no oil cuts down on calories. Popcorn is relatively low in calories anyway--one cup of popped corn has only about 25 calories, and with oil and salt added, the calories add to about 40 to 50. One new popcorn popper version uses no oil--corn is popped by a stream of hot air. The popped kernels come out of a chute into a bowl or bag. Another version claims to use up to one-third less oil than other poppers by utilizing a hotter temperature and a rotating rod to stir the kernels. The corn gets coated uniformly with no burning. For microwave appliance owners, a third new choice is available--a special popcorn popper designed especially for the microwave. The popper yields two to three quarts of popped corn in three and one-half minutes in a 675 watt microwave oven--with no oil needed. The microwave popper has a base supporting a covered cone. The base focuses microwaves at the bottom of the cone. Prior to this appliance, popcorn popping wasn't recommended for microwave appliances. Before dashing out to buy any of these appliances, consider how often the appliance would be used, ease of cleaning and storage facilities. Those which do not use oil will be easier to clean than others. Check to see how easy the base is to clean if it is not

remove from heat. Stir in GARDEN CLUB TO MEET MONDAY The Ozona Garden Club will meet at the Civic Center Monday, Nov. 13, at 1:30 p.m. with Mrs. Earl Berry and Mrs. Bailey Post.

Tips For Gardeners

From the Ozona Garden Club by Mrs. Bailey Post

As November becomes frosty, even Southwest Texas gardeners know that winter will soon be here. After having had two years of early killing frost and freeze, we are enjoying the pleasant days of fall with its colorful show of chrysanthemums, roses, dahlias and marigolds. Most any night that cold front may be in the forecast, so if no rain, water all outdoor plants thoroughly. A mulch helps reduce cold damage to roots by insulating the soil, stabilizing its temperature. Garden plants indoors may be an unexpected treat. These five plants are usually sold for landscape materials, but they make a delightful addition to the interior landscape as well. They are holly fern, aucuba, cast-iron plant, dwarf gardenia and podocarpus. Not all landscape plants are suitable for indoor culture, but these were selected for their natural shade tolerance, the most important factor for almost every dependable houseplant. The color and texture of the foliage was another consideration. Each plant has a distinctively different leaf shape; the foliage colors vary from the light green of podocarpus and holly fern to the deep, dark green of aucuba and cast iron plant (aspidistra). Fragrant white flowers are the special bonus of dwarf gardenia. Reduce the shock of transition by reducing by locating the plants near a large window where they'll receive plenty of bright, indirect light throughout most of the day. Rotate the plants to help ensure even distribution of light over the entire plant. Do not locate plants in the path of forced-air heating outlets or near doors where they will be subject to drafts. Variegated ivies grown in rich soil tend to develop all-green leaves. Continue your watering program, but discontinue feeding the plant for several months. Then give it a light application of a soluble houseplant fertilizer every 2 to 3 months. It should soon begin to show white or yellow in the leaves.

Winning high was Mrs. Jack Williams and second high went to Mrs. Byron Williams. Mrs. Joe Bean was low and Mrs. Bud Cox won the bingo. Others playing were Mrs. Bruce Mayfield, Mrs. Charles Williams, Mrs. Bob Bailey, Mrs. George Bunker, Mrs. Dave Matney, Mrs. Gene Williams, Mrs. Evert White, Mrs. C.O. Walker, Mrs. Hugh Childress, Mrs. Hillery Phillips, Mrs. Kirby Moore, Mrs. J.J. Marley, Mrs. Sherman Taylor, Mrs. Beecher Montgomery and Mrs. J.B. Parker. Luncheon guests included Mrs. Robert Cox, Mrs. Douglas Moore, Mrs. Guy Burrous and Mrs. Brock Jones.

Ozonans' Granddaughter Hurt In Angelo Wreck
Gaye Lynn White, 15, daughter of Mr. and Mrs. Mark White and granddaughter of Mr. and Mrs. Ted White, was seriously injured in an automobile wreck in San Angelo Saturday.

She was a passenger in a car which struck another auto, throwing Miss White through the windshield. She was flown to a San Antonio hospital where doctors assured her parents she had suffered no brain damage and that injuries to her face could be repaired by surgery in time.

The deadline is before noon Tuesday. The Ozona Stockman.

Mrs. Adams Is Bridge Hostess

Mrs. Clay Adams was hostess for luncheon and bridge for the Country Club Bridge Club at the club Thursday.

Winning high was Mrs. Jack Williams and second high went to Mrs. Byron Williams. Mrs. Joe Bean was low and Mrs. Bud Cox won the bingo.

Others playing were Mrs. Bruce Mayfield, Mrs. Charles Williams, Mrs. Bob Bailey, Mrs. George Bunker, Mrs. Dave Matney, Mrs. Gene Williams, Mrs. Evert White, Mrs. C.O. Walker, Mrs. Hugh Childress, Mrs. Hillery Phillips, Mrs. Kirby Moore, Mrs. J.J. Marley, Mrs. Sherman Taylor, Mrs. Beecher Montgomery and Mrs. J.B. Parker. Luncheon guests included Mrs. Robert Cox, Mrs. Douglas Moore, Mrs. Guy Burrous and Mrs. Brock Jones.

The deadline is before noon Tuesday. The Ozona Stockman.

GS Cookie Sales Get Under Way

What has become an annual American tradition-Girl Scout cookie sales--will be going on in Ozona for the next few weeks. Girl Scouts will be taking cookie orders door-to-door, at fixed posts around town. Every penny earned by cookie and other product sales remains in the community in which it is raised, and is used to benefit girls. The funds help local girls participate in national and international Girl Scout events, to purchase equipment and property in their behalf, for camperships and for other council and troop activities. Some 70 million boxes of cookies are expected to be sold nationally this year by more than 2.5 million Girl Scouts. The first nationally-franchised cookie sale was in 1936.

Big Lake Flea Market Scheduled

The Twentieth Century Club, TFWC, of Big Lake will sponsor a Flea Market, Tuesday, Nov. 14, from 9 a.m. to 5 p.m. in the Reagan County Community Building in Big Lake. Booths will be manned by individuals, groups, clubs and other organizations, local and out of town. There will be a bake sale booth and concession stand among the many other booths where sandwiches, frito pies, Cokes and other goodies will be offered.

There will be something for everyone plus door prizes at intervals. Ozonans are cordially invited to attend this once a year event.

Walk A Mile In His Shoes

They say you don't really know a man until you've walked a mile in his shoes. Maybe it's impossible to know our own children because we can't fit into their shoes. Our sons and daughters at every level of growth have needs which depend for fulfillment on our awareness. One of these is their need for early and continuing religious education. The Church is your ally in providing your youngsters moral and spiritual training. The initiative must come from you. And the example. But the Church's educational program can be a decisive factor in fashioning your child's future. Bring your child to church this Sunday!

Texas Sheep

&

Goat News

The U.S. Environmental Protection Agency has acknowledged the fact that its decisions have something to do with the loss of agricultural land to other purposes, and has announced a new policy that is supposed to help slow that loss. From the way the announcement was worded, however, it's not clear just how well the agency understands its effect on productive land loss. The Texas Sheep and Goat Raisers' Association is taking steps to improve that understanding.

EPA's announcement of the "agricultural lands protection policy" mentioned several ways in which the agency influences land loss. Unfortunately, none of those ways specifically mentioned land taken out of production for lack of essential agricultural chemicals, prohibitions on necessary management practices or the like.

The announcement dwelled instead on such things as land lost to urban sprawl or

water and waste treatment facilities. The proposed solution? Various forms of land use control schemes.

The ideas presented are fairly straightforward and, with reasonable, farsighted administration, could accomplish some desirable goals without too many undesirable side-effects. Unfortunately, reasonable and farsighted administration is often a bit much to ask of any federal agency--particularly in the long run.

The land protection policy also includes a more forbidding plan--it calls outright for support of general land use control laws at the various government levels. Not only does it call for support in principle, but it outlines how the agency will go about giving support in practice.

Powerful support it will be, too. As mentioned before, EPA has veto power over a myriad of local-level water, sewage and waste-disposal programs. It also controls federal funding for these and a host of other local pro-

jects. The agency has only to withhold funding and support of these projects in any locality to force local, county or state governments to pass land-use control laws that they would otherwise veto outright.

In a letter to EPA administration Costle, TS&GRA executive secretary Bill Sims stated, "The most effective way for EPA to help reduce land loss is to remove unnecessary and burdensome restrictions it has placed on agricultural producers and let them get on with the business of producing instead of being forced to sell off land they can no longer work."

FORMER OZONAN DIES IN BIG SPRING

J.K. Norton, former Ozonan, died Monday night, Nov. 6, in a Big Spring hospital after an illness.

Services were pending at press time at Ellis Funeral Home in Midland with burial scheduled in Ivan, Texas.

Survivors include his wife, Jewell; two sons and a daughter.

SPORTS FANS!

I BET YOU DIDN'T KNOW

Here's a football fact that's hard to believe, but it's true...Remember that famous pro championship game in 1940 when the Chicago Bears beat the Washington Redskins 73-0? ...Well, although the Redskins lost by 73 points, they actually made MORE FIRST DOWNS than the Bears did that day!...It seems impossible--but here are the official totals: The Bears had 17 first downs in that game, and the Redskins 18!

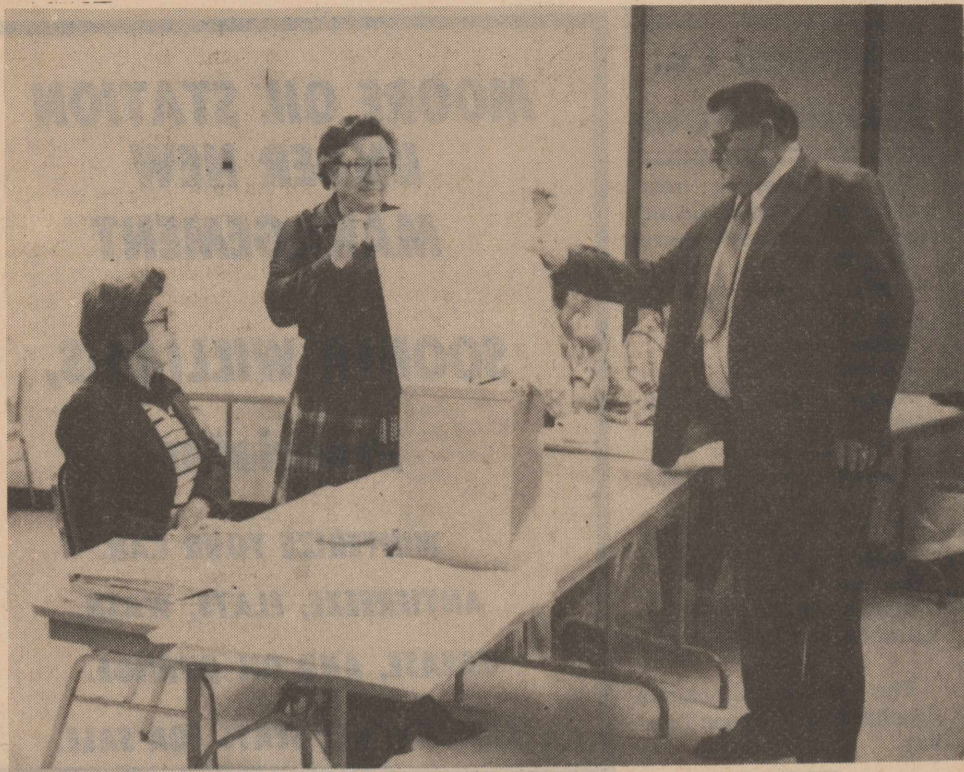

Did you know Notre Dame once played 23 YEARS without losing a home football game! ...The Irish lost a home game in October of 1905--then never lost another home game till November of 1928!

How well do you know your football rules?...Here's a puzzler for you...Suppose a forward pass is tried and a player from each the offensive and defensive team collide and both catch the ball together...They fall to the ground, each holding the ball and each having equal possession...What's the ruling?...The official rules say in a situation like this, the ball belongs to the offensive team at the spot of the catch, and is considered a completed pass.

I bet you didn't know...we give the best deals in this area on new 1979 Chevrolets, Buicks, Pontiacs, Oldsmobiles, Cadillacs and Chevy Trucks. Come by today.

L-B Motors

NOW THAT'S A BALLOT-Beth Boyd shows Tom Montgomery the saddleblanket size ballot voters used Tuesday in the Nov. 7, General Election, while Sophie Kyle looks on. Other workers are seated in the background. Besides the full slate of candidates, Texas voters had nine amendments to the constitution to consider.

Doe Permits Permits For Doe At Courthouse

Antlerless deer permits will be issued to qualified Crockett County landowners Monday, November 13, at the courthouse in Ozona from 8:00 a.m. to noon and 1:00 p.m. till 5:00 p.m.

To qualify for at least one permit, a landowner must own or control acreage at least equal to the permit issuance rate within the compartment in which his property is located. Eligibility for each additional permit will be based on the full issuance rate. Joining tracts of land may be combined to attain sufficient acreage to qualify for permits; however, one of the landowners involved must be designated as agent for the combined acreage.

Ozona Boys Attend Pow-Wow

Eight Ozona boys and their adult leader attended the first Western Division Pow-wow, sponsored by the Assemblies of God Churches near Abilene.

The boys arrived at the campsite Friday afternoon along with youths from area churches, to pitch camp. Registration and orientation was held before the council fire at 9:30.

Saturday a full morning of events of skill was scheduled before the final assembly, awards presentation and devotion at 1:45 p.m.

Three Ozona boys won places in the skill events. Joe Alex Lara won first place prizes in cooking and knot tying, Beto Diaz won first place in push-ups and second place in fire starting, and Mark Fierro won second place in ball throwing. Other Ozona boys attending were Michael Lara, Danny Moran, Harvey Fierro, Jesse Fierro and Richard Vargas, Jr. Adult leader was Rev. Bekie Diaz, pastor of the Ozona Assembly of God Church. Approximately 200 boys attended the camp out.

Antlerless deer permits will be issued to bonafide landowners or their authorized agents only after the owner or agent has applied in writing for the permits during the scheduled day of issuance. Certification of the Antlerless Deer Permit Receipt shall constitute written application and proof of ownership or authority to receive the permits.

F. GARZA REASSIGNED

Airman First Class Frank Garza, son of Mr. and Mrs. Guadalupe Garza Jr. of 401 Monterey St., Ozona, Tex., has arrived for duty at Columbus AFB, Miss.

Airman Garza, an aircraft maintenance specialist with a unit of the Air Training Command, previously served at Clark AB, Philippines.

The airman attended Ozona High School.

NEWEST STAR on the U.S.A.C. Championship Racing Circuit is Rick Mears driving "The Gould Charge" to victory.

Lions Lose No. Eight

The Ozona Lions opened district play here Friday night with Crane and suffered a 32-0 loss, running their season record to eight straight defeats. They will be trying to get into the win column when they travel to Kermit Friday night.

The other two teams in District 7-AA played to a tie, so at present Crane is the district leader. Kermit and Sonora opened district play in Sonora Friday night and played to a 14-14 tie and even tied in penetrations.

The Ozona-Crane game was never close, as the Cranes scored almost at will and the Lions only managed 6 first downs. The Lions had a total offense of 97 yards, while the Cranes racked up 293.

S.S. Rep. In Ozona Nov. 15

Garland Gregg, representative of the San Angelo Social Security office, has scheduled his November visit to Ozona. He will be at the County Courthouse on Wednesday, November 15 between 2:00-3:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo. Residents of Ozona may call toll free by dialing "Operator" and asking for "Enterprise 2058".

If you meet your Medicare medical insurance \$60 deductible in the last three months of the calendar year, you can carry it over and will not need to meet the deductible for the following year.

Letter To The Editor

Nov. 3, 1978

Dear Editor:
I am writing to see if I can find out what is wrong with the bookkeeping staff at Crockett County hospital. Last May I slipped and fell in Foodway and Mr. Jim Marks insisted on me going to have everything checked out. So I did as he requested and am very grateful for consideration and payment of doctor bill to Dr. Don Carlisle. Then on Oct. 31, 1978 here comes a bill to Mr. Jim Marks and one to us for same bill. Mr. Marks had paid bill prior to this date so was wondering if this was very neglectful of the staff for billing each one. Thanks to Mr. Marks for being so nice.
Yours truly,
Peggy Phillips

Sales Tax Rep. To Be Here

State Comptroller Bob Bullock will have a representative from his San Angelo office in Ozona on Thursday, November 16, to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Esther Esparza will meet with local taxpayers at the County Library in the Crockett County Courthouse from 1:00 p.m. to 2:30 p.m.

"If Ozona area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Ms. Esparza will be there to assist them," Bullock said. "We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added. The San Angelo office, headed by Thomas M. Goff.

Crockett County Care Center News

by Joan Nicholas

Activities Program Director

Parties and more parties--well, that is the way it has seemed to be the past week! Tuesday, of course, was Halloween, and what a day we had. About 3:30 in the afternoon Pam Coates, her helpers, and thirteen members of her nursery were the first "spooks" to present themselves trick or treating. The tots were dolled up in the cutest costumes, and when masks were pushed up, the sweetest little faces were revealed, glowing with anticipation and excitement.

Theirs were not the only happy faces around because our residents love the little ones and had a big time handing out lollipops as each pair of outstretched hands came on the scene.

No sooner had our little friends departed when along came Sandra Childress with several little ones from her neighborhood. I saw them coming up the walk and raced around ahead delivering laps full of candy to be distributed, and away we went again. Took a number of pictures for our album until film ran out. Just as supper was about to be served, some old friends of the Center showed up, but no one recognized them in their get-up--actually they were the Carlisle children. Carol had been madly sewing up a Bat Man suit for her little one that morning when she came to ceramics....a last minute request on his part of course, and managed to make the all important deadline with it. We certainly thank Bill Thornton of Thornton's Market for furnishing all the candy.

Think that was all? You're wrong! After supper, it was Bingo time and Casiana and Rosa Fierro brought punch and Halloween cookies, turning the regular Bingo night into a gala occasion; and that wasn't all, either. Girl Scout Troop No. 51 sent packages of goodies for each resident with an audacious looking clown, Scout Sylena Sessom, being the delivery girl. She was accompanied by leader Mary Wilton and Shane. The other girls had also intended coming dressed as clowns, but a basketball practice had been called which foiled their plans; however, we understood that the game must go on!

The month of October's Bingo Losers competed for the \$10 gift certificate and this time Evelyn Bryant was the proud winner.

Well, Monday of this week it was party-time again as we

celebrated the six, yes SIX, birthdays for November. Dorothy Millsbaugh hosted the party and was assisted by Auxiliary member, Blanche Walker. There were delicious cakes and ice cream for all, flowers from Maxines and "Shutterbug" Nicholas wielding the camera once more. (Need an assistant, Tom?) Honorees were Sterling Baker, Dorothy's father, Eleanor Bradford, Ramona Lugo, Floy Clare Short, Mike Pena and Dolly Coates and the total years add up to five hundred and nine! Family members were also present.

Know all of Leona Harris's friends will be glad to know that she is back home with us after spending several months in San Angelo. Leona is in Rm. 205 and we had a happy reunion this morning catching up on some of the news.

There's a bunch more I could tell, but space and time just won't stretch. I do want to thank each and every one responsible

J. Cleo Thompson, Dallas, No. 2 Davidson "A", 3/4-mile southwest extension to Strawn gas production in a three-well southwest extension area of that pay in the Crockett County portion of the Ozona, Northeast multipay field, eight miles east of the Ozona, Northeast multipay field, is 1,980 feet from the south and 660 feet from the west lines of 17-33-University.

The No. 9 University Land "12-33", 1 1/4 miles south and slightly west, is 1,980 feet from the north and 660 feet from the east lines of 12-33-University.

The Howards Creek opener, Humble Oil & Refining Co. (now Exxon Corp) No. 1-CR State University, drilled to 10,028 feet, was finalized April 4, 1963, for a calculated, absolute open flow of 1,487,000 cubic feet of gas daily, plus one barrel of 44 gravity oil, through perforations at 6,635-680 1/2 feet. It became depleted in Sept. 1965.

Harrison has four projects scheduled as wildcats and three, one of which was amended from a wildcat, scheduled in the Howards Creek field in the immediate vicinity. Casing has been set in at least two of the projects.

Anderson Petroleum Inc. filed application to drill two more projects to test as wildcats at 2,100-4,700 feet and to test the Canyon sand zone in the Ozona field at 7,500 feet, approximately 28 miles southwest of Ozona.

The No. 1-143 Elmer Hoover Hatton Estate "G" is 1 1/2 miles west and slightly north of Canyon and 3 1/2 miles west of Clearfork oil and gas production in the Ozona field and 3 1/2 miles southeast of Clearfork gas production in the American (Strawn, Canyon and multipay Clearfork gas) field.

Location is 700 feet from the south and 1,200 feet from the east lines of 14-MM-T & StL. Ground elevation is 2,367 feet.

The No. 1-40 Laura Hoover Estate "B" is 3/8-mile west of Canyon production in the Ozona field and 3 1/2 miles east of Clearfork gas production in the American field.

Location is 936 feet from the south and 660 feet from the east lines of 40-MM-T & StL. Ground elevation is 2,249 feet.

Election.....

[Continued From Page One]

Precinct 4, where 256 votes were cast, Krueger led Tower 85 to 55 with DeLeon receiving 5 and Fendas 1, for the senate race. Wolff led Loeffler 93 to 47 in the race for congressman for this district, and Hill led Clements 80 to 58 with Compean receiving 8 and Sarah Jean Johnston 1. Hobby polled 83 votes to 33 for Marshall for Lt. Gov. with Doorack receiving 3. White received 83 votes to 48 for Marshall and Agnes Chapa got 2 votes in the Attorney General's race. Poerner received 93 votes to 23 for Lacy for RR Commissioner. In other races Democrats received the largest majority of votes by far. On the local level where Jesus Castro was running unopposed for county commissioner, Castro received 102 votes.

Late Tuesday night Precinct 3 had not reported in to the county clerk's office, but rumor had it that Loeffler had won the 21st District.

CARD OF THANKS

The Deaton family would like to extend their thanks and appreciation to the people of Ozona who have been so kind during this time of sorrow. It is our feeling that Mary would have been touched to know that so many of her friends gave themselves so unselfishly. Your generosity and warm understanding has lightened our burden of grief. A special thanks is given to Dr. Owensby and Rev. Bailey for their efforts in maintaining her physical and spiritual health.

Sincerely,
Taylor, Diana, Fred,
Debbie, Susan, and Chris

Public Notice

LEGAL NOTICE

A complete copy of the Federal General Revenue Sharing Expenditures and supporting data for the fiscal year January 1, 1977 to December 31, 1977 is available for public inspection at the County Auditor's office during the hours of 8:00 a.m. to 5:00 p.m. any Monday through Friday.

race and Tower was carrying the state for the senate race by 53 percent of the vote. Nothing was available on the Hill-Clements race for governor. Otherwise the Democrats had been assured of all other offices. Susan McBee, state representative, who had a Raza Unida opponent, had won handily.
Word was not available on the amendments with the exception of the tax relief amendment which voters went "for" in large numbers. The other eight amendments were still in doubt.
